School Board Cannot Agree On Tax Levy

By Rosemary Grant

The Hicksville Board of Education could not agree on a tax levy amount at the meeting on August 11 and will have to hold a public meeting again next week since the deadline for submitting the District's tax levy for 1983-83 to the Nassau County Board of Supervisors is August 25. The date of the meeting has not been set.

Budget surplus discussions dominated last night's meeting and no action was taken on any of the surplus items on the agenda. Individual Board members questioned Richard Weigang, District Business Manager, at length about the surpluses. Trustee William Ben-nett said "Hicksville has a crisis of surpluses" and Thomas Nagel asked "Do we really need this money?" The people do not understand the figures... it is bad public relations. Mr. Weigang indicated that the district earns \$1,900 per day from the investment of the surplus funds.

The Board accepted the Fact Finders Report regarding negotiations between the Board of Education and the Hicksville Council of Administrators and Supervisors. However, President Charlene Anci read certain parts of the report that the Board rejects. The Board did pass resolutions to take action on recommendations of the Committee on the Handicapped, awarded bids and approved warrants. It also approved recommended action regarding personnel and appointed school physicians. The appointment of Patricia Massa as a Regular Substitute was withdrawn from the agenda and Lisa K. Moeller was added to have a probationary appointment as Special Education teacher.

Superintendent Wilber Hawkins reported the least amount of vandalism for a summer vacation period for some time. He said "The East Street School is the only place there is some com-

plaints from neighbors... hope to curtail it. Overall, district-wise it is good news; not near as much vandalism as in the past." He gave credit to Mr. Johnson and the Security Staff.

Dr. Hawkins also reported on the recharge basis near the Dutch Lane School. He said the county required the Town of Oyster Bay to reconstruct a new basin and no permit is required.

During the audience participation portion of the meeting, a representative of the parents of children in Patrick Carpenter's Special Education class asked the Board to reconsider their decision to terminate his services. Mrs. Bonnie Whelan referred to previous letters and phone calls made to Board members and Superintendent Hawkins, expressing the great rapport Mr. Carpenter has with the children. She asked the Board to examine the children's files and see the academic and social advances made in the

past year. Virginia Germer, former trustee, requested the Board make sure unanswered questions from the audience be on the agenda of the following board meeting, and when the board meets earlier than scheduled, it be posted. She also requested a policy revision regarding credit requirements for students going into senior and junior years. President Anci indicated there will be a grace period for this year.

Larry Wolfson brought to the attention of the Board a page 1 article appearing in the Mid Island Times regarding the budget surplus calling it "destructive" and "deceptive." He said the Board of Education should be given a clarification and apology from the newspaper.

Following the public meeting scheduled for some time next week, the next Board meeting will be held on August 25 at 8:15 p.m. in the Conference Room at the Administration Building.

Town Adds Night Hearing Aug. 31

Oyster Bay Town Clerk Ann R. Ocker announced that the Town Board will add a night hearing on August 31, on the application of Twin County Recycling Corp. of Hicksville for a special use permit.

Town Councilman Thomas L. Clark said that "the applicant is requesting a special use permit to allow the manufacture and refining of asphalt and in addition to store large quantities of petroleum on property located on the south

side of West John Street, west of Lombardy Street in Hicksville, along the north line of the LIRR."

Mrs. Ocker added that the night hearing has been scheduled in response to expressions of considerable interest from residents of the Hicksville area.

The hearing will open on Tuesday, August 31 at 10 AM in the Town Hall East Hearing Room, Audrey Avenue, Oyster Bay and will be continued at 8 PM that evening.

Rotary Program

Heart risk factors was the theme. Dr. Abraham Azulay the speaker and Hicksville rotarians the audience at the club's luncheon meeting held at the Milleridge Inn last week.

Dr. Azulay, a cardiologist, consultant, and Chief Cardiologist at Central General Hospital covered the range of circumstances that can have an effect on arteriosclerosis, stroke, heart attack and other related coro-

nary matters. He then elaborated on the means by which these problem areas can be minimized or prevented, essentially through a reasonable program of diet, exercise and life style preferably with a physicians guidance and/or approval.

A lively question and answer period followed the talk after which club president Arthur Pettorino presented Dr. Azulay with a Rotary Certificate of Appreciation.

Happy Anniversary

Mr. and Mrs. Nestor M. Palahnik of Hicksville, were guests at Sea Pines Plantation recently as they celebrated their 25th wedding anniversary at the resort's oceanfront Hilton Head Inn. They were one of over 1,000 couples nation-

wide celebrating their silver anniversary at the famous resort complex near Savannah, Georgia. In 1957, the year that Mr. and Mrs. Palahnik were married, Sea Pines could boast only an abundance of pine trees and alligators.

54th Labor Day Parade/Drill Plans Underway

The Annual Hicksville F.D. Hosted Labor Day Parade and Drill is well underway. General Chairman Ex-Capt Gene Pietzak and Co-Chairman Ex-Chief Richard Kershaw have announced the Drill site will be Karin Lane in the industrial section off New South Road.

The parade will step off at 9AM and travel south on Broadway to Old Country Rd, east on Old Country Rd to New South Rd, South on

New South Rd to the course.

The 54th Annual Fund Raising Event will have over 40 units in the line of March and over 25 teams in the contest, which will start 1 hour after the end of the parade. Admission is \$2.00 adults, \$1.00 child under 12 \$10.00 for a cooler. As per town law No Glass Bottles will be allowed.

Honorary Chairman this year is Ex-Chief Charles Sauer. More data to come in forthcoming editions.

CENTENNIAL CELEBRATION: Oyster Bay Town Councilman Thomas L. Clark (center) presents a proclamation to Fred Fisher, Grand Knight of the Joseph Barry Council # 2520, Knights of Columbus, during ceremonies to mark the 100th anniversary of the founding of the Knights. Past Grand Knights Bill Gradischer (left), Olaf Costello (second from left) and Grand Knight Bill Henne (right) were on hand to celebrate the occasion.

VENERABLE SKIP MONTEFORTE'S MESSAGE. "A man is never as unhappy as he thinks, nor as happy as he had hoped." Old Saying

A special heart-warming and well-deserved message concerning Jo Ann Wallick and her family, friends, associates, relatives, sister and brother members of the Galileo Lodge. The Ladies Auxiliary of the Galileo Lodge will honor Jo Ann Wallick at a testimonial dinner and dance which will take place at the Galileo Lodge on Saturday, the 25th of September, starting at 8:30 p.m. Tickets will sell at \$17.50 per person, a modest sum that entitles you to a delicious full-course dinner,

beer, soda, coffee and cake, unlimited liquor, set-ups and the live music of Yesterday. Today and Tomorrow combo. Please contact Chairlady Rosa Meszaros (931-0878), Marion Densiglio (ED4-6860) and Carmen Russo (931-1059) for tickets and additional information. The cut off date for tickets will be Sept. 21 and they must be paid in advance. Jo Ann Wallick, incidentally, is the highly-esteemed and multi-talented young woman who has given so much of herself to promote the endeavors, ambitions and goals of the Galileo Lodge, and remarkably, she is still doing so. Jo Ann was the President of the Ladies Auxiliary from 1979 to 1981. All

personnel, male and female, of the Galileo Lodge are urged to attend.

August is slowly drawing to a close, and as a result it is bringing the Galileo Lodge's August Dance, scheduled for Saturday, the 28th. Tickets sell at \$10 per person, and in the offering will be food, beer, soda, coffee and cake, set-ups and live music. This dance is somewhat significant in that it offers the moods and customs of the old-fashion Italian weddings as it also presents a Beauty Pageant, where and when a beauty queen will be chosen to represent the Galileo Lodge at the Columbus Day Parade. Please note that a "bring-your-own-liquor" policy will be in effect that night. For ticket information and sales, please contact the entertainment committee, namely, Chairman Tony Copolla, Pete Masiello, Joe Giordano, Armand Del Cioppo and Frank Matassa. For something really different, exciting, and at reasonable prices to boot, why not head for the Galileo Lodge on the date specified here and really have yourself a marvelous and enjoyable time?

The Galileo Lodge's An-

nual Golf Tournament is set for Sunday, the 26th of September, at the Swan Lake Golf Club, Middle Island. The fee for members will be \$25 and the fee for non-members will be \$30. A continental breakfast will be served as well as a hot and cold buffet and an open bar. Trophies, prizes and green fees are part of the package deal, however, you must provide for your own cart. Tee-off time is 12 noon and all participants will meet at the club at 10 a.m. Further details concerning this activity can be obtained from the director, Jeff Wallick (681-8428). For fun and relaxation on the green, this activity is tailor-made for golfing enthusiasts.

And another announcement concerning the "Foolies Follies." Rehearsals are still in effect every Tuesday night at the Galileo Lodge, beginning at 8 p.m. Jo Ann Wallick will supervise this comedy show and she will answer all questions concerning this activity if you dial her at 681-8428. All members, male and female are urged to attend and help make this hilarious show a success. If you have no talents, we still need you. Rehearsals, so I am told, are funnier than the show, and that's really saying something about this show, because it is really funny.

In a later column, I will speak of the unveiling of the Galileo Lodge's new 1982 Recreational Program for the fall and winter months. It concerns all the fun, pleasure and relaxation you will get if and when you attend the activities that are about to be revealed. Keep tuned to this column.

New Arrival

Best wishes to Mr. and Mrs. Wayne (Diane) Hoeberlein of Hicksville upon the birth of their first child, Eric Michael Hoeberlein, born on Tuesday, August 10 at 8:50 pm at Glen Cove Hospital. Eric weighed in at 6 lb 3 ozs.

Proud grandparents are Howard and Lucille Hoeberlein of Manhasset and John and Judith Strong of Hicksville.

MR. PAUL MARTIN, immediate past president of the Hicksville Rotary Club has been named as a District 725 Rotary Area Representative. In his new position Mr. Martin will represent the district governor in the rotary clubs of Hicksville.

The Little Country Pub Softball Team, Hicksville, has joined the more than 200 teams who will be "going to bat" for physically disabled children and adults in the 5th Annual Easter Seal Softball Benefit, scheduled for Friday and Saturday, August 20 & 21.

The Benefit, sponsored by Miller High Life Beer, will be held at Eisenhower, Cantlague and Wamagah Parks.

All proceeds from this special event will help to continue Easter Seal programs and services for children and adults with disabilities.

For more information and to register your team, call the Easter Seal Society at (516) 822-1501.

Results of Undercover Auto Repair Investigation

Nassau County District Attorney Denis Dillon has announced the results of an undercover auto repair investigation conducted by the DA's Commercial Frauds Bureau. The two week probe ended with the arrest of two individuals and the referral of nine repair shops to the Department of Motor Vehicles for administrative action because of unnecessary work. The two arrested today are Steven Pepe, 33, of 678 Eileen Street, Franklin Square and Gregory Penna, 19, of 329 Hendrickson Ave., Valley Stream. Pepe is charged with Falsifying Business Records in the First Degree and Attempted Petit Larceny. Penna is charged with Attempted Petit Larceny.

According to Dillon, "The investigation was conducted with the aid of the Department of Motor Vehicles and the Police Department. DMV mechanics would fully inspect the component parts of the undercover cars to insure that they were in proper working condition. Before videotape cameras, he would mark parts to enable the mechanic to verify whether or not parts had been replaced upon the cars reinspection. This investigation focused upon the cars braking system as well as alternators."

The District Attorney said in each instance the scenario was the same: A female investigator from the District Attorney's Office would bring a car to a targeted location and either complain that the brakes were low or the alternator light was on. In the case of low brakes, a simple caliper adjustment would have rectified the problem. In the case of the alternator light, all that was needed was a 25 cent fuse. In nine locations, we instead received bills ranging from \$53.00 to \$393.00.

In the criminal prosecution arising from this investigation, the S & J Service Station at 820 Hempstead Avenue in West Hempstead was visited by the District Attorney's Office on June 10th. The investigator complained about the alternator light and was subsequently charged for a rebuilt alternator in the amount of \$101.42. A reinspection of the car by DMV mechanics revealed that the alternator was never changed, but the original spray painted.

The following is a list of the repair shops where unnecessary repairs were done.

Dear Friends...

Well we must start this with an apology...recently we wished Mr. and Mrs. Herbert (Clarice) Johnson (formerly of Hicksville) of Florida best wishes upon their 40th wedding anniversary. We received a friendly note from Clarice to let us know that it was their 40th anniversary. We are sorry...but we just didn't count, besides, how well I remember Herb introducing Clarice as "his child bride"...but, we must set the record straight. Best wishes to both these friends...may they enjoy many more happy years together.

Public hearings on our County Departmental budget will begin on Mon., Aug. 16 and continue through Fri., Aug. 20. These hearings begin each day at 9:30 am in the County Attorney's Conference Room, Room 246 on the second floor of the County Executive Building, 1 West St., in Mineola. Each day's hearing will last until approximately 5 pm. Some 30 department and agency heads will present their proposed 1983 departmental budgets to county budget officials. Our County Executive, Francis Purcell, will open the hearing with a short address at 9:30 am on Monday, Aug. 16. The public is invited to attend and may ask questions at the conclusions on each department's presentation. These hearings are the first step in the budget process.

To the Editor:

This letter is addressed to the people who called the Nassau County Police to complain that The St. Ignatius Girls Drum Corps had continued to rehearse in Cantiague Park past 11:00 p.m. It was until 11:14, actually on July 8, 1982. I want you to know that your complaint was duly processed, and courteously delivered by officers of our vigilant Second Precinct.

This was the only time we went past 11:00 p.m. (or much past 10:00 p.m. for that matter) in my years with the Corps, but that doesn't change your right to complain when you feel inconvenienced.

You see, July 8 was the night before the Eastern Regional Championships in Allentown, PA. The Corps had just come through a winter and spring of extraordinary problems and setbacks, and we weren't quite ready for the big contest. The girls, having an acute

Letters To The Editor

sense of pride and spirit, and respecting the long, proud history which has been passed on to them, actually asked if we could start rehearsal one hour earlier and continue all night (past midnight, if necessary). This request was denied for several reasons (not the least of which being consideration for your relaxation and sleep), but we agreed to go on until 11, even though we all had to get up at 5:30 the next morning in our attempt to bring yet another honor home to Hicksville.

I will try to explain your complaint to these decent and motivated kids without damaging their spirit. I will also try to explain your complaint to our staff of volunteers who struggle to keep alive a youth activity which promotes juvenile decency at a time when it has become fashionable for girls to hang out with large groups of rowdies who block your street with cars and vans until 4:00 in the morn-

ing, lighting cherry bombs, playing loud music, screaming, giggling and throwing beer bottles on your lawn. I will tell them all that we were out of line and inconsiderate.

But perhaps I may be allowed this observation: The distant sound of bugles emanating from Cantiague Park should comfort all of us. It should serve as proof that not everyone has simply shrugged his shoulders and given in to the growing problems of juvenile irresponsibility and the decline of the moral climate.

Again, I understand perfectly your position in the matter. We are sorry to have bothered you. After all, you've got your rights. Perhaps another time we'll discuss your values.

Donald M. Cragione
Director

Dear Mrs. Noeth:
I have just received a wonderful letter from a very gifted teacher who taught music here in the Junior High School twenty years ago. He was Silvio Estrada, a young Venezuelan, who went from Hicksville on a scholarship to Rome. Since then remarkable things have happened to him which I think will be of special interests to any who may remember him from Junior High.

I will quote from his letter: "Yes, you are right. It has been 20 years, but it feels like yesterday. While in Italy and Germany I wrote music for films and did everything possible to get as much out of St. Cecilia in Rome and the Mozart Conservatory in Salzburg while trying to get ahead with my career. I had a set-back when I was involved in a head-on crash in Rome. I had quite some time (for) thinking while I was recuperating. I decided to come back to the United States where I could give my children an American education which I can say without reservation, is the best in the world. I tried to make up for lost time and was teaching in two Universities at the same time, plus my reading school. I have developed a technique which cures dyslexia and teaches children to read in a matter of weeks. Four years ago I had an aneurysm, an artery in my brain burst and I underwent 8 brain operations during which I was clinically dead twice. The first time, my vocal chord was damaged. The second time, my whole left side was paralyzed. I had to learn to walk all over again and luckily my wife took me to Lourdes where the Virgin Mary appeared and I took a bath in the pool of holy water and when I came out my voice returned and my left hand which was frozen shut, became loose. By rigorous practicing I have gotten my playing back to normal."

It is now two in the morning and for some strange reason I just had to get up and write this letter. I feel to tell you of the awesome powers of faith in God that has transformed me from that person that was going to be put in a nursing home to one that is better than the person you knew 20 years ago.

Mrs. Noeth, I can only say "God works in a mysterious way. His wonders to perform." And He really does perform them in our own day to people we know. If any of Silvio's former students care to write to him, his address is: 801 Snowden Dr., Lake Worth, Fla. 33461. We were very lucky to have had him on our staff.

Sincerely,
Harriet A. Spink,
Sup. of Music, Retired.

12-Year Olds Win Long Island Championship

By Ann Macaluso

HBA's 12 Year Old Williamsport's All-Star Team, the District 33 Champions, went on to win the "Long Island Little League Championship" this past week. Details following: (8-3-82) 1st Game of Long Island Sectionals: played at Grumman's Field in East Islip: Hicksville 5, Sayville 3. HBA's Eric Nicolls went 1 for 3, drove in 1 run in the first inning, and made 9 put outs at first base. Trailing 2 to 1 with one out in the top of the 5th, HBA rallied and scored 4 runs when Ed Greaney doubled, Bill Cornelius singled, and Brian Clerke's 2-out single drove in 2 runs for HBA. John Senise went 3 for 3, including a 2-run HR, (which is John's 4th HR of the Little League Playoffs), to give HBA the victory over Sayville, 5-3. Bob Maresca (2B), and John Della Ratta (LF) also made several nice plays to help win the game.

(8-5-82) 2nd Game of L.I. Sectionals: played at Fireman's Memorial Park in Linderhurst: Hicksville 4, Bellport 2. HBA's Ed Greaney was hit by a pitch in the 2nd inning, advanced to 3rd on two passed balls and scored on an infield ground out. Phil Campisi, playing CF, in the bottom of the 4th, made an outstanding catch when he backed up against the fence and robbed a Bellport batter of a HR, which would have tied the score. In the bottom of the 5th, with 2 outs John Della Ratta, playing RF, threw out a Bellport batter who tried to stretch a single into a double. HBA was winning 4-2 at that point, with Gallagher, Bellport's power hitting pitcher, who

High School will be competing as a member of the Long Island Region Team and will be on the Soccer team. Kim, Falkowski of Plainview, a junior affiliated with the Plainview-Roadrunners Club, will be competing as a member of the Long Island Region Team and will be entering the 10 K run.

hit a 2-run HR in the first, due to bat next. Bill Cornelius made 3 super assists and 1 putout at short, went 1 for 3, and scored once, and Bob Maresca had 2 assists and 1 putout at second and had 1 RBI to aid the attack. Brian Goerke, 3 for 3, 2 runs, 1 RBI, and John Senise 2 for 3 with 2 RBI's, led the HBA hitting attack. John Blauvelt struck out 8, and scattered 5 hits, and Phil Campisi provided more clutch relief pitching in the 6th inning to lead HBA to a 4-2 victory.

18-7-82 3rd & Final Game of the L.I. Sectionals: played at Seaman's Neck Park in Seaford: Hicksville 3, Bethpage 0. John Senise struck out 8, scattered 2 singles and went 2 for 3, including a 6th inning HR, to lead HBA to a 3-0 victory over Bethpage. Phil Campisi's single in the 3rd had scored Bill Cornelius with the game's only run until with one out in the top of the 6th, John Senise belted his 5th playoff HR, over the LCF fence, and John Blauvelt followed with his 2nd playoff HR, over the RCF fence. John Della Ratta, in another fine outfield performance made 3 put outs in left, and doubled up a runner at 2nd in the 3rd inning. Bill Hirtzel, playing RF, almost made an unbelievable diving catch of a foul ball late in

the game and also had a nice single and stolen base. This victory made HBA the "L.I. Little League Champions".

HBA next plays Monroe Little League of Upstate New York at 5:45 PM. Wednesday August 11, 1982, at Grumman Field in E. Islip for the Metro N. Y. Championship.

The team wishes to thank the HBA officers and trustees, as well as the families, friends and other fans, for the incredible support they have provided so far. This support has played a large roll in the team's success to date.

Our Connie Mack Team clinched first place in their division over the weekend. They defeated Queens Village in a sweeping doubleheader, with the final scores being 8-2, and 4-2. Their record for the year is 21 wins and 3 losses. Playoffs begin next week.

HBA suffered a great loss this week! Al Greene will be missed by all. During the past 18 years, Al devoted his time as coach, manager, trustee, and for the past few years was Director of the Colt and Connie Mack Leagues.

The Jones Institute...An Update

By Rosemary Grant

On a recent appraisal of the "Jones Institute" situation it was found that although the Trustees have been successful in the litigation, the attorney for the petitioners brought another motion to re-argue in the Court of Appeals, thus the project of finding a suitable site for a replacement of the Home for the Poor and Aged was still under a cloud of litigation. However, according to Kathleen Daly, Assistant Attorney of the Town of North Hempstead, the motion was denied on July 23 and there are no further areas to be pursued. This latest development allows the Trustees to move forward with their plans.

In a telephone interview John Dawson, Chairman of the Jones Institute Board of Trustees, indicated the group is looking at a number

of sites, and reporting their activities to the Attorney General's office, in an effort to carry out the wishes of the will of Samuel Jones, as currently modified.

"We are hoping to be able to create a model facility that perhaps can be somewhat of a standard for other areas and be in keeping with the requirements of the New York State Department of Social Welfare," Dawson said. He indicated the moneys from the sale of the Jones Institute property to the King Kullen organization have been invested since last September and have been used to reduce the debt that was incurred by the closing of the Institute. He continued to affirm the desire to reopen a residence as soon as it is practical to do so in a manner that will insure its per-

manency. Before outlining the Trustees future plans, a summary of the entire controversy surrounding "The Jones Fund for the Support of the Poor" would be enlightening from many points of view, including society's changing attitudes towards the care of the poor and homeless.

Suburbia, SSI payments or social workers were not in the lexicon of 18th century Long Islanders. It was a simpler time in 1836 when Samuel Jones of Jericho willed \$30,000 so that the towns of Oyster Bay and North Hempstead be "relieved from the oppressive burden of raising money for the support of the poor." One hundred and forty five years later, the home on W. John St. established with the funds

was sold surrounded by deficits and lawsuits. The Jones Fund, controlled by five appointed trustees, acquired millions of dollars from the sale.

It was Jones will that the \$30,000 "remain a permanent fund from which the interest will support the poor who should be kept in some suitable place where such of them as are able may engage in some manual employment." Furthermore, Jones declared "the sole object of said fund to be for the exclusive use of the poor of the said towns respectfully and no part of the avails thereof is ever to be applied for payment of the overseers of the poor of the said towns, or to the said trustees for their services or to any person or persons hired to take care of the poor."

In 1909 the legislature passed an act enabling three inhabitants of Oyster Bay and two of North Hempstead to be denominated trustees of "The Jones Fund for the support of the Poor."

The Jones Institute was a brick home situated on West John Street built in 1910 in dormitory style to house 70 residents. The institute was open to anyone 21 years of age or older, but the average age was 64 and the majority of the residents were men. In September of 1980, the last of the residents moved out, when the home closed its doors forever following the sale of the property to King Kullen where a warehouse will be put in its place.

Next article looks at the trustees and the sale.

Oktoberfest 1982

For the past seven years, the Holy Trinity OKTOBERFEST in Hicksville, New York, has grown each year until it has become one of the major OKTOBERFESTS in New York State, and, indeed, in the country. Last year, over 40,000 visitors attended this event on the campus of one of the largest Catholic high schools on Long Island.

Under three colorful tents, the visitors were treated to the best in German entertainment and food. Adam Barthalt and his band, together with the Schlierachaler-Stamm Dancers, were the key entertainers around whom other top names performed. The colorful carnival and rides created a truly magnificent experience.

On August 30 last year an OKTOBERFEST parade was introduced with the County Executive, Frances

Purcell, serving as Grand Marshall. Every major marching band on Long Island participated. Mr. Purcell declared the week of the OKTOBERFEST German-American Week in Nassau County.

at this time, the Rev. John C. Seidenschwang, Principal of Holy Trinity, and the founder/organizer of the OKTOBERFEST, is making plans with his Committee for the upcoming event. Adam Barthalt with the Schlierachaler-Stamm Dancers will again be the lead entertainers. Other performers are: The Knickerbockers, the Original Enzian & The Miesbacher Trachten Verein (Bavarian Dance Groups), Foehrer Musik Freunde, Ray Barno and

Orchestra. Eddie "D" Dmuchowski Orchestra, Die Erste Gottscheer Dance Group, Schwyzer Alpers, Rudy Ruf and His Diamonds, Matusz Polish Dance Circle, and Willie Vollerthum Orchestra with special guest star appearances of the St. Ignatius Girls Cadet Corps. Other performers are being scouted for inclusion in OKTOBERFEST.

The dates of the Fest are:
Aug. 27 - 7PM-Midnight
Aug. 28 - 2PM-Midnight
Aug. 29 - 1PM-11PM
Sept. 2 - 7PM-11PM

This Sunday, August 8th, former Hicksville resident (30 year old) Rick Muhlenbruck ended a 34 day, 3,223 mile bicycle ride cross-country by dipping his tires in the Atlantic Ocean at Jones Beach State Park. The trip started on July 6th when he dipped his tires in the Pacific ocean at Bodega Bay, California.

Other than losing three days in Eldo, Nevada to recover from a bad sore throat and a 102 degree fever the long journey went very smoothly.

He hit two rain storms for a total of 2 1/2 hours of rain the entire trip. His good luck held out in the breakdown aspect also as the only troubles he had were three flat tires, one broken spoke and a broken cyclometer belt. As he carried all the necessary spare parts the repairs were done with a minimum of time loss. The least amount of miles covered in a day was 70.7 coming up the steep climbs of the lofty Sierras in California. The most miles covered in a day was 141.6 coming thru the Rockies in Wyoming. The hardest part of the journey was riding thru the Mountains of Pennsylvania where the roads had shorter but

sleeper grades lacking the switchbacks found on roads going thru the Sierras and the Rockies.

Rick camped out at rest areas and city parks out west and as he neared his east coast destination he used motels more frequently.

His gear included a rain outfit, change of cloths, route maps, a journal, a camera, a sleeping bag and tent. Four water bottles with a total capacity of over one gallon, some dried fruit/nut trail mix and Beef Jerky, and all tools and spare parts necessary for anything short of a major breakdown, including two spare tires. The front tire was not changed and still had some tread showing at the journeys end but the rear tire was changed twice. It wore faster due to the heavier weight distribution in the rear and it was the drive tire. The bicycle and all the gear weighed about 87 pounds.

The hardships of the road were tempered by the many friendly, helpful people Rick met along the way.

Rick has been living in Santa Rosa, California for about 4 years now and has done this ride to fulfill a life-

Let Thy Light So Shine

By Thomas W. Pauken, Director of ACTION

Inspiration is like an electrical charge in that once you're plugged in, a light goes on, sometimes briefly, sometimes forever. With Elaine Reininger, it's been forever — ever since Dr. Thomas A. Dooley inspired her and became her steadfast light.

Dooley, the young American medic, the volunteer who through selflessness and determination and the magic of his personality, established, through volunteer assistance, medical facilities in Southeast Asia where previously there were none.

It was shortly after she graduated from high school that Elaine Reininger learned of Dooley's humanitarian efforts in Laos. "I got hooked on him and his work," is the way she puts it.

Being hooked meant doing something to aid the Thomas A. Dooley Foundation, formed shortly after his untimely death in 1961. An accomplished ballet dancer, Elaine organized a talent show and performed in it as well, raising more than \$100 for the foundation. She followed up with an article in the local newspaper, proposing the formation of an "Adopt a Doctor" program on behalf of the handful of doctors who were carrying on Dooley's work in the Far East. Dr. Virginia Singleton was one, and as a result of Elaine's article, she was the grateful recipient of a rainfall of donations — real pennies from heaven.

Since that beginning, nearly 20 years ago, Elaine Reininger's life has been a continuous story of giving and encouraging others to give through volunteerism.

At her job with the Prudential Life Insurance Company, she is the coordinator of the company's public service program, Pru Cares. In her capacity as coordinator, she is not only engaged in

working to increase participation in the company's many established volunteer endeavors, but also to come up with innovative ideas for new ventures such as a walk-a-thon for the March of Dimes; a basketball marathon for Hand-in-Hand; and Granny's Attie-Drive for a senior citizens thrift shop.

Last year, Elaine put together 14 new volunteer events and this year so far she has introduced an additional five. All encourage participation by fellow employees, all are aimed to offer help in the many areas of our society where help is needed, from disabled veterans to child welfare.

Elaine's volunteer activities are not confined to company efforts alone. Until she gave up professional dancing a few years ago, her dancing was performed for the benefit of shut-ins. She organized her own theater group, the Melody Makers, with the sole purpose of bringing entertainment to local nursing homes.

Now she has switched from melody making to film-making for the same and similar audiences. A world traveler, she has put together slide film presentations of the places she has been, using her own taped narration and background music of the country visited; and so she brings a bright look at faraway places to those who cannot go there themselves.

Elaine Reininger took her inspiration in life from Tom Dooley.

Peter Rosenthal, a senior at Plainview-Old Bethpage High School, is the winner of one of the four-year Merit Scholarship Awards sponsored by the Metropolitan Life Foundation for the qualified children of U.S. employees of Metropolitan Life and its subsidiaries. He was honored on June 11, at a luncheon at the Milleridge Inn.

The award was presented by Edward B. Beryack, (left) Regional Sales Manager of the Garden City, Region, Garden City, who is

There is still hot and humid weather expected during the rest of this summer and older persons are particularly vulnerable to heat-related illnesses. Commissioner Adelaide Attard of the Nassau County Department of Senior Citizen Affairs has issued a warning that a build-up in body heat can bring about heat stroke or heat exhaustion — especially for seniors with heart or circulatory diseases or diabetes.

Heat stroke, which is 10 to 15 times more prevalent in persons 65 and older than in younger people, is a medical emergency requiring immediate treatment by a doctor. Symptoms include: faintness, dizziness, headache, nausea, loss of consciousness, rapid pulse, flushed skin and high body temperature. This is the most dangerous of all heat related illnesses since it is a failure of all body cooling mechanisms. Heat exhaustion is more common, but takes longer to develop and results from loss of body fluids and salt. Symptoms include: weakness, heavy perspiration, nausea and lightheadedness. Drinking liquids to replace fluid loss, cool sponge baths and bed rest will bring relief.

Dillon said his office had taken undercover vehicles to a total of 40 repair shops in Nassau County, and that he was pleased with the results. In earlier investigations a greater percentage of repair shops were either criminally charged or referred to the Department of Motor Vehicles for action. The sanctions which the DMV may employ concern revocation of suspension of individual station licenses and/or a maximum of a \$350 fine for each violation.

The two individuals criminally charged surrendered to the DA's Office this morning and will be arraigned on the charges later today in District Court. Falsifying Business Records in the First Degree is an "E" felony, punishable by up to four years in prison. Attempted Felt Larceny is a "B" Misdemeanor, punishable by up to 90 days in jail and/or a \$500 fine.

Peter plans to attend Harvard/Radcliffe Colleges in the pursuit of a career in physics.

"We want our senior citizens to enjoy the summer days ahead by keeping cool and healthy," said Commissioner Attard. Following are some hot weather tips to help make the remainder of the summer safe and enjoyable for older residents:

1) avoid strenuous activity; 2) wear lightweight, loose-fitting clothing; 3) remain indoors during the warmest part of the day, preferably in air-conditioned or fan-cooled rooms; 4) drink plenty of fluids; 5) cut down on salt

Remodeling With An Eye To The Future

Last year Americans spent a record \$46.4 billion fixing up their homes. In many cases, they did so because they couldn't afford a new house, but others were prudently improving not only their present living conditions but their future investments as well.

There's no question about it: remodeling can be a blue-ribbon investment in your home. Here, according to the August Reader's Digest are some of the remodeling moves that can pay the homeowner handsomely.

Almost anything you do to update an aging kitchen: new cabinets, flooring, work spaces. Caution: don't spend more than ten percent of your estimated selling cost.

A bright, modern bathroom or adding a second bathroom are valuable selling points.

Increasing the insulation can be a top investment. Not only will it save you money now, it will also pay off when you sell.

intake; 6) avoid alcoholic beverages; 7) eat raw vegetables, fruit, cold or jellied soups; 8) avoid carbonated or excessively iced drinks; 9) if a loss of appetite occurs, change your eating pattern from three regular meals per day to five mini-meals; 10) plan to shop early in the day and store food promptly to avoid spoilage.

The Department of Senior Citizen Affairs offers a flyer on "Summer Eating Suggestions for Seniors" which is available by calling 535-5823.

probably not return 100 percent on your investment, but many homeowners think it is well worth the money.

Adding a family room if you don't already have one should yield a good return. People have come to expect them. Don't, however, sacrifice garage or other necessary existing space.

There are other remodeling plans that may not necessarily contribute to your selling price, though they may give you and your family much happiness. Among them:

A swimming pool. While you may cherish its pleasures, often view them as a lot of work.

Top grade carpeting. To many, carpet is carpet.

A new living. If, in doing so, you outpace your neighborhood, you won't be able to recoup your investment.

New heater, roof or furnace. These fail to impress buyers unless they are in deteriorating shape. These items are musts, anyway.

Retired Senior Volunteers

In ACTION

By Thomas W. Penken
Director, ACTION

Delta is a small mountain town in Western Colorado. With a population of a little more than 3,000, it's most popular center of social activity for young people is the community swimming pool, a magnet for every youngster in the area.

On any given afternoon and during the weekends, you'll find Charlie Clubb at the poolside, maintaining what he terms "a semblance of order amidst a mass of confusion." It's not that he's a law officer or a John Wayne type; quite the opposite. He's gray haired, slight, wears thick-lensed glasses along with his easy, winning smile, and Delta residents think he resembles George Burns. To say that most of the citizens of Delta and the surrounding hills know Charlie and his devoted wife, Ann, is no exaggeration. As an RSVP (Retired Senior Volunteer), he is not only a man for all seasons but, more importantly, a volunteer for all ages. He spends one morning a week

at the local kindergarten, assisting the beginners with their reading and special projects. At recess, he's out on the playground pushing a swing or holding one end of the skip-rope.

The Clubs never had any children of their own, but Charlie has pretty well adopted the youngsters of Delta, or maybe it's the other way around. He spends time aiding the slow learners in elementary school, and he's there to offer guidance and companionship to the teenagers who have gotten in trouble. He and Ann know all about trouble; they've had some of their own. Some years ago Charlie was a dedicated alcoholic. Now it's said that he does his most critical volunteer work for the community at the local AA chapter where he devotes his energies to helping others break the drinking habit.

But that's not the end of his day. There are two home-bound elderly folk that he visits, and he's a regular volunteer at the nursing

home. Comes Christmas and he does his beard and Santa Claus costume. And, while Ann does the driving, he makes the rounds delivering gift boxes of food and fruit to about 75 shut-ins.

It seems that wherever Charlie is - whether it's at the swimming pool where he checks clothes, mans the cash register and keeps the bedlam under control, or patiently encouraging reading skills in the young - he's the humor-filled man who carries on wherever he's needed. He does so through the pure joy of giving, making restitution, he says, for all the lost years.

To bring a smile to someone else is his daily goal. He can be spotted a block away seeking it because he walks with a white cane. Though legally blind, Charlie sees the world around him in the manner it was meant to be, and everyone in Delta who knows him sees Charlie Clubb as he is now - a bright spirit on the move.

Hispanic Night

A spectacular line-up of Latin American musical stars will light up Eisenhower Park's Harry Chapin Lakeside Theatre Monday, Aug. 23 beginning at 8 P.M. when Hispanic Night, the seventh in this year's International Night Series, is presented by the Nassau County Department of Recreation and Parks with sponsorship by European American Bank. The rain date is August 24.

Foremost among the noted musicians, singers and dancers will be the dynamic Tito Puente and his orchestra, playing many of his top record hits such as "Mambo La Rocca", "Barbaratari" and "Cuban Mambo".

Recreation and Parks Commissioner Abram C. Williams said that in addition to the famous orchestra leader, also appearing would be the Daniel Cordoba Ballet Espanol with some exciting flamenco numbers; the "Alborada Latina", a chamber ensemble for Latin American music; and, "Los Numeros 515 Musicians of Glen Cove", presenting folk songs of Puerto Rico and Colombia.

THE LEGENDARY TITO PUENTE and his orchestra will headline the Hispanic American Night show.

The Harry Chapin Lakeside Theatre is located adjacent to parking fields # 6 and # 6A. Since there are no formal seating arrangements, theatergoers are

advised to bring chairs or blankets for their convenience. If weather is doubtful, call 542-4585 for verification of performance.

Revenue Sharing Hearing, Aug 20

On Aug. 6, County Executive Francis T. Purcell announced that a hearing will be held at 1:30 PM on Friday, Aug. 20, to receive public comments and suggestions about the

proposed use of approximately \$15 million in 1983 federal revenue sharing funds.

The hearing will be held in Room 246 of the County

Executive Building, One West St., Mineola.

County residents are invited to submit written and/or oral recommendations.

Computer Project Turns Up Possible Frauds

A computer project initiated by the Nassau Social Services Department is turning up hundreds of possible frauds, County Executive Francis T. Purcell announced today.

Purcell, in lauding the 28 banks cooperating in the computer match program, said 334 welfare cases have been closed in the first six months of this year and 156 of them have been referred to the District Attorney for possible criminal action.

The banks voluntarily participate in the computer match program developed by Social Services Commissioner Joseph A. D'Elia. The plan has turned up bank accounts unreported by public assistance and medical assistance recipients amounting to more than \$1,500,000.

"This is a splendid example of an effective partnership between the private sector and government, which is saving money for the taxpayer," Purcell said.

"One case uncovered in this computer match showed more than \$75,000 deposited in more than 15 bank accounts," D'Elia said.

Each month, the social services department sends a computer tape of approximately 8,000 social security numbers to the 28 banks in the match program. The banks perform a routine "clearance" against social security numbers known to them. The number of "hits" or "matches" averages almost 700 monthly, D'Elia said.

When the bank information identifying matching social security numbers comes back to Social Services, it is reviewed by staff to see if the bank account balances exceed permissible limits. There is a \$1,000 resource limit for public assistance cases. In medical assistance, resource limits vary according to family size - \$2,600 for one person, \$4,050 for two people, \$5,150 for a family of four.

In 1977, Commissioner D'Elia initiated a wage reporting system with local businesses, matching computer tapes of social security numbers to identify unreported income earnings of public assistance recipients. The department earned a National Association of Counties Achievement award for the innovative program, which was adopted statewide the following year.

At Old Westbury Gardens

The entire company sings, they dance and above all, they celebrate. The Vanaver Caravan will fill the air with sound, color and life! They have captivated audiences throughout North America, Europe, Great Britain and vibrant repertory of songs and dances from America and abroad, and classical modern dance, choreo-North Africa, with their graphed to original scores.

This is the last of the series of Picnic Pops for the season.

The concerts are made possible with funds from Hempstead Bank, Long Island Trust, Nassau County Office of Cultural Development, and Roslyn Savings Bank.

Bring a picnic supper and blanket and enjoy music under the stars. Gates reopen at 6:00 PM, the music

is on from 7:00 to 9:00 PM. Admission to concerts is \$3.00 for non-members; \$1.00 for members and children ages 6-12; and \$2.00 for senior citizens.

JOSEPH MARGIOTTA, who is serving as honorary chairman of the Great AHRC Horse Show, reviews some last minute details with Helen Kaplan, executive director of the Nassau Association For The Help Of Retarded Children. Local residents serving on the committee include Gregory Peterson of North Merrick and Peter Mele of Hempstead (far right).

The highlight of the event which begins on August 26th at Stillwell Woods Park in Syosset is the finale weekend Friday, August 27th through Sunday, August 29th when together with the Horse Show, AHRC auxiliaries will be holding their annual Family Fun Days. Those activities start at 11 AM each day of the finale weekend and include a New England Crafts Fair, refreshments, games, puppet shows, pony rides and an exhibition by the army and navy. Show competition goes on all during the finale weekend climaxing in the \$15,000 Nassau Downs OTB Grand Prix at 1:30 PM on Sunday, August 29th. Admission to the show, which is an official stop on the Mercedes American Grand Prix Tour, is free. There is admission to the Family Fun area although a \$2 parking contribution per car is requested. All proceeds of the Great AHRC Horse Show and Family Fun Days will be going to help support AHRC's programs which provide service each day to twelve hundred mentally retarded children and adults.

Don't Court Disaster

Boaters Must Follow Safety Rules

By Francis T. Purcell
Nassau County Executive

We are at the height of the boating season. Boating, fishing and waterfront commerce is the second largest industry on Long Island. We are proud of it, brag about it in our effort to lure tourists here, and thoroughly enjoy the natural wonder around us.

Pleasure boaters are legion in our county, using both North and South Shore waters from early Spring until late Fall. There are fishing enthusiasts and those who never wet a line, but traverse the waterways enjoying boat life. Anyone who gets a look at either shore on a weekend is popted in amazement at the channels near Jones Beach by hopping from one boat to another.

Along with our pride and joy in waterways, however, there is too much sorrow. I mean the sadness that everyone feels when there is a tragedy on the water. Often, we read of fatal or serious accidents which occur on the water. Some are caused by the recklessness

of boat operators and others through the inexperience of operators.

Whatever the cause, a boating accident is serious by its very nature. A death is catastrophic. Injury is painful and costly. The loss of property is expensive. Many of the boats I see are bigger than the biggest automobile, are thousands and thousands of dollars more expensive, and carrying huge tanks of fuel, are most volatile. The smaller boat, of course, is less in all ways, but, therefore, more vulnerable in the event of a accident.

The Nassau County Police Marine Bureau is charged with law enforcement on both shores. They patrol to a point midway in Long Island Sound and generally to the barrier beaches on the South Shore. They will go to the assistance of any boat in distress in our vast water area. The marine police work in cooperation with the town's bay constables and with the U.S. Coast Guard. The combined forces, however, cannot be everywhere. Their task is monumental and it must be said they do a fine job.

Much of the responsibility for boating safety lies with the boaters themselves. They must at all times heed speed limits and other "rules of the road" on water. Everyone who owns or operates a motorboat should take or have taken the courses offered by the Power Squadrons and the Coast Guard Auxiliary.

These courses are virtually cost-free and are in most part given through community school district adult education programs. Contact can be made with the area auxiliaries or power squadrons through any of the phone book-listed Coast Guard installations.

I can't imagine anyone would drive a car without instruction or fly a plane without lessons. I am told some people do set out in power boats without detailed prior instruction. It doesn't make sense.

I urge boaters to strictly obey laws of water traffic; utilize every safety rule; have recommended emergency equipment available at all times, and exercise all precaution when aboard boats. To do less is to court disaster.

"I Support The Reagan Program" (Even If The President Doesn't)

By Cong. John LeBoutillier

I could scarcely believe what I was hearing.

There we were, a dozen or so Representatives from New York and the northeast, being lobbied by President Reagan to vote for a three-year, \$98.9 billion tax increase.

Only a year ago, my lukewarm support for the 25% across-the-board tax-cut was secured when Administration officials convinced me that my vote was essential for the success of the Reagan economic program.

I voted for the tax-cut, and now I was being asked to vote for the largest tax increase in history. No way.

Just the other day, I joined over 70 of my fellow representatives in signing a letter to President Reagan demanding that there be no consideration of tax

increases (revenue-enhancements, they call them) without substantial cuts in federal spending. Unfortunately, those cuts do not appear to be forthcoming.

According to a recent minority report of the House Budget Committee, the House has acted on only \$15 billion of the \$40 billion in cuts recommended by the Budget Resolution. Very quietly, and without debate, the Administration has done a U-turn to a familiar role as tax collector for budget-busting programs approved by Congress' big-spenders.

For the most part, the tax package raises taxes on savings, investments and

productive activities and would increase, by varying amounts, taxes on alcohol, cigarettes and telephone use.

Only a year ago, the Administration promised to help the nation's highly taxed savers, investors and consumers. This tax package represents a 180° turn-around and if enacted will set in motion the very tax-tax, spend-spend cycle the President has worked so hard to eliminate.

I voted against sending this tax increase package to the House-Senate Committee. Despite the prestige of a Cabinet Room pep-talk, I'm still supporting the Reagan tax-cut, even if the President isn't.

DOT Receives Low Bid

On July 29, the State Department of Transportation received an apparent low bid of \$958,771.50 for a contract involving drainage improvements along the Long Island Expressway (LIE) in Nassau County.

The lowest of four bids was submitted by Lizza Industries Inc. of Roslyn.

Transportation Commissioner William C. Heaness said the contract is expected to be awarded and work to begin shortly, following

analysis and verification of the bid and processing of legal papers.

The work on the project will take place between Glen Cove Road and Round Swamp Road in the Towns of Oyster Bay and North Hempstead and will involve the pouring of concrete walls inside existing deteriorated walls of drainage basins in the right line of the LIE in each direction. Chain link fence also will be installed on a pedestrian walkway crossing the LIE just west of Route 107.

2nd Prec. Report

Police Officer Assaulted In Cantiague Park

By Police Officer John Lazarus

The 2nd squad has arrested two youths and charged them with assault 2nd degree, attempted unauthorized use, unauthorized use, and possession of burglar's tools in Cantiague Park, Hicksville at 8:45 A.M. on Aug. 6th.

P.O. Wayne Lawrence, 2nd Pct., was responding to a radio call for an attempted unauthorized use of a moped on Procop Ave., Jericho, when he heard a notification describing two male youths. As he was approaching the park he observed the two males wanted in the notification. He exited his police vehicle and while attempting to stop the pair who were riding a moped, reported stolen at 6:15 A.M., was struck by the moped, causing an injury to his rotor cup, right knee and lower right leg.

Other officers following the pair arrived at that location shortly thereafter. The pair then fled on foot. Sgt. Norman apprehended one of the subjects, later identified as Bernelle Phillips, 16, janitor, of Brownsville, Brooklyn, a short distance away. P.O. James Mangan, 2nd Pct., chased Rodney Ladson, 16, student, of 41 4th Ave., New Cassel, on foot and apprehended him on Jewel Ave.,

Hicksville, a few blocks away.

It was at this time that the officers discovered that the moped the pair were riding was reported stolen earlier. They were charged with possession of burglar's tools, the pair of shears they allegedly attempted to cut the chain with in Jericho.

P.O. Lawrence was taken to NCMC where he was treated and released. He is presently on sick leave with his injuries.

ARMED ROBBERY

Two men posing as Bureau of Weights and Measures Inspectors robbed a Hicksville Meat Market of from \$2,000 to \$2,800 dollars at 6:15 p.m. on Aug. 7th.

Albert Fusco, 28, the owner of the AI's Meat Store, at 214 Old Country Rd., was preparing to close the store when two men, dressed in dark colored business suits entered, flashed silver shields and announced they were from Weights and Measures. Seconds later they both drew automatics, ordered Fusco down on the floor and rifled the cash register of its contents. Both then fled in an unknown manner and direction.

Fusco was not hurt during the robbery and no customers were in the store

at the time.

The suspects were described as white males, both armed with automatics, both 40 to 45, dressed in suits.

The Second Squad is investigating, led by Det. John Mokson.

Sometime between July 12 and August 2 the Rutz residence on Amby Ave. in Plainview was broken into. Entry was made by prying open the front door. Loss at present is unknown. This was reported on August 2. Det. Karl Klemm is investigating.

On August 4 the Salomon residence on Pasadena Dr. in Plainview was burglarized. Entry was made through an open rear window. Three televisions were stolen. Det. John Mokson is investigating.

On August 5 the Pirola residence on Hawthorne St. in Hicksville was broken into. Entry was made by breaking a rear window. No loss was reported. Det. Hank Grynewicz investigated.

On August 5 the Simonetti residence on Gardiners Ave. in Hicksville was burglarized. Entry was made through an unlocked rear window. Coins and jewelry were reported stolen. Det. Hank Grynewicz is investigating.

On August 6 the Potomac located on Old Country Rd. and Lee Pl. in Hicksville was burglarized. Film cassettes were reported stolen. Det. Bob Spitzer is investigating.

On August 9 the Mack residence on Pasadena Dr. in Plainview was burglarized. Entry was made through an open rear window. Assorted jewelry was reported stolen. Det. Steve Triola is investigating.

Legionnaires' Log By Arlie Rutz

CHARLES WAGNER POST # 421
HICKSVILLE, N.Y.

Commanders' Club is sponsoring this foray and the trip is open to anyone so your friends and neighbors are eligible to make this trip....The cost of the trip is \$17.50 per person and upon arrival at Harrah's each person will receive \$10 in quarters and a food coupon worth \$3 thus your transportation costs actually are \$4.50 per person....Seating is limited to 48 persons and will be reserved on a first-come first served basis when the money is put up front or in other words, you put up your \$17.50 cash and you have a reservation and not before....ALL RESERVATIONS must be made thru LOU CESTA who can be reached by phone either at WE1-0262 (business) or 785-6583 (home).

Once again I'm sorry to pass the news that our Adjutant, was Tietjen, suffered a massive heart attack last Sunday and is now confined in an Intensive Care Unit at the Nassau County Medical Center....Last week information regarding a bus trip to Harrah's in Atlantic City appeared in this column.

News has come to hand that a COPYRIGHT EXEMPTION is now possible and to the average Post member this doesn't mean a thing because absence from meeting is forfeit....But to those who do, and worry about things that could hurt the Legion, this is welcome news even though its probability must be taken with a grain of salt....Let me explain what this is all about....The American Legion first became involved in this issue when copyright legislation was enacted in 1976, taking effect in 1978, which failed to include a royalty payment exemption for veterans organizations. At the time it was understood that the exemption would be retained even if not specifically addressed in the new law.... Subsequent to enactment, however, Legion Post homes were held liable for copyright payments for live performances have been and continue to be for the purpose of raising funds for welfare of local communities, the imposition of royalty payments is inappropriate from a public policy standpoint....If many of the charitable contributions made by the Legion to local communities across the nation were ceased, these same communities would have to fill the void by raising taxes....Keep in mind that ALL charitable or-

ganizations, connected in one form or another to the use of live music either directly or indirectly are facing this foolish legislation which could reach back to 1978 in its copyright demands....Clearly, today's economic climate is austere and the nation can ill afford to stand in the way of active organizations, such as The American Legion, that have volunteered their time, money and energy tirelessly for years to promote the local welfare....Unfortunately, copyright royalty payments have increasingly become a deterrent to the Legion's charitable fund

raising activities....The possible solution for this exemption problem occurred on AUG 30, 1982 when the Senate acted to adopt legislation exempting veterans organizations from copyright royalty payments, by amending a previously passed House bill, H.R. 444, with the contents of the Legion backed exemption legislation, S. 603....Due to the differences between the two bills, a conference committee from the House & Senate Judiciary Committees will iron out the differences and will now be appointed....More on this next week.
