Board policies, a delicate personnel matter and a brief curriculum report were among the many topics discussed at the meeting Wednesday evening of the Hicksville Board of Education.

Vice President Bill Bennett continued his policy update and the Board approved deletion of policies concerning matters covered each year at the Board's reorganization meeting. Also, policies dealing with the business office will be revised. A policy on Library Impressed Fund will be recommended for reaffirmation at a subsequent meeting.

A lengthy discussion was held on the agenda format at meetings with educational presentations. Superintendent Dr. Wilber Hawkins recommended having the business portion of these meetings moved to the end of the agenda.

Mr. Bennett, however, disagreed stating that it was contrary to Board policy. Trustee Virginia Germer also disagreed, stating "the public gets an opportunity to see the workings of the Board. Moving the business portion defeats that purpose."

The matter was later resolved when Mr. Bennett read the policy on agenda format, which states that the agenda can be rearranged "to expedite educational presentations."

During the first public speaking session, resident Frank Grimmer brought to the Board's attention a letter from Rep. Norman Lent to Dr. Hawkins and Dr. Hawkins' reply concerning the termination of employment of Mrs. Edith Marshall. Mrs. Marshall was, up to this year, the person in charge of calling substitute teachers. During budget hearings this past

Board Discusses Policies, Personnel And Curriculum

year, the amount allocated for this position was deleted from the budget. The district was applying for participation in the New York State Service for Substitute Teacher Registry. However, the district did not become part of the program this year. Currently, the district is using its own in-house substitute calling service, performed by a part-time clerical worker at an approximate salary cost of \$4,500. The previous cost with Mrs. Marshall was \$7,500, which included machine rental and telephone costs.

The legal question of discussing this personnel matter became a heated topic between President Tom Nagle and Mr. Grimmer.

"This is not an appropriate time to bring this up. We don't discuss personnel in public," stated Mr. Nagle.

Mr. Grimmer, however, was adamant about his concern over Mrs. Marshall's termination of employment and the contents of Dr. Hawkins' letter to Rep. Lent concerning the matter.

Board members expressed their views on the subject, suggesting an executive session with or without Mr. Grimmer present. However, Trustee John Ayres questioned the legality of having a resident present during an executive session on a personnel matter.

Trustee Virginia Germer suggested a letter from Mrs. Marshall to the Board giving Mr. Grimmer permission to speak on the matter.

The Board was reminded by Mr. Ayres and later by Mr. Nagle that the topic had already been discussed at a budget meeting last spring.

Trustee Dan Arena reminded Board members that "we have the responsibility to uphold our position. We cannot discuss personnel matters in public."

The Open Meetings law states that executive sessions by municipal governing bodies, such as boards of education, can be called on eight subjects, including "the medical, financial, credit or employment history of a particular person or corporation, or matters leading to the appointment, employment, promotion, demotion, discipline, suspension, dismissal or removal of a particular person or corporation."

Trustee Charlene Anci asked school board attorney Joseph Campanella if this matter came under personnel since Mrs. Marshall was no longer employed by the district. "Yes, it reflects on her employment."

Later, during the second public speaking session, Mr. Grimmer returned with a written letter from Mrs. Marshall giving him permission to speak. However, Mr. Nagle stated "this doesn't satisfy me. I have reservations on the appropriateness of it. It puts the Board in a vicarious position."

Mr. Nagle stated there were other avenues for Mrs. Marshall to explore. He offered Mrs. Marshall the option of "talking to the Board and Dr. Hawkins on the telephone speaker in an executive session." Mrs. Marshall is unable to attend a meeting in person due to illness.

Mr. Grimmer, however, was adamant in making the discussion a public matter. Mr. Nagle stated "the matter was closed."

Assistant Superintendent Dr. Catherine Fenton gave a progress report on the curriculum development in the five curriculum priority areas of language arts, science, social studies, math and health. Mr. Ayres had questions on the health curriculum, modeled after the Seattle-Berkely project, which is being implemented in the 1st and 5th grades at Park Lane School. Principal Richard Jennett stated it was a "limited purpose curriculum and not intended to be a total health curriculum." Dr. Fenton stated it did not include human sexuality, when questioned by Mrs. Anci. Among the areas to be explored are the five senses on the first grade level and discussion of drugs and alcohol on the fifth grade level.

The Board also acted on the following:

- approved the textbook, "The Story of Philosophy" by Will Durant for use by high school English classes;
- approved acceptance of \$11,000 from the Levittown School District for the education of the Levittown project children in the Hicksville School District at the Holy Family School;
- granted permission for the district to apply for a Title II, Basic Skills grant for \$4,000. Mr. Ayres questioned any additional cost to the district once the funds had been approved. According to Dr. Fenton, the details of the program have not been worked out, but "most of it will be for in-service training" of teachers in the areas of listening, speaking, writing communication.
- awarded bids totaling \$26,471.12, which includes fence for the Dutch Lane School;
- approved various personnel matters.

The Board and administration also answered inquiries brought by residents concerning the MLM program at the junior high school and the gifted and talented proposal.

The next meeting will be held on October 29, 8:15 p.m. in the conference room of the administration building.

Council Hears Candidates And Museum

By Carol Wolf

It was after 11 at night when the last member of the audience spoke during the Hicksville Town Meeting. Previously, the members of the Hicksville Community Council had heard eleven candidates from state and national office tell what they can offer to the people. Richard Evers had discussed the fate of the Gregory Museum and a discussion ensued about the fate of the Jones Institute. A new season of the Hicksville Community Council had officially opened.

Two of the four candidates for district court judge were present. Myron Steinberg and Robert Callahan. The voting booth will tell you to choose three of the four.

Steinberg has been endorsed by all parties and Callahan has been endorsed by the Democrats.

Steinberg, who was president of the Rotary when Council President John Budnick received their scholarship, said that as a judge, he cannot engage in any political controversy. And so he spoke about the District Court, the "people's court" which remains open 365 days a year, 24 hours a day with a judge on call. The court has a full session on Saturdays and Sundays.

Callahan reminisced about the District Court, which used to be located on Heitz Place (now the Gregory Museum). Callahan was a village justice and prosecuted many, many cases. He is a partner in the law firm of

Carman, Callahan, Carman and Sabino.

Charles Brennan is running for the 4th C.D., the United States House of Representatives, on the Democratic and Liberal Line. Norman Lent, incumbent, has Republican, Conservative and Right to Life endorsement.

Brennan, who declared that Lent is not an effective leader in the House for a particular legislation or cause, declared that he will work for the people, for consumers.

Lent, who has been a member of the House since 1970, was represented by Gene Turner, his aide. Lent, who is chairman of the Health Committee, has called for a health study, national defense and a bal-

anced budget. He also investigated the dumping of toxic wastes by the Hooker Chemical Co. of Hicksville.

For State Senate 5th C.D., Donald Cotton, Democrat is running against John Cain, Right to Life candidate.

Bayville's Cotton, who wants to protect the environment and have meaningful work in Nassau County, believes that we have a good competent police force. However, the county has no adequate public transportation and no room in our prisons. He believes in property tax for property related services and says we need more state aid for schools.

Cain believes in a single unit tax in order that home-

On Friday, November 7, a dance with a formal buffet will be held at the Parish Hall beginning at 7 PM.

On particular request, the community is invited to the Christmas Eve Service on Sunday through Wednesday, Dec. 24-26, 1979. The Long Island Fair

Pumpkin carving and decorating demonstrations will be among the many delightful exhibits and entertainments awaiting visitors to the Long Island Fair opening Friday, Oct. 10 and continuing daily from 10 A.M. to 5 P.M. through Columbus Day, Oct. 13 at Old Bethpage Village Restoration.

Nassau County Department of Recreation and Parks Commissioner Abram C. Williams announced that a free carved pumpkin will be awarded each hour during the Fair's duration. The annual spectacular, first held in 1841, is presented by the Nassau County Department of Recreation and Parks and is sponsored by the Agricultural Society of Queens, Nassau and Suffolk Counties.

Huge, gaily striped tents will house displays of prize fruits and vegetables, home cookery, needlework and arts and crafts. Blue ribbon livestock and poultry will also be on display.

Musical entertainment will be provided by the Old Bethpage Choral Singers and "Jeff and Jeff," renowned singers of beautiful folk ballads. The Fairgrounds will also resound to the stirring performances of the Old Bethpage Village Brass Band.

Famed tintypist J.S. Woodbridge will be on hand

to create genuine ferrotype portraits of individuals and family groups.

Children and adults alike will be entranced by the "Grand Show of Mysteries and Marvels" in the entertainment tent, featuring the "Great Wizard of the North," "Lawrence the Magician" and the amazing fire-eater, "Stephen the Unusualist." The Mountain Mime Group will perform astounding feats of mind reading.

Also featured in the sparkling entertainment array will be the Salisbury Puppets. Complete shows may be seen four times daily. Schedules will be posted at the entertainment tent.

Other highlights will be the cornhusking contests, the agricultural skills competitions in plowing, spading and cross-cut sawing and the always popular country dancing jamboree.

Admission is \$3 for adults and \$1.50 for children ages 5 through 17. There is no charge for parking. A cafeteria and gift shop are on the premises. Old Bethpage Village Restoration is operated by the Museum Division of the Nassau County Department and Parks. It is located on Round Swamp Rd. just south of exit No. 46 on the Long Island Expressway. For information, call 420-5280.

SOME FRIGHTENING PHYSIOGNOMIES will take shape on hundreds of

pumpkins at the Long Island Fair.

Bowl-A-Thon

Hundreds of youngsters will be helping to build a special hospital for children by bowling in the second annual Bowl-A-Thon on Columbus Day, October 13. Held by the Women's Division of The Children's Medical Fund of New York, this event will benefit the new 150-bed hospital for children, Long Island Jewish-Hillside Medical center, scheduled for completion in 1983.

The CMF Bowl-A-Thon will take place simultaneously at eight participating bowling alleys conveniently located in Nassau and Queens counties. Armies of children are currently ringing doorbells of neighbors, prevailing upon local merchants and phoning all their relatives and friends to enlist as many sponsors as they can. While a minimum of five sponsors is necessary in order for a child to qualify, there is no limit to the number of sponsors a bowler can enlist. Sponsors pledge to pay a given amount per pin for the combined scores of two games bowled, a sum to be decided upon by the spon-

sor with no minimum restrictions.

Participants of all ages have an opportunity to win prizes because bowlers are divided into two divisions, grades K through five, and grades six through twelve. Prizes, which include bicycles, television sets, clock radios, and a bowling ball with bag, will be awarded to the children who raise and collect the most money. Bowling will be in teams of four, arranged either by the children themselves or by CMF. All teams will be carefully supervised and scores will be certified by a parent or a CMF member.

According to chairpersons Sandy Brown of Merrick and Carol Bellofatto of Old Brookville, last year's Bowl-A-Thon was so successful that CMF decided to make it an annual event. They hope to surpass last year's Bowl-A-Thon receipts of \$7,500 by getting more children involved.

For further information about this fund-raising event, call The Children's Medical Fund office: 516-775-8230 or 212-470-2731.

Cut them off at the pass with an Energy Saver Kit.

Energy conservation is a national watchword. Concerned homeowners take care to insulate their residences, using caulking and storm windows. But these efforts can be defeated by drafts — drafts through cooking-exhaust fans, fireplace flues, and wall outlets.

Switch plates and electric outlet plates are two locations where the Hole in the Wall Gang steals into your home and makes a getaway with your energy dollars.

You can cut them off at the pass with an Energy Saver Kit.

The kit contains 16 easy-to-install insulators, cut to fit wall outlet and switch plate openings. The insulators are electrically safe, UL-listed, and totally hidden when properly installed.

Complete instructions are included in a booklet listing additional energy-saving tips for you and your family. The kit also holds a LILCO Water Restrictor, which will help you save our nation's water resources and more of your energy dollars at the same time.

Make your home more energy efficient.

The Energy Saver Kit is available from the United Cerebral Palsy Association. You can receive kits for \$3.00 each. Any additional amount you send will help children by supporting continued care by the United Cerebral Palsy Association.

St. Ignatius "Homecoming"

Saint Ignatius Parish is nearing completion of preparations for "Homecoming", a program of evangelization, a reaching out to the unchurched of the community. Recent polls have revealed that the majority of people who have no religious affiliation, when questioned, said that they would return to a church if someone asked them to do so. Homecoming does just

that. It is a gentle invitation to come home to God in a warm, unthreatening atmosphere. It is also an opportunity for more regular churchgoers to renew and revitalize their relationship with God and each other. It begins on Saturday, October 11, at 9:30 A.M. with a motorcade and prayer service and ends Friday evening, October 24 with a Closing Mass and Pot Luck

Supper.

The schedule between those dates is as follows:

Oct. 14, 8 P.M., Reverend Salvatore Miraglia, "Who Needs The Church? We Do. Do We?"

Oct. 15, 8 P.M., Reverend John Canning, "Family - What Makes It Happen?"

Oct. 16, 8 P.M., Reverend Edward Murphy, "Covenant House"

Oct. 14, 15, 16, 9:30 A.M., Father Canning, Three Day Experience of Prayer.

legislators actually came out against increased penalties in crimes against the elderly. The latter has to be the last straw. I urge everyone to really take stock at what's happened and what will happen if we permit the above-described group to be elected or re-elected.

"We need and must return Senator Ralph Marino, Assemblymen Joseph Reilly, and Fred Parola to office. We must elect Adrienne Filipe and Douglas Hynes. On the national level we must return Congressman Norman Lent and elect Al D'Amato to the U.S. Senate. To make the CHANGE complete - we must elect Ronald Reagan for President and the whole Republican Team. Together we can do it - in fact, we must do it, for a much needed CHANGE!"

And now we hear from Doug Hynes, an energetic advocate for Long Island, who is actively campaigning for his election to the New York State Assembly in the 10th District. Actually Doug is already working for better representation in Albany where he serves as special counsel for Nassau County.

"Toboggan" on our behalf for suburban interests.

"For six years now the Democratic Assemblyman from the 10th District has been going to Albany and telling us about the job he has done by opposing that program, fighting his own party leaders on some other issue and going against the Democratic governor on something else."

"He now campaigns on the same slogans and hopes that the people won't realize that all of these statements are merely smoke-screen tactics to hide the fact that, because of the City-oriented Democratic Assembly leaders that this Assemblyman voted for, real issues that have hurt Long Island have been allowed to fester and grow. To name a few: the current Assemblyman boasts about "delaying" the court ordered 100% reassessment.

His delay tactic may have resulted in our homes not yet being reassessed, BUT it has allowed commercial property owners to continue having their assessments lowered. That has transferred the burden to the homeowner's property tax bill even while reassessment is "delayed."

Instead of delay, the Assembly had a chance to adopt legislation that would 'eliminate' (not just delay), the need for 100% reassessment and would stop the court-ordered lowering of commercial property assessments. That bill was killed by the Democratic leaders in the Assembly, who were elected to leadership positions with the vote of the

current Democratic Assemblyman of the 10th District.

"That issue has been hurting Long Island homeowners since my opponent went to Albany. It is a real issue and is far more damaging than some of the non-issues my opponent campaigns on."

"School financing is another serious matter for Long Island homeowners. My opponent boasts of fighting his party's Governor on this issue. But the real facts come out every spring when Long Island school districts are forced to increase local property taxes because Assemblymen such as my opponent refuse to force the state into accepting its fair share of educational costs. Complete reform is essential, but all we get is State Assembly delay because the Democratic leadership is not interested in Long Island schools."

"It is time to put an end to State Assembly delays on real issues. We need suburban leadership in Albany and that means Republican leadership. It is time to replace the current Assemblyman. We must vote for the suburbs and for results on real issues."

REMINDER: The Hicksville Republican Club meeting is October 10, 8:30 p.m., VFW Hall, 320 South Broadway, Hicksville. Our keynote speaker will be a dynamic Senator Ralph J. Marino. Other candidates will also drop by so "come on down" and meet them and your many neighbors who are members of the Club.

Hicksville Big Red

Coach J. McCann

Sponsored By

J. Barry K of C

On Sept. 28 The Big Red hosted a tough team from Huntington. Within the first few minutes, Hicksville, on a fine series of passes from K. McCann to P. Thompson to D. Missimo, had gained an early advantage. Minutes after, a crisp network of passes contributed to Hicksville's second goal by D. Missimo off a pass from R. Humann and M. Boccalo. Prior to the halftime whistle C. Bentley scored the 3rd Hicksville goal. Assists went to L. Mejia and D. Donsky. In the 2nd half T. Kenny capitalized off a defensive mistake by a Huntington fullback and placed the ball in the far left

hand corner. For Hicksville's final goal. G. Tyranski preserved the shutout with a save off a badly called penalty shot.

On Oct. 5th The Big Red traveled to Cow Harbor and came away with a convincing 6-1 victory. Led by D. Missimo's 4 goals and C. Bentley's 2. Hicksville raised their fall season's record to 4-0. Assists by D. Donsky, P. Christiano, J. Neto, A. Brill, R. Humann and P. Thompson set up the 6 goals. Once again the defense was superb, led by stopper K. McCann, who played an outstanding game. L. Mejia, R. Humann and D. Youngs. Goalie G. Tyranski played with an injured knee that was hurt in practice.

U/15 Hicksville 'Hawks'

Hicksville 4 Levittown 1

The Hicksville 'Hawks'

sponsored by the 'Shamrock Pub' of Syosset remains undefeated with a record of 4-0.

The 1st half saw the 'Hawks' take an early 1-0 lead on a pass from Mike Lagnese and a great shot by Jim Kennedy. This goal was just one of three Jim would score in displaying an outstanding offensive effort. The last 20 min. of the 1st half and the 1st 20 min. of the 2nd saw the 'Hawks' go flat. Levittown tied the score in the 2nd half and nothing less than the excellent defensive play of Scott Greenspan, Bill Cheslock, Steve Heissenhuber, and Mike Lagnese along with the goal tending of John Rubins who made some excellent saves, kept Levittown from taking the lead. Scott and Mike Played outstanding defensive soccer.

With the defense holding, the 'Hawks' took control and off a well placed corner kick by Mike Lagnese and a defensive lapse by Levittown Bryan Althaus drilled the ball past the goalie from the 18 yard line and the 'Hawks' took the lead 2-1. The attack was continued and 1 min. later on a direct free kick by Steve Heissenhuber put Jim Kennedy on a breakaway and the score was 3-1. With 5 min left Bryan Althaus playing an excellent game put the ball in front and Jim Ken-

nedy had a "Hat trick". This offensive attack was supported by the very fine play of Adam Greenberg, Jim O'Brien, Steve Porcillo, James Youngs, Al Carpenter and Larry Sullivan. Joe Abbatiello should be back next game.

In writing these articles, goal scoring has been talked about as well as outstanding offensive and defensive play, credit has been given for both, but the final score of every game reflects the teams effort and cooperation in support of each other. There are no substitutes or starters on the 'Hawks' each players role is determined by the trend the game takes, and the victory or loss of any game is the responsibility of each player. The 'Hawks' continue to play as a team and we are very proud of them.

Hicksville Hornets Coached by Tom Reilly and Ken Hamel By V. Kratochvil

The Levittown Arrows came to Grumman field to play the Hornets for an exciting tie game - 2-2 was the final score. Vincent Longo scored both goals for the Hornets with a challenging assist from Billy Sussman on the first goal. The game was tight with many tense moments but

(Continued from Page 6)

there was great support on the full back line with Marco Baumann, Richie Khakrin and Robert Radke really doing their jobs in fine spirit. Kenny Hamel and Brian Doyle did a super job saving in goal. Mike Ivarone and Bobby Kratochvil were sensational alternating on the center half back position. Mike Olive and Greg Pressman also did a super job alternating between wing and midfield. Unfortunately, Mike Wozniak saw limited action and had to leave the game because of illness. The Hornets hope he will be with them on October 18th when they play the Rowdies at Grumman.

The boys make it very easy to be proud of them - they are a good team - they're #1 in sportsmanship and are all working very hard on their skills - each boy has scored at least 1 point for the team this season. We all wish them continued success.

Hicksville Belles

U-16
Hicksville Belles played the third game of the season vs. Northport Clippers at Hicksville and lost 3-1 in a

hard fought match two weeks ago.

The Belles traveled to No. Babylon this week to play the No. Babylon Cougars in a very exciting match with the Cougars won (3-0). Hicksville with numerous opportunities to place the ball in a vacant net, was unable to, for the consensus of the spectators was that the "FORCE" was with the Cougars on this day. Outstanding plays were given by Keeper Diane Sullivan, Lisa Burke, Theresa Caputo, Gina Ciriaco, Maureen Collins, Brenda Condram, Cathy Conway, Denise Harkins, Tanya Pfeffer, Susan Mitchell and Suzanne Sierra. The Belles with 15 girls on the roster played the Cougars with only 11 players. Michelle Dorrety and Lisa Humman are out with injuries, all hoping for a speedy recovery.

Young Americans

The Under fourteen girls traveled to Huntington this weekend to play the Huntington Super Kicks in an away game. Lori Gluck who fractured her wrist in last week's game, came to cheer the team on. The Young Americans responded.

by defeating the Super Kicks 2-1.

The first goal being initiated by Right Midfielder Dominique Missimo, who headed a pass to Center Midfielder Christine Sierra, who alertly saw the open space and put a thru pass to Right Wing Sandra Laine, which Ms. Laine promptly capitalized on by putting the ball in the net. The second goal came in the second half just as swiftly from Ms. Missimo who put the ball by the over stretched hands of the Super Kicks keeper from 25 yards out. Hicksville totally dominated the play despite only eleven players, with sterling performances by keeper Stacy Sokol, Left wing Mandy Devaux, Striker Amy Flannery, Stopper Debbie Kenefick, Sweeper Ann Kenzy, plus the forceful and energetic runs by Left fullback Tracey Flume, Right fullback Laura Reinhardt and left halfback Theresa Solaski.

The Young Americans record now stand at 3 wins 1 loss with the next match being played at home in two weeks vs. Smithtown.

The Future Of Jones Institute

By Carole Wolf

(Final part of a four part series)

"There might be problems of acceptance into a neighborhood," stated Robert C. Michaelis, Chairman of the Jones Institute Board. "The difficulty is that we might not be welcomed everywhere," echoed John Dawson, Board Vice-President.

That is one of the reasons the Jones Institute Board gives as to why it might take two years or even longer to build a new institute for the poor.

Hicksville Senior Citizen Bill MacDonald, who has been campaigning for senior citizen housing in the area for years, shook his head when he heard of the proposed difficulty in finding a new site. They could have kept the existing building and used the surrounding land on West John Street for a housing complex, MacDonald continued.

Bernice Weinflash, the "bookmobile lady," asked why something wasn't done to help the residents before it was too late. The Catholic Daughters of America had become alarmed when told of the proposed transfer of the residents, but could not find out where and when the Board meetings were held.

The Board will meet on a regular business basis of once a month or "perhaps more often" when they begin looking at properties, according to Michaelis. "Hope we can have an adequate size parcel, for you can't cram three pounds of potatoes into a two pound bag," he continued.

Because the Town of Oyster Bay has larger parcels of land, it will "probably dictate" that the Board examine property in that area. But, Michaelis said, "We don't want to put residents 10 miles from the nearest store. It is not unthinkable to take an existing building, but sometimes it costs more for renovations."

"If there is new construction, we have to obtain zoning approval, which may be a potential problem," stated Dawson. The plan would also have to be approved by New York State to make sure that it conforms to standards and then contracts to build would have to be designated, he continued.

"At the present time, the average cost of construction is \$15,000 to \$20,000 a resident, so if they plan a residence of 100 people, the final bill might be in the area of \$2,000,000," Dawson said that the Board must question, "Is there a need in that type of facility?" There is certain cut-off ratios that the

state dictates for adult residences, "for under 50 you need a staff of 10 and over 50, the staff would be 25," Dawson stated.

Thinking of \$2,000,000 in construction costs, Dawson said, "We would not want to spend all our funds on a new facility, when money spent would not generate money." If the Board would get a loan from the New York Dormitory Authority, "the institute would be assured of having sufficient income to operate and they would secure a debt service."

When asked whether the Jones Institute residents would be asked to live in the proposed new institute, Dawson replied, "perhaps so, but we might be talking two years before we might be in business." Executive Director Bertone, when responding to the same question, remarked, "We would probably approach the old residents, although we wouldn't have any problem in getting new residents."

Michaelis said, "We did what had to be done."

But Vern Wagner, President of the Hicksville Chamber of Commerce, summed the whole situation up in three words, "Not futuristic planning."

CORRECTION: In Jones Institute article last week, Bernice Weinflash should be Bernice Weinflash from the bookmobile.)

VENERABLE TONY PREVITE'S MESSAGE:

"Despair not only aggravates our misery but our weakness." - Italian Proverb.

In the process of extolling the virtues of others, one is inclined to resort eloquence in such forms as flowery phrases, syrupy sentiments and elaborate speeches. But when The Galileo Lodge resorts to praising its members for their loyalty, devotion and sacrifice, it uses a simple but warm technique-it just extends to them a beautiful and gracious "Thank You," two of the most heart-rendering words in our language. And it is this sincere "THANK YOU" that the Galileo Lodge bestows upon its male and female Bingo workers for their ceaseless efforts and endless interest which are certainly responsible for the successful operations of its Bingo sessions.

Week in and week out they offer their leisure time, thoughtfulness and consideration, toiling with determination and concern. They are so responsive and loyal, certainly deserving of all the praise and admiration the Galileo Lodge offers. Naming names would be difficult here because I don't have all of them at my disposal, but these workers of our Lodge know in their hearts that they are offering such valuable services, and I am sure that from this alone

of innocent human lives, then it can never be just another issue to be balanced out against an array of lesser values.

When two pro-life candidates vie for the same office, and neither is disqualified by other considerations, then the incumbent should be preferred. If there is no incumbent, the choice will be decided by other issues. When two pro-abortion candidates run for the same office, attempts should be made to run a third candidate who is pro-life. If that is impossible, then the voter's choice is to either not vote for the office, or to vote against the incumbent, or to vote for the person who would do less injury to the issue if in office.

In New York State, the Right to Life Party has made these judgments after extensive research and interviews, and the results have been crystalized on the fight to Life line, row "D" of the ballot, for your consideration.

Families for Life is the local pro-life group. The next meeting will be at Levittown Hall on Wednesday October 22 at 8 PM. For further information call 935-4272 or write to Box 574, Hicksville.

In the top picture Bingo workers of the Ladies Auxiliary of the Galileo Lodge, Ex-President Rose Riccardi (left) and Ex-President Mary Monteforte (right), who always offer their best efforts for this activity.

In the bottom picture are Bingo workers from left to right, Gus Russo, Al Frigente, Frank Matassa and John Keiper, the Chairman.

they derive a great deal of satisfaction, not to mention the pride that builds up in them. (SEE PHOTO)

Mr. and Mrs. Pete Massiello, one of the most gracious couples of the Galileo Lodge, gave me a most remarkable and vivid account of their well-deserved fabulous and inspiring trip to Italy-visiting such thrilling sights as Rome, Venice, Milan, Padua, San Marino and Isle of Capri. Their awe-inspiring visit with the Pope and to the Sistine Chapel have left them almost speechless. They were actually mesmerized by the beauty and culture that Italy abounds in. It was, in their own words, a trip that never could be forgotten, let alone described. Just beautiful, we say also.

We live in a world where laughter is sorely needed. Can laughter cure the ills of the world? Is it a panacea or a palliative? Perhaps. Well, for one thing, laughter can certainly diminish the aches and pains of our modern world. Speaking of laughter, on October 17th, the Ladies Auxiliary of the Galileo Lodge will present their laugh-infested revue called the "Foolies Follies". Price of admission will be \$8 per person, which entitles you to food, beverages, coffee and cake and music. Our bar will be open for your convenience. Rose Riccardi (681-0966) is the Chairlady and she will handle ticket sales and seating.

They say that we are living in a world of compromise, meaning, of course, that we have to adjust to the ways and modes of our present world. But at the Galileo Lodge this thought remains in limbo, because our Lodge still offers you the most for the least amount of money. For proof of this why don't I mention that on Nov. 15th the Galileo will present at Testimonial Dinner and Dance in honor of ex-Venerable Tom Pasquarella. Price of admission will be \$35 per couple, a modest fee which entitles you to a cocktail hour, dinner, soda, beer, coffee and cake, unlimited liquor and some excellent dance music.

And don't forget all you members of the Galileo Lodge who are in good standing, the Lodge offers free food, drinks, coffee and cake and entertainment. It is Member Appreciation Night, and the Lodge picks up the "tab". The date is Oct. 23, a social night.

Families For Life Club News

By Doug Harknett

Considerable discussion has taken place in the media in recent months on "single issue" politics, much of it unfavorable to the right to

life issue because it has been misrepresented. Pro-lifers prefer to call abortion a "disqualifying" issue, rather than a "single" issue. Same

thing you say. Sometimes it can be, but the importance of the distinction is that the ability to define the issue often is decisive in the outcome of the debate.

The term "single issue" includes both qualifying and disqualifying issues, but is more often identified in the media as an issue that qualifies someone for something. Abortion is not such an issue. Being pro-life does not automatically qualify a person for public office. Many other considerations come into play. However, being pro-abortion does disqualify a person for public office just as being a racist would.

Once pro-abortion candidates are removed from consideration, then other candidates can be judged on the merits of their other positions. For instance, if a candidate were pro-life, but had been convicted of bribery in the ABCAM trials, he would be disqualified for public office. Or, if a pro-life candidate had never studied law, he would be incompetent to be a judge.

There are varying degrees of technical competence and moral disqualification, and each voter has a scale of values that will guide his decision when casting his ballot. If one truly believes that abortion takes millions

Sabbath Sunday

Many houses of worship in Nassau County will be participating in a Sabbath/Sunday scheduled for November 14th through November 16th and sponsored by the Nassau Association for the Help of Retarded Children along with the cooperation of the State Office of Mental Retardation. The state-wide event is endorsed by the Council of Churches, Board of Rabbis and the New York State Catholic Conference and will be proclaimed officially by Governor Carey.

The purpose of Sabbath/Sunday is to provide a better understanding of people who are mentally retarded as well as an awareness of community alternatives for them. Helen Kaplan, executive director of the Nassau Association for the Help of Retarded Children, in inviting Nassau churches and synagogues, explained that the sympathetic support which has come from many of the clergy in Nassau County has been a source of great encouragement to AHR.

Council Hears Candidates (Continued from Page 1 Hicksville)

owners are not taxed 6 to 17% for improvements that they make on their residence. He is displeased with discretionary sentences, for just recently a man who set a pizza parlor on fire got 7 to 15 years and a woman who drowned two children was released provided she receive psychiatric care.

Fighting for a seat in the 10 A.D., are Republican Donald Hynes and Liberal Irwin Quintile.

Hynes, who is a lobbyist, said that with a Democratic Assembly and Governor, the area needs help. Nassau County pays 11% in taxes and receives 18% back. Hynes wants to vote the suburban vote in the assembly.

Quintile believes that the big problem is destroying the county and using as an example in and out of state who call their classmates. He mentioned that VTH was supposed to ease the burden of school tax, but who sees the money. He is also against eliminating funding up those apartment buildings from \$500 to \$600 per month plus utilities.

Republican, Conservative and right of left candidate Fred Parola is running as an independent for his seat on the 10 A.D. Parola mentioned that his office is opened every day a week and that he has walked the district to meet the people. He said that there is insensitive bureaucracy and has opposed both budgets, fighting for zero based budgeting. He supported the abolition of fuel state tax, the initiative referendum and the battle bill.

In the 15 A.D., Angelo Orazio, Democrat/Liberal is being opposed by Adrienne Filipe who is endorsed by the Republican, Conservative and Right to Life Parties.

Orazio, seeking his fourth term in office, is the Chairman of the Energy Committee in the Assembly, and sponsored the home insulation Act. He believes in Nuclear Safety and is an opponent of the Property Tax, which is the wrong way to collect money. He does not believe that the legislature will vote for full value.

Filipe, who is Counsel to Gaemmerer, feels that bureaucracy has become too large, for it even takes her 10 phone calls to solve a problem. She is an advocate of Home Rule, wants Washington to stop printing and spending money and wants to eliminate taxes on pensions and savings.

After all the candidates spoke, Nick Evers talked about Hicksville's only museum, the Gregory Museum. The end of the month will tell. Evers said 8,000 children visited the museum last year. The museum is capable of raising \$10,000 a year themselves, but they need other sources of funding. It costs \$9,000 for the curator, alone.

The petition which was circulated last year, was given to the Town with 41,000 signatures. In order to have a referendum, there must be a need for over a million dollars.

Evers had contacted the schools, trying to set up con-
