## Board President Sets New Public Speaking Format

Hicksville School Board President Thomas Nagle surprisingly announced a new format for the public speaking sessions, at Wednesday's Board meeting.

The announcement came during the second public speaking session when Mrs. Arlene Zuzzolo, resident, approached the microphone, began to ask questions and was told by Mr. Nagle that he would "entertain questions and give an answer" in writing at a later date. He later added that the answers to questions would also be read at the following board meeting.

Mr. Nagle explained that the chairperson was in charge and that rules would be enforced. "Questions are to be directed to the chair and I will direct them to the person it is concerned with," Mr. Nagle added that the Board nor the administration "would be put on the spot. We want the answers to stand up."

In answer to Trustee John Ayres question, "would the answer be given privately?", Mr. Nagle stated "this way I dictate." Mr. Ayres urged Mr. Nagle to get a consensus of the Board on this matter. Trustee Charlene Anci concurred. Mr. Ayres also questioned the legality of the format, but school board attorney Joseph Campanella stated "no," when asked if he had knowledge in this area.

Resident Arlene Rudin then took exception to the fact that during the first public speaking session, a question, asked by resident Carrie Clark, was answered. Mr. Nagle stated "I forgot and it was a mistake." He then added that if the question was of a "common nature" it could be answered. More technical questions would be answered by "a staff person, disseminated to the schools and given out at the next board meeting." He also added that questions could be written out prior to the meeting.

He then allowed Mrs. Rudin and Mrs. Zuzzolo to again state their questions.

In an unusual action, the approval of claims and warrants (payment of bills) was initially

voted down with Trustees John Ayres, Virginia Germer, and Charlene Anci voting no. Mr. McCormack was away on personal business.

An amended motion was made by Mrs. Germer, to delete a check for \$2,000, a partial payment to the Sterling Forest Conference Center for a two-day administrators workshop on August 25 and 26. The total cost of the workshop is approximately \$5,000, coming from a "carry-over" in the 1979-80 budget under in-service training expenses.

Superintendent Dr. Wilber Hawkins explained that the conference would focus on clinical supervision, a means of supervising and evaluating personnel. He emphasized that this was "the biggest priority of all the in-service programs." Holding the workshop outside the district was the "best way. It gives two days of concentrated time."

Although agreeing with the concept of the workshop, Mr. Ayres, Mrs. Germer, Mrs. Anci and Mr. Bennett questioned the cost, the place, and the time it was being held, a week prior to the schools' opening.

Dr. Hawkins stated, "It won't work in-district. We can't accommodate the personnel involved in the conference room." Other Long Island locations had been explored, but none could offer the type of accommodations needed at a reasonable price.

The amendment initially lost with Mr. Nagle, Mr. Bennett and Mr. Anci voting no. Later in the meeting, Mr. Bennett changed his vote on the amendment to delete the \$2,000, from no to yes, and the amendment passed. Another vote was taken on the amended motion and Mrs. Anci, Mrs. Germer and Mr. Ayres, changed their no votes to yes and the amended motion, approving claims and warrants, minus the \$2,000 passed.

During the public speaking session, Mrs. Arlene Zuzzolo questioned the Board on the current status of the third grade class at Dutch Lane and also asked why money was available to keep a principal on staff "but not available to hire a new

teacher for a second third grade class."

Resident Arlene Rudin again asked how, as a taxpayer, she would "know how money is being used" in unallocated funds. The monies for the new junior high principal salary were taken from unallocated and terminal leave funds. Mrs. Rudin questioned if the money could have been used to hire an additional teacher for the third grade at Dutch Lane. Mr. Nagle answered "yes, but we have to hire a new principal." Mrs. Rudin suggested that a new principal be hired in March, instead of September, therefore saving money.

Another Dutch Lane third grade parent stated she felt "deceived. I was told during budget hearings that there would be no change in staffing." Dutch Lane is losing one teacher. Dr. Hawkins replied that "staffing is identical on a district-wide basis, but not school-by-school."

In other action the Board approved the following:

- Application and proposal of the remedial reading program in the public and nonpublic schools under E.S.E.A. Title I. The total cost, completely federally funded, is \$99,881.

- A proposal for 1980-81 Special Education VI-B, a continuation of this year's program, which includes teacher aides, special art, expansion of physical education; evening counseling program; and continuation of the summer special education program. Also included is the implementation of the GERIS reading program. Total cost \$105,525.

- The appointment of medical consultants; school physicians for the summer months (3); district Committee on the Handicapped.

- Free and reduced price lunch and special milk policies for 1980-81 school year.

The Board adopted a resolution increasing the senior citizen tax exemption to \$9,200.

The Board awarded bids totaling \$414,519.60. A total of \$386,656 from that sum was for fuel oil.

The next meeting is scheduled for August 13.

## Hicksville Man Wins National Award

The National Association of Federal Credit Unions has selected Bethpage Federal Credit Union and its General Manager Peter J. Seitz of Hicksville, to receive its annual award for National Management Achievement. The honor was presented at an Award Luncheon, July 28, during the association's yearly convention in Washington, DC.

The Bethpage credit union was selected from among the 450 Federal Credit Unions in the association for its innovative program of in-house seminars for management personnel.

In presenting the award to Seitz, NAFCU President Richard McConnell said: "The simple and inexpensive idea for in-house seminars emphasizes the team aspect that is the best of credit union philosophy."

Bethpage Federal Credit Union, with assets of

approximately \$120,000,000, serves Grumman employees in its main office in Bethpage, and branch offices in Long Island, Florida, Georgia, and Ohio.

## Secondary Schools Undergo Reorganization

By Linda Strongin

The reorganization of the secondary schools was presented to the public at a recent meeting of the Hicksville Board of Education. Dr. Daniel Salmon, assistant Superintendent of Secondary Schools, explained the reorganization, using organizational tables for the junior and senior high schools. (See accompanying charts.)

The reorganization was the result of many meetings and discussions with the administrative and supervisory staff in which problems, structure, strengths and weaknesses of the secondary

schools were looked at closely.

Included in the reorganization are the new positions of student deans, alternative school and student activities coordinators, and crisis counselors. The deans, one for each grade level 7-12, will be concerned with student discipline and behavior. They will work closely with the guidance counselors.

The alternative school program has not yet been defined, but according to Dr. Salmon, would try to "meet the needs of those students with

According to the Long Island Water Conference, an organization of the water supply industry on Long Island, you can be assured that your drinking water meets all County, State, and Federal drinking water standards and guidelines and is safe to drink as it is delivered to your home. The water purveyors of the Conference continuously monitor the water they produce and distribute to their customers to insure that it is of excellent quality.

The Long Island Water Conference contends that the recent report, "Toxics on Tap", by New York Public Interest Research Group, Inc., has sensationalized known data concerning quality of our water. The report implied that contaminated wells have continued to be used to supply the

public. This is not true. Any well found to be contaminated has been immediately and voluntarily removed from service.

The Conference pointed out that the cancer data utilized in the report was 1950-1969 data and does not reflect a true picture of current cancer statistics, which in fact show a decline in the cancer rate. The Long Island population during the 1950-1969 time period was made up of persons migrating from New York City and other industrialized areas and they would have, in all likelihood brought many illnesses with them that showed up in that time period.

The Report suggested that carbon filters in the home would clean up the water. The EPA has recommended a minimum contact time of 13 minutes for

proper absorption of contaminants. The conference questions that any such household devices give this amount of contact time. There is some evidence that such filters provide a bed for bacteriological growth.

The Long Island Water Conference also takes exception to the Report's suggested use of bottled water. In fact, bottled water quality at times may be questionable. In 1978, according to the Nassau County Health Department survey of 35 brands of bottled water, 12 of the brands were found to exceed the State Health Department's limits for at least one contaminant. Among the contaminants found in bottled water were arsenic, fluoride and

## VENERABLE TONY PREVITE'S MESSAGE

'He who ceases to be a friend never was one' — A Greek Proverb.

To forward any information concerning the good and welfare of the Galileo Lodge, please contact Venerable Tony Previte at 731-0466.

Last year's presentation of the 'Foolies Follies' held by the Ladies Auxiliary of the Galileo Lodge was hilariously produced and uproariously accepted by all those viewers who were more or less inquisitively drawn to its 'tongue-twisting' title. This year, on October 3rd, the Ladies Auxiliary will once again present this revue using the same format, which will consist of a series of comedic skits, acts, antics and some music varieties, jocularly presented to tickle the 'funny

bone'. Talent for this revue will be provided mainly by the male and female members of the Galileo Lodge, although the talent of our friends and patrons will definitely be welcomed. This revue will be presented annually and the chairpersons for this 1980 version will be Rose Riccardi (681-0960) and Jeff Wallick (681-8426). Jeff reports that, until further notice, every Monday night will be a meeting night used primarily to gather and review talent, which in turn will help to consolidate the production of this activity. Anyone interested in participating in this 'variety show of the year', please contact Rose and Jeff who will provide you more details. We all have hidden talents, and you can put yours to good use if you decide to get involved with this production.

Those of you who are drawn to

activities with a tropical flavor, please be informed that this Saturday, August 2, the Galileo Lodge will hold its Hawaiian Dinner and Dance. A nominal admission fee of \$10 per person entitles you to an Hawaiian-styled dinner with all the trimmings, beer, soda, coffee and cake, set-ups and some really good live music from the Tiny Caruso combo. Skip Monteforte (938-6454) will handle all ticket sales and seating arrangements, and he will be ably assisted by Pete Massiello and Jeff Wallick. A 'bring-your-own-liquor' policy will be in effect that night. Indulge yourself by coming to this dance which features the customs and modes of another world.

Harness racing enthusiasts please note that on August 18th the Galileo Lodge will hold its

Night At The Races, at the Cloud Casino, Roosevelt Raceway, Westbury, L.I. Price of admission is \$15 per person and it entitles you a tasty dinner at the Casino and clubhouse entrance. If you are interested in spending a pleasurable evening dining out and watching your favorite sulkies perform, then contact Tony Balestrino (785-1462) who will provide you with more details. Here again the prices is right and the people are right.

## LODGE TIDBITS

On September 20, the Galileo Lodge will hold a Testimonial Dance for Rose Riccardi, ex-President of the Ladies Auxili-

ary. More information on this affair in later columns....On November 15, the Galileo Lodge will hold a testimonial Dance honoring ex-Venerable Tom Pasquarello. Inquiries about this dance should be directed to Skip Monteforte (938-6454), who will 'chair' this event....Next golf outing of the Galileo Lodge will be held on the 17th of August. Green fees will be \$8 per person, and it will be held at the Heatherwood Country Club. This outing starts at 8:00 A.M....Next Bowling meeting of the Galileo Lodge will take place at the Syosset Lanes, and further information can be obtained from Jeff Wallick and Jim Pino, who can also be contacted for golf information.

# D'Amato Calls For Welfare Reform

Republican-Conservative U.S. Senate candidate Al D'Amato charged recently that President Carter's failure to reform the nation's welfare system, as he promised four years ago, is crippling local governments and local property, sales and income taxpayers throughout New York State.

"New York has the highest local property, sales and income tax burden in the nation - \$842 per capita - while, in most southern states, already reaping windfalls from oil profits, the local tax burden is less than \$200 per capita. In oil-rich Houston, which pays some of the lowest welfare benefits in the nation, and gets one of the highest percentages of federal reimbursement, the personal tax burden is only \$175," D'Amato said. "A major part of the difference in tax burden is caused by welfare payments."

D'Amato said that the present welfare system is anti-New York State and anti-Northeast.

"The federal government pays only 50 per cent of total welfare and Medicaid costs in New York and the other Northeastern industrial states," D'Amato said, "while it pays up to 76 per cent of the costs in most of the affluent Sun Belt states."

"Then, New York compounds the inequity by forcing local taxpayers to pay half the non-federal share, or one quarter of

the total," D'Amato continued. "something that happens only in New York. Most other states pay all or nearly all of the non-federal share of the costs."

The result, said D'Amato, is that combined welfare and Medicaid costs consumed between 50 and 60 per cent of county budgets throughout the state. Without welfare and Medicaid, county tax rates could be cut in half in most parts of the state.

D'Amato added that 10 per cent of New York City's budget goes for welfare and Medicaid payments, noting that the cost of these programs was a significant factor in the city's brush with bankruptcy five years ago.

D'Amato said that federal reimbursement formulae are based on an archaic law, passed in 1946, and since unchanged, which paid a higher percentage of the costs in the then-poorer states of the south, and a lower percentage of the costs in the then-richer Northeastern industrial states.

"But now the older, industrial states are in a period of economic decline while the Sun Belt states are thriving and prosperous," D'Amato said. "Yet, Texas and Louisiana, for example, floating on oil and financing their state and local governments with oil production royalties, are still being reimbursed for 75 per cent of their costs while we are getting only 50 per cent."

D'Amato said that New York is being punished for its humanity toward the poor.

"New York State, paying \$370 a month to a family of four on welfare, the highest rate in the nation, gets only half the cost paid by the federal government. Mississippi, paying \$47 a month, the lowest in the nation, gets 78 per cent reimbursement," D'Amato said. "Louisiana, which ranks seventh from the bottom in welfare benefits, gives its poor people the princely sum of \$130 a month - and gets 75 per cent federal reimbursement. Texas, fifth from the bottom, pays \$104 a month and gets back 73 per cent of its costs from the federal government."

Besides paying its own welfare costs, New York is also funding welfare costs in other parts of the nation through federal taxes paid by its residents, D'Amato said.

"New Yorkers are paying a disproportionate share of the burden of a national problem," D'Amato said. "The present welfare system makes as much sense as forcing Alaskans to pay more for national defense because they happen to live closer to Russia."

D'Amato said that Sen. Patrick Moynihan has been fighting for welfare reform but that Sen. Jacob Javits has been absolutely silent about an issue that affects every taxpayer in New York State.

## GOP Designating Petitions Filed

On July 24 the Nassau County Republican Committee filed more than 83,000 signatures on petitions designating its candidates for the General Election scheduled to be held November 4th.

The cherry-colored petitions with 20 names per page filled 45 volumes and were gathered by the Party's workers across the county between June 17, the first day for circulating petitions.

County Chairman Joseph M. Margiotta and Assemblyman Raymond McGrath, candidate for Congress in the Fifth District, turned the petitions over to Nassau Election Commissioner President Isabel Dodd at the Board of Elections in Mineola.

Margiotta said he was "well-pleased by the number of Republican signatures gathered

by Party workers."

"They did a good job," he said. "Gathering petitions is the one way to make sure committee members get into the street to meet the people and ask for their help. It's a great aid at election time when it's time for the Party to get out the vote," he said.

"Even more important was the good reception our workers received in gathering the signatures," he said. "There's a good feeling out there. I believe it's going to be a good year for Republican candidates."

Assemblyman McGrath who served two terms in the State Assembly and is presently seeking to replace Congressman John W. Wyder in the Fifth District, said he was "delighted" that nearly 30,000 Republicans signed his designating petitions.

The State Election Law requires only 1,250 signatures for any congressional race.

"It's certainly a good sign for November," McGrath said, agreeing with Margiotta.

In the only local County-wide, District Court Judge Marvin Goodman, candidate for the County Court, had a total of 80,244 Republicans sign his designating petitions.

In the Congressional races a total of 83,472 Republicans signed petitions for the four Republican candidates for Congress.

In the State Senate races, a total of 83,062 Republicans signed for the five senatorial candidates and in the Assembly races, 80,307 names were gathered for the 11 Assembly candidates. Members of the State Committee received 78,748 signatures.

## Irish Night

Irish Night, the sixth in the series of International Music Nights at Eisenhower Park's lakeside Theatre, will be presented Monday, Aug. 4 beginning at 8 P.M., announced Recreation and Parks Commissioner Abram C. Williams. The rain date is Aug. 5.

The free program is presented by the Nassau County Department of Recreation and Parks and is sponsored by European American Bank, Williams noted.

Among the featured performers will be the Iris Fada Gaelic Pipe Band, the Irish-American Society Musicians and the New York All-Star Celi Band. Vocal groups include the Druids with Sean Quinn and Ray Brennan, and singer Noel Kingston. The Golden School of Irish Dance will also perform.

Master of Ceremonies for the evening will be Joseph Kennedy representing the Irish Tourist Board.

Eisenhower Park's Lakeside Theatre is located near parking field No. 6. Since there are no formal seating arrangements Commissioner Williams suggests that theatregoers bring chairs and blankets. If the weather is doubtful, call 292-4175 for verification of performance.

## Gospel "Songwriter Of The Year"

Years ago, few people had ever heard of Don Francisco or contemporary Christian music.

All that has changed now. The dynamic new style of music is leaping in popularity among young, sophisticated Christian audiences and Francisco, 34, is in constant demand around the country.

Now, the nationally acclaimed balladeer is making his only Long Island appearance this year with a sacred concert Thursday, August 7 at the John C. Adams Playhouse at Hofstra University. Seats for the 7:30 p.m. concert are general admission and tickets are \$4 in advance and \$5 at the door. They may be purchased at area Christian bookstores.

Francisco, and the musical style he represents, have come far in the last 10 years. Formerly, the only music written for Christians was church hymns and Southern Gospel, with its heady mix of human frailty and praises to Jesus. It has only been in the last few years that this new genre of Christian music has emerged to address the musical

taste of an audience demanding more meaningful spiritual music.

After nearly 10 years of struggling, the Louisville, Ky. native is only now beginning to reap the acclaim his God-given talents deserve. Last March, the Gospel Music Association (GMA) handed Francisco his first two "Dove Awards": one for being named the 1980 gospel "Songwriter of the Year," the other for his hit song, "He's Alive," being named the gospel "Song of the Year."

Francisco believes strongly in what his songs say. His provocative, hard-hitting lyrics are an extension of himself, an expression which is neither trite nor shallow.

"I express my beliefs through songs," he said. "If I don't put my heart into a song it will not reach others' hearts. A song can take me as much as two or three years to write; thinking it over, writing it, tossing it out and then going back over the scriptures it is based upon again and again. What I am really trying to do is teach the Word."

The Vevantes of HICKSVILLE, Fred and Tess, and their sons, Barry, Kevin and Ferdinand III, attended a barbeque party at Brian and Barbara Vevante's home in Farmingdale. The party was in honor of Brian and Barbara's third wedding anniversary on June 18. The acknowledged princess of the affair was Brian and Barbara's three-month-old daughter Michelle who was born February 15. In spite of the fun and merriment enjoyed by the rest of the family, little Michelle remained nonplussed at all the festivities.

July is birthday month for the Woodcheke family. On July 11 Christopher celebrated his birthday, on July 16 Peter celebrated his birthday, and on July 27 Michael celebrated his birthday. Congratulations and best wishes, Chris, Pete and Mike.

Oops... almost missed another birthday in the Woodcheke family. Matthew James Woodcheke was a year old on June 1. Matthew resides with his parents Denise and Michael, on Tenth Street, HICKSVILLE. We wish you at least 99 more happy birthdays, Matthew.

And over on Miller Road, HICKSVILLE, Robert Kaminek, Jr. had a very happy birthday on July 18. Congratulations, Robert.

Chances are, when you had visited our HICKSVILLE Library, one of their efficient employees, Loretta McNierney, had provided you with assistance. Loretta, who is a long-time Hicksvilleite, celebrated her birthday on July 10. Congratulations and best wishes, Loretta, from your husband, John, your children, friends and neighbors.

New addition in the Kremler household — a shiny new canoe. Frank and his wife, Ann, took a trip upstate and purchased a 17' canoe which seats four people. The canoe will get lots of use by the Kremler family at their summer home in Shawnee, PA. Hope you have many opportunities to use it during the rest of this summer, folks.

Couldn't forget to wish a happy birthday to Lisa Franzese who was 14 years old on July 15. Lisa's parents are Anita and Tony Franzese, HICKSVILLE. ITSS, who made Lisa's birthday a truly "special" day.

## Town Demolishes Dangerous Buildings

IN THE TOP PICTURE: OYSTER BAY TOWN COUNCILMAN Thomas L. Clark chats with foreman Joseph Myrata as a Town Highway Division crew proceeds with demolition work at 459 Newbridge Road, Hicksville. The Town Board had originally declared a barn on the property a

hazard to public safety, ordering it and the porch of the adjacent house razed and the house boarded up. Following two fires in July, declared "suspicious" by Hicksville Fire Department Chief Owen Magee, subsequent inspection of the house by the Town's Building Division determined

that it, too, was unsafe. Deputy Town Supervisor Robert Schmidt then ordered it demolished along with the barn. Work began on Tuesday and is expected to be completed by week's end.

The bottom picture shows Councilman Clark in front of the demolished barn.

## "Our Drinking Water Is Pure," Colby

Long Island is an island, a body of land technically surrounded by water.

Oyster Bay Town is locked by land east and west. On the north and south we have the sound and the ocean... great expanses of water. Water we cannot drink.

Our drinking water supply comes to us from underground. A recent report from a private organization led the people of Long Island and the Town of Oyster Bay to believe that our water supply is impure, unhealthy and not safe to drink.

The report, supplied to the media before it was revealed to County and State regulatory agencies, was alarming to say the least. It also may not have been totally accurate.

Our drinking water in Oyster Bay Town is pure. You can open the tap in your home and drink water or use it for cooking in complete confidence that it is

untainted.

Local water districts, the Nassau County Health Department and the New York State Department of Environmental Conservation regularly check the quality of the water at its sources.

Moreover, constant vigilance is maintained to seek to prevent any contamination of the ground water supply.

Yes, that private agency report was correct in saying that long Island's water supply could be destroyed by pollution and contamination unless there is caution. Although it only pointed out what the regulatory agencies have been saying more and more strongly in recent years, the report served a very worthy purpose of awakening Long Islanders to the seriousness of what the water districts, Health Departments and environmental agencies have been saying.

Perhaps with new awareness, average residents will assist in protecting our underground supply by believing it is necessary to clean up after their pets, and to dispose of waste and motor oil properly. The regulatory agencies have already demonstrated a sense of urgency as they continue to tighten guidelines and controls to prevent the contamination caused by industry. However, unless the millions of Nassau-Suffolk residents also demonstrate an awareness of the need to protect our groundwater, all the industrial regulations will not be enough to protect its purity.

You can, therefore, go to your kitchen in full confidence and draw and drink a glass of pure water. But, you must also be aware of the need all Long Islanders have to protect our underground supply.

Kawasaki manufacturers KDX series motorcycles in four engine sizes along with a complete line of high quality racing, dual purpose and street motorcycles, Jet Ski watercraft, snowmobiles, and generators.

## Hicksville Baseball Association HBA's 1980 Major League District Champs

By Donna Rehman

This is the first year in the history of HBA that our Majors have taken the title of District Champs. A run down of the last two games is as follows:

July 25 - behind the strong defensive relief pitching of Danny Rehman we came from behind to beat Hicksville American with a score of 4-3 in the bottom of the sixth by a dynamite pinch hit double by Chris Nealon, count was 2 for 2 with 2 outs, the hit brought in Mike Mullin, Vinny Pelizzi and Scott Papacuri who came charging in with unbelievable speed to beat the ball at home plate. Exciting is a meek work to describe that game.

Monday, July 28 - behind a one hitter by Anthony Cordero, hard hitting by Mike Mullin who was 3 for 3, Kevin O'Leahane, Brian Terlacasi and a fabulous bunt by Vinny Pelizzi, our Majors took the championship over Syosset North 3-0. Strong defensive play by the entire team with special note to the short stop Kevin O'Leahane and first baseman Danny Rehman. CONGRATULATIONS TO ALL - YOU ARE A FINE TEAM. GOOD LUCK IN THE REGIONALS.

I am proud to report that our Pony League has won the Long Island Championship. Congratulations to all. They now as of Monday, July 28 have gone to New Jersey to further their title. Next week we will have

Top Row left to right - Vito Cassese, Dan Rehman, Coach Tom Hartman, Manager Tony Cordero, Coach Fred Papacuri, Anthony Cordero, Business Agent, Bill Herman. Center - Jim Patwell, Mike Mullin, Joe Sallie, Vinny Pelizzi, Brian Terlacasi, Kevin O'Leahane. Bottom - Ralph Sanantonio, Scott Papacuri, Steven Calapelli, Chris Nealon, Tony Lupperello.

pictures and will give you a full run down on all the happenings with our Ponies.

As for our Mid-Island Tournament, it ended as follows:

8 year olds	4+1
9 year olds	3+2
10 year olds	4+1
11 year olds	3+2

They have played some fine ball. Congratulations fellows! Trophies to be awarded in late fall.

Mr. Pagett director of 10 year

olds, HBA 13 Huntington St. Hughes-6

Offensive: Goerke 2 for 3, 1 H.R. 3 RBI's, scored twice. Cornelius - 2 for 3, 1 RBI scored twice. Campisi - 1 for 2, beautiful bunt single, scored twice. Greany - 1 for 3, beautiful bunt, scored once

Defensive: Pagett 3 assists, 2 put outs. Good sportsmanship Arlin Strongin.

Special thank you to coaches Phil Campisi and Bill Cornelius.

## Horses In Harness

Long Island's long history of work and play with horses will be explored in a weekend of special activities at the Old Bethpage Village Restoration on August 9 and 10.

Entitled Horses in Harness, the weekend program will feature plowing contests, antique vehicle displays, competitive racing events and the village's third annual pleasure driving show.

On Saturday, the restoration's farmers will take to the fields to demonstrate plowing techniques using specially trained draft horses and a walking plow.

On Sunday, the village's pleasure driving show will give visitors the rare opportunity to watch traditionally garbed drivers compete in antique vehicles for skill, speed and style. Timed track trots, obstacle races, the Gambler's Choice and timed harnessing and hitching are among the events scheduled for Sunday.

The highlight of Sunday's events will be the mini-marathon that starts at 1 P.M. A grueling road test of the horses and drivers, participants must complete a 1 and 1/4 mile course that runs through the village's roads and fields. The entire course must be driven at a trot

except for a walk section of 200 yards. The winner of the event will be the team with the least penalty points, lowest time and best physical condition.

Long Island has always had a long and glorious tradition of horse racing. The New Market Course, generally regarded as the first race track built in the United States, was situated on the Hempstead Plains in what is now the Garden City area. The Union Course in Jamaica was the site of one of Long Island's first and worst traffic jams as thousands of city and island residents traveled to the course to see American Eclipse compete against the southern champion Sir Henry.

Old Bethpage village restoration, operated by the Museum Division of the Nassau County Department of Recreation and Parks, is located on Round Swamp Road, Old Bethpage, south of Long Island Expressway, exit 48. Hours are from 10 A.M. to 5 P.M. The village is closed Mondays. A cafeteria and gift shop are located in the reception center. Admission is \$2.75 and \$1.25, respectively. Parking is free.

For further information call 420-5280.

## DIPS IN DISCIPLESHIP

Contrary to what some of you may be thinking, our sermon topic for today, "Dips in Discipleship," is not a pejorative way of speaking about certain disciples of Christ. Had that been my intent, I would not have used an outdated term like "dip." We are not talking about dumb people who are out of touch with reality - turkeys in today's slang - but rather I refer to those times in our lives as Christian disciples that we enter into the valleys of depression. The times when nothing goes right, when things get so bad that even God seems to have deserted us. We probably all have been through some of these times in our Christian lives. Perhaps some of us have dipped into the valley of depression recently and are still there. There are even times when it seems that the harder we try to do the will of the Lord, that life gangs up on us, bringing disappointment our way which then sometimes turns us away from God, and we

## DEVOTIONS

By The Rev. John H. Krahn

dip into pits of a spiritual depression. It really seems that God has deserted us.

Now listen carefully, God deserts no one. God ain't no deserter. God does not send problems our way. God ain't no pit digger. There is evil in the world that causes dips in discipleship, but there is no evil in God.

Remember the children's prayer, "God is great, God is good, and we thank Him for our food"? That prayer is true, "God is great and God is good" - there is no evil in God. God is not the author of the dips. So crying out to God, "Why are you doing this to my life?" is dumping your garbage on the wrong doorstep. Rather, curse the devil, the devisor of dips - deposit your garbage on the right doorstep. Evil causes sickness; mental, physical, and spiritual. So when we become a disciple of Christ, having heard the call of our God and having responded to it, we seek to grow in discipleship and

develop a discipline of active discipleship. We can almost guarantee that old evil foe is not going to sit on his thumbs but rather will put dips in our path.

Although God doesn't cause us to enter into the valleys of despair, he is there in the valleys. As the psalmist says, "Yes, though I walk through the valley of the shadow of death, I shall fear no evil, for Thou art with me." Even if we abandon God; he does not abandon us. As C.S. Lewis wrote, "The gates of hell only can be locked from the inside." God is as close as a whispered prayer.

Jesus, when he told the parable of the prodigal son, leaves no doubt in God's desire to forgive us and re-enter into a loving relationship even when we have had a dip in discipleship. When we are at rock bottom and come to our senses by returning to God, he remolds us, and we rocket out of that valley, reaching new heights of life and discipleship. When all of our best efforts have failed and when we realize that we can't go it alone, when we have to let go and let God be God in our life, we discover that His Spirit is stronger than that of the evil spirit, and that we can overcome - overcome all things by God.

I have decided to follow Jesus and Jesus has decided to follow me - to be with me both in the heights and depths of life. If you are engaged in a particular life crisis, remember the story of David and Goliath. God helped David conquer a large problem. If currently your life is calling upon you to stand firm for your principles, remember the time when Luther went to the Diet of Worms. The possibility of death snapped at his heels, but God was with him. He was not alone.

Dips come in our life of discipleship but God is still God; past, present, and future - caring, loving, and most willing to help. With the psalmist we proclaim, "Yes, though I walk through the valley of the shadow of death, I will fear no evil; for thou, yes, thou, Oh, Lord, art with me." Thank you, Lord! Praise you, Jesus!

## Letters To The Editor

Dear Editor:

I would like to inform homeowners of a fact which could save them money on their homeowners insurance of which they might not be aware. At least one major carrier of homeowners insurance, State Farm, and I would guess others as well, give a homeowner a modest rate reduction if they have fire extinguishers and/or smoke detectors installed in their homes. My reduction was approximately 5% of the premium. I consider myself a person who

tries to read all the information which comes across my path yet it was a personal friend who informed me about this. Thus I thought I would pass it along to my neighbors in Hicksville.

I would also add, for those who do not have smoke detectors, that they too might want to check with their companies since they might find that the cost of the detector would be close to the value of the rate reduction.

Sincerely,  
George McGinn

A graduate assistant in the

Department of Health, Physical Education and Recreation since January of this year, Jeannette's work experience has included counseling in health education, teaching yoga and making a successful children's record.

Jeannette, a certified Health Education teacher, graduated magna cum laude with a 3.83 cumulative average.

Matthew Charles Barry, a resident of Hicksville, received a bachelor of science degree SUMMA CUM LAUDE in computer science at the Nineteenth Annual Commencement of New York Institute of Technology held recently at the college's Old Westbury Campus. Mr. Barry was symbolically hooded by president of the college, Dr. Alexander Schure, for the highest average among the candidates for this degree in NYIT's Center for Technology.

At a special honors and awards convocation held prior to commencement, Mr. Barry received the Executive Award for excellence in computer science.

Valedictorian of Nassau Community College's Class of 1978 and 1976 graduate of Hicksville High School, Mr. Barry was a physics tutor in the Studies Skills Center at NYIT. While at Nassau C.C., he was the recipient of the Computer Science Award. In addition, he

was granted a half tuition transfer scholarship to NYIT.

The son of Anne F. and Charles E. Barry of Brunswick, Maine, Matthew is presently employed full-time as associate systems programmer with Grumman Data Systems in Woodbury, N.Y., and part-time as a file clerk with Manufacturer's Hanover Trust in Syosset.

# Hicksville Republican Club News

By Harriet Maher

Good food, good friends, good cheer — all yours when you attend our special buffet dinner meeting on Friday, August 8, at 8:30 p.m., at the V.F.W. Hall, 320 South Broadway, Hicksville. A nominal admission of \$2.00 includes food, wine, beer and soda and an opportunity to meet your neighbors and various candidates for offices in the upcoming election. Help kick off the campaign on a full stomach.

This week's column features a report from Frank Jopp, chairperson of our senior citizen committee:

"I am sure that all of you are enjoying the lovely weather we are having this summer. However, make sure you have some covering on your head if you are out in the hot sun too long. The sun can be deadly, so please take precautions.

First, some information about the Nassau County Senior Citizen Leisure Pass. Nassau County residents 60 years of age and over are eligible for the special Nassau County Senior Citizen Leisure Pass. The new senior citizen leisure pass is a yellow card with space for personal emergency information on the reverse side. This new yellow card will eventually be the only identification card for reduced fares on the buses. The old orange card is valid until the end of 1980. It does not have to be

replaced if it is used only for park entrance. There is no charge when the old orange card is turned in and replaced with the new yellow card. If a senior citizen wishes to keep the old card with the photograph for other identification purposes, there is a \$1.00 charge for the new card. Any senior citizen obtaining a card for the first time must provide proof of age and residence and pay \$1.00. Application must be made in person. The new cards have no expiration date and are valid indefinitely. The following benefits are obtained by using the senior citizen pass: Bus fare reduction (half fares on all Metropolitan suburban buses at all hours, seven days a week); entrance to Nassau County Parks; participation in senior citizen recreation programs; reduced rates on activities in Nassau County Parks which charge a fee such as pools and golf; reduced prices at many restaurants which honor the pass; admission discounts at some theaters (for list of participating restaurants and theaters, call Department of Senior Citizen Affairs at 535-4414); and other benefits available to users of the pass. Obtain the senior citizen leisure pass at Eisenhower Park, 7 days a week from 10 a.m. to 4 p.m. Many other county parks also issue the leisure passes. For further information call the Nassau County Department of

Recreation and Parks at 292-4200.

On a different note: the income limit has been raised for senior citizens' property tax exemption. Many senior citizens whose cost of living increase in social security benefits had cost them their local property tax exemption, will now be able to get it back according to a news release from the office of Abe Seldin, chairman of the Nassau County Board of Assessors. The eligibility limit for senior citizens' property tax exemption used to be \$8,000, set by the state. But the new law passed by the legislature last month and signed into law by the governor, raised the maximum income eligibility limit to \$9,200 when they meet on July 22. The new law also extends until August 1, for this year only, the period for filing for senior citizens' property tax exemptions. For additional information,

## Secondary Schools Undergo Reorganization

(Continued from Page 1)  
problems who do not fall into the special education program."

The coordinator of student activities, one for each school, will organize student programs, both day and evening, and serve as advisor to the student government.

The crisis counselor, one at each school, would provide counseling for those students having difficulties related to drugs, alcohol and tobacco. The crisis counselor will work closely with the pupil personnel staff.

The functions of the assistant principals at each of the secondary schools have also been redefined. The junior high has two assistant principals, one overseeing the administration of the junior high and one overseeing student support services.

At the senior high school, there are three assistant principals, one to direct the administration

of the high school; one to oversee student support services; and one to oversee special programs.

The reorganization also provides chairs for English, social studies, math, and science for each school; one chair for foreign language serving both schools; and a coordinator for cultural and performing arts (music and art), one for each school.

A coordinator for practical arts at the junior high school will encompass home economics, industrial arts and business. Also at the junior high school will be a coordinator of health/physical education.

At the senior high, the coordinator for practical arts will encompass home economics and industrial arts. There will also be a chair for business, with the computer department coming under that heading. The computer department will be "ef-

fectively used for instruction and administration" according to Dr. Salmon.

The senior high will also have a chair for health/physical education, with inter-scholastic sports falling under this heading.

The function of school government has also been redefined. Student government leaders at the senior high school met with the administrative staff to "develop a better structure for student government in which student groups could be coordinated and students could be involved with concerns," Dr. Salmon stated.

Job descriptions for the newly created positions have been developed and were approved by the Board. According to Dr. Salmon, the reorganization was designed to "set-up promotion from within." Implementation of the plan is scheduled for Sep-

tember 1. The cost has been included in the budget structure for 1980-81.

"We have a well-designed management system with accountability," concluded Dr. Salmon.
