Board Adopts Kindergarten Enrichment Program

By Linda Strongin
"Project Exceptionally Ready", for use in kindergarten and first grade classes, was adopted by the Hicksville Board of Education at its brief business meeting Wednesday evening.

The curriculum is based on a series of child-centered interest units, such as dinosaurs, for example, with various academic activities integrated around at the focal point. The purpose of the curriculum is the development of a comprehensive program which will hopefully meet the needs of academically talented kindergarten children. All kindergarten students will participate.

Currently three of the nine kindergarten teachers have been trained in the use of the materials. The remainder of the teachers will be trained this spring, according to Dr. Catherine Fenton, Assistant Superintendent for Elementary.

Reaction to the program from the kindergarten teachers "has been positive." Three of the teachers visited Rhode Island where the curriculum was originally developed and saw the Project. According to a report from Mrs. Harriet Fleisher, Assistant Director of Pupil Personnel Services, who also visited the Project site, the Project aims to "stimulate and encourage" the growth of a child's greatest potential through the child centered motivational units.

The Project may be carried into the first grade and first grade teachers will be trained during the summer. The cost of the Project was not available because it varies from individual unit.

A request from the President of the St. Ignatius Senior Citizens Club to be recognized by the Board of Education was presented. According to Vice President Bill Bennett, after several questions of Mrs. Mary McKeon, President, the "club falls within the policies of senior citizens clubs in

providing services within the policies of senior citizens clubs in providing services and the application is in order." The club had requested buses, currently provided by the Board to four other senior citizens clubs. These clubs are recognized by the Board. President Tom Nagle stated a decision would be made by the Board very soon.

Trustee John Ayres questioned the Career Guidance Program for K-12 as mentioned in the December Bulletin Board. According to Pupil Personnel Director Dr. David Weeks, the proposal will be presented to the Board in about four weeks.

Trustees Charlene Anci and Neil McCormack thanked the Hicksville Council of PTAs Cultural Arts Committee and Dr. Terrence Slackpole, Director of Performing and Cultural Arts, for the presentation on Sunday by the Joffrey Ballet. Mr. McCormack stated, however, that the senior high school auditorium was

"cold. We had to wear our coats." He was also concerned about the temporaries at Burns Avenue and Dutch Lane Schools, and requested information on their present usage. He favors the phasing out of these temporaries.

Mr. Bennett revealed that he and several community members as well as District Clerk Janet Ulrich has attended a Nassau-Suffolk School Board Association Seminar on Educational Issues.

He also stated that a member of the Association's Legislation Committee, a position paper on the Board of Regents' proposal on licensing teachers as professionals was being prepared. He thanked Bob Zaleski, President, Hicksville Congress of Teachers, for resource materials on the subject.

Under the hearing section, the Board discussed a policy concerning superintendent attendance at meetings and conferences. Trustee (Continued on Page 4)

Meeting Postponed

The regular monthly meeting of the Board of Trustees of the Hicksville Public Library is postponed from February 18 to February 25th. The meeting will be held at the Hicksville Public Library at 8 p.m.

The Princess Who Would Not Smile: Fairy tales appear in the literature of many countries, but they have one thing in common - they are pure imaginative inventions. Their aim is to entertain and amuse. Such was the spellbinding performance which took place at the Dutch Lane Elementary School on Wednesday, February 4th, presented by the Martha Merideth School of Dance of Syosset.

The Central European fairy tale of The Princess Who Would Not Smile was beautifully performed by the young group of players. The costumes and scenery were colorful and a joy to behold. The staging was exceptionally clear and melodious. Melissa Sheinwold (lower right), a pupil at Dutch Lane and a member of the group, played the part of the princess. Joe Jablonsky
Hicksville East Executive Leader

Hicksville-East Executive Leader, Joe Jablonsky, has provided the following profile of our new Vice-Chairman of the Board of Supervisors, Tom Gulotta.

Hempstead Town Presiding Supervisor Thomas S. Gulotta brings to Town government an impressive background of service in the community, both as a State Assemblyman and as an active member of many local organizations.

As a State Assemblyman representing more than 100,000 Town residents in the 13th Assembly District since 1977, Gulotta, 36, distinguished himself as a readily accessible, attentive public official whose voting record in Albany reflected his belief that government must become more productive and less expensive for the taxpayers it serves.

Gulotta developed the trademark of personal service to his constituents, a policy he will continue in his new town government post.

He was the first 13th A.D. Assemblyman to open a local legislative office to serve district residents. He personally visited every homeowner in the district to hear their views on legislative issues, sent them personal letters in response to their inquiries and called them directly on matters of urgency. He also devoted the time in the evenings and on weekends to attend the meetings of every organization in the district on a regular basis.

It was this reputation for hard work and attention to the needs of the people he represented that attracted the attention of the Hempstead Town Board. On January 9, 1981, the Town Board, in a unanimous vote, appointed Gulotta to fill the vacancy in the post of Presiding Supervisor, the town's top elective office.

Gulotta, who resides in North Merrick with his wife, Betsy, and three children, Thomas, 6, Christopher, 3, and Elizabeth, 1, was born

Thomas S. Gulotta, Vice-Chairman of the Nassau County Board of Supervisors and Hempstead Town Presiding Supervisor, and raised in Lynbrook. He attended Malverne High School, where he was president of the Student Association and secretary-treasurer of the National Senior Honor Society.

His father, Frank A. Gulotta, was the District

Attorney of Nassau County and now serves as a Justice of the Appellate Division of State Court.

Young Gulotta received his Juris Doctor Degree in 1969. Upon admission to the bar, Gulotta served as an assistant Nassau County district attorney. He was counsel to the Town of Hempstead Housing Authority, and also served as counsel to several state legislative committees.

He was elected to the State Assembly in 1976. He was re-elected twice since then. As a member of the Assembly, Gulotta served on the Education, Governmental Operations, Codes, and Legislative Oversight and Analysis Committees. His cost-cutting approach to legislative issues and his concern for the property taxpayers of the state earned him the praise of many government and fraternal organizations.

Gulotta is a member of a (Continued on Page 12)

Old Country Rd. School Honors Three Guests

This year Old Country Road School PTA has chosen three special people to be our honored guests at the annual Founders' Day dinner on February 26. They are:

Vicki Cornelius, who has served diligently on our unit's Executive Board for many years. Charm and understanding have always been Vicki's trademark and

it has been a great pleasure to know and work with such a dedicated person. Mrs. Cornelius is currently serving on the Baton Committee and as 1st Vice President.

Lorraine Mund; immediate past president of the Old Country Road School PTA, has served on its Executive Board for many

years. Without Mrs. Mund's knowledge and leadership, we could not have succeeded in many areas of our work. Mrs. Mund is this year's editor of the "Old Country Crier", our newsletter. Our sincere thanks must also go to Joe Mund, who has spent innumerable hours on behalf of the PTA and deserves at least an honorable mention.

Anthony Carmo has been an evening custodian at our school for many years. Ask anyone connected with school life how long you can survive without the services of a good custodian and then you can understand how much Tony means to us. He's always there when needed, with a "yes" instead of a "no."

Mr. and Mrs. Mathew McCormack of OLD BETHPAGE announce the engagement of their daughter, Diane to Brian John Farrell, son of Mr. and Mrs. Joseph Farrell of Hicksville. Miss McCormack is a nurse, and Mr. Farrell is associated with a major airline. A May wedding is planned.

Happy anniversary to Dolores and Joe Magee, HICKSVILLITES. Dolores and Joe were married 28 years on February 14, Valentines Day. Congratulations, folks.

Our sincere condolences are extended to the Blanc family upon the loss of their husband and father, Bill Blanc. Mr. Blanc was the sexton at St. Ignatius Loyola R.C. Church for many years. He was an important and integral part of the operations of the Church. His absence will be felt not only by his family but by the Hicksville community, too.

Grandpa and Grandma Pietruszewicz, HICKSVILLITES, are proud of their grandsons. Christian Pietruszewicz was four years old on February 2. His brother, William, IV, was seven years old on February 10.

And another birthday celebrant in HICKSVILLE, George Knight, had his "special day" on February 12. George shares his birthday with another great personage, President Lincoln. Congratulations, George.

We can't miss telling you that Valentine's Day is a double special event in the Kremler household. Frank and Ann Kremler's daughter, Annette, celebrates her birthday on this day. She has been a very special Valentine's Day present to the Kremlers who have a household of wonderful sons. Happy birthday, Annette.

Jeanne and John Maiorino of Moeller St., HICKSVILLE are proud of their son, John, and

daughter, Leah, who represented the Elks in bowling. John won 1st place on Feb. 11, in the Eastern Division, Patchogue Lodge Elks and Leah won 1st place, Hicksville Lodge. Both received beautiful trophies and we want to commend them on a job well done.

Congratulations to Stu Subotnick of PLAINVIEW, who was recently named as Vice President and Chief Financial Officer of Medtrodmedia, Inc. Stu is also a veteran road runner and one of the founding members of the Plainview/Old Bethpage Road Runners Club. Hope the new job doesn't interfere with training for the Long Island Marathon, Stu!

Many of our local "Road Runners" went into Manhattan this past Friday evening with their youngsters to see a top field at the annual Millrose Games at Madison Square Garden. Among those who made the trip were: Mike Polansky, Howie Greenberg, Tony Miracolo, Marvin Gardian, Stu Subotnick, Gerry Kaufman, Howie Marlin, Alan Stopek and Murray Low, all of PLAINVIEW.

We recently received a letter from former HICKSVILLE residents, Marianne Kutner (Mrs. William Kutner) now of Grangeville, Idaho, saying that her dad and brother, Frank Sutter Sr. and Frank Sutter Jr. were on hand to help them celebrate their first Christmas in their new home. Their son, Jeffrey, also joined them, but they missed Kevin who is stationed in South Carolina in the Navy. While visiting Idaho, Mr. Sutter Sr. received a phone call from Aschaffenburg, Germany, informing him that he had another great-grandson. The baby's dad is stationed there in the Army.

Congratulations to Linda M. Reid of HICKSVILLE who was honored for outstanding achievement at the recent Mary Kay Cosmetics, Inc., Emerald

National Sales Seminar. A prime example of the positive impact women make in the work force, Ms. Reid was cited as one of the "Top Sales Directors" for 1980 in the independent field marketing organization of Mary Kay Cosmetics.

In recognition of her exceptional accomplishments, Ms. Reid was awarded a 14K gold and diamond pin displaying Retail Unit Achievement for 1980 of \$200,000.

Happy Anniversary to Bernice and Seymour Neufeld of HICKSVILLE

who celebrated their 17th week.

And, a very special happy birthday to Suzanne Wolf, daughter of Carole and Joe Wolf of HICKSVILLE. Suzanne celebrated her 17th week.

Lynn Cahalan, daughter of Mrs. Christine Cahalan of Gardner Ave., HICKSVILLE, has been named to the Dean's List at Marywood College, Scranton, Pa. She is a junior majoring in psychology and plans to receive a bachelor of science in psychology in May, 1982.

D'Amato To Speak To Irishmen

United States Senator Alfonso M. D'Amato will be the guest speaker at the Fifteenth Annual Friendly Sons of Mercy's St. Patrick's Dinner to be held on March 10, at the New Hyde Park Inn, as announced by Edward H. Murphy of Rockville Centre, Chairman of this year's St. Patrick's Dinner.

The dinner is sponsored by The Friends of Mercy, an organization of professional and business men of all faiths who support the 400-bed not-for-profit Mercy Hospital in Rockville Centre.

Their efforts, since the organization was founded in 1936, have raised some \$3 million for the Hospital.

New York's junior Republican Senator has already made his mark in Washington as a member of three powerful Senate committees: Appropriations, Banking and Small Business. In addition, Senator D'Amato is the chairman of three sub-committees: the Rural and Urban Economic Development, Securities and the District of Columbia.

A lifelong resident of New

York State, Senator D'Amato attended Syracuse College of Business Administration and Syracuse Law School. He was admitted to the Bar in 1962.

Senator D'Amato lives in Island Park with his wife, Penny, and their four children.

Reservations, limited to 370 persons, are filling quickly for this "Gentlemen's Black Tie Dinner." Telephone The Friends of Mercy at: (516) 678-3066 for ticket information.

At Old Bethpage Village

Parents who are curious about what happens when their children's school class visits Old Bethpage Village Restoration are invited to come and find out during Winter Recess Week, Tuesday through Saturday, February 17-21.

The outdoor history museum has arranged orientation sessions for family groups who arrive at the Reception Center between 10 A.M. and 3 P.M. to suggest ways to organize and enjoy their visit.

Families will be given special marked maps to guide them as they explore the 19th century from a viewpoint which focuses on man's basic needs of food, clothing and shelter.

Costumed staff within specified restored buildings will introduce visitors to some processes which were commonplace in the 1850's and encourage them to participate in such activities as shingle shaving, utilitarian needlework and hearth cooking.

Old Bethpage Village Restoration, operated by the Museum Division of the Nassau County Department of Recreation and Parks, is located on Round Swamp Road, Old Bethpage, south of Long Island Expressway, exit 48. Hours are from 10 A.M. to 4 P.M. The Village is closed Mondays. A cafeteria and gift shop are located in the Reception Center. Admission is \$2.75 for adults, \$1.50 for children. Leisure pass holders pay \$2.25 and \$1.25, respectively. Parking is free.

Health Spas

Swimming pools, exercise machines and saunas look very inviting during the colder months of the year. Attorney General Robert Abrams wants consumers to know while there are many excellent health spa facilities in New York State, there has been, in some instances, mis-

representation by promoters of such facilities. To learn your rights as a consumer and discuss all types of consumer problems, the Attorney General has instituted a Consumer Outreach Program to aid residents of Nassau and Suffolk Counties. An Assistant Attorney General

will be available to answer your questions.

Purcell Demands US Probe Of Oil Profiteering

Nassau County Executive Francis T. Purcell today demanded a congressional investigation into "greedy profiteering by the nation's oil companies which are draining away the ability of middle class American families to survive."

In a letter to Rep. Norman Lent, chairman of the Long Island congressional delegation, Purcell said: "Oil industry experts and U.S. government officials oil production -- the ostensible reason for decontrol -- but it has had an immediate, devastating and totally unjustified impact on consumers in Nassau County and elsewhere. If the oil companies are not going to produce more oil, why are consumers being bled white to contribute more to the

companies profits?" Purcell said that home heating oil prices in Nassau County jumped an average 21 cents a gallon, from \$1.02 to \$1.23, between Nov 5 and Feb 2. At the start of the heating season, oil averaged \$1 a gallon, Purcell added that gasoline prices have risen from an average \$1.31 a gallon in mid-December to \$1.38 this week.

The county executive said that, according to published reports, oil companies, anticipating decontrol, produced record amounts of oil in recent weeks, and then slapped on immediate price increases as soon as decontrol went into effect. "That is blatant price gouging," Purcell said. "Consumers would refuse to deal with any local business

that consistently tried to milk its customers. But the oil companies have us by the throat."

Purcell noted that the 10 largest American oil companies posted record-breaking profits for 1980, with the largest, Exxon, reporting profits of \$5.7 billion -- a jump of \$1.4 billion, or 32 per cent, over 1979's profits. And he warned that decontrol opens the floodgates for even bigger profit bonanzas for oil companies as domestic oil prices being tracking OPEC prices.

"It is bad enough that America is being ripped off by OPEC," Purcell concluded. "But it is time for Congress to put a stop on the rip-off of the American consumer by American oil companies."

"Heating Oil Price Squeeze Requires Emergency Action", Lent

The abrupt rise in heating oil prices in the past three months on Long Island and the extremely cold weather this winter have combined to create serious financial problems for many Long Islanders, who depend heavily on fuel oil for home heating.

Daily, I receive more and more letters and phone calls from constituents who are experiencing great difficulty in meeting their unexpectedly high heating bills, despite all attempts at conservation. As one constituent told me: "... How in God's name can you sacrifice heating your home, even lowering your thermostat and insulating and wearing heavier clothes?"

The major assistance program available to

families in Nassau County is the home energy assistance program, aimed at helping low and middle income families and senior citizens with their fuel bills. The program, which I supported and voted for, is funded from revenues from the Windfall Profits Tax. But even though eligibility for this program is limited, it appears New York State may not have sufficient funds to aid all applicants. It is clear, emergency action is needed. Therefore, I have requested the Chairman of the House Appropriations Committee, Rep. Jamie Whitten (D-Miss.) to appropriate more funds from the Windfall Profits Tax revenues for the home energy assistance program. I have also requested President Reagan to help alleviate the

problem. Since decontrol of oil prices will produce additional Windfall Profits tax revenues of approximately \$6 billion, it seems to me only fair that the hard-pressed consumer should get some benefit.

At the request of Nassau County Executive Francis Purcell, I have also demanded an investigation of whether the oil companies are ripping off consumers. If there is price gouging, as Mr. Purcell alleges, we need corrective action.

Because more than 80 percent of the Long Island homes depend on fuel oil for heat, our situation is far more serious than in most areas the country. I will continue to monitor the situation closely, and to keep Long Islanders abreast of developments.

Virginia Germer was concerned about the number of working days (12) and some of the wording of the policy. Mr. Bennet felt the policy could be abused since the Board "would see it." Trustee Charlene Anci and Mr. Ayres requested information on last year's schedule of conference and meetings attended and the cost. Mrs. Anci also suggested the superintendent report back at Board meetings on the conferences and meetings attended so that information could be shared.

Under the action section, the Board approved budgetary transfers and budget operation reports for the second quarter. The

transfers totaled \$164,346.86.

It awarded bids for roofing (East Street and Dutch Lane) for \$60,233; concrete walks and curbing for Woodland Avenue and the junior high school (\$4,060); asphalt paving at Burns and Dutch Lane (\$12,534); audio visual equipment \$11,962.93; and flooring for all schools (\$9,060).

The Board went into executive session at 9:30 and as of 12:05 a.m. had not yet returned. They were discussing personnel items.

The next meeting of the Board is scheduled for February 25, in the conference room. The Academic Profile will be presented at that time.

Hicksville Educators Luncheon Guests At The Hicksville Gregory Museum

Two of Hicksville's foremost institutions of learning sat down to lunch together, Monday, at the historic Heitz Place Courthouse. Guests of the Board of Trustees of the Hicksville Gregory Museum were the leading administrators of the Hicksville Public Schools. Highlighting the most congenial gathering of educators and museum leaders was a first-time tour of the earth science and local history museum's buildings and exhibits for most of Hicksville's newer school administrators.

Among those top school leaders studying the Gregory Museum facilities with a professional eye were: Superintendent of Schools, Wilbur Hawkins, and his supervisors of elementary secondary education, Doctors Daniel A. Salmon and Catherine J. Fenton. Other top echelon schoolmen enjoying an introduction to the museum's attractions were Dr. Terrance Stackpole, Director of Cultural Arts, and Mr. Ronald L. Friedman, Director of Personnel, Director of Buildings and Grounds, William A. Becker, and Richard P. Weigang, District Business Manager, both long familiar with the Gregory Museum were present. Two members of the Board of Education were able to attend the luncheon, senior trustee, Cornelius J. McCormack, who helped establish the Gregory Museum at the Heitz Place Courthouse, in the great community volunteer effort of the early 'seventies, and Mrs. Virginia Germer, an enthusiast for preservation of the museum in Hicksville.

Welcome and addressing the guests during the buffet luncheon, Museum President, Richard Evers, recalled with the historian's zest "the many different meetings over the years at the Heitz Place Courthouse... none the less of which is this 'teachers' convention'." He reminded the educators that "teachers and children are frequent modern-day visitors at the historic landmark, with 300 teachers and over 7,000 students touring the museum in 1979, along."

Reviewing the Gregory Museum's many attractions and describing the Earth Science Centers as "primarily a teaching museum and the finest geological museum on Long Island," Evers launched the Museum Trustees' coming spring drive for community-wide support for the museum. Conceding that the Museum Board had planned the gathering "to sell the unique museum's many services and potential to a new group of school administrators in Hicksville," the Museum President - Acting Director said: "the Museum leadership senses an opportunity to be a part of your efforts

to improve the community's long established and worthy schools."

Evers admitted that "sentiment and deep concern impell us to invite you here... We must admit candidly that the museum, this treasure of our community, is seriously in danger of having to lose its collections forever to other, distant institutions, if community support is not mobilized by the end of the school year." He highlighted his short address by reviewing the many potentials of the museum for meeting the varied needs of modern education, declaring with emphasis that: "We see justification for our survival not in sentiment but in the services we have rendered and will yet provide for Hicksville and Long Island... We have the experience, the resources, the support within the community, and we believe in prudent financing... We've been operating on a shoe-string and our sweat for years!" This latter remark prompted much applause and laughter.

The Museum leader closed his remarks with the news that the Museum Board will be exploring immediately ways for school, library and Town joint-support of the museum. In the opinion of observers present for the historic Hicksville gathering of school leaders and museum trustees, the top educators were visibly impressed with the museum. Again and again, praise was voiced for such things as: the range and beauty of the specimens, the cohesiveness and integration of exhibits; the obvious evidence of much school tour activity; the numerous media for tactile, visual and auditory student experience; the facilities for individual instruction, research and experimentation and the authenticity of the Courthouse and Jail features, with the compact local history exhibits - all evoking the excitement and wonder of the Hicksville educators.

Five elementary school principals were among the guests able to respond to the Museum Trustees' invitation: Robert Whearty, William Granville, Richard Jennett, John Mateara and Louis Penque. This year's Parent-Teacher-Student Association Founders' Day Dinner guest of honor, William Feigin, long-time school administrators, and by education and experience a science teacher, showed and voiced definite appreciation for what the museum can do for Hicksville schools. Classroom teachers and department chairmen were thrilled by the exhibits and museum facilities: Paul Marks and Marie Marshall, Junior High School Social Studies and Science Chairpersons; Ignatius Guccione, Science Chairman of the High School, and veteran Earth Science teacher, Sidney Gelb of the Junior High.

Easter Seals Benefit At Burns Ave.

Thirty-seven Burns Avenue School students have raised over \$1700 for Easter Seals in a recent basketball shootout. Coordinated by physical education teachers Louis Crandall and Ignatius Rienzo, the shootout was a fund-raising project which involved the students and the neighborhood residents, who pledged a sum of money for each basket a child made in consecutive attempts. Fourth, fifth and sixth grade students participated; the top seven fundraisers are as follows:

- Steven Huettner, grade six - \$701.40
- Ronald Sargent, grade five - \$100.00
- Thomas Goettleman, grade six - 78.80

- Janine Stein, grade five - 74.00
- Julie Zamora, grade four - 65.10
- Francesca Bavilla, grade four - 56.85
- Lior Zohar, grade six - 52.35

Steven Huettner most likely will be one of three top fundraisers among involved schools. For his efforts, Steven will be honored during the halftime activities of an upcoming St. John's University basketball game, St. John's coach Lou Carnesecca is the chairman of the annual shootout.

Principal Dr. Frank Burke said he was amazed at the diligence of the students, and commended all involved for their contributions.

SCORES FOR EASTER SEALS: The top seven fundraisers at Burns Avenue School in the recent Easter Seals Basketball Shootout join their physical education teachers for one final shot.

From left, they are Mr. Louis Crandall, Lior Zohar, Thomas Goettleman, Julie Zamora, Steven Huettner, Francesca Bavilla, Janine Stein, Ronald Sargent and Mr. Ignatius Rienzo.

The Hicksville High School Stage Band, above, is shown performing at a jazz festival recently sponsored by the Nassau Music Educators' Association.

Mr. J. David Abt, stage band director, said that students were judged by a panel of jazz educators. No ratings or trophies were awarded at the festival, which was held at MacArthur High School in Levittown. Mr. Abt said that the purpose of the festival was purely educational and recreational.

The Hicksville High School State Band, an extracurricular activity, is currently preparing for its annual "String of Pearls" concert, to be held at the high school on March 7.

CHARLES WAGNER POST # 421
HICKSVILLE, N.Y.

"One Of The Grass Roots Of The American Legion"

American Legion Auxiliary News

By Geraldine Seitz

Just a reminder—our annual Valentine's Dance of the Charles Wagner Unit # 421 of the American Legion Auxiliary, Hicksville, will be held on Sat., Feb. 14, from 9 p.m. to 1 a.m. at the Clubhouse, located at 24 E. Nicholas St. The cost is \$15 per couple and food, beer, and dancing is included. Tickets are available for a new 300 Club that is to start in April. Thursday, Feb. 19 is the

day we will visit Suffolk Developmental Center. Be at the Post by 8:30 p.m. if you plan on going along to see our girls.

A donation has been sent to the American Legion Child Welfare Foundation, Inc., in the memory of Mamie Davis. Mamie was a Charter Member and Past President of the Charles Wagner Auxiliary.

Our next meeting will be held on Friday, March 6th at 8:30 p.m.

He joined the Marine Corps in June 1980.

ARMED FORCES

completed a baking course.

During the nine-week course at the Marine Corps Base, Camp Lejeune, N.C., students received instruction on the preparation of bread, pastries and other bakery items. They also studied the proper use of baking equipment and related kitchen health and sanitation procedures.

Airman 1st Class Steven Johnson, son of Mr. and Mrs. Fredrick A. Johnson of 30 Buckner Ave., Hicksville, N.Y. has graduated from the U.S. Air Force air traffic controller course at Keesler

Air Force Base, Miss. Johnson will now serve at Altus Air Force Base, Okla.

Tomorrow nite, February 14th is the Auxiliary's VALENTINE DANCE and I hope you will be there.... And if you haven't paid your Dues yet, shame, shame on you, get your check in the mail and stop giving the Membership Officer grey hairs.... You know we are having our 20th Annual AWARDS & CEREMONIAL NITE on March 14th and this is a closed affair to Charles Wagner Legionnaires and Auxiliaries ONLY and admission is your paid up 1981 Dues card.... Naturally we do not expect our out of state members to be there but we do expect all of our 'local' Legionnaires to be on hand to witness the awards to their fellow Legionnaires.... And of course there will be the initiation of new members including JOSEPH J. CONKLIN and VINCENT CAMPANELLO who have just signed up.... And when we say 'Legionnaires only' we automatically include your wife or lady friend.... After all, who wants to dance alone???.... If you are getting an award then you will be notified by mail from the chairman of that particular award, and if you are not slated for an award, you still must reserve some table space for you and your

date.... So in that case, please call me at 935-1860 and I will handle your reservation and please make the call early so we can properly set up the number of tables required.... And this also helps in the area of how many 'at cost' Corned Beef & Cabbage dinners our chefs must have available.... So please do your part to make the night a success by calling in your reservation as soon as possible.... In the meantime, the work of the Legion & Auxiliary goes on as planned with a scheduled visit to our girls of Cottage 46 at Suffolk State School on Thursday evening, February 19th.... Welfare Officer Frank Molinari will lead the delegation and they will leave the Post at 6:30 P.M. if you can make that early hour and you have an interest in just what is accomplished by these monthly visits.... Go see for yourself.... After all, a good portion of our welfare budget is expended on this project.... On a national level in the matter of national security the prospects look especially good for the 49 national security resolutions adopted at the Legion's National Convention last August. Our now President Reagan has repeatedly called for signifi-

cant increases in the defense budget during his election campaign. He has backed the neutron bomb, the MX missile, and an advanced bomber similar to the B-1. He wants to increase the navy from 540 ships to 600 ships, and may expand the army by as many as three divisions. He has expressed opposition to peacetime registration or draft, preferring instead to bolster the all-volunteer forces by improving benefits.... The President has signed into law P.L. 96-408 which designates the U.S. Court House and Federal Building in Syracuse as the "James M. Hanley Federal Building". Congressman Frank Molinari retired this year after 16 years in Congress. During the House's consideration of the Civil Service Reform Act of 1978,

Representative Hanley led the fight to retain veterans preference. The House overwhelmingly approved the "Hanley amendment", thus not only preserving veterans preference in federal employment but in various respects enhancing it. The American Legion, in appreciation for Representative Hanley's dedication to the nation's veteran, vigorously supported legislation to name a federal building after him.... Next Monday, February 16th, is the beginning of NATIONAL PATRIOTISM WEEK. So celebrate by coming to a meeting that night of one of America's great Patriotic organizations, THE AMERICAN LEGION and one of its grass roots, the CHARLES WAGNER POST # 421.

Open House

The Hicksville Cooperative Nursery School, located at West Cherry St. and Nelson Avenue, Hicksville, will hold an OPEN HOUSE for all interested parents and nursery school age children on Wednesday, March 4 from 1:00 to 3:00 P.M.

The OPEN HOUSE is an opportunity for youngsters

between the ages of 2 and 5 to have an afternoon of nursery school activities directed by the school staff as well as a chance for the parents to meet the teachers and observe the program. Classes are now being formed for September, 1981. For more information, call R. Smith at 931-5456

Home Energy Savings Seminar

"How to Save Energy Dollars in Your Home" is the topic of a special presentation Tuesday evening at the next public meeting of the Hicksville Citizens Alliance.

The presentation will take place at 8:00 p.m. or Tuesday, February 17 at the Holy Trinity Episcopal Church on the corner of Old Country Road and Jerusalem Avenue in Hicksville.

Pat Impollonia of the Nassau County Division of Energy will present a slide program on how to save home energy dollars, will demonstrate a home burner efficiency check, and will answer questions about home energy conservation methods.

Applications will also be available to join the Citizens Alliance Fuel Buyers' Group, which is currently saving participants 14c a gallon on home heating oil costs.

The Hicksville Citizens Alliance's efforts to gain clean up of hazardous overgrown lots in Hicksville will be discussed Tuesday, as well as a progress report on the proposed erection of a 32-foot cement hopper on Railroad Lane.

For more information or for rides, please call Citizens Alliance at 795-4775.

Yankees Win Eighteen Straight!

As the winter indoor season moves into its final stages, the under 16 Yankees continue to dominate the indoor game and, have now won eighteen consecutive games. Last Sunday, they traveled out to North Babylon for a round robin against the other three semi-finalists: Blue White Ridgewood (3-1), Stony Brook (3-0) and Brentwood (2-1). Since Blue White finished the series with the second best record, they earned the right to another shot at Hicksville in the finals.

Coaches Cresham and McHugh knew Blue White would be at the top of their game for Hicksville so did their best to keep the boys 'high' on soccer for this championship game. It was strictly a matter of pride as the boys had already beaten

Ridgewood earlier in the day. Hicksville started the final game off a little flat and missed several opportunities to score. The Blue White team was indeed hungry, working hard for a goal and a 1-0 lead at the half. The second half found the Yankees continuing to pressure their opponent but still couldn't get on the scoreboard. About half way through the second half, the tension began to build and a few spectators said "Hey, is Hicksville finally going to get beat?" With three minutes left in the game, Steve Dolan took a throw-in from mid-court, spotted Dave Smyth streaking toward the goal and hit Dave, who put in a perfectly executed header to tie the game. Moments later, Paul McGeough hit Adrian Pepi on an identical play from the corner and the Yankees were

on top. Incidentally, a great deal of practice time was spent on headers and the effort bore fruit with two goals and another Hicksville championship!

In the entire tournament, the Yankees won nine, lost none, scored 26 goals and yielded only three. The high point-getter in the North Babylon tournament was Jimmy Demareo with 9 points (6 goals, 3 assists), followed by Dave Smyth with 8 points (2 goals, 6 assists) and Paul McGeough with 7 points (6 goals, 1 assist). The rest of the team (Steve Dolan, Jimmy McGeough, Bobby Andrus, Adrian Pepi, Billy Cresham and Gene 'Tenacious' Tyranski) also played super soccer and are looking forward to extending their unbeaten streak at the Holy Trinity Tournament in two weeks.

Hicksville Baseball Association

By Carole Wolf

The time has come! Registration forms are in the mail. It's the time of year to come out of the winter doldrums and think of spring and the excitement of a ball game. After completing your forms and your renewal to the Mid Island Herald, bring it down to Levittown Hall on Saturday February 21st or February 28th at Levittown Hall from 10 A.M. to 1 P.M. in the Marty Nichols Room, which is the small room at the hall. Representatives from the Board of HBA will be present to answer any questions.

The girls' ages are not listed on the form. It has been decided that Instructional be from 7 to 9 years of age. Minors from 10 to 12, Majors from 13 to 15 and Seniors from 16 to 18. There is still a need for an umpire-in-chief for girls softball.

Mary Lou Allgeier has volunteered to be the Boys Director of Umpires. NOTE: The age for volunteers at umpiring is 14 and older, not 15 and up as had been previously stated. Mr. Hilsley, the baseball coach of

the HS team, will be operating a clinic to instruct the future umpires about the techniques of their position. This is a nice way to earn money. For more information, contact Mr. Hilsley in Hicksville High or call 822-6830.

We have another volunteer, Anthony Petro is the new Director of Fields and Grounds. The HBA is still looking for a Girls Major Director and a Director of Boys Ponies and Boys Farms. Volunteer - It doesn't hurt.

Anton's is the newest HBA sponsor. The Community Internship Program is one which gives students, who are interested in a particular career, the opportunity to work for someone already involved in their career. In this program students work four hours a week at their particular internship and while there, they pick up first hand experience about their special field of interest. For example, a person interested in law could intern for a lawyer.

This program is beneficial to the student in many ways. Firstly, it gives the student on the job training, something that could not be obtained otherwise. Secondly, it gives the student a chance to see how it is like to work in that particular area. Lastly, it gives the student an added edge when applying for a job in the future. It could aid the student as the student has had exposure in that particular field.

The program was founded last year by Mr. H. Boss and was put into effect at the beginning of the current school year. It was highly received by both sponsors and intern's (Students). Interns worked in such diversified areas as law, banking, radio and television, journalism, public relations, medicine, printing, teaching, painting,

cooking, politics and almost every career imaginable.

This semester the program is continuing with more interns and more sponsors. New sponsors and new interns are "popping up" daily. This writer believes that the program is a great idea, because it gives a student a chance to work in a career they could not be exposed to while in

attendance in high school. The program benefits all concerned and is the "best" idea our school has come up with in a long time.

If you are interested in becoming a sponsor or an intern, please call 938-5400 or write to: Mr. H. Boss, Community Internship Program, Kennedy High School, Kennedy Drive, Plainview, New York 11803.

Marine Pfc. John V. Krisel, son of John W. Krisel of Elizabeth St., Baldwin, and Joan C. Krisel of Ardad St., HICKSVILLE, recently deployed to the Western Pacific.

He is a member of Company C, Battalion Landing Team 1/3, based at the Marine Corps Air Station, Kaneohe Bay, Hawaii. His company is part of the ground element of the 31st

Marine Amphibious Unit (MAU). The 31st MAU is the force-in-readiness for the 7th Fleet and is embarked aboard ships specially designed to transport combat troops.

Since departing Hawaii for the six-month deployment, his unit has participated in exercise "Valiant Blitz" in the Philippines. A combined amphibious landing exercise, "Valiant Blitz" involved 16 U.S. Navy ships, 5,000 U.S. Marines and forces from the Republic of the Philippines. The exercise provided the participating forces with experience in amphibious landing techniques and combined operations ashore.

During the remainder of the cruise, his unit will be participating in additional training exercises, and have the opportunity to visit several Far Eastern countries during port calls.

A 1979 graduate of Baldwin High School, Krisel joined the Marine Corps in August 1979.

Airman Lorraine A. Korb, daughter of Mr. and Mrs. Arthur A. Korb of Park Drive, in OLD BETHPAGE, has graduated from the U.S. Air Force disbursement accounting course at Sheppard Air Force Base, Texas.

Graduates of the course received intensive training in travel and military pay systems, and leave accounting procedures. They also earned credits toward an associate degree in applied science through the Community College of the Air Force.

Korb will now serve at MacDill Air Force Base, Fla.

FOLLOW THE LEADER

A father was filling out the application form for his daughter who was seeking entrance to a very exclusive college. He came to the question on the form asking whether his daughter was a leader. In honesty he wrote, "No, but she's a good follower." A few weeks later a letter arrived notifying him that his daughter had been accepted. At the bottom of the letter the dean had written, "Since the entering class of 500 had 499 leaders, we thought there ought to be one follower." Unlike the entering class of that college, the Church has but one leader and many followers. Jesus Christ leads, we follow.

Remember when we, as children, played the game, "Follow the Leader"? To be a good player we had to keep our eyes on the leader and our mind on the game. As we anticipated his next action, we were able to follow it within a split second. It is difficult to follow our Lord's lead when our eyes and minds wander away from Him by focusing on ourselves or on plastic goals and desires. By plastic, I mean things that lack substance compared with love, joy, peace, patience, and kindness, which the Bible describes as the fruits of knowing Christ and following Him.

If you haven't tasted joy for awhile and peace is something you have been

longing for, consider getting your eyes back on the Leader. We do that by getting back into the Bible, by talking our life over with Him in prayer, and by tasting His forgiveness at the Communion table. Goodness, patience, and kindness can be ours as we follow the Leader.

And the ever popular concept of love... what about that? The Lord dwelling in the hearts of His followers helps them develop a love that is fervent, hardy and creative. A love that strains like a horse in full gallop. A love that endures like the strength of a long-distance runner. One that helps us create our own personality as we help others create theirs.

St. Stephen To Host World Day Of Prayer

The Lutheran Church of St. Stephen, Hicksville, will host the 1981 World Day of Prayer, sponsored by the Church Women United. The day will begin at 11:30 A.M. on Friday, March 6th with a service of worship that has been prepared by Christian American Indian Women. A program entitled "The Earth is the Lord's" will be

followed by a luncheon, (\$5.00 per person).

St. Stephens, located at Broadway and 4th Street, Hicksville, invites all women in the area to attend this rewarding day of prayer which has become a lenten tradition.

For the past 93 years there

has been a Worldwide Day of Prayer and always held on the first Friday in Lent. All over the world on March 6th, there will be celebrations, morning, noon and/or night and all with the same theme, "The Earth is the Lord's." Come - join in this truly Worldwide program. For information call E. Ulbrecht (WE 5-4277).

Energy Coalition Meeting

The Mid Island Safe Energy Coalition will sponsor a meeting at St. Ignatius School, Nicholas St. off Broadway in Hicksville on Wednesday, Feb. 18, at 8 p.m.

Mr. David Lubell, former

consultant of Solar Technology at Brookhaven will show a 15 min. film provided by the U.S. Solar Information Center. Mr. Lubell will also give a short talk on Solar Energy and Conservation for the homeowner.

Kindergarten Registration

The Hicksville Public Schools will conduct registration for fall kindergarten classes during the month of March. Signup will be held at the Administration Building, Division Avenue, for children who will be age five on or before December 1, 1981.

The schedule for registration

is as follows:
Burns Ave. and Dutch Lane Week of March 2.
East St. and Fork Lane, Week of March 9.
Lee Ave. and Old Country Rd., Week of March 16.
Willet Ave. and Woodland Ave., Week of March 23.
Further information may be obtained by calling 733-2153.

For The Children

On Saturday, February 14th an assortment of children's films will be shown in the auditorium of the Hicksville Public Library at 2 p.m.

Among those films shown will be "Avlanche," the

story of how three children trapped in a mountain learn to survive and "The Snowman," the legend of the snowman who was rescued from the Spring thaw.

The program is free and all are invited to attend.

CONSERVATIVELY SPEAKING Pete King (c.) is welcomed to the monthly meeting of the Mid-Island Conservative Club by Club Chairman William Belcher (l.) of Hicksville and by Robert Rauff (r.) of Farming-

dale who is the Conservative Leader in the 11th Assembly District. Councilman King, who expressed his strong support of President Reagan's economic program, is the Republican candidate for Nassau County Comptroller.

Share Your Talents

"The only gift is a portion of thyself," wrote Ralph Waldo Emerson. Sharing your talents, energy, interest and time for a few hours each week is the most generous gift you can give to your community.

Some of the world's most talented people have never been paid a cent. For years they've been called volunteers. They help improve the quality of life for children, the sick, the elderly, the handicapped, the disadvantaged and their communities.

In demand by non profit agencies at this time are men and women who can offer companionship to youngsters who come primarily from one parent homes. Friendly visitors for the elderly and the home bound are deeply

appreciated. Boy Scouts and Girl Scouts are on the lookout for leaders. Family Planning and Planned Parenthood seek volunteers interested in reception and clerical assignments. Thrift shops can always use sales help.

The Coalition for Fair Broadcasting needs volunteers to monitor newscasts, special training will be given to selected volunteers.

The museums have a variety of assignments and The Fine Arts Museum seeks volunteers weekends for their special events.

Volunteers with special skills they can teach are always in great demand.

The hospitals and nursing homes seek warm friendly people weekends and

Office skills are always in great demand by a variety of non profit agencies.

Volunteering is an opportunity to get on-the-job experience, enhance your skills, meet new people, do career exploration and help others.

Call Phi Fleer at 535-3897 for an application or information about volunteer opportunities in 1981. Make this a great year.

evenings as well as weekdays.

There are people recovering from emotional breakdowns who need friendly companions to help them improve their socialization skills.

A law service organization seeks volunteers who can serve as advocates for their clients.

You Can Keep Pipes From Freezing

This winter's deep freeze has produced a rush of complaints about freezing pipes, bursting pipes and flooded homes, according to Consumer Affairs Commissioner James E. Picken.

To keep pipes from freezing he advises a simple preventive measure: push up the thermostat for a few minutes to get the hot water circulating through the pipes.

"I'm reluctant to advise consumers to use more oil," he said, "but burst pipes can cause expensive damage. Common sense should prevail."

Unfortunately, the problem is more apt to happen when consumers try to conserve by shutting off

radiators, or use supplemental wood or coal stoves located near the thermostat. It also happens in houses where the pipes pass through unheated spaces or close to outside walls, he said.

Picken explained that a stove or fireplace located near the thermostat may raise the temperature enough to prevent the thermostat from turning on the heating system. The oil burner does go on and off but only to heat the water in the boiler. "In subfreezing weather, that's not enough. In a hot water system the water must circulate

through the system to prevent freezing.

"Turn up the thermostat for just a few minutes," he suggests. "As soon as you feel the radiators warming up, you can lower it again. Do this several times a day. If the radiators don't warm up, you may have a frozen pipe which must be thawed before it bursts."

Galileo Lodge News

By Joe Lorenzo

VENERABLE TONY PREVITE'S MESSAGE:
 "We can always be wiser for someone else than we can for ourselves." Italian Proverb

They say that elegance usually makes the difference, and here at the Galileo Lodge I am sure that our patrons and friends have noticed that difference -

referring, of course, to the elegant manner with which the activities of the Galileo Lodge are performed. For example, take last Saturday night, the 7th of February, at which time the Galileo Lodge held its St. Valentine's Day Dance. A good crowd was on hand to enjoy good food, good entertainment and good music at modest prices.

Chairman Jeff Wallick, the Chairman, ably assisted by Frank Matassa and Armand Del Cioppo, performed in their usual excellent style. Kitchen specialists Andre Guiliano and Jim Guarino displayed their culinary talents and other members who gave of themselves for this affair were Jim Pusilico, Pat Gatto, Jo Ann

Wallick, Pat Satandrea, Pete Massiello, Joe Giordano, Mary Montforte, Millie Del Cioppo and Grace Giordano, and not to mention some excellent bartending from Jim Pino and Bert Molinari. Robert Carr, a noted TV performer, provided a hilarious comedy routine. With all these noteworthy performances in mind, the Galileo Lodge extends to these dedicated and hard-working members its sincerest thanks for a job well done.

dinner, beer, soda, set-ups, coffee and cake (St. Joseph's pastry) and some good live dance music from a well-known music combo. Joe Giordano (333-4555) will 'chair' this activity and he will be assisted by co-Chairman Pete Massiello (938-4335), and both can be contacted for tickets and seating arrangements. Doors will open at 8:00 P.M. and the music starts at 9:30 and ends at 1:30 P.M. Please note that a 'bring-your-own-liquor' policy will be in effect that night. A rather humorous and interesting sidelight to this dance will be that all members whose first names begin with 'Joseph' will probably add themselves to this committee. So, with all this in mind, ask yourself how can you spend a better spring night other than to come down to the Galileo Lodge and partake of the festivities offered for this particular day.

The Ladies Auxiliary of the Galileo Lodge has something special for you on Thursday, the 19th of February. Its Card Party Tickets sell at the modest sum of \$3.50 per person, and you will be offered soda, beer, coffee and cake, presents and gifts and the congenial environment offered by the Ladies Auxiliary themselves. This party starts at 7:30 P.M. And for tickets and seating arrangements you can contact Mary Sarrero (433-6288), the Chairlady, and co-Chairladies Mary Barella (931-3960) and Thresa Gatto (433-6708). For a pleasant and relaxing night, why not call the committee members mentioned above and immerse yourself in the pleasant surroundings offered by the Ladies Auxiliary.

Hicksville Junior High Lunches: Youth Advisory Council

By Martha Kaiser

On Wednesday, Feb. 4, in the office of Mr. William Owens, Hicksville Junior High School Coordinator of Student Activities, the Youth Advisory Council met with Ms. Patricia Venture, Food Director of the Junior High School, Douglas MacCullock, Supervisor of School Food Services, Mr. Gerald Klein, Junior High School Principal, and PTSA Representatives Mrs. Hilda Senise and Mrs. Donna Rehman, to discuss school lunches.

At the meeting, which was the first of an ongoing series, Mr. Klein suggested that the Youth Advisory Council report back to the student body, expand their representatives in order to screen and process complaints, and actively involve the students. The Youth Advisory Council's purpose is to establish objectives and goals for a school lunch program to promote student and parent involvement. This involvement will include cafeteria environment, meal quality and acceptability related to plate waste, and

attitudes of students, parents, teachers and school administrators.

Mr. Douglas MacCullock reminds parents that this is an institution; it's not a deli, nor does he serve home cooked food. He suggests that the Youth Advisory Council appoint a committee to make a tour of the kitchen. "We are open to suggestions and review," said Food Supervisor MacCullock.

"Furthermore, we are interested in giving students the best food cafeteria service for monies spent."

The establishment of this council is part of a movement in the junior high to bring about greater student involvement in school affairs. It is hoped that a sharing of ideas will lead to better and more efficient food services and cafeteria management.
