The Willet Ave. students who are studying Hicksville as part of their In-Depth Studies project have been coming up with some rather complex queries about things like incorporation, reorganization, and Hicksville's status within the local governmental structure.

Mr. John Budnick, President of the Hicksville Community Council, and an Assistant District Attorney for Nassau County, graciously came to their assistance. Spending an afternoon at the school, Mr. Budnick discussed many current issues, and answered a wide variety of questions.

Here we see Mr. John Budnick with Willet Ave. students Tommy Mauro, Michael Tobken, Scott Garner, Michael Fleeman, David D'Intino, Billy Taylor, and Michael Schaeffer. (Photo by Rosemary Barrow).

Do You Really Know What's Going On In Hicksville?

By Christine Calahan

The next general meeting of the Hicksville Community Council will be held on Thursday, April 1st, at the Hicksville Public Library (Community Room).

PLEASE TAKE NOTE: The new starting time for the Hicksville Community Council meetings will be 8:00 PM sharp.

The Council has planned a very informative, interesting and important evening for all residents of Hicksville. The first item on the agenda will be the Hicksville Library Budget, presented by Ken Barnes, Library Director. Our Library services pre-schoolers thru

senior citizens and is a vital part of our community. The vote for the budget of the Library will take place on Wednesday, April 21, from 12 Noon thru 10:00 PM in your local election district.

The next item on the agenda will be a follow-up program on vandalism, burglary and crime in Hicksville. The interest generated at last month's meeting (when Detective Sergeant Louis Rieck and Sergeant Philip Satapani of the 8th Precinct spoke about crime in Hicksville has resulted in this month's program.

There will be representatives present from the Nassau County Crime &

Resistance Unit in conjunction with the Nassau County React Group (citizen volunteers with CB radios who help in emergencies, radio authorities upon seeing something suspicious and have a community interest and commitments).

Our own Hicksville Auxiliary Police, represented by Tom Schneider, will add their input into this most informative panel.

Come join us with your ideas, concerns and possible solutions to this increasing problem.

We are also hoping to have a representative from the Town of Hempstead to explain the Levittown Park

District pool situation in regard to Federal Funding for refurbishing and the ramifications thereof.

Our meeting concludes with the "Town Hall" where any resident or organization may speak, inform or question. Our local Councilman, Tom Clark, will be in attendance to answer any questions and keep us up to date on what is happening in Hicksville.

Mark your calendar - April 1, 1982 (no fooling).

Please plan to attend - Refreshments will be served.

It is participation and involvement that makes a Better Community.

Hicksville Citizens Alliance Meets Wednesday

There will be a meeting of the Hicksville Citizens Alliance on Wednesday, March 31 at 8:00 p.m. at the St. Ignatius RC Church Old School on East Nicholas Street, Hicksville.

The topics will include an update on the two Citizens Alliance campaigns, Toxic Cleanup and Rising Utility Rates.

The Toxics discussion will report to local residents on

the progress on winning legislative passage of the State "Superfund," which is an industry-supported cleanup fund for toxic wastes, and a "Community Right to Know" law, which would help local citizens and health officials identify local toxic dump sites.

The report on Rising Utility Rates will include progress reports on the cam-

paign to establish a Citizens Utility Board ("CUB"), a voluntarily-funded, ratepayer supported intervenor organization, and to reform the Fuel Adjustment Charge, which has been responsible for two-thirds of Liko rate increases over the past three years.

Information will also be available on the Citizens Alliance Fuel Buyer Group, meeting. For rides or more information, please call 795-4775.

Mabel R. Farley Scholarship Fund

The Hicksville High School Alumni Association is very pleased to disclose that several individuals and organizations have sent donations for the Mabel R. Farley Scholarship Fund. Apparently many people were touched by the news of her death and wish to help keep her memory alive through this yearly scholarship given in her name by the Alumni Association.

Donations were received from Leora Clinch, Runhilde

Wessel, William Burke, Ray & Marite Hennessey, Helen Hiscock, Mary Smith, Viola Baillie, Order of the Eastern Star, Gentile Enterprises, Empire Storage, Dorothy Brenzel and T. Charles Willis.

Anyone else wishing to remember Miss Farley in this way can send donations made out to H.H.S. Alumni Association to James Fyfe, C/O Long Island Trust, 550 South Broadway, Hicksville, N.Y. 11801.

Ron. Wagner Leads Scouting Campaign

Ronald Wagner, Vice President of the National Bank of North America in Hicksville, will give leadership to a campaign which will help provide operation funds for the Nassau County Council, Boy Scouts of America.

Local businessmen will be asked to become friends of Scouting "by supporting the program in the Hicksville area," said Eli Springer, District Campaign Chairman.

Among the services that the Nassau County Council offers to make Scouting available to local youth are

volunteer leadership training, organization of new units, program helps, advancement materials, operation of camps, council and district activities, assistance to organizations using Scouting, and direct service to units.

In addition, the council provides techniques for recruiting and training adult volunteers to serve as Cubmasters, Scoutmasters, and Explorer Advisors.

At the present time, there are more than 550 youth members in 20 packs, troops, and posts throughout Hicksville.

At Assembly Program

The cost of bus transportation for local school has become almost prohibitive. In consideration of this, The Hicksville Gregory Museum has made some of its programs available for presentation at assembly programs within the District.

Recently, in the Media Center at Willet Avenue School, Museum Curator Edward Maritsch presented a slide program on volcanoes and earth sciences for all of the school's fifth and sixth graders.

Teachers and students were amazed at the devastation that can be caused by a volcano, and had many questions at the conclusion of the program.

American Concert Band In Third Annual Hicksville Appearance

The American Concert Band, an ensemble of professional musicians from the Long Island area, will be returning to Hicksville for a concert on Thursday, April 1 at 8 PM in the Hicksville

Senior High School Auditorium. Once again, the band, conducted by Dr. Kirby Jolly, will feature members of the Hicksville Senior High School Symphonic Band as ensemble members and solo-

ists. After opening with our National Anthem, the American Concert Band will perform "Mars," from "The Planets," by Gustav Holst and "Armenian Dances--

Part II," by Alfred Reed. Peter Rubins will perform the Haydn "Concerto No. 2 for Horn and Winds" and John Rubins, David Rubin, Larry Edelstein, and Mark Schnurman will play "Con-

certo for Trombone and Band," by Rimsky-Korsakov. J. David Abt, Conductor of the Hicksville Senior High School Symphonic Band, will serve as guest conductor for another Rimsky-Korsakov composition, "The Tsar's Bride." Joining the American Concert Band for this piece will be Dorothea Antonio, Julie Sone, Paula Bistany, Elizabeth Dick, Valerie Wittek, Cheryl Albach, Donna Nassisi, Andrew Calapai, Harold Meltzer, Jeffrey Rait, Jeffrey Agnoli, Eric Sonderlund, Arthur Brieva, Gustave Schuck, Peter Rubins, John Rubins, Larry Edelstein, Mark Schnurman, Frank Mangiacapra, Steven Briody, Paul Niederauer, and Mario Tirado. These Hicksville students will also perform Sousa's march, "Hands Across the Sea,"

with the band.

Following intermission, the American Concert Band will offer George Gershwin's "Strike Up the Band," and an arrangement of Tchaikovsky's "Waltz" from "Swan Lake." Saxophonists Jeffrey Rait, Jeffrey Agnoli, Eric Sonderlund, and Arthur Brieva will play one movement of the "Concerto Grosso for Saxophones and Band," and Michael Stupello will perform "Misty," arranged by John Warrington. Following "Un Poco Cincinco," by J. Fluck, the American Concert Band will once again close the concert with Sousa's "The Stars and Stripes Forever."

The concert is sponsored by the Department of Comprehensive Arts with assistance from the Town of Oyster Bay and is open to the public without admission charge.

PBC Race Volunteers

A meeting of all volunteers who will be working at the April 3 Plainview PBC 10,000 Meter Run will be held on Thursday evening, April 1 in the cafeteria at H. B. Matlin Middle School (next to Matinecock Dairy Barn) in Plainview. The meeting will start promptly at 7:30 PM.

Volunteers are needed to help with race day registration of runners, to serve as timers and traffic guides out on the course, to work at the water station at the 5 kilometer mark, and to assist at the finish line.

Plainview PBC President Mel Rothstein and Plainview-Old Bethpage Road Runners Club President Mike Polansky join in urging local residents

to volunteer their services to help make the race a success. "This is the single most important road racing event of the year for the Plainview-Old Bethpage/Hicksville/Bethpage/Farmingdale areas," they observed. "We are trying to do everything possible to insure that the race will be as enjoyable as possible for the hundreds of runners who will be coming to our communities from all over the New York metropolitan area. However, the key to our success will be the volunteer workers."

All volunteer workers will receive special T-shirts. For more information, call Mel Rothstein (822-0377) or Mike Polansky (433-0919).

"Music Man"

The stage of the Hicksville Junior High School has been transformed to resemble the streets of River City in preparation for the presentation of "The Music Man" on April 1, 2, and 3 at 7:30 p.m.

The Drama Club production involving more than 100 participants has been in rehearsal since January under the supervision of advisor Kathleen Scheck and director Michael Scheck. A 30-piece orchestra led by musical director Hilary Sperber includes Junior High students, high school orchestra members, and alumni. Robert West, string director at the Junior High, will also join the orchestra for the performance.

Sets and props have been coordinated by art director Margaret Friedlander and

the art department. The leading roles of Harold Hill and Marian Paroo will be played by Michael Lomotan and Tina Sachs and principle players: Janette Teplin, Chuck Lind, John Hawkins, Carolyn Smeltzer, Nicole Goldberg, Patrick Haller, Anthony Rosina, Robert Hawxhurst, and Julia Whaley lead the cast for this special production.

Performances on Thursday, Friday, and Saturday evenings, April 1, 2 and 3, will begin at 7:30 p.m. and a donation of \$3.00 per person will be collected at the door. The entire company invites community residents and fellow students to come and enjoy "The Music Man." Senior citizens are invited to attend the Thursday night performance free of charge.

Director Michael Scheck puts the cast of "The Music Man" through their paces in preparation for the April 1, 2 and 3 performances by the Hicksville Junior High School Drama Club.

Issue Sheet Of PTA "Day In Albany"

Education: State Priority
PTA urges that Education continue to be a top priority in New York State; that the Legislature find ways to fund both the schools and other programs affecting children and families, programs that have been weakened or eliminated by Federal Budget cuts, and

Do Battle for Children
PTA will not be a party to infighting for one program versus another; we know that reduced funds must be divided for many worthwhile programs, many affecting children. We are ready to do battle for children.

Washington
Meanwhile, we continue to urge our membership to recognize that our representatives in Washington must be held accountable.

Levittown
PTA urges that the Legislature act on "the Levittown case" before the Court of Appeals gives its final ruling, and before the Courts mandate action.

Task Force
We urge the Legislature to respond to the recommendations of the Rubin Task Force on Equity and Excellence in Education and provide sufficient state aid for all children in the state regardless of their parent's wealth; however, we will not support a leveling down to achieve equity.

Pass State Budget On Time
We urge passage, by the mandated date, of the State Budget, so that the limited funds available to school districts are not wasted by having to borrow money.

Certification VS Seniority
PTA recommends that school districts be allowed to consider certification, as well as seniority, when declining enrollments results in excessing teachers. Present law and/or regulations compels districts to excess the least senior staff members regardless of the district's subject area needs.

Diplomas
PTA strongly supports the

granting of a diploma for pupils with handicapping conditions who have successfully completed their Individualized Education Plans (IEP) but would not be able to pass the Regents Competency Test.

Corporal Punishment
PTA asks that corporal punishment in the schools be banned so that children learn that violence is not acceptable behavior.

Court Reform
The PTA supports first passage of a Constitutional Amendment to merge the courts to provide for efficient use of space and judges and an amendment to provide for the merit selection of judges.

Crime

The alarming rise in juvenile crime is of great concern to PTA as it is to all citizens. Recognizing that there are many factors that contribute to crime, we suggest a many-faceted approach—preventive programs that include education about drugs, alcohol, job training, parenting—basic skills education, education for learning disabled, for handicapped, for those with language barrier, education that will build a child's self confidence and make him successful-oriented.

Drugs...Paraphernalia
Should the laws banning "Head Shops" and the sale of drug paraphernalia be overturned in the courts, we support as an immediate priority, the drafting of a new law that will survive a court challenge.

Curriculum
We urge the Legislature to appropriate \$75,000 needed to print the Drug Education Curriculum prepared by the State Education Department for which there is already a waiting list of 12,000.

Alcohol
To halt the rise in drinking and driving, particularly among youth, we support

• raising the drinking age to 21

• enforcement of the new, strict DWI laws

• mandatory drinking/driving education programs prior to obtaining a driver's license

• photo ID driver's license to clearly establish proof of age

Wines/Liquors

PTA opposes the sale of wine/liquor in supermarkets.

Enforcement
We urge that citizens press for local enforcement of existing drug laws such as giving appearance tickets for public possession of marijuana in schools, concerts, etc.

Counseling
We urge that funds be made available for school based counselors and local agencies that provide family/student counseling, after school programs, day care, family planning and job counseling.

Clean Air
PTA supports protection against inhaling cigarette smoke in restaurants and work places.

Deposit On Bottles
PTA supports the Bottle Bill which provides for a returnable soft drink and beer bottle.

Sex Offenders
PTA urges that sex offenders be counseled and rehabilitated during incarceration so that they no longer are a threat to society.

An F6F Grumman "Hellcat," the stubby, reliable Navy Fighter aircraft of World War II renown, has arrived at the Cradle of Aviation Museum at Mitchel Field and is now being reassembled for exhibition, it was announced by Nassau County Department of Recreation and Parks Commissioner Abram C. Williams.

Local Cocaine Use Rising

The number of Nassau residents endangered by cocaine is rising steeply, warned Commissioner Harold E. Adams of the County Dept. of Drug and Alcohol Addiction.

"Local indicators on use of this illegal drug are skyrocketing," Adams said, citing statistics on arrests, emergency room admissions, and entry into drug-treatment programs.

In the last two years (1979-1981), Nassau has registered an increase of 66 per cent in cocaine-related arrests while cocaine arrests, as a proportion of total drug arrests, have increased 40 per cent.

Mention of cocaine in local hospital emergency room admissions rose 196 per cent, comparing 1980 vs. 1978 statistics compiled by DAWN (Drug Abuse Warning Net-

work, U.S. DEA). In the Dept.'s network of drug-treatment programs, the number of clients indicating cocaine as their primary drug of abuse has increased 94 per cent from 1979 to 1981. During this period, the percentage of clients entering treatment for abuse of cocaine, as distinguished from other drugs, has more than doubled.

Commissioner Adams explained the alarming increase in use of cocaine two ways: "First, for many young people, cocaine is just another new drug to try. Second, and more surprising, adults now are using this illegal drug."

Until the middle 70's, Adams said, suburban socializing traditionally had emphasized alcohol, but use of other drugs was unthinkable. "Then, many couples-

especially in their late 20's to mid-30's—began flirting with marijuana. In some circles, it has become as commonplace for the host to offer a joint as a drink—and frequently both. Once 'everyone' was offering marijuana, the host-with-the-most (money to spend) sought something more expensive, more daring, more 'fun.' And the coke craze here was on."

As far back as 1977, L.I.—one of the eight Health Service Areas in the state—had shown the highest percentage of first-time cocaine users among students in grades seven through 12, according to a survey by the State Div. of Substance Abuse Services.

Cocaine is a short-term stimulant whose aftereffects can be nausea, convulsions, or severe depression.

3-Hour IRS Tax Show On Channel 13

A three-hour program designed to help taxpayers prepare their federal tax returns will be presented by WNET-TV, Channel 13, on Saturday, April 3, beginning at 12:30 p.m.

Robert Guillaume, the star of the television series "Benson," will host the program, "Your Tax Return: The Bottom Line on Improving Your Form." The show guides taxpayers step-by-step through Form 104A and Schedules A and B. During the program, taxpayers will

be able to call IRS offices in lower New York and New Jersey for answers to their questions about taxes and filing. The phone numbers will be flashed on the television screen. Hearing impaired taxpayers with TTY equipment, a special television-telephone system, will be able to call a special number for assistance—800-428-4732.

On the show, a panel of IRS tax specialists will answer frequently asked questions, such as how the new tax legislation affects the

average taxpayer, when income averaging can be used to save money, how to claim the earned income credit, and what tax benefits are available to older Americans.

The program includes information on the payment of estimated tax and advice on adjusting the amount of income withheld from pay. In addition, the show also discusses common errors taxpayers make on tax returns and it offers tips on how to select a tax preparer.

"Hellcat" At Aviation Museum

cat" would take its place alongside the many famous aircraft already in place. These include a sistership of Lindbergh's "Spirit of St. Louis"; his first aircraft, a Curtiss JN-4 "Jenny"; an exact replica of the plane the Wright Brothers flew at Kitty Hawk; a Grumman Lunar Module; a USAF F-105 "Thunderchief" and many more.

The Grumman "Hellcat"

was developed with great speed during the early days of World War II and was mass-produced at an unequalled rate. It proved so effective that the Allies swung the Pacific air war in their favor shortly after the appearance of the pugnacious "Hellcat."

The Cradle of Aviation Museum is situated in two hangars at Mitchel Field in

Garden City just a few thousand feet from where Lindbergh took off on his solo flight to Paris. The facility is not yet open to the public on a regular basis. From April 30 through November 1, however, guided tours may be arranged by reservation on Fridays, Saturdays and Sundays from Noon to 5 p.m. For further information, call 222-1191.

Free Apple Trees

The National Arbor Day Foundation is giving two free apple trees to all new Foundation members joining during March, 1982.

A red delicious apple tree and a yellow delicious apple tree are being given by the Foundation to help its new members fight the high cost of living by planting "edible landscapes."

The free trees are part of the Foundation's effort to promote tree planting during 1982, the 100th anniversary of the first observance of Arbor Day in schools.

The National Arbor Day Foundation, a nonprofit organization, is working to improve the quality of life throughout the country by encouraging tree planting. The Foundation will give the two free apple trees to new members contributing \$5.00 or more during March.

The trees will be 18 to 24 inches tall and will be sent postage paid with enclosed planting and care instructions at an appropriate time for planting this spring. They are guaranteed to grow, or they will be replaced free by the Foundation.

"Arbor Day's founder, J. Sterling Morton, emphasized the value of planting fruit trees. So it is most appropriate that our new members receive free apple trees during this centennial year," a Foundation representative said.

To become a member of the Foundation, and to receive the free trees, a \$5.00 membership contribution should be sent to FREE APPLE TREES, National Arbor Day Foundation, Arbor Lodge 100, Nebraska City, NE 68410, by March 31, 1982.

Dear Friends ...

WE HOPE YOU ALL READ the TOB article on page 4 regarding the April 5th hearing our Town Board has set to consider where to allocate funds that are available in the total amount of \$1,567,000 under the TOB Intergovernmental Affairs (IGA).

As you will read in this article... "community development funds must be used primarily to benefit low and moderate income persons in the Town, OR PROVIDE FOR THE REMOVAL OF BLIGHT...etc. etc."

For many long years the residents of Hicksville have had the very center of their hamlet become an area that could only be considered a BLIGHT...or possibly an overgrown mud puddle, as it sometimes appears. We won't, in this space, go into the various reasons that this occurred, beginning with the widening of Broadway, followed by the G-1 Zone, an inflationary economy, some limited building, increased traffic, various minor plans and changes that have not really addressed the present problems of our sad downtown area. They are too well known to all of us.

However, at the present time, this area of BLIGHT seems once again to be stalemated and more or less on a back burner, since the partial widening of Duffy with its half measures which attempted to solve some of these downtown problems, met with local disapproval. This stalemate is wrong. This BLIGHT has existed for too long.

What we need, in our opinion, are funds for professional planners to study downtown Hicksville as it exists at present, (not Pine Parish of many years ago) and to come-up with several plans that could then be voted on and selected by all resident voters of Hicksville. We don't belong "on a back burner" for whatever reasons...we don't belong under a modified G-1, for whatever reasons...and, in spite of minor improvements, we do need a forward looking, professional plan or plans, so that the present BLIGHT can be transformed into a thriving downtown Hicksville that will serve, not only the immediate and surrounding areas, but will, when developed, help to hold the line on our ever-increasing taxes.

Please mark your calendars...for this hearing will take place on Monday, April 5, 8 pm in the Town Hall East hearing room, up in Oyster Bay.

Let's fight to remove our BLIGHT!

the St. Joseph's Dance held last Saturday, the 20th of March was another of those most exciting, most memorable and most enjoyable activities held by our Lodge. Close to 300 people attended, enjoying good food, good times and the congenial attitude of our organization. Joe Giordano and his committee did an excellent job in the supervision of this activity, and this successful conclusion of another phase of the Galileo Lodge's recreational program for Spring and summer.

is as important to our organization as it will be pleasurable rewarding to our patrons and friends. Tickets will sell at \$20 per person, a very reasonable sum that offers you an appetizing cocktail hour, a sumptuous dinner, beer, soda, coffee and cake, unlimited liquor, set-ups, and live music from a leading musical combo. The Grand Chairman for this activity will be Joe Giordano and his ably-assisting Co-Chairmen will be Pete Masiello and Tony Coppola. This dance naturally raises money to provide for our Louise Masiello Memorial Scholarship Fund, which was designed to offer assistance to our needy high school students who are preparing to attend college.

The Town of Oyster Bay Department of Intergovernmental Affairs (IGA) will hold a hearing on April 5, 1982, to explain program guidelines and receive recommendations from the public on the proposed uses for the \$1,567,000 allocated to the Town for the 1982-83 Community Development program year.

At this Tuesday's Town Board meeting, the hearing on the petition of Jay Dee Tomfor Transportation, Inc. for a special use permit to construct a building for storage and repair of school buses and the gas storage for the private use of fueling this petitioner's school buses, at property on the southside of West John St. west of Lombardi Street in Hicks-

Oyster Bay Town Councilman Salvatore R. Mosca explained that "community development funds must be used primarily to benefit low and moderate income persons in the Town or provide for the removal of blight. In the past, CD funding has been used for residential rehabilitation, removal of archi-

tectural barriers to the handicapped, and activities within pre-approved Neighborhood Strategy Areas such as road repair, drainage projects and street lighting."

A wide range of federally approved activities will be explained at the public hearing and proposals and recommendations

from the public will be accepted.

The hearing is scheduled to be held on April 5, 1982, at 8 PM in the Town Hall East hearing room, Audrey Avenue, Oyster Bay. For further information, contact the Town's Department of Intergovernmental Affairs at 922-5800, ext. 466.

ville, was changed and rescheduled, at the petitioner's request, from April 27 to Tuesday, April 6 at the Town Board meeting scheduled to start at 10 am in Oyster Bay.

Among other matters upon which the Town Board acted, they approved the petition of Ruth Turgel for a change from Residence D to RO Zone for a residence on South

Oyster Bay Road and Wendel Street in Hicksville. The approval was given subject to 15 covenants and restrictions. This building at present houses 1 broker and 3 agents in a Real Estate office.

The Board also granted the petition of Salvatore Presti and Mark Sugerman, BAYSEP ASSOCIATES, on a

petition to rezone from Residence D to RO Zone for a residence on South Oyster Bay Road which presently houses insurance and real estate businesses. This was granted subject to 18 covenants and restrictions.

The next regular Town Board meeting is scheduled for Tuesday, April 6 to start at 10 am.

Letter To The Editor

To the Editor:
I would like to take this opportunity to announce my candidacy for re-election for Trustee of the Hicksville Public Library. It is important to me, and I trust, to the voters of Hicksville to continue contributing to the community by helping to keep our fine library the vibrant, well equipped cultural center of Hicksville that it is. It is also important to maintain these goals by much thought and planning and careful concern for the taxpayer's dollar.

The library was

established in 1926, seven years after the DeNinno family settled in Hicksville! I have watched it grow from a one room library at the Nicholas Street School to its present location on Jerusalem Avenue with two additions built to house one of the outstanding book, record, cassette and art collections on Long Island.

During my term as Trustee, I have supported the Library Board of Trustees' efforts to eliminate architectural barriers and transform the library into a place completely accessible

to the elderly and handicapped. An elevator, financed mainly with funds from the Community Development Act, has been installed to enable the handicapped to have easy access to the Community Room, Periodical Collection and the Children's Department. At least ten months a year the Library Trustees meet to inspect and approve the

Spring Sprung For The FORCE!

By John Highlander

Well...on March 20 the Plainview-Old Bethpage "Force" Soccer Team opened the spring season by tying their first game 2-2 with Garden City. The Force dominated both halves but, unfortunately were only able to score two goals.

The first half, Michael Goldstein who normally plays full back, was switched to the forward position. Goldstein scored making it 1-0, but Garden City came back scoring two goals in this half.

The score was tied by Adam Sovino during the second half, scoring a beautiful shot from the side.

Since goaltender Chris Paradise was ill, David Weissfilner took over.

The Force played with unmatched skill and talent and gave everyone on both sides a real thrill, just to

With the end of the 1981-1982 basketball season here, there are always certain people that are worthy of praise and recognition for volunteering their time and efforts in striving for a successful basketball season, as this was. They all work together to extend good leadership and to emphasize the proper ideals of sportsmanship, ethical conduct and fair play to the many boys and girls who participate in this successful program, year after year. The CYO Program, here at St. Ignatius, is a program that the people of the community should be proud of.

This year's basketball program was headed once again by Don and Carol Cleary. They had the difficult task and responsibility of running the entire program. A lot of time and hard work goes into this job. However, it is all worthwhile at the end, be-

cause each year the program gets better and better as a result of their efforts. As usual, they did a super job, and deserve a great deal of thanks.

CYO would like to thank Frank Bowen for heading all our referees, Dennis and Genevieve Sullivan for supplying all the gyms for practices as well as games, and last but not least Chris Nowak and Mark Roslewicz, who were in charge of the basketball clinic for the younger children, designed to teach them basic skills of the game.

Awards night for basketball will be held on Friday, April 2nd, at St. Ignatius.

YOUNG AMERICANS
U/ 15 Girls

On March 21, the Young Americans were not dampened by the mist that fell to the ground to deter them from playing their first match since winning the Elsie Vass Trophy at the L.I.J.S.L. Tournament hosted at Farmingdale University on January 24.

The Young Americans were victorious (2-1) by defeating a formidable opponent in the Massapequa Stingrays (8-1-1; last season).

Captains Amy Flannery, Debbie Kenefick and Christine Sierra won the coin toss and from that moment on the Young Americans were set in motion. Their domination in the control of the field with movement and execution could not be denied as Ann Kenny made a run from mid-field to beat the Pequa goal keeper to her left with a low drive for the first score in the 16th minute of play. The Forwards, Barbara Bruder, Mandy DeVaux and Diane Gargano kept the pressure on the Stingrays defense as the mid-fielders Lori Gluck, Debbie Kenefick, Ann Kenny and Christine Sierra made the transition from defense to offense instantly to keep the field in the Americans favor. The Stingrays on a free kick from 15 yards out, drove the ball at keeper Jill Faiella who made the stop but an alert Pequa forward placed the rebound in the net. The Young Americans.

came back back on a fine corner kick from Christine Sierra, as the ball started swerving into the net Mandy DeVaux did not want to test faith and headed the ball in, including the Pequa fullback and keeper for 3 points and only one goal.

The second half was all defense for the girls as fullbacks Tracey Fiume, Sandra Laine, Doriann Nunziata, stopper Gina Migliore and sweeper Amy Flannery kept the pressure to a minimum by clearing the ball, making fine runs and with sure footed tackling.

Honorable mention goes to keeper Jill Faiella for her fine play in goal and Debbie Kenefick for her execution in every faze of the match.

Coached by

By Pat Reilly

Saturday March 20, was the Hicksville Comets first spring season at Grumman Field 2. They defeated the North Shore Rogues 3 to 1.

In a very exciting first half the Comet forwards: Tim Doyle; John Guittari; Steven Postullo; Tommy Pedicini; and Michael Segal were successfully accurate in taking shots on goal.

The mid field line consisting of: Anthony Conte; Brian Fernell; Tommy Bell; James Curley; and Ryan McCann executed beautiful on target passes to the forward line and denying the forward thrust of the Rogues.

In the first half the Comets scored their three goals. Tim Doyle assisted by Scott Van Steen, Brian Fernell scored from a direct penalty kick and Tommy Pedicini assisted by Steven Postullo and Ryan McCann. The North Shore Rogues did penetrate and manage to score one goal during the first half.

In the second half the Rogues really came on strong. The Comets fullback line of: Brian Sacks; Scott Germer as sweeper; and Bobby Himmel were great in blocking many shots on goal. Scott VanSteen and Thomas Reilly did super as stoppers. Chris Margaritis was excellent as goalie.

Congratulations Comets

This is the second time in a row that some of these fine young men on this team have won this award.

The Sportsmanship Award is given for cooperation of the player, cooperation of the coaches, cooperation of the fans, overall game conduct, and player appearance. The team receives points from the referee for every game the team plays over the season.

Galileo Lodge News

By Joe Lorenzo

VENERABLE TONY PREVITE'S MESSAGE: "Shakespeare once wrote that 'departing is such sweet sorrow' - and now as I write my last message as Venerable, I can only reflect upon the many wonderful and fruitful years with the Sons Of Italy in America, particularly as Venerable of this great Galileo Lodge during these past two years. My tenure in office is now over and a new administration will take up the reins, and with God's help, this new administration will continue in the same tradition that has made the Galileo Lodge

the most progressive, vibrant and solid organization in this community. It has been a rewarding experience for me to have served as Venerable, and I am proud of the many accomplishments that were finally realized. Our charitable contributions to many worthy causes are of complete gratification and satisfaction to me, our monthly dances have become dependable and successful events which everyone enjoys and looks forward to and our newly-initiated Scholarship Program for our youngsters

who are taking their first important step into college, have all come to fruition and realization. I know that our programs and plans will continue to be implemented for the benefit of our devoted and loyal members and for the growth of the Galileo Lodge.

I wish to thank the Ladies-Auxiliary for their solid support while I was Venerable. I also wish to thank and extend a hand of gratitude to my out-going officers and finally a congratulatory note to the newly-elected officers of 1982. Finally, I cannot but reflect upon Shakespeare's words again, whose words the very feelings in my heart. As I depart from the Sons Of Italy in America, I bid you all farewell and God Bless You All".

To prove that success is not a 'newly-arrived at' condition at the Galileo Lodge, and that it is becoming a tradition which is now deeply-ingrained in its makeup, please permit me to state that the Fashion Show held by the Ladies Auxiliary last Thursday night was overwhelmingly successful. Over 280 people attended, enjoying themselves to the hilt, and this means that Mary Monteforte, the Chairlady, and Rose Meszaros, the Co-Chairlady, supervised

this activity superbly. A note of thanks from Venerable Tony Previte and the Lodge Membership is in order.

And to prove again that success is not a superficial attitude at the Galileo Lodge, permit me again to state that (Continued on Page 4)

Families For Life Club News

By Doug Harknett

In a brilliant, pre-publication draft of a monograph, Prof. W.H. Marshner of Crisdom College has set forth compelling arguments for a Hatch Amendment type multi-step approach to securing justice for the unborn. A full representation of his reasoning is beyond the scope of this article, but just two of the points he makes

are as follows. First, he argues that abortion today is more entrenched than slavery was in 1860. At that time he says there were about 7 million white, nuclear families in the United States, of which less than 1.5 million lived in the South. Of those, only 384,000 people owned one or more slaves. If the assumption

is made that the number of different families involved in slave holding was the same as the number of slave holders, then only about 5% of American families were involved. Moreover, slavery was a rather static institution.

Now compare that with abortion. Since Black Monday 1973 there have been over 10 million 'legal' abortions. If the conservative assumption is made that half of these were repeat performances, still over 5 million different women have had abortions. Comparing this number to the approximate 50 million families in America today results in a figure of 10% which is double the number of families that held slaves. And the evil continues to spread. By the time a Human Life Amendment is passed, it is not improbable that this will jump to 25%. Because of this he reasons that the unborn cannot wait for a 'perfect' Amendment that may never come.

Another point Marshner makes is that it took three Constitutional Amendments to eradicate slavery. The Thirteenth abolished slavery; the Fourteenth prevented its disguised re-introduction under other names; and the Fifteenth gave freedmen the means to defend their gains at the ballot box. We are told that none of these would have passed without a solid bloc of 10 Southern states that were forced to ratify or face indefinite occupation as conquered territory. To this list we can add the Civil Rights Act of 1965.

Anyone desiring a copy of Professor Marshner's 21-page article can contact this column through P.O. Box 574, Hicksville, N.Y. 11801.

Families For Life is the local pre-life organization. It meets on the fourth Wednesday of each month at Levittown Hall, Hicksville, at 8 P.M. All members and friends of life are encouraged to attend.

DEVOTIONS

By The Rev. Dr. John H. Krahn

Trinity Lutheran Church

THE ART OF ENTHUSIASM

On the first Easter morning, the dawn of the new day proclaimed to the squinting eyes of three women that anything is possible! Anything? Yes, anything. God became a man just thirty-three years earlier—a remarkable event. Then Jesus, the Son of God, allowed himself to be crucified—an almost inconceivable thing for God to do. If this wasn't incredible enough, the Lord was dead for three days before being raised from the dead. This was miraculous. Christ's newly resurrected life proclaims to all of us that no condition of our life... no financial problems we are facing... no broken relation-

ship... no depression or sickness... nothing can put us in an impossible position that is out of the providence of God. For the bottom line in every situation we face is that Jesus Christ is still alive and still in the resurrection business. Not only will Jesus resurrect us on the last day and in the process snatch us from the grasping jaws of hell, but he can give us a new lease on life even today.

I have yet to discover that happiness and zest for living emanate from having more of the "better things of life." Often the reverse is the case. The maintenance man from Brooklyn who won the five million dollars did not receive a guarantee for personal happiness along with it. It is not how much or how little you have, it is how you perceive your life, how you view what you have.

One of the remarkable lessons of Acts 5:40-42 and Acts 16:22-25 is that even in adversity there can be joy and enthusiasm for living. In the first reading, Peter the apostle had just received a beating for proclaiming Jesus' resurrection. How did they respond? Did they say, "Oh, look at the way God lets the authorities beat us up when we try to do his will. It is not fair?" No way! Rather it says that they left rejoicing that they were counted worthy to suffer dishonor for Jesus' name. In our second reading, when Paul and Silas were beaten bloody and thrown into prison in Philippi with their feet in stocks, did they moan and groan like the rest of their

cellmates? No, they spent their energies praying and praising God. You see, they had all acquired the art of enthusiasm for life.

The word enthusiasm is comprised of two Greek words: *en* means "in" and *theos* means "God"—to be God is to be inspired. They were enthusiastic—their life was intertwined with God's, and they had the inspiration of God helping them to meet each new day. The reality and the power of the risen Christ was theirs. Neither the pain of beatings, the disgrace of imprisonment, nor the fear of death would be allowed to dampen their enthusiasm for their ministry. We can have the same powerful enthusiasm in our lives.

The art of developing a happy, enthusiastic, meaningful life develops as we allow Jesus Christ to soak into our hearts and minds through meditating on his Word and being part of his body through joining in the Sacrament. We need to invite God's life-changing presence to remake our negative attitudes into positive ones and to give us renewed energy for life and living.

How about you? It doesn't need to take long—only a few seconds to claim the life-changing resurrected power of Jesus Christ. Be in God, Let Jesus inspire your life by living within you. What an enthusiastic new life you'll begin to have as you discover the art of enthusiasm.
