"Concert for the Gregory Museum," an evening of jazz, will be presented on Sunday evening, May 17th, at 7:30 PM in the Hicksville Senior High School Auditorium. Proceeds from this concert will be donated to the Hicksville Gregory Museum, in an effort to assist in its continued cultural and educational enrichment of the community and its schools.

Job Sharing Forum

The Office of Continuing Education, Hicksville Public Schools, will present a forum on Job Sharing, Monday, May 11 at 7:30 PM in the Little Theatre of Hicksville Senior High School. The forum is free and is open to the public.

Job Sharing is a work time alternative whereby two employees hold what was formerly one fulltime position. Two employees, or even

three, can determine with their employer how to restructure existing positions, share responsibilities, divide fringe benefits and schedule time to fulfill job requirements and meet personal needs. Salary and fringe benefits are usually prorated individually. In some cases, tasks are assigned to each sharer; in others, the effort is collaborative.

The forum will be conducted by Patricia Lee, President of WORKSHARE, Inc., a management consulting firm. It is scheduled to last one and a half hours and will highlight recent developments in job sharing and its implications for the future. Over 300 leaders of the Mid-Island business community have been invited to attend. Part of the program will be

devoted to questions from the audience. Mrs. Carole Levy, coordinator of WORKSHARE in Nassau County, may be contacted for reservations at 333-6608.

Anyone who might be an employer of job sharers, or anyone who might be interested in becoming a job sharer, will find this forum highly interesting and informative.

Parents Rights

Last Tuesday night, the Old Country Road School PTA sponsored a program entitled, "Parent's Rights", featuring a presentation by Dr. Catherine Fenton, Assistant Superintendent/Elementary Education. Over sixty-five par-

ents heard Dr. Fenton's description of the Board of Education's newly adopted Educational Rights Policy, which details parents' and students' rights to accessibility and availability of student records. Samples of a typical student's

cumulative folder were distributed to the audience with accompanying explanations of all contents, from reading achievement charts to standardized test data.

Discussion highlighted the Hicksville School District's testing procedure, from kindergarten through 12th grade, with in-depth emphasis placed on parents' use of their child's Achievement Profile, which is mailed to parents at the beginning of each new term.

The evening's presentation, comparing the achievement of students at Old Country Road School with districtwide achievement, was followed by a discussion of the school's instructional program. Dr. Fenton stressed the importance of parents' involvement, concern and interest in the education of their child; she also emphasized the importance of communication between parents, school personnel, teachers and principal.

The subject of "Patients' Rights" was the topic under discussion at the April 29 meeting of the Hicksville Kiwanis Club when Mrs. Gloria Hallisey, Director of Nurses, Upjohn Health Care Services, was the guest speaker.

Mrs. Hallisey spoke about patients' rights in a hospital situation, emphasizing that patients are entitled to a concise explanation of all pro-

cedures and tests in simple language. Also, they are entitled to know what risks are involved, and that they may request a second opinion, and may refuse treatment.

In the photo, Vice President Charles Montana, Jr., on the left, is shown presenting Mrs. Hallisey with a certificate of appreciation, as Kiwanis President "Brad" Hsley looks on approvingly.

Galileo Lodge News

By Joe Lorenzo

VERERABLE TONY PREVITE'S MESSAGE: "All human power is a compound of time and patience." — Balzac.

On Saturday night, the 16th of May, the Galileo Lodge brings forth the flowery opulence of Maytime and heralds the rapidly-approaching season of summer enchantment. How and why? Well, simply because that is the night when the Galileo Lodge presents its May Dance, under the masterful guidance of Mary Monteforte of the Ladies Auxiliary. Assisting Mary Monteforte will be co-Chairlady Carmen Russo (931-1054), who is handling ticket sales and seating arrangements, and Sue Lurenti, who is also an able member of that committee. Dolores Ragone, whose unsurpassable wizardry with flora and fauna boggles the imagination, will head the decorating personnel. In addition to this floral decor, you will be offered a tasty roast beef dinner, coffee and cake, beer, soda, set-ups and the lively dance music from the Diatones — all this for the modest sum of \$9 per person. Please be notified that a "bring-your-own-liquor" policy will be in effect that night. In conclusion, then, for a summer night of pleasure and relaxation, for congeniality and a delightful atmosphere, why not head for the Galileo Lodge on the date mentioned here and enjoy yourselves to your hearts' content.

Other important events which will soon appear on the Galileo Lodge's summer

horizon are Blood Bank Day and the Italian Feast, scheduled to start on Wednesday, the 22nd of July and end on Sunday, the 26th. Blood Bank Day is scheduled for the 18th of June, at the Galileo Lodge quarters. Venerable Tony Previte will supervise this activity and the importance of this Blood drive is obvious to everyone. Blood is life. It sustains and nurtures our very being. Can you stress enough the vital properties of blood when emergencies arise and illnesses strike? And for this very reason the Galileo Lodge anticipates a hearty receptiveness to this blood program. Please remember, too, that if you participate by donating your blood, you automatically become a member of this program. All filial Lodges on Long Island are asked to join our blood drive. More on this activity in later columns.

The other activity of special interest is the Galileo Lodge's Italian Feast, with the dates mentioned above. For something a little different in enjoyment and diversion, our Italian Feast will offer you an activity that is reminiscent of days gone by, with the aroma of Italian delicacies, rides and amusements, live music and gayly-colored lights to brighten up the summer night. Put these Italian Feast dates on your Summer Calendar of Events and add a little brightness to your lives. More on this activity in later columns.

On Sunday morning, the 3rd of May, members of the Galileo Lodge attended a Solidarity Breakfast at the Holiday Inn in Hempstead. This affair was held by the

Commission of Social Justice of the Order of the Sons of Italy in America in conjunction with the Anti-Defamation League of B'nai B'rith. The main theme of this activity was that both Italian-Americans and Jews act in unison and harmony to extinguish the fires of bigotry and prejudice which exist in all forms of human endeavor, and to help other ethnic groups to preserve their dignity and self-respect. Joseph Catalano, an attorney and member of the Galileo Lodge, is a member of that Commission.

LODGE TIDBITS: The Galileo Lodge reports that its last Vegas Night, held last Saturday night, the 2nd of May, was a financial and social success, and it continues to urge all its members to assist in further presentations of Las Vegas Nights. Remember the bowling season has started within the Galileo Lodge, so contact Jeff Wallick Jeff Wallick (681-8428) and Jim Pino (822-7066) for more details about this activity. Activities such as picnics, outings, golfing sessions and other sports activities will soon be presented by the Galileo Lodge for its summer recreational season. Plans are being readied for the renovation of the Galileo Lodge basement, which, when completed, will give its members and friends more forms of leisure and relaxation. Keep abreast of reports concerning the Galileo Lodge's August Dance, which will be an affair reminiscent of the old-fashioned Italian weddings. Carl Mellusi is slated to "chair" this activity.

Town Honors Senior Volunteers

Senior citizens were honored at Oyster Bay Town Hall in ceremonies recognizing their efforts in the Town of Oyster Bay Volunteer Services Program. The ceremonies were highlighted by the presentation of the "Senior Man of the Year" and "Senior Woman of the Year" awards by Town Supervisor Joseph Colby. Senior Citizen Recognition Day is held annually in the Town of Oyster Bay and coincides with the nationwide observation of May as Senior Citizen Month. Merit awards are presented to various seniors in recognition of the time and effort they contribute as part of the Town's Volunteer Services Program. The Senior Man and Woman are cited for their outstanding contributions.

This year's "Senior Woman of the Year" is Mrs. Lillian Kopf, 79, of Plainville. Walter Kompass, 72, the "Senior Man of the Year," hails from Locust Valley.

Mrs. Kopf was honored for the time she has devoted to the St. James Parish Church in Seaford, participating in the One-to-One Program, the Out-Reach Program and the Touch Program. Her dedicated service to these programs has brought light and hope to the sick, handicapped, shut-ins and the terminally ill of the parish. She has also helped to start the Timothy Hill Childrens Ranch in Riverhead that is now helping neglected and abused children. Her participation in the Blood Drive and the St. Vincent De Paul Society in Plainville have helped to make services available to those in the community that need it.

Town Board Approves Special Counsel To Fight Discriminatory Zoning Charges

With another class action suit being filed against the Town of Oyster Bay and ten of its villages claiming that their zoning is exclusionary and intended to deny housing to minorities and low-income persons, the Town Board on May 5 authorized the hiring of special counsel to defend its zoning practices.

"The accusations in this case are false and seek to destroy the suburbs by virtually claiming that the suburban character of our communities are discriminatory and should not be allowed to exist," according to Town Supervisor Joseph Colby. "Remaining blind to the attractiveness of our communities, this suit is reminiscent of the NAACP suit in that it claims the reason housing values are high in our Town is because of what it calls exclusionary zoning."

"The suit totally ignores the existence of the Town's variety of residential zoning ordinances and chooses to ignore the fact that the attractiveness of the proper development of our communities is the cause of great demand. In a free market demand is the controlling factor of prices, not zoning regulations," Colby charged. "I was Town

Attorney for Oyster Bay Town when a similar suit was overcome. In that action, the Town fought housing discrimination charges brought by the NAACP. That suit also attacked the zoning as a cause of what it claimed to be racial and economic discrimination. Those charges were false when they were brought in 1971 and they are false today," Colby said.

He noted that the balance of Town growth, attributable to balanced zoning ordinances, will again serve to defend the Town.

"The zoning practices of this Town has constantly been racially blind and totally unbiased," Colby said. "Through half truths, this suit ignores the free economic system of this country in its attempt to stretch beyond reason to claim that our zoning ordinances should be declared unlawful and that a court should control our right of home rule."

The suit seeks to force the Town and its north shore villages to amend their zoning ordinances to bring about the construction of high density apartment buildings.

"This is another serious challenge to the rights of the

suburbs to survive. It took us four-and-a-half years to overcome the NAACP suit and this will probably be another long and expensive test of our home rule authority," Colby said.

The suit is a class action filed by nine individuals. In general, the individuals claim that they have sought housing in the north shore communities of Oyster Bay Town and have not been able to locate adequate living quarters that are within their economic means.

In addition to the Town, the suit is filed against the Villages of Brookville,

Lattingtown, Laurel Hollow, Matinecock, Mill Neck, Muttontown, Old Brookville, Old Westbury, Oyster Bay Cove and Upper Brookville.

Through emergency action the Town Board designated the law firm of Hall, Dickler, Kent and Howley of Garden City and Manhattan to undertake the defense of the Town's zoning ordinances.

"We believe this law firm has the expertise and knowledge of the area," Colby said. "We recognize the seriousness of this case and know that it must be won if suburban communities are going to be allowed to exist."

Dear Friends...

THIS IS A SWITCH... instead of his usual role as host at the Annual Nassau County Republican Committee's dinner, County Leader Joseph Margiotta has been unanimously selected to be the 1981 Guest of Honor at this gala occasion which is scheduled for May 14 at Colonia Hill in Hauppauge. Although we are sure that one of the reasons for this selection is because his thousands of friends and neighbors want to show loyalty to this popular leader, after the ordeal of his recent trial, but it is also because most feel that this honor is small compared to all that Mr. Margiotta has done for those he has represented in the State Assembly and for his Party as its leader, through the years. It is well deserved.

Love is what the famous red shield of The Salvation Army represents. Love in the form of care... assistance... companionship. The Army extends this care to anyone in need.

At The Army's Adult Rehabilitation Center at 194 Front Street in Hempstead, one finds a moral force for a better society. A residential Rehabilitation Program that attempts to return men to productive society is found here according to Captain Lawrence Shaffer, Center Administrator.

Some men come to the Center on their own for help; others are referred by Agencies in our Community, and still others by Alcoholics Anonymous. The Center helps men attain new life that motivates them to seek dignity and independence for themselves. In Hempstead there are usually between 65 - 75 in residence voluntarily. Residents, to expand their skills, are assigned to various work therapy programs including food service, housekeeping, maintenance, shops, merchandising, office to mention a few.

The goal of the Center is to "help men to help themselves," by developing them morally, physically, socially and spiritually. The Program is geared to the development of strength of character until the man is strong enough to assume the responsibilities of life. Evening Programs consist of Individual and Group Counseling, AA Meetings, Bible Classes, Group Discussions, Spiritual Opportunities thru Chapel Services, Social and Leisure Time Activities. Upon entrance to the Program all men are seen by the Center Medical Team which consists of 4 Registered Nurses and a Medical Doctor.

Outside Events are encouraging to the residents. Recently they attended the opening day game at both Yankee and Shea Stadium as well as a fishing trip from Freeport.

Find out more of "what's behind the red shield" by visiting the Center on Front Street during National Salvation Army Week, May 11 - 17. There are Tours of the Residence and Plant on Wednesday, May 13 from 10:30 - 2:30.

THAT'S ALL for this week. We wish much happiness to all mothers and their families, over the coming Mothers' Day Weekend. Stay well.

JFK News

By Adam Wink

THE HOLOCAUST REVISITED

In the annals of world history, World War 2 is documented as the war which touched the lives of all people in the civilized world. It was a global affair that encompassed the major nations of the world and their allies. Beginning with Hitler's invasion of Austria in 1938 and ending with V-J Day on September 2, 1945, the War took over 22 million lives and left over 34 million wounded. Of these 22 million dead, 6 million were Jewish.

Recently Mrs. Lillian Dubsky visited JFK High School and spoke of her life before and after the war. The program was a joint venture sponsored by the Student Options Committee, under the direction of Mr. Richard Keubec, and the JFK Social Studies Department, under its chairman, Mr. Melvin Brenner. Mrs. Dubsky, a former

teacher at Garden City High School, and currently a resident of Plainview, originally hailed from Austria, where she and her parents dwelled during Hitler's reign of terror.

In 1938, Austria was under the control of Chancellor Kurt Von Schuschnigg, who struggled to keep Austria independent. Having insight of Hitler's plans to invade Austria, Schuschnigg put a vote to the people of Austria on whether or not they wished to come under the control of the Germans. The vote never took place, though, as Hitler invaded Austria the day before the vote was to have taken place. The Germans were widely cheered by the Austrians and welcomed into the nation. Hitler annexed Austria, renamed it Ostmark and appointed Arthur Seyers-Inquart Nazi governor.

Recounting these incidents, Mrs. Dubsky said

that Austria was ripe for Hitler's advances. It was a defeated nation and its huge Austrian-Hungarian empire had crumbled. It jumped at the chance to join the German Nation; after all, it spoke, wrote, and thought German. Mrs. Dubsky continued, saying that the Nazis had "fell from the sky and came up from the ground." They yelled "Death to the Jews" and told Austrian citizens to boycott Jewish stores.

One night, Mrs. Dubsky and her parents were visited at their home by two men in full Nazi attire. They came in, took all of the families' valuables, and left the house. Oddly enough, the Nazis wrote on a piece of paper exactly what they had taken from the house. The next week, two other Nazis entered the Dubskys' store and threw Mrs. Dubsky's father out of it, even though he owned the store. The

Dubskys' had had enough and they decided to escape from Austria even though the odds against their escaping were enormous.

The Dubskys' decided to escape on the bottom of a hay truck, knowing full well that if they were caught, they would meet certain death at the hands of the Nazis. The truck made its way into the neighboring country of Hungary. While there they set up a temporary residence and waited for their chance to start a new life. One night, though, they were visited by a stranger who walked into their home and simply said "Tomorrow the police will come here and arrest you". By doing this the man had saved their lives. In Mrs. Dubsky's words, the strangers warning was a "miracle." They sneaked around Hungary, jumped on a plane and made it to the United States and freedom.

Letters To The Editor

Dear Editor,

We urge all Hicksville residents who wish to preserve the pleasant, well-maintained residential quality of Hicksville to join us in opposing the proposed construction of a 30-foot cement hopper on Railroad Lane, right in the middle of town. The proposed cement hopper will be harmful to the health of occupants of private homes, convent, rectory and children walking to and attending school. It will bring about increased noise and vibrations, and will cause air pollution and traffic congestion.

The industrializing of this central Hicksville neighborhood will downgrade the neighborhood, with our prized assets of easily accessible transportation, schools, churches, library and shopping facilities.

Over 2000 Hicksville residents have already signed petitions sent to the Town asking that this proposal be turned down... but now is the time to act.

The Town Board of Zoning Appeals may make its decision as soon as May 13, so we urge all concerned neighbors to express your opposition to "Appeal No. 81-14" to erect a cement hopper on Railroad Lane in a letter to Mr. Ray

H. Schoepflin, Chairman, Zoning Board of Appeals, Department of Public Works, Town Hall, Oyster Bay 11771.

Please ask the Chairman to deny this appeal. Time is running out, so please write today!

Yours for a better neighborhood,

To the Editor:
Ho-Ho-Here we go again - First we had the surprise of Jones Institute being sold to King Kulen and NOW we have a bigger joke - the

extension of Duffy Ave.

I cannot see any reason for this waste of money. I have been at my place of business for 25 years at 360 Duffy Ave. and ONLY serious traffic problem we now have is train traffic at Newbridge Rd. between 4:30 and 6:30 p.m.

A much cheaper solution would be to install traffic light arrows for traffic going east and west on to Newbridge Rd.

Can you imagine what will happen to Broadway traffic with this so called EXTENSION!

Yours for better economy,

AROUND OUR TOWNS (Continued from Page 2)

Couldn't forget to wish a special person, happy birthday on his special day. Peter Ference, Hicksville, celebrated his birthday on April 16. Pete is an unselfish and giving person. He's always the first one to offer help when it's needed. Good luck to you, Pete.

Beverly Jo Arnold, formerly of HICKSVILLE, now of Tulsa, Oklahoma, was happy to entertain her parents, Olga and Joe Arnold and grandmother, Josephine Heinemann of Princess St., HICKSVILLE, for the Easter holidays.

One of the highlights of the Easter Season was the Good Friday service with the presentation of the Bethany Lutheran Choir, of "The Seven Last Words Of Christ" by Theodore DuBois, under the direction of Beverly Jo, Choir Director.

During the Easter Sunrise Service, Beverly Jo sang a solo, "I Know That My Redeemer Liveth."

An unexpected experience for Joe, Olga and Mother was a tornado alert. Three separate tornadoes hit and devastated three different areas within one hour's time. All were within 15 minutes away from Beverly's apartment.

Olga told us that all enjoyed the visit and sight-seeing.

Last April 27, 1980, we wished Hal Mayer, III, a very happy first birthday and told you about a large birth-

day party that was held in his honor. This year, we wish Hal, III, a very happy second birthday. But we have to report that he had two parties held in honor of the occasion. I wonder if Hal, III will have three parties for his next birthday, four parties for his birthday after that, etc. At that rate, either his parents will go broke or we'll run out of space in this column. Have a happy anyway, Hal, III.

The Kremler family was jumping last week - and we do mean "jumping." Seems Brian (# 6 son) and Peter

(# 7 son) made their first parachute jump up in the Albany area. They were part of a group of ten from SUNY/Farmingdale who travelled to upstate New York for this thrilling experience. The group had about six hours of training before they made their jump from 3,000 feet. However, Peter said his "mind went blank" when he jumped from the plane and he forgot everything he had just learned. Nevertheless, both Brian and Peter made successful jumps. We learned their Dad, also parachuted from a plane

back in 1945. But Frank Kremler was forced to jump when his plane was shot from under him. Frank's jump was from 25,000 feet. He landed behind German lines and was promptly captured. Within a week after capture, he escaped and got back to his unit safely.

Engaged

Mr. and Mrs. William McCulloh and Mr. and Mrs. William Kelly, both Hicksville families, happily announce the engagement of Peggy McCulloh and Tom Kelly on April 24.

Dems Pick Austin To Run Against Colby

With the sweet smell of victory already in the air, the Oyster Bay Town Democratic Committee has unanimously designated a Town ticket headed by Party stalwart Leonard B. Austin as the candidate for Town Supervisor. The selections were made at the Town Democratic Convention held at Eisenhower Park's Salisbury Restaurant on May 4.

Austin, a prominent local attorney and civic leader, was brought up in Farmingdale and now makes his home in Jericho. He was the Democratic candidate for Town Supervisor in 1979, and his strong showing in that race caused quite a stir among local political leaders in both major parties. In addition to his law practice, Austin also serves as special legislative counsel to the New York State Assembly

Democratic Town Supervisor candidate Leonard Austin (C) accepts the congratulations of leading

Speaker's office.

Rounding out the Democratic ticket for the November Town election are Town Board candidates Joseph Palmbo - of Massapequa-

Plainview Democrats George Gluck (L) and Hans Hirschhorn (R) at the May 4 Democratic Convention

John Davidson of Syosset, Ned Lamont of Laurel Hollow, and Jeff Lisabeth of Syosset. A candidate for Town Clerk will be picked at a later date.

The Hicksville Comets traveled to the North Shore Jr. High to play the North Shore Rogues. The Comets played a very good game but suffered a loss of 1-0.

The first half was scoreless, both teams passed and showed good hustle but were denied goals. In the second half the Rogues scored with about 10 minutes to go. The Comets played hard and fast but were unable to score.

The Comets had Anthony Conte, Jim Curley, Frank Humphreys, Ryan McCann, Jim McMahon and Thomas Reilly as forwards and wings. Bobby Himmel alternated between fullback and mid-field. Michael Segal and John Schneider alternated between fullback and forward lines. The midfield consisted of Tim Doyle and Jeff Gluck. Our fullbacks were John Giuttari and Michael Luongo. In goal we had Mark Michei.

Our best wishes go to Tommy Bell for a speedy recovery from surgery, and hope to see him on the field soon.

Hicksville Eagles
Boys U 11

Coached by Tom Reilly and Ken Hamel

The Eagles traveled to Glen Cove to play the Tigers. They were defeated 6-2. They played a very good game. All the boys played hard trying to defend their goal. Two goals were scored by Vincent Longo. The Tigers have been undefeated all season and had no goals scored against them. Even though the Eagles were defeated it was encouraging to know that they were unable to be the ones to score against the Tigers. There was a lot of action on the full back line with Richie Chakrin in center. Robert Aade in left and James Panchookian in right. The half backs were strong and fighting with Bobby Kratochul in center, Kenny Hamel in left and Mike Olive in right. The forward line tried very hard to offend the opposing goal with Mike Savarone.

Greg Pressman in right wing, Mike Conway, Billy Sussman and Brian Doyle tried hard and played a good game sharing goal. David

The Hurricanes have completed two successful weekends of League & Cup play, advancing to the next round of the L.I. Cup competition. Last weekend's game against Northport was exciting and gratifying, as passing and anticipation began to peak. Halfbacks Kyle Richards & Bobby Ladimir both had an excellent game, setting up many runs at goal, and breaking up Northports offensive plays. Hicksville's first goal came from a corner kick by wing Chris Flanagan which looped into the net was called back because of a foul on the field. Goal #2 was also by Garnets who received the ball back after it was deflected by Northport's goalie, and put it in the net. Final score 2-0.

Saturdays game was against Cow Harbor. Wing David Kuck played an excellent game and had a number of great offensive plays. Halfback Matt Adelstein had another good day, breaking up many of the oppositions forward drives as did Chris Santarelli. The only goal of the game came following a series of passes in front of the goal, and the ball being put in the net by center Drew

Gulotta Reaffirms County Board Support For Esposito/Padavan - Hits Attempts to Mislead Homeowners

On April 30 Hempstead Town Presiding Supervisor Thomas S. Gulotta denounced attempts by the New York State Assembly leadership "to intentionally mislead Nassau County homeowners concerned about the disastrous fiscal impact of full value reassessment on their homes."

Gulotta, vice chairman of the Nassau Board of Supervisors, reiterated his support and that of the county board for immediate legislative passage of the Esposito-Padavan bill that would amend the state's Real Property Tax Law to permit

local governments to return to the fractional assessment procedures in effect prior to the 1975 Hellerstein full value assessment decision. Those procedures would allow residential properties to be assessed at lower rates than income producing commercial and industrial parcels.

"It greatly disturbs me when I hear the Assembly Speaker try to muddy the waters on this vital issue by telling local homeowners supporting Esposito-Padavan that their county board disagreed with their position," Gulotta stated. The county board, he noted, voted 92 to 3 on March 16 in

support of Esposito-Padavan.

The presiding supervisor said word of the Assembly leadership's misleading statements were relayed to him by members of the Civic Action Council, an organization of concerned homeowners whose members traveled to Albany this week to convince the Assembly leadership to support passage of the Esposito-Padavan legislation.

Gulotta said the misinformation relayed to the homeowners was an obvious attempt to confuse the situation and "divert attention from the Assembly leadership's inaction on the

reassessment issue."

He noted that on March 30 the Nassau Board of Supervisors passed another resolution calling on the State Legislature to adopt a homestead exemption to lower residential property taxes by exempting a portion of a home's assessed value from taxation. A recent court decision - *Slewett & Farber v. the Nassau Board of Assessors* - has put that issue back in the courts.

"Our most pressing problem is reassessment at full value," Gulotta said. "Our immediate goal is legislative passage of the Esposito-Padavan bill to protect our homeowners."

Before Choosing A Technical School, Know Its Reputation

For students contemplating a career in a technical field, choosing the right school is a crucial decision. How does one make the right choice?

"The most important factor in selecting a technical school is to know its reputation in your field of study," says Kingley G. Bewley, president of the Bell & Howell Education Group, a nationwide network of institutes which specialize in education for electronics and computer science for business.

"For example, if the school specializes in electronics, find out what kind of reputation it has in the electronics industry," says Bewley. "This can be done by checking with your career counselor or with personnel departments of electronics companies. If a company tells you they only hire graduates of certain schools, those are the schools

you should consider attending. Never risk your investment of time and money at a technical school that is not highly-regarded in the industry."

Bewley, whose Bell & Howell Education Group comprises one of the nation's largest proprietary (private), post-secondary, technical education organizations, lists several questions which should be answered when assessing the reputation of a technical school.

- Is the school accredited by the Accrediting Commission of the National Association of Trade and Technical Schools (NATTS), the main accrediting body for trade and technical schools?
- Is the school accredited by, or being considered for accreditation by, a regional accrediting body such as the North Central Association of Colleges and Schools?

• Does the school assist its graduates in finding career employment prior to and after graduation? If so, what is its placement record? Does the school maintain records on graduates to monitor their career development?

• If the school offers associate or bachelor degrees in electronics engineering technology is it accredited by the Technology Accreditation Commission (TAC) of the Accreditation Board for Engineering and Technology (ABET)?

Does the school assist students in obtaining financial aid, housing, and part-time employment during the school year?

Does the school have modern, up-to-date laboratory equipment and facilities?

In addition to appropriate educational background, does the faculty have "real world" work

experience in the subjects which they teach?

• Does the school have a library containing technical journals, periodicals, books and reference materials?

"Getting an education is more than attending classes and hitting the books," says Bewley. "Therefore, you might also want to find out if the technical school you are interested in has extracurricular activities such as student senate, intramural athletics, social mixers and hobby clubs."

To get a first-hand view of what a technical school that interests you is really like, Bewley strongly advises visiting the campus.

"Attend classes; ask to see the library and laboratories; and ask about the courses and programs in your area study. Also, observe what the students are like. Talk to as many as you can. They'll be your best source for candid, realistic opinions about the school."

Manhattan Myopia

By Francis T. Purcell, Nassau County Executive

block business relocation to the suburbs? Which says that young people dreaming of owning their own homes should be forced back into the core city by suburban two-acre zoning laws that would put home ownership beyond the reach of all but the wealthy? Which says that there should be no offices built in the suburbs?

This incredible document flies in the face of everything that we have been trying to do in Nassau County. We have been trying, with considerable success, to attract new businesses here in order to provide more jobs for our residents. Businesses find Nassau County attractive because our labor force is better educated and more

productive. And because they can rent space here for \$12 to \$14 a square foot compared to \$20 to \$25 a square foot in New York City.

Our success in attracting new business is measurable. In the past two years, our Industrial Development Agency helped 47 businesses expand or relocate in Nassau County, adding 2.8 million square feet of business and industrial space, and creating or retaining 9,992 jobs, with payrolls totaling \$144.7 million.

Jobs are the economic lifeblood of any community. Yet, the Tri-State Planning Commission wants us to turn back the clock, stop trying to recruit new businesses and make ourselves economic

dependencies of the city. Granted that the economic viability of the entire region pivots on New York City's economic health. But New York City, in turn, benefits from regional economic viability.

The Tri-State Commission planners should look out their windows on a clear day. Perhaps they cannot see very far. But maybe — they would be able to recognize that out there, beyond Manhattan, is a whole region made up of component parts, each with its own economic identity, each composed of people who want to make their homes in suburbia and work near where they live.

MARRIAGE SERMON
There is no question that God instituted marriage and wishes that everyone makes marriage a lifelong endeavor. There is also no question that men are only to be married to women and vice versa. Yet, successful marriages are not made in heaven but are worked out with much care and patience in living rooms, bedrooms,

and kitchens. The Bible contains many practical suggestions for those who are married and for those who might marry in the future. In Ephesians 5:21 much is summed up in a very neat package. "Honor Christ by submitting to each other."

In our text Saint Paul ties the marriage relationship into our relationship with

Jesus. "Honor Jesus," he is saying, hold Him in love and esteem. How? "By submitting to each other." He says that we would give ourselves away to our spouse, primarily for his or her sake. Now this submission, this giving of ourselves, is not to be half-hearted. It is not to be the "I'll do this for you, if you'll do that for me" variety of giving. Rather, we give ourselves to our spouses for their sake, freely, without strings, for the purpose of enhancing their lives. Let us look at one area of marriage to see how God's words, "Honor Christ by submitting to each other," might work out. I might mention that these will also have value for those who are single for they too are involved in interpersonal relationships.

I believe it was the Mills Brothers who made popular the song, "You Always Hurt the One You Love." Fighting is one of the realities of married life. Unfortunately, most of us do not handle it well. Fighting is a negative way of communicating some very strong feelings. If we accept the premise that the point of all communication is to get closer to each other, then we might seek more constructive and positive ways of communicating our strong feelings rather than destructive fighting. Although time doesn't permit us to consider all the suggestions for what I call "creative fighting," let me mention just a few. Discover what you are really fighting about. What's really underneath it all, then stick to the subject, don't bring up past history. No name calling. Remember you are fighting with the one you love

— hurt her and you are hurting yourself and your marriage.

Back to the Mills Brothers... if we are able to hurt the one we love more than anyone else, then we, as a spouse, have the greatest ability to bring healing to our relationship. If we really want to heal the other person, we can. Healing not only after fights but throughout life. Healing comes through a gentle touch, saying "I'm sorry," and really meaning it... not just to get the heat off. It is also forgiving one another and accepting each other's limitations.

Jesus Christ is the greatest facilitator of healing in marriage. He gives us the power to forgive our spouse—not because he deserves it but because he needs it. We forgive not only for his sake but for our sake and for our marriages' sake. For marriage is something that we are in together and when one or the other is hurting, both of us are hurting, and our marriage is hurting.

"Honor Christ by submitting to each other," is God's good word for us every day. Those who are wise work hard at their marriages. Those who are wiser work hard too, but they also invite God's help in loving each other. If God wants your marriage to work, and He certainly does, then He is anxious to give you whatever you need to make it work. But both of you must keep strong in the Lord, worship Him every week, study His word, pray with and for each other daily and your marriage will blossom and bring glory and honor to Christ.

As promised, over 10,000 signatures were presented to the Town Board on April 28th to protest the opening of the new abortion facility in Hicksville, in violation of a Town law that prohibits abortions outside hospitals. The signatures had been gathered in every corner of the Town, in Bayville, Oyster Bay, E. Norwich, Hicksville, Plainview, Syosset, Bethpage, Farmingdale, Plainfield, Massapequa, North Massapequa, and Massapequa Park. Unfortunately, the Town's decision was not to enforce the law on the grounds that a similar Village of Hempstead law had been struck down by the Court of Appeals several years ago. We thought we had good arguments to distinguish the Oyster Bay case from Hempstead, but their research prevailed.

of L.I. Cup play, with the Hurricanes meeting Brentwood. In spite of a slow start, against the wind, and being down 2 goals at halftime, the boys didn't give up in fact, their determination came through early in the second half. With only minutes gone, Hicksville scored AFTER a cross from Flanagan to center Donohue. The second goal was by center half Pine put a grounder by the goalie. Pine had a number of good shots on goal from midfield. Goal 3 followed a cross from wing Ladimir to Donohue who turned the ball and put in a grounder. The fourth goal followed a similar pattern, from Ladimir to Donohue, dribbling around the defense and putting in a grounder. The final score was 4-2 Hicksville.

Evidently the state has pre-empted at least this aspect of the abortion question for itself, and if any changes are to be made they must be made at the state level.

The original impression given weeks ago was that the matter was being bounced from Tinkers to Evers to Chance, and that every department disclaimed responsibility. Also we refused to believe that there would be any problem in attempting to enforce the law. However, at the end of 2 1/2 hours conferring with Town officials, we reluctantly agreed that there would, indeed be problems, and that whatever remaining action could be taken would be a split responsibility between the Town, the County and the State. The matter has not been dropped, and no options have been ruled out.

In the second half the Comet's forward line which consists of Michael Segal, Jimmy McMahon, Ryan McCann, Frank Humphreys, Anthony Conti and James Curley did sensational in keeping the ball down in the Jaguars end of the field. They took many shots on goal but were to be denied. John Schneider did beautifully alternating between midfield and forward line.

game, two overtime periods and a penalty kick shoot-out to hand Hicksville its first loss since last August. For most of the contest, the Yankees played one man short due to an ejected player and even led in the game a few times. The defense was weakened, however, and the hungry Massapequa team (Hicksville defeated them 3 weeks ago 3-0) tied the game each time. At the end of regulation time, the score was tied 3-3 with great goals by George Marco, John Fitzgerald and Dave Smyth. Each team scored once (Smyth) in overtime and the Bugs won it on penalty kicks. Jimmy McGeough tried valiantly on defense and played great soccer for the Yanks. The team must now regroup with some tough games in front of them. On Saturday, they defeated North Shore 3-0 to move on to the semi-finals of State Cup.

This game will be played on May 16 against Brentwood.

LEGIONNAIRE'S LOG

By Artie Rutz

CHARLES WAGNER POST #421
HICKSVILLE, N.Y.

"One Of The Grass Roots Of The American Legion"

The annual Blue & Gold affair staged by county for the benefit of AHRK will be held Saturday night, May 9 at the Massapequa Post. Tickets are \$10 each. At Monday's meeting the Post voted to send two Color Guard members to the State Convention at Syracuse, July 17th. Our S.A.L. Squadron was presented with a Citation of Achievement for enrollment sur- passment. That's the first bit of action from that quarter in many a moon. The Wagner Squadron was a very active squadron at one time and several of its members became county commanders of the S.A.L. The big problem with the S.A.L. is the age range, which is from birth until, very difficult to have workable programs and activities unless the great majority of the boys are of the same age group. But there is no reason why the S.A.L. today could not be a power to aid and abet the purposes of The American Legion even though all the older members have well grown

up and very possibly became Legionnaires in their own right. But then again, some did not, and now may be the time for all our former quadron members to return and give the unit a adult slant on things. Don't you think? There will be a meeting of the executive committee on May 14 at 8:30 P.M. At Monday's meeting a new member, LOUIS GIANISANTE, was introduced to the assemblage. Welcome aboard, LOUIS. And also at the meeting we had the Past President of our Auxiliary Unit, Mae Sheppard, on hand to show the membership the beautiful POPPY PILLOWS the girls were making and selling for only \$5 each. If you are interested, call Mae at 935-3638. Which should remind you that MEMORIAL DAY is just a few weeks away and news of the annual Hicksville parade and observance will be available on the front page of this shortly. Or perhaps even in this space. Do remember we are honoring Memorial Day on Monday, May 25 and would like as many of our members to participate in the parade as possible. And a reminder to all Past Commanders. The annual Dinner Meeting of the PAST COMMANDERS' CLUB will be held at the Main Maid on Friday, June 12. Please call Palmer Walsh at 931-3299 and make your reservation as soon as possible. This year we will have our own room on the ground floor level. Again to all Past Commanders, make reservations for you and the missus early. Our next Las Vegas Nite is scheduled for May 23 so all concerned make your plans now. Past Commander Dick Hochbruckner related to the membership at Monday's meeting of his interesting experiences while visiting Legion Posts

With apologies to Alfred M. Herrman, District Chair- man, Kiwanis Education, who wrote the "ABCs of Kiwanis Education" in the January 1981 issue of The Empire State Kiwanian, we have borrowed his idea and hereby submit:

The ABCs of Republicanism
A... ATTEND: ATTEND your Republican meetings.

B... BRIDGE: BRIDGE differences in understanding through common endeavor.

CARE: Take time to CARE about yourself and your fellow Republicans.

DEVELOP: DEVELOP new friends at your Republican Club this year.

In Jamestown and Falconer (Southern Tier country) Past Com- mander Frank Walsh will be serving next year at Sergeant of Arms for Nassau County American Legion. And P.C. Tom Nikitas, that Friend & Fan of the National Football League for 55 years, is going to engage in another attempt to place an old time player's name in the Football Hall of Fame. This time he is touting Benny Fried- man. Remember him? I do. So now Tom has two entries fighting to make the grade, the first being Herb Presnell. And Tom also collects wampum for the 40 & 8's Wapahoes. We will have a FLAG BURNING on June 13th and ARTIE HIRSCH has 4 or 5 unservicable flags to donate. How many can you bring to the Post for proper disposal before June 13th. Any meeting or Friday night would be a good time to bring those old, tired and well used flags to the Post. Past Commander John Sheppard collected 41 Boosters for the State Con- vention Journal and the Post forwarded the names and the covering check. Thank you, John. You did it again.

Growing Up And Feeling Good

Growing Up and Feeling Good will be the topic at the next meeting of the Hicksville Junior High PTSA to be held on Monday, May 11 at 8 p.m. in the Junior High Cafeteria.

Family Dynamics and Sharing Feelings will be the

topic for discussion. Ellen Rosenberg, Director of Growing Up and Feeling Good Workshop will be the guest speaker.

Students of the 7th, 8th and 9th grades and parents are welcome to attend.

Town Board Places Restrictions On Central Park Plaza Approval

The Oyster Bay Town Board granted the petition of Central Park Plaza in Plainview for a change of zone from "D" residence to "F" Business District but placed restrictions on the property to prevent traffic from utilizing residential streets.

Councilman Salvatore R. Mosca stated that "the

building in question, a former school, is to be converted into professional office space which could be utilized by the attending physicians at Central General Hospital, across the street from the site."

"Concern by residents of the area about increased traffic congestion at that point on Old Country Road

led to a covenant whereby the builder will provide for and install a traffic light at the property exit on Old Country Road," Mosca said. "The restrictions also limit ingress and egress to the office building solely from Old Country Road, so as not to permit traffic generated at the building to use Gerhard Road."
