At The School Board Meeting

By Linda Strongin

MR. NEIL O'DOHERTY, English teacher at the Hicksville Senior High School died suddenly of an apparent heart attack early Wednesday morning in his home. Senior high school students and staff were shocked to hear this news since Mr. O'Doherty had been in school and teaching his classes the previous day.

Mr. O'Doherty taught in the Hicksville school district for over 20 years, eight in the junior high and twelve years as an English teacher in the senior high school. He started the senior high philosophy elective in 1974. Students in his classes were attentive and sometimes mesmerized by his knowledge and method of teaching, as once witnessed by this reporter.

He was also the coach of the Junior Varsity baseball team as well as the assistant coach of the Varsity baseball team.

Senior High School Principal, Ray Rusch, stated, "Neil was the finest, most dedicated teacher at the high school. He thought first, last and always of the kids and their problems -- no question about it at all. He's going to be missed by all."

Hicksville Congress of Teachers President Bob Zaleski related to this reporter that "We are going to miss his uniqueness as a man who dabbled in practically every aspect of life, religion and philosophy. He was a Renaissance Man."

Mr. O'Doherty graduated from Bishop Loughlin High School and St. John's University. He was a member of Zeta Sigma Pi, National Social Science Fraternity. The funeral for Mr. O'Doherty is scheduled for Friday at 10:30 a.m. from Our Lady Queen of Martyrs Church in Forest Hills.

Senior high students and staff are also mourning the death of Marie Saunders, who retired last year on a disability retirement. She was an English teacher at the High School for ten years. Funeral services are scheduled for Friday at 10 a.m. from St. Bridgid's in Westbury.

When asked by this reporter if the Board was considering the feasibility of closing the senior high school since so many staff members and students would want to attend either funeral, Superintendent Dr. Wilber Hawkins stated he had conferred with Mr. Rusch on the matter. "I have authorized him to send representatives from different

departments. The classes will be covered by substitute teachers and other teachers not attending either funeral."

"I have also authorized that buses be made available for those students in Neil's class and staff members. We had to also consider that teachers at the junior high might also want to attend and therefore closing the senior high is not feasible."

Dr. Hawkins added that Neil was a "pleasant person who I enjoyed talking with. I wish my own kids had had the opportunity to have him for their teacher."

School Board Meeting

During the business meeting the Board unanimously approved the Secondary School Reorganization which created the following positions: Science Chair, 7-9; and Mathematics Chair, 7-9; effective July 1, 1980. These are supervisory positions with salaries and working conditions under the Team Management Agreement. Also created were 3 teacher-deans, 7-9; 3 teacher-deans, 10-12; coordinator / student activities, 7-9; coordinator / student activities, 10-12; coordinator / alternative school, 7-9; coordinator / alternative school, 10-12. These are regular teacher positions, effective September 1.

During the discussion before the vote, Vice President John Ayres questioned the job description and the classroom teaching duties of the teacher-dean positions. Director of Personnel Ron Friedman stated that the coordinators of the alternative school would be exempt one class per day while the deans and student activities coordinators would be exempt two classes per day.

Trustee Virginia Germer questioned if money had been allotted for these positions and Dr. Hawkins stated that monies were in the 1980-81 budget.

The Board tabled a motion to abolish a school nurse-teacher position at the junior high school. The motion to table to May 14 in order to obtain more back-up information and additional alternatives was made by Mr. Ayres and seconded by Trustee Pete Fujimoto.

During the discussion it was brought out that 1,100 students are given physicals (sports and annual) at the junior high in which the two school nurse-teachers assist. Suggestions discussed were to take a school nurse-teacher from a parochial school and hire a registered

nurse for that parochial school; or to create a new clerk-typist position to help the S-NT with the paper work.

It was pointed out that the position, not a person, was being abolished due to a retirement.

Secretary Bill Bennett questioned if this action to abolish "would go against our understanding with the Hicksville Congress of Teachers."

Mr. Friedman quoted from the contract in which the word "option" was emphasized.

According to Director of Pupil Personnel Services Dr. David Weeks, when questioned by Mrs. Germer, the school district provides "services not staff" to the parochial schools in the district, according to the law. He explained that one cannot state if services are comparable in the public and private schools. "We can't compare since a school nurse-teacher cannot function as such in the private schools."

The Board voted to place on the agenda a policy which would ban smoking at Board of Education meetings. Voting no was Mr. Ayres. An amendment made by Mrs. Germer to ban smoking except in designated areas was defeated 4-3 with Messrs. Nagle, McCormack, Bennett and Fujimoto voting no.

The Board adopted a resolution making the provision of summer transportation for the handicapped a part of the contingency budget for 1980-81 and that the appropriate administrative officers be empowered and directed to encumber the necessary funds and to execute any necessary contractual arrangements for such transportation service during the summer of 1980.

An amendment to include the sum of \$15,750 made by Mr. Ayres was defeated 5-2 with Messrs. Arena, Nagle, McCormack, Bennett and Mrs. Germer voting no.

Mr. Ayres announced that a meeting of the Long-Range Planning Committee, co-chaired by Mr. McCormack would be held in the Board room on May 13 at 8 p.m.

Mr. Arena announced his candidacy for the school board. Also running for Mr. Arena's seat are Mr. Danny Mullin; and Mr. Frank Grimer. Running for Mr. Fujimoto's seat are Mrs. Charlene Anci and Mrs. Carole Wolf.

The next regular business meeting of the Board is May 14; The budget hearing is May 7 at the senior high school cafeteria at 8:15 p.m.

GOP Club Meeting

The Ernest F. Francke Republican Club of Hicksville will hold their regular monthly meeting at 8:30 P.M. on Friday evening, May 9, 1980. The meeting will be held at the

Veterans of Foreign Wars Hall - Wm M. Gouse Jr. Post # 3211, located at 320 South Broadway in Hicksville. (The hall is situated south of the Firestone Store and north of the H.T.P. Building).

Refreshments will be served. The program for the evening will feature the Hempstead Presiding Supervisor Alfonso D'Amato, who is a candidate for the U.S. Senate.

Venerable Tony Previte's Message:

"Before we can take pride in our Lodge, we must take pride in ourselves. We have to believe in ourselves and in the direction in which we want to go. If we believe in the basic structure of our cultural past, which reveals the dynamicism and intellectualism of a proud people, then the Galileo Lodge can only persevere and become what it is destined to be - great. The Galileo Lodge, as an integral part of the Sons Of Italy In America, is the agent designated to enhance and stimulate interest in our cultural standards and patterns; and to bring into full view the accomplishments and achievements given to the world by people of our race. Remember, if you are the Galileo Lodge, then the Galileo Lodge is you."

The feeling is that social nights at the Galileo Lodge are not as exhilarating as they should be, which prompted Tony Previte to consider revamping these sessions by inviting knowledgeable speakers and guests who can and will touch upon topical subjects that can prove interesting as well as beneficial to the membership. This exchange, Venerable Tony Previte feels, should also bolster attendance and act as an adjunct to our membership drive program. So far, attendance at these social gatherings leaves much to be desired, so this new

improvement might materialize into something more fruitful and productive.

COMING EVENTS

The Galileo Lodge Blood Bank, scheduled for the 20th of May, is in its completion stages. From the hours of 4 to 10 p.m., members and friends can donate blood for the obvious humane reasons. Remember, too, if you donate blood you actually become a member of this program. Think of what this could mean to you and your family if an emergency arises whereby the life-giving properties of this commodity are needed. Medical facilities will be available, refreshments will be served, and needless to mention that everything will be done to make you as comfortable as possible. The location for this Blood Bank will be the Lodge quarters, 200 Levittown Parkway, and I might add here that the Galileo Lodge is striving for the 50 pint mark. All filial lodges associated with the Sons Of Italy In America are invited to participate in this great cause for the perpetuation of human life. Contact Teddy Marotti, chairman, by dialing 931-9351.

LODGE TIDBITS

The Ladies Auxiliary will present a May Time Dance scheduled for the 24th of May. Mary Monteforte and Ann Palermo, some of the stalwarts of this body, will 'chair' this event, and this also means that per-

formance, diligence and entertainment will be in full view for all those who attend. Price of admission will be \$8.50 per person, with the serving of a tasty dinner, beer, soda, coffee and cake, set-ups, live music and that very important ingredient - the hospitality of the Ladies Auxiliary and the Galileo Lodge. Dial 931-9351 for additional information. A 'bring-your-own-liquor' policy will be in effect....On May 4th, the Galileo Lodge will hold a golf outing at the Heatherwood Country Club.

Jeff Wallick will be in charge of this activity, and he can be reached by dialing 931-9351. Our Italian Feast will be held on the 2nd of July to the 6th. Besides the carnival atmosphere associated with this event, rides, amusements, food stands, Las Vegas tents, live music, etc., will greet your eyes. This feast will be located at Parking Field 1, Broadway, Hicksville. More on this activity in a later column.....Paul Anselmo and his wife

Which of the items below do you think went up in cost the most over the past 30 years?

A postage stamp.

A kilowatt-hour of electricity.

A pound of coffee.

A subway token.

IF YOU GUESSED A pound of coffee, a subway token or a postage stamp, you're right on all counts. All three have skyrocketed some 400% in cost in the past thirty years. By comparison, a kilowatt-hour of electricity went up by a little more than half as

much, or 241%, over the same period.

We know electric costs are higher than they used to be—unfortunately, all costs are. But, when you and your family take a close look at what you get for your money, compared with other consumer items, it's easy to see that electricity is still a good buy.

When used wisely, electricity helps improve the way your family lives. By your using electricity efficiently, and LILCO doing everything it can to keep costs down, electricity can continue to be one of the more reasonable items in the family budget.

Dear Friends....

Condolances to the families of Judge Julius Schwartz and Mr. Neil O'Dougherty, whose passing this week is such a loss to our community. To their friends, acquaintances, and loved ones, the memories of these two fine men, will serve as a continuing inspiration.

There is often a logical explanation, when it seems that our elected officials and the various departments through which they serve the people, take longer than we wish they would to do what it is apparent to us, is needed to be done. For example, the unsafe house and other buildings at 459 Newbridge Road in Hicksville which we reported to you in last week's HERALD, was the subject of a suit brought by the West Green Civic Association against the Town for failing to correct the problem by demolishing the buildings so obviously unsafe, will probably be settled before the May 16 hearing of this suit. The Town Engineer's report is due back in the next few days. If that report indicates that these buildings are unsound and therefore dangerous, the Town will move to demolish this building. One of the delays in taking this action was the fact that the Federal Government has a tax lien on the estate of which these buildings are a part. More on this as it occurs.

County Health officials are presently working in an attempt to determine the cause of the sudden illness which affected 26 students at Holy Trinity High School this week. The students are now all recovered, but such a happening will not be permitted to end without the necessary research as to its cause.

The Senior Citizen Orchestra, made up mostly of retired musicians from Nassau over the age of 60, plays at various functions throughout the county during the year. The group is sponsored by the Nassau Recreation and Parks Department and European American Bank.

Persons interested in participating must be willing to attend rehearsals each Wednesday from 10 a.m. to noon. For information call 292-4247.

Best wishes to Flo Ellis of Hicksville who recently celebrated her 25th year as a school crossing guard at the corner of Woodbury Road and West Street in Hicksville. Coffee and cake with her co-workers of the second Precinct and with Deputy Inspector Joseph Rabasa and Sgt. Vic Rerisi and her fellow school crossing guards was the order of the day. Mrs. Ellis said that some of the youngsters she now helps cross this busy intersection are the children of those she helped cross many years ago. May you have many more happy, productive years, Mrs. Ellis.

THAT'S ALL for this week. If they haven't already done so, we'd like to ask each candidate running in the coming school boards election to submit an article containing a brief resume plus what they would consider top priorities on THEIR list of what is important for the effective and efficient running of our school district.

Letters To The Editor

Dear Editor:

The mixing and confusing of facts that permeated the article "3 Towns Firm on Spurning Interest" (Newsday, 4/23/80), forces me to attempt to correct the false impression that must be left in minds of its readers.

From headline itself, the reader would be misled into believing that Towns are not gaining interest on the tax revenue paid to them. Nothing could be further from the truth as far as the Town of Oyster Bay is concerned. Through timely action the Town of Oyster Bay in 1979 gained a total of \$2.3 million in interest by investing all revenue not needed for ready cash flow, about 96 per cent of our total revenue. This year, by staying on top of the interest market, I expect an even greater yield. This interest goes into the revenue side of the Town budget and helps keep property taxes down.

The funds that were intended to be the subject of that article were not Town funds but rather the tax payments that belong to school districts, County's and various special districts as well as Town's. These funds are in the hands of and are the sole responsibility of the Receivers of Taxes for a very short period of

time, an average of 10 days, prior to being redistributed to these various agencies for which Receivers are required to collect taxes.

Whether Receivers can legally deposit the funds under their control for short amounts of time has been and remains a debatable legal question. In the Town of Oyster Bay, however, we are achieving real dollar and cents benefits for our taxpayers despite the ongoing rhetoric over whether the state legislature must pass a law to permit these funds to be placed in interest bearing accounts. Through careful and deliberate placement of these funds during their stay with the Receiver of Taxes, we have saved the Oyster Bay taxpayer an estimated \$500,000.

How? The Receiver's selective temporary placement of the funds in non-interest bearing accounts has brought benefit to the Town and its taxpayers in the form of low interest rates on one-year borrowing. By low, I mean that during the first quarter of this year we received loan rates of 4 to 6 per cent. That is 3 to 6 per cent below the interest rates some other municipalities on Long Island were granted. When you consider that our Town

borrowed more than \$10 million a year and you compare this to the interest we would gain on the 10-day deposit of the tax money the Receiver of Taxes holds temporarily, you will find that in Oyster Bay the taxpayer comes out ahead even though the Tax Receivers, District Attorneys, Comptrollers and others continue to argue as to the legal right to invest these funds.

Sincerely,
S-Stephen F. McDonough, Jr.
Director of Finance
Town of Oyster Bay

To the Editor:

We regret the passing of Frank Zindulka, a former member of the Hicksville Board of Education from 1970-73, a man of intense integrity and dedicated in his resolve to serve the community of Hicksville.

Frank was a deeply principled individual and he loved his country deeply. Our hearts and prayers go out to his lovely wife and children, and we shall always remember Frank Zindulka as a servant of God, his country, and his community.

ENGAGED: Mr. & Mrs. Robert H. Weiss of 93 Elm Street Hicksville, are pleased to announce the engagement of their daughter, Christine Mary to Mr. Kenneth Joseph Kross of North Babylon.

The bride-to-be, a 1975 graduate of Hicksville High School and the BOCES School of Practical Nursing is presently employed as a medical assistant in Glen Cove.

The future groom is graduating from the Embry-Riddle Aeronautical University, Daytona Beach, Florida in August.

A May 1981 wedding date is planned at St. Ignatius Loyola R.C. Church, Hicksville.

Happy Sweet Sixteen to Terri DiStefano of HICKSVILLE on Sat., April 26. Terri's friends helped her celebrate at her Sweet Sixteen party. A 10th grade student at Hicksville Sr. H.S., she is the daughter of Carol and Charles DiStefano, of Genesee St., HICKSVILLE.

Happy Anniversary! Congratulations and best wishes are sent to Mr. and Mrs. Harry Schoppmann of HICKSVILLE who celebrate their anniversary on May 2. Harry and Margaret will celebrate their 32nd year of wedded bliss on that day. Much happiness is wished for them from their son and daughter-in-law, Harry and Susan, their grandson Harry III, and

daughter, Barbara. Happy anniversary, Mom and Dad.

Just back from a delightful week in Ocean City, Maryland, are Frank and Ann Kremler, Hicksvillites. Frank and Ann have a condominium right on the ocean and for the past two years have spent Easter vacation there with their family. All in all, 12 members of the family were present, including grandma, sons, daughters, grandchildren, daughter-in-law and girl friends of the sons. It was a very enjoyable vacation for everyone.

On May 1, Tommy Fico of Mayfair Lane, Hicksville, turned six years old. Of course, his parents, Evelyn and Tom Fico, and his sisters, Kim and Laurie, had a family party for Tommy with cake and presents.

The Hicksville Maguires, Anne and George, were happy to help

their son, Dr. George Maguire, celebrate his birthday on May 2. Of course, participating in the festivities were Dr. Maguire's wife, Suzanne (nee Sutter) and their children, Kiernan (who will be four years old on May 7) and Shannon (who is six months old.)

Florida was host to Martha Masseria and her son, Joseph. They returned to Hicksville on April 26 after spending a delightful week seeing Disney World and the Florida Keys. They came back tanned, rested and healthy.

April 27 was a momentous day for Hal Mayer, III. Hal, III, became one year old on that day. A party was held by his parents, Hal, Jr., and Carole, at baby Hal's paternal grandparents' home, Vickey and Hal, Sr. We were told there were numerous relatives on hand to celebrate this occasion.

Trustees of the Hicksville Gregory Museum are seen recently at Town Hall with a \$100 voter-taxpayer petition asking the Oyster Bay Town Board for some sort of Town "management" of the popular Earth Science Museum.

Left to right with signatures of Hicksville residents and over 300 names of other Town voters are: Museum President Richard Evers; Elizabeth Pearce, Secretary and Edward Peter, Museum Treasurer.

In spite of over 7,000 visitors in 1979, the museum requires larger annual financial resources and currently is appealing to the Town for help to avoid closing permanently, this summer.

Among those signing the petition were over one hundred and thirty Hicksville community leaders who favor preserving the distinguished community resource at its current site, the Heitz Place Courthouse-Jail, a building listed in the National Register of Historic Places.

"Guys And Dolls"

Audiences enjoyed an enthusiastic production of "Guys and Dolls" at Hicksville Junior High School last weekend, in totally new settings the spanking fresh Bernard H. Braun Auditorium.

The staff of Mr. William Becker's Buildings and Grounds Department finished work on the auditorium renovation just in

time for the junior high drama club's presentation of the Damon Runyon story. Parents, teachers and friends filled the 530-seat hall, remarking on the fresh blue paint and rich red draperies, and the newly-repaired presidium.

According to Mr. Becker, Director of Buildings and Grounds, the renovation of the auditorium was a capital project

approved in the current budget. New carpeting in the aisles was installed (about 150 square yards), the draperies were cleaned and pressed and the floor repaired. New seats were installed, making the auditorium an attractive and durable ball for long use by the school's student body.

In their first production in the new hall, the drama club was engaging and entertaining. Lead characters were Bill Heberer as

Sky Masterson, Patrice Kenny as Sarah Brown; Chris Botta as Nathan Detroit; and Lisa Strow as Miss Adelaide. Other cast members were: Danny Kopkow; Robert Goerke; Steven Dixon; Pasquale Schettini; Stephanie Manganello; Jill Gold; Debi Hochman; Martin Schneider; Rose Marie Manduca; Chrissy Lari; Robert Hawhurst; Lewis Default; and John Endres.

In addition, a host of other students participated as dancers,

crap shooters and Broadway characters.

For the first time in 16 years, a full pit orchestra accompanied the actors on the stage. The orchestra was assisted by students from Hicksville High School.

Director of the production was Ms. Kathleen Anders. Musical Director was Ms. Hilary Sperber.

HICK. AMER. SOCCER (Continued from Page 10)

Athletic Club in a 2-1 win in a league game.

The second game was also against Massapequa Athletic Club which was the second round of the Long Island Cup played at Hicksville. This game was dedicated to Maryann Caputo, sister of Theresa Caputo, for her efforts and artistic construction of the team banner. Hicksville went on to win 4-1. The control and movement of the ball exhibited by Kelly O'Leary, Debbie Kenick, Suzanne Sierra and Tanya Pfeffer allowed Erin O'Leary, Ann Kenny, Theresa Caputo and Christine Sierra to place the ball in the net. Total soccer was employed by the rest of the team comprised of Tracey Fiume, Dominique Missimo, Laura Reinhardt, Theresa Solaski, Laurie Stashower and Krista Taylor.

Rumors have it that films were taken of Theresa Solaski playing

another exceptional game and that the film will be sent of her brother, Steven, for examination. It is in the hope of everyone that after Steven views the films he will follow in Theresa's footsteps.

BLACK JACK

The under 15 boys (Yankees) have made it 21 games in a row without a defeat without a defeat with a strong win over the Huntington Boys Club Strikers last Sunday in a steady rainfall. Coaches Peter Collins, Bill Cresham and Pat McHugh gave the boys firm instructions during the week regarding their Saturday night curfew as it was an away game at 9 o'clock in the morning. In addition, the boys lost another hour's sleep with the arrival of Daylight Saving Time. The Huntington strategy (getting Hicksville up early to travel) backfired as the Yankees really

came to play and broke their 'early morning jinx with a 4-1 victory. They also made it four in a row over Huntington, their last defeat being in July of 1979 at the 'friendly' Kings Park Tournament. The Yankees will play their toughest game of the year next Saturday at Grumman (4pm) when they meet Blue-White Ridgewood in the Quarter Finals of the Regional Cup Competition. The coaches are quite pleased that this 15 year old team has advanced this far in the 16 year old Division of the Cup and have gained tremendous experience playing against older boys. Next week's game against a very good Blue-White team should give them a great deal more. This season, counting League, Regional and L.I. Cup matches, the Yankees have 8 wins with 31 goals scored and 6 against.

The Fair is the idea of the sixth grade classes after instruction on blood pressure screening taught by Mrs. Fuchs. The sixth graders requested the opportunity to share their knowledge with the community.

We lend you the difference between what you put up and the \$10,000 cost of the certificate. For this, we charge only 1% and you reap the reward, as much as 10.828%* on your savings. And that's a lot more interest than you can get on your passbook savings account. We'll even let you add cash at any time to the original amount that you put up. And by adding more money, you'll be earning even higher interest. Or, if you need to, you can take part of your deposit out, without interest penalty, as long as you leave \$3,000 of your money in the account.

*Based on the Six-Month Saving Certificate rate of 10.790% effective from May 1 to May 7, 1980. The net rate is computed on a 365/360 day basis (which assumes that, when the certificate matures at the end of 26 and 52 weeks, you reinvest the principal (only) at the rate now in effect; however, different rates may be in effect at those times). The nearest rate on a \$10,000 certificate, computed the same way is 10.969%. No partial withdrawals before the \$1,000 minimum balance requirement are permitted without closing the account. By federal regulation there is a substantial interest penalty on accounts closed before maturity. Compounding of interest for the term of deposit is prohibited by law.

depth on defense and a lot more versatility on offense. With this versatility the boys are getting the opportunity to learn and play different positions. The Thunderbirds: George Antaki, Michael Ayres, Kevin Conway, Joseph Doherty, Richard Fraser, Andrew Horne, David Kanuck, Thomas Kenny, Richard Markey, Brian McKenna, Joseph Neto, Michael Pryves, Thomas Roman and David Weinberg.

U-8 BOYS
By Barry Adelstein
The Hicksville Hearts coached by Tony Camara, Barry Adelstein and sponsored by Pathmark played their most consistent and probably their best all around game ever, the Hearts demoralized Massapequa defeating them by the score of 4-0 in their first cup game.

As we said in last article, the defense has been very good. The Hearts defense, led by fullbacks Bobby Franklin, Kenny Klein, and Brian Spinner with big assists from halfbacks Steve Pine, J.J. McCarthy, Matt Adelstein and Mike Branciforti, limited Massapequa to only 1 shot on goal that was handled easily by Backup goalie Sal Perry.

The forward line had Chris Flanagan, Tommy Baron, Chris Santarelli and Jeff That continually bringing the ball downfield and putting tremendous pressure on Mass. defense. The Hearts scored twice in each half with Flanagan, Baron, That and Santarelli doing the scoring. The Hearts maintained their speed up front by substituting without losing any effectiveness with good games from Kevin Morrisroe and Mike O'Grady.

We now move forward looking ahead to the 2nd round in cup play on May 10th.

Special mention goes to the improved playing of J.J. McCarthy and Mike Branciforti rewarding the hard work by Tony Camara.

HICKSVILLE ROWDIES
Coach Jim Reardon's '89 traveling team has looked unbeatable this far into the season having scored 23 goals against its first four opponents and been scored upon only once. They defeated Bayshore 4-0, Plainedge 7-1, Oceanside 5-0, and Massapequa 7-0.

The boys credited with the goals are: Sean Smith, 1; Greg Tropea, 1; Martin Cowan, 1; Alex That, 2; Greg Skupinsky, 2; Tom Himmel, 2; Dan Middleman, 4; Tony Conigliaro, 4; and Cliff Heller, 6. Tony and Cliff each were credited with "hattricks" against Oceanside and Plainedge, respectively.

Movement in the games seemed always forward and, although not scoring themselves, goals would not have occurred without the numerous assists from Jim Reardon's corner kicks and Philip Greenspan's passing.

Defensively, the team has been superb, with the always reliable strength of Todd Roth and Greg Skupinsky at left and right fullback and Jim Reardon at sweeper. In goal, Kevin Hamel has stopped everything, when he is not on the field showing his fancy footwork. The Rowdies are looking good. This season promises to be a sensational one. P.S. Steve Olive, get well soon and don't break anything else!

WOMEN'S LEAGUE - HICKSVILLE HEARTS
The newly formed Hearts, sponsored by Kelmet's Enterprises, is currently engaged in their first season of League play. Coached by John Kilmets, they made their debut in the Womens Indoor Soccer Tournament held this March. For a newly formed team, started last year by Tony Camara, they fared well, placing behind the League's leading teams. The tournament was a great experience for the indoor team, comprised of forwards Joyce Reid, Terry Gabriel, Marie Guastella, Eileen Guastella, Bea Shevchenko and Marianne Ladimir, backs Mary Kilmets, Pat Tropea and Astrid Panchookian, and goalie Pat Donohue.

With the addition of forward Diane Levy, fullbacks Eileen Richards, Eve Vassel, Gretchen Kuck, and Goalie Jean Brown, the team was ready to meet regular outdoor competition. The latest game was against Plainview this past Sunday. Both offensive and defensive lines were coordinating play extremely well, with Hicksville controlling the game. Although Plainview scored first, Hicksville constantly had shots on goal by forwards Bea Shevchenko, Diane Levy, Joyce Reid, Marie Guastella and Eve Vassel but were unable to get past the Plainview goalie. Down by one, the Hearts were awarded a direct free kick. Halfback Pat Donohue scored on the kick, tying the game. Terry Gabriel did an exceptional job at center half, helping to control the midfield. When the ball did get on the Hearts half, fullbacks Gretchen Kuck, Mary Kilmets, Pat Tropea and Eileen Richards were right there to pass it back up. Near the end of the second half, halfback Eileen Guastella scored the winning goal, putting the ball right past the goalie. Hicksville Goalie had some great saves, holding Plainview to only one goal.

The next game is scheduled for 4:30 this Sunday at Grumman against East Meadow.

YOUNG AMERICANS UNDER FOURTEEN GIRLS
By Bernie Sierra
After playing poorly against a Garden City Team two weeks ago (Garden City winning 1-0) Coaches Bernie Sierra and Madeline Mitchell were proud of the Young Americans for demonstrating pride in rebounding to two victories in their last two games. The first at Massapequa's home field against Massapequa.

JOE NETO
The Hicksville Thunderbirds had a busy schedule this weekend. On Saturday the team traveled to New Hyde Park for their regular league game to play the Cougars, a team that has always given Hicksville a good game and this one was no exception. After a wet first half the Thunderbirds found themselves down by a score of 1-0. Hicksville came back in the second half, tied the game, and took a 2-1 lead on goals by Tommy Roman. However, New Hyde Park did not let up and tied it at 2-2. In the closing minutes of the game Hicksville came back and scored the winning goal, but it was disallowed on a controversial call and Hicksville came home with a tie. Thus far, the boys have been playing well and their record shows it. The team has won 3 games and tied one in league competition.

On Sunday, the Thunderbirds hosted the Syosset Chiefs in a Long Island League Cup match. This game was a repeat performance of Saturday's game. The team played a flat first half and were down by a score of 2-0. Again as they have done in the past, the boys pulled themselves together in the second half and played up to their potential. Joey Neto who has been playing just super at right wing, put in 2 quick goals to tie the game. Joey Doherty who also has been doing a magnificent job at fullback, was moved up to his old inside left position to add a little more punch to the forward line and put in the go ahead goal. Joey Neto put in the insurance goal minutes later for a 4-2 final score. The addition of George Antaki and Kevin Conway to the team, has given the Thunderbirds more

Phobia Counseling Groups

Counseling groups for men and women with phobias will be held at the Hicksville office of Jewish Community Services of Long Island beginning the week of May 11th, according to an announcement from Mrs. Esther Finkel, supervisor of the JCSLI office at 76 N. Broadway.

The groups are being formed, Mrs. Finkel explained, as a result of an analysis of the caseload at the family counseling agency which revealed a number of clients exhibiting phobic behavior. "Our belief is that there are many others in the community who are immobilized by their phobias and would welcome the opportunity to share their concerns," she said. Inquiries about joining the groups may be made directly to Mrs. Finkel who can be reached

by telephoning 931-7110. Fees will be based on a sliding scale according to ability to pay.

"Phobias are generally ashamed of their deeply-felt fears and keep them well hidden," declared Dr. Julius Marcus, psychiatrist at the JCSLI Hicksville office who will lead the groups. "They are reluctant to give up their phobia because it is protecting them from an imaginary danger too terrifying to contemplate. It helps them create a defense against a painful conflict they must avoid."

Many phobias are built around cars with unreasonable fears developing that prevent people from driving or driving without someone else with them. There are commonly held phobias about driving on parkways or bridges or through tunnels. The list of phobic behavior also includes a fear of looking from high places, being in a crowd, being alone, leaving the house, crossing the street, collapsing in a public place, being in a store, taking test, riding in an elevator or on an escalator, dirt, germs, animals, and the fear of dying. There are social phobias as well that do not allow people to speak in public, eat in public, or use public lavatories.

A person who has an inner conflict he cannot deal with will often find some outside situation to place his fear on and in this way creates a phobia. Dr. Marcus illustrated with the case of a man who is intensely dissatisfied with his job but needs the income and fears he won't find employment elsewhere. "He feels caged into that situation," Dr. Marcus continued, "and so when he goes to the movies he must sit in an aisle seat at the rear of the theatre in order to escape from that cage when he has to."

Phobic behavior becomes a handicap that places a restriction upon the individual and affects other family members. "The family feels compelled to cater to it and it becomes a burden everyone must share," Dr. Marcus stated. He also pointed out that many phobics rely on tranquilizers or alcohol to remove some of the physical sensations such as trembling, dizziness, palpitations, nausea or sweating that frequently accompany their fears. "This only compounds the problem," he said, "and makes treatment more prolonged and complicated."

A group setting is particularly suitable to phobics, Dr. Marcus added. "There is some relief that comes from seeing others with the same kinds of fears and some comfort in being able to exchange experiences and discuss the protective measures each one has taken to hide their phobias."

Hicksville Baseball Association

By Donna Rehman

Hicksville Baseball Association opened this past Saturday. The weather was poor but the spirits bright and high. After a small ceremony, the games and fun began. The bats were hot and the fielding fine. There were several home runs hit and the excitement overwhelming. Sportsmanship was exhibited by all.

A special thanks to Bob Antonetti for his great buy on new uniforms - all looked terrific!

Corky Comes Alive

A CORKING GOOD SHOW - Jim Corbett of Uniondale puts on a show at the Uniondale Public Library, assisted by his buddy, "Corky." The ventriloquist has been performing throughout Long Island - but Corky gets all the punch lines.

Jim Corbett is no dummy. Just ask "Corky," Corbett's 12-pound nemesis, alter ego, sidekick and co-star.

Headlining the entertaining ventriloquism team of "Jim and Corky," Corbett, a Uniondale resident, has started tickling funny bones while parlaying his way into the collective hearts of young and old Long Island audiences alike.

A magician and veteran performer, Corbett took up the unusual avocation 18 months ago as a lark. After several hundred hours of researching, writing, practicing routines and sharpening his powers of ventriloquism, Corbett and Corky have launched what looks like a promising stage and nightclub career.

As Corbett is quick to point out, mastering the art of "throwing" your voice and performing successfully before a live audience is no easy task.

Before he started performing in public, Corbett, an automotive supplies coordinator with New York Telephone, completed a detailed eight-month home study course in ventriloquism. Out of a possible perfect score of 100, the six-year phone veteran received a 98.2 on his ventriloquism "final exam." Now a smooth-talking ventriloquist in good standing, Corbett belongs to the 5,000 members North American Association of Ventriloquists.

Why does Corbett spend a good many of his waking hours with a dummy?

"I love performing in front of a live audience, and I love to see people laugh—it's as simple as that," he says.

As for mastering the time-honored slight-of-tongue art, Corbett notes that with the ex-

ception of the letters "G," "F," "M," "P," "W," and "V," it's possible to pronounce every letter of the alphabet without moving your lips.

"The key to expert ventriloquism is mastering the pronunciation of those six letters with as little lip movement as possible—and accomplishing that takes practice, practice, and more practice." In his never-ending quest for vocal perfection, Corbett will spend upwards of two hours each day memorizing routines and practicing diction techniques in front of a mirror.

In the past, Corbett and Corky have performed for several local community service groups and at house parties throughout the Nassau-Suffolk area. Corbett has also appeared at "The White House," an improvisational night club in Massapequa.

To help focus attention on National Reading Week (April 13-17), the talkative twosome performed before an audience of some 100 youngsters last month at the Uniondale Public Library.

Despite the varying age groups of his many audiences, Corbett notes that his performing strategy is always the same: "Keep 'em laughing." As with most ventriloquism comedy acts, Corbett plays the "straight man," with Corky delivering punch lines to jokes as the focal point of the performance.

"Whenever I'm performing, I want my audience to believe that Corky is as alive as I am," Corbett says. "Making him the center of attention is part of the challenge of being a ventriloquist. Even though Corky is getting the laughs and attention, I know it's really all for me."

PTA Council News

The Hicksville Council of PTA Units held its monthly meeting on April 23rd at the Lee Avenue School. At its March meeting, the Legislative Committee of Council had introduced a proposed resolution dealing with changes in the Taylor Law. This was sent to the individual PTA units for a vote, and at the April 23rd meeting the vote was announced. The proposed resolution had passed by an 8-2 majority. Following is additional information concerning the proposed resolution: It was drawn up by the Council Legislative Committee in an effort to avert community tension and polarization during contract negotiations and with the hope of averting possible strike situations. Citing defects in the Taylor Law, the committee proposed that binding arbitration be enforced in a deadlocked situation after the submission of fact-finding. It also proposed that State mandated salary penalties be collected by the state general treasury instead of the local school boards in the event of strike by school employees. This was proposed to help insure that school boards bargain in good faith.

With passage of the proposed resolution, Council will now try to

Nassau Bowmen Opens Hicksville Range

At 9:30 AM, on Saturday, May 3rd, the Nassau Bowmen will commence operations at the new archery range on Barclay Street in Hicksville with a Junior Olympic Archery Development Program.

Although the formal opening ceremonies will take place later when the facility is closer to completion, the club feels that the instructional program provided for children is needed before the summer season.

The Junior Olympic Archery Apprentice Machinery Technician Jimmy E. Smith, son of Vincent F. and Lresolotte Smith of Arbor Lane, in HICKSVILLE, was graduated from Machinery Technician School.

A 1979 graduate of Hicksville High School, he joined the Coast Guard in August 1979.

Development Program is sanctioned by the National Archery Association and is run by archers with great experience in major archery events such as the State Championships. The leading professional archer of New York State, Al Lizzio, whose services as a coach are in great demand through the metropolitan area, will also be helping the children.

The Nassau Bowmen, Inc. is a not-for-profit organization which serves the needs of the archers of Nassau County. Among its services to the community are the direction of the major archery tournaments for Nassau County, the staging of an annual "TWAC Benefit" Tournament to raise money for scholarships for young people to attend the annual encampment of the leading U.S. archers and archery educators.
