# Town Begins Long-Range Plan To Add 350 Commuter Parking Spaces

On June 22 Oyster Bay Town Supervisor Joseph Colby praised the Town Board for its votes to acquire land for hundreds of parking spaces at the Hicksville Long Island Railroad Station.

Following a public hearing and the passage of an assortment of resolutions, the Town can proceed to have several parcels appraised; enter negotiations with the land owners, and make purchases and do construction with up to \$1,650,000 in bonds.

The land involves three parcels in the vicinity of the station on both sides of Barclay Street between Wyckoff Street and

Marion Place. There are approximately 6.24 acres of land involved with the possibility of immediately providing about 350 parking stalls.

Part of the land nearest Wyckoff Street now holds some temporary Town parking facilities.

Eventually, it is hoped to build a multi-level parking garage on this site, according to Town Councilman Thomas L. Clark.

"That project is in the future," Clark said. "We expect these new fields, however, to be available for use in the late Spring or early

Summer or next year if the proceedings go according to schedule."

Supervisor Colby pointed out that the Hicksville Station is the heaviest used on Long Island and additional parking in the area is absolutely essential. "Unless more parking is provided, the numbers of commuters using that station will begin to seriously upset both the business and residential community surrounding it," Colby said. He noted that the Town will be looking for state or federal aid to help pay for these necessary facilities.

## Chamber Still Differs With Town .... On Downtown Development

At its June 17th meeting the Hicksville Chamber of Commerce posed the following questions to Town Councilmen Thomas Clarke and Joseph Saladino, who were present at the Chamber's invitation to help clarify matters regarding the development of downtown Hicksville and the triangle area, particularly in the proposed solution to commuter parking which the Town is presently attempting to solve. (See article immediately above this one).

The Chamber stressed that they are not opposed to commuter parking...only in putting this parking on land which must be purchased and taken off the tax rolls.

In question and answer form, the following is presented:

**Question:** It had previously been stated that any parking garage built for commuter parking had to be of a specific size. Where was such a size regulation set forth?

**Answer:** Mr. Clark stated that there is no regulation regarding minimum size but that there is a practicality to the size proposed by the Town Board.

**Question:** The Town Board has stated that if a parking garage was to be built it had to be rectangular in design, thereby obviating the possibility of erecting such a structure in the "Y" area near the railroad tracks. Where

was this regulation set forth?

**Answer:** Mr. Clark stated that that is no regulation stipulating that parking garages had to be rectangular in design, but that it is more feasible.

The Chamber stated that this does not necessarily preclude the possibility of building a parking structure in whatever design is adaptable to the land available, already off the tax rolls, as previously suggested by the Chamber.

**Question:** Previously the Town Board had said that parking facilities had to be within 1,000 feet from the railroad station. The Chamber wanted clarification as to where this 1,000 feet distance should start to be measured...and where is this regulation set forth?

**Answer:** Mr. Clark stated that there was nothing in any code which required a parking facility to be within 1,000 feet of the railroad station. He did, however, point out that he felt that this might be a requirement in any application for Federal funding, which could only be applied for after acquisition of a site.

**Question:** Is there any indication or assurance of Federal funding?

**Answer:** It looks good.

**Question:** Why was further consideration not being given to enlarging the existing parking garage which had been provided for at the time it was built?

**Answer:** Mr. Clark said that

consideration would eventually be given to the possibility of enlarging the existing garage but said that this would necessitate closing the present facility during this work.

Several persons spoke, raising objections to this theory, citing several examples of where parking garages had been enlarged during continuing operation of same.

President of the Chamber Vernon Wagner, and prominent local businessmen Kingsley Kelly and Charles I. Montana spoke on the question of better communications in advance of planning for this area between the business community and the Town Board. They also asked the councilmen present to have the Town Board utilize the expertise of local business people in reaching decisions that will have such a major effect on both the residential and business community, giving particular attention to rising taxes, traffic control, and environmental and economic considerations.

"It is our wish to maintain a continuing flow of communication on these all-important matters between the Chamber of Commerce and the Town Board," said President Wagner. "For we all believe that over-all planning is essential and we do not approve of fragmented plans. This can only be accomplished with the Town's cooperation," he concluded.

## Mr. Fujimoto Honored By Board

By Linda Strongin

Hicksville School Board Trustee Pete Fujimoto was presented with a plaque by Board President Dan Arena for his service the past three years as a Board member. The presentation was made at Wednesday evening's Board meeting, which was Mr. Fujimoto's last official meeting. He did not seek re-election this year.

Mr. Arena thanked him for his

service and for being part "of the team." He also thanked Mr. Fujimoto's family for letting "us use him." Mrs. Diane Fujimoto and sons David and Daniel were present in the audience for the presentation.

Other Board members also expressed their thanks to Mr. Fujimoto. Secretary Bill Bennett stated he admired "Pete's analytical mind and knack for zeroing in and coming to the point."

Mr. Fujimoto expressed his thanks to the Board members, administration, staff, and, in particular, his family for the time spent away from them because of Board business. He also thanked "the voters who voted for me. I did the best I could for the education of our children."

In other action, the Board adopted the policy banning smoking at school board

# Galileo Lodge News

By Joe Lorenzo

Photo shows Chairman Teddy Marotti (right) and co-Chairman Jim Pino relaxing a bit after their

heavy chores were taken care of during The Galileo Lodge's Blood Bank session held a short time ago.

**VENERABLE TONY PREVITE'S MESSAGE:**  
"There is nothing truly valuable which can be purchased without pain or sacrifice", so stated Joseph Addison, eminent

author and essayist. "Prestige, dignity, integrity and greatness are social. Commodities not easily purchased either-and surely not easy to come by, I might add here. If they are ever to

be achieved, they can only be achieved through hard work and sacrifice. Nothing that is of any social value to us as individuals comes easy, because obviously we always pay the price in either sweat or tears."

## L.I. COASTGUARDSMAN CITED FOR ROLE IN SAVING WOMAN!

Petty Officer Paul P. Anselmo, of Levittown, son of Mr. and Mrs. Frank Anselmo of the Galileo Lodge, has received the Coast Guard Commendation Medal for rescuing an 18-year-old woman who was stranded on the top of a tree by the overflowing Appomattox River near Richmond, Va. On Sept. 8, Anselmo, 28, an aviation machinist, was serving with a Coast Guard helicopter rescue squad that was searching the flooded area. The crew spotted Cathy Clowes clinging to tree-top and attempted to lower a rescue basket, but the effort nearly failed. Anselmo said, "when she

climbed into the basket, it fell into the water. The current carried her downstream and the cable became caught on the trees. I notified the pilot of the situation and guided him around the trees until the cable was free." Paul Anselmo is stationed at the Coast Guard Air Station in Elizabeth City, North Carolina, and Mrs. Anselmo have the right to beam with pride these days, and the Galileo Lodge, which is in full acknowledgement of such a heroic act, extends to all the Anselmo family its heartiest congratulations.

**Tempus Fugit!** Yes, time is going so quickly that before you know it the Galileo Lodge's Italian Feast will be upon us. From the 2nd of July to the 5th, Hicksville (other areas are welcome, of course) will be treated to an old world custom. Rides, amusements, live music and bright-colored lights will dazzle your eyes-and all those Italian specialties from the food stands which will tantalize your taste buds. And how about the Las Vegas tents for those who like to wager a bob or two. It will be held at Parking Field No. 1, Broadway, Hicksville. Skip Monteforte is the chairman of

this activity and further details can be gotten from him if you dial 931-9351. For a night (or nights) under the stars, what more can you ask for in the form of pleasure and recreation.

## LODGE TIDBITS:

Items to put on your 'don't forget' list: The Golf outing to be held on the 29th of June at the Heatherwood Country Club. Price of admission (greens fees) is \$8.00 per person. Departure time is 7:30 A.M. from the Lodge quarters, 200 Levittown Parkway, Hicksville. Dial 681-8428 and chairman Jeff Wallick will offer you more details. Small prizes will be given to golfers...Night At the Races, to be held on the 18th of August, at Roosevelt Raceway, Westbury, L.I. Dinner will be at the Cloud Casino and Clubhouse entrance is also offered to you. Contact Tony Balestrino, the chairman, at 785-1462 for more details...And for some South Sea entertainment, don't forget the Galileo Lodge's Hawaiian Dance scheduled for the 2nd of August. Skip Monteforte, Pete Massiello and Jeff Wallick will be associated with this Hawaiian activity. More details on this dance will be forthcoming...If you're a bowling fan, why not keep your eyes peeled for more news concerning the Galileo Lodge's Bowling Mixed League for the Fall season. Jeff Wallick will be in charge of this recreation. Dial Jeff at 681-8428 for more details.

## Peter Duchin At Old West Gardens

On Wednesday, July 2nd, Old Westbury Gardens presents Peter Duchin and his orchestra as the first of five evening Picnic Pops that will be held at the Gardens.

The gates will open at 6 p.m. to give visitors an opportunity to stroll through the magnificent gardens before the music starts at 7 p.m. In case of rain, the performance will be rescheduled for the following evening, July 3rd. Bring a picnic supper and blanket.

Admission charge is \$2.50 for adults; 50¢ for children 6 to 12; and \$1.00 for members. Please inquire about our membership.

The second Picnic Pops on July 9th, will feature Johnny Blowers and his Giants of Jazz, with vocalist Maxine Sullivan—a great all-time favorite singer.

Co-sponsors of the Picnic Pops series are European American Bank, Long Island Trust Company, Roslyn Savings Bank and Office of Cultural Development, Nassau County.

For further information call Old Westbury Gardens at (516) 333-0049.

## International Night Series

Clip and Save

The spirited International Night series spotlighting the music and dance of the world, will return to Eisenhower Park's Lakeside Theatre as the summer begins to move into full swing.

The program is presented by the Nassau County Department of Recreation and Parks and European American Bank Mondays throughout the summer season. In addition, two new Saturday night performances have been added to the lineup: Afro-American Night and Scandinavian/American Night, according to Recreation and Parks Commissioner Abram C. Williams.

Following is the schedule of International Nights for 1980:  
Monday, July 7 - Polish/American r/d 7/8  
Monday, July 14 - German/American r/d 7/15  
Monday, July 21 - Israeli/American  
Saturday, July 26 - Afro-American  
Monday, July 28 - Italian/American r/d 7/29  
Monday, August 4 - Irish/American r/d 8/5  
Monday, August 11 - Ukrainian/American r/d 8/12  
Monday, August 18 - Hispanic/American r/d 8/12  
Saturday, August 23 - Scandinavian/American

All performances are scheduled to begin at 8 p.m.

Since there are no formal seating arrangements at Lakeside, Commissioner Williams advises theatregoers to bring blankets or folding chairs for their own convenience. The Lakeside Theatre is most easily accessible from parking field No. 6.

The shows are open to all Nassau County residents and their guests. If weather conditions are doubtful, call 292-4275 for verification of performance.

For further information, call 292-4121.

## Clinic Closes

The Nassau County Department of Health has announced that the Thursday evening Immunization Clinic held at the Plainview Health Center will be temporarily suspended for most of the summer. The last clinic session will be held on June 26.

Services will resume on August 14.

## U.S. Army Showcase On July 4

The world-champion U.S. Army parachute team, the "Golden Knights," will demonstrate their free-fall jumping skill as part of the annual "U.S. Army Showcase" scheduled for July 4 at Eisenhower Park, according to Nassau Recreation and Parks Commissioner Abram C. Williams.

While maneuvering in free-fall from altitudes of up to 13,000 feet, the "Knights" will plunge earthward at speeds nearing 200 miles per hour before opening their chutes to glide to a stand-up landing in the demonstration area.

While free-falling, the jumpers will perform various intricate maneuvers visible to spectators by a trail of smoke from smoke grenades on their boots. The 45-minute act will include the thrilling parachute malfunction jump as well as the world-famous

diamond-shaped freefall formation.

After the jump, the Knights will remain in the area to give interested spectators a chance to see how a parachute is packed and to answer questions, Williams said.

The demonstration is set to begin at 2:30 P.M. over Ballfield "A", which is convenient to parking fields 1-4. The landing will take place on the ball field. The performance was made possible through the sponsorship of the Seamen's Bank for Savings.

Commissioner Williams pointed out that the performance by the Knights is one part of a day-long schedule of activities, including the Army K-9 Corps, the 26th Army Band, a colonial militia demonstration, the annual 3-mile Army Fun Run, a weaponry and vehicle display and an evening concert by the

U.S. Army Field Band and Soldiers Chorus.

All activities are convenient to Parking Fields 1-4 with the exception of the 8 P.M. concert at

the Lakeside Theatre, which is near Parking Fields 6-6A.

For further information call 292-4200.

An Important Message to LILCO Customers:

# CAN YOUR HOUSE PASS AN ENERGY AUDIT?

Return the coupon and find out.

LILCO is offering all of its residential customers a comprehensive program of money-saving Home Energy Audits in compliance with the New York State Home Insulation and Energy Conservation Act.

The program helps you find areas in your home where you may be wasting energy—and it suggests energy-saving steps that you can take to reduce the waste. It also makes available a special financing plan for the installation of energy-saving improvements.

### Who may qualify.

To qualify for a LILCO Home Energy Audit, you simply have to be a homeowner or tenant of a one-, two-, three or four family home (including seasonal, mobile, or factory-built home)—and, of course, a LILCO gas or electric customer.

### The audit.

There are three types of audits in LILCO's program. The first is an On-Site Audit conducted in your home by authorized LILCO conservation experts. The cost is \$10.00.

The second is a Mail Audit completed by LILCO based on information supplied by you. The cost is \$2.00.

The third is a Do-It-Yourself Audit which you complete using a free Do-It-Yourself Audit Booklet provided by LILCO.

You may also elect to have an audit performed by a professional engineer or other qualified contractor at an agreed-upon fee.

### What the audits cover.

The audits cover the following energy conservation measures: insulation, weatherstripping and caulking, storm windows and doors, temperature setback devices, and water heater insulation.

The audits will show you where energy-saving improvements can be made, approximately how much money these improvements will save, and how long they will take to pay back your investment.

In addition, we will provide you with a list of contractors who can install the conservation measures.

### Oil burner efficiency audits.

Also as part of the program, a separate oil burner efficiency audit is available from qualified oil dealers. Contact your oil supplier or any oil dealer of your choice to see if they have qualified to conduct such an audit. A list of qualified oil burner auditors or installers may be obtained by writing LILCO or by contacting the Oil Heat Institute of Long Island, 132 West Cherry Street, Hicksville, New York 11801 (Telephone No. (516) 935-2400).

### Financing.

Under the program, we can help you borrow the money to get your energy-saving job done through a participating bank at an interest rate not to exceed 10.26%. Loans range from \$200 up to \$2500 for a single-family home, \$3500 for a two-family home, \$4000 for a three-family home and up to \$4500 for a four-family home. To be eligible, you must have an audit performed, the materials used must meet established criteria, and savings must pay back the cost of the materials and

installation within seven years. Financing is available for both Do-It-Yourself and contractor installed measures.

For financing of contractor-installed measures, work must be performed by a qualified contractor, oil burner auditor or oil burner installer selected from the lists described above.

### Important.

Only one loan per home is available under the program's financing arrangements. Should you decide to install conservation measures as a result of both the LILCO and oil audit, the total cost of all measures must be submitted at one time when applying for the loan.

Contractor estimates must be reviewed and accepted by LILCO in order to qualify for financing under this program.

### Arrange for your LILCO Energy Audit today.

Simply cut out and return the coupon and we will set up an appointment for an On-Site Audit or provide you with the materials you will need for our Mail or Do-It-Yourself Audits.

### LILCO ENERGY AUDIT COUPON

☐ I would like to have an On-Site Energy Audit of my home. Enclosed is a check or money order in the amount of \$10 payable to "LILCO." (Do not mail with your LILCO bill.)

☐ Please send me an Input-Data form for a Mail Audit of my home. (There will be a \$2 charge for this audit when you return the Input-Data form to LILCO.)

☐ Please send me your free "Do-It-Yourself" Audit booklet.

☐ Please send a list of qualified oil burner auditors and qualified oil burner installers.

# It's Now The Mabel R. Farley Auditorium

On Sat., June 21 beginning at 2 pm in the HHS Auditorium, dedication ceremonies were held at this auditorium which was named THE MABEL R. FARLEY AUDITORIUM.

This was brought about by the Hicksville Alumni Association, with the cooperation of the Board of Education and help from the PTA, with the HHS Class of '38 serving as ushers.

Also, chamber music was supplied for this auspicious occasion by Arthur Zisk on the trumpet, Robert DiGiovanni on the trumpet, Krista Smith on the horn and Joseph Gottesman, trombone.

The invocation was given by Gwen Schaaf. Mr. Henry Brengel, Jr. was the toastmaster and Col. Fred Fluckinger, Jr. was the main speaker.

The presentation of the plaque was made by Mr. Harold W. Holden, president of the HHS Alumni Association. Mr. Daniel Arena, president of the Board of Education made the acceptance speech. Miss Farley herself then spoke thanking all who had made this occasion possible. Closing remarks were made by Mr. Howard J. Finnegan.

It was a moving occasion followed by a reception in the cafeteria when all present chatted and visited with many former friends and neighbors. A guest book was present for all to sign.

Mabel R. Farley  
The distinguished guest of honor that afternoon, Mabel R. Farley, has served the community and the boys and girls of Hicksville for nearly 50 years as an educator. She is a friend to thousands of Hicksville High School graduates and prefers to think and talk of their achievements, rather than her own.

Mabel R. Farley was born in

Pennsylvania, of early American Heritage. She was one of 11 children of Jacob and Mary (nee Brown) Farley. Her earliest career thoughts centered around teaching; after attending local school, she matriculated at the Pennsylvania State Normal School in Bloomsburg. Her abilities were recognized early; upon her graduation, she was cited for excellence in scholarship and practice teaching.

Miss Farley attended Pennsylvania State College and Bucknell University. She earned her B.S. and M.A. degrees from New York University. She has continued to study to "keep abreast of the times." She has been listed in "Leaders in Education," the Who's Who of Education.

Her first teaching jobs were in Pennsylvania; then she came to Hicksville. In 1911, Miss Farley joined the Hicksville School District as a teacher and assistant principal. She was elevated to principal in 1925 and held that position until her retirement in August, 1956. At that time, she became a trustee of the Hicksville Board of Education.

The Hicksville faculty consisted of 11 members in 1911. All of the high school and eighth grade students were seated in one room. The entire school system was housed in the old Nicholas Street School building.

Outstanding honors, awards and accolades conferred on Miss Farley are too numerous to mention completely. They include the Meritorious Service Award of New York University Alumni, and the Nassau Daily Review Star's "Orchid to the Living." There have been many testimonial dinners given to honor her.

Upon her retirement in 1956,

four former students echoed the sentiments of the thousands who have been touched by Mabel R. Farley, in a joint letter published in the local press: "There may have been times when we felt we could not agree with Miss Farley, but always present was the tremendous force of her personality, her devotion to principle and duty, her intense concern for honesty and fair play. Many of us feel we owe an immeasurable debt to her; we are disturbed because it is a debt we can never fully repay."

Her many friends, present, each in their own way endorse this tribute.

Toastmaster of the Tribute, Henry C. Brengel, Jr.

Guest speaker, Colonel Fred Fluckinger, USA Retired.

## Families For Life Elects Officers

Last Wednesday night Families for Life, a Hicksville area pro-life organization, elected a new slate of officers for the year beginning July 1. Peggy McGarry was elected president. Doug Hartnett was president. Lucille Jensen secretary and Charles Perry treasurer.

According to Jean Ryan, outgoing president, "Families for Life was established in 1972 to oppose abortion and euthanasia. Our members feel strongly that the Supreme Court decision legalizing abortion on demand was tragically wrong because it denies the basic human right to continue living to the pre-born child. We compare it to the 1957 'Great Smoot' decision that denied personhood to black people."

Families for Life has four functions: education of the public on the issue through speaking engagements; fund raising for Birthright, so that pregnant girls and women will have an alternative to abortion; lobbying against the use of tax money for abortion; and urging legislators to pass a Human Life Amendment to the U.S. constitution that would outlaw abortion and euthanasia.

In accepting the top position for next year, Peggy McGarry emphasized that Families for Life consists of pro-life people of all religions and all political parties, and that it welcomes additional members. She said that she was confident that the added influence of a line at the ballot for the new Right To Life Party will prove effective in crystallizing additional support for these candidates who have proven their pro-life commitments. Most of these will belong to other political parties who will be endorsed by the RTLP.

Families for Life meets every 6th Wednesday at Levittown Hall at 8 P.M. The next meeting is on July 23rd.

## In Memoriam; Neil O'Doherty

"O wad some Pow'r  
the giftie gie us  
to see our  
as others see us!"

The above is an excerpt from a Robert Burns poem that Mr. O'Doherty always displayed on a wall poster in his room. "O'D" delighted in the humorous wisdom of this poem's message—that it would be a great gift if we could see how foolish we sometimes look to others. The opposite, however, would also be a gift—the ability to know how deeply we are appreciated and loved by others. In memory of Mr. O'Doherty, each of his students was invited to describe what it was like to be in his class, and how O'D's life and death affected him or her. Here are some of the responses.

"Having him as my teacher has been an asset to my life. He loved his work and did it well.

"He helped me to realize the truths and values of life. Love was one of the most valuable things I have learned. Mr. O'D was filled with it. And through love he taught everything."

"Another thing I really liked about (him) was his sense of humor—it was great. He was a ball on the Senior Trip. The fun and laughter all of us had with him can never be forgotten. I can hardly remember a time when he wasn't smiling."

"One thing that impressed me was how set he was in his ideals. He believed so strongly that it rubbed off on me."

"Mr. O'Doherty was one of the greatest men that I have met in my lifetime. He truly believed in what he said, and the thing about that is that he made his students believe in what he taught. I cried when I found out that he had died."

"I came to respect him although I rarely agreed with him."

"He was a very strict man but you got the feeling he was doing it for you. I respected him very much."

"This man, our friend and teacher too."

You knew was always there; And of the potentials that we have.

He tried to make us aware."

"Thank you, Mr. O'D, for the time, and thanks for the knowledge I received."

"He added a sense of fun to our work."

"What hurts most is that next year and the years to come, all the students of Hicksville will not know of O'D and his great teachings."

"One thing that stands out is the way he could hold our interest in telling a story. He would tell stories about his childhood and favorite movies. We would be mesmerized into listening. I wished we could listen forever."

"At first I didn't like him. In fact he actually scared me. But then I learned to understand him and with the understanding came respect. Admiration slowly followed, and I began to learn from him. He was just an ordinary guy with a very special kind of glow. His stories could hold anyone's attention. Hey, you know, I really kinda liked him!"

"His best characteristic was that he could communicate with his students. I feel sorry for those students who never had a chance to be taught by (him) because they really missed a lot."

"He was a very strict teacher, but he taught me self discipline and for once I had a 90 average in English."

"There was love also. I mean how many teachers would bend over backwards to make the Senior Class (activities) work? He loved it. You could tell. God bless him, God enjoy him, but mostly, God. I miss him."

"He really had a unique style. My only regret is that he won't be there to see the Class of '80 graduate—Or will he?"

"Mr. O'D strived to get his students not merely to accept things simply because they were said. You should use your mind and strive for the ultimate goal of the truth."

"His teachings and thoughts will be with me forever. He made me think about things I thought meant little. But they were the most important. He (made me realize) that there was a Supreme Being that we had to answer to and that all our actions would finally be judged."

"He used to say to me, 'Please get the hell off the middle of the fence.' I eventually stopped saying, 'I'm not sure about this,' and started saying, 'This is right or wrong,' and God help you if you didn't have proof. I miss him a lot and thank God I got to know him, if only for a short while."

"He told us of the music that he listened to which is as beautiful as he said it is, a thing that I have learned to appreciate also."

"Everyone in class respected him. Everyone wanted to be as smart as him because his thinking was so logical and thoughtful."

"He truly loved his mother and God. He spoke of his mother often with a beautiful tone of voice that you knew was filled with love. God he adored. A day wouldn't pass by without his mentioning God. His faith was so, so very strong."

"I am not as upset as others because I know that he was happy to meet his Maker. I think if suicide wasn't a sin he would have done it just to see God."

As a personal friend and colleague of Neil O'Doherty, I cannot help adding a few of my own remarks before closing this article. Everyone who knew Neil in the slightest was aware of his massive intellect, his eloquence, and his extraordinary skill. These I came to admire and respect as did everyone else. In these respects, Neil was surprisingly similar to one of his idols, Sam Johnson. Indeed, his forceful, dynamic, unforgettable personality, his strongly held views, his ability to "toss and gore" opponents in debate—all made him a modern Sam Johnson here in today's Hicksville; the pity is only that he had no Boswell to record him, for he seems to merit one.

Yet the students whose memories are recorded in this article and the rest of us who are

his friends—all of us are, in a sense, Neil's Boswell, for the story of Neil O'Doherty has been indelibly written in our hearts. And this was a writing that was inevitable because, as Ken McGinness has said, "The man left tracks."

Neil was the tenderest and most sentimental of men—a fact those nearest him knew well. He shed tears easily and without shame whenever beauty or sentiment moved him—which was often.

But most of all, Neil was what he was paid to be—a teacher. If a bell is most truly a bell when it is ringing, Neil was most truly Neil when he was teaching, for it was impossible to be in his presence any length of time without learning from him.

This fact is obviously supported by the comments made herein by Neil's students; but we who were Neil's friends and peers must in candor concede that he often taught us as well. As Neil himself would say, he frequently made apodictic statements, and these made it inevitable that we would often disagree with him, but we also must concede that the disciplined approach behind his apodictic remarks made it impossible for us not to learn from him.

He was a natural teacher who loved the classroom and could never get enough of it. In an age of burned out students and teachers, Neil's enthusiasm as teacher was virtually infinite.

Every day was Neil's first day in the classroom. Every class was the first class Neil ever taught.

To Neil's students, I offer the opinion that Mr. O'D would indeed regard it as a precious gift to see himself the way you have seen him in your memorial statements.

With the faith he obviously taught so many of you to embrace, it is but a small step to believe that he does see and know what you have written about him, and that he now treasures your gifts in glory.

I can tell you from experience that O'D believed in the reality of Heaven and talked of his hope of getting there the way most folks we know talk about going to Plainview or New York City. His beloved Emily Dickinson could have been speaking for O'D himself when she wrote,

"I never spoke with God  
Nor visited in Heaven—  
Yet certain am I of the spot  
As of the Checks were given—"

Let us close our thoughts of Mr. O'Doherty, then, with a prayer that he is united with his Dad

now; that he is hearing John McCormick sing requests for songs written both before and since that tenor's death; he is discussing the ultimate truths of the universe with Aristotle and Aquinas; he is routinely enjoying the company and conversation of Sam Johnson; and he is listening

to Babe's opinions on whether Sandy Koufax was—at his best—as good as the greatest old-time pitchers. And, let us pray, Babe will agree that the answer is yes.

Sincerely,  
Lawrence L. LaMarca

meetings, effective at the next Board meeting. Trustee Virginia Germer questioned how this policy would be enforced. Mr. Arena suggested "no smoking" signs be posted in the Conference Room and ashtrays be removed. Mr. Fujimoto suggested an announcement be made at the beginning of meetings. Voting no was Mrs. Germer. Vice President John Ayres was absent for personal business reasons.  
During the public speaking session, Mrs. Angeline Willig, Hicksville parent spoke for the parents of future third graders at Dutch Lane School, concerning the class of 27 students for next

year. She stated this was a "unique situation", referring to the three sets of twins plus other relatives in the same class, and hoped the request for another class would be answered soon. She added that the option to bus one of the twins to another school to comply with the Board's unwritten policy of separating twins "was unfair to the children and discriminated against them."  
Mr. Arena gave a "wait-and-see" answer and agreed that the district "never had this situation. It has been the practice in Hicksville to separate twins." He also stated it was difficult "in justifying small classes."  
Dr. Wilber Hawkins Superintendent, added that it was "too premature to make definite plans" on this request.

Resident Arlene Rudin asked the Board where the salary for the new junior high school principal appeared in the budget for 1980-81. Mr. Richard Weigang, Business Manager, stated it was under the instruction code 2110 for salaries. Later during the meeting, after referring to a budget book, Mrs. Rudin again asked where the line item appeared, stating she had difficulty locating the approximately \$33,000 - \$44,000 figure appearing in a N.Y. Times ad.

Mr. Arena, at this time anxious to convene into an executive

session, suggested she "get the answer from administration during the day."

Mrs. Rudin also questioned the status of the approximately 150 students who should have, but did not graduate from the junior high school last week. Junior High School principal William Feigin stated they "did not meet the requirements for graduation due to failure." He added however, that some who failed only one subject would complete it at the senior high in the fall and graduate in January, while others would complete their requirements in summer school.

The Board acted on a number of personnel matters. It granted tenure to the following: John Pitrelli, Senior High School Assistant Principal; Philip Bova, Special Education teacher, Junior High School; Margaret Burns, Special Education teacher, Senior High School; Mary Macklin, School Nurse-Teacher, Woodland Avenue; Carol Miskiv, Special Education teacher, Senior High School; Lauretta Paly, Special Education teacher, Old Country Road; Marie Schneider, art teacher at Woodland Avenue and Willmet Avenue; and Kathleen Smith, School Nurse-teacher, Dutch Lane School.

Earlier, Trustee Tom Nagle commended the administration for its written presentation of the tenure recommendations.

The Board abolished 18 positions in various tenure areas and terminated the employment of 11 teachers, mostly at the junior high school where enrollment has declined most significantly this year at 10.5%.

Director of Personnel Ron Friedman explained the complex procedure of termination-by-seniority and the shifting of teachers in the tenure area. He stated the reductions on the secondary level were made "on recommendation by the principals" from student enrollment information which has declined and therefore reduced the number of classes needed for various subject areas.

Mr. Bennett pointed out that the "junior high has been hit very heavy the last two years."

Mr. Friedman added that "all teachers will be teaching in the subject area they are licensed for."

The overall population for the coming school year is approximately 6,800 with a declining enrollment at the rate of under 5%. In the last 3 years, the rate of decline had been

## Alice Brennan Appreciation Day

"Filled With Joy" was the theme of a very special day recently celebrated by the Children, Faculty, and Friends of Holy Family School, Hicksville. In the words of Assemblyman Joseph Clark, it was indeed fitting to proclaim Friday May 9th as "Alice Brennan Appreciation Day."

Alice is well known to both the adults and the children of Holy

Family Parish serving as she did for twenty years as School Secretary. Recently retired from her secretarial position she is now performing every type of service possible during the school day at Holy Family. It was with deep affection and many visible signs of appreciation that Alice Brennan was recognized as a Gentle Woman whose dedication and loyalty serves as an example to all who know her.

## CYO BASEBALL (Continued from Page 6)

The Mets, sponsored by Zara Construction, defeated the Mariners, sponsored by M.D. Cesspool, by a score of 13-8.

This was the first win of the year for the Mets. Chris Doyle hit a triple with the bases loaded and then got a double. Good relief pitching was supplied by John DellaRatta. Mariner Donald Moore also did a good job as relief pitcher.

The Yankees defeated the Mariners in 7 innings with a score of 11-8.

In the second game of the double header, the Yankees, sponsored by Richards Plumbing & Heating, came back to defeat the Mariners after being down 6-0 at the end of the 1st inning. The final score was 13-11. Gabe Perry and Timmy Richards pitched for the Yankees with Timmy Richards picking up another win. As usual in the defensive end of the field, catchers Vinny

Mr. Ardito, who is a custodian and has worked in several of the Hickville Schools, retires with

eight years of service. Mr. Tschampion, head custodian at Old Country Road School, has dedicated 11 years of his life to the children of Hickville. Another interesting fact about Mr. Tschampion is that he has devoted 20 years to the Merchant Marine as a Chief Engineer. Dr. Hawkins wished both men well in their retirement.

For over a month this column has been providing news and information about the Ernest F. Francke Republican Club and its members. We hope you have found this material interesting and that it has piqued your consideration in becoming a member of our Club. For your convenience, we have included a 1980 Membership form in this column. Why not fill it out now and send it to the Membership Committee for prompt action. Here is an opportunity to keep informed of current events, initiate action concerning local problems, meet your local and County officials, and enjoy an evening with your friends and neighbors. In addition, membership in the Club entitles you to free subscriptions to the "Mid Island Herald" - the paper that carries news and articles for and by our local residents. A better buy you couldn't find.

And now for this week's guest writer, Fred Vevante, president

of the Club.

"Here we are six months into 1980 and going strong. Our meeting have been well attended, our speakers have been great, our spring cocktail dance was a success, and we are able to keep our members and non-members informed of our club activities through our weekly column published in the Mid Island Herald.

"Thanks to Hal Mayer, Frank Grammarossa and their committees, our cocktail party and journal were a social and financial success. On Saturday, 22 June, the H.A.S.C. boys under 14 team the "Strikers" coached by Steve Gourlay and assisted by John Harris beat the North Babylon Demons, 2 to 1, for the LIJSL Boys U-14 cup title.

The game started on the right foot with an early goal scored by Rt. Wing Steven Tandy on a cross from left wing Chris Habersaat.

The teams half backs Troy Buckley, James Magner and Brian Lancer as well as Fullbacks Todd Lewis, Sean Devlin and Kevin Jung did an outstanding job of defense, frustrating the N. Babylon players allowing only one goal to be scored by the opposition.

The team was hampered by the inflammation of an earlier injury to David Bell which kept him out of most of the game.

After some sixty-five minutes of play in the near ninety degree weather the Hickville Strikers never let down the assault. Goalie Jeff Mitchell's long clearing boots past the mid-field allowed the offense to concentrate on the winning goal.

Forward Michael Sini stopped a N. Babylon clearing pass with a

The winning goal was finally scored with less than one minute to play when a chip pass from the foot of Micheli Cleared the N. Babylon defense and was kicked

The team missed John Diehl who was unable to attend the cup final because he is traveling. The team, however, sent a message to John to tell him of the win and the title the team had won.

## Museum Commentary

By Dick Evers

Visitors and bargain hunters continued all week to come to the Hickville Gregory Museum, making its last week of public exhibition and its Clearance Sale a tribute to the Earth Science Center's popularity. The Clearance Sale of museum

reserve collection rock and mineral specimens and Gift Shop jewelry and gifts will continue with fine values through this Sunday afternoon (Friday 9-5; Saturday and Sunday 12-5).

The public is being admitted free of charge until closing day June 30. Visitors are enjoying a bonus in the opportunity to examine samples of the Mount St. Helen's volcanic ash. Under microscopic viewing, one may readily see why workers and motorists in the Pacific Northwest wore masks while working out-of-doors or driving through ash-laden atmosphere. The ash contains glass particles and appears under magnification to quite angular granules, wet sand in appearance.

The imminent closing of the Gregory Museum to the public, on June 30, with the institution's future seriously in doubt, obviously upsets many of the final visitors. Over and over, we hear visitors saying, with feeling: "I can't believe this place is closing" ... "People don't know what they will be missing when it is gone." ... "Somebody ought to be able to save these beautiful things for the children to see." ... "Why does it have to close?"

Curator Janet Kempinski-Werner, the young geologist professional and administrator who has served the museum so ably and devotedly for five years will be leaving the Museum's service Friday. Museum volunteers will be on hand for a little farewell party for Mrs. Werner, whose salary cost can no longer be defrayed by the museum.

Administrative Aide, Jim Bell of Supervisor Colby's office at Oyster Bay, late last week, helped the museum to retain a terminating C.E.T.A. museum employee who was needed to assist the museum in its last two weeks of public operation. As of this writing, the Town's application for Federal grant aid for the museum is still pending.

At the Museum Board of Trustees' regular monthly meeting, June 17th, no change was made in the Board decision to close the museum indefinitely on June 30th. The Board has announced that it closes its operations with the Museum in a completely solvent financial condition, with no outstanding indebtedness and several thousand dollars in its contingency bank account.

Although the Museum will be shut down for the first of its eight summers while housed in the Heitz Place Courthouse, Hickville's National Historic Place, the building itself, and its grounds will be maintained and protected by the services of a salaried custodian-groundsman while 'last ditch' ways of saving the museum in Hickville continue to be explored.

No steps will be taken until October 15 to dispose of any part of the outstanding Gregory major collection or rocks, minerals, fossils and butterflies. The historical collection of Hickville artifacts and materials which is housed in the Old Jail portion of the Courthouse is also safe from dispersal. Resident-donors may rest assured that their donated items are protected and will remain safe at the museum.

## Paddleball Tourney Winners

Massapequa and Hickville residents dominated the Town of Oyster Bay Parks Department's annual Spring Paddleball Tourney, it was announced this week by Town Councilman Joseph J. Saladino.

In the singles division, Julio Figueroa of Hickville won first place while second went to Joseph Miele, also of Hickville.

First place in the doubles division was won by

Massapequan Walter Pawlin and his partner, Peter Bruhnke of Massapequa Park. Second place winners were Chuck Teitelbaum of Hickville and Thomas Candito of Bethpage.

More than 100 people were registered for the tournament, which was held on Saturday, June 14, at John J. Burns Town Park, Massapequa. Trophies were awarded for first and second place in both divisions.

## Yankees Win League And LI Cup

The 1965 boys, coached by Bill Cresham & Pat McHugh, finished up their Spring Season last week and won the 1965 Division I League Championship and The Long Island Cup competition. Their final stats in the League were 8 wins and 2 ties with 35 goals scored and 8 against. The final game against Lindenhurst was a make-up of an earlier rainout and meant nothing in the standings as the Yankees had already clinched the title but, thinking toward the future and next year, coaches Cresham & McHugh came down heavy regarding attitude, desire & determination. The boys responded perfectly and played their best played their best game of soccer all year completely dominating Lindenhurst 7-0. Thirteen boys out of the 16 man roster scored at least one goal which shows very good balance, depth and teamwork.

On Sunday, the boys played the Final of the L.I. Cup and defeated Massapequa by a score of 3-0. Steve Thompson, back from his injury scored twice and Jimmy McGeough also notched one. This was the third time this season the Yankees have beaten Massapequa, but the bugs were missing one of their better players (Frankie Radics) for this match. So far in 1980, the boys have won the L.I. League, the Massapequa Tournament on Memorial Day, the L.I. Cup and were New York State semi-

finalists in the under 16 (one year older) Regional Cup.

There will be no vacation this year for the 1965 boys as there is a great deal of work to be done in preparation for their best shot at next year's under 16 Regional Cup. This is where it's all at and the most important objective. (The national finals of the under 16 is being played this year in Canada.) They will continue to have two practices a week and will participate in one tournament a month in June (Cow Harbor), July (Hicksville), and August (Smithtown) - hoping to meet some strong competition from outside as well as on Long Island. Tryouts for the '66s will be held next month.

The boys did have a very successful season however, and sincere congratulations go to coaches Bill Cresham and Pat McHugh and the players: Bobby 'Hollywood' Andrus, Vinny 'The Pooh' Christiano, Billy 'The Kid' Cresham, Robby 'Cheeks' Cullen, Jimmy 'Jimbo' Demarco, Steve 'Stopper' Dolan, Cliff 'The Broom' Feldman, George 'Personally Responsible' Marco, Jimmy 'Twinkle Toes' McGeough, Paul 'Spitfire' McGeough, John 'Mitch' Mitchell, Robby 'Kamakazee' Pearce, Adrian 'Big A' Pepl, David 'Shooter' Smyth, Steve 'Streaker' Thompson and Gene 'Tenacious' Tyranski.

## Cardinals Division Champs Again!

On Saturday, June 14, the Hicksville-Cardinals (under 9 boys) defeated the West Islip Bullets (4 to 2) to secure their third consecutive division championship in the Long Island Soccer League. Scott Duca, Brian Finnell, Stephen Gourlay and Brian Hoesten scored for the Cardinals while goalie Willie Sneddon played an excellent game in net. Superb passing by Jackie Fabrizio, Robert Franzese, Bobby Himmel, Stephen Postullo, Eric Rabasca and Brian Sacks and an unyielding defense by Eric Bentley, Brian Hoesten and Chris Shearer were crucial to final victory of the season.

The Cardinals, undefeated during the last three seasons of league play, sport a record of 25 wins, 4 ties and 0 losses. They have scored a total of 67 goals and gave up only 7 goals in that time. The Cardinals also won the 1979 Long Island Cup and the 1978 and 1979 Hicksville Indoor Tournaments.

Due to the excellent coaching of John Fabrizio and Bob Finnell, the Cardinals have developed into a fine working machine, a group of youngsters who think soccer and play with their heads as well as their hearts.

Congratulations to all the Cardinals: Eric Bentley, Scott Duca, Jackie Fabrizio, Brian Finnell, Robert Franzese, Stephen Gourlay, Bobby Himmel, Brian Hoesten, Charles Malone, Jason Pollack, Stephen Postullo, Eric Rabasca, Brian Sacks, Chris Shearer and Willie Sneddon.

**DIVISION CHAMPS:** Top Row Left to Right: Chris Shearer, Robert Franzese, Stephen Postullo, Brian Hoesten, Eric Bentley, Jason Pollack, Bobby Himmel

Bottom Row Left to Right: Eric Rabasca, Brian Finnell, Stephen Gourlay, Willie Sneddon, Scott Duca, Charlie Malone, Jackie Fabrizio, Brian Sacks.

Coaches: John Fabrizio and Bob Finnell.
