Gregory Museum Readies Petition For Town Board

The Hicksville Gregory Museum leadership reported, this week, that it was making its final plans for submission of its petition to the Oyster Bay Town Board. "We are asking all community volunteers who have been gathering petition signatures to close their efforts strongly by Monday, March 24," Museum President Richard Evers has requested.

It is the intention of the Museum Board of Trustees to submit impressive evidence of the support among Hicksville resident voters for some manner

of Town administration and maintenance of the popular, Earth Science Center located in the Heitz Place Courthouse, one of the few National Historic Places in East Nassau. The Museum trustees expect present their petition of over 4,000 signatures to the Town Board as soon after March 24th as possible.

"The list of names of those citizens who have signed the petition sheets read like 'Who's Who' in Hicksville, the Museum President informed. We express this week.

Committee on The Handicapped, Board Policies Discussed At Board Meeting

By Linda Strongin

Committee on the Handicapped (COH) procedures and various Board policies were discussed at length by the Hicksville Board of Education at its meeting last Wednesday evening.

Although an item regarding a change in the composition of the COH was withdrawn from the agenda at the request of Superintendent Dr. Wilber Hawkins, a discussion concerning a possible change did take place.

Resident Charlene Anzi, also SEPTA President, urged the Board to keep the composition as it was at eleven members: State Education Law and the Commissioner's Regulations mandates only four members: a physician, a psychologist, and special education teacher or administrator, and a parent of a child with a handicapping condition.

Mrs. Anzi, however, stated "We need the expertise of the eleven committee members. Taking away is taking away from our children."

Resident Iris Wolfson also urged the Board to maintain the COH as it stood. "We need the professional expertise in special education of all the Committee members. This includes parents also."

Resident and parent Irwin Dunayer stated "The COH as it is now works successfully. We cannot afford to lose this expertise."

In addition to the four mandated members, the COH presently has two additional psychologists; an administrator; reading supervisor; a principal; a transitional teacher; and a school nurse-teacher on a rotating basis. School physicians also serve on a rotating basis.

Mrs. Anzi also questioned the notification procedures to parents of COH meetings and recommendations of the Committee. She informed the Board that "formal written notification to parents is not being done." She also stated that "a physician must be present at COH meetings," and questioned if the district was carrying out this mandate.

Mrs. Harriet Fleisher, Asst.

Director, Pupil Personnel Services, stated that after a COH meeting, a written notification of the Committee's recommendation "will be signed by the parent if the parent is in attendance and later mailed; if not, the recommendation and placement is sent to the parent."

As to notification of parents concerning COH meetings, Dr. David Weeks, Director, Pupil Personnel Services, stated this was done by telephone.

Dr. Weeks also stated it was difficult to find physicians available to attend the COH meetings, and this was a common problem among other Long Island school districts. "The doctors complain that the cases are not germane to them and contain too many educational terms. Also, economics plays a factor."

The eight school physicians, approved each year by the Board, are paid a yearly fee of \$2,000 each and participating on the COH is an added responsibility, as of this year. School physicians give sports and health physicals; working paper physicals; and serve as emergency back-up to school nurse-teachers.

Vice President John Ayres, who presided over the meeting due to the illness of Board President Dan Arena, suggested there be "a better understanding on the job description."

Later in the meeting, more discussion involved the legality of a COH meeting on February 28. It could not be determined if all mandated members were present at that meeting. Trustee Virginia Germer questioned whether the Board "could be held in non-compliance by accepting the recommendations of the COH without having two mandated COH members present."

According to school board attorney Joseph Campanella, "the legality and practicality needs to be considered. One day was spent, parents are satisfied with the plan as is the school district. To spend another day would be a waste of time."

Dr. Weeks stated that on advice from a State Education Department regional representative, "the district has gone ahead on cases which are unambiguous."

In other instances, meetings are deferred until a doctor appears.

Voting no to accepting the recommendations of the Committee on the Handicapped were Trustees Virginia Germer and Pete Fujimoto.

A previous motion to table lost 3 to 3 with Board members Bill Bennett, Tom Nagle and Neal McCormack voting no.

Dr. Weeks stated that in considering the restructuring of the Committee, he would give "thought to including a rotation of parents and physicians" as suggested by several Board members.

The Board met in executive session for almost an hour after Mrs. Wolfson hand-delivered to each a Board member a letter calling attention to there being an "uncertified administrator on staff since the beginning of the school year."

Dr. Hawkins denied this allegation, stating "There are no members on the staff without proper certification."

After the executive session, Dr. Hawkins again repeated "we do not have any staff members who are not certified or have not been certified."

He added that the staff member in question had contacted Albany in June and had fulfilled the requirements. "Certification was granted and signed September 1."

Mrs. Wolfson, however, pursued the matter by asking if the certification, although dated September 1, had in fact been issued the past week. She stated she had contacted the teacher's certification bureau in Albany and had checked this individual's file.

Dr. Hawkins at this point stated "no one but Dr. Weeks can obtain information in his file." Mrs. Wolfson disagreed. She was "concerned that the district had a department with a lot of paperwork and legal mandates and it was filled by someone not certified."

Dr. Weeks, who was a co-director of an alternative school in Boston, was appointed by the Board as Director of Pupil Personnel Services on June 13.

Gasoline Fed Blaze Injures Two

Hicksville Fire fighters responded to a garage fire on March 15 at 12 Crown Street. Upon arrival Vamps found an attached garage and vehicle engulfed in flames threatening a nearby house and the house it was attached to.

Quick action by Vamps confined the fire to the garage area, with little damage to the house. But an unknown quantity of gasoline made the fire difficult to extinguish. The owner, Walter Silorski, 59, suffered 2nd degree burns of the legs and hands and 1st degree burns of the face. His wife, Marion, suffered 2nd degree burns on the hands as she doused the flames on her husband. Both were taken to the County Medical Center. Silorski was admitted and listed as critical. His wife was treated and released.

95 Vamps led by Chief Richard Kershov fought the blaze using 8 of the 11 pieces of apparatus that responded. The Jericho Fire

Department supplied a stand-by unit at Fire Station No. 1. The alarm came in at 6:58 P.M. Vamps wish to thank local neighbors, Nancy Hoosach, Marcia Dane, Carol Foster, Mrs. Diapia for providing coffee and food for firemen working at the fire scene.

Fifty-Eight Alarms For Vamps
During the period March 1 through March 15 the Hicksville Fire Department responded to 10 false alarms, 31 fire calls and 17 rescue calls.

Is Your Smoke Detector Working?

Continued maintenance of your Smoke Detector is a must. The battery should be changed every year. Don't wait for the "Beep" signal to tell you. Recently several alarms have gone off or acted up due to bad batteries or lack of cleaning. All of these occurred during the early morning hours and the Fire

Department had to respond. While we encourage anyone to call for help, even when in doubt, proper maintenance could have prevented these needless runs by the Fire Department.

We hope you have taken the most important first step and installed a Smoke Detector. But it would be a tragedy if an occupant depended on a detector that did not sound the alert. Do it today - don't put it off. Fire strikes swiftly and without warning.

Gasoline Supply - Major Problems For Vamps

Volunteer Firefighters and the people they protect face a major problem if planned programs are put into effect to limit use of private automobiles include volunteers. Even at the present time Vamps all over are cutting down on some of their responses. It's plain and simple - gas costs and the vamps use a lot of it to respond, in addition to work and

The Census At The Community Council Meeting

By Carole Wolf

The United States Census Bureau will have a letter in everyone's mailbox on March 28th. Why they do it and what is in the letter was explained by Nina Taft, director of the Carole Place office of the census, at the Hicksville Community Council meeting of March 6th.

For every six residents receiving the census form, five will receive the short form, containing 19 questions and one will fill out the long form, which will take approximately 45 minutes to complete. Taft said that you are legally obligated to answer the form which contains questions like "Do you have a bathroom?" and "What kind of transportation do you use?"

No one need be embarrassed by any questions, for "the Bureau of the Census does not know who you are. You are only a number, for no signature is needed," according to Taft.

If anyone has any difficulty filling out their census form, just call 333-9010, for there will be a

bank of phones operating 18 hours a day to answer any questions. If a resident is unable to answer the census because of a handicap, the Bureau will send an enumerator, a person who counts people, to your home to help.

Enumerators will canvas the land three times, making sure no building is missed. They will also be making a complete sweep of Long Island over several nights, to see that those who do not live in a home or apartment are counted. They will cover waterfronts in parks and train stations, transients in motels, hospital patients and those in public buildings.

It is important to count every breathing human being, so that Nassau County receives the proper funding. "We can't have social programs without government knowledge and funding," Taft explained, citing Impact Aid, Revenue Sharing and funds distributed to hospital emergency rooms as examples of federal financing.

The main reason why the

constitution provides for a census every 10 years is to give a basis for the division of the House of Representatives, which is broken up according to population. In 1960, New York had 41 representatives and in 1970, the number was reduced to 39. Taft is concerned that "New York will be losing four more representatives to the sunbelt" unless numerical count proves more than anticipated. So she urged everyone to fill out and return their form.

At the Hicksville Town Meeting, Cathy Steckler reminded everyone that the Hicksville Community Council will be holding its annual dinner on Thursday, June 5th at 7:30 P.M. at Antun's. Tickets will be \$9.

Bids were to be returned to the Hicksville Public Library for construction of a lift for the handicapped. Clara Bennett says the lift may soon be a reality.

Several people mentioned that the Gregory Museum petition is still circulating around the

Teen Program Expanding

An expanded Mini-Mester for teenagers at the Mid-Island Y will include "Ann Frank Relived", a discussion of the classic holocaust book, a mime workshop and "Mad Scientists" for the experimenters. For the athlete, a Sunday morning softball league is being planned. Other activities include cooking, photography, ceramics, batik, silk screen, creative dance and linoleum cutting.

In all, the five week session will offer twelve different classes beginning April 21.

community and asked anyone who did not sign, to do so. They hope to present the petition to Town Hall sometime in April.

Al Peck urged all to sign up a team for the HAD volleyball game at the Mid Island Plaza.

Judge Lebkuecher called to remind us that he does not want the town to take land off the tax rolls, but he wants the town to provide parking for the merchants and customers in the stores who have as much right to park as the commuters.

The Library budget will be presented next month at the Hicksville Community Council.

Registration for members ends April 4 while non-members can register from April 5 through April 15.

Burn Unit "Holiday On Ice" Benefit

In celebrating their relentless efforts, the Nassau County Fire Commission is endorsing a Night of Recognition for the staff of the Burn Unit of the Nassau County Medical Center.

The fund raising event will provide monies exclusively for the Burn Unit Fund, according to fund chairman Francis Pendl.

Pendl, an ex-chief of the Bethpage Fire Dept., became aware of the fine job the staff of the Burn Unit performs when he was admitted for ten days for treatment of burns suffered while teaching firefighters at the Nassau Fire Service Academy.

The Burn Unit staffers are talented people dedicated to the painstaking care and treatment of those of us unfortunate enough to have suffered burns. Their noble efforts have restored mind and body to many a burn victim.

A gala night of fun and entertainment "for the whole family" is slated for Sunday, April 13, 6:30 p.m., at Cantiague Park Skating Rink, Hicksville.

"Potential" and "future" Olympic ice skating stars will perform and two bands will provide musical entertainment. In addition, an All-Star ice hockey game between the Nassau County Police Department's "Blue Knights" and the Nassau County Volunteer Fire Department's "Firefighters" teams will highlight the evening.

All monies realized from this

great event will be donated to the Nassau County Medical Center Burn Unit. The fund is to be used for the improvement of the burn unit's facilities and service capability.

The Burn Unit belongs to the firefighters. Show the dedicated burn unit staff that the firefighters of Long Island appreciate what they have done for the fire service. And most important, that firefighters want to help them serve the fire service in the future.

Ticket sales will be limited to 1,500 and must be purchased in advance. There will be no sale of tickets at the door.

Tickets are \$4.00 per person. Send all monies to:

Census Takers Still Needed

Full-time temporary jobs as census takers in this area are available, Martin Fischer, District, Manager said today.

"We're counting on you if you can work a 40-hour week for three to five weeks, visiting households and interviewing the residents," he said, adding that a car is necessary in some cases, but mileage is paid.

Census takers will begin work soon as part of the 1980 Census of Population and Housing. They will attend a training session for which they will be paid. Most census takers will be paid a piece rate for the number of household interviews completed. In a few instances, pay will be by the hour. For all workers, pay will average around \$4 an hour or more.

Census takers must be able to follow printed instructions and do simple arithmetic for which they will be tested before hiring. They should be able to walk a considerable amount, climb stairs, and ought to have good eyesight and hearing.

The Census Bureau is an equal opportunity employer.

Interested persons should come ready to take the written test at the following place: East Meadow Library - March 31, April 1, April 2, Front & Newbridge Avenue, East Meadow

Testing: 9:30 AM, 1:30 PM, 3:00 PM.

Call for an appointment to take the test and for further information: 292-8406, 292-8407, 292-1839.

Do not apply if already tested.

POLICE MUSEUM TO OPEN SOON: Chief George Maher (left) and Police Officer Robert Carey (right) members of the Nassau County Police Department Historical Society are shown preparing a display for the Police Museum. The museum, scheduled to open in May, 1980 and will be included as part of the Headquarters tour program. The Historical Society, a volunteer committee of police

officers, has gathered many items of police memorabilia dating back to 1925 when the department was formed.

Chief Maher, the society's chairman, asks any county residents who have old photos depicting police activity or equipment of the Nassau County Police Department they wish to donate to the museum to please contact the Public Information Office at 535-4131.

Property Contributions May Be Tax Deductible

Contributions of property which are claimed as deductions must be substantiated by documentation, the Internal Revenue Service advises.

Taxpayers should keep records, receipts, or other evidence of property donations. In claiming the deduction, the taxpayer must include with the Form 1040, a statement listing the dates and amounts of each contribution, the type of property donated, and the method of determining the property's value.

If used furniture, clothing, securities, or other property are donated, the taxpayer may deduct an amount equal to the property's fair market value. Fair market value is the price the property would bring between a

willing buyer and willing seller.

For each piece of property valued over \$200, the original cost, fair market value, appreciation, the conditions under which the gift is made, and a copy of the gift's appraisal must also be included with the tax return, the IRS said.

Two free IRS pamphlets, Publication 561, Valuation of Donated Property, and Publication 528, Charitable Contributions, discuss contributions. They may be ordered by mail using the order form in the tax package or by calling the IRS offices. The forms phone number for Brooklyn and Queens is 212-506-3610; for Nassau 516-294-3700; and for Suffolk 516-724-8836.

Recreation Program

The Easter Seal Society is pleased to announce that Donna Mirman has been appointed director of their new recreation program. Ms. Mirman is a physical educator who has worked with special populations and currently is interning at the Human Resources School in Albertson.

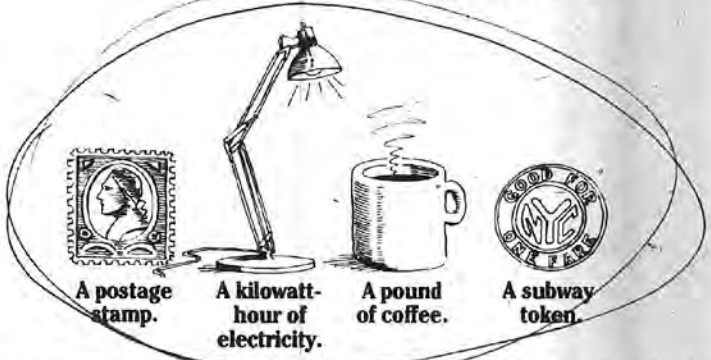

The new program was created to help handicapped children and young adults integrate with their non-handicapped peer groups. There has been a great need for this type of program on Long Island since handicapped children have often expressed the opinion that there is little for them to do on weekends except stay home and watch TV.

The new program sponsored by Easter Seals will be under the aegis of the South Shore Services for the Handicapped and will meet every Sunday from 2-4 p.m. at the Recreation Building at Hewlett High School. Besides recreational activities, field trips to places of interest within the area and game tournaments are planned.

All Long Island residents are encouraged to participate in this worthwhile program and to help formulate new activities. For more information please call the Easter Seal Society 822-1501 or South Shore Services for the Handicapped 374-5032.

**Which of the items below
do you think went up in cost the most
over the past 30 years?**

IF YOU GUESSED A pound of coffee, a subway token or a postage stamp, you're right on all counts. All three have skyrocketed some 400% in cost in the past thirty years. By comparison, a kilowatt-hour of electricity went up by a little more than half as

much, or 241% over the same period.

We know electric costs are higher than they used to be—unfortunately, all costs are. But, when you and your family take a close look at what you get for your money, compared with other consumer items, it's easy to see that electricity is still a good buy.

When used wisely, electricity helps improve the way your family lives. By your using electricity efficiently, and LILCO doing everything it can to keep costs down, electricity can continue to be one of the more reasonable items in the family budget.

Galileo Lodge News

By Joe Lanzetta

If the unpredictable climatic conditions of March cause you to be apprehensive or lethargic, why not keep abreast of the Galileo Lodge's Entertainment Program as it unfolds for the year 1980. For example, this Saturday night, the 22nd of March, the Galileo Lodge will present its St. Joseph's Dance for the sole edification of its members and patrons. For the nominal fee of \$8.50 per person, you will be offered a tasty dinner with the usual trimmings, beer, soda, set-ups, coffee and cake, live music and that extra-added ingredient that the Galileo Lodge lends to all its functions — hospitality. Jeff Wallick (OV 1-8428), its chairman, and Joe Morace (931-2548), its co-chairman, will handle ticket sales and seating arrangements. They will be ably assisted by Al Borello, Skip Monteforte, Tony Preville. If its good times you want, or perhaps good eating and good music, the Galileo Lodge's standard policy provides you with most for the least amount of money. And speaking of policies, at this dance the "bring-your-own-liquor" rule will be in effect.

And now, if I may, I would like to resort to that hackneyed expression which states that nothing succeeds like success, because I am proud to report that the Galileo Lodge's first attempt to delve into the world of the off-Broadway theatre was a tremendous success. Over 125 viewers cheered, applauded and enthusiastically accepted the Galileo Lodge's presentation of Israel Horowitz' play entitled "LINE" — a one-act comedy that deals with the idea of human beings striving to be first in all their endeavors and undertakings. Anthony Sarrero, son of Mr. and Mrs. John Sarrero of the Galileo Lodge, was a central character in the play and he also demonstrated his theatrical versatility by directing this production. The acting and presentation was flawless, so much so that the whole audience just about immersed itself in the basic theme of this play. A great deal of credit should go to Skip Monteforte because basically it was his idea to get the Galileo Lodge interested in the theatre medium. And a great deal of credit should be heaped on the shoulders of John Sarrero, who diligently aided Skip Monteforte with the chores of this play. The Galileo Lodge firmly acknowledges these fine efforts on the part of these two hard-working members by

extending its sincerest thanks.

We cannot allow March to escape that easily because I would now like to report that on Thursday, the 27th, we eagerly await the installation of the new officers of the Galileo Lodge for the year 1980. This is an auspicious occasion because with a new slate of officers it usually follows that our organization will assume a new identity, a new complexion and perhaps even a new set of ideals. There will be even a search for new horizons. Many of the leading dignitaries of the Town of Oyster Bay, such as Supervisor James Colby, and those of the Grand Lodge of the Sons of Italy in America, such as Grand Venerable Pete Zuzolo, will officiate as well as lend their presence to this ceremony. The newly-elected Venerable Tony Preville will deliver his acceptance speech using the importance of the membership as the basic idea. All members are urged to attend, and I might mention here that the new officers of the Ladies Auxilliary will also be sworn in. Friends of the Galileo Lodge are also invited. Refreshments and other items will be served.

As March starts to fade away, we note that April will also offer us some fine entertainment, namely, the Galileo Lodge's 8th Annual Anniversary Dance, to be held on the 19th. Price of admission will be \$15.00 per person and in the offing will be a cocktail hour, a tasty dinner with all the trimmings, beer, soda, coffee and cake, live music and unlimited liquor — which is quite a substantial bill of fare for that reasonable price. The very nature and purpose of this dance means that all members should attend as well as bring friends. The membership should realize that our organization is going thru its 8th year, and needless to mention that those years were filled with obstacles, problems, growing pains and simply growth itself. It is our organization, so let us attend and make a fine showing. Those interested in attending can call Tony Preville (731-0466) for additional information concerning this affair.

As a closing message, please also remember that help is still needed for bingo and Las Vegas sessions. Here once again it is imperative that aid and consideration should be given to our organization's financial ventures. You are the Galileo Lodge.

Hockey Happiness prevails in the Smith House, HICKSVILLE. Scott's team, The Capitals, not only won the TOBAY Pee Wee Division Championship, but also held the All Star Team to a 4-1 tie during last Thursday evening's snowstorm. Brothers, Rob's and Glenn's team, The Rangers, won the TOBAY Midget-Juvenile Division Championship. Rob scored a Hat-Trick, the 3rd goal coming with less than 2 minutes left in the third period to make it 4-3. Keeping it in the family, cousin, Doug Morrison, Glen Cove, scored the final goal, 5-3. Congratulations to all!

Hicksville. Their son, Denis, and his lovely family are also Hicksvillites—and a good thing, too—since the entire family gets together for every occasion to help celebrate different events.

HICKSVILLE's octogenarian, Ida Mae Herfurth, spent some time in the hospital fighting a bout with the flu. Fortunately, she's home again and is planning for Easter by making decorations for her home. Ida Mae, we hope your strength and good health returns with the coming of spring.

Recently home from the hospital is George Tappan. George spent ten days in the hospital, and will have to go back there for two weeks in April. Once this is over, however, George will be able to recuperate and then go on a pleasant vacation with his delightful wife. Good luck, George.

Congratulations to Terry and Fred Vevante who became grandparents for the first time on February 15. Baby Michelle was born to the Vevante's son, Brian, and his wife, Barbara. On May 20 Michelle will be Christened. Following the ceremony, a party will be held to honor this event. Of course, it will be well attended by all the family and friends of the Vevantes.

Don't forget to mark your calendars for the Fashion Show that will be held 8:30 p.m., April 10, in the St. Ignatius new school cafeteria. The Catholic Daughters of America, Court Queen of Angels, is sponsoring the show. It promises to be an exciting evening. The starlight Shop on Broadway is furnishing the clothes to be shown. Refreshments will be served. For a minimal cost of \$3.50 (if the tickets are purchased in advance, or \$4.00 if the tickets are pur-

chased at the door on the evening of the event) you are guaranteed a few hours of enjoyment and enlightenment in the world of current fashions. Call 931-0755 for advance sale ticket purchase.

Over on "Princess" Street, HICKSVILLE, the "Queen" of the house, Anne Kremler celebrated her birthday on March 21. Of course her lovely family made this a special day for her. Much love from your husband, Frank, daughter Annette, and your handsome sons, Anne.

We wish the very best to Maureen Burch, Hicksville, who celebrated her birthday on March 6. Maureen is a graduate of Hicksville H.S. and is employed by a firm on West John Street, Hicksville. Much love from your family and friends, Maureen, and especially from Joanie.

Val Zito of Hicksville is extremely proud of her nephew, Thomas Murphy, Tommy was promoted to a Lieutenant of the Suffolk County Police. He and his wife, Barbara (nee Matthews) both grew up in Hicksville and graduated from Hicksville H.S. They now live in Hauppauge with their children: Michael, James and Debra. Lots of luck in your new position, Tom, from your Aunt Val and your Hicksville friends and neighbors.

Engaged

Mr. and Mrs. Joseph Schmid of Hicksville, announce the engagement of their daughter Susan to Thomas Mlinarcik of Cleveland, Ohio. The wedding will take place in August in the Chapel of the University of Virginia, from which both recently graduated.

HOW MUCH IS ENOUGH

How much is enough? Most of us have asked this question many times throughout life. When our kids are having a bad day, we wonder how much we can take before we crash down on them. How much is enough? When we are buying something and bickering as to how much we should pay, we wonder, "How much is enough?" At work when the thrust is to increase our production, we wonder, "How much is enough?" And so it is quite understandable that this question might also creep into our religious life and thoughts of salvation. How often must we attend church in order to be a good member? How many times must I forgive that person in order to qualify for God's for-

giveness of me. How good must we be to make it to heaven? How much is enough?

Whereas industry might consider it enough to get six hours of work from an employee in an eight hour day, God says that only perfection is enough for us to enter into his presence at the end of time. There will be no bickering when Jesus Christ comes, saying, "But Lord, I was a good provider for my family; I worked seven days a week; I never willfully hurt anyone;" cuts no ice with the Lord in terms of salvation. Only those who are perfect will go to heaven when Christ the King of the universe comes back again. So you see, we all fall short when we look at our lives and ask, have I done enough? The most righteous among us cannot do enough to

save themselves and qualify for heaven, for only perfection is enough.

But thanks be to God that heaven is in the grasp of faith. Our faith, our trust, our belief, our love of the Lord Jesus Christ makes heaven a certainty for our future. When the King of Ages returns to earth again, those who have said "yes" to the Lord will receive the benefits of forgiveness obtained through his punishment at Calvary, and then they will be gifted with eternal life. Good works do not appropriate eternity, only faith does.

To be ready for His return is to remain strong in our faith. This is effected through regular worship, frequent reception of the Sacrament, studying the Lord's Word, fellowshiping with other Christians, and active participation in the work of the church. You have heard this dozens of times, but the thrust of today's message encourages us, warns us, that the Lord is coming, and we must be ready. If you have been putting off some aspect of the Christian discipline, put it off no longer - now is the time for change.

The King is coming, and we must prepare for his coming. Each of us needs to be sure that our personal faith is strong. If I told you he was coming in one week, what would you do differently? Who would you witness to? Next, we must be even more willing to be used by God to reach out and strengthen others. God in Christ has given us the crown of life through faith in his Son. Only when God gave everything was it enough for our salvation. How much will be enough of a commitment from us today and in the next decade? The Lord wants our total commitment to the task of bringing His people back to Himself. How much is enough? Everything!

Selected For U.S. National Youth Team

At the Eastern Regional trials held this past weekend at West Chester College, West Chester, Pa., Peter Janetti, age 16, of the Hicksville Minutemen was selected to play for the U.S. National Youth Team which will be taking part in the 29th International Soccer Festival scheduled April 1-7th, in Cannes, France. Janetti, who has just finished his Junior year at Hicksville H.S. is not only the first Long Island player to be selected for the U.S. team but the first N.Y. State player to receive this honor. He was one of forty players present from the Eastern Region, which comprises Connecticut, Massachusetts, New York, New Jersey, Maryland, Pennsylvania, and Virginia.

Janetti's soccer career started at the age of 8 when he first played with C.Y.O. Later, he joined the Hicksville Soccer Club when it was formed in 1973. An incredibly powerful striker, he was the leading scorer on the 1979 Hicksville H.S. team which last fall claimed the N.Y. State H.S. Championship. Last year, while still only 15, he was chosen for the Southern N.Y. State under 18 Select team as well as the N.Y. State under 16 Select team. During the past five years in Hicksville, Peter has been

coached by Mr. Pat McHugh, Mr. Mike Sini, and Mr. Ken Groves, who is his present coach. Mr. Groves, who coaches the Hicksville Minutemen and the Long Island Junior League under 19 Select team, spoke of his high hopes for Peter's future career. "His selection for the National Youth team is a great honor for the player, for N.Y. and for the Long Island Junior Soccer League which has been responsible for the tremendous growth in soccer on the Island in recent years."

Mr. Peter Collins, President of the League stated that "It is intensely gratifying to see a Long Island player make the National team. We have a lot of talented players and coaches on the Island and we believe that this is just a start in the emergence of L.I. as a force on the national level."

The team will leave the U.S. on March 22nd and will return April 9th.

Police Seek Identity Of Bank Robber

Detectives of the Nassau County Police Robbery Squad are seeking help from the community in identifying a man suspected in the robbery of five banks in the Hickville - Oyster Bay area and the attempted robbery of a sixth. The man is described as a male white, late 20's early 30's, 5'8" to 5'10", 145-155 lbs., thin build, brown hair and eyes, full moustache, unshaven, wearing tinted colored glasses. The subject enters the banks just prior to closing time and hands the teller a note demanding money and stating he has a gun. Total proceeds from the rob-

beries are over \$10,000. They occurred at:

Nassau Trust Company, Oyster Bay on July 12, 1979

Nassau Trust Company, Oyster Bay on August 23, 1979

CITIBANK, Hicksville on January 18, 1980 (attempt)

National Bank of North America, Hicksville on January 18, 1980

CITIBANK, Syosset on March 1, 1980

Nassau Trust in Oyster Bay on March 7, 1980

The cases are being investigated by Detectives Joseph Volpe and Henry Klosowski of the Nassau Police Robbery Squad.

family duties. Yet, during the last shortage citizens became irate when some stations gave Vamps head of the line privileges and exemption from odd-even regulations. Laws were passed to prohibit these actions. N.C. finally did issue orange and blue "V" decals to all active Vamps, exempting them from odd-even day rules. The public has shown that "if I have to wait to heck with anyone else. They wait too!" The problem will soon have to be dealt with. Do we give the people who we rely on to protect us from fire and supply a good deal of the County's Ambulance Service some sort of exemption from waiting hours for gas, Federal and/or State tax exemption, etc. Something must be done now,

not when the boom is lowered in the months ahead. Without gasoline they can't get to work or get to fire or rescue calls. The Vamps will have to cut back some place. More important or 1st priority must be food on the table and a roof over their heads and heat, then if any gasoline is left they can respond.

If you are not concerned about this problem you should be. If you are concerned or have ideas to solve the problems that lay ahead on this issue we suggest you write your elected officials and voice your concern. The Vamps give up their free time and in many cases their lives and/or good health to protect you. To ask them to give up using their vehicles for work to save gas for emergency calls is downright unfair.

Selected For Music Festival

On March 15 and 22, the Nassau Music Educator Association will sponsor their 1980 All County Elementary School Music Festival at the Farmingdale High School. The District Music Office is pleased to announce that twenty-nine Plainview-Old Bethpage elementary school students have been selected to participate in this festival.

These students were selected from thousands of recommended elementary school students from elementary schools throughout Nassau County. They will have the outstanding experience of rehearsing challenging music, not able to be performed in their individual schools, under the direction of top music educators and recognized conductors. They will climax their activities with a festival concert on Saturday

evening, March 22, at 8:00 p.m. in the Farmingdale High School Auditorium.

Selected students are as follows:

H.B. MATTLIN MIDDLE SCHOOL

Melissa Chow - orchestra, Rebecca Green - orchestra, Jennifer Mendelsohn - orchestra, Phyllis Offsey - orchestra, James Oppenheim - orchestra, Nancy Merriman - band, Kathleen Ahlers - chorus, Renee Anderson - chorus, Claudine Arrigo - chorus, Richard Benson - chorus, Dorothy Heller - chorus, Heather Joseph - chorus, James Koziol - chorus and Melissa Landsberg - chorus.

PLAINVIEW-OLD BETHPAGE MIDDLE SCHOOL

Lori Finkelstein - orchestra, Glora Griggs - orchestra, Amy

Huang - orchestra, Michael Shiff - orchestra, Kara Bluestein - band, Craig Meyers - band, Jannine Abadi - chorus, Christopher Calamia - chorus, Laura Cohen - chorus, Angela Diamantakes - chorus, Michelle Fields - chorus, Barbara Goldenberg - chorus, Debbie Gruber - chorus, Michelle Pine - chorus and Roger Prat - chorus.

This brings the number to 131 Plainview-Old Bethpage music students who have been selected for this type of recognition this year from all grade levels.

At Fork Lane

Fork Lane Parent Teacher Association will sponsor a program for all parents entitled "Improving Communications Within the Family" presented by the Berry Hill Counseling Association on Monday, March 24 following a brief general meeting at 8:00 pm in the All Purpose Room. The planned format will include audience participation and role playing.

Happy Birthday

And over on Acre Lane, Hicksville, Gloria and Mike Barone, proudly acknowledged the first birthday of their granddaughter, Adrienne Barone, on March 1. We wish Adrienne a long, healthy and happy future... and she couldn't have wished for nicer grandparents.

At The Library

MAKE AN EASTER HAT

In celebration of Spring and Easter the Children's Department of the Hicksville Public Library invites all Hicksville children in Kindergarten to grade three to a special "Paper Easter Hat Workshop" which will be held on Saturday, March 29th at 2:00 p.m. Both boys and girls can make an Easter hat for themselves or a member of their family. Class size is limited so please register soon.

STAUARDAY FILMS

An assortment of children's films will be shown at the Hicksville Public Library on Saturday, March 22nd at 2:00 p.m. Among those shown will be "Something Queer at the Library," "Strega Nona," and "Mowgli's Brothers." All are invited to attend this free program.

On The Campus

John Sauerland of HICKSVILLE, a senior physical education major, is one of five wrestlers that will represent East Coast Conference Champion Hofstra University in the NCAA Division Wrestling Championships to be held in Corvallis, Oregon. The 150 pounder qualified for his first NCAA appearance by winning the individual weight class title in the recent East Coast Conference Championships. Sauerland sports a 27-8-1 record thus far this season.

The following cadets have been placed on the Admiral's list at the State University of New York Maritime College: Cadet Thomas M. Kennedy, son of Mr. and Mrs.

SEVALD KNUDSEN of Kuhl Ave., Hicksville was recently elected Master of Manetto Lodge # 1025, Free and Accepted Masons of Hicksville.

Sev has been very active in our community for many years. He was assistant scoutmaster and scoutmaster for Troop 293 (United Methodist Church) for over 25 years.

He has also served on the Board of Trustees for the United Methodist Church. He is employed as an electrician (Local 3) in New York.

The public introduction of officers for the Manetto Lodge was held in January and was attended by over 200 people (even though it was Super Bowl Sunday.)

A lovely buffet, which was prepared by the officers' wives, was served.

Sev and his wife, Grace, have three grown sons, Bill, Stephen, and Kenneth.

William Kennedy, Scooter Lane, HICKSVILLE; Cadet Raymond D. O'Toole, Jr., son of Mr. and Mrs. Raymond O'Toole, Cornell Lane, HICKSVILLE.

P.O.B. Road Runners Compete

Murray Low of Plainview led a strong contingent of nine runners from the Plainview-Old Bethpage Ocean Run. Low crossed the tape in 61 minutes, 45 seconds, showing the way to his teammates and to most of the rest of the field as well.

Also putting in fine performances for the local Club were Alan Stopeck, Steve Miller, Gerry Kaufman, Marvin Gar-

dan, Bob Nicew, Ivan Ziegler, Mike Polansky and Stu Subotnick.

For most, this was the first event in the racing season. The runners will now point towards the Plainview PBC 10,000 Meter Run on Saturday April 5 and the May 4 Long Island Marathon. An especially large contingent is expected to turn out for the Plainview Run, of which the Club is a co-sponsor.

ization was begun by Commissioner (Frederick) Ippolito in March 1978, shortly after his appointment to head up the department. The changes are aimed at improving the Department's overall operational efficiency by boosting employee productivity and more clearly defining responsibilities, Town Supervisor Joseph Colby said.

The Planning and Development Department, established in 1972, has wide-ranging responsibilities dealing with land use and development within the Town, including planning, zoning, codes governing building construction, electrical and plumbing, and industrial development.

The April 15 hearing will consider the first series of amendments to the Town's Building Code, Building Zone Ordinance, Plumbing Code, and the Local Law that established the department. "These amendments constitute the more basic and fundamental legislative changes that will be proposed during the year to consolidate and streamline department procedures and operations," Colby said.

Kiwanis International President Mark Smith has established a "Share Your K Presidential Citation" to be presented to Kiwanians who sponsor a new member for their local Kiwanis Club. As President Smith has indicated on the citation, "If we are to BUILD TOGETHER in 1979-80, we must build with strength by sponsoring a new member."

This year's Kiwanis goals of building together are: to discover the joy of association with children and youth; to strengthen our alliance with Circle K (College) and Key Clubs (High School); to establish enduring bonds between Kiwanians around the world; to develop our potential for enriching the lives of others.

In the photo, Hicksville Kiwanis President Sieg Widder is shown presenting George Wolf

with his "Share Your K Presidential Citation", by telling George, "It is my privilege and pleasure to join Kiwanis International President Mark Smith in presenting you with this special citation for your having sponsored William Swindt as a new member of our club. You have helped strengthen Kiwanis and merit our recognition and commendation".

HANDICAPPED (Continued from Page 1)
with his appointment effective July 2, 1979.
Mr. Ron Friedman, Director of Personnel, told this reporter that certification is granted by Albany to individuals on September 1 and February 1.
The Board approved the 1980-81 school calendar for students and teachers. It concludes two-week Christmas vacation, with school beginning September 3 and ending June 26 and has a total of 183 days of instruction. Education law mandates 180 days.
The Board approved the policy on Agenda format with Trustees McCormack and Nagle voting no. Mr. Nagle's motion to table until Mr. Arena could be present was voted down as were several amendments dealing with placement of items. The problem seemed to be with the number of items on the agenda and placement of "individual Board members" and "educational presentation."
Mr. Campanella explained this was a format, laying out the business order and items "can be left off if you are not dealing with them."
The discussion also centered on the reasons for holding Board business meetings at the individual schools. Mrs. Germer and Mr. Fujimoto believed the reason was to give the public an opportunity to understand the workings and procedures of the Board and therefore the business

portion should remain in the beginning. Mr. Bennett also felt the educational presentation should come after the business portion.
Mr. Nagle, however, felt "it is wrong to hold an educational presentation at each school. So far, the presentations have centered around a particular program in that school. The presentation should center around all of Hicksville." He also expressed his displeasure with holding a career/college presentation at Lee Avenue. "This should have been held on the secondary level."
The policy on Board/Staff Communications was defeated but later Mr. Bennett, who had originally voted no, changed his vote to yes on an amendment made by Mr. Fujimoto. The Board again voted on the main amended motion and the policy passed, with Mr. McCormack voting no. The question of a Board member entering a school

building as a parent or a Board member was discussed at length and the policy as originally written was unclear and therefore interpreted differently among the Board members. Parliamentary procedure was questioned by Mrs. Germer on this matter and Mr. Campanella appeared to be confused by her inquiry.
On the travel policy, which raises the mileage allowance from 12 cents to 16 cents per mile, Mr. Nagle voted no. He had questioned the effective date of the policy change, which is after the Board approves it, and unofficially proposed an effective date of September 1. Mr. Nagle was questioned by Mr. Ayres as to why he had not spoken on the matter at previous Board meetings and Mr. Nagle stated "I always voted no on this matter."
On the textbook policy, the phrase concerning private/parochial school textbooks was amended. All Board

HHS Regents Scholars

Fifty-eight Hicksville High School seniors have been honored as Regents Scholars. Official notification from the New York State Education Department arrived this week, naming 57 students as winners of Regent scholarships, and one student as the recipient of a Regents Nursing Scholarship.

The winners of these scholarships are the candidates who earned the highest scores in Nassau County on either the American College Testing Program (ACT) Assessment or the College Board's Scholastic Aptitude Test (SAT).

members voted yes to this amended.

At this time, Mr. Nagle stated the policy had to be resubmitted for a vote at the next meeting. "I'm playing the game by the rules. It must be written as amended and resubmitted." On the main motion to adopt the textbook policy as amended, Mr. Nagle voted no.

Mr. Fujimoto announced he would not seek re-election to the Board because of job and family commitments. He thanked the Board for their patience on his late arrivals to Board meetings.

The next meeting of the Board is at Burns Avenue School, March 26, 8:15 p.m.

Approximately 97,000 students in 1400 high schools across New York State were included in the nursing scholarship competition. Only 800 grants have been awarded and one has been given to Hicksville High School senior Nancy Andretta.

Tighter Regulations on Pinball Machines

Stricter controls of game rooms and pinball machines were adopted by the Oyster Bay Town Board.

Under the new ordinance, game rooms, which are defined as places with more than two pinball machines, are banned from neighborhood business districts (Business "F") and allowed only in commercial areas zoned Business "G", such as large regional shopping centers, as a special exception, after a public hearing by the Town Board.

The only exception allowed in a Business "F" zone is in a "licensed" establishment that customarily has pinball machines as incidental to its business, such as a bar or tavern, which will be allowed up to two such machines when approved by the Zoning Board of Appeals.

In the less restrictive Business "G" zone, incidental uses of pinball machines will be limited to two and also require a variance from the Zoning Board of Appeals.

Madeline D. Matschat of Nelson Ave., in HICKSVILLE, has departed for a deployment to the Western Pacific.

He is a crewmember aboard the frigate USS Reasoner, homeported in San Diego and currently operating as a unit of the U.S. 7th Fleet.

A 1976 graduate of Hicksville High School, Matschat joined the Navy in November 1977.

Marine Corps 2nd Lt. James T. McEntee, son of Mr. and Mrs. William F. McEntee, of King St. in HICKSVILLE, recently completed a field artillery officer basic course at the Army Field Artillery School, Fort Sill, Okla.

During the course, students gain proficiency in artillery techniques and are introduced to new weapons and doctrine.

Telephone's New Bill Format New York Telephone will introduce a completely redesigned bill format for its Long Island customers beginning in late March, the company announced. The new bill will be customized for each of the company's one million Nassau and Suffolk subscribers. It will contain far more detailed information about the individual customer's telephone service and usage than in the past. The format replaces the current pre-printed billing form with a computerized printout of individualized data on each telephone account, according to Dean Hickox, director of billing for the company. "The bill is easier to read than the old format and will provide customers with information on the various charges contributing to the total bill," he said. The new bill was adopted following a survey of residence and business subscribers by New York Telephone and other Bell System companies. The new format was designed to be flexible and easily can be adapted to provide additional data if necessary. The new first page is known as the address page, and contains information about the total amount due. In addition, there is a bill summary page which shows all the service categories for which the customer is being charged. Separate pages for each category follow, with a detailed listing of components for charges in the category. Innovations in computer and laser technology made the new format feasible, the company said. Customer account information is forwarded to the billing computers rapidly by computer. Coupled with high-speed printing by a laser-driven press - more than six times faster than the old printing method - information can be printed in the same, or less, time. The laser's printing also is clearer, making it easier for customers to read their bills.</p>

Aid To Victims Of Family Abuse

With the opening of the Family Abuse Center, victims of domestic violence can obtain emergency help through a 24-hour hotline and from professional social work staff.

The Center, located at the Nassau County Medical Center, is conducted jointly by the Coalition for Abused Women and Family Service Association of Nassau County. Services previously provided by Coalition volunteers have been augmented and strengthened by the addition of fulltime professional staff, through recent grants to both organizations and from the Veatch Program of the North Shore Unitarian Society.

According to Dr. Salvatore Ambrosino, Executive Director of Family Service Association, "We welcome the opportunity to combine our professional counseling expertise with the

legal expertise and support services provided by the Coalition to aid families undergoing the most severe crises. This is a vital service to families that every community should have."

The Coalition continues to work in community education, establishment of a shelter, and advocacy for victims' rights. "We wish to help courts, police, the mental health system, and the public to understand better the needs of victims and the ways to help them," said Meg O'Regan Cronin, Esq., the Coalition's Executive Director.

While the great majority of victims are women, according to Rosemary Allwood, Director of the Center, "We provide our services to all victims of family abuse, including older parents abused by adult children." The Center receives over 40 calls a

week from distraught persons seeking relief from physical abuse or harassment. In addition to professional counseling, the staff assists with obtaining orders of protection, emergency shelter if needed, help in getting medical care and financial assistance, provisions for children and other needs. Mrs. Allwood pointed out that help is offered to abusers as well, and counseling aims at reaching peaceful resolution of situations and helping one or both spouses to go for further counseling when needed.

The hotline number is 542-2594 or 95, and is available 24 hours a day, seven days a week. While many calls are crises, some persons call to discuss their rights, alternate solutions, or where to obtain marriage or family counseling in order to forestall a crisis.

Gifted And Talented Meeting March 27

Dr. Hannah Masterson, Director of Gifted and Talented for BOCES III, Suffolk County, will speak at a meeting sponsored by the Hicksville PTA Council on Thursday evening, March 27th, at the Old Country Road School. Dr. Masterson will also answer questions relating to the educa-

tional needs of the gifted and talented child. A committee for the Gifted and Talented was formed this year by the PTA Council in order to gather information for the parents in our district concerning current developments in this field. Jan Boord and Betty Sturz

are Co-Chairmen of the committee. They have been visiting with the PTA unit Executive Boards to speak and to share ideas. All interested parents are invited to attend and take part in this meeting which will be held at 8:00 PM in the school's All Purpose Room.
