## PTSA Program

On Thursday, March 19, the P.T.S.A. of Hicksville High School will present a program on "Special Education" at the Senior High School.

The meeting will consist of a presentation of the goals, objectives, and needs of the program. Staff members of the Senior High School Committee on the Handicapped will offer a brief description of their

individual programs. A question and answer period will immediately follow the presentation.

"Remember, the meetings are not only informative; they are planned with you the Hicksville resident in mind," a spokesperson for this organization explained.

The meeting will be held in the Little Theatre at 8:15 P.M.

**SENIORITY:** Oyster Bay Town Supervisor Joseph Colby (third from left) and Town Councilman Kenneth S. Diamond join the Senior Citizens of 35 for their annual installation luncheon. Officers for the Hicksville-

based senior club who were sworn in include (left to right) treasurer Margaret Sullivan, vice president Sue MacKenzie, president Evelyn Schleich and secretary Marguerite DeBella.

A General Alarm was sounded by a passing off-duty Nassau County Police Officer on Monday, March 9 at 11:35 p.m. for a blaze at the rear of the Hicksville Library. The fire, termed suspicious, by Hicksville Fire Chief Richard Kershaw, destroyed a shed containing lawn mowers and garden tools. The slate roof of the stately old building, sustained minor damage. Chief Kershaw stated the early detection and prompt response by Vamps prevented a very serious fire.

Fire Officials have, in the past, expressed concern for the Library due to the fact

there is no automatic alarm connected to fire headquarters. A delayed alarm could be a disaster for the community and the loss could be tremendous.

Sixty-five Vamps, 8 pieces of apparatus responded. Four units were used to douse the fire, including the Department's 5 inch (above ground water main) hose.

The Fire Marshal's office and the Nassau County Police Arson Squad are investigating. Library Director, Kenneth Barnes, responded shortly after Vamps arrived. No damage estimate could be given until an inventory could be taken

of the shed's contents.

**Building Triggers Blaze**

A vagrant forced entry into an office complex at 380 So. Broadway on Sat., March 7, and set a fire on the floor to keep warm, then went to sleep. The fire, after a period of time, burned through the floor and ignited floor beams and part of a basement room. County Police, shortly after seeing the blaze, arrested a soot covered suspect as he walked along Broadway. After an investigation, the suspect was charged with 3rd degree arson and trespassing.

Fifty-five Hicksville fire

fighters, under Chief R. Kershaw responded to the 7:54 a.m. blaze with 9 units. Five units were used to extinguish the fire. Vamps estimated the damage at \$4500.00. Renovation of the building on the corner of Lee Ave. was nearing completion after a fire caused heavy damage over a year ago. The cause of that fire was termed arson.

## Fire Report

During the period Feb. 16 to March 10, the Hicksville Fire Dept. responded to 77 alarms. There were 10 malicious false alarms, 24 fire calls, and 43 rescue calls.

## Gregory Museum Presents Proposal To School Board

By Linda Strongin

The Hicksville Gregory Museum has proposed providing \$30,000 worth of services to the Hicksville School District. If approved by the Board, the Museum and the school district, would enter into a contract agreement.

Acting Museum Director Richard Evers, recently retired Hicksville social studies teacher, addressed the Board and the filled Board room. He explained the various services the school district and residents would receive in return for the \$30,000. These include, among others, unlimited school tours for Hicksville school classes; unlimited free admission for Hicksville residents; training in Museum service for student

volunteers; and programs for adult education, senior citizens and gifted and talented students.

Mr. Evers stated that additional funding would be sought from the Hicksville Public Library and the Town of Oyster Bay.

The Museum also plans to raise approximately twenty to thirty thousand dollars itself through various fund raising activities and hopefully through foundation grants.

In answer to questions by various Board members, Mr. Evers stated that the Museum has offered other school districts a package of tours ranging from 12 to 35 for \$500 to \$1,500 and several school districts have responded favorably.

If the Museum cannot raise the entire sum of \$98,000, needed to efficiently operate the Museum, and the school district had approved the proposal, the Museum "would live up to its commitment," stated Mr. Evers.

Mrs. Rosemary Barrow, a Museum Trustee and also media center teacher at Willet Avenue school, explained that grant money was available for programs and innovative services "but not for survival funds." The Museum has been denied funds in the past because it was felt "we were not fiscally stable and had no long-range plans," added Mrs. Barrow.

Although the Museum has been officially closed since June, school tours have been given by various volunteers, mostly retired teachers.

The cost to Hicksville residents, according to Mr. Evers, would be

approximately \$1.80 per year per taxpayer. A Museum membership is \$20 per year.

President Tom Nagle stated the Board would act on the proposal on March 25. It will also act on the Senior Citizens Club proposal and the Library request concerning parking. Trustee Virginia Germer had suggested that these matters be put on the agenda for that evening so that the parties involved could be present.

During the public speaking session, resident Larry Wolfson, Chairman, Citizens Budget Advisory Committee, presented an interim report on the 1981-82 budget. It suggests that the Board look closely at various academic and course offerings; review support services, "specials", transportation and class size policies, temporaries, and retirement incentives.

## Legion Celebrates 62nd Birthday

Legionnaires of Charles Wagner Post # 421 of Hicksville will join with millions of their fellow members in a globe-spanning celebration of The American Legion's 62nd birthday during March. Post Commander Louis Cesta announced today.

Here in Hicksville, the 62nd anniversary will be highlighted by the 20th annual Awards & Ceremonial Nite on the eve of the Legion's birthday, Saturday, March 14th, Commander Cesta said.

The 20th annual Awards & Ceremonial Nite, planned by a committee headed by Past Commander Arthur Rutz, will feature Legion membership and Honor Roll awards; Post Everlasting Service; Cutting of the Birthday cake, and the Athlete of the Year award to Hicksville High School Soccer star, Peter Janette.

The American Legion was founded March 15-17, 1919, at a caucus in Paris, France, attended by representatives

of various outfits of the American Expeditionary Force of World War I. The organization has since opened its ranks to veterans of World War 2, Korean War and the Vietnam War. The American Legion now has a membership of 2.6 million war veterans belonging to nearly 16,000 posts throughout the United States and in many parts of the free world.

As part of its preparation for the 62nd anniversary observance, Post # 421 is putting the final touches on its 1981 membership campaign, according to Membership Officer Past Commander Ray Gamble. Describing the Legion's current theme "We help America Work" - Past Commander Gamble said: "Membership in The American Legion gives the veteran an opportunity to respond and become involved with the needs of the community, the state, and the nation through the Legion's many and varied service programs."

One of the responsibilities of the vice president of Hicksville Kiwanis is to arrange for guest speakers at meetings.

At a recent meeting of the Hicksville Kiwanis Club, vice president Charles Montana, Jr. introduced representatives of the Hicksville Water District, Mr. Louis G. Dettloff, Superintendent, and Mr. William J. Luckha, Business Manager, to bring a message to the members. By way of the spoken word, quoting facts and statistics, and a series of slides showing tests of Hicksville water being conducted by experts using sophisticated equipment, the message was loud and clear, "Hicksville water is safe".

In the photo, left to right, Mr. Luckha and Mr. Dettloff acknowledge the applause of their audience, as Mr. Montana presents them with a certificate of appreciation for their reassuring message.

# "Ruling 80-55 Will Cost The Taxpayer Money," Colby

Right now if I told a Town resident to watch out for Ruling 80-55 of the Internal Revenue Service (IRS) most people would automatically be thinking of their income taxes. After all, our income taxes are what IRS rulings are all about, right?

Not this time. Ruling 80-55 does not directly affect personal income taxes. But that does not mean the taxpayer needs't become excited about it. It is a very serious regulation for Long Island taxpayers.

The vice-president of the State School Boards Association was not exaggerating when, referring to Ruling 80-55, he reportedly said "if we cannot get this ruling reversed, local taxes are really going to skyrocket." He was talking about the effect it will have on school taxes that make up almost 60 percent of the property tax bill for Town of Oyster Bay residents. But the County, Town, fire district, water districts, and all other special districts that make up the remaining share of the property tax bill

could probably say the same thing.

Ruling 80-55 affects the borrowing and interest of local governments. Until Ruling 80-55 goes into effect on June 1, 1981, school and municipal bonds would be given low interest rates on these borrowings because banks are allowed to use those bonds as state-required collateral on government deposits and then obtain a deduction from IRS for the interest banks pay on municipal and school district deposits.

Under ruling 80-55 banks lose the deduction on any interest paid on deposits of municipalities if they use our bonds as collateral. The end result is that the bonds no longer have the same appeal to the banks and interest rates on these borrowings will go up!

For school districts and municipalities Ruling 80-55 means higher borrowing costs and lower interest on our deposits. It increases expenses and decreases revenue. The State School

Boards Association estimated that school districts alone would lose up to \$75 million.

There is currently a major effort to have this rule reversed. Senator Alfonse D'Amato is co-sponsoring a bill that would do just that. The School Boards Association is lobbying for the reversal and the State Association of Towns is pressing for nullification of Ruling 80-55. These efforts need the support of the people. The federal government must be made aware that the people know about it and are concerned.

In addition to my own efforts I am urging our residents to contact their Congressmen and U.S. Senators to support legislation that would prevent Ruling 80-55 from going into effect.

The best efforts of local governments to improve efficiencies and thus reduce costs should not be allowed to become meaningless because of some bureaucratic rule change at the federal level.

## Free Book On Cutting Energy Costs

Are you interested in reducing the amount of your family's budget which must be allocated to energy costs? Are you tired of higher and higher fuel bills? Have you always thought that energy conservation meant costly and time consuming alterations to your home? If you have answered "yes" to any of the above questions you should seriously consider obtaining a copy of the current addition of the Agricultural Yearbook, entitled "Cutting Energy Costs".

This week Congressman Norman F. Lent (R-East Rockaway) announced that

the Department of Agriculture has supplied him with a limited number of its annual Agricultural Yearbook for distribution to residents of the Fourth Congressional District, free of charge. This year's edition, is a comprehensive study into the art of energy conservation. This 400-page, hard-bound volume is the definitive study into the mechanics and benefits of conserving energy.

Throughout the book's many chapters, each written by an expert in a particular field of energy conservation, the reader is made aware in a clear, concise fashion what

he can do to save energy and money. Whether it be the chapter on "Adjusting Our Lives to Stretch Energy," "How to Save Energy Preparing Foods," "High Heating Costs: How to Cut Them," or a host of other topics, this edition of the Agricultural Yearbook is one which any homeowner cannot afford to be without.

Lent advises all those seeking a copy of this book to write his District Office, 2280 Grand Avenue, Baldwin, New York 11510, or phone 223-1616. Supplies are limited and requests will be honored on a first-come, first-served basis.

## Merchandise Needed

Women's, men's, and children's clothing in good condition is needed for the American Cancer Society's Thrift Shop, according to Eleanor Sandstedt, Thrift Shop Chairman. Shoes, bric a brac, jewelry, books, records, toys and collectibles are also needed.

All proceeds from the Thrift Shop, which is soon to be opened in the Farmingdale area, will be used to support the Society's programs of Research, Education, and Patient Service. Donations of merchandise are tax deductible.

For information on locations to drop off donations locally, call Thrift Shop merchandise manager, Josephine Kriesel at 249-2788, or bring them to the Melville office, 535 Broad Hollow Road, Melville, N.Y. attention Mary Nolan. Donations from merchants will also be welcome.

Volunteers are also needed to work at the Thrift Shop in Farmingdale or at the Society's BINGO in Hicksville. For information call Mrs. Kriesel at 249-2788.

## A Message From Cong. Carman

I recently attended a non-denominational Congressional prayer breakfast at which we discussed the increase of anti-Semitic acts in this country and overseas. The dialogue was especially interesting because it included a broad range of political and religious views. Among those expressing concern over the apparent rise in anti-Semitic activity were Democrats Paul Simon of Illinois and Dan Glickman of Kansas. As a Republican from New York, I added my views.

Hardly a week goes by but what we read in the paper about a synagogue being

defaced with Nazi swastikas or anti-Jewish slogans. I think we should remember that in these inflationary "hard times" there will be some who will look for a scapegoat to blame their problems on. It happened in Germany in the 1930's. Every leader at every level must stand up and speak out to make sure it doesn't happen here.

The United States Secret Service has given me a limited supply of its booklet titled "Counterfeiting and Forgery." It's a fascinating, educational pamphlet that shows various kinds of

"phony money" and how to spot it. It also discusses forgery and government checks. If you'd like to have a free copy for yourself or a young person, please write me in Washington and I'll be happy to send it by return mail.

Please don't forget, I'll be holding my first Suffolk County Congressional town meeting, Saturday, March 14th, at the Northport Senior High School Auditorium in East Northport. The meeting will start at 10 a.m. and I look forward to seeing everyone there.

## "Public Service Commission Members Should Be Elected," Parola

Assemblyman Fred Parola has sponsored a package of bills in the State Assembly which calls for major revisions in the Public Service Commission.

In describing the legislation, Parola said: "My proposal calls for the public election of P.S.C. members. If the members were elected by the people, it would certainly increase the commission's responsiveness to the voters and the commission must be held accountable to the public which they represent. Endless rate increase grants and the recent study on inequitable phone rates demonstrate the abrogation of responsibility to protect the public by the P.S.C."

"I have also introduced a package of bills which would bring long awaited relief from public utility costs. And it is through this legislation that I seek to end the worst abuses of public utilities and, more importantly, bring local residents tax relief."

"The proposals include a bill to force 'Ma Bell' and the P.S.C. to end their discriminatory rate structure system which costs Long Islanders 40 percent more than New York City and 71 percent more than Albany residents per bill. There is no rational basis for this inequitable rate system and the outrageous subsidy of \$82 million a year to the rest of the state. This

legislation will require uniform service areas and rates which will end unreasonable geographic preference by enlarging our primary calling area."

"Another area of serious concern to me is the spiraling cost of LILCO bills. In the early 1970's home heating oil was about 24 cents per gallon. As recently as one year ago it was 80 cents per gallon and has now jumped to \$1.37 per gallon in many areas. The result of these increases is a catastrophe for all residents but is especially difficult for senior citizens and others on fixed incomes."

"I have proposed legislation to bring tax relief by allowing a tax deduction of 50 percent for yearly home heating expenditures. This will help residents deal with an average fuel bill that has risen from approximately \$500 per year in 1975 to \$1500 in 1981."

"In another in my package of bills retail fuel dealers would no longer be allowed to require consumers to purchase a minimum amount of fuel in order to guarantee delivery. Nor will dealers be able to charge a higher fee if a minimum quantity is not met. Consumers who have suffered in their efforts to conserve should not be penalized because a fuel oil company wants to raise its profit margin."

"More of my legislation attacks utilities' abuses by preventing LILCO from including costs of "construction work in progress" in its rate and billing structure. For example, the Shoreham Nuclear Plant has increased in overall cost from \$250 million when first estimated to \$2.3 billion. These increased costs should not be borne by the customers but by the owners of the company - its stockholders."

"In an attempt to maintain some consistency of utility rates and reduce the endless requests for rate increases, my legislation restricts hearings to no more than once every 12 months from the late order of the P.S.C."

"Concluding my utility abuse bill package is legislation to require an independent tax audit of the P.S.C. once every five years and a proposal to prevent the "automatic pass through" which is passing OPEC increases on the barrel price of oil along to the consumer. This should be a factor when LILCO and other utilities apply for rate increases."

"As I have indicated quite clearly, the P.S.C. is in need of major revisions. These reforms which will result in substantial tax relief for the already overburdened suburban dweller are crucial to the well-being of the residents of our state."

## Dear Friends

Remember back around the Christmas holidays there was a special holiday fund set up for the inhabitants of the stricken village of San Gregoria Magno in southern Italy? Well, many problems existed at that time such as continued daily tremors in the area, and the moving of many of the inhabitants to the north. However, those who are still there have been helped by this fund and even though it had to be after the Christmas holidays, they are most grateful for the help because the needs of those still there are even greater now.

Jack from Jack's Beauty Salon on West Marie Street in Hicksville handled the dispensation of the holiday fund, through a relative who knows those in the greatest need and that is where the funds went.

Jack would like to thank everyone who shared at that time. They are: Marge Sullivan, Regend Sign, Anna Erb, Mrs. Maria, Adele Batorky, Ann Condron, Erika Paschke, Ethel M. Meagher, Ed Checchia, Helena Szatkowski, Mrs. O'Malley, Alice Zeitman, Doris Armstrong, Breddan Silva, Helena Suter, Adele Paesani, Mrs. Ornestine, Mrs. Miller, Dorothy Pignataro, Dorothy Weidaz, Maria Maglietta, Anna Weinstein, Mary Awers, Joseph Gentile, Vincenza Schettini, Lilian Manzo, Karin Frey, Mrs. Purick, Joan Vashell, Emma Molin, Anna Javino, Beny Weinstein, Ray Campi, Pat Malozowski, Caladys Lawlor, Gwin Bellino, Mrs. Maximo, Doty Robinson, Mrs. Clare, Mrs. Brook, Harriet Hartenstein, Mrs. Warren, Minnie Rohstein, Mrs. Lauretta, Margas Michalina, Wanda Hartnett, Mrs. Lombardi, Grace Giordano, Mrs. Donatella, Ruth Weil, Mrs. Henne, Mrs. Long, Frances Lauchner, Felice Janiski, Sara Supply House, Mrs. Coffee, Mrs. Joe, Mrs. Marion, Jean Kranchuk, Eleanie Kranchuk, Mrs. Marks, Sis Goble, Mrs. Linguish, Mary Day, Mary Waluk, Mrs. Samuelson, Eleonora Romander, Benlah V. ## The Town Board Meeting

By Sheila Noeth

At their March 10th regular meeting the Town Board acted on the following local matters:

They reserved decision on Hearing P-2-81, a petition of the JT Motors, Ltd., and Jimlyn Realty Corp. for permission to modify or rescind certain restrictive covenants and conditions at a converted gasoline station located at the intersection of Louis St. (First St.) and Broadway in Hicksville. This property is presently used for the sale of vans and used cars with the gas pumps being used only for the maintenance for such vehicles. The granting of this petition would allow gas to be sold to the public.

They reserved decision on the Lighting District hearing to consider a proposed increase and improvement of facilities of the Town of Oyster Bay Public Lighting District consisting of

installation of underground cables, lighting standards with luminaires, conduit piping and other appurtenant and incidental equipment and fixtures at an estimated cost of \$2,600,000. This is the first technical step toward the completion of the change of lights throughout the township and, in a year or so, when completed, will affect approximately 8,000 lights.

They approved Resolution No. 10-1981 relating to the property known as Section 11, Block G, being part of Lot 230 as shown as part of Parcel P-4 on the map showing property to be acquired for the Town of Oyster Bay Public Parking District in Hicksville.

This, along with Resolutions No. 186, 187 and 188, (all 1981) which were also approved, is progress in the work necessary to provide additional commuter parking in Hicksville.

The Long Island communities which grew after World War II are frequently depicted as rootless amalgams of shopping centers and housing developments. Residents of these "instant suburbs" often complain that they lack a strong sense of identification with their community. Plainview-Old Bethpage has not escaped this problem.

Far from rootless, Plainview-Old Bethpage has its own, unique pattern of historical development. Understanding that history can help residents to better appreciate, and feel part of their community.

In an effort to find our suburban roots, the John F. Kennedy High School will look back at the history of

Plainview-Old Bethpage and Long Island on March 19th (7:30 a.m. - 1:40 p.m.), students, staff and parents will be immersed in an all-day symposium: "THE WAY WE WERE: PLAINVIEW-OLD BETHPAGE IN LONG ISLAND HISTORY". This project, the first of its kind at Long Island high school, is being co-sponsored by the Kennedy Student Options Committee and Library Resource Center.

Who are we? Where did we come from? Who lived here before us? Why did the first settlers come? What remains of our rural heritage? Where are we going as a community? These are but a few of the questions that will be raised in this survey of local history that spans

over 400 years from Indian times to present.

Working through Social Studies and English classes over 23 Long Island historians, long-time community residents, and others, will present lectures geared to various aspects of local history. The attached list of presenters include numerous historians and museum curators distinguished for their knowledge of Long Island's past. The program includes a Newsday audio-visual history of Long Island and LILCO Long Island history films. Parents of Kennedy students will be invited to join their children for the symposium by registering, in advance, for programs of interest to them.

THE WAY WE WERE will also feature an original slide-sound track history of Plainview-Old Bethpage. Based on historical documents and records accumulated by the Reference Department of the Plainview-Old Bethpage Library, this program will be showcased during a reception scheduled for 1:40 p.m. The slide-sound production, created by Kennedy faculty and students, will be made available for future viewing by residents and students.

For additional information, contact Dr. Richard Koubek, Student Options Teacher Coordinator at 938-5400x273 or Mr. Elliot Rabner, Kennedy Library Resource Center at 938-5400x283.

## Hicksville Republican Club News

By Harriet Maher

Welcome to the "new kid on the block" - our compatriots, the East Plainview-Old Bethpage Republican Club. We wish them success with their column, "G.O.P. Report".

Heard from Fred Parola, Assemblyman for the 12th A.D. Dynamic and dedicated Fred will be holding community forums. These informal residents' hearings provide him with a unique opportunity to discuss vital matters before the Legis-

lature that affect our communities. Assemblyman Parola welcomes your input and cooperation at these meetings. Make an effort to attend one of the following forums; it's an opportunity to express your opinion and make known your wishes in Albany.

Levittown Public Library, 1 Bluegrass Lane, (rear of the building - just south of Hempstead Turnpike) on Thursday, March 26 - 8 p.m. Seaford Public Library,

2234 Jackson Avenue, (just north of Merrick Road) on Wednesday, March 25 - 8 p.m.

Wantagh Public Library, 3285 Park Avenue, (one block north of the rain tunnel west of Wantagh Avenue), on Saturday, March 21 - 12 noon to 2 p.m.

The Postal Service has delayed the implementation of the nine-digit ZIP code until June. This delay will give them and Congress time to study the possible impact of the longer ZIP on the public. The new ZIP (Zone Improvement Plan) consists of the old code, followed by a dash and four new digits. Each street, office building and company receiving a high mail volume will be assigned one. Its use is voluntary. According to postal authorities, the new system will streamline mail sorting but not speed mail delivery. Optical character readers will scan the codes, which will be printed in bar-code form on letters. A major concern is the present unavailability and costliness of the necessary

equipment to implement this longer ZIP code. Another concern is the cost of changing mailing lists used by the business community to nine-digit ZIP codes. An additional four members might result in needless confusion. We hope a lot of careful research will be done by the Postal Service and Congress into the advisability of using nine-digit ZIP codes. What with remembering Social Security numbers, license plate numbers, telephone numbers, address numbers and a myriad of other numbers in their everyday lives, the public has been inundated with more than enough ciphers that they must use.

If you have a question or a particular subject you would like us to discuss in this column, just call me at 433-5994 after 6 p.m. Or you could bring it to my attention at our Club meeting.

And talking of meetings, our next one is Friday, March 13, at 8:30 p.m., in the VFW Hall, 320 South Broadway, Hicksville, NY. Look forward to seeing you there.

## Letter to the Editor

Dear Mr. Noeth:

On Monday, March 2nd at 8:15 p.m., I was privileged to attend a meeting which concerned the new Health Curriculum of the Hicksville School District. I say privileged because on the bottom of my "invitation" it said all parents and residents are invited to attend. However, this notice was only sent to a select few through the mail and given to some PTA Executive Boards, but not sent home with each child as has been requested many times when meetings are to be held concerning this controversial matter.

The subject of this meeting was Core V, alias Strand III, better known as Sex Education which is also going under the guise of "Family Life Education".

The consultant the school district hired at taxpayers' expense to write the new Health Curriculum also teaches Human Sexuality at

a local college. He tries to assure us that only facts will be presented. As a parent, I feel that when presenting these facts the religious beliefs and the family's moral code must be made clear.

When looking at the outline of the program presented (which includes Coping with Stress, Personality Development, Human Relationships, Family Life Education, Death and Dying), one can only wonder what the future will be for young Children, Kindergarten-6th grade, who are asked to cope with these subjects!

With the cost of education rising and the academic standards declining, isn't it time we put our energies into giving our children the best basic academic foundation possible to qualify them for future employment.

Yours truly,  
Marylou Sullivan,  
Hicksville

## Planning Advisory Board Meeting

The Town of Oyster Bay Planning Advisory Board will meet Thursday, March 19, beginning at 8 PM in the conference room of the Department of Planning and Development to review site plans on two buildings proposed for construction in Hicksville.

The first building,

known as the "Jack Tillem Office Building," is planned for the east side of Newbridge Road, north of Cherry Street. The second site plan concerns Old Country Car Service, where a mixed use of an auto dealer and offices is planned for the southeast corner of West John and Wyckoff Streets.

## Chamber Of Commerce Meeting

The Hicksville Chamber of Commerce will hold its March General Membership meeting on Tuesday, March 17, at 12:30 p.m., in the Quaker Room of the Milleridge Inn.

The luncheon, which is \$6.75 per person, features a choice of Filet of Sole,

Capon, or Corned Beef and Cabbage.

On the agenda will be financial reports, new member application, and committee reports.

Mr. John Stern, Senior Planner, Tri-State Regional Planning Commission will be the guest speaker.

## Gregory Museum Presents Proposal To School Board

(Continued from Page 1)  
Hicksville)

among other recommendations.

Resident Iris Wolfson reviewed various legislative matters and reported on her recent four-day visit to Albany where she spoke to local legislators. She was informed by them that a final budget figure would not be adopted on April 1 as originally scheduled, but closer to the spring adjournment around April 10.

She discussed a proposed bill "Transportation for Hazardous Conditions", which Governor Carey has indicated he would sign if passed by the legislature. The bill is not aidable and local school boards would decide the boundary lines. She requested and the Board agreed, that the Hicksville transportation map be used

in a visual presentation in Albany to explain the difficulties involved (legal ramifications and increased school budgets) if the bill were to pass.

Superintendent Wilber Hawkins gave a vandalism cost report which reflects a decrease from last year. The total cost from July 1, to January 30, 1981, was \$3,589.66, which includes \$1,206.22 for glass and \$256.62 for missing equipment. Last year's vandalism bill totaled \$200,000.

The decrease in the vandalism cost, according to Dr. Hawkins "is the result of implementing suggestions from the Committees on Substance Abuse and Vandalism; the secondary reorganization; cooperation from the staff; and Hicksville citizens; and Mr. Becker's reorganization of the security staff."

The Board tabled a motion to approve a policy regarding attendance at meetings and conferences by the superintendent. Voting no was Mrs. Germer. During the discussion, the number of trips and the cost of such trips by previous Hicksville superintendents was brought to the public's attention.

Mrs. Germer read from a list which indicated that previous superintendent's traveled mostly in New York State while Dr. Hawkins has traveled to conferences in cities throughout the country. Trustee John Ayres was "alarmed at the increasing amount" being spent on this item the past two years in comparison to previous years.

Several Board members felt a policy on this matter was needed at this time since the wording of Dr. Hawkins' contract had not yet been

## Nine-Period Day Evaluation

(Continued from last week)

It was brought out during the presentation that math, reading and writing skill classes are now mandated by the State Education Department for those students deficient and needing the skills to pass the Regents competency tests for high school graduation.

Mr. Delman and Trustee Miriam Ravid "confessed" that they were originally skeptical of the program. Mr. Delman stated, "I originally opposed it. I am pleased to say I was wrong. It has worked out for the better but I still have some

worked out.

The Board began the meeting with an executive session lasting over one hour and again went into another executive session after the

## To Conduct Fire Flow Tests

The attention of all consumers of the Hicksville Water District is directed to the fact that the Insurance Services of New York will conduct fire flow tests on hydrants within the District for 2 days, beginning March 26.

We wish to advise both residents and commercial users, especially those dependent upon our usual clear water, that this type of extensive flushing may

Mrs. Ravid stated that in reviewing the information, the program was doing what it was supposed to do. "It would be unfair to take it

temporarily cause discoloration of water, due to dislodged iron in the mains.

This is not an indication of a deterioration in quality, the condition will clear up in short order when the flushing is completed. However, our consumers are urged to take caution in matters such as washing clothes.

The purpose of such flow tests is to determine the fire insurance rates to be charged in our area.

back."

Trustee Mitchell Laub asked the professionals, rhetorically, where the money would be better spent: a K-12 gifted program or a 9-period day. He also questioned how many other school districts in Nassau had a nine-period day.

## Our Armed Forces

Air Force Capt. Kenneth P. Nagel, son of Mr. and Mrs. Kenneth B. Nagel of Seton Court, OLD BETHPAGE, has participated in Global Shield 81, the Strategic Air Command's (SAC) response to a simulated attack on the United States.

The service member is among the more than 100,000 U.S. Air Force, Navy, Marine Corps and Canadian

personnel taking part in SAC's largest, no-notice, 20-day training exercise.

During one portion of Global Shield, more than 500 B-52 and FB-111 bombers and KC-135 tankers took off from 70 different locations in the United States and Guam within minutes of notification. This exercise is not related in any way to real world situations, according to a SAC spokesman.

Global Shield 81 is designed to test the command's capability to carry out emergency war orders to support U.S. policy if deterrence fails. This exercise has been constructed to measure SAC's response to a set of preplanned events leading up to a simulated attack on the United States, the spokesman explained.

As part of Global Shield, some SAC aircraft deploy to civilian and military airfields selected specifically for the exercise. Additionally, B-52s and FB-111s fly low-level training routes approved by the Federal Aviation.

Marine Gunnery Sgt. Richard W. Hamel, son of Dorothy M. Hauser of Mineola, recently participated in the Presidential Inaugural Parade.

A member of the U.S. Marine Drum and Bugle Corps, he is stationed at the Marine Barracks, 8th and I Streets, located in Washington, D.C.

Each year the Drum and Bugle Corps participated in ceremonies for the President and visiting foreign dignitaries. Their other appearances include parades, sporting events, civic celebrations and nation wide tour performances.

A 1964 graduate of PLAINVIEW-OLD BETHPAGE High School, PLAINVIEW, Hamel joined the Marine Corps in February 1966. His wife, Eileen, is the daughter of Fred J. and Catherine V. Sewalk of Levittown.

Second Lt. Robert J. Dalesandro, of Lane Ave. in Plainview, has arrived for duty at Fort Riley, Kan. Dalesandro was previously assigned at Fort Benning, Ga.

Marine Pvt. Thomas P. O'Shea, son of Thomas P. and Eileen O'Shea of Ketcham Road in HICKSVILLE, N.Y., has reported for duty with 2nd Maintenance Battalion, Marine Corps Base, Camp Lejeune, N.C. He joined the Marine Corps in October 1980.

## Dollars For Scholars Fund

By Robert Teristi

The month of March has been proclaimed Scholarship Month by the Plainview-Old Bethpage Board of Education, and March 21st has been designated DOLLARS FOR SCHOLARS DAY. "Dollars for Scholars" is a scholarship fund recently established in the school district to financially benefit deserving high school seniors who wish to continue their education.

Students have been organized at both the J.F. Kennedy and Plainview-Old Bethpage High Schools by their respective Student Associations to conduct a door-to-door campaign throughout the residential community in which contributions will be solicited.

The Secondary PTA, which serves both high schools, will coordinate the collection of money from the students by its members, along with other community volunteers.

The Plainview-Old Bethpage business community has been sent letters asking for contributions to this worthwhile appeal. The "Dollars for Scholars" committee anticipates a most generous response by

the business community. Each employee organization of the school district is also soliciting contributions from its respective members. Representatives for each bargaining unit to the "Dollars for Scholars" Committee are:

Administrators' Association, Patricia Bergin; Clerical Unit (CUPCT), Marie Kushy; Directors' Association, Richard Hague; IBT Buildings and Grounds, Ronald Oliver; IBT School Aides, Lucy Piacentini; IBT School Lunch Unit, Adele Smith; and Plainview Congress of Teachers (PCT), Paul Rubin.

Other members serving on the "Dollars for Scholars" Committee are: Joan Shapiro, Chairperson; Louis Ferrara, Superintendent of Schools; Michael Bennardo, Administration; Dr. Leonard Smith, Principal of J.F. Kennedy H.S. (JFKHS); Dr. Jerome Botwinick, Principal of Plainview-Old Bethpage High School (POBHS); Richard Koubeck, Student Government Advisor for JFKHS; Anthony Pilla, Student Association Advisor for POBHS; Bernyce Eling, Guidance at JFKHS; Stuart Agins, Guidance at POBHS;

Marsha Elowsky, Secondary PTA President, Sylvia Samuels, Secondary PTA V.P. for JFKHS; Marge McCarthy, SECONDARY PTA V.P. for POBHS; Roseanne Teristi, Secretary; and Robert Teristi, Publicity.

Student members of the committee are: Steve Lee, Glenn Sklar, Lon Arowesty, Richy Weinstein for the JFKHS Student Government; and Marc Herbst, Allyson Abel, and Alicia Zaika for the POBHS Student Association.

An air of excitement and great anticipation prevails among the committee members as we approach "Dollars for Scholars" Day. It is truly gratifying to observe the coming-together and feeling of unity of the entire Plainview-Old Bethpage school community, and all those involved are eagerly anticipating a most successful scholarship program.

For further information, or to volunteer your time in collection of monies from students, contact: Joan Shapiro at 681-3319.

If you wish to make a donation, you may send it to: Dollars for Scholars, Administration Building, Jamaica Avenue, Plainview, NY 11803.

### G.O.P. Report

EXEC. LEADER  
Dr. Chas. Artale

P. O. BOX 283  
OLD BETHPAGE, 11804

PRESIDENT  
Jeanne Noonan

The Hon. Joseph Colby, Supervisor, Town of Oyster Bay, will be the guest speaker for our meeting to be held on Wed., March 18, 8:30 p.m., sharp, in the American Legion Hall on Southern Parkway.

Supervisor Colby, a World War II Navy Vet, graduated Adelphi University in pre-law and received a JSD LLB from Brooklyn Law School, has had over 25 years in private practice, served as a member of the Passapequa Planning Commission, Council to the State Assembly Health Committee, Village Justice, member of the Nassau County Board of

Assessors and T.O.B. Attorney before becoming Supervisor in Jan. 1977.

What is a Town Supervisor? He's the Chief Executive officer, a legislative and administrative position, like a mayor. He also is on the Nassau County Board of Supervisors.

We are pleased to have Supervisory Colby with us again. It is always nice to hear all the news of our Town Government first-hand from the top elected official in this Town of over 360,000 people.

These past four years have not been an easy period to keep the Town tax rate down, when everything around us is jumping up in double-digit percentages.

Let's all pull or drag a friend away from the TV and get them to where the action is and meet our good friend, Joe Colby. And yes, don't hesitate to ask questions.

The public is always welcome to take part and also to socialize afterwards. Refreshments will be served.

Ticket chairman, Bob Rodriguez advises that a 50% payment is needed to reserve and hold a table for our Spring Dinner Dance on June 5 at the Huntington Town House. "First come, first served" and "better early than sorry."

Here are just a few more of our members who are always willing to talk about their area of expertise: Arthur Randle, former N.C. Deputy District Attorney (Head of Narcotics Division) and now Exec. Director of the Criminal Justice Coordinating Council of N.C.; also Betty Brautigam, N.C. Youth Board Regional Director; also Genevieve Fluddy, Communications Analyst, N.C. General Services, Bureau of Communications; etc., more later.

Eleanor Andruzzi, director of our Women's Committee, wants us to mention that her daughter, Cathy Harris, had a daughter, Susan on Feb. 17. Okay, Grandma? See you - A.H.E.

## Taking The SAT? Good Luck!

It is 7:00 a.m. one Saturday morning. Slowly you force yourself to get out of bed. You get dressed, eat breakfast, and get ready to face the world. You wake up your little brother who asks, "Where are you going so early in the morning, especially since it's Saturday?" You, being too nervous, do not hear him as you are pondering more important questions — "What if I don't do well? Will Cornell accept me? Brown? Georgetown? Binghamton? Buffalo? Hofstra?" You leave your house trembling.

You get to school, sweating, trembling and totally drained. You proceed to take a seat and wait until someone walks in the room carrying the test, not just any test but THE test; the big one; the most important test you will ever take in your life. You have now entered the SAT zone.

Each question answered correctly is worth 10 points, each one answered incorrectly subtracts 2 1/2 points on your grade. Each section is worth 800 points (1600 points in all). In addition any question may be left out without penalty.

The SAT was instituted in the late 1940's when students took the test for entry into the Ivy League schools. Since that time it has developed into an almost mandatory obligation for every student wishing to enter college. The test is set up in a standard way, so that every student around the country can be judged by the same criteria. This was done so as to prevent a student with a 96% grade average in a relatively easy school from edging out a student with a 90% grade average in a highly competitive school, when it comes to entering college. By giving each student the SAT, the College Board believes, that they have an impartial instrument for selecting the best students for college.

Unfortunately, on paper the SAT may sound like a good idea but in reality it has its bad points. First of all, the test is standardized; consisting of all multiple choice questions with no essay, no creativity on the examinee's part — just fill in the blanks. Secondly, there is no way to prepare fully for the

exam unless you have a photographic memory or you like to read dictionaries before going to sleep at night. Any word in the English language can be on the test, and usually is. This occurs because the SAT does not have a set curriculum. Thirdly, it is not a test of what you know or do not know; it is a test of whether you can answer trick questions. For example, here is one trick question which could and will turn up on the SAT someday.

1. If there is 360 feet of fence and each pole is to be placed 40 ft. apart, how many poles will be used to make a fence?

a.) 8 b.) 9 c.) 10 d.) 11 e.) 12

Without even thinking you would say the answer is 9 because 360 divided by 40 is 9. Therefore, the answer is b.) 9. Right? WRONG. The answer is c.) 10 because there are 9 poles but there is also one pole at the beginning of the fence. Therefore the answer is c.) 10.

The SAT results are weighed heavily by colleges. These scores, more than anything else, are what colleges base their admissions. It is a shame to think that after spending 4 years in high school your rank and average play second fiddle to the results of this one test. There's got to be a better way!

under as he sees fit. And looking forward a bit in our date book we find that the National Commander will visit New York City on Friday, April 10th and the Department Commander will visit Nassau County (Williston Post) on April 25th. And on Saturday, May 9th the annual Blue & Gold Ball will be held at the Massapequa Post. See you tomorrow night at the 20th Awards & Ceremonial Nite!!!

It does not seem possible. In a little less than two weeks, the managers of majors baseball will get together and draw their teams for the 1981 season. By the beginning of April, the boys and girls will be throwing the ball around the desolate fields, remembering the cheers of the crowd and the warmth of the sun from yesteryear. The practice season will begin.

The season will not begin for Boys Ponies and Boys Farms unless someone volunteers to become a director. Tom Patrick O'Hara did not find it hard to volunteer to be director of Girls majors. His job, and the position of all other directors will be aided by Tom Nelson, the player rep, who does the paperwork of registration. If you would still like to register your son or daughter, call Tom and he will be glad to register your child. Remember, the teams will be picked in two weeks. Register before it is too late.

The wine and cheese party, which will be held on Saturday, April 18th, is a nice addition to a holiday weekend. Music will be provided by DJ Jim McHale, and wine of every taste and color will be there to sample. Although the price has not been set, the time has — it will be from 8 to Midnight. Come, honor the sponsors and support Hicksville Baseball.

It costs money to run a baseball league. Our supply in the Bronx has closed its doors and we will have to look elsewhere to complete purchases. We need a minimum of three balls a game and a recent supplier has quoted a price of \$23 for a dozen. Support our dance,

our picnic on July 11th, the shed, and help us to get sponsors. Get that "team spirit" As much as we would like, we cannot get equipment without paying.

Two more subscriptions came in. We now have 48 with 42 more to go to reach

100. You will not be billed when your Mid Island Herald subscription expires in May. Tear off the bottom of the subscription sheet, enclose your check and mail it today, before your subscription ends in the middle of the baseball season.

### Nine Day Evaluation

(Continued from Page 5)  
Taubenfeld felt that "in reality, we don't have a nine-period day, "adding there were "some flaws." He questioned some statistics. Dr. Colver concluded his remarks by stating he was "very enthusiastic about the program. It is one of the finer things the Board has done."

The next meeting is March 16 at Jamaica Avenue School.

## Joins Cushman and Wakefield

Brian J. Higgins has joined the Agency Buildings Department of Cushman & Wakefield, Inc. in the newly-established role of account executive.

The announcement was made by Senior Vice President Arthur J. Mirante II, National Director of Agency Building Operations.

Cushman & Wakefield recently initiated the account executive program to intensify and expand the management and leasing agency services rendered to building owners.

Agency Building Operations is responsible for all activities and services provided in connection with Cushman & Wakefield's 70 million square feet of management and leasing agency assignments.

Higgins brings an extensive background in mortgage lending, underwriting, portfolio appraisal, property inspection and administration to his new position. He has served as an Assistant Vice President at Emigrant Savings Bank and has been responsible for many functions of the bank's Mortgage Department. He is a mem-

## To Hold Pre-Long Island Marathon Clinic

The Plainview-Old Bethpage Road Runners Club will be sponsoring its second annual "Marathon Clinic" specifically designed for those who will be running in the forthcoming Long Island Marathon.

This year's Clinic will be held on Thursday evening, March 19 in the cafeteria of the Plainview-Old Bethpage High School, starting promptly at 8:00 P.M. It will be conducted by Dr. Murray Low, prominent Exercise Physiologist and lecturer, who is himself a veteran marathoner.

Dr. Low will present an outline and hints for the last

seven weeks of marathon preparation and training, and will leave plenty of time to respond to individual questions from the audience. Drawing from his professional expertise and his own marathon experience, he is certain to help everyone - veteran marathoners as well as novices - avoid common mistakes and turn in the best performance possible in this Spring's Marathon.

The Clinic is free of charge and open to the general public. For more information call Club President Mike Polansky at 433-0919.

## LEGIONNAIRE'S LOG

By Artie Rutz

CHARLES WAGNER POST # 421  
HICKSVILLE, N.Y.

"One Of the Grass Roots Of The American Legion"

Sorry for the short column last week but it was not of my doing...Perhaps I can fill in some of the missing info and perhaps not but I'll try...The Dark Horse winner at the last meeting was Frank Walsh. And a big 'welcome back' to BOB BIRKEL, who again is a member of our Post...And this is the absolute last call for our 20th ANNUAL AWARDS & CEREMONIAL NITE on Saturday, March 14th, which kicks off the 62nd anniversary celebration of our national organization's founding...Amid the awards to our own Legionnaires for consecutive membership and additions to the Honor Roll after a gap of 35 years...We will honor soccer star of Hicksville High School, PETER JIANETTE, as Athlete of the Year...This will be one of the rare occasions that Charles Wagner Post honors a non-Legion member with a gold Legion medal...And of course no proper celebration of the Legion's 62nd birthday could take place without the cutting of the birthday cake by our Commander Lou Cesta and Auxiliary Presi-

dent Mae Sheppard...Coffee and cake will be available for all who wish it, at no cost...Dancing will commence immediately after the conclusion of ceremonies to the tunes provided by the "TOPSIES"...There is no charge for admission, only your paid up 1981 Dues card must be shown, and you may bring close relatives or friends...If you haven't already done so, please call me at 935-1860 for seating reservations at a table otherwise you will have to take pot luck...We will start promptly at 8:30 P.M. so please be on time...Later in the evening our chefs will have available a Corned Beef & Cabbage dinner (at a very, very reasonable price)...All drinks will be available at those low, low Legion prices...So grab your partner and come on down and enjoy a night at the Legion...Our Color Guard marched in the St. Pat's parade in Garden City last Sunday (with the Hicksville contingent, of course)...The 3rd Division will caucus at the Carle Place Post on April 8th and the following Legionnaires were elected at the last

meeting to serve as Delegates: Commander Lou Cesta, Lou Braun, Ray Gamble, Jack Reichlen, Artie Rutz, Palmer Walsh, Dick Hochbrueckner, John Sheppard, Frank Molinari, Al Cinotti, Joe Rohan, Frank Walsh, Steve Wladyka...And elected as Alternates were:

Henry Brengel, Dick Evers, Harold Bramswig, John Kerrien, Carmine Rinaldi, Anthony Corri, Wes Tietjen, Anthony Bellacera, Tom Nikilas, John Cicilese, Anne Staton, John Rizos and Robert Boerckle...These duly elected Legionnaires of (Continued on Page 7)
