American Legion School Awards

The 1979 American Legion School Award medals and certificates were presented to eighteen elementary students in Hicksville's schools, this past week, during graduation or "moving-up" exercises. The Legion Awards are an important annual program of the Charles Wagner Post 421's Americanism Program chaired by Richard Evers.

Presented to those boys or girls who excel in the study of American History and who also have contributed service to their school, this year's awards were bestowed on: Greg Shelin and Ellen Rockwood of Burns Avenue School; Lorraine Antonetti, James Haupt and John Moehringer of Kutch Lane School; Kathleen Hammer and Ben Scott Zimmerman of East Street School; Robert Hawxhurst and Gayle Zukowsky of Lee Avenue School; Brenda Ackerman, Laura Korothy and John Rosalia of Old Country Road School; Brian Facey and Susan Sauer of Trinity Lutheran School; Kathy Jonason and Peter Wolter of Willet Avenue School and Ronald Felming and James Simon of Woodland Avenue School.

Newly-elected Commander Frank Walsh is most pleased to be able to congratulate all of these fine young citizens and to wish them well in the school years ahead.

LENT FORUM CENTERS ON GAS SITUATION: Gasoline was on everyone's mind when Congressman Norman F. Lent held his second public forum of the year recently in Hicksville. The discussion continued outside the meeting hall long after the forum was over as Lent outlined some of the many steps he's taking to try and ease the situation. Among other things, Lent has called for a face-to-face

meeting with President Carter and has demanded information on the fuel-allocation program from the Department of Energy under the Freedom of Information Act.

Since the forum, Lent has continued meeting with Energy Department officials and worked on concert with other Long Island congressmen to get the allocation program modified to provide more gas for Long Island.

School Board Reorganization Meeting

By Linda Strongin

On Tuesday evening, July 3rd, the Hicksville Board of Education elected the following officers for the 1979-'80 school year.

President, Mr. Dan Arena,
 Vice-President, Mr. John Ayres,
 Secretary, Mr. William Bennett.

Preceding this election, the seven board members were sworn in by district clerk Marie Egan, including Mrs. Virginia Germer, who was recently elected to the board seat vacated by Mrs. Iris Wolfson.

Vice-president John Ayres commended out-going President Tom Nagle for his dedication and countless hours spent on Board activities.

President Dan Arena introduced Dr. Catherine Fenton, Asst. Superintendent for Elementary Schools and Dr. Daniel Salmon, Asst. Superintendent for Secondary Schools.

The Board appointed Mrs. Marie Egan as district clerk on a per diem basis until a new district clerk can be hired, as Mrs. Egan

has taken a full-time job with the District.

The Board also appointed district officers; designated depositories of school funds and adopted Board policies for the year.

Outgoing President Tom Nagle presented Mr. Iris Wolfson with a plaque and stated that she has "set the pace" for the Board while president. Mrs. Wolfson extended a thanks to all, especially to her family for being supportive and patient.

Editors note: the following portion of Mrs. Strongin's coverage of the Board's June 28th meeting was omitted due to late coverage inasmuch as the meeting was held beyond our regular deadline.

Mr. Bennett questioned several times the role of the school psychologist in the evaluation of the curriculum.

Mr. Fujimoto answered that the psychologists "preferred to give their evaluation orally" and did so at a committee meeting. He added that there was "no consensus. Different psychologists had different opinions on different parts. There was no consensus for or against."

At the meeting's conclusion many present loudly showed their disapproval of this Board action.

At Old Country Rd. School

Friday, June 22, Old Country Road School held its first Moving-Up Exercise. Children marched down the aisle to the tune of "Pomp and Circumstance" and then stirred the audience present with a lyrical rendition of this song.

Awards were presented to outstanding students by Old Country's Principal, Mr. Louis Penque. Winners of the Scholarship Awards were: Eric Iversen, Julia Whaley and Marjorie McShane. The American Legion Awards went to Brenda Ackerman, Laura Korothy, and John Rosalia. The French Medal was awarded to Marjorie McShane. All-around athletes Lloyd Sneddon and Karen Miller were recipients of Athletic Trophies.

Lisa Occhiogrosso and Patrick McDevitt received Art Awards, and Marjorie McShane and Julia Whaley, Music Awards. Sharon Schoenfeld received the Library Award.

The Board also acted on the following:

Approved the school calendar for 1979-80 which includes 182 days of instruction and two teacher conference days.

Awarded bids totaling \$544,429.75, which includes among others, \$623,656 awarded to Harran Transportation for regular in-district transportation.

Approved reductions in force totaling 14 for K-6; 10 in the junior high; one in physical education; and one home teacher.

Approved the appointment of Ruth Jacobson as Supervisor of Reading. Mrs. Jacobson has been in the district since 1971.

Accepted the resignation of Dr. Charles Gouse as Supervisor of Music. Dr. Gouse has been in the district since 1963 and music supervisor since 1957.

In adjourning the meeting, Vice President Dan Arena pointed out it was the last meeting of the school year and that Mrs. Wolfson would no longer be sitting on the Hicksville Board but wished her well in her new position of BOCES Board member.

The next business meeting is scheduled for July 18, 8:15 p.m. in the conference room of the administration building.

Strand III

As reported last week the Board of Education at its regular meeting of June 27, adopted the Health Education Curriculum, Strand III, Mental Health for Grades K-3.

This curriculum consists of three parts: Personality

Development, Family Life Education and Human Sexuality. Parents who wish their children excluded from instruction in parts four and five of the curriculum dealing with Human Sexuality will have the option to do so.

Awarded Contracts

Government contracts totaling \$163,386 have been awarded Amperex Electronic Corp., Hicksville, by the Defense Electronics Supply Center, Dayton, Ohio. They provide for manufacture of 4,046 electron tubes.

Galileo Lodge News

By Joe Lorenzo

On September 22, the Ladies Auxiliary of the Galileo Lodge will honor Mary Monteforte with a Testimonial Dance. Price of admission will be \$15 per person, featuring cocktail hour, dinner with all the trimmings, live music and unlimited liquor. Mary Monteforte was president of the Ladies Auxiliary for two years (1976-1978), and she amassed a distinguished record of achievement during that tenure. Her devotion, loyalty and dedication to the Auxiliary and to the Galileo Lodge extend to such activities as Bingo, St. Francis Heart Program and Cooley's Anemia, etc. She has also immersed herself even deeper into almost every phase and endeavor connected with these organizations. As well as to the advancement of the Sons Of Italy In America.

Mary Sarrere will direct the activities for this affair and she will be ably assisted by Grace Giordano and the whole Auxiliary. They can be contacted by dialing GE 3-6289 and 333-4555 respectively. All members (male and female) are urged to attend this affair and are also urged to bring friends.

The Galileo Lodge will hold its annual picnic in conjunction with the Marco Polo Lodge of Levittown on July 22. The usual food items associated with picnics - hot dogs, hamburgers, corn, soft drinks, beer and watermelon - will embellish this activity. Adding to the enjoyment will be the use of the Levittown swimming pool and the ever-popular bocci courts. Price of admission is \$5 for adults and \$2.50 for children. All members and their families (and all the friends, of course) are also invited to enjoy a relaxing and pleasant summer afternoon with the two Lodges connected with the Sons Of Italy In America. Starting at 1:00 P.M., why not come down to the Marco Polo grounds in Levittown and enjoy the hospitality and

Also looming large on the summer horizon is the Hawaiian Dance scheduled to be held on August 25th. This affair will feature a luau, which means that a tantalizing suckling pig will arouse your taste buds, and that an appealing assortment of polynesian food specialties will also add to the evening's mood. Live music will be featured, unlimited liquor and the possibility of a little show will round out the program which will only cost you \$15 per person. For a pleasurable summer evening of dining, dancing and just having a good time, why not contact Ted Marotti (681-2942) for additional information.

LODGE NEWS:

The outside renovation program of the Galileo Lodge will be in full swing very shortly, and the "cosmetologists" - Tony Previtte, Marie Tucci, James Pollicio and Pete Massiello - are ready with the scalpel. More golfing sessions are in the offering, the one in particular to be held at the Cocord with Skip Monteforte at the helm. This sounds like another very relaxing golfing session and more information will be presented on this in later columns. This activity is scheduled for September. Plans for the future Italian feast are still in discussion and more news about this activity will be forthcoming. Help is still needed for the Bingo And Las Vegas sessions. All members are urged to give up a little of their time and efforts to support these two programs. The Galileo Lodge is still hoping to attract new members, so, if you are interested in joining an organization that is progressive in full tune with the times, call 931-9351 for more information about our organization.

An Invitation

On Thursday, July 12th at Hofstra University's Student Center private dining room, the first Big Brother Sister Bring-A-Friend Party will take place.

"This will be an opportunity for the hundreds of Big Brothers and Sisters in our program to come together in a relaxed, social atmosphere," said Larry Murray, Community Coordinator of the program. The evening will include a disco, music from the Renaissance era performed on authentic medieval instruments by Night Watch, and refreshments.

The evening is free of charge for all the volunteers in the program. The only "admission"

is that they bring a male friend who may be interested in volunteering as a Big Brother. "What we're doing is combining a very social evening and an effort to recruit more Big Brothers for Nassau's single-parent boys", said Murray. Needless to say, spouses or dates of volunteers or friends are invited.

The party is being co-sponsored by Dial-America Marketing, a firm that helps raise money throughout the year for BB S of Nassau, and the H.E.L.P. office at Hofstra. The public is invited to attend this 7-11 PM event. If you would like more information about the party or the program, call 489-7440.

US Army Day

For the tenth year in a row, the stirring music of the U.S. Army Field Band and Soldiers' Chorus will fill the evening air at Eisenhower Park's Lakeside Theatre at a concert scheduled for Saturday, July 7, starting at 8:30 PM.

The performance will mark the group's only appearance this year in the Long Island area and will include a repertoire of patriotic medleys, Broadway show tunes, spirituals, "Americana" music and operatic selections.

The group, known unofficially as the "musical ambassadors of the Army," has won the praise of music critics and audiences all

over the world.

The July 7th concert will cap off a day-long salute to the Army called "U.S. Army Showcase," also featuring exciting demonstrations and exhibits such as sky diving, the Green Berets, the Army K-9 Corps, military vehicles and equipment, a mini-marathon and more.

The day's program will get under way at 9:30 AM with continuous activities throughout the day and ending with the evening concert.

County Executive Francis T. Purcell has proclaimed July 7 "U.S. Army Day" in Nassau County in honor of the event.

CYCLING CONVERTS - This quintet of New York Telephone employees, discouraged at increasing gas prices, purchased motorcycles to commute to work and are now reaping the rewards of saving money and enjoying the scenery. Left to right are Ken Clements of Valley Stream, George Ragon of East Meadow, Jim Sauerman of North Massapequa, Phil Marciano of Wantagh and Lloyd Haughton of Merrick. Saving energy is the name of the game, they all agree.

PLANNING: Dorothy Ganin, chairman of the 6th Annual Nassau AHRC Horse Spectacular, reviews plans with members of the horse show committee, Peter Mele (left) of Hempstead and Abram C. Williams, Nassau County Commissioner of Recreation and Parks.

Over six hundred entries are expected for the show which is to be held at Stillwell Woods Park in Syosset from August 22nd to August 28th. The event which features a total purse of \$45 thousand will include riders and their horses from throughout the United States; several Olympic medalists and members of the United States Equestrian Team are also participating.

The \$10 thousand Grand Prix, which is sponsored by the Nassau Downs O.T.B., is the high point of the show and is scheduled for Sunday, August 26th. In the past the Grand Prix has been a real crowd pleaser as the horses race the clock with winning times of barely a second over that of runners-up. Another major sponsored event is the National Bank of North America \$2,500 Amateur-Owner Junior Hunter Classic. This year's finale weekend on August 25th and August 26th will feature special family attractions. In addition to the show there will be free balloons and clowns to entertain the children, displays and a special sale of merchandise produced in the AHRC program.

Since the first AHRC show in 1973 horse jumping has begun to attract wide interest. In the United States, Grand Prix jumping is now becoming a popular spectator sport (in England, show jumping is the second spectator sport led only by soccer). Because of this, the Nassau AHRC Horse Show has become a high point of the Long Island philanthropic-sporting calendar. Along with Mrs. Ganin who is serving as chairman, Joseph M. Margiotta of Uniondale and County Executive Francis T. Purcell are honorary chairmen of the event which helps to provide programs to the more than 1,200 children and adults served by AHRC daily.

"Frederick likes to think of himself as a weekend solar collector."

Of course, the sun can be used for much more than acquiring a Sunday tan. People are talking about all kinds of exciting possibilities for the sun in our energy future. At LILCO, we are involved in the development of solar energy. In fact, we've just made a fascinating film about it. It's narrated by Leonard Nimoy (Mr. Spock of "Star Trek"), and it stars the sun in a number of different roles: as the creator of all energy on earth, including man's muscle power; as an ancient deity; and as a major source of energy for a new community of five solar homes being developed by LILCO and Electric Power Research Institute on Long Island.

If you're a Long Island school, community group or civic organization and would like to see our film, we'll make it available to you free. Simply call LILCO's Community Relations Department at (516) 228-2226 and we'll arrange for a showing.

The audiovisual director of a local school district had some kind words about LILCO's films. He recently wrote, "The teachers and children in our school district would like to thank you for making your films available. We found them to be very informative and useful in our curriculum."

We'd like to thank him for the "fan mail."

Dear Friends....

As you can see by the "LETTERS" column this week, many are upset concerning the action of our School Board last week in adopting Strand III (by a 4 to 3 vote). Those who attended this meeting in opposition to this move felt that, like those who vote, they were in the majority and their opposition should have been heeded. We should point out that a school board (or any other governing body) meeting is not comparable to an official vote. Opposition in such numbers is, however, a factor that should be seriously considered by School Board members, as is the fact that their own vote was 4 to 3.

Inasmuch as we do not feel qualified to take a stand on this subject, we strongly suggest that this matter be reviewed and much more thought be given to the strong feelings that obviously exist in our school district on this subject. We think that it needs much more study before being put into operation. We feel that it should have been tabled and, if possible, suggest that the new school board review this project with the thought that more study is definitely needed.

They can reverse this decision. As to our coverage of the particular school board meeting when this was voted upon, the intelligent opinions of those who testified in opposition were given a fair amount of space. We believe that this coverage was as fair as possible inasmuch as the meeting itself was held beyond our news deadline. Further opposition has received equally fair treatment in our "Letters" column.

On Wed., July 4, Kitty and Sam Weiss of Hicksville celebrated their 50 wedding anniversary by going through a beautiful ceremony renewing their marriage vows. This was followed by a dinner-dance at the Fontainebleau attended by this popular couple's many friends and neighbors. It was a very beautiful evening and we will be bringing you pictures and more details as soon as they are available. We wish Kitty and Sam, many more happy years together here in Hicksville where they are so loved.

THAT'S ALL for this week. We close with the reminder that, if you make it a habit to shop locally, you will surely save gas... as well as getting values that will be a pleasant surprise.

SHEILA NOETH

CONTRACT: Oyster Bay Town Supervisor Joseph Colby (left) and Long Island Railroad President Francis Gabreski put their signatures on a contract turning control of the Hicksville escalator over to the railroad. Colby had negotiated with the railroad for more than two years to effect the transfer believing that it was unfair to make local residents financially responsible

for what is basically a commuter service. The special escalator district, which supported the service, encompassed portions of Hicksville, Jericho and Plainview in which residents were taxed 1.9 cents per \$100 of assessed valuation. The MTA will now prepare to replace the escalator, a process which will take about 12 weeks from the time of the awarding of bids.

A \$51,735 government contract has been awarded Narda Microwave Corp., Plainview by the Defense Electronics Supply Center, Dayton, Ohio. It provides

for manufacture of 50 directional couplers.

Letters To The Editor

Editor:

In June of 1972, I was a candidate for the Hicksville School Board. I received -- 2,245 votes. As I reflect back to '72, it is remembered with pride, pride in myself, pride for my family, for work done on behalf of the Conservative Thinking American.

A great concern in that era was Strand III, better known as Family Life Education / Sex Education. As of last Wednesday -- our school board, voted "YES" -- for Sex Education, disregarding the 200 people attending the meeting, who objected to same.

My friends and I stemmed the tide in the Hicksville Schools, for 8-10 years, for your innocent children, now attending grades K-3.

It is my opinion that instruction in sex, without concurrent emphasis on morality and God's plan in granting this wonderful gift, reduces the matter to purely physical and animalistic process. But -- how many schools are permitted to teach students about their Creator? There are two major undesirable effects of sex education in school, the spiritual values & moral fibre of our children can be irreparably damaged and the family relationship inevitably weakened. This course cannot be presented with moral values. Any course of instruction that does not build moral character in an individual is worthless.

My advice to young parents, with children in the Hicksville Elementary Schools, that agree with my standpoint -- Remove your children NOW. If this is not financially feasible, you have the next several months to work as though everything depends upon you and pray as though everything depends upon God. Your work should entail electing new members to the School Board next year and the year following. We did it. You Can Do It. When you have the majority vote on the school board, you can instruct the Administration -- regarding curriculum, and as well will have the power to dethrone those who do not hold your religious beliefs to be sacred.

If -- 2,245 people listened to me in 1972, perhaps you might consider my advice worthwhile.

"The care of human life & happiness & not their destruction is the first and only legitimate object of good government." -- Thomas Jefferson.

Sincerely,
Mary E. Caron.

Dear Concerned Citizens:

No school plus children equals possible disaster. Since vacation started, there have been too many horrible stories in the paper regarding accidents on bicycles. I didn't think too much about these accounts until a friend riding with one of my relatives was killed. That hit a little closer to home. That very next day in front of my house there was another bicycle accident. An 8-year-old boy was killed. That hit home. There was nothing anyone could do. Fortunately, he was never in pain. I never found a pulse.

Before anyone else dies, I urge all residents to hound the town to put up stop signs to break up a long street that is used as a drag-strip; install "Caution: Children At Play" signs; have radar to apprehend speeders.

Most accidents are no one's fault. Both drivers and cyclists must drive and ride defensively. Drivers -- don't make wide turns around corners. Instead, SLOW DOWN. Watch out for children coming around or in between parked cars. Cyclists -- always ride on the right side of the road, obey all traffic rules, and DON'T ride two on a bike.

Again, I plead with you to

pressure the town and emphasize the importance of riding safely to your children. Maybe it can save one life. Cars often have bumper stickers that say "School's Open -- Drive Carefully." There should be one that says, "School's Closed -- Drive Carefully."

Very truly yours,
Carrie L. Clark

Dear Sir:

With the present problems of gasoline shortages, many people who work and live in Hicksville have expressed a desire to use public transportation, rather than drive their automobiles.

The problem seems to be that the stores stay open until 9:30 PM, but the buses which service the Hicksville area, stop running at 7 PM. This means that employees of the stores in Mid Island Plaza, Sears, and others, as well as the shoppers who patronize the stores, can't get home without using their automobiles.

There is an urgent need to extend the bus schedules to provide public transportation for these people at a time when they need it.

We need additional bus service to save gasoline during this critical period.

We urge you to provide more public transportation immediately.

Sincerely,
Siegfried R. Widder

To The Editor and the People of Hicksville:

On June 27, 1979, the Hicksville Board of Education voted 4-3 for Strand III, which includes sex education for Kindergarten through Grade 3, in spite of the fact that of approximately 200 people in attendance, approximately 95 percent were opposed. Also, of 58 letters, received by the Board, 75 percent were opposed, according to the Board. Approximately fifteen people spoke in opposition with two in favor. To my mind, this constitutes a majority, not so with the Board. As an American, I believe majority wins. To my mind, the Board seemed intent to pass this program regardless of the people.

Questions brought up at this meeting as to the cost of this program were unanswered. Exactly who will be teaching this was also unanswered. The Hicksville school psychologists did not offer an opinion for or against, for they were too divided, this was stated by the Board.

The Board passed this program with the option of excluding our children, if there is enough of a majority. My question -- what will these children be participating in? The answers are not clear.

At Open School meetings, I have heard several times from teachers of the difficulty to complete a full days work due to disruptions of children being excused for specials. Will our classes be further disrupted? Where will the time be found? What is the rush to educate our children in sex? Are children not to be children?

In my opinion, it is a parent's natural right to teach their children on matters of sex on an opportune time, based on their moral beliefs.

I feel Strand III, sex education, is just the beginning of a much more involved and comprehensive program to follow.

When will we get back to basics, so that our children will be properly prepared for college from high school.

People of Hicksville, please

attend your Board meetings, listen to what is happening, find out where your tax dollars are being spent, make sure your Board is working for you, for you elect them. Have your views and opinions heard.

R. Calapai

Dear Editor:

I wonder how many people of Hicksville are aware that their School Board does not vote on behalf of the majority.

Anyone attending the Board meeting on June 27, found their efforts were to no avail. We realized that our opinions and desires pertaining to what is taught in our school's really does not count.

Approximately 200 people took out time Wednesday evening to make their views known to the Board who was to vote on the Strand III (sex education) Program. The people in attendance made it very evident from their presentations and the applause that followed that they did not want Strand III in any form. Our rights and being part of a big majority did not seem to matter, the Board went ahead and passed it with a 4-3 vote.

I thought that this was a Democracy I thought the Board was supposed to vote on behalf of the people.

Why did the Board not listen? We begged for you not to pass this program.

In my opinion, our children don't need this. Everyone must realize that it is the parent's responsibility to look after the needs of their children. Supplying them with not only factual information but teaching them with moral standards they wish their children to grow up with.

Please wake up, people of Hicksville. Let's stand up for our rights -- when a School Board does not vote the people's choice, something is definitely wrong. Let's correct it before it goes any further. Do we still have some control over what is right for our children?

Let's get back to Reading, Writing, and Arithmetic. Let's make sure they come out of High School thoroughly prepared for S.A.T. and College. Leave the Social and Sex Education in the home where they will be taught with love and moral standards which mean so much to a healthy understanding.

Very concerned parent
who was there,
Mrs. Mary Scofurn

To the Editor:

We take great exception to your recent article, "Board Approves Strand III," reported and written by Linda Strongin, for it told only half of the story and we believe even that was slanted in favor of the School Board.

First, we must agree with the title, for only those four members of the Board, Fujimoto, Ayres, Arena, and Wolfson, (plus three or four people in the audience) "approved" the curriculum. However, in our opinion, the title was incomplete; it should have read, "Board Approves Strand III By Force." More than 200 people in the audience were against it.

Let us now correct remaining details Strand III, Mental Health is Sex Education Sensitivity Training but yet it has rarely been stated as such. Mr. Fujimoto's motion to the Board to adopt it was even phrased in "code" language. He recommended an exclusion provision for the Sex Education, which many people present thought not as an "option" or "exemption" cause but as the excision of the curriculum in that specific area. The consequent confusion seemed intentionally created. Anyway, the Constitution gives

consistency, since Mr. Nagle did voice his reservations about the curriculum.

Finally, Dr. Hawkins, when questioned by a resident, declared that the cost of the Strand III Curriculum was "open-ended," regarding materials, in-service training of teachers, and the system of "released-time" (substitute teachers for those on staff) during that training Mr. Bennett added at one point that additional planning and cost would be incurred for those students exempted from Sex Education by their parents, since said curriculum was woven into every subject of the school day.

Only two people stood up in favor of the curriculum among the myriad number of those who spoke against it. One was a student and another, who said that she had been mopping her floors and just heard about the Board meeting. She added: "The public present here is not the majority of Hicksville residents," as if those who show up to vote in any election do not represent the majority of voters, and therefore, we believe, the voice of the people as a public mandate.

And so, the very fabric and soul of our beloved Hicksville community has been torn asunder by a dictatorial School Board, touting a secret curriculum for two years under various code names, and who have oppressed the public will by their vote. As one gentleman said that night:

"We should look to God's word and pray about such a serious matter, asking for his guidance, since there is no separation between education and morals..." He continued: "It is the parents' responsibility to train our children and we must stand before God accordingly...I would not want my name, or the name of any School Board member, accountable before God if this curriculum is approved."

In the face of such public and stately advice, the Hicksville School Board turned around and, in our opinion, slapped the community in the face. After failing to "sneak Strand III in," they "forced it in", against the public mandate.

Hicksville American Soccer Club

Hicksville Grenadiers

The Hicksville "Grenadiers" went as far as the semi-finals at the N. Babylon soccer tournament last weekend. Coach Tony Schiralli rallied the boys after a stunning defeat at the hand of Island Trees on Saturday, to a rousing win over Bayside on Sunday to gain a slot on Monday's schedule.

It all started early Saturday morning when Hicksville blasted the host N. Babylon "Patriots" 4 to 1. Trailing by one midway through the first half, forward Jean Claude Balek rapped in a rebound of a half back Graig Carson shot. Shortly after, wingman Anthony Schiralli scored when he bent one passed the "Patriot" goalie after he took a crafty pass from halfback Mike Grossman. Grossman rang up the third tally when he looped the ball over the hometown net tender to open the second half. Anthony Schiralli, after a pass from his opposite wing Rich McCarthy, sizzled one off a N. Babylon defender into the nets for the final goal.

The afternoon game, played in a slight drizzle, saw the "Grenadiers" lose to the tough Island Trees club 4 to 0. Hicksville's deep defense wall, Tim D'Antuono, Brian Magee and Tony DeRosa were dazzled by the "greenwave" forward line. Tim Richards, "soldiers"

net minder, made countless diving saves. But his own defenders allowing just too many shots on goal.

On Sunday, Hicksville took on the black and orange of Bayside, the game attracted a crowd of over 200 spectators. The "Grenadiers" put on a display of soccer that had the fans from both sides on their feet giving a well merited applause at games end. Hicksville's initial score was a pop into the nets by Mike Grossman, coming after a neat move and crisp pass by Chris Kanuck. As Mike Conway and James Panchookian played a little passing game on the left side, Conway spotted Anthony Schiralli in front of the goal. Notch up goal number two. At the start of the second half, center halfback Rich Chakrin and right half Craig Carson set up Mike Grossman for his second score of the game. Schiralli scored the fourth Hicksville marker off a pass from Brian Magee. The final "soldier" tally was a ripper by left wing Rich McCarthy that was set up on a sensational lob pass by Rich Chakrin. Defense was the name of the Hicksville game. The Bayside coach encouraged his team to stay away from the "Grenadiers" right side defenders Craig Carson and Tim D'Antuono. When the "Queensites" did try the left side they ran smack into Chakrin, Conway and fancy footed Tony DeRosa. Goalie, Tim Richards had only two shots at his nets all day.

On Monday, coaches Tony Schiralli and Mike Kanuck led the boys at the talented West Islip club in the semi-finals. The "Grenadiers" lost in overtime 2 to 1. Hicksville's only score was by the fleet footed right wing Anthony Schiralli.

PLAINVIEW School Board member Joe Blum is walking awfully tall these days. He's quite proud of daughter Lisa, who graduated from the Plainview-Old Bethpage Middle School last week with "highest academic honors."

Congratulations to Mr and Mrs Arthur Schaeffer (both HICKSVILLE H.S. graduates) on the birth of a daughter, Amy Beth, born June 10 at St. John's Hospital in Smithtown. She weighed 6 lbs., 5 oz. Proud grandparents include Mr. and Mrs. Wesley Cranmer of Edward Ave., HICKSVILLE, and Mr. and Mrs. Andrew Schaeffer of Meadow Lane, HICKSVILLE. Kris, 11 and David, 8½ welcomed home their new sister.

Michael L. Modica, son of Mr. and Mrs. Louis Modica, Degora Drive, Plainview, joined the "Long Gray Line" of West Point graduates on June 6.

His studies included science, engineering, and the humanities in the ratio prescribed by the U.S. Military Academy at West Point, N.Y. He received a Bachelor of Science degree and was commissioned a Regular Army Second Lieutenant in Armor.

A 1975 graduate of Bethpage (N.Y.) High School, he received a congressional appointment to the Academy.

While at West Point the newly commissioned officer was a member of the Honor Committee.

On May 26, 1979, Jeannette M. Kadala, daughter of Mr. and Mrs. Edward E. Kadala of Silver Spring, Maryland, and Raymond W. Frohnhoefer, son of Mr. and Mrs. Raymond J. Frohnhoefer of Cresco, Pa., formerly longtime residents of Hicksville, were joined in marriage at St. Catherine Labourer Church, Wheaton, Maryland. The nuptial mass was performed by Father M. J. Farrell who was assisted by Pastor Gary Rueter of Our Savior Lutheran Church, Laurel, Maryland.

Miss Deborah Krute, a friend of the bride, was maid of honor. Mrs. Peggy Lynn, a friend of the bride, and Miss Denyse DeGrouchy, a cousin of the bride, were bridesmaids.

Mr. Mark Sihanick, a college friend of the groom acted as best man. Mr. Edward E. Kadala, Jr., brother of the bride, and Mr. Gregory Lynn, friend of the groom, were ushers.

Following a reception at the

Washingtonian Country Club in Gaithersburg, Maryland, attended by many Hicksville residents. The couple honeymooned in Florida. They are now residing in their new home in Gaithersburg, Maryland.

Mr. Frohnhoefer, a graduate of Hicksville High School and Clarkson College, is employed by General Electric Information Services in Rockville, Maryland, as a Systems Analyst. Best wishes to the bride and groom. Don't forget to come back and visit all your Hicksville friends.

And on Mayfair Lane, HICKSVILLE, Terri Kennert celebrated her birthday on June 25. One of her birthday presents was a trip to a resort for a week with her parents. Happy birthday, Terri.

We learned of something in the offing for Hicksville (and other residents) - it's the Fifteenth Annual Pageantry in Brass sponsored by the St. Ignatius Girls Cadet Corps. The date to mark on your calendar is July 21 at 7:30 pm; the place to be is Hicksville High School. We were

told that this will be an exciting exhibition with eight competing corps and three exhibition corps from places like New York City, Bronx, New Jersey and environs. Look for further information on this event next week. We should support this outstanding Hicksville organization.

The Roggo family of Suggs Lane, Hicksville, had lots of reasons to celebrate in the month of June - and they did by having a family dinner party at a local restaurant. Dol and Bill Roggo were married 30 years on June 19. Their daughter Diane Russ and her husband, Rich, celebrated their 7th wedding anniversary on June 18, and to top things off, Rich Russ' birthday was June 22.

Joe and Dolores Magee, Hicksvilles, have a natural athlete in their family. Their son, Michael, is a member of the Long Island Junior LaCrosse League, and his team came in first place in this competitive event. The Magee's daughter, Maureen, is home from State University in Purchase, N.Y. She will be returning to State U. in the fall to continue her studies. There are two other Magee children, and we will be writing about them in another column.

Area Residents Receive Awards

Two Long Island residents were among a select group of 42 students who received certificates at the Harper College Honors Program on May 26. The certificates are given for special accomplishments in a field of knowledge and demonstrated scholarly discipline of an unusually high order.

Marla Alhadeff, daughter of Jack and Barbara Alhadeff, of Stratford Road in PLAINVIEW, graduated with honors in the Department of English, General Literature and Rhetoric. Her

senior honors thesis, "The Revelation Not Produced: Art and Artistry in Thomas Pynchon's V" explores the theme of art in Thomas Pynchon's first novel.

Ms. Alhadeff will enter law school in September where she plans a concentration in consumer law. She is unsure whether she will study at the University of Michigan or Harvard University.

Joseph Giovenco, son of Anthony and Stella Giovenco, of Locust Street in HICKSVILLE, was awarded an honors cer-

tificate in cinema. His senior honors project consisted of four films, Jacob's Ladder, Infra, The Seduction of Psyche by Vesos' Sun Cupid, and One Film - Two Colors, that describe four visual and emotional phenomena.

In addition to filmmaking, Mr. Giovenco is interested in mechanical engineering and design. He hopes to combine these skills in future employment, perhaps in designing specialized cinema equipment.

CITED: Nassau County Executive Francis T. Purcell gives Long Island Lighting Company representative Edward Holmes an official county citation commending LILCO for "its outstanding cooperation with the Nassau County Planning Commission in setting up ride-sharing programs for its employees." LILCO Vice President Matthew S. Procell looks on.

Earlier this year Ed, who works in the Construction Department at LILCO's Hicksville Operations, Center, designed a computerized car pool program, using the County's ride-sharing computer program as a guide.

Ed expanded the County's program to include more information than employee names and addresses. His program considered the particular needs of LILCO employees and contained information such as work locations, job titles, department locations, working hours, estimated mileage between home and work locations and the estimated monthly cost to drive that distance. Employees who want to join the car-pool program are given printouts listing this information and the names of other employees in their areas who wish to join a pool.

Approximately 300 persons are currently participating in the LILCO car-pool program. Another 24 employees had been in a LILCO van-pooling program since last December. The company expects to add several electric vans to its present ride-sharing programs.

Dems Designate Candidates

Members of the Nassau Democratic County Committee met in convention this past week in Franklin Square and designated a full slate of candidates for countywide and town offices. Under the leadership of County Chairman Stanley Harwood, the convention also passed resolutions urging the U.S. Senate to ratify the SALT II agreements and called for an extension of the moratorium on the granting of permits for the construction of additional nuclear power plants.

"Nassau County did very well, thanks to the Democratic leadership in New York State," said Ways and Means chairman "Jerry" Kremer. "Long Island received more state aid this year than at any time in our history."

Roma Connable of Roslyn was designated to run for County Clerk. A writer, editor and public relations consultant for governmental and private agencies for the past 20 years, she recently served as press secretary to U.S. Senator Moynihan and was an Executive Chamber staff assistant and to Governor Harriman.

As their candidate for Chairman of the Board of Assessors, the Democrats tapped Mario V. Colleluori of Old Bethpage. The founder and former chairman of the Taxpayers Union of Long

Island, Colleluori is an enrolled member of the Conservative Party.

Vincent J. Mulari of Hempstead has a distinguished record of 30 years as an attorney and will be seeking the office of Judge of the First District Court.

In the Town of Hempstead, Andrew J. Wallace of Malverne will be seeking the office of Presiding Supervisor. A former candidate for Nassau District Attorney, Wallace is an attorney who specializes in labor relations. Running with him will be Barbara Epstein of Wantagh, a former candidate for Town Clerk who will be seeking the office of Supervisor. Alan C. Levy (Woodmere), Stephen Moser (East Meadow) and Thomas Schihiro (East Meadow) are running for the Town Board; Thomas J. Boyle (Garden City) is making the race for Receiver of Taxes; Robert J. Svoboda (Rockville Centre) got the nod for Town Clerk and Herbert J. Lipp (Baldwin) is running for District Court Judge. 2nd District Sitting judges Richard E. Edstrom, William E. Seiffert and Marvin Goodman have been given bipartisan endorsement.

Marjorie J. Hueglin of Manhasset is seeking the office of Supervisor in the Town of North

Hempstead. A graduate of Adelphi University with a BA in Suburban studies, she has been deeply involved in civic and political activity for many years and is a trustee of the Congregational Church of Manhasset. Joining her on the ticket are Town Board candidates Nancy Jorisch (New Hyde Park) and Donald Kavanagh (Port Washington) with Richard Tannenbaum (Great Neck) running for Receiver of Taxes and Dolores Ehrlich (Roslyn Estates) seeking election as Town Clerk.

The ticket in the Town of Oyster Bay is headed by Leonard B. Austin of Farmingdale, who has been in the practice of law since last year. Active in civic and community affairs, he will bring to the campaign many outstanding qualities and abilities, and at age 26 would be the youngest Supervisor in town history. Michael S. Alonge (Massapequa Park), Michael D. Polansky (Plainview) and Gabriel Rodriguez (Hicksville) are the Town Board candidates. Lawrence Moores, Jr. (Bethpage) is running for Receiver of Taxes, Eleanor Behrik (Bethpage) is the Town Clerk candidate and Judge Henry J. Kalinowski is seeking reelection as a District Court Judge.

LEGAL NOTICE

**RESOLUTION
NO. 527-79**

Meeting of June 26, 1979
At a regular meeting of the Town Board of the Town of Oyster Bay, Nassau County, New York, held in the Hearing Room, Town Hall, Oyster Bay, New York, on Tuesday, June 26, 1979 at 10:00 o'clock a.m., prevailing time, the following members of the Town Board were present:

- Supervisor, Joseph Colby
- Councilmen, Joseph J. Saladino, Salvatore R. Mosca, Gregory W. Carman, Howard T. Hogan, Jr., Kenneth S. Diamond, Thomas L. Clark

Councilman Mosca offered the following resolution and moved its adoption:

RESOLUTION ADOPTING MAP ENTITLED "MAP SHOWING REAL PROPERTY TO BE ACQUIRED FOR THE WIDENING AND IMPROVEMENT OF CENTRAL PARK ROAD FROM SOUTHERN PARKWAY SOUTHERLY 1785 FEET MORE OR LESS (IN NASSAU COUNTY CONTRACT AREA 1002-3-INT.18) PLAINVIEW NASSAU COUNTY, N.Y." DATED AUGUST, 1978, AND DIRECTING THE TOWN ATTORNEY TO ACQUIRE SAID LAND IN FEE.

WHEREAS, a resolution was heretofore adopted by this Board on June 12, 1979, approving the action of Sidney B. Bowne & Son, Consulting Engineers for the Town of Oyster Bay, in preparing the map entitled "Map Showing Real Property To Be Acquired For The Widening And Improvement Of Central Park Road From Southern Parkway Southerly 1785 Feet More or Less (in Nassau County Contract Area 1002-3-INT.18) dated August, 1978" and said map is now on file in the Office of the Town Clerk and

WHEREAS, pursuant to law, notice was duly published that a hearing would be held by the Town Board in respect to said map on June 12, 1979 at 10:00 a.m. prevailing time, at which time a reasonable opportunity would be afforded to all interested persons to make objections thereto or suggest changes therein; and

WHEREAS, a public hearing was duly held on said map pursuant to the public notice as aforesaid and it appears, after due consideration, that no changes to said map are required,

NOW, THEREFORE, BE IT RESOLVED, That the Town Board, after holding the aforesaid public hearing and upon reading the report of the Commissioner of Public Works of the Town of Oyster Bay, hereby does determine and find the following:

1. The reconstruction of the roadway will benefit the public by providing a minimum roadway width of 34'-0" which does not exist at present. Existing ponding of storm water during and after inclement weather causes inconvenience and hazardous conditions to vehicular and pedestrian traffic. The acquisition of property at the church located on the westside of Central Park Road south of Southern Parkway is necessary in order to provide for a minimum roadway furthering traffic safety. The high school located north of the church and directly south of Southern Parkway on the westside of Central Park Road is also involved for the previous above reasons.
2. The location of the project is approximately 250' south of

LEGAL NOTICE

Old Country Road and continues north for 6,415' and terminates at Fordham Drive. Since the project primarily involves reconstruction of an existing roadway and appurtenances and the travel lanes are not to be increased from the present (2 lanes) one lane traveling south and north it is determined not to be significant with respect to environmental impacts, and be it further:

RESOLVED, That the Town Board hereby directs the Town Clerk to publish within ninety days after the conclusion of the aforesaid public hearing, a synopsis of such determination and findings in two successive issues of the Plainview Herald and the Bethpage Tribune; and be it further:

RESOLVED, That the map entitled "Map Showing Real Property to be Acquired for the Widening and Improvement of Central Park Road from Southern Parkway Southerly 1785 feet More or Less (in Nassau County Contract Area 1002-3-INT.18) dated August, 1978" is hereby adopted without modification or change; and be it further:

RESOLVED, That the Town Attorney of the Town of Oyster Bay is hereby authorized and directed to acquire said land by dedication, purchase, condemnation proceeding or otherwise; and be it further:

RESOLVED, That unless the compensation to be paid to the owners of the aforesaid property or interest therein shall be an amount to be determined by an appraisal made by a duly qualified appraiser and approved by the Town Board, the compensation to be paid to the owners of such real property to be acquired hereunder by condemnation proceeding shall be determined by the Supreme Court without a jury, and be it further:

RESOLVED, That the Town of Oyster Bay shall become vested with the title to the lands shown on said map on the date of entry of an Order of the Supreme Court in the Office of the Clerk of the County of Nassau granting the application to condemn said land; and be it further:
