## To Press For Clean-Up Of "Dangerous Hicksville Eyesores"

The public is invited to attend a meeting between Town of Oyster Bay officials and the Hicksville Citizens Alliance Wednesday to seek clean-up of several "dangerous Hicksville eyesores," including the many littered, overgrown lots in the West John Street and Broadway area.

The open meeting will take place at 8 p.m. Wednesday, January 14 at the St. Ignatius Old School on East Nicholas Street.

"These ugly, littered lots not only detract from Hicksville's appearance and property values. They also threaten the safety of Hicksville," said Greg Yatzehyn, Hicksville Citizens Alliance Chairperson. "At least one of the West John Street lots was recently the scene of a violent attack," Yatzehyn noted. "The

Town has the power to get lot owners to clean up these hazardous areas before any further incidents occur."

The Hicksville Citizens Alliance will display an over-sized map showing the locations of several littered, overgrown Hicksville lots to Town of Oyster Bay Deputy Supervisor Robert Schmidt and Councilman Thomas Clark, and will request an action timetable from these officials for clean-up.

"We also will ask Town officials about the pollution discharge practices of several local firms, including Zare Contracting Company, Aerospace Electronic Corporation, and Hooker Chemical Company," said Hicksville Citizens Alliance Secretary Barbara Shapta. "These firms' practices appear to be

One of the several littered, overgrown lots on West John Street that concerns Hicksville Citizens Alliance members.

detracting from the quality of life here in Hicksville."

The public may ask Town officials about other Hicksville problems at the Wednesday open meeting.

"We love Hicksville and we want to raise our families in an attractive, safe and healthful community," Yatzehyn concluded. "All Hicksville

residents who want to see Hicksville cleaned up are welcome to be with us on Wednesday."

The Hicksville Citizens Alliance, a membership group, is one of 10 Long Island chapters of the statewide Citizens Alliance, a multi-issue citizen organization. For further information, contact #795-4775.

## Treated Wastewater To Replenish Ground Water Supply

Approximately 4 million gallons per day of highly treated wastewater will recharge the ground-water reservoir at East Meadow in Nassau County, Long Island, N.Y., according to a new report by the U.S. Geological Survey, Department of the Interior. The report, written for a general audience, discusses principles of artificial recharge and the design and operation of the Meadowbrook project site.

The recharge operation will begin in 1981. Reclaimed wastewater that has been treated to meet Federal and State drinking-water standards will be added to the

ground-water reservoir through a system of 11 recharge basins and 5 injection wells. A major hindrance may be clogging of well screens and basin floors by bacterial activity or suspended particles in the reclaimed water, but both can be controlled by adequate treatment of reclaimed water before recharge and by proper maintenance of infiltration surfaces.

Artificial recharge will be made safe through monitoring (1) chemical quality of ground water in receiving formations and of reclaimed

water as it is applied; (2) water-table levels as they rise in response to recharge; and (3) changes in volume and chemical quality of streamflow near the recharge site.

The report, prepared in cooperation with the Nassau County Department of Public Works, is titled "The Meadowbrook artificial-re-

charge project in Nassau County, Long Island, New York" by David A. Aronson. It is published as Long Island Water Resources Bulletin 14 and is available at the U.S. Geological Survey office, 5 Aerial Way, Syosset, N.Y. 11791, and at the Nassau County Department of Public Works, 1 West Street, Mineola, N.Y. 11501.

**SANTA VISITS BURNS AVE. SCHOOL:** Voices filled with thrills and excitement roared throughout the Burns Ave. School hallways, as Santa found his way to each and every classroom. The children, especially the younger ones of course, could hardly contain them-

selves as they patiently waited their turn to sit on his knee and say a few words to him. They also joined in singing some Christmas carols.

Santa also distributed little gifts, graciously contributed by the Burns Ave. PTA, for the holiday season.

## Annual Lions Blood Drive

The Hicksville Lions Club is sponsoring its 8th Annual Blood Drive for the benefit of Hemophiliacs and local area residents. Their special goal is blood for the benefit of a young Hemophiliac, Lawrence Blaszkowsky, who is a resident of Hicksville.

A blood donation will assure an unlimited supply of blood for the donor, spouse, dependent children under 19, parents and grandparents on both sides of the family, for one year following the donation.

If you are between the ages of 17 and 65, you can donate blood on Wednesday, January 28, between 4 and 9 P.M. in the Social Hall of the United Methodist Church of Hicksville, Nelson Avenue and Old Country Road.

Please pledge a pint of your blood to help Lawrence Blaszkowsky and protect your family. Write to the Lions Club of Hicksville, P.O. Box 201, Hicksville, N.Y. 11802, and tell them that they can count on you to donate blood.

## Galileo Lodge News

By Joe Lorenzo

### VENERABLE TONY PREVITE'S MESSAGE:

The advent of each new year brings forth many financial and social conditions to be solved. Old headaches disappear but are gradually replaced by new ones. Growing pains are always in evidence. Cooperation and coordination, sometimes aptly called 'teamwork,' are the keys to our future success; therefore, it is imperative, if we are to continue as a solid unit or entity, that we all 'pitch in' and carry our load. In the final analysis, then, it is divided we fall but united we stand. A very Happy, Healthy and Prosperous New Year to all.

What better way was there to usher in the new year than to participate in the Galileo Lodge's New Years Party and Dance, held this year on Wednesday, the 31st of December. In an atmosphere of merriment and mirth, over 250 members, friends and patrons gathered at our Lodge to enjoy a delicious prime rib dinner, an appetizing cocktail hour, beer, soda, coffee and cake, set-ups, unlimited liquor and the danceable music of the Dynatonics. And in the wee hours of the morning, this party came to an end with a continental breakfast. Imagine all this for the nominal price of \$55 per

couple. Chairman Joe Giordano, aided by his co-Chairman Joe Morace and other committee members, did a fabulous job in keeping this party enjoyable and bubbly, which prompts the Galileo Lodge to extend to these dedicated committee members its profound thanks for a job well done. I am sure that those who attended and immersed themselves in the jolly atmosphere engendered by this New Year celebration will have something to talk about for the rest of the year.

The Galileo Lodge stands on the threshold of a new year - 1981. It's the time for another battle for survival. It's the time for challenge. For new approaches and meaningful movements and practices. For hope. For new techniques and administrative ideas for the perpetuation of its goals and aspirations. It's the time for noble sacrifices and ceaseless efforts. It's the time to embark on a stable course of action that doesn't hinder its potential and stultify its influence. It's the time to remove all obstacles in its path and time to become more community-minded and oriented. It's the time to accentuate its loyalty, sincerity and dedication to its cause - the elevation of the Italian experience. It's the time for its members to mature, to

become better examples of their heritage and traditions. In the year 1981 the Galileo Lodge will strive to put all these resolutions into practice. An organization, after all, is only as good as its membership and how they perform.

**LODGE TIDBITS:** The Galileo Lodge announces that Brothers Patt Gatto and Tom Pasquarella have been chosen as Buyers in connection with Supply and Procurement. Excellent choices for an excellent job. The talk about the Galileo's Christmas parties has not subsided, and their impact has been deeper than otherwise thought. News is that the entertainment program for the next few months is being readied, and thus far talk is that a Valentine's Day is set for February and a St. Joseph's (and St. Patrick's) dance is set for March. And there's more to come. The news about Venerable Tony Previte's selection to the 'Who's Who in America' is still electrifying the Galileo Lodge as well as the community. Money is still needed and desired for the earthquake victims of Italy, so why not give to aid these needy and unfortunate people by making a check out to the Italian Disaster Relief Fund in care of the Galileo Lodge, 200 Levittown Parkway, Hicksville.

## ACS Call For Volunteers

ACB is a national organization (of blind and sighted) seeking to promote the dignity and independence of visually impaired persons; and to alert the public to the abilities, accomplishments, and needs of the blind.

The Nassau County Chapter wants to work with you, a visually impaired or sighted consumer and resident. We must join together to improve transportation, recreation, library services, and education and employment opportunities in our area.

For further information call Evelyn Friske, (tevenings) 764-6775, or Ann Morris - 796-4938, 25 Horsehoe Lane, Levittown, N.Y. 11756.

## Brill - Gaffney Trio

A new year of entertainment begins with music on Friday, January 9, at 8:15 P.M. when the Plainview-Old Bethpage Library, in cooperation with Tobay's Cultural and Performing Arts Division, presents the Brill-Gaffney Trio.

Featured artists are Joan Brill, harpsichord; Judith Gaffney, flute; and William Gaffney, oboe. The Trio will play a varied program of chamber music.

The school is located on Kennedy Drive.

# "House Can Block Reagan Programs," Cong. Lent

The 97th Congress, being sworn in in Washington this week, is opening with a stacked deck in the U.S. House of Representatives. House Democrats stacked the deck in a little-noted party caucus last month. Perhaps the issue seems obscure to some, but it is tremendously important for our Nation, and for the voters who thought they were voting for a change in the November elections. The issue involves the ratio of Democrats to Republicans in House committees.

As students of government know, work of the committees is critically important in the House of

Representatives. Almost all of the legislation coming to a final vote before the full House membership has been shaped and crafted by a House committee.

Usually, the ratio of Democrats to Republicans in committees reflects the ratio of House membership. In this past Congress, Democrats to Republicans in committees reflects the ratio of House membership. In this past Congress, Democrats outnumbered Republicans roughly 2-to-1, so committee memberships were allocated on that basis. Democrats were thus able to roll over any Republican oppo-

sition. We thought the November elections had reduced that Democratic power by diminishing Democratic control of the House. In the new 97th Congress, Democrats hold 56 percent of the seats, Republicans 44 percent. We expected this 5-to-4 ratio would prevail in committees. But the Democrats voted to keep for themselves their old 2-to-1 majority in the tax writing Ways and Means Committee and the vital Rules Committee which determines which bills come to the floor of the House. The Democrats also gave themselves a 3-to-2 majority on the

Appropriations Committee which originates all spending bills.

The effect of this Democratic action is to give House Democrats tremendous power to block Reagan Administration programs. It is stacking the deck against the voters who demanded a change last November by actually casting 235,000 more votes for Republican candidates to Congress nationwide than were cast for Democrats. The Democratic stacking of House committees distorts the American electoral process and should be denounced by every responsible citizen.

The Nassau County Department of Public Works has acquired a new paving machine under a Federal Traffic Safety Grant.

Inspecting the new apparatus is Paul Streb, P.E. [Woodbury] Director of Traffic Engineering, Nassau DPW; Michael R. Pender, P.E. [Garden City] Commissioner of Public Works, Nassau; and John Blenn [East Meadow] Director of Nassau County Traffic Safety Board.

## Heatline For Fuel Problems

Nassau County Department of Social Services Commissioner Joseph A. D'Elia has announced the County HEATline number for information to resolve heating fuel-related problems: 535-4826.

Department of Social Services workers respond to inquiries from Nassau County residents requesting information about fuel programs Monday through Friday, from 9 A.M. to 4:45 P.M. There is an emergency number for nights and weekends: 542-3143).

Hicksville's Gloria Hallisey (left) of Careco Medical Equipment, Inc., was a special guest panelist with Candy Jones (second from left) on her talk show over WMCA Radio (570 AM), this past week.

Mrs. Hallisey discussed Miss Jones' recent hip surgery and rehabilitation efforts with co-panelists Dr. Joseph Panzarella of Amityville and Steve Wirth (right) Lydia E. Hall Hospital Physiotherapy Director.

Looking on proudly at this joint venture is Cellini Lodge Venerable Joseph Fulgenzi, Units Lodge Venerable Paul Petraro, and America Lodge Venerable Herb Caputo.

The telecast will be carried on more than 125 stations nationwide and in Canada with hosts John Ritter, Henry Winkler, Paul Anka and Dennis James, along with Dick Van Patten, Joyce DeWitt, Robert Guillaume, Gavin McLeod and special guest Dean Martin.

Broadcasting from Hollywood, Las Vegas and New York, other stars in the Telethon cast include Frank Sinatra, Bob Hope, Carol Burnett, Donnie and Marie Osmond, Rich Little and many more.

The "Weekend With the Stars" Telethon is also UCP NASSAU's first major event in its year-long activities scheduled for the 1981 International Year of

Disabled Persons.

In a recent local development, UCP NASSAU has moved its Telethon headquarters to the Geico Insurance Company in Woodbury. Geico's generous offer contains many cost savings for CP. The company is donating its facility and telephones, resulting in a huge savings of installation expenses. They also made the company's mail room, including postage expenses, available for sending out pledges received during Telethon.

Among the other companies supporting the UCP NASSAU Telethon effort with donations, fundraising activities, and various types of advertising are A & P, Key Food and Shopwell supermarkets; Roy Rogers and Howard Johnsons restaurants; Silvercrest Farms and scores of other stores and businesses.

## Dear Friends

CONGRATULATIONS to the Lee Ave School's Brownie Troop #548, who presented two albums to Mrs. McClain of the school's music dept. The students earned the records through the sale of magazine subscriptions.

### LOOKING OVER THE PAST FEW MONTHS

Early in Nov. the Lee Avenue PTA held a Family Skating Party which was a huge success. There were races held for separate age groups - even competitions for Moms and Dads. Several door prizes were awarded, including a turkey and a pair of roller skates! Special thanks went to Susan and John Eger, Angela Signorelli and Doris Webster, who, with a fine committee planned an event that was fun for all.

The annual Book Fair at Woodland Ave School was held in the middle of Nov. and was a great success.

Pisa Porcu, chairperson of the PTA Ways and Means Committee organized this program with the help of the School Librarian Pat Cooney and many of the PTA mothers. Thanks here go to all the parents who contributed their time and to Woodland's principal, Mr. Manus J. Clancy, for his cooperation.

And, speaking of principals... Lee Avenue School's principal, Mr. John Mateer read stories to an attentive student audience during this school's annual Reading is Fundamental Party (RIF) held in October. This was sponsored by the PTA of Woodland Ave. School.

And, speaking of Woodland Avenue School, in the middle of November they were privileged to be visited by Mrs. Judy Rothchild from the Guide Dog Foundation for the Blind. Mrs. Rothchild, who is blind herself, demonstrated with her dog Kelly, the basic walking procedures and commands which Kelly had been trained to respond to. The children were shown a film from the Guide Dog Foundation which explained the intense training program these dogs go through. After the film Mrs. Rothchild graciously answered many questions. This program, which was presented to the upper grades at Woodland Avenue School, was funded by the PTA and brought to them through the efforts of Jean Tobin, their Cultural Arts Chairperson.

## New Rules, New Help In Student Loan Program

By Cong. Norman Lent

As the New Year dawns, there is new help available for Long Island families who have students in college or near college entrance age.

Changes in the Guaranteed Student Loan Program approved by the Congress in 1980 provide more funding for low-cost loans to help finance a college education. And for the first time, these low-cost loans will be available to parents as well as to students. The loans are available no matter what the income level of the family.

The new rules, which take effect January 1, offer the following changes:

**-Parent Loans Available.** For the first time, parents at all income levels will be able to secure guaranteed loans up to \$3,000 per year (at 9% interest) for each student in school, for a maximum of \$15,000 for each student.

**-Bigger Student Loans Permitted.** The maximum on individual student loans has been raised to \$12,500 over 5 years. Combining the parent loans with student loans would mean a far larger portion of college

costs may be funded through guaranteed loans.

**-Bigger Loans for Graduate Students:** Graduate students will continue to be able to borrow up to \$5,000 per year. But the maximum total loans permitted has been increased to \$25,000, over a 5 year period from the old maximum of \$15,000 in a 3 year period.

**-Increase in Interest Rates on New Student & Parent Loans.** Beginning January 1, the interest rate on both student and parent loans will be set at 9%. This

is 2% higher than the rate in 1980. But, students who already have loans at the 7% rate will be permitted to continue to borrow at the same 7% rate, a tremendous bargain in these days of skyrocketing interest rates. And even 9% is less than half the current prime rate.

Majority Leader, Assistant Majority Leader and Majority Whip, all committee chairmen and committee members.

The Minority Leader is usually the minority party's nominee for Speaker and the appoints assistant leaders in the same manner as the majority party. (S)he also makes recommendations on minority members' appointments to Committees.

The Lieutenant Governor presides over the Senate. Executive authority is vested in the Majority Leader who is also Temporary President and presides in the absence of the Lieutenant Governor.

Although a legislative measure, or bill, is usually introduced by a Senator or Assembly member, the initiating force or idea behind a bill can be proposed by a private citizen, an organization, a professional association, the officials of a government, an individual legis-

lator, a legislative committee or the Governor. Program legislation is generally proposed by the Governor, one of the Executive departments or agencies, or the majority or minority program committee. Therefore, public participation is important. You, as a viable voting constituent can bring considerable influence to the legislative process.

Communicate your ideas to your Assembly member or Senator and also your opinions on bills. Watch for notices of public hearings on legislation. Public hearings are held by committees on specific legislative proposals. They are held all over the state and the public is invited to attend and present statements on the legislation being discussed. Information relating to public hearings can be obtained from the committee sponsoring the hearing or from the Assembly or Senate Public Information Office.

When a bill of interest to you has been referred to committee, write to the chairperson and members and let them know of your interest. When the bill moves from one house to another, watch its progress and again let your views be known.

When a bill is before the Governor, your letter or telegram can influence his decision to sign or veto it.

The Assembly Public Information Office is located in Room 148, Capitol Building, Albany, NY 12248. The hours are from 9 a.m. to 5 p.m., Mondays through Fridays. From this office you can obtain voting and attendance records of individual Assembly members, debate transcripts, Assembly and committee agendas, memoranda relating to specific legislative proposals, annual Committee reports, salary records of Assembly employees and other information relating to Assembly activities.

shops which include such subjects as fancy cookery.

CAPA also offers a host of other workshops for adults and teenagers which will enhance and broaden their lives. These range from the said culinary skills to courses in painting, photography, yoga and acting. CAPA's service include young children and pre-kindergartners, too, offering gymnastics, sewing, quilting, baton twirling and drawing.

Courses are offered in convenient locations and at varied times and are designed to enrich the lives of townspeople. The CAPA brochure for Spring 1981 is available at Town Hall in Oyster Bay, at Town Hall Annexes in Hicksville and Massapequa, at public libraries throughout the Town and by telephone request. For a brochure by mail, or for added information, call 922-5800, extension 281.

This brochure details the

workshops for adults and teenagers, gives facts on the pre-kindergarten sessions and goes beyond to explain the special trips programs to museums and places of interest on Long Island and in New York City.

It also explains about the CAPA program of Rotational Art Exhibits, which are presented in banks, libraries, community centers and business facilities throughout the Town. It tells, too, about the Distinguished Artists Concerts Series, which is continuing through the coming months.

Perhaps expanding your horizon doesn't include the kitchen stove. There is so much else offered, however, the interested resident is sure to find something in the CAPA program of personal preference. This is a service of your Town and I urge everyone to check out the schedule. Registration is all done by mail. Get a brochure, which comes with

## Cub Scout Pack 293 News

On December 19th Pack 293 held its annual Pack Meeting/Christmas Party. The Cub Scouts decorated a tree with their own hand made ornaments, and were joined by their families, and guests for a few Christmas carols. A visit from Santa Claus, who distributed gifts to all the children present, was the highlight of the meeting. There was also a visit from Charles Brady, one of the Sasquatch District Commissioners. Mr. Brady conducted the annual charter renewal uniform inspection. All the Pack 293 Cub Scouts, who were present, made a fine showing for this inspection. After the Pack Meeting everyone enjoyed the cakes, cookies, candies, and punch which was supplied by the Cub

Scout families. The refreshments were great and plentiful thanks to Anacelia Lazarus who coordinated the efforts. A special thanks also to Jerry Flynn, the former Committee Chairman of Pack 293, for his performance as the man in red. As at prior Pack Meetings, the December Pack Meeting produced a "Cub of the Month" and it was Michael Maier.

As promised, Pack 293 has started two new dens, one of them being a Webelos Den. Jonnie Koretzky will be the new Den Leader, and George Crispens the new Webelos Den Leader. These two new dens will begin meetings this month, and already there are three new boys signed up. Welcome to Wayne

Bolen, Robert Welling, and Andrew Love all of Hicksville. These three boys are charter members of the new den. At the December Pack Meeting two Cub Scouts were advanced to Webelos Scouts, and they are the charter members of the new Webelos Den. Congratulations to Erik Werner and Gary Martelli, both of Jericho, on their advancement, and good luck as they start working toward advancement to Boy Scout.

There is now plenty of room for new boys to join Pack 293 and get in on the fun. Any new members will be joining just in time for the highlight of the scouting season, the Blue and Gold Dinner to be held on February 8th, and the Pin-

wood Derby in March. Come on and join in as Pack 293 begins its 37th year. Pack Meetings are held on the first Thursday of the month at the United Methodist Church, Old Country Road and Nelson Avenue, Hicksville, or call either Cubmaster Frank Maier at 681-6217 or Chairman Charles Stein at 822-2630.

Thanks to the owners of the Northstage Theater, who provided free admission to Cub Scouts, 22 Cub Scouts and their families journeyed to Glen Cove on January 4th. The purpose of this trip was to attend one of the final performances of "Grease". It was a very enjoyable evening and exposed some of the boys to their first live stage performance.

## Old Country Rd. School Goes To The Big City

In conjunction with their studies of "The City" the second grade classes of Mrs. Niceforo and Mrs. Rodriguez recently braved the rigors of crosstown Manhattan and uncooperating weather to experience "The New York Experience." They were able to view New York City from an unusual vantage point - surrounded by 16 seats and quadraphonic sound.

The 7 and 8 year olds were thrilled with the specially developed visual, aural and environmental effects. They were literally immersed in the city physically, intellectually and emotionally. River fog filled the theatre, lightning struck the Empire State Building in a jolting flash, subways roared, horns honked and sirens screamed.

The children came out of the theatre with a deepened understanding of the "Big Apple" - the sources of both its greatness and its problems - its unrelenting contradictions.

The field trip, arranged by Mrs. Niceforo and Mrs. Yolanda Grigg, Arts Specialist, was the motivating activity to kick-off the unit of study on "The City." Old Country Road School is participating in a unique integrated arts approach to the curriculum, under the supervision of Dr. Terrell Stackpole, District Director of Cultural and Performing Arts and Mr. Louis Penque, Principal of Old Country Road School.

## At The Plainview Library

The Board of Trustees of the Plainview-Old Bethpage Public Library will meet as a committee to continue its review of the Personnel and Compensation practices of the library on Wednesday, January 14, at 7:30 PM in the Staff Room of the library.

### SPECIAL BOARD MEETING

The Board of Trustees of the Plainview-Old Bethpage Library will hold a Special Meeting on Wednesday, January 21, at 7:30 PM, in the Staff Room of the library for a First Budget Review.

The Park Bench Players will be performing "The Best of Broadway" on Sat., Jan. 17, at 8:30 p.m. at the Plainview-Old Bethpage Library.

Tickets will be available for the performance at the Circulation Desk on the day of the performance. Non-ticket holders will be admitted on a "space available" basis.

You can brighten up your home with three workshops on Interior Design to be held at the Plainview-Old Bethpage Library on Jan. 15, 22, and 29, at 8 p.m.

The first two workshops will feature "Staple With Sheets" with Ronnie Holtman. On Jan. 15, "Ways With Walls" - learn the skills necessary to "fabric" the walls of any room. How to use a staple gun to apply fabric to walls, or even to upholster them will be taught.

On Jan. 22, "Ways With Windows" will be discussed. The construction of a fabric

window shade, a padded cornice and fabric shutters will be demonstrated.

On Jan. 29, "Trends In Interior Design" with Stella Marks of Wallmark Wallpaper will be discussed.

# Flue heat is FREE!

Your stove or furnace wastes up to 50% of the heat you pay for ... up the chimney!

Gateway stack heat reclaimers save 20 to 40% of wasted chimney heat, cut fuel bills dramatically, and reduce pollution, too.

Models available for oil, gas, coal and wood furnaces, stoves and free-standing fireplaces.

Clean room air is drawn in at the bottom of the Heat Reclaimer and channeled through 24 heat exchanger tubes with over 1,400 sq. in. of heat transfer area.

The hot flue gases are deflected as they enter the bottom of the unit and swirl around the sealed tubes, heating them and the clean air inside.

Then, when the valuable heat has been reclaimed and returned to your home, the flue gases continue up the chimney.

## Host Families South For Scandinavian Students

American host families on Long Island are being sought for twelve Scandinavian high school students from Sweden, Norway, Denmark and Finland for the 1981-82 school year in a program sponsored by the American Scandinavian Student Exchange (ASSE).

Interested families should contact:

Mrs. Susan Carlson,  
Area Representative  
34 Block Terrace  
South Farmingdale, New York 11753

(516) 694-0105

These students, ages 16 and 17, will arrive in the United States in late August 1981, attend local high schools, and return home in late June 1982. The students, all fluent in English, have been screened by the school representatives in Scandinavia and have pocket money and medical and liability insurance.

American families with small children or grown children, as well as those with teenagers, are

welcome to participate in this program. Host families are permitted by the I.R.S. to deduct \$30.00 per month from their taxable incomes.

ASSE is also seeking American high school students, ages 16 and 17, who would like to spend a high school year with a Scandinavian family or participate in a six-week family stay during the summer of 1981. Persons interested in either of these programs should contact Mrs. Carlson immediately.

The American Scandinavian Student Exchange is the official Swedish high school exchange program in the United States. It operates under the auspices of the Swedish Ministry of Education, and is designated by the United States Department of State as a recognized Exchange/Visitor program.

There are presently twelve happy exchange students living on Long Island with their happy host families.

## Physical Fitness Course

Feeling out of shape? Well, now you can get back into shape by signing up for a free six-week physical fitness clinic being sponsored by the Town of Oyster Bay Department of Parks.

Town Councilman Howard T. Hogan, Jr. announced that registration will be conducted through Monday, January 12. Applications are available at all Town facilities and local libraries. They should be returned to the managers at the Syosset-Woodbury, Bethpage, Plainview-Old Bethpage and Marjorie R. Post community parks or to the Parks Department, 800 South Oyster Bay Road, Hicksville.

The clinic will be held at the Marjorie R. Post Park Community Center, Unqua

and Merrick Roads, Massapequa, two days a week for six weeks. Women may sign up for the Monday-Wednesday, 10 to 11 A.M. or 1 to 2 P.M. sessions, or any two of the Monday, Tuesday, Wednesday and Thursday evening, 8 to 9 P.M. sessions. The course for men will be held on Tuesday and Thursday nights from 9 to 10 P.M. All classes will begin the week of January 19th.

The course is designed to help participants improve breathing and blood circulation regaining general overall physical fitness. Special exercises will be taught and weight control methods will be discussed.

"This is the second year the Town has offered a physical fitness course," Hogan commented. "It met with very enthusiastic response last year as it is the type of training that people pay significant sums for at health spas."

"I hope many residents will take advantage of this opportunity to get in shape and learn the techniques that will help them stay that way."

## Exploring Being Middle Aged

The Family Service Association of Nassau County announced today that its popular series for women, "Exploring Being Middle Aged," will begin Friday, January 23rd at its Bellmore-Merrick office, 2093 Bellmore Avenue, Bellmore. The six-week series will hold sessions for former participants each Friday from 10 to 11:30 A.M., and for new members at 1 to 2:30 P.M.

The joys and sorrow of middle age for a woman, its relationships and changing interests, its opportunities and dangers all will be explored by the groups under the leadership of trained counselors.

Discussion of being middle aged and female in today's society, of relationships with children, husbands, parents,

friends and neighbors; whether one can change one's lifestyle, whether others have life experience that can be helpful to you—all these and many other topics will come into the discussions as these groups talk and listen to one another's problems.

To enroll, or to get more information, call 785-4225. Enrollment is limited, and there is a small fee.

Family Service Association is a multi-service, nonprofit agency serving residents of Nassau County (except the Five Towns area). FSA provides counseling services, family life education groups, family advocacy and outreach projects to the elderly, poor, and minorities. FSA is a member of the United Way of Long Island.

## Volunteers Needed

With the rush of the holiday season over, spend your free time with those still in need! The Hicksville Chapter of Big Brothers/Big Sisters is actively seeking adult male

volunteers. There are many little boys who are waiting to be matched up with an older male friend.

The basic requirements are a giving and willing heart.

## Registration For Cultural Arts Classes

The last chance to register for more than 50 cultural arts courses is fast approaching. The classes

begin during the month of January at the Mid-Island YM & YWHA, 45 Manetto Hill Road, Plainview.

New programs featured this semester include ballroom dancing, acting, creative writing, tap dancing and beginning sign language. Sculpture will be taught for the first time at the Y by renowned sculptor, Bronka Stern of Hicksville.

The Y will once again offer such popular favorites as slimnastics, calligraphy, photography, cooking, painting, batik, pottery, speed-reading, bridge, weight loss workshop, guitar, stained glass making, bread baking, yoga, aerobic dancing and decorating.

In the insurance industry, customer satisfaction often is measured by "first-year lapse rate." If the rate is high, it means that within one year, a large number of people who purchase insurance are letting their coverage "lapse" by not paying premiums.

Apparently, AAL members are very satisfied, because AAL shows the lowest lapse rate among major life insurers in the U.S. We like the fact that our members are "hangers-on."

## St. Ignatius CYO Basketball

By Laura Brand

11th Annual Sheehan Tournament December 21, 1980 - December 29, 1980

St. Ignatius - In the opening game of the tournament, Our Lady of Mercy (Gold) defeated Our Lady of Mercy (Red) 33-14. Stephen Sferlazzo and Andy Boecklin scored 13 points apiece to lead OL of M (Gold) to victory.

The Warriors broke the 76ers 8-game winning streak by defeating them by 1 point, 21-20, on a basket scored by Kevin Burke in the 4th quarter. Kevin Burke led the offensive attack for the Warriors with a game-high 12 points. Don Cleary's 26ers, who only played with only five men the whole game, played a fine offensive and defensive game. Brian Cleary and Matt Storms combined for a total 15 points.

Our Lady of Mercy (Green) defeated Our Lady of Mercy (Blue) 36-17. Anthony Zanfardino and Michael Kenny combined for 30 points to lead OL of M (Green) to victory.

Little Tommy Sullivan scored 16 points and Billy Moran added 6 to lead the Supersonics to a 28-26 overtime victory over the Pacers. Dennis Kenefick hit a long jumpshot from mid-court for the Pacers at the buzzer, to tie the score 26-26 at the end of regulation play and send the game into overtime. There was no time left on the clock when the ball swished through the net. Billy Moran scored the winning basket in overtime. "Z" Pfeiffer was high scorer for the Pacers with 14 points. Guard Matt Smith scored 12 points to lead the Pistons

past the Trailblazers 28-18. The Pistons broke open a close game midway through the second half by outscoring the Trailblazers 13-2.

Captain Joey Congemi scored 7 of his 9 points in the second half to get the rally going for the Pistons. Jimmy Schneider, Timmy Richards, and Jason Lipiec each scored a basket. David Denowski, Paul Lamiroult, and Vinny "D" controlled the backboards. For the Trailblazers, Steve Corrado scored 6, Joe Siracuse 4, Tim Carroll 4, Vinny Kraus 2, Jimmy Stewart 2.

Anthony Zanfardino scored a game-high 21 points and Our Lady of Mercy (Green) used a 24-5 scoring spurt at the beginning of the game to beat the Warriors 34-13.

Andy Boecklin and Steven Sferlazzo combined for 34 points, enabling Our Lady of Mercy (Gold) to breeze to a 36-13 victory over the Pistons. For the Pistons, Joey Congemi was high

scorer with 5, David Denowski and Jimmy Schneider 3, and Jason Lipiec and Matt Smith each scored 2.

In the semi-final game, Our Lady of Mercy (Green), led by the scoring of Michael Kenny with 25 points defeated the Supersonics 38-12.

In the championship game, Our Lady of Mercy (Green) came out victors over Our Lady of Mercy (Gold) 34-29 by outscoring the opposition 9-3 in the 4th quarter. Steve Delaney and Mike Kenny combined for 23 points to lead their team to victory.

St. Ignatius would like to congratulate Our Lady of Mercy (Green) on winning the 11th Annual Sheehan Tournament played during the Christmas holidays.

Everyone would like to thank Pat Lynch and Don and Carol Cleary, who, as usual, did a super job running the tournament. Frank Bowen and his fine refereeing staff should also be thanked.

# Families For Life Club News

by Doug Harknett

Families for Life will again sponsor a bus trip to Washington D.C. for pro-life people in this area for the eighth annual March For Life on Thursday, January 22, according to Peg

McGeary, President. The purpose of the March is to publicly mourn the Supreme Court's 1972 decision to legalize abortion at any time before birth, and to call on the Congress to pass a

Human Life Amendment (HLA) to the Constitution that would protect all human life. The cost is \$15 per person. Those interested in going should call 938-1391 or 935-7572.

According to Nellie Gray, Washington organizer of the March, the purpose is not only to petition Congress for the HLA, but also to impress upon them the priority and urgency of passage, and to urge them to stop even the relatively small amount of abortion funding now trickling through. After the rally, participants will be asked to lobby their representatives and senators. Instructions on how to do this will be given out on the bus. Fortunately, all U.S. representatives in Nassau County are pro-life, as is Senator Al D'Amato, so lobbyists should meet a warm reception. On the

## SUBSTITUTE POLICY (Continued from Page 1 Plainview)

report with various comments.

Trustee Joseph Blum was concerned about the reduction of the "broad-based" number of substitutes. He emphasized that the substitute teacher registry was "meant to cut the broad-based numbers" thus reducing the district's unemployment insurance liability.

Mr. Ferrara stated the reduction has started to begin but "we are still calling a number of people." He also added that there have been some savings but "we have not been in the program a full year yet."

Trustee Mitchell Laub addressed several concerns, including among others the cost of the SEP/SOP program (approximately \$40,000 in each high school); the lack of attendance procedures in the program; and the rate of absenteeism (according to his calculation, there is "a 30% chance on a given day a high school student will have a sub."). "I question if the money could be put to better educational use such as permanent subs in areas we are lacking, like math and science."

Trustee Miriam Ravad stated she had visited the SEP/SOP program and was "surprised at the number of participants." She felt the use of student identification cards was an excellent idea to control student movement. Vice President Ben

Taubenfeld also liked the idea of student i.d. cards, as did Mr. Laub.

Richard Koubek, director of the SOP at J.F. Kennedy High School stated that i.d. cards were a good way to "identify students." But concerning SOP activities, "taking attendance even with i.d. cards is impossible" since the activities are held at various parts of the building.

Trustee Susan Sherer stated she favored continuing subs on day one at the 9th grade level passed the recommended 10 weeks and added that subs should be called on the first day for all grades. "Students would come. The less free time, the better." She also did not support the registry service from a "humanistic point of view."

Mr. Delman stated that he would "hate to see the elimination of SEP/SOP for permanent substitutes."

In other business, the Board approved a request from the Community Resource Council of Plainview-Old Bethpage for use of a room at the Joyce Road School during school hours. The room will be used as an office for the group. Rev. Lloyd Van Norden, Pastor of the Plainview Methodist Church spoke about the group which is currently comprised of Plainview clergy and a member of the local precinct, with other community leaders in attendance at recent meet-

ings. The group, according to Rev. Van Norden is "concerned with substance abuse that affects the families and the way children function at home and school."

It is hoped that the group would expand to include membership of any Plainview person interested, with an executive council. Future plans have been discussed, including the possibility of a hot line and a resource brochure.

Mr. Taubenfeld was appointed by the board to serve as liaison with the group.

The next meeting of the board is scheduled for January 19 at the Jamaica Avenue School, 7:30 p.m.

## An Invitation

The Long Island Philharmonic invites singers to participate in the preparation of its spring performance of *Serge Prokofiev's massive work ALEXANDER NEVSKY*. The chorus, which made its debut last year under the baton of Maestro Christopher Keene to great critical acclaim, is accepting new members.

Rehearsals begin on Tuesday, February 3 at 7:45 p.m. in the Choral Room of Commack High School South, Vanderbilt Parkway, Commack. The chorus will once again be under the expert supervision of Fran Roberts of Northport.

Please call the Long Island Philharmonic at 293-2222.

## DEVOTIONS

Trinity Lutheran Church

As the new year begins we can approach it in one of two ways. We can see it through pessimistic eyes which see problems in every possibility or through the eyes of an optimist who sees possibilities in every problem. Now

we can be assured that 1981 will bring its share of problems our way. To be alive is to have problems. How we will handle them is the question. Dr. Karl Menninger, the noted psychiatrist, said, "It's not what happens to you

but how you react to it that makes the difference." That's a great concept. Trouble never leaves you where it finds you. It will either change you into a bitter person or a better person. Your attitude in confronting trouble is most important.

Over 600 women attended the recent Ninth Annual Luncheon of The Children's Medical Fund of New York. The gala event, held at the Grand Hyatt New York, was very successful in raising money to help build the new 150-bed hospital for children of Long Island Jewish-Hillside Medical Center. The program included a Dorothy Sumlin presentation of New York designers' fashions and

Fortunoff's jewelry. Shown here at the reception table are members of CMF's Tobay Chapter (seated, l to r) Renee Orenstein, Ruth Greenberg and Marion Siegel of Syosset, and Ginger Lieberman of Plainview. Standing are (l to r) Linda Gorsky and Gail Dobrow of Syosset, Joan Weinberg of Plainview and Ronni Gold of Syosset.

Now a God that has as His greatest desire our good, who wishes to bless us abundantly in the New Year, has given us the power needed to handle the difficulties this year. This power is available to all of us, and it comes as we develop a warm personal relationship with the Lord.

For some of us God might be a friendly stranger. You respect everything you seemingly have heard about Him, but the two of you really don't relate.

With others there is a nodding acquaintanceship, and every once in awhile you run into Him and say, "Hello, Lord."

Others of you are on a first-name basis. He knows you and you know Him. And you're really very good friends.

Then there are others, who have a very deep, warm, intimate friendship with God. I mean like two people who cry together, laugh together, and talk into the night together. This last relationship with the Lord is the one we should seek. He wants to be our close, intimate friend. With such friendship God's beautiful blessings flow continuously. Through such friendship with God we can develop an attitude which can find possibilities - even in our problems.

# Fire Safety Bulletin

Seeking to prevent problems this winter, Joseph G. Boslet, Jr., Fire Marshal of Nassau County, and Ronald Buckingham, Director of Suffolk County's Department of Fire Safety, announced a list of safeguards for portable heaters, wood-burning stoves, fireplaces and other popular auxiliary heating devices.

Today, with the cost of heating oil soaring, more people are using portable heaters for supplemental heat. Before using an auxiliary heating device, the fire safety experts suggest that consumers follow a few simple precautions.

Electric heaters are widely considered to be the simplest and safest way to provide supplemental heat. The precautions to be taken with electric heaters should include the following:

The first precaution is to look for the UL label OF Underwriters Laboratories on the product before you buy it. The UL label on the product means that the product complies with nationally recognized safety standards.

Also the consumer should carefully read the manufacturer's instructions for electric heater use. This will explain many safety features and provide maintenance information.

Portable electric heaters on the market today have safety features such as cut-off switches to turn the heater off if it accidentally tips over, and heating element guards to prevent

contact with combustible materials.

However, the fire safety experts say to further avoid the possibility of a fire it is essential to keep heaters away from furniture, draperies and clothing.

The fire-safety experts also recommend keeping a close eye on children while a portable electric heater is in the room.

The consumer should know the wattage of the heater. A heater using more than 1,440 watts should not be used continuously for three hours or more. If a heater does use more than 1,440 watts, it should be used only intermittently (intervals of less than three hours) without any other appliance on the same circuit.

If using an extension cord with an electric heater, be certain that the extension cord is suitably rated for the heater. Check to make sure the rating on the cord is equal to or greater than the rating marked on the heater. If the cord is not marked with a wattage rating, the maximum wattage for which the cord is suitable can be determined by multiplying the marked cord ampere rating by 125.

If using any type of fossil fuel heater such as oil, kerosene, or gasoline, make sure it is properly vented to the

it is properly vented to the outside to prevent the buildup of combustion products. If a room is completely closed, a fossil fuel heater can use up oxygen in the room, leading to incomplete combustion and the production of

carbon monoxide that can cause asphyxiation. Some towns are prohibiting the use of portable fossil fuel heaters. Consumers should check with their town prior to installation.

Wood-burning stoves have become very popular with some Long Islanders as they attempt to cut down on their home heating oil consumption. But wood-burning stoves have been responsible for a number of fires. And that's why the fire safety experts urge that all wood-burning stoves be installed in com-

pliance with local building codes.

Some Long Island residents are even turning to their fireplaces for auxiliary heat, even though fireplaces are probably the most inefficient means of heating a home. Here, too, homeowners should be careful. Cresote build-up in the chimney could be ignited from a fireplace fire and lead to an uncontrollable blaze. Chimneys should be periodically inspected and swept. Fireplaces should be used only in well-vented rooms because

they use up oxygen and could deplete the oxygen supply, possibly causing asphyxiation.

Most dangerous of the potential home heating devices are charcoal grills. Charcoal grills, should never be used in a house unless directly connected to a flue or chimney. Charcoal briquets produce about 20% carbon monoxide poisoning.

The fire safety experts also urge people not to use their gas ranges for heating on a cold day. Using top burners or ovens in gas stoves for home heating

presents a serious hazard. Stoves used for long periods, like all night, in an area in which doors are not opened frequently to allow fresh air in, can deplete the oxygen in the area and can produce carbon monoxide that may lead to asphyxiation. And, according to the Long Island Lighting Company, an unexpected substantial demand for natural gas, brought about by many people keeping their ovens on overnight, could cause a drop in pressure in gas mains that would force the shutdown of portions of the island's gas system.

Anne and Bob Rennert and daughter, Terri, spent a delightful Christmas with the family. Everyone was there at Anne's brother, John Bardenhagen's home: John's wife, Marge; their children, John, Jr., Tommy, Barbara, and Janet; and, of course, Grandma Bardenhagen and Aunt Mary. It was a day of good company, good food and good feelings.

Jason Hirsch, son of Arthur Hirsch, Jr., and Paula, was five years old on December 15. His brother, Brian, was nine years old on December 20. Although Jason and Brian's birthdays are close to Christmas, we learned that Santa Claus stopped at their house to
