LENT HOLD FIRST FORUM
OF 1980: Under President Carter's leadership, inflation has nearly quadrupled. Congressman Lent told the standing-room-only audience at his first Congressional Forum of 1980, and the administration should do more to restrain government spending and borrowing. Instead, Lent told the audience at Hicksville's William M. Gouse, Jr. V.F.W. Hall that the Carter

Administration is trying to make them the victims of its inflation policy by restricting credit and attempting to create a recession.

Inflation was the number one topic of concern at Lent's first forum of 1980. His next forum is scheduled for the Oceanside Knights of Columbus Hall, 2385 Kenneth Place, Oceanside, from 1:00 p.m. to 3:00 p.m. on Saturday, May 17.

West Green Civics Sue Town

The West Green Civic Association of Hicksville has brought a Court action against the Town of Oyster Bay, seeking to force the Town to demolish a fire gutted house and barn at the corner of Newbridge Road and Barter Lane in Hicksville.

The action was brought in Supreme Court, Nassau County. It charges the two buildings are "structurally dangerous, vacant and unguarded, and dangerous to life, safety morals and morals," and that the Town has failed in its duty to remedy the situation under the Town's "Dangerous Building" Ordinance. Specifically named as defendants are the Town itself, Town Planning and Development Commissioner Frederick Ippolito, Deputy Commissioner Louis Hanold, and Building Division Superintendent Emil Stein.

The Civic Association is being represented by attorneys Leonard B. Austin and Michael Polansky, who have volunteered their services to help the Civic Association.

The two buildings, which are on property adjacent to Holy Trinity High School, have been severely damaged by fire and general neglect, and have long since been abandoned. Although some attempts have been made to board

them up, they are easily accessible - and in fact have become "attractive nuisances" frequented by local youngsters and others. Both buildings appear to be structurally unsound, and the severely damaged front porch of the house is an especially treacherous hazard.

The Town's "Dangerous Building" Ordinance provides a

procedure whereby the Town is required to arrange for demolition of dangerous buildings at the owners' expense. The West Green Civic Association, headed by President Margaret Kelly, has been trying to get the Town to enforce its ordinance for almost a full year - but Town Hall just hasn't been listening, said Mrs. Kelly.

Come and join us "For a Better Hicksville."

Plaza Hit By Fires

Hicksville's Mid Island Plaza has been plagued by suspicious fires in recent weeks. The Hicksville Fire Dept. responded to 3 rubbish fires in the tunnel area under the stores on April 13. Smoke from the fires billowed up onto the mall. One fire spread by conduit pipes to the roof. Hicksville Vamps kept the blaze confined.

Two fires were started in the Gertz Dept. store on the evening of April 18. The fires, in the

basement sales area were quickly doused by security personnel. Damage was very slight. The Fire Marshals office is investigating.

Vamps suggested more frequent pick-up of rubbish and more security, if possible, to help solve these problems. They also suggested neater preparation of their garbage by merchants.

136 Alarms For Vamps
During the period of March 16 through April 19, Hicksville fire

fighters responded to 136 alarms. There were 23 malicious false alarms; 70 fire calls; and 43 rescue calls.

False alarms continue to drain taxpayers' money away and continue to put a strain on the volunteers' gas supply. Fire Chiefs have been forced on some occasions to put troublesome alarm boxes out of service. It is the only method they have to halt the sometimes low response of

"Homeowners Are Losers In Carey Vetoes," Purcell

The political games played in Albany this week will take away \$5.4 million in budgeted state revenue sharing funds from the county and its towns, cities and villages, Nassau County Executive Francis T. Purcell said today.

In addition, all the governor's vetoes add up to a loss of nearly \$2 million in state aid for the county and an increase of \$4 million in state-mandated costs, a total fiscal impact of \$6 million, Purcell said.

"The end result is anti-local government and anti-property taxpayer," Purcell said. "The governor may have won his political battle but homeowners lost the war."

Compounding the problem are the games being played in Washington, Purcell said, where the House and Senate Finance Committees have recommended cutting \$2.75 billion in federal revenue sharing funds and anti-recession aid to the states.

"The governor and the Congress are playing a shell game," Purcell said, "with the governor saying he is cutting state funds to local governments because Congress cut federal funds to the state, while Congress claims it is cutting the federal funds because the state is running a surplus."

The \$6 million in additional expenses dumped on county homeowners is equivalent to 18 cents per \$100 on the county's general fund property tax rate, Purcell said. The cutback in state revenue sharing funds, which

local governments had already budgeted, based on the state's current formula, will impact town, city and village tax rates as well, the county executive warned.

Purcell said that the cutback in state revenue sharing funds is a betrayal of local governments and local homeowners throughout the state. He said that local governments had prepared their 1980 budgets anticipating that they would continue to share in eight per cent of the state's tax collections. With inflation swelling the state's coffers, local government revenues would have increased by an estimated 10 per cent, Purcell said. Instead, with the governor's cutback to seven per cent of tax collections, and his cap on the funds, the county and its local governments will get less this year than they got last year.

"The governor is piling up a surplus and balancing his budget at the expense of local homeowners," Purcell said.

"The governor's vetoes will cost the county \$1.8 million in reduced state aid for Nassau Community College and for health, probation and drug and alcohol treatment and prevention programs, the county executive said. The governor's earlier veto of the Long Island Railroad station maintenance cap will push these costs up from \$5.2 million to an estimated \$9 million, increasing the average homeowner's tax payment from \$11 a year to \$19 for that item alone, he concluded.

Help Is Needed

The Red Cross is seeking volunteers 14 years and older to serve, during the summer, in nursing homes, child care centers, head start, senior centers, blood programs and other agencies.

Volunteers select what they wish to do, where and when they want to work and set their own hours.

Red Cross work experience is considered a valuable asset by

college administrators and personnel managers.

Interested students can register at the Red Cross South Shore Service Center, 42 No. Village Avenue, Rockville Centre on Saturday, May 10th or May 17th, between 10 A.M. and 2 P.M.

For further information, an appointment, or to arrange special registration hours, call 764-6251.

Set Police Auction

The Nassau County Police Department's annual general merchandise auction of recovered or seized items has been scheduled for Saturday, April 26 at the Nassau Veterans Memorial Coliseum. Doors will open at 8:30 a.m. for individuals who wish to inspect the merchandise, with the bidding beginning at 10:00 a.m.

There are 457 lots of merchandise totaling well over 1,000

items. They include car radios, tape decks, CB radios, televisions, machine tools, cameras, clothing, vending machines, even a tom-tom drum. No bicycles will be offered for sale at this time. A separate auction for bicycles will be held in June.

All items must be purchased in "as is" condition with cash. No checks will be accepted.

LILCO News

At Long Island Lighting Company's Annual Meeting yesterday, shareholders defeated by a margin of about 12 to 1 an anti-nuclear proposal sponsored by a shareholder. In a proxy statement sent to shareholders prior to the Annual Meeting, the LILCO Board has recommended voting against the proposal on the grounds that included the Company's belief that involvement in nuclear projects represents the safest, cleanest and most economical method of satisfying customer demand for electricity. It was also pointed out that the Shoreham Nuclear Power Station, now four-fifths complete, will displace about eight million barrels of OPEC oil annually.

The utility's shareholders approved proposals sponsored by LILCO's Board of Directors to waive the mandatory requirement for preemptive rights and

to authorize a new class of Preference Stock. The Board proposal to waive the mandatory requirement for preemptive rights was approved by a vote of almost seven to one (preliminary). The approval of the proposal gives the Company the flexibility to select either the preemptive rights method or the direct cash method of selling common stock. The Company can thus move into the financial markets more quickly.

Shareowners, by a vote of over eight to one (preliminary) also authorized the creation of 7.5 million shares of Preference Stock, a new class of equity stock that will provide another element for flexibility in financing plans for the future. In addition, the existing 11-member Board of Directors were all reelected, and the appointment of Price Waterhouse & Co. as independent accountants for the year 1980 was approved.

Increasing Danger As The West Drifts In Aimless Disarray

By Cong. Norman Lent

For more than five months now, the world has been witnessing an alarming pattern of failure by the Western nations to respond to attacks on our basic structures. For the past five months, a country without a government has subjected international order to mockery, taunting the United States, relishing its confusion and impotence. In this same period, in Afghanistan and Cambodia, the Soviet Union has flaunted the overwhelming majority of the

world community in expanding its own dominion.

Our nation's response to these very serious challenges has been weak and confusing. The futile efforts have tended to encourage, rather than deter, the aggression they are supposed to counter. So-called "friendly" governments seize upon President Carter's wavering leadership as an excuse to pursue their own short-range and narrow interests, weakening Mr. Carter still further.

But failing to make the necessary sacrifices now, the

Western nations, Japan and non-aligned countries further weaken the base of a peaceful world: the rule of law and the U.S.-Soviet power balance.

In Iran, the case for preserving international law - diplomatic immunity - is clear. If nations cannot deal with one another through accepted channels, war is the only way left to settle disputes. The case for preserving international law is equally clear in the Soviet invasion of Afghanistan and, through use of

Spring Antique Show And Sale

The Mothers Association of St. Paul's School is sponsoring a Spring Antique Show and Sale during the weekend of May 2-4, 1980. This is the second year the association has hosted a Spring exhibition in addition to the Fall Antique Show and Sale, now eleven years old. The success of last Spring's show and the show last November indicated increase public interest in items of taste and value. The association uses the money raised by these shows to support the development program of St. Paul's School, the 103 year old boy's college preparatory school, located in Garden City, New York.

77 Dealers from ten states will participate in the Spring Antique Show and Sale. The special emphasis at the May display will be antique furniture. Room settings for each of the items on exhibition will be used, as has been the tradition of the show since its start. Mrs. Florence Nudelmann of Floral Park, is

again acting as coordinator for the show as she has for the eleven previous Antique Shows sponsored by the Mothers Association. Commenting on the May show, Mrs. Nudelmann noted that "we purposely limited the number of dealers who exhibit, not because of space limitations - we have 23,000 square feet available - but we want the quality items our dealers exhibit to be displayed as advantageously as possible for both the dealers and patrons. Room settings accomplish just this objective."

As in past shows, The Spring Antique Show and Sale will be held in the Feringa Fieldhouse on the 42 acre St. Paul's School campus, located on Stewart Avenue in Garden City, Long Island. The site is easily accessible by auto from all major highways in the metropolitan region. Use either the Northern State Parkway (exit 34 South), the Long Island Expressway (exit 26 South), or the Southern

State Parkway (exit 17 North). The school is located three short blocks west of the L.I.R.R. Garden City station. Ample off-street parking is available as well as restaurant facilities for hot and cold meals.

The St. Paul's School Antique Show and Sale will be held on Friday, May 2, from 7 p.m. to 11 p.m.; Saturday, May 3, from 12 noon to 10 p.m.; and Sunday, May 4, from 12 noon to 6 p.m.

How long can you run all these appliances on a dollar's worth of electricity?

2 hours? If you answered all day, you're right, because a dollar's worth of electricity will run your refrigerator, color TV, and a 100-watt light bulb, all together for a full 24 hours and still give you back change.

Our point is not to try to prove that electricity is cheap today - it isn't, and neither is anything else. But, when you and your family take a close look at what you get for your money, compared with other consumer items, it's easy to see that electricity is still a good buy.

When used wisely, electricity helps improve the way your family lives. By your using electricity efficiently, and LILCO doing everything it can to keep costs down - electricity can continue to be one of the more reasonable items in the family budget.

Dear Friends ---

At their last meeting the Hicksville Chamber of Commerce elected the following slate of officers for 1980-1981: president, Vernon C. Wagner, vice-president, James A. Fyfe, secretary, Effie Krogmann and treasurer, Ronald J. Wagner. They also elected the following directors through 1983: Louis Cesta, Thomas A. Fay, John B. Gehris and Sheila Noeth.

And, speaking of local organizations, don't forget the May meeting of the Hicksville Community Council which is set for next Thursday, May 1, starting at 8:30 pm downstairs in the Hicksville Public Library. Dr. Hawkins will discuss the proposed school budget and a representative of Grumman, Long Island's largest employer, are scheduled to speak, as well as the now-famous Hicksville Town Meeting, which takes place at each and every meeting of our Community Council. Whether you are a delegate of a local organization or an interested local citizen, you are always welcome at these meetings. If you don't attend, you are missing a monthly in-depth look at what affects Hicksville. Come on down.

This year's assessment grievance period, when taxpayers may protest their 1981 property assessments, will run from May 1 through May 20. This assessment is the basis on which all one's property taxes are computed at present. All protest forms must be filed on or before May 20.

Board of Assessors Office, 240 Old Country Road, Mineola, N.Y. Phone 535-2311 or 335-2790. Nassau County Board of Assessors Chairman is Abe Seldin. For further details call either one of the above-listed numbers.

PLEASE DON'T throw away those pet food coupons you don't use. The Long Island Humane and Dog Protective Association, who do such great work on such a limited budget, can use them to good advantage in saving money on the food they must buy. The shelter is also in need of blankets and towels for their animals. Their address is No. 2 Rider Place, Freeport, N.Y. 11520. Please help them.

Another way you can help would be to contribute items for their first giant Garage Sale of the year, scheduled for May 3rd from 10 AM to 4 PM at the Shelter. Donations of all items EXCEPT books and clothing (unless new) will be accepted at the shelter 7 days a week from 10 AM to 4 PM, except Sunday, which will be noon to 4 PM.

Early (2 am) on Sunday morning, April 27th is the time selected to turn your clocks one hour ahead. Don't forget.

THAT'S ALL for this week. Stay well and remember the old saying, "It takes 29 muscles to frown, only 8 to smile!"

LILCO'S Coal-Oil Mixture Program

More than 100 years ago, German scientists were experimenting with mixtures of coal and oil. In fact, in 1879 a German newspaper reported on the experiments and noted the scientists' surprise when the oil actually burned.

Today, oil is burned in all LILCO generating plants. More than 15 million barrels were consumed last year. Looking for ways to help trim that amount, LILCO recently submitted a proposal to the Department of Energy (DOE) to share the costs of a research program that will study a new way to fuel electric generating plants. The new way is a century old idea: coal and oil mixtures (COM).

The proposal covers the possibility of using COM at an operating power plant. The total cost of the research program is estimated at \$6.9 million. LILCO

is requesting the DOE to contribute \$3.4 million, with the balance to be provided by Empire State Electric Energy Research Corporation (ESEERC), New York State Energy Research and Development Authority (NYSEDA), LILCO and Consolidated Edison Company of New York. The DOE is expected to announce its decision on the proposal by early summer.

There are several stages in this project. The first is to take place at the Adolph University Center for Energy Studies, which has been doing laboratory tests with COM. Dr. John Doolittle, the Center's Executive Director, and his staff will analyze storage, handling and burning properties of several different COMs. The researchers will pay special attention in the type of emission control that is needed for COM.

According to LILCO's COM Program Manager, Marty Mullarkey, next the action moves to the Company's E.F. Barrett Power Station in Island Park. "Armed with the results of the Adolph testing, we will construct a special test system at our Barrett Unit No. 2. Four out of the 16 burners on the boiler will be retrofitted to accept the COM. An existing 20,000-gallon oil tank will be modified to store the COM and to allow us to study the flow characteristics of the COM."

Then comes the test burn of the COM. "Within 14 months of receiving the grant we expect to be able to burn a COM with a 40 or 50 percent coal content," Mullarkey continued. This stage in the research is important because there has been little industrialized experimentation

Devotions By The Rev. Dr. John H. Krahn

JOYS OF DISCIPLINE
I came home late one evening last week I was short of patience, a bit uptight. It was the pressures of ministry... things are going so well it is tiring just keeping up with them... and to think I was to preach a sermon on the joy of discipleship. I needed a better frame of mind... some more joy in my discipleship. It was raining... really a dreary day... nothing to pick up my spirits. Yet joy is not something to be tied to weather. Nor need it be tied into work schedules, no such thing as more joy-less work, more work-less joy. Joy is not to be tied so much with economy, good raise... great joy no raise... no joy in discipleship is something that transcends the ups and downs of living. It must be bigger than the shifting sands of existence.

Let's turn to several selections of scripture now and see what it has to say about joy and its source. In Psalm 16:11 it says that there is fullness of joy in the presence of God. In John 15:11 we

notice the progression of joy... abide in the love of God then love one another. To summarize, real joy come from coming into the presence of God and abiding in the love of Christ. When the spirit of God is alive in us, one of the blessings the spirit brings along with it is joy.

A Japanese lady asked the headmistress of a mission school, "Do you take only beautiful girls in your school?" "Why, no, we welcome all girls," was the reply. "But I've noticed that all your girls are beautiful." "Well," said the missionary, "we teach them to love our Savior, Jesus Christ, and he gives them a look of beauty." "I myself am a Buddhist, and I do not desire my daughter to become a Christian, yet I should like her to attend your school to get that look on her face," was the reply.

A distinguished Britisher said recently that he visited an American home that seemed to have everything... two cars in the garage, a beautiful living room with expensive furniture, a color

TV set, a kitchen filled with the latest gadgets, and a large pool and beautiful patio. However, the lady of the house was reading a book entitled How to be Happy. Happiness is to know the Savior. Joy in discipleship is not attachment to things, but is attachment to Jesus. This is why Paul and Silas, after being beaten and thrown into prison, could pray and sing hymns to God and thereby witness to the prisoners who listened to them. For you see, joy is a sign of the presence of God in one's life to be a disciple of the Lord Jesus Christ is to experience a deeper level of joy.

Christianity is a religion of joy and excitement. There is nothing dull about it. It is for people who want the joy that comes from being involved in something worthwhile and exciting. Need some joy in your life? Join in sharing your faith. How I wish you could all see the faces of those who return from evangelism calls. The joy of those who get into God's Word and experience Christian fellowship and love by attending our adult education courses. The joy of those who are working with young people and telling them about Jesus' love and being touched in return by their beautiful childlike faith. The joy of knowing if I die tonight I will be with God and that eternity awaits me because I have decided to follow Jesus and have accepted the gift of salvation that he has purchased for me on a cross and secured for me by a vacated tomb.

Hicksville Resident Concert Soloist

The soloist for the Merrick Symphony's "Opera Night" concert on Saturday, May 3 will be the gifted young soprano, Ethelyn Enos. She is the daughter of Mr. and Mrs. Elmer Enos of Hicksville.

Ms. Enos will sing arias from La Boheme, Louise, Lucia, and I Puritani. The orchestra under Charles Gouse, Music Director, will play three excerpts from Die Meistersinger, the Carmen Suites No. 1 and 2, Mozart's Seraglio Overture, and the waltz from Eugene Onegin by Tchaikovsky. There will also be encores.

The Merrick Symphony has gained a reputation as one of the better orchestras on Long Island. Its policy is to provide performances of professional quality free to the general public. Costs are covered mainly by contributions to the Friends of the Merrick Symphony.

Ethelyn Enos' reputation has been growing rapidly for an artist of her youth. Since her graduation from the Eastman School of Music, she has already starred in half a dozen opera productions. Last summer she sang leading opera roles at the Aspen Music Festival. She was a winner of the district and regional Metropolitan Opera competitions in 1978 and 1979. In concert, she has sung works of Brahms, Mozart, and Faure.

IF YOU KEEP YOUR MONEY IN A PASSBOOK SAVINGS ACCOUNT, YOU'RE A LOSER.

CITIBANK NOW INTRODUCES TO LONG ISLAND SAVERS A NEW SIX-MONTH HIGHER INTEREST SAVINGS ACCOUNT FOR AS LITTLE AS \$3,000.

Now you can earn 9.723%, 11.390%, even 11.946% on your savings.

For years, you were taught there's only one way to get financial security. Every payday you went to your local savings bank and deposited your hard-earned money into a savings account. Unfortunately, this road to riches just hasn't paid off. Low interest rates and soaring inflation are quickly turning your savings into losses.

That's why we at Citibank have come up with a way to help you keep up. Now you don't need \$10,000 to get high interest. You can get a six-month Higher Interest Savings Account for as little as \$3,000. (Right now, no bank pays you more interest.)

We lend you the difference between what you put up and the \$10,000 cost of the certificate. For this, we charge only 1% and you reap the reward; as much as 11.946%* on your savings. And that's a lot more interest than you can get on your passbook savings account. We'll even let you add cash at any time to the original amount that you put up. And by adding more money, you'll be earning even higher interest. Or, if you need to, you can take part of your deposit out, without interest penalty, as long as you leave \$3,000 of your money in the account.

See how much you can earn with our Higher Interest Savings Account.

Your Deposit	Net Annual Interest Rate on Your Deposit**	% Improvement Over 5 1/2% Day in Day Savings
\$3,000	9.723%	+71.9%
\$6,000	11.390%	+101.4%
\$9,000	11.946%	+111.2%

And speaking of high interest, you can also purchase Citibank's \$10,000 Six-Month Savings Certificate. It's your chance to earn the highest interest possible.**

A \$10,000 Six-Month Savings Certificate for the highest interest.

11.892% Yearly Interest Rate	12.423% Effective Annual Yield
--	--

* Based on the Six-Month Savings Certificate rate of 11.946% effective from April 24 to April 30, 1980. The net rate is computed on a 365/360 day basis (which assumes that, when the certificate matures at the end of 26 and 52 weeks, you interest the principal only) at the rate now in effect; however, different rates may be in effect at those times. The annual rate on a \$10,000 certificate, computed the same way is 12.071%. No partial withdrawals before the \$3,000 minimum balance requirement are permitted without closing the account. By federal regulation there is a substantial interest penalty on accounts closed before maturity. Compounding of interest for the term of deposit is prohibited by law.

** These rates are effective April 24 to April 30, 1980. The yield is based upon reinvestment at maturity of principal and interest earned for an additional term at the same rate. However, a different rate may be in effect when the certificate is renewed at the end of 26 weeks. By federal regulation, there is a substantial interest penalty for early withdrawal. Compounding of interest for the term of deposit is prohibited by law.

*** This account automatically satisfies the \$3,000 balance requirement to avoid the \$4.00 monthly fee. **SWEEPSTAKES RULES:** Entries must be 18 years or older. Citibank employees and their families are not eligible. Winners will be notified by registered mail. Entries must be received by midnight May 31, 1980. Citibank reserves the right to offer the Sweepstakes winners a prize of equal value in each of the categories. Sweepstakes entries must not open an account to be eligible. Entries are returnable only to a Customer Service Representative at Nassau-Suffolk Citibank branches.

We have a way to save that's safe, sound and guaranteed by the F.D.I.C. With low interest rates and raging inflation, you can't win. But with Citibank's Higher Interest Savings Account, you can't lose.

And to help you keep up even more, we'll give you the most convenient checking account around: Citicard® Checking with 24-hour banking. We don't charge you a nickel for it.*** We'll even pay you 5% interest on it.

Galileo Lodge News

By Joe Lorenzo

Affairs come and go at the Galileo Lodge. Some of them simply fade into the far reaches of the past, while others linger on. Last Saturday, the 19th of April, the Galileo Lodge held its 8th Annual Dinner and Dance, an affair held to commemorate its period of existence and to bring into sharp focus all its officers, past and present. Although quite a few of the officers, ex and present, were not in evidence, it must be said that a sizeable turnout more than embellished what did materialize into an enjoyable

night. Much credit should go to the people who toiled to insure this dance's success, namely, Chairman Tony Previte, Joe Ianotti, Jo Ann Wallick and Mary Monteforte. To these members work is a labor of love, and I should mention that there were others who also assisted, but space does not permit me to mention them.

Councilman Joe Saladino, who also attended, presented ex-Venerable of the Galileo Lodge, Tom Pasquarella, with a citation. Newly-elected Venerable Tony

Previte also presented him with an ex-venerable pin. The food was excellent, the music pleasant and danceable, and the atmosphere and hospitality so very consistent with the entertainment policies of our organization. The Hicksville Italian Club members gave their support as they 'waited' on tables, while Joe Suigna, Mickey Russo and Bert Molinari attended bar. The Galileo Lodge, in acknowledgement for another splendid effort on the part of the members mentioned here, extends its most sincere thanks

Venerable Tony Previte's message:

"As an appeal to all members of the Galileo Lodge, male and female, that if we are to transform our lives, that if we are to make love triumph over malice in our hearts, and that if we are to display zeal instead of indifference, then we must abide by the condition which we call fraternal unity. Without fraternal unity, everything that has been accomplished in the past or everything that I might wish to accomplish in the future might go for naught."

Give! Give! Give! If you live by this Christian concept, and we all strive to do so, you in turn will receive. I am referring, of course, to the Galileo Lodge's Blood Bank Day, to be held on the 26th of May, at the Lodge quarters, 200 Levittown Parkway, from the hours of 4 to 10 P.M. To detail the importance of this program would be superfluous. We all are aware of the life-giving properties of human blood. The general public is cordially invited to associate itself with this program as are so many of the filial lodges of the Sons of Italy in America. Please remember that anybody who donates his or her blood to this Bank automatically becomes eligible for the benefits of this program. As we have mentioned in a recent column, medical assistance will be available if needed and refreshments will be served, which means that everything will be done to make all participants comfortable and relaxed. Contact Chairman Teddy Marolotti by calling

LODGETIDBITS:

The Ladies Auxiliary will present a May Time Dance on May 24th. Mary Monteforte and Ann Palermo will 'chair' this event. More information can be gotten by dialing 931-9351. More information concerning this May dance in a later column, although reports say that it will feature a tasty dinner, live music, beer, soda, coffee and cake, etc. The policy of bringing your own liquor

will be in effect. Price of admission will be \$8.50 per person. Italian feast will be held on the 2nd to the 6th of July at Parking Field No. 1, Broadway, Hicksville. Rides, amusements, food stands, Las Vegas tents, live music, etc. Skip Monteforte will 'chair' this activity. Jeff Wallick states that the Galileo Lodge is planning a golf outing at the Heatherwood Country Club on May 4th. Friends as well as members are invited. More on this activity in a later column. Best wishes to Pete Itagone who is recovering from an illness at L.I. Jewish Hospital. Mr. and Mrs. Jules Mezaros of the Galileo Lodge announce that their son, Reverend John C. Mezaros is headed back to Rome to complete a thesis which is part of a book he is writing on Church Law. This also part of a work connected with his doctorate.

HICKSVILLE CHARGERS

On April 13th, the Hicksville Chargers coached by Bob Van Steen and Paul Landman played their 3rd game of the season at home against the Plainedge Tornadoes. Although Plainedge came out with a 2-1 victory, the Chargers demonstrated their strongest team effort to date.

The 1st half was full of action with halfback Michael Rodriguez scoring the first goal from a direct penalty shot after forward wing Josh Landman was tripped by the opposition. Plainedge was quick to retaliate with a fast goal bringing the tally to 1-1 all. Shortly before the close of the half, center fullback Michael Luongo made a spectacular play in preventing the Tornadoes from scoring again by beating two opposing players and defending the Chargers' net which was open.

Plainedge had the wind in their favor in the 2nd half and scored one more goal. Contributing to the Chargers' offense included Thoms Reilly, Michael Segal, Ryan McCann and Frank Humphreys. Hicksville's defense consisted of Thomas Pedicini, Todd Bertman, Thomas Bell, John Beggs, Scott Barer and Scott VanSteen in goal.

The Chargers would like to wish a speedy recovery to Peter Coen who is out sick. The next game on the schedule is May 4th against the Chickawas at Oceanside.

Pee Wee Intramurals
Coach, Lenny Greenspan
HAWAII 2-MARYLAND 3
A determined Hawaii team led by the defensive play of Brian Whitman and Shyam Regay played a strong game against Maryland.

Hawaii's offense has come together with much improved passing and team play. Kevin Ohea leads the team on offense and helps set up the plays that led to goals by Gerrit Nigboer and Kevin Coen.

Goalies Brian Whitman and Sai Totino each playing half made some impressive saves.

BOYS - 8

by Barry Adelstein
The Hicksville Hearts, coached by Tony Camara and sponsored by Pathmark, have started this season with the same strength exhibited at the Indoor tour-

namment. The Hearts won the Bronze medals for 3rd place after 11 hours of play.

Having their 1st game cancelled, the Hearts then tied Lindenhurst 2-2. The Hearts went on to lose 2-0 to Huntington the following week.

This past Sunday the Hearts played their most physical game ever with many players seeing the grass close up. In the 1st half the Hearts had two of three scoring chances but could not convert. Near the end of the half Lindenhurst's best forward broke in along on Hicksville's goalie Kevin Morrisroe and if not for a spectacular save by Kevin, Brentwood would have scored. In

Hicksville Baseball Association Opening Day

By Donna Rehman

Well, the big day has finally arrived and we are ready, on April 26, H.B.A. will parade at 9:00 a.m. from Blueberry Lane - left Levittown Parkway and left on Stewart Avenue to our major fields where we will have a small opening day ceremony and shortly after our President will officially announce those words we have been waiting to hear - **PLAY BALL** - and so we will. The Majors, Minors, Farms and Instructional, will all begin Saturday but there is still time to join our Pony, Colt and Connie Mac Teams. They will open on May 7.

We are still in need of adult participation in different areas of our League. If you have any time to spare, we would greatly appreciate your help. Our youth is our future and we will need them later as much as they need us now.

H.B.A. Opening Day thought to our youth as well as our spectators must be "sportsmanship" in every aspect of the game. Baseball is a game of skill and for enjoyment and as long as we treat it as a game the fun will follow.

Good luck and good health to all.

The 2nd half, fullback Brian Spinner took a tough check and had to leave the game for a few minutes and he re-entered the game with 5 minutes to play. Quickly Brentwood moved the ball downfield, shot and got the ball past the goalie only to have Brian kick the ball away as he alertly backed up the goalie. The game ended 0-0. If the Hearts can get their offense to mesh while they continue to play tough defense, we can only say to the rest of the league - **"WATCHOUT"**

Quarter Finals.

The Young-Americans scored first when right Mid Fielder Tracey Fiume slyly stole the ball from the Cobras Left Wing and fed Theresa Caputo with a pass that enabled her to push the ball to Krista Taylor. Miss Taylor then feinted the Cobras Full Back and placed the ball to Left Wing Laura Reinhardt who put a blistering shot into the lower left hand corner of the net. The Cobras scored in the second half with fifteen minutes left in the game. Pequas fierce attacks were only neutralized by the superlative plays of Goal Keeper Dominique Missimo and the determined play of Sweeper Suzanne Sierra, Stopper Debbie Kenefick, Mid Field Player Laurie Stashower and Full Backs Tanya Pfeffer and Theresa Solanski, who stopped a game

winning volley to send the game into overtime.

The Young Americans second goal came in the first half of the overtime and it proved to be the winning one. It went deservedly to Striker Krista Taylor whose scrappy play paid off with a power shot into the back of the net. The goal was assisted by the ever present and hustling play of Left Mid Fielder Ann Kenny, Center Mid Fielder Christine Sierra and Right Wing Theresa Caputo.

YANKS WIN TWO MORE

The under 15 boys travelled 50 miles north last Saturday to play

Round 3 of the Regional Cup competition. Their opponent was New City in the under 16 age bracket. The boys gave up a bad goal mid-way through the first half but tied the game a few minutes later on a beautifully executed corner kick - Paul McGeough to David Smyth. In the second half, the Yankees came alive and followed their coaches instructions to score three more times for a 4-1 victory. This was a big win for the Yankees and coaches Collins, Cresham and McHugh were happy with the victory, especially since three of the boys were not playing at 100% due to injuries (Adrian Pepi-thigh, Paul

McGeough-leg and Billy Cresham-knee).

On Sunday, the team had a League home game against an old rival (Massapequa). The Massapequa team wanted this game very badly and played extremely tough. Jimmy McGeough and Steve Thompson had to leave the game temporarily with injuries but returned later to help preserve the 1-0 win. The lone tally came from Jim Demarco off a Steve Dolan penalty kick rebound. The Massapequa goalkeeper made several great saves which kept his team close all day. The Yankees have now extended their unbeaten streak to 20 consecutive games (outdoor) dating back to last Labor Day and have now reached the quarter-finals in the

under 16 Regional Cup. Playing a year up, they are now among the final 8 teams battling it out for the Southern New York title. The other members of this strong team not mentioned above are Bobby Andrus, Vinny Christiano, Robby Cullen, Cliff Feldman, George Marco, John Mitchell, Robert Pearse and keeper Gene Tyranski.

Karen and Joe Donovan recently returned from a trip to Florida. While there, they visited Karen's mother, father, three sisters, two brothers, grandmother and a myriad of other relatives. They had a marvelous time. Somehow they also found time to tour Disney World and other tourist spots.

Congratulations to Frank and Pat Kiarman's daughter, Kathleen, who won an Achievement Award from Holy Trinity HS which is also a partial scholarship to CW Post. The Kiarman's are so proud of their daughter's achievements.

Janet and Frank Gioia were married ten years on April 23. The Gioia's celebrated this occasion by dining out at Cooky's Restaurant with their children, Anthony, Christopher and Dana Marie. Congratulations, folks.

Did you know that Mike Barone, Jr., was feted with a retirement party at the El Casino, Bethpage? Mike had worked 34 years in the TOB Highway Department Supervisor Joe Colby presented a Certificate of Merit to Mike for his many years of distinguished service in the Highway Division. Supervisor Colby said Mike exemplified the highest standards of professionalism during his tenure with the Town of Oyster Bay. Mike was born in Hicksville and has always loved his home and neighborhood. However, after a three-week visit to Florida, Mike and his wife, Gloria, are contemplating purchasing a home in that state but they don't really want to leave Hicksville, they'd just like to live in Florida during the winter months. Good luck to you both in your future endeavors.

Guess who's sporting a new car? It's Arleen Jones, HICKSVILLE. Arleen's husband, David bought her a

The Margolis stayed with their daughter, Lynn, and her husband Terry Waters, and their two children Sean and Mark Waters. Terry is the superintendent of schools in Fairview. Lynn is employed as a teacher in the Fairview School District. It was a warm and wonderful visit. Frances and Murray had with their children and grandchildren.

Judge Francis Donovan and his lovely wife, Arca, did something they haven't done in 20 years—they had Easter dinner out by

themselves. For Palm Sunday the family gathered in the Donovan household and enjoyed dinner together. On Easter Sunday, the Donovan children and their spouses went to their respective in-laws homes to celebrate Easter. Judge Donovan and Arca said they had a truly delightful dinner at the Maine Maid Restaurant.

Lanes on April 7th and are planning to go camping with their dads at Camp Wauwaupex in Wading River in early May.

The Pack has 21 members at present and is actively recruiting new boys between the ages of 8 and 10. Parents will be needed to man newly formed dens. Operation VFW

By Lou Palladino

The nominating committee presented their slate for the ensuing year. It does not mean these men are going into office. Nominations were asked for off the floor, and again will be asked at the next meeting. After this takes place then will we have elections. Rumor has it that Spike Froehner will be running for Quartermaster again. After going through the chairs and so on, this guy hasn't sat with us peasants in over thirty years.

Our Post entered another member to our rolls. He is an old war horse from W.W.I. Frank Bove a transfer, welcome Frank, enjoy the Post.

A meeting is being held in the City on Agent Orange. Our young tiger, Connie Steers, and an old war horse, Jerry O'Brien will be attending. They will be bringing back their report at our next Post meeting.

As you know, this year the Memorial Day Parade will be held on Monday May 26th. A vote was taken in the State Assembly and they voted for the three day holiday. So this year instead of the 30th, everybody will be celebrating the holiday on the same day. On May 25th we will be holding Memorial services at the Plainlawn Cemetery.

Duncan McLean reported the turnout for the Globetrotters game was much better than anticipated. Everybody had a fine time. Next event for the youngsters will be June 9th at the Yankee Stadium for a ball game. It seems like a long way off, but for those interested when you get the official notification, don't hesitate to notify Duncan.

Harry Wurth reported the books on Community Service Activities was sent to the State VFW. Harry said there were three books in all to complete this year's activities.

We did pretty good as far as help was concerned at our last Las Vegas night. We hope we do just as well at the next one which will be held May 10th. This is one of the events where we earn enough money to pay our bills, and to help others more unfortunate. Augie Barone, the chairman and our Commander Al Vitello are both pleased with the attendance.

There will be a Loyalty Day Parade in Massapequa on April 25th. Every year our Colors are brought to this Parade, and we are thanked for helping them make it a success. For a while they were competing with Farmingdale, but now they have

decided to Parade on alternate Sundays. It was hard for our Color to be at both places at the same time. Al Martin reports, he would like to have a reasonable turnout.

Art Fuelling made his report on Bingo, and as usual it was the same two words HELP. HELP. Seriously, if it wasn't for bingo, we wouldn't have the building we are so proud of. So why not shut Artie up and give a hand. It is a necessary program, and we are committed.

Our own Carrie Ann Wurth is now State President of the Jr. Girls Unit of our Ladies Aux. Her parents are as proud of her as we are at the Post. Congratulations Honey, may you have a banner year while you preside.

Joe Normandy, John O'Brien, and Bob Moorhouse, are all recuperating from operations. Comrades get well fast, we still need you men around. Patricia Aug was also hospitalized, we wish Pat a speedy recovery also.

Lucky winner was Frank Lotti, what again. Every meeting he yells I got it even before the number is called, this time he had it twice.

Next meeting, April 28th, will be elections. Come over and give your vote.

LILCO's PROGRAM

(Continued from Page 4)

with COM containing the amount of coal LILCO hopes to test. The test burn is expected to last from one to three months.

Until the Shoreham Nuclear Power Station goes on line and cuts LILCO's annual oil use by 8 million barrels, the Company will be completely dependent upon OPEC oil suppliers. The complete conversion of a major generating station from oil-burning to coal-fired is extremely expensive. At Northport alone the conversion cost is estimated to be \$2.6 billion. For these reasons, COM technology is especially attractive.

Because the energy in a pound of coal is less than the energy in the same amount of oil by weight, the output from a COM is less

than that from oil alone. However, at a power station like Northport, a 50/50 COM could reduce the amount of oil burned there by about 40 percent. And the retrofitting needed for COM would be significantly cheaper than the rebuilding involved in a coal conversion.

Equally important, COM is more environmentally desirable than direct coal firing. Since the COM is premixed and delivered to the plant site in a slurry form, it eliminates the usual delivery, storage, and handling problems associated with coal.

According to LILCO Research and Development Director Tim Driscoll, "As with any research effort, the success of the project is not a foregone conclusion. Nevertheless, we are confident about our approach and the team we have assembled to do the work."

At Old Country Rd. School

The primary grades at Old Country Road School were recently treated to a delightful presentation and lesson on dental health. Miss Carol M. Gerard, school nurse-teacher at Old Country Road, arranged the program with Dr. Edward Sloyer, a local dentist.

A puppet show was the highlight of the presentation, which featured Cuspid, Molar and In-

cisor, and their dreaded enemy, Danny Decay. Through the interesting and fun show, the youngsters were made aware of good oral hygiene habits and proper nutritional eating habits.

A question and answer period followed the puppet show, with Dr. Sloyer distributing soft toothbrushes to the excited children, to emphasize the importance of tooth hygiene.

Immunization Proof

Dr. David Weeks, Director of Pupil Personnel Services for the Hicksville Schools, noted this week that the state health laws require proof of immunization against polio, measles, German measles, mumps and diphtheria. Every student must have on file with his school's nurse-teacher the month and year of immunization, in order to be allowed to enter or to continue school next

fall. Further information may be obtained by contacting the student's school health office.

Non-immunized students will not be allowed admittance to school in September. Parents are urged to investigate immediately, to ensure that their children will not miss any school in the fall due to the strict health law.

Private Industry Council Sets Programs

The Private Industry Council of Nassau County offers to Long Island industry the funding, the technical assistance and the trainees needed to initiate a training program tailored to the company's specific needs. A company can be reimbursed up to 100% of its training costs and may receive substantial tax credits for each of the Council trainees it retains.

But the overall plan of The Private Industry Council of Nassau County goes beyond solving traditional employment problems. They can also design training programs and place trainees who have been unemployed over a long period of time or have low annual incomes. There are also special placements designed for the handicapped individual.

The members of the Private Industry Council, a growing

number of dedicated volunteers, include some of Long Island's most prominent business leaders. Business leaders that are creating new directions for job opportunities on Long Island.

A major part of their effort is currently directed toward a comprehensive public information campaign. A communications program is now underway that involves the establishment of a Speaker's Bureau which will advise and inform, not only Long Island industry and labor, but local community groups and organizations as well, of the many benefits the Council can offer.

Individuals residing in the Town of Oyster Bay, who are interested in enrolling in one of the Council's training programs may apply at the Council's office, 175 Fulton Ave., Hempstead, N.Y.

INCREASING DANGER

(Continued from page 3)

surrogates, in its expansion of influence into Cambodia, Angola, Ethiopia, Cuba and the Yemenite nations. The Soviets take advantage of every opportunity—every Western weakness—to expand their empire and to improve Russia's strategic and economic position.

From Iran, the Soviet Union has learned that the allies of the United States are willing to take only the most limited steps in support of their less and less formidable looking "protector." Russia has learned that Iran, despite declining oil output, can still exert substantial pressure on Europe and Japan, although together these nations buy less than one million barrels of Iranian oil per day. There is no doubt that a cutoff of Iranian oil would hurt Iran far more than any importer, including Japan, yet the allies refuse to act. As I pointed out when Mr. Carter cut off American imports of Iranian oil, our unilateral move would

have little or no economic effect on Iran without similar action by our allies. The Carter Administration has failed woefully in efforts to get our allies to join us.

From Afghanistan, the Soviet Union has learned that the West is not likely to raise a serious challenge, even if it invades a country adjacent to the sea lane transporting a major portion of the allies' oil imports. In fact, some Western nations seem more concerned with the games their athletes play than in defending the values they are pledged to preserve.

If the past six decades have

taught us anything, it is that the Soviet Union will continue probing as long as it finds weakness. Each Soviet success makes it harder to stop these Soviet probes. Each Soviet success makes it easier for Western Europe and Japan to make more accommodations with the Russians. Each Soviet success encourages more neutral and non-aligned nations to drift toward the Soviet camp. Each Soviet success increases the erosion of America's diminishing credibility.

Isn't it time to reverse this disastrous trend?

Getting settled made simple.

Guest Speaker At HHS

Harvey Frommer, sports author and professor of journalism at City University of New York, gave a book talk in the Hicksville High School library recently, just two days after he was featured in the Long Island section of the New York Times. Dr. Frommer showed slides of pictures from his forthcoming book, *New York City Baseball, The Last Golden Age: 1947-1957*. During the presentation, he quizzed his audience on baseball trivia, frequently adding anecdotes about a particular slide/subject.

As youthful as his audience was, the attentive fans recognized sports heroes from the past, including Joe DiMaggio and Phil Rizzuto. Dr. Frommer's presentation ran through midday with an audience as high as 200 at times, according to library estimates.

Dr. Frommer, who was raised in Brooklyn, admitted that he was a Brooklyn Dodgers fan; it was this enthusiasm which led to his authorship of the new book. "I guess the biggest influence on me as a kid was Red Barber," the author reflected. "Listening to the radio on a hot, steamy summer night, getting to hear this very articulate southern voice describing the Brooklyn Dodgers' doings, got me interested in speech, literature and baseball."

Dr. Frommer is the author of several other books on sports: *A Baseball Century: The First Hundred Years of the National League*; *A Sailing Primer*; *Martial Arts: Judo and Karate*; *Sports Roots, Sports Lingo*; and *The Great American Soccer Book*. Hicksville High School's library carries some of these titles already, according to Librarian Mrs. Dorothy Hanrahan, several more are currently on order.

The presentation by Dr. Frommer was conceived through the efforts of Mr. Car Danna,
