Sup. ... ntract
Extended to '83

By Linda Strongin

The Hicksville Board of Education, by a 5-2 vote, extended the contract of Superintendent Dr. Wilber Hawkins to June 1983. Voting no to the extension were Vice President John Ayres and Trustee Virginia Germer.

Mr. Ayres stated it was "not in the best interests of Hicksville to extend" the contract. He added that "this action is hurried and not well thought out." He also questioned evaluating the Superintendent's performance.

Mrs. Germer concurred with Mr. Ayres, adding that the evaluation of the Board's goals, presented the previous evening, should have come from Dr. Hawkins. Also, she stated that "the reorganization was a positive act. However, building principals are unavailable to parents because of meetings; administrative staff are unavailable because of meetings. There is also a lack of com-

munication from administration." In conclusion, she stated that "we're asked to extend a contract for three more years when he has applied and sent out resumes to other districts. He is actively looking for a job."

Speakers for the contract extension were President Dan Arena who stated that Dr. Hawkins had "rejuvenated the Hicksville School District" and Secretary Bill Bennett who eloquently stated what he felt were achievements made by Dr. Hawkins, "in turning the district around." These included, among others, good management, hiring competent staff, instilling confidence in the staff, showing compassion and being open and above board.

The contract will be rewritten to include items requested from the Board and from the Superintendent. Specifics were not discussed although there seemed to be confusion among

some Board members who questioned if the extension was on the original contract or if the extension was on a rewritten one.

In other business, the Board approved the retirement of Mr. William Feigin, Principal, Hicksville Junior High School, effective June 30, 1981. Mr. Feigin will be assigned to the central administration office the coming school year working under Assistant Superintendent for Secondary, Dr. Daniel Salmon. The position of principal will be advertised immediately and hopefully filled before the school year. Dr. Hawkins stated that as principal, Mr. Feigin had a "caring attitude and commitment to the job." He added that he appreciates Mr. Feigin's cooperation to help make a smooth transition.

During the public speaking session, parents of next year's third graders at Dutch Lane

Mr. Feigin, principal of the Junior H.S., charged the newly inducted students "with the responsibility of making the right decision, not the easy one."

A reception in the girls gym for parents and friends followed. Punch and donuts were served by the officers: Bernadette Shaulys, President; Jill Giuttari, Vice-President; Maryann Gianchino, Sec.; and Natalie Sarle, Treas. and their advisor, Mrs. Lambert.

Alumni Tribute Set For Miss Farley

Colonel Fred Fluckinger Jr., USA Retired, will make the main address at the dedication of the high school auditorium in honor of Miss Mabel Farley on Sat., June 21, at 2 p.m.

There is great anticipation in the Hicksville community awaiting Miss Farley's attendance at the dedication. She plans to travel, with her two neices, from her retirement home in Pennsylvania to greet her family of Hicksville friends and associates.

Col. Fluckinger, Hicksville Class of 1938, expressed gratification that the Hicksville Alumni Association requested him to speak.

"I would cancel any event on my schedule to be there to honor Miss Farley's years of dedicated service," he stated.

He resides in Richmond,

Virginia, with his wife, the former Sonya Teresko of Hicksville. While at Hicksville High, he was a stellar athlete, excelling in football, track and basketball.

Arrangements to mark Miss Farley's 45 years of academic leadership are completed according to Alumni co-chairpersons Gwen Schaaf and Henry C. Brengel Jr. Dr. Wilbur Hawkins is coordinating for the school board.

The dedication and alumni plaque program will be held in the auditorium. The PTA has graciously announced it will give a tea reception after the ceremonies.

The public is invited and a thousand invitations have been sent to former teachers and school board members.

The alumni special fund to cover the cost of casting the plaque and associated expenses

has experienced a generous response from Alumni and Friends of Miss Farley.

Early contributions have come from Helen and Henry Guekenberger, Loretta S. Koutensky, Arlos Neumann, Viola and Henry Droelinger, William J. Stoffel, Mariann and Edward Coleman, Lucille A. Coe, Eleanor/Jessie Regan in honor of E. Irving Jesser, George E. Smith and Family, Howard W. Darling and Hazel and William Knatuk.

Also, Henry C. Brengel Sr., Clifford Wagner, Jessica Wetterau, Bergler and Florence and William Wetterau.

Donations may be made to Alumni President Harold Holden 79 Broadway, Hicksville, or James Fyfe, c/o Long Island Bank, 550 So. Broadway, Hicksville.

Hicksville Republican Club News

By Harriet Maher

Hello Neighbors! Don't forget, this Friday, June 13, at 8:30 p.m., you have the opportunity to hear and meet Senator Ralph J. Marino and Councilman Joe Saladino who will be our keynote speakers at the Ernest F. Francke Republican Club of Hicksville, Inc., VFW Hall, 320 South Broadway, Hicksville.

This week's column will feature a message from Joe Jablonsky, Executive Leader-Hicksville East.

"Since the Hicksville Republican Club is a new column in the Mid Island Herald, it would be appropriate to explain to our readers the present structure of the Republican organization as it exists in Hicksville. Each week various individuals are contributing articles to this column and you are becoming aware that the Club represents only part of a large political network in our area.

Mandated by State legislation, Hicksville is subdivided into 31 Election Districts that comprise parts of four Assembly Districts, 10th, 12th, 14th, 15th, in addition to the 4th

Congressional District and the 5 Senatorial District. The Election District is the basic unit of political activity and is represented by two elected committeepersons of each political party. The two Republican Committeepersons in the Election District are your Republican representatives. It is their responsibility to keep fellow Republicans informed, not only about political activities but all activities that affect the area. You probably know these individuals as the person who requests your signature on candidates' petitions, delivers campaign literature to your home, reminds you to vote on Election Day and, when problems arise, the person you call to seek assistance.

"The 31 Election Districts in Hicksville are represented by 62 Republican committeepersons. These individuals elect an Executive Leader to be their representative and Hicksville's at the County level. For the purpose of control, because our town covers such a large area, we in Hicksville have two Executive Leaders. Tom Gallahue

represents the west portion of Hicksville and I represent the east. Regardless of the designation, east and west, our interest and endeavors are toward Hicksville as one community.

"As in many other towns, Hicksville has its own local Republican Club whose membership consists of hundreds of local residents. The Club is guided by a 27-member Board of Directors, headed by our current president, Fred Vevante, and his officers. Participation in the Club in any capacity is open to all.

"The Club offers you the opportunity to keep informed of current events, initiate action concerning local problems, meet your local and County officials, and enjoy an evening with your friends and neighbors.

"I would like to thank Betty Jopp, Evelyn Caruso, Mary Magean, Lori Ann Pitta and Tony Salitto for volunteering their time working at the Board of Elections.

"Congratulations to newly elected president, John Budnick, and his officers of the Hicksville Community Council. I wish them (Continued on Page 4)

Galileo Lodge News

By Joe Lorenzo

VENERABLE TONY PREVITE'S MESSAGE: 'Men's capacities have never been measured', so stated Thoreau, the great American naturalist. And this tells me that if we work in unison and think in harmony, there is no telling how much more we can accomplish to insure the stature of our organization. We all have special talents, abilities and strengths that somehow never seem to surface, so it is only when we toil in an atmosphere of friendship, brotherhood and fraternal unity that we can elevate the goals and ambitions of the Galileo Lodge and those of the Sons of Italy in America. In this manner, too, all our labors and achievements will materialize into one gigantic burst of energy, the kind of energy need to bring forth the very condition we all are striving for - greatness.

To forward any information concerning the good and welfare of the Galileo Lodge, please contact Venerable Tony Previte at 731-0466.

As mid-summer approaches, we all seek recreational activities. One such activity to be held by the Galileo Lodge is its

annual feast, scheduled for the 2nd to the 6th of July, at Parking Field No. 1, Broadway, Hicksville. Recreation-wise you will encounter rides, amusements, Las Vegas tents, live music and a carnival-like atmosphere embellished by confetti-colored lights reminiscent of Old World 'fiestas'. And we can't leave out the food stands that produce all those superb Italian specialties that activate tastes as well as senses. Dial Chairman Skip Monteforte (931-9351) for additional details about this activity. Come one and come all, you neighbors and friends of the community and spend an evening (or evenings) under a summer night's sky by soaking up all the pleasures and delights that the Galileo Lodge has to offer. So please remember the dates mentioned above - because during that time it will be "Fiesta Time" in the town of Hicksville.

Golfing enthusiasts can further enjoy the pleasures of this 'outdoorsy' sport if they heed the Galileo Lodge's recent announcement that stated that it will hold another golf outing on June 29th, at the Heatherwood Country

Club. Admission price (greens fees) will be \$8.00 per person and departure time will be 7:30 P.M. from our Lodge, 200 Levittown Parkway, Hicksville. Friends and relatives are cordially invited to attend, so why not contact Chairman Jeff Wallick at 681-8428 and he will further inform about this golfing session. For another pleasure-filled summer recreational activity at your beck and call, I cannot fathom why any ardent golf fan would not want to take advantage of this event.

Lutherans Are "Hangers-On"
In the insurance industry, customer satisfaction often is measured by "first-year lapse rate." If the rate is high, it means that within one year, a large number of people who purchase insurance are letting their coverage "lapse" by not paying premiums. Apparently, AAL members are very satisfied, because AAL shows the lowest lapse rate among major life insurers in the U.S. We like the fact that our members are "hangers-on."

Ambro: "A Resolution Of Disapproval!"

There will be no clearer picture of the state of national political parties than the one drawn last week by the Congress in crushing, by overwhelming margins in both chambers, the President's proposed oil import fee.

On the day after the President locked up renomination, at least mathematically, and as the afternoon papers, radio and television blared news of his apparently insurmountable delegate lead going into the convention, the House and Senate, both firmly controlled by the President's own party, rammed this oil fee, which would mean a 10-cents per gallon hike in gasoline prices, right down the throats of the Administration and the leadership in Congress.

By Crushing totals, 376-10-30 in the House and 73-16-16 in the Senate, the Congress made known, in veto-proof terms, that it would have none of the President's poorly timed and ill-conceived plan to boost the already inflated price of energy, specifically gasoline.

In other days, going into that highly controversial vote as he did with a full head of steam after primary victories that seemed to assure him of his party's renomination, the President would have collected at least enough votes to protect a veto. But in this political season, that was not to be the case.

A veto of this "Resolution of Disapproval," which I had cosponsored, would have enabled him to impose the fee on imported oil, \$4.62 per barrel, or about 10-cents per gallon of gasoline - if the veto were to be sustained by both chambers. Those chambers, however, denied the President the authority to impose the fee by

margins so large that they virtually guarantee a veto override which, indeed, occurred.

How does one explain the strength of the vote against the President's proposal? Principally, the Congress simply did not buy arguments in favor of the levy and, in fact, accepted a battery of points raised against the fee. It will increase the Consumer Price Index by three-quarters of 1%, will boost a wide variety of cost of living escalators by about \$750-million; will add about \$10-billion to our national energy bill; will be a clear signal to the Arabs to boost their crude prices; and will divert our time, resources and energies from the real solutions to our foreign petroleum dependency, which is greater domestic production in the short run and aggressive alternative energy development in the intermediate and long run. All of that in exchange for saving a scant 100,000 barrels of oil a day at best (some experts contend that it will save no more than 50,000 barrels per day). Mass transportation deficient suburbs, relying on cars for work, school, shopping, church, etc. will suffer most.

The Congress did not accept the President's declaration following the vote that it would represent a sign to the oil producing nations that the U.S. "will not take a firm stand to conserve oil."

Well, the fact of the matter is that the United States last year reduced oil consumption by more than 8%, the only western nation to reduce oil usage.

President or not, party nominee or not, the facts did not support the President and neither would the Congress. Politics be damned!

Colby: "Join In A Common Cause!"

Flag Day is Saturday, June 14. Let us all show our national colors. Let's do it with pride on that day, particularly.

Whether your American Flag is a large one, which you run up a pole on your property, or simply a small one you display in the window - do it.

Patriotism is something too many people are willing to hide. Perhaps they are embarrassed by a show of pride and affection. Perhaps they are unhappy by the federal tax burden we must all bear. Perhaps they have some other more personal reason.

Perhaps, we should all set aside whatever reasons may seem important to us, and, on this Flag Day of 1980, join in a common cause. Show the colors with the thought of our fellow Americans still held hostage in Iran.

Wouldn't it be wonderful for these captive Americans to learn

that everywhere in America the red, white and blue was on display. It would reassure them they are not forgotten. It would reaffirm in their minds that there is solidarity in their homeland.

With flags displayed up and down every street, it could also help reunite us all.

There are so many forces in the nation which seem to factionalize and separate us...differing political views, gripes with government, complaints between labor and management, etc.

In truth, however, aren't some of these exactly the reasons why we should show the flag? Where else can you speak out against government and be heard rather than imprisoned? Where else may labor oppose management? Where else does private enterprise thrive?

For too brief a time after the hostages were taken, there was a

reawakening of patriotism across the land. Unhappily, most people allowed their national fervor to fade as stories from Iran diminished. It is not page one news everyday now, but the tragedy and frustration remain. The logical antidote is a show of colors.

If you have no flag, this is an excellent time to invest in one, and, because Flag Day is here, your ability to buy one is increased.

If you do not know how to display the colors or have questions about flag etiquette, every veterans organization I know can give advice or even a booklet on the subject. They will go out of their way to be of assistance.

Now, will you go out of your way to show the American Flag? It truly doesn't matter if your flag is large or small. The colors and the meaning are the same.

At Bible Baptist Church

Bible Baptist Church of Syosset, is happy to announce the forthcoming Commissioning Service of Ollie and Angie Crosby to be held June 15th at 7 P.M. at the Bible Baptist Church.

Ollie Crosby has served for 29 years as an airplane mechanic and for 23 years as material planner and accessory overhaul mechanic at Seaboard World Airlines, JFKennedy Airport. Upon his retirement July 31st, he and his family will be moving to Waxhaw, North Carolina to serve as home missionaries under the "Juncle Aviation and Radio Service of the Wycliffe Bible Translators." Ollie will give his talents of being an airplane mechanic to the maintenance of the JAARS fleet of the Wycliffe Bible Translators that are used to service missionary activities across the world. Some of the countries that

Ollie and Angie Crosby

the Wycliffe Bible Translators serve are every Continent North, South and Central America, Australia, Asia, Africa and

Europe, including Russia.

Ollie Crosby was led to the Lord by Pastor Dick Grob at First Baptist Church in Hicksville. His primary ministry has been with Christian Service Brigade in his church and on the N.Y. Metro-Long Island Executive Committee. He has served as Sunday School Teacher, Trustee, Deacon, Youth Leader, Camp Counselor at Northern Frontier and Bus Driver. For the past seven years, Ollie has served with Brigade at Bible Baptist Church in Syosset. He has also served as Sunday School Teacher, Trustee and Deacon.

We are especially excited over the future involvement in missionary service during their retirement years.

Ollie and Angie Crosby presently reside at 58 Princess Street, Hicksville.

Registration for Swimming Instruction

Oyster Bay Town residents will really be able to get into the swim of things this summer by signing up for Red Cross swimming lessons at their community park pool or at one of the Town's beaches.

Town Councilman Joseph J. Saladino announced that registration for the first session at the community park pools will be held the week of June 16 from 10 AM to 5 PM in the park manager's office. Participants will be placed in classes according to ability. Classes, which will be held during morning hours, will meet five days a week between June 23 and July 18, except July 4th. Special classes for adults, as well as life saving instructions and diving, will also be given; see the park manager for details.

Registration for the first session at the beaches will be held Saturday, June 21, through

Friday, June 27, between 9 AM and 5 PM at Stehli, Centre Island, Theodore Roosevelt, Tappen, Florence Avenue and Tobay beaches. Classes will be given on the beginner, advanced beginner, intermediate and swimmer levels, and there will be special swimming lessons for adults as well as instruction in basic rescue and life saving. Registration forms for all courses may be obtained from the lifeguards. The first session will run from June 23 to July 18.

All swimming and life savings instruction is being given in cooperation with the American Red Cross. Certificates will be issued to those successfully completing each course. Fees will be \$3 for swimming lessons and \$5 for life saving and diving. Children must be at least five years of age to be registered. For further information, contact the Department of Parks at 433-8020.

"Celebration of the Arts"

Singing, dancing, poetry reading and a demonstration of gem faceting are just a few of the activities planned for the Oyster Bay Arts Council's "Celebration of the Arts" on Saturday, June 14.

Town Councilman Joseph J. Saladino announced that the "Celebration" will be held from 1 to 10 PM at the Syosset-Woodbury Community Park, Jericho Turnpike, Woodbury.

Dear Friends...

AT THE TOWN BOARD MEETING

The Town Board reserved decision on a finance hearing to consider the reconstruction of a parking structure (the existing Town Garage for commuter parking) and the purchase of parking meters and the purchase of signs at a total maximum estimated expense of \$90,000. For and on behalf of the Town of Oyster Bay Public Parking District. This will include refurbishing of the existing garage, possible remarking of parking stalls, as well as meter repairs where necessary.

The Town Board also approved Resolution No. 556-1980, relating to proposed office building (Manufacturers Hanover) at Hicksville, which was the planning advisory board resolution No. 1-80. This means that Mr. Gilbert Tilles, the petitioner, will now go forward with plans for this fine addition to downtown Hicksville.

HOUSE ON NEWBRIDGE RD & BARTER LANE

What will happen to the fire-gutted house on the corner of Newbridge Rd. and Barter Lane in Hicksville? This is still in the process of being determined by Town Engineers and Attorneys. The West Green Civics are presently suing the Town of Oyster Bay to bring about action on this "attractive" nuisance, which it charges is structurally dangerous, vacant and unguarded. When Town engineers and attorneys agree to exactly what extent this building is unsound, they may (or may not) be able to have it demolished. Let us hope that this decision and action, may come about before summer vacation is upon us...which means...soon!

DO NOT DESPAIR, yet...about the possible loss of the Hicksville Gregory Museum, to our area. Every possibility is being explored. It may be necessary to close the museum for the summer, but, we do not believe that it will be closed permanently...at least we do hope that this won't happen. More on this later.

That ebullient Hicksvilleite, Murray Margolis, and his sweet wife, Frances, are delighted with recent happenings in their daughter, Lynn's family. Lynn's husband, Terry Waters, has been appointed Superintendent of Schools in Estacada, Oregon. Terry, Lynn, and their two children, Mark and Sean moved to Oregon from Pennsylvania as a result of Terry's promotion. They said the country's beautiful and they're very happy with the move. The Margolis' son, Carl, and his family live in California and they will now be able to visit the Waters more often. Murray and Frances now have two lovely vacation spots to visit when they see their family.

A surprise retirement party was held for John Hill who recently retired from the Town of Oyster Bay as a building inspector. The party was given by Ann Frisbie and Mary Novellano at Mary's home on Mayfair Lane, Hicksville. There were 35 guests who attended this festivity, including family and long-time friends of John. The party was a complete surprise to John who thought he was attending a barbeque party. All the guests contributed to a huge "Basket of Cheer" to ease John into his retirement. We understand the party was a success and everyone enjoyed themselves immensely.

Congratulations to Frank and Barbara DeStefano, HICKSVILLITES, who celebrated their ninth wedding anniversary on May 29. The DeStefanos have two adorable children, Frank, Jr. and Renee. Best wishes, folks.

We attended a delightful Germanfest held at Lutheran H.S. on Saturday, June 7, along with many other Hicksvillites. We met Judge Lebkuecher and

his wife, Joe Jablonsky, Jr. and his fiancée, and other local residents. The rain held off long enough for everyone to enjoy themselves eating, drinking, dancing and being entertained. This fund-raising affair was a huge success with hundreds and hundreds of local residents attending.

Jean and Bob Kaminek, Miller Road, Hicksville, celebrated their wedding anniversary on May 20. Helping them to enjoy this happy occasion were their children, Marie Louise (11 years old) and Robert, Jr. (nine years old). Best wishes to you both.

Little Joey Turner would like to thank his grandmother, Martha, and his grandfather, Ray Hand, and his Aunt Dotsy Hand for taking such good care of him on his first week end away from his parents, Ronnie and Joe Turner. Ronnie and Joe were in Washington, D.C. at the Mormon Temple witnessing their brother, Dennis, and sister-in-law, Debbie (nee Seeley) being married for time and all eternity. The aforementioned people are all residents of Hicksville. Much happiness to the newly married couple.

Well, we did it again—we goofed! Do you recall the accolades we wrote about our visit to the Big Apple to see the smash show "Sugar Babies"? We said it was sponsored by the Catholic Daughters of America in Hicksville. Boy, were we wrong—the Cafeteria group from St. Ignatius Loyola School was the initiating force. And we were wrong again when we said we were sure "Sugar Babies" would win most of the awards given out recently. But we're not wrong in saying the entire group thoroughly enjoyed themselves that evening we shared together.

Congratulations to Mr. and

Mrs. Christopher Hawkins of Straw Lane, HICKSVILLE, on the birth of their first child, Theresa Marie, who arrived at Nassau Hospital, Mineola on May 30, weighing in at 8 lbs. 1 1/2 oz. Proud grandparents are Mr. and Mrs. John Muller of Loretta Lane, HICKSVILLE, and Mr. and Mrs. Henry Hawkins of Spruce St., HICKSVILLE. Proud great-grandmother is Ruth Hawkins, also of HICKSVILLE.

Mr. and Mrs. Louis Fucito of Spindle Rd., HICKSVILLE have returned home following a week's holiday cruise to the Bahamas aboard the S.S. Oceanic. The couple celebrated their 29th wedding anniversary during the cruise. Congratulations.

Joan Ernst, R.N. of HICKSVILLE, has been elected Secretary and to the Board of Directors for a one year term of the American Heart Assoc./ Nassau Chapter, and James Couch of PLAINVIEW, has been elected to a three year term to the Board of Directors of the Association.

Letters To The Editor

To the Editor:
As I am sure is common knowledge by now, I have been elected to serve on the Hicksville School Board effective July 1.

There were so many people who helped me in so many ways and I'd like to take this opportunity to thank everyone of you for your support, your leg work, your suggestions, and last but certainly not least, your votes. I consider the votes you cast on May 28 to be far more than that with which to win an election - I consider them to be votes of confidence.

To be a product of a school system from K through 12 and then to be given the chance to serve this same school district as it has served me is a unique opportunity one seldom gets - a natural extension that is very seldom realized. You have all made this possible.

As a person wearing many "hats," that of parent, business woman, housewife and now board

member - elect, I very appreciatively take each one of those "hats" off to all of you.

Sincerely,
Charlene Anci

To The Editor:
In the May 23 edition of the HERALD it was stated that the current ('79-'80) school tax rate is \$17.28 per \$100 assessed valuation. Through mathematical calculations of my own school taxes using the assessed valuation of my own home, I came up with \$17.89 as the school tax rate per \$100 assessed valuation. Puzzled by this, I contacted the Town of Oyster Bay to verify which was the correct rate. It was quoted to me that the rate was \$17.896, verifying my figures.

Can anyone explain the 6 cent discrepancy in these figures?
Mrs. Rosemary DeJoseph,
Hicksville

Art Exhibits

The Hicksville Library has two important art exhibitions on display now until the end of June. The lobby case has fifteen photographs taken by the Rev. Dr. John H. Krahn, pastor of the Trinity Lutheran Church on Nicholas Street. In the fiction room there is a display by David Drier. David, a Hicksville resident is an Art student in SUNY's Empire State College program. He is a multi-talented

young person whose display includes weaving, woodcarving, stone and sandstone carvings, stoneware castings, pen and inks.

The photography exhibit includes pictures of the Nicholas Street in an ice storm; the crucifix from the Holy Trinity Episcopal Church; also in an ice storm; the Rose window in the Trinity Lutheran Church as well as scenery, flowers, animals, etc.

Museum Report: Mt. St. Helen Ash Here

By Dick Evers

Mount St. Helen's volcanic ash fell amid the rocks and minerals of the Hicksville Gregory Museum this week three separate samples of the gray, heavy dust which blanketed much of eastern and southern Washington State following the great eruption of May 18 are at the museum. The ash, amounting to about ten ounces in weight, was mailed to the museum by an old skiing chum and boyhood friend of this writer, Bud Drew, of Northbend, Washington or was delivered in person by a nephew, Leigh Beniamino, of Spokane.

The ash will be on display at the Museum this coming week and during the museum's "Clearance Sale" commencing Friday, June 20. Leigh Beniamino's gift to the Gregory Museum was a natural outcome of his 1972 work at the museum as a volunteer while a Hicksville High student, Leigh,

CONTRACT EXTENDED

(Continued from Page 1 Hicksville) School expressed their concern over the projected class size. According to projected figures, there will be one class of 27 students. The parents were requesting another class. The class, now in two second grades, has three sets of twins, one pair of cousins, and five pairs of children sharing the first name, according to Mr. Tony Seavo, spokesman for the parents. He added that the enrollment could be more, due to changeovers from parochial schools and mainstreaming children with learning disabilities.

The administration had suggested, in a letter to the parents, separating the twins by busing them to another school but resident Arlene Rudin pointed out that "students are made to have pride in their school and this action takes away the neighborhood school concept."

PTA President Ann Freyelsen, voicing opposition on behalf of

who is now a restaurant cook, thought of the museum while shoveling the ash off the roof of a large shopping center in Spoka, where the powder lay two inches thick after the tremendous eruption 234 miles away, the day before.

"Cars ran for about a hundred miles once the stuff starting falling and then konked out", Leigh said, this week, while on a visit here. Filters, carburetors and human lungs in any sustained physical activity gave out, we also learned... My old pal, Bud Drew's letters brought cellophane packages of the ash from the towering, devastating eruption of May 18th and the lesser natural upheaval on May 25. The ash sample of the mountain's initial giant belch fell on a ranch at Ellensburg, 85 miles northeast of Mount St. Helen, and the fallout of a week later came from the steam cloud of May 25, falling

the Dutch Lane School PTA, stated that "separating by busing is not suitable but discriminatory."

Previous school board policy has been to separate sets of twins.

Also questioned was the number of students to be mainstreamed into the special classes (art, music, et al) of this third grade. Dr. David Weeks, Director of Pupil Personnel Services, stated that the number was unavailable since IEP's (Individual Educational Plan) were still being developed.

Parents of two of the sets of twins expressed their concern to the Board over the psychological and emotional stresses on their children which they felt would be brought about from the atmosphere of sibling competition.

Dr. Hawkins stated several times that the figure of 27 was projected; that he had difficulty "justifying that ratio" of 13 and 14 in a class; that if the number of students did become larger, adjustments could be made. "We don't know all the ins and outs yet."

Also speaking during the public session, was resident Jean Tobin who questioned the administration's intent of "cutting back time of physical education at Woodland Avenue school."

Assistant Superintendent Dr. Catherine Fenton, did not have the schedule with her. However, she stated it was anticipated that 90 minutes and 100 minutes of physical education were allocated to the various buildings. Mrs. Tobin questioned where the additional time to comply with the mandate of 120 minutes would come from. Dr. Fenton stated additional time would be found with the classroom teacher in such areas of arts and crafts, exercises and recreation. "all legal as physical education activities under the Commissioner's Regulations."

on Longview, Washington, 40 miles west-southwest of the St. Helen peak, which formerly stood 9600 feet high on the horizon.

MUSEUM CLEARANCE SALE STARTS JUNE 20

This week was unusual at the museum, also, because of the first of two "Clearance Sales" designed to raise operating funds for the struggling and endangered nature study center. This week's sale was by invitation and was open to rock and mineral dealers. On sale were a large number of rock samples of various sizes, comprising the museum's reserve collection of "Non-show" specimens.

Beginning on Friday, June 20th, and running through the following Sunday, June 23rd, the general public is invited to visit the museum to see the Mt. St. Helen's ash and to buy the contents of the Museum Gift Shop at bargain prices. On sale will be

Dr. Hawkins suggested that a program be developed incorporating what certified physical education teachers do with classroom teachers, to comply with the 120 minute mandate. "We do not have enough certified physical education teachers to provide a full 120 minutes for all students."

The Board approved a summer remedial reading and math program from July 1 through July 29. The program is funded under ESEA Title I at an anticipatory cost of \$11,475.

Dr. Weeks presented an overview of the approximately \$62,000 in supplemental funds available through Title VI-B, bringing the total amount to \$198,637. The funds are to be used for teacher aides, evening program, consultants, and summer programs for special education.

In his presentation, Dr. Weeks gave a detailed explanation of PL 94-142, Education of the Handicapped, including legislation intent and legislation apportionment; and state and local school district eligibility requirements for these funds.

The Board listened to a representative from Falcon Claims Service present a workman's compensation self-insurance program. No action was taken at this time.

Special School Board Meeting

There will be a special meeting of the Hicksville Board of Education on Tuesday, June 17, at 7:30 PM in the Administration Building. The topic will be, "Goals 1979-80: A Review", which is the continuation of the June 10 special meeting.

Presentations by Central Administration personnel will highlight the accomplishments of the district during the past school year.

The public is invited to attend.

jewelry and gifts crafted from natural materials: mother of pearl necklaces, custom crafted ear rings and other attractions. For young rock and mineral collectors there will be many specimens at very reasonable prices, nature books and shells, fossils geolites, geodes and assorted slab minerals for skilled cutters and cabochon craftsmen, as well as large and small rock specimens, will be on display for advanced "rock hounds" and

mineral enthusiasts. The liquidation of these museum assets will strengthen the institution's financial position, it is hoped by the Museum Trustees, providing additional "staying power". The Museum continues to seek some sort of permanent government affiliation is awaiting the outcome of applications submitted for Federal and State grants, but will close to the public on June 30th.

In a very exciting and well-played game, Hawaii took a 1-0 lead on a goal by Matt Greenspan. They held on to win with excellent defensive playing by Kevin Ohea, Brian Whitman, Joe Reinhardt and superb goal tending by Erik Steyskal.

Hawaii-0
Penn.-0

Hawaii and Pennsylvania played to a 0-0 tie in a most exciting defensive battle. Tremendous goal-tending by Hawaii's Kevin Coen supported by fullbacks, Joe Reinhardt, Ricky DeRenzis, Shyam Regay, led to numerous saves. Forwards Gerrit Nijboer, Erik Steyskal, Kevin Ohea and halfback Matt Greenspan kept constant pressure on Pennsylvania's defense.

WOMENS LEAGUE - HICKSVILLE HEARTS

The Hearts, sponsored by Kelmitis Enterprises, wound up their Spring season this weekend against an extremely physical Island Trees team. In order to retain their third place position in the Western Division, a win was a necessity. In spite of the hot weather, the women played a hard game & determination won out. After much physical abuse from the Island Trees women, they scored their first and only goal against the Hearts, early in the first half. Hicksville, playing cleaner and more determined soccer, came back to score on a shot by Joyce Reid. Forwards Marianne Ladimir, Marie Guastella, Diane Levy & Eve Vassel had a number of good shots, but the half found the score tied at 1-1. Half-backs Pat Donohue, Eileen Guastella, & Terry Gabriel & Gretchen Kuck were running continually to keep the ball in the Island Trees half as much as possible: The full-backs, Astrid Panchookian, Mary Kilmatis, Pat Tropea & Eileen Richards, did a tremendous job

of restraining their opponent. Hicksville goalie Jean Brown saved the day for the Hearts on one particular play. The entire Island Trees line was in front of

JONAH

Perhaps you have had the same experience that I have when I read the comics. I cannot help but identify with some of the characters. If you read Peanuts, how can you not help but identify with Charlie Brown every time Lucy pulls the football away from him? It reminds you of yourself every time you are taken. And who does not read the stories of the Bible without seeing himself reflected in them? We can see ourselves in uninvolved Jonah, who when he hears: "Arise, go to Nineveh," hotfoots it for Joppa to catch a slow boat heading in the opposite direction for Tarshish?

Jonah's determination not to get involved still has a lot of appeal among today's Christians.

Family frictions, an unchurched community, billions of bellies exploding with the pain of hunger—all Nineveh's—and how we wish we could climb into a boat's hold, go to sleep, and avoid them. But God calls us to care, and caring takes time! Caring takes preparation and hard work. Caring takes giving. Caring demands involvement in a world without guarantees—a world full of problems.

There's just no escape for Jonah. God had a plan for Jonah's life, and going in the opposite direction of that plan made no difference. God raised a storm, provided him with the short straw, and gave him lodging in a specially equipped fish. Jonah had three days to

think things over in most unusual surroundings. He did a lot of praying before the fish spit him up on the beach. And even before Jonah dries out there is the Lord calling Jonah to care enough to go to Nineveh. But this time Jonah went. He still realized that it's trouble to care but now knew it was more trouble not to care. People are hurting both within the Church and without—people for whom God cares. Jesus came to our earth because people were suffering from the consequences of their sins. There is joy in following Jesus, but there is also suffering, for evil does not stand idly by when under attack. To follow Christ means to be involved with people—their needs and their hurts. Caring for one another takes time, our time; it takes energy, our energy; it takes giving, our giving. That God in Christ cared for us is known. Even Jonah knew that God cared for him. But do we appreciate it? And if so, how much? And if "much," then how will we respond to God's caring?

Every day a boat embarks for Nineveh; Jonah missed it the first time around—will we be on it?

Celebrates 25 Years In The Ministry

Rev. Dr. Theodore Grant

On Sunday, June 8th, the Rev. Dr. Theodore S. Grant, Pastor of Redeemer Lutheran Church, was feted by his congregation, family and friends with a day of surprise festivities in honor of the 25th anniversary of his ordination into the Christian ministry. Special recognition was given to Pastor Grant by his congregation during the morning worship service, followed by a reception. His family hosted an Open House at the parsonage on Bridle Lane for the remainder of the day. Parishioners from his previous congregations as well as relatives from several different states were present to share in the special occasion.

A native Long Islander, Pastor Grant spent his childhood years on a farm in East Meadow. He attended elementary school in that community and later graduated from Hempstead High School. After receiving a degree from Adelphi University, he studied for the ministry at Gettysburg Theological Seminary, Gettysburg, Pennsylvania. His internship was served in two rural churches, Flohrs, McKnightstown and Trinity, Arendtsville, under the tutelage of Rev. Robert Schiebel. Pastor Grant also spent a year in the Pastoral Clinical Training Program, taking his field work at Greystone State Hospital, Morristown, New Jersey and at North Brothers' Island, a drug treatment center.

Upon ordination in 1955, Pastor Grant, served as Assistant Pastor of St. Paul's Lutheran Church, York, Pennsylvania for a year. In 1956, he returned to Long Island as Pastor of Epiphany Lutheran Church, Laurelton. In 1962, he received a call to St. Luke's Lutheran Church, Woodhaven, where he served until 1966. After a year of working for Lutheran Community Services, he became Pastor of Redeemer Lutheran Church in 1967 and has ministered to that congregation now for 13 years.

Pastor Grant received a Master of Social Service degree from the Adelphi School of Social Work in 1962 and a Doctor of Ministry degree from San Francisco Theological Seminary in 1979. In addition, he has studied

in various certificate programs, the Social Workers Institute for Alcoholism in Freeport Hospital, the New York Family Counselors Institute and the Post Masters Program in Gerontological Practice at Adelphi University. Pastor Grant, a certified social worker as well as ordained Lutheran minister, is a member of the Family and Child Counseling Association, the American Association for Marriage and Family Therapy and the Orthopsychiatric Association.

Theodore Grant serves as Executive Director of the Ecumenical Consultation Center, as a Chaplain of the Hicksville Fire Department, and is a member of the Town of Oyster Bay Youth Board. During the past academic year, he taught on the faculty of the Wurzwiler School of Social Work of Yeshiva University.

Pastor Grant and his wife, Nancy, have four children and one grandchild. Their daughter, Susan, is married to Bruce Weindrich, and resides in Washington, D.C. They have a son, Emmett, 10 months old. Their daughter, Julie, married to Joseph Lettera, resides in El Cajon, California. Their sons, Theodore and James reside currently at the Bridle Lane address.

YANKS TIE

The 1965 Yankees, coached by Bill Cresham and Pat McHugh, met their arch-rivals from North Babylon last week and after a hard-fought 80 minutes, came out with a 1-1 tie. North Babylon had been plagued by injuries all year (they've lost four games) and actually played a few games with 10 players but they had a full, healthy crew ready for Hicksville. These are the two strongest teams in the League and seem to take turns beating each other over the past year - both indoor & outdoor. This time they battled to a draw.

Hicksville had the better part of the play and many more opportunities but couldn't score until Steve Dolan moved up on a rebound of a corner throw-in by Adrian Pepi and rifled a shot just inside the right post. Coaches Cresham & McHugh had to make a few adjustments as left fullback George Marco was ill and couldn't play, Bobby Andrus is out for the season with an injury and Steve Thompson is

recuperating from an injury. On Sunday, the boys were leading Lindenhurst 1-0 when the sky opened up and the game had to be stopped.

The Yankees are leading the League with two games remaining but have not clinched the Division title yet. Northport has only one loss so is still in the running but they have 3 very tough games left with Huntington, Massapequa and then Hicksville in the last game of the Season. It is proving to be an interesting finish this season for the 1965 age group. The boys have a record of 6 wins, 2 ties and have scored 22 goals while giving up 6.

Chamber Questions T.O.B. Proposals to Solve Commuter Parking

The Hicksville Chamber of Commerce Board of Directors, at a special meeting held last week reviewed the proposal made by Councilman Thomas Clark, at the Town Board hearing held May 20th, 1980. This proposal was presented as a solution to the critical problem of commuter parking in the vicinity of LIRR Hicksville Station.

In general terms, Councilman Clark's proposal is regarded as far too shortsighted and without proper consideration of future "downtown" Hicksville in the 21st Century (only 20 years away). With this general feeling prevailing and recognizing the expressed opinion of the more than one thousand signers to the recent petitions sponsored by the Chamber, it was unanimously decided to review further each aspect of the proposal.

The Chamber will prepare for submission at the earliest possible date to the Town Board, item by item objections and alternative, forward-looking suggestions. The assistance of qualified technical advisors will be obtained in preparing this submission.
