23 Vamps Injured In Paint Store Fire

A 3 alarm blaze, which erupted at 10:57 p.m. on Sunday, May 24, destroyed two stores and six office suites on the second floor at a shopping center at the corner of Old Country Rd. and Newbridge Rd., Hicksville. Efforts of the 165 Hicksville Vamps assisted by an additional 75 Vamps from Mutual Aid Departments prevented the flammable liquid fed fire from spreading to 10 other attached stores and the Stock's Funeral Home. 25 pieces of apparatus were used to control the 8 hour blaze. Local Fire Departments giving mutual aid were Jericho, Plainview, Syosset, East Meadow, Bethpage, Westbury, and So Farmingdale. The Nassau County Police set up an aid station to treat the injured.

Chief Richard Kershaw of

the Hicksville Fire Dept. was in command of the operations. The fire was believed to have started in the basement of the Color-mart Paint Store. It apparently burned undetected for a period of time before a passerby saw smoke and turned in the alarm. Numerous explosions in the basement, a blocked basement stairway, kept Vamps from entering. Holes were cut in the floor above and expansion foam units from Hicksville and Westbury dumped foam in an attempt to douse the inferno in the basement but fire spread through air spaces and utility shaftways to the roof area. Paint, thinners, and laquers burned furiously.

Much of south east Hicksville was under a cloud of acrid smoke for about 4

hours. Smoke at the scene was so thick it blocked vision of the building, personnel and apparatus. Hicksville Chiefs, fearing a towering wall 3 stories high would topple onto 2 Hicksville engines halted operations there and moved the trucks back, one unit at a time. Other companies covered and retreated.

Most of the injured suffered smoke inhalation. The thick acrid, toxic smoke was everywhere. At one point, six Vamps and one Chief were blown out of the doorways at the Paint Store when the materials stored in the basement erupted. Fire officials cited the blocked stairway, lack of a sprinkler system in the hazardous material storage area as the reasons why the fire spread so rapidly. The Vamps called

for stricter fire codes. "You can't load a building with flammable liquids and expect it to survive a fire," stated Asst. Chief Owen Magee. "The more water we poured in, the worse the fire got." He stated stricter codes are only half the problem. Insurance companies have to step up requirements for fire suppression systems, better construction fewer short cuts and gimbics to make construction cheaper. In newer construction gusset plates hold roof beams together. When fire weakens these areas the whole thing comes down on you. Magee stated that until the codes are improved the fires will continue, and insurance companies will continue doling out money.

passenger remained in the cab.

Mark Hannan, 25, of East Meadow, working in a nearby factory, rushed to the aid of the trapped and injured victim. As he touched the truck, he was electrocuted. A passenger of the second truck, John Brosnan, 28, of Staten also tried to rescue the passenger—55 year old Sam Greenberg of Valley Stream—and he was seriously injured from the electric shock. Hicksville Vamps, returning from one

of the numerous false alarms at the Hicksville Senior H.S. were on the scene in minutes. Rescue units from Hicksville F.D. and the N.C. Police arrived and valiant efforts were made to aid the victims. Ambulances were requested from the Jericho and East Meadow Fire Departments.

The victims were rushed to the Nassau County Medical Center in East Meadow where Hannan was pronounced dead. Greenberg and Brosnan were in serious

but stable condition with electrical burns and trauma injuries.

Hicksville Fire Chief Rich Kershaw praised the coordinated efforts of his Vamps and County Police Paramedics and the mutual aid Departments. He also praised the actions of LILCO Foreman Norman Barry who arrived on the scene post haste and cut power at a nearby disconnect switch allowing Vamps to extinguish the fire and removed the trapped victim.

Board Adopts Budget Figure

By Linda Strongin

A budget figure of \$32,384,160 was passed unanimously by the Hicksville Board of Education at the annual budget hearing Wednesday night.

The figure represents an approximate tax increase of \$.86 per \$100 of assessed valuation for a total of \$18,984. The tax rate is officially set by the Board in August.

Trustee Neil McCormack tried unsuccessfully to get the other Board members to apply an additional \$132,420 to be received from State aid toward the budget figure as a reduction, thus lowering the tax increase to approximately 70.8 cents. Vice President Bill Bennett seconded his motion.

Other Board members, however, felt the amount, which has not yet been realized, should be earmarked for next year's budget as revenue, thus reducing next year's tax rate. The discussion concerning where to apply this sum lasted nearly one hour. Mr. McCormack's motion lost 2 to 5.

Special education was discussed at length, in particular the concern over the loss of one psychologist's position, bringing the total in the district to 8.

Residents Arlene Rudin and Mary Sauerland expressed concern over this loss, especially with the number of special education students increasing, the need for psychological services increasing; and the special education mandates increasing.

Funding for special education teacher aides was questioned by resident Joyce Steiner. Superintendent Dr. Wilber Hawkins explained that teacher aides were funded through Title VI-B a federal program, and "we are uncertain for how long the federal funds will be available." He added that if funds were no longer available, he would recommend to the Board that either programs be put on a priority basis or the budget be increased to provide for the teacher aides. Mrs. Steiner felt the need for aides was important, especially with the possibility of special education classes increasing in size.

Later Trustee Charlene Anci moved to increase the number of psychologists by one, bringing the total back to 9, thus adding a total of \$21,382 to the budget. Mrs. Anci supported this motion by revealing figures of neighboring school districts on the ratio of special educa-

tion classes to the number of psychologists.

"Hicksville has a reputation for having a very comprehensive special education program. Psychologists are mandated for IEPs (Individualized Educational Plans) and must be present at COH (Committee on the Handicapped) meetings. Psychologists test any student who is referred. And with special education enrollment going up, I can't justify taking away a psychologist," argued Mrs. Anci.

Her motion passed 4-3, with Messrs. Nagle, Bennett and McCormack voting no.

President Tom Nagle attempted to add a total of \$9,500 with additions to various codes and deleting \$15,000 from the Gregory Museum line item. His motions to add \$6,000 for sound and tape equipment in the board room and \$8,500 for a station wagon, did not receive a second. His motion to add \$10,000 for administrative intern program lost 2-5, with Mr. Anci also voting yes.

His motion to delete \$15,000 from the Gregory Museum total of \$30,000 also failed 2-5 (Anci voted yes) with Board members feeling a commitment had been

made to the Museum for \$30,000.

In addition to the Gregory Museum as a new line item under Community Services, a youth program is also budgeted in the amount of \$16,000 with the Town of Oyster Bay providing \$7,500 of that amount. The program will provide a summer and after-school recreation program.

The budget reflects two board policy changes. Transportation policy was changed, reducing transportation to private and public schools outside the district from 20 to 15 miles, the minimum State mandate. This resulted in a reduction of \$22,000.

Vocational education services at BOCES for 10th grade students were eliminated, except for 3-year programs.

Both items were discussed by residents with one resident angrily questioning why kids had to be bused to school and urged that there "has to be a stop" to increased spending.

Mrs. Nagle explained the district's transportation policy, which is "governed by the laws of New York State. We are complying with the law," said Mr. Nagle.

Galileo Lodge News

By Joe Lorenzo

VENERABLE TONY PREVITE'S MESSAGE

Calendar-wise, well, perhaps not - but weather-wise and unofficially its summer. The warm summer breezes, bright morning sunsets, green foliage and the sprightly chirping of the birds tell me that summer has arrived, bringing with it a gentle warmth that engulfs the body as well as the mind. Its time for picnics, outings, sailing, fishing, summer sports and anything else that is part of your summer recreational scene. And if you are looking for an organization that can provide you with these enjoyable activities, just dial 931-9351, which is the number of the Galileo Lodge.

An item of significance and important interest to the Galileo Lodge is the Blood Bank Day, scheduled for Thursday, the 18th of June, under the supervision of Venerable Tony Previte. We don't have to expound on the relative merits of blood and its life-giving properties, be-

cause its importance is obvious to everyone. Or perhaps just ask someone who has just recovered from a recent illness and needed blood. The Blood Bank goal is 50 pints or more, and please be informed that the public is also invited to donate their blood, which automatically makes you a member of the Blood Bank. All Lodges associated with the Sons of Italy in America are asked to participate in this humane cause. The life you save is a life worth while saving. More information on this activity in later columns.

Please note that the date for the Galileo Lodge's Night At The Races has been changed - it is now scheduled for Monday, the 20th of July. Price of tickets is \$17 per person, a modest fee that entitles you to a delicious dinner at the Cloud Casino of Roosevelt Raceway and admission to the clubhouse. Tony Balestrino (785-1462) will chair this activity and all interested can call him for tickets and more information concerning this activity. Past Night At The

Races sponsored by the Galileo Lodge have been very successful and there is no reason why this one should be otherwise. For a delightful night under Long Island skies, eating enjoyable food and watching your favorite trotters, why not join us and have a good time.

The Galileo Lodge announces a change in plans, brought on by circumstances beyond its control. The Galileo Lodge's Italian Feast scheduled for late July has been cancelled, but in its place an interesting summer dance and two summer dances, one possibly an Hawaiian-type affair and the other one with a motif highly reminiscent of the old-fashioned Italian weddings. As of now I don't have much to offer in the way of details or information concerning these two mid-summer activities, but later columns will reveal more on them.

LODGE TIDBITS: The membership of the Galileo Lodge is very diversified, and from its professional ranks it lists the names of Drs. Thomas Tumbarello,

D.C. and Peter Rocco. So if you are in need of excellent chiropractic services, please contact these two qualified doctors at 161 Levittown Parkway, Hicksville, or call 931-1177. Happy to announce that Jack and Rose Riccardi recently celebrated their birthdays, and will be travelling shortly to visit their grandson, whose parents are Augie and Marie Riccardi. Mr. and Mrs. Frank Anselmo announce that their son Paul will be stationed here at Floyd Bennett Field for four years, and he will be at Mitchell Manor, which is the Navy Quarters. Both parents, needless to say, are really excited over this. Venerable Tony Previte announces that the Galileo Lodge will present more Member Appreciation Nights for members and their wives and sweethearts. On these occasions, the Galileo Lodge picks up the tab for food and refreshments. My sincerest thanks to the Ladies Auxiliary for the kindness and consideration they have shown me. They are, in my estimation, an exhilarating and charming group of ladies.

Three year old Stefano Matera from Rome, Italy recently underwent successful open heart surgery at St. Francis Hospital in Roslyn.

Dr. Paul Damas, Director of Infant Cardiac Surgery, performed the surgery. The St. Francis Heart Program in Italy for needy children is sponsored by the Order Sons of Italy in America throughout New York State. Participating in the program on a local level is the John Michael Marino Lodge, OSIA, Port Washington, New York.

Stefano is the 27th child to receive the gift of a new life since the inception of the program in 1976. Shown admiring Stefano are: (left to right) his mother, Patricia Matera; Stefano; grandmother, Velia Santoni; father, Joseph Matera; Sister Therese Landry, F.M.M., Executive Director, St. Francis Hospital; Anthony Previte, Hicksville, Venerable of Galileo Galilei Lodge, OSIA, and Joseph Fulgenzi, Chairman of the St. Francis Heart Program in Italy and Past Venerable, Cellini Lodge, New Hyde Park.

Letters To The Editor

To The Editor:
We are again embarking upon an election which is of extreme importance. Our children are our greatest resource. They reflect what we have been successful in teaching them or not successful in teaching them. Before pulling the lever for the candidate of your choice, perhaps you should be aware of some facts.

I have been on the board for one year and have realized there are many objectives which are not being, and cannot be accomplished without some changes. It is time for a commitment from candidates who will be able to help to resuscitate the present state of our educational system and bring us back to life. I have witnessed the negativism of the two incumbents, Mr. Bennett and Mr. McCormack, regarding such issues as special education, driver's education, staff changes with detrimental results, and, yes, even regarding senior citizen rights and questions.

Mr. Ayres, however, has stood up to be counted on numerous occasions for the educational rights of our students, senior citizen concerns, the importance of cultural experiences to enhance a well-rounded education, and has spoken out against exorbitant administrative costs.

I believe Mr. Grimmer and Mr. Schwartz have aligned themselves very strongly with these objectives and have committed themselves to affect positive changes within our system.

I urge that on June 10, you vote YES on the Budget and ROW A all the way for the future of our children, for the good of our community and the life of our educational system - vote - **AYRES GRIMMER-SCHWARTZ**.

Sincerely,
Charlene Ancel,
Hicksville

Dear Frustrated Coach,
As a player I agree with you that safety is very important. As a matter of fact, I have the safest position on the team, the bench. I am very discouraged playing this position. I happen to be a good player, know how to play most positions, and I come to all practices and games.

I agree that a coach should be fair, diplomatic, tactful, and supportive but most are not. Almost all coaches have favorites and forget about the others. I understand that coaches give their time but so do players.

I really do not care if we win or lose, as the saying goes, it is how you play the game. The thing is, I do not play in the game.

I do think parents should show coaches more consideration and patience for giving their time, but don't you think coaches should give the kids a break for once?

AN OUTRAGED PLAYER

Dear Sheila:
I apologize to our community for not giving the Closing Prayer for the Annual Memorial Day Service at our High School. My name was listed in the program for that honor. Unfortunately, no one either spoke to me beforehand about it or re-

EDITOR'S NOTE: As is our usual policy, this is the last week for "Letters" regarding candidates on the school budget, inasmuch as the vote in Hicksville is set for June 10th. (See "Dear Friends" on page 4.)

quested I would give the prayer. I was embarrassed not only for myself, but for Trinity Lutheran Church where I serve. Ironically, I marched with Trinity's float the whole parade route and was present for the memorial service. Having not received a memorial service folder until after the service was concluded, I did not know until then that I was to speak.

As a former army chaplain and as the pastor of a church which is extremely interested in Hicksville, I am proud of our annual parade and memorial service. We join with thousands of others to compliment the wonderful job done by all the Veterans organizations of Hicksville. I also thank Rabbi Appleman for ably filling in for me.

Sincerely,
John H. Krahn Pastor
Trinity Lutheran Church
and School

To The Editor:

It might be interesting to note that a candidate for the Hicksville School Board, Frank Grimmer ran for another position three years ago.

At the time of his election to the Holy Family Parish Council, 18 year old Mr. Grimmer filled the fifth vacant seat and attended only one meeting. Because attendance at the Council is mandatory, he was replaced.

It is also interesting that his name is no longer needed in Holy Family Parish.

Mr. Grimmer also lost his landscaping business and "retired" from his position with the Hicksville Water District.

Wouldn't you rather have a reliable board member to represent you for the next three years? Vote Bill Bennett on June 10th.

Sincerely,
Carole Wolf,
Hicksville

To The Editor:

The School Board elections are almost here. Over the past several weeks much has been written about the people running for the 3 positions available. While it is difficult to access candidates who have not served before it is possible to inform the public of the record of the incumbents who choose to run again, because it tells us about their priorities. I'm concerned about their priorities because I see the dollars that are being spent, but I question whether they are being spent wisely.

From my observations at Board meetings I have witnessed:

1. Mr. Bennett's stand AGAINST the addition of a third grade class at Dutch Lane. Mr. Bennett, himself a twin, was outspoken against the second class for the three sets of twins. He could only see "district averages and numbers." He was not concerned with the documented evidence made available to him which cited the trauma not only to the twins, but to the class as well if the children were all kept together.

2. Mr. McCormack, a senior citizen who championed the causes of his senior citizen clubs was vocally opposed to the

district recognizing an addition senior citizens club at St. Ignatius. On the final vote he abstained.

3. Both Mr. Bennett and Mr. McCormack have consistently voted to restrict or in many cases reduce services offered to our children and our community such as cutting the number of guidance counselors and school psychologists and reducing driver's education while voting large salary increases to new administrative personnel and costly weekend administrative team-management conferences.

Mr. Bennett has frequently said that the Administrators are the educators and as such know what our children need, while the Board are merely lay people who should have faith in our Administrators and support their requests. If that is how Mr. McCormack and Mr.

Bennett see their position as Trustees then I urge them to reconsider their candidacy.

Mr. Bennett and Mrs. McCormack are our elected officials. They are elected to provide the Administration with the guidance that it needs to meet the needs of this community. They should serve as the balance between all the Administration requests and all the community can support. If they are not ready to support the role to which they were elected then they should step down.

I believe that Frank Grimmer's commitment to this community, by serving on several Board committees, by his attendance at Board meetings, by his questions to the Board, has shown me that he understands what the role of a Board member is and I will support him on June 10th.

I believe that Jay Schwartz's education and finance background, and his vested interest, children who will attend our public schools, make him a candidate I choose to support on June 10th.

I am pleased to support John Ayres in his bid for reelection. I worked on Mr. Ayres initial campaign and I am pleased that this community has recognized his efforts on behalf of children by running him unopposed for a second time.

I urge you to help Mr. Ayres and the other education board members by supporting the team of Ayres, Grimmer and Schwartz on June 10th, as I will.

Cordially,
Arlene Rudin,
Hicksville

Dear Editor:
I applaud Merle Campbell,

a fellow resident of Plainview Road, who opposes the Duffy Avenue extension to Broadway, and with whom I totally agree, because I share all of the same experiences. I, too, remember our community when it had its share of scenic small town type of beauty and a sufficiency of convenient stores.

I have been against this particular extension plan since I first read of its inception. However, when I read the large CHAMBER OF COMMERCE STATEMENT apprising us of an alternate plan to extend both Duffy Avenue and John Street to meet at the intersection of Woobury Road and Bay Avenue, I couldn't believe my eyes. Two already heavily loaded streets, expelling all of their traffic on another busy intersection is beyond my comprehension.

Bay Avenue has been an excellent by-pass road to

Dear Friends...

IT IS WITH REGRET that we report the fact that Linda Strongin who has covered our school boards meetings so professionally for the past four years, will no longer be available to do so. Her story this week, is her last. We will miss you, Linda. We wish you well in all your future endeavors.

A SEASONAL REMINDER... don't forget to notify your local police precinct when you are away on vacation. And, of course, let us hear from you when you have returned. We prefer to put news of vacation trips in our "Around Town" column, when our readers have returned. Hope you all have a most enjoyable vacation, whenever it is planned.

A LONG TIME POLICY of this newspaper is that no "Letters To The Editor" regarding candidates and budgets will be printed in the issue immediately before the vote. The reason for this policy is simple. There is no way that these "Letters" can be answered BEFORE the vote.

In a similar vein, we would suggest that you question any "last minute" fliers distributed throughout the community inasmuch as any legitimate information should have been brought out and discussed, pro and con, much before the last few days prior to any election. Probably this warning is unnecessary, for we are sure that most of you realize that "last minute" charges and counter charges are not worthy of one's consideration.

We hope that you consider the budget as it has been most effectively presented, and that you judge the candidates on their records whether in the community or on the Board.

Public Works Commissioner Michael R. Pender recently announced that an additional 1,713 homes and businesses in the vicinity of Bethpage, may now connect to the County sewer system.

The contract area involved, designated as # 1002-3-B-1, is bounded on the East by Grohman's Lane and Farmers Avenue, on the South by Stewart Avenue, and on the West by South Oyster Bay Road, and on the North by Old Country Road.

Hook-ups in this area may be done only by plumbers licensed by the Town of Oyster Bay. Permits must be obtained from the County Department of Public Works. Property owners are required by law to connect to the sewer system within two years of the availability of service.

The question then arises: "Which areas are next?" It would be helpful to local residents if a plan stating approximate sewer construction completion dates would be available.

THAT'S ALL for this week. Stay well.

take some of the traffic off Broadway. Woodbury Road provides an easier access to the Plainview Shopping Center, thus avoiding the crush of jammed Plainview Road and Old Country Road intersections at South Oyster Bay Road, with this new set of plans. All of these advantages will disappear.

Is it feasible to remove a bottleneck of traffic at Duffy Avenue, merely to create a larger one further down the line, by also adding to it the heavier traffic of John Street where Bay Avenue and Barclay Street already merge with Woodbury Road?

One cannot help but assume that the members of the planning board make all of their computations on a map, far removed from the real world. They evidently do not have to use these routes on a daily basis, as the young mothers of our town do, often with small children in their cars, as they make their regular trips shopping for food, clothing and other family necessities. Why should they be subjected to the hazards of additional industrial traffic these changes would make?

Do we, as residents, have nothing to say about our area's being changed around, purely to satisfy business interests? Young couples move here to get away from the influences of big city living, but how long will it be before those same conditions are rampant here? We want business in Hicksville, but we want the kind that will improve our quality of living - not the kind that will turn our community into a network of thoroughfares that strain the nerves, pollutes the atmosphere with gas fumes and noise, and endangers lives.

I don't believe this is what our business leaders want for our town, but I do believe that these traffic changes they propose will produce the downfall of Hicksville as a good residential area. The changes following the widening of Broadway have already started us down this path.

If the town planners are truly interested in a happier future for its residents, they should take the long view as to what is best for all of the members of the community.

I say, as I have said before, that this important issue should be put on the ballot, so that every resident will have an opportunity to have something to say about what happens to Hicksville.

Sincerely,
Dorothy Margot

To The Editor:
I am seeking reelection to the Hicksville school board and I ask your support as you have confidently given it in the past.

Here are my reasons:
I am dedicated to the continual betterment of our school system. In this role, I have been a stabilizing influence on the Board of Education. I am proud that we as trustees enact policy and I am confident in the abilities of our administration and our staff to provide the best education for our children.

Letters To The Editor

I have endeavored to be fair in all facets of the trustee's job, including relationships with teacher, secretarial, administrative and custodial bargaining groups. I have supported curriculum advancements that guarantee our children the Three R's and so much more: expanded cultural arts offerings, a broad physical education / interscholastic sports program, a special education program which rivals the best in New York State, and a new focus on education for our gifted children. At the same time, I have championed fiscal responsibility and your tax rate (below the Nassau County median) reflects those efforts.

I have served you long and well; this year, it has been my privilege to serve as secretary to the school board.

We are embarking on a dynamic era in Hicksville education and I want to be a part of it.

My friends, most of you know me and my commitment to Hicksville, when I retired after 42 years, I was manager of operations for the United States Steamship Lines. I took that good business sense with me as charter member of both the Hicksville Community Council and the Gregory Museum; I advanced to a seat on the Board of Directors of both organizations. In addition, my civic activities include past president of the South Hicksville Association of Levitt Homeowners.

I am a member of Hicksville Senior Citizens, and serve on the Board of Directors of American Association of Retired Persons, Chapter 1592. I also act as a member of the Advisory Committee for Adult Continuing Education.

In the past, my association with the children of Hicksville has been apparent in Little League, Cub Scouts, Boy Scouts and the Levittown Swimming Association.

I am a parishioner of Holy Family Church, have served on its school board and parish council, am past president of its Holy Name Society, former coach of CYO swimming, track, basketball and organizer of men's bowling. I am also an active member of the Knights of Columbus.

All of these experiences count at the board table. I have brought them to bear and promise to continue that commitment as long as I serve you, the community, on the Board of Education.

I urge you to register to vote on June 3, and to approve a responsible school budget on June 10. I also ask your support in my bid for reelection. I will be listed on Line 3C.

Sincerely,
Cornelius J. McCormack

To The Editor:
MAYS AND WILLS OF THE DUFFY AVENUE EXTENSION

Recently, I have had the pleasure of talking with Councilman Thomas Clark for a total of four hours about the Duffy Avenue Extension. (The proposed extension of Duffy Avenue will go

through the parking lot of the Bank of North America across Jerusalem Avenue continuing through the newly paved parking lot behind the Dalton Funeral Home. It will then connect with East Marie Street at Broadway. West Marie Street would be dead-ended as a result.) I like Tom Clark and think he works very hard as a town councilman.

Listening to Councilman Clark, I can better understand some possible advantages of the proposed extension. The proposed four-lane road may alleviate some of the commuter traffic on Newbridge Road and transfer it to Jerusalem Avenue and Broadway, giving a better east / west ingress and egress across the center of Hicksville. It may also encourage commercial development of the property north of it. According to Councilman Clark, it may also be beneficial to the Hicksville residents making it easier to go across town for shopping, with the commercial development that it is supposed to encourage. It may also lead to additional jobs for residents of Hicksville. These are the positive things that may happen if the proposed extension goes through.

Of course, there are negative possibilities with the proposed extension, with an improved ability for the commuter to get in and out of Hicksville. The extension may actually encourage more commuters from all over Nassau and even from Suffolk to come to Hicksville to avail themselves of the better LIRR service to the city. Because of the increased overall traffic in Hicksville encouraged by the extension, we may have a worse problem on Newbridge Road as well as all roads in Hicksville with additional commuters. This may increase the need for more parking facilities, which may mean more property off the tax rolls. Residential development of the Hicksville triangle may be discouraged by the unattractiveness of increased traffic, a four-lane extension, parking lots, and vacated office buildings during the evening hours. The urbanization of Hicksville may also negatively affect the religious communities like St. Ignatius, Holy Trinity, the United Methodist Church, Trinity Lutheran, and others, for there may be less people for them to serve.

More immediately, the extension may increase traffic on East Marie Street and Plainview Road and may result in the need to widen additional streets. Increased traffic on East Marie Street may diminish our Fire Department's ability to respond to a call. The extension may increase traffic on the residential side streets north and south of Plainview Road as commuters and commercial vehicles attempt to get to Woodbury Road and Old Country Road. The extension may leave non-conforming parcels of land similar to those on the west side of Broadway. It may also inhibit the positive development of the west side of Broadway from West Marie Street to Herzog Place.

There are certain things that we definitely know the extension will do. It will cost

taxpayers money - money for the construction of the road itself, money for replacing the parking destroyed both at the Bank of North America and in the municipal lot. Already a million dollars has been allocated for an engineering study.

Looking at all the mays and wills of the proposed extension, I do not feel that the possible pluses outweigh the possible minuses. I am sure that Supervisor Colby values your opinion in the matter, for he sits on the Board of Supervisors of Nassau County and will be most influential in determining the future of downtown Hicksville. For your convenience, I have included his address, the Honorable Joseph Colby, Supervisor, Town of Oyster Bay, Audrey Avenue, Oyster Bay, New York 11771.

To The Editor:
THIRTY TWO MILLION DOLLARS! That's what our Hicksville school system will cost this year. AND THAT'S BIG BUSINESS! Would you entrust a 32 million dollar business in the hands of a 20 year old kid? I'm sure that there are some 20 year old kids that could handle such a task - but not the one who is running against the incumbent WILLIAM BENNETT for Bennett's seat on the Hicksville school board.

I sat on this year's "Citizen's Budget Advisory Committee" with this 20 year old kid and I saw no intellectual skills or management abilities that was of use to the committee or that will be of use to the school board. His only great attribute seemed to be an adroitness at making up excuses for not attending meetings or for coming in late, and I cannot think of one solid contribution he made to committee findings - and I co-authored the final report to the school board.

I have heard rumors that the teacher's union, fresh from its victory over Clara Bennett in her bid for reelection to the library board, are flexing their muscles for the kill of Bill Bennett in his re-election bid to the school board. Clara Bennett lost her re-election bid simply because teacher votes outnumbered others in the very apathetic library vote. Will the teacher's union back the unqualified 20 year old kid against the very able William Bennett? I just don't know. I think the teachers are as interested in a properly managed school system as the voters, but I am equally as sure there will be some in the union who want the 20 year old in office so the union can manipulate him to its whims. I hope the union overcomes that push.

Thus, I do urge ALL my friends, supporters, and co-Hicksville residents to vote FOR the budget on June 10th and to support William Bennett in his quest for reelection.

Sincerely yours,
Frank H. Willard,
Hicksville

To The Editor:
Although we have lived in Hicksville for 20 years we have never written a letter of this kind before. But, we think it's important that you know how we feel about the upcoming School Board election.

We are a couple close to retirement, we have no children in school, I am the caretaker at Holy Family and my wife is a housewife. Our neighbor Jay Schwartz, is running for a seat on the Board of Education and we believe that he deserves to be elected.

Jay, Gail and their children live across the street from us and we believe that they are an asset to our neighborhood. By his actions we can tell that Jay knows how neighborly it is to maintain his property. We enjoy watching him putter around. Seeing how he prides himself on making his home look nice. Keeping up his property tells us that he will be concerned for our \$32 million school facility.

Jay's children have a loving relationship with him. Their manners reflect parents who know how to be loving yet firm. We believe that this is how he will approach Hicksville's children.

We have spoken with Jay about the economy and the squeeze to people on fixed incomes. We worry about property taxes and how we might be effected when we retire. Jay, who seems to always problem solve, suggested that perhaps the 10% property tax reduction for those over 65 could be changed so that those retiring at 62 could also get some benefit. This is but one example of Jay Schwartz's openness, concern and caring for everyone. We feel that if he is elected others will see him as we do.

Sincerely,
Annette and Paul

To The Editor:
I am asking for your help and support for my reelection to the Hicksville School Board. I enjoy the job, like hard work, and deem it a pleasure to help our children and to serve the community. It has been my practice - and will continue to be - to serve based on deeds and not words.

Our Board of Education is primarily a policy-making legislative body, and that is why I have devoted the major portion of my time to this area by completely revising and updating the district's 208 code policy book and by instituting new policies as the need arises. I would like to complete this task within the next year.

As your representative on the board, I have spent many hours preparing for and taking part in over 250 board meetings, missing only two during the past four years. I pledge to continue my commitment to education.

The one issue that has everyone's attention is the current contract negotiations with teachers and secretaries. I have participated in negotiations to the past and I shall remain steadfast in protecting the interest of our children and the community at large and to make every effort to be

fair and honest towards all concerned.

It has been my pleasure to take a part in the selection of many new administrative leaders in our district. With competent, innovative men and women in charge we can and will achieve the highest level of education and efficiency.

By nature I am a fiscal conservative and will continue to dedicate much time to the intricate details of budget preparation and the purchase of supplies within the district. Space is so limited and time so short I cannot fully express my sincere desire to serve and modesty does not allow me to categorically report on my efforts of the past four years.

Please put your trust in me again, and I will try to do what is right and honorable for Hicksville.

Sincerely,
William P. Bennett,
Hicksville

To The Editor:
My concerns and thoughts are now directed towards the possibility that the Hicksville Congress of Teachers may control the destiny of this community by actively backing candidates for the board with all the resources at their command. They have been successful in the last two school board elections, and now are in a position to capture a majority on the board of education. Last December, Mr. Zaleski, President of the HCT, openly stated to the Superintendent, that the HCT will back three candidates to the board this coming election, and one of them will be FRANK GRIMMER. M. Zaleski, repeated his pledge to the teachers during a debate between the HCT and HFT. As you are aware, Mr. John Ayres was not opposed by the HCT, and Mr. Jay Schwartz is on the same slate as AYRES & GRIMMER.

It is to the community's best interest that we have a balanced board of education, not one that is of the educators, for the educators and by the educators. The trustees of the board of education represent you the community, you expect us to act intelligently, with sincerity, with integrity, honesty, and above all in your best interests, by making those policy decisions that are based on all the available data possible. Then we as your trustee make that final judgement at a public open meeting with our VOTE. No union pressures, no undercurrents and telephone conspiracy's on how to act and what to say - we must be open and above board, and not lend our ear to the union or any special interest group or individual.

How devastating it would be to have a union controlled board negotiate a new contract, it would be virtually impossible for future boards of education to undue the financial and contractual harm that could befall this community. Boards of education by its very nature play a managerial role, a 32-million dollar business, if a union controls that business and acts both roles, managerial and labor, who controls the union? They can

and will fire all those that oppose them, hire only those that heed to their philosophy, set wages, and hourly rates, implement new binding policy, and as a final tribute to their immense power, implement AGENCY SHOP, which means all payroll employees pay dues to the HCT regardless of membership.

It is said that to much power vested in one group or individual corrupts, we the community of HICKSVILLE cannot take that chance.

It is said that I am a "Teacher-Hater". That is not so, and by studying the minutes of the past four years, you will find that I have consistently voted for education, for children, and for teachers. None of us on the board has a 100% rating for anything, but let me assure you that I have and will continue to make it a practice to vote on the specific issue or item, based on its own merit, and not have a fixation or prejudiced frame of mind.

I am again appealing for your help both financially and with assistance, we must keep the Board of Education in the hands of the people.

Sincerely,
Bill Bennett, Hicksville

Dear Mrs. Noeth:
The community is fortunate that your newspaper prints a factual report of all regular school board meetings so that the community can be informed about the things that effect their children's education or their tax dollars.

I would like to take this opportunity to focus on the cast of characters on the Board as I perceive them. We have a seven member board comprised of Tom Nagle, Neil McCormack, Bill Bennett, Dan Arena, John Ayres, Charlene Anci and me, Ginny Germer. On almost every educational decision affecting the students, and on most salary issues we have a divided board. The basic difference is that Mr. Ayres, Mrs. Anci and I believe that education with fiscal sanity is paramount. On the other hand I sit on the Board week after week watching Mr. Nagle, Mr. Arena, Mr. McCormack and Mr. Bennett reducing educational services to our students while allowing at the same time the building of an Administrators dynasty at high costs. Our top three administrators earn \$140,300 plus fringe. These numbers understate their true salaries because the Assistant Superintendents' contracts are up on July 1st and will no doubt increase, and the Superintendent who received an 11% increase in August, 1979 still hasn't negotiated his 1980 increase and on July 1st will be entitled to his 1981 increase.

These are some examples of the anti-education and high spending stands taken by Bennett and McCormack.

1. Mr. McCormack voted NOT to accept a free totally federally funded position for a drug and alcohol abuse counselor.

2. They voted to eliminate a school psychologist.

3. They voted to give the new principal of the high school a salary comparable to what we are paying an Assistant Superintendent. (Continued on Page 10)

To Honor Raymond Rusch

Mr. Raymond Rusch, principal of Hicksville High School, will be feted at a retirement dinner on Thursday, June 4. The banquet will be held at the Renaissance Country Club in North Hills, and will begin at 7 PM.

Mr. Rusch will retire from the Hicksville School District at the end of this school year, after 15 years as principal of the High School. He is a born and bred Hicksvillian, who attended the Hicksville Schools.

The banquet is open to the public; reservations must be made immediately through Mrs. Pauline Jonason at the high school, 733-2121. Tickets are \$30 per person which include a sit-down dinner and open bar until midnight.

Mr. Rusch began as a

social studies teacher in Hicksville High School in 1949. Prior to that, he had earned a bachelor's degree in education and science from Syracuse University, and a master's degree in education and science from Hofstra University.

At Hicksville High, he was active in promoting new programs, such as the advanced placement course in American History, which he developed and taught in 1957. He was coordinator of the senior class trip, student government and many of the school's student dramatic productions. He was also vice president of the Teachers Association.

He was named assistant principal in September 1962 and served in that capacity for four school years, when

he was named Principal in 1966.

During his 15-year tenure as principal, Mr. Rusch has been an officer of the Hicksville Administrators Association; an evaluator of the Middle States Accrediting Association; and assistant chairman of the Middle States Association four times.

He was named honorary life member of the Congress of Parents and Teachers in 1974.

To add to his accolades, Raymond Rusch was honored as Administrator of the Year in 1975, by the Nassau County Music Educators Association.

The community is invited to participate in this farewell recognition to one of Hicksville's finest.

HHS Honor Society Induction

Hicksville High School welcomed 111 juniors to the ranks of the National Honor Society last Tuesday night, before almost 400 family members and friends. The induction took place in the Mabel Farley Auditorium, and was hosted by Mr. Raymond Rusch, principal.

Guest speaker was Dr. Catherine Fenton, Assistant Superintendent of Elementary, who said later that she was impressed by the warmth and integrity of the students and faculty as well as the solemnity of the occasion itself.

Each inductee wore a carnation, a gift of the class

officers of the junior class, and each was individually beribboned with the ceremonial National Honor Society pin, strung on gold ribbon and given by a faculty member.

Mr. Rusch, in a touching moment, was given a pin himself. He was an inductee into the Society in 1943, and a pin was given to him as a sign of the Society's continued respect for his achievements through the years. Mr. Rusch will retire with the school year's end.

The following students have become members of the National Honor Society: Patricia Aiello, Andrea Al-

len, Dorothea Antonio, Janine Baggett, Patricia Becker, Lawrence Blaszkowsky, Kai Ben Brix, John Caesar, Mara Carone, Renee Casagagne, Anthony Cavagnaro, Sondra Cestari, Charles Chatterton, Christine Clastko, Cathie Clark, Lori Coppola, Lanette Cordier, John Corrigan, Michele Coyle, James Decker, Charlene Demeo, Douglas Ne Nicola, George Dennis, William Eberle, Carol Egan, Karen Ehrhardt, Robert Emprato, Janet Fasulo, Elizabeth Ann Flahavan, Dawn Francis, Mary Gargan, Maureen

All booster money MUST be in by June 12th. We need help in the shed desperately. The shed cannot be run by Diana Rom, Donna Rehman. Please volunteer. Either devote some time to fill the bellies of our starving youngsters and our treasury or we must close. Remember, a dozen balls cost \$45 and money does not fall from the sky.

Also Finast is offering to give back to organized sports 1% of the total register tapes presented to them by June 15th. If anyone shops at Finast, please deposit the register tapes at the shed so we might participate.

Finally, managers, I cannot do this column without your help. Fill out the publicity forms or even a small piece of paper and leave it in your envelope in the shed. And if the managers are not leaving their publicity, its up to the boys and girls on the team to plague them until it is done.

and D. Fassano. In another game L.I. Trust bombed out the Hamburg Savings Bank team. The combined excellent pitching effort turned in by both R. Caputo and N. Pitrelli to hold Hamburg Savings Bank to only 5 runs. The hot bats for L.I. Trust team were J. Gray, R. Caputo, T. Torman, and Joe Draney. N. Pitrelli was almost a one man show. Other good fielding plays by R. Caputo, J. Gray, J. Draney, Mike Ronney and M. Rottas.

In still another game Marder Shell and the Alpine teams battled it out with Marder Shell conquering Alpine in a close 2-1 game. M. Hogan and D. Kenefick combined arms in a great pitching performance holding Alpine to one run. P. Jurgensen earned his first hit of the season with bases loaded in the bottom of the 6th inning to win the game for Marder Shell. E. Rassal's great throw from left field, to Brian Landers behind the

plate, cut down the leading run in the sixth inning. All around excellent plays by both teams made it a very exciting game.

On May 15th Gilson Knitwear played a game against Alpine and won 18-7. T. Richards and S. Colaio combined effort on the mound held Alpine to 7 runs. T. DaCosta made some nice plays at first base. He ended up with 5 putouts and two unassisted. The outfield also had a tough day. V. D'Angeli, C. Newman at center and R. Losito at right field. The hitting stars for Gilson Knitwear were T. Richards with 2 homers and 5 R.B.I.'s. Takeshi Kawabe had 3 hits and 3 R.B.I.'s. N. McTeigue had 4 hits, 2 doubles, a single, a triple, and 6 R.B.I.'s. T. Morgan came in with 3 hits and H. Shaeffer hit a double for the 2 go ahead runs.

May 19th and 22nd Gilson Knitwear dropped one to PBC "M" with a score of 8 to 5 and picked one up against L.I. Trust 13-5. T. Richard and S. Colaio combined again to pitch a good game for a

Pee Wee Intramurals
On May 23, a Pee Wee Intramural team, coached by Bob Goldsmith travelled to Island Trees to participate in their Memorial Day Festival.

The team played two games and were victorious in both beating Island Trees 3-0 and North Babylon 2-0.

The team members were Scott Goldsmith, Matthew Gollin, Russell Klein, Todd Zeff, Brian McDermott, Todd Meringoff, Gregory Gibel, Kevin Ohea, Erik Matz, David Simon, Larry Neuberger, Matt Greenspan. Congratulations to Bob and the entire team for a super effort in representing our club.

Pee Wee Intramurals

By Len Greenspan

Hawaii showed fine teamwork in winning their 4th game vs a strong Colorado team. Hawaii's offense was led by Matt Greenspan who scored two goals and Kevin Ohea's one goal. The team's defense was superb with goalie Bryan Pendrick making some impressive saves and Brian Whitman continually stopping the opposing team at midfield.

Hawaii's record is now 4-0-1 and the entire team should be congratulated.

CHARLES WAGNER POST #421
HICKSVILLE, N.Y.

"One Of the Grass Roots Of The American Legion"

Now that the Memorial Day weekend is history we are looking forward to our next meeting which is June 1st and this is ELECTION NIGHT. All nominations were closed at the last meeting and there is only one contested office. JOHN CICILESE will contest ROBERT BIRKEL for the office of Sergeant At Arms. Perhaps you wonder just what the duties of the Sergeant At Arms are, so let me refresh your memory. The Sergeant At Arms shall preserve order at all meetings. He should know how to arrange the meeting hall and should assist the Post Commander and Adjutant in the preliminary arrangement for the meeting. He is custodian of the Colors and should be in charge of the Color Detail doing the presentation and retirement ceremonies of the Colors in the absence of the Post Color Guard. And while the

spirit of refreshment prevails, I was very remiss last week when I stated that May 31st was the date that a member loses all privileges because of non payment of the current year's dues. Everyone KNOWS that the date is APRIL 1st or do they??? I did not receive a single dissenting phone call. From time to time I receive news of some of our distant members and since many people in our Post are interested in fellow members whom they have not seen for quite a while I am always happy to pass on the news. This week's news is that FREDERICK L. BRENGEL, Commander 1948-49, was awarded an HONORARY DEGREE OF DOCTOR OF ENGINEERING by Stevens Institute of Technology, Hoboken, N.J. Fred is President of Johnson Controls nationally based at Milwaukee and that is why we

do not see Fred very often. Of course you know that HENRY & ANNA BRENGEL are the proud parents. An thinking of past commanders, I must again remind all past commanders that the annual DINNER MEETING OF THE PAST COMMANDERS' CLUB will take place

NOTICE TO BIDDERS
The Board of Education of Hicksville Union Free School District of the Town of Oyster Bay, Nassau County, New York (in accordance with Section 103 of Article 5-A of the General Municipal Law) hereby invites the submission of sealed bids on Biology Supplies 1981/82: 10 for use in the Schools of the District. Bids will be received until 2:00 P.M. on the 18th day of June, 1981, in the Purchasing Office at the Administration Building on Division Avenue at 6th Street, Hicksville, New York, at which time and place all bids will be publicly opened.

Specifications and bid form may be obtained at the Purchasing office, Adminis-

at the MAINE MAID on JUNE 12. Please call PALMER WALSH at 931-3299 for reservations and menu information. This year the meeting will be held in one of the ground level private rooms. As you have heard, there's a planned Memorial to be built in the very near future honoring the VIETNAM VETERAN which is a long overdue recognition and honor. Charles Wagner Post members have long felt that they were veterans just like the rest of us and voted to back this new memorial with a donation of \$100. This is a

donation by the Post and does not prevent individual members from making their own personal donations to this fund as several members have already done and those have indicated it was their intention also. Americanism Officer DICK EVERS will again make the school awards which number 22 this year. The American Legion's supportive effort to raise funds for a memorial to veterans of the Vietnam War was given a major boost by veteran Indianapolis 500 mile race driver Tom Sneva. Sneva had The American Legion name and emblem

affixed to the car he drove. He had given his blessing to The American Legion and Auxiliary in their fund drive within their organizations and among members of the general public to pledge whatever they could per lap for each lap his car completed in the Memorial Day classic. Sneva's car was forced out after 96 laps. But every dollar helps. Thanks Tom. It is too late now to make a lap pledge but it is not too late to make a donation directly to this Vietnam Veterans Memorial.

REASON FOR REJOICING

How many of us, at one time or another in our lives, haven't wished for a new beginning? It would be nice to change jobs. We might be failing a course and would like to start over. We may desire a new start in a relationship gone bad.

In the spring, the feeling wanting to make a new beginning is more prevalent. New leaves breaking out on trees. All the signs of new life are around. The most important event in the Christian's life also is celebrated each spring. In one sense, it is the festival of new beginnings - a celebration of new birth. We call this festival Easter.

The word Easter is derived from a word which refers to the goddess of the spring. You may ask, "Wasn't Easter last month?"

Correct, Easter was last month, but for Christians, Easter is celebrated every Sunday, and even more than this, Easter is every day.

Saint Peter connects the new birth of our Baptism to the new birth of Easter. "Praised be the God and Father of our Lord Jesus Christ, he who in his great mercy gave us new birth; a birth upon hope which draws its life from the resurrection of Jesus Christ from the dead; ... In Baptism we are united with Christ both in his death and in his resurrection. Through Baptism and faith in the Lord, a heavenly inheritance awaits us all. No matter how good or how bad our current earthly existence might be, the new beginning of heaven will make everything that has gone before seem insignificant.

On that first Easter

morning, not only a new age dawned. With it came the promise of eternal life and victory to all who commit themselves to Christ. Easter was not so much the proof of eternal life as it is the promise of eternal life.

To have the resurrected power of Christ, to have Easter every day, we have to let go and let God come in to make all things new. We must take the leap of faith, committing all things to the resurrected Christ our successes, our failures, our hopes, our problems, all things. Taking the leap of faith for the sheer joy of it.

Saint Peter having extolled the blessings of baptism, the benefits of Christ's death and

resurrection, and the assurance that salvation awaits us, says, "There is cause for rejoicing here."

We are Easter people. Every day has the possibility of a new beginning. Every problem can be overcome. No defeat is final; no hope is ever completely destroyed. Even death has no victory over Easter people. We say confidently with Saint Paul, "O death where is thy sting. O grave where is thy victory." It is no more, so we continue, "But thanks to be God who gives us the victory through Jesus Christ our Lord."

Rejoice in the Lord always, again I say, rejoice! For Jesus has given us reason for rejoicing!

Meet The Crypt Man

His name is Charles Wayne, and he is a practicing attorney from Plainview. During World War II he taught Cryptography to our soldiers. It is the art of writing in or deciphering secret messages or codes. During combat he ran the Message Center at Advanced General Headquarters in New Guinea. He even had several of his own secret codes accepted by our government.

Recently he has written a booklet on Cryptography, and has taught the art at various schools and libraries on Long Island, where it is meeting with great success. The program is not only a lecture. It also relies on audience participation. The audience learns how to make its own secret codes and hidden messages. The program is made as easy or as difficult as the audience can handle.

Mr. Wayne has already appeared at the Plainview Old Bethpage Library, Plainview High School, Kennedy High in Plainview, Syosset High School and the Bethpage Library. As of this date he has future bookings

at the following Libraries - Syosset, Valley Stream, Lynbrook, Hicksville, Massapequa, Merrick, Baldwin, South Huntington, Hillside, Garden City, Copiague, Levittown, Plainedge, Jericho and Oceanside.

Here is something new, interesting and entertaining that started in Plainview, and is taking Long Island by storm.

Letters To The Editor

(Continued from Page 5)

(This salary would increase after he worked one day, because the principals' contract is up on July 1st)

4. They voted to give all our "New Administrators", who were brought in at high salaries, a 7.5% salary increase regardless of merit. While the Administrators not hired by this Superintendent were given a 5.2% increase.

5. Mr. McCormack, himself a Senior Citizen, abstained on the vote to give St. Ignace Senior Citizens Club district recognition.

6. They voted "YES" on the Superintendent's 11% salary increase putting his salary at \$50,000.00 plus fringe.

We must curtail the reckless spending by the present Board majority. I urge you to vote for John Ayres, Frank Grimmer and Jay Schwartz whose priorities

are our children and our community.

Yours truly,
V. Germer,
Hicksville

Dear Editor:

Once again, School Board election time is here. As parents, it is vitally important for us to take an active part to insure that those elected will act in the best interests of our children.

We all want high quality education for our children. However, this will be impossible if we allow harmful "humanistic" or "Sensitivity training" programs to infiltrate our school system. The infamous Strand III program of last year was one such example. Thanks to the joint efforts of many parents, it was defeated.

However, the new revised Core V Health program again threatens to bring

these harmful programs back. It contains the same Sex-education-Mental Health program we fought against last year. (Programs which invade family privacy, advocate use of "peer pressure" to being "forced" change, teaches "humanistic" values, (there is no moral right or wrong) and teaches co-ed sex-education, without morals, to young elementary school children.

Who you vote for in this upcoming election can well determine the fate of this program. Therefore, we strongly urge you to get to know your candidates. Express your concern about these programs. Find out where they stand on Core V "Mental Health" issue. Be sure to ask them the following questions:

1. Are you in favor of Mental Health-Sex Ed programs such as Core V?

2. Do you believe in sex education, sexual perversions, birth control, abortions, venereal disease, should be taught in co-ed classes; without moral values? In elementary school? In secondary school?

3. Would you vote in favor of Core V, even if the majority of the parents indicated

they were against it?

4. Do you favor a return to basics (reading, writing, arithmetic) as a possible solution to the declining achievement test scores and rising illiteracy rates nationwide?

We hope that the candidates will be a kind enough

to respond to these vital questions. If you want to keep these programs out, come lend your support to those who will represent your interest. Remember, your vote really does count.

Yours for

East Plainview-Old Bethpage G.O.P. Report

EXEC. LEADER
Dr. Chris. Arjale

P. O. BOX 283
OLD BETHPAGE, 11804

PRESIDENT
Jeanne Noonan

Always open with a "boo!" If the Jewish community in Shirley, LI, built a house of worship, would it be called "Shirley Temple?"

Did you see our people in the Memorial Day parade?

May 20 meeting: a surprise! Our guest speaker, Councilman John Venditto arrived after adjournment at 9:40, due to a delay at a prior engagement (all of our officials have 2-3 or 4 scheduled appearances daily).

However, he did stay for "liquid and solid." John's bio: raised and educated in T.O.B., Little League etc., law degree: St. John's - active in an impressive list of organizations.

But lucky us to have a charming friend, T.O.B. Councilman Dave Hynes (who collects meeting dates) stop in and say "hi" and "wham" - instant guest

speaker! - "We have a very good Town government - it works and well! If you have any complaints and you are not happy - write me at Town Hall and I'll personally check to make sure our government always works well." Thanks Doug - you are a winner!

Raffle winners - Bob Rodriguez and Frank Guz.

Welcome new members in the 38th E.D., Lois and Carl

BOARD ADOPTS (Continued from Page 1 Hicksville)

Resident Burt Roberts questioned the total cost of the BOCES services (vocational programs, data processing and special education) "had been looked at" and would continue to be

looked at

Originally a total of 16 1/2 positions were to have been eliminated and the savings reflected in the budget. These included 6 1/2 elementary classroom teachers; five junior high school teachers; three senior high school teachers; 1 psychologist and 1 elementary music teacher. As reported, the psychologist was added back.

Residents Arlene Rudin asked if the reductions in the secondary were in selected areas, such as science and math, thus having the need to use a teacher not certified in the area to teach one period, which is permissible by law.

Mr. Ron Friedman, Director of Personnel, said that as of now "we expect the math and science classes to be staffed with teachers certified in those areas."

During the budget presentation Dr. Hawkins stated that programs were not being cut or eliminated. "I feel fortunate and it is a privilege to work here where so much is being done for kids."

After the vote on the budget figure, the Board proceeded with its regular business meeting and acted on various matters concerning the business office (tax anticipation notes; M.I.G. rating; retention of bonding attorneys); awarded bids for sanitation services; uniform rental; ceramic supplies; general classroom supplies; and athletic supplies for fall sports. It also approved seven retirements under certified personnel, totaling 153 1/2 years of service to the students of Hicksville. The Board abolished the position of assistant director, pupil personnel services and created the position of supervisor of special education, which has not yet been filled. June 10th is the next business meeting and annual budget vote and election.

I "report" with much emotion that the above is my last article on the Hicksville School Board. Thanks to all my readers who have followed my reportage of Board meetings over the past four years.

Manning 6 Cypress Lane, sponsor: Art Eyster.

Our annual Dinner/Dance/Open Bar will be held on Friday, June 5, Chairman Bob Rodriguez, working hard, advises that the "last minute" - mind maker upper-people types" can buy at the door. Raffle Chairwomen "Gene" Fluddy asks that the Committee, Officers and Directors give her the money days before the function so that she and Ray can enjoy themselves (that's called consideration!)

Executive Leader Dr. Arjale advised that our Fall Annual Door-To-Door Finance Drive will be chaired by our Treasurer

Pete D'Amico. (August Pavlet - get well!) He also indicated resignations are wanted from Committeemen who don't help, produce, attend committee, and club meetings, support Plainview, Town and County G.O.P. functions plus the finance drive and so - there will be spots open for the aggressive producers.

Actually, all organizations use this good old basic principle of solid business management, or go out of business!

President Jeanne said she was advised we would have all Town and County candidates at our Wed. June 17 "covered dish" social meeting (Jeanne dear - per-

sonally confirm each and advise names - O.K.?)

Please do read about our G.O.P. candidates. We aren't pushing glibness or glamour or promises, we are presenting proven experience, records of performance and dedication. They are "out front" in clear public view all year. Do yourself a favor - see them and read about them - then on Election Day each year you'll have no problem and neither will we.

This GOP Report reminds me of Oscar Wilde "My last play was a success - the audience was a failure!" - AE.

Families For Life Club News

By Doug Harknett

There will be a rally to protest the Hicksville abortion facility at 10 AM. Saturday, June 6th. The site will be the parking lot next to the Memorial Fountain between Jerusalem Ave. and Broadway just north of the LIRR trestle. Members of the Town Board and of the clergy have been invited to speak. Residents of the Town of Oyster Bay and especially Hicksville are urged to attend.

A Nobel laureate once said that disagreement about economic policy ultimately arises from a difference of opinion based either on a scientific judgment, or the desirability of the consequences of that judgment, - which is a value judgment. There is a similar disagreement in the abortion question, but in an inverted way. In economics there is a consensus, a value judgment, that man wants lower inflation, higher productivity, greater personal wealth, etc. The

disagreement centers on the means for achieving it, which is a scientific problem.

On the other hand, in the abortion controversy everyone really knows that life begins at fertilization, which is the scientific judgment; whereas it is the desirability of the consequences of that judgment that is contested. And given the promise that a human fetus is a human being, not a partial or potential one, but a full fledged actualized human life, the conclusion unfolds with a simple, relentless logic: the abortion of an unborn child cannot be justified unless the killing of a postnatal child could be justified for the same reasons. This is such a serious and troubling argument that has never been answered satisfactorily, that pro-abortionists see that the only way out is to deny the scientific fact that a human being is created at conception. The value

judgment perverts the scientific judgment. Or the pro-abortionists deny that it's a biological problem at all, but rather a philosophical or moral or theological one, - anything to escape the relentless consequences of biology.

These practitioners of obfuscation may temporarily succeed in confusing some of the public, but common sense has a way of winning in the end. Louise Brown of England was conceived in a petrie dish for all the world to see. No one has yet denied that the human being in the petrie dish is the same Louise Brown who will celebrate her third birthday this year. Maybe Doctors Steptoe and Edwards should be asked to testify down in Washington.

Families for Life can be reached through Box 574 Hicksville. The next meeting will take place on Wednesday, June 24th at Levittown Hall, Hicksville, at 8 PM.
