## "String Of Pearls"

Students from Hicksville High School are hard at work on this year's production of "String of Pearls", the Annual concert/dance of "Big Band" music from the thirties and the forties.

The danceable music is performed by the 21 piece stage band directed by its advisor Mr. J. David Abt, while the congenial "prom" atmosphere is provided by the Modern Music Masters Honor Society whose members decorate the gymnasium and act as waitresses and waiters, serving complimentary refreshments. Mr. Thomas Buttice is the Tri-M advisor and will be on hand to greet arriving guests.

At intermission, the popular girls singing group "The Pearldrops" will keep the

nostalgia trip on track (29 of course.) The "Pearlies" are trained and led by Mr. William Golee, while Mr. Charles Arnold will tickle the ivories with his ten magic fingers. Messrs. Abt, Buttice, Golee and Arnold are the music staff at the high school. Sound engineers will be provided by the audio visual staff, Mr. Arnold Sparr, advisor.

Principal Raymond Rusch will kick off "A String of Pearls" at 8:30 p.m. on Sat., March 7 in the boys' gym of Hicksville High School. Reserved seat tickets go on sale on Tues., Feb. 24 for \$7.00 per couple. About four pair of "jitterbuggers" seat comfortably at each table. Contact any stage band or Tri-M member of Mr. Abt at 733-2146 for tickets or information.

**1980 Year End Report**  
Statistics for the Hicksville Fire Department for 1980 are as follows:  
Total alarms—1462.  
Fires causing damage—164  
Fires—no damage—550.

Sounded alarms—398.  
Silent alarms—311.  
Rescue calls—553.

Malicious false alarms—175  
Mutual aid calls—21  
Working fires—14

Firefighter injuries—25  
Civilian injuries—9

Total estimated damage—\$181,435.00

The Hicksville Fire Dept. responded to 120 calls for assistance during the period

of Jan. 11 through Feb. 15. There were 11 malicious false alarms; 6 in several hours starting shortly after midnight. There were 52 rescue calls and 57 fire calls.

### Gasoline Pump Struck

A spectacular fire at the Sears Auto Center on Jan. 30 at 8:30 p.m. resulted after a car struck a gasoline pump and burst into flame. The automatic shut-off device failed to work and passing County Fire Marshals quickly located and shut down electrical power. Damage to vehicles and pump was estimated at \$5,000.00.

A smoky fire in the Ice House on E. Marie St. kept Vamps busy for several hours on Feb. 2. The alarm came in at 9:47 a.m. after a

worker using a cutting torch ignited insulating material under the floors. Toxic fumes from the foam type insulation hampered Vamps. A mutual aid call to assist Westbury Vamps battle a blaze in a carpet warehouse came in at 11:56 p.m. on Feb. 8. A tower ladder and one engine responded to the general alarm blaze off Frost St. The Jericho, East Meadow and Carle Place Departments also assisted Westbury Vamps.

### Municipal Fire Siren Vandalized

Unknown persons or persons have, on several occasions scaled a fence on Water District property on Jerusalem Ave. near Hatti Court and damaged controls

on the fire siren. Although Vamps are also alerted by alert radio; the siren is a primary system to alert local Vamps. The persons responsible risk injury and numerous charges including Federal charges, as the siren is part of the Civil Defense alarm system. Hicksville Fire Chiefs have asked Fire District officials to expedite repairs to the siren as manpower to respond to alarms is affected.

Chiefs stated that gasoline prices have hampered Vamp response and to date, after numerous state and federal appeals for help, nothing has been done. Both problems cut into manpower seriously. The siren is necessary (between 7 a.m. and 10 p.m.) as Vamps are not tied to their radios.

can't attend all of the meetings, but even to attend one meeting is a worthwhile and informative experience. For your information, the following is a schedule of the Oyster Bay Town Board meeting dates for the rest of 1981:

February 24; March 3, 10, and 24; April 7 and 28; May 5 and 19; June 9 and 23; July 14 and 28; Aug. 11 and 25; Sept. 15 and 22; Oct. 6, 20, and 27; Nov. 17; Dec. 1, 15, and 29.

These meetings are held on Tuesdays at 10 a.m. in the Hearing Room of the East Wing of Town Hall on Audrey Avenue in Oyster Bay, Hicksville. It is well represented at the Town Meetings in the person of Hicksvilleite Tom Clark, Town of Oyster Bay Councilman. And, of course, you know the newest members of the Town Board, Douglas J. Hynes and John Venditto who are filling the unexpired terms of Joseph J. Saladino, who was elected to the Nassau District Court last November, and Gregory W. Carman, who is now serving as the congressman from the 3rd C.D.

If you are able to attend any or all of the Town Board meetings, here's some

information you might find helpful from Jerry Regan of Cornell University's School of Labor and Industrial Relations. Regan says: listen first, speak later. Regan has devised a listening formula that helps those who use it to concentrate more and forget less. "T.Q.L.R."

T - Tune in and tune out all other noise. Give your subject your complete attention.

Q - Question yourself continually as the speaker talks. What is it he or she is trying to say?

L - Listen to every word. Don't let yourself drift off in the middle of a sentence.

R - Review what has been said after the speaker has finished. Think about what you've heard and digest it. The sooner you do it, the less you'll forget."

If you want to comment on some item before the town Board, Regan has advice to you when speaking before a group. He said: "... it's important to be yourself. Don't give a speech. Remember you're just talking to people, something you

do every day. Look at your audience and talk to them, not the back of the room." Regan emphasizes that you shouldn't be put off by stage fright. "Turn your nervous energy into enthusiasm," he states, "and then relax."

Hope the above information proves helpful to you not only at the Town Board meetings but in any communications process.

In spite of the cold weather, our February 13 Club meeting was well attended. Our speaker was Town of Oyster Bay Councilman John Venditto, who provided us with a profile of his background and current information on events of interest to our community. We missed you who did not attend this meeting—hope we see you at our next Club meeting which will be held Friday, March 13, 8:30 p.m., 320 South Broadway, Hicksville (VFW Hall). In case you haven't paid your membership dues, or you would like to join our Club, just fill in the application form below, along with your check, and send it to the address listed.

## "Charlie's Aunt"

The Hicksville High School senior class will present, "Charlie's Aunt," a comedy, Thursday through Saturday, February 26-28, in the Auditorium. Directed by Mr. Joseph Crucilla, the play takes place during the 18th century and deals with a hilarious mixup between two unwed couples alone in a "chaperoned" dormitory.

Senior citizens may attend all performances free. Tickets for the Feb. 26 production are priced at \$2; Feb.

27-28 tickets are \$2.50 each. Curtain time is 8:15 P.M. The community is invited to a light evening of gala entertainment!

## The Council And The Water

By Carole Wolf

The quality and quantity of Hicksville water was the topic of discussion at the February Hicksville Community Council meeting. Supervisor of the Hicksville Water District, Louis Dettloff; Engineer, Samuel McLendon; Chemist, John J. Molloy; and Chairman of the Hicksville Citizens Alliance Gregory Yatzysyn gave a talk and answered questions.

"The two basic questions that the water district gets other than bills is the quality and quantity of water," said Dettloff. "Hicksville meets all standards for purity and there has never been a crisis of quality," he continued.

The publicized well 3-2, which is in the southern portion of the district, has traces of vinyl chloride but has not been used for 10 years. Any wells in the 200 foot depth range have been eliminated and the district is planning to drill two new additional deep wells, thus bringing the total number to 18.

"Drinking good tap water and breathing fresh air is a right," according to Gregory Yatzysyn, Chairman of the Hicksville Citizens Alliance. The Alliance, which met with the Water District, is in full agreement that a "safe water agenda is worthy of

merit." Mr. Yatzysyn said that the "cost of building an alternative water supply would be astronomical" and would like to have "full disclosure" to find where toxic wastes were dumped. He feels that time is running out, and we should go "chemical by chemical, industry by industry to find out what the wastes were, the effects on dumping, and the occupational hazard to employees."

Hicksville wells are sampled for inorganic and organic chemicals and metals, according to Molloy, co-director of the Hicksville Water District Lab. A district worker "flames the faucet" and takes a sample of water two times a week, which is brought to the lab for testing. Hicksville's lab can examine particles in the billion range, according to Molloy.

The district generally receives complaints of bitter water from October through the spring. Molloy said that the bitter taste depends upon the flow around the meter, for water tends to pick up particles of metal as it hits off the pipes.

The district has been adding chlorine to the water since construction of the sewers began. There have been 107 water main breaks during this construction, but

there have been only two that the crews were unable to handle, because of concurrent accidents. The district expects water use to increase as sewers are completed, said Dettloff.

In discussing the quantity of water, Dettloff said, "We have been blessed for the past 12 or 13 years with a good rain supply. We do not have a water shortage. However, Hicksville might be called upon to share our water with the city if the need arises."

President of the Community Council, John Budnick, announced that since Hooker Chemical was unable to attend the February 5th meeting, they have an open invitation to speak at any future Council meeting.

The next Council meeting will be held on the first Thursday of March, the 5th, at 8:30 P.M. in the Library auditorium. The theme for the meeting is "The Churches - What they have to offer the Community."

## VITA Program

The Hicksville Public Library VITA (Volunteer Income Tax Assistance) program now has an additional day of service to the public. Thanks to the Town of Oyster Bay Department of Community Services, volunteer Eileen McCartan will be at the library beginning Monday, February 23 from 1:00 pm to 3:30 pm to aid Town senior citizens, the handicapped and lower income families in the preparation of

their 1980 Income Tax returns.

This day increases the coverage to four days; Sundays from 1 pm - 5 pm; Mondays 1 pm to 3:30 pm; Tuesdays 6 pm - 8 pm; Wednesdays 10 am - 2 pm. The service is primarily for the lower income residents and senior citizens, however if one has only a simple question or two, one of the volunteers will answer when they are not busy.

## Bide-A-Wee Needs Volunteers

Jack H. Silverman, President of Bide-A-Wee, Home Association's Board of Directors, has made an appeal for Nassau County volunteers and community representatives to help the Association with its Wantagh shelter's special events program.

"January 6th, 1981, marked the beginning of a new era for Bide-A-Wee," said Mr. Silverman. "On that day the groundbreaking for the new Wantagh shelter took place. The most modern, fully-equipped private animal shelter on Long Island, this facility represents Bide-A-Wee's commitment to provide the maximum in adoption services well into the twenty-first century. All of us at

Bide-A-Wee are very excited about the new shelter, since it's something we've been working towards for many years. Most importantly, it will enable us to better care for homeless dogs, cats, puppies and kittens of Nassau County as they await new homes with loving, responsible owners."

The new shelter is expected to be completed by November of 1981. A series of special events will be scheduled to celebrate the grand opening and everyone will be invited to join in the festivities. Events now being planned include a cocktail party, county fair, and an alumni reunion. But volunteers are needed to help coordinate these and other events, since Bide-A-Wee lacks staff necessary to

do it without such help. If you're interested in helping Bide-A-Wee continue its good work in the Nassau community, please contact Doug Cassidy at 516-785-4339, or write to him at Bide-A-Wee, 3300 Beltagh Avenue, Wantagh, New York 11793.

Bide-A-Wee is a non-profit animal welfare organization whose main function is to find homes for dogs and cats that can no longer be kept by their owners. In addition to its adoption service, Bide-A-Wee also maintains veterinary clinics - open to the public on an appointment basis - and pet memorial parks. Bide-A-Wee has been in Wantagh since 1915. Other Bide-A-Wee shelters are located in Manhattan and Westhampton.

## Purcell Enlists PTA Help In Fight Against Extended Liquor Sales

Nassau County Executive Francis T. Purcell today appealed to the county's 550 PTA presidents to join him in opposition to Gov. Carey's proposals to extend tavern hours and allow supermarkets to sell liquor and wine.

In a letter to the presidents, Purcell warned that the proposals "would open a Pandora's box that would contribute to juvenile delinquency, random vandalism and violence, and drunken driving and needless tragedy among youngsters."

"In my opinion, and in that of law enforcement officials and experts in the county's

drug and alcohol addiction department, the governor's proposal would be a giant step backward," Purcell said. "Instead of letting bars operate longer, the hours should be cut back to minimize neighborhood disturbances and serious drink-related accidents."

Purcell said he is strongly opposed to supermarket wine and liquor sales. Purcell noted that many residential areas are already plagued by noise, drunkenness, vandalism and occasional violence directly traceable to nearby bars. He said lengthening the hours when the bars can operate would only exacerbate the

problem. Purcell noted that his anti-vandalism task force had recently recommended raising the state's minimum legal drinking age. He said that the police already consider the law governing sale of beers to minors by small stores one of the hardest to enforce because violations are so difficult to detect.

Purcell appealed to the PTA officials to contact their state legislators urging them to oppose the governor's proposals.

"Without being an alarmist I think the lives of many of our children may be at stake if these two proposals are adopted," he concluded.

## 1928 Antarctic Expedition Planes Coming To Nassau Aviation Museum

The airplane used by Adm. Richard Byrd in his first Antarctic expedition in 1928 has been acquired by Nassau County's Cradle of Aviation Museum, Nassau County Executive Francis T. Purcell has announced.

The plane, a Fairchild FC-2W2, better known at the time as the Stars and Stripes, was taken by ship to the polar explorer's base on the Bay of Whales, and then flown to the Antarctic base camp at Little America where it was used to transport cargo and fly photography missions.

Purcell said the plane is being given to the Nassau facility on a permanent loan basis by the National Air and Space Museum of the Smithsonian Institution. The Cradle of Aviation museum staff, working with regular volunteers, will restore the plane to its original operating condition, a process expected to take about two years, Purcell said.

The Stars and Stripes was left behind at Little America when the first polar project was terminated. It was weighted down with blocks of ice in the hope it would survive intact for future use.

When Byrd went to the pole again five years later, the plane was still serviceable. After a light overhaul, it resumed flying short-range photo and transport missions. It was returned to the United States in 1935 and used in various specialized jobs before its acquisition by the Smithsonian in 1961.

Purcell said the plane will be transported to Long Island from storage in Suitland, Md., on or about April 1. The moving operation will be handled by members of the 42d Aviation Battalion of the New York Air Guard, based at Long Island-MacArthur Airport in Islip.

Purcell noted that the Stars and Stripes is another

in a long line of major acquisitions by the fledgling air and space museum.

The museum already houses Lindbergh's first plane, a JN-4, plus a sister ship of the Spirit of St. Louis, the plane Lindbergh flew on his historic flight to Paris. Other acquisitions include a 1918 Thomas Morse Scout, an exact replica of the Wright Flyer, a mock-up of Grumman's Lunar Module and many other historic planes and aviation artifacts.

The Cradle of Aviation Museum is located in two hangers at the former Mitchell Field Air Base in Garden City, only a few hundred feet from the point where Lindbergh's trans-Atlantic flight originated. The museum is now open for tours only on a reservation basis from May through September. Tours may be arranged by calling 292-4348. It is expected to open to the general public on a full-time basis in mid-1982.

ON THE ANTARCTIC ICE: The Stars and Stripes, the plane used by Adm. Richard Byrd during his first Antarctic expedition in 1928, has been acquired on a permanent loan basis by the

Nassau County Cradle of Aviation Museum. It is expected to arrive on Long Island on April 1. At the end of Byrd's first expedition, the plane was left at Little America, weighted down

with blocks of ice. Five years later, on Byrd's second expedition, it was still serviceable and flew many cargo and photographic missions over the Antarctic.

## WOR - Leukemia Radiothon

WOR Radio's Annual Radiothon to beat Leukemia will be heard on February 21st and 22nd, between the hours of 8:00 P.M. Saturday through 6:00 P.M. Sunday. Joey Adams will M.C. with other personalities from WOR acting as co-hosts and hosts. Among those who have been invited are Rex Reed, Roger Grimsby, Robert Lansing, Chris Shenkel, Frank Gifford, Jimmy Breslin and many more. Participating in events leading up to the dates are Dick Cavett,

Robert Merrill, Dr. Joyce Brothers, Harold Prince, Eli Wallach, Ron Dugay, James Earl Jones, and Rex Reed. Child star, Ricky Schroeder will appear on the air during the show.

Pledges for the Radiothon will be taken at the Long Island Chapter offices of the Leukemia Society of America. You may phone in your pledged contribution after February 18th by calling (516) 935-9150. All money collected will be used to support research. Over \$10 million has been

committed by the Society to provide research grants to over 130 scholars in the United States during the fiscal year 1980-81. To date, \$18 million has been spent since 1954. Recently, a Special Fellowship Grant was made to a scholar at the Cold Spring Harbor Laboratory, Cold Spring Harbor, L.I.

Volunteers are also needed to man the phones during the radiothon show. For further information, call the Leukemia Society of America, at (516) 938-3900.

## Volunteer Opportunities Open At UCP Nassau

Volunteers, a very valuable resource for 1,000 handicapped children and adults served by the United Cerebral Palsy Association of Nassau County, are urgently needed from 9:30 a.m. until 1:30 p.m. weekdays for the many programs run at the CP Treatment and Rehabilitation Center.

Working as clinic aides, hundreds of country residents have already realized the joys of working with the handicapped. They've made new friends, learned new skills and discovered the deep satisfaction that comes from helping people who need, want and appreciate their

efforts.

Volunteers come from all segments of the community. They are dynamic, productive people of all ages who turn spare time into priceless hours. Their various activities include assisting in classrooms, escorting children and adults to and from therapies, accompanying classes on field trips, helping at lunch and transporting clients to and from the center.

The nationally recognized CP center is one of the largest and most comprehensive facilities of its kind and provides full day education and treatment programs to its clients.

Volunteering at UCP Nassau offers a wide variety of opportunities to suit individual interests and skills. For further information, contact the CP center at 378-2000, ext. 220 today.

## Walking Clubs

The Senior Adult Walking Club for persons over 60 will meet Thursdays from March 19 through May 21. Walkers will tour Eisenhower Park and other scenic areas in Nassau County. Registration is until February 13th.

For further information and registration call 292-4247.

## Taxpayers' Signatures Necessary On Return

Federal income tax returns must be signed and dated, the Internal Revenue Service said. In the case of married taxpayers who file jointly, both spouses' signatures must appear on the form.

When married taxpayers file joint returns, lack of income or absence from the home of one spouse is not a valid excuse for a missing signature on the return. Both spouses must sign regardless of their individual incomes. If one spouse is away from home, the return should be sent to him or her prior to filing, according to the IRS.

Spouses who cannot sign due to disease or injury may have their husbands or wives sign for them. After signing the inform spouse's name in the proper space, the words "By (name of the spouse who signed), Husband (or Wife)" should be added.

The spouse who signed should also attach a dated statement to the return that includes the following information: the name of the return, the tax year, the reason the other spouse cannot sign, and that the ill or injured spouse has agreed to having their name signed.

If a spouse cannot sign the joint return for any other reason, the husband or wife

can sign only if given a valid power of attorney.

### Free IRS Publications Answer Taxpayers' Questions

The Internal Revenue Service offers more than 90 free publications on just about any federal tax subject to aid taxpayers in preparing tax returns.

When taxpayers cannot find the answers to their questions on a specific subject in the instructions for the income tax return forms, IRS suggests they obtain the free publication on that subject. Medical deductions, moving expenses, tax benefits for older Americans, child care and earned income credits are just a few of the subjects covered in IRS publications.

These free publications can be ordered by mail on the order form in the tax return instructions, or by phone over the IRS tax forms number, which is in operation seven days a week, 24 hours a day. In Brooklyn and Queens, the number is 121 596-3610, in Nassau, 516 294-3700, and in Suffolk, 516 724-8836.

### Winning from Gambling Must Be Reported To IRS

Cash winnings from lotteries, races, games of chance, and raffles must be included as income on the federal tax return, the

Internal Revenue Service says.

Contest prize money and awards from employers are also considered as taxable income by the IRS and must be reported.

Property items won in contests or donated by employers, such as household appliances, all-expense-paid vacations or cars, are included in income at fair market value, too. Both cash and non-cash winnings should be entered on Form 1040 as "Other Income."

The IRS notes that gambling losses may be deducted to the extent of the winnings, if deductions are itemized.

## Seniors Dance

Nassau residents 60 and over are invited to the Annual Senior Citizens Spring Dance at Nassau Beach Park's East Terrace, Friday, March 13, from 7 to 11 p.m.

Commissioner Abram C. Williams of the Nassau County Department of Recreation and Parks said the event will offer senior citizens an enjoyable social evening with their peers.

For further information and registration call the Senior Citizen Unit at 292-4247. Nassau Beach Park is located on Lido Blvd. in Lido.

## Jones Institute Update

By Carole Wolf

The three individuals and eight organizations who had sued the trustees of the Jones Institute to stop the sale of the land, to remove the trustees from breaking the fiduciary trust and to protect the civil rights of the residents, have received an answer from Judge Louis Laurino.

After weeks of delay, postponement, and waiting, Judge Laurino had allowed the trustees to sell the land. However, within three months, they have to come up with a plan for a new site and have it approved by the Attorney General. There are no penalties involved.

"If they have a plan, tell us what the plan is," said Arthur Dobrin, a petitioner. "The trustees have demonstrated that they have had no plan for the past eight months. Their plan is comparable to the Nixon plan for ending the war in Viet Nam."

After Samuel Jones 1836 will was probated - and trustees set forth to found the

institute, a site was chosen north of Hicksville, possibly in the Brookville or Locust Valley area. Land for the present West John Street site was purchased around 1900 and the present boarded-up brick house was built by Henry Brengel's father. After Judge Laurino's decision, the Institute will be moving again.

Many of the petitioners have been attending the Jones Institute Trustees meetings which are held at the Nassau County complex in Plainview. "They really don't do anything while we're here," said Dobrin. "They ask us to leave and then go into executive session."

"We are a community group that can help find another site," continued Dobrin. "But it is difficult to do something when the other side does not talk to you. It's as if we don't exist, like we are invisible."

"The ruling definitely will be appealed," declared Dobrin.

We have just come through a series of celebrations and holidays, which I can say have had a profound affect on me and many of the people I know in our Town. The return of the Americans held in Iran was a dazzling sequence of ceremonies, parades and public events. We also marked Lincoln's and Washington's Birthday and, right in between, Valentine's Day.

The latter is not an official holiday, nor does everyone pay special heed to February 14. I do, however, pity the husband or swain who neglected the occasion. That day dedicated to love seemed somehow to fit right in with a period in our times when the open expression of affection is the order of life.

Frequently in our sophisticated society expression of affection between people is

## A Message From Sup. Colby

stilted or absent. Expression of love for our country - patriotism - had been muted by the divisiveness of the Vietnam War and muffled by domestic economic problems. Sad, but true, statements of affection were long out of vogue...at times, downright unpopular. Listening to conversations, I have often thought negativism was taking over our world. The word "hate" was active in reference to everything - people, government, prices, national leaders, neighbors, the weather, the sound of the doorknob. Name it, and someone had that word "hate" for it.

And then 52 Americans were flown out of Iran to freedom. A tidal wave of loving emotion swept across our land. People along parade routes, outside fences, in grandstands and on rooftops

were shouting words of love. Unabashedly, the National Flag was waved on high. People saluted. They put their arms around each other. They wept in love and joy.

At the Ceremony of Thanksgiving held at Oyster Bay Town Hall to mark the return of the former hostages, I looked out at a full-house audience and saw earnestness on faces as the Pledge of Allegiance was repeated, and saw and heard strong, proud voices singing the National Anthem as a Marine Corps color guard presented our flag.

The return of the hostages served as a catalyst for a re-birth of patriotism and the renewal of the expression of loving emotion in people. Patriotism was extended by the observance of Lincoln and Washington Birthday

holidays in conjunction with ceremonies for the former hostages, came recollection of the heroic Washington, who led a ragtag army to victory and then served as an architect in the building of our great nation. Lincoln Day conjured memories of the martyred philosopher who declared the equality of humankind and preserved the Constitution and the Republic.

My point here is, let's not put the flags away because our people are home. Let's not grumble our way through the National Anthem because it delays the start of the game. Let's not be reluctant to voice our affection. Positively, let us temper use of the word "hate" and accentuate that which is good. Working together, our transitory problems can be solved.

## Galileo Lodge News

VENERABLE TONY PREVITE'S MESSAGE.  
"The less men think the more they talk."

I am often asked why various activities held by the Galileo Lodge are so successful. What is the secret of its success story? Why are its patrons and friends so dedicated? The answers probably lie in the idea that keeping a meticulous eye on even the most seemingly unimportant details provides for

satisfying realities. And this is exactly what the Galileo Lodge does. Moreover, if this particular observation is applied to the painstaking manner in which the activities of the Galileo Lodge are held, one can understand why such conditions are pleasure, relaxation and leisure become significant realities.

For example, on Saturday, March 21, the Galileo Lodge will present its St. Joseph's Dance in much the same

manner described above. For the modest sum of \$9.00 per person, you will be offered a delicious Italian dinner consisting of meatballs, sausage and manicotti, beer, soda, coffee and cake (St. Joseph's pastry), set-ups and some bouncy dance music provided by the Jim Marchese music combo. Joe Giordano will 'chair' this activity, assisted by co-Chairman Pete Masiello and a committee consisting of

Ven. Tony Previte, Joe Morace, Frank Matassa, Pat Gatto, Armand Del Cioppo, Gus Russo, Jim Rerisi and Jeff Wallick. For tickets and seating arrangements dial the Chairmen at 333-4555 and 338-4335, while the other committeemen can be reached at 931-9351. Remember, where can you get the most for the least amount of money - the Galileo Lodge, of course.

## Letter To The Editor

Dear Mrs. Noeth:

I would like to inform you about the unfair parking tax of the Town of Oyster Bay (Hicksville) NY. Originally when the township opened the parking garage by the Hicksville railroad station they charged you a dollar (\$1.00) per year with no meters for residents.

Then as time went on they put meters in the Hicksville garage which beside the payment of one dollar for the permit, you have to pay a quarter (25c) for each six (6) hours of parking unless you are lucky to get parking on the roof in the open air for 25c for 12 hours.

In 1979 the township came up with a new idea - \$2.00 for the parking permit plus the

meter but the permit was good for two years which the residents went along with.

Today I went to the Town of Oyster Bay Annex to renew the parking permit. It is now \$3.00 per year per car plus the meters. This is an excessive amount which the taxpayers are being forced to pay.

I think that the town fathers and politicians should sit down and find alternate solutions to raising money instead of double taxing the Oyster Bay residents on parking facilities. They should adopt a better tax system so that everyone would share this burden.

Very truly yours,  
William Sill

## Heating Seminar

The public is invited to attend a Heating Seminar to be held on Monday in March (March 2, 9, 16, 23, and 30) from 7 to 9 p.m. at the showroom of Botto Brothers, Plumbing and Heating Contractors, 128 Woodbury Rd., Hicksville.

Topics to be discussed will be: how to save money by heating your house with gas;

and tips to increase the effectiveness of your existing heating system.

Experts from Botto Brothers, Ray Pak Boilers, Midco Burners and more will be on hand to answer questions and hold informal discussions.

Coffee and donuts will be served.

## I'M NOT GOING TO THE FUNERAL TODAY.

Did you know that students of human history have found ceremonies for the dead in every culture. Egyptians, American Indians, Orientals, Africans, Latin Americans and Eskimos are examples of the many cultures that hold ceremonies for their dead. Ceremonies vary to meet local needs. Ceremonies serve the living! American funerals bring friends and loved ones together to give mutual support. They give the living a positive way to honor the memory of the deceased. When you hear people wondering about the value of funerals, remember that funerals meet the deeply wanted needs of the living. When a loved one dies, attend the funeral and visitation to honor the deceased, to support the family and appropriately express your feelings.

## Rent-A-Kid

The Hicksville Youth Council is a community, tax exempt, non-profit organization supported by the Town of Oyster Bay Division for youth, Nassau Youth Board and the New York State Division for youth.

Rent-A-Kid is a community service project geared to provide the residents with a much needed service, as well as assuring that the youth will be gainfully employed. They offer their services in the following areas: yardwork, housecleaning, mother's helper, mother's/father's helper's, party helpers, car washing, tutoring to name but a few of their many talents.

The main areas are: Hicksville, Jericho, Westbury. However, we will serve other areas, if necessary.

You can help yourself and help our Youth by calling 822-7594 for details about "Rent-A-Kid."

## Post Office Examinations

MSC manager/postmaster Anthony M. Murello has announced entrance examinations for the (4) areas of the Hicksville sectional center, for future clerk, carrier and distribution clerk, machine positions. The resulting registers will be used to fill approximately (200) career positions over the next two years. Eligibles on current registers are urged to apply for the new test in order to establish a new

period of eligibility. Current registers that are over two years old will expire in July 1981. Starting pay is \$9.05 per hour including cost of living adjustment. Applications will be issued and accepted from Monday, February 23, through Friday, February 27, at Hicksville and all associate offices for each respective area register. No applications will be mailed.

They must be obtained in person and returned to post offices between the dates mentioned above.

The general age requirement is (18) years. There is no maximum age limit. No experience is required.

All applicants will be required to take a written examination designed to test

aptitude for learning and performing the duties of the positions. A physical examination will be required before appointment. All applicants must be citizens of or owe allegiance to the United States of America or be non-citizens who have been accorded permanent resident alien status.

All qualified applicants receive consideration for employment without regard to race, religion, color, national origin, sex, political affiliation, or any other non-merit factor. Applicants for carrier positions must demonstrate a safe driving record and must pass the road test to show they can safely drive a vehicle of the type used on the job.

# A HAMBURG SAVINGS BANK RETIREMENT PLAN GROWS WITH TAX-FREE DOLLARS. HERE'S HOW:

## PLAN 1. Self-Employed Retirement Accounts. (Keogh Plan)

People who work for themselves can now save on taxes to the tune of \$7,500 a year! That's the amount you can set aside, tax free until retirement in our self-employed (Keogh) retirement account at Hamburg Savings Bank. Depending on the amount you choose to save, the plan you select, and the number of years until you

retire, you'll find your retirement fund can be remarkably substantial. Ask us for details, with specific figures for a program tailored to your retirement goals.

Visit a nearby office and get specific figures for a plan to suit your retirement goals. Also ask us about the new Defined-Benefit Keogh Plan.

## PLAN 2. Individual Retirement Accounts. (IRAs)

Regulations let you put aside up to 15% of your earnings—up to \$1500 a year—and you pay zero taxes on the money or the interest it earns until you retire. (By then, you most likely will be in a lower tax bracket.)

If one spouse is employed and not covered by a qualified plan, that working spouse is eligible to include the non-working spouse in his or her IRA. Or the couple may set up separate IRAs. In either case, an additional \$250—to a maximum

of \$1,750 annually—may be contributed. If two separate plans are established, it will be to your advantage, tax wise, to contribute the same amount of money annually to each plan. For example, each year 15% of the working spouse's compensation, up to a maximum of \$875, should be deposited to each IRA.

For tax relief now and a great retirement later, visit a Hamburg Savings Bank nearest you—today.

Deposits can be made weekly, monthly, or in a lump sum.

# OPERATION V.F.W.

BY LOU PALLADINO

We had a very short meeting because the award winners for the Voice of Democracy was scheduled. Connie Steers ran the whole shindig, and did a great job. He had everything set and his plan of operation was very good. This award night was as good or better than any we've had to date. Let's put it this way maybe it wasn't the best, but I don't remember any better. It's always refreshing to watch these wonderful youngsters. These are the young people you don't ever read about. These are the kids that make this Country strong. These kids are AMERICA. Connie invited quite a number of dignitaries. From the V.F.W., we had the State Adjutant Joe Gumo, Past District Pres. of the Ladies Aux. Joan Chwalisz, our Councilman, old reliable Tom Clark and a new young Councilman Doug Hynes. Our Comm. Mike Montileone was proud of the way everything was handled. The judges were Woody Bearde, Mary Minogue, and Esther Palladino. These three must be commended for a job well done. The tape contest was won by Ruth Eberle, who incidently, won the Essay contest four years ago, second place went to Denise Boyajian. The Essay contest was won by Lorna Mund, and second place went to Denise Kratch-

vel, and third went to Eileen Garvey who also finished second in County. If anyone has been over looked we apologize. Lets hope next year we can have more contestants to compete. We also had a list of special achievement awards. All in all we had a very fine evening. Even with this meeting being so short, we still had time to take in a new member into our ranks. An old war horse from WW2 Tony Resta; we're happy to have you with us, now get active and really enjoy our Post. We can't do it for you. These are the things you have to want to do your self. So go to it Tony and be a true Comrade. The dead line was reached for those who wanted tickets to our Charter Night Dinner Dance, Feb. 21st. As usual we hope to have a pretty good turnout and a good time. Connie Steers also notified the Post on the completion of our Journal. This, too, should be very good. This was about all the time we had at the meeting before going into the awards. That should mean the next meeting will be longer and more enlightening. We can make a report on the first Friday Dance, it looks very promising. We didn't have a large crowd, but from now on we will be more than pleased with the next turnout. We did have

more than expected, but not as many as we wished. Those that did attend were more than satisfied; they were delighted. There were a few gripes about the \$2.50 min. charge, but as a whole the response was wonderful. Remember this is for your dancing pleasure, we can't do it every week because of the rentals but the first Friday is vacant. The next scheduled date is set for the

March 6th. If your interested than come and bring some guests. As was said the response was great, and everybody that was there wants to bring more people, so it might be a good idea to come early to insure your self a good seat. There was no weekly raffle at the meeting so, nobody won or lost. Our next meeting will be Feb. 23rd.

**THEIR VOICES ARE HEARD:** Oyster Bay Town Councilmen Thomas L. Clark (second from right) and Douglas J. Hynes (left) were on hand to present awards to the winners of the Hicksville V.F.W.'s annual Voice of Democracy contest. Accepting their prizes are Lorna Mund (second from left) of Hicksville, first place

winner in the 8th grade essay contest, and Ruth Eberle (third from right) of Hicksville, first place winner in the tape contest for high school students. Also on hand for the presentations were Post Commander Connie Steers (third from left) and Edna Barone (right), president of the Ladies Auxiliary.

No matter how dreary, cold and unattractive is the month of February, it does have a few good things going for it like: Valentine's Day, 2/14; my son, Mike's birthday, 2/15; my husband, Bill's birthday, 2/16; and our wedding anniversary, 2/26. We're usually so busy celebrating these happy occasions (and shopping for presents), that the month of February is over before we've had a chance to tire of it.

Did you know that our own Judge Francis Donovan is

listed in "Who's Who Among American Lawyers"? See, Hicksville has her own celebrities. Congratulations, Judge.

We're delighted to learn that Vincent Calvanese is home recuperating from a recent illness which hospitalized him at Central General Hospital. Best wishes for a speedy recovery. Your wife, Mary, is so relieved you're home with her again, Vincent.

We were sorry to learn that Mrs. Anne Bardenhagen is hospitalized at Central General Hospital following recent surgery. Our good wishes and prayers are with you that you will soon be up and well again.

Back on January 23, Bobby Jackson turned 18 years old. His mother, Jean, held a party for Bobby. Eighteen of Bobby's friends attended and they had a marvelous time. We learned there was lots of good food and music. Of course, the creme de la creme was the huge whipped cream birthday cake which everyone enjoyed.

Happy birthday to Lisa Moyer, Hicksville. Lisa will be a Sweet Sixteen on February 25. Lisa is a member of the St. Ignatius Girls Drum and Bugle Corps. Happy birthday, Lisa, from your family and friends.

Meanwhile, back at the Jackson household, Michael Jackson's family was ecstatic when they learned he won his wrestling match. Michael is a member of the Hicksville H.S. wrestling team and this event was on Friday the 13th (of February). It was a lucky day for Michael, but unlucky for his opponent.

Hicksvillites, Fred and Tess Vevante, helped their granddaughter, Michelle, celebrate her first birthday, February 15, at a large family party held in Michelle's honor. She received many lovely gifts, along with hugs and kisses. We heard the grownups had an even better time than the "party girl" what with the food, drinks and good company.

Timothy and Ruth Lynch of Clarissa Dr., HICKSVILLE, were on hand to help

their grandson, Paul, celebrate his first birthday on Jan. 23. Mom and Dad are Fran and Kevin Lynch of Cotton Lane, Levittown. Happy birthday, Paul!

Robert Fagan of HICKSVILLE was given a 6th birthday party by his grandmother, Mary Barrella of HICKSVILLE. It was held at McDonald's. His entire kindergarten class (Mrs. Grayson, Lee Ave. School) attended plus 8 friends from North Dr., where he lives. His aunt, Theresa Barrella, great-grandmother, Theresa Bianco, and his mother, Cindy Fagan, plus other mothers of the children, attended. A great time was had by all!

## Hicksville Baseball Assoc.

By Carole Wolf

He stands at the plate with his heart pounding fast; The bases are loaded; the die has been cast. Mom and Dad cannot help him, he stands all alone; A hit at this moment would send this team home. The ball nears the plate; he swings and he misses; There's a groan from the crowd with boos and some hisses. A thoughtless voice cries, "Strike out you bum!" Tears fill his eyes; the game's no longer fun.

He's just a little boy who stands alone. So open your heart and give him a break; For it's moments like this, a man you can make. Keep this in mind when you hear someone forget; He's just a little boy, and not a man yet.

## Cub Pack 293 News

By Charles Stein

February is the month for Cub Scouting's annual Blue and Gold Dinner. Pack 293 held it's Blue and Gold on February 8th at the United Methodist Church. Eighty-four Cubs, family members, and guests dined on barbecue chicken. After dinner, we were entertained by five clowns from the Long Island Clown Enthusiasts. The clowns made animals from balloons, did card and magic tricks, and some slapstick. The affair was a success due largely to the efforts of Jaye and Richie Spinner who made all the arrangements for the food, Carol Marks who handled the decorating of the church social hall, Jane Hinkley who arranged for the entertainment, and all the people who helped decorate, serve the food, and clean up after the affair. Without these people who volunteered their time this dinner would have been impossible. The guests of honor

this year were Pastor and Mrs. James Benson of the Hicksville United Methodist Church, and Mr. and Mrs. Gerald Flynn. Pastor Benson was presented with Pack 293's 1981 charter from the Boy Scouts of America (Pack 293 is sponsored by the church) and Mr. Flynn was presented with a certificate of appreciation for his assistance at our December Christmas party.

The January Pack Meeting was held after the Blue and Gold Dinner. A large number of Cubs received awards of one kind or another, and some advanced in rank. Each Cub also received his Pinewood Derby Kit. The boys, and their fathers, will have about a month to produce a car from this kit. On Friday March 6th at the Pack Meeting, the cars will be raced and the boys whose cars finish in first, second and third place will receive

an award. The cars will also be judged on appearance, and the first, second, and third best looking cars will earn an award for their creators. The Pinewood Derby is another annual event in Cub Scouting, and in the past has been an exciting and fun night.

Pack 293 has added five new boys since starting two new Dens in early January. Welcome to: Kenneth Saint of Jericho, Robert Coogan, Bryan Kirkpatrick, Jamie Pujols, all of Hicksville, and Christian Lowe of Levittown. The addition of these five boys brings Pack 293 to twenty-four boys, double the number of the start of the season in September. There is still room for one or two more boys so act now, do not be left out. Any boy joining within the next couple of weeks will be able to take part in the Pinewood Derby. Another big event coming up in May is the father/son

overnight camping trip to Camp Wauwepex in Wading River - don't miss this one. Join us for the fun, become a Cub Scout in Pack 293. Contact Cubmaster Frank Maier, 681-6217 or Committee Chairman Charles Stein, 822-2630 or come to the March Pack Meeting at the United Methodist Church, Old Country Rd., and Nelson Ave., Hicksville at 7:30 P.M. A boy, in order to become a Cub Scout, must be between 8 and 11 years old, or 7 years old and completed the second grade.

## Warning On LSD Stamps

The recent seizure of LSD-treated postage-like stamps by the Nassau County Police Department has initiated further warnings that these stamps may be in the surrounding areas. According to Police Commissioner Samuel Rozzi, the stamps are about 5/8 inch square and display a picture of Mickey Mouse. The sticky area of

the stamp has been treated with the drug LSD.

Commissioner Rozzi notes that the "Mickey Mouse picture is in reality a logo of a drug dealer or his drug source, and to the best of my knowledge, was not intended to lure young children to the drug. We are concerned, however, that these stamps could be acquired by teen or pre-teen children creating a severe medical emergency to those who are unaware of their content."

Any resident who may find some of these stamps is instructed to put them inside an envelope and contact the nearest police precinct immediately. If there is reason to believe a child has ingested the LSD from the stamp, emergency medical assistance should be sought by calling 911.

### Engaged

Mr. and Mrs. William H. Bassett, of Hicksville, announce the engagement of their daughter, Leslie Ann, to Mr. George Bernard Mangan, son of Mr. and Mrs. Jeremiah Mangan of Hicksville.

Miss Bassett is a graduate of Hicksville High School, Nassau Community College and will graduate from C.W. Post in May 1981.

Mr. Mangan is a graduate of Hicksville and C.W. Post is presently employed as a Special Education teacher in the Buckingham school in Flushing.

A June 1982 wedding is planned.

## Public Information Programs

# LEGIONNAIRE'S LOG

By Arlie Rutz

CHARLES WAGNER POST # 421  
HICKSVILLE, N.Y.

"One Of the Grass Roots Of The American Legion"

Well, this was NATIONAL PATRIOTISM WEEK and the Post observed this new American Legion sponsored week by purchasing copies of AMERICA'S MEDAL OF HONOR RECIPIENTS and Americanism Officer DICK EVERS made the official presentations on behalf of the Post. Presentations were made to HICKSVILLE PUBLIC LIBRARY HICKSVILLE HIGH SCHOOL LIBRARY AND HOLY TRINITY HIGH SCHOOL LIBRARY. The book contains 110 pages which thoroughly covers the background history and the names and citations of all 3428 recipients to date. The books were dedicated to one of our LIFE MEMBERS GEORGE C. LANG, whose history as a recipient reads as follows: Specialist 4th

Class, U.S. Army, Company A, 4th Battalion, 47th Infantry, 9th Infantry Division. Place and date: Kien Hoa Province, Republic of Vietnam, 23 February, 1969 and the CITATION reads "For conspicuous gallantry and intrepidity in action at the risk of his life above and beyond the call of duty. Sp4c. Lang, Company A, was serving as a squad leader when his unit, on a reconnaissance-in-force mission, encountered intense fire from a well fortified enemy bunker complex. Sp4c. Lang observed an emplacement from which heavy fire was coming. Unhesitatingly, he assaulted the position and destroyed it with handgrenades and rifle fire. Observing another emplacement approximately 15 meters to his front, Sp4c. Lang jumped across a canal,

moved through heavy enemy fire to within a few feet of the position, and eliminated it, again using handgrenades and rifle fire. Nearby, he discovered a large cache of enemy ammunition. As he maneuvered his squad forward to secure the cache, they came under fire from yet a third bunker. Sp4c. Lang immediately reacted, assaulted this position, and destroyed it with the remainder of his grenades. After returning to the area of the arms cache, his squad again came under heavy enemy rocket and automatic weapons fire from 3 sides and suffered 6 casualties. Sp4c. Lang was 1 of those seriously wounded. Although immobilized and in great pain, he continued to direct his men until his evacuation was ordered over his protests. The sustained extraordinary courage and selflessness exhibited by this soldier over an extended period of time were an inspiration to his comrades and are in keeping with the highest traditions of the U.S. Army. America's Medal Of Honor recipients, one of the proudest aspects of our heritage, are absolutely unknown to a great percentage of our people. If there is a fault or reason it is the dearth of material available

in our schools and libraries. These courageous men hold the highest award a grateful nation bestows for valor on the battlefield. If they were worthy to be so honored they should, surely, be known and the names of these should be positioned in the forefront of America's thoughts...where they belong. Virtually every race, creed, color and national origin are represented and what magnificent proof of America's steadfast fraternity. Evidence to friends and foe alike, the strong amalgam forming America...Attention, all members of the Las Vegas Committee, our next LAS VEGAS NITE is scheduled for Saturday night, FEBRUARY 28th, so please tell everyone...Our 20th Annual AWARDS & CEREMONIAL NITE is our next affair and the date is MARCH 14th...This is a special once-a-year night for members ONLY and if you are scheduled for an award, you will be notified by mail by the chairman in charge (if you have paid 1981 dues)...If you are NOT receiving an award, you are still invited to enjoy this nite with your date. Just call me at 935-1860 so I can add your name to the growing reserved seating list.

## "Dollars For Scholars" Fund Established

By Robert Teristi

A committee has formed within the Plainview-Old Bethpage School District in order to form an organization which will award scholarships to graduating seniors of Plainview and Kennedy High Schools.

The "Dollars For Scholars" Fund has been established by a united group of students, parents, school district employees, and business people throughout the community. What brings them all together is their collective desire to give financial help to deserving graduating high school students.

There are several qualifications for the scholarships. The student must display: a desire to continue his/her education in either a two- or a four-year college; an exhibition of good citizenship and an excellent attendance record during high school; a

dedication of time in service to school and/or community; and achievement in his/her chosen course of study, whether academic or vocational.

More details about the scholarship fund will be announced shortly. A door-to-door campaign for the drive is scheduled for a weekend in late March, and is targeted to raise \$5,000 in scholarship dollars for the graduates of the district's two high schools.

The people involved in the planning of this fund have an extraordinary amount of enthusiasm, and it is hoped that their exuberance can be passed along to others in the district. The scholarship fund has great potential, and if people from all segments of the school district's population become actively involved, the campaign will undoubtedly be a huge success.

## At Holy Family

BIOGRAPHY DAY

On Thursday, February 12th Holy Family School played host to some very famous American and world leaders. As part of this year's American history studies Miss Hopkins' 4th grade class presented a 'Biography Day'.

As part of this program each student by wearing a hand made costume and using some important props was transformed into the leader on whom he or she was reporting. Represented were George Washington,

John F. Kennedy, Adolph Hitler and many others who played a significant role in the history of our country.

Fellow students and parents attended this special event which was very informative and thoroughly enjoyable.

JORGE GOMEZ-NIETO TO REPRESENT HOLY FAMILY AT MATH BEE

Holy Family School will be represented by Jorge Gomez-Nieto at the Zone 1 Math Bee to be held at Our Lady of Mercy next month.

Jorge was the first place winner of a math bee held at Holy Family on Friday, February 13th. Eighteen 4th, 5th and 6th grade students participated in the event which was organized by 6th grade teacher, Mrs. Corrigan.

Best of luck to Jorge Gomez-Nieto. Congratulations to second place winner Andrew Kellmeier and to Donald Murphy who placed third.

## Families For Life Club News

By Doug Harknett

A breakthrough in the prevention and treatment of Down's Syndrome (Mongolism) is possible, according to Dr. Jerome Le Jeune, the French Professor who discovered the cause of the condition.

Down's Syndrome is caused by the presence of an extra chromosome in the child's genetic makeup. This extra chromosome can be detected in fluid drawn by a doctor from the 'bag of waters' by a technique known as amniocentesis. At present, when parents are informed of the presence of the handicap they can either abort the child, or continue the pregnancy and become reconciled to it. Statistics suggest that half of the children afflicted are

aborted. There is no cure. Not yet, that is.

However, this may be about to change. The parents of a Mongoloid boy named Michael have felt for years that there should be another option, and they have now gotten the interest of some 'doers'. The newly formed International Foundation for Genetic Research has established 'The Michael Fund' to attract money to conquer the disease.

The man in charge of research is Jerome Le Jeune, M.D., Ph.D., the French Professor who recently discovered the extra chromosome. According to Le Jeune, recent experimental results indicate that the prevention

and treatment of Down's Syndrome is possible, and there is at least a theoretical prospect of a kind of cure. One approach would be to try to 'turn off' the extra chromosome; and the other would be to change certain chemical reactions in the child. The purpose is to eliminate the problem, not the child.

Currently, more than 90% of all pre-natal genetic research is aimed at detecting the handicapped child in the womb so that he can be killed. The Michael Fund will exclusively finance efforts to prevent or block the effects of the disease. Money raised will be used to support research at existing institutions

around the world, rather than to build new facilities.

This is a fund that deserves the support of everyone. Contributions can be sent to: The Michael Fund, 400 Penn Center Blvd, Room 1022, Pittsburgh, Penn. 15235.

Families For Life is a local pro-life group. It meets next on Wednesday, February 25 at Levittown Hall, Hicksville at 8 PM. The guest speaker will be Guy Marza, Republican nominee for Assemblyman in the 13th A.D. who will be running to succeed Tom Gullotta.

For further information on the Michael Fund, or Birthright, or any other right to life activities, contact Peggy McGeary at 938-1391 or write to box 574, Hicksville, 11801.

## PERFECT LOVE

Perfect love cannot be defined by imperfect men. Our world is full of statements of love. We have love songs, love perfumes, love manuals and love stories. Love is a very popular concept. Yet perfect love, the kind that can even cast out fear, is not earth-bound. Instead, it is heaven-bound.

Perfect love is a love that gives of itself to another person then forgets the favor rendered. It is a love that finds something to love in the seemingly unlovable. It is one that states, "I love you because you need me, and I need to give myself away to people who need help."

Jesus Christ is perfect love. When Jesus Christ is the master of our lives, then perfect love dwells within us.

Perfect love is a force within that enables us to be sensitive to the needs of others and to desire to fill them. It is a motivating power that enables us to give strength and peace. It is "you" love rather than "me" love. With a child it says, "I love you and as you grow older I will constantly be loosening the apron string, so that you can develop into your own person." With parents it says, "I love you and will try to act in a way to make you proud of me." With a spouse it says, "I love you and I want you to be happy and to achieve the fullest stature of your being." Love is not primarily a result, but a cause. It causes people to grow into happiness. It is not primarily a product, but it produces. It produces fulfilled and whole people.

Perfect love is Christ flowing through us. The secret to perfect love is to have a personal relationship with Christ. To have Jesus Christ, the friend of sinners, as our friend. Receive it today for your sake and for the sake of those around you.

## On the Campus

Cadet Gennaro J. Oliva, son of Mr. and Mrs. Silvio Oliva of Nevada St., HICKSVILLE, has been named to the Dean's List at the State University of New York Maritime College. He is majoring in Marine Engineering and is a 1978 graduate of Hicksville H.S.

Patricia A. Brennan of HICKSVILLE, a senior English major at State University College at Cortland, is working as an intern with the College Relations and Development Office at Cortland. The internship, which will continue throughout the spring semester, is being offered through the College's Journalism Department.

Brennan's minor study program in journalism will be completed at the conclusion of the internship which is designed to give

students experience on a professional level.

Brennan entered Cortland in September 1978 as a transfer from Nassau Community College. As an English major, she is specializing in American Literature. She also has been involved with the campus newspaper, the student Senate and various campus activities such as the English Club and Students for Safe Energy.

Marie Eivers of Cedar St., HICKSVILLE, and Deborah Farrell of Cloister Lane, HICKSVILLE, have been named to the Dean's List at SUNY Oneonta.

**GALILEO LODGE**  
(Continued from Page 4)

Venerable Anthony Previte never ceases to amaze. First it was the electrifying news that he was selected as a member of the

illustrious 'Who's Who in America', then it was the equally astounding news that he will soon receive his Doctorate in Administrative Management, and now it's the very satisfying news that he was elected again to be the Venerable of the Galileo Lodge for the year 1981. Congratulations are in order from all of us here at the Galileo Lodge, and we surely and sincerely wish him a very successful reign of office.

### LODGE TIDBITS

Frank Anselmo of the Galileo Lodge reports that his son Paul has re-enlisted in the Coast Guard for four more years and that he will be stationed at Floyd Bennett Field. Jim Ingino of the Galileo Lodge reports that his son was in a car collision at the University of Colorado and is now recovering well. Joe Iannotti and James Posillico were responsible for some

delicious food served that night when the election of officers occurred. Teddy Marotti announces that the Galileo Lodge Blood Bank Day will be held on May 21st, a Thursday. Four new

members have recently joined our organization, and this shows that our ranks are growing. New officers of Galileo Lodge will be listed in a coming installment and a photo will be printed also.

Frank Miccio is still in Port Jefferson Hospital and we wish him a speedy recovery. Jim Ingino has recently left a hospital and is now recovering from a phlebitis attack.
