Community Council Hears Barnes And Gold

By Carole Wolf

Mrs. Ann Gold, Public Relations Director for the Nassau County Department of Drugs and Alcohol, and Ms. Kenneth Barnes, Director of the Hicksville Library, were the guest speakers at the Hicksville Community Council meeting held at the library on April 3rd.

According to Gold, the "newest disease" is prescription drug misuse. "We live in a culture where gratification has been instantaneous" and we are used to taking "pills to lose weight, to get up, to lie down." Valium is a mild tranquilizer generally dispensed for a legitimate emotional reason. But, Gold said, "\$47,000,000 of valium prescriptions" were purchased last year. Many people take the drug "long AFTER the reason to take it is gone."

Most patients do not realize that some drugs, when taken together, will cancel each other out, while others, in combination will be stronger. The amount of heroin users are decreasing, but few people know that Afghanistan is a large producer of strong heroin, and if they win there will again be a large influx of the drug into our country.

It is a general feeling that "if a person gives a doctor money, the doctor must prescribe something in return." This "unwritten contract" makes it very difficult to "retrain doctors." Gold admitted. Medical schools are beginning to teach "holistic" medicine which urges the doctor to treat a patient as a whole person.

Ms. Gold, whose county department treated 15,000 people last year, said that there are programs for prevention which are given in the elementary schools as well as drug, alcohol

and educational programs, in-patient treatment, counselor, vocational and methadone programs. There are a network of 86 agencies throughout Nassau County which are at everyone's service, and most services are free. For treatment information, call Nassau County information at 542-3925 or Hicksville's HAD at 935-6858.

The library, who are "experts in passing out information" offer all of the best sellers, most of the important general non-fiction can help a college student write a paper and can plan a whole vacation," according to Mr. Barnes.

Barnes said that Hicksville is one of the strongest libraries in Nassau County with over 275,000 volumes. The policy of the library is that if a book is not taken out in a long time, it is deleted from the collection. This year, the library might be losing its browsing section for more shelf space and unless someone gives the library money to expand, part of the auditorium might also have to be used for books.

There is a definite relationship between books and dollars according to Barnes. Ten years ago, the average cost of a book was \$8.70; today it is \$20. To help solve this the library has an up-to-date collection of paper-back books.

The library budget will cost each homeowner approximately 60¢ of assessed valuation or approximately \$40 a year. Voting for the library budget is April 16th from noon to 10.

Sieg Widder, Chairman of the Nominating Committee of the Hicksville Community Council presented a slate of officers for the 1980-81 year: John Budnick,

President; Cathy Steckler, first Vice-President; Tom Clark, second Vice-President; Al Peck, Secretary; Clara Bennett, Treasurer. Nominations will be accepted from the floor and the election will take place at our meeting on Thursday, May 1.

At the Hicksville Town Meeting, there are many events happening at the Mid Island Plaza. Friday, April 11th is 4-H day at the Plaza, with demonstrations in braile, inkprints and glass cutting. Saturday, April 12th is HAD's marathon volleyball game. WGBB will be playing the HAD Board at noon. April 13th and 14th will be the health fair. The hours on Sunday are from noon to 5 and on Monday, from 1 to 9.

At the Library, for National Library Week, will be the film, the Yearling on Sunday. The Library vote is Wednesday, April 16, and on Friday, April 18th, Raymond Chambers will discuss, "UFO, Real or Imaginary." Saturday at 2 will be a magic show and the week will conclude with a Marilyn Sherman, piano, and Karen Baskin, cello, concert on Sunday.

The next Council meeting, scheduled on Thursday, May 1st, will help celebrate Grumman's 50th Anniversary. Hope you can come.

Card Party

The Ladies Auxiliary of the Hicksville Fire Department will hold a Card Party on Friday, April 11, at 8 p.m. at the Firehouse on East Marie St., across from the movies in Hicksville.

The donation is \$1.50 and everyone is invited.

The Town of Oyster Bay Pee Wee All-Star Ice Hockey Team won the New York State Championship in a tournament played in Rome, N.Y., the weekend of March 21-23, it was announced this week by Town Councilman Salvatore R. Mosca.

Oyster Bay defeated the host team in the championship final, 3-0, after posting decisive wins over Amherst 6-0; Massena 8-1; Syracuse 11-1 and Troy (in the semi-final contest) 10-1. The team, which boasts a season record of 55 wins, 1 loss and 4 ties, will now travel to Detroit, Michigan, to compete in the

National Tournament the weekend of April 11.

In the two years this team played together, it has won 124, lost 2 and tied 8. Two years ago, as Squirts (ages 9 and 10), this team also won the State Championship, the first time a Long Island team has ever done so.

In addition, the Pee Wees (ages 11 and 12) also claimed tournament championships at the Ocean State Classic in Providence, Rhode Island, and the Fram Tournament, also played in Providence.

Coached by Tom McManaman, the team includes: goaltenders David Littman and Elliot

Kaufman; defensemen Joe DiCapua, Perry Florio, Kevin Rich, Hank Jenet and Kevin McManaman; and forwards Paul Sciafani, Steven Mirabile, Joe Franceze, Johnny Weisbrod, Jimmy Regan, Ward Welles, Jimmy Federman and Danny Gould.

The Town of Oyster Bay Ice Hockey League is sponsored by the Town's Department of Parks. The ice hockey program, which was founded in 1966, is the largest of its kind on Long Island. The teams play on the Town's three ice rinks located in the Bethpage, Marjorie R. Post and Syosset-Woodbury Community parks.

Members of the Trio Sonata (l. to r. Donald Bender, oboe and English horn; Gary Kessler, guitar; Anton Kuskin, flute), which will perform a free concert at the Syosset Public Library on Saturday evening, May 3, at 8:15 PM.

SPRING 1990: If, in your fantasies of spring, you may have dreamed of strolling through a gracious country estate with winding garden paths, mirrored lakes and fields of daffodils waving in the breeze, that dream can become a reality through a visit to Old Westbury Gardens.

These are but a few of the spring delights to be savored here. Tulips awakening from their winter bed of pansies stretched upward to give promise of a "Dutch treat" to come. Roses in the formal garden are bursting with new foliage as if they could hardly wait until June to display their colorful blossoms.

So that everyone might have an opportunity to savor these early spring delights, Old Westbury Gardens will again be open for pre-season spring walks this year. Weather permitting, the gates will remain open from 11 AM through 4 PM on Sundays, April 13 and 20.

The Gardens will reopen for its regular season on Saturday, April 28.

Old Westbury Gardens is located at 71 Old Westbury Road in Old Westbury, New York, and can be reached by way of all leading parkways. Admission to Gardens: Adults, \$2.50 - Children, aged 6 - 12, 50 cents. For further information, call 333-0048.

100th Birthday Luncheon

The Woodbury Chapter of Women's American ORT will hold a gala 100th Birthday Luncheon on Tuesday, April 15th at the Galaxie in Plainview.

The seven course luncheon will be followed by a Ruthe Aronoff Musical Production with Harold Branch and his Orchestra.

For information and reservations, call 367-4097 or 692-5903.

Which of the items below do you think went up in cost the most over the past 30 years?

A postage stamp.

A kilowatt-hour of electricity.

A pound of coffee.

A subway token.

If you GUESSED A pound of coffee, a subway token or a postage stamp, you're right on all counts. All three have skyrocketed some 400% in cost in the past thirty years. By comparison, a kilowatt-hour of electricity went up by a little more than half as

much, or 241%, over the same period.

We know electric costs are higher than they used to be—unfortunately, all costs are. But, when you and your family take a close look at what you get for your money, compared with other consumer items, it's easy to see that electricity is still a good buy.

When used wisely, electricity helps improve the way your family lives. By your using electricity efficiently, and LILCO doing everything it can to keep costs down, electricity can continue to be one of the more reasonable items in the family budget.

Dear Friends ---

INMATES TO WALK FOR MARCH OF DIMES

Thanks to the cooperation of Sheriff Michael P. Senjuk, some fifty inmates at the Nassau County Correctional Center will participate in their own version of the March of Dimes annual SUPER WALK on Saturday, April 12th. They'll be trekking a less than "scenic" route as they walk around the jail's courtyard 237(1) times for a total of 33 kilometers (20 miles) to raise funds for the March of Dimes fight against birth defects.

For obvious reasons, it's difficult for the inmates themselves to obtain sponsors to back their walking efforts, so they are dependent upon the public to call in pledges to the March of Dimes. Pledge 10c, 25c, \$1.00, or whatever you can afford, for each kilometer of the 33 km. route they complete. Sponsors will be assigned a specific inmate number and will be billed after the Walk. Call the March of Dimes at (516) 433-7000 TODAY with your pledge.

INMATE WALK '80...help make it a huge success!

Next week is National Library Week. We join other library users in saluting this fine American Institution. From "just books", years ago, our modern libraries serve our community in many ways. In fact they have, in most cases, become much-needed community centers.

And, speaking of libraries, just a reminder that the Hicksville Library vote is set for April 16th. We believe that their proposed budget is a fair one...modest in these inflationary times. Please don't forget to go to your local voting place in our schools, and cast your vote.

That's all for this week. Stay well and remember the saying (as you cast your vote), "In a Democracy, the buck NEVER passes."

IRS Open Extra Hours For Close Of Filing Season

If you need Internal Revenue's help with your tax return, you can get it at IRS offices in Brooklyn, Queens, Nassau and Suffolk this Saturday, April 12, the last Saturday before the filing season ends.

Saturday hours for the IRS offices will be 10 a.m. to 2 p.m. On Monday, the normal schedule, 8:30 a.m. to 5:00 p.m. will be in effect, but on Tuesday, April 15, the last day for filing your tax return, they will be open from 8:30 a.m. to 9:00 p.m.

IRS suggests that if you can't complete your return on time, file for an automatic two-month extension on Form 4868. You must file the form by April 15, IRS says, and send with it payment for the tax you estimate you owe.

IRS also advises you to use the pre-addressed peel-off label and coded envelope you received with your tax forms package when you file. By doing so, you will help expedite the processing of your return and reduce the waiting time for any tax refund you are due.

Letter To The Editor

Dear Editor:

Thank you for permitting space in the Herald, for our letter in the issue of March 27, on the story entitled, "Yevoli To Carey: No More Gas Taxes!"

While the record shows that Mr. Yevoli voted against the motion to discharge the Esposito Bill from Committee, in June of 1979, we must, in all fairness advise you that he voted for the discharge when Assemblyman John Esposito renewed his plea, on Thursday, March 27, of this year, to release the bill for debate and vote on the Assembly floor.

We, along with many thousands of homeowners all over New York State, are firmly convinced that the Esposito Bill is the only legislation that will repeal --

completely wipe out the two-hundred-year-old law that orders tax assessments be based on the market value, or selling price, of homes. Other legislation that is presently being proposed, will bring back the market value rule under a new name, "Base Value," and proceed to assess taxes based on the property's selling price.

The thousands of homeowners that comprise your readership might be interested in knowing the names of those legislators, who are supposed to think of the well-being of their constituents, who voted against the Bill's discharge motion:

George Hochbrueckner (Coram-2nd A.D.); Icilio Bianchi, Jr. (Belport-3rd A.D.);

Angelo Orazio (Albertson-15th A.D.); May Newburger (Great Neck-16th A.D.); Arthur Kremer (Long Beach-20th A.D.); Paul Harenberg (Bayport-5th A.D.) was excused "for other reasons," though he is the Chairman of the Assembly's Real Property Tax Committee, and last year, voted against the motion to discharge.

Our great thanks to you for your kindness, and we hope that your readers will not suffer from the desire of those politicians who seek to extract taxes from a heavily-burdened and tax-weary group -- the small homeowners.

Yours very truly,
Virgil Pontone
Bay Ridge Pothole Committee

A Message From Sup. Colby

Throughout the year, the Town awards dozens of contracts for various required services and for the purchase of a broad range of the equipment, materials and supplies necessary to the functions and operations of Town government. For example, the Town Board is expected next week to approve the purchase of over \$1.5 million of street lighting equipment for the modernization program.

A well-defined, detailed procedure of public bidding precedes the award of any such contract. The process, which is prescribed by the General Municipal Law of the State of New York as well as rules and regulations promulgated by the Town Board, assures that the best interests of both the Town administration and the taxpayers are well protected. Here is how it works.

The first step in acquiring capital equipment is the

preparation of a requisition form by a department head describing the equipment desired, which is submitted to the Purchasing Division of the Department of General Services. Detailed specifications are then prepared by the Purchasing Division according to various criteria of performance, standardization, etc., to assure that the most cost-effective equipment is obtained through competitive bidding. The Comptroller's Office must formally certify that funds have been provided in the budget for the purchase of this equipment. A notice of bid is then published in newspapers and bid notices are sent to a list of previous bidders for this type of equipment.

All bids must be received in sealed envelopes no later than 11 AM on the date designated in the bid notice, after which they are opened and read at a public meeting.

The Purchasing Division then evaluates the submitted bids to determine which one is the lowest

bid that meets the Town's specifications.

If that bid does not exceed the cost estimate in the budget allocation, a recommendation is forwarded with a copy of the vendor's contract to the Comptroller for his review and recommendation.

The purchasing recommendation, which is a detailed explanation of all the phases in the development of the public bidding, and all supporting documents are then forwarded to the Town Board for its review. If the recommendation meets with the approval of the Town Board, a resolution authorizing acceptance of the purchasing contract is then formally adopted at a public meeting.

The purchasing process, which at face value may appear to be the epitome of bureaucratic red tape, is an important safeguard that constantly assures that the taxpayers' dollars are being spent prudently and in their best interests.

Offers Spring Cleaning Rubbish Disposal Guidelines

In spring, a young man's fancy turns to...spring cleaning. While that's not exactly how the old adage goes, spring does find many homeowners cleaning their attics, garages, basements, etc. This week, Oyster Bay Town Councilman Joseph J. Saladino offered residents a few simple guidelines for disposing of their spring clean-up refuse.

"Homeowners within Town Sanitation Collection Districts have one rubbish day a week," Saladino stated, "but these vary from one route to another. If you are not sure of your rubbish day, call the Town Sanitation Collection Division at 921-7347."

On rubbish days, residents may put out for collection any items that can be packaged in bundles

or containers not exceeding 50 lbs. or having a measurement greater than 4 feet in any direction. There is no limit on the number of bundles that may be placed at the curb.

Large items that cannot be broken down require special pickups. "For items such as furniture and refrigerators that cannot be divided into bundles meeting the 50 lb. - 4 ft. specifications, residents can schedule a special Bulk Pick-up," Saladino explained. "Residents can do this by calling the Sanitation Collection Division at the aforementioned number."

For energetic residents, or those who do not want to wait until rubbish day, the Town's solid waste facility in Old Beth-

page will be open for five consecutive weekends beginning Saturday, April 19. "The landfill will be open from 10:30 AM to 6 PM on both Saturdays and Sundays from April 19 through May 18," Saladino stated. "Residents should use the Bethpage Sweet Hollow Road entrance and must be able to show proof of residency. No vehicles with commercial license plates will be admitted."

Saladino, Chairman of the Town Board Committee on Sanitation, noted that those with private or village sanitation collection should check with those agencies to find out the rules and schedules for disposing of rubbish or bulk items.

PLANNERS: (Center) Joseph M. Margiotta, Chairman of the 16th Annual Ball to benefit the American Heart Association / Nassau Chapter, chats with committee members (L.) Frank Castagna (Manhasset), President of Castagna & Son, Inc. and (R) Nicholas P. Sbarra (Hicksville) President of George Malvese & Co. The Ball is slated for Colton Hill, April 12.

IF YOU KEEP YOUR MONEY IN A PASSBOOK SAVINGS ACCOUNT, YOU'RE A LOSER.

CITIBANK NOW INTRODUCES TO LONG ISLAND SAVERS A NEW SIX-MONTH HIGHER INTEREST SAVINGS ACCOUNT FOR AS LITTLE AS \$3,000.

Now you can earn 12.676%, 14.342%, even 14.898% on your savings.

For years, you were taught there's only one way to get financial security. Every payday you went to your local savings bank and deposited your hard-earned money into a savings account. Unfortunately, this road to riches just hasn't paid off. Low interest rates and soaring inflation are quickly turning your savings into losses.

That's why we at Citibank have come up with a way to help you keep up. Now you don't need \$10,000 to get high interest. You can get a six-month Higher Interest Savings Account for as little as \$3,000. (Right now, no bank pays you more interest.)

We lend you the difference between what you put up and the \$10,000 cost of the certificate. For this, we charge only 1% and you reap the reward; as much as 15.576%* on your savings. And that's a lot more interest than you can get on your passbook savings account. We'll even let you add cash at any time to the original amount that you put up. And by adding more money, you'll be earning even higher interest. Or, if you need to, you can take part of your deposit out, without interest penalty, as long as you leave \$3,000 of your money in the account.

See how much you can earn with our Higher Interest Savings Account.

Your Deposit	Net Annual Interest Rate on Your Deposit	% Improvement Over 9th High-6 Day Savings
\$3,000	12.676%	+124%
\$6,000	14.342%	+154%
\$9,000	14.898%	+163%

And speaking of high interest, you can also purchase Citibank's \$10,000 Six-Month Savings Certificate. It's your chance to earn the highest interest possible.**

A \$10,000 Six-Month Savings Certificate for the highest interest.

14.804% Yearly Interest Rate	15.576% Effective Annual Yield
--	--

*Based on the Six-Month Savings Certificate rate of 14.804% effective from April 3 to April 9, 1980. The net rate is computed on a 365/360 day basis (which assumes that, when the certificate matures at the end of 26 and 52 weeks, you reinvest the principal (only) at the rate now in effect; however, different rates may be in effect at those times). The annual rate on a \$10,000 certificate, computed the same way is 15.009%. No partial withdrawals below the \$3,000 minimum balance requirement are permitted without closing the account. By federal regulation there is a substantial interest penalty on accounts closed before maturity. Compounding of interest for the term of deposit is prohibited by law.

**These rates are effective April 3 to April 9, 1980. The yield is based upon reinvestment at maturity of principal and interest earned for an additional term at the same rate. However, a different rate may be in effect when the certificate is renewed at the end of 26 weeks. By federal regulation, there is a substantial interest penalty for early withdrawal. Compounding of interest for the term of deposit is prohibited by law.

***This account automatically satisfies the \$3,000 balance requirement to avoid the \$4.00 monthly fee.

Growing Explorer Program Provides Career Awareness

By Linda Strongin
Participation in the Explorer Program of Nassau County has

more than tripled in the past three years, according to Mark McCandless, Exploring Director for the Nassau County Council of

the Boy Scouts of America. "In 1977 we had 36 Explorer Posts with 700 participants. Now we have 75 posts with 2,200 participants." 45% of these participants are girls.

The Explorer Program is open to boys and girls ages 14 through 20, with 15 the average age of participants.

Why the interest in a Boy Scout program by so many teenagers?

In addition to providing the traditional programs of camping and outdoors; sports and recreation; Exploring also provides a career awareness program. It is in this area that the Explorer Program has grown the most.

The members of each Explorer Post decide what their goals will be for the year. These include six action areas: vocational, service, citizenship, outdoor, personal fit-

ness, and social. The planning is done under the guidance of an advisor from the Post sponsor.

For example, a medical Explorer Post sponsored by a local hospital, would first elect its officers. The officers would develop its program for the year from input received by the Post's members, as to the areas of medicine they want to learn more about. The officers work closely with the Post's advisor, a member of the hospital staff, who knows the expertise and resources available from the hospital and who can help to utilize them.

Nearly all hospitals in Nassau County participate by sponsoring an Explorer Post, but each Post develops its own program.

Recently an all-day Medical Explorer Conference was held at North Shore University Hospital.

This was an opportunity to explore different areas and new trends in medicine. Medical Explorers were made familiar with patient services within a hospital and also obtained valuable health career information from professionals in the field.

Other Explorer Posts on Long Island include law, sponsored by the Garden City Kiwanis Club; and also a Post sponsored by the North Shore Kiwanis Club. The Long Island Veterinary Association sponsors a veterinary medicine Post in Wantagh and the John Russell Lowe Model Agency sponsors a modeling Post in Hicksville. Law enforcement Explorer Posts are sponsored by the Nassau County Police Boys Club in Bethpage and East Rockaway. Central General Hospital sponsors a medical Explorer Post for boys and girls in the Plainview-Hicksville area, and the Grumman Data Corp. sponsors a computer Explorer Post.

The training program for the volunteer sponsor involves ten to twelve steps. The students come into the program at about step 7.

According to Mr. McCandless, "We have to have good adult leaders in order to deliver a good program. The sponsors, in turn, work with the Post officers and this is where leadership training develops."

How are career and interest Posts developed and set-up?

The Explorer Program works cooperatively with the guidance department and administration of local high schools. In 1978, for example, an exploring career interest survey was given to nearly 40,000 Nassau students in grades 8 through 11.

"We had 80% of the school districts cooperate with us in this survey," stated Mr. McCandless. The Hicksville school district participated in this survey.

"The school receives two copies each of the three printouts: first choice careers; first choice hobbies; and an alphabetical listing by students."

There is no cost to the school district and the information is confidential. The Explorer Program, however, does reserve the right to inform a particular student by mail of a near-by program that may be starting in his/interest area.

"We also notify the guidance department that an Explorer Post will be forming and which students have been notified," explained Mr. McCandless.

The survey also helps school districts to develop curriculum appropriate to the wants and needs of students, and aids in determining the types of extra-curricular activities that would be appropriate for a school.

The cost of this survey was underwritten by various Long Island firms and BOCES. These include European American Bank; Hempstead Bank; Nassau Trust Company; Long Island Trust Company; Dime Savings Bank; Suburbia Federal Savings and Loan; Panafax Corp. of Woodbury; and the New York Telephone Company.

And what was the top career choice?

Law/attorney was ranked number 1 by 2,303 students (1,215 male; 1,088 female) and medicine/doctor ranked number 2 (1,129 male; 883 female).

Secretarial ranked number 3 (8 male; 1,851 female) and professional athlete ranked number 4 (1,407 male; 137 female). Number 5 career choice was accounting (841 male; 652 female).

Teaching ranked number 17 (91 male; 621 female), while clergy ranked number 91 (27 male; 6 female).

The top five hobbies were: baseball/softball (2,188 male; 948 female).

Our Installation dance will be held June 21st, the price will be \$13.00 per person. We hope to have a good attendance as usual. You can never go wrong with price, nothing is ever left out. For tickets see Augie Barone, Frank Litti, or Al Vitiello. We usually have a good party, and a wonderful evening. If you have never attended before you may be in for a pleasant surprise.

Before we have our own new Post Commander in office, we will have a new Jr. Unit State President, and she is our own Carrie Ann Wurth, won't that be something. Little CarrieAnn will be numero uno in N.Y.

Joe Normandy reported the Employment Agency is getting many of employers response, especially many part time work. Most of these jobs will be filled when school lets out. So if you are interested, or have someone close that's looking for part time work, pay our Agency a visit. It's located at the Bloomington Ave. School. Good Luck.

We prefer it on the rightful date the State has agreed May 30th, but Federally it is not. More than half the people are off on the 26th. The results, that at this time we can't give you the correct date of the Parade. The only thing that we can be sure of is that there will be a Parade.

It's hard to believe that at the end of the year we still needed a hand full of Comrades to pay their dues and at this late date we still have a few more that haven't Membership is a very important part of our aims. John F. Kennedy Memorial Scholarship Becomes A Reality

Upon hearing of the assassination of President John F. Kennedy, Bruce Glatt, then a boy in Hicksville, thought it would be a kind gesture to send flowers to Mrs. Kennedy.

He approached some of his friends with the suggestion, and they decided that perhaps some of their neighbors might contribute money to this cause.

They began ringing doorbells and were astounded at the generous response. So generous, in fact, that these youngsters decided that instead of just sending flowers, they perhaps should aim for something more lasting, such as a Kennedy Memorial Scholarship.

With this thought in mind, these energetic young Hicksvillians invited other youngsters to join in this campaign. Bruce asked Robert Farrington to be chairman of the fund drive. They organized to the extent of dividing the map of Hicksville into sectors and assigned friends and schoolmates living in those sectors to solicit donations to their dream of a scholarship fund.

When the canvassing of the respective areas was completed, the group met and spilled out the contents of the bags, boxes, cans, etc. used in the collection, onto a kitchen table to count it. They

were amazed when they added up the nickels, dimes, quarters and bills to find they had collected over \$300.00. This they proudly carried to the desk of a local bank manager for him to recount and open a savings account until the details of the scholarship fund was finalized.

They approached several of the local colleges with their idea, only to find out that the amount was considered to be too small at the time. The suggestion by the colleges was that perhaps some matching funds could be obtained to supplement the available amount.

As is sometimes the case, nothing developed to see the dream of these youngsters fulfilled. However, the savings account in the name of "The John F. Kennedy Memorial Scholarship Fund" continued to grow.

Bruce Glatt now has his own importing business in Maryland, but he periodically comes to Hicksville to transact business here. On one of these visits some months ago, Mr. Ronald Wagner, the present manager of the bank, advised Bruce that this savings account, opened in 1963, had been inactive for a long enough period where it would soon be turned over to the State as a dormant account. However, there was an alternative. Mr. Wagner mentioned the Hicksville Kiwanis Club's Scholarship activity, and suggested that perhaps the money could be used for its intended purpose through Kiwanis.

The suggestion was considered and the decision was made. Bruce agreed to turn over the funds from this account to the Hicksville Kiwanis Club for them to administer, with the proviso that the scholarship be named the John F. Kennedy Memorial Scholarship, and that it will be awarded to a Hicksville student who has shown outstanding leadership qualities, proficiency in history, and has the social consciousness as typified by President John F. Kennedy.

In the photo, Dr. Lowell Glatt, Hicksville Optometrist, and father of Bruce Glatt, is shown presenting the check (the amount had grown to \$569.01) on behalf of his son and the other Hicksville youngsters who collected the money, to Sieg Widder, president of the Hicksville Kiwanis Club.

Kiwanians present at the meeting immediately began adding to the fund in appreciation for what these Hicksville young men and women began in 1963. Their dream of eighteen years ago will be fulfilled in 1980, when some Hicksville youngster graduates from high school and goes on to college with the John F. Kennedy Memorial Scholarship to help him, or her, along the way.

Our point is not to try to prove that electricity is cheap today—it isn't, and neither is anything else. But, when you and your family take a close look at what you get for your money, compared with other consumer items, it's easy to see that electricity is still a good buy.

Army Offers Cash Bonus For Enlistments

The U.S. Army is offering cash bonuses of \$3,000 to specially qualified men who enlist for infantry duty, according to Captain Henry Lockhart, Area Commander of the Army Long Island District Recruiting Command in Nassau County. He noted some of the recent changes in the military.

"Sophisticated new technology and modern training methods have produced better weapons, more relevant skills and improved food and housing services," he said.

At the same time, CPT Lockhart continued, "the infantry soldier is still the basic component of the Army. His

equipment and training have improved along with technical advances.

"The infantryman today has more opportunities to learn new and varied skills," he said. "They are taught how to operate radar systems and sound locating equipment. They learn how to operate and maintain infantry and tank weapons and use field radios and complicated telephone equipment. Infantry personnel can also get advanced training for airborne and Special Forces assignments."

Salute Volunteers

The seventh annual gala Salute to Volunteers will be celebrated Wednesday, April 23 from 10 a.m. to noon at the Salisbury Inn in Eisenhower Park. In conjunction with the event, County Executive Francis T. Purcell has proclaimed the period from April 20 to 26 as Volunteer Recognition Week in Nassau County.

Ray Heatherton will be Master of Ceremonies at the tribute to volunteers hosted by the Nassau County Office of Volunteer Services. The program will include a performance by the C. W. Post Chamber Singers and celebrity speakers Jane Pickens Hoving and Barbara Rader.

The annual Salute to Volunteers offers public recognition of the significant contributions made by a normally unheralded group of citizens, who offer their services without remuneration in almost every area of day-to-day life, to every age group and in varied locations. The occasion will also focus on the many opportunities available to those interested in volunteer work.

Commissioner Abram C. Williams of the Nassau County Department of Recreation and parks will welcome the volunteers, many of whom perform needed services in the county parks and museums. County Executive Purcell will greet the group, acknowledging their outstanding community spirit in alleviating the burdens of their fellow citizens.

Twenty-four county departments and agencies reported that 8,488 volunteers served 1,017,273 hours in 1979 for a dollar value of \$5,162,105. Volunteers of all Nassau County non-profit agencies are cordially invited to join the celebration as the guest of the Nassau County Office of Volunteer Services. St. Ignatius Girls Cadet Corp.

By Donald M. Graziose

There exists in our Mid-Island area an organization which has become a kind of phantom attraction to most of the local populace. Infrequently it appears, bringing with it a unique brand of excitement and charm; then it is gone, leaving behind a feeling of warm amazement. The name of the organization is The St. Ignatius Girls Cadet Corps. Surprisingly little is known about it, and much of what is said about it is inaccurate. The real story of this remarkable group is easily as interesting as most of the conjecture, so it will be the intent of this column to inform and update you as to the history and activities of the Corps.

Founded in 1958 by Mr. Thomas R. Costa, the St. Ignatius Girls Cadet Corps has grown into the most widely known all-girl drum & bugle corps in the world. The Corps travels thousands of miles each year to compete in drum corps contests throughout the United States and Canada, and I dare say that Long Island is

simply unaware of the ambassador it has in these marvelous young women. Based in Hicksville, where the St. Ignatius Loyola Church still generously affords practice and storage space, the Corps once drew its membership primarily from the St. Ignatius School. Today, girls come from all over the Mid-Island area to help carry on the Corps' proud tradition.

Almost anyone who is familiar with drum & bugle corps activity, especially in recent years, will attest to the fact that there is hardly a more engaging form of entertainment. Thrilling sound, color, flash, and rousing spectacle abound when a drum corps displays its drill with brass, percussion, color guard, rifles and special effects. Not to be confused with school marching bands or college "half time" bands, a modern drum & bugle corps is a highly specialized and rigidly disciplined marching and maneuvering unit which has its roots in the military precision marching outfits of the past, but has evolved new and exciting

movements, and performs a wide variety of classical and contemporary music. Competition calibre drum & bugle corps are very closely judged, and the level of proficiency required is realized through constant rehearsal and preparation. The type of instruments a corps may use is strictly controlled. There are many types of bugles with individual voices, but each is different from, and usually more difficult to play than, for instance, a trumpet.

Drum & bugle corps are exciting, and the all-girl format adds a special charm to the St. Ignatius Girls Cadet Corps. This added dimension is perhaps what attracts their nation-wide following among the drum corps set. It does not, however, protect them in head-on competition with "mixed" corps, against which these girls do quite well. Among other all-girl corps, the St. Ignatius Girls are undisputedly the ones to beat. They have earned more all-girl titles than any other corps, and their performance at the annual World Open Championships has made them the standard by which all other such corps are measured. St. Ignatius Girls took that particular title six times in a row. This is a testimony to the character of the girls and the expertise of the instructors. Many of the girls who made up the championship corps were without musical experience of any kind just six months before taking the field for competition.

The St. Ignatius Girls Cadet Corps is a non-sectarian, non-profit, self-supporting youth activity incorporated in the Town of Oyster Bay. The staff, except for the professional instructors, is strictly on a volunteer basis. A large part of the enormous budget is raised by the girls themselves via corps fund raising projects. The nature of the activity; the level of commitment on the part of a small circle of overworked staffers, and the collective presence of those highly motivated and dedicated

HICKSVILLE CHARGERS BOYS U/9 DIVISION II

On Sunday, March 30th, Bob VanSteen's Chargers assisted by Paul Landman, played the Kicks at Cold Spring Harbor. In all fairness, the Kicks were the more experienced team winning 2-0, however, Hicksville put up a good fight.

In the 1st half, the action was fast and furious. Fullbacks Scott Barer, Michael Luongo, John Beggs and Todd Bertman put out an excellent defensive effort with Scott VanSteen making several key saves at the net. Vital back up from midfielders Thomas Bell, Peter Coen, Thomas Pedicini and Michael Rodriguez stopped the relentless attacks from C.S.H. to bring the score to a 0-0 tie at halftime.

The Chargers' offensive line of Frank Humphreys, Josh Landman, Thomas Reilly, Michael Segal and Ryan McCann gave it their best shots. The Kicks scored twice in the 2nd half.

girls are the ingredients which combine to make this the most engaging and worthwhile endeavor in the field of youth activity that I have ever known.

Future columns will hopefully impart interesting insight into the workings of the Corps from various viewpoints. I hope that this column will serve the cause of youth activity in the Mid-Island area as well as entertain and inform you.

The next game for the Chargers will be against their old rivals the Plainedge Tornados on Apr. 13th, giving them two weeks to work on their plays.

HICKSVILLE THUNDERBIRDS

By Joe Neto

The Hicksville Thunderbirds finally played their first game of the Spring season after a three week delay due to bad weather. The first game of the season happened to be against one of the toughest teams in the division, that being Auburndale. The last time these two teams met, Hicksville came out on top with a 1-0 victory.

Auburndale won the toss of the coin and elected to go with the wind which was a determining factor in the game. Auburndale put a lot of pressure on Hicksville for most of the first half and scored twice to give them a 2-0 edge. In the second half it was Hicksville's turn to get the aid of the wind and the boys took advantage of it. Tommy Kenny crossed a ball from right to left and David Weinberg put the ball into the net. A few minutes later, again on the same type of play, with the ball coming across, David put the ball into the net to tie the game. With time running out Joey Neto scored the winning goal for Hicksville on a corner kick. Joey sent the ball high enough and deep enough into the wind and all the goalkeeper could do was to watch the ball go into the net.

Volunteer Drivers Are All Smiles

All smiles today are the Red Cross volunteer drivers when they learned that 12 year old Bobby entered the sports program which seemed impossible a short while ago.

An inoperable brain tumor was Bobby's diagnosis and cobalt treatments were called for. A call was made for Red Cross volunteer drivers who responded immediately. Each day after school a driver waited for Bobby and drove him from Long Island to Columbia Presbyterian Hospital in Manhattan and brought him home. One month

later Bobby had improved so tremendously that it was only necessary to take him to a local doctor for check ups.

This was just one of the many calls received by the Red Cross for their volunteer drivers. Cancer groups, Cerebral Palsy, Kidney Dialysis Centers and other health oriented organizations as well as hospitals call the Red Cross when they need drivers for their out patients. Do you know that?

And where do these volunteer drivers come from? They are your neighbors. Some retired and some dedicated to help their fellow man. They drive, attend blood sessions, give hypertension screenings, teach first aid and cardio pulmonary resuscitation.

These retirees have found fulfillment from boredom. They give as much time as they wish, choose their assignment and their satisfaction is in a job well done. If you're tired of too much golf and tennis, why not meet a new breed of interesting and dedicated people. The American Red Cross has these people. They supply the car and the gas. They need drivers. Help save some more Bobbys and get that inner satisfaction of a job well done. Call the Red Cross today at 747-3500. Be a volunteer.

Interesting Experience

Three Hicksville High School faculty members and four of their students were recent participants in the Long Island Regional Conference of the New York State Association of Foreign Language Teachers. The event took place at Hauppauge High School.

Mrs. Antoinette Sanna and Mr. Richard Gentile were panelists on the concept of Total Immersion, drawing from their experiences of the first Foreign Language Total Immersion Weekend held last fall at Shelter Island. At that weekend retreat, faculty members and students from nine Long Island high schools practiced Italian and French in controlled surroundings, to give students a feel for "living" with a foreign language. Mrs. Sanna and Mr. Gentile, students Nick Botta and Enza Carone (French); and Kathleen Cheslock and Eleanor Crivelli (Italian) contributed their impressions of the immersion experience during the panel. According to the Hicksville panelists, the purpose of the workshop was to instruct other foreign language teachers in planning their own immersion sessions. Both faculty members felt that the student input was invaluable in guiding their colleagues in this worthwhile endeavor.

Mr. Anthony Niceforo, chairman of the Foreign Language Dept. at Hicksville High, was also in attendance at the conference. He attended panels dealing with Regents Strategies at the Junior High School, and Changes in the Modern Language Regents.

Galileo Lodge News

By Joe Lorenzo

It's spring again - the time of the year for April showers and the advent of May flowers. It's the time of the year when Mother Nature sheds her so-called wintry garments and cloaks herself in a mantle of green. Trees and flowers awaken from their deep slumber and start to bloom. It's the time of the year to feel youthful, buoyant and exuberant. But the Galileo Lodge outdoes Mother Nature herself as we note that the conditions mentioned above are always prevalent at its quarters, regardless of the season!

For example: on Saturday, the 19th of April, the Galileo Lodge will present its eighth annual Anniversary Dinner and Dance. For the nominal fee of \$15.00 per person, you will be treated to a tantalizing cocktail hour featuring many epicurean delights, a tasty dinner with all the trimmings, unlimited liquor, beer, soda, set-ups, coffee and cake and live music from a combo that excels in danceable as well as listenable music. This dance obviously highlights the eight years that the Galileo Lodge has been in existence, which makes it imperative that all members (friends included) attend and give it the support it

truly deserves. Tony Previte is associated with this affair, and all those desirous of attending can contact him at 733-0466. As Venerable Tony Previte states in his acceptance speech, you (the membership) are the Galileo Lodge, so please try and attend this worthy event.

There isn't one activity that the Galileo Lodge immerses itself in that has the importance, significance and life-giving properties obviously associated with its Blood Donor Program, which will unfold soon. So vital to its membership and the community at large is this program that the preparatory stages are well in evidence, which also means that details are being ironed and that all the involved chores are being taken care of. Needless to mention that so many times in the past has blood donated by Galileo Lodge members and their friends given sustenance to all those who were watching their own lives fade away. At this writing, unfortunately, I am not in possession of more information concerning this worthy cause. But in my next installment more details will be offered here.

The Galileo Lodge has but one place to go and that's forward. A preview of coming events will bring into view more dances and entertainment of various sorts, picnics, athletic activities, a magnificent summer feast with all the ethnic delights and specialties, bus rides, etc. Summer time at the Galileo Lodge will be a summer of relaxation, fun, excitement, leisure or anything else that you may crave. And here is where the Galileo Lodge excels, in the field of human relations, where it can offer its membership the kind of fraternal spirit that is often spoken about in its environs. All this, of course, is leading me to my next subject - membership. Are you looking for an organization to join - an organization that can provide you with versatility, diversification, pleasure and even ethnic pride? Are you looking for an organization that is able to stimulate you and provide you with an intellectual base? Are you looking for an organization that is merely the extension of your own desires and thoughts? Are you looking for an organization that is you - then seek out the Galileo Lodge and just see what it can offer you. Dial 931-9351.

PUBLIC RELATIONS AND THE GRAPHIC ARTS was the title of the program presented by Anthony M. Schettino, center, president of Impressions/A.B.A. Industries, Inc., at a recent meeting of the Long Island

Chapter of the Public Relations Society of America.

With Mr. Schettino are Edith Ialeggio, left, of Plainview and Warren Eikelberg, president of the L.I. Chapter.

Singers Present Annual Show

The Nassau Mid-Island Chapter of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc., will again take the stage of Holy Trinity Diocesan High School, Hicksville, at 8:24 P.M. "on the dot" on Friday and Saturday evenings, April 11th and 12th, to present its annual concert of barbershop harmony. Tickets are \$5.00. Call Bill Bennett, Ticket Chairman, at (516) CU 5-5486, for information.

"We're bringing some outstanding quartet entertainment to Nassau County to help us in our 'Fanta-Sea Isle' presentation of four-part harmony," says John D'Errico, President of the chapter.

The local chapter is one of 750

throughout the United States and Canada, which is formed to sustain and preserve an American tradition - singing in the barbershop harmony style. Today, it is the largest fraternity of singers in the world with over 35,000 members. The Nassau Mid-Island Chapter was founded in 1950 and boasts over 80 members from all walks of life.

Besides singing for fun, the Barbershoppers help raise funds for the Society's UNIFIED SERVICE PROJECT, the Institute of Logopedics, in Wichita, Kansas, a center for correcting speech defects. Barbershoppers have donated thousands of hours of time and over \$3 million to support the Institute.

Need Extra Income?

Looking for extra income? You can earn money by being a family day care mother to a neighborhood child!

The Nassau County Department of Social Services needs Family Day Care Homes in the Hicksville area. Family Day Care mothers—who often have pre-school youngsters of their own at home—care for neighborhood children whose mothers are working.

There are two kinds of day care: Pre-schoolers are usually in your home for the entire day; older children come after school.

Nassau Budget Committee

Must taxes go up while school population goes down?
Is there a better way of making decisions on spending priorities?
How can I find out what individual programs cost?

The Nassau Citizens Budget Committee (NCBC), a five-year old budgetary reform and citizen education group, will address these and other school budget matters of interest to residents of

Hicksville within the next two weeks.

For maximum convenience, the same presentation will be given in three locations: On Monday, April 14, from 8 P.M. to 10:30 P.M., at the Roslyn Junior High School on the eastbound LIE service road at Locust Lane; On Thursday, April 17, from 8 P.M. at the Little Theater in HICKSVILLE Senior High School on Division Avenue; and on Tuesday, April 22, from 7:30 P.M. to 10 P.M. at the Rockville Centre Public Library, 221 North Village Avenue. Admission is free.

Further information regarding

the upcoming programs or membership in NCBC may be obtained by calling 486-6836 or writing NCBC, 54 Washington Street, Hempstead 11550.

Dr. Dennis Mulvihill, Chairman of NCBC, has extended an invitation to all people interested in learning how to become more effective participants in the school budgetary process. "Board members of NCBC will be joined by school district business managers in an informal discussion which will help people learn how to ask the hard questions and get meaningful answers at their school budget

hearings," said Dr. Mulvihill.

Joan Kern, NCBC Board member, will disclose the results of the Committee's management study on cost and utilization of school crossing guards in Nassau County. This is the latest in an ongoing series of NCBC studies into the provision of services by local government. The purpose of the studies is to help citizens and government officials make choices based on analyses of present practices and possible alternatives. The Committee's most recent study, for example, investigated the pros and cons of having public buildings cleaned and maintained directly by governments or indirectly by contract firms. Criteria were included for deciding which services were suitable for contracting out, which is usually the cheaper method of providing the service.

Look! I Took A Book...

On Thursday, April 17, from 7:30 to 9:30 p.m. the library at the East Street School will hold an open house for the entire community.

YOU are most welcome to come view the many projects made by children in all classes from kindergarten through grade six, based upon the open-ended theme: LOOK! I TOOK A BOOK AND...

The project has been on-going for several months of this school year, and some of the items which will be on display are quite remarkable. Some have been made single-handedly by the children. Others have been done by joint efforts featuring "togetherness" in the family. Some are simple. Some are very sophisticated. However, all have stemmed from a book (or books) borrowed from the school library.

We hope you will be able to join us to share in this experience, which the children have worked so hard to produce.

LETTER WRITING AT THE HICKSVILLE PUBLIC LIBRARY: Recently the Children's Room of the Hicksville Public Library celebrated National Letter Writing Week. Many students of Hicksville drew posters and wrote letters describing exactly what letter

writing means in everyday life. All the posters and letters were exhibited in the Children's Room. Mr. Thomas Gaynor of the Hicksville Post Office also visited the Library and gave a most informative talk to many students on the functions of the Hicksville Post Office.
