Hicksville "Big Red" N.Y. State Champs

1968 Boys
The Hicksville "Big Red," coached by Jack McCann and Vinny Christiano, on June 7, won the N.Y. State Regional Cup. Sixty-four teams from all over New York entered this cup.

They started their road to the Championship with early round victories over Kings Park, 6-0; Smithtown, 9-0; Poughkeepsie, 6-1; and Deer Park, 2-0. Their semi-final match was very close and exciting, with Hicksville beating its arch-rival, Cold Spring Harbor, 2-1. The game was decided by penalty kicks.

The final was just as exciting as expected. The "Big Red" had to face the Cosmopolitan League champions, N.J. Union Kickers. The "Kickers" entered the game enjoying a 22 game winning streak. The game ended with Hicksville being the victors by a score of 3-2. Hicksville scored with about 10 minutes left in the game.

The fullbacks: C. Bentley, D. Donsky, L. Mejia, R. Humann, stopped numerous attacks from opposing strikers. But the most important part of any defense, the goalie, played by G. Tyranski played equally well, allowing 4 goals in 6 games.

The midfielders, D. Youngs, K. McCann, P. Thompson, were consistently and constantly supporting the front line with the added push needed in order to

score.

The strikers did a fine job in scoring. The goals were scored by D. Missimo, 12; P. Christiano, 5; P. Ziembecki, 4; A. Brill, 2.

In the six games, Hicksville outscored its opponents 28-4.

The boys now travel to Binghamton for the Eastern-Seaboard

Championship, July 3, 4, 5. The tournament consists of 10 state champions, thus becoming a "Tournament of Champions."

Mickey Boccafolo, who has unfortunately been unable to play this season, will hopefully be able to return for this important event.

Town Okays Parking Field For Italian Festival

The Oyster Bay Town Board has given its approval to a request from the Sons of Italy to use a public parking field as the site for its annual Italian Festival.

Situated west of Broadway between Carl and West Cherry

Streets, the parking field will be used for the festival between July 1 and 7. Town Councilman Thomas L. Clark noted that the festival's sponsor, Galileo Galilei Lodge No. 2253, will take full responsibility for cleanup of the facility after the festival.

HHS Graduation

Hicksville High School will have its 66th annual graduation on June 22, 1980 on the high school campus. There will be two graduations, one at 2:00 p.m. and the other at 4:30 p.m. The valedictorian of the class of 1980 is Jane

Batterman and the salutatorian is Nancy Stuhlmuller. During the graduation exercises there will be approximately 60 scholarships and awards presented to some of the graduating seniors.

At The Hicksville Library

On June 11 the project to eliminate architectural barriers at the Hicksville Public Library began. The first part of the construction were partitions to barricade the area where the actual elevator shaft will be located. In order to do this, three sections of shelving had to be moved. The books have all been reshelfed now, but the numbers run a little out of sequence. (There are large signs pointing to the proper sequence on all the shelves.) As the work progresses

there will probably be more disorder and mess to contend with. Bear with us during this time, it will be worth the trouble to have the entire community the full use of their library.

Only one half of the Community Room is usable during some of the construction period. Most summer activities will be held as usual, some on a smaller scale. We hope to return to normal by late Fall. We will keep you posted as the job progresses.

Reorganization Meeting

The Reorganization meeting of the Hicksville School District will take place on Tuesday, July 1, at 8:15 PM in the Administration Building. At that time, newly elected board trustee Mrs. Charlene Anci will assume the

seat held by Mr. Pierre Fujimoto for the past three years. Also returning to the board will be current board president, Mr. Daniel Arena.

The public is invited to attend.

Hicksville Prepares To Honor Miss Farley

Ninety-seven year old Mabel R. Farley, former Hicksville High School principal, will journey from her retirement home to personally accept honors as the Hicksville Alumni Association and Board of Education dedicate the High School Auditorium in her name, Saturday, June 21st.

The designation comes to one of Long Island's most distinguished educators to mark almost 50 years of service. Miss Farley has lived in Lewisburg, Pennsylvania

for the past 21 years.

The Community of Hicksville is aglow with warm anticipation for the visit of the beloved educator.

There will be a public presentation ceremony at the High School at 2:00 p.m. followed by a tea reception. One-thousand invitations have been mailed.

Co-Chairman for the sponsoring alumni are Mrs. Gwen Schaaf and Mr. Henry C. Brengel, Jr. Coordinating for the Hicksville School Board is Dr. Wilbur Haw-

kins.

Contributions for Alumni Plaque presentation continue to come in. Suzanne and Milton Levitt, Margaret Dunbar, Marite and James Hennessey, Henry C. Bungle Sr., Margaret and Christian Wolf, Grace and Anthony Way, Howard J. Finnegan, William C. Clark, Harriet A. Spenk and Mary Manelski were all donors at Holdens Stationery, on Broadway in Hicksville.

Hicksville Republican Club News

By Harriet Maher

Hi, Folks. Last week we promised to give you a profile of some of our committee persons. This column will tell you a little about Alex Pankoff (935-7733) and Matthew Donovan (822-3711). They represent the area that falls within the north side of Nevada Street from Burns Ave. running west to Gardener Ave. then running north along the Northern State Pkwy. to Broadway and back down to the north side of Princess Street then running west to the point of beginning.

Alex has been an active

member of the Club for many years. He has held the offices of president, first vice president, second vice president, third vice president, member of the Board of Directors, program chairman, editor of the EAGLE, and chairman of the first cocktail party held in 1956. He joined the Club in 1954, and in 1959 became a committeeman. His lovely wife, Louise, was instrumental in encouraging Alex to become a committeeman—a decision he's never regretted. Incidentally, we will be interviewing Louise Pankoff in a future column because she is also a committe

person in another area.

Alex and Louise have been residents of Hicksville for 28 years. They raised their three daughters, Barbara, Suzanne and Christine, in our community and the girls attended our local schools.

Matthew Donovan is a relative newcomer to the committeeman scene, but he is quite energetic and willing to be helpful to those people he represents. He and his wife, Sylvia are Hicksville residents and active in the community.

As you can see from the preceding, both Alex and Mat-

thew have a vested interest in Hicksville. If they are your representatives and can be of assistance to you in registering, enrolling, explaining voting procedures or aid you in any community related problems, please do not hesitate to contact them—they are more than willing to help you or provide you with the information and referral knowledge you may require. Just give them a call at the telephone numbers listed above.

And now we have a message from Frank Jopp, our chairperson for Senior Citizen activities:

"A subject of prime interest to all of us is social security. From the time we received our first pay check (for most of us) there has been a deduction from our salaries for Social Security benefits. When a senior approaches retirement, (s) he is concerned with that Social Security benefits (s) he will receive. Therefore, I'll except pertinent information from a 'Social Security Local Bulletin' I recently received, which you may find particularly helpful.

"People nearing 65 who are not already receiving Social Security benefits should contact the Mineola Social Security Office 2 or 3 months before their birthday, said Martin Stein, district manager. These people should do so in order to be sure that they have full Medicare protection the month they reach 65, even though they have no retirement plans. People not already getting monthly benefits have a limited time to act to be sure their full Medicare protection begins at 65.

If they don't act within the 3-month period before the month they reach 65, their Medicare medical insurance protection can be delayed from 1 to 3 months. Medical insurance may be delayed for a year or more if a person fails to act within the 3 months after his or her 65th birthday month, and the monthly premium may be increased.

"People should have certain evidence available when they contact the office, Mr. Stein said. This includes their Social Security card on a record of the number; proof of age, preferably a birth or baptism record made shortly after birth; and a W-2 (Wage and tax statement) or self-employment tax return for the previous year. Mr. Stein said that people who don't have this information should not delay contacting Social Security. The people at the Mineola office can suggest other evidence which can be used. The Mineola Social Security Office is located at One Station Plaza North, Mineola, NY 11501 or call (516) 576-9162."

"On a sad note, we learned that one of our most beloved seniors, Alberta Mc Tavish 'Bertie,' passed away recently. She was involved in many matters pertaining to senior citizens, community problems and civic administration. We all feel a deep sense of loss and 'Bertie' will certainly be missed."

Well, neighbors, that's all the new and information for this week. Next week we'll be back with more chit-chat and erudition. Till then, as President Lincoln once said "Be sure you put your feet in the right place, then stand firm."

Most of the elections are over, but we'll get to that later on.

We had a program at the Post which was really something. You probably read about Agent Orange. These young people are not only the most neglected, but most overlooked people in our history. Our Federal Government gives the impression like they never happened. Well it did happen, and they are with us and something has to be done to help them. No matter how you feel about the Viet Nam conflict, it's our responsibility to help and protect those who tried to help, and protect us. It was a fine program. This young Vet. was a real tiger, and a dynamic speaker. He stole the show. Of course what made him stand out is that he is a victim of Agent Orange. It isn't a pretty story but, it is the truth, and facts have to be faced. I didn't know much about this Agent Orange before but I know it is not any good. No notes were taken so you will have to accept what I gathered. It's a poisonous spray that destroys vegetation, and water. These giants of Industry deny it's harmful to a human being, we have living proof, and still the government won't accept it.

Before this program we had our installation. It was held in the old building, because we couldn't postpone it any longer. It should have been in the Month of May but we had invited the Queens County drill team for our initiation, which in itself was a disappointment when they didn't show, through some technical error. Our new Commander Mike

Monteleone is to take over at the next meeting on Good of the Order. Due to illness of our soon to be past Commander Al Vitiello, Mike did a lot of presiding this year for Al, so there is no reason why he shouldn't do a good job during his term of office. Al is now enjoying good health. Harry Wurth was Mike Monteleone's installing officer. Harry himself was installed Sun. to the high office of District Commander. Our new Pres. to the Ladies Aux. is Edna Barone, and Louise Vitiello is the Pres. of the Jr. Girls Unit. Our Congratulations to all you fine people. May you all have a very successful year.

Our joint installation dance will be held June 21st. It promises to be a fine evening. The music should be good as usual, the food even better and the refreshments, as much as ever. The price for tickets \$17.50 per person. During these inflationary times the price is reasonable, and affordable. It is kind of late, but the men with the tickets, Augie Barone and Mike Monteleone say they have a few more left. Don't lose out. Hope to see you at the party.

We had no lucky winner at the last meeting. Aside from the installation, and the paying of the bills there wasn't much else. We were trying to hurry because of the program on Agent Orange. Hope to see you at the next meeting Mon. June 23rd. Come in and sit in on the meetings. Al will open the meeting and Mike will finish.

Congratulations to Jane Rosenfeld, daughter of Carole and Walter Rosenfeld, of Charlotte Place, PLAINVIEW. Jane celebrates her Bat Mitzvah on Saturday morning, June 21 at Temple Beth Elohim. A reception for family and friends will follow at the Royal Lancer II, Woodbury. Jane's proud grandparents are Mr. and Mrs. I.L. Rosenfeld of HICKSVILLE.

Congratulations and best wishes to Evalyn Scotti, daughter of Lynda and Tony Scotti, Levittown, who graduates with honors from Levittown Memorial H.S. on Sunday. Evalyn, who graduated with honors from BOCES, County Center, Westbury, on June 14, will attend college in North Carolina in the fall. She will study pre-medical technology.

She is the granddaughter of Sheila Noeth of HICKSVILLE and the niece of Dorothy Bogart of JERICHO.

June 17 was a very special day in the Calvanese household. Mary and Vincent were married 30 years on that day. They celebrated by going out to dinner with their children in honor of this special occasion. Congratulations, folks.

And on June 15, Peter Ference's mother, Josephine, celebrated her 70th birthday. Pete and his brother, John, took their mother out to dinner at the Red Lobster on this auspicious event. It was almost a double celebration since John had his birthday occur on the previous Sunday.

One of HICKSVILLE's octogenarians, Ida Mae Herfurth celebrated her birthday on June 17. Ida Mae said she's "49 years

and holding." However, we learned from a reliable source, that it was her 83rd birthday. She had a pre birthday dinner party with two of her good friends, Jean Crawford and Marjorie Liberty. May you celebrate at least 83 more wonderful and happy birthdays, Ida Mae.

Our condolences to Artie Hirsch on the loss of his beloved brother Henry (Hank) Hirsch. Hank was well known in our community. He worked for 36 years for Rheingold Breweries. He will be sorely missed by this family and friends.

Congratulations to Barbara Bardenhagen who recently graduated from Farmingdale College with honors. She was on the Dean's List during her entire attendance at college. She considers herself to be very fortunate to have found work in her field, graphic arts, at North Shore Publishing Company.

Hey there, Jim Rennert. We couldn't forget to wish you an especially happy birthday on June 14. Jim's parents, Anne and Bob and his sister, Terri, and of course, his lovely wife, Maureen, made this a special day for Jim with a birthday party in his honor.

We attended a wedding of our niece, Denise, on June 14 and it was also a wonderful opportunity for a family reunion. Present at the wedding were relatives from New Hampshire, Vermont, New Jersey, Pennsylvania, upstate New York and Long Island. Vic Ingram, who lived here in Hicksville and attended our local schools for awhile, stayed with us, the Mahers, for the weekend. Vic resides in Exeter, NH, holds a full time position and is an

evening student at the University of New Hampshire. We had a wonderful time "catching up" on all the news with the rest of the family.

Almost forgot to wish Jean and Pat Cunningham a happy wedding anniversary. Jean and Pat were married 29 years on May 26. Congratulations to you both.

June 7 was a special day for HICKSVILLE. Lena Pietruszewicz - it was her birthday. Your family, friends and neighbors wish you much happiness in the upcoming year.

We would be remiss if we didn't mention that Jean and Bob Kaminek, HICKSVILLE, celebrated their wedding anniversary on May 20. Helping them enjoy the festivities were their children, Marie Louise and Robert, Jr. Good luck to you.

Richard and Suzanne Roby, are the proud parents of a daughter, Sara Elizabeth, born on May 18, weighing in at 7 lbs. 11 oz. Dad is a graduate of Hicksville H.S. Proud grandparents are Richard and Marguerite Roby, formerly of Hicksville, now of Jackson, Tenn.

Theodore Schuck, Jr., of HICKSVILLE, recently marked 30 years of service with LILCO. Mr. Schuck works in the utility's Electric Systems Operations Dept. as a Relay Technician.

David A. Soave of HICKSVILLE, a working overhead line foreman at LILCO, recently received \$475 Suggestion Award from LILCO for suggesting the installation of an assist strap on all electrical service bucket trucks.

SAILS ABOARD S.S. ROTTERDAM: Pictured Aboard the S.S. Rotterdam of Holland America Cruises just before sailing from New York are Mr. and Mrs. Joseph Graham of Hicksville. Mr. and Mrs. Graham were off on a Nassau Cruise.

LILCO's solar water heating system brings the sun down to earth.

We want to prove that solar water heating can work on Long Island. To do this, LILCO is conducting a demonstration program to install 600 solar water heating systems in single family homes. We've already installed our solar water heating system in 300 Long Island homes. Applications are still being accepted from other qualified Long Island homeowners who are interested in using the sun to save money and energy.

The LILCO solar system is a specially designed domestic water heating system that combines the use of solar and off-peak electric energy to help supply the average Long Island family's needs. Its use can provide significant energy savings.

LILCO is selling and installing the system at a special introductory price. And, as an added incentive, a solar energy system is eligible for a federal income tax credit of 40% of its installed cost. Financing can be arranged through a regular home improvement loan.

To qualify for installation of the LILCO solar system, your home should be a single family residence and have:

- No more than two stories
- Unfinished attic
- A south-facing sloping roof free of shade between 9 a.m. and 3 p.m., with standard asphalt shingles in good condition

- No more than five inhabitants
- And a basement or utility room for the location of the solar hot water tank. (Access space must be at least 29 inches wide. Area for the tank must be at least 5 feet wide x 6 feet deep x 7 feet high.)

If you are a LILCO electric residential customer interested in solar energy, and you'd like more information about the solar water heating system and whether your house qualifies, complete the coupon and return it to LILCO.

Dear Friends...

SOME FRIENDS and students of the late Mr. Neil O'Doherty have prepared a touching tribute to him, entitled "In Memoriam". It will be our pleasure to use this in next week's HERALD. It is lengthy, but we wouldn't cut a word out of it... for like, Mr. O'D, it is beautiful.

As you can see in this week's "Letters To The Editor," Dutch Lane third grade parents are beset with a unique problem. It is hoped that the Board of Education, at their June 25th meeting, will be able to come up with a solution.

Best wishes for success to all our graduates. Whatever your plans for the future, we hope that they always include self respect, involvement in church and community affairs and love for our Country.

VOLUNTEER AWARDS of the Hicksville Gregory Museum were presented recently to several members of Hicksville High School's Class of 1980 for their many hours of service to the museum. Certificates of ap-

preciation were presented to Christopher Barrow (left), Robert Conover, and Fabian Werner by Principal Raymond Rusch and Museum Trustee Elizabeth Pearce.

LILCO - Uranium Venture - Modified Agreements

The Public Service Commission announced recently that it has approved the petition of Long Island Lighting Company (LILCO) to modify two agreements by which the utility sought to secure a uranium fuel supply by financing development of a mine and mill in New Mexico.

The Commission did not rule on how much of the cost of uranium it would allow LILCO to recover from its customers' rates, leaving that decision for future rate cases. However, the Staff analysis that the Commission relied on in approving the modified agreements concluded that "ratepayers should not bear the risk that the renegotiated prices will result in higher fuel costs than if the uranium were purchased in the market." If the uranium costs under the agreement are higher than market, the excess cost should be

borne by the company, the Staff said.

As a result of the Commission's actions, Occidental Minerals Corporation (Oxymint), a subsidiary of Occidental Petroleum, will be able to complete the acquisition of the common stock of Bokum Resources Corporation, with whom LILCO originally made the uranium purchase and financing agreements.

LILCO already had put \$72.8 million into the uranium venture: \$20 million as advance payments for uranium, and \$52.8 million in loans. As a result of the modified agreements, LILCO will not be required to advance or lend any more money for uranium fuel. Instead, Oxymint/Bokum will, on the date of closing the deal, pay LILCO a total of \$13.7 million, of which \$11.7 million results from a

Letters To The Editor

To The Residents of Hicksville,

We are vitally concerned about the proposed staffing of Dutch Lane's third grade class for the 1980-81 school year. We feel that our community should know what is proposed for this group of youngsters.

Although there are two second grades this year, The proposal is to have one third grade next year. This third grade class will be quite unique. It will consist of three sets of identical twins and a set of cousins. We feel that the composition of this class is unwise emotionally, socially and psychologically for all the children involved.

Administration has offered a solution to bus any or all of the sets of twins to another school. We believe that this is contrary to our district's policy of the neighborhood school concept. Furthermore, by suggesting that the twins be sent to another school we feel that the district is discriminating against these youngsters. To suggest that they be sent away from friends and a familiar school setting for the sake of a teachers salary makes us wonder about Administrations priorities. If in fact Administrations goal is, "to provide the best education for our children" we suggest that their solutions don't match their goal.

Dutch Lane has always prided itself on it's expanded special education program. We believe that Administration has failed to address this with regard to the third grade. This class will have 27 children plus an underdetermined number of special education children who will be mainstreamed on a daily basis.

Mainstreaming is a vital part of special education and in the past Administrations in the past have always tried to keep class sizes reasonable to accommodate these additional youngsters. To add these children to this class, which will now have the highest third grade register in the district, will certainly be a disservice to our special education youngsters as well as the regular class.

We recognize that Hicksville is in an economic crisis and the thought of an expenditure for an extra teacher may seem unreasonable. If there were none of these "unique characteristics" to this class we would certainly agree. However, we feel that the circumstances and the well being of these children justifies the economics.

PTA is an organization dedicated to the welfare of children. For this reason we could not in good conscience condone Administration's solution to this problem and urge them to reconsider their decision for next year.

Sincerely,
Dutch Lane
PTA Executive Board

Dear Editor:

This letter is in regard to the future 3rd grade class of Dutch Lane School. I am a parent of a set of identical twins. In your issue of the HERALD, dated June 13, 1980, the article on the School Board meeting states that "Dr. Hawkins has difficulty justifying a ratio of 13 and 14 in a class." There is nothing to justify! What the problem here is, is a very

unique situation. In this class you have three sets of twins and a pair of cousins. I doubt if there is this problem in another elementary school in this district. Putting these children together is totally uneducationally and psychologically unsound. Busing them out of their school is wrong and discriminatory. It is not their fault that there are two of them!

When I moved here two years ago, and registered my children for school, I was told that it is district policy to separate twins. They stressed the fact that they would grow as individuals educationally, socially and psychologically. Now I am told that it is fine to put them together.

We bought our home here because of the high rating of the school district and the fact that they have neighborhood schools with walking distance of our home. I did not move here to have my children bused all over the district.

There is no way that Dr. Hawkins or the school board can "justify" a class of 27 students, who have 30% of their classmates related through birth. The competitiveness between these siblings would be unfair to their other classmates and their teachers.

Sincerely,
Mrs. Angeline Wittig
EDITOR'S NOTE: The HERALD has received six additional "Letters," stating the signers' opposition to the district's proposed solution to this unique problem. Their reasons are the same as those presented in the two "Letters" we have chosen to print in this column.

Comments On The Hicksville Gregory Museum

By Dick Evers

The Mount St. Helen's volcano continues to be big news in the Pacific Northwest. 3,000 miles east of the greatest fallout, some of the volcanic ash has come to rest at the Hicksville Gregory Museum where it is attracting more and more viewers these days.

Those interested in seeing the Museum's Mt. St. Helen's exhibit and in taking part in the museum's fund-raising Clearance Sale are invited to visit the museum in the Heitz Place Courthouse between this weekend and next (June 20 - June 29th). On sale will be many lovely items from the museum's Gift Shop inventory of jewelry and decorative objects crafted from natural materials, at greatly reduced prices. "Rock hounds," new rock collectors and hobbyists will find a vast assortment of rock specimens from the Gregory Museum reserve collection available at bargain prices. The money generated from the sale will help sustain the Museum's plant maintenance until its grant applications for Federal or State aid materialize or are rejected, early this Fall.

Museum Closes to Public on June 30

The decision of its Trustees to close the museum to the public still stands, however. The museum will remain closed until governmental grants or help from private philanthropy materialize or until an agency of local government can be induced by the public will to take over this unusually active, highly relevant and unique Earth Science Museum.

As of this writing, Town leaders have explained their reluctance to accede to the Hicksville 4100 signature voter petition for

Town of Oyster Bay administration of the museum in several ways, we understand. Both the Supervisor's office and Town Councilman Clark have stated in letters to museum supporters and leaders that the various Town Councilmen are unwilling to impose a general town tax levy upon their respective constituencies for support of a museum that serves the entire county. The Town Board seems to feel that the County should operate this museum - at Garvies Point, if necessary.

Regarding the Hicksville voter petition request for Town of Oyster Bay operation of the Museum as part of the Hicksville Park District, TOB Supervisor Joseph Colby explained to Mrs. Sheila Noeth, Editor of The Mid Island Herald that a referendum to authorize this would not be possible due to the fact that the NY State law does not authorize such referendums on any propositions involving less than two million dollars.

However, the voters of Hicksville Park District, 4100 strong, in their petitions of April 15th to the Town Board, expressed a willingness to increase their tax burden to provide an appropriation for the Hicksville Gregory Museum's

renovation and annual operating cost of \$70,000.

The museum leadership would like to clarify a misconception some Councilmen have been voicing in official response to letters from museum supporters. The Museum is not presently engaged in any inquiries with the Hicksville Public School or Library Boards regarding their "take-over" of the Museum. The local School and Library Boards declined to assume administration of the Museum in 1979. The Town Board alone is the focus of the current museum effort for public support, unless, of course the County would enhance Oyster Bay by operating the Museum at its present Hicksville location, in the National Historic Place, the Heitz Place Courthouse.

Regardless of the way it is done, Hicksville and the Town must make every effort to keep this cultural, socially uplifting institution at its present location. The fabric of our society, economy and government in the 1980's must be enriched, strengthened by opportunities for spiritual revival and constructive leisure-time activity such as the Gregory Museum affords.

Jones Institute To Close

The Trustees of the Jones Fund have announced their decision to terminate the operation of the Jones Institute, a residential adult home for indigents, located at West John Street, Hicksville. The New York State Department of Social Services has been officially notified to this effect and the facility will cease to operate as soon as the approximately sixty residents can be

relocated. The decision to close was compelled by a variety of factors. The building, built in 1925, is no longer cost efficient for its purpose and the expense that would be necessary to modernize would not be warranted. The present level of Supplementary Security Income (SSI), the principal source of revenue,

Children All Over The World

Recently, Mrs. Gertrude Paul's first grade class at East Street school presented, "Children The World Over" for parents, teachers and guests. The revue was a culmination of a class project of several months' duration, in which each child selected a different country and did an in-depth study of it.

The atmosphere was created in a room decorated with pictures and artifacts from all over the world. The children sang in many

languages, presented a long "choral speaking" playlet, danced ethnic dances and demonstrated some of the ways children play in other countries.

The revue was followed by an international luncheon for all who attended. Dressed in colorful costumes representing the nations they studied, the children also passed around scrapbooks with photos, stories and products of those countries.

All who participated had a delightful time!

VOLKSWAGEN

Poly-foam padding all seats. Real deep-down comfort, even on the longest trips. Excellent support for lower back, legs, thighs.

Finishing details. The superb paint finish, the fitting of moldings, the smooth operation of vent windows, seat adjusters, brake and clutch pedal, the richness of interiors, and the new softer ride.

Over 200 cubic feet of total capacity. That's 20 cu ft more than the previous type II.

Superb visibility for driver, passengers. Much greater glass area than previous type II (2% larger windshield, 22% greater side window glass area, 92% greater glass area in rear window).

Vent windows. Sorely missed in nearly all conventional station wagons, these days! Vanagon has them in the front doors, in the sliding side door and in the window opposite the side door. (The rear vent windows are the sliding type.)

Electric windshield washer. Replaces previous type II "air-pressure" type.

Lightweight: 3087 lbs. curb weight. Compare Vanagon to Ford, Chevy, Dodge vans, that may sometimes have a curb weight that is as much as 1000 lbs. more. (More weight requires more energy to move it around.)

Out-of-the-way spare tire storage. Compare Vanagon with others that stow the spare inside (where it takes up precious space), or on an optional exterior mounting bracket. Vanagon's spare also aids in giving a more balanced ride and weight distribution.

A bifurcated frame design. The arms of which bear against a "deformation element" (made from pressed and spot-welded steel) behind the front bumper. This helps absorb energy during an impact. (Bifurcated means fork-like, divided into two parts or branches.)

Radial tires. A set of five are included, as standard Vanagon equipment.

An advanced design, fuel-injected engine. Slim and very flat, providing more interior room. Many new features. Proven by over five million predecessors. Use revised EPA Mileage Estimates.

This interest rate is an annual equivalent rate. However the term of this certificate is 26 weeks. To earn annual yield shown, 6-Month Money Market Certificates, if available at maturity, would have to be renewed at the interest rate shown. At the time of renewal this interest rate may be higher or lower than 4 is now. Federal regulations prohibit compounding of interest on this account. No withdrawals are permitted except under special circumstances.

Other terms available, all at the highest rates allowed by law. On all accounts, interest/dividends must remain on deposit a full year to earn high yields shown.

It's your choice—cash or gift—when you bring in a depositor who opens an account in amounts from \$10,000 to \$70,000 or more. And the depositor gets to choose any gift from our depositor selection.

Creating fun for your children is only one of the aims of over 100 teachers and helpers trained for Vacation Bible School at Trinity Lutheran Church, 40 West Nicholas Street, Hicksville. "GOD'S HAPPY PEOPLE," is this year's theme.

In addition, to arts and crafts there will be songs, music, Bible stories, worship, recreation, and

refreshments.

All children from the ages of four to fourteen are invited to attend.

REGISTER NOW for either of two sessions: July 7 through July 18 or July 28 through August 6. Classes are from 9 a.m. to noon, Monday through Friday.

Call 931-2225 for more information and registration forms.

Diocesan Family Day Celebration

The deadline for reserving a space at the June 29 Diocesan Day of Celebration and Prayer for Family at the Nassau Veterans Memorial Coliseum is drawing near.

The event, a first time ever call by the Diocese of Rockville Centre to gather people together in a public affirmation of their belief in family, is free and open to people of all ages and in all

family situations. Some tickets are still available, and people wishing to join in this Island-wide witness for families should reserve their places immediately. Tickets may be picked up at any local Catholic parish.

Highlights of the day, dedicated to a theme of "From Age to Age He Gathers a

People," is an address by Cardinal Leo Joseph Suenens of Belgium, a concelebrated Mass with Bishop John McGann, as principal celebrant, and priests from the diocese of Rockville Centre, and a musical program featuring adult and children's choirs. Event begins at 2:00 p.m.

For further information please call 678-5800, ext. 394.

HICKSVILLE THUNDERBIRDS DIVISION CHAMPIONS

By Joe Neto

On Saturday, June 7th, the Hicksville Thunderbirds hosted the Massapequa Eagles for their first encounter of the season. Both teams were undefeated. Hicksville in first place with a 6-1-0 record and Massapequa in second place with a 5-2-0 record. The Thunderbirds game plan was to keep Massapequa from scoring and to play mostly a defensive game. Although Hicksville played defensively the scoring opportunities were there but the Massapequa defense was also very strong and turned the Thunderbirds offense away. As a result the game ended in a 0-0 tie. The tie kept Hicksville in first place by one point ahead of Massapequa but Auburndale in third picked up a point in the standings and put them 2 points behind Hicksville.

On Sunday, June 8th, the Thunderbirds traveled to Rockville Center to play a make up game. The boys played super and came home with a 3-0 victory. Massapequa also playing a make-up game knocked off Auburndale by a score of 3-1.

On Wednesday, June 11th, Hicksville and Massapequa were scheduled to play each other in a make-up game, the last game of the season for both teams. Again the line up had to be rearranged to provide a more defensive game without taking away from the offense. But this time Massapequa had to go all out for the win as they still trailed Hicksville by one point in the standings. But it was not to be, the Hicksville Thunderbirds defense proved to be too strong for Massapequa's offense and turned them away and once again these two teams played to a 0-0 tie.

Cheers went up on the side lines as the final whistle blew to conclude a very successful spring season for the Hicksville Thunderbirds. The team finished the season undefeated with a 7-3-0 record and the division championship for the second time. The Thunderbirds: George Antaki, Michael Ayres, Kevin Conway, Joey Doherty, Richard Fraser, Andy Horne, David Kanuck, Tommy Kenny, Richard Markey, Brian McKenna, Joey Neto, Michael Pryves, Tommy Roman and David Weinberg.

"Hicksville Rowdies"

The Rowdies ended a fine season by defeating Northport 2-1 in their closing game. The boys

finished with an excellent 7 and 2 record, only one point out of first place.

This team with great spirit on and off the field. Parents and children get together for group outings, dinner, softball games and away games. All who journeyed down to Virginia for the Memorial Day Festival weekend had a wonderful "traveling" experience.

The Rowdies are a close team playing good competitive soccer under the direction of a caring coach. Our thanks to coach Jim Reardon and the Rowdies for allowing us to share in competitive youth sports at its best.

Upcoming HASC Title Snowdrift

Boys under 12 - "Big Red" coach, Jack McCann, sponsored by the Joseph Barry Council of the Knights of Columbus, has captured the Southern N.Y. State Title of Champs. They will be competing over the 4th of July weekend with the State Champs from some nine other East Coast States for the Eastern Regional Champions.

Boys under 19 - "Minutemen" coach Ken Groves, sponsored by Bethpage Transmission already the State and Regional Champs are traveling to Omaha, Nebraska to compete for the National Boys U-19 title.

Boys under 14 - "Strikers" coach Steve Goulay and Boyd under 15, "Yankees", coach Peter Collins, will be competing this weekend for the Long Island Junior Soccer League Cup title in their respective age groups.

Good luck to all the Hicksville boys.

YANKS WIN TWO

The Hicksville Yankees (boys under 15 born in 1965), coached by Bill Cresham and PAT McHugh, scored 10 goals over the week-end chalking up their 20th and 21st victories of the Spring Season. This includes League games, Regional Cup, Long Island Cup and Tournaments. In the first match, John Mitchell, Jimmy Demarco, Paul McGeough and Cliff Feldman found the net in a strong 4-0 win over the Massapequa A.C. This win earned the boys a berth in the championship game for the Long Island Cup, which will be played next week. On Sunday, the boys played their next to last League game against Northport and completely dominated the sailors by a 6-2 margin. The coaches were particularly pleased with the boys performance in this

game as Northport was in 2nd place and if they could beat the Yankees, they would be tied for first. In addition, Northport scored first but the boys never lost their confidence and played good, solid soccer - pouring in six goals (Demarco 2, Thomson 2, Smyth, Mitchell). Tenacious Tyranski gave Northport a goal in appreciation for the water at halftime. With one League game remaining, the Yankees have an excellent shot at the Division Title and also the L.I. Cup.

This week, third graders at Old Country Road School presented "The Mother Goose Caper" for parents and friends. Characters included:

LILCO (Continued from Page 4)

rearrangement of financing agreement and \$2 million is a refund on the purchase agreement.

The modification of the uranium purchase agreement reduces from 10 million pounds to 6 million pounds the amount of uranium fuel that LILCO will obtain, and changes the pricing structure. The new prices for uranium will be the higher of: (1) a discount from market price of 5% the first year rising by 1% each year to 10% where it will remain after the sixth year, or (2) a base price of \$33 per pound, of which 90% is escalated on the basis of regularly published indices. The \$18 million remaining as an advance on the uranium contract will be credited to LILCO as a discount on uranium that it receives from Oxymin. The original contract contained specific prices for various quantities.

The remaining \$11.7 million that LILCO will receive at closing include: \$6 million accrued interest (at 10.5%) on a 1978 note for \$45 million; repayment of a \$1.3 million interim operating loan (January 1980), and a \$0.4 million interim loan (May 1980), plus \$4.0 million representing:

principal on the 1978 note, and additional interest on that note and the interim loans.

The Commission Staff reported that: "Bokum has experienced numerous defaults under its contracts with LILCO-including defaults of delivery requirements of uranium concentrates. Bokum is also unable to make cash payments of interest on the loans..." That left LILCO the option of foreclosing on Bokum, a course that the utility said would require costly and long legal proceedings, or modifying the loan and purchase agreements.

The Staff said it saw several advantages in the proposed modifications, including: (1) it reduced LILCO's obligation to purchase uranium more nearly in line with its requirements for Shoreham and Nine Mile Point 2, (2) it enabled LILCO to recover about \$13.7 million by next fall, much sooner than originally expected, (3) it relieved LILCO of further financial obligations and strengthens the security of LILCO's loans, and (4) it requires Oxymin to deliver 6 million pounds of uranium concentrate, even if it cannot all be obtained from the Bokum mine.

JONES INSTITUTE (Continued from Page 4)

makes it difficult to maintain the standards set by the Trustees. The SSI rate has not kept pace with the substantial increased costs of fuel, food and almost all budget items during the last few years as well as the even greater requirements of the New York State Department of Social Services. The neighborhood has become less appropriate for a residential home due to the increased development of light industrial uses.

The Trustees have been fortunate in securing the King Kullen Grocery Company as the purchaser of the thirteen acres of property. Their plans for the development of the property have not been fully formulated.

While the Trustees regret the necessity for their decision, the prompt disposal of the property will enable them to implement their intentions to relocate and build a new modern efficient facility in an appropriate setting.

The Mother Goose Caper

played by Andrew Pagano.

Hemlock Bones played by Thomas Reilly.

Dr. Datsun played by James Kneisel, and a host of Mother Goose characters, from "Mom" herself through the Three Bears

and the Old Woman Who Lived in a Shoe.

The teachers responsible for the fine production are Cathy Dillon, Bea Harnett (who wrote most of the script) and Joan Wells.

Hicksville's Community Council Dinner

By Carole Wolf

Over 150 active Hicksvillians attended the annual Hicksville community Council Dinner which was held on Thursday, June 5th at Antun's. Good talk and warm hospitality was the order of the night as organizations mingled and discussed the latest hap-

SERVICE AWARDS: Oyster Bay Town Councilman Thomas L. Clark (right) and Salvatore R. Mosca (left) were on hand to present special service awards from the Hicksville Community Council to the Galileo Galilei Lodge, Sons of Italy, represented

here by Venerable Tony Previte, (second from left) and the Hicksville Kiwanis Club, represented by past president Kingsley Kelly (second from right). Also on hand was the Community Council's president John Budnick.

penings in our town.

Judge Warren Doolittle, a former Second Vice President of the Hicksville Community Council, came back to install the officers for the 1980-81 season. He swore in First Vice-President Cathy Steckler, Second Vice-President Councilman Tom Clark, Secretary Al Peck and Treasurer Clara Bennett and then separately charged President John Budnick, with the duties of office for his second term.

The next item on the agenda was the History of Hicksville 1979-1980 presented by Carole Wolf. Highlighted in the history were the many organizations that help make Hicksville work. "But through all our sweat and toil," she concluded, "the one who brought Hicksville to national attention was our own rock star, Billy Joel."

There were two Community

Awards given this year by the Council for "outstanding achievement" in the Community. Tony Previte, Venerable, accepted the award for the Galileo Galilei Lodge for the design and creation of the Hicksville U.S.A. monument in the JFK Park and King Kelly accepted for the Hicksville Kiwanis Club, Inc., for their work and perseverance in the construction of the memorial fountain. Both groups displayed the spirit of which we can all be proud.

As this has become a Council Dinner tradition... every attendee was introduced and recognized for the work they perform for Hicksville. Joseph and Barbara Adduci and Tom and Angela Cava from Our Lady of Mercy Parish, John (Hicksville School Board) Ayres, Ken Barnes, Director of the Library, Elery Bean who

celebrated 25 years with the Library Board, Bill (Hicksville School Board) and Clara (Library Board) Bennett, Reverend Domenic Ciannella and Deacon Ann Lyndall from Trinity Episcopal Church, Marie and Carol Budnick, mother and sister of the president, Councilman Tom and Corrine Clar, Past-President of the Kiwanis Club, Henry Brengel Sr., and his lively wife Anna, Mary Cordier, outgoing President of PTA Council and Marie Corrigan, corresponding secretary of the Senior High PTA all said hello.

They greeted Warren Doolittle, Acting Judge of the County Court, Sam Agrillo and George Melbourne from the Elks Club, Fred Vevante, President, and Helen Henderson, Hal and Carol Mayer, Joe Jabonski, Tom and Dottie Gallahue and Jo Mulloy from the Hicksville Republican Club, Dick (Hicksville's Historian) and Anne Evers, Pauline Fava, Old Country Road PTA, Dr. Catherine Fenton, assistant Superintendent of Elementary Schools, Ronald

Friedman, Administrative Director of Personnel, Ann Freysson, President of Dutch Lane PTA and Norma Goerke, new President of the Junior High PTA.

Toby Goldstein, President of the Hofstra Singles Club mingled with HAD's Jean Gould and her husband Larry, Dr. Wilber Hawkins, Superintendent of Schools, Kathleen Hogan, Administrator for staff/community relations, Mary Koenig and Sheila Noeth, Arlene Leeds, President of Hofstra Alumni Art League, Soccer Coach Jack Martin and Fork Lane PTA delegate Vicki Martin and members of the Hicksville Fire Department including Chief Donlon and his wife, Martha, Chief Magee and his wife Renee, Chief Schuckman and Linda DeRiso, Secretary Walter Brady and Georgetowne Chirico, Ex-Chief Gus Cosonas and Director of Safety and Training, Gordon Jenkins.

More names in next week continuation of this report.

Sophomore Gets Reading Award

Alan Graber, a sophomore at Hicksville High School, received an Albert Hirst Readings in American History award recently.

Of thirty-seven Hicksville High School students who enrolled in the program, now in its eighth year, Alan was the only one to complete twenty-five required readings about the U.S.A. He had little to say of his accomplishment. "It was worth it!" he exclaimed as he received a fifty-dollar check in the office of Principal Raymond Rusch.

The program was initiated by the late Albert Hirst, an attorney who set aside \$10,000 to encourage students to learn more about their country - its history, its role as world leader, its future - by reading books outside the classroom.

Since its inception at Hicksville High School Library in 1972, over five hundred teenagers have entered the program in school and public libraries throughout Nassau County, and over \$5,000 has been awarded.

The program is administered by trustees Dr. Eric Hirst, son of the benefactor and recently retired language teacher at Hicksville High School, and Mr. Carl Danna, Hicksville High School Library Division Ave., Hicksville, N.Y. 11801; (516) 733-2131.

• Take a small serving for a big serve. If you've got a tennis game in an hour but are starving now-eat light. A salad, or soup and piece of bread will keep your volley strong. The best time to eat is two hours before you play, allowing the body enough time for digestion.

• What do baton twirling and disco dancing have in common? They are two of the safest, heart-training sports because they require movement of the arms. According to the United States Twirling Association, the heart must work 2 1/2 times as hard to pump the same amount of blood through your arms as through your legs. While your legs and arms get a work-out, so does your heart!

Galileo Lodge News

By Joe Lomazzo

VENERABLE TONY PREVITE'S MESSAGE: "Desire nothing for yourself which you do not desire for others," so stated the great philosopher Spinoza. If you seek pride and dignity for the Galileo Lodge, then you will be helping others to seek these same attributes. Loyalty and sincerity are contagious.

To forward any information concerning the good and welfare of the Galileo Lodge, please contact Venerable Tony Previte at 731-0466.

Many pleasurable and fulfilled activities enhance the Galileo Lodge's summer schedule of events. From July 2nd to the 6th, the Galileo Lodge will present its Italian Feast at

Parking Field #1, Broadway, Hicksville. Rides, amusements, live music, food stands and Las Vegas tents will offer you many enjoyable moments. Skip Monteforte is the chairman, and he states that much help will be needed from the membership; so if you are desirous of giving up some of your leisure time in order to help out the Lodge, why not call Skip at 931-9351 for more information about this feast. Then there is the Night at the Races, also presented by the Galileo Lodge and which is scheduled for the 18th of August, at Roosevelt Raceway, Westbury, L.I. Price of admission is \$15 per person and this fee entitles you to a fine dinner at the Cloud Casino and Clubhouse entrance. Contact Tony

Balestrino, the chairman, by dialing 785-1462 and he will offer more details about this gathering. Friends and relatives are also invited.

And for you golfing enthusiasts, the Galileo Lodge will present its golf outing on the 29th of June, at the Heatherwood Country Club. Price of admission (greens fees) is \$8.00 per person. Departure time will be 7:30 A.M. from the Lodge quarters, 200 Levittown Parkway, Hicksville. Contact the chairman, Jeff Wallick, by dialing 681-8428 and he too will offer additional information about this outing. The Galileo Lodge also announces that on August 2nd it will present an Hawaiian Dance replete with all the characteristics and modes

of a real South Sea island activity. More details will be forthcoming from Skip Monteforte, Jeff Wallick and Pete Massiello, the members who will be associated with the running of this dance.

LODGE TIDBITS

Teddy Marotti, chairman of our last Blood Bank Day, states that 49 pints of blood were donated. He thanked the members of our Lodge and those of others for their participation, but being ever so thankful of the efforts made by the Hicksville community to donate their life-giving properties to our Bank. Everyone who donated automatically became a member of this blood bank. And a great deal of thanks to the Ladies Auxiliary who did an outstanding job at this blood bank session. The Galileo Lodge is in deep appreciation of these efforts. I might add ... Jeff Wallick of the Galileo Lodge states that plans are being readied for a Fall

Bowling League within the Galileo Lodge itself. It will be a mixed league, and Jeff will offer more information on this activity later on ... Jeff Wallick, by the way, states that plans are also being made for a Day at Shea Stadium. More details on this activity will be forthcoming. Prizes will be offered to the golfers who participate in our golfing sessions, and this should increase interest in this activity. Jeff Wallick and Jim Pino will absorb these chores. Very sorry to hear that John Guiliano and John Iannotti have been hospitalized. Everyone here at the Galileo Lodge wishes them a speedy recovery. Sorry to hear that Joe Iannotti's grandson met with a serious injury recently, and once again we here at the Lodge wish our best to both of them. This affair is quite premature right now, but the Galileo Lodge announces that it will hold its Testimonial Dance honoring Tom Pasquarella on the
