School Board Meeting

Hicksville Graduation Requirements Raised

By Rosemary Grant

Graduation diploma requirements were raised to 20 1/2 credits and Senior Citizen Privileges were revised allowing residents who are 60 years of age to receive senior passes in resolutions passed by the Board of Education at the June 23 meeting.

The Board also approved a limited high school summer school program starting July 6. Registration will be on July 2.

Authorization was approved to release securities pledged by the depository for the district's bank deposits and the board handled routine business regarding finances and personnel.

President John Ayres commented favorably regarding Mr. Weigang's handling of district financial affairs. "We have the lowest interest in the state on our offering for tax anticipation notes for the coming year," Mr. Weigang reported.

Vice President Virginia Germer, who is leaving the Board effective June 30, was presented with a plaque

indicating her years in service on the Board. "She will remain active in the community and we look forward to seeing her at future Board meetings," said Mr. Ayres.

A large group of the Council of Administrators, led by President William Granville, appeared before the Board to express frustration because they have no contract agreement. They expressed the desire to meet with the Board at any time to negotiate. President Ayres indicated there is "a procedural process, including fact finding, going on."

Iris Wolfson asked for the current enrollment for BOCES in the fall. Superintendent Wilber D. Hawkins replied "There is approximately 305 students attending BOCES in the fall—100 less than we sent this year."

Superintendent Hawkins also reported that 9 students, who have not met their Phy Ed requirements, will not receive diplomas on Sunday. The commencement exercises will be held at 2 p.m.

The Board was presented with a report on the Great

Books Programs which was presented this year to above average readers. Projects of the students reflecting their reactions to the program were displayed.

Policies regarding job descriptions were presented to the board for discussion

and will be presented for adoption as formal policy at subsequent meetings.

The Reorganization Meeting of the Board will be held on Tuesday July 6, at 8:15 p.m. in the Conference Rm. of the Administration Building.

LEGIONNAIRE'S LOG

By Artie Rutz

CHARLES WAGNER POST # 421
HICKSVILLE, N.Y.

"One Of The Grass Roots Of The American Legion"

Like Charlie Dickens' "Tale of Two Cities" opening sentence, "It was the end of a time; it was the beginning of a time" and that's what last Monday's meeting was all about....Commander Lou Braun became Junior Past Commander Lou Braun and Past Commander Ray Gamble became Commander Ray Gamble. Sounds confusing, but really quite simple because Ray is a 'retread' Commander now serving his second term....But Ray is an old hand at this retread business, having served in Uncle Sam's Navy in both WW2 and the Korean War with time off for some civilian life in between the actions....The

newly elected Staff for 1982-83 was properly installed by County Commander Jim Middleton and his Staff of Treasurer Bill Dunn, Adjutant George Lewis and 3rd Division Commander Jim Blake....Our meeting hall was enhanced by the presence of a goodly number of our Auxiliary Unit members headed by President Ellen Tietjen and Past Presidents Anna Brengel, Cynthia Hochbrueckner, Marie Gamble, Lil Molinari, Ethel Habenicht and Gertrude Reichen....One of the first actions of our new Commander was to remind one and all that our very next LAS VEGAS NITE is tomorrow night, JUNE 26th, so come

on down and do your bit....Games start at 8 P.M. and run till 2 A.M. Sorry to learn that Hicksville has lost the much famed St. Ignatius Girl Cadets Drum & Bugle Corps to the Nassau County Republican organization....They sure helped put Hicksville on the map all over the country and may their fame spread even wider under their new sponsorship....This was, and is, one of the greatest Child Welfare programs going anywhere and merited much more support from Hicksville organizations than was received....Attention All Past Commanders: Our annual Dinner Meeting is set for July 1st at the Old Lighthouse (formerly Frank's Alibi) on Old Country Road at 8 P.M....There will be an open menu and bar so what you eat and drink will be your responsibility....Call Lou Cesta and let him know if you are coming in case you haven't already made your commitment so suitable seating space can be arranged for you and your date....This promises to be one of the best attended Dinner Meetings we have ever had so don't miss it....Thursday, July 1st, 8 P.M. at the Old Lighthouse is the time & place....Junior Past Commander LOU BRAUN will be serving as 3rd Division Americanism Officer this year and will be getting experience in county style Legion programs....After 11 years as

head of our Ways & Means Committee, Jack Reichen has relinquished title & responsibility but remains as the Major Domo of our LAS VEGAS crew....This year July 4th falls on a Sunday so that the holiday will be properly celebrated on Monday, July 5th and this is the day our Post is responsible for putting the flags along Broadway and our able Americanism Officer Dick Evers always handles this program with dispatch....Now that July 5th is a Monday and our meeting night, the meeting will automatically be held on Tuesday, July 6th....And this is the year for activities on behalf of the county by Past Commanders of Charles Wagner Post as Dick Hochbrueckner will handle Membership; Wes Tietjen has Rehabilitation and Ray Gamble will again be Memorial Library Officer for the 3rd Division....Our Auxiliary Unit will hold a Flea Market at the Post, this Sunday, June 27 from 9 A.M. until 5 P.M. so you all can come and spend the money you won the night before at our LAS VEGAS NITE in the same hall....If you can help Dick Evers with the flags on July 5th, please give him a call as many hands make fast work....And now is the time to bring in those candidates for membership in Charles Wagner Post, this is the very beginning of a new Legion year, let's make it the greatest!!!!

don't really help the farmer, but produce huge, expensive surpluses, require the government to buy and store food until it rots, keeping food prices artificially high. Kent said this penalizes the consumer from two directions: higher-than-necessary food prices and higher taxes. He will be working to shift federal funds for such programs to restore planned reductions in spending for programs for which there is a real need; Medicare, Medicaid, cost-of-living adjustments for Civil Service Workers, student loans, etc. He will continue to support those things that his constituency advocates.

Dear Friends...

PEOPLE IN THE NEWS: people in the news this week and next, are hundreds and thousands of high school graduates throughout our Country. We wish them all well and conclude this column with a short poem, whose author, though unknown to the writer, has expressed much that can be used by each graduate, as he or she approaches the next step in their lives

TO ALL OUR GRADUATES

If you'll remember always
There's no goal you can't achieve
If you'll try your very hardest
And, above all else, believe...
Believe that you're a person
Who has something good to give...
Believe that you can make this world
A better place to live.
If you'll believe your talents
And your skills are needed, too
Then you're sure to find there's nothing
In the world you cannot do.

National Award Winner

Andrea Mola, daughter of Michael and Audrey Mola of Hicksville, has been named a 1982 United States National Award winner in Foreign Language; it has been announced by the United States Achievement Academy.

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less

than 5% of all American High School students.

Andrea, who attends Hicksville High School, was nominated for this National Award by Anthony Niceforo, head of the Foreign Language Dept. at the school.

Andrea will appear in the United States Achievement Academy Official Yearbook, published nationally.

COMPTROLLER KING TO AUDIT WLIW TV: Nassau County Comptroller Peter T. King announced at a recent news conference in Mineola that his office was auditing the books and records of WLIW TV - Channel 21.

King stated that Channel 21's decision to cancel the evening news program "Newsview" raises "serious questions" whether Nassau County should continue its annual contribution of \$150,000.00 to Channel 21.

A Winning Combination

By Supervisor Joseph Colby

Theodore Roosevelt's words are as apt today as they were in 1904 when he delivered them in a speech at the Groton School in Massachusetts. To all of our graduates in the Town of Oyster Bay, I commend these words of Oyster Bay's favorite son. He knew of whence he spoke.

The preparation that you, the graduate, have undergone during the past years, has not only been aimed at the accumulation of knowledge, but more importantly has striven to teach how to use that knowledge in a

practical day-to-day way. Learning facts and figures is important; understanding how to apply that knowledge on the path toward responsible adulthood is even more important.

The education provided by the many fine school districts and colleges throughout the Town has always been geared toward preparing students to make future choices intelligently and with foresight, whether it be to continue the educational process or to begin a career. The choices open to

students in this day and age are as limitless as the stars, but how important it is to keep both feet planted firmly on the ground!

I hear of many young people who are discouraged to find that the adjustment to college life is so difficult, or that the job market is really very tough. I encourage these young men and women not to forget the lessons so recently learned in school...lessons in patient perseverance and just plain hard work. There are many who will attest, myself

included, that no matter how starry-eyed the start, success depends on hard work and determination and the practical application of all you have learned.

And so to all of the graduates in the Town of Oyster Bay this June, I offer congratulations and my sincere wishes for your success in the future. And I offer a suggestion as well...that you use all you have learned to aim for the stars, as long as you remember to keep both feet firmly planted on the ground.

By Sheila Noeth

At The Town Board Meeting

At its regular meeting held in Oyster Bay on Tuesday, June 22, the Town Board acted as follows on the following local matters:

A LONG, LONG HEARING

In a hearing that lasted over 6 hours, the petition of Mr. Gilbert Tilles for a change of zone from Res. A and Res. B-A Districts to Res. B-A, B-1 Res. District and Re. D-1 Districts on the 81-acre former Underhill property on the north side of Jericho Tpke west of its intersection with Cedar Swamp Road (Route 107) on which Mr. Tilles seeks to build 220 homes, with 2.7 units to the acre, a portion of which would be Res. D (8,000 sq. ft.), the northern section would be B-1 (1/2 acre) and a small northwest section would be B-A (1-acre clustered). Mr. Herbert Balin, Tilles' attorney, with the aid of four experts, presented this plan which he explained was a compromise after conferences with the Joint Jericho Civic Council, whose president, Mr. Richard Berkenfeld testified in favor of the petitioner's plan, as did Mr. Martin Silbert of the West Birchwood Civic Association and Mrs. Sid Able of the Jericho Parent-Teacher Association. This presentation and testimony ended before noon.

Then the opposition which was spearheaded by the Brookville Taxpayers Association, made a lengthy opposition presentation headed by their attorney, Mr. Jack Bernstein, a well-known zoning lawyer, who called on a retinue of experts to give testimony in opposition to Mr. Tilles' petition. Ms. Sarah K. Nayland, co-director of the New York

State Legislative Council on Water Resource Needs of Long Island, opposed the petition in a six-page statement which she read. Mr. John Kalyan, biologist read a lengthy statement in opposition. Mr. Steven Englebright, the curator of geology and director of the Museum of Long Island Natural Sciences at Stony Brook, also opposed the petition, reading another lengthy statement. Finally, Mr. Robert Maniello, a land designer of Huntington, presented an alternate plan calling for 101 residence units of clustered single family homes. All these experts concluded that watershed lands that can be preserved benefit a wider community than that immediately adjacent to the property in question.

Mr. Balin, Mr. Tilles' attorney, rebutted the Brookville Taxpayers opposition and particularly their alternate plan which he described as "a dream, impossible and impractical to build."

The Town Board reserved decision on this petition, which did not end until 4:12 pm.

AND OTHER MATTERS

The Board then heard the petition of the Syosset Holding Corp. for a change of zone from Res. C District to R-O Residence-Office District for a house located on the southeast corner of Jericho Tpke and Cedar Street with frontage on Jericho Tpke and the Seaford-Oyster Bay Expressway, across from the Animal Hospital in Syosset. Mr. Jack Coffey, attorney for this petitioner proposed an R-O zone for the

building to be used as a real estate management office and one other office which would employ 7 to 8 people. It was pointed out that an R-O Zone only permits 4 people in offices of this size. Mrs. Geraldine Sokolsky of Cedar St., presented a petition with 136 signatures opposing this proposed change of zone. The Thompson School PTA also opposed, as did Beverly Ferengut of 22 Park Drive and Mrs. Judy Jacobs of Woodbury who spoke in opposition. The consensus of those opposed was that, with the number of people and clients who would be involved in this proposed operation, parking would definitely become a problem in the area. Also they felt that there is a need for single family homes in the area. The Board reserved decision on this petition.

They approved FIVE RESOLUTIONS (No. 568 through No. 572) setting a July 27 hearing to consider MAP for acquisition for realignment of Convent Road in Syosset, Piquets Lane in Woodbury, Southwoods Road, northerly portion, Syosset-Woodbury, Southwoods Road, central portion, Syosset-Woodbury and Southwoods Road, southerly portion, Syosset-Woodbury.

They approved a resolution relating to the Map of Woodbury Pines at Woodbury.

They approved a resolution relating to a highway dedication Map of Riviera Court Estates in Plainview.

They approved a resolution relating to the award of a contract and authorizing consultants to proceed with the construction phase regarding storm drains and appurtenances on Gables Road and Gables Drive in Hicksville.

They tabled a resolution relating to the petition of Samuel Goldstein for a special use permit. The petitioner wanted to operate a deli in an existing store on Robbins Lane in Syosset. This hearing was held on March 9, 1982.

They denied the petition of Frank and Anna DiMaggio for a change of zone on South Oyster Bay Road, south of Walter Avenue in Hicksville, next to the Parks Dept. Building, where the petitioners had requested a change of zone from Residence C to Business F. Neighbors had appeared in opposition to this petition.

The meeting was finally adjourned at 5:40 pm.

The next regular meeting of the Town Board is scheduled for Tuesday, July 13 in Oyster Bay, starting at 10 am.

Yankees Still At It!!!

With most teams finished for the Spring Season, the under 17 Hicksville Yankees are still playing soccer with one League game remaining and in all probability, a play-off for the League Championship. Early in the season while concentrating on the N.Y. State Championship, the boys fell a few points behind Massapequa in the regular league. As State Cup games take precedence over league matches, they also had to postpone several league games which had to be rescheduled. After becoming State Champions, the Joseph Barry K. of C. sponsored Yankees came back determined to make a run at the League title. They handed Massapequa their 1st loss of the season and won a couple of more make-up games, eliminating North Babylon and Huntington from contention. At this point, the Yankees have 1 game left and if successful, they will tie Massapequa requiring a play-off.

In 21 games this season, the boys record is 16 wins, 4 losses and 1 tie with 62 goals scored and 24 against. They have done better state-wide but figures don't always tell the complete story. Coaches McHugh and Cresham intended this season to be a "warm-up for next year and entered these 17 year olds in two 19 year old competitions

The Hicksville Yankees (boys under 17) brought the under 19 State Championship home to Hicksville for the 5th consecutive year with 8 consecutive wins against 19-year-old teams from all over New York State!!

to gain experience. Of their 21 games, twelve of them were against 19 year olds and their record was 10 wins and 2 losses. The coaches certainly accomplished their objective; the boys definitely had a good season and gained a great deal of experience.

We will report on their final game next week but congratulations are surely in order to coaches Pat

McHugh and Bill Cresham and the players: Bobby Andrus, Kevin Cahalan, Vinny Christiano, Billy Cresham, Jimmy Demarco, Steve Dolan, Jeff Kitt, John McCann, Jimmy McGeough, Paul McGeough, John Mitchell, Adrian Pepl, Mark Schludler, David Smyth, Steve Thompson and goalkeepers Gene Tyranski and Steve Barrell for their nine shutouts.

Q: If you gotta dance... gotta move... and you're looking for more than an ordinary dance school, where do you go? A: Welcome to American Dance Machine/ Long Island

Who are we?

Well, we're not just another dance school, just as the American Dance Machine, the famous Manhattan-based company, is not just another dance troupe.

The ADM, and the ADM Training Facility, was founded by Lee Theodore (1982 recipient of the Dance Magazine Award). The purpose? To reconstruct and preserve the best of American Theater Dance. The result? The establishment of a company and Theodore calls it a "revue" for the musical theater, and a place for dancers who yearn to be Broadway gypsies.

In September, that unique American Dance Machine focus comes to Long Island. For the first time, residents of Nassau and Suffolk (as well as our Queens neighbors) will have the opportunity to take classes that go beyond the standard dance curriculum.

And that's what sets ADM/LI apart.

ADM/LI offers:
• classes in Theater Dance, Ballet for Broadway, Tap, Singing and Repertory

• registration for dancers on all levels—beginner to professional: children (8 years old and up), teens and adults
• instructors who are all working theater professionals
• master classes led by Lee Theodore and guest faculty from the American Dance Machine

AND... ADM/LI IS 15 MINUTES FROM ALMOST ANYWHERE
Our ultra-modern studios are centrally located on Willis Avenue, 2 miles south of Exit 37 Long Island on the Expressway

For more information regarding September registration call ADM/LI at 516-662-2717

August 13 ... August 13 ... August 13 ... put a red circle around this date on your calendar to make sure you'll be able to join our Club in a fun fest. A Barn Dance will be held on this date at the Galilee Lodge, 200 Levittown Parkway, Hicksville, from 8:30 p.m. to 12:30 p.m. We're planning a foot-tapping, finger-snapping, lip-smacking affair with good music, all the beer you can drink and snacks to munch on - all for the nominal price of \$5 per person. Whether you join in with the dancers or sit on your table to cheer the dancers on, we guarantee that everyone will enjoy themselves. More about festivity in a later column.

Our elected representative, Congressman Norman Lent announced that the

House of Representatives has finally agreed on a budget resolution that will help the taxpayers and our national economy! By a very close vote - 220 to 207 - the House approved a First Budget Resolution calling for continuation of President Reagan's Economic Recovery Program, including the vital three-year, 25 percent, across-the-board reduction in individual income tax rates. This vote is another positive step on the road to economic recovery.

However, Lent reported that he had some objections to some of the provisions in the budget resolution. In fact, he doubted that any Member of the House who voted for this budget resolution agreed 100 percent with

all of its provisions. To him, the most vital factor was that the beneficial economic effects far outweighed the negative aspects. It is important, too, to remember that this is only the First Budget Resolution. It sets tentative goals for the Congress. The final resolution of the entire federal budget is still ahead. There will be more critical votes. But the adoption of this resolution shows there is still a bipartisan majority in the House of Representatives strongly backing the President's Economic Recovery Program.

As the House continues work on the federal budget in the weeks and months ahead, Lent will be working to revise some areas of this First Budget Resolution. He will be working with other Members of the House who want to eliminate wasteful and unnecessary public works projects, like the Tennessee-Tombigbee Waterways and to reduce or eliminate costly farm price support programs, which

News From Eastern Savings

Eastern Savings Bank has taken an innovative twist to the "nickeling and diming" of NOW account customers by offering a bonus of up to 20 cents for each of the first 100 checks its new NOW Checking account customers write. That is in addition to the 5.25 percent interest the account earns.

Eastern will pay customers, who maintain at least \$1,000 in their new NOW Checking accounts for three months, 10 cents per check for the first 100 checks they write during the year after the account is opened. Payments of the per check bonuses will begin with the fourth month's statement the customer receives.

For those holding \$5,000 in their accounts for the first three months after they are opened, the bank is paying 20 cents per check, plus the 5.25 percent interest. To sweeten the pot even further, Eastern is offering 100 personalized checks free of printing charges.

According to Raymond Goldstein, marketing director of the nine-office bank servicing four New York Metropolitan area counties, the bank was seeking to enhance its position as providing one of the most reasonably priced NOW accounts in the area—and, perhaps the entire nation.

Engaged

Mr. and Mrs. William R. Thomas of Hicksville, announce the engagement of their daughter, Kathleen Rose to Mr. Edward Louis Pecinka Jr., son of Mr. and Mrs. Edward Louis Pecinka Sr. of Sycamore Ave. Bethpage.

Mr. Pecinka, a graduate of Bethpage High School, and Nassau Community College, is currently employed by Pecinka-Dumbach Corp. in Williston Park as a manufacturers' representative.

A wedding date has not yet been announced.

CITED: Eighth grader Paul Di Tola of the Hicksville Junior High School was honored for many hours of volunteer assistance to the Curator of the Hicksville Gregory Museum this past week. A Certificate of Appreciation for Outstanding Service to the Gregory Museum was presented to Paul by Richard Evers (right), Director of the Museum. School Principal Gerald Klein and Science Supervisor Marie Marshall shared the young "museum intern's" proud hour of achievement.

Opportunities for becoming familiar with museum operations are available to Hicksville secondary school students as a result of the School District - Gregory Museum service contract in effect since July, 1961.

IN 1852, LORD KELVIN SUGGESTED PULLING HOME HEAT OUT OF THIN AIR.

At 459°F below zero, there's still heat in the air. Imagine the reaction 130 years ago when a British scientist proved this principle. Especially when he figured out that it should be possible to use that heat in some practical way, by moving it from one place to another by some sort of mechanical means.

Time would prove Lord Kelvin right. Today, two million buildings all over America are kept warm in winter, and cool in summer, with just such a machine: the heat pump.

It works by removing heat from outside air and bringing it indoors. In summer, the same unit takes the heat from your home and releases it outside to provide clean, efficient central air conditioning.

Because the heat pump doesn't generate heat, only moves it, it's remarkably energy efficient. As the Department of Energy has reported, "Of all conventional heating systems available today, heat pumps alone can return more heat than they consume."

In fact, for every unit of electrical energy the heat pump uses, it extracts two units of heat energy from the air. That makes it the most energy-efficient home comfort system available, and a good way to get home energy costs under control.

For an illustrated heat pump booklet, in Nassau, write our Marketing Department, 250 Willis Avenue, Roslyn Heights, NY 11570 or call 228-2836. In Suffolk, write our Marketing Department, 1650 Islip Avenue, Brentwood, NY 11717 or call 348-6063.

Pulling home heat out of thin air may have been a strange and radical suggestion in 1852. Today, however, it's one of Long Island's most exciting energy alternatives.

The past has shown this to be true and the future portends nothing but the same.

For example: On Saturday, the 17th of July, the Galileo Lodge presents its Americana Day Dance, an

activity that emphasizes that great traditions of America. For the modest sum of \$10 per person, you will be offered a delicious hot dinner, beer, soda, coffee and cake, set-ups and music for dancing and listening pleasure. As usual, a "bring-your-own-liquor" policy will be in effect that night.

Then sometime in August, the Galileo Lodge offers its August Dance, an activity that highlights the moods and norms of the old-fashioned Italian weddings. Also enhancing the festive mood of this dance will be a Beauty Pageant, at which time a beauty queen will be chosen to represent the Galileo Lodge during the Columbus Day Parade. Tickets will sell

at \$10 per person, and the offerings will be the same as the July Dance, with the same liquor policy. If you are desirous of attending these two activities, please contact the Galileo Lodge Entertainment Committee, namely, Joe Giordano, Peter Masiello, Frank Matassa, Armand Del Ciooppo and Tony Coppola at 531-8351.

And interspersed here and there during the summer months will be fishing trips and golf outings, outdoor sports activities and possibly an Italian Feast, depending, of course, on certain factors.

What an organization stands for is important. How an organization thinks and reacts is also important. But

what an organization offers to its members, friends, patrons and to the community-at-large is of far more importance. Any organization, despite its makeup and composition, if it caters to such principles as the preservation and the giving of life, has to be of a morally sound nature. And on Thursday, the 17th of June, these principles were very much in evidence. That was the day when the Galileo Lodge presented its Blood Bank Day. It was very successful as the "donorships" presented an ample supply this life-giving commodity. Under the direction of Jim Perisi, chairman of this committee, assisted by Peter Masiello and many other members of the Galileo Lodge the successful conclusion of this program was inevitable, a fact which prompts Venerable Skip Monteforte to extend his sincerest thanks to all those members who gave and helped, and to all the Galileo

Lodge's patrons and friends who also helped and donated. Next year, it is hoped, the list of donors will exceed even this year's.

LODGE TIDBITS: Deeply sorry to hear of the passing away of Joseph LoCasto, who was a very active member of the Galileo Lodge. Our deep condolences to his wife Jean, who was a member of our Ladies Auxiliary, and to the Lo Casto family. Joe Lo Casto was a member of "The Astronomer", the Galileo Lodge's news bulletin; he was still very active in our Lodge's activities despite the fact that he retired to Leisure Village ... Peter A. Masiello, son of Peter Masiello Sr., of the Galileo Lodge, has recently graduated from Hofstra University with a Bachelor of Science Degree in Computer Sciences. His granddaughter Lori, who is the Wagon Girl at our Bingo sessions, celebrated her 16th birthday at the Galileo Lodge last Friday night.

Eastern Savings Bank also offers you free checking that's 100% free.

That means no minimum balances, per check or service charges. And, if you qualify, you can write checks for more than you have in your account with Cash Reserve Checking.
