## Private Sector Job Training

Thirty Nassau residents — some of them former welfare clients and all of them eligible to be hired as private employees under the federal Comprehensive Employment and Training Act (CETA) program — are undergoing training for sheet metal and machinists' jobs in private industry.

"It's the first step in a long-range program designed to take CETA employees out of dead-end public sector jobs and place them in permanent jobs in the private sector," Nassau County Executive Francis T. Purcell said.

The 30 trainees are the first beneficiaries of a \$774,836 federal demonstration program grant being jointly administered by the Nassau Office of Employment and Training and the county's Consortium Private Industry Council.

Under a contract signed last

month, the trainees are receiving industrial classroom instruction from the Sheet Metal Workers' Union Local No. 55 and the Lubow Machine Company in Copiague. Each trainee who completes the six-month program has a guaranteed job with a participating company.

The 28-member private industry council, appointed by Purcell last year, is composed of representatives of large and small business firms, organized labor and community-based organizations. Howard Bursch of Garden City, division staff manager for the New York Telephone Company, is chairman of the Council. By maintaining close links with the business community, the council hopes to develop additional training programs that will equip CETA workers with the skills needed for specific jobs with specific companies.

## Old Bethpage Resident To Participate In ORT Mission

Mrs. Phyllis Weiss of Old Bethpage, President of the South Nassau Long Island Region, will leave shortly to participate in the 1980 Women's American ORT national overseas delegation. The delegation's members, comprised of ORT leaders from across the country, will inspect the progress made in ORT schools in France, Morocco and Italy and assess the future needs of these programs.

Mrs. Beverly Minkoff of Rockville Centre, who was recently elected National President of Women's American ORT and who will lead the delegation, said that: "Our mission will study the problems that ORT faces abroad in its top-caliber school systems

in order to broaden and expand our operations — but also to relate what we learn overseas to the agonizing problems in education that we face in our own country. Our experience overseas over the past century has invaluable applications on the American educational scene."

ORT, the vocational and technical education program of the Jewish people, has provided more than two million persons with modern skills since it began operations in 1880. Today, ORT spans the world and has an annual student enrollment of 100,000.

For further information about ORT, please call 393-2544 between 9AM and 2PM.

## IRS Tips

**IRS SAYS:** If you use the peel-off address label and coded envelope that come with your tax package, you won't trigger an audit of your tax return. What you will do is help speed up the processing of your tax return because the label and envelope coding saves IRS time in identifying taxpayers and handling the forms they file.

**IRS SAYS:** Internal Revenue does not select the same taxpayers for a tax audit year after year. In fact, it makes a special effort to see that a taxpayer is not audited two years in a row on the same issue, if there was no change the first year.

**IRS SAYS:** The type of tax form—the 1040 or 1040A—you use to file your tax return doesn't determine the tax you pay; your circumstances do. The tax tables you use to find your tax are the same whether you use the long (1040) or short (1040A) form.

**IRS SAYS:** It is possible to solve a tax problem with IRS. If your initial attempts to do so are unsuccessful, simply contact the Problem Resolution Office. PRO serves as an ombudsman who works for a quick solution to a taxpayer's problem situations. Just call the IRS taxpayer assistance phone number. You will get the help you need.

May 1980 Run: American Heart Association Volunteer team plan strategy for the 2nd Annual Run For Life Day to be held, May 10, 1980 at Jones Beach State Park. (l. to r.) John E. McDermott (Glen Cove) Chairman of the Board of the American Heart Association Nassau Chapter, John B. Manly, Jr. (East

Meadow), Philip Proctor (Merrick), (standing) Frank Kollar (Wantagh). McDermott stated "There will be a choice of two runs, 5,000 meters and 15,000 meters. This is a fun run for the entire family."

For information call Nassau Heat 741-5522.

## Nassau's Bright Future

All the presently undeveloped County-owned land at Mitchell Field will be committed by 1982, according to Nassau County Executive Francis T. Purcell.

Speaking at the L.I. Downtown Breakfast at the Hofstra University Club, he further painted to the bright future of the Nassau County Veterans Coliseum under the new operation by the Hyatt Management Corp., successful operators of the Superdome in New Orleans; the impending construction of the new Marriott hotel, larger than originally planned; and the impressive beginnings of the Cradle of Aviation Museum.

Purcell predicted that the commercial, entertainment, and

cultural expansion of facilities and activities at Mitchell Field would provide a beneficial economic fallout for Hempstead and other neighboring communities in the central Nassau area.

He added that such factors as a high quality labor pool, attractive beaches and parks, pleasant atmosphere for living and working, and a generally peaceful racial situation continue to attract new residents and new business. He also mentioned that Nassau has the finest medical services anywhere, and 18-member committee is coordinating emergency medical services with great success, and the welfare caseload is the lowest in 12

years.

Environmental projects, he said, include maintenance of 1,900 acres of watershed properties, formerly part of the N.Y.C. water system; construction of a pilot waste water recharge basin at Cedar Creek with 75 percent federal funding as a means of replenishing the local water table; and construction of the first government building largely heated by solar energy.

Purcell also pointed to a record yield on investments, a 20 percent reduction in the auto fleet, and a reduction of 1,000 in the work force as contributing to a 24-cent reduction in the County General Tax in the past two years.

## The Property Tax: An Overview

By James P. Short  
Director of Business,  
West Hempstead UFSD

The real property tax is the oldest, most important source of revenue for local governments in New York State. It is estimated that in 1978-79 more than \$8.6 billion was collected through the property tax, as compared to \$4.9 billion in state personal income tax and \$3.9 billion in state and local sales tax. In fact, the property tax produces approximately the same amount of revenue as the state personal income tax, the state sales tax and all state business taxes combined.

Today, school districts are the principal users of real property tax revenues — about 55 percent of all property tax dollars collected outside of New York City are used to support primary and secondary education. Counties collect about 24 percent of the total property tax revenues and the remaining 23 percent is shared by cities, towns, villages and special districts.

Excluding New York City, the amount of the real property tax levy for school purposes increased by 54 percent in the six years from 1972 to 1978, while levies for all other purposes increased by 70 percent over the same six years.

In 1975, in Hellerstein v. Assessor of the Town of Islip, the Court of Appeals ruled that Section 206 of the Real Property Tax Law requires that all real property be assessed at its full value and ordered the Town of Islip (and all municipalities by implication) to assess at full market value. With this landmark ruling came hope that the historic property tax inequities in New York State could finally be corrected, be-

cause assessing all property at full value eliminates assessment inequities both within and among taxing jurisdictions.

In 1977, the legislature responded to the problems faced by local assessing units by enacting a comprehensive program for improving assessment administration. As an incentive to localities to implement a full value assessment administration program, the legislature approved Article 15-B of the Real Property Tax Law. This law directs the State Board of Equalization and Assessment to establish rules and regulations for a full value real property tax administration system and to provide technical services to any assessing unit implementing such a system.

In the same year Section 306 of the Real Property Tax Law was amended to allow any locality actively implementing a full value assessment program a reasonable time within which to satisfy the full value requirements of this section, as upheld by Hellerstein. This amendment prevents any court from ordering such a municipality to complete the reassessment of all property before 1981. However, any assessing unit not actively implementing a revaluation can be ordered by a court to convert to full value assessments prior to 1981.

In June 1978, the State Supreme Court in Nassau County ruled in Levittown v. Nyquist that the method of financing education in New York State is unconstitutional. However, the Court emphasized that this conclusion does not imply that the use of the real property tax to help support school finances is unconstitutional. Indeed, because the property tax produces more than

\$4.5 billion annually for schools, it will be virtually impossible to find an alternative revenue source for schools and thus the property tax is likely to be used for educational finance for many years.

The legal standard for assessment has always been the full market value of a property and buildings. The concept is that if a property is appraised as being "worth" \$50,000 on the open market, then it should be assessed at that value and taxed on the basis of that assessment. However, until 1975 the courts historically did not enforce the full market standard for assessments, leaving assessors to apply whatever standard of assessment they chose.

A great deal of progress has been made in the program to eradicate assessment inequities. Of the 992 towns and cities in the state, 134 had utilized the State Real Property Information System to achieve full value assessments by June 1, 1979. Approximately 300 were in the process of conducting revaluations, and about 200 were in the planning stages of launching full value assessment programs. Thus, more than two-thirds of the municipalities are well on their way to correcting the historic assessment inequities which have plagued New York's property tax administration for decades.

With all of this revaluation activity it may be that our school district will some day levy its taxes on assessment rolls which have been converted to full value. When, and if, this does happen, taxpayers must remember that full assessment and tax rates are intertwined factors: when assessments are raised, tax rates will be adjusted accordingly.

## PTA Legislation Seminar

The Nassau Long Island District PTA's annual Legislation Seminar will be held on Saturday, January 26, from 9:00 A.M. to 1:00 P.M., at the Mattlin Middle School, Washington Avenue, Plainview.

Concerns in the area of Special Education will be discussed in a panel entitled "Special Education Classifications and Standards Project - Impact on our Schools". Panelists include: Dr. Robert Guarino, Director of Division of Supervision, Education of Handicapped Children; Mr. Seymour Weiner, President of New York State School Boards Association; Mr. Paul Rubin, NEA President; Mr. Robert Molloy, President of the Nassau County Association of Chief School Administrators and Superintendent of Elmont School

District; Assemblyman Armand P. D'Amato from the 18th Assembly District in Nassau County; and Mr. Marvin Fretwell, New York State PTA Special Education Chairman.

Following the panel, two workshops will be held to discuss aspects of School Finance and Juvenile Protection. Mr. Dale Hickam, Research Liaison for the Education Commission of the States will speak regarding the Governor's Special Task Force on Equity and Excellence in Education in the School Finance workshop. Mr. Stanley Abrams, recently retired Superintendent of the Middle Island School District in Suffolk County, and New York State PTA's School Governance Chairman will also participate in this workshop. Barbara Grumet from the New

York State Council on Children and Families will lead discussion in the Juvenile Protection workshop. Most of Nassau County's State Senators and Assemblymen will be present at the Seminar and will participate in these workshops.

For registration information, call 795-3691. The registration fee is \$3. In the event of inclement weather on January 26, tune to WGBB or WHLI.

## Around East Meadow

Daniel Maffettone, grandson of Frances Maffettone of Midvale Ave., EAST — MEADOW, celebrated his birthday on Dec. 12. Happy birthday, Daniel, Mrs. Maffettone's son, Louis and his wife, Pat, celebrated their wedding anniversary on Jan. 8.

## CUMMINGS 'N GOINGS

By Jim Cummings

## Private Sector Job Training

Thirty Nassau residents — some of them former welfare clients and all of them eligible to be hired as private employees under the federal Comprehensive Employment and Training Act (CETA) program — are undergoing training for sheet metal and machinists' jobs in private industry.

"It's the first step in a long-range program designed to take CETA employees out of dead-end public sector jobs and place them in permanent jobs in the private sector," Nassau County Executive Francis T. Purcell said.

The 30 trainees are the first beneficiaries of a \$774,536 federal demonstration program grant being jointly administered by the Nassau Office of Employment and Training and the county's Consortium Private Industry Council.

Under a contract signed last

month, the trainees are receiving industrial classroom instruction from the Sheet Metal Workers' Union Local No. 55 and the Lubow Machine Company in Copiague. Each trainee who completes the six-month program has a guaranteed job with a participating company.

The 28-member private industry council, appointed by Purcell last year, is composed of representatives of large and small business firms, organized labor and community-based organizations. Howard Purcell of Garden City, division staff manager for the New York Telephone Company, is chairman of the Council. By maintaining close links with the business community, the council hopes to develop additional training programs that will equip CETA workers with the skills needed for specific jobs with specific companies.

## Old Bethpage Resident To Participate In ORT Mission

Mrs. Phyllis Weiss of Old Bethpage, President of the South Nassau Long Island Region, will leave shortly to participate in the 1980 Women's American ORT national overseas delegation. The delegation's members, comprised of ORT leaders from across the country, will inspect the progress made in ORT schools in France, Morocco and Italy and assess the future needs of these programs.

Mrs. Beverly Minkoff of Rockville Centre, who was recently elected National President of Women's American ORT and who will lead the delegation, said that: "Our mission will study the problems that ORT faces abroad in its top-caliber school systems

in order to broaden and expand our operations — but also to relate what we learn overseas to the agonizing problems in education that we face in our own country. Our experience overseas over the past century has invaluable applications on the American educational scene."

ORT, the vocational and technical education program of the Jewish people, has provided more than two million persons with modern skills since it began operations in 1880. Today, ORT spans the world and has an annual student enrollment of 100,000.

For further information about ORT, please call 583-2544 between 9AM and 2PM.

## IRS Tips

**IRS SAYS:** If you use the peel-off address label and coded envelope that come with your tax package, you won't trigger an audit of your tax return. What you will do is help speed up the processing of your tax return because the label and envelope coding saves IRS time in identifying taxpayers and handling the forms they file.

**IRS SAYS:** Internal Revenue does not select the same taxpayers for a tax audit year after year. In fact, it makes a special effort to see that a taxpayer is not audited two years in a row on the same issue, if there was no change the first year.

**IRS SAYS:** The type of tax form—the 1040 or 1040A—you use to file your tax return doesn't determine the tax you pay; your circumstances do. The tax tables you use to find your tax are the same whether you use the long (1040) or short (1040A) form.

**IRS SAYS:** It is possible to solve a tax problem with IRS. If your initial attempts to do so are unsuccessful, simply contact the Problem Resolution Office. PRO serves as an ombudsman who works for a quick solution to a taxpayer's problem situations. Just call the IRS taxpayer assistance phone number. You will get the help you need.

May 1980 Run: American Heart Association Volunteer team plan strategy for the 2nd Annual Run For Life Day to be held, May 10, 1980 at Jones Beach State Park. (L. to R.) John E. McDermott (Glen Cove) Chairman of the Board of the American Heart Association Nassau Chapter, John B. Manly, Jr. (East

Meadow), Philip Proctor (Merrick), (standing) Frank Kollar (Wantagh). McDermott stated "There will be a choice of two runs, 5,000 meters and 15,000 meters. This is a fun run for the entire family."

For information call Nassau Heart 741-5522.

## Nassau's Bright Future

All the presently undeveloped County-owned land at Mitchell Field will be committed by 1982, according to Nassau County Executive Francis T. Purcell.

Speaking at the L.I. Downtown Breakfast at the Hofstra University Club, he further pointed to the bright future of the Nassau County Veterans Coliseum under the new operation by the Hyatt Management Corp., successful operators of the Superdome in New Orleans; the impending construction of the new Marriott hotel, larger than originally planned; and the impressive beginnings of the Cradle of Aviation Museum.

Purcell predicted that the commercial, entertainment, and

cultural expansion of facilities and activities at Mitchell Field would provide a beneficial economic fallout for Hempstead and other neighboring communities in the central Nassau area.

He added that such factors as a high quality labor pool, attractive beaches and parks, pleasant atmosphere for living and working, and a generally peaceful racial situation continue to attract new residents and new business. He also mentioned that Nassau has the finest medical services anywhere, and 18-member committee is coordinating emergency medical services with great success, and the welfare caseload is the lowest in 12

years.

Environmental projects, he said, include maintenance of 1,900 acres of watershed properties, formerly part of the N.Y.C. water system; construction of a pilot waste water recharge basin at Cedar Creek with 75 percent federal funding as a means of replenishing the local water table; and construction of the first government building largely heated by solar energy.

Purcell also pointed to a record yield on investments, a 20 percent reduction in the auto fleet, and a reduction of 1,000 in the work force as contributing to a 24-cent reduction in the County General Tax in the past two years.

## The Property Tax: An Overview

By James P. Short  
Director of Business,  
West Hempstead UFSD

The real property tax is the oldest, most important source of revenue for local governments in New York State. It is estimated that in 1978-79 more than \$4.5 billion was collected through the property tax, as compared to \$4.9 billion in state personal income tax and \$3.9 billion in state and local sales tax. In fact, the property tax produces approximately the same amount of revenue as the state personal income tax, the state sales tax and all state business taxes combined.

Today, school districts are the principal users of real property tax revenues—about 53 percent of all property tax dollars collected outside of New York City are used to support primary and secondary education. Counties collect about 24 percent of the total property tax revenues and the remaining 23 percent is shared by cities, towns, villages and special districts.

Excluding New York City, the amount of the real property tax levy for school purposes increased by 54 percent in the six years from 1972 to 1978, while levies for all other purposes increased by 70 percent over the same six years.

In 1975, in *Hellerstein v. Assessor of the Town of Islip*, the Court of Appeals ruled that Section 306 of the Real Property Tax Law requires that all real property be assessed at its full value and ordered the Town of Islip (and all municipalities by implication) to assess at full market value. With this landmark ruling came hope that the historic property tax inequities in New York State could finally be corrected, be-

cause assessing all property at full value eliminates assessment inequities both within and among taxing jurisdictions.

In 1977, the legislature responded to the problems faced by local assessing units by enacting a comprehensive program for improving assessment administration. As an incentive to localities to implement a full value assessment administration program, the legislature approved Article 15-B of the Real Property Tax Law. This law directs the State Board of Equalization and Assessment to establish rules and regulations for a full value real property tax administration system and to provide technical services to any assessing unit implementing such a system.

In the same year Section 306 of the Real Property Tax Law was amended to allow any locality actively implementing a full value assessment program a reasonable time within which to satisfy the full value requirements of this section, as upheld by *Hellerstein*. This amendment prevents any court from ordering such a municipality to complete the reassessment of all property before 1981. However, any assessing unit not actively implementing a revaluation can be ordered by a court to convert to full value assessments prior to 1981.

In June 1978, the State Supreme Court in *Nassau County ruled in Levittown v. Nyquist* that the method of financing education in New York State is unconstitutional. However, the Court emphasized that this conclusion does not imply that the use of the real property tax to help support school finances is unconstitutional. Indeed, because the property tax produces more than

\$4.5 billion annually for schools, it will be virtually impossible to find an alternative revenue source for schools and thus the property tax is likely to be used for educational finance for many years.

The legal standard for assessment has always been the full market value of a property and buildings. The concept is that if a property is appraised as being "worth" \$50,000 on the open market, then it should be assessed at that value and taxed on the basis of that assessment. However, until 1975 the courts historically did not enforce the full market standard for assessments, leaving assessors to apply whatever standard of assessment they chose.

A great deal of progress has been made in the program to eradicate assessment inequities. Of the 982 towns and cities in the state, 124 had utilized the State Real Property Information System to achieve full value assessments by June 1, 1979. Approximately 300 were in the process of conducting revaluations, and about 200 were in the planning stages of launching full value assessment programs. Thus, more than two-thirds of the municipalities are well on their way to correcting the historic assessment inequities which have plagued New York's property tax administration for decades.

With all of this revaluation activity it may be that our school district will some day levy its taxes on assessment rolls which have been converted to full value. When, and if, this does happen, taxpayers must remember that full assessment and tax rates are intertwined factors: when assessments are raised, tax rates will be adjusted accordingly.

## PTA Legislation Seminar

The Nassau Long Island District PTA's annual Legislation Seminar will be held on Saturday, January 26, from 9:00 A.M. to 1:00 P.M., at the Mattlin Middle School, Washington Avenue, Plainview.

Concerns in the area of Special Education will be discussed in a panel entitled "Special Education Classifications and Standards Project - Impact on our Schools". Panelists include: Dr. Robert Guarino, Director of Division of Supervision, Education of Handicapped Children; Mr. Seymour Weiner, President of New York State School Boards Association; Mr. Paul Rubin, NEA President; Mr. Robert Molloy, President of the Nassau County Association of Chief School Administrators and Superintendent of Elmont School

District; Assemblyman Armand P. D'Amato from the 18th Assembly District in Nassau County; and Mr. Marvin Fretwell, New York State PTA Special Education Chairman.

Following the panel, two workshops will be held to discuss aspects of School Finance and Juvenile Protection. Mr. Dale Hickam, Research Liaison for the Education Commission of the States will speak regarding the Governor's Special Task Force on Equity and Excellence in Education in the School Finance workshop. Mr. Stanley Abrams, recently retired Superintendent of the Middle Island School District in Suffolk County, and New York State PTA's School Governance Chairman will also participate in this workshop. Barbara Grunet from the New

York State Council on Children and Families will lead discussion in the Juvenile Protection workshop. Most of Nassau County's State Senators and Assemblymen will be present at the Seminar and will participate in these workshops.

For registration information, call 795-3691. The registration fee is \$3. In the event of inclement weather on January 26, tune to WGBB or WHLI.

## Around East Meadow

Daniel Maffettone, grandson of Frances Maffettone of Midvale Ave., EAST MEADOW, celebrated his birthday on Dec. 12. Happy birthday, Daniel. Mrs. Maffettone's son, Louis and his wife, Pat, celebrated their wedding anniversary on Jan. 8.

## Dear Friends....

Hicksville Lions Club Annual Community Blood Drive is set for Wednesday, January 23, from 4 to 9 p.m. at the United Methodist Church on Old Country Road and Nelson Ave. in Hicksville.

You are invited to participate in the Lions' Annual Blood Drive for the benefit of Larry Blaszkowsky, a hemophiliac, and others in our community who need transfusions. Give your gift of life Wednesday - For more information contact Lion Cliff Freitag, 931-0961.

Congratulations to Mr. Peter Carnesale who has been Named assistant manager of the Citibank Hicksville Branch. In his new position Mr. Carnesale will assist the manager in supervising all transactional operations at this branch, located at 255 North Broadway....congratulations, also to Andrew LaGrega who has recently been appointed vice president of Wilder-Manley Associates, a Boston-based real estate firm. He will be responsible for leasing and operations at several Wilder-Manley properties and will oversee marketing programs in this company's nation-wide shopping centers. Mr. LaGrega was a former Hicksville resident....send a get-well card to Murray Margolies who is presently recuperating from a heart attack in Syosset Hospital. Get well soon, Murray, your many friends and neighbors in Hicksville miss you.

On Sunday, Jan. 20th, you will find the popular Noel Kingston and Paddy Farrell entertaining at the Stack O'Barley Restaurant located on South Broadway in Hicksville.

That's All for this week. Stay well and enjoy this mild winter weather, which is also good when it comes to paying one's oil bill. Just think, half of January has gone already.

SHEILA NOETH

## Junior High PTSA Meeting

When your four or five year old child told you, "I'm going to be a policeman when I grow up," you probably smiled, shrugged your shoulders as I did and said, "That's nice." But was that an adequate response?

Will you know what guidance to give when that five year old is twelve, starting Junior High and beginning to make choices that will mold his or her future? Where can you learn how to help

your child make wise career choices?

Come to the Junior High PTSA meeting on January 21st at 8:00 p.m. Meet Professor Neil Nugent of Nassau Community College who will speak on "Helping Children Make Career Choices." Don't come alone. Bring your child (or parent). This evening will benefit both of you.

Don't forget, Monday January 21st at 8:00 P.M. Cafeteria "A". We look forward to seeing you there.

## Vandalism Program At Dutch Lane

The Dutch Lane PTA will hold its next general meeting at the Dutch Lane school on Tuesday, January 22, at 8:15 P.M.

Representatives of the Nassau County Police Dept. will speak and present a film entitled Vandalism - Mark of Immaturity, a probing examination of why

some young people maliciously destroy the property of others as well as attack public property such as school and park facilities. We can all learn from this program and the public is most welcome to attend, as well as 5th and 6th grade students accompanied by an adult.

Refreshments will be served.

## On The Campus

Andrew Garger of HICKSVILLE, a midshipman at the U.S. Merchant Marine Academy, Kings Point, has been named to the 1979-80 edition of "Who's Who Among Students In American Universities and Colleges." He will graduate this June with a Third Mates License, a Naval Reserve commission and a bachelor of science degree.

Richard Spalletta, son of Mr. and Mrs. Philip Spalletta, Link Lane, HICKSVILLE, has been

accepted for admission in Aug., 1980, to the State University Agricultural and Technical College at Delhi, majoring in automotive mechanics. He is a graduate of Hicksville H.S. Class of 1977.

Nicholas C. Derrico, son of Mr. and Mrs. Charles J. Derrico, of Ridge Dr., PLAINVIEW, has been named to the Dean's List at the College of Humanities and Sciences, Ithaca College.

## Town Board Meeting

By Sheila Noeth

At its regular meeting held on Jan. 15th, the Board of the Town of Oyster Bay acted on the following matters:

The Board reserved decision on the petition of Neil and Maria Shaw for a special use permit to convert existing dwelling in and Ind. II District into offices. This dwelling is located on the southwest corner of West John St. and Barnes Ave. Mr. Frank Gromus, a neighbor appeared at this hearing because he was concerned about potential parking problems, if this petition was granted.

A hearing was held to consider a proposed Local Law entitled "A Local Law Establishing the Dept. of Inter-Governmental Affairs of the Town of Oyster Bay." No one appeared in opposition and the Board reserved decision on this matter which would, if adopted, establish a new department of inter-governmental affairs in the Town of Oyster Bay. This department would take care of many state and federal grants and funding which are available to the Town. At present this is done by different departments, on a piece-meal basis, as needed. In the interests of efficiency and due to the fact that more monies are available to the Town in many areas, this department, if formed, would be aware of and would handle the work necessary for the Town to apply for such grants and funding, this newly-proposed law is being considered. More on this at a later date.

Decision was reserved by the

Board after they held a hearing to consider proposed amendments to the Code of Ordinances regarding environmental control, Article 4, Tree Preservation. If adopted this would raise the minimum fine for this offence from \$500 to \$750.

The Board approved Resolution No. 4-1980 relating to part payment of Park Fee on Map of Linden Acres Estates at Syosset. Inasmuch as the Syosset area has a Park District at present, the Town now accepts payment of the

The Board approved Resolution No. 9-1980 authorizing consulting engineers to perform additional necessary work in connection with construction phase of Contract No. RJH 77-1615, construction of storm drains and appurtenances on First St., Sterling Pl. and adjacent areas in Hicksville.

The Board approved Resolution No. 23-1980 directing the town clerk to advertise notice of a Feb. 26th, hearing on the petition of Malein Auto Collision, Inc. for a special use permit to maintain and use in an Ind. District an auto body repair shop and for permission to terminate previous restrictive covenants and or conditions imposed by Town Board resolution dated Aug. 24, 1954 with respect to use of premises as a gasoline station on the southeast corner of West John Street and Holman Blvd., in Hicksville.

The Board approved Resolution No. 37-1980 relating to fees

required to be paid by Section 11-72 of Chapter 11 of the Code of Ordinances of the TGB - Garbage, Litter and Waste. This would require carters and private dumpers in the landfill operation to have a credit account with the Town. This change was made for better fiscal procedures and more efficient operation in the fiscal area of this ordinance.

The Board approved Resolution No. 40-1980 relating to a grant to the Plainview Old Bethpage Library to remove architectural barriers for the handicapped.

The Board approved Resolution No. 48-1980 relating to a petition of Federated Associates for a special use permit to operate a Ground Round Restaurant in a former Waldbaums Supermarket in the Crossroads Shopping Center in Plainview. The hearing on this petition was held on August 28th, 1979.

The Board approved Resolution No. 49-1980 relating to the petition of 58 East Marie Street Corp. for a special use permit and modification of covenants at Hicksville. The hearing on this petition was held on Nov. 13, 1979.

The Board tabled Resolution No. 50-1980 relating to petition of the Long Island Bank for a special use permit at Plainview. This hearing was held on Dec. 4, 1979.

The next regular meeting of the Oyster Bay Board is scheduled for January 29th.

## Letters To The Editor

Dear Dr. Hawkins:

I have been an elementary school teacher with the N.Y.C. system for twelve years. Ten years ago, I began teaching Family Living and Sex Education as formulated by the N.Y.C. Board of Education. I also taught the district wide in service training course for teachers. Last Spring, I had the opportunity to review the proposed curriculum for Hicksville. I was surprised to see how closely it paralleled the City program and was quite pleased because I know the success and value of such a program.

Through this program, children have an equal chance to discuss their feelings about themselves, their families and friends. They come to realize that other children have similar feelings, thoughts, doubts, questions, likes and dislikes, and problems. They vent feelings of

love, hate, sibling rivalry, the need for privacy, and the problems related to working parents. Children begin to help each other to recognize and resolve such feelings. Through these discussions, teachers are able to zero in on any significant situations affecting the children and can then seek additional professional guidance as needed.

I have found that the Family Living Program proved to be a big boon to the parent child relationship. Many parents have commented to me that they are comfortable discussing topics related to family life and sex education because of the natural way in which children have learned to talk about these subjects.

We must realize that the information available from this program is introduced gradually, one year building on another, no different than math or social

studies. As parents we strive for as thorough and comprehensive an education as possible. We would be doing them a disservice if we deny them any aspect of education that is available.

Very truly yours,  
James H. Garnets,  
Hicksville

3rd Grade League Standings

Tigers	2	0
Wildcats	0	1
Lions	0	1

The Tigers defeated the Wildcats 28-6. For the Tigers, Eric Bentley scored 12, Lloyd Teitelbaum 8, John Fabrizio 6, and Jimmy McMahon 2. Scoring for the Wildcats were Karl Pfeiffer, Chris Kanuck, and John Schneider each with 2 points.

The Tigers won again by beating the Lions 15-11. Lloyd Teitelbaum and John Fabrizio combined for 14 of the 15 Tiger points. Jimmy Collins and Lloyd Parillo played well on defense. Chris Shearer played an outstanding game for the Lions scoring all 11 points.

4th Grade League Standings

Team	Bullets	W	L
Celtics		1	1
Lakers		1	1
Warriors		0	2

The Bullets defeated the Celtics by a score of 19-18. It was a team effort by the Bullets with Craig Freyerson scoring 7, Timmy Carroll and Nicky Munson 3 each, and Bobby Stewart, John Weiman, and Kevin Burke 2 points each. Rocko Romano, Michael Wozniak and John DellaRatta played well on defense.

In a close and exciting game, the Lakers defeated the Warriors 22-16. Both teams played well both offensively and defensively. Michael Grossman was high scorer for the Lakers with 14 points. Also scoring for the

Lakers were Steve Ferrado 3, Steve Corrado 2, Billy Leahy 2, and Timmy Richards 1 point. For the Warriors, who played their finest game of the season, Michael Brown led the offensive attack with 6, Dennis Kenefick 5, Vinny D'Angelis 2, Ed Gebhard 2, and Mike Conway 1. It was a total team effort with Jamie MacNamara, Michael Lynch, Todd Bier, and Vinny Gallian hitting the boards, grabbing many rebounds. Congratulations Warriors, you played SUPER.

# Election Board Announces 1980 Enrollment Deadlines

Commissioners Isabel R. Dodd and Stanley Harwood of the Nassau Board of Elections today announced deadline dates for enrollment in political parties for those voters who wish to participate in the March 25th Presidential Primary.

The commissioners, in encouraging a greater participation in the primary election process, are seeing to clarify party enrollment dates as set forth in the State Election Law.

Under the procedures for new enrollment, all persons who were not registered for the 1979 general election have until January 25 to register and enroll in a party. This 60 day cutoff date also applies to those persons whose registrations were cancelled in January of 1979; provided they re-enroll in the party from which they were dropped.

Those persons who were registered to vote in New York

State for the '79 election and have since moved must re-register and transfer their present party enrollment before February 25th in order to vote in the March 25th primary.

Special enrollment is available until February 25th for persons who become 18 years of age between Nov. 8, 1979 and March 26th, 1980; persons who become naturalized citizens after October 9, 1979; and those persons who moved to their present residence too late to qualify for the '79 election.

The Commissioners pointed out that a great deal of confusion exists for those persons who wish to change their party enrollment.

A change of enrollment is not effective until after the following November general election; A change between non-affiliation and party affiliation is considered a change of enrollment under New York Law.

"We hope that by publicizing these enrollment procedures, citizens will avail themselves of the opportunity to fully participate in an important area of the election process - the primary election," said Isabel R. Dodd and Stanley Harwood.

Any Nassau County resident may request further information on these procedures by calling the Nassau County Board of Elections at 535-2411, 24 hours a day.

The Long Island Affirmative Action Program (LIAAP) recently commended Long Island Lighting Company for its work on behalf of Long Island minorities. Formed in 1972 by labor unions, contractor organizations and minority coalition members, LIAAP has as its goals more employment opportunities for minorities and women in the construction trades. Funding for the organization comes from the U.S. Department of Labor through Nassau and Suffolk Counties.

LILCO President Wilfred O. Uhl is shown above receiving the citation from the Program's Executive Director John Colson. The presentation was made during ceremonies marking the completion of LILCO's community training courses in welding techniques and commercial driving. The courses were offered to members of the community who were recruited by the Long Island Affirmative Action Program.

In his presentation, Colson noted the success of the courses as well as LILCO's recruiting program for minority vendors and contractors.

## A White House Briefing

By Cong. Norman Lent

I came away from a White House briefing by President Carter last week with a feeling of some reassurance. I believe that, at long last, the President has awakened to the serious threat to our Nation and to world peace posed by the Soviet Union and its aggressive policies. Although Mr. Carter's realization of the real nature of the Kremlin leaders comes woefully late in his presidency, there was no mistaking the strength of his feeling in this regard.

The President called the Soviet invasion of Afghanistan "the greatest threat to peace since World War II." He is clearly determined to make the Soviet leaders appreciate the seriousness with which he and the United States government regard this latest act of Soviet aggression. In language unmistakably reminiscent of the "domino principle" enunciated during the early stages of the Vietnam involvement, President Carter told us: "...I strongly believe our own nation's security is directly affected. Soviet success (in Afghanistan) could encourage them to move next into Pakistan and Iran."

In his briefing, the President said that he and his advisers had considered three options for positive American action to counter the Soviet move into Afghanistan: military, economic and political. Mr. Carter explained that he had ruled out military action -- at this time -- but had selected several economic and political moves, including the grain embargo; denial of fishing rights in U.S. waters; denial of sale of high technology U.S. equipment; mobilization of world opposition to Russia's expansionism through the United Nations.

The President candidly informed us that he does not expect these moves will persuade the Russians to pull their forces out of Afghanistan. But he does expect that this firm stand will discourage the Kremlin leaders from future peace-threatening actions to achieve Russia's centuries-old ambition for warm water ports in the Arabian Sea.

I support the President in these actions against the Soviet Union. In the past, I have repeatedly urged him and his advisers to take just such a firm stand

against previous Soviet-sponsored challenges in Southeast Asia, Africa, Cuba and the Middle East. It is encouraging that Mr. Carter now seems to recognize that American firmness in the face of Soviet challenges is vital. I hope the President will continue to show this determination whenever needed, worldwide, and will give serious consideration to aiding the Afghan rebels with arms for self-defense, and will strictly embargo all strategic materials trade with Russia. These steps would go a long way toward restoring the respect we have lost throughout the world in the past three years.

But there was one disturbing factor in the presidential briefing. I got the feeling the President and his advisers are so absorbed in the Afghanistan problem they have pushed the Iranian crisis to the side. In a short discussion of the Iranian situation, the President admitted that even if the current U.S. drive for United Nations sanctions against Iran succeeds, such action is not likely to free the hostages. He suggested no further steps should the U.N. sanctions fail. I found this lack of determination to press for a solution in Iran most disturbing.

My feeling is that we must continue to increase the pressure on Iran. Our show of weakness and indecision there during the Shah's overthrow, and later during two successful takeovers of our embassy in Tehran, may have encouraged the Soviet entry into Afghanistan.

A couple of weeks ago, the President was talking of "tightening the screws" against Iran to secure the release of the hostages. I endorse that and I urge the President to pursue the policy. Every day the 50 Americans continue as hostages increases their danger and makes more difficult the task of effecting their safe release. We must not neglect them! We must not relax the pressures on the Ayatollah Khomeini, no matter how great our concern over the Soviet invasion of Afghanistan.

I hope the lesson the President has belatedly learned concerning the Soviet Union will also serve to direct him to continue to press for the release of the American hostages in Iran with the greatest firmness and determination.

## Molloy College Orchestra

Players of orchestral instruments are invited to join the Molloy College Music Department's orchestra. Conducted by Professor Anne Yarrow, the orchestra meets Tuesday evenings from 6:30 - 8:30 in Quealy Auditorium. The first meeting is Tuesday, January 22. No audition or appointment is

necessary. They are planning to perform for the dedication of the Adelaide B. Wilbur Arts Center and gala celebration of the Silver Jubilee Year of Molloy College.

For further information, please phone Martin C. Milella, Chairman, Department of Music, 516 - 678-5000, Ext. 289.

## Hobby Night at The Hicksville Community Council

The January 3rd meeting of the Hicksville Community Council at the Hicksville Public Library was a mixture of information, entertainment and art. They were informed about G-1 learned about Hicksville's famous Drum and Bugle Corps; were treated to music; and saw the arts and crafts of our community.

The evening opened with the St. Ignatius Girls Drum and Bugle Corps presenting a film entitled "on the Starting Line". The film which depicted the training, excitement, comradeship and dedication of a Drum and Bugle Corps was produced so you felt the spirit of the Corps. The film captured the essence of being

part of a Corps. After the film Don Graziose, Carman Cluna and Jim Drost explained their involvement in the Corps and how girls from 10-19 could get involved. The three men explained that the Corps is an opportunity to meet new friends, travel, and be part of the proudest, most professional and most widely known activity for girls on Long Island. St. Ignatius Girls Drum and Bugle Corps is well respected throughout the U.S. and Canada. Their performance at the annual World Open Championships has made them the standard by which Girls Drum and Bugle Corps are measured for six consecutive years. The Corps is

presently accepting enrollment for members and staff who are interested in excellence. No musical experience is necessary. Expert instruction in horns, percussion, flags, rifles and precision drill are provided. For further information call 935-9208.

Sig Widder, executive director of the Hicksville Chamber of Commerce, followed with what in contrast to the pride Hicksville feels in the Drum and Bugle Corps is Hicksville's disgrace... G-1 zone. The results of the questionnaire that was sent to 13 thousand Hicksville home and business has been compiled by the Town of Oyster Bay Planning Board. Mr. Widder indicated that

there was a 3% to 4% return on the questionnaires to the Town. Again we heard from residents and businessmen alike that many did not receive the questionnaire. Results will be shared with the community at the next Community Council meeting.

The tempo of the meeting again changed from the depression of the G-1 triangle, to the up-beat musical style of the "Circle of Friends." The Circle of Friends was organized by Sue Warner from the group she teaches at Adult Education. The Circle must have been too friendly for out of the seven members five were bit by the flu bug. Tom Kovalka and Canda Henshaw were the only

two Friends that were able to entertain. Despite their numbers Tom and Canda did an outstanding job. Their mixture of traditional, blues, bluegrass and folk brought exciting and dynamic blends to their music.

The evening ended with Hobby Night, the Hicksville Community Council's answer to the question, "What can I do with my free time?" A number of talented people from both Adult Education at the Hicksville Schools and Nassau County Home Makers Council, Hicksville Chapter, were on hand to display and explain their crafts. Ines Trantella showed us her quilting.

## Math Olympiad

The third Hicksville Math Olympiad for elementary schools was held on Tuesday afternoon, January 8, from 2:00 pm to 4:00 pm at East Street School. Mr. Donald Fournier, East Street Math teacher, served as host of the meet. Each Math teacher brings his fifth and sixth grade students to participate. This session, for the first time, fourth and fifth grade students from East Street also participated. There were 170 participants in all. Mrs. Frances Kenyon, Mrs. Blanche Seltz, Mrs. Elizabeth Shields, Mrs. Louise Uran, and Mrs. Mignon Wallman from East Street assisted Mr. Fournier.

P.T.A. mothers from the different schools served milk and donuts to the participants. They also assisted in the running of the Olympiad. Each participant was given five questions read by Mr. Max Joseph and five minutes to work out the problem. After each solution was tried and collected, the correct answers were explained to the students.

The five questions for the January 8th Olympiad are:

1. A set of marbles can be divided in equal shares among 2, 3, 4, 5, or 6 children. What is the least number of marbles that the set could have.
2. A motorist made a 60 mile trip averaging 20 miles per hour. On the return trip, he averaged 30 miles per hour. What was the motorist's average speed for the entire trip?
3. The four-digit numeral 3AA1 is divisible by 9. Find A.
4. Express the following sum as a simple fraction in lowest terms:  
 $1 \times 2 - 1 \times 2 \times 3 - 1 \times 3 \times 4 - 1 \times 4 \times 5 - 1 \times 5 \times 6$
5. If we count by 3's starting with 1, the following sequence is obtained:  
 1, 4, 7, 10, ...  
 What is the 100th number in the sequence?

### Parents Notified of Scoliosis Exam

Mrs. Bridget Herzlinger, school nurse-teacher at Willet Avenue School, this week issued a notice to parents of school-age children regarding the disease, scoliosis. "Dear Parents:

"In recent years, you may have seen an ever-increasing number of teenage boys and girls wearing neck and back braces for the treatment of scoliosis. This disease is a sideways curvature of the spine (often confused with poor posture) which appears gradually, especially during the years of rapid teenage growth.

"Unfortunately, if not detected and treated early, the curvature can become great enough to severely affect a person's appearance and health.

"A scoliosis screening program has been instituted in the Hicksville Public Schools to comply with the State Education Law effective February 1. All students in grades 6 through 11 will be examined by the school nurse and physical education teachers of the district. The screening process will be done during the school day and takes only a minute or two. Students will be advised of the date and required dress for the screening. It is planned for the month of March, 1980.

"If the school screening reveals any spinal deviation, parents will be notified by the school nurse-teacher and asked to take the student to his/her family physician for further examination or x-ray."

Pictured at the recent Hicksville Math Olympiad, held Jan. 8 at East St. School, are fifth graders, Susan Flahavan (left) and Karen McCram.

All of the results have been tabulated and sent to Dr. George Lenchner, Chairman of the Committee on Olympiads. Each participant will receive a certificate at the end of the year. Also certain

special awards will be given. But it should be noted that the main emphasis of the Math Olympiad is the process level of thinking that each child must achieve in order to compute an answer.

## PTA Founders Day Dinner

On February 14, the Hicksville Council of PTA Units has scheduled its Annual Founders Day.

This year it is with great pleasure that Burns Avenue PTA will honor Mrs. Carol Marks as its guest for Founders Day.

Mrs. Marks has for sometime been a member of the PTA Executive Board, beginning in our Pre-School Program and subsequently serving two terms as President of the Burns Avenue PTA.

She has unselfishly contributed many hours of her time and has served on virtually every committee. On the council level she is currently serving as legislative chairman and corresponding secretary.

Mrs. Marks has also found time to be a Cub Scout Den Leader, holding meetings in her home. As our guest at the Founders Day Dinner we will be able to give her formal recognition and show our appreciation for her many contributions.

## Around Our Towns

**Harriet A. Maher**  
433 - 5994

There was plenty of merriment around the Dolan household during the holidays. Regina and Sue Dolan came up from Washington, D.C. to visit their parents, Rosemary and Gene, W. Nicholas St., HICKSVILLE. They were also anxious to see their new niece, Moira, who was born on September 28 to Dolores (nee Dolan) and Michael Convey. The family spent many warm and loving hours together.

Oh, we must also tell you that Gene Dolan will celebrate his birthday on January 19. Gene will be feted with family attention and gifts on his special day.

Happy birthday to Michael Magee who was 14 years old on January 4. His parents, Dolores and Joe, and his two brothers, Joe and Danny, shared in the birthday festivities. Best wishes, Mike.

Heard that some of our HICKSVILLE neighbors spent last week end at Guernsey's Inn at Montauk. They joined with other Long Islanders to attend an Economic Opportunity Commission (EOC) workshop. We could think of a better time of the year to visit Montauk Point, but not a more worthwhile event.

Once again the 7th and 8th Grade CYO Basketball Teams of Holy Family School have been invited to play several teams in

Tampa and Orlando, FL, during the week of February 17, 1980. These boys have been invited to represent New York in a six-game tournament. Each boy must raise \$200 to cover his expenses; therefore, they are diligently working at various projects to raise the funds for this trip. If anyone wishes to give financial assistance or have additional information regarding this trip, contact Joseph N. Trapp at 433-3182.

We are sorry to learn that Murray Margolis is in Syosset Hospital. Murray is a very active member in civic affairs. He attends all the meetings of the Hicksville Community Council. He has also been involved intimately with the Gregory Museum. Best wishes and prayers for a speedy and complete recovery, Murray.

The Queen of the Holy Rosary School (QRA) seniors spent this past weekend enjoying themselves on a class trip. One of those attending was Jeanine Clark, daughter of Corinne and Tom (Councilman) Clark. Since Jeanine's birthday was January 12 (and she would be away with her class on the skiing trip), her family celebrated her birthday on January 10. Guess you could say this is a case of Jeanine "having her cake and eating it, too."

Bob and Nancy Hammond (Jr.) of Chestnut St., HICKSVILLE, are the proud parents of a 10 lb. 7 oz. boy named Jason Robert, who arrived at Syosset Hospital on Sat., Jan. 12 at 1:27 p.m. Jason was 22 inches long. Proud grandparents are Marge and Bob Hammond Sr. of Chestnut St., HICKSVILLE, and Emmy and Henry Fischer of Elmwood St., PLAINVIEW. Bob Jr. has just made a Second Lieutenant in the Protection Hook and Ladder Co. No. 1 of the Hicksville Fire Dept. Congratulations and best wishes to all.

John G. Filshie, Chairman of the 1980 Run For Life Day to benefit the American Heart Association, Nassau Suffolk Chapters announced that the following L.I. Businessmen have taken active roles to assure the success of the Run to be held May 10 at Jones Beach State Park: Jim Smithwick, Great Bear, HICKSVILLE; Barbara Crown, Great Bear, HICKSVILLE; and Robert Glen, Island Cardiac Group, HICKSVILLE.

### Armed Forces

Navy Fireman Recruit Vincent J. Vashel, son of Vincent and Joan Vashel of Floral Ave in PLAINVIEW, has completed the Basic Enlisted Course at the Naval Submarine School, Groton, Conn. He joined the Navy in August 1979.

## Letter Writing Week

The Postal Service announced today that it will sponsor a National Letter Writing Week from February 24 through March 1, 1980.

The objectives of the special week are to focus attention on the power of the written word and letter writing to shape opinions, preserve memories, uplift spirits, and link people and to encourage more personal correspondence.

There will be special school activities, highlighted by the

publication of a new 64-page book, "All About Letters," prepared by the Postal Service with the cooperation of the National Council of Teachers of English. The book is designed for students in grades six through twelve and will be distributed by the Council.

During National Letter Writing Week, many post offices will offer to students special guided tours of their facilities and in some cases will send postal rep-

resentatives to classrooms to talk and answer questions about the mail service.

In addition to schools, National Letter Writing Week will also be observed by business, media and trade associations. Museums, public libraries and other buildings of historic significance will be encouraged to display books about letters and letters written by famous people who have helped influence the course of human events throughout the ages.

The occasion will also be marked by the issuance of a special three-pair set of U.S. postage stamps.

Prominent Americans in all walks of life are being asked to share with the Postal Service letters from their experience that have preserved memories, shaped opinions, and lifted spirits, the three themes to be stressed during Letter-Writing Week. The results of this survey will be made available during the Week.

## Engaged

Mr. and Mrs. I. John Scarola of Hicksville have announced the engagement of their daughter, Linda Jeanne, to Robert Matthew Gahan, son of Mr. and Mrs. William Gahan, also of Hicksville.

A 1976 graduate of Hicksville High School, Miss Scarola completed two years of study of Lynchburg College, Lynchburg, Virginia and was a 1979 graduate of the Berkeley Claremont School, Hicksville. She is presently employed as an executive secretary with the Management Consultant firm of Staub, Warmbold and Associates, New York City.

Mr. Gahan, also a 1976 graduate of Hicksville High School, is a graduate of S.U.N.Y. Cobleskill and is a Sales Representative of the Equitable Life Assurance Society, Garden City.

No date has been set for the wedding.

Al and Eddie Silverberg of Woodview Drive aboard the luxurious Emerald Seas sailing from downtown Miami to Nassau.

Bon voyage photo taken pool-side prior to sailing. Passengers enjoyed the French outdoor cafe.

beautiful lounges, exceptional staterooms complete with closed circuit t.v. and music, all meals aboard ship.

The weekend in Nassau offered day and night tours, excellent swimming at beautiful beaches.

## Hicksville American Soccer Club

The Hicksville Nationals, under 17 team, coached by Mike Sini participated in the tournament at Farmingdale University on Saturday January 12th. First game against Sachem won by Hicksville 5-0. Second game was against Glen Cove, Hicksville won 2-0. The third game ended in a 0-0 tie against Massapequa. Final game against Sachem again ended in a 7-0 win for Hicksville.

The Nationals return to Farmingdale on January 20th for the quarter finals.

### GOOD LUCK HICKSVILLE.

#### Under 19 Boys B (Senators)

9 boys of the regular team participated in the first round of the Ernie Green Cup, held at Farmingdale University. The 4 preliminary games were all won. Against: Massapequa AC, 1-0. Garden City A-2-0. Bay Shore UN, 6-0. Huntington BC, 2-0.

In the second game, Sal Musumeci and Mike Magner scored one goal each. Jim Jannette and Marty Mize were successful against Huntington. Against Bay Shore, Sal Musumeci scored 2, Jim Jannette 1, Mike Magner 1, and Scott Cahalan 2.

The roster: Peter Fletcher (goal), fullbacks Don Cusack and Scott Cahalan. Forwards Sal Musumeci, Jim Jannette, Mike Magner, Marty Mize, Joe Ferreira, and Joe Jorge.

The boys demonstrated excellent teamwork, and scored 11 goals to none. Scott C. was outstanding switching from defense to offense, with Jim J. and Sal M. handling the quick wings and pressing the attacks. Peter F. in goal had many spectacular scenes. The team's performance entitles them to return to the

Quarterfinals at Farmingdale on Sunday, Jan. 20.

Coaches Jack Fletcher and Angelo Lozito can look ahead to a very eventful Spring outdoor season.

#### FIVE TEAMS QUALIFY

The Long Island Junior Soccer League ran the preliminary rounds of its Indoor Tournament last week at the State University at Farmingdale and Hicksville entered 10 teams. The tournament is open to all Clubs playing or affiliated with the League. There were four age groups of boys (girls play next week) involved: under 15, 16, 17 and 19 and 130 teams from all over Long Island showed up to play. Five of Hicksville's ten teams survived the preliminaries and return next week to compete in the quarter finals. The Club had a winner in each of the first three age groups and two in the boys under 19 Division.

The under 15 Yankees, coached by Peter Collins, Bill Cresham and Pat McHugh won all 4 games and scored 19 goals while giving up only one. This is the same team that won the Hicksville Indoor Tournament in December and the League's outdoor championship last fall. The team was made up of Billy Cresham, Jimmy Demarco, Steve Dolan, Jimmy & Paul McGeough, Dave Smyth, Adrian Pepi and Gene Tyranski. The other half of the outdoor team played good, hard soccer but took two losses and just missed qualifying. Their record was two wins and two losses (each by a single goal) with 8 goals scored and 4 against.

In the under 16 bracket, the Hicksville Heritage, coached by Lee Thompson, won three and lost one and also qualified to

return for the quarter finals as did Mike Sini's under 17 Hicksville Nationals. The Nationals were also undefeated and unscored upon in their four games.

In the oldest age group (under 19), The Hicksville Minutemen, most of whom were on last year's team that went all the way to Omaha in the national finals of the McGuire Cup Competition, also roared through four games scoring 18 goals and yielding but one. Every boy on the roster scored except the goalkeeper (Dennis Barcavage) but he did take two shots and one came very close to being a goal. High scoring honors were shared by Mike Collins and Jack Shannon with 5 each, Peter Jannette had three, Mike Humphreys two and one each for Steve Solaski, Jackie Jablonski and Bobby Calrk in this total team effort. Coach Ken Groves was pleased with the teams performance but next week is a whole new ball game when the Minutemen have to meet some very strong competition in the 1/4 finals.

Angelo Lozito, coaching the Hicksville under 19 Senators also won all 4 games and was unscored upon while putting in 10 goals. Peter Fletcher in goal recorded the shutouts with an outstanding performance and the rest of the team who did a great job was Don Cusack, Mike Wagner, Martin Mize and Sal Musumeci who sustained an injury in the last game but should be okay for next week's games. Unfortunately, in this age group the two Hicksville teams have to face each other in the first game.

The Club is very proud of all the boys who participated in the tournament - some won and some lost but they all were a credit to their parents, the Hicksville Soccer Club and the town of Hicksville. Congratulations to all and to the League (tournament director Jerry Lyons) on a truly fine tournament.

## Hicksville J.V. Wins Fourth Straight

The J.V. basketball team won three games the past week to make it four straight wins after an opening loss. The young Comets beat Plainedge 62-23; Clarke 76-37 and Berner 60-43.

Against Plainedge, Kevin Bungert had 13 points; John Massaro and Scott Ross 11 apiece. The Clark game had Ed Krisel scoring 16 points; John

Massaro 10 and Mike Bluman and Charlie Chatterton had 8 points apiece.

In the Berner win, all 13 players scored paced by John Massaro's 14 points and 13 rebounds. Steve Mancini directed the offense with 7 assists and 3 steals.

The Clarke game was Coach Quattrini's 100th win against 42 losses.

## Discard Ashes With Care

Oyster Bay Town Councilman Joseph J. Saladino reminded residents to make sure fireplace ashes are completely extinguished before placing them in the refuse container.

"Many people discard the ashes from their fireplaces by throwing them in their refuse cans," Saladino explained. "The metal can will keep those ashes hot so that when they come in contact with regular garbage or rubbish they will start a fire."

Saladino said that several fires had been caused in the back of Town garbage trucks which were attributed to hot fireplace ashes. He noted that a similar warning had been issued to residents during the summer months with regard to ashes and coals from barbecue grills. Residents had been advised at that time to either wet the ashes thoroughly before placing them in the container or let them sit until they are completely cold.

### CYO BASKETBALL (Continued from Page 4)

In the first game, the Pacers defeated the 76ers 31-20. The Pacer offensive attack was led by high scorer Jimmy Carson with 14 points.

In another game, the Pistons defeated the Jazz 25-6. Paul Pisani was high scorer for the Pistons with 11 points. Solid defense was played by the whole Piston team.

The Suns defeated the Rockets 17-9. Scoring for the Suns were Mike Tretola and David Weinberg with 4 points each, John Geitner 3, and Michael McHugh, John Garger, and Bobby Moore each with 2 points. For the Rockets, Frank Klarmann scored 3, Paul O'Brien 2, Kevin O'Connell 2, and Kevin Conway 1.

#### 7th & 8th Grade League Standings

Team	W	L
Indiana	2	0
North Carolina	1	1
Kentucky	1	1
Michigan	0	2

In the first game, Indiana defeated Michigan 28-22. High scorer for Indiana was Kevin Cleary with 10 points. Team-mates Pete Vega, John Buchner, and Colin Brazill each scored 5 points.

In the second game, North Carolina defeated Kentucky 27-15. Scoring for North Carolina were Ronnie Brutschin with 10, and Jim Morrisroe and Phil Brady each with 6 points. North Carolina played outstanding on defense giving up only 2 Kentucky points the entire 2nd half. Outstanding on defense were Jim Morrisroe, Michael Hack, and Jeff Reek for North Carolina.

## L.I. Poetry Collective

The Nassau County Office of Cultural Development will present a stimulating Series of Poetry Readings by the "Long Island Poetry Collective" and a Sunday Literary Picnic on the grounds of the Fine Arts Center.

The series of readings by selected contributors to Issue 6 of XANADU Magazine and Issues 5 and 6 of PROCESS Magazine is free to the public and will include open readings and discussions with the artists over wine and cheese.

The Literary Picnic will begin at 1:00 p.m. at the site of the Bertoldi Sculpture Sidewinder.

February 1: Readings by contributors to Issue 5 of PROCESS Magazine.

March 7: Readings by selected contributors to Issue 6 of

XANADU Magazine.

April 11: Readings by Christopher Bursk, featured poet. Presentation by Caroline Gassner Kaplowitz, XANADU artist.

May 2: Readings by contributors to Issue 6 of PROCESS Magazine.

Sunday, June 29: Literary Picnic in cooperation with the Poetry Society of America. Will meet at 1:00 p.m. by Bertoldi sculpture SIDEWINDER. Bring picnic lunch. Open poetry reading.

This exhilarating program was made possible by the Nassau County Office of Cultural Development and by public funds from the Poetry and Writers.

For further information please call (516) 484-9333.

## Galileo Lodge News

By Joe Lorenzo

Very shortly a new slate of officers will guide the destiny of the Galileo Lodge as she sails thru the waters of the year 1990. These new officers, spurred on by the dynamism of a new venerable, will be the guiding lights and directional stars which will help the Galileo Lodge navigate to new heights. In a literal sense, what a new Venerable thinks, feels promulgates and advances will certainly become the new attitudes and attributes of the Galileo Lodge for 1990. His reign actually becomes the barometer with which to assess of events yet to come. This new slate of officers, by the way, will be revealed in a later column.

Harken. Perk up your ears and listen to the latest vocal stirrings around Hicksville town. What is it all about - well, it has to be the announcement that the Galileo Lodge has stretched its artistic tentacles into the world of Off-Broadway. On March 14th, it will present Israel Horowitz' one-act play entitled 'LINE'. This play has been running on Off-Broadway for four consecutive years and, according to Clive Barnes, the theatre critic of the New York Times, it is the longest running Off-Broadway play ever

**THEY CARE:** Nassau County Department of Social Services Commissioner Joseph A. D'Elia expresses appreciation of officials of the Nassau County Lodges of the Order of the Sons of Italy in America for their sponsorship of a gala party for 200 adoptive youngsters and their foster families.

The purpose of the affair was to spotlight the need for permanent loving families for Nassau County children who were eligible for adoption.

Left to right, with Commissioner D'Elia, are: Judge

Alfred Samengo, Venerable, Units Lodge, Valley Stream; Matthew G. Nizza, Grand Trustee, New York State Grand Lodge, Order of Sons of Italy, Franklin Square; Salvatore Palmieri, Venerable, America Lodge, Elmont; Anne Palazzotto, Venerable, Anne Bammhino Lodge, Massapequa; Joseph Montamoro, First Assistant, Grand Venerable, New York State Grand Lodge, Order of Sons of Italy, West Hempstead; and Caroline Allaccio, Venerable, Aida Ladies Lodge No. 2163A, Hicksville.

produced. Mr. Barnes, in a recent critique of the play, said it was witty, humorous and fantastic. It features five principle characters, and one of them will be Anthony Sarrero, son of Mr. Amrs. John Sarrero of the Galileo Lodge. Anthony Sarrero aspires to greater things in the acting world. Price of admission will be \$5.00. Lodge personnel associated with this play are Skip Monteforte (938-6454), Joe Lappano (935-6065) and Armand Del Cioppo (938-5052), and they will provide you with information concerning the purchase of tickets and seating arrangements. More on this activity in later columns.

Other news around town - let's start with the Ladies Auxiliary of the Galileo Lodge who will present their Card Party on Thursday, the 21st of February, at the Lodge quarters located at 200 Levittown Parkway, Hicksville. Price of admission will be \$3.00 per person and this activity will feature beer, soda, coffee and cake. Gifts will be raffled off and other gifts will be presented to those who attend. Both sexes are invited and open bar will be in

effect, which means that you can purchase drinks of your own choice for a nominal price. Carmen Russo (931-1059) is the chairlady and Ann Lappano (935-6065) is her able assistant. So, for a winter evening that can be spent in enjoyment and relaxation, why not contact Carmen or Ann Carmen, incidentally, can also be reached at the Galileo Lodge's bingo sessions every Wednesday night.

February is the month for lovers and hearts. On Saturday, the 16th of February 1990, the Galileo Lodge will present its Valentine's Day dance. Yes, the Galileo Lodge are 'all-heart' on that night, and the bill of fare will include a dinner, beer, soda, coffee and cake, set-ups, etc. Live music will also be featured, not to mention the beautiful St. Valentine's Day inner decor. Joe Giordano will 'chair' this dance and he will be ably assisted by a committee. So why not come down to the Galileo Lodge and have a 'heart-to-heart' rendezvous with your wife or sweetheart. More information on this dance in later columns.

The Kiwanis Club of Hicksville inducted a new member at its weekly Wednesday luncheon held at the Milleridge Inn. Left to right L. Governor William Nielson, New member Allan Stam, Board member Russell Coniglio, sponsor of new member, John Budnick, President Siegfried Widder.

## Devotions

By The Rev. Dr. John H. Krahn

### JOY

Although the Bible teaches us that we will be blessed as we love and follow Jesus, nowhere does it teach that success will be waiting around every corner. Problems, crises, and even calamities unfortunately settle upon Christians as well as non-Christians. For you see the evil in this world is not a respecter of persons, and at times I believe the Devil takes special delight in picking on Christians.

But thousands of Christians have learned how to cope with life at its worst. Some of the happiest Christians I know are ones who have drunk the full cup of trial and misfortune. From every outward observance we would expect them to be crass cynics, spitting venom back at the world that first spit on them. Yet they are positive people who exude gratitude, joy, and a zest for living. They have learned to give thanks always and for everything

in the name of the Lord Jesus Christ to God the Father. They are Christians who can even remain happy when under fire because they see their destiny going beyond earthly life into eternity.

Now, even the best of us have our bad days. There are tragedies big and small that set us off destroying ourselves and others. The best preventive medicine to keep this from beginning or to correct it quickly when it does happen is to keep in close touch with the Lord. Jesus says that He desires that His joy may be in us so that our joy may be full. When we are close to the Lord through His Word, prayer and worship, we get to know Him and His joy first hand. Through these, the joy of Christ enters in and grows. It continues to grow as we continue to interact with Him through them. This doesn't happen overnight. You must stick with it in a disciplined way.

## Plainview Resident Named To Council

Dr. Barry Hurwich of Plainview, has been named to the Council On Sports Vision, a national organization made up of eye care professionals with an interest in vision care for

athletes. The Council, sponsored by the Bausch & Lomb SOFLENS Division, was formed several years ago to advance the concept of sharper, more effective vision for athletes at all levels of competition. Dr. Hurwich joins over 1,000 eye professionals affiliated with the Council in addition to professional athletes Rocky Bleier of the Pittsburgh Steelers and tennis player Eddie Dibbs.

According to Dr. Hurwich good vision implies more than just 20/20. "The well-known eye chart test measures only a person's visual acuity. This is important but certainly not the only skill a person needs to see and perform well."

Says Dr. Hurwich "A thorough vision screening for athletes is necessary to determine visual performance. Such a screening should include tests to measure such visual skills as depth perception, color vision, eye-hand coordination, and night vision. There is no question that the athlete's timing and coordination depend on vision."

The Council On Sports Vision has tentative plans to sponsor sports vision clinics for coaches, trainers, and athletes.

## ORT News

The Levittown Chapter of Women's American ORT will hold a Wine and Cheese Tasting Party on Tues. Jan. 29 at 8 p.m. at Tiffany's, 1854 Front St., East Meadow. For further information call 681-4056.

## At Burns Ave.

The students and faculty of Burns Avenue Elementary School have completed a fund raising drive to raise \$100.00 for the Roseau School in Dominica.

Mrs. Tina Ellenbogen, representative of the Overseas Education Fund, brought to the attention of the faculty of the Burns Avenue School, the plight of the Roseau School. This school was severely damaged during hurricane "David." Money was needed for basic supplies.

Students and faculty of the Burns Avenue School were given the opportunity to contribute to the fund and as a result they exceeded their goal to reach a total of \$114.00.

Students of Mrs. Helen deCora's foreign language classes wrote letters to the students of the Roseau School and hope to develop pen pals.

This has been an all-school project and much excitement and good will has resulted in efforts to help the needy.

## Hicksville Library News

**Career Counseling**  
Free career counseling for adults is available at the Hicksville Public Library under the Long Island Advisory Centers Program sponsored by the Long Island Regional Advisory Council on Higher Education and the Title I Higher Education Act in a shared cost basis provided by the federal project.

A professional vocational counselor, Evelyn Sohne, provides individualized sessions for people seeking assistance, information and advice in making career decisions. An appointment can be made by phone or in person. Call WE-1-1417 if you are in need of this type of help.

**Literacy Volunteers**  
At the present time a Literacy Volunteers Training Program course is being held at the Hicksville Public Library on Wednesday and Friday mornings from 10 AM to 1 PM. This program to teach adults how to read, on is on a completely volunteer basis and for the past

ten or more years, the Hicksville Library has provided space for at least two such sessions a week.

If you have the time to participate call Elaine Smiley at 627-2331 and she will enroll you in the group. The workshop format is a presentation of tapes, slides, live demonstrations and a one-to-one practice session. After the last session students will be assigned to each participant.

## HOBBY NIGHT

(Continued from Page 6)

Seeing her work was like a walk back into Americana. Annemarie Kwachy taught "Scraps and Bits." You would be surprised what you can do with old newspapers, pieces of cloth and other items you would normally throw out. Elizabeth Horning has been teaching oil painting for 15 years. She brought some of her own and some of her student's work. There is a great deal of fine art in Hicksville and Mrs. Horning is proving that fact. Helen Lapski's cake decorating looked good enough to eat, so we did. For those people who have a hard time sewing buttons, Stella Giovenco's hand sewing would seem impossible. But, Stella assured us that almost anyone can learn to sew if you are willing to try.

Both Adult Education and Nassau County Home Makers Council offer the residents of Hicksville the opportunity to expand their talents or gain new ones. For further information call Mrs. Giannelli at 733-2172 for adult education and Margie Zuerdt at WE 1-6921 for Home Makers Council.

The programs presented were informative and with the exception of the G-1 zone problem, enjoyable.

The Hicksville Community Council thanks all those in the community that gave their time, effort and talent to make the January meeting a success.

## YOU KNOW WHAT OIL COST TO MAKE HOT WATER SO USE GAS

You can cut your use of expensive foreign oil and save money simply by installing a new gas conservationist water heater. Hot water accounts for nearly 30% of your annual fuel bill. And if you don't have a separate gas water heater, you're using a lot more oil, and burning a lot more money than you should. Especially in the summer months when you have to use your whole oil heat system just to make hot water.

We can arrange installation of this new energy conserving, money-saving gas water heater in only one day.

Today, there is no more dependable, efficient and cleaner way to heat your water and to heat your home than natural gas. It's one fuel you can count on for the future.

So act now.

The conservationist gas water heater.  
It'll save you a lot of money

Granito, Chairman Ed Sutherland, Secretary	NOTICE is hereby given that sealed proposals for the Residence Buildings, located at Hempstead, N.Y., will be received by the Urban Renewal Agency until 2:00 P.M., Wednesday, February 6, 1980, at which time all bids received will be publicly opened and read aloud. Bids will be received at the Urban Renewal Agency Office, 202 Jackson Street, Hempstead, New York. Project Manuals, including Information for Bidders, Form of Bid, General Conditions, Supplementary Conditions, and Specifications, may be borrowed on or after January 17, 1980, and not later than January 28, 1980, from the office of the Urban Renewal Agency, 202 Jackson Street, Hempstead, New York. A deposit of Fifty (\$50.00) Dollars (in the form of a check only, made payable to the Village of Hempstead Urban Renewal Agency) will be required for each copy of the Project Manual. Any bidder upon returning such manual within 30 days from the bid date and in good and clean condition will be returned his payment and any non-bidder upon so returning such manual will be refunded one-half of the payment. Only one Project Manual will be loaned to each bidder. If bidders require additional documents, they may purchase said documents (non-refundable) at the office of William K. Johnke, Architect, 330 Greenwich Street, Hempstead, New York. Each bidder must deposit with his bid a certified check or a bid	bond with a Bonding Company licensed to do business in the State of New York in the form and subject to the conditions provided in the Information for Bidders. The Urban Renewal Agency reserves the right to waive any formalities or to reject any or all bids, and to accept the bids they deem most favorable to the interest of the Agency. Attention of bidders is particularly called to the requirements as to the conditions of employment to be observed and minimum wage rates to be paid under the contract. The Agency will not accept a bid from, nor award a contract to, anyone who cannot prove to the satisfaction of the Urban Renewal Agency that he has had sufficient experience in this type of work and is financially able and organized to successfully carry out the work covered by the Specifications in the required time. Bidders must satisfy themselves by personal examination of the location of the proposed work, and shall not at any time after submission of a bid or proposal dispute or complain nor assert that there was any misunderstanding in regard to the nature or amount of work to be done. * BY ORDER OF THE VILLAGE OF HEMPSTEAD URBAN RENEWAL AGENCY HOMER W. GILLIS, EXECUTIVE DIRECTOR Dated: January 17, 1980 (J 17, 24, 31, F7) H

## Alcoholism

Holy Trinity Diocesan High School, Hicksville, hosts Father Peter Sweisgood, on Tuesday, January 22, at 8:00 p.m. in the school auditorium. Father Sweisgood will talk on alcoholism. Holy Trinity students and parents are invited.

Father Sweisgood received his B.A. degree at St. Benedict's in Atchinson, Kansas, in 1952. In 1955 he was ordained to the Catholic priesthood at St. Leo's Abbey, St. Leo, Florida, and received his M.A. degree at Notre Dame University in 1959. Through 1959 to 1963 Father Sweisgood helped found St. Leo's

College and served as Dean of Students Athletic Director and Coach, as well as Professor of logic and philosophy.

He received his doctorate from St. John's University in 1968. He trained for eighteen months under Geraldine Owen Delaney in counseling at Alena Lodge, Blairtown, New Jersey.

He has attended Rutgers School of Alcohol Studies and is presently a counselor and assistant executive director of Long Island Council on Alcoholism.

Board of Fire Commissioners James Mansberger, Secty. 1/15/80 D47851T1/17 Mid

## Volunteer?

After the housework is done ... what?

Well, we have just the thing for you. The Pretty New Thrift Shop on 248 Main Street in Farmingdale is looking for volunteers to help run the shop, all proceeds are for the benefit of East Plains Mental Health Services, Hicksville. We are open 10 a.m. to 4 p.m. Monday through

Saturday and 10 a.m. to 9 p.m. on Fridays.

As little as three hours a week would be a big help. Choose your own time and hours. Just imagine, service to your community and a chance to meet new people.

Call Barbara Bartell at East Plains Mental Health Services at 822-6111 or drop into the shop.

## Catholic Clergy Assignments

The Rev. William R. Karvelis, assistant pastor of Holy Family Church, Hicksville, has been appointed administrator of St. John Nepomucene Church, Bohemia. That appointment was effective on Jan. 12.

The Rev. Robert J. Saccacio, assistant pastor of Holy Family Church in Hicksville, has been appointed pastor of St. Sylvester Church, Medford, effective Jan.

26. He succeeds the Rev. Peter A. Chiara, who has been assigned to further studies in Rome.

The Rev. T. Peter Ryan, formerly director of Smith Haven Ministries, Lake Grove, has been appointed pastor of St. Boniface Church, Elmont, effective Jan. 12. He succeeds the Rev. Louis I. Newman, who has been appointed assistant pastor of St. Ignatius Loyola Church, Hicksville.

### DEVOTIONS (Continued from Page 12)

We profess our belief together in Almighty God. We recognize that it is His will that we be positively filled full with joy. We, therefore, seek to make His will our will by saying: "Dear Lord come into our lives today and choke out any negative emotions

we are harboring. Further, Good Lord, help us find joy and gladness especially when tears might seem more natural. Finally, our Lord, lead us to understand that there is a light behind every shadow and that the light is You—Jesus—the light of the world."

HICKSVILLE

Dear Neighbor:

In 1963, the Hicksville Chamber of Commerce initiated a flag program for the community of Hicksville.

Funds were collected, and flags, poles and parking meter brackets purchased. The Town of Oyster approved and installed the flag brackets on their parking meters. The Board of Fire Commissioners provided storage space for the flags in the fire house.

Since 1963 the following Hicksville organizations have put out the flags on these holidays.

Jewish War Veterans	_____	Washington's Birthday
Rotary Club	_____	Memorial Day
Elks Club	_____	Flag Day
American Legion	_____	Independence Day
Veterans of Foreign Wars	_____	Labor Day
Knights of Columbus	_____	Columbus Day
Kiwanis Club	_____	Election Day
Lions Club	_____	Veteran's Day

Several years ago, the American Legion replaced some of the flags and has volunteered to do the work necessary for the major replacement we now need.

Especially in light of the current world situation, we feel that it is most appropriate to proudly display our national emblem on national holidays. For 17 years this has been a community project. We now ask you for financial assistance to replace torn flags so that Hicksville may continue to show everyone the true American spirit.
