The August 11 meeting of the Hicksville Kiwanis Club was graced with the presence of two young ladies who spoke to the group on related subjects.

The first speaker, "Miss Joan", came from the Huntington Neighborhood Crime Watch Association and spoke on the subject of "Neighborhood Watch - What it is and what it isn't". "Miss Joan" said that because of the efforts of her organization's members, burglaries are down in their neighborhood by 26% in the first six months of 1982.

The second speaker, Miss Barbara Nelson, Executive Director of the Hicksville Youth Council, reported on the August 10 meeting at the Library where the formation of a Neighborhood Crime

Watch in Hicksville was discussed with local residents. The August 10 meeting was cosponsored by the Hicksville Youth Council, the Hicksville Community Council, and the Hicksville Chamber of Commerce.

A fire of undetermined origin caused heavy damage to a Levitt-style home at 298 Acree Lane, Hicksville. The alarm was reported at 5:54 p.m. on Aug. 12. Hicksville firefighters, who were on the scene in minutes, reported seeing a huge column of black smoke as they responded from over a mile away.

Upon arrival, firefighters found the living room bedrooms and patio fully involved. Near-by dwellings were protected by hose lines as firefighters worked to douse the blaze. A portion of the fire on the patio refused to go out. Firefighters used chemical extinguishers to control the unknown material, and even with that the material burned. The

material was removed from the structure and deluged with water and was finally extinguished.

Hicksville Fire Chiefs complained that the homeowner was uncooperative in identifying the materials stored on the patio, and were interfered with by neighbors urging the owner not to give out any information. Fire Chief were attempting to determine what was burning and what dangers the firefighters might be facing.

Hicksville Fire Chief William Donlon stated that the Fire Department was appalled at the behavior of the neighbors and that their actions endangered the volunteers fighting the blaze.

Research On Goldbeating Continues

By Rosemary Barrow and Val Conover

A few weeks ago an appeal was made by the Gregory Museum to the Hicksville community for donation or loan of artifacts pertaining to the Goldbeaters' craft. This was a "cottage industry" centered in the Hicksville area, important in providing a livelihood for many local residents for about ninety years—from 1850 until World War II. Gold was pounded into tissue-thin sheets, called "gold leaf," to be used on lettered signs, on picture frames, and for various types of decorative trim.

Originally, the plan of the Hicksville Gregory Museum's historical committee was simply to combine an article on Goldbeating in the Fall issue of the Museum's newsletter for members, with an exhibit of goldbeaters' tools and accessories in the Museum's historical display area. However, response has been so enthusiastic, and the data collected so fascinating, that the

project is growing into one of serious research into this aspect of local history. The story of the goldbeaters, both as crafts people and as individuals, is largely unrecorded, but is still vivid in the memory of many senior residents. We are confronted with the realization that if these memories are not documented now they will be lost to us and to future generations.

Our appeal, then, is being broadened to encompass any scraps of information, nostalgic memories, childhood reminiscences, or stories heard from elders. If you have old pictures, we can copy them and return the originals. One bit of information leads us to another—even if it's just a name or the location of a goldbeater's house. Each little item is like a piece of an intriguing jig saw puzzle.

If you have any information on goldbeating that you think would be use-

ful please call the Hicksville Gregory Museum 822-7505, or Val Conover 835-7221. The committee is at your disposal to listen, take notes, and preserve your memories. Let's work together to save this interesting bit of Hicksville history!

Editor's Note: Here is an interesting letter and old postcard we received this week:

Dear Mrs. Noeth,
I am enclosing a picture of my father shown in front of his gold-beating shop with his three lady cutters and one gold-beater. This picture was taken around 1906 by a travelling photographer. Pop is standing next to the ladies. I thought that I would send this picture to you and you could check with the Gregory Museum Director about using it in the Gold-Beating Exhibit that they are planning this fall. When we children attended school

we were taught to spell the name Muench instead of Munch. My parents still used Munch as did my older sister and I. The rest kept the spelling of Muench. The shop in the picture was located on Old Country Road on the corner one block east of Hicksville Highway. Don't remember the name of the street.

The family moved to 12 West Cherry St. sometime around 1912 and Pop set up his shop on the west side of the house. He remained at this location until he gave up his shop and went to work for Mr. Weickmann who had a large shop which was located just off John St. one or two blocks west of Broadway. When WW II came along he went to work for Grumman with a lot of his buddies.

My sister, Margaret Hogan now lives at 10 Marie Court with her son Richard.

Sincerely
Francis J. Munch

VENERABLE SKIP MONTEFORTE'S MESSAGE: To be happy ourselves is a most effectual contribution to the happiness of others. Old Saying

If you're the type who waits for the last minute, please don't let that last minute slip by when it arrives as most of us do. Perplexing, you might say, well, no, not really, because that little message is in accordance with the Galileo Lodge's announcement that on Saturday, the 28th of August, the Galileo Lodge presents its Italian-Football Wedding and Dance. Tickets sell at \$10 per person, with sandwiches, beer, soda, set-ups, coffee and cake and live music from the Jim Marchese musical group. Please note that a 'bring-your-own-liquor' policy will be in effect that night. Please note also that a Beauty Queen Contest will enhance the proceedings that night, and at that time a beauty

queen will be chosen to represent the Galileo Lodge and the Columbus Day Parade; not to mention the fact that the Galileo Lodge scholarship awards will also be given out that night. For tickets and reservations, please call Chairman Joe Giordano (334-8584), co-Chairman Pete Masiello (933-4335), Armand Del Cio (938-5052), Frank Matassa (921-2843), Joe Morace (931-2548), Anthony Copolla (796-3670), Dante Perolli (935-1411) and Venerable Skip Monteforte.

For another affair which might be compatible with your Indian summer moods and which might offer you pleasure and warmth (of the heart), is the announcement that the Ladies Auxiliary will honor Jo Ann Wallick in a Testimonial Dinner Dance on Saturday, the 25th of September, starting at 8:30 P.M. at the Galileo Lodge. Tickets sell at \$17.50 per person, and

in the offering will be a delicious full-course dinner, beer, soda, coffee and cake, set-ups, unlimited liquor and live music from the Yesterday, Today and Tomorrow music combo. For tickets and reservations, please contact Chairlady Rosa Mezaros (931-0876) Marion Densiglio (ED4-6860) and Carmen Russo (931-1059). Jo Ann Wallick, if you remember, was the dynamic force and inspiration that guided the Ladies Auxiliary (1979-1981) in a course of action in which all its ideals and principles were firmly established. All members, male and female, are urged to attend as well as all those who have been associated with her. The cut-off date for tickets will be September 21st and they must be paid in advance.

LODGE TIDBITS:

Don't forget rehearsals for the 'Foolies Follies' every Tuesday night, at 8:00 P.M., at the Galileo Lodge. Jo Ann Wallick is the director of this super-zany show and she would like to have as many male and female members of the Galileo Lodge attending. It's a labor of love and fun, so why not come down and help make this show a success. Joe Morace has

retired from the Post Office after 34 years of service. A nice retirement wish from the Lodge... James Posillco Jr. is doing just fine with the Cincinnati Reds baseball team. There will be five recipients for the Galileo Lodge's Louise Masiello Memorial Scholarship Awards on Saturday, the 28th, the night of the Football Wedding Dance. Their names will appear in this column shortly. A speedy recovery wish to Jack Riccardi Sr., Joe Aglio and Lou Beradicelli. You all are missed here at the Lodge.

At our last business meeting we were honored by the appearance of District Court Judge James Brucia, who is a candidate for the State Supreme Court from the 10th Jud. Dist., comprising Nassau and Suffolk Counties. Judge Brucia is a resident of Roslyn, L.I., has four grown children and whose wife is a teacher at Port Jefferson High School. Judge Brucia is associated with many of the leading social, military and community organizations, including the Celine Lodge for the Sons of Italy in America. Judge Brucia has an ex-

cellent war record and he has held many notable and prestigious positions in the Judicial System of Nassau and Suffolk counties. Judge Brucia is a capable, dedicated and sincere servant of the Law, believing in strict but legal justice for all. For a man of integrity, dedication and unwavering loyalty to his position, Judge Brucia deserves your vote. (See photo)

Stackpole Jazz Trio

On Thursday, August 26th at 8:00 PM, the Hicksville Public Library will present the last of its Summer Programs. Performing will be the Terrell Stackpole Jazz Trio. Along with a discussion / demonstration of Jazz development and styles, the trio will perform selections by Duke Ellington, Miles Davis, Neil Hefli, Leonard Bernstein, Cole Porter, Jerome Kern, Thelonius Monk, Matt Dennis, George Gershwin, Scott Joplin, Vernon Duke, Charlie Parker and others.

Dr. Stackpole currently serves as Supervisor of Comprehensive Arts for the Hicksville Schools, having formerly served on the faculties of Drake University and the University of Massachusetts, where he was a member of the Jazz Studies and Music Education departments. He remains active as a performer, clinician, and adjudicator in jazz education, having recently conducted vocal and instrumental jazz ensembles in several states. In addition, he served as assistant conductor and guest jazz pianist for Dave Brubeck's jazz oratorio, "The Light in the Wilderness," performed by the combined choruses, orchestra, and jazz ensemble at the University of Michigan.

Library programs are held in the Community Room which is in the lower level of the Library. They are free and everyone is welcome. This program will entertain young and old alike.

Bide-A-Wee Accepting Puppies-No Charge

If it's raining puppies at your house, Bide-A-Wee Home Association can help bail you out. As long as there's space available, Bide-A-Wee will be continuing its policy of accepting puppies from seven through eleven weeks of age at no charge. This service represents a considerable savings to those with large litters to place. All animals will receive their appropriate inoculations and be cared for

until they are placed in loving, responsible homes. (Bide-A-Wee never destroys an animal placed in its care unless incurably ill.) In addition, the mother dog of each litter accepted receives a discount towards the cost of spaying at a Bide-A-Wee clinic. It is necessary to phone first for an appointment, since all incoming animals must be examined by a Bide-A-Wee veterinarian before being accepted. Bide-A-Wee has shelters at

3300 Beltagh Avenue, Wantagh, open Monday through Friday, ten a.m. to nine p.m. and weekends nine a.m. to five p.m., on Old Country Road in Westhampton, open Monday through Thursday, ten a.m. to four p.m. and weekends ten a.m. to seven p.m., and at 410 East 38th Street in Manhattan, Monday through Friday nine a.m. to seven p.m. and weekends ten a.m. to five p.m.

Federal Tax Relief For Working Couples

When working couples file a joint income tax return next year, they may be able to deduct as much as \$1,500 from their gross income for 1982. That's a provision included in the tax law passed in 1981 to give some relief to two-earner couples, who generally pay higher taxes than they would if they were single. For 1982, a working couple filing a joint return can deduct from gross income either five percent of the earned income of the spouse with the lower earned income or \$1,500, whichever is less. Beginning in 1983, the deduction increases to 10 percent but cannot exceed \$3,000. Despite this tax relief, some couples may find that they owe additional taxes at tax time. Internal Revenue suggests that they avoid that situation by keeping close track of their withholding

during the year. One way taxpayers can avoid owing additional tax at filing time is to claim fewer withholding allowances or request additional withholding. They can do either by filing a revised Form W-4. Employees Withholding Certificate, with their employer. Alternatively, they may wish to have taxes withheld at the rate for single persons. Another technique is to

pay estimated taxes during the year. This means that they can pay tax that they will owe but is not being withheld in up to four installments. They make the payments directly to IRS using Form 1040-Es, Declaration of Estimated Tax for Individuals. Taxpayers may obtain these forms from local IRS offices, along with a free pamphlet on estimated taxes, Publication 505.

To Benefit The Nassau Association For The Help Of Retarded Children

Dear Friends...

The annual Fund Drive of the Hicksville Fire Dept. is presently underway. We cannot praise these dedicated volunteers highly enough... not only do they undergo continual training to qualify for this 24 hour a day volunteer work... but, they also save all resident taxpayers a great deal of money, as anyone who lives in the City where they have a paid fire department can tell you.

On Tuesday our Town Board authorized the Nassau County Health Dept. to install seven groundwater monitoring wells on the old Syosset landfill property. This is part of our town's program to monitor wells on this site which, in the near future, will have 19 venting pipes installed to monitor methane escaping from this dump site. This is also being done at the Old Bethpage landfill.

THAT'S ALL for this week. Labor Day is almost upon us. We hope that you all enjoy this beautiful Long Island weather.

Hicksville School Board Sets Total Tax Levy

By Rosemary Grant

The Hicksville Board of Education passed a motion to decrease the tax reserve for contingency and adopted a resolution to set the District's tax levy at \$22,772,800. This action will decrease the proposed tax rate .2246. The tax rate will be reduced to approximately \$18.702 per \$100 assessed valuation.

Board members Ayres and Arena were not present at the Special meeting of the Board to agree on a tax levy amount, which must be submitted immediately to the County Board of Supervisors. After questioning the budget reserve at length, and again expressing his concern over the surpluses, Trustee William Bennett cast the only no vote for the tax levy. He explained his vote by saying "I feel the tax rate could have been reduced a great deal more. The 22¢ based on the surpluses we have generated is not fair to the taxpayers."

Board President Charlene Anci commented "We feel that this represents a just and equitable tax levy at a time when neighboring school districts all over the island are increasing their tax rate."

A resolution passed to accept \$301,260.40 as the total adjusted Reserve for Contingency, which is \$152,400.73

less than the original figure submitted for Board approval on August 11. This reflected a removal of \$91,000 in outstanding litigation fees, which represents a contingency for claims and legal fees started before July 1 during the last fiscal year not yet been billed to the district.

Excess funds allocated to BOCES were also questioned by Mr. Bennett who noted "We are having 102 less students in BOCES this year."

The Board made a statement of policy regarding the phasing in process of diploma requirements affecting 1982-83 senior high school students which is for informational purposes only. The requirements for students entering their senior year were adjusted. A second stage of this discussion will be held at next week's Board meeting.

The Board also approved the sale of surplus print-shop equipment and authorized the administration to ask for bids.

Before adjournment the Board entered Executive session to discuss custodial negotiations, reorganization and personnel.

The next regular meeting of the Board of Education will be on August 25 at 8 p.m. in the Conference Room of the Administration Bldg.

To The Editor:

Local residents will be called upon to cast their votes for one member of the Board of Water Commissioners, Hicksville Water District, on Monday evening, August 30, 1982. Voting will be held in the main house of the Hicksville Fire Department on East Marie Street between the hours of 7:00 P.M. to 10:00 P.M.

It is with a thorough knowledge acquired from having served two previous terms as Commissioner, that I now resubmit my name for re-election to another three year term. At the present time I am serving as Chairman of the Board, and together with my fellow Commissioners have maintained an active and steady program to maintain its ability to supply adequate quantities of high quality water.

We have adopted a most active program to keep the needs of our water supply before the attention of governmental regulatory authorities in order to assess all manner of potential contamination of our drinking water wells. More recently, we have turned directly to all of our local legislators at the State level and sought to gain their support plus that of the New York State Legislative Commission on Water Resource Needs of Long Island.

Very shortly we will further our efforts to remain a "front runner" by conducting pilot work studies to establish the design parameters for inaugurating full scale treatment facilities should future needs require such action. This is in keeping with our public commitments to avail ourselves of all modern techniques and to take whatever steps may be deemed worthy of both assessing and satisfying our requirements.

Therefore, I do submit my name for re-election and respectfully request the support of the community in order to permit me to carry on with the work we have thus far advanced; it has been a satisfying experience to serve and one which I am most desirous of continuing.

RE: RESOLUTION # 628-82 PARKING REGULATIONS ON SECOND ST.

As you may have noticed, thanks to the efforts of Councilman Thomas Clark, Second St. east of Jerusalem Ave. has suddenly become a parking lot.

According to Mr. Clark and members of the Town Board, this system of diagonal parking on the south side of Second St. is a temporary measure to try and help alleviate the lack of parking for library patrons.

Letters To The Editor

There is no indication whatsoever, by the Board, of just how long this "temporary" measure will be in effect.

As mentioned, resolution # 628-82 was pushed thru by Councilman Clark on the assumption that all concerned would get a "true picture of the maximum amount of parking required by the Library" if the angular parking ordinance would be put "into effect during the summer when school was not in session and the Library was at maximum use."

What Mr. Clark, the Town Board and the Highway Dept. failed to realize is that traffic on and thru Second St. is ACTUALLY AT ITS MINIMUM DURING THE SUMMER MONTHS!

What they and Library Director Kenneth Barnes also failed to recognize, was the fact that ANYONE, including the patrons of the Hicksville Public Library, were able to utilize the Hicksville Junior High School parking lot, located directly (diagonally) across the street from the Library ANYTIME day or night throughout the summer months!

Furthermore, this same parking lot was (and is) available to those same people during the school year, Monday thru Friday after 3 pm, and all day Saturday & Sunday, school vacations notwithstanding.

Mr. Barnes, in a letter dated April 21, 1981, addressed to Robert Andruzzi, Supt. of Highways, T.O.B., stated that he and the Library Trustees were interested in the possibility of using Second St. as a "public library parking area". He went on to say that he believed "this could be done by using diagonal parking without unduly inhibiting traffic".

NOTHING COULD BE FURTHER FROM THE TRUTH!

The fact(s) of the matter is: 1) Drivers (heading north on Jerusalem Ave.), when making a right-hand turn on to Second St., are now forced to pull dangerously close to the opposite side (north) of Second St. and proceed in the area designated as the oncoming traffic lane!

2) This situation becomes even more perilous when a bicyclist attempts this very same maneuver.

3) School busses (the Junior High is also located on this street, remember?) having had previous difficulty getting thru these residential streets, will now further have their problem(s) complicated not only by the diagonally parked cars, but with that much less space to park while loading & unloading the students.

4) Parents, who heretofore have dropped-off & picked-up their children at the Jr. H.S., will find they will not be able to pull up to the curb, or as many parents often do, briefly "double park" without running the risk of completely blocking traffic. Traffic both north & south bound on Jerusalem Ave. (particularly during the morning rush hour) will be

severely hampered while many of these PARENTS & TEACHERS attempt to maneuver around the diagonally parked cars turning down Second St.

5) Due to the "westerly" angle of these parking spaces, drivers wishing to proceed BACK to Jerusalem Ave. (west on Second St.) will find that they will ultimately have to either go all the way to the (dead) end of the street to make their U-Turn, or turn down Sterling or Frevert Place and then go "against the traffic" of Old Country Rd. (these two side streets have already had parking restrictions placed on them due to their narrowness!)

The only possible solution to this vehicular mess, with diagonal parking as its only alternative (as Mr. Clark suggests), would be to make Second St. a one-way thoroughfare...this however, would precipitate an incredible tie-up of traffic going from both Sterling and Frevert Pls. on to Old Country Rd. (not to mention the inconvenience to the residents in and around the immediate area), which would then necessitate at least ONE MORE TRAFFIC LIGHT on Old Country Rd. between Broadway (107) and Jerusalem Ave. a total of only two blocks between lights; and we all know how "few" lights there already are on that main thoroughfare!

The Town Board, in their infinite wisdom has decreed that signs on the south side of Second shall read (as per resolution) "Library Parking Only".

QUESTION: How can this regulation be enforced? Do we really need to put the manpower, of what has been considered to be "the best Police Force in the country", to the menial time-wasting task of "chalking" tires every two hours (or how many hours this ordinance would call for)?

The residents of Second St. were not even aware, let alone notified of this resolution until the paint was dry on the roadbed and the new signs erected. With little or no room when backing on to the street, inconvenience is added to injustice when these same residents must now take overly extreme

precautions so as not to hit any of the parked cars directly across from their own driveways.

In just two short weeks, there has already been an incident of a diagonally parked car backing into the side of another car parked across the street (which incidentally belongs to one of the residents) and then driving off.

Mr. Barnes, speaking for the "thousands of taxpayers and 40 plus library staff members", states "it is very difficult to find parking space within reasonable walking distance of the library".

Doesn't Mr. Barnes (and Councilman Clark) know that above and beyond the aforementioned school parking lot (which happens to be closer to the Library than some of the diagonal parking spaces!), there is 24 hour parallel parking on the north side of Second St., AND TWO HOUR PARKING between the hours of 9 am and 4 pm, Monday thru Friday on school days on Second St. WEST of Jerusalem Ave.

In short, if there is to be any sort of parking on Second St., it should be, if for no other reason, safety's sake. PARALLEL PARKING ONLY.

Respectfully submitted,
Neal Rubinstein

Dear Editor:

"Go for it" Mr. Graziose. We are with you 100%. We have lived on Kuhl Ave. long before Caniague Park was there, but with the St. Ignatius Girls Drum Corp. practicing there, we don't mind at all-it makes up for all the really annoying things from the Park, like the loudspeakers for different games; from the pool; the square-dancing noises over the loud-speaker; and the gangs that hang out very late, like 1 and 2 a.m.

So when I hear the St. Ignatius Girls practice-I'm pleased and proud. They are known all over the Country as being tops and I'm proud to say that I can hear them right next to me.

We feel good having you around.

Good luck to you all.

Your Child's Immunizations Must Be Up To Date

By Sup. Joseph Colby

Every child entering or returning to school this September must have certification that he or she is fully up to date on immunizations.

I know it is only the third week of August, but school openings are not that far away, and I want to remind parents that unless your child has all the necessary immunizations to protect them against polio, diphtheria, measles, mumps and rubella, your youngster may be sitting at home with you when school opens.

The State Department of Health requires all students to be protected from these classic childhood diseases and school districts are responsible for enforcing the

requirements. Required immunizations include three or more doses of diphtheria toxoid; three or more doses of trivalent oral polio or four or more doses of inactivated polio, administered after 1968; one dose of live measles, live rubella or live mumps vaccines - either separate or combined, administered after 12 months of age. Parents should also be aware that a physician's documentation that a child has had the disease is considered proof of immunization.

Older students may encounter the problem of not being completely up-to-date with the combined shots for diphtheria/tetanus and for the oral polio, because these

immunizations require a booster every few years to insure continued protection.

Your family physician can provide the necessary immunization program or you may wish to take advantage of the Nassau County Health Department clinics that will offer the shots. Here in the Town of Oyster Bay, a free immunization clinic will be held at the Plainview Health Center, 1535 Old Country Road, Plainview, on Thursday, September 2 and Thursday, September 9, from 9 to 11:30 AM and 5:30 to 8 PM. In addition, there will also be a special clinic held at the Plainview Public Library, 1660 Hicksville Road, Massapequa, on Tues-

day September 7 from 9 AM to noon.

It is most important, if you take this opportunity to get your child the necessary free immunizations, to bring all records for each child with you. Keeping a careful record of each child's shots and a history of each childhood disease may help to save your child from getting an 'extra' shot in the arm.

If you are unable to visit the Plainview Health Clinic during the special clinic days, please call them at 420-5200 to arrange for another appointment during their regular hours, or call the Nassau County Department of Health at 535-3528 for special clinic dates and times in other areas.

Eighth Precinct Police Report

By P.O. Kenneth Box

Three Hicksville men were arrested in Hicksville at 1:15 a.m. on Aug. 14 charged with Burglary III Degree.

The three had pried open a side door of the Hicksville Sr. High School, on Division Ave. and set off an audible alarm. Security personnel in the building called police and they apprehended the trio in a nearby shopping center. There has been no loss.

Arrested by Police Officers Michael Kuhn and John Malone were:

Robert Shaul, 20, an unemployed mechanic, of 28 Bunker La.;

Brian Walsh, a Stockboy, of 164 Scooter Lane;

Joseph Edie, 19, unemployed, of 53, 11th Street.

All three are to be arraigned in First District Court, Mineola this morning.

At approximately 1:31 a.m. on Aug. 11, police from the Eighth Precinct were called to a family disturbance at 870 Fulton Street in Farmingdale. Three Police Officers and one Sergeant arrived at the scene. The sister of the man involved, met the police in front of the house, stating that her brother stabbed her mother.

The brother came to the window and yelled to his sister "Why did you call the Police?"

Then he ran out of the house and chased the officers around the police car. The Officers made an attempt to calm him down, trying to get

him to surrender and drop the knife, but were unsuccessful.

Next he lunged at Sgt. Jeffrey Fink who fired one shot at him. He fell to the ground and when the Police tried to render first aid, he got up again and lunged at Police Officer William Baker and Sgt. Fink. Officer Baker fired one shot and the suspect fell to the ground again. He then threw the knife, missing the officers but striking the police car.

The suspect identified as Paul Thompson, 22 years of age was struck in the left wrist and inside right elbow and had self inflicted knife wounds in his chest. He was taken to Nassau County Medical Center where he is in stable condition. His mother Betty, was treated for lacerations to two fingers on her left hand. Paul Thompson was charged with two counts of Attempted Murder 1st degree and will be arraigned when medically possible.

On August 5 the residence at 3 Belaire Dr. in Old Bethpage was burglarized. Entry was made by breaking the rear door. \$200 in currency and a calculator was reported stolen.

On August 6 and 7 the residence at 75 Fox Pl. in Hicksville was burglarized. Entry was made by prying open a rear window. Valuable jewelry was reported stolen.

Hicksville Republican Club News

By Harriet A. Mauer

It was a grand success - our Club's Barn Dance, of course. We had a rollicking good time. There was music, dancing, beer, munchies, coffee and cake and the conviviality of all who participated. Bob Rennett won the fifty/fifty money raffle, and Pete Magnuson won the case of German imported beer and the lovely wooden case it was packed in.

Assemblyman Fred Parola dropped by to say hello and wish us success as well as four Judges from Nassau County. Senator Mike Tully was unable to attend, but sent one of his representatives to speak on his behalf.

The caller for the square dancing, Gene Lovitt, was superb. In his good-natured way, Gene encouraged even the most timid to participate in the dancing. There was much laughing merrymaking, and when the evening was over, we heard nothing but accolades for this fulfilled event.

We hope to hold this festi-

ity next year, so plan on coming down, you'll be glad you did.

A public hearing on August 31 on the application of Twin County Recycling Corp. of Hicksville for a special use permit will be held in the Town Hall East Hearing Room, Audley Avenue, Oyster Bay at 10 a.m. and again at 8 p.m. that evening. The applicant is requesting a special use permit to allow the manufacture and refining of asphalt, and in addition, the storage of large quantities of petroleum on property located on the south side of West John Street, west of Lombardy Street in Hicksville, along the north line of the LIRR.

There are many residential homes both north and south of this proposed facility that will be adversely affected by the noxious fumes which will permeate the surrounding atmosphere. Make

sure you either attend this August 31 meeting or contact the Town Board at the above address to make your wishes known regarding this matter.

Along the same vein, Congressman Norman Lent, who is fighting for a strong Clean Air Act, said this past week brought a significant victory on behalf of this legislation. By a close 21 to 20 vote those of us succeeded in defeating a proposed amendment which would have weakened Clean Air Act controls on airborne hazardous pollutants. Lent said the committee on which he serves adopted a different amendment which requires the Environmental Protection Agency to move faster in identifying and controlling hazardous airborne pollutants.

Lent said he has renewed confidence for the battles still to come which include two issues of great importance to New York and Long

Island. These are continuing firm controls on auto emissions, and attempting to control Acid Rain. The committee still is expected to consider amendments to weaken existing Clean Air Act controls on auto emissions. Congressman Lent will keep us informed as to the progress of the battle for Clean Air.

Don't let only a few of our elected officials lead the battle for environmental protection to safeguard our health; do your part by participating in the effort to stop this blatant affront to our health and homes by the Twin County Recycling Corp. of Hicksville - let our Town Board know your feelings about this special use permit.

Remember, August 31 is the public hearing...BE HEARD!

Second Precinct Police Report

By Police Officer John Lazarus

A mechanic for the Island Truck Center, 30 Ames Court, Plainview was severely injured today when the cab of a truck he was working on closed on top of him.

Douglas Brady, 29, of 1 West 23rd St., Deer Park, was working on the truck at 12:00 noon when the cab suddenly fell on his chest. Police were called and AMT Joseph Minutoli responded with an ambulance. He determined that his trip to the hospital by an ambulance might be too rough for Brady's injuries and requested the helicopter P.O.P. (Police Office Pilot) Frank Madonna and AMT Martin DeMeo responded in Helicopter # 4 and rushed Brady to NCMC in critical condition.

On August 13 the

Kirshman resident on Jon St. in Plainview was burglarized. Entry was made by breaking a front window. Jewelry was reported stolen. Det. Hank Geynewicz is investigating.

On August 15 the Carollo resident on Old Country Road in Plainview was burglarized. Two televisions and \$180 in cash was reported stolen. Det. Charles Parascandola is investigating.

On August 16 M. Phillips and Co., of 174 Miller Pl. in Hicksville was burglarized. \$2,500 in furniture was reported stolen. Det. Ed Harsch is investigating.

On August 18 the Empire

Diner was burglarized. Entry was made by breaking a rear window. \$5,900 in cash was reported stolen. Det. Pat Marinuzzi is investigating.

Around Our Towns

By Harriet A. Maher

It's been a busy, busy summer for Dot and Tom Gallahue, Hicksvilleites. Upon their return from an exciting 3-week trip to Ireland and environs, their children, Dottie and Denis and their respective families, held a surprise fortieth wedding anniversary party for them on the Fourth of July. About sixty guests were in attendance to help make this event not only special, but a lot of fun. The Gallahues received many beautiful gifts to mark this occasion. Shortly following the party, Dot, Tom and their children and families spent a week in the Poconos vacationing. They're now back at home - happy and exhausted.

Hicksvilleite Ida Mae

Herfuth celebrated her 85th birthday on June 17 with a lovely party. It was held with the Shepherd Hills Senior Citizen group who shared the fun with Ida Mae. They had cocktails, cake, ice cream, and strawberries with cream. Sixteen guests participated and gave Ida Mae many beautiful gifts which she so appreciated. A photographer was on hand to record this memorable event. Happy birthday, Ida, and best wishes for many more happy festivities.

Mary and Vincent Calvanese celebrated their son, Peter's wedding on July 11 at Guardian Angel Church in Brooklyn. A reception followed at the Terrace on The Park in Flushing. Peter is in his second year Law

School at Hofstra. His wife is a secretary in research for the Smith Barney Company in Manhattan. The newlyweds are residing in Great Neck.

Not to be outdone by his brother Peter Calvanese, Vincent Calvanese became engaged to Kathi Perez on July 16. An engagement celebration is planned in the very near future. His parents, Mary and Vincent, celebrated all their children's birthdays at one glorious bash in Cookeys, Hicksville, because the birthdays fell quite close together during the summer months. Bet this was an expensive summer for the Calvaneses!

August 20 is the third birthday for Bonnie Ann Pietruszewicz of West Babylon. Her Hicksville grandparents, Bill and Lee Pietruszewicz are so proud of their darling granddaughter. Bill celebrates his birthday Aug. 24.

Happy birthday to Mary Novellano of Mayfair who celebrated her birthday on August 15. Helping her share this happy event were her daughter Patty, and son, Andy, and their respective families.

Ann Schmitt of Hicksville, was a recent 5 year award recipient, honored by Franklin General Hospital.

Happy Birthday to PPC of the Hicksville VFW Post. Frank Lotti, he celebrates on Aug. 20.

VFW Post Commander Connie Steers, celebrates his birthday Aug. 26. Happy Birthday.

At a ceremony held recently at Nassau County Police Headquarters, Police Commissioner Samuel J. Rozzi promoted John J. Strowbridge of PLAINVIEW, from the rank of Sergeant to Lieutenant.

SCHOLARSHIP PRESENTATIONS: In the top picture, at a recent meeting of the Kiwanis Club of Hicksville, Past President and Scholarship Chairman Russell J. Coniglio, presented a \$500 scholarship certificate to Tom Blake of Holy Trinity High School. This Malcolm E. Pierce Memorial Scholarship will be used by Tom to attend Fordham University in a pre-law program.

In the lower picture, during a July meeting of the Kiwanis Club of Hicksville, Past President and Scholarship Chairman Russell J. Coniglio (rear left) presented three \$500 scholarship certificates as Pres. Charles J. Montana Jr. (rear right) looks on. The Dr. Charles J. Masek Memorial Scholarship was presented to Patricia Glenn (front right) who will study medicine at Hofstra. The Saul Rothstein Memorial Scholarship was presented to David Rubin (front center) who will study chemistry at Rensselaer Polytechnic Institute. The Dr. Robert Ferdinand Memorial Scholarship was presented to Teresa Hanfian (front left) who will study law at the state college in Albany.

Lozito-Staehle

On Saturday, August 7, Mark Staehle and Doris Lozito were united in holy matrimony at Trinity Lutheran Church in Hicksville. Pastor Frederick M. Raap officiating. Eric Staehle, brother of the groom was the Best Man and Diane Lozito, sister of the bride, was the Maid of Honor. A reception at the home of the groom's parents, Mr. and Mrs. Walter Staehle of Hicksville followed the ceremony.

After a honeymoon in Vermont the couple will reside in Belleville, New Jersey.

Mark, who graduated from Hicksville High School in 1975 and Wagner College in 1979, is an accountant with Felmont Oil Corporation in Manhattan.

Doris, a 1980 Wagner College graduate is a Credit Analyst with Societe Generale (A French Bank) in Manhattan.

Seeks To Protect Volunteer Fireman

Legislation sponsored by Senate Transportation Committee Chairman, State Senator Norman J. Levy (R-C-Merrick) which will help protect volunteer firemen and emergency rescue personnel from injury when responding to the scene of an accident involving vehicles powered by hydrocarbon gas such as propane has been signed into law.

The Levy law now requires that all hydrocarbon powered vehicles be clearly marked with warning stickers re-

garding the fuel supply of the vehicle so that persons responding to an accident can do so with the knowledge of the extra danger which would be present due to a ruptured fuel tank.

"Since hydrocarbon fuel is both unusual and potentially dangerous it is vital that sufficient warnings be posted on such vehicles to help protect the lives of volunteer firemen and emergency personnel who are responding to a vehicle fire or accident," asserts Senator Levy.

POBRCC Salutes: Jeanne Ofenloch

It's high time for some special recognition for one of Long Island's premier women's masters road racers. JEANNE OFENLOCH.

Jeanne Ofenloch

The 53 year old Bethpage speedster has been steadily building one of the most impressive trophy collections on the Island in recent months. Jeanne started off her spring racing season this year with a 1st place trophy in the 50 and over age group in the April 24 Merrick Kiwanis Club 5 Mile Run, her first race after a nagging late winter groin injury. She followed up by taking 1st place in her age group in the 5 Mile Bethpage "Tune-A-Thon" on June 6, with a fine 40:10 time, 2nd place in her age group in the June 19, 4 Mile Syosset Community Run in 31 minutes flat, and 1st place once again in the 50-59 age group in the July 3 Massapequa RRC Firecracker Run, finishing the 5 Kilometer course in an excellent 23:37 time.

Jeanne and her husband George are both active members of the Plainview-Old Bethpage Road Runners Club, and try to do their training runs together at least once or twice a week. Before getting into running, they were both serious cyclists, often putting in 50 to 60 mile a day bike trips. But running is now their prime athletic passion.

Jeanne is rather modest about her achievements this year, but she's the picture of determination when she's out on the roads and she's fiercely competitive in any racing situation. So don't look back in your next road race-the gal about to catch you may well be Jeanne Ofenloch!

Syosset Soccer Festival

On Saturday and Sunday, August 21 and 22, twelve men's and twelve women's teams will be competing in the second annual Syosset Soccer Festival. All the action takes place from 10 am-6pm each day at H.B. Thompson Jr. H.S. on Ann Drive in Syosset. H.B. Thompson is located at the intersection of the LIE and Seaford-Oyster Bay Expressway.

The men's teams competing are the Brooklyn Wanderers, Cow Harbor, Dix Hills, East Northport, Farmingdale, Hauppauge Headers, Mastic, Sachem Blue, Sachem Yellow, Syosset, Valley Stream, and West Hempstead. Those teams playing in the women's division are the Bayside Express, Commack Thunderbolts, Cooney's KOs from Huntington, East Islip Goldiggers, East Meadow Spin-Offs, East Meadow Wings, Farmingdale Foxes,

Hicksville Hearts, Massapequa Phoenix, Syosset Spirit, Syosset Strikers, and the West Hempstead Flames.

The Nassau County Police Drum & Bugle Corps will appear at the Festival. The Band is donating its services, as are all Festival workers since all proceeds benefit St. Mary of the Angels Home in Syosset. St. Mary's is a non-sectarian, non-profit residence which has been helping troubled boys of all races and religions for nearly a century. As entrance fee, each team makes a \$55 contribution to St. Mary's. The referees and linesmen from the Long Island Soccer Referees Association who are officiating are donating their services also.

So come to H.B. Thompson on Saturday and Sunday and see some of the best men's and women's soccer that Long Island and New York City has to offer.

The Great AHRC Horse Show

The Great AHRC Horse Show benefits the Nassau Association For The Help Of Retarded Children. The show is an annual event now in its ninth year. Competition starts on Tuesday, August 24th and features events. The show continues through the week with its major events scheduled for Saturday and Sunday, August 28th and 29th. Total purse for the show is over \$45,000 with the top prize going to the winner of the Nassau Downs OTB \$15,000 Grand Prix scheduled for Sunday, August 29th.

The Grand Prix is preceded by a ceremony which begins at 1:30PM and includes units of the U.S. Maritime Academy, the Nassau Mounted Police, the Smithtown Hunt Club, as well as a horsemanship drill team and a Dressage exhibition. Admission is free to the show although a \$2 parking contribution is requested per car. Volunteers from AHRC will set up a Family Fun Activities area on the final three days. That area opens at 11 AM and features craft tables, games, rides, barbecue, entertainment and exhibits; puppet shows are scheduled for 1 PM.

Horse shows in the United

States are increasing in popularity (in England they are the largest spectator sport). The Great AHRC Horse Show through the years has become a major philanthropic sporting event and now attracts riders and horses from throughout the U.S. as well as several foreign countries.

Proceeds of the event go to provide support for the AHRC program in Nassau County. AHRC takes care of about 1200 mentally retarded children and adults every day. AHRC facilities currently include vocational training centers located in Plainview and Freeport, a day treatment center on the Brookville campus which also houses a summer day program and clinic as well as community residence which are located in various areas of Nassau County.

Hicksville Baseball Association

By Ann Macaluso

BOYS MAJORS: (8-11-82) It rained on Hicksville's parade today. After defeating Bethpage 3-0 on August 7th to become the first team ever from District 33 (HBA, Hicksville American, Syosset North, Syosset South, Westbury, Jericho, Central Nassau, and Plainview) to win the Long Island Little League Championship, HBA lost 7-2 to Monroe, N.Y., at Grumman's Field in E. Islip, in a game marred by a steady rain.

As the Section 3 and 4 champions, Monroe and HBA had advanced to the final four in New York State, which is composed of Sections 1-4. Both the winner of the Section 1-2 game (Western & Northeastern N.Y.), and Monroe will represent New York in the Northeast Regional Tournament which begins 8-16-82 at a location in the lower Hudson Valley. The winner of that tournament

will join the survivors of the 3 other regional tournaments being held around the country for the Little League World Series in Williamsport, Pennsylvania, the week of 8-23-82.

Jim Pagett, manager of the HBA team, has asked that we express his appreciation for the great assistance he received from coaches Phil Campisi and Bill Cornelius during the past 6 weeks. He has also requested that we once again express the team's appreciation to HBA President Bill Rizzo for the fantastic support the team received from the HBA Board and Trustees. Such assistance and support are obviously key reasons why not only this team was successful, but also why the HBA Pony team won the Long Island Championship, the 12 Year Old Girls' Williamsport team barely lost the Long Island

Championship (in the last inning), the Colt team came close to the Long Island Championship and the Connie Mack team is currently battling for the Long Island Championship.

If you're into baseball, HBA is becoming the place to be.

PONY PLAYOFFS: 1st Game: 8-11-82 - Excellent pitching by Richard Hogan, along with heavy hitting by Jim Patwell, Rich Hogan, Jim Malone, and Ed Hartmann. Fast base running by Scott Papacuri lead Discount Liquors to a 9-5 win over Seaman & Eiseleman Ins. 2nd Game: 8-13-82 - Great pitching by Jim Patwell, and big bats in this game came from Joseph Gonzalez, Ed Hartmann, Jim Patwell, Mike Hogan with 2 RBI's. Great suicide squeeze bunt laid down by Scott Papacuri gave Discount Liquors a 3-2 victory

over Seaman & Eiseleman Ins. to win the 1st Place Trophy. Team Players are as follows: Matthew Allgeier, Joseph Gonzalez, Ed Hartmann, Mike Hogan, Rich Hogan, Jim Malone, Levin O'Lenahan, Scott Papacuri, Jim Patwell, Mike Teplansky, Steve Volino, Mike Wolf, and Walter Wolf.

Full team effort along with great coaching by Tom Hartmann and Bill Herman made this championship happen. Congratulations to all the boys, coaches, and to Discount Liquors who sponsored the team this season.

Congratulations also go to the team of Seaman & Eiseleman Ins., and manager Dan Rehman, for winning the 2nd Place Trophy. This team had an outstanding season (17-2). Each and every boy on this team played outstanding ball throughout the entire season.

The Parkway Swim Team, one of the two Hicksville teams in the Levittown Swimming Association, won the annual Tri Pool Meet against Carman Ave. and Westgreen.

Members of the team which boasts about 80 members swam superbly. First place ribbons were won by Kristin Mund, Doug Schwartz, Jeannine Sirey, Jody Schwartz, Bobby Kratochvil, Scott Epstein, Mariann Krynsinski, Donald Sirey, Jennine Mund, Lorna Mund, Linda Cusumano, Drew Blake, Gina Cusumano and the relays of L. Cusumano, Jennifer Sirey, Kathy Reddy and G. Cusumano; K. Mund, Joanne Krynsinski, Karen Kratochvil and Erika Ahern; and L. Mund, Jeannine Sirey, J. Mund and M. Drynski; Mike White, Steve Schenck, D. Sirey and Brian Ednie.

The first and second place winners went on to help win the Tri Sectional Championships for the third straight year. During the competition records were broken by

Kristin Mund in 25 free, Jeannine Sirey in 50 breast, Lorna Mund in the 50 fly and the Open Age Free Relay of Jennine Mund, Jeannine Sirey, Mariann Krynsinski and Lorna Mund.

The spirited Parkway team plans to win the LSA championship on August 21 and 22 at Jerusalem Pool.

Parkway Swimmers Score At Novice

Members of the Parkway Swim Team walked away with many of the medals awarded at the LSA annual Novice Meet held on Aug. 1. This meet is only open to swimmers who have never won swimming or diving medals.

Medal winners were Robbie Walker, Doug Schwartz, Jimmy Murphy, Robyn Ahern, Candy Newton, Jenny Reddy, Shannon Boslet, Mary Reddy, Judy Goederer, John Beauvelt, Tracey Keenher, Tricia Maas. Ribbons were won by Rebecca Lang, George Georgiades and 7 & under competitors Melissa Watkins, Peter Mularchuk, Greg Ahern, Joey Montalto, Dawn Mullee, Kerry Donahue, and Eddie O'Neill.

Legionnaires' Log By Artie Rutz

CHARLES WAGNER POST # 421
HICKSVILLE, N.Y.

Since last week's column was rendered useless by some garbled printing and assorted missing lines I will repeat the information about the bus trip to Atlantic City. The bus will leave from the Post at 10 A.M. on Sunday, September 26th and is an express to Harrah's. The fare is \$17.50 per person and the seating capacity is only 48. Upon arrival at Harrah's, each person will receive \$10 in quarters and a \$3 food coupon so the actual cost of round trip transportation is only \$4.50. This trip is open to the members and their friends and the general public alike, and reservations for seats must be made through only the chairman, who is LOU CESTA. His telephone numbers are WE1 - 0262 (business) and 785 - 6583 (home). Payment of \$17.50 to the chairman is required before a reservation will be confirmed, so please call Lou as soon as possible and make arrangements to make this trip with us. Good news about our Adjutant, WES TIETJEN, who is now out of intensive care at the Nassau Medical Center, following a massive heart attack. His room number is 1258. But the bad news is that our Auxiliary President, ELLEN TIETJEN, has suffered a severe stroke and is now confined to an intensive care unit at the same hospital and cannot receive visitors. And now a note of some

cheer... We have a new television set in our lower recreation area and it has replaced our old set which was purchased back in 1965. The donor of the new set wishes to remain unidentified and the desire will be respected. In response to the request for burial flags for use on pole at Kennedy Square, we have received a flag from Veronica Carmen which honored her late husband George. Again, if you have a burial flag that you really don't know what to do with it because it's too big for your home pole, donate it to the Legion for the purpose of keeping the large pole at Kennedy Square supplied with the right size flags. At our business meeting last Monday night the Dark Horse was won by ARTIE RUTZ. Our Delegate to the State convention FRANK MOLINARI made a report on the happenings, including some of the resolutions which were notable. Interesting report. Among the items included was the fact that NEW YORK STATE leads all other states in donations to the VIETNAM MEMORIAL FUND with \$162,000. As a reminder to all members... Our next meeting is scheduled for TUESDAY, SEPTEMBER 7th due to the Labor Day holiday on September 6th. This will be a Social meeting so come early and stay late. The Suffolk Development Center has presented the Post with its VOLUNTEERS AWARD for our rehab

efforts on behalf of the children confined there. Membership Officer FRANK MOLINARI is delighted at the excellent response for early membership, and thanks the 'Early Birds' for their Dues. Come on, join the flock and be a 'Early Bird' too. The state Legion convention was no more than over when the wheels started turning for positions at next year's hoe down. Two Past Nassau County Commanders are vying for a slate vice commandership and towards that goal in mind, their respective Posts (Baldwin & Hempstead) have issued endorsing letters for the position. At Monday's meeting both letters were read and they outlined briefly each candidate's qualifications and past accomplishments. However, by the time the serious voting takes place, nobody will remember whether Mike Miller or Ed Lajoie had the better record. And their letters will probably be missing when the time comes to refresh our memories and get behind one or the other.

Fire Dept. Fund Drive

The Hicksville Fire Dept. Annual Fund Drive is now being conducted door to door. Residents may request to see an I.D. card carried by all members. The Fund Drive will enable local Vamps to carry on programs that tax money is not allotted for, such as additional insurance and injury compensation.

As in the past, your continued support is appreciated. The "all" volunteer Fire Dept., comprised of 235 members, 8 companies, 3 fire stations, and a rescue squad, are on call 24 hours a day, rain or shine.

The volunteers respond to an average of 5 alarms a day not to mention the time spent on training, administrative and general maintenance.

The Fire Dept. answers your call for help—won't you answer their call?

Fire Report
The Hicksville Fire Dept. responded to the following alarms for the month of July: fire calls—68; rescue calls—52; false alarms—7; total alarms—127; total injuries—3.

The Hicksville Fire Dept. has authorized no one to use their name in seeking funds. Their personnel all have I.D. cards with photo. The campaign in no way benefits the Hicksville Fire Dept.

Jesus Christ Superstar -- A Continuous Hit!

By Louis Capponi

Just as we expected from the Plainview Players. The curtain opens. Almost immediately the audience could tell that Jesus Christ Superstar would provide them with an exciting and fun filled evening, as they see an excellently designed set whose special effects would enhance the entire performance.

The audience's ears, as well as eyes, are exhilarated by the cast's powerfully good voices. Jesus, played by Rick Caudle, Mary Magdalene played by Lisa Baker and Judas Iscariot, played

by Ron Gordon, as well as others in the cast, performed superb vocal solos which, in addition to numbers sung by the whole cast, were full of spirit, energy and excitement.

The ability of Bruce Grossman, the Director of Jesus Christ Superstar, is thoroughly appreciated by anyone who sees the show. It is difficult, even for a professional director, to stage a show with 65 people. However, the staging and choreography in Jesus Christ Superstar was both well planned and well executed.

If you missed last weeks performances you can still see the show this weekend. Performances will be held at the Plainview-Old Bethpage High School on Friday and Saturday, August 20 and 21 at 8 p.m. and on Sunday, August 22 at 7 p.m. Tickets can be purchased at the Plainview-Old Bethpage Library or at the door for a nominal cost of \$2.

So remember, if you haven't seen Jesus Christ Superstar yet, you won't want to miss this weekend's performances of a "superstar" show!

President, Kevin Clancy, advises members the importance of our next Meeting Wednesday, August 25th at 8 p.m. at Levittown Hall. The agenda includes nominations for officers, discussion on by-laws and coming Fall events plus any current happenings on legislation in Washington, D.C. He urges participation!

EXCERPTS OF A LETTER WRITTEN BY A YOUNG UNWED MOTHER ON HER BABY'S CHRISTENING DAY: "Dear Mom, Dad, Brothers, Sisters, Godparents and friends, and Father J. ... I would like to thank all of you for sharing in Baby's Christening Day. Your love, support and kindness has helped me to realize how much I am loved. The days behind me were hard and at times, I was impossible, but you never gave up. At times, you were the last string I had to hold on to, and you never let go. The days ahead seem like a mixture of

things. However, because of all of you, there is a light at the end of the tunnel. Last of all, I would like to thank Baby ... from the moment you were born, Sweetheart, you have brought more joy and love to me than I ever thought possible. Your beautiful face and innocent life has made me feel like the richest person in the world. I will treasure your love and thank God for you every day of my life ..."

I'm sure there are many more mothers and babies who have benefited from caring, concerned people that we do not hear about, so continue with the work that needs to be done until human life again has protection through a constitutional amendment.

Local Talent In Gray Wig Musical

Todd Henden, a student at Hicksville High School, is appearing in the upcoming Gray Wig - Hofstra University's Alumni Theatre Company's fall production of "Gypsy." Although this is Todd's first appearance on the Gray Wig stage, he has performed in numerous productions including "Dracula," "Bye Bye Birdie," "Guys and Dolls" and "1776." Todd is a member of the Community Reform Temple Youth Group.

Barbara Varveris and Janet Rosano of Plainview are also appearing in the upcoming Gray Wig production of "Gypsy."

Barbara, a student at John F. Kennedy High School, is playing Dainty June. Al-

IN "GYPSY": (L to R, top) Bonnie Schwartz, Barbara Varveris of Plainview, Sherry Abrams and Todd Hinden (of Hicksville). Seated: Janet Rosano of Plainview.

though this is her first Gray Wig production, she has previously appeared in productions of "Pippin," "Lamaze Odyssey," and "Lil Abner." Barbara has studied acting at PAF and H.B. Studio.

Janet Rosano, a fourth grade teacher, plays Louise (Gypsy Rose Lee). Previous Gray Wig productions include roles in "Fiddler on the Roof," "Anything Goes," "Carousel," "Sweet Charity" and "The Music Man." She also appeared as Laurey in the Plainview Theatre Group's production of "Oklahoma." Janet is sec-

retary of the Gray Wig Executive Board.

Gypsy will be performed at the John Cranford Adams Playhouse on Hofstra University's South Campus.

Performance dates are: Friday, Saturday, Sunday September 3, 4, 5 at 8:30 p.m., Friday and Saturday September 10, 11 at 8:30 p.m. and Sunday September 12 at 3:00 p.m. Tickets are priced at \$7.00 for all performances and at \$5.00 for senior citizens and students with special rates of \$4.50 for groups of 25 people or more.

At The Town Board Meeting

By Sheila Noeth

At its regular meeting held in Oyster Bay on Tuesday, August 17, the Town Board acted on the following local matters:

A hearing (P-16-82) was held on the petition of LeBaron Restaurant, Inc. and 380 Bomar Co. for a special use permit to use an existing patio for restaurant purposes in nice weather. It would have a seating capacity of 76 people in the dining area and 26 people in the lounge. No one appeared in opposition to this petition. Bertram Koren, Esq., attorney for the petitioner made this presentation to the Board. On questioning by the Board members, it was noted that existing parking spaces were adequate for the extra diners that this would involve. Also, it was mentioned that music and entertainment should not be used in this area late at night. Mr. Koren said he would go into this matter with his clients and get back to the Board with specific information. It

They approved Resolution No. 703-1982 relating to the removal of debris on property at 540 Jerusalem Ave., in Hicksville in the amount of \$7,329.00 the costs for which will be added to the taxes assessed against this property.

A hearing (P-17-82) the petition of Arthur Cassell for a special use permit to maintain and operate in a Bus. G District located on the southeast corner of Woodbury Road and Park Ave. in Hicksville, a public garage with one indoor gasoline pump in connection with cars being repaired and no gasoline pumps to serve the general public and for modification of restrictive covenants in Resolution dated 12/22/55 and in an agreement dated 12/14/55 Paragraphs 3 and 5. The petitioner wants to use a presently unoccupied gas station strictly for automotive repairs ... no body work and no public gas pumps. In opposition Mr. Grasso who lives adjacent to this property said that the gas station that was previously there was very noisy and generated a lot of dirt and traffic. Sup. Colby pointed out that if anyone wanted to re-open a gas station at this location, they wouldn't even need a variance and that this petition might well be the lesser of two problems, as the property has been vacant for about a year and is presently in need of repairs and clean-up. The Board reserved decision on this petition.

behavior by neighbors at a fire scene. Many firefighters were disgusted by the treatment given them and their efforts at the scene. Chief Donlon said that future conduct such as this would be dealt with severely. He cited a state law prohibiting interference with firefighters.

They approved Resolution No. 729-1982 relating to the petition of Lambert and Scotto Corp. to operate a restaurant in two stores with a single kitchen and an accessory bar permitting occupancy of no more than 75 on Old Country Road 140 ft east of the southside of Old Country Road and the east side of Plainview Road in Plainview. This was subject to covenants necessitating the installation of sprinklers ... no outside storage of foods, equipment and waste ... all garbage must be stored in enclosed containers ... and fenced in on three sides ... that the property must comply with Town sign regulations and County Fire Marshalls and Health Dept. regulations ... and, finally, that a complete site plan must be approved by the Dept. of Planning and Development before a certificate of occupancy will be issued.

They approved Resolution No. 726-1982 with 15 covenants and restriction. This was on the petition of Alfred J. Hewitt, Jr. and Herricks Heat, Inc. for a special use permit on Duffy Lane in Hicksville. Among the covenants were those applying to the fact that no body work repair or painting can be done outside of the building ... also, that all areas not used for landscaping must be paved ... also that used car sale areas will have access from Duffy Lane and that all storage tanks must comply with Nassau County Fire Marshall's regulations ... that storage of all discarded parts, including tires, must be stored in closed containers and will have to be discarded at least once a week. And that all vehicles to be worked on must be parked on the property and not on the street. Finally the Board stated that the petitioner will not get a certificate of occupancy until a complete site plan has been approved by the Dept. of Planning and Development.

They approved Resolution No. 727-1982 relating to the petition of Jay Dee Pomfor Transportation, Inc. for a special use permit to construct a building for automotive repairs on school buses. This is also subject to similar covenants and restrictions as those imposed on Resolution No. 726-1982 and must also submit a complete site plan for approval before the certificate of occupancy is issued.

The next regular Board meeting is set for Tuesday, August 31st.

The Jones Institute... Update

By Rosemary Grant

a slightly smaller sum.

John Bartone, who served in the Institute as Executive Director for 13 years, still is employed by the Trustees of the Jones Fund. He and his secretary maintain an office at 1425 Old Country Road, Plainview. Charles J. Cronin is retained as Counsel. Bartone, who feels he contributed to the atmosphere at the Institute by "maintaining an open door policy" as administrator, today works on "projected budgets and planning of the new facility."

The Jones Institute was closed in September 1980 on a decision of the Trustees to sell the property on West John Street, where residents slept barrack style and led a comfortable but simple life as accepted residents of Hicksville. Some had lived there for 27 years. Trustees said the home was costing too much to operate, had no taxing power and became victim of the financial system and rising costs.

According to John Bartone, the original Jones Institute had very few paid employees. Residents farmed the land and kept pigs and chickens. Everyone who lived there had to work. Trustees did required paper work. A superintendent lived in the house, which was heated by coal. But as society became more complex, so did its attitude toward the care of the poor. The state man-

dated formulas for staff needs and resident's rights.

The Institute's budget has been revised over the years to reflect our changing social system. From 1964-1974, the Budget was approved by County Welfare and the rate was set for the year to come. It was decided more than just housing should be given to residents, so Social Workers and Arts and Craft programs became part of the institute. In 1974, SSI took over. In 1980, the Institute was receiving \$436 for each of the residents and the money was still insufficient, so the Trustees sold the 13.2 acres of property for millions of dollars to King Kullen Grocery Co.

At the time of the sale, most of the 54 remaining residents were placed in adult homes throughout Long Island with the hope of returning to the new institute when it is built.

The sale was surrounded by law suits. A coalition of community groups challenged the sale in the courts, arguing that the closing of the Institute violates the will of Samuel Jones. The courts have decided for the Trustees. However, the Trustees have been ordered by the courts to come up with an alternative plan for reopening the Institute under the scrutiny of the State Attorney General's office.

Protecting New Yorkers Against Unprofessional Professionals

• A NYC plastic surgeon did such poor work that some patients sued him for malpractice.

• A CPA in a large upstate city wouldn't return his client's business records.

• A vet in the Adirondacks kept the body of a pet dog for several days after it died -- and then billed the owner for services and medications he claimed to have given the dog during that period.

• A Westchester podiatrist persuaded a young female patient to take off all her clothes, though doing so was not necessary for any legitimate treatment.

• In a Brooklyn nursing home, a nurse slapped her senile patient.

The vast majority of professionals are dedicated and competent, but a few bad apples like these can spoil any barrel. And with almost half a million doctors, dentists, accountants, and other

professionals in New York State alone, millions of patients and clients can be seriously hurt even if only a very small percentage of them turn out to be bad apples.

That's why professionals who behave badly -- like those described above -- are brought before New York State's Board of Regents. A Lot More Than Regents Tests

If most New Yorkers think about the Regents at all, it's likely that they do so only when they remember their high school days and the Regents exams they worried about.

Yet the Regents are responsible for a lot more than those tests. They affect the lives of all New Yorkers in many ways, because they set educational policy in New York State, and have been doing so for almost 200 years.

Regents examinations are given to find out if pupils are learning what they should. The Regents also set standards for professionals -- to make sure they have been educated the way they should be and act properly when they treat patients or serve their clients.

What Professional? With professional athletes making headlines and professional dry cleaning advertised in store windows, it's easy to be a bit confused about the word "professional."

The Regents aren't concerned with ballplayers or laundries. They are concerned with doctors, dentist, pharmacists, psychologists, accountants, engineers, and about two dozen other professionals who are responsible for people's health and well-being, their security and safety.

That's why the Regents es-

tablished the Office of Professional Discipline -- to investigate and prosecute allegations of professional misconduct and to bring such cases to the Regents for action.

Disciplining the Unprofessional Professional

In the cases noted above, five of the thousands handled every year, the plastic surgeon gave up his license rather than face the Regents' disciplinary action.

The accountant returned the records. He was reprimanded by the Regents anyway, and their reprimand became a part of his permanent professional record.

The vet lost his license to practice in New York. The podiatrist lost his license, too.

The nurse lost her license for six months and was put on probation for two years. **Protecting the Public**

Unfortunately, other professionals may be doing similar damage to their patients and clients.

That's why the Regents' Office of Professional Discipline wants to be told about misbehaving professionals. It investigates every case brought to its attention. If appropriate, it starts the process that will bring a halt to the professional's misconduct. The Office of Professional Discipline is the place to start when a New Yorker is faced with professional misconduct.

A "Hot-Line" for Your Protection

Any New Yorker who believes that he or she has come up against misconduct by a licensed professional should call toll-free 1-800-422-5106. An investigator answers each call during working hours. Messages are recorded during other times, to be answered as

soon as possible.

The Office of Professional Discipline has regional offices around New York State. Its main office is at 622 Third Avenue, New York, NY 10017.
