December. Bobby, together with his co-worker, Charlie Moody of Levittown, is one of twelve young men who daily participate in AHRC's greenhouse activities which is part of an overall program which takes care of over eleven hundred mentally retarded children and adults in Nassau County.

Collins Signs

By Mike Dolan

Michael Collins of Hicksville, who just turned nineteen last month, has now embarked on yet another new career - this time signing a contract to play professional indoor soccer with the Atlanta Chiefs of the North American Soccer League (NASL). The Atlanta team is building a strong franchise in Georgia, having moved there from Colorado after the 1978 season and is one of the 19 teams from the "Big League" playing this fast, exciting indoor game. The Chiefs began their indoor season a few weeks ago and have four consecutive wins and Mike is practicing his southern drawl, fully intending to be included in Atlanta's future planning.

Last season, while still 18 years of age, Michael played outdoor with the New York United of the American Soccer League (ASL). The United were previously known as the Apollo and played their home games in Shea Stadium where Mike was a mid-fielder. With the close of the outdoor season and the winter months approaching, Mike secured his release from the United, packed his belongings and headed South.

Michael began playing soccer over 10 years ago

under the guidance of his father Peter, who is currently serving his third term as president of the Long Island Junior Soccer League. While talking with the young man recently, Mike was quite emphatic that "... everything I've accomplished in this great game, I owe directly to my dad." Michael's early years were spent with the St. Ignatius CYO and the Hicksville Americans Soccer Club where he played on many championship teams - both indoor and outdoor.

In high school (St. John the Baptist), Michael played on the school team during the Fall and with the Hicksville Club during the winter and Spring. In his last three years at St. John's, the soccer team won the Long Island Catholic High School Championship each year under the coaching of Mr. Tom Boucklas. Mike has said on more than one occasion that Mr. Boucklas is one of the finest coaches he's ever had and that he should definitely be coaching college teams or even at the professional level. Under Boucklas' guidance, St. John's currently has a 41 game unbeaten streak and has won the L.I. Catholic H.S. championship for the last five years.

Most of Michael's indoor

Michael Collins, 19, has signed with the Atlanta Chiefs of the NASL.

experience was obtained right here on Long Island - a major area of activity for the indoor game. He was a member of the Hicksville indoor team that won the L.I. League's Indoor Championship (Ernie Green Cup) three times in succession. This was the first time (in 1979) that this was ever accomplished. A few months later in June, this same team went all the way to the National outdoor finals (McGuire Cup) in Omaha, Nebraska.

When graduating from St. John's in June of 1978, Michael was offered 5 full tuition soccer scholarships from Adelphi, Fordham, Penn State, Philadelphia

Texe and Mercy. Mike selected Mercy but only played one season in order to pursue a career in soccer and devote his efforts full time to the sport he loves.

Michael credits his present success and good fortune with Atlanta to Mr. Mike Malcolm and former United coach Rodney Marsh who referred to Mike as "... one of the top American players in the game today."

For now, Michael is devoting 110% of his energies to being successful in this game dominated by foreign players but is also extremely interested in coaching the youth of Hicksville - particularly as they approach the under 16 age group where they have the opportunity to advance and gain recognition at the National Level. This is where it all begins for purposes of the Junior National Team. Michael was selected last year for this team, but ran into difficulties. This is why he is totally dedicated to educate others that follow him to be completely aware of the tremendous opportunity and to avoid the pitfalls and problems that can occur.

Hicksville and all of Long Island are proud of Mike's accomplishments and say a prayer for his continued success in the future.

A Report From The Hicksville Water District

The Board of Commissioners, Hicksville Water District, is pleased to announce that two new deep wells will soon be added to our pumping facilities, our system will then have 18 separate wells tapping the ground water at depths ranging from 419' to 637' below the land surface. These wells are located throughout the ten square miles which makes up the area of our District. The water delivered from these new wells is of the highest quality. The Board also wants to assure you, our consumers, that your drinking water meets all County, State and Federal drinking water standards and guidelines and is safe to drink as it is delivered to your home.

A monitoring program has long been conducted of both the well sources and the distribution system in conformance with the requirements of the Health Department. The present program consists of tests for bacteriological quality, inorganic and organic chemicals, as well as, physical properties, pesticides, herbicides, fluorides and heavy metals. The levels of the constituents found in the water which you receive falls safely within all prescribed limits.

In view of the publicity that has been given the

drinking water quality on Long Island, the Board of Commissioners, would like to clarify a report concerning reported contamination of two of our wells in Hicksville, our 3-1 and 5-1. To our chagrin, in the first days of organic sampling in Hicksville, on 11-29-76, an EPA (Environmental Protection Agency U.S.) sampling reported the presence of vinyl chloride in our well 3-1 (the well was last used for public consumption on 8/14/65). Several days after the initial report we were informed that an error had been made and in fact the report was determined to be invalid. On January 28, 1980, upon the receipt of a report entitled "Organic Chemicals and Drinking Water" from the New York State Department of Health, we noted that the reference to vinyl chloride continued to appear regarding our 3-1 and did then write to the New York State Department of Health to object. We did receive under date of February 4, 1980, a response from that Department stating that it would be competent to delete any reference to vinyl chloride in the table and that public hearing to be held on Long Island within the next few months would provide the opportunity to clarify this mistake, and that they would delete any reference to vinyl chloride in well 3-1 in

any future distribution of the report.

Unfortunately, under date of July 25, 1980, County of Nassau Department of Health, did issue a publication entitled "Groundwater Quality Assessment, Nassau County, New York, 1978

Report Year." On August 5, 1980, we once again expressed our objections, this time to the Nassau County Health Department and on August 22, 1980, received assurances from

We have all heard about the changes being made in the Banking Laws in New York State with regard to commercial banking.

Very appropriately, the guest speaker at the December 3 meeting of the Hicksville Kiwanis Club was Mr. Ken Rubin, Assistant Vice President, Long Island Trust.

Mr. Rubin brought along a

copy of the 54 page amendment to the banking law, and distributed a 4 page summary of this document for the benefit of the members present.

In the photo, Kiwanis Vice President Charles Montana, Jr., on the right, is presenting Mr. Rubin with a certificate of appreciation for his informative discussion.

LEGIONNAIRE'S LOG By Arlie Rutz

CHARLES WAGNER POST # 421
HICKSVILLE, N.Y.

"One Of The Grass Roots Of The American Legion"

This is the last time you will read about the coming CHRISTMAS PARTY FOR CHILDREN because this Sunday is December 14th and that is the day when Santa Claus visits good old Post # 421. All children should start arriving not later than 2 P.M. and the first thing on the program will be movies which will be shown in our lower hall. Then there will be refreshments for the children in the form of hot dogs and sodas and then the

eagerly awaited arrival of Santa Claus. Just a note of reminder, unless your child or grandchild has been previously registered (and the deadline date was November 30th) there will be no gift in Santa's bag. We will have an accordionist to provide the Party with Christmas music and we are asking any of our members who would care to add to the music with their own musical instruments to come on down, and let's have real impromptu Christmas band

... Please, when you arrive at the Post, have the children checked in at the door where they will receive their tickets for refreshments. All members and Auxiliary members are invited whether or not you have children attending, so come down and enjoy an afternoon with Santa Claus. Our next meeting is December 15th and our Membership Officer Ray Gamble would be happy to receive your Dues for 1981. If you have not as yet paid up. And you could give him and the Post a real Christmas present by bringing in a new member, how about it? Perhaps you read the results published in last Sunday's Long Island newspaper of a World War 2 quiz which they had conducted and the results of the pupils answers were not startling. If you spend any time watching game shows on T.V., the average adult participating showed the same lack of knowledge of American history. Each year the Post awards the Legion's medal

For excellence achieved in the study of American History to pupils of our local schools. Apparently this is too little and not enough to provoke the interest of the pupils and the school curriculum in the matter of our America history. This is a matter for our national American Legion to act upon on a national basis but the initial action must come from the 'grass root' Legionnaire through the Post, to County level, to Department level and finally presentation at a national convention. But first there must be an idea for a program regarding American History and if YOU have any thoughts on this matter come down to a meeting and let's hear them. MAYBE YOU will be the Legionnaire with the idea that will spark a renewed interest in our proud heritage. After all, American History is an easy and fun subject, and if you don't think so, just compare it with the history of Merrie O'England. December 31st is the date for our annual NEW YEAR'S EVE bash at the Post and this year's affair will cost \$40 per couple which is a steal in this time of ever escalating prices. There will be 2 bottles on each table of ten, prime ribs, free beer and of course, dance music by Rocky Fame and Friends. You do not have much time left to get

The Auxiliary of the Charles Wagner Post 421, American Legion honored Hicksville High School sophomore Anthony Spinoso last week for his excellent school citizenship at the Junior High School. Anthony is shown being presented with a United States Savings Bond and complimented by

Auxiliary Past President Ruth Leger as his parents, Mr. and Mrs. Joseph Spinoso, look on. Junior High Principal Gerald Klein (to the honoree's left) commended the youth for his fine service while attending his former school. (Photo by Dick Evers)

them the tables would be revised and that reference to vinyl chloride in well 3-1 would be removed. They further stated that Table 10 of their report lists wells that were restricted in September, 1978 due to inorganic contamination. At that time our wells 3-1 and 5-1 were not abandoned but were not in use. They will, however, delete these wells from all future listings and will treat them as abandoned.

The Health Department at the same time, did report that they had discussed the possible use of wells 3-1, 4-1, and 5-1 as observation wells with the U.S. Geological Survey and the County Department of Public Works. Since financing for this type of project was not readily available, we should proceed with our intention to abandon and seal the three wells. We will therefore, proceed to take bids to fill in and seal them in order to complete the abandonment procedure. 3-1 was not used since 8/14/65; 4-1 was not used since 9/2/70 and 5-1 was not used since 8/11/77. All wells are less than 160' in depth. While the abandonment of 4-1 was due largely to mechanical problems, 3-1 had not been used because of an increasing presence of nitrates, this was also true of 5-1, although on 8/25/77, the Health Department stated that this well should not be used, except in emergency because of the presence of 1, 1, 1, trichloroethane in excess of State Health Department Guidelines. At that time, it is to be pointed out that the "Master List of Identified Contaminants in Drinking Water," published by the National Academy of Science does not include 1, 1, 1, trichloroethane. However, the well had already been

Park Department Seeks Input on Land Sale Proposals

Two informal public meetings have been scheduled by the Oyster Bay Town Department of Parks to gather community input on the possible sale of 19 parklets in the east and southeast areas of the Town.

The first is scheduled for Tuesday, December 16, at 8 PM, in the community center of the Syosset-Woodbury Community Park, off Jericho Turnpike, for the Hicksville, Syosset and Plainville Park Districts.

The other will be held on Thursday, December 18, at 8 PM, in the North Massapequa Community Center at 214 Albany Avenue for the Massapequa, Bethpage and South Farmingdale Park Districts.

The parklets, which range in size from about a quarter acre to 7.4 acres were all dedicated to the Town over the years as part of community housing development. The parklets have become the targets of vandalism and are sources of neighborhood disorder.

"Because of these problems, these little-used areas have become extremely expensive to maintain," Parks Commissioner Thomas D. Gallahue said. "It is our plan to hold these informal community hearings to find out how the people would feel about sale of these lands."

Another Town official said that use of the land considered for sale would have to conform to the zoning in

the area involved, which is primarily residential. Some of the parklets contain ball fields or playground equipment. Others are small passive parks.

"Residents in the parklet areas can attend the meeting in which they are concerned or may put their opinions in writing in advance and send the letters to the Parks Department Headquarters at 800 South Oyster Bay Road, Hicksville, N.Y., 11801," Gallahue said. "The written statements will be made part of the hearing record and will be considered in decision-making."

The parklets being considered for sale are:

Dear Friends ...

This week is our birthday ... and now we enter our 30th year in the interesting profession of publishing weekly community newspapers.

We haven't been able to accomplish all the good that we originally planned. As the old saying goes, "you win some and you lose some" ... but, along with many of you, we have always tried. So, with your help and God's willingness, we'll continue, week by week, to bring you as much news concerning our local communities, our town and our county, AS SPACE PERMITS. It is truly inspiring to see how many fine local residents care enough about their local community to do their share to help it grow in the right direction.

Occasionally each community has problems that bring about honest differences of opinion. Then we try to bring you a balanced view of the opinions on each side of the problem, AS SPACE PERMITS. We seldom take stands, for we believe that each of you has the intelligence to consider the facts and make up your own minds. For us to dictate in such instances would, in our opinion, be arrogant.

Each community newspaper is, of course, a business ... and is required to balance its budget as well as bring local news to its readers. That is why "AS SPACE PERMITS" is repeated in this message. It is an eternal reality in this business.

However, if you are submitting news for your local organization or cause, regularly, at least 70 to 80 percent of this news will make it. This is a high percentage.

So, please keep your news coming in ... and we'll continue to do our best.

Sincerely,
Sheila Noeth

Support Gained For "Safe Water" Measures

The Hicksville Citizens Alliance gained commitments of support for its "Safe Water Agenda" from the Hicksville Water District on Thursday. The commitments came in a two-hour meeting between the District's Board of Commissioners and 25 Citizens Alliance supporters at the District office on Dean Street in Hicksville.

"The Commissioners responded favorably to the points on our 'Safe Water Agenda,'" said Greg Yatzyszyn, Chairperson of the Hicksville Citizens Alliance, local citizen action group. "They clearly agree that strong action is needed to prevent deterioration of Hicksville's drinking water quality."

A key point in the Citizens Alliance "Safe Water Agenda" is criminal liability for corporate officials who

violate the state pollution law.

"We asked for the Commissioners' view on criminal liability," said Yatzyszyn. "Commissioner Gilbert Cusick said, 'You have our support on it.' Everyone cheered."

The District also echoed the Alliance's concern about the adequacy of the State Pollution Discharge Elimination System (SPDES) permits. About a dozen Hicksville firms holding such permits are of concern to the Alliance.

John Molloy, an engineer for the District, told the Citizens Alliance that the permits are reviewed every five years. He agreed that the older permits should be updated.

In addition, the Citizens Alliance is seeking full disclosure of past toxic dumping practices by the

Hooker Chemical Company in Hicksville. The District indicated its interest in past dumping by Hooker by stating that it had offered use of its records and resources to the Nassau County District Attorney's office in efforts the County might undertake against such firms as Hooker.

District engineers also stated that they are taking steps towards centralized treatment by interfacing wells within the district. The Commissioners disagree with State Health Commissioner David Axelrod over the need to consolidate water districts with a view to centralized treatment, stating that consolidation outside the district level is not cost-effective due to transmission expenses.

The Hicksville Citizens Alliance asked the Commissioners about interaction with the Nassau

County Conference of Water Commissioners, and the officials gave the Hicksville group information on how to contact the Conference.

"It was a productive, successful meeting," Yatzyszyn concluded. "As we went through each point on our 'Safe Water Agenda,' we got favorable responses. Arthur Detloff, District Superintendent, said at one point that the answers to all our questions were 'basically yes.'"

"We're happy that the Hicksville Water Commissioners have shown their support for strong measures to make sure Hicksville drinking water remains safe to drink," the Alliance leader said.

The Hicksville Citizens Alliance is one of nine Long Island chapter of the statewide Citizens Alliance, a citizen action group

JFK High School News

By Tracey Sennett

Mr. Marvin Hazan, business teacher at J.F.K., led a group of his students to Washington on December second and third. The bus load of forty-five departed from Kennedy at five thirty a.m. on Monday and arrived in Virginia at eleven thirty.

There, they checked in at the Quality Inn Hotel and at one o'clock they again boarded the bus headed for Washington. For approximately four hours, the students took in the sights. Except for one, all were awed by the magnificence of the White House. "I had hoped to see little Army Carter playing on the lawn," said the disappointed student. At 4:30, they were led back to their hotel and they made

use of the indoor pool and sauna. At 7:00 they were taken out for dinner in Georgetown.

Tuesday morning, students were awoken at 7 a.m. They ate breakfast, checked out of the hotel, and ended their trip by a visit to the Supreme Court. The court was in session that day and students were privileged to sit in on a case. Their reaction was one of pride. Students were very impressed with the judges' handling of the case and they felt positive about the judicial system itself.

Trips seemed to have been this week's theme at J.F.K. High School. On Thursday December 4th, the U.N. club

was taken to Boston to attend Harvard's Model United Nations convention. During the four days of the trip, students attended meetings and then came back to their hotel, the Boston Park Plaza.

J.F.K. students were at Harvard to represent Sierra Leone, a country in Africa. Students were dispersed in various committees of the assembly and they took part in discussing current problems facing the U.N. Students were also permitted to attend classes on Friday, December 5 because it was declared "Harvard Day". On Sunday December 7th, students returned home with memories of a very successful field trip.

Residential Smoke Alarm Report

The International Association of Fire Chiefs recently released a follow-up report on smoke alarms. In the past few years, many smoke alarms have been advertised, purchased and installed, and building codes have set requirements for such installations.

The interest in fire protection on a family level is at an all time high, but at most, dwelling fires in Hicksville, Firefighters are noting a lack of smoke detector protection. Considerable effort has been put forth locally on the importance of smoke alarms via the local media, open house events, home messages via the annual fund drive letters, but many still haven't purchased one. Four deaths this past week in a south shore community, quite possibly could have been prevented according to media reports, if a smoke alarm had been installed.

It must be recognized that people are poor fire detectors if they are not

awake. A vast majority of fatal fires occur during the hours when people are asleep. Fire or smoke alarms alert the sleeping occupants to the fire in enough time so proper action can be taken to escape. A pre-planned escape plan is most essential - a smoke alarm, without escape plans may just wake the victim before he dies. Proper placement, maintenance of smoke alarms are also the keys to survival.

There are three types of smoke alarms. An ionization type, a photo electric type, and a combination of both in one detector. There is no easy answer as to which is best. Each fire is different and smoke alarms react differently to different type fires. A sprinkler system is the best type of system, then there is a 1110 volt supervised system backed up by battery. But many can not afford these systems and/or don't want to alter their homes to accommodate the wiring. Last on the list is

a smoke alarm. Anything is better than nothing at all, and smoke alarms have alerted many and saved lives.

Tests now show photo electric detectors react faster to a smoldering residential type fire and now recommended based on tests and statistics that state most fires in the home start from a smoldering source, that photo electric alarms are better. They also react well to open flame fires too. But the subcommittee on smoke alarms recommend a full system of multiple photo electric alarms as best protection for a family against fire. Efforts are being made to get louder horns in the alarms. But cost is a factor for many. A complete system is impossible. Once again, anything is better than nothing. Not installing a smoke alarm due to pro and con could be a tragic mistake.

It should also be noted that the test button on most

alarms tests the alarm function and is not an indication of whether the detector will activate in smoke condition. The best test is smoke. Keeping the detector dust free is also important. Generally, if one follows the instructions supplied by the manufacturer, the units should provide reliable protection, with regular testing and battery maintenance is an absolute must.

Isn't it about time for to buy and install a smoke alarm? It just might save your life and the lives of your loved ones.

A HAMBURG SAVINGS BANK RETIREMENT PLAN GROWS WITH TAX-FREE DOLLARS. HERE'S HOW:

PLAN 1. Self-Employed Retirement Accounts. (Keogh Plan)

People who work for themselves can now save on taxes to the tune of \$7,500 a year! That's the amount you can set aside, tax free until retirement, in our self-employed (Keogh) retirement account at Hamburg Savings Bank. Depending on the amount you choose to save, the plan you select, and the number of years until you

retire, you'll find your retirement fund can be remarkably substantial. Ask us for details, with specific figures for a program tailored to your retirement goals.

Visit a nearby office and get specific figures for a plan to suit your retirement goals. Also ask us about the new Defined-Benefit Keogh Plan.

PLAN 2. Individual Retirement Accounts. (IRAs)

Regulations let you put aside up to 15% of your earnings - up to \$1500 a year - and you pay zero taxes on the money or the interest it earns until you retire. (By then, you most likely will be in a lower tax bracket.)

If one spouse is employed and not covered by a qualified plan, that working spouse is eligible to include the non-working spouse in his or her IRA. Or the couple may set up separate IRAs. In either case, an additional \$250 - to a maximum

of \$1,750 annually - may be contributed. If two separate plans are established, it will be to your advantage, tax wise, to contribute the same amount of money annually to each plan. For example, each year 15% of the working spouse's compensation, up to a maximum of \$875, should be deposited to each IRA.

For tax relief now and a great retirement later, visit a Hamburg Savings Bank nearest you - today.

Deposits can be made weekly, monthly, or in a lump sum.

Candlelight Evenings

Homes at Old Bethpage Village Restoration will feature Candlelight Evenings to welcome holiday wayfarers the week between Christmas and New Years, December 26, 27, 28 and 30. The museum is closed on Mondays.

For these four days, the museum will be open from 2 to 9 p.m., so that visitors may join in recreating the happy social gatherings which characterized the holiday season on Long Island in the first half of the 19th century.

Throughout the daylight hours, it will be business as usual in the village. As dusk descends, about 5 p.m., the shoemaker will lay aside his last and the blacksmith will put out the fire in his forge as they hurry to join other village folk in an evening of music and merriment.

Sleigh or carriage bells will jingle and lanterns will light the way to the 1837 Manetto Hill Church where the Old Bethpage Singers will perform by candlelight. The first concert begins at 7 p.m.

Jeff and Jeff will perform traditional music in the Noon Inn ballroom, when everyone is invited to join them in song throughout the evening.

The 1865 Layton House will be a scene of Victorian festivity. A small decorated tree (floor to ceiling trees come into fashion somewhat later) will adorn the parlour table and music from the time when family sing-alongs were much in vogue will be played on the organ.

At the village crossroads, a hog-guessing, such as took place in Rockaway and Freeport at Christmas 1833 will be re-enacted with a prize going to the person who comes closest to the guessing the correct weight of the porker. Hot chocolate and cider will be dispensed from kettles hanging over an open fire and should help the participants' sociability, if not their accuracy.

These annual happy evenings are especially popular with visitors who wish to witness both the workaday and the leisure world of the Nineteenth Century Long Islander.

A cafeteria and gift shop are located on the premises.

Operation VFW

By Lou Palladino

Our Voice of Democracy Contest was judged, and we have some winners to name. Our young tiger, Connie Steers, was Chairman this year, and as usual he did a good job, and Nancy Giacomelli was Chairlady for the Aux. The High School participation wasn't what it should have been, but we hope it will be better next year. Anyway it never fails to impress me to hear what these youngsters can do with the Topic they have to write, or make a speech about.

The winners of the Essay Contest were, 1st Lorna Mund; 2nd, Dennis Kratoch, and 3rd, Eileen Garvey.

The winner of the tape is Ruth Eberle, and I'm sorry I didn't get any other name.

Our congratulations to these young people for their fertile mind. We hope they can go further in County or State. Last year we did have a County winner. The

Awards will be presented to the Students, the first meeting in Jan. which we will try to make short. The date is Jan. 12th.

Before the Awards will be given out, our Christmas Party, and New Yorks Eve Party will be over, and most of our resolutions will be broken, it will be about that time that we will be concentrating on our Charter Night. All these affairs come in such short order, but what the heck you can't have a Christmas party New Year's party in June or July. And you can't have our Charter Night in the summer either. We received our Charter in the Month of February so we must celebrate the Anniversary that particular month. Anyway, you have already been told our Christmas Party is \$10.00 per person, to be held Dec. 13th. The New Year's Eve is \$27.50 per person and Frank Lotti is the man to see for your

ticket. The Charter Night is \$20.00 per person, which is Feb. 21st, and the person to see is Carmine Sommo.

You should have received your letters for the Circus by this time, if you have a youngster wanting to go hurry and notify Duncan McLean. You don't have much time.

Dues are in order. We have most of the dues in, but we have those that wait for the last minute. We try to get our 100% in before the year ends. Once again we want to get it in by the end of the year. Incidentally did you know the Ladies are now eligible for the V.F.W.

Lucky winner at our last raffle was Tony Basile. As usual Art Fuellin, and now Frank Lotti is making the same report "HELP" Art reports on Bingo, and Frank reports on the Las Vegas, so let's make them both happy and give them more help then they need. We really are in need of help.

Staff Visit

The Family Center Librarian, Janet Hoffman, visited Montessori School of Plainview to show teachers the wide variety of materials available to use with preschoolers and their parents: picture books, records, cassettes, puppets, filmstrips, parent collection.

Gifted Classes

Four visits to the Reference Department were made by the Gifted Classes and their teachers. The children were introduced to our resources and have

begun to utilize them for their research.

JFK High School is planning a program built around the history and development of the community. They have met with the teachers in charge, have suggested contacts to be made, and have supplied them with information from the files. If this project does develop the library will be given photographs and material prepared by the students.

Former Resident

A former Plainview resident, now retired to Florida, visited the library with several relatives from Ecuador. He has very proudly told his guests about his "special library" and they all agreed it was better than those at home.

On The Campus

Richard Whitehill of Melony Ave., PLAINVIEW, a graduate student in Counseling at Colgate University, is serving this year as a counseling intern at the Mid Island YM and YWHA, Plainview. He earned his B.A. at Macalester College, Minnesota.

The 22nd annual Father-Son Fall Sports Awards Dinner was held recently at St. Paul's School, Garden City. Among the forty-four young scholar-athletes to receive

varsity letters at the ceremonies was Stewart Bailey, son of Mr. and Mrs. Thomas Bailey of Colgate University. Young Stewart was a member of the school's varsity soccer team.

A member of the Class of 1984 of the University of Rochester is Robin L. Kaufer, daughter of Mr. and Mrs. Ted Kaufer of Haverford Rd., HICKSVILLE. Robin is a recipient of the Wilson 5 year scholarship.

Recommended For Councilmen's Post

The Oyster Bay Town Republican Executive Committee has recommended that Douglas J. Hynes of Farmingdale and John Venditto of North Massapequa be named to the Town Board to replace Councilmen Gregory W. Carman of Farmingdale and Joseph J. Saladino of Massapequa.

Carman was elected to fill the town posts in the new year.

Under state law, the Town Board will fill the two posts

and elections will be held next November.

State Senator Ralph J. Marino of Muttontown, Congress in the Third District last month and Saladino to District Court in the Fourth District, and both Chairman of the Oyster Bay Town GOP Committee, praised Hynes and Venditto as "outstanding young men and highly qualified for public service as Councilmen."

Hynes, 30, a lawyer, was the unsuccessful Republican candidate for the Assembly in the Tenth District last month. A graduate of Georgetown and St. John's Law School, he also studied law in Paris, France. He is married and active in community affairs.

Two Hicksville High School seniors made athletic history here, when they recently were awarded the highest honors in their sports county-wide. Seniors Peter Jannette and John Rodney won the approval of Nassau County coaches as the outstanding players in soccer and football, respectively.

It is the first time in HHS athletic history that one of its athletes has been so honored, and two in the same year puts Hicksville 'way above the rest'.

Peter Jannette, who last year was honored for his soccer skills by being named to the National Junior Olympic Team, received the Jim Steen Nassau County Soccer Award.

Members of the Center for fifteen years, Bunny and Stanley Roth have been active in its annual Israel Bond campaigns and other causes which aid Israel and world Jewry. The Roths are longstanding members of the Men's Club and Sisterhood

and generous supporters of the annual Kol Nidre Appeal. Roth, a local businessman, is a principal supplier of merchandise for the Center's annual Bazaar.

The couple are active in Jewish organizational efforts outside the congregation, such as B'nai B'rith, and they have devoted much time and effort to the Multiple Sclerosis Association, of which Stanley served as first annual dinner chairman in the Nassau-Suffolk area.

Galileo Lodge News

By Joe Lorenzo

VENERABLE TONY PREVITE'S MESSAGE: 'Happy people are those who produce something' -Inge.

Sometimes the very nature of the world in which we live makes it quite difficult to rejoice or perhaps even look favorably upon all those conditions and aspects which are uncomfortably parts of it. But we are nevertheless approaching that beautiful and special time of the year when warm and gaily-colored lights and decorations, soul-stirring music and deep-rooted human sentiments alter our feelings by providing us with enough stimuli to enjoy the eagerly-awaited Christmas season.

The Galileo Lodge will be a part of this Christmas season as it announces that on December 20th it will hold its Christmas Dance. Price of admission will be a modest \$8.50 per person and in the offering will be a delicious Virginia Ham dinner with all the trimmings, beer, soda, coffee and cake, set-ups and some enjoyable dance music provided by the Dynatones. Tickets can be purchased by

contacting Chairman Jeff Wallick (681-8428), co-Chairmen Armand Del Cioppo (938-5052) and Frank Matassa (931-2843). Some additional and pleasurable sidelights to this affair will be the appearance of Old Saint Nick himself and a Christmas Grab Bag, so all those who will attend are kindly asked to bring a \$2 item for it. Come and enjoy Christmas in the good and old-fashioned way at the Galileo Lodge.

To embellish the Galileo Lodge's Christmas programs, I happily announce that its two Christmas parties-one for the retarded children of Long Island and Queens and the other one for the children of the membership-is scheduled for December 21st. A delicious and appetizing menu is in the offering for all these beautiful and delightful children, such as meatballs and spaghetti, ice cream, candy, fruits, cakes, soda, milk and cookies. To delight their wonderful little hearts will be the talents of organist Richard Lagnese and the

wonderful production numbers of the Peggy O'Connor Dance Troupe. Toys from Santa's huge bag should also brighten their eyes. Jim Rerisi will direct these two parties and he will be assisted by the members of the Lodge and the Ladies Auxiliary. Parents are invited, of course. If beauty lies in the eyes of the beholder, then you have to witness these two events with your own eyes to really grasp the heart-warm beauty they provide.

Breakfast at Tiffany's may be 'swankier' and

'ritzier', but Breakfast at the Galileo Lodge has its own compensations and rewards. On Sunday, the 30th of November, from 8 to 12:00 P.M., over 400 people (members included) enjoyed breakfast at our Lodge. Breakfast consisted of pancakes and sausages, coffee and tea and orange juice. Actually, the breakfast was held by the Lions of Westbury, with the Galileo Lodge aiding and abetting as it lent its facilities, and with the proceeds to be donated to the many charitable enterprises

that the Lions organizations is associated with. Needless to mention that the Galileo Lodge, with own (Continued on Page 7)

Cultural Arts At Lee Ave.

The children of Lee Avenue have been treated to two holiday presentations. On November 24, the Bob Brown Marionettes entertained Grades 3 through 6 with a brilliant performance of the classic "Hansel & Gretel," followed by their special Christmas Show.

children in Kindergarten through 3rd Grade were delighted by a superb presentation by Danny Orleans. His program "Magic over the Rainbow" was designed to appeal to a child's sense of magic and comedy. He invited audience participation and chose several "helpers" to assist with tricks.

The St. Ignatius C.Y.O. Soccer Travel Team has won the Diocesan Championship in the Intermediate Division. Most of the boys on this team, coached by Mr. Tony Camara, were first introduced to the game of soccer by Mr. Camara when they were on his C.Y.O. Kindergarten team. Over the year, Tony has taught them well - not only how to play the game well enough to earn championships, but more importantly, how to behave with honesty, fairness,

responsibility and good sportsmanship. Pictured with Coach Camara at the conclusion of the championship clinching game are:

Bottom row: Gary Zima, Eddie Skupeen, David Mahoney, Bobby McCormack, Philip Anglin, Martin Cowan, Tom Sullivan, Louis Perilla.

Messiah "Sing-In"

The Hicksville Community Chorus will host its annual MESSIAH "SING-IN" this Sunday afternoon, December 14th, at 3:00 p.m. in the Community Room of the Hicksville Public Library.

Director Bill Goleeke cordially invites all those who have previously sung the Christmas portion of Handel's great oratorio in church choirs or in other choruses, to bring a

score and join in this informal performance.

Of course, anyone who wants to just sit and listen is also warmly welcomed.

Soloists will be Robin Jacobson, soprano; Deborah Litwak, contralto; William Reynolds, tenor and William Goleeke, bass. The accompanist is Marie Spammato.

After the singing, everyone is invited to stay for a time of refreshments and

fellowship to celebrate the holiday season.

The Hicksville Community Chorus is made up of people of all ages who enjoy singing together. Rehearsals are held each Tuesday evening from 8-10 p.m. in the Chorus Room of the Senior High.

Those interested can phone Mary Pound at 935-8812, or Kay Malone at 334-2569, but it must be before December 15th. The plants will be ready for pick-up in Hicksville between December 17th and 20th.

The next meeting of Families For Life will be the Christmas party on Wednesday, December 17th at 8 PM at Levittown Hall, Hicksville. Refreshments will be served. All proliferers are invited to attend.

A recent letter to the editor advanced the argument that unwanted children are abused and even murdered by their parents; that a child has a right not to be born unless he can be born wanted and assured of a loving home; and that abortion cures the problem of child abuse. The story of Robby Wayne as told in the Readers Digest was given as an example.

That story certainly is horrendous, and it is even difficult to continue reading it to the end because of the

cruel repetitive abuse heaped upon a 6 year old boy by a fully grown man, with the passive consent of the boy's mother, until he died of starvation.

Having said that, however, it is difficult if not impossible to see how the story supports the argument. There is no indication in the story that Robby was unwanted during his mother's pregnancy, and as a matter of fact, the man who tortured and starved him wasn't even known to his mother until Robby was 5 years old. It would have been impossible for her to have anticipated such a turn of events at the time she had a chance to abort him.

But the argument in the letter goes further than Robby Wayne, and attempts to generalize. It says, in effect, that it is more humane to kill unwanted children before they are born (although admittedly alive) rather than expose them to the danger of abuse or being killed after they are born; and it implies that if all unwanted pregnancies were aborted, child abuse would drastically decline.

With regard to the first point, it should be obvious that abortion is the ultimate in child abuse. Details would be gruesome, as is the

reality of abortion.

With regard to the second point, the public should be aware of a 7 year study conducted by Dr. Edward F. Lenoski M.D., Assistant Professor of pediatrics and emergency medicine at the University of California School of Medicine, in which he compared 712 cases of physical child abuse with a control sample of 500 families selected at random. The study showed, among other things, that the parents of abused children had been exposed to violence themselves as children, that they usually had not had a pet, and were more isolated from their neighbors. Most important was the finding that 91% of the abused children were wanted by their mothers, and there was evidence that many had been more wanted than the average. If all the unwanted abused children (9%) had been aborted, there would still remain the 91% who were wanted and yet had been abused.

With regard to the 9% that were unwanted, another study, financed by Planned Parenthood, was published by E.H. Pohlman in the Journal of the California Medical Association in October 1974 under the title "Unwanted Conception: Research and Undesirable Consequences". It found that there was almost no evidence that unwanted conceptions have undesirable effects on parents or children.

These two studies indicate that the incidence of child abuse cannot be predicted on the basis of whether a child is wanted or not during pregnancy. And the Lenoski study pointed to other factors that probably would be better predictors, such as parents having been abused themselves in childhood. This latter point was clearly brought out in still another study by Doctors Brand Steele and Carl Pollock, Professor and Assistant Professor respectively of psychiatry at the University of Colorado School of Medicine who studied 60 families intensively over a period of 5 1/2 years. Their results are contained in a book entitled The Battered Child.

Finally, the letter says that there is no happy choice, meaning either abortion or abuse. However, there are other choices. Dr. Vincent J. Fontana, director of the Foundling Hospital in New York City, and former director of the Mayor's Task Force on Child Abuse and Neglect, says that a repeatedly abused child should be taken away from its parents. He also advocates counselling the parents, and claims that society can salvage 80% of mothers and fathers who need help.

The Readers Digest article also had some advice. To the abuser: If you find you are losing control of yourself in

"Listen Carefully To Each Group." Cong. Wydler

The "Moral Majority" played an important part in the past election, not only on the Presidential level, but on the Senate, House and local levels as well.

This disturbs a lot of people who feel threatened by this group. Frankly, I'm not exactly sure of what the "Moral Majority" may be — anyone than I'm sure of what "Common Cause," or "Nader's Raiders" or the National Council of Churches really represents.

I am sure that the Moral Majority stands for what we describe as conservative views — particularly on social and family issues.

The fact that the leadership of the group is made up of Christian evangelical ministers has led to criticism that somehow this combination is a violation of church and

state.

Nonsense!

For years we have had clergymen of all faiths taking positions on political issues. When Martin Luther King was expounding social causes in the 1960s, he was referred to as "Reverend," and made many of his statements from the pulpit.

No one complained. President Carter campaigned for reelection at one church pulpit after another, and as a born-again Christian invoked the aid of ministers and their followers — without hesitation or criticism.

As a Congressman, I have received hundreds of letters from clergymen telling me that the Christian view was to support the poverty program, or foreign aid or some Federal spending program. These were what

we described as liberal views, and nobody seemed to object.

I cannot distinguish between these two cases except that one group has politically liberal views and the other politically conservative views.

One cannot be right and the other wrong.

Both are right, and have a duty to speak their conscience. The only thing new or different is the articulation of the conservative view as Christian.

As a conservative, that doesn't disturb me — and I encourage both groups to keep up the good work. I hope the majority will remain moral — whoever they are — and I hope the people will listen carefully to what each group is saying. It is important.

A Golden Flute Heralds The New Year

On January 9th, 1981, at 8:30 p.m. at the Calderone Theater in Hempstead, an extraordinary performance will herald in the New Year when Jean-Pierre Rampal, with his shimmering flute, golden both in sound and color, will be presented by Friends of the Arts in a Great Performances recital. Commonly described as the "father figure of the current flute boom" this master of the instrument fills every hall in which he performs and with legitimate reason: he makes great music

live. Whether he solos with one of the nation's major symphony orchestras or performs in recitals with an accompanist, Mr. Rampal's command of tone, purity of technique, flowing melody and sensitive phrasing leave the listener breathless.

Mr. Rampal will be joined by internationally renowned flutist Andras Adorjan, Hungarian - born and former pupil of the master. Mr. Adorjan commands a mastery of the instrument and an elegance of style that do his mentor

proud. Together, they give a dynamic display of musicianship and virtuosity. Among the works to be performed will be some by Schubert, Bach and Bartok.

Tickets for this event are \$12, \$9.50 and \$7 and can be purchased at the box office at the Calderone Theater beginning at 7 p.m. or orders will be filled by mail by sending a check to: Friends of the Arts, PO Box 198, Locust Valley, New York 11560. For further information call (516) 922-0061.

"Soccerific" For March of Dimes

16 Women's soccer teams, 26 years old & over, will vie for trophies, with each

team guaranteed to play at least nine games during the exciting weekend tourney. As entry fees, the spirited teams have each raised a minimum of \$250 for the March of Dimes fight against birth defects through the sale of raffle tickets on attractive prizes.

Guess who is twenty years old on November 28? It is Marie Franzese. Her parents, Anita and Tony, held a family party for Marie for her birthday. Marie attends evening college at Nassau Community where she's majoring in accounting. She is employed by an accounting firm where she is in charge of the computer system. Congratulations, Marie.

Mr. and Mrs. Sandy Levy of Carol St., PLAINVIEW, are the proud parents of a daughter, Robin Dana. The little miss made her arrival

at North Shore University Hospital. The couple have a son, Eric, 2 1/2 years old.

No, it wasn't the "Dance Fever" show that Anne and Bob Rennert participated in this week, but they had just as much fun. Hicksville's Anne and Bob, attended a gala "Music of Your Life" WHLI Dance Club festivity held in Uncle Sam's, Levittown. They danced to Glenn Miller's Orchestra under the direction of Jimmy Henderson. The music was "Big Band" music from the Forties and Fifties. They had

a marvelous time and said they are looking forward to more of these special events which are planned for the spring of '81.

Don't miss the Christmas Bazaar and Boutique that will be held Saturday, December 13, at St. Ignatius School New Cafeteria from 10 a.m. till 5 p.m. We understand there will be lovely hand-made gifts, gift wraps, stocking stuffers,

novelty items, home-baked goods, etc., on sale. While browsing and shopping, you can also purchase refreshments such as frankfurters, pizza, coffee, tea, cake and other food delicacies to what your appetite. The Court Queen of Angels, C.D.A., Hicksville, are sponsoring this event.

December 7 is a memorable date for all of us. But it holds particular significance for Frank Jopp, HICKSVILLE. Frank's birthday is December 7, and he and his sweet wife, Betty, celebrated Frank's "special Day" together. Congratulations, Frank, from your friends and neighbors.

Over at the Bardenhagen home in Hicksville, John Sr., celebrated his birthday on

November 23. And on November 29, John and his wife, Marge, helped their daughter, Janet, celebrate her 19th birthday. Much happiness and best wishes to you both.

And we learned that Vinnie and Marie Iannone, who own and operate Iannone's Restaurant on West John Street, had reason to celebrate on November 8. That was the eighth birthday of their son, Anthony.

Happy anniversary Bill and Margaret Buchman. The Buchmans are long-time HICKSVILLE residents. They celebrated their anniversary on November 16. Bill and Margaret are very active in civic and community affairs in our community. They have two daughters, Carol and Lydia, who reside in California. Congratulations, folks.
