Battle Of The Sexes

Another Hicksville Junior High School Battle of the Sexes is planned for this Friday, April 3, at 7:30, in the junior high boys' gym. The most recent Battle revealed the boys superior, at least for that moment. The ninth grade girls will attempt to avenge the defeat.

Activities, noted that proceeds from the Battle will go toward defraying costs of this spring's ninth grade dance, scheduled for June 5. The class hopes to raise one-third of anticipated dance costs.

The public is invited to come out and root for its favorite team! Tickets are \$2 for the two-and-a-half hour entertainment.

Mr. William Owens, Coordinator of Student

Single Parent Workshop

The fourth in a series of workshops on the Problems of Single Parenthood will take place next Monday, April 6, at 8 PM in the faculty cafeteria of Hicksville Senior High School. The topic will be, "Dating and New Relationships"; the seminar will be conducted by Mr. Henry Gruen, a single parent father with joint custody of

his children. According to Ms. Barbara Walling, co-coordinator of the series with Mr. Howard Schack, the aim of the program is to address the problems of single parents, a growing segment of the community. The workshop is free.

Single parents are urged to attend.

Fun Fair

Fork Lane's Fun Fair will be held on Sat., April 4 in the All-Purpose Room of the School from 11 a.m. to 3 p.m. There will be games, Prizes, spin-art, cotton

candy and balloons. Refreshments will be served. "Come on down and join the fun," said a spokesperson.

The Hicksville Board of Education has begun consideration of a policy dealing with rights of students and their families. The policy, under the name Educational Records Policy, is an outgrowth of the federal Family Educational Rights and Privacy Act and New York State Law 94-142, governing specific procedures for pupil record keeping.

The policy currently before the board has been developed by Dr. David Weeks, Director of Pupil Personnel Services. Some of the pertinent facets of the policy are as follows:

School Board Considers Educational Records Policy

"School officials will have access to student education records for legitimate educational purposes to carry out their responsibilities to each student. Release of information to others is strictly controlled. Parents of students and eligible students have unlimited access to the student's education record. The parent or student may seek to correct parts of the record which he/she believes to be inaccurate, misleading, or in violation of the student's rights to privacy by filing a complaint with the Department of Education or

with the State Education Department."

Further: "The Hicksville Public Schools will designate specific, personally identifiable information as 'directory information.' Each year, parents and eligible students will be notified of the items the schools consider to be 'directory information'; parents and students will be given the right to refuse to allow any or all of these items to be released."

Dr. Weeks has verified the terms of the proposed Hicksville policy with the U.S. Dept. of Education's Family

Educational Rights and Privacy Act Office. FERPA Director William B. Riley responded enthusiastically to the Hicksville document: "...Two members of the FERPA staff and I reviewed the draft policy. We agreed that it was one of the best we have seen...I am very much aware of the time and effort involved in developing a records policy which will meet the demands of all parties concerned. I believe the draft you sent me meets that objective, and I would like to extend my congratulations to you on your accomplishment."

Hicksville East Executive Leader

Fred Vevante
President
931-4287

By now you have all learned of the senseless and vicious attack on President Ronald Reagan and other men who were members of his staff or were there to guard our elected official. Although there are many well-meaning, conscientious and responsible people who will disagree with me, I believe we should enact strict gun control laws to limit the sale of hand guns and to license all gun owners.

We have the dubious distinction throughout the world of being a violent people. The night before the attempted assassination attack on our President, we had a guest in our home from Greece who would like to buy a home in Nassau County because he is afraid to stay in New York City when he comes here on his many business trips. However, he wanted repeated assurance from us that we weren't afraid to live in our community. This man is a well-educated, intelligent ship owner who travels to the Mid East, the Far East and all over Europe. When he told us that our country is known throughout the world to have a high crime rate and being lenient to the perpetrators, I defended our country and said that the price of a freedom such as ours is sometimes very high. And besides, crime and violence is not just peculiar to our nation, but is prevalent all over the globe - including Greece.

Now how can I, or any of us, justify our lenient gun control laws to ourselves or anyone else? This is no longer the era when our homes had to be defended against Indian attacks or bandits. We have a strong national defence system and competent and skilled police forces across our nation - let's let them do their job of

protecting us! Enough is enough! We have drivers' licenses, automobile and boat licenses, liquor licenses, dog licenses, etc. So why draw the line at licensing a lethal weapon? If a citizen wants to own a gun for an honest reason - for sports or protection - then that individual should not object or feel intimidated because (s) he has to have a license for it. Write to your legislators and voice your opinion on this subject - that's why we voted them into office - to represent us and our beliefs!

And now a message from Fred Vevante, our club president.

"Our March meeting was well attended as always. There were 133 members present who enjoyed the St. Patrick's cake furnished by Val Zito.

"Councilman Doug Hynes was great -- his speech and jokes were received well by the membership. Thanks, Doug.

"Now that spring is here, we must get down to business as our May 1st dance will soon be here. Please ask yourself what you have done to make this dance a success. The Dance Committee depends on you for its success. Sell ads, tickets and raffles as soon as possible. I'm sure the dance will do well with your support. Chairman Hal Mayer said all ads must be in by April 15, and all ticket sales are to be turned in by April 29. Please make sure you write the ticket numbers on the face of your check.

"Helen Henderson asked that anyone who wishes to help her with raffle prizes please call her at 433-8265. Also, if you have any prizes to donate, please do it early. For additional tickets or raffles call Hal Mayer (735-8690), Joe Farrell (433-0819) or Joe Donovan (938-3190).

"Marie Bergen, our membership chairlady, reported that we have over 300 paid-up members. Our goal for 1981 is 500. The club member and committee person bringing in the most members for 1981 will receive an award. Don't forget to pay your dues as soon as possible. Mail your check to E.F. Franke, Republican Club of Hicksville, P.O. Box 591, Hicksville, NY 11802. Please include a stamped, self-addressed envelope so we can send your 1981 dues card to you by return mail. If you wish to join our club, call Marie at 931-0474, and she will send you an application.

"Our Good and Welfare chairlady, Helen Henderson, reported that Ruth Farrell has returned home from the hospital, but is still not completely well. Fred Vevante is recuperating from minor, but uncomfortable, surgery. Best wishes for a speedy recovery, Ruth and Fred.

We've Got Your Number

National Library Week is April 4 through April 11. The Hicksville Public Library has planned 10 days of special programs to commemorate this period of reminding the people of all that a library has to offer.

This year's theme is "We've got your number" and the programs that are planned are true to the slogan.

Friday, April 3 at 7:30 P.M. and Sunday, April 5 at 2:00 P.M. the film "Shane" starring Alan Ladd will be shown in our Family Film Series; Monday, April 6 at 8 P.M. an art lecture/demonstration will be presented by the Independent Art Society; Tuesday, April 7 at 8 P.M. Katherine Ball will discuss "Mothers and Daughters" to the audience; Wednesday, April 8 at 8 P.M. the Model Ship Builders will have a lec-

ture-demonstration on the way one can begin this interesting hobby; Thursday, April 9 the library will present Morris (Orenstein) the Plumber, in a short course on how to do minor plumbing jobs yourself; Friday, April 10 at 8 P.M. Michael Downey will present a slide show with a stereo sound track "From the Beginning to the Beginning"; Saturday, April 11 at 8 P.M. the Guitar Society's "Yankee Rebels" will perform an evening of Blue Grass music; Sunday, April 12 at 3 P.M., the final day of our ten day week, a chamber music concert will be presented by the Horizon Trio.

All library programs are held in the Community Room, which is now accessible to all the community by way of an elevator to the lower level. There is no charge for admission.

What Makes The Council Tick?

The Council is a voluntary group of business people who are officers of the Nassau County Chambers of Commerce. They meet regularly for the purpose of sharing ideas and information which relate to their major common problems and concerns as active members of their local business associations (Chambers, Boards of Trade, Merchants Associations). As a result of these

informal discussions there has evolved a list of topics which affect many of the Chambers and their members: flea markets and their adverse effects on the legitimate retailers and vendors; crime activities affecting retailers (vandalism, shoplifting, bad check passing, burglary, pilferage); need for effective legislation and police enforcement for retail-related crimes; ways to

increase and improve membership; need for good public relations and community involvement; etc. The executive board of the Council of Chambers consists of fifteen individuals who represent their respective Chambers.

An interesting and rather unique aspect of the Council is its nonstructural organization. Started as an ad-hoc committee, Nov., 1979, it has continued to sustain sufficient interest enabling it to plan and hold workshop seminars which have been attended by over 300 concerned business people over the past year. In spite of the fact that there are no dues or fees and no constitution and by-laws, the Council continues to grow by attracting more and more members from the County's Chambers of Commerce and Merchants Associations. Voluntary contributions and profits derived

by its annual workshop dinner sessions provide adequate working capital to meet its modest expenses.

Since its inception the Council's Board members have been using the Conference Room of the Nassau County Department of Commerce and Industry for their regular monthly morning meetings. The secretarial staff of the Department has assisted with some of the paper work and Mr. Armand M. D'Amato, Sr., Director of Commercial Research for the Department, who is also a member of the Rockville Centre Chamber of Commerce, has been selected to perform the duties of acting coordinator by the Council's Board members.

Commissioner Roy Cacciatore of the Department of Commerce and Industry from time to time sits in at the monthly meetings and offers suggestions and comments on some of the discussions. At the last meeting he designated the board members to serve as an Advisory Committee to his Department on matters relating to the local retailers, service companies and smaller businesses which comprise the bulk of the membership. County's Chambers. It is hoped that this relationship will provide a freer and smoother line of communication between the County government and the local, neighborhood business segment. Recently the Council has become associated with the LIA as a member.

Commissioner of the Department of Commerce & Industry, Roy Cacciatore, presenting a citation to Board members of the Council of Chambers of Nassau County on March 11, for their significant achievements in assisting the neighborhood retailers and smaller businesses throughout the County. In addition, the Commissioner asked the Council Board members to act as an Advisory Committee to the Department of Commerce & Industry. Shown in photo, left to right: Commissioner Roy Cacciatore; Arnold Premsky, Great Neck Chamber;

Martin Halken, Green Acres Merchants Association; John Carro, Merrick; Hazel Smythe, Garden City; Jeanne Elchhorn, Levittown; Dorothy Dee, Green Acres Merchants Association; Myra Wapner, Cedarhurst Business Association; Armand D'Amato, Sr., Rockville Centre Chamber, and acting coordinator of the Council and liaison for Commerce & Industry: Siegfried Widder, Hicksville; Wright Donnelly, Oceanside; Standing: Louis Van Den Essen, L.I. Spanish Chamber of Commerce, and Jerome Leahy, Baldwin Chamber.

At its last meeting it unanimously adopted a resolution endorsing the splendid work of the County's Executive Task Force on Anti-Vandalism which resulted in their publishing an Interim Report on this crucial problem last month.

What has made the Council an apparent success is not easily understood. How long will it continue to exist in its

present fluid, non-structured form is unknown. Will it be around this summer, next year, the year after is also uncertain. For the present it is performing admirably by providing a much needed forum for the voicing of common concerns and problems which are confronting the neighborhood retailers and other smaller businesses in Nassau County.

East Plainview-Old Bethpage G.O.P. Report

EXEC. LEADER
Dr. Chas. Arata

P. O. BOX 283
OLD BETHPAGE, 11804

PRESIDENT
Jeanne Noonan

Hi! This report, we hope will be informational, but first... Good luck, Chairman.

Sewers in East Plainview-Old Bethpage from the Seafo-Oyster Bay Expressway to the Suffolk line and a southern line in northern Bethpage to a northern line "about" 1500 feet north of Old Country Rd., is the Plainview Sewer District "P-3." We have been told that the bids will go out April 4 and digging could start by July. The district north of the line is "P-4" and the tentative bid date is Oct. 1982. Questions? Call 535-3290.

"What? - \$60 a couple for the June 5 Dinner Dance! Isn't that too much?" A few weeks ago for 1 1/2 hours at Manero's, we had no cocktails, but a full bottle of Pinot Noie, clams (3 each), steak for 2, tossed salad, special dressing, garlic bread, baked potato, sour cream, onion rings, parfait and coffee-total, with tip, \$48. Now, our \$60 gets cocktails to hors d'oeuvre from 8 to 9 p.m. and from 9 p.m. to 1 a.m. a full course prime rib dinner, open bar and dancing. One comment, because our Board of Directors had a long debate, our Town House contract was late, so that the biggest room we could obtain holds 250 people. Enough said!

So soon? School tax full is now due again, which suggested a review of all figures. "Assuming" an \$8,000 assessment, the taxes for 1981 will be: School Tax

(7/1/80-6/30/81). \$1,796.24; County General (Admin., NYS and NC Courts, Parks, D.P.W., Recreation, Welfare, Jails, Hospital) \$204.56; Nassau Comm. College, \$35.44; County Police H.Q.'s, \$82.48; County Police Dept., \$306.64; Plainview Sewer Dist. #3, \$39.60; County Sewage Dist. #3, \$47.12; T.O.B. General, \$64.40; T.O.B. Highways, \$85.76; T.O.B. Park Dist., \$17.84; T.O.B. Lighting, \$24.72; T.O.B. Drainage #1, \$62.80; T.O.B. Garbage, \$145.44; Plainview-Old Bethpage Park Dist., \$50.16; Plainview Fire Dept., \$63.12; Plainview Water Dist., \$24.00.

The total for Nassau County and T.O.B. is \$1,265.92; total including School, \$3,062.16.

A few more club members who like to share their expertise: Ann M. Irvin, Exec. Director, N.C. Youth Board; Murray Rosen, Director, Management Analysis on N.C., D.P.W. Commissioner's Staff (also

teaches some nights at Nassau Community College and C.W. Post); Joe Rogoff, Commissioner, TOB Community Services.

Veterans-Senior Citizens: Remember you have until May 1 to file for that tax reduction. Veterans who are already in the program should think of increasing the reduction by including the G.I. insurance dividends and disability received the last few years. The Assessors office, on the 4th floor, 240 Old Country Rd., Mineola, will be open two special nights from 7 to 10 p.m. on April 8 and 22. For information, Veterans can call 535-2333 and Senior Citizens can call 535-2377.

Ira Newborn, son of Rita and T.O.B. Tax Receiver Sol Newborn, wrote the music for the Barbra Streisand movie "All Night Long."

Seldin Sets Evening Hours For Vets And Seniors Exemptions

Senior citizens and veterans will be able to apply for their property tax exemptions on two evenings: Wednesday April 8, and Wednesday, April 22 - when the Nassau County Department of Assessment will be open from 7:00 p.m. to 10:00 p.m. to accommodate them.

"We are concerned that many senior citizens and veterans may not be able to file their applications for property tax exemptions during the normal business day," said Abe Seldin,

Chairman of the Nassau County Board of Assessors. "During our evening sessions, experienced personnel from the senior citizens and veterans divisions will be on hand to answer any questions and to assist eligible homeowners in completing and filing their exemption applications."

Seldin said that applications may also be filed during the Department of Assessment's normal business hours, from 9:00 a.m. to 4:45 p.m., Monday through Friday, until the

legal filing deadline of May 1st. The department's offices are located on the fourth floor of the Nassau County Office Building at 240 Old Country Road, in Mineola, on the corner of County Seat Drive. Parking facilities are available south of the building.

For additional information about the special evening hours for filing veterans and senior citizens exemptions, homeowners may contact the department's Taxpayer Information Bureau at (516) 535-2790.

4th Annual L.I. Ocean Run

The Fourth Annual Natural Light Long Island Ocean Run, a benefit for the National Kidney Foundation of New York, will be held Saturday, April 11 at Jones Beach State Park, Ocean Drive, in Wantagh.

The run, which includes a men's 10-mile and 5-mile, and a women's 10-mile and 5-mile, is sponsored jointly by Natural Light Beer and the Long Island State Park and Recreation Commission. The 10-mile events begin at 10:00 a.m. and the 5-mile runs at 10:30 a.m.

"Natural Light is extremely proud to be affiliated with the Long Island Ocean Run for the fourth consecutive year," said Bob Johnston, president of Harbor Distributors, Hicksville, the area

wholesaler for Anheuser-Busch products.

"Last year the event attracted nearly 700 runners from all over the New York metropolitan area," Mr. Johnston added. "This year we're hoping even more people will turn out - to run and to support our fund raising efforts on behalf of the National Kidney Foundation of New York."

Registration fees are \$5.00 if the runner registers before the race date on April 11, and \$6.00 at the race site. Runners can register in person prior to April 10 at Jones Beach; Belmont Lake State Park; Administration Headquarters; and the National Kidney Foundation of New York, 431 Park Avenue South, New York, NY, 10016. Mail entries will be accepted through

Thursday, April 9 addressed to: Fourth Annual Light Long Island Ocean Run, Box 247, Babylon, New York 11702. Checks should be made payable to "Natural Light Long Island Ocean Run."

Awards will include special race T-shirts for all entrants; jogging suits to the first male and female finisher in each of the four races; plaques to the first three male and three female finishers in each race; and special Natural Light Beer will be given as door prizes. Natural Light Beer will be distributed free to adults at the finish line and soft drinks will be available to runners under 18 years of age.

For further race information, phone (516) 669-1000 ext. 247.

Camp For People With Disabilities

A summer vacation of fun and relaxation is being offered to children and adults with orthopedic disabilities. The Easter Seal Society is pleased to announce that it is accepting applications for Camp Goodwill. Located in Chittenango, New York (Syracuse area), Camp Goodwill is a completely wheelchair-accessible facility.

Five sessions are planned for this season:

- Adults, 18 to 50: June 28 to July 6; July 9 to July 17.
- Children, 6 to 14: July 19 to July 31; Aug. 2 to Aug. 14.
- Teens, 12 to 18: Aug. 16 to Aug. 28.

Camp Goodwill offers expert caring supervision in an atmosphere of total acceptance.

For application forms or for further information, contact your local Easter Seal Society at 516/822-1501.

Collectors' Show

A show for baseball card collectors, which will include paper memorabilia, comic books and other collectables, will be held at the Plaza at Mid-Island on Saturday, April 4th from 10 a.m. to 9 p.m. There will be over 50 dealers trading in Topps, Donruss and Fleer 1981 cards.

Parking and admission are free at this easy to reach shopping center, located on route 107 in Hicksville.

Purcell Calls For Tougher Law On Item Pricing

Eighteen out of 21 stores checked by Nassau County Consumer Affairs market inspectors during the week of March 16 were failing to comply with the state's item pricing law, County Executive Francis T. Purcell said today. But he added that, under provisions of the current law, no violations could be issued unless the items were not on the store's exempt list or were found still unmarked 30 days later.

Purcell called on the state legislature to enact a new consumer protection law with tougher enforcement procedures and penalties.

Purcell's comments are contained in testimony submitted to a State Senate Consumer Protection Committee hearing in Albany on March 30.

Purcell noted that the current three-year state law

requiring item pricing expires on Dec. 31. Although the assembly has passed a new version of the bill, he said, the senate committee is considering a different bill. Purcell said the bills should be reconciled and toughened to give consumers greater protection, especially in super-markets using laser scanners at the checkout counter.

"Item pricing is one of the few weapons left to consumers in the battle to ward off the inflationary spiral," Purcell said. "Consumers overwhelmingly want to see the price marked on the package and not just on the shelf."

Purcell cited a survey conducted by the county consumer affairs office which showed that 98 percent of shoppers used item pricing to compare products as they shop, 92 percent used it to make sure they were

being charged the proper amount at the checkout counter, and 50 percent used it to check register tapes at home.

Despite the supermarket industry's claims that item pricing compels them to pay higher labor costs, 84 percent of the shoppers believed the benefits of item pricing are worth the extra cost.

Purcell urged the legislature to adopt a law similar to the one enacted in Nassau and Suffolk counties in March, 1976. The local law, superseded by the state law, required item pricing on about 96 percent of the items in a supermarket. Sale items, small items and milk and produce, which move into and out of a store quickly, would be exempt from price marking, but conspicuous signs would be required adjacent to these items, he said.

The Castle Theme

A fascinating symposium entitled "The Castle Theme in American Architecture" is scheduled for Sands Point Park and Preserve's Castlepoint Saturday afternoon, May 9th, from 2 to 4 P.M.

The program, organized by the Museum Services Division of the Nassau County Department of Recreation and Parks, features illustrated talks by three specialists who have done extensive research on the topic.

Recreation & Parks Commissioner Abram C. Williams said that the free symposium is designed to examine the sources for the castle motif in the medieval revival, to account for its arrival in America and appeal to Americans, and to present examples of the use of the theme. The 200-acre Sands Point Park and Preserve with its remarkable concentration of castellated structures makes an ideal setting for the event.

Hudson River castles will be the focus of the illustrated presentation by Dr. John R. Zukowsky, architectural architect for the Art Institute of Chicago and visiting professor of Architectural

History, University of Illinois. One of the most famous of the large buildings overlooking the Hudson, "Lyndhurst," was the boyhood home of railroad heir Howard Gould who built the "Castlepoint estate" which will house the symposium.

The revival of interest in Spanish castles in the 19th century, and the manner in which travellers (such as Washington Irving) brought the inspiration to America will be discussed by Dr. George R. Collins, Professor of Art History, Columbia University.

The interest in castles and castellated houses as it arose through the English Medieval Revival will be developed for the audience by James Russell, of Alexander Cooper Associates. Mr. Russell's illustrated talk will examine the rebuilding of ancient castles, the building of sham castles as 19th century residences, and the use of castellated elements in country houses. In this portion of the symposium the symbolic character of castellated elements will also be presented, along with insight into what these architectural elements were

perceived to mean at different times.

A reception, sponsored by the friends of the Nassau County Museum, will follow the illustrated talks.

There is no registration fee or requirement, but advance reservations are suggested to insure seating. The telephone number to call for reservations or additional information is 883-1612.

The Museum will also be featuring a related special exhibition from May 9 to July 6, "David Macaulay's 'Castle Drawings'." These are studies by the noted artist for his popular, witty and whimsical book, "The Castle," published by Houghton Mifflin.

The Museum's Americana Storage-Study collections are also open for public visitation following the seasonal reopening May 2. Hours at Sands Point Park & Preserve are 10 - 5, Saturday through Wednesday. There is a \$1 parking fee.

Sands Point Park & Preserve is located on Middle Neck Road, Sands Point, north of Port Washington, and approximately six miles from Long Island Expressway exit 38.

THEY'RE OFF AND RUNNING: Shown planning a "Nite At the Races" on June 30, at Roosevelt Raceway for the benefit of the American Heart Association/Nassau chapter, are (center seated) Mrs. Kay Glenn Arulay,

Chairperson (Hicksville) and [L. to R.] Carlo Pagliese [East Meadow]; Mrs. Mary Perry, R.N. [Levittown]; and Dr. Sidney LaPook [Great Neck]. Attendees will view the races from choice tables in the glass-enclosed

Cloud Casino. For an evening of fun and excitement and a chance to help the Heart Association's programs of research, public education and community service, call 741-5522 for tickets.

Annual Bake-Off

The Annual Nassau Council of Girl Scouts, Inc. Bake-Off will be held on Saturday, April 11, at the Waldorf School, Cambridge Avenue, Garden City, New York from 9:30 a.m. to 12:30 a.m.

Community Bake-Off winners from Junior, Cadette and Senior levels will compete for 1st, 2nd, 3rd and Honorable Mention prizes in three categories: Cakes, Pies and Breads. According to Council Bake-Off Chairman, Nancy LeGloabec of Syosset there will be approximately 100 participants in this year's Bake-Off.

A program will be presented during the judging by a Senior Troop from ELM (East Rockaway, Lynbrook, and Malverne) Association of Girl Scouts.

The Bake-Off is open to all who wish to attend.

COME ON DOWN! Nassau Police Emergency Services Officer Doug Stigelmaier practices repelling off the roof of Police headquarters in Mineola in preparation for the Annual Police Open House. The week of April 20-26 has been selected for this year's event. Tours will be given between 10 A.M. and 4 P.M. throughout the week

and everyone is invited. Also included in the tour will be the Underground 911 Communications Center, the detention cells, indoor pistol range, a four legged member of the Mounted Unit and a police helicopter.

Bring the kids and bring a camera! For further information call 535-4131.

Letters To The Editor

Dear Mrs. Noeth:
The Trustees of the Hicksville Gregory Museum highly commend and thank the Hicksville Board of Education for its enlightened and strong acceptance of the Museum's offer to enrich our educational programs with a wide variety of museum-sponsored services, at the Board meeting of March 25.

We are most grateful, also, to the many taxpayers and community leaders who wrote the Board of Education on behalf of the museum and its proposal. Especially effective in demonstrating community belief in the value of the Gregory Museum were the

resolutions of respected organizations, for which the Museum Trustees are very appreciative. Letters of support from: the Executive Board of the Hicksville Chamber of Commerce; the Edward J. Kenny Club, the incorporated body of the Joseph Barry Council, Hicksville Knights of Columbus, and the Board of Directors and general membership of the St. Ignatius Loyola C.Y.O.

The trustees, staff and volunteer workers of the Hicksville Gregory Museum will make every effort to justify the outpouring of belief in the museum and the Board of Education's wise and enterprising decision.

Sincerely,
Richard E. Evers,
President,
Hicksville Gregory Museum

Dear Mrs. Noeth:
Not only am I working for the good of the Hicksville Library while serving in my capacity as Trustee, but I am always seeking ways to improve service available to you, the Library patron. As a 4-H Leader (and Chairman of Mid Island 4-H Leaders Council), I have fostered utilization of the 4-H programs in the Children's Room of the Library. This past summer, the result was that a total of 230 children attended these workshops, at no cost to the library taxpayer. 16 other libraries in Nassau County also utilized these services, which are again being offered to libraries this summer.

I have also served on the 4-H County Committee who are providing all library children's rooms with a monthly flyer on things to make in conjunction with each month, i.e., Halloween.

By attending a Seminar on Working with Handicapped Youth at the National 4-H Center in Washington, I received information which is helping me to pursue the possible implementation of a T.T.Y. (teletypewriter for the deaf) in the Nassau Library System to serve deaf patrons.

Serving on both the Dutch Lane and Junior High P.T.A. Executive Boards has enabled me to constantly strive for communications between the library and the school.

Our taxes are supporting the Library, the School, and 4-H. Let's utilize all of them to the best of their potential to serve us, the taxpayer. This is what I am trying to do as a Trustee active in community affairs, and it is for this reason that I am seeking your support for my reelection as Library Trustee on Wednesday, April 15th.

Very truly yours,
Clara T. Bennett

Dear Editor,
With this letter I propose to explain to the Hicksville community my resolve to run for the Board of Library Trustees.

Of course I cannot cite past achievements in this office since I have not held it. My professional life in medical research at New York University, in biological research at Cornell University and as teacher in the Hicksville Schools was always enlarged and supported by acquiring as much professional information as possible. I expect to do the same in office as Library Trustee when elected. Most certainly I would want to know as much as possible about all aspects of this office.

Now that the Library is fully accessible to the handicapped (and I claim continued involvement with this project in helping to raise the funds for the original blueprints) I want to tell you why I've decided to be a candidate for Trustee.

For years, whenever the Budget Vote for the Library was cast, I was distressed to see the already small turnout of voters decline. Observe the following record:
1976 - 625 votes.
1977 - 655 votes.

Galileo Lodge News

By Joe Lorenzo

INSTALLED: Oyster Bay Town Councilmen Douglas J. Hynes (second from left) Thomas L. Clark (third from left) and Kenneth S. Diamond (second from right), were on hand for the installation of officers of the Galileo Galilei Lodge 2253.

Order Sons of Italy in America. Among those sworn in were 1st Assistant Grand Venerable Joseph Montemmarano (left), Venerable Tony Previte (center), Ladies Auxiliary President JoAnn Wallick and 2nd Assistant Grand Venerable Nick Viglietta (right).

Highlights of the installation were the eloquently delivered speech of Ven. Tony Previte and the \$1000 donation given to the Galileo Lodge by the President of the Ladies Auxiliary, JoAnn Wallick. Rev. John Mezaros summed it up in his inimitable manner as he called this installation a study in beauty and simplicity.

Two activities of the Galileo Lodge's Spring and Summer Calendar of Events have come and gone - both financially and socially successful. But now two other activities loom large on the Galileo Lodge's Entertainment horizon, and they are the Anniversary Dance and the May Dance.

As for the Anniversary Dance, which is scheduled for the 25th of April, to be chaired by Ted Marotti and assisted by Jim Pino. Tickets will sell at \$15 per person, and to be featured will be a sumptuous dinner consisting of Chicken Cordon Bleu cooked in Orange Sauce, beer, soda, set-ups, coffee and cake and some pleasurable dance music from a leading L.I. combo. Unlimited liquor will be served and a cocktail hour will embellish the night's proceedings. This is the dance where our big money raffle will take place, and by the way, all members are urged to hand in these tickets as soon as possible. Contact Ted Marotti at 681-5190 for additional information concerning this activity, which surely sounds like another exciting performance by the members of the Galileo Lodge.

Dignitaries included Hon. Judge A. Roncallo, Hon. Judge J. Saladino, Reverend John C. Mezaros, Vice Chancellor of Rockville Centre and son of Jules Mezaros of Galileo Lodge, Councilmen Ken Diamond, Douglas Hynes, Tom Clark and Gloria Moffitone, Pres. of Ladies Aux. of Balbo Lodge. Also in attendance were many Venerables of the various Lodges of the Order of Sons of Italy in America and they were: Herb Capitolo, Mike Avella, Joe Nacci, Dom. Ambrose, Ann Palazotto, Josephine Nunenkamp, Tony Pizzo and Dom. Maffettone.

1978 - 417 votes.
1979 - 480 votes.
1980 - 414 votes.

This indicates to me that the community takes the Library for granted to the point where only a small minority of eligible voters mandates the operation of this all important institution. I should like to become a majority candidate. We all pay taxes however few votes there are and I believe that we should represent our interests in ever larger numbers. I want to work for a broad-based community involvement in the Library. I want to know and will research what you, the community, expect your Library to provide for you. What do you want for your children, who use it as an aid in their studies? What programs, study groups, courses, services, in addition the many excellent opportunities, f.i. in the musical field, already available to you, would you like to see? My concern is to be fiscally responsible, to help you get the very best library for your tax monies.

So come out to show your consent and support by casting a large vote for me and the budget on April 15! Very sincerely yours,
Josephine Buckner

The special election scheduled for Tuesday, April 7th in the 13 A.D. promises to be an interesting one. The seat is the one vacated by Tom Gulotta when he became Presiding Supervisor of Hempstead. Guy Mazza is the Republican and Right of Life candidate, Thomas Shiloro is the Democrat, and Joseph Curran is running on the Conservative line. The reason why the Conservatives chose to run Curran instead of backing the Republican candidate as they generally do is not known, but his candidacy will draw a significant number of votes away from Mazza. Last November the Conservative vote was 3591 in that district. Under these circumstances,

the backing of the new Right to Life Party could be decisive. Realizing this, the Democrats launched a legal challenge against the Right to Life Party endorsement of Mazza, criticizing the Party's method of nomination. However, the challenge failed last week in Supreme Court on the grounds that the Democratic Party had no right to object to another party's by-laws. Interestingly, the 13th A.D. is Stanley Harwood's Assembly district. Harwood is the Democratic leader in Nassau County and once held that seat himself.

In a related matter, last week Governor Carey drew applause and boos from the (Continued on Page 12)

It was the Hicksville Comets first league game. They played the Massapequa Tornados at Massapequa. It was a tough first half and Hicksville had a strong wind against them. Mark Michell as goalie made some beautiful saves. The fullbacks John Giuttari, Bobby Himmel, and Michael Luongo did a good job clearing the ball out. The mid fielders Tom Bell, Tim Doyle, Jeff Gluck, and Jimmy McMahon did a good job turning the ball around. Massapequa scored on a penalty kick which made the score 1-0 at the end

of the first half.
The forwards Anthony Conte, Jim Curley, Frank Humphreys, Ryan McCann, Thomas Reilly, Mike Segal, and John Schneider took many shots on goal but were denied scores. Tim Doyle scored the tying goal from a corner kick. The coaches and parents are all proud of the Comets who displayed good sportsmanship and showed that they are capable of a good hustle.

The season opened with the Eagles traveling to Cold

Spring Harbor to play the Hawks. The Eagles were victorious 2-0. The game was exciting and fast moving with all the boys holding and playing their positions. Brian Doyle and Billy Sussman were excellent in saving and defending our goal. There was strong defensive playing on the Full Back line, especially Richie Chakrin in Center Full Back - Robert Radke, Mike

Wzniak and Billy Neway held their full back positions well. We were very strong both defensively and offensively on our Half Back Line with Bobby Kratochvil holding firm in Center being assisted by Mike Olive and James Panceoekian. Both goals were scored from the Center Forward position by

Mike Lavorone with a perfect on target assist from Kenny Hamel. The second assist came from Richie Chakrin at Fullback. Our new player David Fujimoto was outstanding in his left wing position. Greg Pressman played well from Right Wing.

We all wish Vincent Longo a speedy and complete recovery from his accident. We hope he will be able to be back on the field next week when we play the Plainview Strikers at Grumman Field. We are all looking forward to an exciting season.

Yanks Win Three

The season has just begun and the under 16 Hicksville Yankees have already tucked three quick victories under their belts in the last two weeks. The first two games were big (8-0, 6-1) wins over two Massapequa teams in Regional Cup matches and last Sunday's game was a 4-2 decision over the Huntington Boys Club Strikers. This was also the first league game of the Spring season and marked the boys 17 straight outdoor

game without a defeat. Coaches McHugh and Creshman were very concerned about the Huntington game as, several of the Yankees were sidelined with injuries and sickness but, those that could, played extra hard and the team prevailed over a hungry Striker team. The first goal was scored by Adrian Pepi and Steve Thompson had the hat trick in this big Yankee win.

The boys next match is against a greatly improved Northport team in the third round of the Regional Cup and the coaches are hoping that some of the wounded will be back in action.

LEGIONNAIRE'S LOG By Artie Rutz

CHARLES WAGNER POST #421
HICKSVILLE, N.Y.

"One Of The Grass Roots Of The American Legion"

Each year at our national convention many resolutions are put forth and adopted and then you read the long list of resolutions in our national magazine. Have you ever followed some of these resolutions after being accepted as Legion mandates? What happens once the "good ideas" receive the necessary "ayes" and become Legion points of interest to prod our elected officials with? Well to do what was intended by the adopted resolution it must be now converted into a proper bill by a congressman and be introduced with an HR number. Congressman "Sonny" Montgomery, (Democrat, Mississippi), Chairman of the House Committee on Veterans' Affairs, has continued his emergence as one of the principal figures in the continuing battle for veterans' benefits. Beginning the battle on January 22, 1981, Chairman Montgomery introduced 35 bills promoting improved benefits for veterans' and their dependents. Responding to a request by The American Legion, 15 of the 35 bills introduced directly reflect resolutions adopted at the 1980 National Conven-

tion. The following is a list of those 15 bills, most of which are expected to receive serious consideration during the 97th Congress. HR1158 was introduced to promote the care and treatment of veterans in State veterans' homes. This will provide partial reimbursement to the State for costs of caring for any war veteran in a State domiciliary, nursing home, or hospital providing the veteran is eligible for such care in a VA facility. HR1164 will allow the VA to pay burial and funeral expenses, (not to exceed \$300) and to transport the body to the place of burial, when death occurs in State home or a VA facility. HR1171 will require the VA to continue payments made to hospitalized incompetent veterans providing the veteran's estate does not exceed \$3,000, and resume such payments when the estate is reduced to \$1,000. HR1142 is legislation that would provide hospital and medical care to certain members of the Canadian Armed Forces. HR1173 is a bill which would assign the responsibility of the "Agent Orange" study, mandated by PL96-151, to an independent

scientific agency. HR1163 will amend title 38, to increase the burial allowance for veterans to \$400. HR1156 was introduced to extend the community nursing home care at VA expense from six to nine months. HR1149 proposes that Syringomyelia be included among the chronic slowly progressive diseases and provides a seven year presumptive period for the purposes of service connection. HR1157 supports the extension beyond September 30, 1981 of the grants-in-aid program to the Veterans Memorial Medical Center in the Philippine Islands. HR1170 has been introduced to remove the inequities from the present VA compensation regulations. It would allow concurrent payment of retired pay and VA compensation to retired member of the Armed Forces. HR1150 is a bill which would require the VA to include the loss of one lung or the loss of one kidney on the list of anatomical loss or loss of use disabilities. This would provide the payment of additional compensation for such losses. HR1145 is legislation which would provide service connection for

PROCLAMATION: Oyster Bay Town Supervisor Joseph Colby proclaims the week of April 5 through 12 "The Week of the Young Child" to call attention to the need for

human rights for young children. On hand to accept the proclamation were (left to right) four-year old Ellen Cooke; Georgann Cooke, president of the Hicksville

Cooperative Nursery School; three-year old Billy Cooke and Adrea Seligmann, director of the nursery school. The Cookes all hail from Hicksville.

Lupus Erythematosus becoming manifest to a degree of 10% or more within one year from the date of separation from a period of war service. HR1167 has been introduced to provide special adaptive automobile equipment to service-connected veterans whose knees or hips are ankylosed at favorable angles and are required by

State vehicle licensing laws to obtain such equipment. HR1152 is legislation which would amend title 38, USC, so as to provide a special pension program for the veterans of World War I. HR1154 includes language which addresses two important Legion mandates. While it would further improve the disability and

death pension program for veterans and their dependents, it would also restore the end of year rule for pension purposes, which had been eliminated with the passage of PL95-588, the Improved Pension Act of 1978. This list of proposed legislation is but a brief glimpse of the overall picture of The American Legion's legislative program for 1981. We will attempt to monitor these bills and report their progress from time to time as time and space permit.

Volunteers Invited

Volunteers are invited to be trained as guides at Sands Point Park and Preserve. The former "Gold Coast" estate, operated by the Nassau County Department of Recreation and Parks, features mansion tours, nature walks, exhibits and a view of the Museum's Americana Collection.

The volunteer program offers participants opportunities to enrich their cultural experiences by becoming active in a community educational service.

One program involves volunteers as guides at Falaise, the former estate mansion of the late Capt. Harry Guggenheim. The guides will interpret the art, architecture, furnishings and lifestyle of this distinguished example of the American interest in transplanting Medieval and Renaissance art and architectural fragments from Europe.

The second program in-

volves volunteers in conducting outdoor education lessons for school groups and nature walks for the public. The nature preserves feature woodlands, old fields, a beach and a man-made pond. Native vegetation and ornamental plantings provide habitat for abundant bird species.

Volunteers are trained by museum curators and naturalists to be able to assume the responsibilities of guides. This year's training program for Falaise volunteers begins on April 7th. Training of nature guides is on-going with a special review session scheduled later this Spring.

New volunteers will be selected to join the 100 members of the present roster. For further information, call Coordinator of Museum Volunteer Services at 364-1050. Sands Point Park and Preserve is located on Middleneck Rd. in Sands Point.

A re-creation of the Annual Town Meeting called each spring in keeping with mid-19th Century New York State law will take place at Old Bethpage Village Restoration on Saturday and Sunday, April 4 and 5.

Polls open at 11 A.M. for the election of officials. The meeting, in which visitors are expected to take part, will convene at the Noon Inn at 2 P.M. The question under discussion will be the disposition of lands held by the community in common.

The problem was a serious one. State law required that

each town support its own schools and poor. Then, as now, there was always a question as to where the necessary money might be found. A proposal to sell the acreage which the voters of the town held in common and place the proceeds in an especially earmarked fund, seemed a reasonable solution on its surface. It meant, however, that each voter must relinquish any claim to his individual share of the property and its possible present or future value.

And what was to be done for the marginal poor - the

non-landowners and non-taxpayers who had been accustomed to use these lands to farm for the support of their families? Indeed, there were many diverse ramifications hidden within the innocently worded resolution and it is expected that most of them will be brought to light in heated debate before the vote is taken at 4 P.M.

Town meeting days were also social occasions. On Sunday afternoon, the militia will drill in the crossroads area and popular music of the 1850's will be

played and sung in the Layton House parlor.

Old Bethpage Village Restoration, operated by the Museum Division of the Nassau County Department of Recreation and Parks, is located on Round Swamp Road, Old Bethpage, south of Long Island Expressway, exit 48. Hours are from 10 A.M. to 5 P.M. The village is closed Mondays. A gift shop is located in the reception center. Admission is \$2.75 for adults, \$1.50 for children. Leisure pass holders pay \$2.25 and \$1.25, respectively. Parking is free. For further information, call 420-5280.

When you watch the TV movie, "Masada," on April 5, make note that Esther Vevante, sister of HICKSVILLE Fred Vevante, is the supervising editor of this film. Fred is proud of his sister's accomplishments at Universal Studios in California. Esther has worked on "Jaws II," and "Centennial" along with a number of other hit shows. She traveled to Tel Aviv to work on "The Acts of Peter and Paul" which will be seen on Channel 7 during April.

Jean Karen Nelson was united in marriage to Robert James Newton, at the United Methodist Church in Hicksville by the Rev. Eric Fjeldal.

We join their parents, Ruth and Harry Nelson and Johanna and Bill Newton in wishing the couple much happiness and success in their life together as husband and wife.

Marian Braun of 158 3rd St., HICKSVILLE, is ill with a sudden heart condition. She is recuperating successfully at her home and has great faith of rapid and complete recovery.

Her many friends, neighbors and relatives have shown their concern by sending cards, flowers, fruit and prayers for her recovery.

Marian would like to say "Thank you" to everyone and "God bless you all."

Sam Agrillo of Syosset was installed on March 29 as the Exalted Ruler of the Hicksville Lodge #191 of the Benevolent and Protective Order of Elks. He has pledged to continue to work for the community, for our youth, for charity and our disabled veterans - the commitments to which the Elks are dedicated.

Congratulations to Peter and Irene Marchione of East St. HICKSVILLE, on the recent birth of a son, Joseph Anthony, at North Shore University Hospital.

Clara and Bill Bennett will be celebrating their 22nd Anniversary on Saturday, April 4th. Clara is a Trustee

of the Hicksville Public Library and Bill is a Trustee of the Hicksville School Board. Congratulations to a community-spirited couple.

Coming soon to Lena and Bill Pietruszewicz is a momentous occasion. They will be married 37 years on April 9. We wish you many more happy years together, and "May the honeymoon never end." Congratulations, folks.

Anne and Bob Rennett of Mayfair Lane, HICKSVILLE, tripped the lights fantastic (and we do mean fantastic) the other evening. They spent a fun-filled evening at Uncle Sam's, the discotheque on Hempstead Turnpike.

John Brewer of Hicksville lifts a monster cod on a setline while fishing S.E. of Jones Inlet. It weighed 72 lbs. and was weighed at Neptune Marina Seaford.

LOVING WHEN IT IS TOUGH

Even a casual reading of Leviticus 19:18 suggests that we might be in for some uncomfortable lessons. Unlike Gibran's, The Prophet, and other lyrical works dealing with love, the Lord does not speak with his head in the clouds but rather with his feet firmly planted on an earth filled with conflict and hatred. In the holiness code of Leviticus, God says that those who consider themselves among his children are not to take revenge on one another and not to bear any grudges. I am sure that some of us have felt vengeful in the last week. Perhaps we have even sought to hurt or discredit someone who first hurt us. The feeling of wanting to even the score is what God is speaking against. Perhaps some of us are bearing a grudge as a result of some offense we suffered at the hands of someone else. Grudges are the result of an unforgiving spirit. In the Sermon on the Mount, Jesus speaks against the emotion of hate. Rather than hurting back those who hurt us, Jesus tells us to pray for them.

Right about now we may be thinking, "But this is not the natural order of things." Correct! It is not normal to love an enemy. It is unnatural to hit back. Grudges are natural reactions to offenses. Then does God expect us to be abnormal or unnatural? He sure does. For you see, Jesus makes it clear that the ways of God are not the ways of the world. They haven't been since the fall of Adam and won't be again until He returns. God calls upon us to be different, and as we invite Jesus' powerful presence into our daily relationships, we can be different. We believe and celebrate that Jesus was different. He was a sinless man among sinful men. While men hold on to tightly to life, he was willing to give his up. The customary behavior of crucifixion was not to pray for the forgiveness of those who subjected them to crucifixion. Coming back to life again after being in the tomb for three days was definitely not the natural order of things. An infinite God becoming a finite man, this is perhaps the most unusual, if not unnatural happening, of all.

The essence of this biblical lesson is that we are to love unconditionally--as we have been loved unconditionally by Jesus Christ. To love because we have first been loved. To forgive, having been forgiven ourselves. Most of our lives we have been taught to love conditionally. We have often had to earn or deserve love before we could have it. Conditions have been placed on giving and receiving love. Real love is simply accepting another persons completely and unconditionally, as God accepted us. The object of this unconditional love is other people, but is is also ourselves. How can we not love ourselves? If God saw our worthwhileness and sent his only Son to die for us, why

are we so often down on ourselves?

Recently, when one of our Sunday School envelopes put in the collection was opened, there was no money in it. Nevertheless, the child who put it in the collection plate made perhaps the most God-pleasing offering of anyone present that day. In the envelope was a small slip of paper. On it two crosses were drawn, the symbol of God's unconditional love. These words were also written on the paper, "Please forgive me, I have nothing to give but love." To have Christian love, unconditional love, is not to have nothing but to have everything. It is also the most important thing we can give.

Hicksville Baseball

By Carol Wolf

Since it is four weeks until the season opens, the HBA would like to thank our sponsors: Antun's Caterers, Dalton Funeral Home, Discount Liquors, Galileo Galilei Lodge, Green Crest Enterprises, Harbor Distributors, Hicksville Bike, Lions Club, George Malvese and Co., Meenan Oil, National Bank of North America, Northern 5 & 10, Center Island Pennysaver, Peters Cleaners, Solomon Insurance, Sparkling Beverages, West Wagner Funeral Home, VFW Post 3211, and Walter Donaldson Volkswagen, Porsche-Audi. Without such giving people, there would be no HBA this season. Please support them as they have supported us.

Practice will begin shortly for our major teams. After this league gets a few days on the field, the minors begin. The farms and

instructional teams should receive calls from their managers in approximately 2 weeks. Soon those winter weary muscles will be stretched and the body conditioned for the fabulous sport of baseball. Don't forget that opening day is May 2nd. Mark that date on your calendar and promise your child that you will attend their game.

There is only one week left to reserve your ticket for the wine and cheese dance to be held from 8 to 12 at Levittown Hall on April 18th. All tickets must be paid for by April 10th so that the refreshments can be purchased. There will be NO tickets sold at the door.

Keep your subscriptions coming. There are 78 paid 1981 subscribers to the MID ISLAND HERALD with 22 more to go. Remember, the 1980 subs will expire in May and it will be difficult to keep up with HBA news if you do not receive the paper.

Nite At The Races

Proceeds from this affair will go to AHRC for the many programs which they provide for the mentally retarded.

Association for the Help of Retarded Children (AHRC), Hicksville-Wantagh-Levittown Auxiliary, will hold a "Nite at the Races" on Saturday, April 11, 8:30 P.M. at the AHRC Mansion in Brookville. Price of the ticket is \$3 per person and includes hot dogs, beer, coffee and cake. You may bring your own liquor and set-ups.

For reservations, call Ann Carroll, 681-4034 or Marion Halsey, OV 1-7225.

used this logic with regard to state funding of abortions. The Supreme Court held last summer that neither the federal nor state governments need pay for abortions, but Carey's position, stated at the same NOW meeting, was to continue this financing with taxpayers' money, despite "the law of the land". In 1980 an estimated 50,000 abortions were paid for with state tax funds.
