The Hicksville Library Music for a Summer Evening series continues on Thursday, August 23 at 8 P.M. with the presentation of the Spiritoso Woodwind Quintet in a program of Chamber Music. The members of the group are: Lynn Boeger, Flute; Deborah Schnaph, Oboe; Hilary Sperber, Clarinet; Kathleen Fanos, Bassoon and Krista Smith, French Horn.

Pool Party

The Solo Group, will sponsor a Pool Party, an end of summer musical splash on Saturday, Aug. 25 at 8 p.m.

This talented quintet are all residents of the area and have performed in many parts of the island. The program for the evening will include works by Reicha, Josephs, Bozzo, Hayden and Beethoven.

All Hicksville Library programs are held in the Community Room and the public is always welcome to attend.

Refreshments will be included. For reservations, call A.J. at 938-6607.

School Board Acts On Personnel Matters

By Linda Strongin

By a 5-1 vote, the Hicksville Board of Education approved an 11.1% increase in salary for Superintendent of Schools, Dr. Wilbur Hawkins at a special meeting last Thursday. His salary increases from \$45,000 to \$50,000.

Voting no to the motion, made by President Dan Arena and seconded by trustee Tom Nagle, was Trustee Virginia Germer. Vice President John Ayres was away on vacation.

Mrs. Germer stated that it "was difficult to evaluate" the Superintendent's performance as she has been a Board member for only seven weeks. However, she added that before being a Board member, the majority of her time was spent as a resident and "having lived through the past year, personally I cannot ratify a raise of 11.1%."

Speaking to the motion were Messrs. Arena and Bennett. Mr. Bennett stated "He (Dr. Hawkins) deserves it. He's a high quality man of his word. He brought results and come September we will see a change in Hicksville for the good of education, students and staff."

Mr. Bennett also stated that most salaries in Nassau for chief school administrators were running in the \$50 to 60 thousand dollar area. "Half the districts in Nassau are paying this salary."

Mrs. Germer, however, stated that on a 50 percentile, dealing with all schools, the figure was \$47,596. Mr. Bennett then clarified his figures stating he was looking at districts with enrollments of 4,000 to 8,000 (13 districts) and the \$50,000 figure was in the 50th percentile.

Mr. Arena also commended Dr. Hawkins for his reorganization plan which was visible that evening, according to an audience member, with administration personnel and Board members outnumbering the general public in attendance. A member of the public questioned the notification procedures of this meeting, especially with "interesting items on the agenda." Mr. Arena stated it was "special meeting to deal with certain personnel items." Also, according to an administration spokesperson, a special meeting needs only 24 hours notification in a conspicuous place. This meeting had originally been scheduled for Tuesday (Aug. 7) and was cancelled due to the lack of such notification.

Also speaking on the subject of Dr. Hawkins' raise was resident Arlene Rudin, who felt the salary increase was "way out of line to what the community could afford."

Former Board member Iris Wolfson asked if a commitment had been received from Dr. Hawkins to stay on for the 1979-80

school year. She stated there was "much concern in the Hicksville community on the 11.1% increase after serving one year." She asked if an evaluation had been done.

Dr. Hawkins answered, "I signed a three-year contract and until such time I inform the Board otherwise, I will honor the contract."

MR. Arena added that the Board had reviewed the salary; was aware of what the community could afford; took inflation under consideration; and had "evaluated the entire scope of the problem."

Also discussed was a head five problem in the Willet Avenue School area brought to the Board's attention by resident Patricia Longo. She implored the Board to do something constructive and after input from other resident speakers, Dr. Hawkins stated that administration would be sending a letter to parents of all students. The letter is scheduled to be sent sometime next week (Aug. 20).

The Board voted to accept the resignation of Marty Lapidus, Coordinator of Special Education, who resigned to accept a position with the Merrick school district. He had been with the Hicksville school district 23 years and was instrumental in developing and implementing

(Continued on Page 7)

Seventy-Six Alarms Keep Vamps Busy

Hicksville Firefighters responded to seventy-six alarms during the period of July 23 to Aug. 11. There were 8 false alarms, 34 fires and 34 rescue calls.

On Aug. 1, a stubborn electrical fire in the basement of Wickers Restaurant, Newbridge Rd. and Old Country caused several alarms to be sounded for additional manpower as firefighters feared it would spread to other stores in the shopping center.

LILCO crews responded and power to the fire area was cut. The fire was contained and damage was light.

On Aug. 11, two garage fires on Meyers Ave. caused officials to call for an investigation by the County Fire Marshall. The 1st fire at 4:16 a.m. at 64 Meyers Ave., caused light damage. The second at 6:05 a.m. at 60 Meyers Ave., also caused little damage. Both structures were open or unlocked. Vamps and police wish to warn all residents to secure

their property. Open doors invite theft or other trouble.

Local Parade and Drill

The Bethpage Fire Dept. will host the 9th Batt. Firemen's Parade and Drill. The parade will start 6:30 p.m. on Sat., Aug. 18 on Stewart Ave. The drill will start Sunday, Aug. 19 at 1 p.m. on the Bethpage H.S. Field, Stewart Ave. and Cherry Ave.

A Junior Firemen's Drill will be held at the same location on Sat., Aug. 18 at 9:30 a.m.

Memorial Fountain Nears Completion

Memorial Fountain

known for his many years of dentistry in Hicksville and his many activities as a Kiwanian. The committee will continue to receive contributions from those who may still wish to be a part of this major project in memory of loved ones. Contributions should be made payable to the Kiwanis Foundation of Hicksville Inc. (charitable and tax deductible)

and may be sent to Mr. Ronald J. Wagner, Vice President, National Bank of North America, 20 Jerusalem Avenue, Hicksville, New York 11801. All funds received beyond the costs of the Memorial Fountain will be devoted to the charitable efforts of Kiwanis, such as scholarship awards and other help for the underprivileged, sick or needy.

CUMMINGS 'N GOINGS

By Jim Cummings

WAY TO SAN JOSE: We found it via an American Airlines luxury 747 as my wife, Dolores, son, Kevin and your reporter traveled to beautiful San Jose California earlier this month for a two week visit and vacation with my daughter, Valerie Mc Carney, hubby Fred and my granddaughter, Stacy who flew to the coast with us after a summer vacation in Hicksville... Arriving at San Francisco International Airport we were met by Valerie and Fred and the next two weeks were fantastic - we traveled the scenic coastal route from San Jose to Carmel stopping at Santa Cruz, Monterey, Pebble Beach Golf Course on various trips - attended Mass at the Mission San Carlos Borromeo, established in June, 1770 - Carmel we dined at some of the most exclusive restaurants (including a stop-off at Clint Eastwood's famed restaurant in Carmel) - would

you believe there is a Dolores Street in Carmel and San Francisco? During several visits to San Francisco, we toured the world famed Fisherman's Wharf - dined at Neptune's Place (just opposite Alcatraz) - helicoptered around the Bay area and crossed the Golden Gate Bridge to Oakland. We were also in for a shocker - our FIRST experience with an EARTHQUAKE which rumbled out of San Martin Monday, August 6, knocking out electricity and causing widespread minor damage throughout the Santa Clara Valley (San Jose) - the U.S. Geological Survey measured it at 6.0 on the Richter scale and it was the Bay area's strongest earthquake since 1911 (that was 68 years ago and would you believe 68 is our home address, too.) - I was in the guest room at 10:05 A.M. as the tremor along the Calaveras Fault, an arm of the

San Andreas Fault, was felt as a sharp jolt and rumble for about 20 seconds (seemed more like a minute to this writer). More than 100 aftershocks some reaching a 2.7 magnitude, rattled the area throughout the day. We will discuss this more next column and give you our personal report as provided by the geological survey - this was a strike-slip quake, not the damaging thrust type - wonder if the full moon had anything to do with it - it is said the "window" opens every time there is a new or full moon passing close to Earth - Santa Clara County Geologist James Berkland predicted it would hit 14 hours earlier than it did and he has predicted another earthquake for September 6 - this information is for those who may be planning a visit to California - we loved it - the trip - especially Fisherman's Wharf - McGowan's Pub where we met some lads from Dublin - truly, "We left our hearts in San Francisco"

WEDDING BELLS: Ms. Mary Roemer, daughter of William and Katherine Roemer of 238 Nevada Street, Hicksville, will become the bride of Dominick Tassone of Seaford, on Saturday, August 18, at 11 A.M. High Mass to be celebrated by the Reverend Michael Flannery, at St. Ignatius Roman Catholic Church. A reception will follow for invited guests at the Old Country Manor, Hicksville. We have personally

Revenue Sharing, 1:30 PM

Public budget hearings for county departments and agencies will be held the week of August 20, Nassau County Executive Francis T. Purcell announced today. At the hearings, commissioners and agency directors will present their 1980 departmental budget requests to the county budget office.

This year, for the first time, members of the recently appointed citizens budget advisory committee will participate directly in the hearings, joining the budget director and staff in reviewing and questioning the departmental requests.

The public is also invited to

attend and ask questions following each department's presentation.

The hearings open against the backdrop of Purcell's determination — expressed initially in his June 13 budget preparation instructions to department heads and re-emphasized in his July 13 18-months' report — to maintain the county's fiscal stability "by lowering our sights, pulling in our belts, and deliberately setting out to reduce the size and scope of government and curtail its activities and expenses."

In his budget instructions, Purcell stressed that more than 1,000 jobs had been eliminated from

the county payroll since he took office, adding that "I expect that trend to continue into the foreseeable future. I expect your budget request to reflect that trend."

Purcell noted that one of the principal constraints on the county's ability to curb costs is the number of programs mandated by federal and state law.

"However, the mandates are only a constraint, not an insuperable obstacle," he cautioned. "They do not relieve each department head from the responsibility to operate as efficiently and economically as possible."

Ukrainian Night

"Ukrainian Night", an exciting evening of fine music and spirited folk dancing in magnificently embroidered Eastern-European national costumes, is scheduled for Eisenhower Park's Lakeside Theatre, Monday, August 20 beginning at 8 p.m. The rain date is August 21.

Featured is Metropolitan Opera soloist Andriy Dobriansky in a program of Ukrainian songs and operatic selections accompanied by Thomas Hryniv at the piano. The famed Dumka Chorus will entertain with stirring versions of national anthems and popular folk songs. The chorus is directed by Semen Komirnyj.

Masters of ceremonies for the evening will be George Drance and Oksana Drackiw.

Lakeside Theatre is adjacent to parking field No. 6. There are no formal seating arrangements and theatregoers are advised to bring blankets or chairs. In case of unsettled weather, call 292-4175 for verification of performance.

At The Tournament

One of the seven events in the eighth annual Surfguard Invitational Tournament, co-sponsored by the Nassau County Department of Recreation and Parks and The Seamen's Bank for Savings, is the Surf Medley Relay. Here, the "boat man" of the three-man team is Peggy to finish the contest with a quarter-mile beach run. For the fourth

year in a row, the Sandy Hook squad took the championship, with the highest cumulative score. Other teams competing this year included the Jones Beach Crew, Long Beach Patrol, Long Branch (N.J.), Nassau Beach, Rhode Island, Riis Park (Gateway NRA), Takanassee (N.J.) and Town of Hempstead.

"No need to get upset, Rodney, it's a bargain—I got 200 watts off."

It's true, there can be a big difference in the amount of electricity that various makes of appliances use—even though they do the same basic job. And this difference can have a substantial effect on how much it costs to run the appliance, and how much your LILCO bill is each month. That's why it pays to be a bargain hunter when it comes to wattage as well as price. Whether you're shopping for a freezer, air conditioner, toaster oven, clothes dryer, whatever—always compare the wattages of the various makes and models available. It could pay off in a bargain for you and energy saved for all of us.

...

On the subject of electric bills, we recently received the following from the Business Manager of a local school district. "I had occasion to call your Bellmore Customer Relations Office today to try to rectify some of our bills. I would like to thank Mrs. Carter for all the assistance she has given us. She was pleasant and helpful in every respect and, I feel, an asset to your customer relations operation."

Thank you.

Long Island people serving the people of Long Island.

LILCO
LONG ISLAND LIGHTING CO.

Operation I.D.

Operation I.D., a new program aimed at discouraging burglary and theft from homes and businesses by engraving valuables with special identification numbers, is a cooperative campaign among the Nassau Library System and public libraries in Nassau County, the Nassau County police and all branches of Citibank.

County residents may borrow the engraving tools, provided by Citibank, from Uniondale library. These free-of-charge engravers are for marking such items as bicycles, cameras, stereo equipment and kitchen appliances.

Borrowers will receive a special identification number and an instruction book. The number, provided by the State Division of Criminal Justice Services, will be coded to identify the State of New York, the police department and the individual.

Upon returning the engraver to the library, the patron will receive a front door sticker with the information that materials in the house contain a special identification number.

Residents in each community of the County are urged to make use of this burglary deterrent.

Dear Friends ...

A NICE GESTURE: As part of the August 9 special meeting, the Hicksville Board of Education voted unanimously to accept a donation of 225 dinner jackets and tuxedos from a Merrick benefactor. Mrs. Arthur Hoffman donated the formal wear to be used by Hicksville students participating in any activities which might require black tie dress, such as stage productions or band presentations.

The tuxedos are in various sizes. They are part of a surplus of clothes from Mrs. Hoffman's formal wear business.

District officials publicly thanked Mrs. Hoffman for her donation, which she estimates is worth \$1,500.

This week we welcome some new "newspersons" to our towns. Kay Hogan who has been employed to do Public Information by the Hicksville School District, Richard S. Taylor of Plainview, who has volunteered to write a "Plainview Fire Department" column as often as he can, and, last but far from least, Lorraine Newman who is currently employed as community relations director for the Plainview-Old Bethpage Central School District. Welcome aboard.

And, speaking of the Plainview-Old Bethpage Central School District, we sent our best wishes to Mr. Louis Ferrara, who has recently been appointed superintendent of this school district. Such a wise choice.

Nassau County will hold a public hearing on August 24th on the proposed use of 1980 revenue sharing funds from the federal government. If you are a Nassau County resident, you can submit written comments or give oral testimony on suggestions for the use of approximately \$16 million the County will receive in revenue sharing fund next year. We wonder if anyone at all will suggest that these monies will be returned to the Nassau taxpayers? After all, whether it be federal, state or county funds, they are all collected from the same taxpayer. And Mr. American Taxpayer is hurting, although there are some elected officials who do not seem to understand this simple statement. Of course, \$16 million may not be much of a deduction, but, small as it may be to each individual taxpayer, it is at least a step in the right direction. Remember, my friends, the revenue that they will be sharing is yours, if you pay taxes. Anyway, the hearing will be held at 1:30 pm in Room 246 of the County Executive Building, 1 West St., in Mineola.

THAT'S ALL for this week. Stay well, and remember the old saying, "The most effective beauty treatment in the world is a smile."

SHEILA NOETH

"Football Wedding" Affair

Our Lady of Mercy R.C. Church, located at 500 South Oyster Bay Rd. in Hicksville, will hold an original "Football Wedding" affair in the school auditorium on Saturday evening, Sept. 22, from 9 p.m. to 2 a.m.

This is a real "fun" affair which will feature a "mock wedding," sandwiches, cookies, wine, beer and liquor and dancing to continuous music by two bands. On hand will be Rocky

Fame and his orchestra and also the Joe Ratto Orchestra.

Tickets to this affair will cost \$12.50 per person. For tickets, reservations, and other information, please contact any one of the following, Frank Detorris, at 935-2864; John Finnegan at 935-2164; or Vinne Kapisarda at 938-6423.

This promises to be a very enjoyable and fun-filled evening, so if interested, "come on down."

Letters To The Editor

Dear Sheila,

School vacation is almost over. Along with various "back to school activities" I should like to remind parents of physical examinations.

State education law requires medical examinations upon entrance to grades 1-3-7 and 10. It is recommended that students see their personal physicians, if at all possible. Secondary school students, especially, may need booster immunizations.

Physical screening examinations for those students who have not seen their own physicians, are provided during the school year by our school physicians, however, no immunizations are given. During recent years it has become increasingly more difficult to provide this service, when indicated, on the secondary level. Students (for whatever personal reasons) seem reluctant to appear in the Health Office when requested to do so.

Residents who do not have a family physician may wish to use the facilities at the Plainview Health Center, 1535 Old Country Road, Plainview. Phone 420-5200 for appointments. There is a \$5.00 minimum charge and a sliding scale of fees computed on basis of minimum charge and a sliding scale of fees computed on basis of income and number of people in the family. Immunizations are free.

All physical examination reports should be returned directly to the school nurse-teacher in the student's school.

Yours truly,
Charlotte Krumm, SNT
Hicksville Senior High School

To The Editor:

The people of Hicksville owe themselves a visit to a school board meeting to determine for themselves what this school board is doing for us and the attitude of the school board towards its people, who they are supposed to represent.

I, personally, could not believe the attitude and arrogance of some of the board members towards the people present at the July 18th meeting, opposing Strand III.

The board of intelligent people passed a program of Strand III sex education for Kindergarten through Grade 3. They were unable to determine a cost for this program and have no cost estimates regardless of its size and number of participants. Has this item been budgeted or will we get another increase in taxes for 1980-81 for this program? It is a program written by four teachers. Have we determined their ability to author such a program? Should not this program have been authored by psychologists, doctors, parents, teachers and the clergy? A combined effort. In fact, no medical professional has endorsed Strand III and our school psychologists failed to foster any opinion for this program. Would you believe that this board cannot answer any questions relating to this program's implementation policy? They do not know who or how this program is going to be taught.

With all these negative facts, this school board still went ahead and passed a most sensitive program with no basis of proper planning. I think this board is remiss in its obligation to the people of Hicksville and should recall its vote on Strand III.

Andrew Calapai, Hicksville

To The Editor:
Edmund Burke, the British statesman and philosopher, once said: "All that is necessary for evil to triumph is for good men to do nothing." This remark came

to mind when Mr. Arena and Mr. Ayres were asked at the July 18th School Board Meeting why they voted yes on the Strand III Sex Education Behavior Modification Curriculum in the June 27th Meeting. Mr. Ayres, who was seen sleeping during the Strand III Board Meeting, said that he "was not required to explain his vote, that there was a difference on the philosophy of voting between the group and himself. He commented, "I vote my conscience," though he condescended to discuss the matter privately.

As for Mr. Arena, now President of the School Board, he said that he voted yes "because it was the proper thing to do." Both Mr. Ayres and Mr. Arena, who was seen walking around and leaving the Board room during the June 27th Strand III battle, and now added "insult" to the "injury" of the Hicksville community. In my many years of residence in this wonderful town, I have never witnessed such arrogance, on the part of what should be "public servants."

How has the Hicksville School Board become the masters of the public, dictatorially setting outrageous policies, which the residents do not want in the first place, and spending more than \$27,000,000 of our tax money, to their personal whim and fancy? The answer simply is community apathy. In my research, six of the current School Board Trustees ran unopposed in the past four years, boldly brandishing their personal programs which they thought would go uncontested by the taxpayers. When Mr. Arena and Mr. Fujimoto came up for re-election in June, 1980, they will be singing a different tune, for they will have far more opposition this time. In my opinion they will no longer be on the School Board, since they have arrogantly refused to represent the community and are certainly no longer deserving of the title "Trustees."

To be more specific regarding the Strand III Curriculum, neither the Superintendent nor

the School Board knows how much the program is going to cost, how much the teacher training will cost, who will do the training, and where the money is in the Budget Codes. Maybe they just don't want us mere taxpayers to know. The School Board's approval of this Curriculum was obviously one of total desperation: "Yes" by Mr. Fujimoto, who had said that the Board would obey the Community wishes, "Yes" by Mr. Wolfson, a "lame-duck" vote since she's now on the BOCES School Board, "Yes" by Mr. Arena, who stated that it was the proper thing to do, "Yes" by Mr. Ayres, who was voting his conscience and wasn't required to explain anything to anybody. Can you believe such arrogance?

Their joint action was the equivalent of an architect telling his contractors to just put the roof on the house and don't bother putting the foundation and the walls in first. Somehow, some way it will work.

It would be interesting to look some years down the road into the lives of our young children, who have been subjected to Sex Education and the psychological disruption of their latency period, and who have had their "behavior modified," wherein they are no longer individuals but mental robots able to function only as part of the group. When the lawsuits against the School Board, the Superintendents, the teachers, the teacher-trainers, start flying for professional malpractice as the students increasingly need psychotherapy to rectify their mental and emotional traumas, then all of us Hicksville taxpayers can remember those memorable words of Mr. Ayres and Mr. Arena, as they echo throughout our community and the lives of our beloved children. "All that is necessary for evil to triumph is for good men to do nothing." (Edmund Burke)

Sincerely,
Mrs. A. Goerkeitz
Hicksville

A Message From Sup. Colby

Last week the Town of Oyster Bay in an attempt to find a long term solution for the disposal of all the refuse that is collected daily from homes and businesses within our boundaries took a major step forward.

After months of preparation and meetings with corporate officers from across the country, the Town had put out what is known as a Request For Proposals (RFP). To simplify it, an RFP is a document of facts concerning the Town garbage and rubbish and it asks anyone interested to offer a plan by which the Town will be able to dispose of it. Among the broader requirements in our proposal is that any plan submitted address itself to reducing present dependency on landfill.

Actually the RFP is far more technical and complicated, and it required several meetings to explain all of its details to the interested companies.

Last week was the deadline for

submission of such plans and we received nine proposals, some from major engineering corporations. These proposals can be highly complex offers that describe the technique for disposal, the legal requirements involved, the financial alternatives that are offered, the flexibility of the system, the possibility of its future expansion, and the assurances of the company that its system actually will be able to do what it claims.

The preparation of these plans can cost the companies thousands of dollars and they will not submit them unless they feel certain that the Town's RFP is legitimate and well thought out.

Response to our proposal is encouraging, and represents a positive indication that a viable system that will provide resource or energy recovery while offering a safe and cost effective method of disposing of garbage and rubbish is within the Town's grasp.

While the study of the proposals we have received, just getting

underway, and there is no way to judge at a glance how realistic all the offers may be, some of the firms that submitted plans are well known nationally and internationally for their technology.

While only those involved in this industry would probably identify and recognize the calibre of some of these companies, I think our residents can understand the Town's feeling of encouragement if I explain that Grumman and firms of that calibre were among the corporations that submitted proposals.

It will be some time before all details have been examined by the Town's Department of Public Works, my Task Force on Solid Waste and the consulting firm of Lockwood, Kessler and Bartlett. However, by the end of this year, it is expected that the field of nine will be narrowed to a recommendation that negotiations be undertaken with two or three of those who have offered us a proposal.

Hearing On Drug Paraphernalia Sale

A hearing to consider an amendment to the Town of Oyster Bay Code of Ordinances relating to the sale and possession of drug-related paraphernalia has been scheduled for Tuesday, September 25, it was announced today by Town Supervisor Joseph Colby.

The amendment would make it illegal for any individual or

business to sell or possess drug-related implements or distribute printed matter related to such. It would also establish a graduate schedule of fines for offenses ranging from \$500 to \$1,500.

"The Town has received many complaints about the accessibility of drug accessories, particularly at local stores," Colby commented. "It is our hope

that by enacting this proposed amendment we will discourage this practice and cut down on the selling of drug paraphernalia in the Town."

The hearing will be held in the Hearing Room of Town Hall East, Audrey Avenue, Oyster Bay, beginning at 10 AM. A copy of the amendment may be seen in the Town Clerk's Office from 9 AM to 4:45 PM weekdays.

Mid Island YM & YWHA News

The Mid-Island YM & YWHA, 45 Manetto Hill Road, Plainview, will open its fall program registration in selected areas to non-members beginning September 4th and running through September 14th.

Registration will be taken at the Y during the following hours:

Monday 10 a.m. - 4 p.m.
Tuesday 1 p.m. - 4 p.m., 7 p.m. - 9 p.m.
Wednesday 10 a.m. - 4 p.m.
Thursday 1 p.m. - 4 p.m., 7 p.m. - 9 p.m.
Friday 10 a.m. - 1 p.m.
Sunday 1 p.m. - 4 p.m.

Activities are available for all ages from Pre-School through Older Adults on a daily basis. Over 300 classes and clubs are offered each week in such areas as art, crafts, dancing, cooking, sculpture, ceramics, Jewish Culture, gym, lectures, discussions and many more.

For additional information call 822-3535 for a new Program Brochure.

"On Becoming A Family," "On Becoming a Family," a seminar series for new and expectant parents will be offered this fall at the Mid-Island YM & YWHA, 45 Manetto Hill Road, Plainview. This is one of over 70 adult activities scheduled to begin in October.

Under the leadership of Dr. Gerard C. Bonse, co-director of the Island Center for Mental Health, the eight-week series will deal with trust, growth, love, respect, discipline, competition and other human traits which are effected when a child joins the family.

Registration for members is \$40, and will be taken through September 4. Non-members may register after that date at a \$50 fee. The group will be limited to 12 couples.

For information about all Y activities, call 822-3535.

A Teen Leadership Planning Conference will be held at the Mid-Island YM & YWHA, 45

Manetto Hill Road, Plainview on Sunday, September 16, 1979, to develop new program ideas for the fall.

These activities will be in addition to the ongoing classes in painting, judo, disco, photography, weight lifting, ceramics, guitar, jazz dancing, art, film making and discussion groups.

Registration for the conference

can be arranged by calling the Y at 822-3535.

The Mid-Island YM & YWHA is a member agency of the Federation of Jewish Philanthropies of New York, the National Jewish Welfare Board, the United Jewish Ys of Long Island, the United Way of Long Island and the Health & Welfare Council of Nassau County.

TOP TENNIS STARS are Maddy Lambert of Muttontown and Mimi Abramson of Plainview who took 2nd place in the 2nd division of the recent 10th Annual Ladies Member - Guest Tennis

Tournament at Fox Run Country Club, Muttontown. Presenting the ladies their awards is club tennis pro, Ken Lieber. (DeStefano Photo)

Orchestra Auditions

Paul Rudoff, of Hicksville, Musical Director of Training Orchestra, has announced that auditions for the 1979-80 season will be held on Tuesday, Aug. 28 and Wednesday, Aug. 29, at 12 noon at Building T-137 on the campus of Nassau Community College in Garden City.

Openings for Training

Orchestra (both Nassau and Suffolk Divisions), the Junior Level Orchestra, the Wind Ensemble and the Conducting Workshop still exist.

Interested applicants may phone for an appointment and/or application at 271-4197. Applications will also be available at auditions.

Around Our Towns

Harriet A. Maher
433-5994

There'll be a new name added to the 1980 Census when it's taken... Timothy John Foery. Timothy was born July 30, 1979 and weighed 7 lbs. 6 ozs. He resides with his parents Evelyn and Louis Foery of Sunnyfield Road, HICKSVILLE, and his adoring 3 1/2-year old brother, Stephen. Evelyn told us that Stephen had been saving his toys for sometime in anticipation of the new baby's arrival. Timothy will be Christened on September 2 at Holy Family R.C. Church, and a family party will be held following the ceremonies. Another reason for celebration in the Foery household is dad, Louis' promotion to second vice president at a NYC branch of the Chase Manhattan Bank. Best of luck, folks.

Helping to swell the ranks of us

HICKSVILLITES, is Lisa Marie Santoiemma who was born July 8 and weighed 8 lbs. 13 ozs. Her proud parents, Cathy and Phil Santoiemma, are both graduates of Hicksville H.S. Cathy's mom and long-time resident of Hicksville, Geraldine Purick, is especially pleased to have a granddaughter—her first one. She had been previously blessed with three handsome grandsons. Phil's parents, also long-time Hicksvillites, are John and Ann Santoiemma. Lisa Marie is their first grandchild and they are simply thrilled and delighted. All these folks live within two miles of each other so Lisa Marie won't suffer from lack of attention, me thinks.

We were sorry to learn that HICKSVILLITE Ray Hand is ill in North Shore Hospital. We wish

you speedy recovery. Ray, and long and continued good health to follow.

Jean Jackson is spending the summer vacation with her mom, also named Jean Jackson, and her brothers and sister. Jean, 15, will return in the fall to the University of Central Florida where she is an accounting major with a minor in computer study. Next June, Jean will graduate from UCF. She has tentative plans to live in FL after her graduation, but she will be sorely missed by her family if those plans jell. However, Jean Jackson, Sr., will have one consolation — she enjoys visiting Jean in FL — particularly when the weather on Long Island is cold.

Abe Seldin, chairman of the

Nassau County Department of Assessment, told us his son, Calvin, graduated on August 12 from the University of San Bernardino Valley Law School. The Seldin family flew out to California to attend the graduation ceremonies. Calvin will be coming back East after he takes the California Bar Exams. He then plans on taking the NYS Bar Exams. He's an ambitious young man, and we wish him success in all his future endeavors.

Good news — Alma and Artie Hirsch told us their son, Arthur, Jr., his wife, Paula, and their children, Brian (8 yrs.) and Jason (6 yrs.), will be moving back to HICKSVILLE from their present residence in Conn. They plan to move this fall when Arthur, Jr.'s job will be transferred to this area. Of course, Alma and Artie are thrilled — not only will they get to see Arthur, Jr. and Paula, but they will be able to see their adorable grandsons more frequently.

Have you wondered who that handsome, dark-haired fellow was that you see travelling via bicycle around HICKSVILLE? Well, you don't have to wonder anymore — it's personable Dick Fioretti. Dick commutes to his Hicksville law office on West Cherry Street, when weather permits, by bicycle.

Nick Caruso's number one fan is his mom, Evelyn Caruso. Mrs. Caruso said that Nick frequently takes her out to dinner. This is a treat for Mrs. Caruso — especially since Nick doesn't wait for a special occasion to invite her out. Although Nick is very busy with his job and active involvement with the Hicksville Fire Department and his social life, he still finds time to telephone his mom, says Mrs. Caruso.

Just back from a week in New Jersey are Betty and Frank Jopp. They spent some time visiting with Frank's sister, Mickey Cardell, in Tom's River, and then they toured Atlantic City to flirt with the one-armed bandits. However, this flirtatious fling ended in a loss of capital, we were told. Betty showed her prowess at the gambling tables — she didn't lose as much as Frank. The Jopps said they had a great time and enjoyed themselves thoroughly.

Joseph Donovan, Esquire, won his first Supreme Court Case (with some able assistance from his senior partner — his father, Judge Francis Donovan). Although Joe was pleased with the outcome of the case, his wife, Karen, took it in her stride. Karen knows this is only the first of many successes her husband will accomplish.

Judge Donovan's family had plenty of reasons to celebrate during these summer months. The Judge celebrated his birthday June 4; his wife, Arca and he celebrated their 32nd wedding anniversary on June 5; on June 22, Arca celebrated her birthday; their son, Joe, and his wife, Karen, celebrated their 8th wedding anniversary on June 26; and Paul Donovan celebrated his birthday on June 30. Not to be left out, Karen wanted to mention her side of the family — the Von Hoefs. Her brother, Jim Von Hof, celebrated his birthday on June 16. Well, folks, you have still have time to recoup your finances in time for gifts for Christmas. Hope you all "had a happy."

Just have to tell you about a gift of good will that was donated by members of the William M. Gouse, Jr., Post 3211, of HICKSVILLE. The Post furnished the senior citizens at the Levittown-Hicksville Nutrition Site, located in the Karopczyc School, a wheelchair and a pair of crutches to be used for the benefit of any seniors who required this equipment. This is another example of Hicksville's "people helping people."

Happy homecoming to Ann and Joe Jablonsky who recently returned from a week's trip to Montauk in their recreational vehicle. They fished, swam, dined out and came back with a beautiful sun tan. The Jablonskys have taken many vacations around the country in their R.V. and enjoyed them all.

Danielle Germer will be celebrating her first birthday on Aug. 28. Danielle is the daughter of Mr. and Mrs. Arthur Germer of Jolan Ave., HICKSVILLE. Danielle's mother, Virginia, was recently elected school board trustee.

Happy anniversary to Mike and Fern, residents of Ballad Lane, in Hicksville. They will celebrate on Aug. 28.

Plainview Man Graduates

CARLISLE BARRACKS, PA.—Colonel Steve Zelle, a member of the US Army Reserve, was recently graduated from the Corresponding Studies Course at the US Army War College, Carlisle Barracks, PA.

He was among 158 officers completing the two-year course at the Army's senior educational facility. Students selected to attend the course complete the correspondence portion in off-duty time and then do resident study at Carlisle Barracks for two weeks midway through the course and again two weeks subsequent to graduation.

The graduation address was delivered by General Robert Shoemaker, commanding general, US Army Forces Command, Ft. McPherson, Ga., during exercises in Bliss Hall.

The Class of '79 consisted of 65 active duty Army officers, 71 US Army Reserves, 19 Army National Guard Officers, 2 civilians, and 1 Marine Corps Officer.

The colonel is a graduate of the US Military Academy. He later received a MS degree in secondary education from Hofstra University. His military schooling includes the US Army Command and General Staff College and the National Security Management Course.

In his USAR capacity Colonel Zelle serves as commander, 800th Military Police Group, Hempstead, N.Y. In civilian life he serves as an educator with the Commack School District.

He and his wife, Louise, reside at 1 Harold Ave., Plainview.

\$6.5 Million Loss In Factory Fire

An early morning blaze at the General Instrument Corp., 600 West John St., Hicksville caused an estimated \$6.5 million dollars damage. The alarm was received by the Hicksville Fire Dept. at 1:50 a.m. on Aug. 9. Before it was over, two alarms were sounded and four other fire units were called for assistance.

The fire started in a machine (worth almost \$1 million itself) in a Lab. The machine was used to make silicon micro-computer chips. The automatic sprinkler activated but could not contain the blaze. Fire extended to the roof area above the Lab. Firefighters were hampered by high voltage electric bus bars shorted out in the ceiling. They had to contend with container of acid in the fire area. A decontamination station had to be set up as a precaution so Vamps working inside could wash. The roof of the building also caused some problems for Vamps. The roof had numerous ducts and vents that did not make for easy access to the fire area.

Six Hicksville Vamps were taken to the County Medical Center for treatment of smoke inhalation and released. Mutual aid was provided by the Jericho, Plainview, Westbury, and East

Meadow Fire Departments. One hundred and fifty men, 12 pieces of apparatus responded under Chief William Ferber. The fire was confined to the point of origin area.

Deputy Chief Owen Magee of Hicksville explained that the \$6.5 million loss at a complex worth billions could be compared to the damage a one room fire in a dwelling could cause. Almost \$1 million in damages occurred before the sprinkler alarm summoned Vamps to the scene. Department Chiefs commended the men, many of whom missed work after the four hour battle, for the aggressive attack, under often hazardous conditions, to contain the blaze.

Later that same day, Vamps were called back when workers

cleaning up dropped a container of phosphorus oxychloride. Air mask units, air tanks, were given to factory personnel. The corrosive liquid reacts violently if it comes in contact with water. The spill was cleaned up without incident.

NOTE: Damage was first estimated at \$1.5 million. It was reported as we go to press, raised to \$6.5 million making it the worst fire (in total \$ damage) in the Hicksville Fire District, ever.

Our Armed Forces

Airman Harold Rabinowitz, son of Mr. and Mrs. Herman Rabinowitz of Hope Drive, PLAINVIEW, has been assigned to Keesler Air Force Base, Miss., after completing Air Force basic training.

Plainview Library News

NORAN MASTER OF ESP
Join Dr. R. L. Noran, world famous parapsychologist in a journey into the depths of the human mind on Thursday, August 23 at 8 PM at the Plainview-Old Bethpage Library. Dr. Noran will explore the world of extrasensory perception using it to penetrate the minds and thoughts of his audience. Experience something phenomenal.

FILM FESTIVAL
Peter Sellers commands the world's smallest army in an invasion of New York City Monday, August 20 when he plays the lead and two other roles in "The Mouse That Roared", a captivating off-beat comedy. Rounding out the free show at the Plainview-Old Bethpage Library will be two short films: "Hard-

ware Wars" and "One Eyed Men Are Kings".
Show time is 8 PM.

MASTERS OF SUSPENSE
Three masters of suspense: Boris Karloff, Vincent Price, and Peter Lorre appear in the Plainview Library's final film show of the summer, Monday, August 27 at 8 PM when the Library screens Robert Corman's version of E. A. Poe's famous poem "The Raven". The movie has a full quota of shocks, horrors, and surprises tempered by an underlying tongue-in-cheek humor. Rounding off the show will be the "Laurel and Hardy Murder Case" featuring Laurel and Hardy as the hapless suspects.

For directions or information call 938-0077. Free.

SCHOOL BOARD ACTS
(Continued from Page 1)
Hicksville's special education program.

The Board also accepted the resignation of Vera Galante, after a discussion on the legality of accepting a resignation when her letter informed the Board of her retirement. School Board attorney Joseph Campanella stated "she is ineligible for retirement on the New York State Retirement System since she is not 55 years of age". Mrs. Galante was with the district for 27 years and was instrumental in implementing Hicksville's elementary school foreign language program, which received national recognition. Voting no to accept this resignation was Mrs. Germer.

In other action, the Board:
-Appointed Janet Ulrich as District Clerk at an annual salary of \$4,000.

-Appointed Kathleen M. Hogan as Administrative Assistant for Internal External Relations at annual salary of \$15,000.

-Approved a salary adjustment for Business Manager Richard P. Weigand, to \$38,938.

-Approved a list of doctors (8) as school physicians for the 1979-80 school year at an annual stipend of \$2,000 each.

-Approved the application and proposal for a remedial reading program in the public and non-public schools, under Title I, for a total of \$127,998.

-Authorized the administration to continue the blanket insurance policy covering approximately 7,000 students at an estimated premium of \$7,000 for the coming school year. This policy covers school-sponsored activities (classroom, co-curricular and interscholastic activities.) In answer to a question posed by a member of the general public, Asst. Business Manager Bob McKeon stated that the home policy is effective first and then

the district accident policy comes into effect on a schedule.

-Increased the hourly rate for part-time home teachers from \$7 per hour to \$11 per hour. In answer to a question posed by resident Iris Wolfson, Director of Pupil Personnel Dr. Weeks stated that the average length of time per day per child is one hour and that a teacher averages a maximum load of 6 students per day. Mrs. Wolfson pointed out that a substitute is paid \$35 per day for a classroom of 20 students and above, and that a home teacher averaging 6 hours a day would be paid \$66. She suggested that the number of days each home teacher is working per year be studied. Mr. Arena stated that the administration would study the problem.

-Awarded bids totalling \$2,565,049.63 for art supplies, paper, and boards; and reconditioning athletic equipment.

The following personnel matters were also approved by the board of education:

Patricia Wagner, appointed reading teacher at Hicksville JHS, salary at \$15,853 to replace John Scope, who retired. Unanimous vote.

Charlotte Ann Williams, leave of absence as music teacher at Old Country Rd. School due to illness. Leave will be without pay or increment. Present salary \$26,881. Mrs. Germer voting nay.

Also brought to the Board's attention by residents was the suggestion of incorporating a gymnastics program, such as the one carried out at Lee Avenue School. According to one parent, "this should be an on-going program since it builds bodies, gives students an interest and prevents abuse to their bodies later in life."

A special meeting of the Board of Education will be held on Monday, Aug. 20 at 8:15 p.m. in the administration building for the purpose of setting the tax rate.

Obituaries

LAWRENCE H. TRUBINSKI
Lawrence H. Trubinski of Hicksville died on Aug. 9. He was the husband of Helen; father of Lawrence J., Terry Carley and Ann Trubinski, son of Victoria Kowal, brother of Marjorie Perini, Coletta Krysiuk and Valerie Weinberger, grandfather of Sean and Thomas Carley.

Mr. Trubinski was a Past Grand Knight of the Joseph F. Harry Council, Knights of Columbus No. 2520.

He reposed at the Vernon C. Wagner Funeral Home, Old Country Rd., Hicksville, Mass. of the Christian Burial was at St.

Ignatius R.C. Church and interment followed in Long Island National Cemetery.

MINNIE L. JUNG

Minnie L. Jung of Hicksville died on Aug. 6. She was the wife of Frank J., mother of Howard, Frank, Jung, and Eleanor Summers, sister of Metta Vellen and Florence Green. She is also survived by six grandchildren and two great grandchildren.

She reposed at the Henry J. Stock Funeral Home, Newbridge Rd., Hicksville. The Rev. Theodore Grant officiated at religious services. Interment was

held in the VA National Cemetery, Calverton.

SANTINA B. MARSALA

Santina B. Marsala of Plainview died on Aug. 10. She was the mother of Maria Spengler and Vincent; sister of Sebastian Bertuglia, Nina Fiore and Carmela Dwyer. She is also survived by four grandchildren.

She reposed at the Thomas F. Dalton Funeral Home, Jerusalem Ave., Hicksville, Mass. of the Christian Burial was at Our Lady of Mercy R.C. Church and interment followed in St. Charles Cemetery.

STEPHEN THOMAS LOVE

Stephen Thomas Love, of Hicksville, died on July 18. He

was the son of Walter J. and Agnes T., brother of Walter F., Robert P., Gerard J. Love and Rita A. Kurth. He is also survived by Pat Love.

He reposed at the Thomas F.

Dalton Funeral Home, Jerusalem Ave., Hicksville, Mass. of the Christian Burial was at St. Ignatius R.C. Church and interment followed in Long Island National Cemetery.

Film Presentation

"In the Presence of Mine Enemies", a color film, will be shown at the Church at Hicksville. This is the compelling story of Capt. Howard Rutledge, a prisoner of war in Vietnam, who rediscovered his faith while suffering torture and deprivation

in a Hanoi prison. Come, see this absorbing film at 17 Herzog Place on Saturday, August 18th at 8:00 P.M. All are welcome.

Galileo Lodge News

By Joe Lorenzo

It may not be earth-shattering news, but the Galileo Lodge's outside renovation program is near completion. Most of the labor problems have been solved, all materials have been purchased, and now the remaining chores are the various outside revisions to be made during work periods by member James Posillico and the other members of the committee - Tony Previte, Mario Tucci and Pete Massiello. These revisions, incidentally, are made to suit certain conditions and ordinances. James Posillico,

by the way, owns his own construction company here on Long Island and it has been responsible for many of the fine construction sites witnessed especially in the Westbury area. All of the above-mentioned members of the Galileo Lodge have performed magnificently, and their efforts and achievement will certainly give impetus to the already-existing beautification programs aimed at the Hicksville community.

(A considerable cost of money (Continued on Page 11))

LEGAL NOTICE

SUPREME COURT-NASSAU COUNTY, NATIONAL BANK OF NORTH AMERICA, Pfl. against RICHARD L. MOSCO, et al. Def's. Galileo Lodge News

(Continued from Page 10)

and effort, the Galileo Lodge has taken some giant strides in its desire to beautify its own building. It also hopes that this action will help raise the Hicksville community out of its lethargy by earnestly attempting to remove blights and eye-sores from the various areas. With civic-mindedness as a primary concern, it follows that all business establishments in the Hicksville area should emulate our organization by trying to give their properties the architectural "face-lift" and "shampoo" they need. We sincerely hope that all citizens in this area will report all incidents of graffiti, or all incidents that willfully attempt to deface and destroy this renovation attempt, or all other incidents that will eradicate the beauty just given to the Hicksville community. Dial 931-9351.

We have a list of forget-me-nots which we would like to mention once again. The time for the Hawaiian Dance draws near, August 25th, to be exact, and it will start around 8:30 P.M. This is strictly a polynesian night, with exotic foods, live Hawaiian show and band, many fine extras - everything tailored to make this night a most enchanting and exciting delight. For \$15 per person, you are offered the finest of polynesian spectacles. Please contact Ted Maroth by dialing 680-5190.

The Ladies Auxiliary of the Galileo Lodge are presenting something unusual in the way of entertainment, for the Fall season. Anyone interested in displaying their talents please contact Jo-Ann Wallack at OV1-8428. And do not forget the Mary Monteforte Testimonial Dinner which is progressing at this point very well. Tickets are \$15 per person and will feature delicious food, unlimited liquor, live music and a pleasant atmosphere. All served up by the Ladies Auxiliary. Contact Mary Sarrera (GE 3-6289) and Grace Giordano (314-8584) for more information concerning this affair.

Skip Monteforte's Golf Outing at the Concord is still drawing a nice response. On Sunday, the 9th of September, and on Monday, the 10th, all golf enthusiasts will head for this upstate resort for two days of excellent meals and all the golf you can play. For \$65 plus 7% sales tax, you can enjoy all this in a pleasant upstate resort, attended by the friendliness of the Galileo Lodge membership.

LODGE TIDBITS

Overwhelmingly positive were responses from Armand and Milhe Del Cippio after their return from their two-week trip to Hawaii. Such adjectives as beautiful, gorgeous, exotic and amazing poured forth from their lips. And we heartily agree. It was poignantly described as a trip they couldn't believe. And speaking of believing, we would like to report that Angelo and Eve La Manna are proud grandparents twice. Their two daughters have given to the world two beautiful children - a girl and a boy. Oh, congratulations twice we say. We hear that St. Ignatius Girl Cadet Corps will perform for the Galileo Lodge when it opens its 1980 Feast. And we don't have to extol the virtues of this musical aggregation. They are reputed to be the "champions of champions" and I might add that the Lodge presented them with a \$250 donation. It is still needed for the Bingo and Las Vegas sessions. So all members are urged to "pitch in." Columbus Day Parade and the Beauty Queen pageant still calling along.

Cummings 'N Goings

(Continued from Page 2)

known this beautiful young lady through our good friendship with her parents, Bill and Kay and look forward to a wonderful day at your wedding, every best wish to Mary and Dom.

IRISH TO MEET: Members and guests of the Irish-American Club of the Mid-Island Area, Inc. will meet this Friday evening, August 17, at the Plainview American Legion Hall, 115 Southern parkway at 8:30 P.M. There will be refreshments, corn-on-the-cob, hot dogs, coffee, cake and amber fluids according to Robert Reynolds, President. At the July meeting (we missed being in California) guest were Ms. Donna Anderson who spoke on the origin of the Gaelic language and Ms. Loretta Egan, who entertained with her ac-

cordion (program arranged by Patricia and John Mulrooney). Plans for the October 20 installation at the Plainview Club will be limited to 190 persons - first come-please contact 931-6953 for reservations - tops in music is promised - that's keeping your IRISH-UP.

WE HEAR THAT: Larry Trubinski, Sr., of Hicksville passed away this past Friday after a long illness. He was a Past Grand Knight of the Joseph Barry Council, Knights of Columbus, Hicksville and an active member and officer of the 4th Degree Assembly - he will also be remembered by this writer and Ancient Order of Hibernians where he was an Associate Member for many years - an honor only given to a select few - he was one of them who served his community so well, he will be

deeply missed by his family and host of friends at the Town of Oyster Bay, Lighting Bureau, Public Works Department where he was employed for a number of years. Recent vandalism on Myers Avenue & Indiana Street - was nipped by some quick thinking people early A.M. - as Hicksville Fire Department responded to call at Bill Cutler's

garage and adjoining areas just opposite my home - spoke with Fire Commissioner Robert Dwyer at the 4 A.M. scene - also Hicksville Fire Department evidently confined a fire at Rudy Bouse's Restaurant to the kitchen on Charlotte Avenue - quite a few things happened while we were in California and we thank you for your calls and comments about the column.

Recruiting Marathon

The U.S. Army's scheduled 12-day round-the-clock Recruiting Marathon in Hicksville, Aug. 20 to Sept. 1, has gained the strong support of Federal, county, town and local officials. So said Sergeant Frank L. Bartol, Station Commander of the Hicksville Recruiting Station.

The Sergeant noted that Congressman Norman F. Lent welcomed the newly opened recruiting station to the 4th Congressional District and wished them success in "meeting your enlistment goals and in attempting to put Army Recruiting into the Guinness Book of World Records."

Congressman Lent also noted that the "Marathon Recruiting effort is part of a nationwide effort to increase enlistments in the all-volunteer Army." Tom Preston, the Community Relations Assistant, was to represent the Congressman at

the opening day ceremony on Aug. 20 at 10 a.m.

Sergeant Barton said that Nassau County Executive Francis T. Purcell, would be represented at the opening of the recruiting marathon by Mr. John Ray, County Director of Veteran Services. Mr. Ray, in accepting the Army's invitation, said that the recruiting effort "was a step in the right direction in getting young people to serve their country."

Oyster Bay Town Councilman, Thomas Clark, a veteran, noted that he would help the recruiting campaign by appearing at the Hicksville Recruiting Station at 61 North Broadway on Aug. 21.

Siegfried R. Widder, Executive Director of the Hicksville Chamber of Commerce, "welcomed the U.S. Army Long Island District Recruiting Command into the community" and accepted its invitation to participate in the opening day

ceremony. He applauded the Army's selection of Hicksville and the location for their recruiting station and wished them "all success in their recruiting drive."

Sergeant Barton said that on Thursday and Friday, Aug. 23 and 24, from 10:00 to 11:00 a.m., Staff Sergeant Powers, an Air Assault qualified repeller, will demonstrate roof-top rescues of trapped persons using a repellers rope and Swiss seal. Powers, using mountain scaling techniques, will also demonstrate an "Australian Repel," dropping from the roof feel first to enable him to defend against ground attacks. A standby ambulance will be on the scene.

On Wed., Aug. 22, at 2 p.m., players for the New York Apollos, defending American League Soccer Champions, will give a mini-sports clinic, on ball and body control.

The Sergeant invited young folks from 17-34 to come in for a talk with recruiters to learn about the Army's job skills training, cash bonuses, education aid, travel and adventure and to see exciting Army movies, chat with local officials and see weapons, displays and collections of Army manuals dating back to 1911.

The Sergeant said that he and his staff of recruiters hope to enlist at least 12 men and women into the Army during this 12 day drive. At present there is no such listing in the Guinness Book; the unofficial Army record is nine enlistments in nine days by the Army's Philadelphia Recruiting Command last November.
