At The Board Meeting Master Schedule, Grade Distribution Discussed

By Linda Strongin The master schedule, grade distribution, MLM class sizes, and the COH (Committee on the Handi-capped) were among the many topics discussed at last week's meeting of the Hicksville Board of Education.

Trustee John Avres presented figures indicating inconsistencies in various grade distributions. He cited everal, including junior high English 9, showing 101 failures for 1979-80; 37 pass-ing in summer school; and 64 remaining deficit. "The master schedule

shows one section of English 9 at the senior high school with 22 students. Where are the other 47 students?"

The master schedule also does not show a repeater class for 9th grade English at the junior high school

During the discussion it Was revealed that do of the 750 9th grade students graduated in June, Also 51 of last year's 9th graders still last year's 9th graders still remain deficient in science with no repeater class in the junior high or 9th grade science in the high school. Also 166 failed health with some students withdrawing from the class

Assistant Superintendent for Secondary Dr. Dam-Salmon stated that he "would look into it," and report to the Board.

The alternative school at the senior high (there is also one at the junior high school) was explained by Principal Ray Rusch when questioned by Mr. Ayres. The coding appeared on the master schedule differently from that of the junior high alter-nate school and Mr. Ayres

asked for clarification. Mr. Rusch stated that he and Assistant Principal John Petrelli had visited other schools with alternative school programs and had "put together and adapted a program suited to Hicksville Senior High School." It is a program suited to Hicksville Senior High School." It is a team approach with crisis and guidance counselors and teachers working with the students, Mr. Rusch stated that this program is for students with a history of truancy and "these first nine test scores.

"Hams"

other

veeks have been successful with only one or two with ab ences

There are approximately 42 students in the program, 42 students in the program, some of whom may, at the end of this semester, "move out of the program" and back into regular classes. "It is our hope to work the program out of existence," concluded Mr. Rusch.

Trustee Charlene Anci muestioned rlass sizes in the questioned class sizes in the Modified Learning Module program (MLM) which ranged from 8 to 26 per class in various subject areas. The MLM program is aim-

ed to help those students having difficulties with learning and considered "high risk" but not falling under the special education program. Students in a resource room, however, may also be 11 e MLM program. Th MLM program is primarily at the junior high school with classes in the 10th in the 10th

Dr. Salmon stated the figures recited by Mrs. Anci may be incorrect at this time since the master schudule was as of September 16 and is not "a report" but "reflects the conditions at the time and is a working document." He added that the master schedule will be 'modified and rectified' with principals providing up-date material as of October

31. But he also stated that it was "impossible to schedule equal size classe During the public speaking session resident Arlene Rudin asked several questions on the subjects of Regents Tests; TB re-testing of some teachers at Dutch Lane; math deficiencies reflected

in test scores; and Commit-tee on the Handicapped. Mrs. Rudin was concerned about the math deficiencies in the junior high and stated that "this weakness needs primary attention not long-

primary attenuon not long-range planning. The elemen-tary school should also be part of the curriculum development program." Dr. Sallmon stated that he

that Hicksville test scores compared favorably to state There are no

disparities between our scores and state-wide averages in math."

Concerning the COH, Mrs. Rudin questioned whether any program appearing as a recommendation on an IEP recommendation on an IEF (Individual Education Plan) "is overseen or multilored by the COH," in particular the MLM program at the junior high. Director of Pupil Personnel Services Dr. David Weeks stated "no the question on the MLM program.

Mrs Anci added that infor-Mrs, Anci added that infor-mation she had received from attending a Special Education - COH workshop at the N.Y. State School Boards Association Conven-tion revealed that "the COH is responsible for overs programs that a special education student is in

Also speaking during the ablic session was resident Frank Grimmer who again brought up the matter of sub-stitute teachers. In answer to his question, Superin ent Dr. Wilher Hawking

ent Dr. Wilber Hawkins stated that "we do not have permanent subs now but will look into the matter if it is warranted or valid." President Tom Nagle again stated that the matter concerfing Mrs. Edithe Marshall could be handled "by writing a letter; with a conference call in Dr. conference call in Dr. Hawkins' office; or by coming in person.

Mr. Grimmer added that he had "talked with staff and he had "talked with staff and they are upset with the substitute calling system. Can this be ironed out?" Dr. Hawkins stated "we have a new system and are in the s of working out the problems.

In answer to Mr. Ayres question concerning ac-tivities provided on the ele-mentary level until the sub arrives, Dr. Hawkins stated "it depends on the individual case and the principal."

Dr. Hawkins gave a report concerning rumors of a phantom wearing a dark cloak." There was allegedly an incident at an elementary school where younger children had been frightened by a man wearing a dark cloak. No children have been

injured, "just frightened," The police are aware of the situation and are patroling the area in unmarked cars." He urged anyone hearing about or seeing such a per-son to contact the local school principal.

On other business, the Board rescinded prior action adding T. Rowe Price Associates, Inc., to the District's list of approved companies for employee participation in tax sheltered programs and to authorize the Business Office to make necessary refunds to af-fected employees. Voting no were Trustees Ayres, Anci, and Germer and Germer.

The company has not as yet been approved by the State Education Department. Dr. Hawkins stated the district has been in touch with the Bureau of Audit and Control and is waiting for a ruling. The school district's attorney has ruled that until a formal opticion has been made, the district should not one district in this time of the made, the district should not participate in this type of tax shaltered program.

Hicksville Congress ol Teachers President Bob Zaleski auggested that "since no formal opinion has come from the Bureau of Audit and Control, put the matter on hold. Deduct the amount from participants' checks but don't forward it to T. Rowe Price. You are

therefore not technically participating." Approval for the firm is expected shortly from the Rureau

Bureau. Mr. Ayres motion to table the matter lost 4-3, with Trustees Bennett, McCor-mack, Arena and Nagle voting no, stating they were legally bound by the at-torney's opinion. The Board awarded bids

legally bound by the ac-torney's opinion. The Board awarded bids totaling \$56,932.86 for various supplies and equip-ment (science, musical, ment (science, musical, athletic, industrial arts and softball backstops). It also awarded \$57,803 to Rason Asphalt Inc. for track rehabilitation at the senior high school.

The next meeting of the Board is November 12 at 8:15 p.m. at the administration building.

A HAMBURG SAVINGS BANK **RETIREMENT PLAN** GROWS WITH TAX-FREE DOLLARS. HERE'S HOW:

PLAN 1. Self-Employed Retirement Accounts. (Keogh Plan)

People who work for themselves can now save on taxes to the tune of \$7,500 a year! That's the amount you can set aside, tax free until retirement, in our selfemployed (Keogh) retirement account at Hamburg Savings Bank. Depending on the amount you choose to save, the plan you select, and the number of years until you

retire, you'll find your retirement fund can be remarkably substantial. Ask us for details, with specific figures for a program tailored to your retirement goals.

Visit a nearby office and get specific figures for a plan to suit your retirement goals. Also ask us about the new Defined-Benefit Keogh Plan.

PLAN 2. Individual Retirement Accounts. (IRAs)

Regulations let you put aside up to 15% of your earnings - up to \$1500 a year - and you pay zero taxes on the money or the interest it earns until you retire. (By then, you most likely will be in a lower tax bracket.)

If one spouse is employed and not covered by a qualified plan, that working spouse is eligible to include the nonworking spouse in his or her IRA. Or the couple may set up separate IRAs. In either case, an additional \$250-to a maximum

of \$1.750 annually-may be contributed. If two separate plans are established, it will be to your advantage, tax wise, to contribute the same amount of money annually to each plan. For example, each year 15% of the working spouse's compensation. up to a maximum of \$875, should be deposited to each IRA.

For tax relief now and a great retirement later, visit a Hamburg Savings Bank nearest you - today.

Deposits can be made weekly, monthly, or in a lump sum.

Dear Friends

AS THE SPOTLIGHT FADES from the recent election. and zeroes in on the transition period and then the first term of our newly-elected public officials on all levels, we are reminded of one statement made by President Elect Ronald reminded of one statement made up President externolation Reagan..." Ibelieve that it is time for the government to stop running the people, and let the people run the government, as was originally planned by our founding Fathers." This is a tall order — one can only hope that it is possible for this ideal to be realized to a greater degree in the future therein the ment!

The two remaining goals were scored on beautiful corner kicks by on beautiful corner kicks by D. Donsky to D. Missimo and from R. Humann to T. Kenny, Final score 5-0, this giving goal keeper G. Tyranski and easy game and well dermined easy a well deserved rest

The following week, Oct. 26th, the Big Red traveled to Huntington on a cold windy day. The type of day soccer should not have been played. In the 1st half H.B.C. had the vind at their backs, and they took advantage of this by scoring two goals. It would have been many more, except for the outstanding job by goal keeper G Tyranski. In the second half, the Big Red had the advantage and the boys kept driving and pushing the ball into their opponents goal area, but it would either hit the goal post, go wide, or the goalie would make a great save. You could see the frustration on the boys faces because of the number of chances they had to score and could not convert. Finally after twenty minutes into the 2nd half, K. McCann scored on a penalty shot. Shortly thereafter R. Humann on a perfect corner kick to T. Kenny tied the score, with time running out for the Big Red, A. Brill on a sharp pass to D. Missimo. who then put it into the net with ten seconds left on the clock, giving the Big Red their sixth consecutive win R. Humann and Luis Mejia played and on defense. played an outstanding game

Many thanks to L. Many thanks to L. Humann and E. Bentley who stood behind the goal area in the 2nd half and chased the outbounds ball, thus allowing Bod the additional minute to win this game

The second half continually proves to be Hawaii's best. Foreward Matt Greenspan scored the winning goal (his 12th goal of the season) and Gerrit the season) and Gerrit Nijborr scored the final goal (his 5th of the season) with a fine display of ball handling, Hawaii's defense was led by halfback Joey Rosner, Jason Teilelburg, and fullback Teitelbaum and fullback Mike Tobin who succeeded in stopping Wyoming's oflense in the second half.

The excellent goaltending shared by Gerrit Nijboer and Bryan Pendrick continue to a winning combination. Vankees Clinch Title

With still 3 games remaining to be played in the Fall season, the under 16 Yankees have already won their Division Championship with 7 consecutive wins. This is also the third straight title thi strong leam has captured going back to the fall of 1979. The decisive victory was over the East Meadow Flyers by a big 8-1 margin. The boys were not aware that they could clinch the title in this game but they did have something to prove as they played poorly when they faced East Meadow carlier in the season in posting the 7 victories this season, the Yanks have poured in 32 goals and have allowed a stingy four goals against.

Coaches Bill Cresham and Pai McHugh were happy with the victory but even more pleased that the boys played good, solid soccer on a cold, windy day. The challenge facing the coaches now is to keep the boys on the top of their game for the next 3 games outdoor and through the winter indoor season in the preparation for the tough Spring. There will be much more competition in the Spring with the return of Babylon orth and Huntington (these teams do not play in the Fall) as well as the Regional Cup Competition. The boys on this leam are R. Andrus, V. Christiano, W. Cresham, J. Demarco, S. Dolan, C. Demarco, S. Dolan, C. Feldman, J. Fitzgerald, G. Marco, J. McGeough, P. McGeough, J. Mitchell, R. Pearse, A. John Rodney, superlative Hicksville Back, raced a kick-off bak 69 yards to enable Hicksville to gain an inexpected 14-14 Conference tie with tough East Meadow.

The return gave the orange and black a 14-6 lead Earlier, Rodney, whose re-cognition is mired in Hicksville's uninspiring football program, broke over the rifht side and reeled off a 53 vard touchdown run.

For Hicksville, it was a difficult if resolute afternoon, The orange was penalized 145 yards to 20 in the second half. The interpretations lead directly to the two visitor's to the two visitor's touchdowns.

In a recent analysis of the abortion movement, a Cali-fornia law professor identi-fied six critical influences that caused the basic change in America's outlook. in the article "Abortion in Our Cularticle Abortion in Our Cul-ture" Professor John T. Noonan jr. of Berkely Law School, University of Cali-fornia sees three pre-dis-posing conditions and three ording atomatics active ctive agencies. The three conditions that

existed in the early 70's, which did not exist before, or at the same intensity, were the drive of many women for sexual freedom, a desire to plan one's life, and the in-vention of the vacuum aspirator. The combination of the desire, and the avail-ability of the technology ability of the technology created great pressure on professionals, especially doctors. Welfare adminis-trators were also under great pressure to reduce the welfare rolls, and finally the population planners had to find an alternative to the mean terma nill which was progesterone pill which was medically becoming questionable

Then came the Supreme Court decision of January 22, Court becision of sandary 22, 1973 that invalidated every abortion law in the land, and that made abortion a con-stitutionally protected liber-ty up to the moment of birth. This was followed by two other decisions, one of which hard that a cother has no other decisions, one of which held that a father has no right to prevent the abortion of his own child; and the other which held that parents had no right to pre-vent their minor, unmarried daughters from having an abortion. These decisions were possible because of strategically placed lawyers

EDITORIAL COMMENT (Continued from Page 4)

Last year, to honor the dedication and sacrifice of the Americans who served in Vietnam, a handful of Vietnam veterans formed the Vietnam Veterans Memorial Fund. The sole purpose of the fund is to establish a National Memorial in honor and recognition of the Americans who served and died. When the project is completed, the organization will go out of

Existence. In an unbelievably short period of time the Fund has received congressional and Presidential approval of a resolution dedicating two acres of national parkland in Washington, D ('as as site for the memorial. But no government money will go into the design and construction of the memorial - that's the way the veterans want in Frvate citizens, individual Americans, are compluting the funds.

The memoral will make no political statement about the war. Rather it is intended to be a symbol of national unity, of reconciliation. It will be located near the Lincoln Memorial,

discussion of reconciliation after a devisive era. Recently, the VVMF announced an open, nationwide competition to design the memorial.

A president in the memorial. A president in the arts and design professions will choose the winning design. The Fund's basic design priciples call for a memorial of reflective and contemplative nature that will include the inscription of the names of all 57,661 Americans who died in the war. So far, the Fund has raised about \$500,000 of the estimated

st multion needed for the design and construction of the

Tax-deductible contributions may be sent to: The Vietnam Veterans Memorial Fund, Inc., P.O. Box 37240, Washington, (D1) 2003. The deposit and accounting of all gifts is conducted by an independent financial institution.

Last Sunday was the PARADE & RALLY FOR OUR POWS/MIAs in Washington, D.C and though ⁹ Legionnaires signified their desire to make the trip at Post expense only 4 did ... All were members of the Post Color Guard, Sgt. Frank Molinari, Ray Gamble, Frank Walsh and Joe Rohan ... A police official remarked after the parade

that "they were the smartest outfit in the parade"...Nice. nice compliment and well deserved for the hearty and hardy 'four' who endured the 17 hour day on behalf of the POWs/MIAs and Charles Wagner Post ... Any member who has long nurtured a secret desire to wear the Legion Blue & Gold uniform can possibly make that dream come true by talking

Want to try something different in the way of dining out! We did recently-we ate at Lord Stanley's, HICKSVILLE. We had a delightful time. The only utensil we were given to use was one butter knife. Try was one butter knife. Try eating soup without a spoon. cutting bread without a knife, and eating your entree without a fork ~ it can be done -- and with a lot of fun. The staff was gracious and the food was delicious. Try-it, we think you'll like it.

What a birthday gift -- a trip to Bermuda. That's what Dot Rogoza's husband, Bill, gave to Dot for a present. They stayed at the Holiday Inn in St. George for eight days. Dot's birthday was on October 19, and the Rogozas flew to Bermuda on October 26.
