Hicksville PTA Council Founders Day Dinner

The Annual Founders Day Dinner, sponsored by the Hicksville Council of PTA Units is a community event to honor those people who have done outstanding work for the children and youth of this community. This year's dinner committee, co-chaired by Mickie Cangemi and Peggy Gill, has arranged a wonderful evening at the Galaxie Restaurant on Feb. 25.

This year, all the PTA units chose Lorraine Losche to be the District Honored Guest. Lorraine has given a great deal of time, energy and devotion since 1963, and has certainly earned the right to this honor. Norma Dagna, a former PTA District Honored Guest, will emcee the evening. Each of the local PTA units will also be honoring those individuals from their own unit who have worked diligently over the years to further the goals and objectives of PTA and to better the lives of our children and youth. This Founders Day Dinner is an opportunity to thank them and enjoy a

pleasant evening with friends.

Tickets may be purchased from local PTA units, or from the ticket-chairperson: Ann Frayzeisen 935-8755. Deadline for tickets is February 1. It is hoped you will join them for hors d'oeuvres at 6:30 and dinner at 7:30 p.m. Ticket donation is \$14.00.

"Coping With Death And Loss"

Whether you adhere to a belief in a life after death or the view that life just ceases, the fact remains that all of us inevitably experience the loss of a loved one and eventually our own death. Unfortunately, not many persons are willing or able to allow us the expression of our grief. What is sorely needed is an innovative and empathic service. A service that meets an individual or family when they are in need of comfort and guidance. A service aimed at aiding those who have lost a loved one bridge the gap between

loss and renewed homeostasis.

Why is this service necessary? In her work, A Time To Grieve, Bertha G. Simos makes the following claim: "Because of cultural and personal reasons that preclude grieving, many bereaved people are prevented from experiencing the feelings that should necessarily follow loss in order to insure a healthy resolution of the trauma. Increasingly, unresolved grief is being recognized as the forerunner for a wide range of physical, men-

Dear Mrs. Noeth:

At the December 9th meeting of the Hicksville PTA Council, a motion stating the Council's opposition to Tuition Tax Credit legislation was unanimously carried.

The Council, which is made up of 56 concerned parents, teachers, administrators and school board members representing 11 Units of PTA, expressed its opposition to any amendment which would provide tuition tax credits or vouchers to families of children attending private elementary or secondary schools. Such assistance (which is over 4 times the amount currently

"R-O" Zone Hearing

A group of neighbors appeared at the Jan. 26 hearing of Salvatore J. Presti and J. Marc Sugarman (doing business as Baysep Associates) for a change of zone from Res. D to "R-O" (residence-office district) on South Oyster Bay Road, north of the intersection of Garden St. in HICKSVILLE. This area which is already occupied by the petitioners, is presently under a Town zone moratorium until the middle of Feb. due to the fact that actually there are no zoning regulations covering them at the present time. Kalmier Realty and Baysep, both occupants at present, were present at this hearing. They also want to build an extension on to the rear of the building, if the zone change is granted.

Mrs. Margaret Regan and Mr. Richard Werder, both of East End Ave. in Hicksville, and ten other local area residents appeared to oppose these proposed changes on the grounds that both visually and esthetically they feel it is bad for the neighborhood and they are also opposed to permitting parking in the backyards which a R-O Zone permits.

Mr. Jerome Ness, attorney and also presently an occupant of one of six homes on South Oyster Bay Road that are all occupied by professional people and businesses, spoke in favor of these proposed changes. Mr. Ness explained that he is ready to file himself but has had no response from the present business occupants of the remaining five houses. The Board advised Mr. Ness to proceed with his filing.

The Board reserved decision on both parts of this petition.

Letters To The Editor

spent on public school children) would be highly discriminatory and detrimental to the public good. Public education is a vital part of our American democracy, and anything which would erode it, cannot be supported by a child-advocate organization like PTA.

Certainly, private schools have their place for those who choose them, but they are just that—private. They are not governed by the laws of the State of New York. Public schools must meet stringent requirements. Private schools select their students for whatever reasons they themselves de-

termine — be it race, religion, ability, etc. Public schools must accept all children, thereby protecting the right of every American child to a free, quality education.

The Council urges all citizens to write to their legislators expressing their opposition to the Tuition Tax Credit Bill S.550.

Very truly yours,
Nancy Staron

To The Editor:
On behalf of our Administrator Mrs. Ronnie Rosenberg, Residents and Staff of Central Island Nursing Home, we would

like to take this opportunity to thank the community for giving so generously of their time, talent and energies throughout the year and particularly during the holiday seasons.

Bringing the outside world into our facility significantly increased feelings of self-esteem and self worth in our two hundred residents.

At The Town Board Meeting

The Board also heard local residents from throughout the Township of Oyster Bay regarding their feelings on exactly how new legislative directives as to where and on what size plots two-family homes should be permitted. As is usual in most hearings, the Board reserved decision on this matter.

The Board approved Resolution No. 85-1982 increasing the engineering fees by consultant on Contract No. DRH76-4540, the construction of storm drains and appurtenances on Gables Dr. and Gables Rd. in HICKSVILLE.

The Board tabled Resolution No. 97-1982 relating to the map of Townsland Gardens at HICKSVILLE.

The Board approved Resolution No. 98-1982 relating to the Map of Tall Trees at Woodbury, which permits cash payments in lieu of park land.

The Board approved Resolution No. 100-1982 relating to the abandonment of Clinton St., southwest of Kraemer St. in HICKSVILLE. This is a street of only 111 ft. ending in a dead end at the Railroad.

The Board approved two Resolutions ... No. 103 and 104, 1982, both are parts of the County sewer contracts in which the Town is involved. One covers improvement of the Blueberry Lane area in HICKSVILLE and the other covers the areas on Cherry St. Herzog Pl., Railroad Lane and adjacent areas in HICKSVILLE. This work will take about a year to complete, but will not actually be started by the Town until this summer.

The Board set a Feb. 23rd

hearing to consider a proposed increase from \$5 million to \$6,950,000, in connection with the Town underground street lighting replacement program. The Town proposes to buy the necessary equipment and then to ask for bids on the installation then required.

Galileo Lodge News

By Joe Lorenzo

VENERABLE TONY PREVITE'S MESSAGE: "Every individual has a place to fill in the world, and is important, in some respect, whether he chooses to be so or not!" - Nathaniel Hawthorne.

I am quite sure that St. Valentine's Day has a special significance for all us and that it bespeaks of all the tender quality deeply embedded in the human heart. St. Valentine's Day has a symbolism all of its own and its meaning and message are profoundly equaled with the greatest of the human emotions - love.

Thus, with all these sentiments in mind, why don't I mention again that the Galileo Lodge, an organization in love with love, happily announces that it will hold its St. Valentine's Day Dance on Saturday, the 13th of February. Tickets sell at \$10 per person, and they can be purchased by contacting Tony Coppola, the chairman, and Andy Grieshaber, the co-chairman, by dialing 931-9351 every Monday and Thursday night from 8 to 9:30 P.M. In the offering will be a hot delicious dinner with all the trimmings, beer, soda, coffee and cake, set-ups and live music from the "NOW AND THEN" music

combo. Please note that a "bring-your-own-liquor" policy will be in effect that night. The Galileo Lodge affectionately calls this affair its "Sweetheart Dance, so why not take your 'sweethearts' to this dance and absorb the cordiality and hospitality offered by the Galileo Lodge and St. Valentine. By the way, I might announce that the dinner period is from 8 to 9:30 P.M. and the dancing session will be from 9:30 to 1:20 P.M.

Although an organization is well on its way to answering its own destiny, and perhaps well on its way to controlling its own fate, there are times when an "infusion of new blood" is needed to perk it up, or perhaps give it the rejuvenation or revitalization it might also frequently need. And these statements carry me to my next topic - new membership. With the advent of the new year, the Galileo Lodge is speeding up its new membership drive. If you are interested in an ethnic organization that is capable of catering to your needs, satisfying your whims and whimsies and offering you much in the way of maintaining and upholding ethnic pride and dignity, why not seek out the Galileo Lodge and consider what it

has to offer. Just call 931-9351 and I am sure that any member will enlighten you as to what it has to offer, or perhaps inform you about the merits and attributes deeply ingrained in it. Let's face it - we are all discriminating in our tastes, needs and wants, so naturally an ethnic organization is a place where certain people with certain traits, characteristics and heritage might gravitate. An ethnic organization is only ethnic in that respect, but surely in its charitableness, aid and considerations, all other nationalities, creeds and races are not discriminated against. Call the number listed above and do yourself a favor.

An organization is only as good as its personnel. People make an organization, and many people are involved in the successful operation of the Galileo Lodge. I am talking about people who are associated with the many committees involved, and about how they give up their time and efforts in a beautiful display of loyalty and interest. In a future column, I will endeavor to offer the names of these people (the members, male and female) and show how and why they are so vital to the Galileo Lodge.

PBC ROAD RACE (Continued from Page one Plainview)

mile stretch by Round Swamp Road past the Old Bethpage Village Restoration. The course has received formal TAC (AAU) certification, so that personal times achieved in the Plainview race may be used as qualifying times for TAC events throughout the country.

The Plainview Run started modestly in 1978 with only 125 runners. The number of entrants approached 500 in 1979, 1980 and 1981 notwithstanding adverse weather conditions. Previous winners include Don DiDonato of Floral Park, Tom Childers of Westbury and Steve Lubar of Port Washington. The 1981 women's division of the race was won by nationally ranked champion Jan Arenz of Port Washington, who went on to win the Long Island Marathon and Yonkers Marathon later in the year. Race sponsors are hopeful that all previous winners will be back this year, and anticipate that many other top runners, both from Long Is-

land and elsewhere, will be on hand to challenge them.

Runners of all ages are welcome. Trophies will be awarded to the top three male and top three female finishers in each of six age categories. A "Family Award" will be presented to the family (3 members or more) that turns in the fastest family time, and special trophies will also be awarded to the top male and female finishers who are residents of Plainview-Old Bethpage.

The entire race will be videotaped for showing at the April meeting of the Plainview-Old Bethpage Road Runners Club. (Last year's videotape was also shown on Cablevision's Channel 12.) Personal action photos of each runner crossing the finish line will be taken by H. Lawrence Grelor Studios.

The entry fee is \$4.00 for those who pre-register, and \$5.00 for those who register on the day of the race. Distinctive T-shirts will be given to everyone who regis-

ters before March 3, 1982.

For race applications or for more information, call Plainview PBC President Mel Rothstein at 822-3377 or Plainview-Old Bethpage Road Runners Club President Mike Polansky at 433-0919.

Hicksville Community Council News

By Christine Cahalan

The next general meeting of the Hicksville Community Council will be held on Thursday, February 4th, 8:30 PM, at the Hicksville Public Library.

The topic, "An Ecumenical Evening," should prove to be of interest to all residents and organizations of Hicksville. We are a community where many religions flourish amicably, side by side, yet many of our neighboring communities are having problems in this area.

Representatives from our churches and synagogues will pursue the question - "How and why is Hicksville different from many communities in their inter-religious attitudes and activities?"

We will also have a representative from the District Attorney's office to enlighten us on the problems other areas are encountering in inter-religious conflict.

The other segment of this program will consist of a representative from the

Hicksville American Soccer Club and the Hicksville Youth Council describing their history, aims, goals and accomplishments.

The meeting concludes with our "Town Hall" where we are informed of any individual's problems and the activities of our Hicksville organizations.

"Mark your calendar and plan to attend this vital and informational meeting," urged a Council spokesperson.

IRA

The Brand New IRA.

A Millionaire's Retirement Plan for the Wage Earner.

New IRA rules broaden eligibility requirements

If you work for a living—for yourself or someone else—you qualify for the new tax-sheltered IRA. Moreover, if you're part of a company-sponsored pension plan, or have a self-employed Keogh Plan, you can still qualify for an Individual Retirement Account.

By far, this is the most beneficial, most liberalized and most discussed retirement plan ever offered to the American worker.

For the first time ever, it is actually possible for any working individual to build a retirement fund that could exceed two million dollars; possibly more. And it's all done with tax deductible dollars in special IRA investment accounts.

The yields are high and all deposits (plus earned interest) are insured by the FDIC for up to \$100,000 in each IRA account.

If you and your spouse work, you can shelter up to \$4,000 a year—every year. If you're an individual with a non-working spouse, you can shelter up to \$2,250 a year. For someone filing an individual return, the new higher deposit limit is \$2,000 a year. Remember, every dollar you deposit is tax-free until you start withdrawing your funds between the ages of 59½ and 70½ when you will conceivably be in a much lower tax bracket.

Early withdrawal of funds will incur a 10% tax penalty by the IRS in addition to other penalties imposed by the Bank.

Rest easy. Let our pension experts tailor an affordable retirement program fit for a millionaire. Details on all IRA investment accounts and current rates available at all branch offices. Visit one today!

At The School Board Meeting

By Rosemary Grant

Student Rights and Responsibilities Policies were not ratified at the January 27 meeting of the Hicksville Board of Education and will be submitted for approval at the next meeting with revisions to the sections regarding patriotic ceremonies and searches.

The Board heard comments from community members before voting on the policies and views were expressed to rewrite the policy about saluting the flag in a positive way. "I cannot see the Hicksville School District putting in writing a policy where a student has the right to decline to pledge and salute the flag," said Bill Bennett.

Arlene Rudin objected to a faculty advisor making the selection of who is on the newspaper. She suggested "confidence and understanding of the ability of the students, especially in regard to the newspaper, to select members of the staff in an intelligent fashion."

The Board was questioned regarding two former students, Michael Vlado and Charles Grimmer, who received letters from the District informing them that their high school diploma was invalid because they had insufficient credits. Dr.

Daniel Salmon explained the Administration is in the process of reviewing all records, making sure they are clear. "I can guarantee that this will not be a problem in the future," he said.

Regarding the proposed 22 credit requirement diploma, Board Member Charlene Anci asked for an update in changes made to the proposal and a meeting dedicated to discussion of the draft.

In the absence of Superintendent Wilber Hawkins, Dr. Salmon gave a report stating a repeal orientation meeting for parents of sixth grade students will be held at the Junior High School on Monday, February 8 at 7:30 p.m. He reported the responsibilities of crisis counselor at the high school is being assumed by Mr. Rosner, Guidance Department Chairperson.

The Continuing Education Program Booklet will be distributed to the community starting Friday, January 29. There will be a Continuing Education Fair at the Mid Island Plaza on February 13.

The Board approved the revision and deletion of the policies. It approved the use of the "Challenges to Science" textbook in the Junior High School, but tabled approval of "Ideas from Astronomy" because the book is nine years old.

Recommendations of the Committee On The Handicapped pertaining to placement of students were approved; claims and warrants and awarding of bids were also approved.

Items relating to personnel were approved including the appointment of Mary Mathews as School Media Specialist, replacing David W. Frost, who retired.
