Public Hearing On School Budget Set For Wednesday, May 12

The Hicksville Board of Education will meet on Wednesday evening, May 12, at 8:15 pm in the High School at 8:15 pm in the high school auditorium. After a short regular business meeting, a public hearing on the 1982-83 school hudget will be held, and the Board urges residents of Hicksville to attend and lear about the representation. and learn about the proposed

The projected total for the 1982-83 badget is \$34,719,498, which represents an in-crease of \$2,335,338 over the 1981-82 school budget. Despite this increase due to continued inflation, rising costs, and mandated services, and mandated services, there will be no increase in the tax rate paid by the Hicksville community. Through careful fiscal management and sound planning, the Board has announced that the tax rate will decrease by 9c from the current rate of \$18.95 per

\$100 assessed valuation to \$18.86. The budget as pro-posed will provide for the continuation and enrichment of current programs as well as funding for new programs to maintain the excellence of educational experience for the students of the comPropose Changes In Diploma Requirements

The public vote on next year's budget will take place on Wednesday, May 26, between 10am and 10pm at election district locations, and Board president John P. Ayres urges Hicksville residents to vote and support the plan for education 1982-83 school year.

Wednesday evening, May 12, at 8:15 pm. The meeting will be held in the high school cafeteria to accomodate the anticipated attendance at the hearing on the proposed 1982-83, budget which will follow the business meeting. The changes in diploma requirements include an in-

crease in the number of credits required for graduation from the present total of 18 to 20% an increase in the number of directed electives, and the assignment of credit to physical education courses which are currently required but do not carry course credit. This plan will be phased in over the next several years so that students now enrolled in the high school will not be at a disadvantage because of increased requirements. The intention of the plan is to provide a more challenging and enriching program to prepare students to meet increased demands and challenges in college or the vocation of their choice.

Interested residents are encouraged to attend the meeting and participate in the discussions and to remain for the budget bearing later in the atenda.

Projected Decrease In School Tax Rate May Be Endangered

Because of state budget delays, school districts throughout New York State are faced with the possibility that state aid might not be received until July of this year. State aid to the Hicksville Public Schools amounts to \$5,400,000 and district cash flow requirements are now under study to determine whether additional borrowing at high interest rates is required, the effect on interest earnings on invested surplus funds will be a loss of revenue in the amount of \$77,913. The district would lose \$1,516 per day in interest earnings for each day after

June 30 that state aid is delayed, and if borrowing is required, it could cost as-much as \$1,350 per day from the date of the loan until

Superintendent of Schools Wilber D. Hawkins has con-Wilber D. Hawkins has con-lacted representatives in Al-bany on behalf of the tax-payers of Hicksville to per-suade the parties involved to resolve the problem as quickly as possible, and he urges interested citizens to be aware of this fiscal dilembe aware of this fiscal dilem-ma and write to their assemblymen, senators, and to Governor Carey. "The state

must adopt a budget to re-lieve this burden on the indi-vidual school districts. If the problem goes unabated, there will be a serious adverse reaction on the local tax rates, and we will have to raise taxes to make up for the loss of revenue. We will have to borrow at high interest rates and we will be unable to invest state aid revenue to carry out the plans established in our proposed budget," Dr. Hawkins explains.

The 1982-83 proposed bud-get for the Hicksville district now calls for a decrease in

the tax rate of 9c from the current rate of \$18.95 per \$100 assessed valuation to \$18.86. The projected de-crease might be endangered crease might be endangered by the state budget delay. The school district budget will be presented to the public at a hearing on Wednesday, May 12, and will be voted upon on Wednes-day, May 26. Concerned Hicksville residents are en-couraged to contact their representatives in Albany regarding the state budget crises and its implications for the educational plan for the district.

Hicksville Vamps Launch Fund Drive April Fire Report

The annual fund drive of The annual fund drive or Hicksville Fire Dept is set to go according to Chairmen William Stabley and "Alvin" Bianculi. Letter's explaining the service the All Volunteer Fire Dept. provides are being mailed out. The monies derived help the Fire Dept. in many areas not pro-vided by taxes. Vamps realize the economic pressures that confront all residents, and only ask for whatever donation you can handle. These times are hard on the Vamps who not only risk injury, give up their time for free but who pay dearly at the gas pump for fuel used for response to alarms, training etc. Any support is appreciated:

As a result of my concern,

I have cosponsored legislation, S. 498, that would en-courage builders to include passive solar energy sys-tems in new homes by pro-viding tax credits based upon the efficiency of each system. This measure would not only promote the safe use of solar energy in our homes but would help relieve the stranglehold that foreign oil has placed on our economy. Under this legislation, homeowners would be eligible for a tax credit of up to \$2,000 for installing the solar device.

I also cosponsored a Senate resolution opposing the elimination of tax credits that currently encourage the and conservation. These tax credits have the dual purpose of stimulating the private sector and encouraging small business development

of energy-saving devices.

Additionally, the federal government provides utili-ties with the incentive to make loans to customers for

That is why HICKSVILLE

Michael F. Meyer

Dear Editor: As you know, I was ap-pointed by the Board of Education in March to fill the vacancy left by Mr. Grimmer's resignation. I am now running unopposed for the remaining two years of that seat. Despite the fact that there will be no contest important to share some of my concerns with the voters. Back in September (1) for that seat. I believe it is Back in September, (the day before school opened), I

was asked, as President of the Hicksville Council of PTAs, to give the welcoming remarks at the Staff Orie tation Day Assembly. Uppermost on my mind at that time was the pervasive atmosphere of division and mistrust within the school district. In my remarks I conveyed the hope that for the sake of our children and our schools we could start working constructively to-gether to achieve our goals in a positive spirit of cooperation. This continues to my chief concern. Hopefully there are signs that we are now moving in that direction and will continue to

Another concern is that we not lose sight of our goal of providing quality education for the children of Hicksville. Declining enrollment should never be equated with a decline in services; and while are all affected by the problems of today's economy we must not allow our-selves to become victims. Our priorities must be main-

I have many misgivings about the upcoming elec-tions. Are we going to elect carbon copies of Mr. Ayres and Mrs. Anci, therefore voting for people hungry for power, or seek candidates concerned with maintaining a sound education and not afraid o vote how they feel? I hope July 1 will start a trend of having a board comprisec of seven adults who may vote differently but will respect the opinions of the other members. HICKSVILLE, N.Y
"One Of the Grass Roots Of The American Legion"

Sorry that this column had to be shortened last week due to an overall lack of space which happens occasionally.

I don't quite recall everything precisely as written but one item I must again put down on paper for all to read....Our Auxiliary Unit has 4 Past Presidents who religiously travel to Northreligiously travel to North-port VA Hospital one day each week, I think its Wednesday, and from 11 A.M. to 3 P.M. perform much the same type of aid for the veterans there as they did when the Post was they did when the Post was hosting the Satellite outpa-tient clinic for years.....The 4 ladies are ETHYL HABEN-ICHT, MARIE GAMBEL GERRY SEITZ AND LIL-LIAN MOLINARI.....This prompted a recall of events occuring the last time the Post hosted a County Convention (1976) and the short-age of manpower....The Auxiliary supplied the help that the Post was unable to and everything worked out well, from selling of chances, hot dogs, and the cooking of the roast beef dinner for the Insatllation Ball....And let's not forget about those two gals who were at the Post early before the Saturday A.M. session, serving those who desired Bloody Marys, etc....But the best of all was the bullwork required to break down the halls and set them up for the Ball on Saiurday after the session. Mail in all, the gals were great, and even though its now 6 years later, thanks girls....The Convention wouldn't have been a success without yoe...Well, Mon-day's social meeting was topped off with a delicious deli teverything was so fresh and tasty) noting that this was the last Social meeting

Frank Molinari has replaced him as the delegate nominee, and P.C. Frank Walsh as alternate nominee....And regarding the Syracuse convention, Tom Nikitas, P.C., says he has room for 3 people in his car, so if you are interested, talk to Tom P.C.

Henry Brengel offered the original roster of the Last Man Club of Hicksville to the Post for safe keeping and the Post accepted,....The club was eriginated in 1938 by slightly more men than the 59 whose names appear on the roster and today there are just 5 left.....Even though the roster reads "Last Man Club" of CHARLES WAG-NER POST # 421, this club never had any official sanc-tion of the Post even though most members were Le-gionnaires, and the wording was an error, or wishing was an error, or wishing thinking, on the part of the roster designer.... Presently, P. C. Henry Brengel and Petition and Charter Member, Fred Turner, Constitute 2/5's of the "Last Man Club's" roster.... Dear Sunta Club serves accept Santa Claus, please accept the apology of Membership Officer, Hay Gamble (whose lace is the color of your suit), he foundyour check and is most humble.....There will be a final meeting of this year's Executive Committee on Thursday night, MAY 13, at 8:30 P.M.

STATE FINALISTS

The Hicksville Yankees did it again and became one of the last two teams still alive in the battle for the Southern New York State Soccer Cup. Coaches Pat McHugh and Bill Cresham McHugh and Bill Cresnam reached deep down into their bag of tricks and came out with 4 big goals against the under 19 Queens United semi-finalist. The defense was flawless and registered the team's fourth shutout this season and second in a row against teams two years

The game was played at Concordia College in Tuckahoe, N.Y. last Sunday after-noon and the 20 parrents and friends accompanying the team were treated to a tremendous display of soccer skill, determination and composure by the boys and a masterful job of coaching by Messrs. McHugh and Cresh-am. The two teams felt each other out until the 19th minute when Steve Thompson sent a bullet into the upper right hand corner of the net from 25 yards out. This was all that was needed and really brought the learn up. Dave added an insurance goal just before halftime.

the second half, the

Yankees continued to dom-inate which forced their op-ponent completely off their game. This is a tribute to the boys and certainly to the halftime discussion by the coaches. Queens United became so frustrated, they wound up the game with two red cards (ejections) and four yellow cards (warnings). In the meantime, Dave Smyth added the icing and candles to this big cake by scoring two more goals completing his 'hat trick' for the day. Besides Dave and Steve Thompson, superb performances were put in by every Yankee Bobby, An-drus, Kevin Cahalan, Vinny Christiano, Billy Cresham, Jimmy Demarco, Steve Do-Jan, Jeff, Kitt, John McCann, Paul McGeough, John Mit-chell, Mark Schindler and Gene Tyranski and Steve Barell sharing the goal-keeping duties. Adrian Pei (who'll rejoin the team next week) and Jimmy Mc-Geough (injured) cheered teammates from the

The boys have had three very tough games to advance this far but next week's game, the State Cup Final, will once again be their biggest challenge.

CANNONBALL 1973

By Pete Fujimoto
It was a busy weekend for
the Hicksville Cannonballs. On Saturday they traveled out to exit 62 of the Long Island Expressway to meet the Sachem Renegades. Tommy Baron of the Hicksville Team scored the first goal.

Also on offerse during the game were Jason Pinsky, Toomas Niemann, Brian McNamee, Gino lanucci, Larry Bag, Les Spense and Alex Shevchenko. An exciting diving save by goalie Danny Fujimoto robbed the Sachem Team of a tieing goal. The defense made up of David Knuth, Danny McGoey, Brian Sierra and Michael Donovan worked to maintain a 1 to 0 gether to maintain a 1 to 0 lead at half time. During the second half the Renegades scored a goal to tie the game.

Some of the issues that the residents of Hicksville and the trustees of the future will have to face, in my opinion, will be:

A. Funding-state and federal grants. Will they stay the same, be reduced, and how will the district compensate for this loss?

B. Maintaining and improving the educational process for all.

a. Improved test scores, especially math and reading

b. Special Education not only to abide by standards of all the laws, but to do better than requirements

c. Guidance to motivate students to increase their knowledge through study and to prepare them better for life after high school.

d. To maintain and improve the areas of art. physical education, music, and foreign language.

C. Long-range planning, not only for facilities and funding but, mor importantly, the education more process. How the district will process. How the district times, updating of curriculum and textbooks The school budget that is going to be voted on May 26. 1982 has sufficient money to cover all our present educational needs and some money to address our future educational needs. The total sum of the money in the think contains some excess which could possibly reduced. However, strongly recommend a yes vote on the budget.

On one end we have proposals to grant tuition tax credits to parents whose children attend private schools; and on the attend other end the Levittown decision is waiting to attack the current structure for financing schools. community.
The other issues I would like to call attention to are in the long range area. We will be facing within the next two years a major change in the manner of state funding of ducation. At that time Hicksville may lose money, and this will mean that the Board of Education will have to make adjustments and reevaluations to make the best use of our allocated funds.

The other area that we will have to work on is long range planning regarding the best utilization of our staff and buildings. I believe the new Board will have to seriously start planning for the future before it becomes the present. I pledge to do my best in these areas of concern.

As a child sitting in the pew, I would study the faces pew. I would study the faces of people returning from the altar having just received the Sacrament. I was impressed with how sad and glum they all looked. As I grew older and understood the meaning of the Sacrament, I thought, how inappropriate to have knell at the altar of Almight God, received the body and blood of Jesus Christ, be freed from the consequences of all from the consequences of all from the consequences of all sins, strengthened by the Holy Spirit, enabled confidently to look forward to the treasures of paradise, and then to walk away with a long face, eyes cast down, and not a trace of visible happiness. The expression of the worshippers would have been more appropriate had been more appropriate had the pastor handed them a scolding rather than the priceless gift of paradise.

The good news of God's love and his forgiveness communicated through his Word and Sacraments is the word and sacraments is the best thing we could ever receive. Compared to this, winning the New York State Lottery would be insignificant-for a million dollars is only money. If; we, through faith, open ourselves up to God and allow our hearts and wills to be united with his, when we look into ourselves we will find ourselves alive with his joy. Our state of sadness measures our attachment to oursleves. There is much sadness in the world, and if we do not live life apart from. God, our sadness is a true reflection on how things are. A life in which God is absent is a sad life.

Too many Christians practice a religion of the cross - they become wit-nesses to the absence of God. But our religion is not the religion of absence but of presence, the presence of a resurrected Christ. Our lives need bear witness that we have been freed to be - to no longer be yoked to the slavery of unhappiness and a gloomy, pessimistic walk through life. We have been freed from bitterness and resentment that comes from an unloving, unforgiving spirit. Instead, we are yoked spirit. Instead, we are yoked to Christ by Baptism, and we can be children of joy. The Holy Spirit which entered us at Baptism is a happy spirit. REGISTERED, INSURED (Continued from page 3)

\$500, the cost is \$3.60.

A return receipt costs 60 cents extra, but it will allow the sender to have a written receipt of when and to whom the item was delivered. For a return receipt indicating to whom, the date and the address where the item was delivered, the fee is 70 cents.

Restricted delivery ser-vices is also available with gistered mail. It allows delivery only to the ad-dressee, or to someone who is authorized in writing to receive mail for the ad-

Insured mail is a good bet if you are sending birthday, wedding or other gifts or fragile items. First-Class Mail, Priority, Third and Fourth-Class mail may be insured. Insurance, availa-ble for merchandise only, can be purchased for materials mailed which are valued at less than \$500. Insurance rates, like registered mail rates, vary according to the value of the material being sent. If ar-ticles are insured for more than \$15, a receipt of delivery is signed by the recipient and filed at the delivery post office. The insurance enables you to receive payment for domestic mail that has been lost, rifled or damaged. You

may request a return receipt or restricted delivery when sending something insured for more than \$15.

Certified mail is your best buy if you are sending im-portant letters, insurance forms, emtracts or bids for business contracts mailed at the Firs Class rate. At 75 cents pl/3 the charge for postage, certified mail costs less than registered mail. It should be used when the

sender requires a receipt as proof of mailing. The coupon receipt is postmarked to establish the date of delivery A record of the delivery s also kept at the addresses not office for two years, but no record is kept at the office from which you mailed the material.
You may request a return receipt a restricted delivery with cerafied mail.

Certif d mail service is provide only for First-Class or Prio ty Mail containing no intri-sic value, and in-surance a not available.

Certi ed mail labels, which can be obtained from your load post office, must be completed by the custoer for his type of mail.
