On June 20-June 21 a robbery took place at the Long Island Lighting Company plant located at 175 Old Country Road in Hicksville. The mode of entry seemed to be a key. Reported loss included an IBM computer, 2 Remington typewriters, an Argus sideviewer and a Monroe adding machine.

The Clerk, Neil Hetherington, 21, was alone in the B & B Delicatessen, at 351 South Broadway, Hicksville when the suspect entered and demanded the store's money. Hetherington had just opened the cash register and attempted to close it when the suspect put his hand in the cash drawer and took the money. He then fled the store through the front door and escaped in an unknown manner and direction.

Hetherington, who was not hurt during the robbery, described the suspect as a M/B, about 21, of muscular build, light complexioned, had a thin mustache, wore a blue work shirt and blue work pants.

The Eighth Squad is investigating.

Thomas Sachs the owner of T. Sachs Jewelers 962 S. Broadway, Hicksville had just locked the front door, and was preparing to put jewelry away when two male whites approached the door and stated "I gotta get a gift". Mr. Sachs let the two men into the store, one of which asked to use the bathroom and started walking toward the rear of the store, while the other produced a black revolver and said "Give me everything you have and don't make a sound". The victim put approximately \$50,000 worth of jewelry and \$550 cash into a brown leather gym bag that the robber had brought in with him and then was forced to lie face down on the

floor while the two perpetrators escaped on foot.

Subjects are described as M/W 28-35 years 5'9", 5'10", 160-180 lbs. Dark Med length hair. Both wearing Dark glasses, Jeans and sneakers. The Eighth Precinct and Robbery Squad are investigating.

At approximately 8:01 p.m. on the evening of June 27 some person or persons threw a homemade incendiary device (molotov cocktail) at the rear window at 79 Constable Lane, Levittown, the residence of Ruth Bernstein.

The device did no other damage than shatter the window. There has been no other such incidents in the area. The Arson Squad and Fire Marshall's Office are investigating.

# LEGIONNAIRE'S LOG By Arlie Rutz

CHARLES WAGNER POST # 421

HICKSVILLE, N.Y.

"One Of the Grass Roots Of The American Legion"

Increasing Soviet influence in the Western Hemisphere was noted by The American Legion and our organization reacted in 1980 by establishing The Western Hemisphere Task Force .... This was accomplished by the National Executive Committee at its Spring meeting through the adoption of Foreign Relations resolution # 32 .... Charged with the problem of gathering and evaluating information on the Western Hemisphere, the members of the task force have worked closely with the staff of the Foreign Relations Commission .... Together, they have carefully developed American Legion policy based on the four Western Hemisphere Task Force reports which have been submitted and subsequently approved by the National Executive Committee since its inception .... The increasing violence in Central America, and the establishment of Soviet oriented governments in many of the Caribbean nations have caused the task force to direct its attention toward the Soviet and Cuban involvement throughout this strategic area .... Concentrating its fourth and most recent report on the Caribbean Basin, the task force has carefully considered the content of its 3 earlier reports and produced a thoughtful assessment within this region .... Please note that Committees in both the House and Senate are at work and have held discussion and considerations of the Administration's Caribbean Basin initiative, legislation which would provide foreign assistance to 28 Caribbean countries .... Now, to inform Congress of the foreign relations policy of The American Legion, copies of The West-

ern Hemisphere Task Force Report on the Caribbean Basin were sent to the Chairman and members of both the House Foreign Affairs and Senate Foreign Relations Committees .... Attached to the task force report were copies of the recently adopted Spring NEC resolutions 9, 10 and 11 which specifically state LEGION FOREIGN POLICY on El Salvador, Central America and the Caribbean Basin .... The strategic importance of the Caribbean Basin nations cannot continue to be taken for granted .... The nearness of this region to our United States has prompted the Legion to recognize the national security threat that our nation faces due to the expanding communist presence .... This presence could not only disrupt our nation's security but also our economic well being .... The fact that nearly 50% of our

imported goods and 75% of our oil imports travel through the Caribbean, including the Panama Canal, clearly indicates the vital importance of that region .... And Congress in its ignorant wisdom gave away the Panama Canal despite strong Legion opposition .... Do you recall that fact??? .... The

nations of the Caribbean Region are faced with three interrelated problems which the United States must help to solve .... Contained within the task forces report are recommendations which, in the Legion's view, will help to provide solutions to the problems of economic instability, underdevelopment

and communist aggression .... Citing the Administration Caribbean Basin plan, the report suggests an expanded initiative comparable to a "Marshall-type Plan" which would provide greatly increased assistance over several years .... Hand-in-hand with this, united hemi-

# Fireworks are Illegal ...and Illogical

By Francis T. Purcell Nassau County Executive

I am certain that everyone in our county knows that fireworks are illegal. That law includes such varied explosives as M-80's, cherry bombs, firecrackers of all sizes, roman candles and all other similar fireballs shot into the air or scooted along the ground.

The reason behind the law is very simple: there is a terrible danger in fireworks. They are explosive and they are fire in a most virulent form. To store and keep fireworks is a danger. To handle them is a danger. To fire them off is a danger ... not only to the shooter, but the entire community.

It is, therefore, logical that people have nothing to do with them. Yet, every year there are deaths, horrible injuries, and property losses directly attributable to fireworks.

I am not unaware of the excitement involved with fireworks. I grew up in an era when fireworks were legal and every boy worked and saved and schemed to get a supply for the Fourth of July. In those bygone days, however, we weren't dealing with the kinds of explosives now being marketed illicitly. We had firecrackers that were mostly paper ... and a good many of them didn't work anyway. Nonetheless, a lot of kids were hurt using them.

As time went on and the explosive quality of fireworks increased, so did the

number of homes, people and businesses all through our area. To shoot fireballs into the air over our neighborhoods of private homes is downright reckless. For that matter, setting off an M-80 in the middle of a football field is reckless, too. Those mini-bombs can blow a garbage can to smithereens ... and that means metal flying through the air like the fragments of a hand grenade.

These same explosives in the hands of vandals can cause tremendous damage if fired in the vicinity of buildings - schools, stores, offices - by accident or design. That's why the Nassau County Police Department, and every other police authority, is bending every effort to stop fireworks use this year and every year. The county police have been successful in slowing fireworks sales and use and the results are clear. There were fewer reported injuries last year than in the prior three years. There were also fewer arrests.

Special patrols and specifically designated investigative teams are out full-time in our anti-fireworks program. Don't allow your children to become statistics this year, either at a hospital with injuries or at a precinct house as an arrest. Don't buy them to shoot off for the youngsters to watch. It just isn't worth it.

Better to check your community bulletin board or newspaper to find out where the many sanctioned fireworks displays are being offered. Get off the lawn chair, gather the gang, and go watch experts put on displays to honor July 4, our day of freedom.

## Tennis Lessons

Group tennis lessons with professional instructors will be available at certain Nassau County Parks during July and August. The fee for a three-week session meeting twice weekly is \$20.

All classes run for one hour between 9 A.M. and 4 P.M. weekdays. There will be evening classes in September.

The first Summer session begins Monday, July 12 and the second, August 2. Registration is now open at the individual park offices daily from 9 A.M. to 5 P.M.

# "L.I. News Program Can Stay On The Air," King

Long Island's only televised nightly news program scheduled to be cancelled this Friday, June 25th, can remain on the air, Nassau County Comptroller Peter T. King said today.

King disputed the contention of the president of WLII-TV, Channel 21, that it must discontinue the news program because of financial difficulties.

A review of WLII's financial statements by the comptroller's office indicates that the program, "Long Island Newsview," can be saved, King said. He pointed out that the station projects a 1981-82 year end surplus of \$260,000.

The Nassau County Comptroller is authorized to audit the books of the educational television station because the county government provides it with an annual subsidy of \$150,000.

"Implicit in the provision of this subsidy is the obligation of Channel 21 to provide coverage benefitting the taxpayers who underwrite the subsidy," King said. "Almost everyone but the president of WLII agrees that 'Long Island Newsview' is an essential element of news coverage."

King challenged Channel 21's claim that cancelling "Newsview" will save the

station \$190,000 annually. He said his auditors put the figure closer to \$132,000.

"It is the responsibility of public television to provide coverage not available elsewhere," King said. "New York City-oriented commercial TV stations have ignored Long Island news coverage for as long as they have been in business."

"Channel 21's unique focus on Long Island news is critical and must be preserved."

King presented an analysis projecting Channel 21's budget for 1982-83 which shows that the station can continue "Newsview" and still complete the fiscal year

with a small profit. (Analysis attached).

In addition he suggested that the president and board consider such options as restructuring debt to decrease annual cash outlay, maximizing income from rental of positions on its antenna tower, and limiting capital acquisitions to amounts received from grant sources.

"Channel 21 has done an excellent job of increasing revenues from fund raising among the general public. It must continue this effort, especially in light of a reduction in federal government aid," King said.

## Eisenhower Park Activities Center Reopened

The Activities Center in Eisenhower Park was reopened on Tuesday, June 22, at an 11 A.M. ceremony, County Executive Francis T. Purcell announced. The center was closed two months ago for installation of a sprinkler system.

The center, a large frame building near the Merrick Avenue entrance to the park, is used primarily by senior citizen groups. It was closed in mid-April after a Fire Marshall's inspection revealed that the lack of a sprinkler system constituted a fire hazard. The clubs, groups and people who regularly use the facility appealed to Purcell for help since their activities were shifted to other less accessible parks.

Purcell made a personal inspection of the center, met with county engineers and ordered the work done on a

priority basis. A 24-inch high pressure water main was tied into the building and a sprinkler system installed to conform with fire regulations. After work was completed and fire Marshall's approval gained, the Department of Recreation and Parks was directed to reopen the building and reopen meeting activities schedules.

"I am delighted we were able to have the work done in reasonable time and that we are able to restore the schedule for the good people who use the building," Purcell said. Most of the work was done in-house by Public Works and Parks personnel. "We realized that closing the building was a hardship on many older people and that travel to other facilities could be difficult, if not impossible. I thank them for their patience and understanding."

**STUDENTS AT OLD COUNTRY Road School in Hicksville showed their concern for others by participating in a March of Dimes "read-a-thon" to raise money by reading books. The students raised nearly \$1200 for the March of Dimes in this second year of participation in the program.**

## A Happy Occasion

On Sunday, June 6, Cynthia Lynn Shell was Baptized in St. Bernard's R.C. Church in Levittown. Her parents, Pat (nee Murphy) and Rob, held a party at their home in Levittown following the ceremony. Pat grew up in Hicksville and is a graduate of our local schools. Her parents, Hilda and Bill Murphy, are longtime Hicksvillites and still

reside in our community. In addition to the Murphy clan helping celebrate this momentous occasion, Rob's parents flew up from Florida; his sister, Linda, was present; and Diane and Bruce Conlin, Cynthia Lynn's Godparents, also attended the festivities. Best wishes, Cynthia Lynn, and to your parents, too.

For the bad that needs resistance  
For the future in the distance  
And the good that we can do."

A public hearing will be held on July 13, 1982, regarding the petition of the Midhampton Asphalt Co., Inc. for a special use permit to install and maintain a portable asphalt plant located on the north side of Duffy Avenue, approximately 695 feet east of Charlotte Avenue. We are diametrically opposed to the installation and operation of this asphalt plant!

Although the location of this proposed installation is zoned for light industry, it is adjacent to a heavily populated residential area. We do not consider this light industry but a manufacturing process that will pollute the surrounding area with unhealthy odors and noise. Please make your objections to this unsightly health hazard known to the members of the Oyster Bay Town Board and our elected officials. The public hearings on this matter will be held at the Town Hall meeting room, main floor, located on Audrey Avenue, Oyster Bay, at 10 a.m. and again at 8 p.m. the same evening. If you are unable to attend either of these meetings, please send a letter to the Town Clerk or the Members of the Town

Board at the above address voicing your disapproval of this encroachment on our homes and environment.

Slowly, but surely, if a halt isn't called to the insidious creeping heavy industry in the vicinity of our homes, not only will the appearance of our lovely community deteriorate, but so will the value of our residences. The resale value will plunge due to unsightly, unhealthy and odoriferous surroundings.

Another firm has made application to the Town Board to permit the manufacturing of asphalt and for permission to store petroleum in quantities greater than "tank car lots." That's a lot of oil! This firm, the Twin County Recycling Corporation, is planning to install their asphalt manufacturing and petroleum storage plant almost directly north of the Midhampton Asphalt Co., Inc. facility. The Twin County operation's location is located on the southerly side of West John Street, 400 feet west of the corner of Lombardi Street, and runs back to the railroad. Since West John Street and Duffy Avenue run parallel to each other, separated by the Long

Island Rail Road tracks, this means these two proposed asphalt plants will be practically back-to-back and both fronting on residential areas. The combined detrimental impact of these two processing plants is intolerable.

It is time to make yourself heard regarding the physical appearance of Hicksville. The only way our elected officials can be true representatives of their constituency is if you let them know how you think and what you want for our hamlet.

Responsible residents of Hicksville are not unaware of the tax benefits accrued to our community by the influx of businesses to our area. However, thoughtful and considerate planning of the location of industry should be of prime importance to the Town of Oyster Bay Zoning Board and the members of the Town Board.

Another option to inform our Town representatives is to circulate a petition in your neighborhood and either mail or present it to the members of the Town Board. A facsimile of such a petition follows:

TO: THE HONORABLE MEMBERS OF THE TOWN BOARD OF THE TOWN OF OYSTER BAY

We, residents of the Town of Oyster Bay, strenuously object to the application of TWIN COUNTY RECYCLING CORP. for a special use permit to allow the manufacture and recycling of asphalt and the storage of petroleum at West John Street, Hicksville, NY.

This same format can be used to express your disapproval of the proposed installation and maintenance of the Midhampton Asphalt Co., Inc., but this would have to be presented to the Town Board no later than the public hearings to be held on July 13, 1982.

It doesn't matter which method you choose to express your views, but please USE at least one METHOD... Hicksville and your neighbors need your valuable input on this situation.

## Dear Friends...

FIRST OF ALL we'd like to remind you that every year at this time, we have a tremendous amount of graduation and "On the Campus" news. As usual, in the space available, we will keep on using as much of this type of information as possible. We are sure that your news will be appearing in the very near future. You just keep sending your news in... we'll carry the ball by printing it, just as soon as possible.

THANKS TO A FRIEND who shared the following signs of improvements in Hicksville with us...

Brass Bed Store in new Broadway Building (formerly Jim's Shell Gas Station)... tucked away in Bloomingdale Ave Hicksville Road Shopping Center is a cozy new Coffee Shop called Cafe Del Sport. They serve espresso and delicious Italian cookies and cakes and are open until 10 at night... the old A & P store on South Broadway is being converted to a clothing store... another brass bed store is coming to the Newbridge Rd-Old Country Rd Shopping Center... the Mid Island Bowl closed and the building will be converted into offices... pro shop from the Mid Island Bowl has moved to Jerusalem Avenue near the Railroad Station... the old Hedges Restaurant on Jerusalem Avenue is remodeled and is now an auto parts store, thus eliminating what had become a terrible eyesore in recent years.

Stay well and enjoy this long weekend... have a happy and SAFE Fourth of July.

## St. Ignatius Girls And The Nassau GOP: A Definition of Terms

Donald M. Graziose, Director of the St. Ignatius Girls Drum & Bugle Corps, has issued a statement concerning an article which was released by the Nassau County Republican Committee and published here on June 11, 1982.

"Basically, the article was to be an announcement of the Committee's vote of April 16th in favor of our appeal for help with fund raising and recruitment," Graziose said, "but somehow the text of the release did not cross my desk for review, and it was published with a few inaccuracies." He then defined the sponsorship agreement and made the following corrections:

"The Committee has generously agreed to help sell

tickets to our annual 'Pageantry in Brass' fund raiser on July 17th, and to help with securing new Corps members. The financial benefit from the sponsorship will hopefully net the Corps some 14% of its 1982 budget.

"St. Ignatius Girls Drum & Bugle Corps has experienced no change in its excellent relationship with the St. Ignatius Loyola Parish, which provides the Corps its headquarters, as well as some of its rehearsal rooms, equipment storage, and vehicle parking.

"The Nassau County Republican Committee has become our single largest external sponsor, and the Corps will justly specify so its resume and in its

advertising. However, no change in the Corps name is planned."

Mr. Graziose said that, until the GOP sponsorship materialized, 98% of the funds needed to run the Corps was raised via the efforts of the girls themselves and the volunteer Bingo committee. "We're still not out of the financial woods by any means," he said, "but this offer of help from the Nassau GOP rekindles our faith in the existence of those who support juvenile decency. It gives us all hope."

When asked if he and Committee Chairman Joseph M. Margiotta were in agreement on his statement, Mr. Graziose replied: "Yes. Completely."

### Lutherans Are "Hangers-On"

In the insurance industry, customer satisfaction often is measured by "first-year lapse rate." If the rate is high, it means that within one year, a large number of people who purchase insurance are letting their coverage "lapse" by not paying premiums. Apparently, AAL members are very satisfied, because AAL shows the lowest lapse rate among major life insurers in the U.S. We like the fact that our members are "hangers-on."

# Magee, Vets Will Make Hicksville Lacrosse Force

By Howard Finnegan

Sophomore Mike Magee made a direct assault on Hicksville High scoring records, this spring, as he scored 27 goals and had 40 assists for the Orange Lacrosse team.

This flourish fell just two points short of the school record set by Kevin Miller in 1977.

With fourteen lettermen returning next season, Magee's efforts focus a bright light for 1983.

This year, the Orange won 7 and lost 10 in the stiff Nassau Conference One. Its champion, Farmingdale, went to the County finals.

Magee was selected to the

All Conference Team on attack.

Michael Meyer's selection as All Conference has been announced and his fellow team mates designated him as their most valuable player.

Tony Spinoso was selected as the 1982 Most Improved Player.

The Comets graduated only seniors. Returning next year after an exciting campaign are Chris Jordan, Jim Caddigan, Tim Nolan, Chris Dricks, John Panchookian, Mike Magee, Glen Ednie, Bill Dempsey and Gerry Valentino.

Scott Mulroy pitched a four inning shot out with no hits against him.

Billy Guarnera who played right field, went three for three at bat.

Greg Zampella, who played second base, stole home for the clinch of the game.

Steven helped with his two run home run. It's about

time, Steve, good game.

Even though I only named four players, every one else pulled together for this game to keep us alive.

I would also like to thank Bill Marin for coaching the game and making the right decision and the right moves.

# Galileo Lodge News

By Joe Lorenzo

**VENERABLE SKIP MONTEFORTE'S MESSAGE:** "Worse than a bloody hand is a hard heart." Percy Blythe Shelley

On Saturday, the 17th of July, the Galileo Lodge presents its Americana Day Dance in a gesture of pride and patriotism. For the modest sum of \$10 per person, you will be offered a dinner with all the trimmings, beer, soda, coffee and cake, set-ups and music for your listening and dancing pleasure. Please note that this affair features a 'bring-your-own-liquor' policy. Then around the end of August, the Galileo Lodge presents its August Dance which highlights the traditions and

customs of the old-fashion Italian weddings. Enhancing the mood of this activity will be a Beauty Pageant, at which time a beauty queen will be chosen to represent the Galileo Lodge during the Columbus Day Parade. Tickets will sell at \$10 per person, which entitles you to all the specialties listed for the above dance, including the same liquor policy.

Additional information concerning these activities can be obtained from the Entertainment Committee members, namely, Chairman Tony Coppola (796-3770) and Pete Masiello (938-4335), Frank Matassa (931-2843), Armand Del Cioppo (938-5052) and Joe Giordano (333-4555). Extra-added attract-

ions are an Italian Feast, if conditions permit, golf outing and fishing trip.

To supplement the above information concerning the August Dance, Venerable Skip Monteforte announces that the qualifications for all the young ladies aspiring to be the Galileo Lodge's Beauty Queen are: 18 to 21 years of age, unmarried, must be related to a male or female member of the Lodge, name, phone number and address should be sent as soon as possible to the Galileo Lodge, 200 Levittown Parkway, Hicksville, in care of Ven. Skip Monteforte. The Beauty Queen title (with its crown) is, quite an honor and we hope that receptiveness to this activity far exceeds our expectations.

## Dems Name Candidates

A complete slate of Democratic candidates was selected by the members of the Nassau Democratic County Committee meeting in two conventions.

Early in the week, in a joint convention with Suffolk Democrats in Melville, Robert Mrazek of Centerport won the designation over three other candidates to run in the new third C.D. Mrazek, the 36 year old minority leader of the Suffolk County Legislature is expected to be successful in one of the major congressional contests of this year. On the same evening Dr. John Worthley of Bayville, a management consultant with an international reputation and a former candidate for the State Assembly and Senate was named in the 5th S.D. for the seat now being held by Ralph Marino.

On Thursday evening the second convention took place at Roslyn High School and under the capable direction of Nassau Democratic County Chairman Martin L. Mellman the balance of the ticket was selected. Contests for many of the state committee positions were resolved at the ballot box, and delegates and alternates to the 10th Judicial District convention were approved. The major contest of the evening was the designation of Thomas "Dinapoli" of

Albertson for Supervisor in the Town of North Hempstead.

The highlight of the evening was the redesignation for office and acceptances by State Senator Carol Berman, 10th SD; and the members of Assembly Arthur J. Kremer, chairman of the prestigious Ways & Means Committee will run in the 20th AD; Angelo F. Orazio, 15th AD; May W. Newburger, 16th AD; and Lewis J. Yevoli, 13th AD. Barbara Blumberg, a former member of the North Hempstead Town Board, accepted the designation to run in the 7th SD.

In the only non-judicial countywide race, Roma Connable of Roslyn Estates was designated to run for County Clerk. A former press secretary to Senator Moynihan and aide to Governor Harriman.

Also designated were: for County Court: Judge Allan L. Winick (Woodmere) and Stuart Ain (Roslyn Heights).

For Congress: 4th District, Jeff Lisabeth (Syosset), a counsel to the Ways & Means Committee; 5th District, Arnold J. Miller, former Director of the Presidential Personnel Office (Hempstead); and 8th District, Congressman Benjamin Rosenthal.

For State Senate: 6th District, Tom Schilliro (East Meadow); 8th District, Joseph J. King (Massapequa); and 9th District,

Fern Steckler (Woodbury).

For State Assembly: 12th District, Susan Pierini (Massapequa); 14th District, Gabriel Rodriguez (Hicksville); 17th District, Fred L. Pollack (Mineola); 18th District, Barbara J. Patton (Freeport); 19th District, Jon Farber (Baldwin); 21st District, Janice Marcari (Rockville Centre); 22nd District, Gregory R. Blair, (Franklin Square).

## Plainview District Summer Program Funded

The Plainview-Old Bethpage School District is pleased to announce the approval of funding for a Summer Special Education Program for elementary school students. The funded

project was developed by Mr. David Kirsh, Special Education Coordinator and Dr. Thelma Lahm, District Reading Coordinator.

In contrast to similar programs provided in previous years, the purpose of the program is to provide an extended school year for handicapped students.

Eligible students are children who have received special educational and re-

source room services during the past school year. Tuition will be completely cost-free for parents. Transportation will also be provided for all children in the program. The program will be housed in

Jamaica Avenue School and will be implemented for six weeks from July 1 - August 12, Monday through Friday - 8:30 A.M. - 2:00 P.M.

The program will be staffed by certified personnel in special education, physical education, art, speech/lang-

uage, psychology, and reading. In addition to educational instruction, the children will participate in many exciting recreational activities, i.e., swimming, games, crafts and field trips.

Information and applications are being sent to families of eligible children. Additional information will be available by calling the Office of Student Services at 938-5400, Ext. 240.
