Neighbors Against The Sump (THE NATS) Organize

At 7 a.m. on Thursday, August 26th, 85 pickets were present at the site of the proposed new sump near the Dutch Lane School in Hicksville.

No one from the Town of Oyster Bay was present. No construction men were present as of 11 a.m.

Pickets were told that the restraining order of the Hicksville Board of Education was now in motion and a decision would not be rendered until approximately 2 p.m.

These residents have now united and are calling themselves THE NATS...Neighbors

Against the Sump. They have called an open meeting for Monday, August 30 at 8 p.m. in Levittown Hall in the Nichols Room, which was offered to them by Mr. Richard Weiss from the Town of Hempstead.

This meeting is a planning meeting to discuss what procedures will be utilized at the Town of Oyster Bay Board meeting on Tuesday, August 31 starting at 10 a.m. at the Town Hearing Room on Audrey Avenue, in Oyster Bay.

All concerned residents are urged to attend both meetings.

votes were "aye".

Mr. Neil Rubenstein of Second Street spoke at

Second St. and now it may affect our children's safety with school opening on Sept. 8.

His major concern was "Mr. Clark would not be of any help with this because he is in favor of it." Mr. Clark was invited to appear at Wednesday's Board meeting, but was unable to make it.

The Board is sending letters on both issues stating their reasons for disapproval and explaining their conclusions.

DURING THE HEARING SESSION

A statement of diploma requirements was discussed and will be voted on at the

next Board meeting which is scheduled to start at 8:15 pm on Sept. 8th.

New course offerings were given to the Board for their approval. The motion passed with Mr. Ayres voting no. He stated, "We have no curriculum to vote on. We must have a curriculum to vote on. We have many courses we now offer but we have never seen a curriculum on them."

Before passing on salary increases for two employees and the administrative Reorganization, the Board entered into a brief executive session which lasted one hour and ten minutes. Upon resuming the meeting at 1 a.m. Mr. Ayres called a point of order and, with his "No" vote, the meeting ended. No further action could be taken.

OKTOBER FEST TIME: Oyster Bay Town Councilman Thomas L. Clark (center) presides at a special sign changing to prepare for Oktober Fest '82 in Hicksville.

Father John Seiden-schwang (left) principal of

Holy Trinity Diocesan High School which holds the Fest each year and Howard Hut-ton of the Town's Sign Bureau were also on hand to place the sign designating "German American Way" highlighting this two-weekend event on August 27-28 and September 1-4.

DEVOTIONS

By The Rev. Dr. John H. Krahn

Trinity Lutheran Church

How many of us are in the process of developing ulcers? How many of us are carrying resentments? How much damage is being done internally because we will not forgive someone who hurt us deeply? How much of our daily life is being colored grey by an angry mind quarreling in fantasy bouts with an adversary, an ex-husband, an ex-wife, a re-

lative, a neighbor, a fellow worker, or even a fellow parishioner? Who is suffering from high blood pressure or ever heart problems because they have not forgiven completely?

In the face of all of this, we turn to the love chapter in the Bible, I Cor. 13, for some very good advice. Saint Paul inspired by the Holy Spirit writes, "Love is patient and

kind; love is not jealous or boastful; it is not arrogant or rude. Love does not insist on its own way; it is not irritable or resentful; it does not rejoice at wrong; but rejoices in the right. Love bears all things, believes all things, hopes all things, endures all things."

Specifically, I would like to look at the fifth verse with you, "...love is not resentful."

Snow is hardly news for us in New York in the winter. Few, if any, of us appreciate blizzards with the driving winds and large snow drifts. When the snowplow comes through after we have been

immobilized by a storm, we feel free to move about again. Resentments are like snowdrifts, and forgiveness is the snowplow. In the Christian life forgiveness is a snowplow that opens roads again, removing barriers so that we can again communicate and listen to those with whom we have been at odds. When we dialogue and interchange, love can again freely move back and forth between us.

When a person offends us, we feel like punching him out. Young people do just that on the way home from school at a predetermined

1982-83 School Assessment Roll Released

The total taxable assessed valuation of property in Nassau County's 62 school districts increased by the biggest dollar amount in ten years, according to figures released by Abe Seldin, Chairman of the Nassau County Board of Assessors.

"The school assessment roll is indicative of Nassau County's strong and resilient economy which was outlined in County Executive Purcell's 'State of the Economy' report released in April of 1982," Seldin said. He expressed cautious optimism about the school assessment figures, saying Nassau may have turned the corner on the construction doldrums which have plagued the entire nation.

Seldin said that the 1982-83 total taxable assessed valuation of \$3,649,269,656 represents a gain of \$30,599,626 or 0.846 percent over last year's figure of \$3,618,670,030. This is the largest percentage increase in the school assessment rolls since 1975-76 and the largest dollar volume increase in a decade. By comparison, last year's increase of \$7,638,344 represented a 0.212 percent rise over the previous year.

School assessments in the Town of Hempstead rose by \$10,730,231 or 0.56 percent, the first increase in Hempstead in four years. This year's increase in Oyster Bay and North Hempstead also outpaced last year's Total taxable values for school districts in the Town of Oyster Bay rose \$10,590,345, or 1.17 percent, and, in North Hempstead, the figures were \$9,279,050, or 1.14 percent.

The 1982-83 tax roll is the first prepared in Nassau County under the new state law which requires all property to be put in one of four property classes. Because property is now divided into four classes, "Seldin explained, "it is now possible to have four different tax rates for each district where only one existed before." (Class 1: One, two and three family residences. Class 2: Apartments, cooperatives and condominiums. Class 3: Public utilities and special franchises. Class 4: All others, commercial, industrial, vacant land, etc.)

Seldin said that most of the new building was commercial and condominium construction. A few examples are the new hotels going up at Mitchell Field and in Garden City which were assessed as partially completed on this tax roll, condominium construction in the towns of North Hempstead and Oyster Bay, office buildings and other commercial construction in Mitchell Field, Jericho and several areas of North Hempstead.

Eighteen of the county's school districts recorded decreases in assessment this year, 13 wholly within the Town of Hempstead, 2 entirely within the Town of Oyster Bay, 1 wholly in North Hempstead, 2 (Glenwood Landing and Westbury) straddle town boundary lines.

Those districts with the largest declines in value this year include: Malverne, down 2.06 percent; Roosevelt, down 1.92 percent; Hempstead, down 1.58 percent; the Nassau portion of the Amityville school district, down 1.52 percent; and Glenwood Landing, down 1.34 percent.

School districts registering the largest gain in assessment are: Brookville, up 4.64 percent; Jericho, up 4.53 percent; Valley Stream UFSD Thirty, up 4.20 percent; Bayville, up 4.16 percent; and Long Beach, up 3.13 percent.

Glen Cove School District # 5 is not included in county school figures because the city levies and collects school taxes for the Glen Cove School district. The Department of Assessment certifies the assessment figures for all other school districts in Nassau County.

Oyster Bay, the Library's request for permanent diagonal parking will be acted upon by the Town Board. I urge all who are in favor of the diagonal parking to attend this meeting if possible, or write to Councilman Clark and make him aware of your reaction to the additional parking spaces on Second Street thus providing greater accessibility to the Library and its many services to ALL the residents of Hicksville.

Katherine Frawley

Dear Mrs. Noeth,

It was with great disgust & shock that I read your front page story about the treatment received by our gallant firefighters at the Aug. 12

fire on Acre Lane. I have always had such great respect, admiration & gratitude towards these selfless, brave men. What would happen to us & our homes if it were not for generosity of time, effort, family life - not to mention expenses of their own cars - given to us by our Hicksville volunteers?

May God forgive those who were so thoughtless & may He continue to bless all our fine firemen.

Last Sunday morning, I witnessed another very impressive performance of community service by our Hicksville F.D. in cooperation with Plainview, Melville & several other F.D.'s (I'm not positive which) along with the Nassau County Police Dept. including the helicopter & the staff of Central Island Nursing Home.

A disaster drill was held at the Nursing Home. After getting over my initial fright, I just stood there in awe at the beautiful coordination of all involved, even to the smooth flow of the detoured traffic, handled by our Police Dept. I was not inside the Central General Hospital, but I imagine they must have been involved too since the emergency equipment headed over there too.

May I extend my personal thanks to all involved. You are all # 1 in my book. I hope your services are never needed that way. But I sure feel very confident now.

A very proud resident of Hicksville.

Dear Friends . . .

Last week we printed a long "Letter To The Editor" from Mr. Philip Rubenstein of Second St. in Hicksville, who opposes the recent additional parking on Second Street just west of Jerusalem Avenue, which has been so helpful for those who wish to use our fine Library. At the time he brought this letter in we discussed the matter with him and told him that we were in favor of this additional parking. Second Street is very wide and library parking is definitely a problem. Of course, he disagreed, which is his right. This week we have received two "Letters" (see page 4) who agree with me. However, the Board of Education is looking into the matter and apparently disagree with allowing this small change in parking.

On Tuesday at their regular Town Board meeting held up in Oyster Bay, this Board will hear the pros and cons on this community problem. So, whether you are for or against it, you can make your presence felt on this matter by attending this Tuesday's Town Board meeting.

Secondly, the matter of the sump which may (or may not) be constructed next to the Dutch Lane School in Hicksville, will also come up at this Town Board meeting. The "Neighbors Against The Sump" (the NATS), a newly-organized community group have called a special meeting for 8 pm at the Levittown Hall on Mon., Aug. 30, to plan their opposition to this proposed sump and urge your attendance here as well as your attendance at the Town Board meeting on Tuesday. See page one of our Hicksville edition for details.

We thank all those who were so helpful in obtaining our last-minute coverage on these two community problems.

Elderly Plainview and Jericho residents who are isolated, frail or impaired are invited to enroll in the newly-expanded program offered by the Syosset Senior Day Care Center.

Starting in September 1982, a hot lunch and activities adapted to participants' needs will be offered on Mondays and Fridays at the Center.

Enrollment is limited. Please call Dorothy Weiss for additional information at 921-2730.

That's ALL for this week. Stay well and enjoy the last few days of August of '82 here on beautiful Long Island.

An Important Reminder To Parents Of School Children

The opening of school is only a few weeks away, and parents of school children are urged to heed an important reminder about immunizations issued by the Hicksville Public Schools.

Under the new stringent State Education and Health Laws, all students are required to have the following immunizations in order to attend school:

Diphtheria: three or more doses of vaccine

Polio: three or more doses of Trivalent Oral Sabin vaccine

Measles: one dose of live vaccine received after one year of age, or proof of

having had measles

Mumps: one dose of live vaccine received after one year of age, or proof of having had mumps

Rubella (German Measles): one dose of live vaccine received after one year of age or proof of having had Rubella. (This requirement does not apply to girls over the age of 11.)

Children who are not properly immunized will be excluded from attendance, so parents should be aware of the requirements and be sure that their children meet them in time for the new school year.

"For the good that needs assistance
For the bad that needs resistance
For the future in the distance
And the good that we can do."

To All Hicksville Firemen:

I have just finished reading the articles in the MID ISLAND HERALD concerning the treatment given to you while you were fighting the house fire at 298 Acre Lane on Aug. 12th. I live in the vicinity and was at the scene for a short time. I have nothing but negative feelings over the appalling and insensitive treatment you received. These feelings include anger at the ignorant people who interfered with your work and I also feel sorry that you had to put up with such outrageous behavior.

After thinking about it for a while and trying to understand how people could be so insensitive, I have come to the conclusion that they do not know what a volunteer firefighter is or what he gives to each citizen of his community when he is needed.

I am a native Long Islander. My father was a volunteer fireman in the Westbury Fire Dept. until he died. I want you to know that many of your neighbors do appreciate you and realize that you are not only giving your time, (time spent in training, time spent away from your families when they need you; time when you are sick and should be in bed) but that everytime you answer a call you are putting your life on the line to save someone else or their possessions.

Once again, I want to say I feel bad about the treatment you had to put up with. For myself and my family I would like to say thank you each and everyone for being there.

Sincerely,
Mary Ann Eder
(Mrs. John Eder)

Dear Sheila:

Just a note to let you know that we are still involved with community activities. The Castine Historical Society was reorganized in September 1980 and Anne has served as secretary and I as president since then.

Recently the Historical Society was donated the Bethany Chapel built c. 1830. We are busy raising \$30,000. to restore this historical building.

Castine, the Battleground of Four Nations was first settled by the Pilgrims in 1626 who established a

Letters To The Editor

trading post here. On the Castine Peninsula of 661 acres 17 fortifications were built between 1635 and 1861. The British dug a canal across the Isthmus in 1814, making Castine an artificial island.

Not only is Castine historical, it is also beautiful jutting out into Penobscot Bay at the junction of the Penobscot and Bagaduce rivers. In the 1850s it was the second wealthiest town per capita in the United States. At that time five ship yards were building large sailing vessels. Castine was a port of entry and a custom district. It was a salt depository for the fishing fleet fishing in the Grand Banks and Georges Bank. Salt was obtained from Cadiz, Spain and Liverpool, England.

Since 1941 the Maine Maritime Academy has occupied the former Eastern State Normal School buildings. It has greatly expanded its facilities since that time.

Our home is on 6 acres which fronts on Penobscot Bay. We have established a fruit orchard, large vegetable garden, numerous flower beds and a pond with aquatic flowers.

Needless to say, we miss activities at the Hicksville Gregory Museum. However, we keep up on Hicksville activities thru your newspaper. A number of Hicksvillites have visited us since 1978 when we retired to Castine.

Sincerely,
Gardiner E. Gregory

To the Editor:

The Hicksville Public Library, used by thousands of all ages has seen a steady erosion of street parking available to its patrons. Sterling Place, east of the library has been closed to parking altogether. There has been a two hour limit placed on street parking on First and Second Streets west of the library preventing long term parking for library staff, patrons or members of organizations using the library for meetings or programs. The Library, located in a neighborhood area almost in the exact geographical center of Hicksville with easy access to the schools, gradually saw street parking disappear. At the same time extremely hazardous conditions for pedestrians appeared due to

the widening of Jerusalem Avenue, Broadway and Old Country Road. (Have you ever tried to cross these streets leading your children?)

If we were to obtain sufficient parking, diagonal parking on Second Street was, in the judgment of the Library Board, the best way to proceed. Therefore, we contacted the Town of Oyster Bay and requested that they consider making some spaces available for library use. After due consideration they did so. Judging by public response, generally speaking, it has been a great success. So far, as a result of a survey made at the library, over 90% of respondents believe that the parking is sorely needed and is an excellent community service. We do not think that it constitutes an undue hazard to traffic on Second Street, a wide thoroughfare. We believe that it is needed and that school buses could consider loading on Fourth Street or at the east end of Second Street. If vehicles must proceed with a bit more care it is a small price to pay for parking for the hundreds and thousands of our citizens who must negotiate Jerusalem Avenue or Old Country Road pushing walkers or baby carriages. Ask them their opinion about library parking.

We bow to no one in our concern for public safety. That is precisely the reason why the Board feels that a clear case can be made for the parking spaces. Serving the entire community must be our first priority.

Elery H. Bean, President
Board of Trustees,
Hicksville Library

To the Editor:

I feel that I must, in all good conscience answer Mr. Rubenstein's letter pertaining to the diagonal parking for the library on Second Street. On March 4th at the regular monthly meeting of the Hicksville Community Council, in answer to a query from a taxpayer who asked what the library intended to do about the impossible parking situation, Councilman Clark announced that the town, at the request of the Library Board of Trustees was contemplating instituting diagonal parking on Second Street. Therefore, Mr. Rubenstein, it was no

secret that the library was seeking parking on Second Street. The library staff and the patrons do, indeed, use the parking lot in the Junior High School WHEN IT IS AVAILABLE! I am bewildered by Mr. Rubenstein's implication that this is adequate parking since he is, I believe, one of the four families who live on Second Street. Surely, he must be aware of the difficulty one has in finding a parking space within a safe and reasonable distance to the library. The Hicksville Junior High School parking lot and the adjacent streets are filled by teachers when school is in session. The spaces are taken by 8 a.m. and are in use, not 3 p.m., but late into the evening because of the school's programs and activities. It is simply impossible to park and Mr. Rubenstein must know this.

Second Street, Mr. Rubenstein is quite wide. In fact it is 46 1/2 feet wide - which I believe disputes your contention that diagonal parking presents a hazard to motorists and bicyclists. As far as the school buses are concerned the "Library Parking Only" does not extend past Frevert Place. There is plenty of room for the buses to park on Second Street beyond this point. Fourth Street is also a very wide street - perhaps the buses could park on Fourth Street. I'm sure parents who drop off or pick up their children won't be too alarmed if they can't double park since they will be so delighted to be able to park diagonally and legally. Speaking of breaking the law, Mr. Rubenstein I must disilluse you further. You see, "the best Police Force in the country" does stoop to the menial task of chalking tires every two hours. Ask the staff members who have gotten traffic tickets for parking to long - not \$2.00 tickets Mr. Rubenstein, \$10.00 tickets!

The Library is a service organization. It serves not only the residents of Second Street but the entire community. It is the responsibility and duty of the Board of Trustees to make the Library accessible as possible to everybody in the community. Available parking is an essential part of this responsibility. On August 31st, at 10 a.m., at the Town Hall on Audrey Avenue,

CHARLES WAGNER POST # 421
HICKSVILLE, N.Y.

Listen & Tell ... Our very next LAS VEGAS NITE is tomorrow night, August 28th and the games start at 8 P.M. ... There is no admission charge, so tell everyone you know to have a fun night at the Legion ... And a reminder to those members who signed up to be part of the committee servicing these games that we have your badge, with your pretty picture on it, waiting to be used ... Some have never been used so come on down, lend a hand and make your badge proud of you ... Even badges get lonesome.

For those of you who would like to go and tackle the professionals at Atlantic City we (The Past Commanders' Club) are having a bus trip to Harrah's on Sunday, September 26th ... This trip is open to anyone putting their money up front (\$17.50 per person) as all seats are sold on a first paid, first seated basis ... At Atlantic City each person will receive \$10 in quarters and a \$3 meal coupon ... The bus will leave the Legion parking field at 10 A.M. and

will go directly to Harrah's and on the return trip we should all be back in Hicksville by 10:30 P.M. ... Now to get a seat on this bus you must call the Chairman who is LOU CESTA and his phone numbers are WE 1-0262 (business) or 785-6583 (home) ... Please note that the bus will seat only 48 persons and at this point I do not know exactly what seating is still available, so if you have the yearning for good company and a little 'action', call Lou and find out if seats could be yours ... This trip is open to the general public and members alike, so bring a friend or two, if you wish.

Two columns ago I mentioned that now there was a possibility of exemption from the payment of copyrighting royalties by veterans organizations and I said that more on this subject would be forthcoming ... Specifically, the Senate amended a previously passed House bill, H.R. 4441, with the contents of the Legion backed exemption legislation S.603 ... This

amendment was offered by Senator Zorinsky who originally introduced exemption legislation last year ... Owing to a very heavy schedule of business, the Senate Judiciary Committee never held hearings on S. 603 during the 97th Congress even though several members of that committee strongly supported and cosponsored the copyright exemption legislation. Hearings were held by the same prior to the adjournment of the 96th Congress ... Now, that a conference committee from both groups has been appointed to mold both bills into one (with our exemption) to be presented to Congress at the earliest possible moment ... But, here's the hitch ... On July 21, 1982, the House Judiciary Courts Subcommittee held a markup session for the purpose of reporting several bills under its jurisdiction to the full Judiciary Committee ... Among these bills was H.R. 2007, the House version of the veterans copyright legislation ... The Subcommittee

decided at that time to defer decision on H.R. 2007, appoint conferees to discuss H.R. 4441 with the Senate and to hold additional hearings ... If the Courts Subcommittee succeeds in delaying action on the copyright exemption, it may succeed in scuttling the best opportunity for enactment in years ... In that regard, the prospects for another similar opportunity in the foreseeable future are remote ...

For that reason THE AMERICAN LEGION NATIONAL ORGANIZATION is requesting that each LEGIONNAIRE contact the Representative of his/her home area concerning the copyright exemption issue immediately ... Every day of delay decreases the likelihood of enactment because the upcoming conclusion of the 97th Congress is shaping up to be jam packed with budgetary and other legislative business that must be concluded before adjournment ... Do YOUR bit to help the cause ... Call or write NOW.

Make Their Day.

Part 3 Of a 3 Part Series

The Jones Institute... Update

By Rosemary Grant

"I hope all of the people who were against us closing, will welcome us if we go back to Hicksville."

.....John Bartone
 Executive Director
 Trustees of the Jones Fund

John Dawson, Chairman of the Board of Trustees of the Jones Fund indicates they are looking at a number of sites for the new Jones Institute. Currently, three locations are under consideration and between 30 and 40 sites have been screened.

The trustees have selected an architect to assist in selection of a site. He will be working with John Bartone, who has all the information as to what is required by the

State in the planning of a facility. Bartone, who knows there are formulas for everything from personal care to dining room help, thinks the new institute will be "in the neighborhood of 50 beds." He said "The original institute was never filled because we were dormitory style. It is passe. The are new regulations regarding sleeping arrangements." Bartone has made up preliminary staffing patterns, personnel policies, residents and trustees rights.

Trustees hold a monthly meeting (Last Monday of the month at 7:30 p.m. at 1425 Old Country Rd. Plainview) and, according to John Dawson, committees meet at other times to "try to narrow

down requirements of a facility for the profile of people in need." Dawson said the Trustees have made a survey of a number of other organizations that are dealing with the same kinds of needs to find out who they service. Among other classifications, the survey indicates age, health and set of clients.

Dawson explained the reason for all these preliminaries. "We are not an organization that receives contributions; we are dependent on the funds we have on hand, a good part of which will have to be very careful not to have another situation where cost exceeds income."

A schedule of steps the Trustees plan to take in preparation to the re-opening of the institute follows.

1. The site must be finalized. Price and Budgetary limitations are considerations as is the attractiveness of the location.
2. Any contract must have

zoning board approval with the towns of North Hempstead and Oyster Bay. It takes 120 days for variance.

3. Feasibility Study for Zoning Board.

4. Bids - to General Contractors, electricians, plumbers, etc.

5. Construction 6 months to a year to complete.

Provided the site selection was already completed, it appears it would still take another 18 months before the Jones Institute again becomes a reality.

Mr. Dawson stressed the Trustees want to proceed as quickly as possible. "The Trustees have no personal gain to sit around and not have an institution," he said. The best argument to substantiate this statement will be the finalization of a site.

The HERALD has made a commitment to keep the community abreast of this ongoing situation. This three part series will be followed by "Updates" as needed.

Mutual Aid Drill

On Sunday, Aug. 22, a Mutual Aid Drill, sponsored by Central General Hospital, was held at the Central Island Nursing Home.

Participating were the Plainview Fire Dept., Bethpage Fire Dept., Hicksville Fire Dept., Melville Fire Dept. and the Nassau County Police Dept. with their ambulances and helicopter.

The 2nd and 8th Precincts both cooperated with their helicopter. They simulated a burn victim being taken to the Nassau County Medical Center.

The observers were impressed with the efficiency of the participants involved in the drill. (Photos by Jerry Resnick.)

Fall Golf Classic

In a last minute reminder to golfers who plan to register for the 4th Annual Nassau County Fall Golf Classic on Saturday, August 28, Nassau County Department of Recreation and Parks Commissioner Abram C. Williams listed a few measures to be observed by registrants.

Registration will be handled by a numbers system, and all golfers must be Nassau County residents, ages 18 and over and possess a valid Nassau County Leisure Pass. The entry fee of \$25 per golfer is payable by check or money order only, made out to the Nassau County Fall Golf Classic.

Hicksville Baseball Association

By Ann Macaluso

The following message and poem was submitted to me by our league trustee, Donna Rehman.

For whatever reason, recently, the Good Lord chose to take a "good friend" of H.B.A.'s, our own Al Greene. Al was a totally unselfish, giving, and loving person. The following is a "Pun" poem he wrote about H.B.A. which was generously given to me by his family. I would like to share its several lines now with you. I can personally reflect upon and I'm sure you can do the same. Hoping you feel the same warmth I did reading it. Loving You Always, Al - Donna (Rehman)

HAPPINESS IS A DAY WITH THE H.B.A.

The coaches work the teams
With major league dreams.
Sportsmanship is the theme,
But we must beat the other team.
The players health comes first,
Even though a win will quench my thirst.

The parents are quiet and shy,
And never ask why.
Second guessing is never done,
Even if the team scores only one run.
What could be better
Than A Day With The H.B.A.

It seems as if our Connie Mack Team paid Al a last tribute by winning their FIRST "Long Island Championship" last week. This occurred when H.B.A. defeated East Meadow 15-14 on August 18, 1982. The team had a fantastic record of 23 wins and 3 losses for the season. Congratulations team, I'm sure Al would have been proud of you.

13 Year Old All-Star Team: (8-14-82) HBA 11, St. Joseph's of Kings Park 2. Strong pitching by Ed Rothchild, 3 hits, and going the distance. Big hits by Rich Notaro, double, 2 RBI's; Paul Bruno singled, 2 RBI's; Bob Senn, 2 hits, 2 RBI's; Mike Redman, 2 hits, 2 RBI's; Mike Hogan, 2 hits, 1 RBI. Excellent defense played by all, especially Paul Bruno catching.

(8-15-82) HBA 15, Lindenhurst 3. Good pitching by Rocky Lombardo in game called after 5 innings. Good hitting led by Bill Stanley, bases loaded triple, and 4 RBI's. Paul Bruno, 2 hits, 2 RBI's. Rocky Lombardo 2 hits, 3 runs scored. Good plays in field by Rich Notaro, Bob Senn, and Joey Manna.

(8-18-81) HBA 9, Westbury 1. The starting pitcher, Rocky Lombardo, hurt himself and Jim Malone was put in as relief pitcher in 1st inning. He pitched a no-hitter against Westbury

to lead HBA to a 9-1 victory. Excellent hitting by Paul Bruno, and Joey Manna who hit a nice triple. Good defense played by Rich Notaro as Super SS, and Mike Redman at 1st Base. Excellent team effort! HBA has won their division in the East Meadow Tournament and will go into playoffs this week. The best 2 out of 3 games will determine the winner of the First Place Trophy.

DEVOTIONS (Continued from Page 2)

spot. Those of us who are more mature are more sophisticated but no less harmful as we unleash a lethal tongue, or stab the person behind his back. To which God reminds us in this scripture passage, "Love is not resentful."

Our Lord Jesus Christ gave us some pretty tough advice while he was alive. Jesus said, "But if anyone

strikes you on the right cheek, turn to him the other also." He states that the mere fact that we have been wronged does not give us the license to do wrong. Followers of Jesus are not to retaliate but must even be willing to suffer the same injury again. Now cheek-turning power is no easy matter. Yet, it is perhaps as powerful a weapon as there is towards

maintaining and even improving most human relationships. When I have been wise enough to use it, I can tell you first-hand that it works. On any number of occasions as I have taught adult confirmation, I have seen it work.

Love is the language of forgiveness that removes the drifts. Forgiving-turning the other cheek love, patient and

kind love, love that avoids arrogance and rudeness, love that walks the second mile, is Christian love in action. On our own, we seldom have the power to turn the other cheek. Such power is only possible when Jesus Christ lives within us. It comes when we practice the presence of God, inviting Jesus' indwelling through prayer, His Word and Sacra-

ments. Partaking of His body and blood, we not only receive forgiveness for ourselves, but we also receive the powerful presence of Jesus Christ. A presence that can cause a cheek to turn and a life of loving forgiveness to plow through snowdrifts of resentment. Such a life is great for our health, both spiritual and physical.

Dog Shows

Canines will show up in force to be scrutinized by several thousand watchful eyes at two dog shows to be held at Eisenhower Park this September, according to Nassau Commissioner Abram C. Williams.

Dog fanciers will take pleasure in examining the breeds and skills at the Annual Akita Club of Long Island Dog Show/Fun Match to be held on Sunday, September 19, from 9 A.M. to 5 P.M.

This breed, whose origin dates back to the palace guard dogs of Imperial Japan, will be judged for obedience, grooming and the best of the show.

The Great Dane Club of Metropolitan New York will hold a Match Show on Sunday, September 26, from 8 A.M. to dusk.

Both shows will be held at parking field # 8. Registration information for these upcoming shows can be obtained by calling the Eisenhower Park Field House at 542-4480.

American Legion Auxiliary News

Joining the Charles Wagner Post #421 for our Annual Picnic at Suffolk Developmental Center on Sat., Aug. 21, were six members of the Auxiliary Unit #421 of Hicksville. Thirty-five girls and boys were served hot dogs, hamburgers, watermelon, etc. A good time was had by all.

On Thursday, Sept. 9, six Past Presidents will attend the 10th District Fall Conference, to be held at the Argyle Manor in Babylon.

The regular meeting of the Auxiliary will be held on Friday, Sept. 10, at 8:30 p.m. at the American Legion Hall on Nicholas St. First Vice President Ruth Leger will

preside in the absence of our President Ellen Tietjen. Ellen is ill and in the Nassau County Medical Center, having suffered a severe stroke. We all wish her well and also her husband, Wes Tietjen, who is in the same hospital following a heart attack. Cards may be sent to them there.

Ruth Leger is also chairman of the Nassau County Past Presidents' Parley. This group meets 4 times a year. The first meeting for the new year will be held at the Charles Wagner Unit on Thurs., Sept. 30 at 8 p.m. All Past Presidents should try to attend.

Our four volunteers at Northport V.A. Hospital continue to see the Veterans at the Day Care Center each Monday.

Engaged

Mr. and Mrs. Edward J. Kelly, Sr. of Hicksville are pleased to announce the engagement of their daughter, Kathleen Ann, to Raymond Todd Tufo, son of Mrs. Josephine Tufo and the late Mr. Victor Tufo of East Norwich.

Miss Kelly is a graduate of Holy Trinity H.S., class of 1976, and is currently completing a course of study of Business Administration at Farmingdale University. Miss Kelly is employed by Cablevision of Woodbury.

Mr. Tufo is a graduate of Oyster Bay H.S., class of 1974, and is attending the State University as well, majoring in Data Processing. Mr. Tufo is employed by VEECO Instruments in Plainview.

A wedding has been set for Nov. 19, 1983 at St. Ignace R.C. Church in Hicksville.

JOEL LEFFERT, son of Seymour and Beatrice Leffert of Cynthia Lane in Plainview, is currently appearing as the First Soldier in the American Shakespeare production of "Hamlet" at Stratford, Connecticut. Scheduled to continue its run through September 5, "Hamlet" stars Christopher Walken in the title role. Also importantly cast are Michael Allinson, Anne Baxter, Roy Dotrice, Fred Gwynne, Chris Sarandon and Mary Wickes.

Mr. Leffert settled in Manhattan after obtaining a degree in Theatre Arts from Brewn University. Since that time, his appearances have ranged from Dracula to Don Juan, from Orphans (with the Theatre of the Open Eye) to Orlando (with the Trinity Square Repertory Company). An expert swordsman, Mr. Leffert has choreographed and performed his own duels in productions of "Macbeth," "The Three Musketeers," and "Saramouche."

Galileo Lodge News

By Joe Lorenzo

VENERABLE SKIP MONTEFORTE'S MESSAGE: 'Of all the forces that make for a better world, none is so indispensable, none so powerful as hope.' Ancient Writing.

Many times in this column we have used such nouns as pleasure, joy, happiness, leisure and contentment. Redundant, repetitive, you might say? No, not really. It's just that these conditions are part and parcel of all the recreational aspects of the Galileo Lodge. Here business is one thing and pleasure is another, and a combination of both in equal measures offers a stability in our lives.

For example: on Saturday, the 28th of August, the Galileo Lodge presents its Italian Football Wedding and Dance. Tickets sell at \$10 per person, an 'easy-to-live-with' sum that entitles you to sandwiches, beer, soda, coffee and cake, set-ups and live music from the popular Jimmy Marchese musical combo. Additional highlights for this activity will be a mock wedding, a beauty pageant where and when a beauty queen will be chosen to represent the Galileo Lodge and the revealing of the names of the Louise Masiello Memorial Scholarship Awards recipients. Please note that a 'bring-

your-own' liquor policy will be in effect that night. For ticket sales and reservations, please call Chairman Joe Giordano (334-8584), co-Chairman Pete Masiello (993-4335), Armand Del Cioppo (938-3670), Frank Matassa (921-2843), Joe Morace (931-2584), Anthony Copolla (796-3670), Dante Perotti (935-1411) and Venerable Skip Monteforte (938-6454). The facts here speak for themselves, for a modest price, with food and entertainment, how can you not say that the Galileo Lodge is a pleasure-oriented organization.

If a person associated with an organization extends himself or herself ceaselessly, can you not say that that person is deserving of an honor? Well, the Ladies Auxiliary of the Galileo Lodge has determined that a Testimonial Dinner, to be held on Saturday, the 25th of September, will honor Jo Ann Wallick, former President of the Auxiliary from 1979 to 1981. Tickets sell at \$17.50 per person, and in the offering will be a full-course dinner, beer, soda, coffee and cake, set-ups, unlimited liquor and the engaging music of the Yesterday, Today and Tomorrow musical combo. For ticket sales and reservations, please call Chairlady Rosa Meszaros

(931-0876), Marion Densiglio (ED 4-6860) and Carmen Russo (931-1059). All members of the Galileo Lodge (friends and patrons also welcome, of course), are cordially invited to attend. Jo Ann Wallick's inspirational guidance and force, along with her loyalty and devotion to the Galileo Lodge and her own organization, became the stabilizing influence for both organizations. The cut-off date for tickets will be September 21st and they must be paid in advance. For an activity deeply imbedded in human warmth and congeniality, this it.

Speaking of the laugh-riot of the year 1982, which is the 'Foolies Follies, may I add that rehearsals for this super-duper laughter-infested revue are still taking place every Tuesday night at the Galileo Lodge, starting at 8:00, under the supervision of Jo Ann Wallick. Naturally Jo Ann is highly desirous of having as many male and female members of the Lodge and the Auxiliary to become participants in this show-biz venture. You do not need professional

talents to participate, all you need is a desire to sing, dance and engage in comedy — and this we all do, even if some of us are unprofessional in that vein. Rehearsals are fun and they are said to be exhilarating experience and this comes from the members who have previously been associated with the 'Follies'. So why not call Jo Ann Wallick (681-8428) for more details.

And now for a glimpse from our Window of the Future. We see a Halloween Dance, A St. Joseph's Dance,

A Christmas Dance, Christmas parties for the Handicapped Children of Queens and Long Island and the children of our membership. And then there is that study in fun and frolic which we call our gala New Years Party and Dance. A Golf Tournament and another Fishing Trip will be integral parts of our 1983 Fall and Winter Recreational Program. Tailored to suit your needs as far as pleasure and relaxation are concerned, these soon-to-arrive activities must be placed in your 'must attend' category.

Labor Day Weekend Festivities

Intermezzos to fifties rock; the blues and jazz; tragic arias and barbershop harmonies; mimes and puppeteers; an eye-dazzling array of paintings, graphics and sculpture; crafts and folklore; the creations of the handicapped, senior citizens and children too.

And its all being offered for free on Labor Day Weekend when the grounds of the Nassau County Center for the Fine Arts Museum in Roslyn Harbor become one big picnic for the arts. That's when the Nassau County Forum for the Arts will be hosting the first "Celebration of the Arts," conceived as the greatest professional arts festival ever on Long Island.

The four-day celebration opens on Friday, Sept. 3 and continues through Monday, Sept. 6, with continuous performances and events from 10 a.m. to 10 p.m. each day. All for free.

Orchestral and chamber music will spill across the spacious and beautiful museum grounds. Actors, and singers of all kinds will be performing at a dozen locations around the grounds.

There will be a showing of more than 400 visual artists, as well as a representative selection of the county's craftsmen; big bands, barbershop quartettes and rock groups too.

In all, more than 150 organizations will be participating in the festival. "It's the culmination of a five-year dream," according to Marcia E. O'Brien, director of the Nassau County Office of Cultural Development (OCD), which is sponsoring the event, together with the Nassau County Forum for the Arts. "The 'Celebration' is designed to show the breadth and quality of the arts in Nassau County," O'Brien noted.

Festival-goers will also be able to sample museum exhibits, photography, ballet and jazz spread across the 145-acre museum grounds. A poetry wall will hold the creations of the county's many literary artists. Thousands of dollars in prizes will be shared by the winners of the juried art competition.

The Celebration coincides nicely with "Arts for the Handicapped Day" on Sunday the 5th, and "Senior Citizens Day" on Friday the 3rd.

"For years," said O'Brien, "we talked about providing a showcase for the multiplicity of talent we have to offer here in Nassau County. The arts community is flourishing and we decided the time was right to bring the Celebration into being."

Plans for the Celebration were kicked off several months ago with a logo design contest won by Eric Papalardo, a 21-year old college student from Syosset. His winning design features an artist's palette surmounted by a dancer standing before an open book. The tripartite motif spells out the Celebration's emphasis on all forms of the arts — visual, performing and literary.

Although most of the artists in the celebration are

professional, no one is being paid. As O'Brien put it: "The artists of the county are giving of themselves to make what I am confident will be one of the most exciting artistic events ever."

Chairing the celebration with O'Brien are Lois Manning, who heads CAPA, the Cultural and Performing Arts Program in Oyster Bay Town; Marge Rosen, cultural arts director of Hempstead Town; and Mark Samuels, commissioner of the arts in Long Beach. In all, there are more than 35 committees at work on the event which is expected to draw 250,000 people.

The event has also been designated an attraction of the 1982 I Love New York Festival of the Long Island Tourism and Convention Commission.

Receives Contract

The Amperex Electronic Corporation of 230 Duffy Avenue in Hicksville, has been awarded a \$146,250 contract by the Defense Electronics Supply Center for the production of electron tubes.

The Defense Electronics Supply Center, located in

Dayton, buys and supplies electronic components to the Armed Forces and civil agencies of the Federal Government.

DESC is a field activity of the Defense Logistics Agency headquartered at Cameron Station, Alexandria, Virginia.

ON LABOR DAY WEEKEND: Meredith Elaine Baker and William Earle Randolph Jr., of the L.I. Choral Society will be among the more than 150 artists and performers appearing in the first annual Nassau County "Celebration of the Arts" to take place from September 3rd through 6th (Labor Day Weekend) on the grounds of

the Nassau County Center for the Fine Arts, Roslyn Harbor. Billed as "the greatest professional arts festival ever," the event will feature continuous performances each day, from 10 a.m. to 10 p.m. The works of more than 400 visual artists from throughout the county will also be on display. There will be jazz, opera, ballet and modern dance, barbershop quartettes, more than a dozen chamber ensembles; folk music, puppetry, and mime. Children's art, the work of the handicapped, and the county's senior citizens will also be featured. And it's all free!

Together with my fellow Commissioners maintained an active and steady program to maintain its ability to supply adequate quantities of high quality water.

We have adopted a most active program to keep the needs of our water supply before the attention of governmental regulatory authorities in order to assess all manner of potential contamination of our drinking water wells. More recently, we have turned directly to all of our local legislators at the State level and sought to gain their support plus that of the New York State Legislative Commission on Water Resource Needs of Long Island.

Very shortly we will further our efforts to remain a "front runner" by conducting pilot work studies to establish the design parameters for inaugurating full scale treatment facilities should future needs require such action.
