Mabel R. Farley Dies at 99

Miss Mabel R. Farley, revered educational leader of the Hicksville community for more than fifty years, passed away on Monday, eb. 8th.

She succumbed peacefully in her sleep at the United Methodist Nursing Facility, Lewisburg, Pa., barely forty-eight hours after attaining her 99th birthday.

In response to an announcement from the Hicksville Alumni, that milestone was reached with a number of cards and flowers from her former students and friends.

Family members stated that Miss Farley cherished her notes and letters from Hicksville. On her birthday she was aware of the many greetings and good wishes

How Safe Are Our School Buses

Most parents assume that the buses which transport their children to and from school each day are safe and competently operated. Do they assume correctly? Just how safe are our buses?

Three state agencies are involved in ensuring max-imum possible safety for all

children carried by bus.

The Department of Motor
Vehicles has stringent written and road examinations for bus drivers. Also re-quired is a personal inter-yiew with each applicant, a behind-the-wheel test every two years and an annual report from the drivers' supervisor on his actual per-

As safe as these buses are when new, only good maintenance can keep them maintenance can keep them that way, so every school bus must pass a thorough state safety inspection at least every six months. observe maintenance practices and examine driver reports and logs.

The slate also requires that DOT be notified promptly of any accident involving injury or significant proper-ty damage. DOT in-vestigates are dispatched to the scene where they try to determine whether a mechanical problem or

Winter Driving

Under Pressure The popular belief that reducing your car's tire pres-sure below the normal level will provide extra traction on ice and snow is untrue, says the Automobile Club of New

WORLD SCOUTING TO OBSERVE 75TH ANNIVERSARY: The 75th anniversary of World Scouting will be observed in 1982, and special programs and activities are planned in the Nassau County Council, Boy Scouts of

America.

The theme for this anniversary year is "Footsteps of the Founder." In addition to marking the 75th year of World Scouting, 1982 also marks the 125th anniversary of the birth of Sir Robert Baden-Powell, who founded the Scouting movement in 1907 in England.

"As we observe Scouting's 75th year, we want to pay tribute to the ideas that Baden-Powell put forward when he started our movement at the beginning of this century," said Harold D. Shapiro, Council President,

Letter To The Editor

Dear Editor.

In the current discussion of tuition tax credits, one point been overlooked. the exception of pupil per-sonnel services, textbooks and transportation, there is a serious constitutional issue involved in the use of public tunds for parochial schools. The Supreme Court of the United States is very likely to hold that tuition tax credits are a violation of the establishment clause of the First Amendment which provides for the separation of church and state.

This is a very important point to recognize.

Very truly yours, Runhild E. Wessell s/Runhild E. Wessel

Hooker Test Results Revealed

The New York State Department of Health has released "preliminary re-sults" of a full-scan analysis of the chemical discharge at the Hooker Chemical and Plastics Corporation on New South Road in Hicksville indicate the presence of two suspected carcinogens.

The analysis, which is being conducted in response to a 1981 "Full Disclosure" campaign undertaken by the Hicksville Citizens Alliance, revealed trace amounts of Hooker basin and dichloro-methane in the boiler dis-charge, or "blowdown" from

"The state told the Citizens

Alliance that any additional Priority Pollutants detected in the Hooker discharge 'will be reviewed to determine whether additional afficiency whether additional effluent whether additional entuent limitations and monitoring requirements are appro-priate.' Republican Committee Members Give Margiotta A Vote Of Confidence

Agreeing it was right, just and the proper thing to allow an individual the full and fair opportunity to exhaust all legal remedies before re-moval. Nassau Republican moval, Nassau Republican Committee, members gave Joseph M. Margiotta a re-sounding vote of confidence by amending party bylaws to enable him to remain as party chairman during his appeal to higher courts of his convictions. nviction.

Pointing out that the State Board Election has ruled that any action to remove him as party chairman on the basis that he loses his me pasis that he loses his right to vote upon conviction is stayed until the appeals process is completed, the 1,978 Republican Committee persons massed the award persons passed the amend-ment unanimously. Joseph Margiotta didn't

give up his constitutional or legal or civil rights and should not be asked to because he became chairman

of the Nassau Republican Party," said Hempstead Party," said Hempstead Town Presiding Supervisor Thomas S. Gulotta, speaking in favor of amending the

in layer of amending the party's bylaws.
"We are not protecting one individual, by making this change," he said. "We are really recognizing what the Republican Party stands for, and their is a commitment to and that is a commitment to principle."

Congressman Norman F.

Lent said: "He (Margiotta is entitled to pursue his full legal rights to adjudicate his case before any action is taken to deprive him of his livelihood."

The rules of law routinely grant stays to those who invoke their rightful right to appeal a verdict of a jury. Why is Joe Margiotta to be denied the same rights any other citizen of our nation? Lent asked.

"A trial is only the first step in our judicial process.

It's not an infallible judge-ment. The cherished right of appeal is protected in every state in our nation. The United States Constitution protects Margiotta's rights. We shouldn't be a party to in-fringing upon his con-stitutional rights," Lent

County Executive Francis T. Purcell cited remarks by the Superintendent of In-surance of the State of New York, showing that Nassau taxpayers did not suffer betaxpayers did not suffer be-cause municipal insurance fees were split among local licensed insurance brokers. The Superintendent of In-surance stated in a letter: "It is my opinion that any at-

tempt to return commissions to Nassau County by any broker would be a rebate and any reduction in commis-sions by an insurer to lower Nassau County's premiums without lowering all com-missions of similar in-

surance throughout the state would be violative of staticrimination.

After 13 speakers spoke in favor of amending the by-laws and no one indicated disapproval, senior publican Executive Leader Peter DeSibio of Inwood who said he got out of a sick bed to attend the meeting and told the meeting ne would have come in a hearie if necessary, called for a vote by the committeeper-

sons. It passed unanimously.

Party bylaws called for the removal of a party member or officer to forfeit his party. office or party position up in conviction. The amendment delays removal until an in-dividual exhausts all legal remedies before removal

Arguments on Margiotta's appeal are scheduled to eard in June, and a decisi in is expected shortly after the arguments

The Brand New IRA.

A Millionaire's Retirement Plan for the Wage Earner.

New IRA rules broaden eligibility requirements

If you work for a living-for yourself or someone else-you qualify for the new tax-sheltered IRA. Moreover, if you're part of a company-sponsored pension plan, or have a self-employed Keogh Plan, you can still qualify for an Individual Retirement Account.

By far, this is the most beneficial, most liberalized and most discussed retirement plan ever offered to the

American worker.

For the first time ever, it is actually possible for any working individual to build a retirement fund that could exceed two million dollars; possibly more. And it's all done with tax deductible dollars in special IRA investment

The yields are high and all deposits (plus earned interest) are insured by the FDIC for up to \$100,000 in each

If you and your spouse work, you can shelter up to \$4,000 a year-every year. If you're an individual with a non-working spouse, you can shelter up to \$2,250 a year. For someone filing an individual return, the new higher deposit limit is \$2,000 a year Remember, every dollar you deposit is tax-free until you start withdrawing your funds between the ages of 59% and 70% when you will conceivably be in a much lower tax bracket.

Early withdrawal of funds will incur a 10% tax penalty by the IRS in addition to other penalties imposed by

the Bank

Rest easy. Let our pension experts tailor an affordable retirement program fit for a millionaire. Details on all IRA investment accounts and current rates available at all branch offices. Visit one today!

Our Town of Oyster Bay Attorney, Nat Gole and his wife, Fanny, celebrated their 41st wedding anniversary on February 2, 1982. They have two children 1982. They have two children and three grandchildren. Their son, Richard, is an attorney for the city of Indianapolis... doing essentially the same job that Nat, does for the Town of Oyster Bay. Their daughter, Maxine, is a new mother: currently on a leave of absence from General Motors. Congratulations. Nat and Congratulations, Nat and Fanny, on this happy occasion.

There was a double celebration in the Rennert household. On February 3, Bob celebrated his birthday; Bob celebrated his birthday; and on February 4, Anne celebrated their birthday. We learned they were celebrating for a number of days. They had a birthday party on Sunday; coffee and birthday cake with their neighbors on Wednesday; dinner at Cookie's in Hicksville with their family on Thursday; and will attend a birthday dinner in their honor at a friends' house on Saturday. Just think, they'll stop celebrating their birthdays just in time to celebrate Valendine's Day. Best wishes to you both. wishes to you both.
