### High School Fire Routs Audience

A short circuit in an electrical panel back stage at the Hicksville H.S. auditorium routed over 100 people attending a play. The smoky fire tripped automatic smoke detectors and the Hicksville fire alarm. Hicksville Vamps under Chief Richard Kershaw responded. The fire was quickly controlled and extinguished. There was, however, some anxious moments, when people trying to exit the auditorium, were blocked by locked exit doors. Many complaints were received by Fire Department officials. An inspection on May 10th, found the exit doors unlocked during the play, but some doors were inoperative. Hicksville Fire Chiefs stated they will conduct an investigation.

Hicksville Vamps have been

plugged with fires and false alarms at both Junior and Senior High Schools. There were 19 false alarms during 1977, 13 in 1978, 16 in 1979 and 6 to date this year at the Junior High for a total of 54. The Senior High had 11 false alarms in 1977, 17 in 1978, 15 in 1979 and 2 to date in 1980 for a total of 45. The cost to taxpayers, firefighters who use their own gas to respond, and the risk to students and responding firefighters is overwhelming. Vamp officials will investigate this problem, too.

**By Linda Strongin**  
After an almost seventy-five minute executive session, the Hicksville Board of Education voted to accept a recommendation from Superintendent Dr. Wilber Hawkins approving May 30 as a school holiday for students and employees. Secretary Bill Bennett voted no.

The Board at a previous meeting had changed the Memorial Day holiday from May 30 to May 26 as required by State law and directive from Albany.

Earlier in the meeting a similar motion was made by President Dan Arena to accept the Superintendent's recommendation. The motion was seconded by Mr. Nagle. However, after discussion on the matter among Board members and also dialogue with Hicksville Congress of Teachers President Bob Zaleski, a motion to table was made by Trustee Neil McCormack and seconded by Mr. Bennett, which carried with Trustee Virginia Germer, Vice President John Ayres and Mr. Arena voting no.

The HCT contract states that "school shall not be in session on May 30," which was mutually designated as the Memorial Day holiday for the school calendar.

During the discussion Mr. Bennett expressed his concern

that the HCT was looking into the "contract stipulation. Giving May 30 is unethical and not honest." He appealed to the presidents of all negotiating units to take this into consideration.

Mr. McCormack questioned whether BOCES would be open and if so, recommended that provision be made to have the 500 BOCES students attend by sending them a flyer, with the district also arranging for transportation. Mr. Arena replied "You make difficult problems impossible."

Dr. Hawkins explained the attendance procedure, stating that BOCES students are "controlled by us." School Board attorney Joseph Campanella explained that "BOCES" will be open to schools who are open. Our students won't be there (if the recommendation is adopted)."

Dr. David Weeks, Director of Pupil Personnel Services, added that a "regular attendance report" is received from BOCES; there were "no plans for a make-up"; and the BOCES calendar was "identical to Hicksville except for this date (May 30)."

Trustee Tom Nagle addressed his statements to Mr. Zaleski, questioning why this problem had not been discussed prior to the Board's vote on April 16. He reminded the HCT that the "Board has kept in accordance with no cuts the special teaching area." He suggested the Board go into "expediting arbitration" on the matter.

Mr. Zaleski answered that he would take the suggestion of "expediting arbitration" under advisement.

It was at this point that Mr. Ayres suggested another Board member make a motion to have

"expedited arbitration." He pointed out that only one Board member had suggested it, not the entire Board. Mrs. Germer concurred.

Various suggestions were given and statements made with the end result being Mr. Arena's directive of "no further discussion on the matter since it has been tabled."

Later, after the information and action sections of the agenda had been presented, Mr. Zaleski suggested, after polling members of the HCT executive committee that "if the Board were to adopt a motion to accelerate arbitration, I would bring it to our executive board. I suggest that you bring the tabling motion up again."

It was at this time the Board went into executive session, and on returning voted to bring the motion back to the table and then voted 6-1 for its adoption. The motion was made by Trustee Pete Fujimoto and seconded by Mr. Nagle.

In other action, the Board voted to abolish a school nurse-teacher position and create a RN position. This action brings an SN-T at a parochial school to the public school, to replace an SN-T at the elementary level who has retired and replaces parochial school SN-T with an RN. This action is keeping within the contract which states that Board has the "option to hire an RN" when an SN-T has retired or otherwise.

Although Director of Personnel Ron Friedman had submitted three alternate proposals to the question, the administrative recommendation was to resubmit the original recommendation made on April 28, which was tabled. The recommendation was

## "HR5200 Endangers Local Zoning", Colby

Having a Washington bureaucrat recommend a social experiment to some regional planning bureaucrat who maintains his job by advocating more social experimentation and having it die of its own weight because, thankfully, many of these experiments can be terminated at the local government level, is a routine that has grown quite common.

The people have been protected because the authority has remained in the hands of local officials elected by the people. BUT, now the Washington bureaucrat doesn't like having his experimentation stopped, and President Carter is looking to help the bureaucrat override the local elected official.

That is the basic strategy behind a bill known as H.R. 5200.

The intent of this bill is not questionable nor ambiguous. The purpose of the bill is to allow the Federal bureaucrat to intervene in local zoning decisions. The method of intervention will be simple. The agency, that dreams up an experiment requiring certain types of zoning, will have its own court and judge - separate and distinct from the existing public court system - which

will look at local zoning decisions on the complaint of that agency to determine if the local zoning decision is "discriminatory."

H.R. 5200 will not only give HUD (Department of Housing and Urban Development) the power to bring court action against local zoning with which it disagrees, but H.R. 5200 will give HUD its own court and its own judge, operating under its own rules, to make the decision as to whether HUD is right in deciding that local zoning is "discriminatory."

H.R. 5200 is a very serious threat to local government because H.R. 5200 has a very good chance of being approved before the end of this month. It has a good chance of being approved by the House, as it was already approved by the Judiciary Committee, because it is what is commonly referred to as an administration bill - one that has the direct input from and support of the Carter administration.

The bill would legally authorize HUD to set its own zoning standards and its own regulations on which local zoning can be questioned, and then set up its own court to resolve those questions.

## To Mark May 26 Memorial Day

In keeping with New York State's return to observing Memorial Day on the last Monday in May, all Oyster Bay Town offices will be closed on Monday, May 26th, and the regular sanitation collection schedule will be interrupted to mark the holiday.

"Those residents normally re-

ceiving sanitation pickup on Monday will have collection on Tuesday, May 27th, while Tuesday customers will receive pickup on Wednesday, May 28th," Town Councilman Joseph J. Saladino explained. "Sanitation collection will return to its regular schedule on Thursday, May 29th."

# Colby Blasts Oyster Bay-Rye Bridge Plans

"The let's pretend-to-build-bridge game being played by Assembly leaders is like Nero fiddling while Rome burns," said Oyster Bay Town Supervisor Joseph Colby in condemning the political chicanery that saw a defeated bill brought back to life through arm-twisting.

The bill, calling for construction of an Oyster Bay to Rye bridge was considered killed in Committee last week, Colby explained, "but, now, through back-room manipulations and arm-twisting by the Democrat majority leaders of the Assembly, the dead bill was revived and sent to the Ways and Means Committee where the majority is again expected to force it out for a vote."

Labeling these actions "absurd and calculated to deceive", Colby accused the Democrat leaders of "spinning their wheels on matters that they, thankfully, can't change, rather than tackling the very real economic woes of this State."

"While homeowners are threatened with the loss of their

homes because of the State's failure to block court-ordered reassessment, while school districts are begging for funds to provide a decent education for our children, Democrats in the Assembly attempt to resurrect a dead bridge. This let's-pretend-to-build-a-bridge game being played by Assembly leaders is like Nero fiddling while Rome burns."

According to Colby, the possibility of such a bridge being built is almost non-existent. "When the Town Board of Oyster Bay decided the north shore wetlands to the U.S. Department of Interior for preservation purposes, that action spelled the death of that destructive bridge. Even the late Governor Rockefeller recognized that there was no way of keeping his pet project alive," Colby said.

After the wetlands had been decided to the Interior Department for preservation purposes, the regularly vetoed bill of State Senator Ralph J. Marino and Assemblyman Joseph Reilly to

kill State plans for such a bridge was signed into law by the reluctant Governor.

"Now, in order to overcome that action, the Assembly Democrats would have to overcome the same roadblocks that the first attempt to build this bridge faced," Colby assured. "The opposition from this Town and its people hasn't decreased. The environmental damage of such a project is probably even a greater priority for blocking the structure. The fact that it was the wrong location and was not helpful to Long Island the first time it was proposed, has become even more obvious now."

Colby has written to Senators and Assemblymen from Oyster Bay reaffirming the unanimous Town Board opposition to such a structure and to the game being played by the Assembly leaders. In addressing the Assemblymen, Colby expressed the belief that the Senate would never approve such legislation "but it would be wrong if even one house of the State Legislature gave sanction to this proposal."

## Discrimination Against The Elderly

In recognition of Senior Citizens Day, (May 6th), in New York State, the State Senate has passed a bill introduced by Senator Ralph J. Marino (R-Syosset) that will prevent discrimination against the elderly in rental housing.

"Current law prohibits such discrimination based on race, creed, color, national origin, sex, disability or marital status. Senior citizens are entitled to the same rights and protection as anyone else," Marino said.

The measure to protect the

elderly was prompted when Mr. and Mrs. Herman Reymann, an elderly Long Island couple, were denied an apartment rental in Glen Head because of their age. More than 300 concerned residents filed petitions with Marino, who pledged to sponsor a bill ending housing discrimination based on age.

Currently the law bars age discrimination in publicly funded housing and in the rental of or sale of commercial property. The bill introduced by Marino will apply to buildings containing two

or more apartments in which the owner does not reside.

## How long can you run all these appliances on a dollar's worth of electricity?

**2 hours?  
10 hours?  
All day?**

If you answered all day, you're right, because a dollar's worth of electricity will run your refrigerator, color TV, and a 100-watt light bulb, all together for a full 24 hours and still give you back change.

Our point is not to try to prove that electricity is cheap today - it isn't, and neither is anything else. But, when you and your family take a close look at what you get for your money, compared with other consumer items, it's easy to see that electricity is still a good buy.

When used wisely, electricity helps improve the way your family lives. By your using electricity efficiently, and LILCO doing everything it can to keep costs down - electricity can continue to be one of the more reasonable items in the family budget.

## Dear Friends

Whether it is candidates running for seats on the Board of Education, or alternative suggestions as to how downtown Hicksville may best be redeveloped, our purpose is to bring you as much factual information as is possible within our available space, so that you can make up your mind as to the best candidates, or the best solutions in any given local problem. We try very hard to give you as much as is available, for you to do this. Several of this week's "Letter's To The Editor" whose length made their appearance doubtful, had to be cut, so that you could have the benefit of the opinions of the writers. In each case we eliminated only what was not completely relevant to the letter, while leaving in as much as possible of factual material about the subject of each letter. In that way, the "meat" of the message is available for your consideration.

If you feel that you need more information on any local subject we are covering we would suggest phoning the candidate, or, in the case of "downtown" Hicksville development, your Town Councilman Thomas Clark or our local Chamber of Commerce, for further information. We are sure they will be happy to discuss the matter further with you.

**A REMINDER** ... please check our weekly Calendar of Events, there is much that you won't want to miss, particularly a PTA-sponsored Candidates Forum, on Thurs., May 22 which should be of much help to you in your choice in the coming school board elections.

Also, on Tuesday, May 20 at 10 a.m. in the Hearing Room, Town Hall, East Building in Oyster Bay, a hearing on the possible acquiring of certain properties (see map on pages 10 and 11) for commuter parking in downtown Hicksville, will be held. The legal notice ran for two weeks, and we discussed it with you in this column last week. These are important matters.

**THINGS THAT SADDEN ONE** ... the possible closing of the Hicksville Gregory Museum next month, unless we can come up with a plan to keep this fine addition to Hicksville open. More on this next week and the week after, etc. ...

**A BIG THANK YOU** ... to the nice lady who took the time to write and thank us for our articles "At The Town Board Meeting." Soon now our Town Board will only be meeting twice a month, but we hope to be able to bring you our notes on what has been accomplished there, as in the past.

I'd also like to thank all of those who helped put the "Alternate Suggestions on Downtown Hicksville" pages together...this includes TOB Councilman Clark, Photographer Bob Schmeelke, and, from the Hicksville Chamber of Commerce Hicksville's own, Sieg Widder and an anonymous map maker. Many thanks, to all.

As you all probably know, at this point President Carter's attempt to impose a 10-cent a gallon fee on gasoline, has been rejected by a federal judge, and is presently in the courts on appeal.

This gives everyone of us the opportunity to write both to our United States Senator and Congressman, letting them know that we are opposed to this "rip-off."

Both the Senate and the House is presently being lobbied by representatives of the President, in an all-out effort to prevent them over-riding this fee.

Both august bodies have the authority to over-ride any presidential veto which may come about if they oppose the president's plan, if they have enough votes. Therefore, a letter to your senator and congressman at this time could be most effective. Let him know how important this is to you!

A nice lady, Mrs. Julia Devlin, who has resided on Woodbury Road in Hicksville for the past 54 years, phoned to ask us to thank all her friends and neighbors who sent hundreds of cards while she was in Central General Hospital recently. Mrs. Devlin, who is a farmer's daughter, says she is much better, but still not well enough to get out in her garden ... however, we're sure that soon, she'll even be able to do that, on a limited basis. A speedy and complete recovery, Mrs. Devlin.

## Letters To The Editor

To the Editor:

As one of the founders of M.A.S.T. (Mature Adults for Strand Three), I must correct any misunderstanding concerning M.A.S.T. and the School Board election. M.A.S.T. is not a political organization and as such is not involved in backing, supporting, or "putting up" any candidate of the School Board.

I personally wish those "concerned members of C.A.S.T." would stop only being concerned about sex (Sex Education is such a minor part of the total educational picture) and get down to more vital issues which affect our district and the whole educational system which we wish to provide for the children in this community.

Karen R. Garbus,  
Hicksville

To the Editor:

I found Ms. P. Hundermark's letter to this editor on May, rather puzzling. On the one hand she mentions that MAST is sponsoring a candidate without mentioning that person and on the other hand urges support of my opponent, Carole Wolf. Since I am not being backed or supported by MAST or any other group whose function is so narrowly and singularly-based, I would ask Ms. Hundermark to clarify her statement.

Sincerely,  
Charlene Anci

To the Editor:

Charlene Anci has children attending the Hicksville Public Schools. She is herself a product of our schools and is committed to giving her children an education at least comparable to the one she received. Her opponent, although a parent of six children doesn't send her children to the public schools. It is inconceivable to us that her commitment could be as great as someone who has a vested interest ... her children.

Furthermore, Charlene Anci has demonstrated her interest in educational activities. She is President of SEPTA, member of the NY Society For Gifted and Talented, member of the Hicksville High School PTA, member of the Hicksville Council of PTAs and an active school board meeting attendee.

She has shown her interest in education by the questions she asks of the Superintendent, Administration and the School Board. She has raised issues of conscience with regard to special education.

Her parents live in Hicksville and she has spoken out for the needs of Senior Citizens and budgets that don't choke an already burdened group.

Although she registered her protest against the Strand III Curriculum originally adopted by the Board, she welcomes a Health Curriculum for Hicksville that meets state mandates and is sensitive to the community with regard to sex education.

When the Town of Oyster Bay proposed the addition of a fee structure for community groups to use the town parks and fields, she recognized the hardship this would pose to volunteer groups, so Charlene Anci added her voice to those who opposed this.

She has prodded Administration to address the question of adding a Gifted and Talented Program in our district so that we comply with the state mandate to educate all children to their highest potential.

Mrs. Anci's opponent ran for the Board in 1975 and was defeated. She was not to be seen at Board meetings again until her recent announcement. Interestingly enough, her letter in last week's paper was the same issue she addressed in 1975, the

elimination of the Junior High. She proposed that the elementary schools house grades K-8. We can only point out that if she was at all active educationally she would have known that the Long Range Planning Committee addressed that issue three years ago and rejected it because it was fiscally and educationally unsound.

In summary we believe that Hicksville needs an objective, dedicated person to serve on the School Board. We believe Charlene Anci's candidacy is a natural extension of her lifelong commitment to Hicksville. Her comment in last week's paper that, "excellent schools translate into higher real estate values," tells us that she is a financially astute person who has made quality education for her children and the community one of her goals. These are traits worthy of support by the entire community.

Arlene & Ken Rudin

To the Editor:

A candidate for a position on the Board of Education should not be running with preconceived ideas or solutions unless they have all the facts available to them. A candidate would be doing a disservice to the children, parents and taxpayers of Hicksville if they didn't review the recommendations of the Administration and/or research to the best of their abilities, and issues that are brought to the attention of the Board for action.

Conversations with Charlene Anci have convinced me that she has given her candidacy much thought. She is willing to continue her personal commitment to provide an education appropriate to the needs of each student. Above all, Charlene Anci is willing to assume the position of trustee with an open mind. She has indicated to me that she will investigate all the facts prior to casting her vote on issues that will effect the safety, education and well-being of present and future Hicksville students.

It is my hope that all of the candidates are approaching this election with open minds. I am looking forward to the "Meet the Candidates" Night sponsored by the PTAs on May 22, in the Hicksville High School. I encourage all concerned students, parents and taxpayers to attend this forum. I also ask that all eligible voters vote for the proposed school budget and the candidate they feel will represent them best as a Trustee on the Board of Education.

Pierre Fujimoto,  
Hicksville

To the Editor:

This is a critical year, and the seat on the School Board occupied by Pierre Fujimoto is open. The most important criteria for a good school board member is the proven ability to represent all segments of the community. This is particularly crucial during times of spiraling inflation; when good education must be balanced with fiscal sanity.

I urge you to vote for CHARLENE ANCI, as she will represent each and every resident of the community, from the kindergarten student to the senior citizen. She is a child advocate, and in addition has the ability to be completely objective. Her business background gives her the credentials to be able to analyze and question the budget, which is certainly large enough to be categorized as big business. As a parent of three children, whose educational needs span the gamut of services offered in Hicksville, she can recognize the necessity for balance in preparation of the

educational offerings in the district.

A good candidate, and therefore a good board member is the well-rounded person, who is not a one or two issue candidate, because the narrow individual has not been concerned with the entire operation. I do believe that CHARLENE ANCI is that well-rounded candidate who can serve the entire community without fear or favor, and serve to be both objective and a vote of conscience on the School Board.

Sincerely,  
Iris Wolfson

To the Editor:

A note for Mr. Arena to be re-elected to the School Board for another term is in essence approval of his exemplary record as a board member.

For example:

1. He has voted on every issue -- never abstaining.  
2. Mr. Arena was the force in hiring the new superintendent of schools, the administrative cabinet, and the adoption of job descriptions for all positions.

3. Mr. Arena has served the district well for six years -- is very knowledgeable in accounting practices and is positive that the district receives a dollar's worth for every dollar spent.

4. Mr. Arena is a true leader. He has been an officer of the board in the past and is this year's president. He has shown the highest quality of leadership, a great understanding for all problems, and has tempered all the solutions with fairness.

In conclusion, we need a person of Mr. Arena's caliber on the School Board. Please vote for the budget and re-elect Mr. Arena on May 28, 1980.

Tom Nagle,  
Hicksville

Dear Sir:

The residents of Hicksville will be very fortunate if Carole Wolf is elected to the Hicksville School Board on May 28. I have known Carole for more than twenty years and have always been amazed by her enthusiasm, energy, and intelligence. She has served our community in many capacities and the experience she has thus gained should definitely be an asset as a member of the Hicksville School Board.

Very truly yours,  
Jean Ryan,  
Brittle Lane,  
Hicksville

Dear Editor:

Since a school board member represents the whole community in making decisions concerning the local school district, I feel that the single most important attribute for a school board candidate is a broad based interest in the total community.

I believe Carole Wolf, one of the candidates for the Hicksville School Board, demonstrates such wide breadth of community interest and I encourage district voters to elect her.

Carole is a member of the Community Council (a Past President), Friends of the Library (present Treasurer), and on the Executive Board of Help Aid Direction (HAD) just to mention a few. She has demonstrated the energy to do the job and has the community experience which I feel is needed on the Hicksville School Board. In addition Carole's soon to be completed college degree in the area of accounting is another plus for her.

In their first game of the season, Jamaica Ash romped all over P.B.C. (21) by a score of 31-0.

John Fioretti and Robert Kruger combined to pitch a no-hit, no run, ball game. The team had a good day at the plate with Dom Martello, who hit a homerun and 2 triples, James Wallace, hit a homerun and a single. Also having a good day at the plate were John Fioretti, Andy Manganello, Brian Mirsky, Robert Kruger, John Seitz, James McBrier and Tom Morgan. A great play at shortstop by Dom Martello helped save the no-hitter.

Jamaica Ash won its second game of the season by defeating Robert Chevrolet 6-2. A good team effort in the field and good pitching by John Fioretti and Dom Martello helped lead Jamaica Ash to a victory.

Hamburg Savings Bank won its 1st game of the season by defeating P.B.C. (1) by a score of

17-3. Marcelo Kapcow, Kirk Alfaro and Vincent Páñez led the team in hitting. Good pitching performances by Ken Eckerle and Patsy Muscarella led the team to a victory.

Good pitching performances by Dean Lagattuta, Mike Kenny, Kirk Alfaro and Tim Darosta led Hamburg Savings Bank to a 28-3 victory over P.B.C. (2). Collecting the hits for Hamburg were John Maiorino, Ron Caputo, Brian Otten, and Kirk Alfaro.

Goldman Brothers won its first two games of the season by beating Marder Shell 14-1 and Robert Chevrolet 8-4. Mike Hogan and Erik Rausch turned in fine pitching performances both games.

Good hitting by Erik Rausch, Tom Goetteimann, David Winter, Ron Fleming, Rich Hogan, Henry Schaffer, Mike Rooney, and Tony Rappa.

half, HBC managed to score, bringing the final score to 1-1.

## **Hicksville Rowdies**

Coach Reardon's Rowdies maintained their first place position and extended their winning record to 5 and 1 this past Sunday by defeating Cow Harbor 5-0.

The first goal was scored by Martin Cowan, followed by two from Cliff Heller and 2 from Tommy Himmel.

Assists on goal were awarded to Tony Conigliaro, Cliff Heller, and Todd Roth.

The flow of the game was rarely down on the defensive end. When it was, Greg Skupinsky, Jim Reardon, Steve Olive and Kevin Hamel, in goal, would shut it down.

The mid-field was the highlight in this game with strong performances by Dan Middleman, Sean Smith, and Philip Green-span. Without doubt Wayne Blatz's exceptional performance in the center of the field was a key to this victory. When the ball was there, so was Wayne.

Congratulations Rowdies!

## **TWENTY FOUR**

The under 15 Yankees have already played 11 games this season, won them all and have kept their streak of 24 consecutive games without a defeat alive with two more victories this week-end. The first was a tough 1-0 win over a Division II Huntington in the L.I. Cup and the second was a League game against East Meadow. These two wins were the start of an extremely heavy schedule (5 important games in seven days) and they certainly got off to a good start.

The 1st game was an exciting one, as the Huntington boys wanted the game badly and Hicksville might have been a little complacent thinking they would have no trouble with a 2nd Division team, having knocked off Huntington's 'A' team last week by a 4-1 tally. The lone score came in the 1st half. Adrian Pepi sent a beautiful corner kick right across the goalmouth where it was kicked around in a crowd a few times before Steve Dolan found an opening & slammed it home. Billy Cresham tipped one in later in the game but it was called offside.

Early Sunday morning, the boys travelled to East Meadow for another important game. After 4 games, East Meadow was the highest scoring team in the League with 17 goals - more than 4 per game. Hicksville knew this and was quite concerned. For the second week in a row, the boys broke their 'early morning' jinx and played great soccer - building a 4-0 lead in the first half. Dave Smyth had the hat trick and Adrian Pepi had a goal and two assists. Before the game, the boys decided to dedicate the game to Mrs. Pepi who's recuperating from an accident and Adrian's efforts were a great Mother's Day present to his mom. The final score was 4-0. In 11 games this season, the Yankees have scored 38 goals and yielded only 7 while posting 5 shutouts. All winning streaks end eventually but the boys are determined to make it last as long as possible. Next Saturday, they play their toughest opponent yet when they meet a 16 year old Massapequa team in the semi-finals of the Regional Cup. The boys entered the Cup primarily to gain experience for next year. They've gotten quite a bit already and are in for a great deal more next week. Steve Thompson has missed the last 3 games due to illness and the boys wish him a speedy recovery.

## Young People's Art Show

The second Hicksville Public Library's Young People's Art Show will be held from May 11 to May 22 in the library Community Room.

This event is co-sponsored by the Town of Oyster Bay CAPA Division, the Friends of the Hicksville Library and the Independent Art Society.

The show is open to all who are 12 to 18 years of age. Only recent original work (no copies of kits will be accepted). Standing sculpture, not to exceed 75 pounds can be entered. All pictures must be properly framed and securely wired for hanging. Oils, acrylics, watercolors, pastels, mixed media, graphics are all acceptable as entries. The judging will be professional, and their decisions will be final.

Sunday, May 18 at 2:00 P.M. the Friends of the Library will host a reception where the awards will be presented and refreshments served to the artists and their guests.

For further information call the Hicksville Public Library at WE 1-1417.

## Alumni Assoc. Resolution

Resolved that the Board of Directors of the Hicksville High School Alumni Association convey its regrets to the family of the Honorable Julius Schwartz on the passing of an original incorporator and its distinguished legal counsel for more than two decades.

Be further resolved that his name be added to the Honorary Membership roles and carried for the life of the organization.

The action is taken in regard for Judge Schwartz's many years of devotion to the Civic, Humanitarian and Philanthropic interests to the Community of Hicksville.

It is further resolved that his demonstrated concern for the students and friends of Hicksville High School will always be remembered with respect, admiration, love and affection.

By the Board of Directors  
this 12th day  
of May 1980

NOTE: The Hicksville Minutemen (Boys U19) captured the SNYSYS STATE CHAMPIONSHIP on 4 May.

Hicksville Challengers - 1970 Boys - in Semi-Finals of the New York State Cup.  
The Challengers, coached by Lenore and Joe Perry, have put it all together in the N.Y. State Cup by displaying aggressive offensive and defensive playing, as well as a great deal of team work.

They have beaten four tough opponents so far, scoring 19 goals, and giving up only 3.  
The fullback line of Jimmy Ori, Craig Schultz and Jimmy Schneider, provides the coolness and heads-up play that has kept the Challengers in many a game. Goalkeeper Bobby Laine always seems to be in the right

position, and his ability to clear the ball has started off many offensive attacks.

The midfielders Neil McKenna, Matt Conroy, Kevin Taylor and Gregg Pressman, have broken up numerous opponents attacks while assisting on many scoring plays as well.

The frontline consisting of Mike Brigandi, Bobby Karlewicz, Gabe Perry, Glen Rose, and Jean Claude Balek, always aggressive and alert, provided the frontal attack.

We are all proud of these young boys, whose courage and determination led to the Semi-Finals, and we wish them good luck in their game against

Garden City this Saturday.

Wyoming-3  
Hawaii displayed excellent skills in their victory over Wyoming this past weekend. Hawaii's offensive line led by M.V.P. ## A Statement From TOB Councilman Thomas Clark

For some thirteen years, the heart of Hicksville has beat very slowly. For the past three years, I have met with Town, County, and State representatives and agencies. I have met with property owners, and business owners, in an effort to co-ordinate a carefully planned, efficient, practical, and successful development of Hicksville.

With escalating gasoline prices, the railroad has become a less costly means of commuting to the city, than driving. Since Hicksville station has one of the best train schedules, we have seen a great influx of autos parking on any available piece of land. As a result, another curve ball has been added to the ingredients of trying to develop Hicksville.

Lot size and parking are the major factors in revitalizing the G 1 area (Broadway).

In order to develop or increase lot size thus providing customer parking and at the same time remove the commuter auto, I have proposed the following to the Town Board:

1. Provide commuter parking on the north side of the railroad station between West John Street

and the railroad.

2. Develop a through street, by connecting East Barclay Street to West Barclay Street, thus providing clear, straight access to the proposed new parking area.

3. Immediate parking will be on ground. I have inquired about the availability of Federal, State and County, or M.T.A. funds to build a parking garage, because we are talking about a \$10 million dollar project.

Once the commuter cars are removed from downtown Hicksville, development of the G 1 business zone can then proceed in an orderly fashion.

The office building pictured on page one is a six story structure with one level of below ground parking, ground level parking, and one level of above ground parking. This will accommodate some 950+ parking spaces. The top three floors are entirely office space.

This building is to be located on the northwest corner of Duffy Avenue and Newbridge Road on the southside of the railroad station. This office building will be the first solid step in broadening our tax base, thereby helping to keep the lid on the home owner's

real estate taxes.

Of course, this will add to the present traffic congestion at Duffy Avenue and Newbridge Road, and so, my next proposal is to widen and extend Duffy Avenue straight through to Broadway. (See Map)

The rough drawing of Downtown Hicksville shows the present parking on the north side of the railroad with available space for the proposed parking area that will be accessible from Newbridge Road or Broadway via Barclay Street. It also shows parking on the south side of the railroad (our present parking garage) accessible from Newbridge Road or Broadway via Duffy Avenue. With this design in mind, Herzog Place could be sold, and placed on the tax rolls along with Nelson Avenue from Jerusalem Avenue to West Nicholas Street.

The larger the plot size, the greater the chance for developing strong real estate with a good tax base.

Presently, the railroad station commuter parking is our greatest problem. The cost of gasoline keeps rising and forcing more and more commuters (approximately 7,000 per day) to invade our hamlet.

In my opinion, the plans I have presented in this article can best solve this problem. Then we open up two (2) new roads, sell off a few old narrow roads providing a more efficient network of roads for our use, 7 days a week, 24 hours a day. The sale of some narrow old roads will then put more land on the tax rolls with a better chance for development. This will further help all of us to hold the line on taxes.

The Broadway section is presently under consideration, by the Town Board, to be developed for retail stores on the ground floor, office space on the second floor, and parking in the rear.

## A Statement From The Hicksville Chamber Of Commerce

The Hicksville Chamber of Commerce is not against parking.

The Chamber recognizes the need for parking for both shoppers and commuters.

What the Chamber objects to, is the proposed acquisition of tax-producing real estate in Hicksville for parking purposes, and removing it from the tax rolls, because there are alternatives.

The possible alternatives are to use the existing Town-owned parking facilities for greater parking capacity.

The Chamber has recommended that the parking area in the "Y" of the railroad, to the east of the station, be converted to a multi-level parking garage. This would accommodate many more commuters approaching Hicksville from the east. The Chamber also recommended reactivating the Landis R.R. Station, along with converting the former Town Dump at Robbins Lane and Miller Road to a commuter parking area. This would accommodate many commuters approaching Hicksville from the northwest via the Long Island Expressway. The Chamber also recommended that the commuter parking lot north of the Hicksville R.R. Station ticket office be converted to a multi-level parking garage.

Since making these recommendations to the Town Board,

the Chamber of Commerce has been looking at other parking areas in the vicinity of the station. For instance, the parking lot north of the railroad between Newbridge Rd. and Jerusalem Ave. could be built up above grade level. The parking lot east of Broadway, between East Barclay St. and the railroad (not marked on the sketched map) could also be built up.

All of these suggestions would provide additional commuter parking NORTH of the railroad without taking tax-producing land off the tax rolls.

Furthermore, the existing parking garage at Duffy Av. and Newbridge Rd. was designed with the possibility of adding two more levels to it.

The Chamber's concern about the loss of real estate tax revenue from the parcels listed in the Legal Notice, published on May 2, and to be discussed at the Public Hearing in Town Hall on May 20, is that the lost tax revenue would have to be made up by Hicksville taxpayers when they pay their

School District taxes. Any lost real estate tax revenue in the Hicksville School District area will be costly to the Hicksville taxpayer in future school tax years.

Some people have assumed that Hicksville parking meter revenue stays in Hicksville, and that whatever would be lost in tax revenue from taking tax-producing land off the tax rolls for parking purposes, might be made up by additional parking meter revenue. This is not the case. All parking meter revenue goes to one Town-wide Oyster Bay Parking District.

The Chamber of Commerce Officers, Board of Directors, and Members, have made these suggestions with the sincere belief that all the required parking spaces could be provided by building up on the existing Town-owned parking areas, and that acquiring these parcels of land, as indicated in the Legal Notice, for parking purposes, is not the "BEST USE" of this land.

## Plainview K. Of C. Track Meet

The Joseph F. Lamb Council, No. 5723, Knights of Columbus, Plainview, will hold their annual Track Meet on Sat. morning, May 17, at the Plainview Jr. High School field in Plainview.

This year's Track Meet will be held in memory, and dedicated to, one of the Lamb Council's departed brother Knights, Frank Stuyvesant.

Well over 600 contestants from various boy and girl teams, from schools in our area, will compete in the many different track and field events. Awards will be presented to the first, second, and third place winners in each event. The co-chairmen for the Track

Meet are: Mario Bignami, who is the Director for Youth Activity for the Council; and Past Grand Knight, Arthur Granata.

Brother Knights from the Lamb Council will be on hand to officiate and coordinate the various events. Information can be obtained by contacting Mario Bignami at 349-7876 or P.G.K. Arthur Granata at 939-6304.

A large crowd of well-wishers, parents and children are expected to be in attendance. Grand Knight of the Lamb Council, Joseph F. Ehlert, and all of his brother Knights, extend an open invitation to all interested to attend this meet.

Communion Supper

The track meet will be followed that same evening with a Communion Supper at the Joseph F. Lamb Hall, which is located at 1139 Old Country Rd., Plainview (on the south-east corner of Old Country Rd. and Manetto Hill Rd.) The brothers and members of their families will assemble in front of Our Lady of Mercy Church in Hicksville at 7:15 p.m. Mass will be at 7:30 p.m. This is also the night that the "Knight of the Year" will be selected from the brothers of the Lamb Council. Tickets to this affair will be \$2.50 per adult. The co-chairmen are Jim Peck, Jim Decker, and Jim Donohue.

## Cocktail Party For Charlene Anci

The friends of Charlene Anci invite you to join us at a cocktail party fund-raiser to be held on Wednesday, May 21 from 8:00 to 12:00 at the Jolly Swagman located at 100 West Nicholas Street, Hicksville.

Mrs. Anci is running for the Hicksville school Board seat being vacated by Pierre Fujimoto.

The Jolly Swagman will

provide live dance music and a hot buffet for the evening's entertainment. There will be a cash bar. Tickets, which are selling for \$5.00 can be purchased at the door or by contacting Joyce Steinger at 735-4267.

"We look forward to your joining us for this evening," said a spokesperson for this fundraiser.

## Winners Of Post Office Writing Contest

Hicksville Sectional Center Manager-Postmaster Anthony M. Murello wants to congratulate the winners of the Hicksville Post Office Letter Writing Contest held during the month of March. Students of the Post Office sponsored Ben Franklin Stamp Club were invited to write letters

to Postmaster Murello on "The Fun of Stamp Collecting." The contest was open to students from the schools in Hicksville and Plainview that have started stamp clubs.

The winner of the first prize is David Abramowitz, a fourth grader at Parkway School,

Plainview. He will receive a special Limited Edition Postal Stamp Album.

The runners up are Becky Carbone, 4th Grade, Trinity Lutheran School, Hicksville - Michael Bahrenburg, 4th Grade, Dutch Lane School, Hicksville - Matthew Schaefer, 5th Grade,

East St. School, Hicksville - and Bobby Cappiello, 4th Grade, Pasadena School, Plainview. Runners up will receive a stamp collecting kit and a copy of Stamps and Stories, a special stamp catalogue containing a wealth of information on United States Stamps.

Postmaster Murello wants to thank all those students who wrote him letters, and to remind them that the Hicksville Post Office is a Philatelic Center to help you with your collecting.

## Sweet Sounds of Music

It is once again "show-time" for Hicksville's favorite musical variety group, the famous Holy Family Players. Under the direction of Tom and Peggie O'Connor, this year's production, the 14th of it's kind, will include many choral numbers, several fine solos and, as always, specialty numbers that will most certainly leave you smiling.

"Sweet Sounds of Music" promises to be entertainment of professional quality and if you truly want to leave the theatre humming, be sure to mark your calendar so you won't miss the show dates: two consecutive Saturdays, May 31st and June 7th at 8:30 P.M. The place - Holy Family School Auditorium on Fordham Avenue in Hicksville.

Tickets will be available at the door - \$2.50 per person - senior

citizens pay half price. Be sure to support this hard-working and talented group of over 50 men and women who come from near and far, from all walks of life to do their thing. Much enjoyment and

friendship is shared while preparations are being made for each year's production. This dedicated group makes their own scenery and most of the costumes and props.

## St. Ignatius To Thank Sr. Loretta

The St. Ignatius School Board, faculty, and friends cordially invite all members of the community to a Mass of Appreciation and reception to thank Sister Loretta DeVoy for her service to

the school and parish and wish her success in her new undertaking, May 21, at 8:00 p.m. Reception immediately following in the new school cafeteria.

If this sounds like something you'd like to get involved with, join us in the Fall. We meet every Wednesday night at Holy Family and are always looking for people who love to sing. Along with the fun and excitement, we also provide some financial support to the Church, since all proceeds earned from ticket sales are

donated to Holy Family.

Other performances during the year include annual visits to several nursing homes and for the past several years, we've been doing a show at Leisure Village in Ridge, L.I. We'd love to see you all at our two shows in Hicksville. Try to come!!

# VACATION DAY (Continued from Page 1 Hicksville)

to abolish an SN-T position at the junior high and create a clerk-typist position. The junior high SN-T would then go to the elementary school where the retirement had taken place.

During the information section, Assistant Superintendent for Secondary Dr. Daniel Salmon presented a general outline of the secondary reorganization which includes the new positions approved by the Board of April 28. The reorganization recommendations were arrived at through a series of meetings with secondary administrative and supervisor staff as well as student government leaders at the senior high school.

Several positions have been redefined in the junior and senior high school, including assistant principals. The reorganization,

according to Dr. Salmon, is a "well designed management system with people being accountable."

Dr. Salmon assured Mr. Fujimoto that an evaluation system would be implemented and that an instrument would be developed to evaluate the staff.

During the public speaking session, resident Lou Alexander co-producer of the Light Opera Company, took exception to a \$238 bill received from the A-V students for services rendered during a performance of the Company at the senior high school in January. He stated that he was unaware that payment was to be made for rehearsal time also and suggested that a clearer policy be adopted by the Board. Mr. Arena stated that the Board "has a policy containing certain rates and guidelines," and indicated that Mr. Becker's office (Buildings and Grounds)

could consider any changes.

Also during the public speaking session, it was learned that to date, eight elementary teachers would be leaving (7 retirements and 1 leaves of absence) and that these positions would be filled from the preferred eligible list of those teachers exceeded last year. It was also stated by Mr. Friedman that although 20 positions were being exceeded at the secondary level, fewer people would be let go due to retirements.

The Board also acted on the following:

- authorized the removal of performance bonds for construction projects if total costs do not exceed \$20,000, and to permit the business office the flexibility to require performance bonds as an option up to the stated amount;

## Redeemer Church Moves Forward Again

Predicted on the premise that there is something positive that can be done in today's troubled world; the congregation of Redeemer Lutheran Church is launching a programme to enlarge and renovate their church building on New South Road in Hicksville. This is a relatively small congregation which was founded just twenty-two years ago, and to date they have moved forward six times.

On April 27, a finance drive was launched and in one day, over half the goal was reached. To date, the funding is pledged to the extent of over two thirds of the goal.

According to Mrs. Effie Krogmann, who is the Chairperson of the Renovation Committee, this is a completely

dedicated congregation. The entire programme is intended to be evidence that God's love is not dead in today's world and the congregation means to be a witness of that fact to all who would take note. The programme is undergirded with prayer amongst the members, who have covenanted to individually pray each day at noon and at 6 P.M. for God's guidance and the success of the venture, which they trust is God's will. The Rev. Theodore S. Grant, pastor of the church is well known in ecumenical circles in the Hicksville area. He is proud of the spirit shown by the congregation and emphasizes that it is especially important that Christians show a positive attitude, and witness to God's love and grace in spite of world chaos.

responded at 11 p.m. to assist County Police. Police, fire ambulances from Hicksville and East Meadow, transported the aided to four local hospitals. All were treated and released. Samples of food, beverages, water, were submitted to the County Health Dept. for tests. A report later released by the Health Dept. put the blame on hair spray being used in an un-ventilated room.

**Local Arrests And Conviction**  
Two males were arrested in connection with a truck fire on South Broadway and Lewis St. on April 30. The suspects, Peter J. Lanzilotta of Power St., Hicksville, and Peter Lanzilotta of Babylon are accused of torching a parked truck. Hicksville Vamps extinguished the fire without incident.

Alice Rogiowski of Ernest Ave., Hicksville, was convicted and given six months probation for reporting a false alarm to the Hicksville Fire Dept. on Feb. 17 by telephone.

### SOCCER CLUB

(Continued from Page 9) - time to score.

Excellent defensive play of fullback Chris Crawford, Joe Reinhardt, Ricky DeRenis and goalie Erik Heyskal managed to keep Wyoming from having any successful shots on goal.

### WOMEN'S LEAGUE - HEARTS

Mothers Day found the Hearts, sponsored by Kelmits Enterprises, playing the third place Farmingdale Foxes in the rain. Hicksville forward Bea Shevchenko scored with only a few minutes gone on a great shot. Farmingdale countered a few minutes later, with a high shot. Goalie Jean Brown made a number of great saves, which was not as easy as one might think in the pouring rain. The second half started with forward Marie Guastella scoring on a chip shot. Once again, Farmingdale tied the score. Hicksville took the lead on another chip shot by Marie, and held the score at 3-2. This win puts Hicksville in a three way tie in the western division. An additional note on last weeks game - our second goal was scored by Eve Vassel, for a final of 2-0.

### BOYS U/8B Eagles

The Eagles met Huntington Boys Club this week and played a very hard game. Right wing Brian Garnets brought the ball all the way down, and passed it in to forward Bradley Greenberg who put it right past the goalie. HBC had a very good goalie who had a number of difficult saves and kept Hicksville from scoring again. Halfback Neil Cambrano had a super game, out running the HBC wings consistently. Well into the second

## Joffrey Ballet To Perform May 18

An outstanding cultural arts event will take place on the afternoon of Sunday, May 18th when the touring company of the renowned Joffrey Ballet will give a performance at the Hicksville Senior High School beginning at 3 p.m.

Co-sponsored by the Hicksville Council of PTA Units and the Performing and Cultural Arts Department of the Hicksville School District, the program is especially planned to introduce young people to the world of dance.

The performance will be divided into forty minute segments. The first part will feature an introduction to ballet with demonstrations of the various steps and concepts,

followed by a performance of the children's favorite "Peter and the Wolf." This segment is geared mainly to the K-6 children, but may be enjoyed by all age groups. Following a twenty minute intermission, during which refreshments will be available, the second half of the program will be presented. It is particularly developed for the secondary student through adult, and will feature a fully costumed and staged ballet which will incorporate classical, neo-classical and jazz forms.

Tickets are \$2.00 per person if purchased ahead (through the PTA units at each school) or \$2.50 at the door. For more information please call Karen Franchino at 433-7047.

performance for Malvese pitching was Robert Rossel and Paul Mango. The big sticks for Malvese were Paul Mango, Scott Morrison, Anthony Goia and Rory Tringali, all had singles. Stephen Wolf turned in a double and a triple.

Gilson pitchers were Scott Fifert and Paul Nicolls who pitched three innings each for the win. Andrew Love batted in 2 singles and had 2 walks, besides driving in 5 runs, he scored twice. The fielding of Michael Hlady at short stop was excellent on numerous occasions. His fine fielding ended the inning to protect the lead.

In the second game of the week, Malvese lost to Goldman Brothers with a score of 9-1. Pitchers for Malvese were Robert Rossal, Stephen Wolf, Anthony Goia, and Paul Mango. Singles were hit by Robert Rossal, Anthony Goia and Paul Mango.

In other games that week, Hicksville Elks edged out Circle Texaco on May 5 with a score of 9 to 4. Kevin Kenny and Albert D'Andrea did a good job of pitching two innings each. Three hits were turned in by Michael Flemm, followed by Matthew Noone, Albert D'Andrea and Kevin Kenny with 2 hits each. Great fielding by Matthew Noone who made an unassisted double play.

## PTA Candidates

### Forum May 22

In order to better inform residents concerning School Board elections, the Hicksville Council of PTA Units will sponsor a "Candidates Forum" at 8:00 p.m. on Thursday, May 22nd in the Senior High School Cafeteria.

Candidates for School Board positions have been invited to introduce themselves to the general public, to present their platforms and to answer questions from the audience. Each speaker will be given a time limit in which to present his/her views. Written questions will be collected by Council members on cards which will be distributed at the beginning of the meeting.

Mrs. Charlene Anci and Mrs. Carole Wolf are contending for the seat being vacated by Mr. Pierre Fujimoto. Mr. Frank Grimmer will be running against incumbent Board President Mr. Dan Arena.

PTA Council urges all residents to attend the "Candidates Forum" and to vote in School Elections on May 28th.

## LETTERS TO THE EDITOR (Continued from Page 4)

people saying "let the other guy do it" when some project needs undertaking, a job needs doing, or a voice needs to be heard. If the people of the Hicksville School District would like to have someone on their school board who is one of those willing to BE "the other guy", a vote should then be cast for Carole Wolf on May 28.

As the mother of several children, Carole, I am sure, could find other things to do to keep herself occupied. But, since she is concerned with the welfare of your children as well as her own, she is stepping forward to help combat some of this apathy.

I have personally been associated with Carole for five of the seven years I have lived in the district and I know her to be fair, honest, hard-working, competent and civic-minded. Being a mother is a full-time job but when this mother also works, edits a church magazine, goes to college and is actively involved in community affairs, how can we go wrong?

The answer to that question is to sit home and not vote at all! Instead, make a move toward better schools and education--

**VOTE FOR CAROLE ON MAY 28**  
Sincerely,  
Karen S. McLoughlin  
Hicksville

Dear Mrs. Noeth:

A board member in our community of Hicksville has the awesome task of reviewing and studying a thirty million dollar plus budget, the approval of large expenditures of money and funds, the educational achievement of over 6500 students, the ability to read and interpret complicated contracts and to understand the legal terms and advice of legal counsel, to make NEGOTIATION judgements and decisions that affect the lives and working conditions of over nine-hundred employees - In my estimation CAROLE WOLF has the intelligence, determination and qualifications to meet those responsibilities.

Carole has a very independent nature and is a loyal team player - that is one of her most outstanding credentials as a candidate for the Pierre Fujimoto seat on the board. We need members that have no axe to grind, that hold no allegiance to any individual or group - to be a captive only diminishes the effectiveness of representing the public responsibly.

I therefore urge you good readers to VOTE ROW "B" on May 28th, for CAROLE WOLF

Sincerely,  
Bill Bennett

## Select Home Improvement Contractors Carefully

Now that it's Spring fix-up time for the house, Nassau Consumer Affairs Commissioner James E. Picken offers this warning:

Whether you need major remodeling, a leaky roof fixed, or new landscaping, select your contractor carefully. As a first step, get recommendations from satisfied customers. Ask your friends

and neighbors.

Next, check that the contractor holds an up-to-date Nassau County Home Improvement License. That's for your protection. If the contractor doesn't keep his promises, or if he doesn't resolve complaints, Consumer Affairs will get him back to you.

Third, get it all in writing on the contract: the work, the

materials, and the guarantees. Fourth, make sure the contract specifies a starting date and a completion date.

Companies that don't live up to their contracts, Picken says, risk loss of the license. Last year 31 companies lost their licenses to work in Nassau. To check on the license of a contractor, call Consumer Affairs at 335-3871.

## Notes

• For eat-quick reflexes Calvin Murphy of the Houston Rockets twirls a baton. Murphy claims baton twirling increases his hand-eye coordination and manual dexterity. He teaches the sport during off season to keep his hand, arm and chest muscles in good shape.

• Take a small serving for a big serve. If you've got a tennis game in an hour but are starving now - eat light. A salad, or soup and piece of bread will keep your volley strong. The best time to eat is two hours before you play, allowing the body enough time

for digestion.

• What do baton twirling and disco dancing have in common? They are two of the safest, heart-training sports because they require movement of the arms. According to the United States Twirling Association, the heart must work 2½ times as hard to pump the same amount of blood through your arms as through your legs. While your legs and arms get a work-out, so does your heart!

• Dieters take note! Muscle is heavier than fat; you will lose

inches before you lose fat. In an average woman, 25 percent of her weight is fat; in an average man, 15 percent. As a woman ages, the percentage of her body fat increases. By exercising she will become more compact and attractive, losing unsightly bulges.

# Galileo Lodge News

By Joe Lorenzo

**VENERABLE TONY PREVITE'S MESSAGE:**  
 "An unknown philosopher once said that all of us are going to do better tomorrow - and we would, too, if only we started today. With this thought in mind, then, let us all work in a true spirit of harmony and brotherly love, and accomplish everything that we possible can today instead of waiting for tomorrow."

On April 24th, Joseph Pino, brother of James and Stephen Pino of Galileo Lodge, was installed into the Italian Honor Society at the Hicksville High School. The ceremony was highlighted by the presence of Dr. Frank Cavaioi who, as Vice President of the Italian-American Historical Association, also reigned as guest of honor throughout the whole proceedings. Joseph Pino is in the 10th Grade at the Hicksville High School, and as an honor student he has also been awarded the scholarship plaque for excellence in the Italian language. He will receive this award upon graduation. James Pino has also garnered two honorable mention awards as a result of his participation in the Nationwide Tests in the Italian language. Mrs. Millie Pino, his mother, is a charter member of the Ann Bambino Lodge which is also a filial organization of the Sons Of Italy in America. The Galileo Lodge, in

recognition of such excellent scholastic achievement in the Italian language, extends to Joseph Pino and his family its heartiest congratulations.

At a recent meeting, Teddy Marotti, the Blood Bank Chairman of the Galileo Lodge, stated that blood is the most important thing that any member can give to his organization. Everyone concurred, of course, which prompts me to state that on May

20th, the Galileo Lodge will hold its Blood Bank Day. From the hours of 4 to 10 P.M., members of the Lodge, friends, relatives and the community-at-large can donate their live-giving properties, and this donation makes everyone an automatic member of this blood bank. Medical facilities will be in order, refreshments will be served, and everything connected with blood donation will be in complete readiness. Blood saves lives, and we have ample proof of this in the Galileo Lodge as blood from this bank actually saved quite a few lives. Emergencies arise illnesses strike suddenly, so why not have the Galileo Lodge Blood Bank at your beck and call. Words could not express the importance of this program and

what it does for humanity. Please come down and give your blood for a beautiful cause. And don't forget the May Time Dance to be held by the Ladies Auxilliary of the Galileo Lodge, scheduled for the 24th of May and 'chaired' by Mary Monteforte and Ann Palermo. To be featured will be a tasty dinner with all the trimmings, beer, soda, coffee and cake, live music and the warmth and friendliness of the Ladies Auxilliary. A 'bring-your-own-liquor' policy will be in effect. Price of admission is \$8.50 per person. For a relaxing and pleasure-filled night, why not attend this affair. Dial 931-9451 for more information concerning this event.

**LODGE TIDBITS:**  
 Cynthia Fagan, daughter of Al

Reorella of the Galileo Lodge recently graduated from a nursing school. What is more astounding about this achievement is that Mrs. Fagan is a mature woman with three children. Congratulations are in order from the Galileo Lodge.... A possible fishing trip sponsored by our Lodge is contemplated. Jeff Wallick states that plans are being formulated. Jeff also states that the recent golf outing at the Heatherwood Country Club was successful and that a good time was had by all who participated.... At our next social meeting, the 22nd of May, the executive director of the Gregory Museum will deliver a short talk about this museum and why we should keep it going....
