Fujimoto Praises PTA

Hicksville school board trustee Pierre Fujimoto this week lauded the Hicksville PTA chapters for their diligence and concern in the area of education. Citing a recent survey by the National PTA Council regarding prime time television offerings, Fujimoto zeroed in on the efforts of local PTA chapters. "I think it is commendable that the National PTA has coordinated the effort that was necessary for survey of this type. A special thanks to the PTA's of Hicksville whose members spent many hours in front of the TV, gathering the information needed for this study."

The school board trustee continued, "There isn't a group or organization that has more of a right to indicate what their children should be exposed to than the parents of school and pre-school children. The PTA's are the adult representatives of these children, and they have volunteered their time and efforts in the interest of education. All parents should acquaint

themselves and support their local PTA's for these organizations are a means to improve and preserve the education of their children.

"I think it is appropriate that those programs were exposed for what they are: garbage. I think that just exposing the bad programs is not sufficient. It is time for the networks to rid themselves of programming that is inappropriate for young viewers, especially during the 'prime TV hours.' Our children should not be exposed to distorted views of sex, violence and family life."

Fujimoto concluded, "If the networks do not heed the warnings of the PTA, maybe the National PTA Council should coordinate a boycott of the sponsors' products. If the sponsors lose revenue they will withdraw their advertising support of those shows. A one week boycott would probably be sufficient to show the advertisers that the parents of America means business."

Reading # 1 For Evaluation

By Linda Strongin

Reading was ranked as the number one area of instruction to be analyzed and evaluated as part of the District's curriculum reform; 75 residents, teachers, students and administrators participated in a group evaluation at Wednesday evening's meeting of the Board of Education.

Participants were given numbers from one to fourteen and then grouped at corresponding numbered tables. Each group member was asked to complete the questionnaire, mailed the previous week to each resident, by ranking areas of instruction by priority from one to five. A group leader then tallied all responses and a consensus was arrived at by each group after points of views were discussed.

Superintendent Dr. Wilber Hawkins introduced the exercise by stating that the district has been in "a state of dormancy" in regard to curriculum evaluation and revision. "We are making a serious effort to discuss the 18 priorities set by the Board for 1979-80. One of these is curriculum evaluation and revision. This will upgrade and uplift programs for our kids."

Assistant Superintendents Dr. Catherine Fenton and Dr. Daniel Salmon conducted the evaluation.

Each ranked priority was given a weighted average and totals were arrived at. For example, a No. 1 priority received 5 points; a No. 2 priority, 4 points; a No. 3, 3 points, etc. Reading received 54 points, arrived at the following way: 10 groups rated reading as a no. 1 priority, totaling 50 points; 1 group gave it a no. 3, for 3 points; and one group gave it a no. 5 priority, for 1 point, for a total of 54 points.

Reading includes phonics, word attack skills, vocabulary, and comprehension.

Other priority areas included among others, mathematics (44

points); language arts (42); social studies (28); and science (22). Business received 5 points as did extra-curricular activities; health, 8 points, and physical education, 2 points.

Dr. Salmon emphasized that "these priorities do not eliminate other subject areas. All will be considered seriously."

Dr. Fenton stated that the administrators had arrived at the following: Language arts, no. 1 priority, mathematics, no. 2; social studies, no. 3; reading, no. 4, and science, no. 5.

She added that a final priority rating would be given after all questionnaires had been received. She urges all residents to mail them in as soon as possible. She added that teachers will also be asked to rate their areas of concern.

During the brief business meeting, the Board formally accepted the memorandum of agreement between the Board and the custodial unit of the Hicksville Civil Service Employees Association for 1979-80.

Absent from the meeting were Vice President John Ayres due to illness in the family, and Trustee Neil McCormack who is undergoing tests at Syosset Hospital.

The Board approved the purchase of the services of a qualified signing interpreter and similar paraprofessional help for handicapped students enrolled in district classes. The services are needed in particular for a deaf student who is mainstreamed, Dr. David Weeks, Director of Pupil Personnel Services, explained. He added that BOCES could not provide the service unless two or more districts requested it and no one else has. He has investigated the situation and has potential candidates for the job, at a cost of \$9 per hour to the district.

The Board also awarded bids totaling \$1,806.13 for architectural and mechanical

drawing supplies (\$1,454.82); and science supplies-chemicals and stains (\$351.31).

Claims and warrants totaling \$1,504,957.03 were approved. During the public speaking session, a resident questioned the Board's quick action on spending this money so quickly. He urged "more open meetings. We need more clarification on each item," referring to federal aid fund, trust and agency fund and construction fund, among others.

President Dan Arena explained that Board members receive copies of the claims and warrants in advance. Questions and answers are completed before a Board meeting, among Board members and administration.

Dr. Hawkins added that the public has access to the records and can look at them in the administration building and ask questions pertaining to the expenditures during the public speaking session of board meetings.

Trustee Virginia Germer reminded administration that Mr. Nagle had suggested at the last meeting that a copy of the claims and warrants be available on Wednesday in the administration building for inspection by the public and in hour before a Board meeting begins.

The Board and administration reacted favorably to this resident's request and is considering budget language as a topic for discussion at a future Board meeting.

Mrs. Germer also requested from school board attorney Joseph Campanella his interpretation on the amended public meetings law which is effective October 1.

Also discussed during the public session was the recent Newsday article on math test scores. Hicksville's figures were not given and a resident requested them.

Dr. Hawkins stated that there were 704 9th grade students at the time the Regents Competency Test was given. "Forty-five failed the test, or 6.4%."

In answer to questions from resident Arlene Rudin, Dr. Hawkins added that 150 students took the test, and the remainder of the students were not required to take the test because of participation in the Regency program or they were absent due to illness. Mrs. Rudin questioned the number of students absent and exempt, and then stated that the 6.4% figure really reflected the failure rate for the total number of students, not the rate for the total who took the test.

Three junior high school students asked the Board if their yearbook activities would be continued this year. Dr. Hawkins stated "No decision has been made to alter past practices."

Mr. Bill Owens, Director of Student Activities at the Junior High School, clarified the students' question, stating that the "issue was still up for discussion" concerning the salary scheduled for extra-classroom activities and the students had spoken to him about it.

The item was again withdrawn from the agenda at the request of Dr. Hawkins. President Dan Arena stated that the Board had been "communicating with the union (Hicksville Congress of Teachers)" and Dr. Hawkins was given the authority to set-up a

Community Council Opens Season

By Carole Wolf

The Hicksville Community Council will open its 1979-1980 season with G-1 zoning and Strand III. On its agenda for the night of October 4th downstairs at the Library, the Council will present a report from the Ad Hoc Committee for the Development of Hicksville concerning the progress they have been making and the early results of the survey which was sent to every home in Hicksville. Also on the agenda, the Council will listen to the pro and con of Strand III.

The Council's Executive Committee has been busy planning agendas which we hope will be of help to the citizens of Hicksville during the coming year. Coming up in future months are:

February - The census: "What Will They Ask?"

March - Sewer Hook-Up

April - Mr. Ken Barnes, Director of the Library and the Library Budget

May - The Schools featuring Dr. Wilbur Hawkins

June - Our Annual Dinner

All Hicksville Community Council Meetings are held at 8:30 P.M. in the Hicksville Public Library auditorium on the first Thursday of each month. And, as usual, the Hicksville Town Meeting is held, where anyone can declare, ask or say anything as long as it pertains to our Community of Hicksville. Also, at each of our meetings, Councilman Tom Clark, our Second Vice-President, will be present to inform us about the current news at Town Hall.

Each Hicksville Community Council Meeting is jammed packed with news and information to bring back to your neighbors or your organization. So mark October 4th on your calendar for we have a date - "For A Better Hicksville."

different artists will demonstrate their crafts

November - Candidates Night, where local candidates are given 10 minutes apiece to state their platform

December - Holiday Night where we will be entertained by the famous Holy Family Players. And to culminate the Year of the Child, we will present a few brief excerpts from the Pegge O'Connor School of Dance.

January - Hobby Night - 5

How To Protect Your Home: A Police Officer Tells

We must all work together," was the theme of a lecture delivered by Officer William Cathers of the Nassau County Police Department's Crime Resistance Unit as he addressed a gathering of senior citizens in Plainview on Tuesday, September 18.

"Nothing is a guarantee against burglary," the veteran of twenty years on the force continued, "but if citizens act as the eyes and ears of the Police Department, reporting suspicious individuals or incidents, then the incidence of burglary can be diminished."

Officer Cathers began his talk by pointing out that last year alone 1200 burglars had been apprehended, indicating that burglary is indeed a "serious problem" in our society. And last year the Nassau County Police Department was the only major police department in the nation to actually reduce the burglary rate.

The typical burglar, said Officer Cathers, is between 12 and 19 years old, and lives within five miles of his victim's home. He usually works in the daytime, needs only five minutes to enter a home, and often does this with the

unwitting assistance of the homeowner.

To prevent oneself from unintentionally aiding the would-be burglar, Officer Cathers counseled each member of the audience to ask him or herself the following question: "How would I burglarize my own home?" Since most house burglars are not seasoned veterans, Officer Cathers explained that the following common sense measures will help foil many burglary attempts:

1. Lock your doors. One out of every three burglars enters through an unlocked door.

2. Don't advertise an impending vacation. Show your pictures to friends upon returning home.

3. Don't allow your window shrubbery to become too dense. Burglars love to work where they can't be seen.

4. Never automatically open your door to a stranger. Ask for identification. Should the stranger refuse to furnish any, or if he grows angry, call the Police.

5. Familiarize yourself with your neighbors' living habits--not to be snoopy--but to be able to spot any suspicious activities when they are away.

6. Above all do not hesitate to

call 911 for fear that you might be reporting something inconsequential. Your interest in public safety will be well appreciated by the Police Department, and it might help prevent a crime in your neighborhood.

As both Officer Cathers and the Nassau County Police Department's award winning film, Hue and Cry, demonstrated so well, the Police Department's emergency number 911 is the latter day equivalent of the stentorian outcry with which criminals were pursued in England beginning in the 8th century under King Alfred the Great.

But today there is a difference. A greater community of interest brings neighbor to help neighbor, and Police Departments, such as ours in Nassau County, are only too happy to provide civic-minded organizations with experienced and knowledgeable representatives like Officer Cathers.

One final Difference: When faced with a criminal attempting to burglarize our homes, we need not confront him ourselves. We need only reach for the phone and dial three numbers--911. Within seconds help will be on the way.

Public Continues To Lose Millions To Mail Fraud

American consumers lost more than \$489 million to mail fraud and misrepresentation by mail over each of the last five years, Sectional Center Manager-Postmaster Anthony M. Murello said today.

September 23-29 has been designated the Fourth Annual Postal Consumer Protection Week by Postmaster General William F. Bolger to heighten public awareness of the problem.

Mr. Murello emphasized that the majority of companies who are a part of the \$60-billion mail order industry are honest and dedicated to customer satisfaction. But a few operators are out to bilk the public, as in many other industries.

The nation's best defense against unscrupulous con artists using the mails is an informed public," Mr. Murello said. "Everyone should be constantly on guard against what are really unbelievable claims and get-rich-quick schemes."

The Postal Inspection Service

actively investigates mail fraud and false representation by mail, and assists with mail-order and service problems.

Swindles aimed at consumers are limited only by the imagination of the con artist," Mr. Murello said, "because they've learned that many people are willing to invest their hard-earned money on offers which sound too good to be true."

Typical examples of mail frauds and false representations by mail include a variety of investment offers, phony franchises, miraculous "cures" for a variety of illnesses, weight reducing plans with no proven medical value, and work-at-home schemes. "The elderly are quite often prime targets for these schemes," Postmaster Murello said, "because they are trying to protect their savings from the effects of inflation."

Mr. Murello urged consumers to ask companies to back up their claims if an offer sounds unbelievable and too good to be

true. "That's the best way to protect yourself," he said. "But if you feel you've lost money to a fraud, or haven't received the merchandise you ordered, contact my office or a postal inspector." Phone numbers are listed under U.S. Government Postal Service in local telephone directories.

Dear Friends....

First of all, thanks to all who phoned on last week's column item regarding the response to the questionnaire on your suggestions as to how to develop downtown Hicksville. I do feel, however, that even if your feelings and suggestions are general rather than specific, it would give a certain type of direction to the professional planners who guide our Town's department for this purpose and then to our elected officials who eventually have to decide what will be done on the zoning and planning for the Hicksville Downtown Triangle area. We are told by those on our Town Board that action should be coming on this no later than Jan. or Feb. of next year. We certainly hope so. Anyway, why not send in your questionnaire NOW, or a letter, if you feel that this would be better. The chairman of the Ad-Hoc Committee for the Betterment of Hicksville is Mr. Stephen Didier, 5 Salem Road, Hicksville, New York 11801, or you may send your answer directly to The Town of Oyster Bay, Town Board, Audrey Ave., Oyster Bay, N.Y.

As we have asked several times recently, who could possibly care more about how downtown Hicksville is developed than the Hicksville residents, landowners and taxpayers? Who will benefit if these plans are realistic and can be made a reality soon? No one hopes to see our real estate taxes go down, but a well-developed downtown Hicksville would certainly increase taxable property and thus help to hold the line on the property taxes of all who live here. If you haven't already done so, why not send in your questionnaire or letter TODAY?

If you wish to report a street light which needs replacement, the number to call is 921-7753. Our Town does not employ people to check on street lights and they depend on us to help out in this respect. Thought you'd like to know.

This picture is not too clear, however, we hope that it comes out with enough clarity to show you that left to right are Don Abt, former superintendent of Hicksville Schools, John McGovern, retired principal of the East Street School and Ted Scholefield, former principal of the Dutch Lane School and former assistant superintendent of the Hicksville Schools. The occasion for this photo was the marriage of Mary Frances, Mr. and Mrs. Abt's daughter which was held in Dutchess County, New York in August. Other Hicksvillians present were the Neil McCormacks, the Joseph Catalanos, the Jack Caddens and the Charles Montanas. Best wishes to all.

We hope that many former Hicksville residents do come on back and visit our growing community and, when you do, friends, don't miss the beautiful Hicksville Memorial Fountain both in the daytime and at night. It was brought into reality by the leadership of a few hard-working community leaders, and the donations of hundreds of local residents and is a most inspiring addition to our town.

THAT'S ALL for this week. Stay well and remember the old saying, "He would who would succeed must do as well as those around him. AND THEN SOME." Best Wishes

SHEILA

P.S. As well as the fine dinners which are specials this week at the popular Stack O'Barley Restaurant on South Broadway in Hicksville, on Thursday, Oct. 4th the well-known Pat Roper and Tommy Doyle will be entertaining. This restaurant is rapidly becoming a rallying spot for the people who enjoy good food and Irish entertainment. Why not try it when you are planning an evening out?

Town Board Meeting

By Gerry Kahn

The night hearing on the first item on calendar at the Town Board meeting held on Tues., Sept. 25, concluded at approximately midnight. There were approximately 600 people in the audience who through the Joint Jericho Civic Council voiced their opposition to the granting of the petition of REDCO for a change of zone from Res. A to Bus. G for a special use permit for a combined hotel and conference center at Jericho. (N. Service Rd. of L. I. Ex-

pressway.) Fred Hauser conducted a well-organized group of speakers who protested the passage of the petition and urged the Town Board to uphold the Master Plan which provides for balanced development.

Mark Asher represented Avis Rent-A-Car System in their petition for special use permit to alter, maintain and use premises for a retail used car sales distribution point at Syosset (n/s Jericho Tpke., 200 feet w/o Burke Lane.) There was no opposition to the granting.

Item No. 12 directed the Town Clerk to advertise Notice of Hearing on petition of L & L Tire and Brake, Inc., for special use permit to operate and conduct a public garage and the sale of tires. This use has previously been granted for (2) three year periods. (Hearing date Oct. 30.) The location is Jericho

(e/s N. Broadway, s/o Burke Lane.)

Item No. 14 directed the Town Clerk to advertise Notice of Hearing on petition of 68 East Marie St. Corp. for special use permit to conduct the manufacturing of cube and block ice and to modify restrictive covenants at Hicksville (n/s East Marie St., w/s Bay Ave.) The Hearing Date is Nov. 13.

Item No. 30 granted permission to the Ladies Division of the Salvation Army to utilize the mansion at the Bruce Estate (Syosset) for a Designer Showcase as a fund raising enterprise for approximately four weeks, April-May 1980.

Item No. 36 granted additional time to the Nassau County Planning Commission until Nov. 8 to review the application of Gilbert Tiles for a special use permit and modification of covenants at Woodbury.

Mercy League

Glen Cove-Hicksville-Syosset League of Mercy Hospital opened it's 1979-80 season with a luncheon at L'Epicure in Bayville. The meeting was presided over by the president Mrs. Walter Sebort, of Woodbury.

For over half a century the League has been devoted to raising funds for Mercy Hospital in Rockville Center. This year a goal of \$30,000 has been set to be used for the Labor Room in the reconstructed maternity wing.

Mrs. Fred Mendelsohn, of Syosset, will chair a gourmet luncheon at the hospital lounge on October 3rd.

Mrs. James Gallagher, of Hicksville, will be chairlady of the League's booth at the Country Fair to be held at the hospital grounds on Oct. 6.

Mrs. Frank Hartmann is chairlady of the Night at the Races to be held in October at Roosevelt Raceway.

Mrs. Ronald Prescott, of Syosset, will be chairlady of the Scotch Bowl to be held in November.

Tickets for any of these events maybe had by calling the Chairlady.

New members are cordially invited.

Reassessment Discussion

Reassessment is a fact of life in Nassau County, as all homes will be readjusted to reflect market value by 1983. Whether this is more equitable or represents an added burden to an already heavily taxed county is the subject at the Plainview Library.

The honorable Abe Seldin, Chairman of the Nassau County Board of Assessors will discuss "Reassessment - Good for Long Island?" at the Plainview Library (999 Old Country Road) October 9th at 8 o'clock. This public affairs event is sponsored by the Long Island Extension of the Henry George School.

Democratic Fund Raiser

The Town of Oyster Bay Democratic Party is holding an Autumn fund raiser in honor of the candidates for town office, on Sunday, October 7th, at 6:00 P.M., at the V.F.W. Hall, located on Broadway, in Hicksville. The donation for the evening's festivities is \$15.00 per person. Checks should be made payable to the Town of Oyster Bay Democratic Committee, and sent to 30 Colgate Lane, Woodbury, New York, 11797.

Letters To The Editor

Dear Editor:

A great big "Thank You" to all the people who helped make the Memorial Fountain a reality.

We stopped to look at it and it really is refreshing.

Our daughter tells us it looks lovely from the train, especially at night.

May it be an inspiration to all in Hicksville. Let us strive to make our town lovely and beautiful.

Be sure to return the questionnaire sent in the town newsletter. Tidy your gardens. Plant a tree. Keep a litter bag in your car. Carry your cans, bottles and papers till you find a proper receptacle. And, teach your children to do the same.

Let us all work together to improve our town.

Sincerely,
Vinnie and Maureen Campanella

To the Editor:

In these days of "Jaws II" and "Rocky II", we would be remiss in not continuing the never-ending saga of the Hicksville School Board's efforts to pretend to be "economical" and save money, all for the welfare of its poor taxpayers. Armed with new information, and remembering that the School Board could give the Hicksville teachers only a 2.5 percent raise because that's all they deserve and that's all they could afford, listen to this:

That comprehensive remodeling of the Administration Building, supposedly postponed due to taxpayer objections, was completed during the summer months. Nobody knows where or when this expense was approved. It only cost \$100,000, or more, you see. It was done to house their army of administrative bureaucrats, who themselves cost us only \$300,000 a year, approximately. Go up and look at it. The new executive suite would be the envy of any New York City corporate headquarters. Stack that next to the shabby classrooms some of our teachers and students have to use.

Here is some more intriguing information about raises for District Administration: Dr. Manus Clancy, Woodland Principal - \$39,240; Richard Weigang, Business Manager, \$2,204 from \$36,734 to \$38,938; William Becker - Buildings and Grounds - \$1,735 from \$34,715 to \$36,448; Henry Johnson - \$1,188 from \$23,772 to \$24,960; Frank Kehoe - \$1,074 from \$21,462 to \$22,536; Diana D'Avino, Physical Education and Health - \$748 from \$27,675 to \$28,423; Richard Hogan - \$776 from \$28,605 to \$29,381; Arnold Sparr - \$762 from \$28,158 to \$28,920; Harriet Fleisher - Assistant Director of Pupil Personnel - Teacher's Salary plus \$2,500; Ronald Friedman, Personnel Director - \$33,000. How do you like those salaries and raises? Administrators are never overpaid, just those mere day-in and day-out classroom teachers. Administrators need assistants and assistants need more assistants to keep those teachers under "control."

To close this installment of our tragicomedy, Mrs. Lorraine Losche, former President of the Hicksville PTA Executive Council, which "applauded" and "commended" the School Board for adopting the Strand III Sex Education Sensitivity Training Curriculum at the June 27th Meeting, was just hired as a Media Aide (\$3.45 per hour) at the Lee Avenue School. And here's the blockbuster: Did you know that Mr. John Ayres, Vice-President of the Hicksville School Board, was appointed by the School Board to serve, without compensation, as Assistant Treasurer of the Hicksville Public School District? Did you know that he was empowered to act as Treasurer in the absence of the actual Treasurer? Can you

believe that? Have you ever heard of such a thing? Is that legally allowable or is it what is called "conflict-of-interest"?

Tell me, fellow taxpayers, do we have control of our School Board? Or do they have control of us, using our very own money to do the job on us? In addition, Dr. Hawkins is hiring a new "Coordinator of Cultural and Performing Arts." What's his salary going to be? He said that the Administrator's "Workshop" on Shelter Island on August 30 and 31 was paid for by a \$10,000 grant. A grant from whom? The Hicksville School Board? From some outside agency? How in the world could they have spent \$5,000 a day? On what? Why wasn't this "Workshop" held in the taxpayer-built Board Room at no expense? Why the exclusive and elite Shelter Island? But we must remind ourselves again and again - this is all "in the interest of economy."

What does all this mean? It's a modern example of "taxation without representation." We Hicksville residents must put a stop to this fiscal profligacy, the squandering of our hard-earned tax money. We must do it promptly by replacing the current School Board with true elected representatives. The teachers have been demoralized and become disenchanting by the vicious conduct of the School Board last year. On Orientation Day, the Administration and the School Board passed out a "Program" called "Bright Beginnings" with a cutesy little picture of two rustic children side-by-side. They told the teachers that the contract would be signed promptly that night without any delay. It was signed all right, in the early-morning hours of Wednesday, September 5, after a five-hour session of Board Executive Meetings and teacher meetings with the Board Negotiator, Joseph Campanella, who is also the Attorney for the District. Campanella hesitated about certain agreements that he had previously made with the Hicksville Congress of teachers legal counsel. Yes, "Bright Beginnings."

What is happening to our wonderful Hicksville Community? Has Hicksville, and its school system as well, become the laughing stock of Long Island? All Hicksville residents, taxpayers, parents, and even youth do indeed owe themselves a visit to a Meeting of the Hicksville Board of Education to see exactly what we are talking about. Then you can decide for yourselves.

All of this is very much a tragicomedy. If it weren't all so very sad, it would be downright laughable.

Respectfully,
Mr. & Mrs. Joseph W. Turner

To the Editor:

I could not help but laugh at the insanity of the letter written by Mrs. Honey Singer, President of the Lee Avenue PTA Executive Council. Not only was it a total evasion of the true issues involved in the Strand III Sex Education / Behavior Modification controversy here in Hicksville but it was also completely devoid of any real answers to the fundamental questions.

It is precisely because many readers are now aware of the facts that apologies are urgently needed from all of the elementary school PTA Units for sleight of hand and belittling our Hicksville parents, by prohibiting true public discussion of Strand III and cloaking it in vague generalities. The PTA's attitude and sleight-of-hand techniques are best typified by Mr. Fujimoto's comment in the "Newsday" interview that he did

not think that parents were equipped (capable) of teaching their own children about sex. Of course, his messianic solution is to take that responsibility away from the parents, along with their children during the school day, and teach it in the Hicksville public schools without any reference to morality or ethics, to religion or values, to "right" or "wrong." Every School Board meeting during the past three months have reported that nobody knows who's going to teach it, how much it's all going to cost, how classroom teachers and school nurse-teachers are going to be magically transformed into professionally licensed sex clinicians, medical psychiatrists, and sensitivity training specialists. Most of all, the school district doesn't even have malpractice insurance to cover their teachers when the lawsuits are filed.

Mrs. Singer says that Mr. Nagle asked the PTA Presidents to give some "feedback" to the Board of Education regarding Strand III. The Lee Avenue School's solution was to distribute the curriculum guides to their Executive Board members, and they promptly "approved" it. Their stated reservations and discussion were never shared with the parents of the children on any extensive basis in their school boundaries. Their demonstration of publicity was some obtuse article, perhaps a "one-liner", in the February "Lee Avenue Highlights." Have Mrs. Singer and entourage ever heard of the telephone, the post office, block mothers, pre-arranged meetings after the parents have had a chance to read the Strand III Curriculum? This was a program which would effect the eternal welfare of every child and parent in the Hicksville School District, and their "intelligent" response was not to hold a general meeting because the parents hadn't read the curriculum in the first place. It all appears to be a planned vicious circle where minimum numbers of parents would be able to know and understand Strand III so that on June 27th, the Hicksville PTA Executive Council could stand up and "applaud" and endorse that very Curriculum. That Council represented nobody but themselves, being nothing but a covert pipeline to the School Board, particularly Mr. Fujimoto and Mrs. Wolfson.

Interestingly, Mrs. Mary Cordier, current Council President, and Mrs. Lorraine Losche, former President, have never answered Mrs. Hundermark's very significant questions about what all of the other elementary school PTA Units did. Are they afraid of revealing the shameful truth that the Hicksville PTA's hid the real meaning, scope, and potential harm of the Strand III Curriculum? Were all of the other schools Lee Avenue clones? Many teachers have reported Mrs. Cordier's austere speech to them on Orientation Day in which she regularly referred to the National PTA's support of sex education before puberty over its many years of existence. In the PTA's effort to get away from their "coffee and cake" image, they have become radicalized as one can imagine, even to the point of funding a political lobbying group in Washington, paid for out of the dues of its parents. Believe me, our eyes have certainly been opened over the past year. We now know what the PTA really is - an elitist group working together for their special interests, and in this case "delivering" our once proud elementary schools into the expectant hands of those political hacks on the School Board, whose

Proposed Bond Issue Benefits

Nassau and Suffolk Counties, with 15.1 percent of the population, will benefit directly from 22.8 percent of the funds to be derived from the 1979 Energy Conservation Through Improved Transportation Bond Issue to be voted on November 6.

The proposal calls for a \$500 million bond issue which, if it is approved by the voters, will generate another \$300 million in funds from the Triborough Bridge and Tunnel Authority. An additional \$180 million in Federal and local matching funds have been identified for complementary use, creating a total investment of \$980 million in transportation improvements.

Of the funds, \$223 million will be of direct benefit to Long Island and its economy. These funds will buy 70 new electric cars for the Long Island Railroad providing 8,500 additional seats every rush hour. They will construct a storage and turnaround facility in Manhattan which will virtually eliminate the costly and inefficient system of "dead-head-

ing" empty trains out to the island between rush hours. This will permit a 25 percent increase in the number of passengers that can be served by Penn Station or an additional 31,000 passengers that can be handled during rush hours.

Long over-due improvements to the Long Island's repair shop and cleaning facilities are also included in the package as well as improvements to freight facilities to eliminate vertical clearance problems and other shortcomings that have hampered the growth of railroad freight business on Long Island.

Local highways will not be overlooked with \$6,624,000 allocated to Suffolk and \$5,884,000 to Nassau for improvements to county, town and village roads.

Other portions of the bond issue relevant to Long Islanders who travel to New York City regularly or occasionally are the funds earmarked for the purchase of 280 new subway cars and the rebuilding of 280 existing subway cars.

pet project was to adopt and implement a Strand III Sex Education Sensitivity Training Curriculum, the content of which spells the breakdown of our Judeo-Christian system of morality and presages an unending battle with us parents who will never give up their dear children into the hands of amorality. We will not rest until we win. We will plan and fight and gain strength until, with overwhelming numbers, we remove the likes of Mr. Fujimoto, Mr. Arena, Mr. Ayres, Mr.

Nagle, Mrs. D'Avino, and any others, from their positions. Then the School Board will recall the Strand III Curriculum and let it linger to extinction in well-deserved oblivion.

Sincerely,
Mrs. A. Goekeritz

Have you heard that HICKSVILLITE Maureen Burch is engaged to Bill Sepienza? Bill presented Maureen with a beautiful diamond engagement ring on September 9. This lovely couple met through their mutual affiliation with drum and bugle clubs. Bill is employed by Aul Instruments and he lives with his family in Floral Park. A wedding date has not yet been finalized. Good luck and best wishes to you both.

Just caught up on some of the events that have been happening in Dotty and Tom Gallahue's family. On June 13 they helped celebrate the fifth wedding an-

iversary of their son, Denis, and his wife, Carol. Then on July 4, Dotty and Tom celebrated their 37th wedding anniversary. Following that, on July 9, celebrations were held for the birthdays of their daughter, Dottie Donovan, and her son, John. Following that was grandson, Tommy Donovan's birthday on July 25. August 13 was the 13th wedding anniversary of their daughter, Dottie, and her husband, Frank Donovan. In between all these events, the Gallahues found time for short trips to the Poconos for swimming, fishing, hiking and golf. Tom Gallahue is T.O.B. Commissioner of the Recreation

and Parks Department

Oversight Department. When we told you about the birth of Pamela Marie Howard to Judy (nee Zakrewski) and her husband Bob Howard, we neglected to tell you that her other set of HICKSVILLE grandparents are Robert and Arlene Howard. Both the Howard and Zakrewski families are long-time residents of Hicksville and Judy and Bob grew up in our town.

Arlene and Robert Howard told us their daughter, Geri Anne, is engaged to David Satterfield, III. Both Geri Anne and David are in the U.S. Air Force and stationed

in England. An April 19, 1980 wedding date is planned and they will be married in St. Ignatius Loyola RC Church. They will then return to England to finish their three-year stint in the Air Force.

Met a great number of HICKSVILLITES at Tom Clark's fundraising breakfast held at Antun's Old Country Manor. Tom Clark, who is our Hicksville Councilman for the Town of Oyster Bay, had his sweet wife, Corinne, and most of their nine children at this affair. In fact, one of Tom and Corinne's sons was the photographer for the event and he did a great job.

Alma and Artie Hirsch's grandson, Kenneth Charles Hirsch, was four years old on October 2. A family birthday party was held for little "K.C." as he is called. Guests at the party were Hicksvillites Alma and Artie, and "K.C.'s" other grandparents, Mr. and Mrs. Harold Maier of Bethpage. "K.C." lives with his parents Kenneth and Joan and his sister Janet who is 1 1/2 years old.

HICKSVILLITE Tom Finley received his 20-year pin from the Elks. He has just joined the National Association of Power Engineers also. He celebrated his 43rd birthday by buying a Honda Hawk motorcycle. Tom said there are only two types of motorcycle clubs, those who've fallen and those who've not. He's a member of the "fallen" club.

A dual career is enjoyed by Jack Hamlin of HICKSVILLE. Jack works as a lifeguard during the summer for the T.O.B. Beach Division. However, when fall rolls around, he returns to work as a BOCES instructor for emotionally disturbed boys.

T.O.B. Supervisor Joe Cuneo and his wife, Adelle, are looking forward eagerly to the month of November, not only because Election Day, but because they will celebrate their 30th anniversary on November 12.

Public Forum

Assemblyman Lewis J. Yevoli will conduct one of his periodic PUBLIC FORUMS at the Plainview-old Bethpage Public Library on Thursday, October 4th, 8:00 P.M. Topics will include "Full Value Re-Assessment," "Local Property Taxes," and "State and County Fuel Sales Tax." Mr. Yevoli's guest speakers will be Martin V. Collier, Founder and Vice President of the Taxpayer Union of Long Island, and Richard Kessel, Consumer Advocate.

During his five years as state representative, Assemblyman Lewis J. Yevoli, David Bethpage has made every effort to bring Albany to his constituents. In order to accomplish this he has scheduled periodic public forums in every community in his district. The public response has been enthusiastic providing Mr. Yevoli with the opportunity to discuss a broad range of subjects and be apprised of his constituents' views. "Several important bills that I introduced in the Legislature were the direct result of recommendations made by individuals attending the forums," exclaimed Yevoli.

Homemakers Council

The Hicksville Chapter of the Nassau County Homemakers Council will hold their regular monthly business meeting on Thurs., Oct. 4 from 10 a.m. to 2 p.m. at the parkway Community Church on Stewart Ave. in Hicksville.

The Nassau County Homemakers Council will present a combined achievement day of their 45 chapters of over 5,000 talented members on Sat., Sept. 29 from 10 a.m. to 4 p.m. at Lido Beach.

The homemakers will demonstrate a variety of arts and crafts during the day-long showcase.

There is no charge for admission and free refreshments will be served.

Bennett Presents Record Access Policy To Board

William Bennett, Secretary of the Hicksville Board of Education, presented a proposed board policy on records access to members and the community audience at last Wednesday's (Sept. 12) school board meeting. The board will review the detailed proposal and will vote on its adoption at the October 31 school board meeting.

Mr. Bennett, who worked on the proposal with Assistance Superintendent of Elementary Education, Dr. Catherine Fenton, told the assemblage that the formal institution of a records access policy is in keeping with the New York State Freedom of

Information Law of 1974. Mr. Bennett, referring to the preamble of the proposal, noted that "It is the people's right to know the process of government decision-making and the documents and statistics leading to determinations."

The Board of Education secretary pointed out what he considered to be the key passage: "Access to such information should not be thwarted by shrouding it with a cloak of secrecy or confidentiality. Therefore, it shall be the policy of the Hicksville school district to make available for public inspection all official records and

reports." Mr. Bennett read He told the audience, "And that's what it's all about."

Records would be available for inspection during regular school hours, 8:30 AM to 4:30 PM during the school year, and 8:30 AM to 3:30 PM during the summer months, at all school buildings and at the Administration Building. Records access would be the responsibility of officers at each location; records access officers would be the principals of each building, and the district clerk and administrative assistant for staff community relations at the Administration Building.

In compliance with state law, there would be no charge for inspection or search of records. For photocopies of printed records, the district would set a policy of 25 cents per page, for copies not exceeding 9 x 14 inches in size. Any photocopies larger than this size would be made available for the actual copying cost, excluding fixed costs such as salaries.

Copies of taped records would also be available for actual copying cost.

All records are accessible, except those which fall into the following categories:

1. Materials specifically

exempt from disclosure by state or federal statutes.

2. Materials which would result in an unwarranted invasion of personal privacy, if disclosed.

3. Materials which would impair present or imminent contract awards or collective bargaining negotiations.

4. Trade secrets or materials maintained for the regulation of commercial enterprises, which, if disclosed, would damage those enterprises.

5. Materials compiled for law enforcement, and which would interfere in judicial proceedings, deprive a person to his right to a fair trial, identify a confidential source or reveal criminal or investigative techniques or procedures.

6. Materials which would endanger the life or safety of a person, if disclosed.

7. Inter- or intra-agency communications, except those containing factual data or statistics, information to staff which affects the public, policy or determinations.

8. Examination questions which are required prior to the administration of such questions.

Denial of access to records may be appealed under the proposed policy, by contacting the district's appeal officer, who would be designated as the superintendent of schools.

This policy will be reviewed in a public board meeting on October 31, prior to a board vote on its adoption. Hicksville residents interested in adding their input to the proposal will be invited to speak in the public session of the meeting.

Named Commended Students

The Acting Principal, Ms. Patricia Bergin, announced today that 12 senior students at Plainview-Old Bethpage High School have been named Commended students in the twenty-fifth annual (1980) National Merit Scholarship Program. This honor recognizes each student's outstanding performance on the Preliminary Scholastic Aptitude Test. National Merit Scholarship Qualifying Test which was administered nationwide to high school juniors in October 1978.

A total of almost 35,000 commended students throughout the United States are being honored by the National Merit Scholarship Corporation. A spokesman for NMSC stated that the corporation believes "the high standing of Merit Program Commended students is an attainment that deserves their public recognition, because the nation as well as these students will be benefited by continued educational and personal development of their talents."

Letters of Commendation were presented to Jeffrey Convissar, David Franchina, Neil Hoffman, Robert Kaufman, Steven Kurtz, Edward Kutin, Michael Mazzola, James McCarthy, Stephen Mernoff, Mark Schweitzer, Paul Sewell, Michael Wiener. Congratulations to these students and their parents.

CUMMINGS 'N GOINGS

By Jim Cummings

KNIGHTS INSTALL: Olaf K. Costello was installed as the 55th Grand Knight of the Joseph Barry Council No. 2520, Knights of Columbus of Hicksville, in an impressive ceremony held last week at their Heitz Place headquarters. Other officers elected, were: John Fletcher, Deputy Grand Knight; William Gradischer, Chancellor; Michael D'Antuono Warden; Frederick Fischer, Inside Guard; William Henne, Outside Guard; Donald Brown, Outside Guard; Arthur Schreiber, PGK, Advocate; John Wenck, Recording Secretary; Quentin Hannah, Treasurer and Walt Schreiber, PGK Financial Secretary. The new Grand Knight has been a member of the Council for the past 18 years and has served through chairs. He has been employed by Grumman Aircraft for the past 20 years and resides on Nevada Street, with his wife, Lillian and two sons.

SPECIAL THANK YOU to Supervisor Joe Colby, Town of Oyster Bay and Commissioner Frank Antetomaso and Ed Ocker, Deputy Commissioner, Nassau County Parks Department for their cooperation with the Nassau County AOH during our recent 7th annual Feis—that's what public service is all about, thank you, gentlemen.

WOULD YOU BELIEVE: With the Indian summer fall weather about us, the annual collection of Leaves will shift into high gear as needed - residents are reminded that when the program commences, please follow the recommended methods and **BAG YOUR LEAVES.** Bill and Julie Gradischer of Hicksville celebrated 30 years of wedded bliss - best wishes as always to two good friends. Jane and Gene Ziegler (formerly of Hicksville) were only 8 hours away when we

recently traveled to visit my daughter, Mrs. Fred McCarney in San Jose. The Zieglers have a new abode in Washington State in addition to the recent death of Brother Robert Swain, of the Ancient Order of Hibernians, William Doherty, a long-time member has passed away, our sincere condolences.

CEIL TIME: Saturday, October 13 is the date for the Annual Ceil sponsored by the Ladies Auxiliary of the Commodore John Barry Division, Ancient Order of Hibernians of Hicksville, to be held at the Knights of Columbus, 45 Heitz Place, please contact Mrs. Peggy Donovan, past president at 433-8568, for tickets \$5.00 per person.

DID'YA KNOW: that Hertz Place and Bay Avenue, will become **KNIGHTS OF COLUMBUS BLVD** for the entire month of October thanks to

Supervisor Joseph Colby, Town of Oyster Bay will officiate at ceremonies with Grand knight Olaf Costello to commemorate same...when you speak of the Knights of Columbus two members stand out for their service - Ed Warren and Pat Gully (and we go way back years with them) - gentlemen without your hard work it just wouldn't be - and to their wives, Alice Warren and Mary Gully, thank you for their valued time. When Pope John Paul travels this weekend to the USA, he will be on a special Irish Airlines (Aer Lingus) named Padraig (Patrick) with a special crew selected for the occasion - may the wind be at your back and the good Lord hold you in the palm of his hand... is our fervent wish.

ROUND OUR TOWN: Corporal James Mahoney and his bride, will fly in from California for the Christmas holidays is the word from Jim's parents, my good neighbors at Indiana Street - we note also that my daughter Valerie, husband Fred McCarney and our wonderful grand-daughter, Stacy will also be home

for these holidays with us - (wonder if they'll be on the same flight) well that's up to Valeria, she's the travel agent with Travel Organizers of Saratoga, California - the owner Gloria and her husband, Ken Levy are former New Yorkers - we thank them for that special party hosted in traditional California style. The Hicksville REPUBLICAN Committeemen's Council cocktail party on Columbus Day, October 12, is the talk of the town, why? - get your tickets at \$17.50 per from Fred Yevante, Chairman at 931-4287, he'll tell you.

FIGHT FANS: Flash A New Town of Oyster Bay Boxing Association is being planned and their "main event" will feature Vito Antefeurum, middle weight World Champion on the card - Jimmy Brennan, will be head coach of the club and it will feature other boxing notables - as soon as data is firm we will advise you.

WELCOME HOME: Frank and Cele Larkin, our traveling Hicksville ambassadors - (he's with PAM) this time they visited Austria and Munich, Germany.

Edward Dressler, resident of Plainview and Senior at Long Island Lutheran Jr. Sr. High School, recently was awarded the part of Elwood P. Dowd in the play Harvey, written by Mary Chase. Dressler portrays a schizophrenic who believes he lives with a six-foot tall rabbit. The play will be produced November 9 and 10 in the school's gymnasium. Admission for the play is free, but donations will be accepted.

Dressler, president of the drama club, has attended Lutheran High School since the seventh grade. He has also been involved with the school's baseball and basketball teams as well as its speech club, and is managing editor of the school newspaper. This is Dressler's sixth appearance in a school production but his first lead role.

Harvey opened in New York and won the Pulitzer prize for literature in 1944. Most people remember James Stewart for the role of Elwood P. Dowd. Stewart appeared in the Broadway play as well as the movie version of Harvey.

Galileo Lodge News

By Joe Lorenzo

Last Saturday night, the 22nd of September, the Galileo Lodge, under the auspices of the Ladies Auxiliary, held the Mary Monteforte Testimonial Dance. It is now over but certainly not forgotten, and it won't be for a long time. This affair will always have a lingering and nostalgic quality about it, simply because over 240 people came to pay tribute to Mary Monteforte because they wanted to, not because they had to. Mary Monteforte was graciously feted by many high-ranking members of many lodges, connected with the Sons of Italy in America, not to mention the accolades and acclaim she received from her own lodge -- the Galileo Lodge. Her record of achievement, so distinctive, commendable and illustrious, spoke for itself. Her loyalty and devotion to a common cause was always evident. She gave of herself ceaselessly and incessantly, for the betterment and advancement of the Ladies Auxiliary and the Galileo Lodge. This was her goal, and she graciously but manly accepted all the tributes given to her in a spirit of hearty warming.

Mary Santora and Grace Gordinano were the two persons, well known to all, and in this year she performed admirably, keeping the affair moving at a steady pace. She introduced all the speeches, graciously and their speeches were short but poignant. Her husband John, along with Frank Miccio, worked diligently in the kitchen. The night was excellent and plentiful the music was enjoyable and the whole evening was one of friendliness, comradery and relaxation. To fully appreciate what had taken place that night, I might say this dance had a beautiful air of simplicity but that it was also elegantly presented, even if it appears that one statement contradicts the other. But that's the kind of affair it was so warm and pleasant.

The Galileo wishes to thank Mary Santora and Grace Gordinano and their committee members for a most laudable and splendid effort, for without their constant and diligent efforts the success that this affair attained could not have been possible. A deep sense of appreciation and gratitude is felt by the Galileo Lodge as it views the attendance of the personnel of the many lodges associated with the Sons of Italy in America. And a deep thanks to Pete LuLolo, Grand Venerable, and Tony Parvis, the Grand Commissioner of Arbitration, and to all the officials of the Cabote Lodge, Aida Lodge, Columbus Lodge, Balboa Lodge and Glen Cove Lodge, etc. Space does not permit me to mention all these officers and friends who had attended. Augie Riccardi, Mickey Russo and Bert Molinelli attended bar that night.

Some additions and corrections concerning the 'Foolies Follies'. Jo Ann Wallick's phone number is OV 1-4428 and that chicken cacciatore will be served with the spaghetti. This affair is scheduled for October 12th and the price of admission will be \$7 per person. We also hear that Jim Ingine is a grandfather for the sixth time.

Columbus Day, which is 'a day of days' for all Italian-Americans, will be highlighted by a Columbus Day Parade scheduled for the 7th of October.

The photo above shows Venerable Tom Pasquarella (left) of the Galileo Lodge, and Grand Venerable Pete Lozolo of the Grand Lodge presenting Mrs. Monteforte with a Certificate of Merit from the Grand

in Ocean-side, L.I. This parade will start at 2:00 P.M. and it will feature thousands of marchers from the various filial lodges associated with the Sons of Italy in America. The Galileo Lodge, to be sure, will be an active participant and it will feature its own members who will march and give substance and prestige to this memorable day and to the name of the Founder of the United States. The Lodge marchers will meet at the Lodge quarters, 206 Levittown Parkway, Hicksville, around 12:30 P.M. For all Italian-Americans, I might add that it is imperative that unity, consideration and respect be shown to ourselves, to our community, to our heritage, and to our memory of a man whose history depicts as 'the world's greatest and most

rearily navigated. For further information concerning this parade, please contact Skat Monteforte at 934-7301. The host lodge, incidentally, will be the Rocky Marciano Lodge of Vanaupeque. With harvest time, pumpkins, wreaths and gobans on the Fall horizon, the Galileo Lodge naturally stays in tune with the time as it announces its 1979 Halloween Dance which will be held on Saturday, the 22nd of October, from 9 to 1 A.M. The price of admission will be \$8.50 per person, with dinner, beer, soda, coffee and cake to be served, and this affair will be in line with some of the other Lodge dances where you bring your own liquor.

Named Installation Officer

Chaplain Lt. Col. Richard G. Eisemann, has been named Installation Chaplain at Seymour Johnson Air Force Base, Goldsboro, N.C. He arrived at the base on July 7 to take over the duties of Chaplain Richard Sprowl, who was assigned a staff position in Korea.

Chaplain Eisemann was born 52 years ago in Mineola, the son of a carpenter. He grew up in Hicksville where he graduated from high school.

He served in the U.S. Navy for a year and a half in 1945, then he went to work for his father.

According to Chaplain Eisemann, one day as he was doing some roofing work, he fell and suffered some serious injuries. Being at home for some time, he said, "I had some time to examine my life, where I was going and what kind of person I wanted to become. It was a turning point for me."

He earned a bachelor's degree from Wittenburg University in Springfield, Ohio and then attended the university's seminary, the Hamma School of Theology, graduating in 1955.

Working as a salesman, a carpenter, a custodian and managing a dance band he worked his way through college.

Following graduation from seminary school, he took a position at Lucas Lutheran Parish in Ohio, and in 1959, he accepted a position at Trinity

Lutheran Parish, Ashland, Ohio. Said Chaplain Eisemann, "they were both pleasant experiences for me, and in a way I hated to leave them behind, but I had always been interested in the service, and just seemed to naturally gravitate towards it."

He received his commission in the Air Force in Feb. of 1961, four months before his 35th birthday, the cut-off age for entrance in the Air Force chaplaincy.

His career has led him and his family to McChord AFB, Tacoma, Wash.; Naha, Okinawa; Laredo AFB in Texas; Birkenfeld, Germany; Weisbaden, Germany; Myrtle Beach, S.C.; Robins, AFB, Thailand; and Dover AFB in Delaware.

As Installation Chaplain, he heads a staff of seven chaplain four enlisted persons, and one civilian secretary. His duties range from preaching, weddings and funerals, home visits and staff meetings.

He earned a Master's degree in secondary education from the University of Southern California while stationed in Germany and has completed both the Air Command and Staff College plus the Air War College.

He is married to the former Shirley N. Hehl, who originally came from Keego Harbor, Mich. They have five children, Chris, 25, Kim, 24, Lynn, 20, Greg, 16, and Jeff, 11.

Pack 293 - The Action Pack

The pack committee is planning activities to keep the cubs interested in scouting and the community. The co-mothers and webelos leader are busy teaching crafts and games at the weekly meetings and helping the boys move ahead in their achievements.

On Sept. 29th the cubs plan to go to the Scout Recruitment Roundup at Grumman's Calverton facility. The first Pack Night of this cubbing season on October 4th will feature an

avoid of film provided by Grumman. The boys hope to be able to join the other Sasquatch District packs at the Roller Skating Party at Levittown Rink on October 8th. A father and son overnighter is under consideration for the weekend of October 20th.

If you are between the ages of 8 and 10 and are interested in becoming a cub scout, contact Cubmaster Wes Villazon (433-3742) or Chairman Gerry Flynn (432-7734).

A Message From Cong. Ambro

Another great week for the Congress!
A bill to appropriate the money for the salaries for the upper level federal employees, including Members of Congress, along with a 7 percent general pay increase, was voted down by 20 votes. There were those who couldn't believe that the House of Representatives would deny itself a raise and they forced the

Fall Foliage

Some trees have already begun to show their autumnal colors, while others, like the Cedars are in bloom during October and November. Chrysanthemums will be on exhibit in the Main Greenhouse at Planting Fields from late October to mid December. In the Synoptic Garden, a myriad of ornamental trees and shrubs are bearing colorful fruits and berries.
Weather permitting, as colorful fall foliage is dependent upon warm sunny days followed by cool nights, the peak of fall's color should be coinciding with the 75th Annual Fall Flower Show. The theme of this year's show is "Yesterday, Today, and Tomorrow"

reconsideration of the bill the following day. It failed by 10 votes, sending it back to the drawing boards. The almost automatic approval of raising the debt limit then came to a vote. It failed, sending the measure back to the drawing boards.

The second budget resolution, setting guidelines and upper limits which could not be exceeded was debated from noon to 10:00 p.m. Amendments and substitutes were considered and either accepted or rejected. Members and their staffs studied the figures, the arguments, and immersed themselves in the process. After making decision after decision with respect to the many parts of this multi-billion dollar document - from defense to tuition tax credits - the bill came up for a vote on final passage. It failed and was sent back to the drawing boards.

The Panama Canal Treaty was ratified by the Senate last year. The decision upset a lot of people, but the incontrovertible fact is that it was passed NOW. Congress, both houses were required to implement the Treaty. In order to maintain a U.S. military presence, in order to be able to name 5 of the 9 Commissioners, who would run the Canal

through the year 2000, the implementing legislation, already passed by the Senate, had to be approved by the House. It failed, sending it back to the drawing boards.

All of the above measures were under a time deadline for passage - October 1st. If that day were slipped, federal employees would not be paid; the Congress would be in violation of its own budget law; the Treasury could not borrow money to pay its bills; and, this Nation would have broken its sacred pledge to uphold its Treaty obligations.

These are not the reasons why Congress is held in such low esteem by the American people whose reasons are quite different. But these are why they are correct in their assessment.

salary schedule.

In a complicated procedural movement, the Board rescinded its action of January 31, which created the position of Director of Physical Education Athletics, grades 7-12, and abolished the positions of Director, Physical Education Health, and Director, Athletics. According to Mr. Ron Friedman, Director of Personnel, by rescinding this past action, the district remains within the law.

The Board then abolished the position of director of athletics, effective November 1. Next, it approved the creation of Chairperson of Department, Health and Physical Education, 7-12, effective November 1. Mrs. Germer abstained from this last vote.

The Board accepted the retirement of Mr. Ruel Jackson. Secretary Bill Bennett observed that Mr. Jackson was "not only an employee, but also active in community work. I will miss him in the district."

Also retiring, is Mrs. Jane Matthews, kindergarten teacher at Fork Lane, effective November 1, 1979.

The next meeting will be Oct. 30, 8:15 P.M. The District's testing program will be discussed at this meeting.
