## Hicksville Baseball Association

**SEND OFF:** Oyster Bay Town Councilman Thomas L. Clark (fourth from right, second row) and Town Clerk Ann R. Ocker were on hand at a send off for the Hicksville Baseball Association Colts as they headed for the Northeast Regional Championship in Framingham, Massachusetts. The team became eligible for that tournament by winning the New York State Pony Sectional. Members and staff of the team include (left to right front row) Geoff Barber, Steven Jankowski, Todd Miller, Dennis Chow, Keith McCormack; (left to right second row) coach Jim Turturro, Mark Doyle, Charles Maggio, Michael Corrado, Tommy Hartman, Wally, manager Herman Miller; (left to right third row) president Thomas Nealon, Stephen Dolan, Tom Healy, Neil Shapiro.

By Thomas E. Nealon, President

During this past week the Hicksville Colt All Star team accomplished two great baseball feats. On Monday, July 30, behind Steve Dolan's nifty 6-hitter, the team defeated Mineola 3-2 to become Hicksville's first Long Island Colt Sectional Champions and win the right to move into the Northeast Regional Colt Baseball Tournament in Framingham, Mass.

On Saturday, August 4, in 93 degree weather, Dolan 7-hit the best Framingham team to post a 4-3 win. Todd Miller began his fabulous tournament by going 3 for 4. Dennis Chow knocked in what proved to be the winning run in the fifth with a liner to left.

Later that afternoon, with the thermometer now at 97, Hicksville played its second game of the day against the New England Champions, Brocton, who had played its opening game the night before. For three innings Chuch Maggio had a perfect game, then in the fourth the heat, a blooper, an error, and two dribblers through a drawn-in infield put the game out of reach. In the double elimination tournament we lost our first game 6-1.

Sunday, at 9:00 A.M., again with temperatures in the high 90's we took on the Gil Hodges team from Brooklyn, the Metropolitan New York, New Jersey Champions, who boasted a 32-1 record. With 10 hits, 7 walks, and 7 runs, Hicksville became the undisputed New

York-New Jersey Colt Champions by a score of 7-2. Neil Shapiro pitched a magnificent 6-hitter, with neither of the two runs being earned. For the game Todd Miller had 4 hits, 5 stolen bases, and 2 runs. But it was Tom Healy's walk, after the catcher muffed a foul pop-up, that set the way for the big hit of the game, a bases-clearing double to deep left, by Bobby Clark.

With but thirty minutes of respite Hicksville again had to tangle with a rested Brocton team. Tom Hartman and nine hitters, everyone contributed at least one, put it to them. Tom threw a superb 6-hitter, relinquishing two of the three runs after the game was out of reach. While Todd Miller was being held to 2 for 4, Neil Shapiro, the first game's winner, blasted out a triple, double and two singles and drove in 3 runs. Mike Corrado was on base five straight times. At the conclusion Hicksville had 12 runs, 15 hits, and 21 men who reached base safely.

Except for one team, every season usually ends on an "if." And so did ours. The championship for the Northeast Regionals was held on Monday, August 6 at 10:00 A.M. Brocton got two runs in the top of the first and another in the third to lead 3-0, when Hicksville came to bat in the last of the fourth. Todd (naturally) singled, Wally Holtz walked, and Neil Shapiro hit a

shot at the third base hole. The Brocton shortstop forced Miller at third, but the baseman's throw to first went in to the dead ball area. We had a run with a man on third - but we didn't. On an appeal the umpire from first ruled that our runner had missed third and was out. Mike Corrado's 575 ft. fly became the last out of the inning. To make matters worse, three of the next four batters: Healy, Doyle and Chow all got hits. Hicksville had two runs instead of four. Chuch Maggio was excellent in relief allowing only one run and three cheap singles in the last 3 2/3 innings. The final was Brocton 4 and Hicksville 2.

There is an old saying in baseball: "Wait until next year." But we don't have to wait. This was a great year for the Hicksville Baseball Association. Our Little League team was eliminated in the second round of play by a no-hitter. Our 13 year old team placed second overall in the Massapequa Invitational Tournament. Our 15 year old team is still alive in the Brentwood Tournament. And our Colts - they are Long Island Sectional Winners and New York State Colt Champions.

Thanks to our boys and girls, our parents, our coaches and managers, our directors, our board, and especially our sponsors (McDaniel Ford and Empire Storage helped finance the Mass. trip), this is H.B.A.'s finest year.

## Our Armed Forces

Cadet Kathleen M. Noren, daughter of Mr. and Mrs. Joseph D. Noren Jr., Haven Lane, OLD BETHPAGE, recently completed six weeks of training in fundamental military skills at the Army ROTC basic camp at Ford Knox, Ky.

The basic camp is designed to give junior college graduates and college sophomores who have not taken ROTC courses the chance to enter the program. The camp also qualifies high school graduates for the ROTC program at any of the nation's six military junior colleges.

During the encampment, cadets received training in basic rifle marksmanship, military

drill and ceremonies, communications and individual and small unit tactics.

Noren is a student at Hofstra University, Hempstead, N.Y.

She is a 1977 graduate of John F. Kennedy High School, Plainview.

Pvt. Thomas T. Boody Jr., son of Mr. and Mrs. Thomas T. Boody, Bridge Lane, HICKSVILLE, recently was assigned as an electrical switch repairman with the 26th Signal Battalion in Heilbronn, Germany.

He entered the Army in August 1978.

Boody is a 1978 graduate of Newburgh (N.Y.) Free Academy

High School.

West Point Cadet Nancy J. Harman, daughter of Mr. and Mrs. Lloyd C. Harman, Mangan Place, HICKSVILLE, recently received a Parachutist Badge upon completion of the three-week airborne course at the U.S. Army Infantry School, Fort Benning, Ga.

During the first week of training, students undergo a rigorous physical training program and receive instruction in the theory of parachuting. The second week they receive practical training by jumping from 34-foot and 250-foot towers. The final week includes five static-line parachute jumps.

## Vandals Destroy Sculpture

### At East St. School

Vandals apparently climbed to the top of the three-story East St. School building sometime Wednesday night Aug. 8 and toppled an irreplaceable finial above one of the school's entrances. One of two finials which decorate the 50-year old building, the lost sculpture apparently was cast in a cinder-type concrete, and was etched while the concrete was still setting.

Hicksville school officials found the destruction Thursday (August 9) morning during routine maintenance. Debris

from the fallen material was scattered over the ground beneath the roof sculpture.

Part of the charm of the building's architecture is the concrete frieze decoration which adorns the structure. The destroyed sculpture, roughly 15 inches tall and about 12 inches wide, was shaped like an ornamental cup. One official, remarking on the vandalism, said, "It (the finial) may seem insignificant to the building, but its loss is a terrible shame."

## Jehovah's Witnesses Convention

Local Jehovah's Witnesses prepare for Long Island convention at Belmont Park Racetrack. Convention organizers Joe Seaglione (L), Russ McPhee (C) and David Biegler (R) who oversee congregations in Nassau & Suffolk check program arrangements for an estimated crowd of 20,000 August 16-19th.

The largest convention ever held on Long Island will begin this week as thousands of Jehovah's Witnesses pour into Belmont Park Racetrack in Elmont, August 9-12 and August 16-19.

The daily peak attendance is expected to be 20,000 Jehovah's Witnesses and their families and members of the public invited from Nassau and Suffolk County, New York City and Westchester, dozens of delegates from Nassau

have special invitations to attend.

Since the crowd is expected to be large, two separate four-day sessions are planned which will see a combined total attendance of over 160,000. The Nassau Convention & Visitors Bureau says the largest previous convention held on Long Island was last year when 15,000 volunteer firemen met at Nassau Coliseum.

The theme of the convention is "Living Hope" which will be woven into each of the program's

talks, symposiums and Bible story dramatizations. Program participants will be from some of the nearly 300 congregations in the metropolitan area. Delegates to the convention will come from several states, however the Watchtower Society is sponsoring similar conventions this summer in 60 different U.S. cities to keep gas consumption to a minimum. The convention program will run from 10:30 A.M. to 6 P.M. each day. All seats are free, and no collections are taken.

## "No County Four-Day Week:" Purcell

Nassau County Executive Francis T. Purcell has decided against any further consideration of proposals to institute a four day work week in county departments or agencies.

"We have reviewed the entire spectrum of county government operation and determined that a four day work week would not serve its intended purpose of conserving energy," Purcell said. "The multiplicity and interaction of county services and the fact that the county is a service organization operating in many cases around the clock makes it impossible to realize any significant energy saving. The piecemeal implementation of a four day week in the few areas where it might be possible would be more disruptive than beneficial."

Purcell pointed out the many county operations that immediately disqualify themselves

from consideration of a four day operation because of the nature of the services they provide. They include the Medical Center, the Correctional Center, the Patterson Home for the Elderly and Infirmed, the Childrens Shelter, the Police Department, the Social Services Department, the Probation Department, the court system and the District Attorney's Office.

"In order to achieve any significant energy saving in other areas, the county would have to be able to shut down entire buildings for one day," the county executive noted. "This is not possible since county buildings such as the County Executive Building in Mineola and the county office complex in Plainview house various departments and agencies."

For example, the Plainview complex has tenants who could possibly switch to a four day week. However, other tenants at

the complex, such as Topic House and the Alcohol Recovery Program, require round-the-clock service. Since the entire facility has a central utility system, it would be impossible to shut down the system on any day of the week.

The county executive reached his decision after reviewing a report prepared by General Services Commissioner Francis E. O'Connor on possible energy savings that would result from instituting a four day work week.

O'Connor advised that the energy use and cost impact of a four day work week would be minimal; limited to minor pockets of administrative and clerical operations where the lights could be shut off to cut the electricity bill.

"I do not see any major reduction in the heating, ventilating or air conditioning requirements," he stated.

## Verticillium Wilt Of Woody Ornamentals

With the hot, dry weather of mid summer, symptoms of Verticillium wilt may show up in infected trees. This disease, which is similar in some respects to Dutch elm disease, affects a large number of both herbaceous and woody plants, and is almost impossible to control.

Verticillium wilt is caused by a soil-borne fungus, *Verticillium dahliae*. The fungus enters susceptible plants through the roots and plugs vessels crucial to the normal movement of water from the roots to the shoots of the plant. Though the infection may be limited to the low portion of a tree stem, leaves high in the crown show wilting symptoms first. In a large tree, only part of the root system may be affected; so that leaves on some branches

wilt, while the rest of the crown remains healthy.

Since many factors can cause leaves to wilt, it is important to carefully identify the agent responsible for leaf wilt. This is best done in the laboratory, but accurate diagnosis depends on submission of good specimens. Branches, stem, or roots infected with Verticillium will have a gray to green stain in the outer sapwood. Sometimes this stain will appear some distance below the point of leaf wilt, according to George W. Hudler, Extension Plant Pathologist at Cornell University.

Verticillium wilt cannot be chemically controlled after infection has occurred. If a tree is removed because it has Verticillium, it should be replaced

with a nonsusceptible species. Maples are particularly prone to attack by Verticillium, so homeowners intending to plant maples should buy them from reputable dealers, or nurseries with no history of the problem.

It's love in bloom for Ronald Flynn and Cathy Stallio. They are engaged to be married this coming October and plans are underway for the wedding festivities. Ronald is an aircraft mechanic for the Flying Tigers Airlines located at Logan Airport, Boston. Cathy is a secretary employed at Cablevision. Ronald and Cathy plan to make their residence in Boston after they're married. So far their plans include a wedding at St. Ignatius Loyola R.C. Church in Hicksville and reception to follow at the Wheatley Hills Tavern, Westbury. Ron's parents, Darrel and Tom Mahon, HICKSVILLE, (in fact Tom is a local attorney) are thrilled with the upcoming wedding and the prospect of Cathy becoming their daughter-in-law.

**HICKSVILLE** Eileen Echeburia (nee McNierney) celebrated her birthday on July 24. Eileen is a former graduate of St. Ignatius Loyola School and Hicksville H.S. Her husband, John, is a New York City policeman and they have three children: John, Jr. (7 yrs.), Chad (5 yrs.), and Danielle (4 yrs.). Best wishes, Eileen.

Out-of-town visitors from New Hampshire spent three days in HICKSVILLE with their aunt and uncle, Bill and Harriet Maher, this past week end. Vic Ingram and his sister, Pippin (Evelyn) Sheppard, were guests of the Mahers. They were here to attend the Christening of their sister Harriet's darling new daughter, Angela. The Christening turned into a family reunion and was immensely enjoyed by all the participants. Vic is a former student of the Hicksville school system. He now attends a university in New Hampshire and is also employed by a computer firm in N.H.

Happy birthday to Mrs. Anne Bardenhagen who celebrated her "special" day on July 26. Mrs. Bardenhagen's daughter, Anne, is in Hicksville with her husband, Bob Rennert and their daughter Terri. Her son, John and his wife, Marge, are also Hicksvillites, along with their children. All members of Mrs. Bardenhagen's family helped make her birthday one which was full of love and best wishes.

Ruth and Joe Farrell of Hope Lane, HICKSVILLE, have more good news to make them proud of

their sons. It was just learned that their son, Dennis, was awarded the "Patrolman of Year" for western Nassau. He was presented with his citation by his precinct commander, Deputy Insp. A. Mulrain and Councilman Joseph G. Cairo, Hempstead, at Police Headquarters. Kevin followed close behind with another exceptional accomplishment. While he was assigned to the Accident Prevention Bureau (NCPD), he, with the assistance of first and seventh uniform units, apprehended the perpetrator of an armed robbery within 30 minutes after it took place. Their son, Tim, once again made his family very proud. As a recent graduate of Maryville College, it was just learned that he placed 99 percent in the national Undergraduate Assessment Evaluation, and he received 97 percent in his departmental exams. Kieran (the Farrell's youngest son) is looking forward to entering Lebanon Valley College this fall. The Farrell's have six sons, all of whom have been mentioned in this column in the past. Ruth and Joe Farrell are active in the Hicksville community and also the Hicksville Republican Club.

## "Ladies Sociable"

On Saturday and Sunday, August 18 and 19, visitors to the Old Bethpage Village Restoration will be able to participate in a traditional summer highlight, the "Ladies Sociable".

These annual small town festivities were a favorite of the mid-19th century Long Islanders, allowing them a chance to visit and gossip while contributing to a worthy cause.

This year's sociable will follow the traditional format. Underneath the gaily striped canvas in back of the Noon Inn, costumed ladies will dispense ice cream garnished with the fruits of the season, while exhibiting their handmade craft items. Both ice

cream and craft items will be offered for sale at reasonable prices.

On Saturday, the village fiddler will entertain and on Sunday, the Old Bethpage Singers will perform in the restored 1857 Manetto Hill Methodist Church.

Old Bethpage Village Restoration, a working farm community of the mid-19th century, is a museum facility of the Nassau County Department of Recreation and Parks. Located on Round Swamp Road, the village is open from 10 a.m. to 5 p.m., admission is \$2.75 for adults and \$1.50 for children, Nassau residents pay \$2.25 for adults and \$1.25 for children.

## Letters To The Editor

To the residents of Hicksville:  
I am a cardiac patient. I carry a small container of emergency oxygen in my car. On June 24, I left Brooklyn to attend my youngest daughter's graduation from Patchogue H.S.

After the ceremony, we went to dinner at a restaurant in East Islip. I then drove my daughter back to Patchogue and started back to Brooklyn.

As I approached Hicksville on the L.I.E., I noticed my oxygen supply had dwindled. I left the Expressway to locate a pharmacy but to no avail. I figured the next best bet to be the Fire House. I met, in this Fire House, five or six of the most dedicated men I have ever come across.

These men went completely out of their way to try to figure a way to assist me. They finally allowed me to borrow a resuscitator. It was through the

efforts of these fantastic men that I was able to continue my trip and get myself to Long Island College Hospital in Brooklyn.

You people in Hicksville really have a Fire Dept. to be proud of.

Sincerely,  
Caroline N. Mammi  
Westminister Rd.,  
Brooklyn, N.Y.

A gigantic crash of thunder interrupted our conversation.

I was just discussing the Jeffrey Mac Donald trial with my mother-in-law.

We thought we smelled something like a burning candle and walked downstairs. When we came upstairs, we saw smoke coming out of the oven.

The fire department came right away, put out the fire and disconnected the electricity in the oven. The odor continued to be very bad and at 9 o'clock that

evening we called the Long Island Lighting Co.

Could there be a possible gas leakage?

I was told you always get a strong odor from a fire and, no, they would not send anyone.

Monday, our repairmen came.

They said there is an open gas pipe. He said the oven could have exploded. If the air conditioning had been on, there would have been no fresh air and we all could have gotten sick.

Now I wonder who was right, the Electric Co., who indicated we had nothing to worry about, or our repairman?

I am writing this, not for myself, but for all of the people out there, who are not familiar with gas.

And I can feel sad again about my former high school classmates, Colette and Jeffrey MacDonald...

To the Editor and the Plainview-Old Bethpage Community:

I have lived in Plainview for sixteen years and did not know of your papers existence until today. I found it quite fulfilling as to local news therefore I am enclosing my check for a years subscription.

However, your reporter who attended the Plainview-Old Bethpage school board meeting on July 30th must have been at a different meeting than the one I attended.

Firstly, the meeting did not start until after nine o'clock, your reported stated 8:30 P.M. The meeting was announced in the July 24, Pennysaver to start at 8 P.M.

Secondly and more important, the overflow crowd of concerned parents besides wanting to know the placement of their children, wanted to know why nothing has been done to date.

The fire occurred at Mattlin Junior High School on March 3, 1979 and after investigation and ascertaining of damages by the school board, the administrators and the outside agencies involved such as insurance adjusters and engineers it was projected that the damaged part of the school would be ready for September 1979 use.

It was disclosed at the meeting

of July 30th that up to that date there had not been any approval of plans for repair of the damages let alone even the start of restoration of the building. Also disclosed that due to the delay that there is a possibility that the building will not be servicable for use for one year until September 1980.

The Mattlin fire was probably the most important item that the school board and administration had to handle this year and it was bungled. Vice President Blum acting as chairman on the absence of President Shapiro promised that there would be a thorough investigation as to the parties responsible for the delays in repairs and proper action would be taken.

Our outgoing Supt. of Schools Dr. Savitt assumed responsibility for the errors in this matter and no doubt some of the fault rests with him but it seemed to me like a noble gesture to take the heat off others involved as he is leaving August 31.

I realize that the board is faced with a difficult task of arriving upon a satisfactory solution for all the children in this debacle, but with the cooperation of administration, teachers and parents and regardless of cost the well-being of the students come first.

Sincerely,  
Jack Katz

## DEVOTIONS

By The Rev. John H. Krahn

You are because I am. I was there from the beginning. My Father, God, and I fashioned the world that you enjoy. We hung the stars in the sky, scooped out the lakes, formed the mountains. But our genius was no more evident than when we made you. You are so magnificent. Consider yourself - your ability to think and reason. You may not be able to run as fast as a horse or fly like a bird, but you can create - yes, like me, your God. You can create - new thoughts, new ways of doing things, how beautifully I made you. Do you realize how special you are? We had such a great thing going in the garden.

Unfortunately, the devil talked your forebears into trying to be like God, and they both fell for it. My Father and I had no choice but to show them the exit from Eden. Because of their sin, we had to face the decision whether or not to save what we created or to destroy it all. Save it, we decided. So, in response to a promise made to your father Abraham, I

the Son of God, we implanted by the Holy Spirit in a young virgin's womb. They called me Jesus, for I had come to save you and all humankind from the consequences of your sins. I was the Christ, the Messiah, anointed to save God's people.

The plan of salvation was not complicated, although it was generous perhaps to a fault. You had sinned and continue to sin. It is your nature from the time of the Fall. Therefore, you cannot save yourself. Although some of you sin less than others, none of you is perfect. My Father demands perfection - He will not stand for any imperfection in eternity. Fortunately, for you, my Father is also compassionate, and His love goes beyond human love. He pitied you; He did not want to condemn you to hell. He wanted to reclaim you as his own, therefore, He himself decided to be afflicted with suffering and death. To accomplish this, He sent me - part of him - to become a person like you and to receive

punishment and death in your place.

But so many of you continue to cause us grief. Even many of you who come to worship every week. For you try to complicate our plan for your salvation. You make a puzzle out of it - a salvation puzzle, if you will. Some of you see me only as an Alka Seltzer for an occasional headache, rather than a Savior for a whole new life. You can upon me and my Father for help only when all else seems to fail. Voices we haven't heard in years make their way heavenward in dying breaths. You continue to believe that you must add some of your goodness and righteousness (which is really in short supply by heaven's standards) to my sacrificial death on the Cross. Friends, I paid the price - one hundred percent at Calvary.

Can you imagine how I feel as your God, having humbled myself by becoming a human being, giving up heaven for a

stable, being misunderstood, mocked, tortured, spit upon, and hung - all because of you and your wretched sinfulness - then, to have you believe that this was not enough. To have you, in your pride, believe that some goodness of yours would need to be added in order for the Father to receive you in heaven. I am angered by such false pride. You can do nothing to save yourself, I did it all - because I love you - please get

## Galileo Lodge News

By Joe Lorenzo

The Galileo Lodge does not promise Don Ho, authentic Saneam fire twirlers, Fiji Island tribal dances, Tahitian love songs or Easter Island Ceremonial specialties, but on August 25th, our Lodge will vainly attempt to put on a Hawaiian show comparable to the excitement and enchantment associated with the tropical magic of these South Sea islands. Visualize, if you can, a sumptuous suckling pig and exotic polynesian dishes that will do more than satisfy your gastronomic tastes, and fantastic extras (unlimited liquor, etc.) all for the mere sum of \$15 per person. Mix all these ingredients with a live Hawaiian show and a live dance band and you have an excellent format for a beautiful and enjoyable evening. What more or how much more can you ask for such a reasonable price of admission. Committee members report that ticket sales and reservations are moving fast, and that because of the magnitude of the program and the sitting room facilities, the attendance will be restricted. So, if you are desirous of attending this affair, please call Ted Marotti, chairman at 661-2942. Also Jim Peno at 931-5966.

Bingo and Las Vegas Nites

creep into the news again, but for reasons that should not be allowed to exist. If a membership is duly aware of the fiscal policies of an organization, then it stands to reason that our membership must be fully cognizant of the financial conditions attached to these programs. Many times in the past we have mentioned that Bingo and Las Vegas sessions provided a good portion of the revenue needed to sustain the Lodge, and that if proceeds from these two ventures fall way below expectations, it means that the funds to be provided for many of the civic and charitable programs undertaken also diminish to a considerable extent. This is one way in which the Galileo Lodge will suffer, for it will mean a loss of prestige and integrity. An organization without these attributes is an organization in agony. So, the Galileo Lodge, in order to meet its requirements, asks all members to participate in these two programs. Give a little of your time and effort to make our organization fiscally solvent. Contact Jules Mezaros and Skip Monteforte by dialing 931-9351.

Ticket sales for the Mary Monteforte Testimonial Dance are also exceeding expectations.

and why shouldn't this condition exist, especially when you examine the record of Mary Monteforte and what that record has done for the growth and advancement of the Galileo Lodge. This dance will be held on September 23, the admission price is to be \$15 per person, and to be featured will be a cocktail hour, dinner, live music and many extras. Anyone wishing additional information concerning this event can dial Mary Serrere (GE3-6289), Chairlady, and Grace Giordano (333-4555), co-chairlady. It is obvious why all members should attend this dance, and there is no finer way to show appreciation to Mary Monteforte than a fine attendance.

Skip Monteforte, reporting on the Golf outing at the Concord resort hotel, states that receptiveness to this outing is meeting little resistance. Golf enthusiasts will definitely enjoy this activity which will include meals and all the golf you can play, and all this for \$65 and 7% sales tax. This activity will take place on September 9th and 10th, so act quickly by contacting Skip Monteforte (938-7081) and secure your place in this golfing atmosphere.

## Hicksville Auxiliary Police

The Hicksville Auxiliary Police No. 312, is asking the community for support.

This community based volunteer group patrols neighborhoods, including places of worship, parks, town facilities and other public properties. In addition to their routine patrols, they are called upon to assist the

regular police during major storms, blackouts and other disasters, (not to mention participation in crowd-control, traffic direction, etc. at most major parades and other public events).

In order that they can continue these services, they are asking for financial support and volunteers.

If anyone is interested in giving of their time, or wishes to send a donation, they may do so, by contacting Dominick P. Lopodote, Deputy Inspector, Hicksville Auxiliary Police, Unit 312, 20 Montana St., Hicksville, 11801.

They are currently accepting applications for membership. Volunteers must be between the ages of 19 to 55.

Checks may be made payable to the Hicksville Auxiliary Police 312, and contributions are tax deductible.

growing, because now it can be shown that more members are joining the organization rather than quitting it. Thus, if we are doing something right, let's continue in the same vein...Columbus Day Parade and Beauty Queen Pageant are also in focus, and soon more details concerning these activities will be posted...Don't forget to sign up for the mixed bowling league of the Galileo Lodge. All those interested can contact Joe Squigna by dialing 938-4173.

## Best Feet Forward

Advice to parents who want their youngsters to put their "best feet forward" when the school bell rings next month was offered today by the Podiatry Society of the State of New York.

Dr. Charles H. Glazer of Bellmore, president-elect of the Society, said children are particularly vulnerable to foot problems during the summer months.

"This is because they spend their vacation time on playgrounds, beaches and on rough terrain, taking part in sports and other strenuous outdoor activities."

"While children usually are too preoccupied during their vacation to complain about a foot disorder, this does not mean that

they do not have a problem," he said.

"The bones of growing feet," he noted, "are quite flexible and can be distorted without a youngster even being aware of more than a momentary discomfort."

Dr. Glazer said that podiatrists here and throughout the state are, therefore, advising parents to do the following in the weeks before the school bell rings:

1. Bathe and thoroughly dry the children's feet each day.
2. Check a youngster's feet regularly for cracks between the toes, excessive perspiration, blisters and warts.
3. Avoid the use of home remedies without consulting a foot specialist. This is because

some medicines, strong enough to kill foot fungi, can harm young skin.

4. Observe the way your child walks. If the toes point in or out, it may signal foot trouble; and, a visit to the foot specialist would

be in order.

"Unless proper attention is paid to the care of children's feet, the result can be that young people may suffer from one form of foot disorder or another later in life," he added.

## LILCO Lines Replaced

Long Island Lighting Company crews have been working to improve service to Hicksville area customers by replacing older overhead electric lines with stronger plastic-coated "tree wire." The new wire, four times as strong as the older wire, can withstand far greater impact from falling trees and limbs. It is also less likely to short out if it comes in contact with trees or other wires.

The Hicksville work is part of a \$4 million program to improve service reliability to LILCO customers this year by replacing about 250 miles of primary lines with tree wire. LILCO is also expanding its tree trimming program to further reduce the damage to its distribution system

from falling trees and branches. In Hicksville, LILCO crews have been installing tree wire in the following areas: South Oyster Bay Road, north of Plainview Road. The cost of the project is over \$25,000.

## L.I.L.A.C.

Now in its thirteenth year, the Long Island League to Abolish Cancer Inc. (L.I.L.A.C.) was founded by a group of women interested in raising money for cancer research. Chartered by New York State in 1967, in 1969, the organization amended its name in memory of Alice Gaynes, a young victim of can-

cer. The membership today is over 200 women from Eastern Nassau and Western Suffolk counties. L.I.L.A.C. has raised over \$114,000.00 the past twelve years.

L.I.L.A.C. is a unique organization. They are totally unaffiliated with any parent organization. They are all volunteer workers with no paid professional staff. Their only expenses are postage, stationery and printing. And, approximately 90% of money raised goes directly into cancer research.

L.I.L.A.C. raises funds through various social functions and public solicitations. They run fashion shows, bazaars, flea markets, etc. they also are involved in selling raffles and soliciting money at malls and shopping centers.

The local chapter of L.I.L.A.C. meets the last Monday of the month at the Plainview-Old Bethpage Library. For further information on this organization, call Mrs. Goldstein, at 681-4807 or Mrs. Schulman at 931-0243.

The money L.I.L.A.C. donates is very carefully spent. There are many research physicians working in the New York area sorely in need of laboratory equipment. In the past, the recipients of the donations have been doctors working at the Sloan Kettering Center for Cancer Research and at Columbia Presbyterian Hospital. L.I.L.A.C. purchases specific equipment required by these researchers. In this way, they know exactly where and to whom their hard-earned funds are going.

The local chapter of L.I.L.A.C. meets the last Monday of the month at the Plainview-Old Bethpage Library. For further information on this organization, call Mrs. Goldstein, at 681-4807 or Mrs. Schulman at 931-0243.

## "The President's Own"

"The President's Own", the United States Marine Band from Washington, D.C., will play two concerts in Nassau Veterans Memorial Coliseum on Wednesday, September 12.

This public service event, performed by the nation's oldest musical organization, will benefit the Nassau Chapter of the American Red Cross.

The band tours for two months each year and the remainder of the time is spent in the nation's Capitol where bandmen perform regular ceremonies and also serve to entertain foreign dignitaries and other guests of the White House.

The band was created by an Act of Congress in 1798, but is as old as the United States Marine Corps, organized in 1775. President John Adams signed the bill which made the band a national institution. It was in 1891, under the baton of the famed John Philip Sousa, that the band began making its annual tour.

In the visit to the Nassau Coliseum, the Marine Band will be under the direction of Major John R. Bourgeois of Louisiana, a career Marine who came through the ranks. He became the twenty second director in the band's history after 21 years of service "the President's Own".

The 50 scarlet-coated bandmen are this year touring the northeastern section of the country, a truck/bus musical journey which will cover some 10,000 miles in eight weeks. The tour pays for itself and no taxpayer funds are expended on it.

For its visit to Nassau County, the band will play a concert at 1:00 p.m. designed for students of all ages and senior citizens. General admission tickets are priced at \$1.50 with a discount of 25 cents per ticket for group purchases of 25 or more tickets.

For the evening performance at 8:00 p.m., the band also will perform a formal, sit-down concert including selections by Bach, Wagner, Liszt, Knox and Rossini. The program is a mixture of symphonic, classical and familiar music designed to satisfy a broad cross section of audience. Cornet, clarinet, marimba and vocal solos are scheduled.

The evening concert general admission ticket price is \$3 per person.

The Nassau Red Cross, the sponsoring organization, will receive all proceeds over basic expenses. Tickets will be sold through the Nassau Coliseum box office. Mail orders will be accepted with a \$2 service charge per order.
