Toxic Chemical Tanker Overturns

chemical trailer-type A cnemical trailer-type tanker overturned in a freak accident early Feb. 16th be-hind 530 West John St., Hicksville. Hicksville Vamps responded to the responded to the alarm at 12:52 a.m. Shortly after, a second alarm was sounded for additional man-power and equipment. Nine pieces of apparatus, 65 Vamps re-sponded under Chief William Donlor

Donlon. After consulting the hazardous material man-uals, Varmps found they were involved: with an extremely volatile. liquid-Methyl Ethyl Keytone (M.E.K.), an in-diustrial solvent, very toxic if inhaled. It is also considered an exemption pollutent Sverial inhaled. It is also considered an organic pollutant. Special alcohol type foam carried by the Department was applied as sand was called for. from the County Dept. of Public Works. A dike was formed to contain the product. The tanker, from Mattice Fetro Chemicals Cn. of Clein Cove Chemicals Co. of Glen Cove, carried 7,000 gallons of

which an estimated 3,700 gallons spilled out, anto the ground and four nearby drains. After the foaming operation was completed and dikes constructed, efforts to right the tanker dikes constructed, with the Department's new air bag was employed. This operation failed because more bags were needed than were in the Department's inventory.

Riedlingers Towing of Hicksville, often used by the Department was called to the scene to pull the tanker upright Airport crash trucks were specially called, one each from Grumman and each from Grumman and Republic to stand by incase of the fire. Within minutes, after the cables were at-tached, the trailer was righted.

Questions Raised By now, officials from the County Health Dept., State Dept. of Environmental ervation, Fire Marshals

office and Mattice officials were on the scene. Fire fighters were on the scene ntil 11 a m.

The trailer was parked on The trailer was parked on its dolly wheels and detached from the tractor, which the driver, Peter Rellly of hicksville, used to drive home to change clothes. (A time span estimated as one hour by Reilly.) Fire of-ficials stated the ground under the fully loaded trailer caved in, causing the trailer to tio over. to tip over.

Fire officials disputed several claims: • estimates of the amount

of product spilled; • placed the time of tip-over earlier in the evening

over earlier in the evening rather than one hear; • claimed that the prac-tice of parking the trailer than this one time. One Hicksville Fire Chief ques-tioned the practice in July 1981 but was told the trailers

Board member Daniel

were always empty, were not dangerous and the prop-erty owners gave erty owners gave permission. Due to loose laws per-

Due to loose laws per-taining to the parking of such vehicles the Chief could go no further to prevent the parking of the trailer. Mattice officials also stated they prohibit the vehicle from being parted and stated the truck should have been on its way south. They also stated they have no way of policing the lo-cation of the rigs at any one time. time.

Health officials have no Health environmental much environmental damage has been done. The drains have been scaled, and earth will have to be re-moved and carted away.

Fire officials will attempt to get action from gov-ernment officials to prevent the indiscriminate parking of dangerous vehicles.

School Board To Consider Reising Graduation Requirements

Mall.

By Rosemery Grent By Reasonery Grant The Hicksville Board of Education was asked to con-sider a proposal for raising graduation requirements from 13 credits to 22 credits at a moeting on February 23. Dr. Daniel Salmon presendent the administration's rec-ommendation with the courier as emmendation with the con-ment "we should require as much as a student is capable of handling during the time they are in high school. The stance, "it should have sub-stance, it should represent meallonge in education." excellence in education." The proposal requires addi-tional credits in science and math, awards 2 credits for physical education corses al-ready required, seeks more directed electives and less free time.

Discussions followed the Discussions followed the carbon during last week's presentation. Ten people school during last week's spoke from the audience, recess. The damage giving mixed response. The amounted to \$1,025. Dr. proposal was favorably re. Hawkins indicated the ad-ceived but questions about ministration will hold limits on time of students. parents of students who com-

mit vandalism responsible for the cost of the damage. The superintendent re-ported that the interest in Continuing Education has in-creased because of the highly successful Adult Ed. Fair held at the Mid Island Mall. with special problems were asked. Board member Char-lene Anci expressed concern that the proposal seemed geared only for very bright school an option to less moti-vated students who may drop out of school.

Prior to the presentation, Arene was not present. He is in the hospital recuperating the Board passed a resolu-tion to take action on the recommendations of the Committee on the Handifrom heart surgery. Frank Grimmer was uncapped, revised Board policapped, revised Board poin-cies and awarded bids and approved warrants. It also passed a resolution to ap-point Michael J. Harman as

on the Board of Board of Board on In the position vacated by Mr. Grimmer can submit an application before March 12. All applications should be All applications should be directed to Charlene Anci, Secretary of the Board at the Administration Building.

The appointment will be effective until the annual meeting of the district scheduled for May 26, when

scheduled for May 28, when the position will come up for re-election. Larry Wolfson, budget Chairman, expressed con-cern about a press release from the administration stating the aims of the board was to have a "no growth budget." Superintendent Hawkins evaluated the term budget." Superintendent Hawkins explained the term referred to no tax rate in-crease, as the surplus funds will allow for additional bud-get spending without seeking more taxes. A special meeting of the Board will be held on March 9 at 8:15 p.m. in the Ad-ministration Building to con-duct a public budget study seesion.

The next regularly sched-uled Board meeting will be March 16 at 8:15 p.m. in the Administration Building.

Homemakers Meeting For the month of Marchthe The Hicksville Evening

C-2 Greyhound **Returns To Production**

Grumman Aerospace Cor-porationhassigned a \$30 mill-ion advanced procurement contract to begin work on 39 additional C-2A carrier on-board delivery (CD) aircraft for the U.S. Navy. This will enable the company to order long-lead-time items before signing an over \$700 million. signing an over \$700 million, multi-year production con-tract later this year.

The program reopens a pro-luction line which built 19

C-2As during the 1960s. The twin-engine, turboprop C-2A keeps aircraft carrier battle groups supplied with spare parts and weapons. It can also be outfitted to carry passen-

gers. "This multi-year contract, covering five years of aircraft deliveries, will enable Grum-man to provide substantial cost savings to the Navy," said George Skurla, president of Grumman Aerospace. "We

will be able to procure suffi-cient long-lead materials and start minor assembly work early in the program – not possible under year-by-year budget allocations – to realize the computer of manifus prothe economy of quantity pro-

"The Navy decision to pro-cure the C-2A under a multi-year contract will enable us to provide 39 aircraft for the same price that 35 would have cost under traditional year-by-year contracting," Skurla

continued. The first C-2A under the new contract will be delivered in January 1985. Eight aircraft will be delivered each year from 1985 through 1988 and seven in 1989 to complete the procurement. The aircraft will be built at Grumman's Bethpage, facility. About 1,000 people from the existing workforce will be employed on the program.

BROTHERHOOD: Hempstead Town Presiding Supervisor Thomas S. Gulotta, right, signs a Town Proclamation designing the week of Febru-ary 14-20 (as Brotherhood Week.

The exhibit will ran brough May 30, at FAMLI, 35 Fulton Ave., Hempstead.

H-1-2

WE WANT TREES & ELECTRICITY TO GET ALONG TOGETHER-THAT'S WHY WE'RE KEEPING THEM APART

Tree limbs and electrical lines can cause big problems for each other. If the two come in contact, it often means a powerdisrupting electrical short and perhaps a tree-injuring fire.

We think, though, that trees and electricity can get along together. They're both important to all of us. That's why we have a tree-trimming program to keep them safely apart.

Tree limbs damaging electric lines during storms is the biggest cause of power interruptions to LILCO customers. Our tree-trimming program is designed to head off these problems before they occur. Through systematic

planning, using computers to constantly analyze data to identify problem areas, we're able to schedule when and where tree trimming is needed.

We hire professional tree experts to do the trimming. They take the greatest care to preserve the trees' natural beauty. By removing dead or damaged limbs, the trimming can also improve the trees' appearance and health.

Last year, our record of supplying dependable power to customers was the best of the last 10 years. As a result, the chance that you as a LILCO customer would experience a power disruption was greatly reduced. Our treetrimming program played a big part in setting that mark

So, if you see our tree experts working in your neighborhood, you can be certain that they're there to make sure we can continue delivering the best possible service.

LONG ISLAND LIGHTING COMPANY

Dear Friends...

-

PEOPLE IN THE NEWS: Congratulations to Virginia Peragailo of Briggs St in HICKSVILLE who has recently been included in "Outstanding Young Women of America"... congratulations, also to George Lubin, a former HICKS-VILLE resident now, of Delray Beach, Florida, who was recently named to receive the Society of Plastics Engineers' recently named to receive the Society of Plastics Engineers' most prestigious honor, SPE's International Award. Mr. Lubin's numerous contributions to the plastics industry in the past 45 years range from the introduction of the first plastic phonograph record in 1938 to the introduction of plastics iaminates in the design of NASA's Apollo Lunar Module congratulations to Thomas Murphy of HICKSVILLE, who has recently been promoted to vice president in European American Bank's branch banking division. Mr. Murphy's re-sponsibilities now include municipal finance, money market investments, banking relationships, as well as public affairs throughout Nassau County.

A reminder – the Hicksville Community Council will meet on Thursday, March 4 at 8:30 p.m. sharp at the Hicksville Public Library on Jerusalem Ave. A representative of the Town will be there to discuss any problems you may have, large or small. If they don't have the answer, they will get it for you. We urge you to attend this important meeting.

WE WERE PLEASED to hear that the County Board of Supervisors is considering a reapportionment plan that, if adopted, will adjust the weighing of the votes of its members to reflect shifts in population. This is reassuring to all hard-working taxpayers in Nassau County who definitely do NOT want another layer of government such as the suggested County legislature as has been suggested for "Io these many years", by Newsday, by the League of Women Voters, the County Democratic Organization and, of course, Richie Kessel. This idea, which was adopted a few years ago by Suifolk County, has proven to be more expensive to Suifolk laxpayers each year. They all wish that they could reverse this portion of their history...sad to say...once such as tep is taken it is never eliminated. So it grows, along with the rest of the local, state and national bureaucracy, like an octopus. WE WERE PLEASED to hear that the County Board of of the local, state and national bureaucracy, like an octopus. Basic services and minimal good government to implement them we will always need, of course. The state that our country is in RIGHT NOW is due entirely to TOO MUCH GOVERNMENT. Friends, there is no way to dispute this. Let's keep a cool head on our shoulders and support our Board of Supervisors in this move which is really the only change that is necessary. The bottom line is "MORE GOVERNMENT COSTS MORE MONEY." That's it

THAT'S ALL for this week. Stay well.

Second Annual Purim Parade March 7

A colorful Purim parade through the streets of Plain-view will be held on Sunday afternoon, March 7, featuranternoon, March 7, leadur-ing creative floats, a march-ing band and hundreds of costumed children, it was announced by Norma Fein-sod, president of the Mid-Island YM-YWHA.

This is the second annual Purim parade hosted by the Mid-Island Y and it promises to be even more fun than last year's fesitvities," said Feinsod. "This year, for the first time, we have sent personal invitations to thousands of children in the area's Hebrew and day

Among the highlights of

the parade are the original floats assembled by the children. Each child will be wearing a costume, many depicting a character of the Purim story.

SHEILA

Marchers will assemble at 3:00 p.m. at the Y, 45 Manetto Hill Road, Plain-view. They will then march behind the Y's own baton twirling majorettes to the Waldbaum's Shopping Center on Manetto Hill road, before returning to the Y. After the parade, everyone is invited to participate community singing, dancing and refreshments at the Y. For further information, call the Y at 822-3535

Valentine's Day was a very special day in the Kremler household. Frank Kremler household. Frank and Ann Kremler's daughter, Annette, celebrated her birthday on that day. Happy birthday, Annette

Couldn't miss reporting that HICKSVILLITE George Knight shared his birthday with one of our great presidents-Lincoln. George and his wife, Frances, are and his wile, Frances, are long time residents of Hicksville. They raised their son, Tom, and three daughters, Christine, Mary and Maureen, in our community. Best wishes, George.

Fred and Tess Vevante helped their granddaughter, Michelle celebrate her second birthday. Michelle's special day is February 15. She's the "apple of their eye," and the rest of the family, too.

Happy anniversary to Bill and Linda Pietruszewicz who were married 10 years on February 26. Bill is a former resident of Hicksville. His parents are long time Hicksville long time Hicksville residents. Bill and Linda reside in North Babylon with their three children. Congratulations.

Robert Dee of HICKSVILLE, Edwin Lerner of PLAINVIEW, and Joseph Boccuzi of HICKSVILLE, have all recently celebrated 25 years of service with the Grumman Aerospace Corp. Mr. Dee works in the Spotweld Dept., Mr. Lerner works in the Structural

and joyous moments. So, with all this in mind, the Galileo Lodge announces that on Saturday, the 20th of March, it will hold a St. Joseph's Dance, with tickets selling at \$10 per person and featuring a delicious hot meal, coffee and cake, beer, soda and live music, of course. Joe Giordano (333-4555) will 'chair' this activity and he will head a committee made up of all members whose first names begin with Joseph. Note that a 'bring-your-own-liquor' policy will be in effect on that particular night. Come to the Galileo Lodge and be a part of this Lodge and be a part of this dance, because winter seems to be exiting, the weather appears balmier and our spirits appear to be higher.

IRA. The With a new Individual Retirement Account at Eastern Savings; you'll enjoy a great tax shelter now while looking forward to a comfortable retirement. And you're eligible even if you have a pension plan at work.

900

HERALD

1982 - MID ISLAND/PLAINVIEW

February 26.

Friday,

You'll get two big tax breaks. First, every dollar you contribute up to the new higher maximum is fully deductible-every year from now on. Individuals can now contribute up to \$2,000, or 100% of your annual earned income (whichever is less). Married couples with one spouse working can contribute up to \$2,250. If both of you work, the limit is \$4,000. To show you just what it can mean in dollars and cents, a working couple in the 40% tax bracket can actually save \$1,600 in taxes every year!

The second tax break: The interest you accumulate is tax deferred until you retire (when you're likely to be in a lower tax bracket).

You'll retire with a fortune. At Eastern Savings, we've come up with four types of IRA plans that really add up for you. Choose between 2 Fixed Rate

A big tax

brea

Accounts, a Variable Rate Account or an Accumulation Account that can be opened with as little as \$75. We'll even arrange to rollover your existing IRA into a 6-month money market CD, provided the total amount is \$10,000 or more. The chart will show you just how rich you can be. It's really amazing. And your investment is FDIC insured up to \$100,000.

Our IRAs are just one more reason it's smart to be an Easterner. Open one soon, and you'll also get 100 free personalized checks. Stop by the Eastern Savings Bank in your neighborhood and let's chat about how an IRA figures into your plans for a richer life...today and tomorrow. Do it now.

Age Now	Single Person at 65	Working Couple at 65	Based on a working couple's \$4,000 (or single person's \$2,000)
25	\$2,248,703	\$4,497,406	annual deposit made
30	1,216,042	2,432,084	on the first of each yes
35	653,950	1,307,900	of 12% compounded da
40	347,996	695,992	Rates subject to change over life of plan Actual rates may vary.
45	181,463	362,926	
50	90,815	181.630	Premature withdrawal
55	41,475	82,950	of the IRA may subject you to substantial tax
60	14,618	29,236	and interest penalties.
