Suspicious Fire Damages Warehouse

A fire of suspicious origin caused an estimated \$30,000 damage to structure and contents at the Eastern Tile Co. Warehouse off Bethpage Rd. An unidentified passerby reported the alarm at a nearby alarm box. The alarm was received on July 18. 75 Vamps, 9 pieces of apparatus responded under Chief William Donlon.

The fire was knocked down quickly by Vamps but extinguishing hidden fire in roof beams kept Vamps

working to 9 p.m. The building did not have a sprinkler system, but the roof was of fireproof construction which was of great help to Vamps in slowing the spread of the fire. The Fire Marshal's office is investigating.

A fast-moving storm on Monday, July 19, caused Vamps to respond to 10 alarms in 15 minutes. Most calls were for fallen power lines and power surge damage in homes. None were serious.

June Fire Report
 Total alarms answered by Hicksville Firefighters in June, 1982 were:
 Fire calls—44
 Rescue calls—41
 False alarms—14
 Total 99

During the past week, Vamps responded to several bar-b-que fires. One was started with gasoline. The Fire Department has warned time and time again on the danger of using gasoline to start fires, just as they have warned homeowners to

install smoke detectors to save lives. It can and will happen here sooner or later. In either case, you are playing with dynamite—gasoline is dangerous and so is living in a home without a smoke detector.

Local Fire Dept. Champs
 Hicksville Fire Dept. Co. # 2 won the annual Department inter-company drill with 27 points. Co. # 7 placed 2nd.
 The drill was held at Station # 3 on July 18.

First Baptist Church Of Hicksville Announces New Pastor

At a congregational business meeting held on Wednesday, July 15th, the First Baptist Church of Hicksville, Liszt Street at Pollok Place, voted to call Rev. Kevin J. Rawlins of Carteret, New Jersey, as their new pastor. That same evening, Rev. Rawlins accepted the vote of the congregation, and the church is thrilled to announce that he will be beginning his ministry in Hicksville on Sunday, August 1st.

A native of Macon, Georgia, and a graduate of Tennessee Temple University, Chattanooga, Tennessee, Rev. Rawlins is currently serving as the Assistant Pastor of Central Baptist Church, Avenel, New Jersey, where his father-in-law, Rev. Charles Horton, is the senior pastor.

He comes to the Hicksville church with a fine history of service in young and old alike, a desire to minister to the community at large, and the ability to handle the Word of God masterfully both from the pulpit and in counseling.

First Baptist of Hicksville has been without a pastor since January of this year, when Rev. Alan D. Swain left them after 9 1/2 years to assume a church in upstate Windsor, New York.

Join The Team!

Join the team! That was the message issued by the Hicksville Board of Education at a recent meeting when Board committee chairmanships were announced. Hicksville residents are invited and encouraged to serve on these committees and lend their voices and share ideas.

Appointed To U.S. Naval Academy

Hicksville High School senior Michael William Meyer has been appointed to the United States Naval Academy at Annapolis, and he joins the ranks of a very select group chosen to pursue higher education while training for a professional military career.

William Mueller, representing the Academy, recently visited the high school to meet with Michael, his parents Bernard and Barbara Meyer, and principal Dr. William Rieck

to present the official certificate of appointment. Mr. Meyer is a detective with the Nassau County Police Department, and Mrs. Meyer teaches first grade at Lee Avenue School in Hicksville. They have been residents of the community for 18 years. In addition to Michael, who graduated in June from the High School, they also have a son attending St. Ignatius Parochial School and another who is a junior at the State University of New York at Geneseo.

Hicksville Republican Club News

By Harriet A. Maher

Only three weeks before our Barn Dance! We want you to come; we need you to come; you'll be glad you came! This foot-tapping, finger-snapping, lip-smacking affair will be held on August 13, at 8:30 p.m. to 12:30 a.m., at the Galileo Lodge, 200 Levittown Parkway, Hicksville. You can join the square dancing groups, or choose to sit by and toe tap to the folk music, played and sang by professional callers. The callers will instruct the participants in exhilarating folk dancing.

No need to fret if the weather is hot, humid, raining or beautiful. You'll be in a spacious air-conditioned hall that can readily accommodate our expected crowd of Club members and

friends.

For a ridiculously low price of \$5 per person, you can drink all the beer you can manage, munch on snacks, and end the evening with coffee and cake... not to mention the good music and dancing you'll enjoy all night long.

This event is not a fund-raising affair...the cost per person will just barely cover our expenditures. We just want to have a fun-filled affair for our Club members before the summer is over.

Our column brings news for and about our senior citizens constituency once a month. This month we're happy to inform our seniors that the New York State Legislature passed a new law, which was signed into

law by the Governor, that raised to \$10,500 the maximum income eligibility limit that may be adopted by local governments. The new law also extends to August 1, for this year only, the period for filing for a senior citizen's property tax exemption in Nassau County. Other eligibility requirements remain unchanged. Abe Seldin, chairman of the Nassau County Board of Assessors said all owners of the property must be 65 years of age or older and have owned the home, or other property within the state of New York for at least two years prior to applying.

Mr. Seldin said that many senior citizens whose cost-of-living increase in social security benefits had cost them their local property tax

exemption will be able to get it back under this law. Other senior citizens who did not previously file for their exemption may now be eligible to file because of the new law.

Because of the large number of senior citizens who would have lost their exemptions this year if the income limit had not been changed, Seldin had the Department of Assessment maintain a separate file of applications from those seniors whose social security increases pushed them above the old \$9,200 limit. Those applications will now automatically be processed.

Other Nassau County senior citizens who believe they may now be eligible for an exemption under the new income limit, can obtain detailed information and the necessary forms by calling or visiting the Department of Assessment, Senior Citizens' Division, 240 Old Country Road, Mineola, NY 11510, (516) 535-2377. Seldin urged seniors to submit their applications immediately, saying that senior citizens should not hesitate to call, even if they are uncertain about their eligibility.

By the end of the day there was no longer 16 girls in the same uniform, but a high-spirited team that lost it's LAST GAME in extra innings at 5:30 P.M.

Income Limit Raised For Senior Citizens Property Tax Exemption

Many senior citizens whose cost-of-living increase in social security benefits had cost them their local property tax exemption will be able to get it back under a just-passed state law, according to Abe Seldin, Chairman of the Nassau County Board of Assessors. Other senior citizens who did not previously file for their exemption may now be eligible to file because of the new law, Seldin added.

Seldin said that many previously qualified senior citizens were about to lose their exemptions this year because additional cost-of-living social security benefits had pushed their annual income above the \$8,200 eligibility limit set by the state. But the new law, passed by the state legislature in the closing days of its session and signed into law by the governor on July 13, raised to \$10,300 the maximum income eligibility limit that may be adopted by local governments. The new law also extends to August 1, for this year only, the period for filing for a senior citizens' property tax exemption in Nassau County. Other eligibility requirements remain unchanged. All owners of the property must still be 65 years of age or older and have owned the home, or other property within the state of New York for at least two years prior to applying.

Seldin praised the Nassau County Board of Supervisors and the Town Boards of Hempstead, North Hemp-

stead and Oyster Bay for their pledge to take action as soon as possible to pass local laws raising the maximum eligibility for county and town tax purposes.

Because of the large number of senior citizens who would have lost their exemptions this year if the income limit had not been changed, Seldin had the Department of Assessment maintain a separate file of applications from those seniors whose social security increases pushed them above the old \$8,200 limit. Those applications will now automatically be processed.

Other Nassau County senior citizens who believe they may now be eligible for an exemption under the new income limit can obtain detailed information and the necessary forms by calling or visiting the Department of Assessment, Senior Citizens' Division, 240 Old Country Road, Mineola, New York 11501 (516) 585-2377. Seldin urged seniors to submit their applications immediately, saying that senior citizens should not hesitate to call, even if they are uncertain about their eligibility.

"I want every Nassau resident, including every senior citizen, to know and take advantage of all of his or her rights under the law," Seldin declared. "Nobody should be the least bit bashful about calling the Department of Assessment for the answer to any question or for any other help we can give them."

Soccer Festival

On Saturday, August 21, and Sunday, August 22, the second annual Syosset Soccer Festival will take place at H.B. Thompson Jr. H.S.

This year, twelve men's teams and twelve women's teams will compete in the Festival. The men's teams are the Brooklyn Wanderers, Gow Harbor, Dix Hills, East Northport, Farmingdale, Mastic, Rockville Centre, Sachem Blue, Sachem Yellow, Syosset, Valley Stream and West Hempstead. Those teams competing in the women's division are the Bayside Express, Comack Thunderbolts, Cooney's MGA from Huntington, East Islip Goal-diggers, East Meadow Spin-Offs, East Meadow Wings, Farmingdale Foxes, Hicksville Hearts, Massapequa Phoenix, Syosset Spirit, Syosset Strikers, and the

West Hempstead Flames. Each team plays six 30-minute games against diverse opponents during the course of the weekend. All three soccer fields at HBT will be in use from 10 AM to 6 PM each day.

Most importantly, all proceeds from the Syosset Soccer Festival benefit St. Mary's of the Angels Home. St. Mary's is a non-sectarian, non-profit residence which has been helping troubled boys of all races and religions for nearly a century. In order to play in the Festival, each team donates \$55 to St. Mary's. The referees and linemen officiating the Festival are donating their services.

So come out on the weekend of August 21 and 22 and root for some of the best men's and women's players Long Island and New York City have to offer.

THE HEAT PUMP THAT KEEPS YOU WARM AS TOAST CAN ALSO KEEP YOU COOL AS A CUCUMBER.

Imagine turning on your home heating system for relief from summer heat.

In over two million buildings all over America, this idea isn't as crazy as it sounds. These buildings enjoy complete comfort, all year round, from a single system: the heat pump.

The heat pump is an amazing machine that's an air conditioner in summer and a home heating system in winter.

The secret is in how it works. The heat pump draws heat from one place and moves it to another. As an air conditioner, it pulls heat from the air inside your home and releases it outside.

To heat your home, the same unit draws heat from outside air, even in cold weather, and pumps it inside.

What's more, since the heat pump doesn't generate heat, only moves it, it's remarkably efficient. It can deliver two units of heat energy for every unit of electrical energy it uses. That makes it the most energy-efficient home comfort system available, and a good way to get home energy costs under control.

For the full story of this remarkable machine, in Nassau, write our Marketing Department, 250 Willis Avenue, Roslyn Heights, NY 11577 or call 228-2836. In Suffolk, write our Marketing Department, 1650 Islip Avenue, Brentwood, NY 11717 or call 348-6063.

We'll send you an illustrated booklet that explains how keeping comfortable, even in a heat wave, is no sweat with a heat pump.

LONG ISLAND LIGHTING COMPANY

Dear Friends:

Sieg and Iris Widder and Mrs. Widder's mother, were injured last week in an automobile accident in Suffolk County. Although this is sad news, we are happy to tell you that they are all feeling much improved...but they still have some recuperating to do. Your many, many friends in the area send best wishes for a speedy recovery to all.

This week we received a colorful postcard from Herb and Clarice Johnsen (former Hicksvillians) who now reside in sunny Florida. They flew to Arizona to celebrate their fortieth wedding anniversary, their son and daughter-in-law's 25th anniversary, a granddaughter's 16th birthday and Clarice's birthday! Also, their daughter, Nancy, flew down from Seattle to join the celebrations. How's that for a group celebration? Best wishes to all.

In this issue you will read a "Letter From Santa Claus", which is from another family who, although they live far away at present, remember Hicksville with fondness. You'd be surprised at how many subscribers are former residents, now living all over these 50 states, who still like to read the news about their home town.

We're always pleased to hear from them, just as we are pleased to hear from you with all your local news. So, keep that news coming in...it's a real pleasure.

COMMUNITY IMPROVEMENT: IN PLAINVIEW, most of all, we notice the work of the sewer contractors going on apace...and, while this is in annoyance to some degree and a traffic problem, sewers are a very real necessity. We're sure you'll all be glad when they are all completed...also, in PLAINVIEW, we welcome a new SIR SPEEDY PRINTING CENTER which has opened in the Waldbaum's Shopping Center in Manetto Hill Mall. Here copies are only 10c, including reduction. You are invited to come in for their opening specials, by this fine firm which is owned by Mr. Jack Tanner. They are color ink specialists. See their advertisement for further details.

IN HICKSVILLE, around the business community we have much to tell you about, for example, Denny's a Childrens-way Outlet will open in the old A&P on South Broadway...and, the former Rudy Bouse Tavern on Charlotte Ave is being renovated and will be called Ebbetts Field...a new office complex is advertising for tenants on the Charlotte Avenue grounds it plans to build on...Iannone's Restaurant on West John St is expanding with a new east side dining room. It already has a nice new parking lot...the new Deli which opened recently on Broadway across from Holden's Stationery is very modern...and, finally, it is good to see that new buildings are presently under construction on Old Country Road across from Antun's to replace those burnt out in last year's disastrous fire.

MARK YOUR CALENDARS for the Plainview Fire Dept will host the 9th Battalion Parade and Drill on August 6-9. More on this next week.

As we go to press we were informed that "Uncle" Frank Chlunsky of Hicksville, is now living with his daughter, Frances McKillop at 7 Ridge Drive East in Roslyn, NY 11576. (Phone MA 7-3541). Uncle Frank will be 97 on Dec. 3rd. Most of his life has been spent in and around Hicksville, serving the community in innumerable ways. We are sure that he has many wonderful memories because in the eleven years that we have been privileged to know him, we have many such memories of him and his dedication to friends, neighbors and community. If you'd like to write him or send him a "hello" card, you now have the address. God bless you, Uncle Frank.

Finally, don't miss the Hicksville Gregory Museum Exhibit which is presently at the Hicksville Library...of special interest is a large Roll of Honor with the names of all in the Hicksville War Dead, including the eleven men lost in Vietnam.

Lent To Run In Plainview And Old Bethpage

Congressman Norman F. Lent (R-East Rockaway) has announced that he will seek re-election to a seventh term from the new Fourth Congressional District as reconstituted by the State Legislature after mandated reapportionment. The new Fourth Congressional District includes the communities of Plainview and Old Bethpage.

Lent, a 20 year veteran of public service, has been a member of the House of Representatives since 1970, when he unseated the late Rep. Allard K. Lowenstein. Lent had previously been a four term member of the New York State Senate, serving as Chairman of that body's Committee on Public Health.

Lent's growing influence and seniority on Capitol Hill were evidenced this past year when he was elected Dean of the Long Island Congressional Caucus by his fellow Long Island Representatives. In this capacity Lent deals with many issues that will have a direct effect on the Long Island area. Lent's committee assignments are also geared to areas of the House Subcommittee on Commerce, Transportation and Tourism which deals extensively with issues of particular regional interest to Long Island.

Lent has made a name for himself over the years championing such causes as the fight for a 200-mile fishing limit law, the effort to get the Hooker Chemical Com-

pany to clean-up toxic waste dumps on Long Island and his recent campaign to correct glaring abuses in the Nation's Social Security laws. Lent has also gained international recognition for his efforts to ease the plight of Soviet Jews who wish to emigrate to Israel.

Lent's new district extends

along the South Shore of Long Island from East Rockaway to the Nassau-Suffolk line and it extends northward to Jericho Turnpike. The new Fourth Congressional District includes the communities of:

A Letter From Santa

Mid-Island Herald, Inc.
1 Jonathan Avenue
Hicksville, New York 11801

Dear Sirs:
Please renew my subscription to the Mid-Island Herald for 2 years. My check is enclosed.

Even though we now live far from Hicksville in Texas (just outside of Dallas), we have a lot of fond memories of Hicksville. Having grown up on Myers Ave. (daughter of Kurt and Florence Maler, who now reside in Florida), I attended Hicksville schools. Then after Santa and I were married we moved to West Marie St. The oldest of our 4 daughters, Danielle, attended Old Country Road School.

Naturally, reading the Herald has been a part of our lives for years, and since we moved here 2 1/2 years ago, it's been one way for us to keep in touch with many of

our friends and their children.

Now to share some of our news: Danielle, age 10, recently was invited to train for the Class III Gymnastic team at her gym. Last year she competed on the Class IV level at the State competition in Corpus Christi. So this is an exciting achievement for her. Heather just celebrated her 7th birthday on July 9 with her family and friends. Kim, age 4, had major surgery on June 17, and is well on the road to recovery, and naturally giving us a hard time holding her down. "Baby" sister, Kelly, will be 3 in August and is already doing a fine job keeping up with her big sisters.

Best wishes to all our Hicksville friends!

Sincerely,
Santa and Joyce Claus

Families For Life Club News

By K. Malone

We, of the membership, wish to dedicate this month's article as an expression of our love for and sorrow at the departure from our Hicksville area of Lena and Doug Harknett.

The Harknetts' leadership from the founding of our pro-life group through every phase of its existence whether educational, funding and promoting alternatives to abortion, political (lobbying, Marches, local, state and federal involvement in the election process, demonstrations, etc.) has been a source of strength to us all. Many of us have accomplished what appeared, at first, to be almost insurmountable tasks for the rights of humanity (born and unborn) as a result of the zeal of this dedicated pro-life couple. They have left us the legacy—if you care enough and your cause is just and right (a HUMAN LIFE AMENDMENT to our Constitution to protect ALL life, born and unborn), nothing is impossible. If you don't make an attempt, an effort, you will never know whether you can succeed.

Lena, Doug, know that you will be greatly missed by

all—each of us treasure fond memories where your lives have touched us. We sincerely wish you both much health, happiness and contentment in your new surroundings. Hicksville's loss is Richmond, Va.'s gain!

Members, we can offer the Harknetts no better tribute than to continue our work here in Nassau County, throughout New York State and our nation (as I'm sure they will in their territory). Our paths will most certainly cross again, after all, Virginia is not such a distance away by phone, car, etc. In this way they will know their efforts were well spent. Please make a special effort to attend our next meeting Wednesday, July 28th at Levittown Hall, Levittown Pkwy, even though this is a summer month, plans must still be discussed for coming efforts. Mark your calendar, bring an interested friend, relative—refreshments are available along with educational material. In this regard send for the summer 1982 issue of The Human Life Review at \$3.00 to The Human Life Foundation, Inc. 150 East 35th St., New York, NY 10016. The articles contained therein need to be read by everyone!

Superfund Legislation Approved

A major piece of legislation which will help the state deal with abandoned hazardous waste dumps has passed both houses of the Legislature says Assemblyman Fred Parola (R-C Wantagh).

Parola, who supported this bill said "This badly-needed legislation, known as the 'mini-superfund' bill, will raise \$10 million annually to be used by the state to clean up inactive hazardous waste sites where officials cannot determine the responsible party."

"One of the most commendable features of this bill is that the cost of remedial clean up of these sites will be borne by the industries that profit from the production and disposal of hazardous wastes, not by the taxpayers. The money for this superfund will be raised entirely by fees charged to generators of hazardous wastes and the companies that treat these wastes. Wastes buried in landfills, the most dangerous form of disposal, will be taxed at \$12 a ton, while the fee for incinerated wastes would be assessed at \$9 a ton. By charging a much higher fee for buried wastes, the bill will also encourage methods of disposal that pose the fewest environmental or health risks."

"Disposing of hazardous wastes as safely as possible is, especially, important on Long Island where virtually all of the drinking water is drawn from our aquifers. Any contamination of these previous sources of drinking

water would spell disaster for our communities.

"The tragedy of Love Canal first brought to widespread attention the devastating effects of what can happen when toxic substances are improperly disposed of. Unfortunately, the discovery at Love Canal was just the first of many revelations of hazardous waste disposal problems in New York State.

"In 1980 the state Department of Environmental Conservation (DEC) compiled a list of 680 sites around the state which are believed to contain hazardous wastes. Part of the money from the superfund will be given to DEC to further investigate these sites and establish a priority system and remedial plan for their clean up.

"Money from the \$10 million fund would also be used to pay the state's share of costs for cleanup projects funded by the \$1.6 billion federal superfund. The federal superfund, while it was well-intentioned is woefully inadequate. It is estimated that the federal fund can finance the cleanup of only 150 to 170 sites. It is now up to the state to begin implementing programs to supplement the federal initiatives.

"By acting on this legislation," Parola concluded, "the Legislature has acknowledged that it can no longer afford to ignore the problem of hazardous waste in our state. Efforts to rectify the mistakes of the past are long overdue."

Hicksville Tornadoes Sweep
Levittown Tournament

The Hicksville Tornadoes sponsored by Westbury Federal Savings and Loan participated in the Levittown Tournament this past weekend. The Tornadoes played two games on Saturday, recording two shut-outs. Their opponents were Levittown and West Islip with respective scores of 6-0 and 2-0.

Sunday, the team once again had to play in grueling heat wave but came away victorious beating Hauppauge 2-0 and Village of Branch from Smithtown 3-2 to go undefeated and bring home 1st place.

The Tornadoes should be very proud of themselves, despite playing in a terrible

heat with all the players exhausted they recorded three shutouts allowed the fewest goals against 2 and scored the most goals, 13 in 4 games.

The entire team displayed an overall fine effort with each player contributing on offense and defense.

The Tornado players are Todd Zeff, Rex Germer, Timmy Carroll, Brian Whitman, Erik Matz, Matt Greenspan, Brian Centrone, Joe Flanagan, Larry Neuberger, Michael Pierson, Jeff Dohleman, Jason Kilmetis, Hermes Furlin, and Gerritt Nijboer. The coach is Steve Florio.

Congratulations and have a fine summer vacation.

Town Prop. Tax Exemption Raised
For Seniors, Filing Date Aug. 1

Oyster Bay Town Supervisor Joseph Colby announced that the annual income eligibility limit for senior citizens' property tax exemption has been raised to \$10,500 and that filing date has been extended to August 1, 1982 for Nassau County residents.

Colby said that "because many senior citizens had received cost of living increases in social security benefits which are included in determining income

levels, some seniors may have lost their exemption this year since their incomes went over the old \$9,200 limit.

"New state legislation allowing municipalities to raise the maximum income eligibility to \$10,500 has also extended the date for filing for a senior citizens' property tax exemption to August 1, 1982. The Town of Oyster Bay's current local law automatically allows its senior citizens to take advantage of any increase in eligibility limits.

Colby urged senior citizens

Local Athlete Completes
Northport Triathlon

Last Saturday's brutal temperatures didn't keep STEVE RIMER of the Plainview-Bethpage Road Runners Club from turning in a super performance in the Northport Triathlon, Long Island's premier athletic endurance event.

Steve was one of 110 starters in the event, which consisted of a 2-1/2 mile swim, a six mile run and a seven mile bike race, and he finished in 21st place with an overall time of 2 hours, 21 minutes.

This was the first triathlon for the 17 year old Plainview athlete, but he's looking ahead to even better performances in future events.

Steve is going into his senior year at Plainview-Bethpage High School, where he's one of the mainstays of the swimming team.

He's also been a prominent figure at local road races this year, where his times have been consistently improving.

Triathlete Steve Rimer is all smiles after successfully completing the Northport event.

who are residents in the Town to contact the Department of Assessment, Senior Citizens' Division at 535-2377 for information if they believe that they might now be eligible for an exemption

under the new income limit. Colby added that the Nassau County Department of Assessment, this year, had kept a separate file of applications for those senior citizens whose income level had pushed them over the old limit, and they will now process those applications.

Other eligibility requirements remain the same. All property owners must be 65 years of age or older and must have owned a home or other property within the state for at least two years prior to filing for the property tax exemption.

9 Year Old All-Star Team: Hicksville 6, North Syosset 3. HBA: Michael Perloff and Chris Croce both hit nice triples. 2 hits by Shannon Knoop and Peter Osback. Excellent pitching by Bobby Telender (3 innings), Paul Rom (2 innings), and Mark Worthington (1 inning). Team put 6 hits together in the 4th inning to score 5 runs which was highlighted by a triple hit by Michael Perloff with loaded bases. This gave us the victory in North Syosset on July 10th. On July 11th, Hicksville beat North Massapequa 8-1. HBA: Bobby Savin hit a HR, Kevin Drudy hit a triple, and Doug Bersani had 2 good hits. Mark Worthington, Paul Rom and Peter Osback shared the pitching, going 2 innings each. 13 hits produced 8 runs for the 9 year olds, well played game by all!!

On Saturday, July 17th, the HBA 10 year old all-stars reached their peak by putting 17 runs on the board while shutting out St. Elizabeth - St. Hugh of Huntington. The highlight of the game was a successful pick off play at second base with the combined effort from the catcher to the pitcher to the shortstop who was covering second base. Congratulations to the boys on a fine team effort. Final score 17-0. On Sunday, July 18th, the 10 year olds faced what turned out to be possibly their toughest test this year. After going behind 6-3 in the

second inning, they were held scoreless until the fifth inning by a strong well conditioned New Hyde Park defense. In the bottom half of the fifth inning, the team rallied and came through with seven hits and put 8 runs on the board which gave them an overwhelming 11-6 victory which was above and beyond their team effort of Sat.

On Tuesday, July 13th, the 11 year olds, playing Franklin Square, won 12-4. The team won, no super stars, just a great team effort. Good solid defense won the game. On Saturday, July 17th, the 11 year olds faced the hardest team of the year, going 5 innings without a run. All close calls went in Huntington's favor. And now it's the top of the 6th inning, 2 outs, bases loaded and score 1-0, us losing. Back to back doubles by Mike Alfin and Mike Kwas then won the game. 4-2 with the final pitching done by Tom Cassatta. We will all remember this one! A special thanks to Mrs. Losco and all the other fans for cheering us on. On Sunday, July 18th, our bats were as hot as the 97 degree day with a double by Tom Cassatta and good hits by Brian Robey and Tom Flynn. The pitching effort produced another 3 hit shut-out against New Hyde Park. This makes our undefeated 6th game in a row. Final score 6-0.

Williamsport All-Star Team: John Semise pitched a no-hitter, struck out 13, and went 3 for 5, including a 3-run

HR. Phil Campisi hit for the cycle, (single, double, triple, and HR) as HBA's Williamsport All-Star Team opened HBA's defense of the District 33 Championship, which HBA won in 1980 and 1981, with a 17-2 victory over Central Nassau. The game was played at Heath Lane Field in East Meadow on July 17th. Jim Pagett, 3 for 4, Bob Maresca, 2 for 3, with 4 assists at second base. Bill Hirtzel's 2 bunt singles, also contributed to the HBA attack. HBA's next game is July 21 against Westbury, which beat Jericho 18-0. The winner of this game advances to the District 33 semi-finals Saturday, July 24, at 10:30 a.m. in Plainview.

A Note from your Trustee, Donna Rehman: Several times throughout a season we become disappointed in the show of sportsmanship, umpiring, losses, etc. in our individual leagues and tend to complain repeatedly about such occurrences, but rarely do we emphasize quality occurrences as I saw exhibited at my son's 14 year old Pony Tournament Game. Naturally, the immediate members of the team's families come to support their sons, but more important literally 100 or more HBA members from Farms to Connie Mack players, Girls Minors to Ponytails and their parents came out to encourage and support "their" team. We happened to lose that particular game, 6-5, but

Boys Pony 14 Year Old Tournament Team: 3rd game of playoff: Friday, July 16th. Excellent relief pitching by Tony Cordero, an awesome 2-run HR by Brian Torlinecasi, and 6 RBI's brought in by Danny Rehman on a 3-run double and 3-run HR, defeated the East Meadow team 12-2 in 6 innings.

4th Game of Playoff: HBA defeated Mineola 9-5. Superior relief pitching by Richie Hogan. Excellent strong hitting by Vito Cascese, Anthony Luparello, Dean Spadaro, Anthony Cordero, and Brian Torlinecasi. Next game, possible double-header, against South Farmingdale on Tuesday, July 20th, at 5:00 PM in Mineola.

Colt All-Star Team: Manager - Al Green, Coach - Bob Rothschild. John

It was forty years ago that Coleman started the Golden era of Hicksville Athletics as he lead the smallest school in Nassau to its first undefeated football season.

It was a rousing campaign that resulted in 4 wins and 3 highly respected ties. Lou Millovoite was the coach.

The successful record trigged two more, in which Coleman was standard. A 19 win, 1 loss, 3 tied record was established.

During the time when only one All-Scholastic was named to a position, Coleman was selected by all three Nassau daily newspapers for three consecutive years.

He was the National Indoor Scholastic Shot-Put champion, New York State Shot and Discus record holder, excelled in Basketball and Track and hit over .500 for his high school baseball career.

His teaming with Jerry Kiesel, George Thomas and the late Raymond Halleron brought a cascade of creditable headlines to Hicksville.

It was the pinnacle of

athlete eminence for the Community.

Many of the players that were in the winning lineups with Coleman are already making reservations for the night.

Their exploits covered almost two decades with the orange and black to major community semi pro activity with Hicksville Field Club, Batts Bros. softball and Kiwanis Basketball.

Tickets can be had from James Fyfe, Long Island Trust, Harold - Holden, Holden's Broadway Stationery and Howard Finnegan at 938-1695.

Local Runners Compete In Olympic Village Race

The temperature was still hovering at the 93 degree mark when the starting gun went off for the 5th Annual Olympic Village Summer Road Race last Sunday, July 18, at 6:30 PM.

The oppressive heat, coupled with the hills of Huntington, made for what was probably the toughest 5 mile race of the year so far.

Ten members of the Plainview-Old Bethpage Road

Runners Club showed up to compete in the race.

HOWIE GREENBERG's 29:20 (good for 53rd place overall out of well over 1000 runners) was good for first place among the Club contingent.

Howie was followed across the finish line by TOM HALL,

LARRY DAVIDSON, TOM CARRANO, AL ROSENBERG, BERT JABLON, STEVE SHUSHAN, BOB MUELLER, MARVIN GLASSMAN, and BRYAN MUTNICK.

The event started and finished at the Walt Whitman Mall.

POBRR's Howie Greenberg is a study in concentration as he heads for the finish line of the Olympic Village Summer Road Race.

DEVOTIONS

LOVE CASTS OUT FEAR

Believe it or not, psychologists now list and have names for some 700 phobias. No one is really immune, everyone fears something at some time or another. These phobias range from arachibutyrophobia, the fear of getting peanut butter stuck to the roof of the mouth, to phobophobia, the fear of fear. Most of our fears are more commonplace. We are often fearful that something might happen to a loved one. We fear losing our job. We fear that we might break up with a spouse, a boyfriend or girlfriend. We fear that we might fail in some way; a test, as a parent, at a job. Pastors fear that they might sit down to write their thousandth sermon and come completely blank. When we are ill, we fear that we might have something terribly wrong with us. Mostly, we fear that we might fail in some way; no one wants to be a failure.

When we analyze fear, we discover that fear, to a large extent, is a self-centered emotion. Fearful, we have a heightened awareness of ourself brought about by what we see as threats to one's self. The cure for much that we fear can be affected by the removal of the external threats to the self. We can stop eating peanut butter if we fear its sticking to the roof of our mouths. Hurt in marriage and fearful of being hurt again, we can avoid people who might hurt us again. Of course, we might at the same time be avoiding those who could help us be happier. A better solution to fear is to eliminate this excessive

consciousness of the self—our self-centeredness. Love helps us do this, for the essence of love is self-denial and self-surrender. Love makes us outgoing, willing to seize life, to extend ourselves to God and his people. Our love is love not regulated by another's response, but our love loves as a response to God's loving us. For our fear is an indication of imperfect love. Saint John says, "He who fears is not perfected in love, for perfect love casts out fear. (1 John 4:18a)"

How do we get perfect, fearless love? There is but one way—join the union. God's union with us made possible by Christ's death and resurrection and the faith created in our lives by the ministry of the Holy Spirit. Through the Word of God and the Sacraments, the Holy Spirit enters our lives and creates faith which unites us with God. The gift of the Spirit of God is motivated by God's love for all humankind. God dwells in us and we dwell in God. His love flows into us by his grace and then flows through us to others. It compels us to confess that Jesus Christ is Lord. As we witness to our faith, God blesses us with an even stronger faith. There would be little in life that we would not attempt if we truly believed that God was with us. The prophet Isaiah speaking the word of the Lord wrote, "For I, the Lord your God, hold your right hand; it is I who say to you, 'Fear not, I will help you.' (Isaiah 41:13). Fear not, the Lord says, we are in this life together...abiding in each other."

Most executives have two receptacles on their desks—one for incoming mail and other papers and

the other for outgoing mail and work. I recently read about the Christian executive who had a third receptacle. It was labeled, "With God All Things Are Possible." Each of us has things in our lives which we could place in such a receptacle.

Abiding in the love of God we need not even fear death. Some people wake up each day almost fearing that they are another day closer to death. Rather, greet the new day as a gift from God, another day of life to be appreciated, enjoyed, shared to its fullest. Too often we measure time in months and years. We need to operate in a framework of seconds and minutes. In this way, we will begin to appreciate things like the trace of a smile on someone's face, the laughter of merry children, a ray of sunlight on a cloudy day—these are the beautiful moments of a lifetime. We commit the past to God. We can't change the past, but we can certainly ruin the present by worrying about the future. We must learn to leave the past to the mercy of God; the present to his love, and the future to his safekeeping. There is no place for fear in the heart that is filled full of the Lord. For in God even our physical death is but a grand pause before we are together with the Lord in paradise. Sure we will all have our share of heartaches and problems, but we can be confident in meeting these experiences. Abiding in God we meet them together. We trust in the power of God's love—a love that accepted and saved you and me, one that compels us to forgive as we are forgiven, a love that casts out fear.

Galileo Lodge News

By Joe Lorenzo

VENERABLE SKIP MONTEFORTE'S MESSAGE: The world rarely puts a higher price upon a man than he places upon himself. Old Saying

BEG PARDON! An error concerning Dr. Roger Pistocchi, appeared in this column recently. He was not the first recipient of the Galileo Lodge's Louise Masiello Memorial Scholarship Fund as stated. Actually, the first four recipients of the Louise Masiello Memorial Fund will receive these awards on Saturday, the 28th of August, at which time the Galileo Lodge presents its August Dance and Beauty Pageant. Reflecting back on this error, it appeared because of a lack of clarification and was based on an association of events and conditions.

The 'Foolies Follies' is in the news again. This is the Fall comedy spectacular presented by the Ladies Auxiliary of the Galileo Lodge. Jo Ann Wallick, who will direct this venture, announces that every Tuesday night, at the Galileo Lodge, rehearsals will take place for the preparations of the Follies. All members, female and male, are urged to attend; bring along your talents as well. The 'Follies' is your affair, presented with your talents and abilities. It cannot be performed if you do not perform. The time is 8:00 P.M. Contact Jo Ann at 681-8428 for more details.

Have all your summer moods been attended to, well, if they haven't, why not head for the Galileo Lodge on Saturday, the 28th of August, at which time the August

Dance will be in progress. Tickets sell at \$10 per person, featuring a delicious meal, coffee and cake, beer, soda, set-ups and live music. And to thrill you further, a Beauty Pageant will be held where and when a beauty queen will be chosen to represent the Galileo Lodge at the Columbus Day Parade. Call 931-9351 for more details about this enticing event. Please note that a 'bring-your-own-liquor' policy will be in effect that night.

Are you seeking an ethnic organization tailored to suit your social needs and philosophical concepts? If you are, why not check out the Galileo Lodge. Naturally, if you are searching for such an organization, it would have to be a success-oriented one. And rightly so. Success is an easy word to say, but a condition hard to arrive at. Idle talk, inactivity, inertia and lack of inspiration do not cause success. Success is based on hard work, loyalty, determination and inspiration. These commodities are easily found at the Galileo Lodge. The Galileo Lodge is an organization—never satisfied with its social conquests but rather it is always seeking new ways, methods, programs and organizational skills that are conducive to success. That the Galileo Lodge is always seeking, searching and probing so that its goals and ambitions can be met is rather obvious. So why not call 931-9351 and talk to a member or officer and hear with your own ears exactly what the Galileo Lodge stands for, or, better still, why not attend one of our social meetings, every last

Thursday of the month; and see with your own eyes what you want your heart and mind to perceive. Thus, for something different, exhilarating or exciting in your life, why not keep the Galileo Lodge in mind. Wise men say

that nothing ventured is nothing gained.

LODGE TIDBITS: Don't forget the Golf Outing scheduled for Sunday, the

26th of September. Contact Jeff Wallick at 681-8428 for more details. In another installment we will highlight the activities of the Galileo Lodge's Americana Day Dance, held on Saturday, the 17th of July...John Kelper

and Jim Posilici announce that plans for the renovation of the Galileo Lodge's recreational area is exceeding expectations. Nothing new on the Italian Feast, but we will keep you posted of anything new in this area.

Tours Preview New Garden City Hotel

Though the 280-room, 9-story Garden City Hotel is still under construction to be completed December 1982, the "inside story" is available via hard hat tours. These guided tours, followed

by refreshments, are being held 4-6 P.M. each Thursday from July 15 to August 12.

"We want to offer a sneak preview of this new grand hotel destined to become 'The Place' on Long Island

because layout and room size will interest planners of conventions, conferences, business meetings, and dinners," said recently appointed General Manager Jean-Robert Cauvin at the 55 Hilton Ave. sales office.

Architecturally reminiscent of its fondly remembered 100-year-old predecessor, demolished in 1974, the new \$30 million hotel being built by Nelkin Construction Corp. of Garden City will be operated by Trusthouse Forte, the London-based firm that is the world's largest hotel, catering, and leisure group with over 800 hotels and 3,000 restaurants in 44 countries. The new hotel will become one of their 16 "exclusive hotels," top-of-the-line facilities which include the George V in Paris, Grosvenor House in London, The Westbury in New York and Plaza of the Americas in Dallas.

The guided tours will be conducted by Director of Sales Susan Norwalk and Sales Manager Cathy Nelkin. For information and reservations call 747-3000.
