### Neil McCormack To Be Honored

This Saturday, November 7th, during the half time of the football game between Hicksville and Oceanside, the Hicksville Board of Education will officially designate the athletic field at the high school McCormack Field in honor of Neil McCormack who served for 26 years on the Board of Education.

Friends and relatives of Mr. McCormack are cordially invited to be present for this dedication.

### Meet Dr. Hawkins At East St.

On November 12th, the East Street PTA will disperse with our regular business meeting. In its place, we invite all interested parties to come to our school for an informal "Fire-side Chat" with our Superintendent of Schools, Dr. Wilber D. Hawkins. He has requested this dialogue to open communications within the community and schools - Your Schools! Now is the time to air your views, questions, opinions and concerns about the schools. He will answer questions regarding the schools in this district. I urge anyone with any concern for their schools to

By Rosemary Grant

Commendations were the highlights of the November 4 Board of Education meeting, opening with an announcement by President John Ayres that the Hicksville School District paid the lowest interest rate of anyone in Nassau County in the public system because it has such a good credit rating and he praised Mr. Richard Weigang for his business management.

Superintendent Wilber D. Hawkins announced dedication of McCormack Field will be held during half time of the football game at the high school on Saturday, November 7. Friends and relatives of Mr. McCormack will be in attendance. Mr. McCormack, who served on the School Board for many years, will sit in a special area of honor with Mr. Ayres at the ceremonies.

During public participation, Larry Wolfson of Hicksville thanked the Board and the Unions for their recent successful contract negotiations. Since retirement in-

centive was a highlight, Mr. Wolfson suggested the Board and Teachers Union sponsor seminars or in service courses to prepare for retirement. Elaine Kabokoff of the Union said a workshop was beginning next week for retiring teachers and Mr. Ayres said he was interested in a program.

The first meeting of a committee concerned with diploma modification will be held on Thursday, November 19 in the Board Room. On December 9, the PTA Council will offer a presentation of the findings of this committee.

Charlene Anci reported the November 3 Superintendent's Conference on Gifted and Talented Education was successful. 23 workshops were given and 15 other school districts observed.

Dr. Hawkins announced there will be an educational presentation at the next meeting of the contents of a Grade Distribution Report given to the Board for review.

Discussion was held regarding procedures followed

in the adoption, revision and deletion of Board policies, focusing on the necessity of a 30 day notice period prior to revisions.

The Board adopted a resolution protesting the change in the Social Security Law which will deny support for college students of deceased, disabled or retired parents. It was noted this change is to become effective in May, 1982. Since many people are unaware of this change in the law, the Board is sending copies of its resolution to other districts as well as to members of the legislature.

The Board approved recommended action with regard to deletion of policies regarding School Doctors - School Year 1989-90 and Public Relations Committee. It approved recommendations of the Committee on the Handicapped pertaining to placement of students, and awarded bids. Claims and Warrants were approved.

The Board approved the creation of a new position - Business Education Teacher - in the high school. Margaret Koegel has been ap-

pointed. It approved other personnel matters regarding extracurricular activity advisors in the high school, additional athletic events supervisors and Continuing Education personnel. It accepted the resignations of Miriam Zanzville, who has been with the district for 18 1/2 years and Charles Rasmussen, custodian, who is retiring after 21 years.

Frank Grimmer, reporting for the Building and Grounds Committee, recommended the removal or demolition of the CMC building because of increasing vandalism. Dr. Hawkins agreed the building was a target of vandals and suggested trying to sell or rent it as a course of action. Dr. Hawkins also reported graffiti appeared on the west side high school wall. The destruction occurred just before sunrise early Sunday morning.

The next regular meeting of the Board of Education will be held on Tuesday, November 24, at 8:15 p.m. in the Conference Room of the Administration Building.

## Legion Notes Veterans Day

Commander Louis Braun of Charles Wagner Post #421 American Legion, Hicksville, has noted that Veterans Day 1981 has a special significance as it occurs just as the International Year of Disabled Persons draws to a close. IYDP was so designated to draw attention to the disabled persons everywhere, including disabled American war veterans.

Commander Braun further noted "That it is important that, while we are honoring all American war veterans on this traditional patriotic holiday, we give a special salute to the disabled

veterans. Their burden of battle and sacrifice did not end on the remote battlefields in foreign lands, but has remained with them throughout the years.

For those millions the sacrifices were greater. They fought to preserve our American way of life. They fought to help others attain and enjoy the fruits of individual dignity. They fought valiantly to preserve a unique ideal which has made nations great. Many of them have also fought, and won, the battle which challenged their capability to deal with additional adversity.

President Reagan, in

proclaiming 1981 the International Year of Disabled Persons in the United States, said: "... Disabled Americans represent one of the most underutilized national resources. Their will, their spirit, and their hearts are not impaired. Despite their limitations, all of us stand to gain when those who are disabled share in America's opportunities."

On this Veterans Day - November 11 - when we honor all of America's war veterans, let's salute the American disabled war veterans as a special part of this "International Year of Disabled Persons."

## Purcell Demand MTA Action Re: 20 LIRR Stations

County Executive Francis T. Purcell is sending the report of his Long Island Railroad Inspection Division to the Metropolitan Transportation Authority with a demand for immediate action to correct "unacceptable" conditions at 20 stations within Nassau.

The report of the inspection team, headed by Special Assistant Clifford M. Riccio and including four county inspectors, was delivered to Purcell today with ratings on all 59 stations in the county. The report listed the 20 as unacceptable; 23 others as needing improvement; 15 as needing attention; and one as requiring a special category since it did not appear to be a station at all.

"The inspectors have detailed hazardous conditions and deficiencies item-by-item at these stations," Purcell said. "I am forwarding the full report to the MTA with a demand that concerted action be undertaken immediately - and by priority - to correct problems."

The taxpayers of Nassau County have a bill to pay for LIRR station operation and maintenance which amounts to a stunning \$9.5 million dollars for the last billed year. The bill must be paid, according to the law, but I intend to see that the taxpayers get the service they are paying for so dearly.

This report shows there are dirty stations, messy stations and some that are not too neat. More importantly, it shows there are conditions at some stations which are a total hazard and a constant menace to rail riding and to the people of the county. I will insist on direct answers to public safety questions raised in this report.

This inspection team included veteran inspectors from the county's Department of Public Works, Health and Consumer Affairs and from the Fire Marshal's Office. Each reported specifically about violations and problems in the area of their special expertise.

The stations listed in the category of "unacceptable conditions" are: Rockville Centre, Valley Stream, Lynbrook, Mineola, Island

Park, Roslyn, Freeport, Farmingdale, Massapequa, Bethpage, Albertson, Country Life Press, Great Neck, Manhasset, Port Washington, Wantagh, Baldwin, Lawrence, Oyster Bay and Centre Avenue.

Riccio's report to Purcell said in part: "It would be unfair to say there is no station maintenance, we did find examples of renovation going on in some stations - Floral Park, Gibson, Inwood and Westbury. Other stations, like New Hyde Park, were renovated within the year, and Massapequa Park is a recently elevated station. Even renovations, however, are often incomplete - especially the failure to provide fencing from too easily accessible third rails...at Gibson, a candy store is a few feet from the unfenced electrically-charged rail."

Purcell pointed out that the so-called Grumman station was given a special category.

"There is no Grumman Station," Purcell said. "We are charged, in the latest bill \$1,382 for station maintenance and operation for the Grumman stop. And that is what it is, a stop. It is a wide spot in a road across the Grumman property, with no platform, no shelter and no anything."

The inspection report indicates that one person gets off the train there in the morning and possibly seven people get on a train in the evening at that crossing.

The inspection team visited the stations on a geographical basis, often armed with complaints from commuters and community residents. Leads on problems for inspection were solicited in a county-wide program involving libraries, banks and public institutions. More than 200 forms from the public were received and continue to come in. New reports on deficient conditions will be checked by Riccio's team.

"The report shows that the Rockville Centre station is considered the most hazardous," Purcell said. "We have also determined that complaints by village officials about the station have long gone unheeded. I intend to get response from the MTA, both in words and in actions."

## Veterans Day Services

Veterans Day Services will be held at the Veterans Memorial in Eisenhower Park, Sunday, November 8 at 10:30 a.m. Nassau County Executive Francis T. Purcell will preside at the half-hour ceremonies.

All veteran's organizations, their auxiliaries and junior units as well as all Boy and Girl Scout Troops are invited to attend with their colors.

Although there will be no formal parade, groups will assemble at 10 a.m. just north of the golf club house, parking field #7 and then proceed to the Memorial. In the event of rain, ceremonies will be conducted in the golf club house annex.

The program is coordinated by Nassau County and

the United Veterans Organization. For further information, call the Public Information Office of the Nassau County Department of Recreation and Parks at 542-4422.

## State Legislature Deals Death Blow To Full Value Assessment Order

The five year battle of homeowners, taxpayers and local legislators to overturn the Court of Appeals "Hellerstein" decision which ordered Nassau County to reassess its real property at 100% true market value culminated in a significant victory with the passage of S.7000-A during the Special Session of the Legislature last week.

"Full value is dead and the homeowner is saved from the onerous mandate of the Hellerstein decision," according to local legislators, EVERY Nassau County legislator - both Republican and Democrat - voted to the

measure!

In noting his pleasure at the Legislature's action, Nassau County Executive Francis Purcell urged Governor Carey "to sign this measure into law immediately so that we can finally remove the sword of Damocles that has been hanging over homeowners' heads since 1975." -the date of the Court of Appeals' 4-3 decision ordering reassessment of Nassau County's real property.

"S.7000-A effectively reverses the court order by repealing Section 306 of the Real Property Tax Law - an antiquated and long ignored

200 year old provision which required 'all real property in each assessing unit shall be assessed at the full value thereof', and replacing it with provisions legalizing the assessing methods currently employed by Nassau County," the legislators explained.

Abe Seldin, Chairman of the Nassau County Board of Assessors has indicated that, "Should S.7000-A be signed into law, it is our intention to continue using the same assessment practices that we have been using prior to the Hellerstein decision."

The bill also legalizes and maintains Nassau County's

preferential treatment of homeowners, thereby protecting them from Governor Hugh Carey's proposal for 100% full market value assessment and the early unworkable and cumbersome Speaker Stanley Fink plan for reassessment.

"Our vote in favor of S.7000-A was 'a vote to send the Hellerstein decision into well-deserved oblivion, along with Governor Carey's proposed full value reassessment meal 'xe and sundry other statewide assessment schemes designed by property tax bureaucrats,'" the lawmakers concluded.

## "Bottle Bill" An Achievable Goal

By Ruth Marx

It is time to remind everyone that the so-called "bottle bill" is still an achievable goal. Although the legislation calling for a 5 cents deposit on beverage containers "died" in this past session in the Assembly's Commerce Committee, the League of Women Voters of New York State, whose members have worked for its passage since 1974, feels more optimistic than ever.

At long last industries and

unions that oppose the measure must produce evidence to back up their flamboyant claims of disaster (not borne out in any of the states which have beverage deposit laws). It was evident that they were cornered when the Governor's own task force on the issues was unable to gather sufficient "con" information. The Governor chose to give the opposition the benefit of the doubt, for now, and asked for a further study of the impact in New

York State. Time, however, is running out for the opponents and we are confident that their "facts" will wither in the full light of scrutiny. Other forces are also closing in. Several counties have either passed or are considering passage of local bottle laws to help alleviate the landfill crisis. In addition, one has only to look at highly industrialized Michigan for proof that the law creates jobs, cleans up unsightly and dangerous litter and saves energy.

More and more municipalities are coming to realize advantages of bottle legislation.

1982 is an important N.Y. State election year. The entire state legislature and the Governor must face the people and explain why they have dragged their feet on an issue overwhelmingly supported by the public, in poll after poll.

The League believes the time for success of this issue is just around the corner.

## The Shattered Dream Of Home Ownership

By Sen. Al D'Amato

Ninety-five percent of American households are effectively excluded from buying a home because of high mortgage rates. This was the bad news released this week in Washington by the National Association of Realtors.

Those of you who already own homes should think of what this means for your children. The mistakenly established policy of government spending money that it does not have has run up a federal deficit over a trillion dollars! The interest that is paid on that debt is the second largest item in the

federal budget.

The problem is one that was inherited by the Reagan Administration. The solutions lie in decreasing federal spending and making real progress toward a balanced budget. Unless we do this, our economic prospects are not bright.

It is not enough to read and complain about high interest rates, as those who are responsible for our troubles have been doing for years. The problem has put a slow squeeze on the American public by fueling inflation, prohibiting people from buying homes, and forcing many companies out of business.

While the news media reports on how a particular budget cut might affect a particular group of people, there seems to be little emphasis on what might happen if we do NOT correct the economic problems that have been passed down from Administration to Administration.

The bottom line is that we must reduce the federal deficit. While disagreements exist over where to cut the budget, all realize that additional cuts in federal spending are a necessity.

President Reagan is leading the charge for a return to

fiscal responsibility. Once the federal government no longer needs to borrow massive amounts of capital from the money supply, soaking up funds that would otherwise be available for mortgages and other purposes, we will see a real drop in interest rates.

Correcting mistakes of the past is not a politically easy task. But if we lose sight of the need to correct our economic problems we will be returning to a "politics as usual" mentality which will shatter the dream of home ownership for most of our children.

## Dear Friends...

It is "old" news now (except in New Jersey where they are still trying to settle just who has been elected to be our next governor)...but, we extend best wishes to all who ran successfully in the recent election.

We are pleased that both the state wide Proposition and the Amendment passed for we believe they are both important at this time.

Encouraging new business on all levels will provide new jobs in the private sector where they are needed.

Keeping violent criminals off the streets will save the lives of many potential victims. We do not believe that this is enough. We also believe that rehabilitative programs can be helpful, inside prisons. There are many fine people who are trained to do just this, some of them from this area. We would certainly recommend such programs be extended. How can this be accomplished? We have not heard much of the specifics on this. We have not heard the results accomplished by those groups who are already attempting to help in this way. In the next few months we will do a short series on this subject, so that we can all be informed.

A public hearing on New York State Assembly bill 7860 and New York State Senate bill 6327, which will seek to form a Long Island Transportation Authority has been set for Thursday, Nov. 12 at 7 pm in the Long Island Association of Commerce and Industry (European-American Bank Building) located at 425 Broad Hollow Road in Melville. Take LIE to Exit 49, south side. For further information contact Cary Kessler at 654-0414.

## Colby: "State Property Tax System For Education Is Unconstitutional"

The Appellate Division of the State Supreme Court last week upheld the 1978 ruling of Justice L. Kingsley Smith that New York State's property tax system of financing public education is unconstitutional.

The decision of the Appellate Division comes as a result of the State Attorney General's decision to appeal Justice Smith's ruling in a case filed in 1974 by Levittown and 26 other school districts (13 on L.I.), which was later joined by four New York State cities.

Prior to the Supreme Court decision in 1978, I had urged the development of an equitable plan for State financing of public education

that would provide property tax relief, insure quality education and permit local school boards to retain local control while still offering optional educational services.

Across the nation, courts have forced some manner of reform in more than two dozen states through rulings indicating that the particular use of property taxes to finance education is unconstitutional. The New York Appellate Division's affirmation of Justice Smith's decision highlights the fact that our State should be acting promptly to provide reform.

The New York State Special Task Force on Equity and Excellence in

Education, headed by former Regent Max Rubin, was established in 1978 by the Governor. So far, it has offered little in the way of solutions to the problem, although it recently indicated that it will issue another report in February, 1982. A definitive plan easing the property tax burden of public education is already overdue.

Although the State Attorney General is expected to appeal the Appellate Division's ruling, further delay by the Rubin Commission and State administration can serve no useful purpose.

In the Town of Oyster Bay, school taxes amount to 57

percent of a homeowner's property tax bill - in other words, 57 cents out of every property tax dollar paid. The need to develop a fair and equitable method of financing education that provides property tax relief while incurring quality education and local school board control, should be recognized by the State as a priority.

The time has come to stop the talk and begin serious consideration of a true program of reform. The courts have ordered that this must be done. The Rubin Commission and the State should proceed to address this problem with all due speed.

## A Continuing Hazard In Hicksville

**SUMMARY of problem at 540 Jerusalem Ave., Hicksville 12 wrecked autos and trucks, plus 2 refrigerators with doors on in rear and side yard. Complaint originated by James R. Feehan, previous owner of property, at 81 Friendly Road, adjacent to 540 to the south.**

\*\*\* Contents of Chamber of Commerce

1-3/4/76 - "Request for Investigation" of 7 wrecked autos in yard, by Mr. Feehan.

2-4/20/76 - Letter from Zoning Inspector to Mr. Feehan promising satisfaction.

3-6/15/76 through 11/4/77 - notes on No Progress toward solution.

4-11/21/78 - New owner of 81 Friendly Rd., Mrs. Lois Parrino sent letter to the Hicksville Fire Dept. advising them of 12 wrecked cars in neighbor's yard, concerned with danger of fire.

5-12/4/78 - Office of Fire Marshal letter to Chief Ferber advising that Town of Oyster Bay is taking court action against owner of 540.

6-12/5/78 - Letter from Chief Ferber to Mrs. Parrino expressing the hope that the police can apprehend the owner of 540.

7-1/15/81 - Mrs. Parrino's letter to Councilman Clark.

8-8/25/81 - The Chamber of Commerce letter to the Town Attorney (with copies to the Town Board) reviewing this case history, reminding him of the complaint with no satisfactory progress in five years, and stating that the Chamber would release the story to the news media if it wasn't resolved.

### Our Armed Forces

Albert C. Hilber, son of Mr. and Mrs. Albert J. Hilber of Farns Court, OLD BETHPAGE, has entered the freshman year at the U.S. Air Force Academy, Colo.

The cadet is one of more than 1400 freshmen who were officially accepted into the cadet wing after completing six weeks of intensive field training, physical conditioning and survival instruction.

Cadet Hilber begins four years of academic study and military training that will lead to a bachelor of science degree and a commission as a second lieutenant in the U.S. Air Force.

9-8/28/81 - Office of the Town Attorney letter explaining that the owner of 540 could not be located.

10-9/4/81 - Councilman Clark's letter stating that Mrs. Parrino's 1/15/81 letter was not in his file.

11-9/10/81 - Chamber letter to Councilman Clark enclosing photo - copy of the photo - copy of Mrs. Parrino's letter.

On Sept. 11, 1981, Mr. James A. Fyfe, Mrs. Constance T. Clarke, Mr. Vernon C. Wagner, and Mr. Siegfried R. Widder met with Town Attorney, Mr. Nathaniel G. Gole and Deputy Town Attorney, Mr. Stephen C. Kavanaugh, to discuss this problem.

Mr. Gole showed us figures compiled by the T.O.B. Dept. of Highways estimating the cost of removing the debris. The Chamber expressed its concern about the danger of fire from gasoline fumes in

the vehicles, plus the potential danger of a child being trapped inside one of the refrigerators which still have the doors on. Mr. Gole assured us that the debris would be removed even if it meant Mr. Demetrios Sachktouris, the owner of record of 540 Jerusalem Ave., would sue the Town of Oyster Bay.

Since the taxes on the property in question are paid in cash in Mineola prior to the property being sold for

back taxes, it is the feeling of the Chamber of Commerce Board of Directors that in all these years, someone should have been able to locate the owner. When Mr. Sachktouris did not appear in court in response to the original summons, a warrant was issued for his arrest, according to the notes of 6/23/76 on page 3 of the Chamber of commerce file. The question remains... what more can be done to clean up this hazardous site?

# WRAP BOTH YOUR HOME AND CAR IN ONE BLANKET OF PROTECTION

We have an innovative policy called PCP—Personal Comprehensive Protection—from The Continental Insurance Companies. And if you own a home and a car, PCP offers you exceptional value.

Separate policies often mean differing amounts of protection for your car, for your home and for its contents. And separate policies often cost you more, in time as well as money.

PCP, on the other hand, gives you one amount of property protection for your home and its contents. And one amount of liability protec-

tion for your car and home. Plus, PCP gives you the option to include your hospital, disability income and mortgage life insurance in the same plan.

PCP is easy to understand, efficient and time-saving, and in many cases, more economical.

Come see us or call. We'll be glad to show you what PCP can do to make you—and your property—more secure.

The group met at the Fire House at 7am to put the flags into vehicles for distribution and installation in the flagpole holders on the parking meters. Later in the day, at 4pm, the group worked in reverse to retrieve the flags, roll them up and store them in their closet in the Fire House.

## Friday, the 13th

## Can Be Your Lucky Night

November 13th can be your lucky night, indeed, if you come down to a new member night at Mid-Island Bowl. Do you have an interest in the sport of bowling? Or do you want to learn how to bowl? Or perhaps improve your already learned skills? Well, here's your chance to become a member of a club that will do just that. You can become a registered explorer and a member of the bowling explorer team.

Exploring is a division of the Boy Scouts of America. It is composed of young adult males and females, ages 15 to 20. Explorer registration fee is \$3.50 per year. This fee not only makes you a member of the bowling explorer team, but also entitles you to participate in explorer meetings of other various careers and hobbies.

So forget all those superstitions and make this one lucky Friday, the 13th you'll never forget, at Mid-Island Bowl, 265 North Broadway in Hicksville.

## LEGIONNAIRE'S LOG

By Artie Rutz

CHARLES WAGNER POST # 421  
HICKSVILLE, N.Y.

"One Of the Grass Roots Of The American Legion"

Latest member to require hospitalization was Past Commander Dick Hochbrueckner who suffered appendicitis 9 days ago, had surgery and is now recuperating at home. Past Commander Ed Hodgkinson is continuing to make progress in rehabilitation after a severe stroke earlier this year. And at last report Past Commander Palmer Walsh wasn't feeling up to par either. One of our newer members, ARLINE HOWARD, has been appointed the Post County representative by Commander Lou Braun at last Monday's meeting. And what do you think happened at the Dark Horse drawing at the last meeting, after Al Ciotto won it 3 times in a row? You guessed wrong!!! It was won by Henry Brenzel, our most senior Past Commander.

Our monthly Las Vegas Nites continue to prosper but more help is required, particularly from you

members who like to play cards. We have an urgent need for more members to join this committee to properly service our Black Jack games on Las Vegas Nites. We are asking for help from our many members who have yet to lift a hand in support of the Post and consequently, THE AMERICAN LEGION. Come on, fellows, its only one night a month that the Post needs you, so call Commander Braun or Chairman Jack Reichlen or Past Commander John Sheppard and offer your valued help. Likewise, the Color Guard is now short of manpower and needs help in the way of many new members. This committee is the oldest Standing Committee of Charles Wagner Post and is not for every member but rather for those especially suited for representing the Post at various ceremonies, ranging from parades to funerals. If you think you

can be an asset to this committee please contact Past Commander.

Frank Molinari, who is Sergeant of The Color Guard and who is struggling with his limited group to cover events that should be covered. For example, the Color Guard will attend the County Veterans' Day services at Eisenhower Park on November 8 in the A.M. and are due at Pinelawn Cemetery at 2:30 P.M. for another service. Two events in the same day takes a lot of manpower unless the same people do double duty and this can get to be a bad habit. Can YOU help??? Veterans' Day services this year in Hicksville will be held at the Junior High School grounds on November 11th at 10:45 A.M. This will be the 63rd anniversary of the Armistice that concluded World War I on the eleventh day of the eleventh month at the eleventh hour.

Our annual visit to King's Park will take place on

Sunday, Nov. 15 and we will leave the Post at 11:30 A.M. and lots of help is needed this year to help distribute the bags of goodies and other items to the veteran patients in various wards. This year, books and magazines are needed for the patients at Kings Park so if you have these items that aren't doing anything but collecting dust in your garage or basement, please drop them off at the Legion any time before our Packing Nite, November 13th. Again this year, as for many, many years in the past, Empire Storage will provide us with a truck to move everything from our Post to Kings Park.

Next Thursday, November 12th, at 8:30 P.M. there will be a meeting of the Post Executive Committee and all members are requested to be present. To again remind the general membership, we will pack the bags of goodies for Kings Park on Friday, Nov. 13 at 7 P.M. Please come and lend a hand.

### Antique Fair

The P.T.A. Scholarship Fund of Long Island Lutheran High School will be holding its Second Annual Antique Fair on Friday, November 13th from 6 to 10 P.M., Saturday, November 14th from 12 Noon to 10 P.M., and Sunday, November 15th from 11 AM to 6 P.M.

The show will have 85 antique dealers from six states exhibiting a wide variety of merchandise, including Orientalia,

American and European country and formal furniture and accessories, Art Nouveau and Art Deco.

To get to Long Island Lutheran High School at 131 Brookville Rd., in Brookville, take the Long Island Expressway to Exit 41N or the Northern State Parkway to Exit 35N. Proceed on Rt. 106 North, then left onto Brookville Rd.

For further information, call (516) 626-1700.

### Hicksville Singles Meeting

Topics for the Monday, November 9th, 16th and 23rd meetings of the Hicksville Single Parent Group were announced this week by Oyster Bay Town Councilman Thomas L. Clark.

Both the positive and negative aspects of "Single Parenthood" will be discussed at the November 9th meeting with a look at remarriage - is it for everyone? The November 16th meeting will feature "Career Counseling" on ways to

successfully combine single parenthood with a career. "Sex Education in the Single Parent Home" will be explored at the November 23rd meeting.

All sessions will be held at the Hicksville High School, Division Avenue, beginning at 8 P.M.

The Single Parent Project operates under the auspices of the Town's Drug and Alcohol Control Division, Department of Community Services. For information call 922-1940.

### Legion Auxiliary News

The next regular meeting of the Charles Wagner Unit #421, American Legion Auxiliary, Hicksville, will be held on Friday evening, Nov. 6 at 8 p.m. at Headquarters, 24 E. Nicholas St.

As of Nov. 1, dues were increased by \$1.00, making the dues \$6.00 a year. The increase goes to the National per capita. Please send your dues to Florence Rube at 47 Ash Lane, in Hicksville, if you have not already paid.

Lillian Molinari, Rehabilitation and Veterans Affairs Chairman, also Ethel Habenicht, Marie Gamble and Gerry Seitz, are volunteering at the Day Care Center at Northport Veterans Hospital on Monday of

each week. If any other members would care to help out, call Marie at WE 8-2163.

Nassau County Committee of the A.L.A. had President's Night, held at the Massapequa Post on Oct. 23. Eight Auxiliary members attended to accompany our President, Ethel Habenicht. Mary Merkle, 1st Vice Chairman of the Nassau County Committee, Agnes Murtha, 2nd Vice and Julia Duffy, 3rd Vice, prepared a very nice program and a wonderful evening was had by all.

Four Past Presidents attended the Past Presidents Parley on Oct. 23, held at the Andrew Fatscher Post in Valley Stream.

### Columbiettes Meeting

The Joseph F. Lamb Council Columbiettes will hold a meeting on Nov. 12, at 8:30 p.m., followed by a Christmas Boutique at 9 p.m. at 1139 Old Country Rd., Plainview.

**GIFTED PROJECTS DISPLAYED AT LIBRARY:** An eye-catching display of projects done by the children who participated last year in the Gifted Program under the supervision of Irene Pelled, teacher at the Plainview-Old Bethpage School District, was on exhibit in the Plainview-Old Bethpage Public Library during October.

Research projects covered science, social studies, literature, crafts and creative fields. It's obvious from the topics chosen that research from books was extensive, and the public library is pleased to have been a source of the background materials.

## East Plainview-Old Bethpage G.O.P. Report

PRESIDENT  
Joanne Nonnan

P. O. BOX 283  
OLD BETHPAGE, 11804

EXEC. LEADER  
Dr. Chas. Artale

What did you think of the election? Each is different and each has a surprise or two—be it results or the campaign tone, methods or visibility. Generally a very low key and generally on a high level.

The Democrats had problems and happenings which had to make the exercise painful.

Examples: 1. Dillon running for D.A. with GOP backing; 2. Yevoli making a primary fight against Matthews which cost Matthews over \$110,000— which could have been better used to run against Fran Purcell; 3. County leadership fight with left wing winning.

And then there were little things of interest if you looked—for example, the TOB Liberal Party where four of the six candidates for Town office live on Admiral Lane in Hicksville.

We want to mention the election inspectors who do such a great job each year. They arrive at the polls at 5:30 a.m. and have to stay until the paper work is done at 10 or 10:30 p.m. That's a 17 hour day, where you catch a meal when you can plus the pay is low.

### At The Kiwanis Club Meeting

"What's new with IRA" was the subject matter brought to the Hicksville Kiwanis Club at its October 28 regular weekly meeting by representatives of Macpeg, Ross, O'Connell, and Goldaber, Inc.

Comparisons were made between the present law with respect to IRA contributions, and the new law which will take effect in 1982. The information was presented by Messrs. Ralph McNamara and Thomas Coyne, and was found to be quite educational and informative by the Kiwanis members.

### Around Towns

(Continued from Page 2)

John (Fire Commissioner) McMahon of Meade Ave., HICKSVILLE, Dot and John will celebrate their 34th wedding anniversary on Nov. 22. Their grandson, Jamie McLaughlin celebrated his 6th birthday on Oct. 30. Jamie's Dad, Jim McLaughlin, celebrated his birthday on Nov. 2 and Jamie's Mom, Loretta celebrates her birthday on Nov. 21. The McLaughlins live on Willoughby Ave., Hicksville.

Dot and John's son and daughter-in-law, John and Patrice McMahon of Lehigh, Florida, celebrated their 3rd wedding anniversary on Oct. 14 and Patrice celebrated her birthday on Oct. 19.

Congratulations and best wishes to all!

And a special happy birthday wish goes to Ex-Fire Commissioner Harold Manaskie of Holiday, Fla., formerly of Hicksville, who celebrated his birthday on Oct. 29.

drive for this year does not end until Dec. 31, 1981—and there are always bills to pay.

Actually, planning for next November has already started. As you no doubt have read, our popular Town Leader—Senator Ralph Marino "has raised seed money—\$125,000—for a real gubernatorial effort." At this time its good to talk it up as Ralph would make a great Governor.

Of course, there will also be congressional, State Assembly, State Senate,

Comptroller and Attorney General races.

The bill S 7000-A on assessment will become law if the Governor signs it. I pray that he will veto it. Believe it, after the courts get through with it, they are going to have to face the hard facts. I can't believe they didn't pass a Homestead Act by itself and save Nassau homeowners millions. Who ever claimed life has to be easy.

In closing we say "good luck Mr. Chairman," starting Nov. 9," AHE.

## Fire Dept. Warning

Hicksville Fire Officials wish to advise all residents that it is unlawful to conduct open burning — leaves, rubbish, etc. E.P.A. regulations also forbid open burning.

Also — any property damage resulting from open burning — the person doing the burning is liable for damages.

The Town of Oyster Bay provides regular pick-ups. It is also advisable not to pile leaves in the street as the exhaust system of motor vehicles can ignite the leaves.

It is advisable to keep leaves away from all structures.

## Galileo Lodge News

By Joe Lorenzo

**VENERABLE TONY PREVITE'S MESSAGE**  
"Life affords no higher pleasure than that of surmounting difficulties".  
Samuel Johnson

It was a typical autumn night. The air was crisp and energizing, making one's steps livelier and lighter. Twinkling stars appeared like tiny beacons of light as they nestled in a bluish-black sky. It was Saturday night, the 31st of October, at which time the Galileo Lodge presented its Halloween

Dance. I would say that over 150 members and their friends ate heartily, drank merrily and danced divinely to the melodies of the Dynatonics. Jeff Wallick, who performed so admirably 'chaired' this activity, and ably assisted by Jim Pino and Armand Del Cioppo. More assistance was provided by other members of the Galileo Lodge and Ladies Auxiliary, namely, John Sarrero, Millie Del Cioppo, Mary Monteforte, Jo Ann Wallick, Pete Masiello, Carl Brindisi, Tony Cappa

and son. The cooks, who feverishly worked in the kitchen, were Tom Pasquarella and Skip Monteforte. Mickey Russo assisted at the bar. The dinner, which consisted of half of broiled chicken with all the trimmings, salad, beer, cake and coffee, set-ups, was really appetizing and delicious. Enhancing this activity was the raffling off of three large turkeys. Many of those who attended were attired in Halloween costumes, and prizes were awarded to Stan Purvis (Robot) as best male costume, Pat Allocca (Clown) as best female costume and Sally and Bert Balestrerio as best Halloween couple. The Galileo Lodge and Venerable Tony Previte extend their sincerest thanks to all these hard-working members who made this affair a delightful Fall event.

The talented and hard-working Ladies Auxiliary announces that it will present a flea Market on Thursday, November 19th, from 6 to 12 P.M., at the Galileo Lodge, Levittown Parkway, Hicksville. Price of admission will be \$10 for nonmembers and \$8 for members. Refreshments will be served and this activity will be supervised by the talented and highly-energetic Mary Monteforte. Mary, by the way, can be reached for tickets by calling 938-6454 and the Galileo Lodge number, which is 931-9851, almost any night of the week and on week ends.

The Galileo Lodge also announces that Jeff Wallick will 'chair' the Christmas Dance which will be held on Saturday, the 5th of December. Assisting Jeff Wallick will be Armand Del Cioppo. Tickets will sell at \$9.50 per person, a modest fee which entitles you to a delicious Ham dinner with all the trimmings, beer, soda, coffee and cake and live music. Please put this dance date on your winter calendar of events.

**LODGE TIDBITS:** Mr. and Mrs. Pete Masiello report that they have just returned from a 20-day trip to Europe. They visited Austria, the Alps, Brenner Pass, Belgium, Paris and the Moulin Rouge, and then on to Italy. They visited many of the breath-taking historical sights of Italy, but they also state that the visit to Italy was the most inspiring because here they saw the roots of their heritage. Mr. and Mrs. Masiello also visited Germany and here they combined business with pleasure. Very happy to report this news about a nice couple of our organization.... Mr. and Mrs. Joe Lo Presti of our Lodge are beaming with pride these days as they report that their son, Robert, was recently appointed Assistant Town Attorney of Oyster Bay. Congratulations from all of us here at the Lodge. A get well wish to Joe Giordano from all of us here at the Lodge also. Incidentally, the price of tickets for our New Years Dance is \$30 per person. A typographical error listed another price.
