## Water District Regulations

The Board of Commissioners of the Hicksville Water District wishes to remind all residents of the district that no consumer of the Hicksville Water District shall build, construct, or maintain an automatic or manual lawn sprinkler service unless such consumer first applies to the Hicksville Water District for permission to erect, maintain, or install such automatic sprinkling services.

A. All combined services shall be in accordance with the District drawing showing minimum requirements for types of equipment for a combined service.

B. All separate services shall be installed in accordance with the District drawings and regulations, including a proper backflow preventer.

The above is quoted from the Ordinances of the Hicksville Water District and is in conformity with the present New York State Department of Health policy and requirements for cross-connection control. The State policy requires a degree of

protection commensurate with the degree of hazard regardless of whether the hazard is immediate or potential.

In accordance with Part 5, New York State Sanitary Code, Sub-part 5-1 Public Water Supplies, Section 5-1.31, cross-connection control is the responsibility of the supplier of water and the water consumer.

Our searching out for cross-connections is a well established program in commercial facilities as well as private, and it is important for us to keep abreast of the ever increasing number of lawn sprinkler systems to help protect our community water system for toxic chemicals such as ammonium salts, phosphates, 2,4 D sodium arsenite, lindane, malathion, etc., as may be the result of systems using weedicides, herbicides, exterminators. These items could gain access to the water system through the sprinkler system due to backsiphonage due to a temporary negative or sub-atmospheric pressure with the public water supply system.

President John Ayres extended an invitation to the community to observe negotiations between the District and the teachers' union at the School Board meeting last night. Teachers have voted to strike on October 13 unless a contract is reached, including a salary increase of 18% and a state mediator is involved in negotiations.

Elaine Kabokoff of the Teachers' Union addressed the Board and asked for face to face negotiations without attorneys for either side. President Ayres said the Board will determine who they will bring to the meetings. He said "Everyone is concerned about negotiations, let them come and see exactly what goes on. We invite you all to come to the next session ... we can do negotiations in the open ... in front of the public."

At press time, no schedule had been set for this purpose.

The Board was asked to take action on the year end budget report, which included encumbrances of over \$3 million dollars. There was a lengthy discussion period and an Executive Session was called to get opinion of

council before the Board voted. The unresolved surplus is in excess of \$1.5 million dollars to be turned back to the taxpayer. It is too late to change the tax rate for this year. Former Board Member William Bennett said "It is staggering to hear that we have such a surplus in Hicksville. \$1.5 million dollars to be returned to the taxpayer. It is their money, we could have given the taxpayer a no vote budget and still maintained the school services." Larry Wolfson, Head of the Budget Committee for the coming year asked for the community to work together on the new budget. The first meeting of the committee will be on October 5 in the Conference Room of the Administration Building and residents are invited to participate.

The Board finally approved the 1980-81 Budgetary Transfers with an amendment to reflect the amounts the auditors recommended as allowable encumbrances. President Ayres promised to report on these items at subsequent meetings so that the public will be informed as to what is resolved.

Superintendent Wilber D. Hawkins reported the

district will have to go out to bids for a new press box and it will be six weeks before it is completed. The Board of Education named the athletic fields after Neil McCormack and a dedication ceremony will be held in late October or early November to place a plaque on the press box, honoring Mr. McCormack.

Superintendent Hawkins promised to present total school enrollment figures at the next meeting. He also stated any questions from anyone present at the meeting that cannot be immediately answered will be handled by written response, which will be attached of the agenda of the next meeting.

Dr. Fenton announced the English Series textbooks that will be recommended for use in the district's elementary schools are available to be seen.

Dr. Clancy of the Woodland Avenue School showed an educational video tape presentation of the activities at the school. This included a circus performed by grades 1 and 2, interviews with students about their feelings toward it; field day activities; a puppet show performance and a party

prepared and enjoyed by Special Ed students.

The Board approved the names of individuals submitted by Mr. Greenberg to serve as alternate members of the Committee on the Handicapped. Parents of handicapped children in the district are represented.

Charlene Anci is forming a committee for the Gifted and Talented to meet on October 28 in the Administration Building Board Room.

The Board approved the formation of a girls' swim team. Dr. Salmon indicated there is a great deal of interest in having a separate swim team for the girls, who had been part of the boys' swim team.

The approximate size of the girls' team will be 25 to 30 members and they will participate in competitive sets.

The Board also approved recommendations regarding education personnel and civil service personnel, including a rate increase for aides, and awards of bids, claims and warrants.

The next regular meeting of the Board of Education will be on October 6 at 8:15 p.m. in the Administration Board Room.

## Library And Museum Join In Preserving Hicksville History

Twenty years of Hicksville history will be recalled this year, and set down in print through a project being jointly sponsored by the Hicksville Public Library and the Gregory Museum. Now underway, the chronicle of the village's life for the years 1961-1981 is being prepared by the Museum Director and Historian, Richard Evers, as part of a service contract drawn up, early this summer, between the Library and Museum Boards of Trustees.

The Museum will enrich the Library's historical resources by bringing the community's printed history, Hicksville: Yesterday and Today up-to-date from where Evers ended the account in 1961. The expanded edition of the history will be ready by next June. This comprehensive account, consisting of possibly 200 pages, will reflect the village's life from the Robert Williams Indian Land Purchase of 1648 to the G-1 zoning problems of today. Fifty copies of the revised history are scheduled to be presented to the Public Library as part of its service contract with the Hicksville Gregory Museum.

These copies of this much used reference book, added to the taped interviews and

video films of the Library's fine Oral History Program files, will place the Hicksville Public Library in the forefront of Long Island institutions striving to illuminate and preserve community history and a society's roots.

In addition to documenting Hicksville's life over the last two turbulent and revolutionary decades of American history, the Museum will produce two sets of narrated slide pictures for the Library on topics of community interest. Scheduled for completion by Thanksgiving, the first set of color slides will present the "Story of the Hicksville Public Library" in tribute to one of the finer library collections and facilities on Long Island.

Both the slide picture sets and the expanded Hicksville history will be based on the files of the library and the vast collection of thousands of photographs, newspaper clippings, club and local government bulletins, reports and announcements which the Museum's historian has collected over thirty years as a teacher and local historian. This large collection of Hicksville documents - primary source material - is on loan to the Gregory Museum Historical Committee, and covers

every aspect of community growth and development.

This Library-Museum collaboration breaks new ground in the area of cultural growth in Hicksville. On the one hand, the Library Board, through the disbursement of \$5500 for services, is able to assist the Hicksville Gregory Museum to remain in operation, and at the same time, is able to meet other

needs of Hicksville. By fostering the research, writing the photographing of the village's historical records and artifacts, the Library will assist the development of community pride, will increase public awareness of Hicksville's past, its traditions and the contributions of various local persons and organizations.

A week earlier, Renee Friedman, Dagmar Ballenberger, Karen Marwin and Pauline McElendon journeyed out to Sag Harbor to compete in the September 13 Great Peconic Bay Half Marathon. The trip was well worth it, since Pauline finished first in 40-49 age group and Dagmar took the second place trophy in the 50 and over age group. Way to go, ladies!

Bert Jablon continued along his winning ways, taking the first place in the 50 and over age group in the September 12 Bellmore-Merrick Rotary Race. Bert sped to an 18:39 finish in this 5 kilometer event, outprinting Andy Mulrain of Levittown by two seconds at the finish to earn his first place trophy.

## The Long Island Fair

The traditional Long Island Fair with all the homespun hustle and bustle of a typical country event of the mid-1850's will open Friday, Oct. 9 and continue through Columbus Day, Oct. 12, from 10 A.M. to 5 P.M. daily.

The Fair, coordinated by the Nassau County Department of Recreation and Parks and sponsored by the Agricultural Society of Queens, Nassau and Suffolk Counties, is one of the oldest such exhibits in the United States, having originated in 1841.

In addition to the poultry and livestock exhibits, there will be prize-winning displays of vegetables, fruits and flowers grown at local farms and gardens as well as a large and varied array of needlework, hobby and culinary products. There will also be magic and puppet shows, games for children, band music, folk-singing and agricultural contests.

Recreation and Parks Commissioner Abram C. Williams announced the following schedule:

**FRIDAY**  
10:30 A.M. to 2:30 P.M. Traditional Music  
10:30 A.M., 1 and 3 P.M. Puppet Show, "Pinocchio"

Admission, which includes entrance to the fairgrounds and the museum village, is \$3 for adults and \$1.00 for children ages 5 through 17.

Old Bethpage Village Restoration will be closed on Tuesday, October 13. There is no charge for parking. A cafeteria and gift shop are on the premises. Old Bethpage Village Restoration is operated by the Museum Division of the Nassau County Department of Recreation and Parks. It is located off Round Swamp Road just south of exit # 48 on the Long Island Expressway. For further information call 420-5280.

## Ceili

The Irish American Society of Nassau, Suffolk & Queens, Inc., is pleased to announce a "CEILI" will be held on Sunday afternoon September 27, from 5:00 pm on at the Irish American Center located at 297 Willis Ave. in Mineola.

The music for the Ceili will be provided by the Musicians of the Irish American Society. So put on your dancing shoes and bring a friend

and enjoy an afternoon of dancing and Irish music. Donation will be \$3.00 per person. Tea, coffee and soda bread will be available. Chairpersons for the affair will be Sally McGillicuddy and Jim Hollywood.

For further information and reservations please call (516) PI 6-9392 Monday thru Friday from 9:30 am to 1:30 pm or any evening after 8:30 pm.

**STATION INSPECTION:** County Executive Francis T. Purcell, left, and special assistant Clifford M. Riccio view trash and debris on Long Island Railroad tracks as station inspections are begun by a Purcell team all over the county. Riccio heads the inspection effort designed to push the Metro-

politan Transportation Authority to clean and repair stations. In Purcell's words, "If the taxpayers of Nassau are going to have to pay \$3.5 million a year for station maintenance and operation, we are going to make sure they get their money's worth."

## By Cong. Norman Lent

If you asked a doctor to cure your illness, would you criticize him for failing to cure you BEFORE you took the medicine he prescribed? Of course not.

Yet that is just what is happening now to President Reagan's Economic Recovery Program. Self-proclaimed "sages" on Wall Street spout lengthy quotes complaining that "Reaganomics" is not working. Supposedly sophisticated observers in Washington lament the "failure" of the President's budget and tax cuts to improve the economy.

But the hard, cold fact is that the Reagan Economic Recovery Program is not scheduled to even BEGIN to operate until October first! That's the date on which budget cuts become effective

## Blaming The Doctor Before You Take The Medicine

and individual income taxes will be reduced by 5 percent. That's the date savings and investment incentives - like the all-savers certificates - will become available.

Until October first, the federal government continues to operate under President Carter's last budget, as approved by the Congress before the 1980 elections. Until then - and for some period thereafter - we will continue to suffer high interest rates and leftover budget deficits caused by the prior Administration. Yes, our economy is sick. But the medicine needed to cure the illness will not begin to be administered until October first. To condemn the Reagan Economic Recovery Program before it has a chance to operate is

completely unfair.

The chief force behind our current high interest rates is still federal borrowing (the U.S. borrows 38 percent of available credit) coupled with the tight money policy of the Federal Reserve Board. Even the liberal-leaning newspaper, The Washington Post, (no friend of the Reagan Administration) admitted that. In a September 11th Article titled "Why Aren't Interest Rates Falling?", the Post answered its own question by stating: "Largely because the demand for credit is still great and the Federal Reserve, in order to reduce inflation is restraining the growth of the money supply." As long as the Federal Reserve continues this very tight money policy,

interest rates will remain unreasonably high. Because the Federal Reserve Board was created as an entity independent of congressional or presidential control, there is little either the Congress or the President can do to influence its policies. I am encouraged by recent indications that the "Fed" may be relaxing its money controls somewhat.

But the main force for economic recovery will come from the President's program of deep cuts in forthcoming federal spending, coupled with phased-in tax reductions and changes in tax laws to encourage more savings and investment.

I believe we are on the right track - if only we will give the medicine a chance to work!

## \$1 Million Program For Senior Citizens

Nassau County Executive Francis T. Purcell has announced the award of more than one million dollars in federal and county grants to 16 Nassau County agencies which will make possible the continuation of a wide range of supportive services for the elderly. The 1981/82 budget of \$1,300,691 for these combined programs will be 90 percent federally funded.

The Nassau County Department of Senior Citizen Affairs has renewed grant awards under Title IIIB of the Older Americans Act to voluntary, not-for-profit, agencies for the provision of a broad range of services to seniors, such as transportation, home care and legal assistance.

In announcing the grant renewals, County Executive Purcell said: "It is

significant that in these times of budget austerity, the appropriations for programs under the federal Older Americans Act are being maintained. Obviously, the needs of older persons are being recognized as priority items, and those priorities are being respected at every level of government."

The renewed programs include the American Red Cross special transportation program (TOTE), which provides door-to-door transportation to the elderly for medical appointments; the Jewish Association for Services for the Aged homemaker services, which provides for shopping, housework and personal care for the homebound; the Mental Health of Northeast Nassau Senior Health and

Counseling program, which provides in-home mental health services and counseling; the Visiting Home Health Services Home Health Aide Training program, which trains senior citizens to serve as home health aides to other seniors; and the Family Service Association programs, including crisis intervention, which provides immediate financial or housing assistance, financial counseling, and an innovative housing project, which brings older persons together to share housing facilities.

In addition, these funds sustain the Nassau/Suffolk Law Services Senior Law Services project which provides free legal services to older persons.

Title IIIB is also the source

of funding for transportation services for the department's network of Senior Community Service Centers throughout the county. Participants in these five-day-a-week programs are provided with transportation to and from the centers as well as escort services and shopping assistance.

"These programs are vital links in the department's aging services network which was developed to provide comprehensive services to the increasing senior citizen population of Nassau County," Purcell said. These are real services to real people, providing the support which enables them to live independently, in dignity, and with some degree of financial and emotional security."

## Clean Air Act Hearing

Congressmen, Norman Lent and Tom Downey will Co-Chair a Citizen's Public Hearing on the Clean Air Act on Saturday, September 26, from 12:30 - 4:30 PM at Thompson Junior High School, Syosset, N.Y. Congressman Gregory Carman will participate as a member of the legislative panel and will offer introductory remarks.

Co-sponsored by the American Lung Association of Nassau-Suffolk and the League of Women Voters, this hearing will address issues of clean air as they affect the Long Island Community.

## Good News For LILCO Gas Customers

Natural gas customers of Long Island Lighting Company are expected to receive more than \$9 million in refunds over the next 12 months.

Two-thirds of the \$9 million to be returned by LILCO to customers comes as a result of a Supreme Court decision last May which struck down a tax imposed by the state of Louisiana in April, 1979, on off-shore gas passing through that state on its way to other parts of the country.

LILCO, as part of a consortium of gas utilities, joined with pipeline suppliers in the suit against the Louisiana tax and is recovering the money for its customers.

For LILCO customers, the Supreme Court's invalidation of the tax will mean refunds of over \$6.5 million. Retroactive price adjustments by pipeline suppliers account for the balance of the amount to be refunded. The first refund installment will be reflected

in lower gas cost adjustments on October bills.

The \$6.1 million LILCO has received to date, will result in savings that amount to about 13 cents a month for customer using 900 cubic feet of natural gas for cooking. Gas space heating customers using 30,000 cubic feet a month will save about \$4.23. As the balance of the refunds are received by LILCO, they will be passed on to customers through the gas cost adjustment.

## Endorses King For Comptroller

The election campaign of Nassau County Comptroller Peter T. King took a giant leap forward with the endorsement of an influential advisor to President Reagan.

King, who is currently serving in the comptroller's post, is seeking a full four-year term in the November election. He is the candidate of the Republican and Conservative Parties.

"I have known Pete King for almost 15 years, both on the professional and personal level," Bolan said. "I can attest to his professionalism and abilities. Moreover, Pete King's philosophy of government is one of fiscal integrity."

## Innovations In Stitchery

A free eight-session course, "Innovations In Stitchery," will be conducted at the Eisenhower Park Special Activities Center on Thursdays, Oct. 15 through Dec. 10 from 10 a.m. till Noon with instruction by Nassau County Department of Recreation and Parks' specialists.

Commissioner Abram C. Williams said that basic sewing skills are required and

that participants must provide their own materials. He noted that one feature of the program will be the construction of soft-sculptured flower pot pillows.

Pre-registration is required prior to the first class.

For information, call the Special Events Unit at 292-4121. The Special Activities Center at Eisenhower Park is located adjacent to parking field #8.

Thomas A. Bolan, a New York attorney who is one of the President's chief advisers in New York State, urged King's election in order to insure implementation of President Reagan's economic policies on the local level.

## Dear Friends ...

The Hicksville Public Library 1981 Old Time Country Fair will open on Friday, October 2 at 10:00 AM and will remain open until Sunday, October 4 at 5:00 PM, library hours.

All the community are welcome to come to the Library's Community Room and see all the items on exhibit made by neighbors and friends. At this time all the awards will have been made and the ribbons placed on the winning entries. This is a fair you won't want to miss!

On Thurs., Oct. 1, as we mentioned last week, the Hicksville Community Council will hold its first meeting of the '81-'82 Season. It is a special meeting you'll all want to attend for it has a really DIFFERENT approach to Candidates night...for instead of you listening to each candidate for a few moments, there will be four tables set up, at which the candidates, grouped by Party, will be available to answer your questions on a one-on-one basis. The second part of this meeting will be devoted to a summary of the plans and programs of both the Hicksville PTA Council and Organization, and the Hicksville Kiwanis Club. So, come on down to the Hix Library at 8:30 pm (downstairs) and talk it all over with the candidates and your fellow community leaders.

Best wishes to all our friends of the Jewish Faith during their Holy Days.

SHEILA NOETH

## Homemakers To Meet

The Nassau County Homemakers Council - Hicksville Chapter's meeting will be held on Thursday October 1st, from 10:00 AM to 2:00 PM.

Stewart Avenue in Hicksville.

At this month's meeting they have one of their members, Terry Murphy, organizing a Chinese Auction.

## Plainview Seniors Host Fair Oct. 4

The Plainview Colonial Garden Seniors will host a fair on Sunday, October 4, from 12 noon to 6 PM. It was announced this week by Oyster Bay Town Councilman Salvatore R. Mosca.

Barnum Avenue. Fair-goers will also be able to buy soda, franks, coffee and cake.

The fair, which will feature a white elephant sale, plants, homemade cakes, handmade crafts and attic treasures, will be held at the Plainview Senior Citizen Housing Complex, 80

"The Plainview Colonial Garden Seniors have hosted several successful fairs in past years and this one promises to be their best ever," Mosca commented.

"I cordially invite residents to come to the Plainview Senior Housing complex for what should prove to be an enjoyable afternoon for all."

## Reappointed Director

By James Conti

John Hirsch, a 25 year resident of Plainview, has recently been re-appointed director of Chapel Programs at Long Island Lutheran High School in Brookville. Mr. Hirsch is directly responsible for the religious education of the 425 students now enrolled at the school.

The weekly Wednesday Chapel Programs he sponsors are designed to make students aware of the world's social problems and how they can alleviate these problems.

Led by Mr. Hirsch, The Chapel Program last year raised 800 Dollars in support of Rev. David Birner's missionary efforts in the Enja Province, Africa. The Chapel Program raised the 800 dollars by collecting offerings at its weekly sessions. The offerings collected primarily came from the students and faculty at Long Island Lutheran High School. Mr. Hirsch looks at the school's Chapel Program as a unique characteristic of the school. He would like to see more of the students and faculty participating and contributing to the Chapel Program so they can make it a more productive, fulfilling program.

To the Editor:

On behalf of the Ladies Auxiliary of the Hicksville Fire Department, I sincerely wish to thank the local merchants, friends and members who contributed to the success of our "Annual Card Party."

To our friends and neighbors who attended, we enjoyed having you and I hope we succeeded in making your evening a pleasant and enjoyable experience.

Our Sweepstake Prize winners were as follows:

1. Teresa Connolly - Woodbury - 2 nights Playboy Club  
2. Christine Sequieca - East Meadow - Luggage 2 pc.

3. Mickey Wasserman - Massapequa Pk. - Waring Blender

4. Sharon Hilton - Hicksville - Norelco Coffeemaker  
5. Lillian Misturini - Hicksville - Wine Rack

The lucky winner of our Special 50-50 Drawing was Fran McCormack of Hicksville.

We hope you had a "GOOD TIME", hope to see you all again next year.

Lillian Misturini  
Chairlady

To the Editor,

It is with a heavy heart and knot in my stomach that I write this letter. An educational fiasco is coming upon us with lightning speed. The Hicksville Congress of Teachers (HCT) voted this week to strike the second week in October. It's up to students and taxpayers to get the Board of Education and the HCT to settle before a strike occurs. It doesn't really matter whose fault it is or why there wasn't a settlement long ago. The largest concern must be the students. I speak from experience when I say that even a short strike can disrupt education indefinitely. I was a senior when the teacher went on strike in May 1979.

It is an unfortunate fact that there are now 9000 illegal owner-occupied two-family homes in the Town of Oyster Bay. That's 18,000 families who are presently subject to the whim of a Town Building Department that processes a mere 80 violations a year. This unfortunate situation is unrealistic, unfair, and unnecessary.

## Letters To The Editor

The morals of students was not good, nor was there any education going on. I would hate to see the disruption and animosity again. There has to be a willingness on both sides to sit down and hash the problems out.

There are a couple of things worth thinking about: What teacher really wants to strike when he'll lose 2 days pay for every day he's out?

How much of a hurry is the board going to be in when they'll be getting the money the teachers lose?

In the past two years the majority of citizens voted in new board members who were supposedly pro-education and not willing to let Hicksville face a strike again. It seems to me, with one or two exceptions, that certain board members have not, in good conscience, lived up to their promises and supposed beliefs.

Please do not let this be another Levittown, or Plainview, or Holy Trinity. Apply pressure, write letters, make phone calls, and avert something that will ultimately hurt the children the most.

Sincerely,  
Carrie L. Clark

Dear Editor:

Thank you for your coverage of my proposal regarding owner-occupied two-family housing in the Town of Oyster Bay. However, I would like to clarify certain aspects of the matter for your readers.

It is an unfortunate fact that there are now 9000 illegal owner-occupied two-family homes in the Town of Oyster Bay. That's 18,000 families who are presently subject to the whim of a Town Building Department that processes a mere 80 violations a year. This unfortunate situation is unrealistic, unfair, and unnecessary.

have called for across-the-board legalization of owner-occupied two-family housing that meets certain standards of habitation. We believe that such legislation is absolutely essential. The plight of a senior citizen living on a fixed income who is struggling to hold onto his home cannot be ignored any longer. The loss of our youngsters who cannot afford the inflated costs of home ownership cannot be tolerated any longer. The Republicans have created an immense problem that simply must be solved, in our opinions.

Two-family housing is totally consistent with the suburban lifestyle and with continued pride in the appearance of our neighborhoods and our communities. We are all well aware of the existing two-family homes in our midst. They are typically as well maintained as any homes in the neighborhood. They have created no real problems and pose no threat to suburbia. Indeed, in many cases they are the only thing that has avoided the forced sale of homes at distress prices or even the abandonment of homes. In today's difficult economic situation, properly controlled two-family housing may be the key to the very survival of our suburban way of life.

I am certainly not calling for the immediate conversion of all homes in our Town to two-family homes. I am not even encouraging the construction of more two-family homes. What I am calling for is recognition of the very real fact that in many communities more than 25% of the homes are already being used as two-family homes. I am asking that our Town Board deal with a very real situation by adopting a realistic and equitable solution.

Very truly yours,  
TOWN OF OYSTER BAY DEMOCRATIC COMMITTEE

To the Editor:  
On behalf of our Adminis-

trator, Mrs. Ronni Rosenberg, the residents and the staff of Central Island Nursing Home, we wish to thank Ms. Diane Saccone, representing Bide-A-Wee Home Assoc. of Wantagh, L.I.

Led by Mrs. Jean Vanlurini and Virginia O'Connor, the 'Explorers Club', (Janice Kerr, Joy McDonald, Nancy Vanturini, Diane Vastner, Patty Skidmore, Arlene Sheiman and Barbara Van Note) transported and introduced a puppy, bunny, guinea pig and

animals were petted, hugged and loved with positive relating and interacting, charming both residents and staff.

Bide-A-Wee truly gifted the entire population of Central Island Nursing Home with a visual, tactile treat that shall long be remembered. Bringing the outside world to our geriatric population not only expanded their daily horizons, but enhanced their feelings of self esteem.

Trusting that this will be an on-going program, Bid-A-Wee can be assured of our cooperation, enthusiasm, support and gratitude.

# Hicksville Crusader Football News

By Joe Spinosa

The Hicksville Crusaders began their 1981 season this past weekend and our boys are really looking great.

Our 8 and 9 year old Crusader opened up against all ways tough New Hyde Park and played a super game. Our defense, led by Tommy Luvera, Joey Renneisen, Tommy Harris, Eric Cox, Torin Bobo, Ronald Foster, Kevin Crockett and Scott DaMico, did a great job of stopping New Hyde Park all game long. Our offensive line centered by Keith Stevenson and manned by Joey Luparello, Mike and Scott Gottlemann, Robert Morban and Mark Worthington, did a fine job of opening up the holes so RB Dave Melendez and QB Scott scored our 1 TD as well as the extra point. Final - Hicksville-7; New Hyde Park-0. Coach T. O'Hara is very happy.

The 10 year old Crusaders defeated a fine Oyster Bay Team 12-6; playing great ball for the Crusaders were Steve Moriarty, Paul Cane, Bob Joosten, John Benardo, George Joosten, Rich De Rose. On defensive playing great were Crusaders Mike Conway, Rich Yao, Mark Bruski, Ken Olsen and Dave Fujimoto. Running great for a TD were Big Mike Sullo and Mike Alfin. Our other TD came via great play by Joe Miranda and QB Greg Alper on a 42 yd. TD strike. Our Crusader's rolled over 250 yds. of offense this day.

The 11 year old Crusaders lost to Franklin Square but played tough throughout the game. Our defense manned

by tough Tommy Losco, John Renneisen, Bob Cross, James Soreck and Matt Butler had a combined total of over 45 tackles for the day. Excellent line blocking was provided by John Kennan, Eric Niccolis, James Weman, Kevin Taylor, Chuck Du Val and great kicking by Crusader Jim Reardon. Mike Paradiso had 45 yds. for day as well as John Renneisen who had 25 yds. Final score, Hicksville-0; Franklin Square-13.

Our 12 year old Crusaders, although losing to Garden City, played a good game; in fact, the Crusaders won the second half of the game, 6-0. On offense, good blocking by Mike Ednie, Eddie Martin, Paul Bruno, Billy Stanley, and Mike Hogan made it possible so RB Mike Dawson, Paul Reese and Bryan Law could do their jobs. QB Jim Maloney hit end Joey Manna on a 40 yd. pass and RB Paul Zaitke had a 2 yd. TD run. Our defense was led

## TOWN BOARD (Continued from Page 8)

They approved Resolution No. 719-1981 relating to the petition of Merit Oil of NY, Inc. for a special use permit for a service station located on the north side of Old County Road and the west side of Charlotte Ave. in Hicksville, the hearing for which was held on August 11, 1981. This will permit the Company to modernize the operation with a kiosk-type station and only sell gasoline, not perform repairs. This is also subject to certain covenants and restrictions to protect homes in the area.

by Kevin McIlwee, Al Sheffield, Mike Teplansky, Ken Gelfand as well as the rest of the team. To Crusader Frank Lagrega - get well quick. Head Coach Jim Pino and defensive coach Jeff Wallich did a fine job with this team considering the amount of new players on the team.

The senior Crusaders rolled over Massapequa 26-0. Super kicking by Crusaders Jim McBriar and Vinny Keller kept all in a hole all game long. On offense, Brian Flanagan, Scott Shuler, Mike Paraspolo, Joe Sullo, Greg Romeo, Joe Kelly, Mike D'Antono did the job. QB Andy Jedd ran for 1 TD; RB Vito Cassese ran for 1 TD; 35 yarder. On defense, our Crusaders forced two interceptions - one by Mark Ridge and the other by Chris Asta, running in for a TD from 9 yds. out. Also playing great defense were Ed and Tom Geraghty, Darren Fisher and Al Guarineri.

They approved Resolution No. 692-1981, which was tabled on Sept. 15, the hearing on which took place on July 28, 1981, of the BP Oil, Inc. located on Plainview and South Oyster Bay Roads in Hicksville, for a change of zone and a special-use permit to modernize with a kiosk-type service station. This is also subject to many covenants and restrictions particularly in regard to the lighting of the new building.

They approved Resolution No. 713-1981 relating to a change order on the contract phase one earth work and site improvements at the Old Bethpage landfill.

## Budget Committee Forming

The Hicksville Board of Education announced recently the formation of a citizens' advisory budget committee.

During this year, the committee will commence

operating early in the season.

Any member of the public that is interested in serving on this committee is

cordially invited to attend the first meeting of the committee on Monday, October 5, at 8:00 P.M. in the Conference Room of the Administration Building on Division Avenue.

## Burns Ave. Summer Club Program

On the last day of school last June, children scheduled for Mrs. Wade's Fourth Grade in the Fall each received an envelope from "next" year's teacher. It contained a welcome letter and an introduction to a Summer Club program which was designed to generate enthusiasm for a variety of summer activities.

The various clubs were outlined as to their specific tasks. For example, the Diary Club - "write a few sentences about what you did each week, and illustrate your story if you wish." Other clubs included were: Bookworm, Photography, Arts-and-Crafts, Garden, Science, Sports and Cooking. A small composition book was included in the envelope for recording the activity, including pictures, notes and the like.

The participation was exceptional! Every child in the class joined at least one club and some joined two, three, and even four clubs.

They brought their work to school in September and proudly shared their results. Four of the class members wrote to their teacher during the summer to inform her as to their choice of clubs and progress being made.

Mrs. Wade is planning a program to show the Summer Club Work so that others can share their efforts.

Dr. Burke, who originally suggested the plan to Mrs. Wade, hopes the idea will spread this year to a school wide project.

## CHIROPRACTIC OUTLOOK

BY DR. PETER J. ROCCO

### WHEN THE SPINE CURVES

Don't think that curvature of the spine - or scoliosis - is only present in those people who seem to have noticeably poor posture. Even a fairly severe scoliosis can go unnoticed unless examined by a trained eye. There are many causes for scoliosis. However, most spinal curvatures are of unknown origin. Fortunately, scoliosis can be corrected if caught early enough. The doctor of chiropractic is a highly trained specialist who can diagnose and treat it effectively.

the floor with ease.

Your child should carry himself or herself erect, with symmetry between hip and shoulder levels. If you feel that your child shows hip or shoulder imbalances or a head tilt, consult your doctor of chiropractic. Scoliosis worsens with age. That's why early detection and treatment are essential for the most effective results.

### 1969 ROWDIES

Jim Reardon's 69 traveling team and returning division champions opened its season with an impressive 5-2 win over Huntington last week.

Early in the game Phillip Greenspan placed a corner kick in front of the opponent's goal and a quick footed Glenn Kingsley drove it into the goal. Repeating the effort from the other side, Dann Middleman centered a corner kick that was sharply redirected by Greg Skupinsky into goal. The third goal was from Cliff Heller to Greg Skupinsky, the fourth from Cliff to Dan Middleman. The fifth and final goal was a shot from Phillip Greenspan.

Consistency has helped keep the team on an even keel. Players like Steve Olive, Jim Reardon, Tony Conigliaro, John Kelly, and Wayne Blatz have helped stabilize play on the field.

The defense should receive a special note for shutting down their opponent's offense time after time. Sean Smith, Jimmy Hume, Todd Roth, and Kevin Hamel in goal have become a group to reckon with.

It looks like a good season ahead. Good luck, Rowdies!

from one end of the field to the other. There were many shots taken on goal by both teams, but none were successful. The Massapequa Tornados were denied a goal thanks to the supreme skills of the Comets goalie Chris Margaritis.

Our fullback line Brian Sacks, Scott Germer as center, and Bobby Himmel were great in returning the ball to the forwards.

The Comets midfield line Tommy Bell, Tommy Pedicini as center, and John Giuttari were especially good in turning the ball around passing to the forwards and taking shots on goal.

In the second half the Massapequa Tornados obtained their only goal.

The forward line of the Comets Anthony Conti, Jamie Curley, Frank Humphreys, Thomas Kelly, Tim Doyle, Ryan McCann, Michael Segal played brilliantly in passing, setting up plays and taking shots on goal.

Tim Doyle scored a goal on a penalty kick tying up the game 1-1.

Scott Van Stein and Steven Postullo were great alternating between the forward, midfield and fullback lines.

Good game Comets. Keep up the good work.

## LEGIONNAIRE'S LOG

By Artie Rutz

CHARLES WAGNER POST # 421  
HICKSVILLE, N.Y.

"One Of the Grass Roots Of The American Legion"

Thanks and many thanks to the senders of the large number of 'Get Well' cards and phone calls I received while convalescing from my very recent illness. As they say on Election night, "All precincts were heard from, including Connecticut and Florida." So now it's time to get back in the saddle again, and warm up the ol' typewriter and bring the Legion news to you. At Monday's meeting a new member, JOHN WARD, was introduced along with WILLIAM ATTIVISSIMO, who transferred from the Joseph B. Garity Post #18 (Ridge-wood). Welcome aboard fellows, you have joined one of the best Posts in Nassau County. Now jump in with both feet and become real active members. Commander Lou Braun has appointed an Insurance Committee consisting of all Legion Hall, Inc. officers, Ray Gamble, Al Cinotti, John Kerian, Jack Reichlen and Walter Barnett. The committee is seeking to reduce the insurance bill without reducing the present coverage. Looks like the Color Guard will lose a member to the Sun Belt as John Cicilese heads for Tucson, Arizona to survey the work situation there. The Color Guard is in dire need of new blood to fill the ranks of one of Nassau's finest units. Please contact Color Sergeant Frank Molinari for details. I understand a parade date had to be cancelled last week due to the severe manpower shortage. Can YOU help? Do you know of any member who would enjoy Color Guard work? If so, urge that the Color Sergeant be contacted at once. Tomorrow nite, September 26th is our next LAS VEGAS NITE at the Post, and as usual we are calling upon the committee members to be on hand to conduct the games and for all Post members to lend whatever help to make the night a success. Past Commander Edward Leger who is now a member of the Archie McCord Beth-

page) paid the Post a visit at Monday's meeting to present to our S.A.L. Chairman with an award but he was absent. Commander Lou Braun accepted the Gold & Blue 100% Membership streamer which will be attached to the S.A.L. Colors. Next month there will be two social affairs that all members should focus their attention upon. On October 18th, our annual PANCAKE BREAKFAST, commences at 8 A.M. and the Pancakes & Sausages will go for \$2 per plate. This is a Sunday morning, so bring the whole family! On Saturday, October 3rd, there will be a HALLOWEEN PARTY at the Post featuring a Smorgasbord, free beer and dancing at \$20 per couple. Dress is optional. Prizes for the best costumes. See Chairman Al Cinotti for further information and reservations. Also in October, is the annual Legislative Breakfast, staged by the Nassau County American Legion each year and usually most every politico worthy of his office makes sure he's present on the dais that morning. This year's version will be held on October 11th at the Massapequa American Legion Post at 9 A.M. and the Post has purchased 10 tickets which will be distributed at the Commander's discretion. Books have been placed in the James N. MacLean Memorial American Legion Library at Hofstra University in honor of our recently deceased members, JOHN J. SPINELLA and RUDOLPH BOUSE, P.C. A reminder to those who have not yet received a 1982 Dues Card. Have you paid your Dues? If not, send your Dues in now and make the Membership Officer's work just a bit easier. Have you a prospective member nearby? Bring him or her to the next meeting and have Membership Officer Ray Gamble sign them up as Legionshires.

## Good Game, Guys!

By John Highlander

On Sept. 19, Plainview's "Force" met Hewlett on Hewlett's home field.

Hewlett began by scoring first but Plainview still forced the game.

The second half, Plainview came back strong, with the

offense pushing all the way. Donald Hockstein headed the ball into the goal with an assist from Adam Iovino, tying the game.

This Sat., Sept. 26, the "Force" meets Floral Park. The game will be played at the Plainview-Old Bethpage Middle School at 12:30 p.m. All are invited to watch this

amazing team in action.

The Plainview-Hewlett game ended with 1-1.

I must say these 1971 boys have come a long way. They show skill, alertness and a strong will to win, all do to the skilled coaching of Mike Dorosin, with assistant coaches, Harvey Fischer and Bernie Aronowitz.

## St. Ignatius CYO

Registration for St. Ignatius Loyola CYO Fall/Winter Programs will take place on Sunday, Sept. 27, from 10 a.m. to 2 p.m. in the Old School Cafeteria.

Included in the registration for the girls' programs are volleyball for grades 3 through 10 and basketball for grades kindergarten through 10; grades kindergarten

through 2 are an instructional clinic.

The boys' basketball program is for grades kindergarten through 12.

The Cultural Arts Committee of Trinity Lutheran School, 40 West Nicholas Street, Hicksville, will sponsor "Hans Christian Andersen" on Wednesday, September 30, at 1:15 p.m. This musical is an exhilarating biography of the life and works of this writer, actor, and singer of song. Many of his fairy tales, including The Princess and the Pea, The Ugly Duckling, and The

Steadfast Tin Soldier, are highlighted in this production. The program is being performed by the talented equity group from the Manhattan Theater for Young Audiences. We invite the community to share in this delightful view of Hans Christian Andersen, the Dreamer, the Man. Hope to see you in Trinity's gym at 1:15 p.m. on September 30.

### Visit Italy

Mr. and Mrs. Joseph Grillo of Andover Lane, Hicksville have just returned from a most informative and enjoyable 16-day visit to Italy where, among other places, they visited their parents' birthplaces in Sicily.

The village where Mrs. Grillo's parents were born had been completely demolished by the earthquake and is still rubble. The only building standing is the Prince's palace and the people remaining residents in this area are living in barracks. Rebuilding is probably being held back due to the fact that smoke can still be seen rising from Mt. Aetna and the possibility of future earthquakes is a possibility.

Mr. Grillo's village is still intact but no members of his family still live there. Although the Grillo's enjoyed four days in Rome visiting all the historic sites in this beautiful City, some time in Palermo and also Capri where they visited the blue grotto, the city of Taormina in Sicily, situated on the top of a mountain is so beautiful that it defies description. Mr. and Mrs. Grillo both agreed, and they are looking forward to another trip to the Country of their ancestors, within the next few years.

And we had a party in our house on September 17. The occasion was our daughter, Maryjoan's birthday. "Joanie's husband, Andy, and their two sons, Jimmy and Frankie, joined with Bill and I and our son, Mike, to make this a truly "special day" for Joanie.

Former Hicksvillite, Tom Knight, and his daughters, Trachy (13), Susan (12), and Missy (11), spent a week at the home of Tom's parents, Frances and George Knight, recently. Tom is a Technical Sergeant with the Air Force and stopped here for a visit with his folks before continuing his trip to Germany where he has been assigned. Tom and his family were in New Mexico prior to his new assignment. He expects to come home for another visit to his parents next year. In the meantime, Frances and George and Tom's sister, Mary, are planning a trip to Germany to visit Tom and his family before his 3- to 4-year tour of duty is completed.

We didn't get all the details yet, but we heard that Louise and Alex Pankoff, long-time

Hicksvillites, have returned from an exciting vacation which included scuba diving. We'll tell you more about this vacation in another column.

Joe Jablonsky and his beautiful wife, Jo, just celebrated their first wedding anniversary. We understand they're so delighted with their marriage that they're going to give it at least another 99 years trial period!

Another wedding anniversary was celebrated by Frank and Margaret Clancy on September 13. This was the Clancy's 36th anniversary. Congratulations and best wishes from your family, friends and neighbors, folks.

Jackie and John Bodger of Larch Street, Hicksville, also celebrated their 36th wedding anniversary. The Bodgers were married 36 years ago on September 8.

May you both share many, many more wonderful years together.

And on the other side of Hicksville, Ann and Joe Jablonsky, Sr. celebrated their 38th wedding anniversary. The Jablonskys are long-time residents of our community and raised their two children here: Joe Jablonsky, Jr. and Carol (nee Jablonsky) O'Neill. Hope you had a "happy," Ann and Joe.

Our grandson, Jimmy Perez, was five years old on September 20. His mom, Joanie (nee Maher), and dad, Andy Perez held a birthday party at their home in Oyster Bay. Guests included grandparents, uncles, aunts, cousins, friends and on and on and on. We all had a marvelous time and Jimmy felt like a King for the day.

### Town Board Meeting

By Sheila Noeth

At its regular meeting held on Tues., Sept. 22, the Oyster Bay Town Board acted as follows:

They approved Resolution No. 700-1981 relating to retaining consulting engineers in the preliminary stage of Contract #66, DP81-251 repairs to the Washington Avenue, Plainview-Old Bethpage Community Park Swimming Pool.

They approved Resolution No. 701-1981 relating to authorize additional funding in connection with increasing the scope of the engineer services on the existing Hicksville Parking garage.

They approved Resolution No. 702-1981 awarding a contract in the amount of \$125,908.70 to Zara and Sons, covering improvement to the lighting of two parking fields in Bethpage and improvements to sidewalks and curbing at the H-15 Hicksville Parking Lot located on the corner of Jerusalem Avenue and East Marie Street in Hicksville.

They denied Resolution No. 706-1981 the hearing for

which took place on June 23, 1981 relating to the petition of Colonial Auto Body, Inc. for a special use permit at Hicksville on Alpha Plaza off of West John Street the hearing on June 23, 1981. This petition was denied because it would block off Alpha Plaza, which is a private right of way. The Board had stated, that if those occupants of businesses on Alpha Way who appeared in opposition to this petition, and the petitioner could resolve their differences, the Board would reconsider the matter. Apparently this was not possible.

They approved Resolution No. 709-1981 relating to the petition of Vincent A. Iannone for a change of zone from Res. D to Business F of property on West John St. in Hicksville. This hearing took place on August 11, 1981. And, subject to many covenants and restrictions to protect those whose homes are located near this property, the Board granted this petition to change the zone and to construct a one story store.

including the acquisition of necessary land and rights in land, substantially in accordance with certain plans heretofore prepared, which are hereby designated "Authorization Q"; and

WHEREAS, the State Comptroller has duly granted permission to construct said facilities and appurtenances; and

WHEREAS, it is now desired to authorize such construction and to provide for the financing thereof; NOW, THEREFORE, BE IT

RESOLVED, by the Town Board of the Town of Oyster Bay, Nassau County, New York, as follows:

Section 1. The construction of additional drainage facilities and appurtenances for Drainage District No. 1 of the Town of Oyster Bay, Nassau County, New York, designated "Authorization Q", including drains, storm water sewers, pumping stations and necessary works appurtenant thereto, the improvement of water courses and the acquisition of necessary land and rights in land, substantially in accordance with the plans referred to in the preambles hereof, is hereby authorized at a maximum estimated cost of \$11,400,000.

Section 2. The plan for the financing of such maximum estimated cost is by the issuance of \$11,400,000 serial bonds of said Town, hereby authorized to be issued therefor pursuant to the Local Finance Law.

Section 3. It is hereby determined that the period of probable usefulness of the aforesaid specific object or purpose is thirty years, pursuant to subdivision 3 of paragraph a of Section 11.00 of the Local Finance Law. It is hereby further determined that the maximum maturity of the serial bonds herein authorized will exceed five years.

Section 4. The faith and credit of said Town of Oyster Bay, Nassau County, New York, are hereby irrevocably pledged for the payment of the principal and interest on such bonds as the same respectively become due and payable. There shall annually be assessed upon all the taxable real property in said Drainage District No. 1 at the same time and in the same manner as other Town charges an amount sufficient to pay said principal and interest as the same become due and payable, but if not paid from such source, all the taxable real property within said Town shall be subject to the levy of ad valorem taxes without limitation as to rate or amount sufficient to pay the principal of and interest on said bonds.

Section 5. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell bond anticipation notes in anticipation of the issuance and sale of the serial bonds herein authorized, including renewals of such notes, is hereby delegated to the Supervisor, the chief fiscal officer. Such notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Supervisor, consistent with the provisions of the Local Finance Law.

Section 6. The validity of such bonds and bond anticipation notes may be contested only if:

1) Such obligations are authorized for an object or purpose for which said Town is not authorized to expend money; or

2) The provisions of law which should be complied with at the date of publication of this resolution are not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication; or

3) Such obligations are authorized in violation of the provisions of the Constitution.

Section 7. This resolution, which takes effect immediately, shall be published in full in Massapequa Post, Farmingdale Observer, Mid Island Herald, Oyster Bay Enterprise Pilot & Locust Valley Leader together with a notice of the Town Clerk in substantially the form provided in Section 81.00 of the Local Finance Law.

## Blessing Of The Animals

Animal lovers throughout the community are invited to bring their pets to the annual festival and Blessing of the Animals at Holy Trinity Episcopal Church, Hicksville. This celebration will be held on Sunday, October 4, the Feast of St. Francis of Assisi, at 12 noon on the steps to the entrance to the Church. In the event of rain, the Blessing will be held in the auditorium. Pets of all genre are included. This celebration is at noon to allow members of other Churches to participate. Over the years this brief and simple ceremony has proved most appealing and is offered in the context of, "All things bright and beautiful. All creatures great and small. All things wise and wonderful. The Lord God made them all."

Last Sundayday the various Church ministries, ordained and lay, were dedicated in service to God and the community with a

special Eucharist and Rally at 10 A.M. Dr. Vincent A. Nardiello, Chairman of the Department of Stewardship of the Episcopal Diocese of Long Island presented the Rector and Vestrymembers with a beautiful certificate commending the parish for its leadership in Stewardship in the Diocese. An appealing entertainment was provided after the service, both in the auditorium and outdoors, by Arthur Straley who performed juggling, tightrope walking, cycling and acrobatics.

Persons who are otherwise members of a Church are invited to attend services at Holy Trinity Episcopal Church, Old Country Road and Jerusalem Avenue, Hicksville, at 8 and 10 A.M. A full program of Christian Education for children and adults is offered every Sunday beginning at 9:30 A.M.

## Nassau Wins State Welfare Efficiency Bonus

On Sept. 16 Nassau County Executive Francis T. Purcell announced that, for the fifth year in a row, the county has won the special incentive grant awarded each year by New York State to local social services district.

The awards are given in recognition of the social services department's efficiency in weeding out ineligible applicants for aid to dependent children (ADC) welfare payments. The state permits a 3.5 per cent ineligibility rate, but state auditors have again found that there were no ineligible recipients among a representative sampling of Nassau County welfare clients.

"I am delighted that New York State is again recognizing that our social services department exercises tight administrative controls over a difficult and complex program," Purcell said. "We have been able to cut the county's welfare caseload to its lowest point in 14 years by enforcing strict eligibility criteria and using stringent upfront controls to prevent welfare fraud."

Purcell said the social services department processes more than 1,100 public assistance applications a month, with nearly 50 per cent of the applicant's failing to meet eligibility criteria.

This year's bonus check is for \$309,573, which will be applied to reducing the county taxpayers' contribution to home relief. The costs of home relief, budgeted at \$4.3 million this year, are shared 50-50 by the state and local governments, unlike ADC, where the federal government pays 30 per cent of the costs, and the state and county pay 25 per cent each. The efficiency bonus boosts the state's share of home relief costs to 60 per cent, and cuts the county's mandated contribution to 40 per cent.

Since the program's inception five years ago, Nassau County has received nearly \$2 million in special incentive grants.

## Candidates Nominated

Five candidates for the State Supreme Court were nominated at the 10th Judicial District (Nassau-Suffolk) Convention of the Republican Party.

Named were M. Halksted, Christ of East Norwich, former County Comptroller, Acting Supreme Court Justice Leo F. McGinity of Baldwin, Acting State Supreme Court Justice Henderson W. Morrison of Garden City, Stanley Harwood of East Meadow, former Nassau Democratic leader, and Suffolk County Court Judge Robert W. Doyle. They were named for vacancies created by justices reaching the

mandatory retirement age this year.

Morrison, whose 17 years on the bench include the District Court, County Court and five years as Administrative Judge of the County Courts, will run for the vacancy to be created by Justice Steven B. Deromian of Garden City.

Christ, who was County Comptroller from 1973 to earlier this year, was nominated for the judgeship to be vacated by Justice Theodore Velsor of East Norwich. He is the son of former State Supreme Court Justice Marcus G. Christ of New Hyde Park.

McGinity, a judge since

1975, including the County Court, was picked for the seat to be left by Justice Douglas F. Young.

Harwood was named for the vacancy created by Justice L. Kingsley Smith of Garden City, and Doyle for the seat of Justice Charles R. Thom.

The convention was held September 17 at the Milleridge Cottage in Jericho.

**EXEC. LEADER**  
Dr. Ches. Artaie

You do know that elections are run to see if the pollsters are correct.

Our monthly meeting, Sept. 16, had as guest speaker, Cathy Langhauser from the N.C. Dept. of Consumer Affairs. "All home improvement contractors have to be licensed. Always double check with the consumer

affairs...This is one bad area...Have your lawyer check the contract." Plus a lot of other good information. Thanks, Cathy.

Welcome new member Raymond Swierkowski, 5 Library Lane, 60th ED, sponsor Eleanor Audruzzi.

Raffle winners were Thelma Hammer and everyone's favorite committeeperson, Betty Martin. Remember the cocktail party, Oct. 1, 5:30 p.m. to 7:30 p.m. at the Royal Lancer II, for T.O.B. Town Clerk, Ann Ocker (Plainview's own) Pres. Jeanne has the \$15.00 tickets (OV1-2766).

Our Country-Western night, Oct. 3, was "dehorsed" We're trying to mount the thing later in Oct or even Nov, so good fun can be had by all.

Congratulations to Dr. Artaie, reelected our Executive Leader, and also to Dr. and Mrs. Artaie on the recent arrival of a granddaughter; to Steve Kavanaugh promoted to Deputy Town Attorney; to Larry Farberman, to be law clerk to Administrative Judge of the Supreme Court, Hon. Paul Widlitz; to Art Randall, who has the added responsibility of running the new programs announced by County Executive Fran Purcell, to give financial aid and other assistance to victims and witnesses of crimes; and finally to the Senator, who shall remain nameless, who

said on WCBS radio, Wed. night, Sept. 16, "I feel like the guy who dropped his gum on the Hen House floor. I'm confused!" Our Club (with West Plainview) have the duty to man N.C. Republican H.Q. on Wed., Oct. 14 and Tues., Oct. 27 (phone calls etc.). There are three shifts each day, 10 a.m. to 1 p.m.; 1 p.m. to 5 p.m.; and 5 p.m. to 9 p.m. To look good, our club needs at least 10 men and women each shift!! Please call Pres. Jeanne (OV1-2766) or Gramps Charlie (935-7643).

**NOTE:** Despite a 31.5% increase in inflation in the last three years, N.C. Executive Francis Purcell has held the growth in county spending to only 5%. These are the issues and facts you campaign on and we will list one or two more the next five issues.

Be aware that opportunity is hard to recognize, as it wears working clothes - AHE.
