HHS Graduation

HICKSVILLE HIGH SCHOOL will have its 65th annual graduation on June 24, on the high school campus. There will be two graduations, one at 2:00 p.m. and the other at 4:30 p.m. The valedictorian of the class of 1979 is Teresa Tiberg and the salutatorian is Robert Lezia. During the graduation exercises there will be approximately 63 scholarships and awards presented to some of the graduating seniors.

School Board Meeting

The Board of Education of the Hicksville School District will hold its next regular meeting on June 27, at 8:15 p.m. in the Board Room of the Administration Building, Division Avenue, Hicksville. The public is invited to attend.

The Hicksville Rotary held its second annual "Trash to Treasure" garage sale last Saturday and Sunday. The proceeds will go towards defraying the costs of community projects.

Mental Health Curriculum

The public is invited to attend a meeting sponsored by the Educational Goals and Objectives Committee of Hicksville Public Schools. The purpose of the meeting is to discuss the proposed Mental Health Curriculum (Strand III) and to offer members of the Hicksville Community the opportunity to express their thoughts regarding this area of instruction.

The meeting will be Tuesday, June 19th at 8:00 PM, at Little Theatre, Hicksville High School.

Continuous Arts & Craft Forum

Mid-Island Fashion Plaza is offering a continuous Art & Craft exhibition opportunity on the mall. Selected, original artists and craftspeople are invited to demonstrate as well as exhibit and sell their work during this year-round Art & Craft Forum.

Minnie Lohmann and Anita Miligi, members of the Friendship Club, which meets at the Hicksville United Methodist Church, complete the Vial of Life medical history questionnaires supplied to them without charge by the Hicksville Lions Club.

Members of the Hicksville Lions Club will be visiting other senior citizen groups to explain the VIAL OF LIFE program and distribute the necessary materials for their participation too.

If you have any questions concerning this program, contact Lion Wes Villazon (681-9220).

Galileo Lodge News

By Joe Lorenzo

PORTRAIT OF A VENERABLE: TOM PASQUARELLA: Born in Brooklyn, New York in November, 1931. Attended the Alexander Hamilton High School. Was married in June, 1954 to his charming wife Patricia, with whom he was blessed with three beautiful children. Moved to Long Island in 1949. Is currently employed by the Town of Oyster Bay. Enjoys travelling very much and bowling with his wife also provides a great deal of pleasure for him.

Has a distinguished record in the Galileo Lodge organization, starting from Guard, Trustee, Bingo Chairman, Catering Committee chairman, Corres. Secretary and Venerable for two successive years.

He was in the U.S. Navy for four years and is an ex-volunteer Fireman.

He is totally dedicated and loyal to the Galileo Lodge, and never fails to partake of all the various duties and assignments associated with the leadership of

the organization.

He is methodical, industrious and is known for his stable personality which has a tendency to ameliorate conditions as they have a tendency to be exacerbated. He is considered fair but firm, and is considered the kind of leader who will steer the Galileo Lodge on a true and steady course. Much of the progress and financial successes can be attributed to his leadership and to his chosen personnel for various committees and jobs, and many of the new policies and programs emanate from the roles he has played in making the Galileo Lodge progressive and tuned with the times.

Having the Bicentennial memorial in mind, I (and the

Galileo Lodge) would like to give special attention and consideration to Nancy Gatto, the youngster who conceived the basic design of the Bicentennial monument while she was a student attending art classes at BOCES. Nancy won first prize as her basic design concepts were chosen over those of other contestants, and because of this achievement the Galileo Lodge presented her with a certificate of merit and a monetary reward. The Galileo Lodge is fully cognizant of Nancy's abilities and her prowess in the design field. It also stands steadfast in its determination to recognize and reward ability and achievement, and Nancy certainly possesses these attributes. With thought in mind, the Galileo Lodge and

membership wishes to bestow upon her their most heart-felt thanks and appreciation for her contribution to this organization and the Hicksville community at large. Nancy, by the way, is the daughter of Mr. and Mrs. Pat Gatto, both members of the Galileo Lodge. I know they are certainly proud of their daughter.

LODGE NEWS

Members who wish to become a part of the bowling sessions to be held by the Galileo Lodge should sign up before September, or at least near the middle of August. Contact Joe Sguigna and Tom Pasquarella for additional information by calling 931-9351. More golfing sessions are being planned for the month of July, and Skip Monteforte will have more information on this activity.

NASSAU COUNTY HOMEMAKERS COUNCIL members make final preparations for the Medieval Fair and Festival to be held at Eisenhower Park, Saturday, June 16. The all-day extravaganza which starts at 10:30 a.m. is being coordinated by the Nassau County Department of Recreation and Parks and features crafts demonstrations, music, drama, magicians, fortune tellers, knights in armor and games for the children, all in a splendid medieval setting adjacent to parking field No. 3.

The ladies-in-waiting from the left are: Irene Rodriguez of Merrick, Irma Biegelman of Merrick, Joan Boyd of Hicksville, Mary Streng of Syosset, Marie Verdecanna of Merrick and Eileen Delle of Garden City.

Admission is free.

Vandalism Committee Recommendations

The committee recommends that an incentive plan (similar to the plan in effect in the Sewanhaka District) be instituted in the Bellmore-Merrick Central High School District. The incentive plan would require a budgetary procedure to be established that would involve the student body and staff at each of our schools and make all components of the school community more aware of the costs and detrimental effects of acts of vandalism in our schools.

After reviewing the vandalism reports and statistics concerning vandalism costs in our own District in the past few years, the committee recommends that an incentive fund of \$5,000.00 per Junior High School and \$5,000.00 per Senior High School be established. As damage occurs in a building a cost factor will be computed and a determination made as to the category under which the vandalism will be charged against the incentive fund for that building. It is suggested that Mr. Rosenman will work out a reporting system in conjunction with the system he is presently instituting concerning work orders for maintenance and vandalism repairs. The Head Custodian will notify Mr. Rosenman and the building principal of all acts of vandalism by completing a work order and forwarding the proper copies. Mr. Rosenman will complete one copy of the work order by computing the costs for repair and labor. He will then return the copy to the building principal. The building principal, working with student leaders as determined independently in each building will review the work order, make a final decision as to the category under which the particular incident should be charged and forward the final approved copy to the Business Office. The Business Office would be responsible for the accounting of the incentive plan funds and for reports to the Board of Education.

It is recommended that the incentive program be in effect from the opening of school in September until the end of many of the school year. This nine month period of time would be broken up equally into three periods of three months, each as indicated below:

Period of Time: A - September, October, November; Amount in Fund: \$1667.00

Period of Time: B - December, January, February; Amount in Fund: \$1666.00

Period of Time: C - March, April, May; Amount in Fund: \$1667.00

As damage occurs in a building the percentage of the repair costs charged to the incentive plan account of that building will be determined by a scale preset as follows:

Type of Vandalism: I - (Vandalism occurring during normal school hours) Percent Charged To Incentive Plan Account: 100%

Type of Vandalism: II - (Vandalism occurring immediately before or after normal school hours and while school events, student activities and athletic practices are occurring) Percent Charged To Incentive Plan Account: 75%

Type of Vandalism: III - (Vandalism occurring after normal school hours, when school is closed and when no school sponsored events are occurring); Percent Charged To Incentive Plan Account: 5%

In the event that an act of vandalism can be attributed to the action of an individual who makes restitution for the damage, the incentive plan account will not be charged with any expense nor will the account be credited when restitution is made.

At the conclusion of each three month period, approval to request purchases using the amounts remaining in the incentive fund account will be honored. Purchase requisitions can be forwarded to the Business Office for presentation for approval to the Board of Education. Any funds remaining in the incentive fund account may be "saved" or carried forward to the next three month period if the decision is made at the building level to "bank" their funds in anticipation of requesting a purchase requiring a larger sum of money than they currently have. Any amounts so designated will not be used to defray the costs of vandalism occurring in future report periods.

The main criteria for purchases using the unexpended funds in the incentive plan accounts is that approval will be granted for purchases that are for student use and of a permanent and lasting nature.

Examples suggested by the committee as approved purchases using incentive plan funds are: Benches for campus; Handball courts with walls; Carillon; Black topping of special areas for games; Room and hall signs; Typewriters, office machines, cameras for student and club activities; Equipment for stage; Equipment for performing student groups; Student cafeteria improvements; Display cases for student use; Display cases for student use; Works of art and or fixtures to display student art.

Historical Exhibition

The Second Annual Historical Exhibition of Long Island Horticulture will be held at Old Bethpage Village Restoration on Saturday and Sunday, June 16 and 17.

Home gardeners will display flowers, houseplants and produce of varieties now considered quaint but which once flourished under the care of nineteenth century Long Islanders. The Horticultural show re-creates the atmosphere of Long Island horticultural shows in the 1800's, promotes the growing and exhibition of pre-1870 plant material and stimulates recognition and appreciation of plant origins. The 1979 show at Old Bethpage Village Restoration offers first, second and third place ribbons for 46 classes of old garden roses, 24 classes of cut flowers, 22 classes of potted plants and 25 classes of fruits, vegetables and herbs.

Visitors to the gaily striped tent, which will house the show at the village crossroads, may recall with fond memories grandmother's flower garden as they enjoy the exhibits of Canterbury Bells Sweet Williams,

Blue Flag Irises and old garden roses such as the Baronne Prevost which dates from 1842.

Vegetable enthusiasts may be surprised to find such familiar varieties as Flat Dutch cabbage, Mammoth Melting Sugar peas, Black Seeded Simpson lettuce and French Breakfast radishes represented in the historic classes as well as such forgotten varieties as Early Jersey Wakefield cabbage, American Wonder peas, Early Horn carrots and White Strasburg radishes.

A highlight of the show will be the display classes arranged in true Victorian style: "Floral Design" for roses, a "Parlor Bouquet" and "Basket of Spring Vegetables and Fruit". Exhibitors in these classes will compete on both the horticultural merits of their plant material and the design of their display.

Spring horticultural exhibitions were held in Flushing during the 1840's by the Long Island Horticultural Society. The exhibitors at these horticultural shows were primarily professional gardeners and nurserymen. Today's exhibitors are, for the most part,

home gardeners with a passion for growing and showing fruits, vegetables, flowers and house plants.

The Agricultural Society of Queens, Nassau and Suffolk Counties and the Long Island Horticultural Society are co-sponsoring this event, with the cooperation of the Nassau County Department of Recreation and Parks.

After judging is completed at noon on Saturday, the exhibition, located in a tent and the carriage shed at the Noon Inn, will be open to visitors until 5:00 p.m. On Sunday, the horticulture display will open at 10:00 A.M.

Old Bethpage Village Restoration, a re-created Long Island community of the mid-19th century, is located on Round Swamp Road, Old Bethpage, New York, exit 48, from the Long Island Expressway. Admission is \$2.75 for adults, \$1.50 for children. Leisure pass holders pay \$2.25 and \$1.25, respectively. Children under 5 years are welcome free. A cafeteria and gift shop are located on the premises and there is no charge for parking. For further information, call 430-5280.

Endorses Motion To Discharge Initiative And Referendum Bill

ALBANY, NEW YORK, MAY 15, 1979 -- John L. Loeb, Jr., chairman of V.O.T.E. (Voice Of The Electorate), enthusiastically endorses Assemblyman Clark Wemple's motion to discharge his Assembly Bill 73 for direct initiative and referendum.

"I wholeheartedly congratulate Mr. Clark Wemple for the courage to make a motion to discharge his initiative and referendum bill. I plan to make a special trip to Albany to be there on Wednesday when this occurs. This will necessitate a vote on the principle of initiative and

referendum. Seventy-six legislators have already sponsored or co-sponsored initiative and referendum bills. This is more than one-third of the members of the Assembly and Senate. There is obviously massive statewide grass roots support for initiative and referendum."

Mr. Loeb added, "I am distressed that despite the great support for initiative and referendum, the Assembly leadership has tabled all bills without even a hearing."

"Governor Carey and

Assembly Leader Fink have refused to discuss the issue, and I can only conclude that they are unalterably opposed to initiative and referendum, a right the citizens of New York overwhelmingly support."

"This is the very type of unresponsive government which demonstrates a need for initiative and referendum, the most effective method for making the people's voice heard."

"The V.O.T.E. organization is prepared to endorse any acceptable initiative and referendum bill that is reported out of committee," he said.

A Very Special Graduation

Thirteen outstanding students will be graduated on Friday, June 15, at 8:30 p.m. in Commencement Exercises at Human Resources School in Albertson. Nine of the Class of 1979 will attend college in the fall.

Unlike the thousands of high school students participating in similar exercises throughout the country, these are severely handicapped individuals who have overcome the traumas of disability to achieve academic excellence in a school which makes it possible for them to participate in a full range of academic and extra-curricular activities.

Henry Viscardi, Jr., President and Founder of Human Resources Center stated, "Any secondary school in the nation would be proud of a graduation class of this caliber. At Human Resources Center we rejoice that nine of our thirteen graduates, each physically disabled, have been accepted into the college of their choice and we are confident that each of our graduates have been given the skills to enter the world of work."

The class valedictorian and salutatorian exemplify the exceptional scholastic aspiration and rare personal courage they share with their classmates and the school's alumni. Both student leaders attained the coveted goal of selection to the National Honor Society.

John Lee of Queens, is Valedictorian and the recipient of the School's Fine Arts Award. He has served on the Student Executive Committee and the year book staff. He is planning to attend SUNY at Farmingdale.

Meyer Buchman also of

Queens, N.Y., is Salutatorian and has been accepted at both Hofstra University and Nassau Community College. He will attend Nassau, majoring in their Computer Science Program. He was a member of the School's Hockey Team.

Former Human Resources School graduates have furthered their education at schools such as Harvard, Massachusetts

Institute of Technology (M.I.T.) and Princeton University.

Their accomplishments substantiate the philosophy of Human Resources Center: That with encouragement, training and opportunity, the handicapped can achieve remarkable feats and can contribute to the society in which they live.

A "Russian Missile" is being readied to carve out a tunnel for an underground electric line beneath Wellwood Avenue in Lindenhurst. Pat Cannon, left, and Warren Brown of the Long Island Lighting Company's Underground Lines Department are setting the controls.

First produced in Russia, and now in the United States, the device allows LILCO crews to run gas and electric lines under streets without ripping up the streets or inconveniencing motorists. The 53-inch long steel missile is five inches thick and weighs 200 pounds. Powered by compressed air, it punches a tunnel up to eight inches wide through which a cable or pipe can be pulled or inserted.

A typical 30 minute job can save LILCO's customers about \$500 in labor costs. LILCO have used the missiles hundreds of times in the past four years.

Dear Friends ...

By order of Congress FLAG DAY, June 14, begins a significant 21-day period extending through the 4th of July, which presents an opportunity for every American to assess what he or she is doing to help this country. This means: wherever we are, wherever we are, and it means every day beginning NOW.

We have many good examples around us to inspire us to do our share. Millions of responsible Americans get involved in volunteer projects which enrich their lives and the lives of others, and in so doing enhance the quality of national life. You can, too. Together these efforts underscore the point that there exists in the United States, a massive reservoir of generosity, self-sacrifice and willing effort. This reflects a sense of responsibility toward meeting the country's needs, as well as a disposition to roll up one's sleeves and to tackle whatever task that seems urgent. If you are not already taking part in community volunteer efforts, why not consider doing so today? You will be better for this effort and so will our country. Through such positive actions you'll be demonstrating how life can work in a democracy and that in these United States "the people are the nation."

Then, when the time to celebrate Independence Day comes around, you will be celebrating it with a feeling of accomplishment.

And, speaking of volunteer efforts, we can't think of a better example than that accomplished in the past year, in establishing a Hicksville Memorial Fountain. Sponsored by the Kiwanis Club Foundation and participated in by innumerable residents and organizations of Hicksville, under the chairmanship of King Kelly the necessary funds were raised and the groundbreaking ceremony took place on Wed., of this week. There is a picture of this event in this week's HERALD. We look forward to the completion of this addition to Hicksville, in the coming months.

As we mentioned last week, another community effort is the raising and lowering of the flags in Hicksville main streets on holidays. The Hicksville Rotary Club members write to gratefully acknowledge the unselfish help and support of the following young people who assisted in this community service during the Memorial Day programs in downtown Hicksville: on May 28th and May 30th... Marty McDonnell, Jimmy McDonnell, Vinny Termini, Michael Graziosi, Roselle Pettorino, Lisa Pettorino and Susan Pettorino. Another successful community effort of which we can all be proud.

We wish all our "Fathers" a most happy day. And we'd like to remind you that right in our own town there is a great way to celebrate, both at the Alibi Restaurant on Old Country Road where, as well as their regular delicious food, the plan a gift for every "father" present... also, for the coming week at the popular Stack O'Barley on South Broadway in Hicksville. The Druids will be performing on Fathers' Day. The Stack also has Noel Kingston and Paddy Farrell scheduled for Fri., June 15, John Prunty and the Midlanders on Sat., June 16th, Pat Roper and Tommy Doyle on Wed., June 20 and The Druids again on Thurs., June 21.

Congratulations to Ellen Schoenwetter, 17, of PLAINVIEW, who has been named the top Baskin-Robbins district employee in an area covering 30 to 40 stores.

Finally, as you can read on page one of our Hicksville edition, we're glad to report that the school budget of this district has been passed. Congratulations to those elected to the Board of Education. This is an important community service whose only payment (and it is a real one!) is to produce quality education but to do so economically. What could be more important?

SHEILA NOETH

Awarded Scholarship

Each year, the Bruce Gehrke Memorial Scholarship Award is given to an outstanding senior male or female student - athlete in honor of the last football and basketball coach of Mineola High School Bruce Gehrke. This is a county-wide award, and this year, Kevin Sullivan, a senior at Plainview High School, was chosen as the winner from applicants from 56 public schools and private schools in Nassau County.

The Bruce Gehrke Memorial Scholarship Fund Committee believed that Kevin was the best student-athlete in Nassau County who best exemplified Bruce's character and integrity. A check for \$2,000 has been presented to Kevin, and a trophy has gone to his school.

Kevin, who is an all county player in football and lacrosse will be attending North Carolina State University.

An Invitation From Cong. Lent

Dear Friends:

Are you concerned with the direction our federal government has been taking in recent months? Are you satisfied with the way our government has been handling the ever-growing problems of inflation, energy shortages, tax increases and burgeoning crime?

I would like to hear your views on these and other problems facing our Nation. This is your invitation to express those views at my Second Public Forum of 1979. Your comments will assist

me in better representing you in the United States Congress.

The Public Forum will be held at the William M. Gouse Veterans of Foreign Wars Hall, Hicksville, on Saturday, June 23rd from 1 to 3 p.m.

Location: The William M. Gouse VFW Hall is at 320 South Broadway in Hicksville. The Hall is on the west side of South Broadway about 0.3 mile south of the intersection of South Broadway and Old Country Road. There is a map on the opposite page.

I'll be there awaiting your comments. Members of my staff also will be available to assist you with any individual problems you may be having with social security, veterans benefits or with any federal agency or department.

Remember, your views count with me.

I look forward to hearing from you Saturday, June 23rd, VFW Hall, Hicksville, 1 to 3 p.m.

Sincerely,
Norman Lent
Your Congressman

Letter To The Editor

Dear Sheila

I had looked forward with great anticipation to the papers report on the school budget meeting. Before proceeding with my reaction to this report, I want to hasten in saying that all of my contacts with you in the past have always shown you to be vitally interested, fair and concerned with the Hicksville area. I have no reason to feel differently now, even if I way that Linda Strongin's version, to me, sounds more like a press release issued by the board and school administration.

My conversation at the budget meeting regarding the percentage shown in the revenues summary and the summary by functional costs, were in fact designed to understate the increase percentage and overstate the decrease percentage. After taking Mrs. Wolfson to a step by step calculation, Mr. Nagle interceded and stated that: "the gentleman is absolutely right."

Further the only statement that received any applause was my saying that the administrative budget increases should be held to 7 percent as the president of the United States had requested.

If the summary percentage is adjusted for the correct method of calculating the general support increase is 10.87% which considering the decrease in enrollment is out of line by any standard as is unwarranted any expenditure for career development in administration in these days of belt tightening. There also seemed to be substantial disagreement between Mrs. Wolfson and Mr. Hawkins as to what the career development funds meant and what they were destined for.

It is regrettable that all these important matters were lost in the reporting of the hearing.

The close proximity between budget vote make it almost impossible to get constructive changes. Without a doubt it is designed that way. That leaves the wholly unsatisfactory meat ax approach of saying no at the polls.

The time has come for the board and administration to exercise management prerogatives on itself to seek efficiency and productivity in its own ranks.

By the time this letter reaches print history will have been made for better or worse but the most distressing thing of all was the very poor turnout for the hearing itself, and on this the community has only itself to blame.

I shall of course remain a loyal subscriber of the Mid Island Herald and want to thank you Sheila, for allowing me to be heard, from time to time.

Herbert Klein
EDITOR'S NOTE: For some time, Mrs. Strongin has been doing an admirable and, we believe, an objective job of covering School Board meetings and activities. We know that she

The 44 item calendar concluded at 1:20 at the Town Board Hearing held on Tuesday, June 12.

The meeting opened with the petition of Industrial and Research Associates, Co. for a special use permit to complete construction to be used for warehousing, distribution, storage, laboratories, studios and office at Woodbury (e s Seaford-Oyster Bay Expressway, n o intersection of Crossways Park East.) Herb Ballin was the attorney for the petitioner. Mrs. Judy Jacobs noted that the building was more than half completed at this point.

REUNION: The graduating class from St. Ignatius Roman Catholic Grammar School in Hicksville for the year 1945 gathered on Saturday evening May 12, 1979 to celebrate the 34th year since their graduation.

Former students and their families traveled from such distant points as Savannah Georgia, Connecticut and the far reaches of upstate New York for a night of renewing old friendships. The committee which put together such an unusual reunion which required considerable investigation and detective work in order to track down the addresses of ex-classmates consisted of Joan McGinnigle Kirdahy, Gwen Ofotoch Murphy, Joan Lebkuecher D'Auria, Helen Murray Lupski and Barbara Rotkamp. (Photo by Julie Dahl).

Locally, item No. 19 directed the Town Clerk to advertise Notice of Hearing on the petition of Jumlyn Realty Corp. and J.T. Motors Ltd for a special use permit to maintain and operate a used car lot at Hicksville (n e c First St. and Broadway) Hearing Date, July 24.

Item No. 34 related to the settlement of claim in connection with condemnation proceeding for Hicksville purposes at Miller Pl., Hicksville.

Item No. 35 was passed relative to accepting cash-in-lieu of park fee on Map of Penthouse Plaza, Plainview.

Item No. 37 concerned the work of study program with Syosset H.S. and T.O.B. It approved Simone Da Ross as a participant in a work study program in the Special Town Environmental Control Division.

Item No. 42 relating to the petition of Woodbury Road Runner Motel, Inc. approved a deletion of the 10 foot buffer strip originally required as part of the additional work.

Albert Hirst Reading Awards

Four Hicksville High School students received Albert Hirst Readings in American History Awards June 8th in a ceremony at the school library.

Seniors Lynette Newlands and Bill-Lee Ithier, and juniors Joanne Bollhofer and Liz Sullo each read twenty-five books about the U.S. in this seventh annual program administered through the school library. Over forty other students did not complete the extracurricular readings.

Trustees Carl Danna, teacher-librarian, and Dr. Eric Hirst, language teacher, and Principal Raymond Rusch presented fifty-dollar checks to the four who did.

Over \$3,000 has been awarded to Hicksville teens through the Hicksville High School and public libraries since the program's inception in 1972. Albert Hirst, father of Dr. Hirst gave the LEARN Foundation \$10,000 to encourage youth to learn more about their country's heritage and contributions to mankind, and to become, therefore, better citizens.

At Friday's program, refreshments were served by Mrs. Dorothy Hanrahan, Mrs. Ruth Hruska, Mr. Danna and Mrs. Jean Bassett, the library staff.

Grenadiers head coach, Tony Schiralli pointing out a play to Tim D'Antuono.
At right, Ass't coach Mike Kanuck ponders another move at halftime against Sachem.

As we enter the last official week of the Spring Season, the Club has played a total of 274 games including League, Regional Cup, and Long Island Cup competitions. The record now stands at 169 wins, 72 losses and 33 ties. After 11 weeks, the club has still maintained it's 60% winning percentage which is extremely good. Looking only at the Long Island League games, the Club has won 122 of 213 games which is 57% also better than the past few seasons. The stronger teams in the Cup Competitions have posted a 47-14 record to boost the W.P. The primary reason for the excellent record is that six of the 26 traveling teams are still undefeated and three more have only one loss.

Two teams have finished their 9 game schedule and both did excellent for the Spring. Steve Gourlay and his u/14 Settlers won 6, lost only one and tied two and came in second out of 10 teams. Sam Mastello and his under 16 girls (The Hicksville Eagles) also had a very successful season with a seven wins and 2 loss record, also placing second out of 10 teams.

The Rovers
The under 14 boys, sponsored by the Plainview Burger King, played their best game of the season last week in a L.I. cup match against the Huntington Strikers who had beaten them earlier in the season. It took a couple of strategic changes late in the game by coaches McHugh and Mitchell but the boys really got fired up and did a really great job. With Huntington leading 2-0 and only 10 minutes left to play, the Rovers put in two goals within five minutes to tie the game. The last couple of minutes of the game belonged completely to Hicksville and only some very good saves by the H.B.C. keeper sent the game into overtime. The boys got stronger and stronger, wore their opponent down and won the game 3-2 in the second overtime. Their next opponent in the cup is a very strong North Babylon team who's leading the League. The boys have two games to play and it's doubtful whether they can catch the Patriots for the title.

Hicksville Grenadiers
The Hicksville "Grenadiers" took a scalping off the feet of the Sachem "Commanders" last Sunday in Holtsville. Hicksville lost their fifth game of the year, 5 to 2, in a very physical contest.

Sachem started the scoring midway in the first half on two shots rifled over the head of "Grenadier" goal tender Tim D'Antuono. Hicksville's first tally came seconds before the end of the half. Left wing Rich McCarthy banged it home after a neat crossing pass by half back Chris Kanuck.

The tall and well directed front line of the "Indians" dominated the "Soldiers" back field in the

early going of the second half. Coach Tony Schiralli moved forward Tim Richards into the nets and sent D'Antuono to fullback to beef up the line of Brian Magee and Anthony DeRosa. That change allowed alternating the wiry Mike Conway and James Panchookian on the front line. The switch sparked the "Grenadiers" second score. Rich McCarthy again tallied, after mid fielder Rich Chakrin sent a great lead pass to Panchookian, who skittered the pass onto McCarthy's foot.

Hicksville's final marker was a super effort. Right wing Anthony Schiralli was stopped as he darted on goal, trailing the play, right half Craig Carson took control of the ball and sent a hummer at the nets from 20 yards out. The home team goalie, unable to handle Carson's shot, flicked it aside in the direction of center Jean Claude Balek. Balek swept the ball deftly past the diving Sachem goalie.

Next Sunday, coach Schiralli, his aide Mike Kanuck and the "Grenadiers" close out the season as they host the classy Dix Hills soccer organization.

CARDINALS Boys U-8
This past weekend, the "Cardinals" closed their Spring season by playing the Brentwood "Mustangs" and defeated them 4-nil. This game makes the "Cardinals" undefeated for the ten game season and was their ninth shut-out.

Within the first 5 minutes of the first half, Stephen Postullo put the "Cardinals" on the board. Later on in the period, a pass from Stephen Gourlay to Scott Duca gave them their second goal.

In the second half, the third goal was accomplished on a break-away by Robert Franzese, passing to Stephen Postullo who in turn passed to Stephen Gourlay, who put it in the net. The last goal for the day was made by Stephen Gourlay.

At the end of the game. Coaches John Fabrizio and Bob

Finnell complemented each member of the team for their strong superb effort this season. The team's ever supporting sponsor Barsentone Productions, Inc. presented the coaches with gifts from the boys (Eric Bentley, Scott Duca, John Fabrizio, Brian Finnell, Robert Franzese, Stephen Gourlay, Robert Himmel, Brian Hoesten, Charles Maione, Stephen Postullo, Brian Sacks, John Schneider, Chris Shearer and Willie Sneedon) and treated the boys to a party at the Ground Round in appreciation for a victorious season.

Next weekend, the "Cardinals" travel to Sachem for the semi-finals of the Long Island Cup Competition.

BIG RED - Boys under 11
Saturday, Big Red sponsored by the Joseph Barry Council of the Hicksville Knights of Columbus, met Commack in a tough game away from home. The boys played a beautiful passing game. A. Brill scored on a super pass up the wing to center by K. McCann. It really got their spirit going but Commack scored on a break-away. The game continued one for one. D. Weinberg scored two goals from the left wing. The defensemen D. Donsky, R. Humann, R. Youngs, C. Bentley, S. Hertz, L. Mejia and goalie G. Tyranski couldn't keep the Commack team back on two break-aways. Teammates D. Missimo, P. Ziembicki, M. Boccafola and P. Christiano all helped to make the game end in a tie 3-3 rather than a loss.

This past Monday night Big Red finally met Lindenhurst in the third round of the Long Island Cup after two postponements. The day was rainy but the game was played. Lindenhurst scored in the first few minutes on a break-away from the right wing. The goal only made the boys work harder and the offense K. McCann, S. Hertz, P. Christiano got control of the ball again and really pounded at the Lindenhurst defense until K. McCann scored on a beautiful pass by P. Ziembicki. The team was fired up and played super soccer with a strong defense by R. Humann, D. Donsky, C. Bentley and R. Youngs and goalkeeper G. Tyranski, as Lindenhurst started to put on the pressure. The boys stayed cool and got the game under control again as M. Boccafola and D. Weinberg brought up the ball again gaining with each pass up to center half A. Brill and forward to D. Missimo where three more goals were scored by D. Weinberg, P. Ziembicki and S. Hertz. Game score 4-1.

Next round against Commack. Good Luck.

Thunderbirds
By Joe Neto
The Hicksville Thunderbirds sponsored by Long Island Boating Publications went on the road to North Shore on June 2 and

returned home with a 4-2 victory over the Vikings. The team played very well and dominated most of the game.

Hicksville scored quickly in the first half, as Thomas Kenny lofted a high ball into the six yard area on a free kick and Paul Thompson headed the ball in for the goal. A few minutes later North Shore put pressure on Hicksville's overconfident defense and tied the game. This made the defense play a bit more cautiously and the offense went to work again as Joey Neto, Michael Prywes and Paul Thompson each

knocked in goals. Halfback Brian McKenna, Richard Fraser and Thomas Kenny did a great job in supporting the forward line and helping out on defense.

On June 9 the Thunderbirds hosted the Sachem Braves, a team that had lost only one game this season and it looked like they were up for this one also. A win for Sachem would have put 4 teams within one point of the league lead and knocked Hicksville into second place. But Hicksville was also up for this game and played very hard as they controlled the entire game.

Positive results of an "incentive program" to the students and the district would include:

1. Facilities and equipment would be available to student use at all times.
2. Custodial staff would be able to devote more time to preventative maintenance.
3. A sense of community pride would develop.
4. Money saved can be used for capital improvement.

Long Island Water Contamination Cite West Hemp Scout Leader

Hearings the Subcommittee on Oversight and Investigations held in Mineola at the request of Cong. Norman Leri on June 1 revealed some disturbing facts about present and potential contamination of Long Island's drinking water supply from toxic wastes. Testimony from state and local officials and from representatives of several industries on Long Island indicated a variety of toxic or dangerous substances posed a widespread threat of ground-water contamination on Long Island.

Ground-water purity is crucial to Long Island residents, because we get all of our drinking water from wells which draw it from the ground—from an underground channel called the magdhy aquifer. Surface water, mainly rainwater, filters through our sandy soil into this aquifer. If hazardous chemical wastes are improperly disposed of by dumping them in landfills, the chemicals may wash into the water supply as the rainwater filters through the burial site.

Cong. Leri was appalled by a previously secret internal memorandum from Hooker Chemical Company which showed that firm had been dumping huge amounts of hazardous wastes on Long Island. For 33 years, from 1946 to the very day of the hearing, Hooker has been disposing of hundreds of tons of chemical wastes each year — some of it identified by hearing witnesses as toxic or cancer-causing — into landfills in Syosset and Old Bethpage. Every rainfall has helped carry these chemicals down into the aquifer which supplies our drinking water. State officials seemed startled by this testimony, but, commendably, moved immediately to stop the dumping.

Robert Lockwood of Wren Court, Scout Leader of West Hempstead Cub Pack 269, has been selected by Nassau County Boy Scouts, Reckou-Ackle District, to receive the District Award of Merit. The announcement was made this week by Scout Executive Henry E. Lewis and Anthony J. Bellacera, District Chairman.

Presentation of the award "for outstanding leadership and meritorious service to the Scouting community," will be made at the annual Merit Award Dinner to be held at the Coral House, Baldwin, New York on June 21st.

For tickets to the Award Dinner or for information on Scouting call 746-8282.

SPECIAL GRADUATION (Continued from page 3)

The principal address will be given by Dr. Robert R. Spillane, Deputy Commissioner for Elementary, Secondary and Continuing Education of the New York State Department of Education.

New York State Senator John D. Caemmerer will receive Human Resources Center's President's Medal in recognition of his outstanding and continued support on behalf of the physically handicapped.

Human Resources Center, an internationally recognized facility for special education, vocational rehabilitation, social and recreational opportunities, and research relating to severely

handicapped children and adults was founded in 1952 by Dr. Henry Viscardi, Jr. The Center is comprised of three units: a tuition-free Regents accredited school offering programs from pre-kindergarten through senior high school; Abilities, Inc., a non-profit work demonstration facility employing the disabled; and a Research & Program Development Institute which conducts pioneering programs related to employment of the disabled and offers valuable training to educators, employers, rehabilitation professionals and members of labor, industry and government.

Human Resources Center is a national resource for the han-

dicapped and through the programs of its national Center on Employment of the Handicapped, disabled individuals from across the country have the opportunity to become productive members of the nation's work force.

Dr. Viscardi is an internationally respected force in the rehabilitation field. He has served every President since Franklin D. Roosevelt and he was appointed by Presidents Ford and Carter in the position of Chairman of the White House Conference on Handicapped Individuals.

Human Resources School is located at Searingtown and I.U. Willets Road in Albertson.

663 Points Score By HAD

Volleyballs flew for twelve hours through Mid-Island Plaza on June 2, as Help Aid Direction held its Marathon Volleyball Game. For the twelve hours of play, HAD scored 663 points. The many teams HAD played against scored a combined total of 537 points. The Help Aid Direction Marathon Volleyball Game was a fund raising event to help support HAD's varied activities, both counseling and community service. All the money raised will be used in the community to promote improved community service and help in the operation of HAD.

HAD would like to thank the many groups and agencies that supported us with funds and hours on the volleyball court. The Volleyball players came from many different organizations, of varied ages. Woodman Camp #67 played the first hour as HAD got off to a bad start losing 60 to 24. But, our fortunes changed as we squeaked by Holy Trinity High School 45 to 43. Next the Hicksville Youth Council also fell to the now mighty HAD team. New York Testing Labs of Westbury fielded a team that played for over two hours. HAD squeaked by them by two points.

There's another trophy in the Kluck household on Suggs Lane, HICKSVILLE. Bob Kluck, Sr., won an award for the longest drive during the American Heart Association Golf Tournament held June 12 at the Mid Island Country Club. Bob said this trophy is going to stand alongside the trophy he won for a "hole in one" at the Hill and Tree Golf Club in 1974. You're too much competition for us, Bob. But congratulations anyway.

Another one of HICKSVILLE'S bright students graduated on May 29, Carolyn Fischer of W. Nicholas Street, Hicksville, who majored in accounting at SUNY at Farmingdale, will continue her studies at SUNY at Albany in September. Carolyn was on the Dean's list for the two years she attended SUNY at Farmingdale. Her parents, Helen and Fred, are proud of their daughter's accomplishments.

Marge and Matty Mantello, HICKSVILLE, are excited over the prospect of the upcoming marriage of their son, Thomas to Elynn Palagonia on September 15, 1979. Thomas is a graduate of Hicksville High School. He is employed in his future father-in-law's firm as a glazer. Elynn's parents are Claire and Joe Palagonia of Massapequa. She is assistant manager in "The Limited" clothing shop in Mid Island shopping center. Plans are underway for the wedding and for their reception they will live in Farmingdale after they're married. Best wishes.

A special happy birthday to Carl Eisemann who celebrated his birthday on June 12. This is Carl's 72 birthday. However, we do know that Carl has been a resident of Hicksville for 72 years. That's worthy of note, too. Congratulations to you Carl - and may you live in Hicksville another 72 years at least.

Randy and Michele Pullman of Cliff Dr., HICKSVILLE, are the proud parents of a daughter, Keri Beth, born May 28, at Huntington Hospital, weighing 8 lbs. 4 oz., and was 21 inches long. Proud grandparents are Mr. and Mrs. Sidney Friedman of Triaga Dr., Jericho.

HAD MARATHON VOLLEYBALL TEAM. Eleven players of the approximate 150 people who played volleyball for HAD on June 2 inside the Mid Island Plaza.

Hicksville High School Health Classes played on the HAD team and against the HAD team. It was hard to tell how many total points they scored. But, their participation was of enormous help throughout the day. As it was getting dark Boy Scout Troop 330 of Levittown came to the net. HAD's team must have been getting tired as we bowed 74 to 63. Finally the employees of J.J. Osborne, Hicksville, played at Mid-Island Plaza, 358-B Mid-Island Plaza, Hicksville, New York 11802. Phone 935-9700.

We heard that Olga and John Glinka are back home from a fabulous trip to Aruba. Upon their return they drove to Myrtle Beach, S.C. to visit Betty and Arnie Wicks for ten days. The Wicks are former neighbors of the Glinkas who live on Mayfair Lane, Hicksville. Olga and John were so enthralled with S.C. they bought property there for a future retirement home.

Anne and John Maniec of Bay-side (formerly of HICKSVILLE) are the proud parents of a second daughter, Laura Marie, born on Friday, June 8 at Nassau Hospital in Mineola. Her sister, Elna, who is now almost two years old, welcomed her new sister joyfully.

Congratulations to Edward Rippl, son of Lillian and Gerard Rippl of PLAINVIEW, who celebrated his Bar Mitzvah on June 9 at the Midway Jewish Center.

Margaret Pani retired on June 1 from the J.C. Penney Co. PLAINVIEW store, after 17 1/2 years. She was wine and dined at the Roman Gardens with thirty of her co-workers. A lovely time was had by all.

Sis and Bernard Wesnolfske's daughter, Lauren, is on a four-week training course in Germany. Lauren is employed by Luftansa and they are paying all expenses while Lauren is in training. She has been employed with this firm for one year and enjoys her work.

It was a "Sweet Sixteen" birthday for Barbara Murphy on May 6. Barbara lives with her parents, Hilda and Bill, on West Nicholas Street, HICKSVILLE. She has four older brothers and sister: Patty, Billy, Tommy and Michael. Happy birthday from all your family and friends, Bar-

Newberrys took the games to their conclusion with a final score HAD 110 to Newberry's 88.

HAD is a community agency that relies on Hicksville and the surrounding area for continued support. We thank all those community residents that contributed to our cause. Only with community support can Help Aid Direction continue to service Hicksville.

D. Caemmerer will receive Human Resources Center's President's Medal in recognition of his outstanding and continued support on behalf of the physically handicapped.

The Ferrandinos of HICKSVILLE travelled to Cortland College to see Debbie graduate. Gloria and Joe, her parents, and Joanne and Peter, her sister and brother, were so proud to help Debbie celebrate this momentous occasion in her life. Debbie plans to attend a university in Maryland this fall in a Master's program.

June 7 is a special day for HICKSVILLE. Lena Pietruszewicz - it's her birthday. Your family, friends and neighbors wish you much happiness in the upcoming year.

Happy anniversary to former residents of HICKSVILLE, Christine and Jimmy Drost. The Droses celebrated their third wedding anniversary on May 15. It was really a double celebration because Christine's birthday was on May 14. Best wishes.

Jean and Bob Kaminek, Miller Road, HICKSVILLE, celebrated their wedding anniversary on May 20. They had a family party to mark the occasion. Of course, their children, Marie Louise (10 yrs.) and Robert, Jr. (8 yrs.) were delighted to help with the festivities for this event. Both Marie Louise and Robert, Jr. are students at St. Ignatius Loyola School.

Crown - Goldstein

Mr. and Mrs. Paul Crown of Chance St., Hicksville, are pleased to announce the engagement of their daughter, Valerie, to Mark Goldstein, son of Mr. and Mrs. Stanley Goldstein of Arrow Lane, Hicksville. Both are graduates of

Hicksville High School. Valerie is in her senior year at Bernard College.

Mark is a student at C.W. Post College. A June 1980 wedding is planned.

Board Appoints Director Of Pupil Personnel

By Linda Strongin

Dr. David Weeks was appointed Director of Pupil Personnel by the Hicksville Board of Education on Wednesday evening. Dr. Weeks, whose appointment is effective July 2, is currently co-director of an alternative school in Boston and serves as a consultant of student services at various schools in that area. Salary is \$33,000.

Superintendent Dr. Wilber Hawkins explained the hiring procedure which involved screening and interviewing by representatives of all components in the pupil personnel area.

Abstaining from the vote was Trustee Iris Wolfson.

During the public speaking session, Junior High School PTSA President Nancy Staron read a letter to the Board concerning extra-duty compensation for junior high advisors.

Dr. Hawkins explained that the new settlement called for an additional \$10,000 which is earmarked for extra-duty compensation. A study of other districts was done by Asst. Supt. Dr. Manus Clancy on the subject and Dr. Hawkins stated that individuals will be considered with recommendation to the Board at their next meeting.

Hicksville Congress of Teachers President Bob Zaleski, however, stated that his understanding of the settlement on the subject was to have the \$10,000 "upgrade coaching salaries" and that any money for extra-curricular salary adjustments would come from within the code.

The Board accepted the resignation of Dr. Manus Clancy, who has been Asst. Supt. for 2 years and also Director of curriculum and instruction for 3 years. The Board appointed him to the title of elementary school principal effective June 30. Dr. Hawkins publicly commended Dr. Clancy for "a job done with more than a willing attitude."

During the public speaking session, Mrs. Rosemary Barrow, librarian at Willet Avenue School stated that she appreciated Dr. Clancy and his efforts over the years. "The bulk of library financing comes from government grants. Dr. Clancy has been patient, supportive and encouraged innovative projects and the development of cultural programs."

Mr. William Feigan, Junior High School principal, announced that the student council had donated a plate maker at cost of \$1,275. The plate maker is needed to use the off-set press which was obtained through title funds. Mr. Feigan stated that the yearbook staff has donated a stand for the press at a cost of \$275 and a lettering machine for \$670. Board President Tom Nagle thanked Mr. Feigan for the information and the students for their donations.

Mr. Nagle announced that the language of the agreement between the Hicksville Congress

of Teachers and the Board was being worked out by lawyers on both sides.

He also made several statements in regard to comments made at a previous Board meeting by a junior high school teacher concerning the lack of certified math substitutes. Mr. Nagle stressed that administration has tried but they are not available.

HCT Treasurer Max Joseph stated that "you have to pay to get them."

Dr. Clancy stated that a survey he did revealed that sub pay in Hicksville "was comparable to about 95% of the school districts in Nassau." Hicksville subs are paid \$35 per day. After 20 consecutive working days, the pay increases to \$50.

Mr. Joseph added "I don't understand why we have to do what everybody else does."

Mr. Nagle, however, claimed that "more money is not the answer," and hoped a solution could be found by working together.

Mr. Nagle added that the absentee rate among the teachers has been reduced and that "the teachers cooperated. They are back in the classrooms."

Trustee Pete Fujimoto announced that a public meeting in relation to Strand III would be held on June 19, 8 p.m. in the small auditorium of the senior high school. All residents will be receiving an explanation of the changes made in the curriculum, based on community feedback.

In other business the Board acted on the following:

- Adopted a resolution increasing the senior citizen tax exemption to \$8,000.

- Expended \$68 to replace personal property of junior high students destroyed as a result of a small fire which damaged some lockers.

- Adopted a resolution which provides for summer transportation for the handicapped. The cost ranges from \$7,600 to \$12,000 depending on the number of requests and the school requested. It is provided to organized recreational programs at sites up to 22 miles.

- Authorized the sale of tax anticipation notes in the amount of \$7,500,000. This is the means which the district obtains funds to pay bills until tax monies are received.

- Authorized administration to apply for a Moody's M.I.G. rating, which benefits the district by attracting investors.

- Approved an increase in the hourly rates for part-time employees including school monitors, media aides, cleaners, security patrol, and clerical substitutes.

- Awarded bids totaling approximately \$35,218.43 for athletic supplies (\$13,950.63), senior high school band uniforms (\$12,336.1), and glass and plexiglass (\$8,931.80 approx.).

The next meeting of the Board of Education is scheduled for June 27.
