Hicksville Library Budget Vote And Registration

The Hicksville Public Library budget vote and elections to the Board of Trustees will be held on Wed., April 16, from 12 noon to 10 p.m. at all regular voting places.

Registration will be held on Wed., April 9 from 3 p.m. to 8 p.m. If you have voted in any election during the past two years, there is no need to register. Newcomers to the community and any others that have not voted in the past two years, may register at all regular registration places.

Incumbent Elery Bean is running unopposed for the Board of Trustees.

The Library budget of \$781,089.36 represents an increase of \$60,074.14 or 8.5 percent over the present budget. The projected tax rate is .67c per \$100.00 of assessed valuation. On a home assessed at \$6,000.00, the annual

tax will be about \$40.00.

The Board of Trustees have worked for months to develop a budget that will maintain the high quality of library service in Hicksville within the extraordinary demands on 1980 taxpayers. Extensive negotiations have been conducted with the Civil Service Employees Association, Inc., to fashion a labor contract that will be acceptable to the Staff, Board and general public.

At the same time, they are confronted with impressive raises in book prices and the skyrocketing costs of heat and light in a building open 7 days a week.

Remember these important dates: Registration on Wed., April 9 from 3 p.m. to 8 p.m.; Voting on Wed., April 16 from 12 noon to 10 p.m.

AHRC Meeting

The Hicksville-Levittown-Wantagh Auxiliary of the Association for the Help of Retarded Children (AHRC) will hold its next monthly meeting at Levittown Hall on Monday, April 14th at 8:30 P.M.

The program for the evening will be a slide presentation featuring slides of AHRC activities.

Meeting is open to the public and refreshments will be served.

A Letter To The Editor

To The Editor:

At the March 18, 1980 General Membership meeting of the Hicksville Chamber of Commerce, the following petitions to the supervisor and members of the Town Board, Town of Oyster Bay, were unanimously adopted:

Item # 1 - That no land in the Hicksville Triangle, and adjacent business areas, be purchased by the Oyster Bay Town Board, and removed from the tax rolls, for the purpose of establishing commuter parking facilities in Hicksville;

Item # 2 - That the Town parking lot in the fork of the Long Island Railroad to the east of the Hicksville Railroad Station, bounded by the railroad trestle on the North, by Bay Ave. on the East, and by the railroad trestle on the South, be converted to a multi-level commuter parking garage;

Item # 3 - That the Town Board immediately arrange to have the Landia Station of the Long Island Railroad in Locust Grove, near Robbins Lane, reactivated, and, in conjunction with this, convert the former "Town Dump" at Robbins Lane and Miller Rd. to a commuter parking area;

Item # 4 - That the commuter parking lot north of the Hicksville Railroad Station ticket office be converted to a multi-level commuter parking garage.

The membership of the Hicksville Chamber of Commerce is certain that these are definite, positive solutions to some of our problems.

Our Chamber of Commerce is

definitely opposed to the acquisition of tax-producing land for commuter parking in Hicksville. The elimination of such tax income will cost the Hicksville taxpayers money. The purchase of land by the Town would cost the Hicksville Parking District taxpayers money. The removal of existing buildings, if any, on the land would cost the Hicksville Parking District taxpayers money. The construction of commuter parking areas would cost the Hicksville Parking District taxpayers money. The maintenance of this parking area would cost the Hicksville Parking District taxpayers money. This will become a very costly item to the taxpayers of Hicksville through the loss of current tax income, plus the cost of buying, constructing, and maintaining such commuter parking areas.

This is especially painful in view of the fact that there are alternatives.

We have been told that a commuter parking garage is necessary on the north side of the railroad to accommodate those commuters approaching Hicksville station from the north, and to eliminate traffic congestion in the Triangle. These commuters seem to be coming mostly from Jericho, Plainview, Syosset, Woodbury, Huntington and other communities to the north and east of Hicksville.

When the present metered commuter parking lot in the "Y" of the railroad (item # 2) is converted to a multi-level parking garage, those com-

muters approaching from the northeast and east could come along Woodbury Rd., Plainview Rd., or East Marie St. for easy access to that parking garage. They would not have to drive through Hicksville. They could park to the east of the station and could walk to the station under cover of the railroad overpass. This would protect them from the elements.

When the Landia Station is reactivated, (item # 3), many commuters approaching from the east and northeast could use that station.

Converting the ground level parking lot just north of the Hicksville R.R. station ticket office to a multi-level parking garage, (item # 4), would provide adequate commuter parking north of the railroad. This would eliminate the need for the Town of purchase High-Tax-Dollar-Producing land parcels in the area of West Barclay St. &/or West John St., to construct a commuter parking garage. It would be more advantageous to have these parcels in question properly improved to generate even higher tax dollar income, rather than use them for parking.

We refer you to our letter of November 20, 1979 to Supervisor Colby, in which we stated that our Chamber went on record as being in opposition to the acquisition of any additional land in the Hicksville area by the Town of Oyster Bay for parking purposes, UNTIL such time as all existing facilities owned by the Town in

Local Firefighters To Participate In Benefit For Burn Unit

In celebrating their relentless efforts the Nassau County Fire Commission is endorsing a Night of Recognition for the staff of the Burn Unit of the Nassau County Medical Center.

The fund raising event will provide monies exclusively for the Burn Unit Fund, according to fund chairman Francis Pendl.

Pendl, an ex-chief of the Bethpage Fire Dept., became aware of the fine job the staff of the Burn Unit performs when he was admitted for ten days for treatment of burns suffered while teaching firefighters at the Nassau Fire Service Academy.

The Burn Unit staffers are talented people dedicated to the

painstaking care and treatment of those of us unfortunate enough to have suffered burns. Their noble efforts have restored mind and body to many a burn victim.

A gala night of fun and entertainment "for the whole family" is slated for Sunday, April 13, 6:30 p.m., at Cantiague Park Skating Rink, Hicksville.

"Potential" and "future" Olympic ice skating stars will perform and two bands will provide musical entertainment. In addition, an All-Star ice hockey game between the Nassau County Police Department's "Blue Knights" and the Nassau County Volunteer Fire Department's "Firefighters"

teams will highlight the evening.

All monies realized from this great event will be donated to the Nassau County Medical Center Burn Unit. The fund is to be used for the improvement of the burn unit's facilities and service capability.

Fire Fighters from the local area will be participating.

Ticket sales will be limited to 1,500 and must be purchased in advance. There will be no sale of tickets at the door.

Tickets are \$4.00 per person. Contact the Hicksville F.D. at 831-9870 for tickets. Leave name and phone number. You will be contacted.

Hand In Hand With Youth

Each year, the members of the Hicksville Kiwanis Club look forward to the annual report on the status of Boy Scout Troop No. 64 which is sponsored by Hicksville Kiwanis.

This report was again given to Kiwanis by Assistant Scoutmaster Jack Russell, who is shown here receiving a certificate of appreciation from Kiwanis vice president Brad Ilesley.

Mr. Russell had outlined the past year's Scouting program in Troop 64, and showed a movie film of the Troop's adult leaders and boys at various Troop functions including camping trips, canoe trips on the Delaware River, camporees, and performances of the Indian Dance Team which is one of the Troop's featured activities. The boys who perform the Indian dances make their own costumes, and learn the intricate steps of the dances

under the able leadership and guidance of Mr. Russell.

Sponsoring a Boy Scout Troop is just one of many ways in which

Kiwanis provides service to the community.

This year's major emphasis in Kiwanis is "Hand In Hand With Youth"

Gifted/Talented Conference

By Linda Strongin

The Hicksville School District will host the Society for Gifted and Talented Children's second annual spring Conference on April 19 at the Hicksville Senior High School.

"Reaching for the Stars" is this year's Conference theme. The Conference, for parents, teachers, and administrators, will feature Joyce Van Tassel, President of The Association for the Gifted, Ms. Van Tassel was formerly state coordinator of the Illinois Office of Education, Gifted Children's Program. She recently appeared on the Phil

Donahue show as an advocate for gifted and talented education.

Three sets of seven workshops will be offered, including, among others, "Chemistry for Gifted 10-year olds", "Parenting the Gifted Child", "Problem Solving for Gifted and Talented Elementary School Students", and "How to Help Your Child Learn at Home."

The cost of the all-day Conference for Hicksville residents and staff is \$8.00. Pre-registration is recommended.

For a brochure, call Linda Strongin, 822-8710 or Carol Yilmaz 364-2747.

At East Street

On Thursday, April 10, at 8 p.m., the East Street PTA will present Mr. Stanley Kramer speaking on "Art and Your Child." His program will deal with artwork on the Kindergarten through the sixth grade level, and will suggest some do's and don'ts for parents—when to praise and when to criticize, when to encourage and when to discourage.

Mr. Kramer has a very impres-

sive background in the art field; he has held many shows and workshops and is an art teacher at Trinity Lutheran School in Hicksville and Concordia College, Bronxville.

"Please join us on Thursday, April 10, to take part in what we promise to be a very interesting and enjoyable evening," said a spokesperson.

Coffee and tea will be served.

Museum Petitions Town On Apr. 15

With over 4700 signatures on its petition to the Oyster Bay Town for town administration and sustenance, the leadership of the Hicksville Gregory Museum will be presenting the petition as soon as town board meetings resume in mid-April.

The museum has been largely a self-supporting private educational institution since its creation in 1963. The trustees and community volunteers have raised annual operating costs through a variety of activities, modest admission charges and a small gift shop. Today's inflation, building maintenance needs and a long-overdue salary improvement for the professional

curator necessitate some sort of municipal operation of the museum, its Board of Trustees believe.

The Earth Science and local history museum is a favorite field trip for many thousands of Long Island school children and their teachers each year. Its rock, mineral, fossil and butterfly exhibits are considered a major collection by museum authorities. In addition, the museum's location in a National Historic Place, the late Nineteenth Century Heitz Place Courthouse, Hicksville, provides a quaint and unique setting for its outstanding contributions to Long Island's intellectual and spiritual well being.

A delightful birthday celebration was held for Ann Marie Cucci on April 3. Her parents, Carol and Artie, invited Ann Marie's classmates from the Woodland Avenue School to a luncheon and bowling party at the Woodbury Lanes in honor of the occasion. Ann Marie was eight years old on this date, and is in the second grade. Of course, helping her enjoy the festivities was her two sisters, Terri (15 yrs.) and Suzie (9 yrs.).

Another birthday celebrant was Bonnie Sue Doniger, HICKSVILLE, who was 18 years old on April 2. Helping Bonnie Sue enjoy a "Happy Birthday" were her parents, Janet and Jerry, and her brother, Larry.

Christine and James Drost's daughter, Lauren Elizabeth, was a year old on March 22. The Drosts live in South Farming-

dale, but both are formerly associated with HICKSVILLE. Christine was raised in Hicksville, and her parents, Frances and George Knight, are long-time Hicksvillites. Jimmy has been very active in the St. Ignatius Loyola Drum and Bugle Corp as a drum instructor. This is in addition to his regular employment in the data processing field. Congratulations and best wishes to you all.

Just back from Las Vegas is Bob Hoe of Mayfair Lane, HICKSVILLE. Bob spent a week there on a business convention. He said it was "almost" all work and no play. Bob's firm, Simplex, Inc., had a booth at a large photographic equipment convention which was held in Las Vegas. Bob said he was glad to leave the "make believe" world out there and return to his home and family here in Hicksville.

UP, UP, AND AWAY ... was the subject matter covered by Bill Kaiser, curator of the Air and Space Museum of Nassau County at the March 14 meeting of the E. F. Francke Republican Club of Hicksville. Congratulating Bill Kaiser on his very informative and interesting presentation on the Aviation History of Long Island are, left to right, Tom Gallahue, Joe Jablonsky, Jr., Bill Kaiser, and Fred Vevante, president of the Hicksville Republican Club.

The public is invited to attend these monthly meetings which are held the second Friday of each month at the VFW Hall, 320 South Broadway, Hicksville.

Mark your calendar now for the next club meeting which will be held on April 11, 8:30 p.m., and will feature Joseph Margiotta, chairman, Nassau County Republican Committee, as the guest speaker.

Hicksville Resident Helped by Sen. Marino

State Senator Ralph J. Marino (RC-Oyster Bay) recently passed a special bill to assist a constituent in her effort to obtain Crime Victims Compensation. "The bar to Patricia Danahy's claim is a gross injustice which this State should correct by granting the Crime Victims Board power to hear her case on the merits" said Marino.

Ms. Danahy, a Hicksville resident, was shot twice by her biological father who had abandoned her 25 years earlier. Her original claim to the Crime Victims Compensation Board was rejected due to a statutory prohibition which denies benefits where the crime is committed by a family member.

"Collusion is ludicrous in light of the particular circumstances, and I believe it is obvious that the rationale for the current law does not apply here," the lawmaker said. The bill which is now awaiting action in the Assembly will give special permission to the Board to hear and decide the case notwithstanding the

statutory bar.

A proponent of Crime Victims legislation over past years, Marino was contacted by friends of Patricia Danahy who submitted hundreds of signatures in petitions on her behalf. "I am hopeful that swift action will be taken in the Assembly and by the Governor," said Marino. "The

intent if not the spirit of New York's Crime Victims law calls for an exception to the rule in this case."

Comprehensive legislation sponsored by Marino is also pending to remove the statutory bar for all family member victims in cases where it can be shown no collusion exists.

Dear Friends ---

Nassau County Channel 21 is faced with a \$257,000 deficit, which must be met by June 30. Channel 21 is asking all L.I. businesses, industries and residents who believe in a strong regional identity for our Island to come forward and help save our local Long Island TV programming. They are conducting a 12-night marathon from Apr. 7 to 18 to achieve this goal. We believe not only in this fine Channel but in their local aims. If you feel this way too, please help out.

PEOPLE IN THE NEWS: Harold Puchalsky, president of the Beacon Federal Savings and Loan Association has been appointed to the 1960 Committee on the Federal Home Loan Bank System. Police Captain John Martin of Hicksville recently received a certificate marking 30 years with the Transit Police Dept. congratulations to both.

The Hicksville Library budget registration and vote are coming up in the near future. Registration will be held on Wed., April 9 from 3 pm to 8 pm at your regular voting place in the local schools. If you have voted in any election in the last two years you do NOT have to register.

To be eligible to vote you must be a citizen of the US, 18 years of age and a resident of Hicksville for 30 days. The vote itself is scheduled for April 16 from noon to 10 pm in the same local election district voting places.

Our friend, Elerly Bean is running unopposed for the trustee seat which he has filled so efficiently for many years.

WE ARE PLEASED to bring you a letter from the Hicksville Chamber of Commerce sent, not only to all of our elected officials but also to the media (page one Hicksville Edition). It represents the result of their combined thinking, on the plans now under consideration for the development of downtown Hicksville. It is not completely in line with what is being suggested by Oyster Bay, but it is the considered opinion of many local merchants and professional people, who have studied this serious problem for a long time. Also, other respected groups in the community take similar views. We realize that there will be future hearings on the last two phases of the suggested plans of the Town Board, before they are to become a reality. We respect the Chamber and their opinions. Even though some of them do not live in Hicksville, they are certainly all taxpayers here. What happens to downtown Hicksville will in the final analysis, be the result of the combined thinking of all of us. And the development of our downtown Hicksville Triangle, if done successfully, will help hold the line of the taxes of every resident and merchant in this area and in our Township. We hope that their suggestions will be given serious consideration.

THAT'S ALL for this week. Stay well and have a Happy Easter.

At Fork Lane

By Jackie Edelstein

On Friday, March 14, 2nd graders under the supervision of their teacher, Mrs. Schmitt, ran a cookie sale. The aim of this sale was to teach consumer awareness, as well as how to fix prices for sale using cost and profit. The students brought in homemade items and made signs depicting their price.

During the day classes from school were invited in to browse and purchase. One 2nd grader stood staring at his 10c trying to

figure out how to buy as much as he could for his money, while another zeroed-in on his choice, never checking prices.

The sellers' little hands were busy adding and figuring change. By the end of the day competition was strong, shown by the lowering of prices on sale signs.

Checking with the class the following day, the sale proved to be a great success.

The class decided there was enough profit to put money away for a class trip as well as to donate money to the Red Cross.

Letters to the Editor

Mr. Gordon M. Ambach
Commissioner
State of New York
State Education Department
Albany, N.Y. 12234
Dear Sir:

There has been a considerable amount of discussion of Health curricula, especially Strand III, on Long Island in recent months, and I would appreciate clarification.

On the one hand we have been told that the Commissioner's Regulations, Chapter II Subchapter G, Sections 131.1e and 135.3 mandate the teaching of mental and emotional health and family living in the public schools.

On the other hand, I understand that Chapter 932 of the Laws of New York of 1969 amended the basic law contained in Chapter 787 of the Laws of 1967 by specifically deleting reference to those areas. Moreover, the provision in Section 2(f) authorizing the Commissioner to prescribe other health areas not specifically mentioned in the Act was also deleted at that time. These sections would seem to nullify the ability of the Commissioner to mandate the teaching of these

areas.

I would appreciate your reconciling these two apparently contradictory pieces of information for me. Perhaps subsequent legislation or court decisions unknown to me have taken place that will clarify the matter. May I have your comments?

Very truly yours,
Douglas H. Harknett,
Hicksville

Dear Mr. Harknett:

Your recent letter to Commissioner Ambach, duly noted by him, has been referred to me for reply. I will attempt to clarify the requirements for health education.

The Regulations of the Commissioner of Education to which you refer should be read together. Mental health is one of the topics which is related to health education. There is no specific amount of time required for this topic, nor are there any concepts or specific areas required to be covered. Family living is not specified in the Regulations.

Within the requirements of the two regulations, it is expected

that a local school district will develop and offer a program in health education appropriate to the needs of the pupils. A curriculum guide has been developed which suggests, but does not require, some content areas. The guide covers the broad range of content in health education.

Some content areas are required by law. These include the teaching about the effects of drugs, alcohol, tobacco and other harmful substances. There are some safety education areas required by law as well.

A comprehensive health education program which covers in a balanced way the broad range of subject matter in health is the recommended approach. The definition of a balanced, comprehensive program is the direct responsibility of the Board of Education.

I hope this clarifies the matter for you. Should you have any further questions, please do not hesitate contacting me.

Sincerely yours,

Private Industry Council Sets Programs

The Private Industry Council of Nassau County offers to Long Island industry the funding, the technical assistance and the trainees needed to initiate a training program tailored to the company's specific needs. A company can be reimbursed up to 100% of its training costs and may receive substantial tax credits for each of the Council trainees it retains.

But the overall plan of The Private Industry Council of Nas-

sau County goes beyond solving traditional employment problems. They can also design training programs and place trainees who have been unemployed over a long period of time or have low annual incomes. There are also special placements designed for the handicapped individual.

The members of the Private Industry Council, a growing number of dedicated volunteers, include some of Long Island's most prominent business leaders.

Business leaders that are creating new directions for job opportunities on Long Island.

A major part of their effort is currently directed toward a comprehensive public information campaign. A communications program is now underway that involves the establishment of a Speaker's Bureau which will advise and inform, not only Long Island industry and labor, but local community groups and organizations as well, of the many benefits the Council can offer.

Individuals residing in the Town of Oyster Bay, who are interested in enrolling in one of the Council's training programs may apply at the Council's office, 175 Fulton Ave., Hempstead, N.Y.

Galileo Lodge News

By Joe Lorenzo

It was Thursday evening, the 27th of March. The time: 8:00 P.M. The place: the Galileo Lodge. The occasion: Installation of officers. Many members and their friends were in attendance, to say nothing of some of the leading dignitaries of the Town of Oyster Bay, namely, Congressman Norman Lent, Councilmen Ken Diamond, Tom Clark and Joe Saladino, who graciously lent their presence to the dais. Of course, so were many of the leading figures of the Grand Lodge of the Sons of Italy in America and its filial lodges, who also greatly enhanced this ceremony by officiating as well. Joe Montemarano, Joey Fay, Pat Landi, Joe Cangemie, Leo Delberti, Lucy Candella, Caroline Alloca, Carmine Cacciola, Emilio De Felipo, Mat Nizza, Vincent Muscarella, Sal Retura, Peter Gambino, Anthony Caputo and Tony Parvis, to name a few.

RECENTLY INSTALLED officer of Galileo Lodge Ladies Auxiliary: (front row, left to right) Mildred DelCioppo, Mildred Caputo, Terry Gatto and Ann Lappano.

[In the rear row, standing, left to right] Rae Creco, Mary Monteforte, Rose Riccardi, Jo-Ann Wallach, Ann Palermo, Grace Giordano, Carman Russo and Nancy Bove.

IN THE LOWER PICTURE: Mrs. Puglisi, mother of Anthony Puglisi, recently installed as honor guard of Galileo Lodge, attend the installation ceremony with friends, Mr. and Mrs. V. Allora. [Photos by Jeff DeLuca.]

One could sense an atmosphere of anticipation. Faces beamed with pride, eyes were riveted on the chief officiating officer, 1st. Asst. Grand Venerable Joe Montemarano. The brother and sister officers of the Galileo Lodge who were to be sworn in, along with the ex-officers, were lined up before the dais. Suddenly it was all over, and all the newly-installed took up their positions and regalia. The fate and destiny of the Galileo Lodge for the year 1980 was not in their capable hands.

Probably the most memorable and conspicuous moment of the proceedings was the acceptance speech of the newly-elected Venerable, Tony Previtte, which dealt with the proposition that the future dignity, integrity and reputation of the Galileo Lodge rested with the membership, and that the membership was actually the Galileo Lodge. It was warmly, eloquently and poignantly delivered, so much so that it prompted Grand Orator Tony Graziano to state it was the most moving acceptance speech he had ever heard during his twelve-year association with installation of officers ceremonies.

On Saturday, the 19th of April, the Galileo Lodge will hold its 8th Annual Anniversary Dance. For the admission price of \$15.00 per person, you will be offered a cocktail hour, a tasty dinner, beer, soda, coffee and cake, live music, set-ups, unlimited liquor, live music and the pleasant atmosphere of the Lodge itself. Tony Previtte (733-0461) will present more information to this column and those who are desirous of the same can call the above number for ticket sales and seating arrangements. Because of the very nature of this affair, it is incumbent upon the membership to attend and bring along their friends. And here is

another instance where you can actually give credence to Venerable Tony Previtte's premise that you are the Galileo Lodge.

LODGE TIDBITS:

Mr. and Mrs. Andy Giuliano are leaving for Italy on the 3rd of April. Best wishes for a nice trip are in order. A great deal of credit should go to members Bert Molinelli and Mickey Russo for attending bar at the swearing-in ceremony held last Thursday. A beautiful thank you is also in order. Fred Vevante, a member of the Galileo Lodge and President of the Hicksville Republican Club announces that this organization will hold a meeting on the 11th of April, at the V.F.W. Post on Broadway Hicksville. Time is 8:30 P.M. and Joe Margiotta will be guest speaker. All members of the Lodge are invited to attend. Olympia Puglisi, mother

of Anthony Puglisi of Galileo Lodge, is leaving for Florida to celebrate the Holy Communion of her 1st great-great granddaughter, Amy Vadala. We all wish her a very pleasant trip and an enjoyable time. Venerable Tony Previtte announces that the next board meeting of Galileo Lodge will be changed to Monday, the 7th of April, because he is attending a seminar at Hofstra University. Joe Lappano announces that he and Armand Del Cioppo are seeking members and their friends who can sing, dance and play a musical instrument for the sole purpose of forming an entertainment group within the Lodge. You can contact them at the next meeting if you are interested in this particular activity. Jeff Wallick wishes to thank all his committee men who performed so admirably at the last St. Joseph's Dance, and by the way, so did Jeff.

LETTER TO THE EDITOR (Cont from Page 1) Hicksville

this area are thoroughly studied, analyzed, and investigated as to potential improvement for additional parking purposes.
 The objection to the loss of parking space due to, and during, construction of multi-level garages on existing Town owned parking lots could be amicably satisfied with leased, temporary parking areas, some of which have already been offered.
 Furthermore, by implementing these four recommendations, the unpopular suggestion of extending Duffy Ave. from Newbridge Road or Nelson Ave. to Broadway, would be unnecessary, since a large portion, if not substantially all commuter traffic from Woodbury and Plainview Roads would terminate east of Broadway at the enlarged parking facility.
 Our Chamber has been told that we were the only organization in Hicksville in opposition to the proposed Duffy Ave. extension. We were also told that no other organization had expressed approval of the plan. At the March 6 meeting of the Hicksville Community Council, the representative of the Hicksville Fire Department read a letter stating our Fire Department's disapproval of the plan. To the best of our knowledge, this now makes the score -- two

responsible organizations, against; none, for!
 We present these petitions for your careful consideration and approval.
 Contrary to previous accusations, we are not a private or special interest group, but a community interested group, desirous of improving the tax situation, and making Hicksville the hub of tomorrow.
 We will be happy to have a representative delegation of the Hicksville Chamber of Commerce meet with you to discuss the contents of this letter.
 Very truly yours,
 The Hicksville Chamber of Commerce

YANKS WIN TWO

Despite a great deal more rain this week-end, the under 15 boys managed to play two games and came out victorious in both which extended their unbeaten streak to 16 games. On Saturday in a steady rainfall, they defeated a 16 year old Rockville Centre team in a Regional Cup match and on Sunday they notched their second League victory of the season. Against the older RVC team on a wet, muddy field, the Yankees scored six times even though three players were missing (Billy Cresham still out with a knee injury, John Mitchell and Robby Pearse). Rockville Centre only threatened once and was awarded a penalty kick (a Steve Dolan hand ball) but Gene Tyranski stopped the shot and recorded his first shutout of the spring with a strong 6-0 win.

On Sunday, a greatly improved Cow Harbor team held the Yankees to a tie until well into the second half. Cow Harbor tired and Hicksville did not and the boys relentless attacks resulted in three late period goals and a 4-1 Hicksville victory. Coaches Peter Collins, Bill Cresham and Pat McHugh were pleased with the two victories but noticed several weaknesses that will be corrected with a heavy practice schedule before the next two difficult games against Huntington and Massapequa. Robby Pearse was back for the Cow Harbor match but Adrian Pepi saw very limited action due to a bruised thigh.

GENERAL NEWS

The Spring season is 3 weeks old but very few games have been played due to the weather. The first week was completely washed out and only a few games were played in the last two weeks. The 34 traveling teams were scheduled to play 71 League games (1 bye) in the first 3 weeks and have only managed to play 21. Although the numbers will surely adjust themselves, this season is the poorest start in years for the Club with 8 wins, 9 losses and 4 ties in the 21 reported games.

In Regional Cup competition, 15 teams were entered and as of the second round, only seven remain. The Regional Cup is a one game knockout competition (one loss and you're out) until a State, Regional or National champion is decided. The country is divided into 4 major regions and Long Island is in Region 1 along with 13 other northeast states.

YOUNG AMERICANS

The under fourteen girls, sponsored by Woodbury Deli,

started the Spring Season with a convincing win over a strong Massapequa team last week by a score of 4-2. (With two previous games being cancelled due to rain, the girls were determined to play, and it was good that they were, for the cold weather and pouring rain did not deter Christine Sierra from scoring two goals in the first half with assists coming from Theresa Caputo, Erin O'Leary and Tanya Pfeffer. The defense, spearheaded by Goal Keeper Dominique Missimo, Suzanne Sierra, Tracey Fiume, Debbie Kenefick and Kelly O'Leary, shut down the Pequa Cobras attack at every turn.

At half time the customary cold drinks gave way to cups of hot chocolate with the rain still coming down, the girls took to the field for the second half and scored a goal from right wing Theresa Caputo, assisted by Ann Kenny. The girls getting a little leg weary from the mud let up two goals, but the icing was put on the game by another goal from Christine Sierra, assisted by Theresa Caputo. Theresa Salaski, Kelly O'Leary, Laurie Stashower, Tanya Pfeffer and Debbie Kenefick kept the Cobras in check till the end of the game. Special awards to Dominique Missimo, Erin O'Leary, Ann Kenny, Suzanne Sierra and Tracy Fiume for their strong steady work in the game.

Susan Mitchell side lined with a broken leg was not at the game, all hoping for a speedy return. Krista Taylor and Laura Reinhardt were also side lined with colds.

Next week the Young Americans meet the Island Trees Rams in an away game.

HICKSVILLE HORNETS - 1970 Boys

Last Sunday, the Hicksville "Hornets" opened their season at home against the Bohemia "Striker" club. The locals suffered a 2 to 1 defeat at the wind swept Grumman complex.

Right winger Chris Kanuck of the "Hornets" opened the scoring midway through the first half. Fullback James Panchookian and halfback Mike Olive stymied a Bohemia effort past midfield. Olive's pass to midfielder Craig Carson created the play to set up the score. Carson whisked the ball to Joe Santarelli. The slick halfback moved the ball up the right side, chipped the ball to Kanuck, who drilled it home. Hicksville led at halftime 1 to 0.

Bohemia struck back quickly in the second stanza. "Hornet" net tender, Ken Hamel was burned off a "Striker" corner kick. A great effort by fullbacks Ralph

Maresca and Mike Wozniak to clear the ball was bottled up by the visitors scrappy front line. The out east clubs second tally came after a tremendous effort by the hometown deepbacks Rich Chakrin and Anthony De Rosa. "Hornet" goalie, Hamel trapped out of position by the Bohemia attack was saved on a super struggle in front of the nets by the backfield tandem as they literally muscled the ball over the end line. The visitors rang up their second goal again on a corner kick after that action.

The Hicksville forward wall of Mike Conway and Craig Eneh on the right side and Mike Kowalczak and Brian Doyle on the left were battered in the second half by rugged Bohemia defense plus the gusty headwinds.

Nest week the "Hornets" travel to the Huntington Boys Club "Falcons" arena. Hicksville head coach Mike Kanuck hopes to get his boys back on a winning balance, to equal or better last years record of 7 wins, 3 losses and 1 tie. This may be a little difficult for the rangy task master as his charges have been moved up a division due to the winning season.

HICKSVILLE CHARGERS

By G. Beggs

The Hicksville Chargers, U/9 boys coached by B. VanSteen and P. Landman, started their Spring Season this past weekend at Grumman Field. The Cow Harbor Tigers proved to be tough opponents by coming out on top 3-1.

The Chargers looked impressive in the 1st half with a 1-0 lead after 25 minutes of play. Ryan McCann scored the only goal in the half. Showing plenty of hustle from the new players on the roster were Michael Luongo, Peter Coen, Thomas Pedicini and Thomas Reilly. Scott VanSteen displayed his skills as goalie.

Cow Harbor dominated the 2nd half by keeping the ball on Hicksville's side of the field despite a good effort by the Chargers. Rotating in positions were

Thomas Bell, Michael Rodriguez, Scott Barer, Michael Segal, Todd Bertman, John Beggs, Mark Micheli and Joey Schillan.

The competition is stiff this season with the Chargers moving up to Div. II, but the boys will be successful if they keep on trying.

Newest Addition To Old Bethpage Village

A shoemaker's shop, built in the mid-1700's and thought to be the oldest such shop on Long Island, is the latest acquisition to the Old Bethpage Village Restoration.

The building, which has been moved to the village from its original location in East Hampton, will undergo about a year of painstaking reconstruction before opening to the public.

The shop was located on property which had been granted to William Hedges in the 1600's. Records show that most early members of the family were farmers.

By 1725, the owner of the property, John Hedges, had become a shoemaker. His account books, which are preserved at the East Hampton Library, indicate that by 1750 he had enough business to build the shop.

The ledger shows that the shop was being operated by his son, Daniel, by the 1760's. Daniel Hedges was a brother-in-law of Aaron Isaacs, the grandfather of John Howard Payne.

According to Hedges' records for the period between 1764 and 1768, he sold 118 pairs of shoes to Isaacs, who in turn sold them from New York City to Nantucket. Records show that

Hedges was so busy making shoes, he often had to farm out repair work to others.

Daniel's son, John, continued making shoes until at least 1812, when the family account books end. According to county historians, it would appear that the family returned to farming at this time.

In the following years, the structure was used for storage and it appears to have been rebuilt to some extent in the mid-1800's.

In recent years, the building fell into a state of disrepair and collapsed.

Museum staffers at the Nassau County Department of Recreation and Parks, which operates Old Bethpage, are working to reconstruct the building "like a jigsaw puzzle."

To assist in the restorations, the department is asking anyone having a photograph of the building, which stood behind the Hedges Inn on James Lane in East Hampton, to please call the museum library at 292-4292 weekdays between 9 a.m. and 4:45 p.m.

Old Bethpage Village Restoration, which depicts a typical Long Island farming village of the generation before the Civil War, is set on 209 acres surrounding the old Powell Farmhouse, which is the only building on its original foundation.

More than 20 buildings at the village are now open to the public.

Barone. "Seals do not hurt people so they shouldn't kill them." Denise Uveno.

"We want the seals to live in the ocean and be free to swim to wherever they want." Roger Chin.

"We don't need real skins, we can have man-made furs." Kristin Mund.

"It is very cruel to kill baby seals. Soon there will be none left." Robert Welling.

"It makes all of us children cry! We love those seals and so do their mothers. It is a terrible thing to kill innocent beings just for fur and money." Laura Hackett.

"Our country feels sorry for the seals, so please stop killing them!" Rebecca Smith.

Dominick Mirabelli summed up the feelings of the class well when he commented, "Who cares about the fur coats? We care

about the baby seals!"

Letters were addressed to the Canadian ambassador in Washington, D.C., Peter M. Trowe. Under the U.S. Marine Mammal Protection Act, it is unlawful to import into the United States any marine mammal which has been deemed an endangered species, which is pregnant at the time of taking, is less than eight months old, or which has been killed in an inhumane manner.

These concerned second graders want their message to reach the proper authorities in Canada in the hope of convincing them to stop the annual bludgeoning. It has been a thought-provoking and consciousness-raising experience which truly aroused the children's creative writing abilities and made them more aware of the world outside of their immediate environment.

 • Dieters take note! Muscle is heavier than fat; you will lose inches before you lose fat. In an average woman, 25 percent of her weight is fat; in an average man, 15 percent. As a woman ages, the percentage of her body fat increases. By exercising she will become more compact and attractive, losing unsightly bulges.
