Hicksville Republican Club News

By Harriet A. Maher

The 1980 Republican National Convention held in Detroit is over. The Republican Presidential and Vice Presidential candidates have been chosen. The Republican Party election campaign is underway with purpose, determination, direction and competent and intelligent leaders who are aware of what needs to be done to bring economic stability to our country and to secure our Nation's position as a world power second to none. We need a change of command in the White House. To support this contention, the following is a partial list of what the ABC-

Harris polls show is President Carter's latest public approval rating (which is still declining):

- His handling of the situation in Iran: 54% negative rating.
- His handling of relations with Russia 64% negative rating.
- His handling of foreign policy matters: 69% negative rating.
- Inspiring confidence in the White House: 70% negative rating.
- Getting things done: 72% negative rating.
- His handling of the economy: 79% negative rating.

He is presently given a 63-36% negative overall rating. Let us look forward to the future with freedom from anxiety

about the quality of leadership in our government - Vote Republican!

NOW A MESSAGE FROM JOE JABLONSKY, EXECUTIVE LEADER, HICKSVILLE EAST:
Dear Fellow Republicans: I hope everyone is having an enjoyable summer. However, I hate to remind you that your summer is half over and it is time to start thinking about the forthcoming election. Our first priority before Election Day is Primary Day on September 9. We must contact our Republican friends and neighbors to vote for Al D'Amato. Al represents the strong

Vacation Mail Tips

Before leaving on vacation several simple steps can make sure your mail is handled smoothly while you're away, sectional center manager-Postmaster Anthony M. Murello said.

"Ask a neighbor or relative to remove mail and newspapers from your mailbox daily, or have mail held at the Post Office," he said. "A written request to hold mail up to 30 days can be given to your letter carrier or submitted at the local post office. If an extended absence is anticipated, a temporary mail forwarding order can be requested."

Postmaster Murello stressed the importance of not letting mail accumulate in a mailbox, saying "it's a sign even novice burglars can detect."

Other tips include taking an ample supply of stamps and postal cards on your trip and remembering to take the addresses of those to whom you may write.

Nassau Salon 24 ... 8/40

Ruth E. Leger of the Charles Wagner Unit # 421, was installed as Chapeau of Nassau Salons 24-8/40 on June 26, at a Installation Dinner at Stouffer's Restaurant in Garden City attended by Partners, family and friends.

The Installing Officer was Cynthia Hochbrueckner of her Unit and Past Chapeau of the Salon who was also installed as the Departmental de New York Chapeau on July 5, at the Department Convention in New York City.

It was a proud moment for both as they have been friends, Auxiliary members and Partners for years.

The 8/40 is the honor society of

the American Legion Auxiliary and was organized with Cystic Fibrosis. The program was extended to help in the research of lung and other respiratory diseases as well, and Ruth was very honored to be asked to be a Partner in this worthwhile organization.

Statewide Coalition Against Reassessment

WHO: We, the Civic Organizations affiliated with S.C.A.R. (Statewide Coalition Against Reassessment) formerly known as the MACD Committee, have enlarged and expanded our activities to become a statewide organization. We have been in existence since early 1979,

involved with the issue of 100% Reassessment.

ISSUE: In 1975, the N.Y.S. Court of Appeals ruled in favor of an irate Islip resident who, contending he was unequally taxed, sued and won. This has been called the Hellerstein Decision. Plainly speaking, the decision states that for 200 years a legislative statute (section 306 of the Real Property Tax Law) which says that all real property must be assessed at full value, had been ignored but now must be strictly enforced. This change in our assessment practices have forced us into a tax crisis.

Two bills have been introduced in the Assembly. The Esposito bill A6136, in essence, expresses the voice of the people which is, we wish to continue our 200 year old de facto tradition of tax assessment. We do not want to pay one penny more taxes. On the other hand we have the Fink Bill A10,000 which sets up a classified system of assessment. His bill uses full value as the basis for this system. However, he uses the words base-value and describes it as "fair market value, the amount which a willing buyer would pay a willing seller." Yet, any layman can recognize the fact that this means full-value or 100% assessment.

AIM: The aim of our organization is to protect all homeowners from the devastating effects of 100% reassessment. We are unequivocally opposed to any real property tax hike.

PLEDGE: We pledge to carry this message to Albany and impress upon our legislators that at this time only one bill protects

the homeowner, namely the Esposito Padavan bill and we therefore insist upon the passage of this bill in the Assembly.

IMPACT OF

100% REASSESSMENT

1. In Islip Township, Mt. Kisco, and other places where full value assessment and taxation has occurred, tax burdens have shifted from businesses to the already overburdened homeowner.

2. Nassau County courts last year awarded over \$50 million to businesses through certiorari court actions with the county homeowners paying most of the bill.

3. The current moratorium is costing us over a billion dollars a year and the legislature is now trying to extend this moratorium to 1985.

4. Full value ties us to the inflation rate so that as inflation increases the value of our homes, it also increases the amount of taxes we will pay on them.

5. Costs: a) Temporary State Tax Commission's Initial Report ... \$950,000

b) Money appropriate by Fink bill to the Temporary State Tax Commission to complete their survey of Real Property ... 7,500,000

c) Estimated annual costs of maintaining State's Computers ... 77,000,000

6. Once classes are established, special interest groups cause them to proliferate. For further information call either Richard Harris in Flushing at (212) 468-4298 or Virginia Salow of Bellmore at (212) 347-0389.

Disco Skating

A Disco Skate Extravaganza is slated for Eisenhower Park Roller Rink Saturdays and Sundays, Aug. 16, 17, 23 and 24 from 4 to 8 P.M. It was announced recently by Nassau County Department of Recreation and Parks Commissioner Abram C. Williams.

Skaters can exhibit their disco skating skills to sounds played by the Cosmic Energy D.J.'s featuring "Disco Professor" George Pressley, Johnny D. B.T. Rock, Mighty G and Mellow Dee. Skaters are encouraged to come

in their flashiest disco attire.

In addition to the special Disco Skate Extravaganza, Roller Disco Programs are held every Friday night through August 29 from 7:30 to 9:30 P.M. Admission is .25 cents for Nassau County residents and .50 cents for non-resident guests. Skate rentals are .50 cents.

The roller rink is most accessible from Parking Field No. 4. For further information on these and other Summer Programs at Eisenhower Park, call the Fieldhouse at 292-4153.

Italian Night

Italian Night, spotlighting Toni Arden and a host of talented performers, will live up the stage at Eisenhower Park's Lakeside Theatre Monday, July 28. Showtime is 8 p.m., announced Recreation and Parks Commissioner Abram C. Williams.

Fifth in the summer-long series of International Nights, the free program is sponsored by European American Bank, according to Williams.

Eisenhower's Lakeside Theatre is located near parking field No. 6.

Dear Friends...

AS YOU ALL KNOW, we frequently visit the beautiful Pacific Northwest area of our country, and the city of Seattle, where our older sister has lived most of her life. It was good to see that Mt. St. Helens did no damage in the Puget Sound area... and that many drives are underway in Seattle, to help those in the devastated areas. Incidentally, we hear that everything is cleaned up now and visits to this beautiful part of our country can be made safely.

THE HICKSVILLE GREGORY MUSEUM, which is closed (temporarily we hope) at present, still has many friends who are meeting and working on suggestions and plans, in an effort to keep this fine museum in our community. There will certainly be more to tell you in the not too distant future, we hope.

CONGRATULATIONS to Robert Jordan and Michael Turkovich, both members of Hicksville Troop No. 316, who are now Eagle Scouts. And to Mark Johnston and Thomas Palmese of Hicksville Troop No. 64, who are also Eagle Scouts. The Eagle Award is the highest rank in Boy Scouting... congratulations to Henry C. Kurkowski of Hicksville, a senior transmission and distribution mechanic at LILCO, who recently received two Suggestions Awards totaling \$135 for suggesting an equipment use improvement and a safety tip that will save the Company and its customers more than \$500 a year... best wishes to Francis Drab of Hicksville who has recently accepted a field engineering position with General Electric's Installation and Service Engineering Division. Frank is the son of Mr. and Mrs. Frank Drab of Byron Place.

THAT'S ALL for this week. Stay well and remember the beautiful thought by A. Heschel: "Just to be is a blessing... just to live is holy." SHEILA NOETH

Hicksville Fire Report

Since the last Fire Report in June, the Hicksville Fire Dept. responded to 219 alarms from June 1 to July 21. There were 17 false alarms, 84 rescue calls and 118 fire calls.

Vacant House Fires
A fire in a vacant house near the West Village Green on Newbridge Rd. July 4, caused considerable damage to the roof. The spectacular blaze tied up Hicksville firefighters for 2 hours. The Jericho Fire Dept. supplied one engine to stand-by at Hicksville's headquarters. The blaze originally was believed to have been started by fire works, but a witness has since reported that 2 male adults threw a fire bomb into the attic window. The witness gave chase but lost the suspects in the rear yards of Barter Lane.

A second blaze, also set

destroyed a shed on the same property on July 17. Fire officials and local Town officials have received numerous complaints about the vacant buildings which have stood idle until recently when person or persons unknown, at this time, have decided to take action of their own. Fire officials wish to warn anyone concerned, that setting fire to anything vacant or otherwise is considered arson and will be dealt with accordingly.

On July 9, an unknown person threw a fire bomb at a store at 77 Broadway. Hicksville Vamps quickly doused the blaze. The alarm was reported by a passerby at 11:25 p.m. The Arson Squad is investigating.

By Sheila Noeth

At its regular meeting held on Tuesday, July 22, the Oyster Bay Town Board acted on the following local matters:

• They reserved decision on a petition of Jerome Strowe for a change of zone from Residence B (which allows building on one acre) to Residence C (which allows building on 1/4 of an acre) on a 13.5 acre parcel of property, in order to build 32 homes in a cluster type of zoning wherein 2.4 units per acre would be permitted... some proposed sites (near the adjacent residential areas) would be on larger sites, but some proposed sites, (near the main roads) would diminish in size to roughly 1/4 acre plots. This property is located on the south side of Woodbury Road, southwest from the end of arc connecting the south side of Woodbury Road and Yukon Dr. in Woodbury.

Herbert Gallagher, Esq., attorney for the petitioner presented the proposed plan. He also stated that the old house and its formal gardens are being preserved as a residence and is presently occupied by Mr. Heiko Pocrress and family. Mr. Gallagher also stated that the plans for this development would only be executed within a very heavy tree line.

Among those who spoke in opposition were Mrs. Judy Jacobs, president of the South

Woodbury Taxpayers Association who presented a petition signed by 250 residents, which requested no town zoning and a strict adherence to the Master Plan.

The North Woodbury Civic Association also filed a letter in opposition for the same reasons. Their criteria were: "Is it wanted?... Is it necessary?... Is it for the betterment of the community?"

Resident Beverly Blum of 121 Bristol Drive in Woodbury Estates an adjacent development, spoke in opposition to the proposed reduction in plot size.

Mr. George Brown of 101 Bristol Drive, Woodbury Estates, who identified himself as a two-year resident in this area, with a record of 21 years as a legislator and 4 years as the Lieut. Governor of the State of Colorado, said, "I want to oppose this change. The value of one acre zoning must be preserved. It would not be in the interests of the community or its children."

• the Board reserved decision on a petition of Stavan Shopping Center, Inc. for a change of zone from BB-1 Res. District to Bus. F District on a parcel of 4.551 acres of land located behind the Finast Mall on Jericho Tpke along South Woods Road.

Joseph Soviero, Esq., the attorney for the petitioner said that a Finast Store and ten satellite

stores with an annual payroll in excess of \$1,250,000.00 would generate some \$620,000.00 in taxes, which taxes are presently approximately \$79,000.00.

In opposition Mrs. Judy Jacobs, president of the South Woods Taxpayers Association turned in petitions containing 186 names opposing this petition. Mrs. Fran Moscovitz, also of the South Woodbury Taxpayers said, "There would be no appreciable tax benefits with the construction of this new shopping area."

Opposition from civics was based on the desire of these groups to uphold the master plan, to bring to the Boards attention, the traffic hazards along South Woods Road, and the fact that the present 500 feet of business frontage along Jericho Tpke should not be extended.

Susan Portelli, a 14-year old student who will start High School in the Fall, said, "I hope that this petition will be denied because of the danger to those who walk or ride bicycles in this area. Susan said that shortly before school ended she was in an accident and received "many stitches."

Councilman Kenneth Diamond pointed out that a recommendation from the Nassau County Planning Commission had been received, urging denial of this application.

A similar petition in 1977 was (Continued on Page 8)

Hicksville Residents Attend V.F.W. State Convention

By Lou Palladino

Members of the William M. Gouse Jr. Post 3211 attended the State Convention recently in Albany. Those in attendance were Mike Montellone, Post Commander; Aldo Vitello, Jr. Past Commander; Conrad Steers, Jr. Vice Commander; Past Commanders Ed. Chwalisz, Harry Wurth, and Joe Normandy.

The primary reason that the Hicksvillites attended the State Convention was to present three (3) Resolutions that the members of the Hicksville Post 3211 sponsored.

1. To Amend Title 38 of the U.S. Code to waive the one year limitation on VA Claims for disabilities and diseases incurred by Military Service in the case of claims by those Veterans who served in Viet Nam and were exposed to the herbicide known as "Agent Orange."

2. To have the State of New York provide exemplary medical and nursing care services to those Veterans of New York State requiring such nursing care. The funding for such nursing care facility should be provided by New York State in lieu of the so called Korean and Viet Nam Bonus that were never paid. The Resolution also calls for the Nursing Care facilities to be provided at St. Albans, which at the present time has the buildings but no funds. Why should Veterans with terminal disabilities be subjected to spend their life savings fitting a sickness that there is no cure for? The Government has the property and buildings, the State owes us the Bonuses, let the State pay for the operation of the facilities and the Federal

Government give the buildings to us for such purpose.

3. To have the State of New York create a Central State Network of Medical History on all New York State residents, especially in view of the "Agent Orange" and "Love Canal" issues, and the yet to be discovered sites of indiscriminate dumping of waste by Industry and Government. This will identify family history of old "War Horses" but will help our grandchildren and sons, and daughters of those Viet Nam Veterans exposed to "Agent Orange." This Bill not only benefits Veterans but all residents of New York State.

I am happy to inform you that these three Resolutions of the Hicksville VFW were duly adopted by the general body at the 61st Annual State Convention; now it's up to our Legislators to

implement them.

Copies of these three Resolutions will be made available to anyone requesting them.

Galileo Lodge News

By Joe Lorenzo

VENERABLE TONY PREVITE'S MESSAGE

"We cannot afford to look back. We must set our sights on the future. We must be prepared to meet that future with vision, determination and sincerity. We must elevate our common goals, traditions and ideals to a point where we can insure and maintain the excellence and dignity of the Galileo Lodge."

To forward any information concerning the good and welfare of the Galileo Lodge, please contact Venerable Tony Previte at 731-0466.

One of the 'hot items' on the Galileo Lodge's summer events schedule is the Hawaiian Dance slated for the 2nd of August. In the offering will be an Hawaiian-styled dinner with all the trim-

mings, beer, soda, coffee and cake, set-ups and live music from the well-known Tiny Caruso combo. Price of admission will be \$10 per person. Skip Monteforte will handle tickets and seating arrangements, and he will be assisted by Jeff Wallick and Pete Massiello. Dial 931-9351 and these committee members will ably assist you with more information concerning this activity. A 'bring-your-own liquor' policy will be in effect for this dance. So, if you are the 'soft winds an swaying palm trees' type, why not immerse yourself in this tropical atmosphere which will soon be a reality at the Galileo Lodge.

Another summer activity to be held by the Galileo Lodge is its Night at the Race scheduled for the 18th of August. Price of admission will be \$15 per person and

this activity will feature a baby dinner at the Cloud Casino of the Roosevelt Raceway, Westbury, L.I. and Clubhouse entrance. Contact Tony Balesrino at 785-1462 for additional information about this activity. If anything associated with Harness racing exhilarates you, why not become a participant and enjoy a summer night under the stars.

If you are interested in bowling for the coming fall season, please contact Jeff Wallick and Jim Pino of the Galileo Lodge (931-9351). This will be a 'mixed' bowling league and it will be an intra-lodge activity. Bowling will occur on Monday evenings. Speaking of Fall events, please note that the Testimonial Dinner and Dance honoring ex-Venerable Tom Pasquarella will be held on

Saturday, the 15th of November. Inquiries about this activity should be directed to Skip Monteforte, who will 'chair' this activity. Dial Skip at 938-6454 and he will inform you to a greater extent about the 'extras' that you will get for a nominal fee.

Reports from the Feast Committee state that this activity was fairly successful. This feast was run from the 2nd to the 6th of July. The reports also hinted at the fact that the Hicksville community could have been more responsive to our feast and

The Wiz Orchestra

On Tuesday nights, a group of musicians, from percussionists to brass players, gather in the auditorium of St. Ignatius Church to prepare themselves for the opening of "THE WIZ." This year's orchestra is one of the largest they've ever had for their summer productions, consisting of 35 members, ranging in age from junior high through college graduates.

The orchestra is directed by Hilary Sperber, who teaches music in the local schools. Hilary has been a part of the orchestra for the past few years, playing

her clarinet, and now has taken the step up to conductor. Aside from her work on the shows, Hilary is also a teacher at USDAN, a summer camp for musicians, dancers, and actors. Hilary's experience in the field of music truly shows through when you hear the orchestra as they rehearse, and they are lucky to have such talented musicians working with them.

Come hear them on August 15, 16, 17, 21, 22, 23, or 24, when St. Ignatius Youth and Young Adult Communities present "THE WIZ".

Hicksville has a new resident: Randi Michelle Cohen! Randi arrived on July 1, 1980 to her parents, Helaine and Richard of Suggs Lane, Hicksville. Her pretty name is a combination of her maternal and paternal grandmothers' names. Preceding Randi's arrival by 2½ years is her brother, Brian. Brian's delighted with his new sister - and so are his parents. Richard and Helaine have lived in Hicksville for over a year now. They moved to our community from the city. Richard commutes each day back to the city where he is employed as an accountant. Best wishes to a lovely family.

George and Mary Tappan have just returned from a seven-day cruise to Bermuda. The three lounges, almost constant dance music and the nightly floor shows kept them busy. They took their cruise aboard the Italian Liner Doric. On board ship they participated in a "newlywed" game (they have been married two years - practically a bride and groom). They won some lovely prizes for their efforts. The Tappans said the shops and reviews they visited in Bermuda were exciting - especially one show which George raved "was out of this world." They are back home now recuperating from their marvelous vacation.

Congratulations to Fran and Graham McNamee. The

McNamees celebrated their 31st wedding anniversary on July 25.

July 25 was an auspicious day for another reason, too. Frances Knight celebrated her birthday with the help of her family; husband George; daughters Mary, Maureen and Christine; and Christine's husband Jim and their daughter, Lauren.

More July birthdays: Peggy Gill celebrated her "special day" on July 24. Your family and friends wish you much love and happiness, Peggy.

Basking out at Heather Hills, Montauk for over two weeks recently were Ann and Joe Jablonsky, Sr. They utilized their lovely motor home while there. Their son, Joe, Jr. and his friend, John Crammer, visited them for a few days. The group enjoyed swimming, golfing, fishing, and other outdoor activities. Alas, all good things must come to an end and so, too, did their delightful sojourn. However, they will manage to get away in their motor home again before the summer is over.

Tom Clark, Councilman in the Town of Oyster Bay, and his lovely wife, Corinne, held a party in honor of their daughter, Claudette's, graduation from St. Ignatius Loyola R.C. School. Claudette won the Joseph Barry

K. of C. scholarship award. She will use the money towards her tuition to St. Dominick's H.S. Not to be outdone, the Clark's other daughter, Jeanine, graduated from Queen of the Rosary Academy. This fall Jeanine will attend Niagara University. The family held a combination party for the girls - relatives' party in the afternoon and friends' party in the evening.

Back from a delightful camping trip are the Hoos of Mayfair Lane, Hicksville. Bob and Maria Hoe and their children, Christopher and Stephanie had a marvelous time except for an incident which dampened the outing - a heavy rainstorm. But that was only night and the rest of the time was ideal.

Gerri Geoffrey, daughter of Mr. and Mrs. M. Geoffrey of Briggs St., HICKSVILLE, graduated June 8 from Queen of the Rosary Academy in Amityville. She made the Math Honor Roll which enabled her to wear the Blue Satin Mantel at graduation, which made her parents very proud. A gala party was held after and was attended by many of her relatives and friends, 40 in all. A large cake, made by her mother, Mildred, had a replica of the school on it. Gerri will attend Island Drafting and Technical Institute in September, to which she has a scholarship.

"Movin' On"

"Movin' On," a musical celebration of gospel, will be presented at Eisenhower Park's Lakeside Theatre on Wednesday, August 13 at 8 pm, according to Nassau Recreation and Parks Commissioner Abram C. Williams.

The musical traces the development of gospel through the ages and its evolution into contemporary American music. The show is presented through Writers-in-Residence, a non-profit performing arts organization that offers outreach drama workshops for economically, educationally or emotionally deprived youth throughout Nassau County.

The Lakeside Theatre is located near parking Field No. 6 in Eisenhower Park, a facility of the Nassau County Department of Recreation and Parks.

certainly more cognizant of the fact that activities of this nature bring in revenue which in turn will be used to aid and abet many charitable organizations associated with the Galileo Lodge, not to mention the many other organizations that the Galileo Lodge donates to. It is obvious that the greater the proceeds, the greater the proceeds to be used for

community-oriented activities. Next year the Galileo Lodge will hold another feast and it is to be hoped that the Hicksville community will lend itself in order to make this activity a greater financially rewarding one. The problem is a simple one, and in simplistic terms it just means that the more we make, the more the Hicksville community will get.

FIRE REPORT (Continued from Page 4)

explosion tore through the Madden Auto Body Shop at 140 Woodbury Rd., Hicksville. The cause of the explosion, which caused extensive damage to the structure, was an apparent faulty air tank—part of an air compressor unit. One employee was slightly injured. There was no fire. Hicksville Fire Chief Richard Kershaw said it was a miracle that no one was killed. The tank went without warning and spewed chunks of metal all over the area.

Parade And Drill Awards

With summer fully upon us, Hicksville Vamps have done well at local Island Parade and Drills.

In the last several Parades, the Ladies Auxiliary has won three awards for the best appearance. The men have won two. The Drill Team has also picked up three awards in Drill Competition. At the annual Hicksville Fire Dept. Intra-Dept. Drill, Volunteer Hose Co. No. 4 won top honors.

Labor Day Parade And Drill

Plans are moving ahead for this year's Labor Day event. No site has been selected yet for the Drill. Each year the problem gets worse on picking a street to hold the Drill. More on Labor Day in future reports. P.H. & L. Co. No. 1 Capt. Mike Krummenacker is the General Chairman this year.

TOWN BOARD MEETING

denied, it was pointed out.

Mrs. Rita Weisfeld of the North Woodbury Civic Association made a statement opposing this petition because, she stated, "The existing shopping center has already created a serious traffic problem in the intersection of Jericho Tpke. and Southwoods Road and the additional traffic would further endanger traffic in this area as well as the bus route for the Southwoods Junior High School and the Syoset High School."

Mrs. Sarah Middendorf of the Syoset Homesteaders Association and Mr. Fred Polualumbo of the Syoset Task Force also spoke in opposition to this petition and expressed their hope that the master plan would be adhered to.

the Board reserved decision at a hearing to consider amendments to the Code of Ordinances of the TOB establishing a fee of \$250.00 for site plan applications submitted to the Town Planning Advisory Board for review and/or approval. No one appeared in opposition to this suggested change.

the Board approved Resolution No. 663-1980 relating to adjusting the Community Develop-

ment Plan and reconstruction of Parking Fields No. H-10 and H-11 in Hicksville. This permits the Board to enter into agreement with the Town's Consulting Engineers on this ongoing project.

the Board approved Resolution No. 673-1980 relating to authorizing the Town Comptroller to pay to cover cost of acquisition of 18.6401 acres of land, previously owned by the Nassau Brick Company in the PLAINVIEW landfill area. The amount paid is to be \$559,000.00 and 10 acres of this land will be rented back to its previous owner for two years at a charge of \$94,600.00 for the first year and \$48,000 for the second year.

the Board approved Resolution No. 686-1980 relating to Local Laws in connection with real property tax exemption for persons over 65 years of age, pursuant to NY State Law raising these exemptions, from \$8,000 to \$9,200 if residents qualify.

REPUBLICAN NEWS

(Cont. from Pg. 1 Hicksville) Republican leadership that is needed to voice our views in Washington.

Speaking about exceptional candidates, I hope everyone has had the opportunity to talk to Doug Hynes, our candidate for the 10th Assembly District. Doug has been working hard meeting people at train stations, shopping malls, and going house to house. Doug has the sincerity, initiative, qualification and understanding to be an effective Republican Assemblyman. He deserves our utmost support.

Continuing with the candidates, everyone is invited to meet many of them at our next Republican Club meeting on Friday, August 8. This will be a social gathering, summer party, to include food and refreshments at a minimal cost.

News from our Congressman Norman Lent, informs that he has joined with House and Senate Colleagues in co-sponsoring legislation that would make possible a 10% reduction in individual federal income tax rates at the beginning of next year. This tax package would also establish a broad program to accelerate business depreciation. It would stimulate economic growth and productivity and create new jobs by encouraging more investments in modernization and expansion of business and industry. Congressman Lent stated that "our nation's economy, and particularly our own northeastern portion of the U.S., desperately needs this type of self-generating assistance. And, we need it as quickly as possible with economists warning of the threat of a recession worse than anything since the Great Depression."

See you at our August 8 meeting. Best regards, Joe.

Reminder: the meeting starts at 8:30 p.m. in the VFW Hall, 320 South Broadway, Hicksville. There is ample room for convenient parking. Bring a friend or two - you'll have an enjoyable and informative evening.

TOWN BOARD

(Cont. from Pg. 1 Hicksville)

Hicksville Water District, the TOB Highway Dept. has been assigned the task of demolishing the old barn and removing the outside porch on the vacant house at 459 Newbridge Road and Barter Lane in Hicksville. The house will then be securely boarded up at all entrances and windows. It is expected that this work will be done sometime next week.

Residents in this area and the West Green Civic Association, Inc. represented by Margaret Kelly, Jane Senn, Peter Antonio and Richard Cavaliere had been working to have the necessary steps taken to protect the young people in this area, by what is now being done, for many months. They were upheld in a case in the Supreme Court of Nassau County, as to their right to act in court on this matter in a recent judgment, at which time they sued the Town of Oyster Bay. They were represented by attorneys Michael D. Polansky, Esq. and Leonard B. Austin, Esq. The town was represented by attorneys John F. Bogut, Esq. and Wallace H. Flax, Esq.
