What Happened at The School Board Meeting!

By Meryl Greenblatt

Regular meetings for the 1981-82 school year were begun Monday night as the Hicksville Board of Education met to finish leftover business and begin new business for the coming year. One of the first concerns expressed by residents was related to an article that appeared in Newsday prior to the meeting.

The article, which stated that after a closed session held by Board members, Superintendent Hawkins was "told by Board members to get rid of two administrators" was questioned by William Bennett, who asked why the information was published, while the public was not being given the facts. Replied President Ayres, answering a question of who exactly made the decision to "get rid of the administrators", namely Dr. Weeks and Kathleen Hogan, said, "Any business concerning personnel is strictly confidential; the Board does

not have the legal power to hire or fire any administrator. Only the Superintendent can recommend the hiring or firing of an administrator." The matter was not discussed further, and the source of the information relayed to the newspaper was not revealed. Ms. Hogan was not in attendance at the meeting.

District officers were also elected at the meeting. Mr. Ayres will assume the position of Assistant Treasurer, while Mr. Joseph Campanella will remain School Attorney. Mrs. Germer requested in a motion to pay Mr. Campanella on a monthly basis as opposed to a yearly contract, while at the same time interviewing other attorneys to compare services. The motion was voted down by all but Mrs. Germer and Mr. Grimmer. Stated Mrs. Ancil, "I am satisfied with Mr. Campanella's services now, and I will give him my vote of confidence at this time."

Discussion also took place with regard to the yearly evaluation of the Superintendent, which takes place in the form of a questionnaire. Mr. Hawkins asked that the Board meet with him to go over the evaluation form, which had already been approved for the previous year to specify some points in reference to his duties as Superintendent. This will take place after the evaluations are completed, and the matter will be taken up at a future meeting of the Board.

Board policies concerning transportation to parochial and private schools outside of the District, and the BOCES programs were also passed. Voting against the policy on occupational education were the chairman of the committee on policies, Mr. Schwartz, and Mrs. Germer and Mr. Grimmer.

One senior citizen voiced a complaint that the school budget supports five senior

citizens clubs in the District, saying that the money should be used for the students, letting the government and Town of Oyster Bay support the clubs. Other residents replied that the money given the groups was minimal; the same was said by the Board.

Other matters attended to include: Approval of the 1981-82 school calendar; extension of transportation contracts; approval of special education placement; approval of the E.S.E.A. Title I, Fiscal 1982 Remedial Reading in Public and Nonpublic Schools program; award of bids, claims and warrants, and personnel matters, which included the hiring of a new Supervisor of Special Education, Mr. Robert Greenberg.

The next Board meeting will be held on August 5, at 8:15 p.m. in the Administration building. A special meeting will be held this coming Monday night, which will be a closed executive session.

Citizens Alliance Meeting

The Hicksville Citizens Alliance will meet on Wednesday, July 22 at 8 pm at the St. Ignatius RC Church Old School on East Nicolai Street.

The group will conduct its raffle drawing, with lucky winners gaining cash prizes and a gift certificate to the Milleridge Inn.

In addition, developments on the groups legislative efforts will be announced, including the recent passage of consumer-oriented utility legislation.

Other topics include the Duffy Avenue extension proposal, our littered lot situation, local toxics problems, and the upcoming statewide Membership Convention in Albany in October.

All local residents are invited. If you would like a ride to the meeting or more information, please contact Citizens Alliance at #795-4775.

SIGN OF THE CHAMPIONS: Oyster Bay Town Councilman Thomas L. Clark (second from left) is on hand for the unveiling of an official community marker for the Hicksville-based St. Ignatius Girls Drum and Bugle Corps. The

sign will be posted at Canisius Park where the group practices. Also on hand for the ceremony were (left to right) artist Joseph Fronzo, sign donor Gil Cusick, Corps director Dominick Gratiase, Nassau County Executive Francis R. Purcell and drill instructor Carman Cluma.

On Saturday, July 18, the Corps will host "Pageantry In Brass" beginning at 8 PM on the Hicksville High School ball field. In addition to competing, the group will give an exhibition of the music and maneuvers that have made them world champions.

Galileo Lodge News

By Joe Lorenzo

VENERABLE TONY PREVITE'S MESSAGE:
Strength comes from struggle; weakness from ease. Italian Proverb.

This is the second news report from the Galileo Lodge that is once again so newsworthy it becomes apparent I must refrain from discussing seemingly extraneous items and get right into the news. To start with, this Saturday night, the 18th of July, the Galileo Lodge presents its Americana Day Dance, to be 'chaired' by Joe Giordano and Pete Massiello, who will handle tickets and seating arrangements. Tickets sell at \$9.50 per

person, a modest sum that entitles you to a delicious American-styled dinner, beer, soda, coffee and cake, set-ups and live music. But please note that a 'bring-your-own-liquor' policy will be in effect that night. Also aiding in ticketsales are Dan Perotti, Jo Ann Wallick, Armand Del Cioppo, Frank Matassa, Pat Gatto and Mary Monteforte, and these hard-working Lodge members can be reached by dialing 931-9351. Time is really short for this affair, so don't get shutout.

Another activity spectacularly perched on the Galileo Lodge's Fall Recreational horizon is the

'Foolies Follies', scheduled for Saturday, October 17th, at 8:00 P.M., under the supervision of the Ladies Auxiliary. The 'Foolies Follies' will consist of a series of mirthful and soft but wholesome burlesque-like comedy routines, acts, skits and dances, all presented for your edification and pleasure. Tickets sell at \$9 per person, and this modest fee entitles you to a delicious home-styled dinner with all the trimmings, beer, soda, coffee and cake, set-ups and a type of 'music-through-the-years' from a disc jockey. Dinner starts at 7:00 P.M. Sue Laurenti (WE 1-0036) be the 'chairlady' and she will be assisted by Mary Monteforte (938-6454). Both of these hard-working members of the Auxiliary will be responsible for ticket sales and seating arrangements also. Members of the Galileo Lodge, male and female, who have comedy in

First things first: the usual writer of this column, that outstanding legionnaire and our buddy, Artie Rutz, is making progress at Central General. He said he hopes to be coming home this coming week. It will be great to see Artie over 'at the post again, in a month or so.

Comrades and neighbors, three goals have pre-

occupied the American Legion since its formation at the memorable constitutional convention of 1919, in Paris, France: service to the veterans of our war time armed forces; aid and care of the warriors' widows and children, and the inculcation of loyalty and devotion to the democratic and republican principles which traditionally animate the United States of America.

The Americanism Program of the American Legion is committed to the latter two goals to a large extent. Here, in Hicksville, the Legion's school-oriented programs are respected and vital parts of life in our community. For over 25 years, the Charles Wagner Post 421 has sponsored annual Oratorical Contests at the Hicksville High School, encouraging student study and appreciation of the United States Constitution. Each year, also, the post and the Legion Auxiliary have financed the participation of a boy and girl from the high school junior class in the American Legion's Boys' and Girls' State Conventions. Another youth program of much activity involves the Boy Scouts of America. It is a great privilege and thrilling occasion when the

Americanism Chairman and Post Commander are invited as honored guests to be present at a scout troop Court of Honor. The American Legion's Good Citizenship Award is added, on this memorable night, to the splendid Eagle Award, Scouting's highest tribute.

This writer, in over 24 years of Americanism and School Contacts service, has been blessed by opportunities to meet and encourage so many fine young people produced by Hicksville. And, now, once again we have the names of Legion School Award winners to announce to the public!

(See School Awards story elsewhere in this edition.) This weekend's Department of New York Legion Convention at Syracuse will absorb the attentions of a bevy of post notables. Past Commander John Shepperd will represent the post officially, accompanied by wife, Mae. Past Commanders Frank Molinari and Frank Walsh will carry the national and our post colors in the great parade, Friday evening, June 17th. 'an and Mary will see the boys behave themselves afterwards. Colby Wants Town, Public Input on County Scavenger Waste Plant

Oyster Bay Town Supervisor Joseph Colby has tabled a resolution placed before the Nassau County Board of Supervisors that would have permitted the advertising for bids for the renovation and reopening of the scavenger waste treatment plant in Syosset.

This action was taken to give Town officials and concerned residents the opportunity to review and comment on the County's plans and to assure that the reopening of the plant will not only protect the groundwater in a sound, environmentally acceptable manner, but also help to end the problem of illegal disposal of cesspool wastes.

"It's fairly evident that not all cesspool wastes collected

on the north shore are reaching the County's Bay Park in East Rockaway, the only place now available in Nassau for acceptance of this type of waste," noted the Supervisor. "The idea of providing a closer facility is to cut down the 'midnight' disposal of these wastes in storm drains, catch basins and the like. If we are all assured that the design of the plant provides for the safe acceptance of cesspool waste, the operation of the scavenger plant will be an environmental plus."

The Oyster Bay Supervisor explained that as a result of tabling the County Board resolution last Monday (July 13), the County's plans and specifications for an updated treatment plant will be sent

to the Town's Department of Public Works. "I want our engineers, our Division of Environmental Control and our citizens Environmental Control Commission to examine these plans carefully, and offer an input they think is necessary to insure it proper operation," said Colby. Essentially the County's concept is to provide a facility where cesspool waste collected from the unsewered northern communities would be disposed of for treatment and acceptance into the County's sewer line, enabling the treated effluent to be piped into Nassau's Cedar Creek treatment plant in Wantagh.

Colby said that after the review by the Town and its citizens committee, all com-

mentary will be forwarded back to the County. "As part of our process of insuring the proper design of the plant, we will be asking the County to secure the approval of the State Department of Environmental Conservation of the final plans before they are sent out for bid," said the Supervisor.

"Because of the public's interest in this matter, we will also be asking that the County and Department of Environmental Conservation hold an informational meeting in the area to describe the plans and how the plant will operate. I feel strongly that such an informational meeting should be held so that all interested residents will have the opportunity to learn the facts," said Colby.

"I indicated this last Monday at the Board of Supervisors' meeting, and that very afternoon received an offer from the Syosset School District to provide a facility for the information meeting, so I am certain that County and State officials will be able to make arrangements to conduct the session at a location convenient to Syosset residents."

Italian Night

Italian Night, spotlighting Comedian Pat Cooper and a host of talented performers, will brighten up the stage at Eisenhower Park's Lakeside Theater Monday, July 27. Showtime is 8 p.m.

Nassau Recreation and Parks Commissioner Abram C. Williams noted that Italian Night marks the third in the series of International Nights, the free summer-long program presented by Nassau County Department of Recreation and Parks and sponsored by European American Bank.

Also featured will be the voices of Sal Ferrara and

Rina Telli, the Don Martone Orchestra, and the festive Gruppo Folkloristico Duronese Dance Group.

Master of Ceremonies for the evening is Pat Ciano.

Eisenhower's Lakeside Theater is located near parking field No. 6. Since there are no formal seating arrangements, Commissioner Williams suggests that theatergoers bring folding chairs and blankets. In the event of inclement weather, call 292-4175 for verification of performance.

For further information on the program, call 292-4121.

At The Town Board Meeting

By Sheila Noeth

Among local matters considered by the Oyster Bay Town Board at their regular meeting held in Oyster Bay on Tues., July 14 were:

1. They reserved decision on a Finance Hearing to consider the reconstruction of the parking garage building in Hicksville at maximum estimated cost of \$110,000 and the reconstruction of various parking fields, including incidental improvements in connection therewith, at maximum estimated cost of \$112,000, for and on behalf of the Town of Oyster Bay Public Parking District. No one appeared in opposition to this proposed reconstruction in Hicksville.

2. They approved Resolution No. 523-1981 relating to eliminating the requirement of a six-foot chain link fence between the Housing Authority project and the Church of the Good Shepherd Lutheran, in Plainview, under Resolution No. 267-80, dated March 18, 1980. Theodore Hoffman, esq., attorney for the Church appeared and requested that this fence be eliminated.

3. They approved Resolution No. 528-1981 relating to a temporary change in parking restrictions for July 17, 18 and 19, during the Hicksville American Soccer Club Inter-

national Tournament as follows: no parking on the east side of South Oyster Bay Road 296' south of Stewart Ave., and for 600' on the west side of South Oyster Bay Road 540' north of Enterprise Place running north to the Astro Motel driveway. It was mentioned that the Grumman Aerospace Corporation had provided some parking spaces for this Tournament.

4. They approved a \$471.16 increase over the original bid by Resolution No. 335-1981 thus amending Resolution No. 354-81 adopted on May 5 in connection with the final acceptance of Contract No. DP779-175, improvements and reconstruction at parking fields No. H-10 and H-15 at Hicksville. This brought the final contract cost to \$122,630.16.

5. They approved Resolution No. 540-1981 relating to the substitution of material (one brand name for another brand name) by the contractor on Contract No. DP780-218, the construction of temporary parking fields at Hicksville.

5. They approved Resolution No. 542-1981 relating to community development ... the removal of architectural barriers at the Hicksville VFW Hall on South Broadway.

6. They approved

Resolution No. 543-1981 relating to a highway dedication of Karin Lane in Hicksville, which has been deeded to the Town of Oyster Bay by Servo Corporation and by this resolution accepted by the Town.

7. They approved Resolution No. 547-1981 directing the Town Clerk to advertise notice of an August 11th hearing to consider proposed amendments to the Code of Ordinances of the Town of Oyster Bay ... amend Chapter 17 ... Motor vehicle and traffic rules and regulations in various hamlets with the Town.

8. They approved Resolution No. 548-1981 relating to authorizing consultants to proceed with the preliminary design phase for a new Badge Reader for Scale House at the Old Bethpage Solid Waste Disposal Complex. Councilman Thomas Clark abstained from this vote, so it was passed with 6 ayes.

9. They approved Resolution No. 554-1981 relating to the granting of permission to contractor to use Town property in connection with Contract No. DP780-218 ... construction of temporary parking facilities just east of temporary parking near the LIRR station in Hicksville. This approval was granted for 90 days.

Hicksville Gregory Museum Again Open To The Public

The flag is flying again at the Heitz Place Courthouse and a big "OPEN" sign proudly tells the world these days that the Hicksville Gregory Museum is back serving and thrilling visitors with its wonders of nature.

The new leaf in a proud history of service to the Long Island community since 1963 began July 1st when the museum's Board of Trustees began honoring an innovative 'contract for services' drawn up between the Earth Science Museum and the Hicksville Board of Education.

Among the services now available to the Hicksville school and home communities, thanks to the enterprising contract with the

Museum, are unlimited school group free guided tours of the museum and free admission to every resident of Hicksville.

Staffing the museum currently from 9 to 4:30 on weekdays are Acting Director or Richard Evers and his assistant Michael Hodgkinson. The museum trustees hope to have a curator on the staff by August 1st. In recent weeks, liaison has been established between the museum director and science and social studies administrators of the Hicksville schools. As the schools closed, last month, the entire Junior High School Science Department and its Chair-lady, Marie Marshall, were guests of the Gregory Mus-

eam for a tour of its outstanding geology and nature exhibits and an insight into museum facilities and potential for student use this coming school year.

Aside from its emerging educational relationship with the Hicksville public schools, the Hicksville Gregory Museum is keenly interested in maintaining and enlarging its appeal and attraction for tourists and Long Islanders in general. The museum is once again listed prominently, in the 1981 State I Love New York Travel Guide. Admission fees for non-Hicksville residents are: Adults - \$1.50; Children - 75 cents. Senior citizens and pre-school children are admitted free.

Dear Friends

Summer used to be considered the lazy season. No more. For example, although our Town Board meets less frequently, they do accomplish a great deal. You can read about the local matters they cover at each meeting in this newspaper. Part of these articles contain future hearings which are set to come up before this august body, so our readers can mark their calendars, if they wish to attend these hearings, or, they may wish to write to the Town Board on whatever matter may concern them. Then our local Boards of Education are also conducting their regular meetings. So there is much of community interest taking place during the summer.

Of interest to both children and adults alike are the activities going on at our fine public libraries. You can read about them in this newspaper, or phone your library if you want further details. Their summer programs are entertaining and worthwhile.

In the area of entertainment you will also find that both our Town and County have summer programs some of which you will probably want to attend. You will find them, in articles in this newspaper as well as in our Calendar of Events.

That's all for this week. Stay well and enjoy the summer of '81 here on beautiful Long Island.

SHEILA NOETH.

Town Democrats To Hold Fundraiser Aug. 7

Oyster Bay Town Democrats will host a fundraising Cocktail Party on Friday evening, August 7 on the grounds of the lovely home of Mr. and Mrs. Edward Lamont in Laurel Hollow. The Party will run from 6:00 PM through 8:00 PM. (In case of rain, the Party will be rescheduled for August 14.)

Everyone is cordially invited to attend and to show their support for Democratic Town Supervisor candidate LEONARD B. AUSTIN and his running mates.

The cost is only \$12.50 per person. For more information or to make reservations, call Judy Jacobs at 921-1889 or Mike Polansky at 433-0919.

Town IDA To Meet Friday

The Town of Oyster Bay Industrial Development Agency will meet Friday, July 17, at 9:30 AM in the Hearing Room at Town Hall East, Oyster Bay.

According to IDA Chairman Karl Leupold, the Board will be meeting to consider the appointment of

a financial advisor to serve during the resource recovery project negotiations.

Also on the agenda will be a resolution to continue the consultancy of Lockwood, Kessler and Bartlett, Inc., for the management of the resource recovery project through the negotiations.

Letters To The Editor

Dear Editor:

I thought I had written my last letter about the Duffy Ave. extension. But on reading Mr. Clark's letter, I felt compelled to respond to it.

His statement that Hicksville has a cancer and that it is getting worse is true enough. But his implication that the residents do not wish to face the fact did not go down very well.

A number of residents attending the July 2 meeting showed in a very positive way their awareness that our town has many ills. They named the problems and offered constructive suggestions as to how some of them might be eliminated. I am hopeful that Mr. Clark was listening and will give them due consideration.

The primary seat of the cancer, as I see it is in the numerous thruways, constructed or widened, which give residents in outlying areas easy access to and from our railway station, and through Hicksville to all of the malls and business places outside of our town. Also, heavy diesel-engine trucks, with their noise and their nauseating fumes that pollute the air we breathe, are allowed passage on our residential streets.

Because all roads lead to the center of our town, we must then provide more and larger parking facilities, as each new thruway becomes available. Thus, rather than effecting a cure, it is allowed to spread, and the cancer is fatal.

Mr. Clark claims he wishes to hear our fears and our concerns, which he feels are based on rumor and misinformation. At the meeting, he had ample opportunity to correct any misinformation. Yet, at the end of the session, he heard quite clearly that we do not, now, or ever will, approve of the Duffy Ave. extension.

Nevertheless, further meetings in other areas of Hicksville are to be conducted by Mr. Clark. Does he hope that his proposal will be favorably received elsewhere? There was a fair representation of residents from various areas

at this first meeting. In spite of his allusions to possible alternatives to the Duffy Ave. extension, why do I get the impression that Mr. Clark is proceeding with his plans as if the decision has already been made? Am I alone in this feeling?

In writing this letter, I have no axe to grind. I am interested only in the overall health of Hicksville, which I feel will be further endangered by the Duffy Ave. extension, whether to Broadway or elsewhere.

Sincerely,
Dorothy Margot

To The Editor:

That was a brilliant letter Councilman Clark composed at 2:02 a.m. He keeps on talking in the singular—"I this-I that-I, I". What ever happened to our Town Board. He talked for quite a while about parking, parking—all of a sudden we will wind up like Hempstead—all parking and no stores and customers. He still insists that this Duffy Ave. widening MUST take place.

Another thing, what happens when all this new traffic on Plainview Rd. ends up in that little bottleneck on New South Rd. between Plainview Rd. and Old Country Rd.

I still say widen the section on Duffy between Nelson Ave. and Newbridge Rd. and put the left turn arrows going east and west onto Newbridge Rd.

Yours for a better
Hicksville,
Rudy Bouse,

Dear Editor:

For several months, members of the Hicksville Citizens Alliance have been actively involved in a statewide campaign to bring about improvements in the state's home energy conservation programs.

We are pleased to announce that progress has been made! A bill that our group has been pushing for, which would eliminate the \$10 fee for home energy inspections ("audits"), would improve the auditing program, would require that

utilities like LILCO provide a clear and accurate estimate of the savings we can gain from weatherizing our homes, and would improve promotion of the conservation audit/loan program, has passed the Legislature in Albany.

The bills were supported by such Legislators as Assemblyman Frederick Parola, Senator Ralph Marino, and Assemblyman Lewis Yevoli, and were introduced by Assemblyman Angelo Orazio.

But now it's time for one last push. We urge all of our Hicksville neighbors who agree that the best way to produce new energy is to stop wasting the energy we're using to write Governor Carey to ask him to sign this bill into law.

Please write Governor Hugh Carey, Executive Chambers, Albany, NY 12224 and ask him to sign Bill # A-8976/S-5543 into law, so all New Yorkers can enjoy a more energy independent future.

Sincerely,
Helen Link

Dear Friends:

My purpose in writing to you is to ask your help in aiding the family of a Vietnam Veteran who lived on Long Island and died from Agent Orange Cancer.

On June 10, 1981, at 5:30 A.M. Chris Moeller, a 29-year-old former U.S. Marine Corporal and life-long resident of Long Island, died from cancer of the tongue. Chris fought for his life as he had fought in Vietnam for his country, but he could not endure the ravages of the cancer. Chris has left behind a young wife and a three-year-old son, Christopher.

The Friends of Chris Moeller Committee was formed because we all feel strongly that Chris died because of his exposure to Agent Orange while serving our country in Vietnam. We feel we should help because the Veteran's Administration has refused to take responsibility for this condition as a service-related injury, therefore leaving Chris Moeller's family with no benefits.

Much has been said and published in the media about

how poorly the Vietnam Veteran has been treated in this country. Chris Moeller said yes, as you did, to serving our country when it was popular to say no.

Chris Moeller gave so much and now his family needs your help.

You can help Chris Moeller's family by joining with other veterans on July 19th for our Walk-A-Thon, or by making a tax-deductible donation to the Chris Moeller Fund. If you have any questions, please call 997-7000.

Your help will be deeply appreciated.

Sincerely,
Dennis McCoy
Co-Chairman

Hicksville Baseball Association

By Carole Wolf

Because all the officers and directors of HBA attended all-star games both home and away on Thursday night, it was decided to cancel the open meeting of the HBA. The next scheduled meeting will take place on the third Thursday of August, at which time nominations will be taken for officers for next year.

The picnic, which had been cancelled on July 11th has been rescheduled for Saturday, August 22nd with a rain date of Saturday, August 29th at parking field 3 in Eisenhower Park. Bring whatever you want. The cost will be \$2 per family to cover prizes.

ALL-STAR TOURNAMENT PLAY: In an elimination tournament which might bring them to Williamsport, the 12 YEAR OLD ALL-STARs won their first game on Monday night 17-16, when they beat Hicksville American. Offense: John Senise 2 for 3, HR; Bobby Senn 2 for 3, HR; Tom Zagajski 4 for 3, D; Donald Sirey 2 for 5 with the winning RBI. We cannot bring you the results of Thursday nights game against Syosset, but if they win, the 12 year olds will be playing next Monday.

In the other elimination tournament of PONY baseball Inc: July 13, 1981 was a happy day for the HBA. Our PONY league all-stars got off to a great start when pitcher Harvey Chin beat East Meadow 5-4. Chin hurled a four hitter and ran his usual clutch base running. The game seessawed back and forth but in the 5th

inning, Andy Jedd made a spectacular play by throwing out a man at the plate from his position in left field. The play was completed in the hands of Bobby Hunt who was catching the game. In the 7th inning, the score was tied 4-4 and HBA came to bat with a man on 3rd and 1 out. Batter Peter Lomp put down a perfect bunt for a suicide squeeze play that scored Murphy from 3rd and carried HBA to victory, said Tony Torlinacsi.

The Pony All-Stars will play Saturday night, July 18th at 8:15 P.M. under the lights at the Mineola field. (Old Country Road West - make a right on Glen Cove Road to BOCES School Building (Old Korvettes). Make a left on the corner and go down to second traffic light (Union Avenue). Make a left for 3/4 of a block and another left between 2 pillars to the parking field. The HBA will be facing the winner of the Farmingdale-Mineola game. Come out and see good baseball, support the Pony All-Stars. Come early for a good seat.

HICKSVILLE AMERICAN TOURNAMENT: In a game on Saturday, the 11 year olds beat the 11 & 12 year olds by a score of 10-7. The 11's (Pagett): Billy Cornelius and Jimmy Pagett ground rule doubles; Bobby Maresca 2 for 3; John Krynskiy 2 for 3 scoring twice; Bobby Zaine 2 for 3 scoring twice, Steve Carney 2 for 3 scoring once. Defense - Billy Cornelius good job as pitcher, catcher & center; Zaine good pitching; Mike Gallagher good 3B; Bobby Maresca good job at SS, catcher, pitcher; and good

jobs done by Jimmy Pagett at 2nd, John Krynski at 1st & Jimmy Antonietti at 3rd & 2nd. 11 & 12's (Bergamini): Joey Rothschild and DeMuth nice fielding. Danny Bergamini pitched well; Mike Teplansky D; Joey Rothschild D, S, RBI; Bobby Abrahamson S, RBI; Russ Cassar S, RBI; Chris Fevola S, RBI; Billy DeMuth S, RBI.

In the Sunday game, the 11 & 12's beat Syosset South by a score of 8-2. Bergamini: Mike Teplansky & Arlen Strongin good pitching; Jeff Teplansky good catching; Joey Rothschild & Billy DeMuth good fielding; Rothschild S; Steven DeStefano 2 RBI's; S; Danny Bergamini T, 3 RBI's; Arlen Strongin D, 2 RBI's; Jeff Teplansky D, RBI.

On Sunday, the 11 year olds beat Syosset 5-2. Pagett: Bobby Zaine & Bobby Maresca pitching; John Krynskiy 1B, Brian Goerke, Catcher, Jimmy Pagett 2nd; Billy Cornelius 2 for 3 with a 2 run D; Goerke key lead off bunt; Dennis Lynch key lead off S to start rally.

The 10 year olds beat St. Ignatius on Saturday 10-4. Alfin: Joey Miranda 2 for 2; Michael Kwas 2 RBI's; Rober Chin S, 5 stolen bases; Michael Alfin pitched a no hitter last 3 innings, 2 RBI's, unassisted DP; It was a fine pitching & running effort to win game including Kenny Wolfe, S, stole home; and singles by Tom Flynn, Mike Cuilla, Glen Kalberer, Kevin Torlinacsi & Chris Bonomo.

Syosset beat our 10 year olds on Sunday 14-0. Alfin: Bonomo made an excellent throw from outfield for an out at the plate.

N.Y. Islanders Versus Jericho Fire Dept.

The Stanley Cup champion New York Islanders, who are said to be pretty good softball players, too, will play a benefit game against the Jericho Fire Department softball team for the benefit of the burn center of the Nassau County Medical Center, it was announced today.

The Islanders and the volunteer firemen from Jericho will "face off" at 8 P.M., July 24, at the Plainview-Old Bethpage

Park on Washington Avenue in Plainview for what has become a favorite charity of the Stanley Cup champs as well as the firemen.

The Jericho Fire Department approached the Islanders with the idea to play the benefit game because perhaps no one knows better than firemen the value of the burn center, the only one on Long Island and one of few in the entire nation.

Tickets for the game are selling for \$5 each. They may be purchased at the Jericho Firehouse on Route 107, just south of Jericho Turnpike; at the public relations office of the Nassau County Medical Center; at the box office on the night of the game and at selected fire departments throughout Nassau County. Information about ticket sales or the game may be obtained by calling the Jericho Fire Department at (516) 931-3546.

Fire Dept. Warning-- Barbecue Safety

By Asst. Chief Owen Magee, Hicksville Fire Dept.

Summer is upon us and with summer comes the cries for help. Outdoor barbecues are one of the pleasures of summer but if safety rules are not followed they can be deadly.

Propane (L.P.G.) barbecues are the in thing now. No fuss, no muss--zap, the steaks are done. Before you attempt to fire it up, please do the following:

a. Read the grill mfg. instructions and understand them.

b. Do not transport the gas cylinders in the trunk of your vehicle. A filled cylinder should always be transported upright on the floor with all windows open. Never leave a cylinder in a car.

d. Use the right size wrench, make sure all connections are tight. Gas cylinder fittings are left handed threads. Tighten in a counter clockwise direction. Use a soap and water solution to test for leaks. If any bubbles are produced, the connections are leaking.

e. Make sure grease does not fall on the hose of cylinder.

f. Never allow children to use a barbecue.

g. Never barbecue inside a structure.

h. Never store a gas cylinder inside a structure, including porches or balconies.

i. Keep cylinders away from structures in a cool shady area out of direct sunlight.

Charcoal Barbecue
a. Never use charcoal barbies in enclosed space. Combustion products can cause injury or death.

b. Once the fire has been started NEVER - REPEAT - NEVER add lighter fluid to it. Fire may be sucked back into the can, causing an explosion.

c. Use caution in disposing of ashes. Wet the ashes with water. Put in a metal container.

Enjoy your summer, follow these few simple rules. Take a few minutes more right now and read the following true report reprinted here. Accidents happen anytime, anywhere, including HICKSVILLE.

I Saw A Man Die

Last week I saw a man die. He suffered unimaginable torture. Second-degree and third-degree burns covered 40 percent of his body. For five days and six nights he fought off the inevitable before he drew his last rasping breath.

Old friends spent the weekend at his house and on Sunday night they were to have a giant steak, charcoal-broiled on his outdoor grill. When the coals did not flare quickly enough, he gave them another squirt from a large can of fluid. There was a vapor pull explosion. You may have seen one like it. There is a flash of light, but very little sound - only a quick puff, and it is all over.

Smoke Detector Does Job

The folks at #7 So. Elm St., Hicksville, are very happy they purchased a smoke detector for their home. On July 3, at 5:37 p.m., they were alerted to a fire in their basement. Until the alarm went off, they had no idea they had a fire. They quickly called the Hicksville Fire Dept. who responded. Vamps found a dryer fire and extinguished the fire before it spread.

Smoke detectors can save lives and property by giving early warning, but you have to buy one! 90% of the structure fires Hicksville

Vamps respond to, no smoke detectors are installed. Enough said...

Suspect Apprehended

A suspect was arrested on July 6 after Hicksville vamps caught him after sounding 4 malicious false alarms in the early morning hours. Charges were filed against him.

CHIROPRACTIC OUTLOOK

BY DR. PETER J. ROCCO
CHIROPRACTIC STUDIES

What qualifies a man or woman to be a doctor of chiropractic? Minimum requirements are full-time, four-year attendance at a recognized chiropractic college; most of these require two years of pre-professional college credits as well.

The student takes courses in anatomy, physiology, chemistry, microbiology and pathology - especially radiology, the use of X-rays in diagnosis - and physics. The curriculum also covers more specialized chiropractic subjects: the nervous system, the spinal column,

body mechanics and the adjusting procedures that are the basis of the discipline. In addition, there are courses in psychology.

The student is professionally trained in clinical diagnosis, clinical neurology, differential and laboratory diagnosis, and the use of special instruments needed for diagnosis particular to this profession.

ENGAGED: Mr. and Mrs. Sherman E. Hutchings of Hicksville are happy to announce the engagement of their daughter, Doreen, to Hugh Givens of Elizabeth, West Virginia. Miss Hutchings, a 1973 graduate of Hicksville High, received a Bachelor's degree in Music Education from Fredonia State University in 1977, and a Masters of Music Applied Voice from West Virginia University in 1979 where she was employed until May of 1981.

Dr. Givens recently received his Doctorate of Musical Arts in Vocal Performance from West Virginia University and will join the music faculty at Kansas University in the fall.

The happy couple are planning a spring wedding.

Engaged

Mr. and Mrs. Joseph Kuffner of Hicksville have announced the engagement of their daughter, June, to Kim Kershaw, also of Hicksville, on July 10.

They plan a May wedding. June and Jim had a nice engagement party recently at June's parents home.

On The Campus

Affordable Insurance For Lutherans

If you're like many Lutherans, there are times when starting or adding a life insurance program just isn't in the budget. For these times, AAL has a solution called Yearly Renewable Term. It's insurance which is purchased on a year-to-year basis. It gives you a relatively large amount of protection at a relatively low premium.

Yearly Renewable Term. It's a good way for Lutherans to buy insurance protection, even when the budget gets tight.

Premiering Movie Offered To Groups

Upjohn Healthcare Services of Hicksville is offering a unique thirty-minute motion picture, free-of-charge to public service groups, fraternal organizations, institutions, and health-social services agencies. "More

Than I Give" focuses on the very personal, vital relationships between several patients and their home health care providers.

According to Upjohn Healthcare Services Medical Director, Dr. Phillip Levitan: "Upjohn provided the grant funding to film this non-commercial, educational approach which describes home health care today." Levitan said that for a number of years doctors and other health care professionals have been at a loss to explain to patients, a proper context understanding of home health care services. "This movie effectively does the job," he said.

This past month close to 200 health care industry professionals previewed the film produced by Vision Associates in the metropolitan area at the MGM Premiere Theatre (Manhattan) and the Suffolk County Academy of Medicine.

To reserve a calendar date for your club or organization, contact Upjohn Director of Marketing Gloria Hallisey at 516-433-7700 or 212-895-0455. An Upjohn representative will deliver the movie for the showing at no cost.

Mormons Celebrate Heritage

Gala and solemn events are planned to commemorate the 30th Anniversary of the first "Mormon" Chapel on Long Island, President Edward J. Jepsen of the Plainview Stake and Bishop David Jones of The Uniondale Ward of The Church of Jesus Christ of Latter-day Saints announced jointly today.

A Road Rally to trace the history of Mormonism on Long Island from 1838 in Christian Hook (Oceanside) to 1951 in Uniondale is scheduled for Saturday July 18th. A festive dance is planned that evening for all Church members, their friends and neighbors at the Plainview Chapel featuring the music of Tom Pomboy's Band.

A 30 year Commemorative Service will be held Sunday, July 19th at 10:30 A.M. at the Uniondale Chapel, 171 Arcadia Ave., Uniondale under the direction of Bishop Jones. Three former Bishops of the Ward will be in attendance: Bishop John W.W. Wendt of Rockville Centre, Bishop Wales S. Buell of Freeport and Bishop J. David Felt of Manassas, Virginia formerly of Garden City who will be returning especially for this event. President Edward Jepsen of the Church authority for Long Island will preside.

The following Saturday, July 25th at 160 Washington Ave., Plainview the Church will hold Open House from 3:00 to 8:30 P.M. where everyone is invited to come and "Meet The Mormons." A full day is planned with everything from "Westward Ho" (the story of the trek west), a Community sing, games and rides for the kids, information on how to beat

the high cost of living, fix up your home, garden, climb your family tree and have a happy family to "Trail's End" with music and family speakers.

Return with us to the Old West and meet the Mormon Pioneers who played such an important role in expanding the borders of our great American Nation to the Pacific Coast.

See how that same rip-roaring, exciting, independent Pioneer Spirit has been kept alive by the Mormons to this present day.

Travel with us on the Western trek by foot, handcart, horse, Conestoga Wagon and on the "Good Ship Brooklyn" through such American historical landmarks as Palmyra, N.Y., Harmony, Pennsylvania, Kirtland, Ohio, Nauvoo, Illinois, Christian Hook and Winter Quarters, to the Salt Lake Valley of the Utah Territory.

Witness with us how Long Island, in so many thrilling ways, was the birthplace of the West. Did you know that Uniondale and Rockville Centre were the homes of many of the original Mormon Pioneers? Were you aware that Oceanside used to be known as "Mormon-town"?

Join us all at the round-up at The Church of Jesus Christ of Latter-day Saints ("The Mormons") 160 Washington Ave., Plainview, on Saturday, July 25 at 3:00 P.M.

Have the unforgettable time of your life as we travel "Westward Ho" to "Trail's End" with such great American heroes as Joseph Smith, Jim Bridger, Porter Rockwell, and Brigham Young.

Families For Life Club News

By Doug Harknett

Ronald Reagan's nomination of Sandra Day O'Connor for the Supreme Court last week met with mixed reviews. The President praised her highly, but pro-life groups across the country strenuously objected, as did the Rev. Jerry Falwell of the Moral Majority. The opposition rising so suddenly and so strongly surprised Reagan because Judge O'Connor had told him that she was personally opposed to abortion. Unfortunately, too many politicians like Ted Kennedy and Daniel P. Moynihan, who are really pro-abortion, use these same words. They say they are personally opposed, but add that they cannot impose their morality on others. In the context of slavery that would mean they would not have slaves themselves, but would not object to others having them.

Pending the Senate confirmation hearings, where the issue will hopefully be explored in detail, the American Life Lobby and the National Right to Life Committee have supplied the following data.

As an Arizona State Senator on February 26, 1970, three years before the Supreme Court legalized abortion, Mrs. O'Connor co-sponsored Senator John Roder's bill providing for

abortion on demand in Arizona. On April 29th she also voted for it in the Judiciary Committee (6-3 majority), and on the following day voted with the 10-6 majority in the Republican Caucus to send the bill to the full Senate. The bill, however, ultimately failed to pass.

*On February 8, 1973 she co-sponsored a total family planning bill (S1190) providing for birth control counseling and services including 'surgical techniques' for teenagers without parent consent.

*On April 23, 1974 she voted against a resolution that asked the U.S. Congress to pass a Human Life Amendment.

*In May 1974 she voted against Representative Jim Skelly's amendment to prohibit the performance of abortions at the taxpayer supported University of Arizona hospital.

As for her professional accomplishments, the Arizona Bar Association rates the judges every other year. According to the New York Times: "As a Superior Court Judge in 1976 she received the same rating as two other judges, while the other three got higher ones. In 1978 Judge O'Connor received the lowest score of the eight judges rated. In 1980 her first year on the appellate bench, she placed

Rates Reduced For Summer Pool Plan At Cantiague Park

A new Summer Pool Plan at Cantiague Park in Hicksville providing families or individuals with greatly reduced rates was announced by Nassau County Department of Recreation and Parks Commissioner Abram C. Williams. The plan is open to all County residents.

Williams attributed the special plan to the relatively light use the Cantiague facility has experienced in the past several years. "We're seeking to acquaint more people with our excellent pool operation here," he said. "And we feel that with the higher cost of travel to beaches coupled with increased parking fees at some beaches, our residents are going to be looking to cut down on recreation costs by

staying closer to home."

The seasonal fee for a family would be \$55 covering unlimited visits to Cantiague Pool for all household members between the dates of Friday, June 19 and Sunday, Sept. 7. An individual membership would be \$30 and for senior citizens, \$15, covering the entire season.

In addition to the main olympic size pool, there is a separate diving pool, a kiddie pool and a wading pool. For family enjoyment there are special programs throughout the summer right at the pool including square and social dancing, puppet and magic shows, arts and crafts classes, swimming instruction, children's games, water polo, synchronized swim exhibitions and much

more.

"We realize," said Williams, "that few people can afford a country club, but for a nominal seasonal fee, our residents can have a family recreation experience that can't be beat. In addition to the pool at Cantiague, Williams noted, there is a nine-hole golf course, an indoor ice rink, a driving range, tennis courts, a picnic area, ballfields, playgrounds and court games like basketball, paddleball and handball, horseshoes, shuffleboard and bocci. In Williams' words, "try it, you'll like it."

For further information on registering for the Summer Pool Plan, call 935-3501. Cantiague Park is located on West John St. in Hicksville.

THE EMPOWERING OF EVERY SUCCESSFUL FAMILY

"Humpty Dumpty sat on a wall, Humpty Dumpty had a great fall,

All the king's horses and all the king's men

Couldn't put Humpty Dumpty together again."

This popular nursery rhyme was a way of speaking to much of family life today. Family life has fallen down, broken apart, and does not appear that it can be put back together again. All the king's horses and all the king's men couldn't put the family

together again, might be a modern rendition.

In Philadelphia there was a piece of graffiti on a large wall which read, "Humpty Dumpty was pushed." There are many forces pushing on the American family today, many of which are very negative and cause it to fracture. Television, movies, and other art forms consistently present unbiblical models of family life. Unmarried people living together as married persons is consistently presented as acceptable behavior. There seems to be a variety of models or specifications for our society and families

today. Yet, there is only one that has stood the test of time, one that has not faded like numerous fads, that is the biblical specification for the family.

At Pentecost we were reminded that the Spirit of God is needed for the empowering of every successful family. Just as the first century church was weak and powerless before the Baptism of the Holy Spirit, our Christian families will never reach their full potential without the same powerful presence of the Spirit of God.

To follow the Christian life is not difficult; it is impossible. The Christian life and the Christian family is a supernatural entity. When we, through faith, invite God's Spirit into our families, the powerful presence of the Lord Jesus Christ takes up residence in our home ... not just as an occasional guest but as a resident. The trouble with many of our families today is that all of us are trying too hard. That's right, we are trying too hard and trusting too little. We need to grow in the Spirit of Jesus Christ and to succeed through trusting in the Lord.

Eugene O'Neill once wrote, "You can not build a

Scholarship Awarded To HHS Graduate

Glen Caruso, Hicksville High '81 graduate, was the recipient of the Jerry Spiegel Foundation Scholarship. The award was presented to Glen at the school's June 28th commencement exercises.

Glen will be attending the University of Missouri for a career in business or journalism, and ranked in the top 25% of his class.

Mr. Spiegel, the scholarship benefactor, is a leading Long Island commercial/industrial builder.

The promised pleasure or gratification is not always found at the top. When we permit God to empower our families through prayer, worshipping together, through the reading and studying of his Word, the Holy Spirit becomes strong enough in us to cast out and deliver us from ourselves, from our self-centered spirit.

Throughout Scripture a high premium is placed on good family life. A good husband, a good wife, obedient children, are among the greatest of all treasures, something to be coveted, prayed over, worked for. Every successful family needs the empowering presence of the Spirit of Almighty God in the home. Each family is to be a
