KIWANIS RAISES FLAGS: Hicksville Kiwanians and their helpers met at the Hicksville Fire House at 7 a.m. on Election Day to raise the flags along Broadway and Marie St.

In the front row, (left to right) John Heberer and Michael Montana; 2nd row, Mary Beth and Cathy Heberer and Chuck Montana; 3rd row, Jim Clancy, Henry Brengel, Bill Heberer Jr. and Sr. and Charlie Montana Jr.

The flags are raised on holidays by Hicksville service organizations and on a rotating basis. The flags are mounted on the parking meters from Old Country Rd. north to Willoughby Ave. and on Marie St. from the Fire House west to Jerusalem Ave.

Last week, Henry Brengel, Sr., Jack Ehman and Larry McCafferty, members of Hicksville's American Legion, Charles Wagner Post No. 421, refurbished the approximately 80 flags used on Broadway. Thirty-three new flags were installed on the wooden poles to replace those that were worn out. Donations to offset the cost of these flags and to purchase an additional 10 to 12 flags are being accepted by the Hicksville Chamber of Commerce.

Chamber of Commerce Pursues Further Enlightenment On G-1

The pity of such of our legislation on the local level -- and even on the state or national level -- is that so many of the people victimized by the legislation are not even aware of the fact that they ARE victims.

The legislation which gave us "G-1" is a prime example. Actually, many of the people who actually own property falling within this infamous zone, are not even aware of their own positions.

For example, (and this is

addressed particularly to those of you who have residences in this zone) are you aware of the fact that the house which you've probably owned and lived in for so long is considered by the Town of Oyster Bay to be "non-conforming"? Oh yes, as such it can stay there -- just the way it is -- for as long as you go on using it in the same manner. But do you know that if, God forbid, your house is destroyed by fire, the town ordinance dictates that it cannot be re-built.

Do you also know that if you wish to install an extra bathroom

in your home, this is not permitted as a matter of right? If you wish to enlarge or remodel your house, this is also not permitted as a matter of right.

These are serious things to consider in our free society. Although the Chamber of Commerce of Hicksville is comprised of business people of the community, and as such is considered by the Town to be a "special interest" group, we cannot help but empathize with the people who "live" in the G-1 zone. We think that they deserve some consideration also.

How Inflation Adds To Your Tax Burden

By Cong. N. Lent

A graphic illustration of how inflation adds to your income tax burden comes in a new report from the Census Bureau, released this past week. In 643 pages, the "compendium of Government Finances" documents the startling increase in federal income taxes during the five years from 1972 to 1977.

In that five-year period, the cost of living rose by more than 45 percent. That means the rate of inflation averaged nearly 10 percent per year.

But during those same five years, federal income tax collections - personal and corporate - jumped by nearly 71 percent despite tax rate reductions in 1976.

How, you might wonder, could federal income tax collections

soar so high, while tax rates were going down?

The culprits are inflation and the graduated income tax rates. Your dollars were devalued at the rate of 10 percent a year, forcing you to earn 10 percent more just to keep up. But the additional income you may have earned put you in a higher tax bracket, which actually left you further behind.

Middle-income families are particularly hard-hit by this higher bracket shell game which actually leaves your family poorer in net spending income, though your pay checks show a far larger total than they used to.

You and I know this isn't the way the United States is supposed to be. But the Democratic leadership in the Congress seems paralyzed and the Carter Administration doesn't know

what to do.

The Census Bureau report covers only the five years from 1972 to 1977. Today, the situation is far worse. The cost of living is climbing at a near-14-percent rate this year. Despite the tax cut voted by the Congress for 1978, the effective federal tax load on the average American continues to increase. If things continue as they are, your taxes will double in five years - by 1984 - at the current double-digit inflation rate.

This is why I am such a strong advocate of the Kemp-Roth combination tax reduction and inflation control bill. It is designed to curb the skyrocketing rate of inflation by balancing the federal budget and, at the same time, reduce your personal income tax rates - and everyone else's - by some 30 percent. The

Introducing a savings plan that should generate a lot of interest.

If you take a moment to read this ad, you'll find the easiest ways we know of to save money on your telephone bill.

Look numbers up yourself. And save.

It's a great first step to a lower phone bill. If you look up numbers and don't make more than 3 requests a month to Directory Assistance, we will give you a 30¢ credit on your phone bill. And, if you don't make more than 6 requests a month, you will not be charged for additional Directory Assistance calls. After the sixth, each request for a New York State number adds 10¢ to your bill.

Requests to points out-of-state are free. And persons with visual or physical disabilities can be exempted from Directory Assistance charges. Look up numbers yourself. We don't want you to pay us for what you can get free.

Call long distance later. And save.

Long distance rates are lower on weekends and after 5pm weekdays. Then, long distance calls are as much as 35% to 60% cheaper than weekday rates. Next time you call long distance, wait until the evening or the weekend. You'll find that talk is cheaper.

Save with our Basic Budget Service.

With Basic Budget Service, you can have a home phone for just \$4.67 a month, plus tax (\$3.63 if you provide your own phone). Beyond that, you pay only for each call you make. And nothing at all for the calls you receive. If you don't make many phone calls but want the convenience and security of having a home phone, our Basic Budget Service might be right for you.

Dial your own calls. And save.

When you ask the operator to make a call for you, calling costs really go up. Collect, person-to-person calls and calls charged number, all cost more than if you'd dialed the same calls yourself.

Of course, sometimes making these kinds of calls is unavoidable. But when you have a choice, dial your own calls and save.

Save on local calls.

If you have message rate service, all local calls you make are cheaper at

night and on the weekends. After 9PM and anytime during the weekend, local calls are at least 27% less than earlier in the day. And after 11PM, you'll save at least 51%. For flat rate customers, this discount applies only to multi-message unit calls.

Visit a PhoneCenter Store. And save.

You're moving and need a new phone. Or maybe you'd like another for your bedroom or kitchen, the basement or darkroom.

Did you know you can now save at least \$4.25 to \$7.50 on every telephone you pick up at our

PhoneCenter Stores? And if you already have wiring and plug-in telephone jacks, you can save an additional

\$5 on connection charges when you pick up your phone, because no installer visit is necessary.

For more details, visit a PhoneCenter Store. To find the location nearest you, check the front pages of your phone book, or call your local business office. Or, for the informative booklet "How to get the most out of your home phone service," write: P.O. Box 99, Bowling Green Station, New York, N.Y. 10004.

Dear Friends....

OUR CONGRATULATIONS and best wishes to all our newly-elected officials. You can go on now, not only with the knowledge that your efforts are well thought of by an increasing number of your constituents, but also knowing that since experience is usually the best teacher, you will be able to do even better in your current term of office.

Local problems, if not solved, don't go away, of course. And THE HERALD, along with many groups in our areas, will be bringing news of the efforts of our elected officials as they continue their work in helping to solve our problems. It's a team that we hope can and will work. We believe that it can. So much for the present.

THE HICKSVILLE SCHOOL DISTRICT seeks a qualified, experienced person to assume the duties of the Senior Citizens Program Coordinator. The coordinator will oversee and organize the activities of two of the groups run by the Adult Education division of the Hicksville Public Schools. The job involves approximately 10 daytime hours per week. Applicants should have experience in organizing seniors' activities in Hicksville. Interested persons may apply by Nov. 9 to the Personnel Office of the Hicksville Public Schools, Administration Building, Division Ave., in Hicksville.

A PART OF HOLY FAMILY PARISH'S week long observance of Catholic School Week was a "Grandparents Day" held in mid Oct. The grandparents and friends saw a slide presentation on the activities of the school and visited the classrooms. In addition, two prayer services were presented by the school children. One was lead by the pre-kindergarten through fourth graders while the other was lead by the upper grade students. Refreshments ended the event, which was well accepted by all present. A great idea.

Congratulations to the winners of the Woodland Avenue School (in Hicksville) poetry contest. Six-grader Pankaj Samtani and fifth grader Christine D'Antonio shared the top honors, while second place kudos go to Chris DiTrola of the third grade. Third place was captured by Debra DePompa of the fourth grade.

THAT'S ALL for this week. Stay well and remember the old saying, "Cleanliness is next to Godliness," and next to that comes Community Service."

Letters To The Editor

Dear Editor:

I attended a meeting, Monday, October 29th at the Woodland Ave. School on Strand III.

I am sure many of you are asking yourselves what is Strand III? Strand III is a mental health, sex education program that the Hicksville school board voted in 3 1/2 months ago and is now supposedly asking the Hicksville community to vote on.

Which brings me to some of the questions I raised at this meeting and received very vague answers to.

If this is to be asked of the community? How come so many community residents don't know about it? Why haven't parents of preschool children been asked to vote? Their children will be taught this. When I asked this question, the answer I received was "next you'll be wanting senior citizens to vote" and why not? Aren't they a part of our community? Don't they pay school taxes? Aren't they affected by the behavior of the children in the community? This group being left out includes senior citizens, families with no children or grown children, and parents of preschool children. All of whom are affected by the children of Hicksville.

After being told that even if the community votes this down the school board can still put it in our schools, someone asked if a parent is working or for some other reason was unable to attend this meeting could we bring home a ballot for them? We were told no. The school board, especially those members who advocate this program, were not there to answer our questions but yet, they have a right to vote this. A parent unable to attend, has no say. Even in a presidential election, we have an absentee ballot.

Are we just baby sitters for the school board? Do we just have children, cloth, feed and care for them until it is time to turn them over to the Hicksville school board? Yes, we elect this board but that doesn't mean we give

them the right to train our children morally.

Yours truly,
Mrs. Jo Elena Ocuto
14 Julian St.
Hicksville

To the Editor:

I enclose herewith a copy of a letter which may be of interest to your readers:

Francis Gabreski, President
The Long Island Rail Road
Jamaica Station
Jamaica, New York 11435

Dear Frank:
I appreciate the letter that I received from Chief Engineer John Woodward. This letter was in response to my correspondence which addressed itself to a number of problems which I encountered at the local train tressels in my Assembly District.

With respect to the pigeon droppings problem he indicated that "...we periodically apply a repellent which is effective for a short period. This has recently been applied at both Wantagh and Seaford stations." I would appreciate the exact date that the spray was applied in both Hicksville and Bellmore since no one that I spoke to could recall such an operation and it would seem that the Long Island Rail Road has been fraudulently treated if payment was made for work not done or for salary time allegedly committed.

In addition, I would appreciate it if you could indicate to me the next date when the repellent will be applied so that I may be present to observe the procedure.

Finally, I would appreciate it if you would inform me of the chemical used, the quantity, the exact location applied and the chemical or company name, since it seems that the solution is literally worthless.

Thank you in advance for your kind cooperation.

Very truly yours,
Frederick E. Parola
Member of
N.Y. State Assembly

Dear Editor:

Here is a copy of a letter that I sent to the Town of Oyster Bay Planning Commission. It reads as follows:

Oct 29, 1979
Town Planning Commission,
TOB

Gentlemen:

It is sad that our elected officials do not have the initiative to stand up and say how property in the Hicksville G-1 Triangle Zone should be developed.

Instead, they circulate a questionnaire with suggestive answers they hope to obtain from the public. No matter what the future outcome, they will eventually say "you asked for it."

The owners of property along Broadway received what the State of New York considered fair and equitable price for their land. The balance of their land should have been acquired at that time, either by the State or the Town of Oyster Bay. In as much as it was not done then-let it be done at this time, either on a voluntary basis or by condemnation. If then becomes public property. On this land should be erected the much needed parking facility (running from the Railroad to Old Country Rd.) This would accommodate the occupants of the remainder of the G-1 Zone- no matter what way it later develops. All other lots in the Triangle Area face the side streets. Let the office buildings, dwellings (single or multiple) follow accordingly.

We, the people of Hicksville elected the members of the Town Board in good faith. We now call upon them to improve the zoning regulations of this area before another eleven years elapse.

Respectfully yours,
Ethel F. Binner
A Resident of
Hicksville since 1916

Tips On Priority Mail

Postmaster Murello explained that the cost for a small package is not much more than Parcel Post and about one-third the cost of overnight services.

For example, a one-pound package sent from New York to Los Angeles costs only \$2.25. A five-pound package mailed coast-to-coast costs only \$4.83. Another advantage, says Postmaster Murello, is that Priority Mail delivers packages everywhere in the United States unlike competitive parcel services which cannot deliver to every address in the country. Through international agreements with over 160 countries, packages can be delivered anywhere in the world.

that mail is delivered. Packages for foreign countries must specify "Air," however.

A wide variety of options such as insurance, C.O.D. and Special Delivery are available for use with Priority Mail.

The Postmaster urged package mailers to specify Priority Mail the next time they have packages that need prompt delivery, but don't justify the high cost of overnight service.

"Of course, if you have a package that has to get there overnight, then Express Mail is probably your answer," the Postmaster pointed out. "And if cost is the major consideration, then the best buy is Parcel Post, especially for heavier packages going long distances."

Awarded Grant

The Hicksville Public Library has been awarded \$4,950.00 in Federal funds from the Town of Oyster Bay. The grant, made possible through the Community Development Act will be used to construct an elevator in the library in order to make the meeting rooms, periodical room and children's library accessible to the handicapped. This project, planned for several years and supported by a number of community groups including the Friends of the Library should be underway soon.

Plans and specifications have been prepared by Mr. Frank Swift of the architectural firm of Scheiner and Swift.

Christmas Gifts Available At Post Office

Sectional Center Manager-Postmaster Anthony M. Murello of Hicksville, N.Y. announced release of the U.S. Postal Service's 1979 Commemorative Mint Set and this year's edition of **Stamps and Stories**, a Postal Service book on stamp collecting for the new collector and the experienced philatelist.

The 1979 Mint Set album contains all the 30 commemorative and special stamps issued by the U.S. Postal Service during 1979 (including the 1979 Christmas Stamps and a description of each). The 1979 Commemorative Mint Set is the latest in a series of annual sets of commemorative stamps released by the Post Office each year just before Christmas. The cover of

the \$5.25 Mint Set features a montage of artwork related to the commemorative stamps. Inside the album are clear strips of acetate in which to mount and protect the collection.

The new full-color 6th Edition of **Stamps & Stories** - The U.S. Postal Service Encyclopedia of U.S. Stamps, is on sale and is priced at \$3.50. The 256-page book relates more than 100 stories about U.S. stamps and is designed to introduce non-collectors to stamp collecting. The book also provides interesting philatelic information such as 1980 market values for the novice and experienced collector. Many of the stories in this new edition are new or have been changed substantially to illustrate a different aspect of an

individual's life or of a significant historical event.

Stamps & Stories also contains information on price trends of selected stamp issues, catalogue numbers and current prices for souvenir pages and commemorative panels, and an index listing every U.S. postage stamp ever issued.

Postmaster Murello also noted that a number of popular topical stamp collecting kits priced at \$2.00 each are available for beginning collectors. The kits feature topics ranging from "The World of Sports" to "Birds and Butterflies" and "Flowers." Each kit also includes a 20 page album, mounting hinges, insert sheets for additional stamps, and a 32-page booklet entitled "The ABC's of Stamp Collecting."

District Testing Programs Discussed

By Linda Strongin

The Hicksville testing program was presented to the general public at Tuesday's meeting of the Hicksville Board of Education. Nearly 130 residents, teachers and administrators heard Assistant Superintendents Dr. Catherine Fenton and Dr. Daniel Salmon explain the various tests given to students last year and the results as it applied to the Hicksville school district.

Dr. Fenton explained the Iowa Test of Basic Skills and presented the results of these tests given to 3rd, 4th, 5th, 6th, 7th & 8th grade students in May. The test measures information learned in vocabulary development, reading, language arts (spelling, capitalization, punctuation, and grammatical usage), and work study skills (graphs and reference materials). Also included is mathematics covering mathematical concepts, problem solving and arithmetic computation.

Results of these tests for each grade level and other test results have been compiled in a booklet, **Hicksville Academic Profile**, which addresses itself to the entire district-wide testing program. Booklets are available at the administration information desk.

Overall, Hicksville students in 3, 4, 5 & 6 grades show a 5 or 6 month lead above the national norm, while in grades 7 and 8 the norm drops to 2 to 3 months.

Dr. Fenton explained that there could be many reasons for the difference in activity between 6th and 7th grade, such as emotional and social environment.

She emphasized that the difference "happens on all levels; county, state and national." She added that the professionals need to look at this problem "to see what we can change."

Dr. Fenton stated that testing was "not just the profile of strength and weaknesses but a look at programs we offer."

Also discussed and interpreted were the PEP tests and scores. The Pupil Evaluation Program is required by New York State of all pupils in grades 3 and 6 in public and non-public schools in New York.

Dr. Fenton defined what is meant by mean average and percentile in relationship to the PEP test scores. For example, in 1978, for grade 3 reading, the average third grader in N.Y. state scored in the 57th percentile, in Nassau County, the average third grader scored in the 68th percentile; and in Hicksville, the average third grader scored in the 74th percentile.

Dr. Fenton stated that these results were "quite a compliment to the parents and teachers in Hicksville."

Additional test results are listed in the **Academic Profile**.

Dr. Daniel Salmon explained

the testing program in the senior high school. He stated that the Basic Competency Test is being phased out and replaced by the Regents Competency Test (RCT) which is more difficult. Students in the class of 1982 must pass the RCT or the Equivalent Regents Exam. Students will be given several opportunities to take the test. The district administered for the first time the math test to 9th graders last June. Dr. Salmon stated that the written examination covering 3 areas will be given in January.

Students in the classes of 1980 and 1981 must pass the Basic Competency Test and must have already done so, according to Dr. Salmon.

Dr. Salmon also discussed the Scholastic Aptitude Test (SAT). This test is used to determine who is eligible for Regents Scholarships as well as for college admissions. The Regents Scholarship exam, which provided the means for awarding Regents Scholarships, was discontinued two years ago.

Dr. Salmon informed the audience that the SATs could be in jeopardy because of the New York law on open testing. The Educational Testing Service, the agency which administers the SAT test, will be required to provide answers to exams to anyone. The agency claims that it cannot keep costs down.

"SAT is growing in large numbers and will probably not be discontinued," Dr. Salmon said. "However, the cost will probably go up."

Current cost for the SAT test is \$8.25 for regular registration; \$13.25 for late registration; and \$20.25 for walk-in registration. For 1, 2, or 3 Achievement SAT tests, given the same day, the cost is \$13.50 for regular registration, \$18.50 for late registration, and \$25.50 for walk-in.

Dr. Salmon concluded his presentation by stating that "standard testing programs are used for assessment, analysis and guidelines for our own programs."

The audience then broke-up for individual school presentations by the principals.

During the brief business meet-

ing, the Board acted on the following:

- Approved the change in title from Administrative Assistant Internal External Relations to Administrative Assistant-Staff Community Relations.
- Vice President John Ayres brought to the Board's attention that they had not approved the job description. Supt. of Schools Dr. Wilber Hawkins stated that in adopting the position it becomes Board policy. Trustee Virginia Germer questioned how evaluations could be done without approving a job description. The discussion also brought out that the old policy book had a job description for all positions. Mr. Ayres continually emphasized that new positions have been created without approving the job description. President Dan Arena authorized Dr. Hawkins to "put together all job descriptions. We will hold an executive session on it next week." The Board will review them; put the item on the agenda; and then formally approve them. Voting no to the change in title were Mrs. Germer and Mr. Ayres.

- Adopted policy No. 010.0. Freedom of Information regulations.

- Authorized the purchase of 245,000 gallons of No. 4 fuel oil at an estimated cost of \$185,196.50 through the N.Y. State Contract. Mr. Ayres asked if this sum was in the budget for this item. Mr. Weigang gave the code number and when asked about a budgetary transfer stated that none had been made at this time. Mr. Ayres continued to ask, "If you don't have the money, where will it come from?" Mr. Weigang stated that the first report on budgetary transfers would be ready a week from this Friday.

- Awarded bids totaling \$33,921.55. This total included \$4,279.72 for office furniture. Voting no was Mrs. Germer. She asked where the office furniture was going and Mr. Weigang stated it was "all for the administration building." This reporter later was told it was for the new conference room. Trustee Fujimoto requested a

Pack 293 Highlights

The Pack held its November Pack Night gathering on November 1st. Officer Ron Bradley of the Nassau County Emergency Services Bureau gave the group a very interesting presentation on the operation of the paramedic units in our community. Officer Bradley hooked up our Assistant Cubmaster Frank Maier to some of the mechanism used to monitor heart cases; he also used Cubs Peter Flynn and Todd Eger to demonstrate how injured parties are moved by stretcher.

Congratulations to the following cubs for their advancement efforts this month: Webelov Peter Flynn, Frank Gagliano and Eugene Reilly; Den 3 cub Eric Niccolis; and, Den 4 cubs Paul Stettner, Robert Cross, Michael Wozniak and Michael Pardi. All the boys in the pack received patches for selling Scout Show booster tickets; the boys are looking forward to visiting the Scout Show to be held at the Mid-Island Shopping Center in Hicksville on November 17th between 10 A.M. and 4:30 P.M.

Pack 293 is recruiting new members between the ages of 8 and 10. The Pack needs a Den Mother as well as additional parents to carry on the work of the pack when the present cubmaster and chairman leave Pack 293 in June, 1980. This Pack has been an active contributor to the Hicksville community for over 20 years, and it will continue for many more years of service provided there are enough "doers" to carry on the program to the boys. For more information about joining the Pack, contact Cubmaster Wes Villazon (433-3742) or Chairman Gerry Flynn (822-7734).

Performing Arts Program

Good things are happening at the secondary schools in the Hicksville School District, and one of them is the current artist-in-residence program for the performing arts. Peter Lesnick, director producer, representing the PAF Playhouse in Huntington, is in the midst of a 10-week program at both the junior and senior high schools. The project is aimed at informing and instruction students in the whys and hows of theatre productions. About 50 youngsters in each school are joining in the fun.

The program is the first of many cultural arts endeavors, hopes Assistant Superintendent for Secondary Education, Dr. Daniel A. Salmon. He and district officials met with PAF representatives early this month to flesh out the idea. PAF sponsors similar programs in other school districts.

In each school, a general group of 50 students works with Mr. Lesnick to learn the techniques of theatre. Of that group, a "core" of 15 will write, direct, produce and stage a theatre production, with the skills they have acquired through Mr. Lesnick's leadership. The general group meets once a week for one and a half to two hours; the core group meets for twice that amount of time. Scheduling is arranged with teacher cooperation.

According to Dr. Salmon, other plans are in the works to expand students' awareness of cultural arts. If the PAF project proves successful, it will be expanded or tailored to suit the needs of the Hicksville School District.

Hicksville American Soccer Club

YANKEES

The under 15 boys (born in 1965) roared to their 10th consecutive victory and their 8th shutout in the last 10 games by defeating the once-feared Huntington Strikers last week at Grumman. The boys have now defeated Huntington three times in succession and have a 6 win, no losses record in League play this Fall. A large contingent of parents and other Hicksville "super-fans" (Ernie Demarco, Joe Neto, Leon Aki) attended the match on a beautiful Sunday afternoon and were certainly not disappointed. A star has to be awarded to the defensive unit for yet another shutout (Gene Tyranski in goal and fullbacks George Maron, Jimmy McGeough and Steve Dolan with Cliff Feldman at sweeper). A lot of hard work was done up front by Jimmy Demarco, John Mitchell, Adrian Pepl (2 goals) and Dave Smyth (1 goal). The boys have now scored 26 goals in 6 games and given up only 3 but coaches Bill Cresham, Pat McHugh and Peter Collins see some weaknesses that have to be corrected before the tough Spring Season. The Yankees have a bye next week but the coaches will be sharpening their skills for a couple of tough games coming up.

The Tigers

By Ann Masters
After travelling to Cold Spring Harbor, the under 10's coached by Stan Greenberg and Tony Schiralli were met by a beautiful

field and great weather. The game started and within the first few minutes Hicksville scored two goals. The first goal was scored when David Nisenon and Gregg Greenberg combined with some good passing to bring the ball to the goal mouth. There was Anthony Schiralli who booted the ball past a surprised goalie. Not long after this, John Dellaratta took a long hard kick toward the goalie where David Nisenon was, to nudge the goal in the net. Cold Spring Harbor then replaced its goalie and the game continued. Despite the strong efforts of halfbacks, Joe Masters, David Haut, Kevin Burke and Marc Diamond in getting the ball to forwards, David Nisenon, Gregg Greenberg, John Dellaratta, Anthony Schiralli, and Howard Schragin, there were no more goals scored. However, the defensive team of Mike Grossman, as quick as ever in racing down errant balls and capturing them away from the opposition, Timmy D'Antuano, Jason Miller, Brian Magree and goalie Timmy Richards kept Cold Spring Harbor from scoring so Hicksville soon headed home with a victory under their belts.

Hicksville Chargers 78 Boys Division B

The Hicksville Chargers, coached by Bob VanSteen, Paul Landman and Bob D'Ambrosio, had their second encounter with the Valley Stream Ruffians on Nov. 4, at Grumman Field. The

final outcome was 2-2 with the Ruffians squeezing out a tie in the last seconds.

The offense was really cooking in the first half, Michael Segal scored the first goal giving the Chargers a quick 1-0 lead. Next, Michael McCarthy with great ball control beat his man then fired the ball into the goal to put Hicksville ahead 2-0 at halftime. Excellent hustle from forwards Ryan McCann, Michael McCarthy and Michael Segal including Scott VanSteen as sweeper along with midfielders Michael Rodriguez, Josh Landman and Kenny Comou kept the ball on the Ruffians' side of the field during the 1st half.

Valley Stream rallied in the 2nd half and constantly bombarded the defense. Fullbacks Todd Bertman, Scott Barer and Mark Micheli made a gallant effort, Lawrence Britvan and Tom Bell played well in halfback positions. Goalie John Beggs made some good saves. The Ruffians managed to score one goal and shortly before the final whistle got their 2nd goal off a deflection.

The Chargers would like to send get-well wishes to Joey Schillan who has been out sick for the past few weeks. His teammates are rooting for him and hoping Joey will return soon.

Boys U 10

By M. Kanuck

Last Sunday, the Hicksville "Grenadiers" hosted the Oceanside "Cheyenne" and defeated them by a score of 5-1. During the first half the "Grenadiers" dominated the play and scored 2 goals. The first goal was the result of a "bullet" by Joe Santarelli which the goalie deflected for a second until Mike Conway homed in on the ball and fired it into the goal. Craig Ench on a steal and a quick break away, scored the second goal in the half. The front line, which included Mike Kowalczyk, and

Chris Kanuck worked the ball very effectively and each played a key role in setting up the goals.

During the second half, the strong defense of Richie Chakrin, Ralph Maresca, Mike Wozniak and Mike Brown played an excellent game as they foiled the opponents efforts and worked the ball forward to the aggressive playmaking halfbacks, Craig Carson, Mike Olive and Brian Doyle. Halfway through the second half Mike Kowalczyk received a pass from midfield and with some fancy footwork booted the ball into the net for the third goal. Mike Olive, who had been switched from halfback position, to the front line, fired a loose ball into the "Cheyenne" goal-making the score 4-0. Craig Ench picked up a pass from midfield and booted in his second goal of the day to add one more goal to the score. With five minutes left in the game, Oceanside sneaked in a goal when the ball took a bad hop in front of the net and resulted in a final score of 5-1. Goalies Kenny Hamel and Brian Doyle played very well.

Next week the "Grenadiers" will put their undefeated record on the line as they travel east to take on the tough Plainview Old Bethpage "Eagles" in what is expected thus far to be the toughest game of the season.

BOYS INTRAMURALS PEE WEE DIVISION By Pat Donohue

TEXAS 1 - IOWA 1 - In the battle of the undefeated, these teams played to a 1-1 standoff in probably the best and most excitingly played game to date. Tremendous goal tending by Rex Germer, supported by fullbacks Troy Pieper and Jimmy Scavo, led to numerous saves against Iowa's forwards and keeping the score to 1-0 at the half. To Texas' credit, the team fought back with constant pressure by forwards

Neil Cambronero, David Kuck and Drew Donohue, finally tying the game on Bobby Ladimir's goal. A final mention to the remaining members of both teams: "The game was well played".

UTAH 5 - HAWAII 2 - Utah's Jason Carmon scored 4 goals (this season's record) and John Tapler scored 1 goal leading their team to their second win in a row. Outstanding play by goalie Rich DeRosa helped Utah retain the lead. Hawaii's goals were scored by Kenny Peskin and Mike Markowitz. The defensive line, led by Matt Greenspan, John Pease and Kevin O'Hea, played an extremely tough game.

MARYLAND 2 - WYOMING 0 - Maryland's offensive line, led by Brian Levine and Garit Nijboer succeeded in keeping the ball down near Wyoming's goal, having ample time to score. Backed by the excellent play of Danny McGoey, Kevin Watson and fullback Stephan Weterling, Maryland managed to keep Wyoming from having any successful shots on goal.

BANTAM DIVISION - The Roughnecks displayed excellent offensive skills in their victory over "The Force". Jason Farkas led the scoring with 2 goals while Bill Sullivan, Gary Tennenbaum and Adam Seidman contributed 1 each. Force from a corner kick and Rich Mazzara and John Schaeffer played outstanding defense for the Force.

CUMMINGS 'N GOINGS

By Jim Cummings

ITS ROPER TIME: This Saturday evening, Pat Roper and Tommy Doyle will be in person to provide the traditional Irish and American music for the 21st Annual Ball of the Commodore John Barry Division Eleven, Ancient Order of Hibernians, to be held at the Joseph Barry Council, Knights of Columbus Hall, Heitz Place, Hicksville commencing at 9 P.M. according to Chairman John Hart - a sellout crowd (mention Pat Ropers' music and that does it) is expected. The Hibernians of

Hicksville, the "Division of the Green Berets" is strong in membership and community activities under the leadership of its president, John Steele, and was the recipient of the 1979 "Irish Echo" trophy as the best AOH unit in the St. Patrick's Day Parade - and why not we were.

GRANDPARENTS: The McGeary household in Bethpage will be a busy one in the weeks to come and Tom and Peggy McGeary ready for not one, but two christenings. On October 15, their daughter Kathleen and husband, Steve Lucerna, of Huntington, became the proud parents of a son, Brian Michael, born at Syosset Hospital and weighing in at 11 pounds, 4 oz. and a week later of October 24, her daughter, Maureen and husband, Thomas Hoyt, of Bethpage became proud parents of a daughter, Kristen, born at Nassau County Medical Center arriving at 7 pounds, 2 oz. We hear that Tom is practicing nightly on his Irish accordion in readiness for these

grand events - in addition, his wife, Peggy, was the top vote getter on the first slate run by the Right To Life Party in the Town of Oyster Bay.

GOOD NEWS: Assemblyman Philip B. Healey (R-C) of Massapequa will sponsor legislation with Senator John Flynn (R-C) of Westchester in Albany to obtain grants for Irish cultural and education programs - as this information becomes available we will advise. Thanks to Assemblyman Healey, who met months ago with John Sugrue, Martin Gannon and your reporter up in Albany to set this date in motion.

IN BRIEF: Holy Family Players and the Peggy O'Connor School of Dance will present "The Year of the Child"

on December 6 at the Hicksville Community Council, meeting to be held at the Hicksville Library at 8:30 P.M. Long Island Birthright will hold its annual Benefit Boutique at Levittown Hall, on Saturday, November 24 from 10 AM to 4 PM. A recent visitor to our community was Father George Wanser, (Society of Jesus) from San Diego on a visit with his mother, Mary Wanser, of Levittown. December 14 is the Christmas Party of the Irish American Club of the mid-island area, we are told by its president, Bob Reynolds. Did you know that the Catholic population on Long Island continues to rise and during the past year climbed to over 1,028,653. Sir Knight James Carroll, past grand knight of the Joseph Barry Council, Knights of Columbus will chair the Assembly's Past Faithful Navigator's Testimonial to Sir Knight George Rapley - the affairs will be held December 14 at the Oyster Bay Council.

CAN IT PLEASE: The Annual Collection by the Joseph Barry Council, Knights of Columbus and its committee continues this week and we ask you to cooperate by bagging some of the canned goods you may have at home and drop them off at the Council - 45 Heitz Place, Hicksville this weekend - the committee plans distribution to needy families on Saturday, November 17.

CONGRATULATIONS: To all the successful candidates in the

Town of Oyster Bay - the public's confidence in our elected officials was strongly expressed on Election Day - to Supervisor Joe Colby and the members of the Town Board continue the good work.

HAPPY BIRTHDAY: To my son, Kevin, who will celebrate his 17th on Monday, November 12th - many happy returns - save Dad some of that cake.

AHRC Meeting

Association for the Help of Retarded Children (AHRC) Levittown-Hicksville-Wantagh Auxiliary will hold its next monthly meeting at Levittown Hall on Monday evening, November 12th at 8:30 P.M.

RIF Distribution At Lee Ave.

costume contest to be held next. On October 10, many storybook characters paraded across the stage, each one telling a little about themselves. The children were wonderful and the costumes great. Winners from each grade were Nancy McGuinnis as Princess Lea, Danny Hubo as Robin Hood, Stacie Berger as Paddington Bear, Karen Cimino as Christopher Robin, Vicky Alvis as Raggedy Ann and Laura Hecker as Aladdin.

Other events included a terrific sixth-grade talent show and a visit by Mrs. Muller of the Hicksville Public Library who entertained the children with some marvelous stories. On October 11 - National RIF Day - the second book distribution took place with every student choosing their own book to read, and, as rumor has it, already anxious to "swap" with a friend and read another.

breakdown of "where and what" on this item.

Approved various personnel action including the appointment of Mr. Richard Hogan as Chairperson of Department, Health and Physical Education, Jr. Sr. High School. Previously, Mr. Hogan had been Director of Athletics, but the Board abolished the position at a previous meeting.

The Board also received the proposed Board policy on the Open Meetings Law which will be submitted for discussion and adoption at subsequent meetings. Secretary Bill Bennett explained the proposed policy and some of the terms such as executive session and meetings. Also, the com-

duct of executive sessions was explained. Mrs. Germer asked when an executive session could be called and Mr. Bennett stated they can be called at any time.

School Board attorney Joseph Campenella added that "every meeting must start as an open meeting and then a vote to go into executive session must be taken. The reason for the executive session must be stated." The reasons must be specific and cannot be "for personnel matters."

Mr. Bennett stated that voting on this proposed policy would be on the agenda for Dec. 12.

The next meeting of the Board of Education is scheduled for November 14, 8:15 p.m. at the administration building.

Operation VFW By Lou Palladino

At the last VFW National Convention, they voted on having a Political Action Committee. It's not that we decided to get into politics, no way. We will have no party affiliations. What we will do is keep score on those elected and let everybody know who votes for and against the Veteran. Many of these public figures are too young to know about us, so all the benefits that were promised to the Veterans of W.W.2, Korean, and Viet Nam, they are trying to take away from us. As a matter of fact they want to combine the Veterans with the Welfare, and eventually we will be classed in the same category. This must be stopped. The Veterans do not deserve such an indignity. Remember we are not getting into politics, we will just keep a check on them and see they do right by us.

The Satellite program at our Post is held every Wed. and Fri. from 8:00 AM to 1:30 PM, every week. For those of you not knowing what this program is about it's for the out patients of Northport Hospital. There are doctors in attendance to perform their particular specialties, and the medication is also taken care of. This is to save the patients the trouble of travelling all the way to Northport if they live in the vicinity of Hicksville. The program has been in existence for quite some time and were looking for a new location, and our Post was offered.

JHS Battle of the Sexes

The annual ninth grade Battle of the Sexes at Hicksville Junior High School has been scheduled for Friday, November 16, at 7:30 PM in the boys' gymnasium. About 70-80 ninth grade boys and girls are expected to participate in the fun.

The yearly competition is run for the benefit of the Association for the Help of Retarded Children (AHRC), and proceeds of tickets will go directly to the organization. A presentation will be made immediately following the competition. The junior high expects to present a \$500 check to the AHRC.

Tickets for the sports event are \$1 and may be purchased at the door.

still moving along very well. Veterans are being placed in jobs well suited for them. It must be a pretty good program, because the Veterans Employment program which is headed by Max Cleland's office was interested enough to send the director to pay a visit and get the facts. He was so impressed he asked why more Veterans Organizations don't go into it also, and why the National VFW wasn't notified. He was told they did know and that National gave us a first place Trophy for the program. Our director Joe Normandy gave Max Cleland all the information he had and sent him to Washington to help us.

Our Oktoberfest is set for Nov. 10th. Our last Oktoberfest was a great success, and I'm sure you will have a good time again. See Frank Lott for your tickets, they are \$16.50 per person. We have to limit the tickets, so it will be first come first serve.

An Islander Hockey game is being planned by Mike Moneleone, so when you get your notice get your reply in as soon as possible so your youngsters don't get shut out. After all a bus can only hold so many kids.

Joan Chwalisz is in Central General Hospital, a card would be nice to send her. Get well soon Joan.

Oh yes, my "Roast" was a huge success. Of course I am being prejudiced, but I was thrilled and it was a night I will never forget. Gosh it was Wonderful.

Lucky winner at the last meeting was that young tiger Howie Bergerson. Oh well next time maybe will be my turn.

Return of the Great Pumpkin

The children of Hicksville were treated to a safe evening of Halloween fun on Wednesday night, October 31 when Help-Aid-Direction sponsored their second annual Great Pumpkin's Halloween Party. The party was held in cafeteria "A" of the Hicksville Junior High School, and was provided free of charge to Hicksville children and their parents.

The party was a great success, with a menagerie of costumed children having the time of their lives. The party started with a grand Parade of Costumes, led by the Great Pumpkin, following which prizes were awarded for the funniest, scariest and cleverest costumes. There was also a big game of Simon Sez, led by HAD Board members Larry Schwartz and Mike Curley. Mike also donated his time, talents and the use of his sound system for the evening's musical entertainment, and acted a deejay for the Pumpkin Disco. The Great Pumpkin returned later to pick the children with the cutest and most original costumes, and finally, the best costumes of the evening.

It is only fair to say that the party could not have been the great success it was without the generous support of many volunteers and donors. Foremost among the volunteers were members of the HAD Board of Directors and students from

HAD received generous donations of refreshments and prizes from the following community-minded merchants: Pergament's, Pathmark, Bethpage Carvel, Zip's, Grandma's Donuts, Plainview Dunkin' Donuts, Brooks Stationary, Ground Round, Super Stuff, Flakowitz Bake Shop, Tropical Showcase Aquariums, Mid-

HAD appreciates all the support it has received, and looks forward to continued support and participation in future projects.

How Inflation Adds

(Continued from page 3)

Kemp-Roth tax reduction plan will allow American taxpayers to keep for their own needs some \$36 billion of the money they now shell out to the Internal Revenue Service each year.

The Census Bureau's "Compendium of Government Finances" is a sorely needed spotlight on the two worst problems our families face: constantly rising inflation, constantly increasing federal taxes.

We've got to put the brakes on both before it's too late.

The best way to do that is with the sensible Kemp-Roth program of tax relief and a balanced budget.

FASHIONS, FOOD ENTERTAINMENT A seductive combination that takes away forms and varieties, each providing for a startling assortment of condition which manually manifest themselves for one's enjoyment. With this feeling in mind, it isn't too difficult for me to conjure up thoughts about the new Fashion Show to be presented by the Galileo Lodge, under the guidance and supervision of the Ladies Auxiliary. About this time, I would imagine, you are probably asking yours if what's so exciting or special about this forthcoming Fashion event. Well, why don't we proceed to the plus features that you will encounter.

Consider the excellent cuisine which will consist of stuffed shells and meatballs, salad, coffee and cake, beer, soda, set-ups, etc.; consider the entertainment provided by Richard Lagnese and his musical varieties and talents; and consider the startling array of 'in vogue' fashions for women, right out of the stylish world of Naffy, and the 'in fashions' for boys, women and men from the Korvettes clothing chain, but, most of all, consider another important feature of this Fashion Show, which is the price of admission \$7.00 per person. In the final analysis, then, how can you afford to miss this Fashion event?

And think of the charming people who will help you with ticket sales, seating arrangement or other details concerning the program, and, namely, they are Lillian Misturini, the Chairlady, who can be reached by dialing 681-5088, and Mary Monteforte, the co-Chairlady, who can be reached at 938-3158. Men are

cordially invited to attend, and there are two added notes, which are that the Fashion Show will start at 7:00 P.M. and that "bring your own liquor" policy will be in effect for this activity.

On December 1, the Galileo Lodge will present its Christmas Dance which will be chaired by Tony Previte. On Sunday, the 16th of December, the Galileo Lodge will offer its two Christmas parties, and for the handicapped children of Hicksville and its adjacent areas, the other one will be for the children of the membership. These two events are so emotionally-packed, heart-warming and enjoyable that any other description would certainly do no justice to them. Jim Rerisi will chair these events. Then, on Saturday, the 22nd of December, in a manner con-

sistent with its determination to please the Galileo Lodge will offer to its membership an affair that is aptly called Member Appreciation Night. The title is self-descriptive, but it also seems that the Lodge will 'pick up the Tab' for the evening, as every member should make a effort and partake of their organization's hospitality. Last but not least, I might add, that on Monday, December 31st, the Galileo Lodge will present its fabulous New Years Dance and Party. So, putting all this into proper focus, I can only state that the month of December looms as one that will certainly drive away the 'hardness' of Winter. Keep tuned to this column for more details concerning these enjoyable activities.

There was great rejoicing recently at Willet Avenue School, Hicksville. Speech therapist Betty Banya and fifth grade teacher Nicholas Monfredo were married at a beautiful nuptial

Mass in Our Lady of the Blessed Sacrament Church in Bayside. Teacher Roselyn Katz presents Nick and Betty with a Wedgwood casserole on behalf of the Willet Avenue faculty.

You'll be happy to hear that Mella Burke has recuperated from her recent surgery. In fact, Mel is feeling so well that she has returned to work. Gene, her husband, is relieved and delighted that Mel is well and healthy once again.

Congratulations to newlyweds Patricia Zringlis and James Rogan. Pat and Jim were married on September 15 at St. Dominics in Oyster Bay. Pat's mother and father are Mr. and Mrs. Anthony Zringlis of Syosset. Jim is the son of James and Mary Rogan, HICKSVILLE. The bride and groom honeymooned in California and Las Vegas. Both are former graduates of St. Dominics H.S.

Heard that Frank Jopp "tripped" the lights fantastic quite literally. It seems Frank had hurt his leg bowling. A few days later he was seen at a local cocktail party limping quite badly. However, his lovely wife, Betty, insisted his bad leg would improve if he danced. And do you know - she was right. By the time the evening of dancing was over, Frank said his leg was fine.

Happy anniversary to Mr. and Mrs. Murray Margolis who celebrated their 40th wedding anniversary on October 22. We wish you many more years of sharing and caring with each other. Congratulations.

A family party was held for Barbara Bardenhagen by her parents, Marge and John, and her brothers, Johnny and Tommy, and, of course, her sister, Janet. The Bardenhagens have lived in Hicksville for many years and the kids all attended our local schools. Best wishes, Barbara.

Dolores Cianciaruso had a lovely trip to Las Vegas with some women friends. (Her husband, Mike, couldn't take time off from the office to accompany her.) Dolores returned home ten pounds lighter and \$100 per pound poorer, said Mike. Methinks next time, Mike, you'll somehow manage to accompany Dolores on her trip.

Congratulations to Gussie and Bill Schaefer of HICKSVILLE on their 45th wedding anniversary.

On Nov. 8 Gussie and Bill have lived in Hicksville since 1948. They celebrated their anniversary at the Grand Hotel and Country Club in the Catskills. Bill is an active member of the Long Island Banjo Society. He played with his group at the Jones Beach Theatre this summer and also at other charitable events.

Congratulations to Thomas and Ina Keity of Jonathan Ave., HICKSVILLE. On the recent birth of a daughter, Tara Jane. The little miss made her arrival at Down State Medical Center, weighing 8lb. 1oz.

Little Laura Elizabeth Fitzsimmons celebrated her very first birthday on Sat., Nov. 3. Her happy parents and brother, Teresa and Kevin Fitzsimmons, and 5-year old James, gave a lovely birthday buffet at their home in HICKSVILLE. James was a gracious mini-host, passing out cookies when he wasn't playfully shadow-boxing with his godfather, Jim Fitzsimmons, or viewing a toy with his uncle Ray Bonazzi. All thirteen present had a wonderful time, including both sets of doting grandparents, Doris and Jim Fitzsimmons and Irma and Louis Viarengo of HICKSVILLE. Laura had a good excuse to miss her usual nap. Happy Birthday, Laura, and best wishes for many more.

Hal Mayer, III, has reached the Half-way point in his young life. He was six months old on October 27. His parents, Carole and Hal, are so proud of their offspring. We can just imagine the festivities they will hold in honor when he reaches his first birthday.

Have you wondered who the "up, and coming" young golfer is who frequently plays at Canteague Park? Well, we found out it is 13-year old Michael Magee of HICKSVILLE. Michael lives with his parents, Dolores and Joe and attends our local school. His dad, Joe, told us Michael missed a "hole-in-one" by two feet. (But remember, Dad, a miss is as good as a mile.) Mike, we assure it won't be too long till you accomplish this feat, and when you do, let us be one of the first to know so we can acknowledge it in this column.

A Christening was held in Huntington on October 27 for Moira Convey. Moira was born September 28 to Dolores (nee Dolan) and Mike Convey. Moira's grandparents, Rosemary and

Gene Dolan of W. Nicholas Street, Hicksville, were present for the Christening and for the party that was held following the ceremony. Regina and Suzie Dolan, Moira's aunts and Dolores' sisters, flew up from Washington, D.C. for the occasion. It was a warm family gathering that convened for this special event.

More about grandchildren: Mildred Bernert, HICKSVILLE, had her fifth grandchild, Jessica, via Debra and Thomas Bernert. Jessica was born on October 12 in Evanston, Ill. where her parents reside. Although she was born three weeks early, Jessica weighed 7 lbs., 5 oz. Congratulations you all.

Over in Levittown on October 17, Jennifer Lynne arrived to her parents, Elizabeth and William Fitz. Jennifer Lynn weighed 8 lbs., 3 oz. at birth. She is the first grandchild of Henrietta and Frank Hess, and the fifth grandchild to Maria Siemens, HICKSVILLE. Best wishes to baby, her parents and grandparents.

There was a "cause celebre" at the Frech household. The occasion was Bill Frech's October 23 birthday. Bill's wife, Anita, and daughters, Kathy and Nina, took Bill out for dinner to celebrate his special day.

Marie Bergin has returned home to HICKSVILLE from Tulsa, Oklahoma. Marie babysat with her two granddaughters while her daughter, Debbie, and her son-in-law, Tony Nobile, took a vacation trip to Mexico to celebrate their wedding anniversary. Marie enjoyed the time she spent with Allison (6 months) and Melissa (12 years). Her husband, Tom, was unable to take the off from work to accompany Marie to Oklahoma.

The "Boys from HICKSVILLE", Nick Caruso, Bill Gannon and John Ahearn, will be in Binghamton, N.Y., for a N.Y.S. Young Republican meeting shortly. Nick is Ithaca J.D. Director, representing Nassau and Suffolk County. Nick is very active in this organization and his dynamic personality makes him quite popular amongst his friends.

Diane Crump, who raced at Hialeah on Feb. 7, 1969, became the first woman jockey to ride at a U.S. parimutuel track.
