Total fire calls for December 1979 were 69; 53 rescue calls; and 12 false alarms.

Another fire at the vacant Hedges Restaurant, 319 Jerusalem Ave., Hicksville, caused considerable damage. The cause was listed as arson. The Fire Marshalls office is conducting an investigation.

Totals for 1979

Sounded alarms, 567; silent alarms, 297; total fires, 864; Sounded rescue calls, 386; silent rescue calls, 175; total rescues, 561.

Total damage, \$7,045,675.00. Worst total fire damage was the \$6.5 million loss at the General Instrument plant on W. John St. Most of that damage was the result of water damage by sprinklers that could not be shut down.

Up until Jan. 26 of this year, there have been 38 fire calls, 27

rescue calls, and 10 false alarms.

On Jan. 11 a fire at 23 Meeting Lane caused \$4,000.00 damage. No one was home at the time the fire started. A neighbor spotted the fire, when the curtains caught fire. A fire fighter who lives nearby, extinguished the blaze before Vamps arrived.

On Jan. 12, a basement fire at 134 Cottage Blvd. caused \$18,000 damage. No one was home at the time. A family pet died due to smoke and heat inhalation.

A fire at Hicksville High School on Jan. 25 at 9:54 p.m. caused an estimated \$10,000 damage. Fire Chief Richard Kershaw said the blaze was of suspicious origin. The fire destroyed the announcers booth atop the grandstands at the rear of the High School. Students have offered a reward for information leading to the arrest of the people

responsible. Most of the damage was to electronic equipment stored in the booth.

In the issues to come, we will cover fire place safety; wood stoves; Hicksville's new chief Fire Officers; and continue the series on the workings requirement to be a member of your Fire Department in Hicksville.

"Gov. Carey's Proposal Would Have A Grave Effect On Hicksville School Taxes," Dr. Hawkins

By Linda Strongin

Superintendent Dr. Wilbur Hawkins announced at Wednesday evening's meeting of the Hicksville Board of Education that, under Governor Carey's proposed state aid formula in the executive budget, Hicksville would lose approximately \$1,267,106 over a 2-year period.

For the 1979-80 school year, under save-harmless, Hicksville is to receive \$6,560,526, an unaudited figure. Under the proposed formula, however, the amount is reduced \$543,337. For 1980-81, the figures are \$5,490,153, less the save-harmless reduction of \$196,732. Hicksville has been under the save-harmless formula which means the amount of operating state aid received by a school district is the same amount as in the past year.

"This proposed state-aid formula has grave ramifications for Hicksville," stated Dr. Hawkins. "If this proposal is passed by the legislature, it would mean a tax rate increase of \$1.25 for each \$100 of assessed valuation to make up the difference." Dr. Hawkins urged all residents to write their legislators opposing the Governor's state-aid formula.

During the public speaking session, resident Tom Schneider questioned the Board's willingness to again retain the service of the Hicksville Auxiliary Police, in light of recent vandalism costs published in the January Bulletin Board. The Board in 1978 discontinued the services of the auxiliary police due to the high cost of maintenance for the two cars used. Mr. Schneider, a member of the organization, informed the Board that documented facts indicated that while the auxiliary police served the district for six years, "the amount of vandalism was cut and the amount of arrests prosecuted were up."

President Dan Arena stated that the "district's needs have changed and the services you have to offer have changed." He

suggested a meeting with Director of Building and Grounds Bill Becker, himself and auxiliary police representatives to discuss the matter.

Resident Iris Wolfson questioned the use of the Lee Avenue gym facilities during the time intramurals were scheduled for the students. "Are staff from Central Administration using the Lee Avenue facilities and were children denied the use of the gym? What hours are staff to work? She questioned. She stated that taxpayers pay the salaries for administration and all personnel and "productivity is demanded by the taxpayer from all employees." She added she is in favor of anti-stress and physical fitness programs. She urged the Board to "ensure the children's education and to spend tax dollars wisely." Mrs. Wolfson had also questioned the cost of installing showers.

Dr. Hawkins defended the administration's use of the gym facility and emphasized several times that "at no time were children removed or displaced from the premises. I asked Mr. Becker to issue a permit if the premises are not used by anyone else between 4 and 5 p.m. on Mondays and Wednesdays. This is part of a physical fitness program for employees of the district." He added that although there are no set hours of work, it is understood to be from 8:30 a.m. to 4:30 p.m. "Many administrators are at their desks before that time." Dr. Hawkins did agree, however, to begin the physical fitness program at 4:30 p.m.

The cost of the shower installation was not available.

Secretary Bill Bennett introduced Board policies covering travel allowance, agenda format, preparation and dissemination; public participation at Board meetings; Board-staff communication; and selecting of textbooks, books and periodicals. The policies will be discussed and adopted at subsequent meetings.

During discussion of the travel allowance policy, the Board voted to change the travel allowance from \$.12 to \$.16 per mile. Administration had recommended \$.18 per mile.

Trustee Virginia Germer stated that figures she had studied for a Nassau County average of other school districts indicated that \$.16 per mile would be in keeping with previous Board patterns in which Nassau County averages were used.

When asked by Mr. Arena where the eighteen-cent figure had come from, Dr. Hawkins stated that an over-the-phone "survey of surrounding districts" indicated a jump to \$.18 because of rising gas costs. District Business Manager also stated that State and Federal guidelines also recommended an \$.18 increase.

Voting no to increasing to \$.16 was Trustee Tom Nagle. Trustee Pete Fujimoto was out-of-town on business.

Another point brought up during the travel allowance policy discussion was the use of district autos when available. At present, there are two station wagons. It was revealed that the purchase of two more cars was recommended in the 1980 budget. Mrs. Germer questioned "the logic of buying versus paying \$.16 per mile." Dr. Hawkins and Mr. Arena felt it was "inappropriate at this time" to discuss the matter further and suggested it be discussed at a future budget meeting.

The Board approved participation in the replication program entitled "Strategies in Early Childhood Education" under Title IV-C. The cost will be \$10,000 and would involve all elementary schools.

Vice President John Ayres questioned the staffing of the program and Asst. Supt. of Elementary Schools Dr. Catherine Fenton stated that "we would be using the staff we have with consultants for in-service training during the

Dear Friends ...

As you will read on page one of our PLAINVIEW EDITION, Feb. 9th is the date set by the students of the Plainview-Old Bethpage High School for their presentation: "An Evening Of One Act Plays" ... consisting of two one-act plays, "There and Back Again" based on Alice's adventures in Wonderland, and "Adaptation" by Elaine May. What you may not know is that this is a first for this fine high school in that the entire production is student run ... the director, producers and performers, technicians and the entire production staff. These students have spent countless hours rehearsing, selling tickets, mailing newsletters and designing the production.

Student Seth Skolnick tells us that the idea for the show came early in October of '79 when the students decided to present "Adaptation" as part of an invitation only, gala event for parents, teachers and administrators. The response was unbelievable. So the students decided to add another one-act play and open the show to the public, with admission at \$2.00. Tickets are available at the school. Although there is reserved seating you may purchase tickets at the door. This sounds like an exciting and innovative evening. Why not be there when the curtain goes up at 8 pm on Feb. 9th?

Fuels, home heating units, gas-saving vehicles, insulations, stoves, home decor heat conservators, solar energy devices - virtually everything concerning energy-savings - will be on exhibit at the first-ever Long Island Expo to be held Friday-through-Sunday, Feb. 1, 2 and 3, at the Colonie Hill Convention Center in Hauppauge.

The show will open at noon on Friday and continue until 10 p.m. The Saturday hours will be 10 a.m. to 10 p.m. and on Sunday, Expo will open at 10 a.m. and go to closing at 6 p.m. Admission is \$2.50 for adults. Children under 12 will be admitted for 50 cents. Parking for the public is free at all times.

In special rooms, the lectures and seminars will be offered. Among the speakers will be: Dr. Richard W. Smith of the Gregory Museum, Hicksville, on the ecology and conservation.

THAT'S all for this week. Stay well and remember that the Hicksville Community Council Feb. meeting, which will have major discussions on the controversial business G-1 Zone, and the equally controversial Strand III, is set for Thursday, Feb. 7 starting promptly at 8:30 pm downstairs in the Hicksville Library on Jerusalem Avenue. See you there.

Letters to the Editor

To All:

May I express my deep gratitude to all the unknown but concerned folks who assisted my husband, Bill, after he was struck by a tow truck while crossing Old Country Rd. at South Broadway on Dec. 21.

Their consideration and kindness will linger with us forever. God bless each and every one.

Sincerely,
Ruth MacDonald
Hicksville.

To The Editor:

On January 23 I had occasion to attend a special meeting of the Hicksville School Board pertaining to Strand III, the health curriculum which was passed by the school board on June 27, 1979 but was not implemented.

Let me say at the outset that I feel the curriculum was not a good one, but I very strongly support the concept of having a health curriculum established, most especially including sex education.

I must say I was astounded by the appalling way in which the majority of the Hicksville residents, attending this meeting, acted. They were, at the very least, rude, boisterous and lacked any kind of self-control you might expect from an adult. Whenever people from the "pro-side" would come up to the microphone, they were not permitted to speak; instead, they were constantly interrupted, harassed and harangued by the audience who were attempting to drown out the speakers with their "catcalling" antics. They also treated members of the board that way. I was especially interested to see how they reacted to a young 17-year-old Hicksville High student who was honest and well-spoken. They actually got up on their feet and argued and yelled at him and told him "Sit down son, you don't pay the taxes, we do."

The residents also accused the board of trying to "sneak" the curriculum by them and of trying to keep notification of Strand III meetings a secret. Interesting as it might be, I happen to attend all Board of Education meetings and I have seen very few of these people at any of the meetings.

The most disturbing of all that transpired that evening was when a certain member of the school board deliberately tried to misrepresent the facts by reading something from a book and stating to the public that this was part of the curriculum - which it was not. He tried to mislead the audience and incited them even more than they had been before. Dissent among the ranks of this kind can only prove to be divisive and detrimental to the welfare of our children.

In closing, I'd like to say that this is 1980 and I think we should move forward by facing the problems around us head-on and trying to deal with them instead of a hush-hush puritanical approach.

I came away from that Wednesday night meeting with one very distinct feeling: I fear that the narrowmindedness and self-righteousness I witnessed at that meeting can be far more damaging to my children than any sex education curriculum could ever be.

I'd like to applaud the majority of Hicksville School Board for the courage they have shown in trying to bring us into the 20th century, and I hope their efforts will not be in vain.

To The Editor:

I'd like to correct a misconception about the position of the U.S. Catholic Conference on sex education. This is necessary because at the Strand III School Board meeting on January 23rd it became evident that at least one member of the Board was unaware of the facts. This is not surprising since the State Education Department, in a publication dated September 29, 1975 has propagated the half truth that the USCC was one of the "organizations supporting the school's essential role in this aspect of child development." As a half truth, that statement is also a half lie. It neglects to quote formidable conditions also included.

In testimony before a congressional committee in March 1978, Msgr. James T. McHugh, co-author and signer of that statement on behalf of the USCC, reminded the committee that the original statement stressed that sex education should not be reduced to mere communication of information. "Rather, this significant area of experience should be placed in a setting where rich human, personal and spiritual values can illuminate it and give it meaning ... Such education should strive to create understanding and conviction that decisions about sexual behavior must be based on moral and ethical values ... the sexual development and behavior of each individual cannot take place in a vacuum but are instead related to other aspects of his life and to his moral, ethical and religious codes."

Then, in a dramatic turnabout, Msgr. McHugh recanted. He testified that his high hopes for cooperation between parents and public schools had been dashed by his experience over the past ten years. The guidelines for this cooperation "have been largely ignored by overzealous educators whose ill-planned efforts have virtually convinced me that the public schools of this nation are unlikely, if not inherently unable, to establish good programs."

He explained that the public schools have reflected "a utilitarian philosophy (give contraceptive information to cut down on out-of-wedlock pregnancy) while refusing to acknowledge moral principles

("we can't teach religion in public schools"). But sexual responsibility must be grounded in moral principles and no amount of "information" or "sexual counseling" can substitute for moral conviction."

Msgr. McHugh also termed it an injustice to young people to believe that they are incapable of pursuing noble goals or acquiring self-discipline, and he repeated that responsibility for sex education belongs primarily in the home.

It is hoped that this repudiation will eventually reach all those in Hicksville, at least, who were originally misled by the State Education Department.

Mathlete Champs!!

OLD COUNTRY ROAD SCHOOL Mathletes gather by their sign, "We are No. 1." Olympiad winners are, from left, Colleen Kelly, Debbie Roberts, Helen Wittek, Kelly Smyth, Angela Del Percio, Jennifer Assuncion and Dean Spadaro.

Team members of show/tare Adam Schein and Erika Lang.

The Mathletes of Old Country Road School are the champions of the school district.

In recent competition, the team of 9 fifth and sixth graders, under the direction of Helping math teacher, Mr. James Baker, defeated representatives of the seven other Hicksville elementary schools. It was the third O.C.R. win in three tries this year, he said.

According to Mr. Baker, the team at Old Country Road has never finished less than second place. Last year, four Olympiads were held; two took place the previous school year.

Mr. Baker works with his Mathletes team twice a week, for a half hour at a session. The Olympiad questions are standardized across Long Island, under the direction of Dr. George Lenchner, Director of Mathematics in the Valley Stream Public Schools. Mr. Baker teaches his students the concepts which are most likely to appear in future competitions

and he says, they enjoy the puzzle of math enough to pick up the ideas.

The Olympiad consists of five questions, which must be answered in a specific amount of time. All participants in the fun receive shoulder patches and the student scoring the highest in his or her school receives a special award.

As a Helping Math teacher, Mr. Baker estimates that 60 percent of his time is devoted to helping students in remedial work. About 35 percent of his work is with advanced students, such as the Mathletes, and the remainder of the time he is a teacher resource. In discussion, he accepted the notion that the Math Olympiad program is akin to a specialized program for the gifted in mathematics.

Two more Olympiads are scheduled for this school year, on February 26, and on March 25. The Old Country Road Mathletes say they are ready for all comers.

Hicksville
Thunderbirds
By Joe Neto

After a fairly successful Fall season, the Hicksville Thunderbirds who finished second in the Long Island Junior Soccer League with a 6-1-2 record went indoors to play soccer. The team was invited to 3 indoor tournaments. This gave the boys the opportunity to participate in at least two of them. The first tournament the boys played in was the prestigious Hicksville tournament. The boys played very well on Saturday night and placed 3rd in the qualifying round with a record of 3 wins and 2 ties. That gave the Thunderbirds the opportunity to come back on Sunday for the quarter finals. On Sunday the boys played well and scored some goals but were unable to win any games. Their competitors were the best of Long Island and a bit too much for this second division team to handle. Thomas Kenny won the Sportsmanship award for the tournament.

On January 13th the boys moved on to North Shore. There they were to defend their title as champions which they won last year. In the qualifying round the Thunderbirds started out slow, tying the first game at 0-0, winning 2-0 against West Islip and losing to New Hyde Park 3-1. With a 1-1-1 record and several teams going undefeated, the Thunderbirds were with their backs against the wall, but the boys played well and won their next two games against North Shore 5-1 and Bohemia 1-0. With a 3-1-1 record the boys played 3rd in the standings and drew Huntington Boys Club for their semi-final match up. Hicksville took a 1-0 lead in the first half but Huntington came back in the second half and tied the game. With the game tied after regulation time, the two teams were forced into an overtime period. Hicksville scored

quickly in the overtime period to set up a match against Auburndale who defeated Huntington Y in their semi-final match. The final game was well played by both teams. Auburndale scored mid-way through the first period and Hicksville trying to equalize the score fought hard but could not score. Auburndale scored in the last minute of play to ice the game for a 2-0 victory. Hicksville came back with the second place trophy. Thomas Roman won the best defender award for the tournament.

On January 27th the team traveled upstate to Orange County Community College in Middletown for a different type of indoor tournament. Everything was different from the rules of the game to the type of ball which was used. The goal posts were 3 feet high by 15 feet wide. The ball was a No. 5 fluffy soft ball. No throw ins, all indirect free kicks and no balls were allowed to go higher than anyone's heads or it would result in an indirect free kick for the other team. The off side rule was in affect.

Hicksville played well winning their first game against a team from Westchester 6-4. They then defeated Ridgewood from the city and Hicksville took their first defeat of the tournament 2-1.

With a 3-1 record Hicksville was in second place behind Poughkeepsie who had 6 points more than Hicksville. This meant Hicksville had to defeat Poughkeepsie in the game and by a margin of 3 goals. Hicksville played a super game. Great passing and anticipation gave them a 5-2 victory and beat out Poughkeepsie 37-35 in total points. There were no finals. The team with the highest amount of total points was declared the tournament winner. Hicksville came home with another gold medal. The Hicksville Thunderbirds: Michael Ayres, Joey Doherty, Richard Fraser, Andrew Horne, David Kanuck, Thomas Kenny, Richard Markey, Brian McKenna, Joe Neto, Michael Prywes, David Weinberg and Thomas Roman.

ENCOUNTER GOD

Christians best encounter God and are encountered by him from their knees. Humility, seeking God's sympathetic forgiveness, is the starting place of all encounters with God. Humility is an interesting virtue: once you are

aware that you possess it, you lose it. Rather, God desires a sincere humility that cries out, "Have pity on me."

Jesus praised humble prayers. Remember the parable of the Pharisee and the tax collector praying in the Temple? One stood

bragging of his righteousness, proud of his outward humility while the other would not even lift up his eyes to heaven, but beat his breast saying, "God, be merciful to me, a sinner." "I tell you," Jesus said, "this man went down to his house justified rather than the other; for everyone who exalts himself will be humbled, but he who humbles himself will be exalted."

Through prayer we encounter our Lord and the meaning of his cross. The beauty of our salvation begins to waft over us like a refreshing breeze on a hot, humid day. We see ourselves, our lives, our feelings, our innermost desires and needs as the object of God's salvation. In deep prayer we not only discover a God who wants to save us for a blissful eternity but also one who is in-

terested in encountering the daily me. He wants to rescue us, for we are too often shackled in sin. He desires to make us free again.

Beginning with our humble plea for His mercy to be upon us, we should encounter and dialogue with God many times every day. Jesus is not a guest reserved for special occasions, but wants instead to be in residence in our lives. Jesus is saying to all of us: Trust in me, I love you so much. I want to help you. Wherever you are hurting, let me bring healing.

Some of you are not sure and continue to believe that you must handle your own problems. In some cases you may have some success, but there is a better way. Doing it your way is not the better way. And don't be afraid of leaning. "Lean on me," Jesus says, "with your cares. There is no concern too insignificant for my attention. And when you pray remember that my Father is there listening. Pray boldly, yes, asking the Father to meet your needs."

English Course For Foreign Born

The Hicksville Public Schools will conduct a free daytime course in the English language for foreign born adults, starting next month. The course, proposed by East Street School Principal William Granville and outlined by East St.'s speech and language therapist Betty Banys, will be conducted at East St. twice daily for two hours per session.

It will be taught by Mrs. Malti Patel, a Willet Avenue School parent who is currently teaching an evening course in English as a second language, in Hicksville's Continuing Education Program. The daytime course also is considered part of the Continuing Education curriculum. Mrs. Patel holds a master's degree in linguistics and is herself foreign-born.

The purpose of the course is to provide instruction in

Americanization and the English language, particularly for parents of youngsters now attending school. These children receive English instruction during the day, but return home to be confronted with their parents' native language; thus, the English language is not reinforced in the home. The administration of the Hicksville Public Schools believes that this course can provide an opportunity for adults to learn along with their children.

The instruction is open to all residents of Hicksville, whether or not they have children in the school system. Further information may be obtained by contacting Mrs. Marjorie Giannelli, Director of Continuing Education, at 733-2173 during the evenings from 6:30 PM to 9:30 PM.

Deadline for sign up is February 1.

Galileo Lodge News

By Joe Lorenzo

Recent experiences... ople whom I have engaged in conversation, as recently as last week, in fact, have again shown me that the Galileo Lodge is rapidly becoming the object of some highly-welcomed attention. Overwhelmingly positive are the responses, using such adjectives as helpful, comfortable, dedicated, enjoyable and entertaining, to name a few which reveal the attitudes and expressions I am referring to. Here's why...

January is rapidly fading into oblivion, but February, the month for beautiful sentiments and loving thoughts, appears in the shadows. Naturally the Galileo Lodge wants to be a part of this mood and these feelings, and thus it announces that on February 14th it will present its Valentine's Day Dance, featuring an excellent dinner, beer, soda, coffee and cake, live music and a congenial hospitality - all for the

price of \$8.50 per person. This dance, by the way, will adhere to the Galileo Lodge's policy of bringing your own liquor. Joe Giordano will be the chairman for this activity and he will be ably assisted by a committee, and they all can be reached by dialing 331-9351 for more information and details. Valentine's Day is surely a special day in our lives, a day that tells us to express our love for those close to us, so why don't you consider coming down to the Galileo Lodge and expressing this love in true fashion.

The Ladies Auxiliary of the Galileo Lodge announces that on Thursday, the 21st of Feb., they will present a Card Party for your enjoyment. Price of admission is \$3.00 per person and to be featured here will be beer, soda, coffee and cake, and an open bar where you can order drinks to suit your own tastes at a

nominal price. Carmen Russo (931-1059) will act as chairlady and Ann Lappano (935-6065) will be the co-chairlady. I must mention that Carmen Russo can also be reached at the Galileo Lodge's Bingo sessions. The site for the Card Party is the Galileo Lodge's quarters, 200 Levittown Parkway, Hicksville. As I have stated in the past, the winter months, especially February, daunts our spirits in so many ways. At the Lodge, you can pick up those spirits by attending this card party held by the Ladies Auxiliary, a group of women who excel in all their undertakings.

Another activity that will definitely soften the harshness of late winter is the Galileo Lodge's presentation of playwright Israel Horowitz' one-act play entitled "LINE", which, incidentally, has been running Off-Broadway for the past four years. It features five principle characters, one of

YOU KNOW WHAT OIL COST TO MAKE HOT WATER SO USE GAS

You can cut your use of expensive foreign oil and save money simply by installing a new gas conservationist water heater. Hot water accounts for nearly 30% of your annual fuel bill. And if you don't have a separate gas water heater, you're using a lot more oil, and burning a lot more money than you should. Especially in the summer months when you have to use your whole oil heat system just to make hot water.

We can arrange installation of this new energy-conserving, money-saving gas water heater in only one day.

Today, there is no more dependable, efficient and cleaner way to heat your water and to heat your home than natural gas. It's one fuel you can count on for the future.

So act now.

normal school day." During discussion of claims and warrants, Mr. Weigang stated that the current cost of number four fuel oil as of January 21 was 91.49 cents per gallon. This is an increase from the 80.78 cents paid on Dec. 4. Mr. Ayres asked how the expenditure for fuel oil "projected with the budget allocation. Is there a surplus or deficit?" Mr. Weigang did not have the figures readily available but indicated he would obtain the information for Mr. Ayres. Mr. Weigang also stated that the contract the district signed is based on "on-the-spot purchasing. It changes from day to day."

The Board acted on various personnel matters including the approval of elementary intramural coaches. Mrs. Diana D'Avino, Director of Health and Physical Education, explained that the program had begun over the past three weeks. Coaches are paid \$250 per sport (volleyball and basketball) with some coaches overseeing two sports. The program has 20 sessions with each session lasting approximately 90 minutes. The total cost is \$4,000 for the eight elementary schools.

The Board presented Mr. Herb Cavanagh with a plaque commemorating his 27 years of service to the students of Hicksville.

The Board awarded bids totalling \$30,774.72, including auditorium seating for the junior high. Mr. Becker stated that the old seats would be removed on February 18 and installation will begin on April 1. The seating capacity will be reduced by 26 seats because of fire department regulations.

After the business portion, Dr. Daniel Salmon, Asst. Supt. for Secondary, and members of the senior high staff, presented a detailed program on "College, Careers and Financial Aid." The Board met in executive session to discuss legal matters after the presentation and had not returned as of 12:15 a.m.

The next meeting of the Board is February 13, 8:15 p.m. in the Administration Building.
