Virginia Germer Decides Not To Run For School Board

By Rosemary Grant

At the meeting on April 21 Virginia Germer, current vice president of the Hicksville Board of Education, announced she would not seek re-election to the Board because she has not been given enough access to information and back up material. She promised to continue to be vocal as an attendee at board meetings.

Three trustees will be elected to the Board of Education at the annual district meeting on May 28. Besides Mrs. Germer's seat, the seats occupied by Honey Singer and Thomas Nagle are to be voted upon. April 28 is the deadline to file petitions for these seats.

The Board passed a

resolution to accept the total budget of \$34,719,498, anticipating a school tax rate of \$18.95 per \$100. This will not represent a tax increase, made possible by a surplus of funds from last year's budget.

A year's extension to the teachers contract was approved. The salary schedule for 1982-83 was increased by 8% at the BA 1 level, effective July 1, 1983 for the 1983-84 year. The salary schedule will then be contracted at an index which appears in the agreement. Salary for coaching and extra classroom activity is also increased by 8%. Teachers attending the meeting thanked the Board for the increases, but some community members spoke

against them, including Bill Bennett, who is seeking election to the Board.

Mr. Ronald L. Friedman was appointed as Assistant Superintendent of Secondary Schools effective July 1, 1982, replacing Dr. Daniel Salmon.

The Board passed resolutions to take action on Board policies, recommendations of the Committee of the Handicapped and approved textbooks. The Board awarded bids and approved warrants.

Approval of the recommendation to designate the Church At Hicksville Christian School as giving equivalency of instruction was removed from the agenda. Fire inspectors found five violations on the

premises. Children attending the school will be considered truant unless returned to the public school or another private school. Parents of the children in the school districts involved will be notified.

The Hicksville Library Budget vote was held on April 21. The proposed budget of \$957,872 was passed by a vote of 310 to 172. Clara Bennett defeated incumbent Peter de Ninno for the library board seat. The vote was Mrs. Bennett 250 - Mr. de Ninno 240.

The next regularly scheduled meeting of the Board will be May 12, 1982 at 8:15 p.m. in the Conference Room of the Administration Building.

Mrs. Bennett Wins Election

On Wednesday, April 23, the Hicksville Public Library budget of \$957,872 passed with 310 YES votes and 172 NO votes. The projected tax rate is 80¢ per \$100 of assessed valuation, an increase of approximately 4½¢.

Mrs. Clara Bennett won a seat on the library board of trustees. She received 250 votes while Mr. Peter DiNinno, incumbent received 240 votes.

Evening Hearing Set

An evening hearing has been set for Tuesday, April 27th at 8 pm in the Town Hall in Oyster Bay, to hear the petition of a change of zone from Residence C District to Business F. (neighborhood business) District for a parcel on the west side of South Oyster Bay Road south of the

intersection of Meadow Lane in Hicksville, by Frank and Anna DiMaggio.

This evening hearing was called due to the fact that petitions signed by over 100 residents requesting this hearing were received by the Town of Oyster Bay.

Guest Speaker At Kiwanis Meeting

Mr. Mark Horowitz, Vice President of the Westchester Kiwanis Club, was the guest speaker at the April 24 meeting of the Hicksville Kiwanis Club.

Mr. Horowitz is a graduate of Hicksville High School and related the story of how the granite eagle, which can be seen on a pedestal in the parking lot north of the Hicksville L.I.R.R. station, came to Hicksville.

In 1965, Mark was the president of the Hicksville High School Latin Club under the leadership of latin teacher Mr. Samuel Goldberg. When the old Penn Station in New York City was being demolished, Mark wrote to the president of the L.I.R.R. to ask if one of the granite eagles, which were part of the facade of the old Penn Station, could be made available to the H. H. S. Latin Club to install it in Hicksville. His appeal was

well received, and the L. I. R. R. made all the arrangements to obtain and deliver an eagle. On the day the eagle was to be delivered, Mark and the members of the Latin Club travelled into New York City, dressed in their traditional Togas, to accompany the eagle back to Hicksville. Included in the group, was Joel Sachs who served as Torch Bearer and carried a lit torch on the train trip from Penn Station to Hicksville in order to properly escort the granite eagle to its new home.

Mark also quickly reviewed the history of Hicksville from the time in 1848 when Robert Williams purchased some land from Chief Pugnapan at Cantigue Rock. A portion of this land purchase became Hicksville, and was so named after Valentine Hicks who was responsible for bringing the railroad to this area. There are books in the Hicksville

Library which have the complete story in detail. Mr. Horowitz suggested that Mr. Samuel Goldberg would enjoy hearing from his former students. In the photo, Kiwanis Vice

President John Budnick, on the left, is shown presenting Mr. Horowitz with a certificate of appreciation, as Kiwanis President Charles I. Montana, Jr. looks on.

Morton Estrin Recital

Morton Estrin of Hicksville, distinguished American pianist, will present a recital at the Kaufman Auditorium of the 92nd Street YMHA in New York on Sunday, April 25, at 3:00 p.m. His program will include the New York premiere performance of the Sonata no. 4 by James Cohn, Variations by Meyer Kupferman (both the aforementioned written especially for Morton Estrin), Twelve Etudes Opus eight by the Russian composer Alexander Scriabin, Beethoven's Sonata Opus 53 (Waldstein),

and Chopin's Andante Spianato and Grande Polonaise Brillante. Mr. Estrin has recorded the Cohn, Kupferman and Scriabin works.

Recently returned from a triumphant tour of Europe, Morton Estrin received plaudits in the press hailing him as a "furious keyboard tiger" in Berlin, a "piano giant" in Amsterdam, and describing how he played "the most detailed textures at hair-raising speeds without loss of tone clarity or incidental nuance" in London.

Galileo Lodge News

By Joe Lorenzo

VENERABLE SKIP MONTEFORTE'S MESSAGE: 'A friend is a present which you give yourself.' Robert Louis Stevenson

This Saturday, the 24th of April, the Galileo Lodge presents its 10th Anniversary and Scholarship Dance. Tickets might still be available but knowledge of this can only be derived by calling Chairman Joe Giordano at 931-9351. If this dance follows the patterns set by the other affairs held by the Galileo Lodge, then there is every indication that this one will be no exception to the rule. So it becomes practically obvious that

those in attendance will be in for another 'treat' offered by the Galileo Lodge.

As winter fades and spring now seems to be upon us, it is time to shed our wintry cocoons and enjoy spring and summer. And, more importantly, its time to acquaint ourselves with the activities planned for spring, and summer by the Galileo Lodge. To these ends, in chronological order, the Galileo Lodge has scheduled a May Dance for Saturday, the 29th of May which is to be sponsored by the Ladies Auxiliary. Then on its heels come the Americana Day Dance set for early July and

this to be followed by our August Dance where our Beauty Contest reigns supreme, and from this contest a beauty queen will be chosen to represent the Galileo Lodge at the Columbus Day Parade.

In addition to the activities named above, the Galileo Lodge will also feature fishing trips, golf outings, an Italian feast in late summer and other outdoor activities designed primarily to provide mental uplifting and diversion. So, if you want to put a little fun in your life, why not associate yourself with the Galileo Lodge to an even greater extent and enjoy the pleasurable fruits

of its labor.

The Galileo Lodge announces that William Bennett, a former member of the Board of Education, will be principal speaker at our business meeting, Thursday, the 13th of May. He will also deliver another speech when the Ladies Auxiliary meet for their May 6th meeting. He will speak on important matters concerning education, Americanism and what can be done to improve our educational system and how to cope with its ramifications thereof.

Other extra-curricular activities associated with the Galileo Lodge are the March of Dimes Program and Blood Bank Day held in conjunction with the Greater N.Y. Blood Chapter, although to classify blood-giving as extra-curricular is probably an erroneous conclusion. The March of

Dimes is scheduled for Sunday, the 25th of April, at Eisenhower Park, from 10:00 to 6:00 P.M. This program will feature a Walkathon and in this connection the Galileo Lodge will set up a refreshment stand (manned by Lodge members) for the marchers. Location is Parking Field One. Jeff Wallick will supervise this activity.

Blood Bank Day is scheduled for Thursday, the 27th of May, at the Galileo Lodge, 200 Levittown Parkway, Hicksville. In fact,

from my understanding, medical technicians from the Blood Chapter at one of our meetings to emphasize the importance of blood-giving and what it entails. Jim Ravis will supervise this activity.

1981 TOP COP

Detering the crime of burglary in Nassau County and solving those already committed are specialties of Officer Andrew Fal of the Eighth Precinct. In 1981, Officer Fal singlehandedly made three burglary arrests, one of which was made while he was off duty, and closed out several Seventh and Eighth Precinct burglaries. All of these arrests, it should be noted, resulted from Officer Fal's development of information both from informants and canvasses made during routine burglary investigations.

Nassau County Department of Drug, Alcohol and Substance Abuse and Nassau Council of Girl Scouts will co-sponsor a seminar on "PARENT NETWORKING" on Monday, April 26, from 8 to 10 p.m. at the Council Office, Ring Road, Roosevelt Field, Garden City.

Parent Networking is a movement which began several years ago in an Atlanta, Georgia suburb

Parent Networking

when a group of parents joined together to combat drinking, drug abuse and vandalism in their community. Currently there are 3,000 Parent Networks nationwide; among them are twenty in Nassau County and one in Suffolk.

The concept is a simple one: Parents build adult peer groups based on their children's circle of friends or

special interest groups. This provides parents with a means for continuous communication with parents of their children's friends to create positive parental peer pressure.

Behavior standards and expectations are agreed upon, supervision responsibilities are shared and constructive time is put in with the children. Parents develop alternatives to the kind of

adolescent social life that can lead to drugs and drinking.

Anita Schanback, a Nassau County Coordinator for Parent Networking, will be the keynote speaker and will tell parents how they can set up a "Network" in their own community.

For further information, call Educational Services at 741-2550.

Jump For Leukemia Horse Show

By Way Farms of Medford, Long Island is presenting Jump For Leukemia an "A" Rated Horse Show, all day Saturday and Sunday, May 8th and 9th at Stillwell Farm in Syosset. All proceeds from the event will benefit the Long Island Chapter of the Leukemia Society of America. The weekend happening is an ideal family experience. Not only can one watch over 300 entrants participate for awards and prizes in the horse show itself, but there will be pony rides, clowns entertaining, as well as boutique shops to purchase Mother's Day Gifts.

The Leukemia Society of America is a national voluntary health agency dedicated solely to seeking the cause and eventual cure of leukemia and allied diseases. Leukemia is a disease of the blood forming tissues: the bone marrow, lymph nodes, and the spleen. The cause of leukemia remains unknown.

Leukemia is often mistakenly considered a disease of childhood. While leukemia causes the death of more children than any other disease, more adults than children are stricken each year. Leukemia and its allied illnesses (the lymphomas and Hodgkin's Disease) will strike approximately 61,000 Americans this year and will cause the death of an additional 35,000 persons. For further information, call 938-3900.

More than 60 leaders of Long Island government, business, labor, civic and cultural groups met last week (Apr. 14) at the Hofstra University Club to develop campaign plans to realize an initial commitment of at least \$6.5 million to acquire property and develop architectural plans for the proposed \$70 million L.I. entertainment and civic center.

A study made by the NYS Urban Development Corp. has recommended that the center be located in Hempstead Village, and the local Community Development Agency has suggested that the 2-block area bounded by Main and Franklin, Jackson and Bedell Streets be used for the center.

The Ad Hoc Committee established earlier this month and the Downtown LI Forum's Task Force for Revitalization of the Hempstead Hub joined forces in putting together a campaign that will include a series of newsletters incorporating highlights of the Urban Development Corp. study, a meeting of the Nassau Forum of the Arts, a presentation at the LI Mid-Suffolk Business Action breakfast, another at the Downtown LI Forum breakfast on May 5, a drive for letters to NYS Commerce Commissioner George Dempster urging his support of the project.

Highlight of the campaign will be an Arts Center Rally extravaganza Friday evening, June 4, at the Calderone Concert Hall which will focus

on the importance of the arts to L.I. It will feature a name emcee in a program combining elements of a lively political rally and headline performances. Top political, business, labor, and cultural leaders will occupy a raised dais, and members of entertainment, arts and civic

groups carrying identifying banners will pack the 2,500 seat Calderone.

A bill calling for the \$6.5 million funding has been submitted to the Legislature by State Senator John Dunne (R) of Garden City and Assemblyman Arthur Kremer (D) of Long Beach.

LETTERS CAN HELP L.I. ARTS CENTER

Commissioner George Dempster
Department of Commerce, NYS
230 Park Ave, New York, N.Y. 10160

Commissioner Dempster:

I am enthusiastically in support of the L.I. Arts Center proposed for location in Hempstead Village. It will provide a proper home for LI's performing arts groups, give LI its needed arts and civic focus, meet the requirements of LI's growing convention and meeting industry from an entertainment center, help revitalize Hempstead hub, and generally stimulate our LI economy.

I hope you will give your strong support to this important project, urging our Legislative leaders and the Governor to pass the necessary legislation to start things moving toward realization of the objective.

Dear Friends

BUDGET COUNTDOWN: Last week we brought you the details of our coming school and library budget and elections votes. To remind you, here are the dates:

IN HICKSVILLE SCHOOL DISTRICT: Registration to vote will be held on May 19 in local schools from 3 to 8 p.m. The annual meeting and budget vote is set for May 26 from 10 am to 10 p.m. Three board of education seats are up for election.

IN PLAINVIEW-OLD BETHPAGE SCHOOL DISTRICT: The annual district election and budget vote will be held on May 12. Two incumbent school board members whose seats are up for re-election are running unopposed. The Plainview-Old Bethpage Library budget of \$1,333,075 which will produce a tax rate of \$1.267 per \$100 assessed valuation, will also be voted upon at this time (May 12). A Library Board seat will also be voted upon. Incumbent Allen Breslow is opposed by Mr. Myron Sywak.

A REMINDER: For many years, this newspaper has observed the policy of not allowing any controversial material to be printed regarding candidates or budgets ON THE WEEK IMMEDIATELY PRIOR TO THE VOTE ITSELF... for the obvious reason that such charges cannot be answered before the vote. We continue to observe this policy. We would like to remind you that any opinions that seem to be facts, which come your way in any printed form, close to any election... are highly suspect, in our opinion. For there is always plenty of time to bring true charges or true figures on budgets out enough in advance for them to be answered.

We hope that you all take the time to attend as many meetings as you possibly can, and to inform yourselves on each candidate as much as possible, as well as directing any questions regarding your school and library budgets to members of your school or library board, so that your vote, when you finally cast it, is based on fact, not fiction.

ANOTHER REMINDER: if you haven't yet sent in your contribution to the Dr. Walter Dunbar Memorial Beautification Fund of the Hicksville Chamber of Commerce, and wish to do so, you may send it to the Hicksville Chamber President Mr. James Fyfe, c/o Long Island Trust, 550 South Broadway, Hicksville, NY 11801. Or, if you have any questions on this community project, you may call Mrs. Fran Zounek at WE 8-7931.

The Nassau County Chapter of the American Red Cross provides free portal to portal transportation for individuals to health, nutrition or financial services.

The delivery of this service depends upon volunteer drivers and dispatchers.

Letters To The Editor

Dear Editor,
I thank you for the opportunity respond to Mr. Carmine Verde's letter of last week.

As I write this letter not a single petition has been filed for the three Board of Education seats up for election next month. Thus Mr. Verde's statement that three incumbents are running has yet to be determined.

Any resident of this community over the age of 18 has the legal right to obtain petitions from our District Clerk whose office is located in the Administration Building. An individual choosing to run is required to file a minimum of 75 signatures. Usually a candidate files double the amount required to eliminate the possibility of not having the required number of signatures after the District Clerk has scrutinized the petitions.

Mr. Verde stated as fact that Virginia Germer has taken out petitions for all three seats up for election. Enclosed with this letter is a notarized memo from Janet Ulrich our District Clerk which states I have received only two sets of petitions both of which I will need for the seat if I choose to seek reelection. Therefore I am stating as fact that Mr. Verde chose to write in his letter statements that were unfounded and untrue.

As far as my performance is concerned Mr. Verde is

certainly entitled to his opinion. I am proud of my voting record which confirms that I will not be utilized as a rubber stamp by the majority of the Board of Education. On most educational issues I have been in total agreement with the Board. On several occasions when I have chosen to vote in opposition to the majority of the Board I have been ostracized. I was elected by the residents of this community not the Board of Education and must vote my conscience.

I urge the residents of this community to utilize the Letter to the Editor column as a means of communication; but I cannot impress upon you enough to verify the information contained in your letter. If Mr. Verde had chosen to do so this letter would not be necessary.

Virginia Germer
To Whom It May Concern:
On Wednesday, March 31, 1982 at a regular meeting of the Board of Education, Mrs. Virginia Germer asked for and received two petitions for candidacy on the Board of Education.

Very truly yours,
Janet E. Ulrich
District Clerk
Section 2018 of the Education Law states as follows: "No person shall be nominated by petition for more than one separate office."

Dear Editor:
I have decided to run again for the Hicksville School Board. My interest remains with the school board. I have missed serving you, the community, during the past year and would like to gain seek your support.

While on the board during the period of 1977 to 1981, I made a commitment to serve the entire community with dignity, loyalty and above all with honesty. I was elected as both Secretary and Vice President of the Board and made it a point to act and serve in those capacities with competency and fairness, and with the dignity that went with those positions of responsibility.

To expand my knowledge and understanding of my responsibility as a Board member and representative of this fine community of Hicksville, I became active in both the Nassau-Suffolk School Board Association and the New York State School Board Association, and became active in the legislative committee and was appointed chairman of the "Teaching as Licensed Profession Committee" of the Nassau - Suffolk School Board Association. The Hicksville Board voted to have me as their voting delegate for 1979 and 1980 New York State School Board Convention, and prepared reports for both the Board and Community. I

Homemakers Multiservice Center.
The programs service residents from the communities of Hickville, Bethpage, Plainridge, East Meadow, Wantagh, Uniondale and Levittown.

Free Seminars On School Budget Analysis

• Must taxes go up while the school population goes down?
• Are there better ways to decide on spending priorities?
• How can I find out what individual programs cost?
Each Spring, as voting on school budgets approaches, many residents of Syosset and Jericho begin to ask these questions. Recent court decisions on full-value assessment (the Hellerstein

also became active in the National School Board Association and kept abreast of national educational issues that affected our district - my aim was to broaden my knowledge to best serve our school district.

During my years on the Board, I became keenly aware of the importance of policy making powers of the Board - and was appointed Chairman of the District Policy Committee and undertook to completely update district policy and reorganize the policy book to make it relevant and meaningful to our staff and students as a source of guidance for years to come. I am thankful that this is very ably being continued by the current Board Policy Chairman, Mr. Jay Schwartz.

My role in fiscal matters is well known. I have studied and evaluated annual budgets, claims and warrants, quarterly reports, audit reports and the like for my fiscal conservatism directly that our tax dollars must be expended wisely and the taxpayers interests be protected. I put many long hours into monitoring fiscal matters before the Board because I believe it is my duty as your representative to do so.

Please help me to again serve, return me to the Hicksville Board of Education.

Sincerely,
BILL BENNETT

"Volunteers Are Special People," Colby

Where would we be without volunteers? In a pretty sorry state, I'm sure. Without volunteers we'd have no volunteer firemen, auxiliary police, candy strippers, scouts, PTAs, childrens athletic programs, service organizations, etc., etc.,...the list goes on and on!

Each year in April, a special week is designated as National Volunteer Week, during which time we are all asked to give special thanks to these people who enrich our lives by sharing their expertise and offering their services day after day after day. This year,

National Volunteer Week is April 18-24.

Volunteers are special people. They come in all shapes and sizes and ages, and rarely, if ever, say 'no' when asked to bake another batch of cookies, address some more envelopes or drive the team to an away game. They seem to find the time to serve others, no matter how busy their own personal schedules, and always do so with a smile.

Here in the Town of Oyster Bay, we are blessed with many, many volunteers who work individually or through organizations to help make

our suburban life style just a little better for us all. The Town's Youth Services Bureau, through the many youth councils in our communities, offered snow clearing help this winter and are now offering spring clean-up help for those who are handicapped or who are unable to take on such chores by themselves. The Group Activities Program for the handicapped has volunteers who assist with its summer activity program for handicapped young people in our Town parks facilities. The members of our many senior citizens clubs offer hours of volunteer services

such as providing youngsters with "adopted grandparents," helping the Red Cross and generally giving service to those who are unable to help themselves.

Just like everyone else, all of these volunteers appreciate praise. A card, a note, a word of thanks for a job well done brightens anyone's day, but to a volunteer "thank you" is his or her pay check. Thanks offered to a volunteer means that someone cared, someone appreciated, someone understood the hard work and effort that

went into the fund raiser, the back-breaking clean-up campaign and even the heartbreaking over-time

learn less. My special thanks to all our dedicated special people -- our volunteers.

THE GAIN IN PAIN

Let's get one thing straight right from the beginning. God is not the source of pain and suffering. So if you are sick or a tragedy befalls you, don't blame God...it's not his fault. A careful reading of the Bible demonstrates that Satan is the source of pain and suffering. It also points out that we often inflict pain upon ourselves. Don't obey the law by driving too fast, go through red lights, and before long you'll be in the hospital. Begin to let yourself be bothered by the fact that you are getting old. Next, decide to have a little fling with the sweet young thing in the office, and before long you'll face an exploding marriage. Push even harder to get ahead, forget about sleep, overeat, under exercise and find yourself in great pain as you are being rushed to the hospital with a heart attack. Pain is often a matter of our own doing as well as something inflicted by the devil.

"Everything is going so good recently Lord, bless me with some suffering." If

there is gain in pain, perhaps a cynic might suggest that if pain can be positive, why not ask the Lord for more of it. We couldn't ask the Lord to inflict pain, because, as we said earlier, the Lord is not in the pain-infliction business. Nevertheless, when we do something wrong and pain results or the evil of the world targets us for distress, our good Lord can bring gain out of our pain.

In Romans 5:1-5, we are reminded of our personal gain of salvation which resulted from the agonizing pain Jesus endured on Calvary's cross. Through Jesus' suffering, pain, and death, we have forgiveness, hope, and heaven. Jesus is the key that unlocks the gates of paradise for us. But more than this, Paul points out that we can even find reason to rejoice in our sufferings, for good things can result from suffering—for the Christian. Suffering produces endurance. We are toughened through suffering like a soldier who gets in shape through basic training. Endurance produces character—a strong

personality that can keep on keeping on even when the going gets rough.

Often times in the middle of our pain, it is impossible for us to see even the possibility for gain. But Paul tells us correctly in the eighth chapter of his letter to the Romans that everything works together for good with those who love God. This is not saying that evil things are actually good. They remain what they are, bad. But they will not overpower and defeat us. God can even use them to draw us closer to him and to make us stronger.

To the Philippians, Paul writes, "I can do all things in Him who strengthens me." This says to me, I can even get gain out of pain.

In II Corinthians, Paul, who was persecuted, afflicted, criticized, insulted, and threatened write, "We get knocked down, but we get up again and keep going." Much of the time when we get knocked down it isn't our fault but it is our fault if we do not get up again and keep going. Too often when we

lose something, we only dwell upon what we lost. We need rather to dwell upon what we have left! Look at the good times not the bad times.

Rainbows seem to currently be an "in" commodity. I've seen rainbow posters, decals, jerseys, pocketbooks, etc. The rainbow is a sign of promise. God's promise to never destroy the world again by a flood. In a more general sense, it is a promise that better days always lie ahead—that good can spring out of adversity. When you are suffering, keep looking for the rainbow...the rainbow that always follows the storm.

Brothers and sisters, everything works together for good for those who love the Lord. Every time you see a rainbow, be it in the sky or on a poster, remember that our loving God is always with us helping out. He is ever ready to help us...even to help us do remarkable things like achieving gain from pain.

Bible Lands Pilgrimage

Walking in the footsteps of Jesus has inspired pilgrims for centuries. Reverend Dr. John H. Krahn, pastor of Trinity Lutheran Church, has been asked by the C.S.S. Publishing Company to host an 11 day trip to Israel from August 9-19, 1982.

The tour will be comprised of Christians from many different denominations. Dr. Krahn is a world traveler and in 1980 hosted 60 people to the Holy Land. Those who accompanied him were awed by the beauty of Galilee and Jerusalem. They felt the Bible come alive. It was no longer something in the past but became vitally present and real. On the August tour

there will also be time for fun and leisure... enjoying good food and shopping in unique bazaars... time for relaxing and pursuing special interests.

"It would be delightful to have Christian friends from Long Island join other Christians from all over our country as we walk together where our Lord walked," Dr. Krahn, commented. Those who would like more information call Dr. Krahn at 931-2225, or drop a note to him at Trinity Lutheran Church, 40 W. Nicholas Street, Hicksville, NY. Since the size of the group is limited, a quick response is suggested.

"Consumers Corner" At Library

When it comes to managing money, deciding on a major purchase or complaining about an unsatisfactory one, consumers need all the help they can get in today's economy.

Therefore, during National Consumers Week, April 25th through May 1st, the Hicksville Public Library will be offering a special Consumers Corner devoted to books on consumer information and product guidance materials. Library Director Kenneth S. Barnes announced today.

The idea is to make consumers aware of the information resources available and to encourage them to exercise their rights and responsibilities. The theme of the Week is "Consumers Count," and according to County

Executive Francis T. Purcell, who proclaimed the observance in Nassau County, both consumers and businesses know how important consumers are to the economy.

"Keep us on new ways to handle credit, money management, shopping, housing, transportation. It's a changing world and you're never too old to need consumer information," he advised.

Pamphlets from the Nassau County Office of Consumer Affairs and other agencies will be distributed free at the library. "We have a wealth of books, magazines and directories," Mr. Barnes said, "and the reference librarians will be glad to assist."

Visit the library and learn how to make better informed buying decisions.

LI Cleanup Event Wednesday

The Hicksville Citizens Alliance is one of the sponsoring organizations of a "Let's Clean Up Long Island" public meeting on Wednesday, April 28 at 8:00 p.m.

The event, which will feature Attorney Daniel Levy, a Counsel with the New York State Attorney General's Environmental Enforcement Unit, is being jointly sponsored by the Hicksville citizens group and the Uniondale and East Meadow chapters of the Citizens Alliance. The "Let's Clean Up Long Island" meeting will take place at Christ the King Church on 5th Street and DeWolfe in East Meadow.

The public is invited to this event, which will focus on building community support for a State "Superfund" law to assist in the cleanup of problem waste sites around Long Island and around the state.

"Hazardous waste sites lead to water quality problems and public health problems, and we want to know what kind of job the Attorney General's office is doing in cleaning up these trouble spots," a Citizens Alliance spokesperson said. "We also wish to advance our Superfund campaign, because we now know of over 16 potentially hazardous waste sites in Nassau County that require assessment and cleanup."

Hicksville Citizens Alliance members are participating in a statewide campaign to win Legislative passage of the Superfund

proposal. Christ the King Church is located on the corner of 5th Street and DeWolfe in East Meadow, four blocks south of the Front Street-5th Street intersection. The front Street-5th Street intersection is one block west of the junction of Front Street and Hempstead Turnpike, just west of the Nassau County Medical Center.

Hicksville residents are also being urged to attend an Assembly Legislative public hearing on Friday, April 30 at 10 am in Mineola concerning the Old Bethpage municipal landfill. The public hearing, which is being conducted by the Assembly Conservation and Recreation Committee, is seeking public comment on several topics, including: the impact of building a Resource Recovery plant on the landfill site; the decline of the offer of federal Superfund funds by Town officials; and whether to establish a State Superfund in New York to cleanup hazardous sites.

The Assembly hearing will take place at the Board of Supervisor's Room on the 5th Floor of the County Executive Building, 1 West Street, Mineola.

Citizens Alliance is offering rides to both the "Clean Up Long Island" event and the legislative hearing. Please call the group at 478-5775 for rides or for more information on steps you can take to help "Clean Up Long Island."

Our elected Congressman, Norman F. Lent, is on the job in Washington, D.C. for his constituency. He has been working diligently on a bill to keep Coast Guard services intact for three years.

"Our bill assures operation of all Coast Guard services for three years at the level of last year's services!" said Lent following action last week by the Coast Guard and Navigation Subcommittee of the House Merchant Marine and Fisheries Committee approving Coast Guard funding authorization through Fiscal Year 1984. Lent is second ranking Republican on the Subcommittee.

Lent said the Subcommittee had approved authorization for the following levels of funding for the Coast Guard:

FISCAL YEAR 1982, \$1.549 billion for operating expenses; \$554 million for capital improvements; \$29.7 million for research and development. The total FY 1982 authorization: \$2,122 billion. (Note: the Subcommittee bill adds \$192 million to last year's authorization.)

FISCAL YEAR 1983, \$1.842 billion for operating expenses; \$670 million for capital improvements; \$33 million for research and development. The total FY 1983 authorization: \$2,542 billion.

tee had approved authorization for the following levels of funding for the Coast Guard:

FISCAL YEAR 1982, \$1.549 billion for operating expenses; \$554 million for capital improvements; \$29.7 million for research and development. The total FY 1982 authorization: \$2,122 billion. (Note: the Subcommittee bill adds \$192 million to last year's authorization.)

FISCAL YEAR 1983, \$1.842 billion for operating expenses; \$670 million for capital improvements; \$33 million for research and development. The total FY 1983 authorization: \$2,542 billion.

FISCAL YEAR 1984, \$2.026 billion for operating expenses; \$700 million for capital plant improvements; \$33 million for research and development. The total FY 1984 authorization: \$2,759 billion.

Lent said, "The Subcommittee authorization bill will provide enough funding to prevent the cutbacks in Coast Guard services already proposed. Furthermore, the bill will provide the Coast Guard with sufficient funding authority to carry out effectively through September of 1984, its major at-sea functions, including search and rescue missions, marine law enforcement and military readiness. It is essential that these missions be maintained at current levels. The Coast Guard services are too vital to our Nation to risk the dangerous reductions in services proposed by the Department of Transportation. I can assure Long Islanders who depend upon the Coast Guard that its missions, including search and rescue and maintenance of proper navigational aids will be continued if the Congress approves our authorization bill."

Lent said he expected the full committee to act favorably on the authorization bill (HR 5617) within the next few weeks and expressed confidence that both the House and the Senate would also approve.

for the Dean's List and the Superintendent's List at the United States Coast Guard Academy, New London, Conn.

Library Observes National Consumers Week

When it comes to managing money, deciding on a major purchase or complaining about an unsatisfactory one, consumers need all the help they can get in today's economy.

Therefore during National Consumers Week, April 25th through May 1st, the Plainview-Old Bethpage Library will be offering a special exhibit of consumer information and product guidance materials. Library Director Stanley T. Eddison announced today.

The idea is to make consumers aware of the information resources available and to encourage them to exercise their rights and responsibilities. The theme of the Week is "Consumers Count," and according to County Executive Francis T. Purcell, who proclaimed the observance in Nassau County, "both consumers and businesses know how important consumers are to the economy."

"Keep up on new ways to handle credit, money

management, shopping, housing, transportation. It's a changing world and you're never too old to need consumer information," he advised.

Pamphlets from the Nassau County Office of Consumer Affairs and other agencies will be distributed free at the library. "We have a wealth of books, magazines and directories," Mr. Eddison said, "and the reference librarian will be glad to assist."

Visit the library and learn how to make better informed buying decisions.

By Ann Macaluso

Thanks to Ann Ocker, Town Clerk of Oyster Bay, for officially opening our 28th Little League Season. She led the Pledge of Allegiance during the Opening Day Ceremony, and threw out the first pitch. She has been a good friend of HBA in the past, and spoke well of our organization. The league president, Bill Rizzo, presented Mrs. Ocker with a lovely bouquet of flowers in appreciation for her continued support and concern for our youngsters.

During the Opening Prayer, given by Father McCormick of Holy Family Church, the clouds dispersed and the sun shone the rest of the day. Everyone enjoyed his heart-warming talk which he directed towards both the players and their families.

HBA president, Bill Rizzo, emphasized good sportsmanship during his opening speech. He also expressed special thanks to the HBA executive board for their year-round efforts.

Councilman Clark unfortunately missed the opening ceremony due to a previous engagement, but dependably showed up to cheer our teams on.

Team pictures, taken by Perlise Studios, were arranged by our Parent Team Co-ordinator, Diana Rom. She was also very busy handing out picture forms and raffle books to the players. Mrs. Rom would like the forms and chance stubs returned as soon as possible to the team parents.

BETTER DAYS

By George F. O'Donnell

WHEN TO RETIRE?

Why do some people keep working past usual retirement age? Those who delay retirement tend to consider work vital to their happiness, and seem to have distinct personality traits. So reports a University of Southern California gerontologist, Carolyn Paul of the Andrus Gerontology Center.

She bases her findings about older persons' work habits and attitudes on a ten year study conducted from 1969 to 1979 by the Social Security Administration. At the beginning of the study, participants ranged in age from 55 to 65. They were interviewed every two years about their attitudes toward work and retirement, their income and other topics.

In her analysis of the data, Ms. Paul focused on two questions:

Who delays retirement past age 65 and why?

Why do some people return to work after they've retired?

She found that married men were very likely to delay retirement past age 65. Those who did were likely to be business managers or professional individuals. Women who delayed retirement, on the other hand, tended to work in clerical or service jobs.

When participants were asked why they delayed retirement, 65 percent said they consider work one of the most meaningful aspects of their life. Nearly as many - 64 percent - said they believe others think more highly of people who work.

YANKEES ADVANCE

The Hicksville Yankees, sponsored by the Joseph Barry Council of the Hicksville Knights of Columbus, won a really big game last week-end and advanced to the semi-finals of the New York State Cup Competition. This tournament is for boys born in 1963 (under 19) and the Yankee team is under 17 so they are playing against boys two years older. The State Cup does not have an under 17 age group which is why the Hicksville boys entered the older age bracket to gain valuable experience for future years. Last year, the Yankees went all the way to the Region 1 finals playing in the under 16 age bracket.

The eventual New York State winner moves forward to the Region 1 tournament and is matched against other State Champions in the northeast and, the Region 1 survivor gets a free trip to Omaha, Nebraska in June to take a shot at becoming Nation Champion; competing against Region 2, 3 and 4 champs.

In advancing this far, the Yankees (coached by Pat McHugh & Bill Cresham) had to defeat an under 19 Garden City (5-0); a very strong team from Albany (3-2) and last week's match against East Fishkill (3-2). Eight cars and close to 20 adults made the 100 mile trip upstate and were certainly not disappointed as the boys played extremely good, solid soccer until their opponent made a couple of mistakes. This is when they struck like lightning and built a 3-1 halftime lead. In the second half, they concentrated on defense and held on for a well executed 3-2 victory.

Win or lose next week, the Yankees have progressed further than a lot of us thought they would despite a few serious injuries and have proven once more that they are one of the strongest teams on Long Island and in New York State. They accomplished their objective this year and surely have their sights set for Omaha in the very near future. A couple of years ago, the Hicksville Minutemen made it to Omaha two years in succession and came out second in the entire country both times.

Congratulations go to coaches Pat McHugh and Bill Cresham and team members: Bobby Andrus, Steve Barrell, Kevin Cahalan, Jimmy Demarco, Steve Dolan, Jeff Kitt, Jimmy McGeough, Paul McGeough, John Mitchell, Adrian Papi, Mark Schindler, David Smyth, Steve Thompson,

Weidmann, Karen Witkin, and Joseph Zitoli.

FROM OLD BETHPAGE: Caryn Altshuler, Maryellen Barone, Nancy Chudoff, Frank Demeri, Patricia Garrett, Leslie Glaser, Janet Goldberg, Gayle Halperin, Steven Martin Jr., Glenn Martucci, Robert Moore, Joi Papadaro, Eric Stepien, Kathy Warner, and Debra Yulcan.

Hicksville Cannonballs [1973]

By Pete Fujimoto

After being rained out of their third game by heavy downpours and gail like winds two weeks ago, the Cannonballs got back to Soccer. It was windy but sunny, as the Hicksville boys took the field against the Massapequa Gladiators. Coach Bob Baron's starting lineup had Toomas Niemann, Danny McCoey, Tommy Baron and Gino Ianucci on front line; Larry Bag, Les Spence and Alex Sheuchenko controlled the middle line with Michael Donovan, Brian Sierra and Jason Pinsky playing the fullback positions. The strong cross wind that ripped across the field made it difficult for either team to control the ball but it was evident that the Cannonballs dominated the scoreless first half.

For the second half, Danny Fujimoto replaced David Knuth at goal. The boys played hard, determined to score regardless of the strong wind. Brian Sierra at center fullback made several crucial plays against the Massapequa offense. The only score in the game came on an exciting team effort. Larry Bag brought the ball up on the wing and crossed the ball in front of the goal. Brian McNamee came in from the left wing and scored the goal off the Massapequa goalie, resulting in a 101 shutout.

Hicksville Eagles
By Diane Fujimoto

On April 17, the Hicksville Eagles (1970 C) traveled to Port Washington to play against the Chiefs. The weather was partly sunny and quite windy, but the Eagles were ready to play soccer after a 2-week break.

The first half was a very defensive game with each team playing even and only a few shots on goal. The front line, made up of David Marks, Mike Iavarone, and Mike Conway, seemed unable to penetrate the opposing defense. The halfbacks, Greg Pressman, Bobby Kratochvil, Brian Doyle, and Robert Radke played very aggressive soccer. Bobby Lichtman, Rich Chakrin, Sean Callaghan, Mike Wazniack, Bobby Laine, Tommy McBride, Billy Neway, and Mike Wazniack played tough as fullbacks. David Fujimoto played goal tender for the first half.

The second half got off to a fast start with Mike Iavarone scoring an impressive goal. Port Washington then made a goal to tie the score. All the boys played with determination and spirit, but Port Washington scored again to end the game 2 to 1.

On Saturday April 17th the Hicksville Tornadoes played the South Huntington Crusaders at Grumman Field. The game started with the Crusaders putting continuous pressure on and scoring first. The Tornadoes settled down after the goal and scored the tying goal when Matt Greenspan passed the ball to Jason Kilmelis who shot the ball into the Crusaders net. The rest of the first half was played in the South Huntington end with the Tornadoes showing good ball control and fine play. The second half started with both teams playing excellent soccer. Tornado goalie Rex Germer made numerous saves and the defense of Timmy Carroll, Larry Neuberger, Kevin O'Hea and Erik Matz did a good job in defending their goal. The team is improving every time they play and displaying some fine soccer skills led by Gerrit Nijboer, Brian Whitman, Todd Zeff, Mike Kent, Brian Centrone and Junior Furlin. The game ended in a 1:1 tie and the entire team and coach Steve Florio should be proud of their continuous improvement and good play.

By Pat Reilly

On a very windy Saturday, the Hicksville Comets played the aggressive Glen Cove Tornadoes. The Comets were defeated 3 to 2.

The forward line consisted of Tommy Bell, Jamie Curley, Timmy Doyle, John Guitari and Michael Segal. They were excellent in their display of soccer skills. They moved 1 and were very accurate.

In the first half John Guitari scored a goal with an assist from Timmy Doyle. The Comets midfield line, consisting of Anthony Conte, Frank Humphreys, Brian Finnell, Ryan McCann and Thomas Reilly, were super in passing and blocking the forward thrust of the Tornadoes.

The fullbacks, Brian Sacks, Bobby Himmel, Steven Fontillo, as stopper, and Scott Germer as center, displayed great teamwork in

protecting the goal.

In the second half, the Comets goal was made by Timmy Doyle.

Scott VanSteen in goal made several excellent saves.

Little Christine Hirsch celebrated her first birthday on April 19, 1982. Her parents, Joan and Kenneth, held a family party for Christine. Her brother K.C. (Kenneth), 6 years old; and her sister, Janet, 4 years old, just loved the festivities and birthday cake. On hand to join in the fun were Hicksvilles, Alma and Artie Hirsch, grandparents of these darling children.

Did you know that the Action Council of Central Nassau is having a buffet dance on May 8? It's only \$10 per person. The theme is western, so come dressed accordingly, said Ann Gros of Hicksville. This is a very active senior citizen group of Hicksville and Levittown residents. For further information, call 579-7505.

nard, and their sons, Joseph and Mark, treated Martha royally for her birthday.

Right around the bend, on April 25, in fact, Janet and Frank Gioia will celebrate their 12th wedding anniversary. The Gioia's have three children: Anthony,

Christopher and Dana Marie. Best wishes.

Another April baby was Terry Frattini. Terry's daughter of Mr. and Mrs. Charles Frattini of Hicksville, celebrates her 17th birthday on April 24. "Have a happy," Terry.

It seems April brings more than showers. Here's another April birthday celebrant: Hicksvillite Doreen Peters who was recently 17. On hand to make this event a fun-filled one were her parents Ann and Dick Peters, and her brothers, Richard and Michael.

And "happy birthday" to Martha Masseria who celebrated her birthday on April 5. Martha's husband, Ber-

Easter at the Rennets was delightful. Anne and Bob Rennert commemorated this religious holiday with a family dinner party at their home. Present were their daughter, Terri, son, Jim and his wife, Maureen, Anne's mother, Mrs. Bardenhagen, and Aunt Mary Bihl, who recently celebrated her 80th birthday.

Heard that Peter Ference had a birthday on April 16. Pete's family really made this a "special" day for him we were told. Congratulations, Pete.

Awarded Certificate

Nassau County Social Services Commissioner Joseph A. D'Elia awarded a Certificate of Merit to Muriel Farley of Hicksville, a volunteer, who has contributed extraordinary service to his department.

Avoiding Swindlers Can Be Easy

Although most mail-order businesses are honest, Sectional-Center Manager-Postmaster Anthony M. Murello offers this advice on how to minimize the chances of being taken by the few that aren't:

• Be wary of what seems to be an exaggerated claim or a price that seems unusually low.

• Don't be rushed. Avoid offers that claim to be a last chance to get a bargain, "one day only" or ones that are for "cash only."

• Keep a copy of the advertisement from which you are ordering. If you have doubts, check with the Postal Inspection Service, the Better Business Bureau or some other local or state consumer agency.

• Never send cash. Use a check, money order or credit card because if need be such a sale can be traced through some banking system.

• Keep a record of the date of your order, the number of the check if you pay by check, and don't forget to retain the cancelled check.

• Consider the believability of the publication in which the product or service is advertised.
