Saturday, Sept. 25
The Galileo Lodge will honor Jo Ann Wallick, 8:30 p.m., at the Lodge on Levittown Parkway.

A New Office-Warehouse Building For Hicksville?

At its regular meeting held on Tues., Sept. 14 the Town Board, during its daytime session, held a hearing on the petition of Parkland Plaza Associates for a special use permit to construct and maintain an office building and a warehouse adjacent to the Mid Hampton Asphalt Corp. on West John Street and Charlotte Avenue in Hicksville.

Attorney for the petitioners was Joseph Carino, Esq. The property involved covers nine acres and is presently zoned for light industry. The special-use permit needed is

for the proposed office use of part of this project. A model of the building which, if approved, will be four stories high and will cover 150,000 sq. ft. for warehouse purposes and a like amount for office space. The petitioners stated that their surveys have shown that there is a desperate need for warehouse space in the County.

No one appeared in opposition to this multi-million dollar project.

The Board reserved decision in this petition.

At The Town Board Meeting

Mid Hampton Asphalt Corp. Petitions For Use Of Old Driveway

By Sheila Noeth

At its Tues., Sept. 14 evening hearing the Town Board of Oyster Bay heard the petition of the Mid Hampton Asphalt Corporation asking for the right to use a formerly-used driveway on their property as an entrance and exit. Fifty trucks a day will need to enter by this driveway and fifty trucks will need to use it as an exit each day. This driveway is further east, down Duffy Avenue and therefore nearer residences, than the driveway that is presently used. At present they use a driveway which is closer to Duffy Avenue and Charlotte and further away from the homes. However, during the morning sessions the Board had heard the petition for Parkland Plaza Associates for a special use permit to construct and maintain a multi-million dollar office building and warehouse on property that, if granted, will of necessity make the

present driveway inaccessible. However, the petitioner pointed out that if investors are willing to spend literally millions of dollars for an office-warehouse complex right next to the Mid Hampton Asphalt Corporation, they must be sure that its operation would not hamper them, renting out space in this proposed project.

Appearing in opposition to this proposed change in the driveway Mid Hampton wants to use were twenty-two residents.

Mrs. Virginia Smythe of Combes Ave., Hicksville, read a letter in opposition and presented petitions containing 950 signatures in opposition, on the basis of the increased noise, odors, dirt and grit which this company would be causing by this change.

Mr. Bernard Offenlock of 80 Benjamin Avenue, Hicksville, (the house close-

est to the site) complained about strong odors and oil slick on his swimming pool as well as terrible noises, especially when partially-empty trucks were moving in or out.

The managing director of Mid Hampton stated, in answer to questions by the Board, that flatbed trailers carrying construction equipment do leave the property before seven a.m. which is the time that such use is permitted to begin. The Board thanked him for his honesty in this matter. He did state that although 50 trucks travel in and 50 trucks travel out of this property each day, that the company has been producing less by 20% than three years ago.

The Board reserved decision on this matter.

In another matter it was announced that the Town is proceeding into the construction phase of the control for interior incinerator waste water treatment implementation. They are putting in a system to purify water that comes out of the incinerator before it is pumped into the Nassau County sewer system.

In still another matter, the Town held a hearing during the daytime session on tipping fees. In this instance, tipping means truck dumping onto Town properties. The hearing concerned the cost of such dumping. No one appeared in opposition to this proposal which will, in certain cases, raise such fees.

The Board reserved decision on this matter.

The next meeting of the Town Board is scheduled for Tuesday, Sept. 21 starting at 10 a.m. in the Town Hall in Oyster Bay.

Hicksville Auxiliary Police Fund Drive

Hicksville Auxiliary Police Unit 312 announces the start of its 1982 fund drive. This year's mailing to all residents and businesses in the Hicksville area will take place the week of September 13.

Fund drive Chairman Sergeant Gary Ward stated that, although the Nassau County Police Department provides uniforms and gas for the patrol vehicles, Unit 312 must take responsibility

for insuring their patrol cars, equipping them with emergency supplies, and maintaining the vehicles for their continued use in community patrols. This year, the Unit has set up its headquarters on West Barclay Street, calling for additional monies to be spent on repairs to the building. While most of the refurbishing of the building was done by the members who volunteered their time and

effort, the cost of running the headquarters has put an additional financial strain upon the unit.

The Auxiliary Police are limited to one mail-out per year during their fund drive. It is understood that times are tough for all of us, and that many groups ask for your help.

Your Auxiliary Police give freely of their time for community patrols and are often called upon to assist

the Nassau County Police with such community events as the Memorial Day and Labor Day Parades for crowd and traffic control. They hope that you will give what you can to assist them in their effort to serve the community, making it a safer place in which to live and work.

They answer your appeal—will you answer theirs?

Talking Books On Cassettes

At Library

The Hicksville Public Library now features talking books on cassettes for loan. Each pack contains two long playing cassettes that may be played on standard home or automobile cassette player.

The service is ideal for people wishing to "read" a book while driving to work or to the beach, listening in the park, doing housework or

recuperating in the hospital. Some of the titles include "Hound of the Baskervilles", "Doctor Zhivago", "The Eagle Has Landed", and such classics as "Tale of Two Cities", "Lady Chatterley's Lover", and "Tales of Horror" by Edgar Allan Poe.

The tapes may be borrowed for one week.

Declares Regular Quarterly Dividend

MEENAN OIL CO., INC. (AMEX Symbol: MEN) today declared a regular quarterly dividend of \$.07 per share payable September 17, 1982 to shareholders

of record September 13, 1982. William F. Kenny III, President, noted that the Company has paid quarterly cash dividends without interruption since 1955.

Are You Ready For A Change?

The change of seasons can mean a change in someone's life, if you are willing to make a commitment. With the coming of fall, literacy volunteers of Long Island, Inc. is offering workshops in basic reading and English as a second language. Learn

how to teach an adult to read. Help an adult learn to speak English. No previous experience necessary.

Armed Forces

John F. Wandelt, son of Mr. and Mrs. William H. Wandelt of First St., in HICKSVILLE, recently completed a U.S. Air Force ROTC field training encampment at McClellan Air Force Base, Calif.

During the encampment, cadets receive survival and small arms training and aircraft and aircrew indoctrination. They also have the opportunity to observe careers in which they might wish to serve as Air Force officers.

The cadet is a student at Brigham Young University, Provo, Utah.

Michael W. Wright, son of Thurman and Lois Wright of West Park Drive in Old Bethpage, has been officially accepted into the U.S. Air Force Academy's Cadet Wing as a member of the class of 1986 during the annual acceptance parade.

The parade followed six weeks of rigorous basic cadet training at the Colorado Springs, Col., academy. Training in military customs and courtesies, drill and physical conditioning, tactical exercises and the firing of weapons introduced the basic cadets to military life under the program.

The academy is a four-year educational institution graduating men and women to serve as career Air Force officers. In addition to military training, the academy offers athletics and an academic curriculum which includes basic and engineering sciences, social sciences and the humanities.

The new cadet is a graduate of John F. Kennedy School in Plainview.

On The Campus

On Sept. 9th, at the U.S. Military Academy Cadet Daniel L. Hogan, Jr., son of Mr. and Mrs. Daniel L. Hogan, 6 Meade Ave., HICKSVILLE, was honored along with about 100 other cadets at a review by the 3rd and 4th Regiments of the U.S. Corps of Cadets. Dan, now a junior at West Point, was presented with the Distinguished Cadet Award for the second consecutive year. This award is presented to cadets whose cumulative averages are in the top 5% of their class. Currently ranked 20th in a class of 1,035, Dan is concentrating in Mathematics and Operations Research. Upon graduation from the Academy, he will receive a B.S. Degree in Engineering and be commissioned as a 2nd Lt. in the U.S. Army.

Aside from his academic studies Dan is active in the Cadet Broadcasting Station. This year he is the head of the Sports Dept. He has a weekly sports interview program as well as broadcasting varsity games both home and away.

Geoffrey E. Myers of HICKSVILLE, has received a Bachelor's Degree from Brigham Young University.

Eighth Precinct Police Report

By Police Officer Kenneth Box

SCHOOLS OPEN

As shown in this week's Police Report the opening of school has a very direct effect on crime. Busy minds and busy hands don't have time to get into trouble. Coupled with the fact that homes are now mostly occupied and vacations over, the number of burglaries, especially to homes has been cut way down.

On Sept. 9, Second Precinct Police Officer Robert Tougher, while on Patrol observed a man attempting to break into the Sunrise Federal Savings and Loan Bank located on Old Country Road Hicksville. After being apprehended by Officer Tougher the suspect was identified as Russell Theodore 24 years of 80 Grey Lane Levittown. The subject was brought to the second precinct station house, where he was found

to be in possession of the proceeds of a burglary at the Shorash Yisnia Church located at 1150 Hicksville Road No. Massapequa, which had taken place the previous day.

After further investigation by Dets. of the second squad Theodore was arrested and charged with Burglary Third Degree.

A residence on 8th St., Hicksville, was burglarized on Sept. 5. Entry was gained by prying open a rear window. It was reported that four Liberty Head silver dollars, mercury dime, a 1854 penny and a brown and white hamper were reported stolen.

On Sept. 10, a residence on Flower St., Hicksville was burglarized. Entry was gained by kicking in a side door. Assorted jewelry was reported stolen.

THE PRIMARY CHOICE: Oyster Bay Town Supervisor Joseph Colby, left, met recently with Republican Party gubernatorial hopeful Paul Curran and his wife, Barbara, to express his support of him in the upcoming Republican Party Primary Election on Thursday, September 23. Curran has been endorsed by the Nassau

County Republican Committee.

He's a former United States Attorney, Chairman of the State Commission of Investigation, and Special Investigator chosen by the Attorney General of the United States to investigate the business dealings of former President Jimmy Carter.

CLOSE LOOK-- Members of the Firestone National Dealer Advisory Council met recently at the company's sales and marketing headquarters in Brook Park, Ohio.

During a break in their business sessions, they viewed competition vehicles which are shown coast-to-

coast in the Firestone Motorsports exhibit.

Here, Vice President James R. Thomas (left) and Vin Donovan, of Hicksville Firestone in Hicksville, take a close look at a Firestone SS Radial tire which equips the Mercury Capri exhibition car which is the National Hot Rod Association's Vehicle-of-the-Year.

A man walking through a parking lot at the Mid Island Mall in Hicksville was held up on his way to the complex by two men armed with knives.

About 8:30 PM Sept. 3, Gerald Berk, 53, was accosted by two men who emerged from between parked cars in the northside parking area of the Mid Island Shopping Mall located off Broadway in Hicksville. At first Berk attempted resisting the men but gave into the pair's demands when he received a slight laceration to his right arm.

The pair, described by Berk as both White, took \$920.00 in cash and a wrist watch from him before leaving in a dark colored auto. He refused medical aid for the cut on his arm.

Detectives from the Second Squad are investigating the incident.

Det. John Mokson of the Second Squad is heading the investigation.

A Plainview family returned to their home to find that someone had broken into it sometime over the weekend of Sept. 2-5 and had stolen a large, undetermined amount of assorted jewelry and bonds.

Richard Hemley and his family returned to their home at 76 Joyce Road at 6:45 PM Sept. 5 and found it

Second Precinct Police Report

By Police Officer John Lazarus

ransacked. Every room had been turned upside down and the safe opened. The thieves had entered the house through a side glass door on the second floor sometime after the family left on Thursday, Sept. 2. An inventory of the missing items is still being completed. Second Squad personnel are investigating.

Det. Diane Berni of the Second Squad is heading the investigation.

On Sept. 7, the Carpinelli residence, Oak Dr., Plainview was burglarized. Entry was gained by breaking the front door. \$5,300 jewelry was reported stolen. Det. Van Nostrand is investigating.

On Sept. 10, the Annunzio residence, Floral Dr., Plainview was burglarized. Entry was gained by breaking a side window. \$15,000 jewelry was reported stolen. Det. Ed Harsch is investigating.

On Sept. 10, the Bushman residence, Joan St., Plainview, was burglarized. Entry was gained by breaking the front door. \$400 jewelry was reported stolen. Det. Bob DeRosa is investigating.

On Sept. 10, the Metz residence, Duffy Ave., Hicksville was burglarized. Entry was gained by breaking a rear door. \$2005 currency

and rings were reported stolen. Det. William Hatch is investigating.

On Sept. 7, there was an attempted burglary at the National Bank of North America, Jerusalem Ave., Hicksville. The attempt was made by way of an air conditioning vent. Det. Pat Marinuzzi is investigating.

Entertainment 83, Old Country Rd., Hicksville was burglarized on Sept. 7. A typewriter was reported stolen. Det. Sol Goodman is investigating.

On Sept. 8, the Plainview Bagel Shop, Old Country Rd., Plainview, was burglarized. Entry was gained by breaking a rear door. Det. Steve Triola is investigating.

The Golf Shop at Cantiague Park, Hicksville, was burglarized. Entry was gained by prying a front window. Det. William Hatch is investigating. On Sept. 12, it was burglarized again. Entry, this time, was gained by prying open a door. \$75 cash and golf clubs were reported stolen. Det. Ray Storg is investigating.

Adult Ed Instructor Course Available

If you have expertise in almost any area—from leisure activities to academic subjects—you can learn to be an adult education instructor.

The Nassau Association for Continuing/Community Education (NACCE) is offering a four-session workshop designed to give potential instructors the teaching skills specifically tailored for instructing the adult learner. The course will run for four consecutive Tuesday evenings beginning October 5 from 7:30 to 10:00 p.m. and will be held at the New York Institute of Technology, Old Westbury Campus, on Northern Boulevard in

Brookville. The course fee is \$15.

Leaders in the field of continuing education will conduct classes covering such topics as the psychology of the adult learner, methods of teaching, and planning a lesson.

Certificates of completion will be awarded to those in attendance, and the names of certificate holders will be circulated to the NACCE membership as potential instructors.

For further information or registration details, phone Kenneth Keegan, director of continuing education for the Hicksville Public Schools, at 733-2172 or 2171.

Dear Friends . . .

Whether we believe it or not, we are still experiencing inflation even though it is to a lesser degree than in the past. And for many people, in fact, for most of us, balancing the budget is not easy . . . therefore, we suggest that we should bear in mind that each time a multi-million dollar building goes up in Jericho, it helps Jericho residents to hold the line on their school taxes . . . not Hicksville. There are some encouraging signs on our community's horizon, however . . . the new building which will eventually be occupied by Manufacturers Trust, in our Hicksville Triangle area, certainly will help us to keep our taxes from constantly rising. If approved by the Town Board, the new multi-million dollars proposed office-warehouse building of Parkland Plaza Associates will also benefit us in the same manner. NOW, if we can only do something with downtown Hicksville! I know many have tried through the years, and have been held back for many reasons, such as extremely high interests rates, extremely high values being put on small pieces of downtown Hicksville property which makes the task of assembling enough to build on next to impossible, a zoning (G-1) which held us back for over ten years, and the fact that it just isn't a simple task to overcome the problems which stand in the way of the development of downtown Hicksville. But nothing is impossible and I am convinced that if and when realistic plans are submitted, the Town Board would give serious consideration to changing the existing zoning.

Of course, in 1982, plans made many years ago cannot be applied. It is our feeling that it is time for our Town fathers to employ professional planners to survey what exists downtown today, and come up with one or possibly two workable plans that can be decided upon with input from the community. Our downtown could save us a lot of taxes if properly developed and since it has always been a "downtown" . . . a new, modern one, could only help, not hurt, the residents of Hicksville. How do you feel about this? We're sure there are many viewpoints, all of which should be talked over. But let's not get bogged down into doing nothing.

WE CLOSE THIS WEEK with best wishes for a holy, and happy holiday season to all our friends of the Jewish Faith . . . and a prayer for a just peace in the Middle East.

SHEILA NOETH

The continuing growth of the Hicksville Kiwanis Club was evident again at the September 8 meeting, when Mr. Benjamin Daguanno officially became a member.

Mr. Daguanno, of 30 Jefferson Ave., Hicksville, is a Certified Public Accountant and was sponsored into Kiwanis by Mr. Ronald J. Wagner of the National Bank of North America.

Mr. Victor DeBellis, Lt. Gov., of the Long Island North Division of Kiwanis, officiated at the induction ceremony, after which Mr. Wagner, as sponsor, fastened the "K" pin to Mr. Daguanno's lapel.

In the photo, posing for this happy occasion are, left to right, Kiwanis President Charles J. Montana, Jr., Mr. Daguanno, Kiwanis President Charles J. Montana, Jr., Mr. Daguanno, Kiwanis Vice President Ronald J. Wagner, and Lt. Gov. Victor DeBellis.

Letters To The Editor

Dear Mrs. Noeth,

Last week, I attended a meeting at Levittown Hall concerning the sump on Levittown Pkwy. What frustration! It was, like the tree incident, another case of government "hit and run." And very quietly at that.

Repeatedly, during this gathering, we were told that we were given proper and sufficient notification. Suddenly that three word phrase, that is conspicuously placed in different areas of your publication came back to haunt me: **READ THE LEGALS.**

May I ask, who do you know that has attended the budget meeting on drainage lately? Call it our indifference, Call it our ignorance, but I seriously believe, until this meeting—that our elected officials, schooled in

legalistic and technical terminology and proceedings were there to look out for and protect the interests of their constituents.

No one was able in simple, layfolk terms to say or place a sign reading—"Site of Future Sump?"

Upon much thought, if the legals are enough notification, I suggest that when Mr. Clark and others run for re-election, they simply place an ad in the legals instead of plastering our town with posters and pictures and mailings about themselves.

Feeling disappointed,
Suzanne Klein,
Rim Lane,

Hicksville

To The Editor:

There are many mothers like myself who still are not

familiar with rules as to having a young child strapped into a child car seat.

I have a four year old who is big for her age, and lifting her up and into the car seat is very difficult at times.

I thought I read somewhere that, as long as the 4 or 5 year old was strapped into the original seat belt (which came with the car) this would be permissible.

In order to avoid a \$25 fine, I would appreciate it if you would publish an article in your paper concerning this.

Many thanks,
Mrs. J. Carbonaro
Moeller St.,
Hicksville.

Dear Sheila:

On behalf of the members of Hicksville Kiwanis, I would like to thank you and

Rosemary Grant for the fine tribute to Frank Chlumsky in the "Getting to Know You" column of your September 10th edition.

He is affectionately known as "Uncle Frank" not only in our Club, but in all of the surrounding area Kiwanis Clubs due to his more than 30 years of Kiwanis membership.

It is with great respect that we read of his many activities and accomplishments. Hicksville Kiwanians are very proud that he chose to become so involved in our organization. Kiwanis, and all of Hicksville, have indeed benefited from his years of dedicated service.

Sincerely,

Charles J. Montana, Jr.
President

Put Those Ideas For Postage Stamps In Writing

Did you ever wonder how subjects are selected for those tiny, colorful U. S. postage stamps - those miniature art pieces which adorn letters of all types and sizes?

All it usually takes to get the ball rolling is a letter. Yes, it's a letter that provides the communications link between the suggester and the Postmaster General who has the authority by law to issue stamps.

There are no mandatory forms to submit or any prescribed format to follow when proposing a stamp subject. Just a plain letter setting forth the proposal in some detail will do.

On the other hand, there are a few guidelines which should be kept in mind when submitting ideas for stamps.

For example, living persons cannot appear as subjects on U.S. postage stamps. In order to be honored on a commemorative, a person must be dead for 10 years or longer. However, an exception to this rule is a memorial stamp which can

be issued in honor of a recently deceased U.S. President.

Only themes and events of widespread national appeal and significance are chosen as subjects. Additionally, stamps are not issued to honor fraternal, political, sectarian or service organizations. Stamps do not endorse commercial enterprises nor advertise specific products.

Each year, literally thousands of stamp proposals are submitted to the U. S. Postal Service. All suggestions are

ruled to the Citizens' Stamp Advisory Committee. This body is currently comprised of 17 individuals selected by the Postmaster General to review and narrow down the many proposals received. The committee meets at least six times a year and recommends between 15 and 20 stamp subjects annually to the Postmaster General.

The committee's job is no easy task since each suggestion submitted - no matter how unusual - must be fully considered.

Since the group was formed

in the late 1960s, quite a few imaginative ideas have been proposed. And, a few of the ones not recommended have actually "raised the devil."

Several years ago it was suggested that the devil be honored on a U.S. stamp. Propponents for the subject even suggested Hell, Michigan, as the ideal place of issuance.

It also has been suggested that the "Ten Most Wanted" individuals in the U.S.A. be pictured on an issue. Those persons in favor of such an idea felt there could be no better way to alert the general public.

Children often write in with stamp ideas. Students in one school once suggested that the cat which came to study with them each day should be depicted on a commemorative.

Other imaginative ideas which have been considered but not recommended as stamp subjects include the one to issue a commemorative honoring "Whoops Tom," described as the world's champion hog caller.

Another person came up with a creative twist - an issue honoring the pretzel industry. To add a different taste, it was suggested that beer-flavored glue be used in the reverse side of the stamp.

Persons with stamp ideas should keep in mind that the selection and production process is rather lengthy, generally taking anywhere from two to three years.

After a subject is approved by the Postmaster General, production begins. An artist must be chosen to design the stamp. Next comes selecting the appropriate time and place of issue. The printing process is a mammoth job by itself. An average print run for a commemorative is about 165 million stamps.

With those thoughts in mind and National Card and Letter-Writing Week at hand, now may be the perfect time to submit those ideas. Stamp proposals should be addressed to: Citizens' Stamp Advisory Committee, U. S. Postal Service, Washington, DC 20260.

Change In Maximum Family Benefit

A 1980 change in the Social Security disability insurance program set a new maximum family benefit. The change was prompted by concern that prior law encouraged some people who were seriously disabled but could continue to work to stop working and discouraged persons already

employed. According to estimates by the Social Security Administration, prior law permitted the average family of a disabled worker to receive benefits that replaced about half of his or her predisability net earnings. At the same time, however, about six percent of disabled workers coming onto the rolls and their families were eligible for monthly payments that exceeded the worker's predisability net earnings.

Morever, regardless of the effect of the law on current or potential beneficiaries, there was concern about the appropriateness of a provision that enabled disabled workers to receive more in monthly payments than they realized while still

employed. According to estimates by the Social Security Administration, prior law permitted the average family of a disabled worker to receive benefits that replaced about half of his or her predisability net earnings. At the same time, however, about six percent of disabled workers coming onto the rolls and their families were eligible for monthly payments that exceeded the worker's predisability net earnings.

A comparison with the pattern among private insurers shows that they generally limit the benefits they pay to no more than two-thirds of their beneficiaries' gross earnings. The rationale for this limitation is to prevent families from being as well off, or better off, financially than when the worker was employed and thus to discourage beneficiaries from remaining on the rolls even when they are

(Continued On Page 11)

Legislative Hearing Announced On L.I. Performing Arts Center

Senator John Dunne announced today that he, along with Assemblyman Arthur Kremer, will be sponsoring a legislative hearing on the proposed Long Island Performing Arts Center on Thursday, September 30 at 10 AM at the Nassau County Board of Supervisors Meeting Room in Mineola.

Dunne and Kremer are sponsoring legislation to provide \$6.5 million in state funds for site acquisition and initial planning for the project. This legislation could be considered in a special legislative session this fall or during next year's regular legislative session.

Senator Dunne and Assemblyman Kremer sponsored the original legislation

which mandated that the New York Urban Development Corporation conduct a feasibility study for a Long Island Performing Arts Center. It was this study that lead state officials to decide that the Village of Hempstead was the most central location for Queens, Nassau and Suffolk residents.

The hearing will consist of testimony by cultural, civic and business groups and interested citizens. All interested persons or organizations are welcome to testify at the hearing.

Senator Dunne said: "We need full support from the Long Island community for the Long Island Performing Arts Center to become a reality. The June rally

showed that there is support for the project, now we have to go back to Albany and prove that Long Island really wants this. It will be a showcase for Long Island's arts and cultural groups and a great boon for the performing arts on Long Island. In addition the Long Island Performing Arts Center would bring new growth to the local economy and substantial tax revenues for the Village of Hempstead and the County of Nassau.

"The time has come for Long Island to show its support for this worthwhile project and I urge all interested persons to attend the hearing and speak out," Senator Dunne said.

Sewer Hook-Ups Required Of Local Industrial Concerns

By Louis G. Dettloff, Sup., Hicksville Water District

Seven industrial concerns served by the Hicksville Water District have been directed by the Nassau County Department of Health, Dr. John J. Dowling, Commissioner, to respond in writing to his office within two weeks, stating their intention to connect their industrial and sanitary wastes to the public sewerage system.

This response must include a description of those wastes intended to be discharged into the public sewer and a schedule for the connection. Commissioner Dowling cited The Nassau County Public Health Ordinance, Article II, Section

5(c) which requires that the use of private sewerage systems for disposal of sanitary and industrial wastes shall be discontinued and connection made to the community sewerage system no later than two years after the public sewer has been made available. Examples of industrial waste are: process water (used directly in the manufacturing process); contact cooling water (used for cooling which comes in contact with raw materials, the product or product intermediates). Chiefly, among such wastes but not necessarily limited to the same, are spills of hazardous substances in process, loading, unloading, transfer and storage areas.

Gilbert E. Cusick, Chairman, Board of Commissioners, Hicksville Water District, made the announcement that included in Commissioner Dowling's directive are the following concerns: General Instruments Corp., 600 West John Street;

LILCO, 175 Old Country Road; Rose Color Labs, 5-01 Burns Avenue; Ruco Polymer Corp., New South Road; Servo Corp. of America, 111 New South Road; Eaton Corp., 140 Cantiague Rock Road; Grumman Aerospace Corp., South Oyster Bay Road. In each instance the community sewerage system has been installed and is ready for use. Commissioner Cusick pointed out that it may be necessary in some cases to have a pretreatment of industrial wastes in order to comply with the discharge limitations and connection requirements.

The Water Commissioners are pleased with this further evidence of fine cooperation given by the Health Department in helping preserve the quality of our water. There is still much to be done and they are hopeful that they will also see greater participation in our problem solving by the DEC and the EPA and a greater degree of Emergency Response.

M.A.D.D. Comes To Long Island

A tidal wave of consumer activism has been sweeping our country lately. Like characters out of Network, concerned citizens are suddenly saying in unison, "I'm not going to take it any more." Their targets encompass a whole range of societal ills.

One group that stands in the forefront of such consumer concern is MADD (Mothers Against Drunk Drivers). MADD is a National organization that began in California in 1980 as a result of one woman's anger and disillusionment with the current system of handling the drunk driving problem. Candy Lightner, who pioneered this organization dedicated to reducing the carnage on our highways, soon found that she was not alone in her outrage. To date, MADD has 83 chapters in 29 states and is growing rapidly.

Long Island MADD was formed in April 1982. Its members are victims, survivors, parents, siblings, neighbors, friends, and concerned citizens; people who have experienced tragedy as a result of a DWI (Driving While Intoxicated) and those who pray they never will. It is comprised of people who have learned through bitter experience how our court system again victimizes the victim of a DWI, and those who have learned these truths through education and research.

FACT: 26,000 people are killed annually in the United States by DWI.

FACT: You stand 1 chance in 2 of being a DWI victim in your lifetime.

FACT: The vast majority of defendants in DWI fatality crashes are permitted — no, encouraged — to plead guilty to a lesser charge.

FACT: Rarely does the drunk who kills with a car rather than a gun stand trial.

FACT: Of 29 recent cases in the L.I. area involving DWI fatalities, 22 were plea bargained down to a lesser charge; 16 defendants received less than one year in

jail, and many receive no jail time at all. A favorite sentence handed out by one Nassau County judge was 52 weekends off for the Senior Prom, in at least one case).

WHAT DOES MADD DO?

MADD is doing research into the problem so that we can vigorously support appropriate legislation and make meaningful solution-oriented recommendations to our legislators and government officials.

MADD is doing education, in schools and in the community. Young and old alike must understand that alcohol and automobiles are a deadly combination. MADD wants to prevent a alcohol related crashes and reduce the level of fatality and injury that has reached unspeakable proportions.

MADD is doing court monitoring. We're in the courtrooms during trials and sentencing, to let judges and district attorneys know how we feel — that MURDER by the DWI is not acceptable! There must be deterrents to this violent crime.

MADD is doing victim support. Through professional and peer counseling, we are helping victims and survivors handle their grief, frustration, and pain. On another level, MADD, through peer counselors, is helping victims through the adjudication process. MADD is the voice of the victim.

No longer will we sit by idly and watch drunks go through the court system as if it were revolving door. No longer will we tolerate the murders of our children

walking out of the courtroom with a slap on the wrist. No longer will we tolerate society's casual acceptance of the intoxicated drivers as a "good ole guy." Those "good ole guys" are killing us! We're fed up and we're not going to take it any more. If you are too, join us. Call me at 516-681-MADD, or write: L.I. MADD P.O. Box 424 Oyster Bay, NY 11771

Get MADD — It may save your life.

Celia Strow,
President
L.I. MADD

My daughter Janice was killed November 13, 1980 by a drunk driver. She is one of many from this area who have fallen victim to a drunk. I hope the fact that she was a "Hicksvilleite" will give you added impetus to print our message.

Celia Strow

Registration For Ice Hockey

Registration for the Town of Oyster Bay Recreational Ice Hockey program will be conducted on the first three Saturdays of October, according to Town Councilman Salvatore R. Mosca.

"Boys and girls between the ages of six and 18 can look forward to a winter of fun on ice by registering for the Town's Recreational Ice Hockey Program," Mosca stated. "Sign up will be conducted between 10 AM and noon at the skatehouse located at Marjorie R. Post

Community Park on October 2nd, Syosset-Woodbury Community Park on October 9th, and Bethpage Community park on October 16th."

The registration fee is \$50 per player, which includes membership in the Amateur Hockey Association of the United States (A.H.A.U.S.). Proof of age, which is as of December 1, 1982, is required. Registration is open only to Town residents.

"The Hockey program

will include clinics to provide youngsters with an opportunity to learn and play the game of ice hockey," Mosca commented. "Participants will be taught the basics of the game with an emphasis on sportsmanship and enjoyment of the sport."

Mosca noted that youngsters interested in competitive ice hockey may sign up for the Tobay Ice Hockey League on the above mentioned dates.

Town Holds Line On Ice Skating Fees

On Sept. 14 the Oyster Bay Town Board adopted a schedule of fees for ice skating that holds all prices at last year's level, according to Town Councilman John Venditto.

"Residents who enjoy ice skating will be able to use the Town's three ice rinks at the same price as last year," Venditto stated. "This includes a special reduced fee of 50¢ per session for senior citizens 62 and older instituted by the Town Board to encourage seniors to make full use of our ice rinks."

The general admission price at the rinks, which are located in the Bethpage, Marjorie R. Post and Syosset-Woodbury Community parks, will be \$1.50 per two-hour session for skaters 16 and older. The fee

for children up to age 15 will be \$1 per session. In addition, a special discount rate of 50¢ per one hour session will be in effect for both children and adults at the Bethpage rink on Tuesday, Wednesday and Thursday during the hours of 12 noon to 1 PM and 1 PM to 2 PM.

The rinks will also be available for rental to groups at \$75 per hour upon

written request to the Commissioner of Parks.

Venditto noted that discount books of ten tickets will be available for use by skaters age 15 and younger at a cost of \$7.50 per book. The tickets will be valid only during the 82-83 season and no refunds will be given for lost, stolen or unused tickets.

Joins NBNA

Kenneth Andreski has joined National Bank of North America as an assistant vice president, announces William T. Knowles, chief executive officer.

Mr. Andreski will be working in Commercial Banking with his office located at 116 Fifth Avenue. He was previously associated with Marine Midland Bank, Long Island Trust Company and

General Motors Acceptance Corporation.

Mr. Andreski has an associate's degree from Nassau Community College and has studied at American Institute of Banking.

Treasurer of the West Green Civil Association and a U.S. Army Veteran, he resides in Hicksville, with his wife, Donna, and their two children.

Galileo Lodge News

By Joe Lorenzo

VENERABLE SKIP MONTEFORTE'S MESSAGE: The best way to make your dreams come true is to wake up. Old Saying.

RECOGNITION - this is why some people work so hard! But this is not the case with Jo Ann Wallick, because she toiled diligently, unobtrusively and incessantly out of a sense of pride, loyalty and devotion to the Ladies Auxiliary are honoring Jo Ann Wallick, the President of the Ladies Auxiliary from 1979 to 1982, with a Testimonial Dinner and Dance. Tickets are available for the modest sum of \$17.50 per person, and in the offering will be a full-course dinner, beer, soda, coffee and cake, unlimited liquor, set-ups and the engaging music of the Yesterday, Today and Tomorrow music combo. Tickets and reservation are available from Chairlady Rosa Meszaros (931-0878), Marion Densiglio (ED4-6860) and Carmen Russo (931-1059). Cut-off date for tickets is September 21st and they must be paid in advance. All members of the Galileo Lodge, male and female, are urged to attend with friends and relatives. Let us all pay tribute to a woman who is certainly deserving of it.

Usually, to put things in proper perspective, we usually hear the time-worn adage that what you do for your Lodge is more important than what it can and will do for you. And we accept this truism because it is reasonable as well as logical in a sense. But occasionally the Galileo Lodge throws truisms and caution to the winds. This rather hasty conclusion becomes quite evident as I report that on Friday, the 17th of September, the Galileo Lodge

presents Member Appreciation Night, at which time the Galileo Lodge offers, food, refreshments, bar facilities, music and its congenial atmosphere where and when good conversation can be indulged in, friendships can be renewed and social amenities can be exchanged. All members are invited, as well as families, etc., and please try to bring along a prospective member who can also enjoy the gratuities available. A disc jockey will be on hand for your dancing and listening pleasure, and possibly the installation of new members. Please come and enjoy what the Galileo Lodge has to offer, because, as a way of thinking, if it enjoys you, then why can't you enjoy it. Venerable Skip Monteforte will be on hand to converse with any new prospective member about what the Galileo Lodge has to offer.

And now another thought, which is that laughter has its own medicinal values. It can be a panacea, a cure-all and a tonic to dispel what ails us. And the Ladies Auxiliary of the Galileo Lodge are already writing out a prescription for you, because on Friday, the 12th of November, they will present the laugh-riot of the year - the 'Foolies Follies'. Tickets will sell at \$10 per person, a real modest sum that entitles you to a roast beef dinner with all the trimmings, beer, soda, coffee and cake, set-ups, music from a leading disc jockey and the show itself. Jo Ann Wallick will direct this show and Rose Riccardi will assist her, and tickets will be available soon. Please note also

that on Tuesday nights, starting at 8:00 P.M., rehearsals will take place, so come all you members of the Galileo Lodge, male as well as female, and lend your talents to what has all the earmarks of a very funny revue. Contact Jo Ann and Rose at 681-0960 for additional details about this activity.

A Happy Birthday wish to Mary Ingino, wife of Jim Ingino of our Lodge. Congratulations and the date is September 17th... Another Happy Birthday wish to Nancy Bove, and the date was the 6th of September. Congratulations of course... Congratulations to Tony and Mary Moschera as they will celebrate 49 years of wedded bliss. Just beautiful, we say... Congratulations to Pat and Joe Domenichello as they were rewarded with their ninth grandchild, the parent of whom are Mr. and Mrs. Tony and Patricia Aloti. A beautiful thank you note to Kim Hecker, the 12-year old aquatic star and daughter of Charles and Francene Hecker of our Lodge, as she presented the Galileo Lodge with two of her Gold Medals which she won at a recent swimming meet. A beautiful gesture, we feel, and we believe that Kim Hecker has all the qualifications to make her a very gracious and charming young lady... Mr. and Mrs. James Posillico ecstatically report that they are celebrating 27 years of happy married life. Congratulations are in order, of course... The Lions organization will hold a Breakfast at the Galileo Lodge on November 28th. (Continued on Page 11)

Hicksville American Soccer Club

Cardinals-Boys 1971

The boys 1971, Cardinals, had a great season in spring '82.

They topped off a 1st place win on Memorial Day weekend with a win in the East Fishkill, N.Y. Tournament with a 1st place in Division I of the Long Island Junior Soccer League.

They began the fall '82 season off with the same superbly soccer. They played in the Huntington Boys Club Tournament over Labor Day weekend. They played against teams of Canada, Conn. and Long Island. They played a dynamic semi-final game which went into double over-time and a shoot out to eventually claim victory. The game took over two hours to complete and in less than 1 1/2 hours they

played the final. It was almost anti-climatic. The boys were very tired but somehow they found the strength to hang in there to win 1st place in the HBC Tournament.

The 1st league game of the '82 season saw the Cardinals defeat the Cow Harbor Tigers, 7-0.

The team members are: Jackie Fabrizio, Chris Fischetti, Robbie Franzese, Jeff Gluck, Stephen Gourlay, Brian Hoesten, Josh Landman, Mike Luango, Charlie Maione, Billy Mellis, Eric Rabasea, Jason Renick, Brian Sachs, Chris Shearer, Willie Sneddon. The coaches are Steve Gourlay and John Fabrizio. Well done all!

Hicksville Cannonball (1973 - Under 10)

By Pete Fujimoto

On Labor Day weekend, the Hicksville Cannonballs under coach Alex Shevchenko, traveled to Huntington to participate in the Sixth Annual Peter Renzulli Labor Day Invitational Soccer Tournament.

Twelve players, Larry Bag, Tommy Baron, Dan Fujimoto, Gino Iannucci, David Knuth, Danny McGoe, Brian McNamee, Thomas Niemann, Jason Pinsky, Alex Shevchenko, Brian Sierra, and Les Spence III, returned from last season and were joined by Gerrit Nijboer and Larry Wojtusiak as part of this Hicksville team.

In their first game, the Cannonballs dominated but were unable to score a goal against the Smithtown Vikings. The Hicksville defense

also played a very strong game resulting in a 0-0 tie.

In the second game, the boys met with the Stafford Saints from Virginia. The Saints scored first. The Cannonballs countered with a goal of their own. It was truly a team effort with Les Spence tipping it in for the score. Les was also involved with the following score by his crossing pass from his left wing. Brian McNamee made the goal resulting in a 2-1 halftime lead. During the second half, Larry Bag converted a penalty kick to provide the winning goal (3-2).

The third game was a must win situation for the Hicksville team. They had to win in order to move into the semi-finals. The Cannonballs peppered the Plainview team with an impressive 7

goals. Everyone of the goals were either made from the wings or the plays were set up from that area. It began with a beautiful kick into the goal by Alex Shevchenko from the right wing. The next goal was scored by Jason Pinsky after being passed in from the wing. Gino Iannucci was involved in the next two scores. He put one in from the left wing and followed a few minutes later with another pass from the wing that went into the net off a Plainview player. The Hicksville boys were clicking as a team, moving the ball across the field and providing the opportunities for Tommy Baron to complete two goals from the right wing. The seventh goal was scored by Gerrit Nijboer, who was played in his first Tournament with the Cannonballs.

In the semi-finals, the Hicksville boys met the Huntington team. Huntington jumped out to a 2-0 lead. The boys played hard and were able to score on a play from Gino Iannucci to Tommy Baron to Larry Bag, who put it into the net. Time ran out for the Hicksville team and they lost the semi-final game by a score of 2-1.

Although they were eliminated from the tournament, all the boys played super. The defense with David Knuth and Danny Fujimoto as goal-keepers, allowed only 4 goals in the five games.

HICKSVILLE TORNADO Coached by Steve Florio

This past Saturday the Tornados started the 1982 Fall season by travelling to Garden City to play the Indians.

With the addition of three new players Michael Donovan, Barry Mannion and Michael Pierson. The Tornados played aggressive style soccer and had several scoring opportunities.

Matthew Greenspan making his debut in goal denied the Indians several scoring opportunities by stopping their attackers on breakaways. The defense of Jason Kilmetis, Timmy Carroll, Larry Neuberger and Brian Whitman stopped the Garden City attack time after time.

Tornado players Todd

Zeif, Kevin O'Hea, Michael Kent, Junior Furlin, Brian Centrone and Erik Matz displayed some fine soccer skills although losing 1 to 0 to a good Garden City team.

Good Luck to Coach Steve Florio and the Tornados in the upcoming season.

SHAMROCKS TAKE 2nd HUNTINGTONTOURNEY

On Saturday September 4, the Hicksville Shamrocks 1974 boys U-9 team took on Island Trees in an early morning game. The forward play of Chris Doyle, Todd Meringoff, Ronny Ladimir and Matt Gotlin was too much for the opposition to handle as Hicksville rolled to a 5-0 win.

Later that afternoon the boys beat a fine Brentwood team 2-1. Hicksville managed both its goals in the first half but then had to turn around and defend against a tough team and a tough wind. The mid-field and fullback play of Teddy Knoop, Gregg Furst, Brian Pine, Scott Goldsmith, Frank McDermott was too consistent and free of mistakes. Brentwood managed one goal but that was it.

On Sunday Hicksville beat Huntington's B team 4-1 which set the stage for the afternoon match against Canada's Robbie Tournament Champions Guildwood.

All the boys played magnificently in making an early goal stand up for a 1-0 victory over the Canadians. Brian Harkins and Joe Flanagan patrolled the middle of the field and consistently spoiled the Guildwood attack. Eddy Jacobson made many fine saves and placed punt after punt

SHAMROCKS: First row, left to right: Coach J. Flanagan, S. Goldsmith, B. Harkins, B. McDermott, G. Furst, and R. Ladimir.

Second row: E. Jacobson, J. Flanagan, M. Gotlin, F. Pertusello, T. Knopp, C. Doyle, B. Pine and Coach P. Harkins.

clearly to the center circle both with and without the wind.

On Labor Day Hicksville played the final against Huntington. In the first half Hicksville fought back from a one goal disadvantage first half but missed some key opportunities to score.

In the second half Huntington, with some fine wing play, managed two goals and won by a final score of 3-1.

The Shamrocks wish to thank our new assistant coach Patrick Harkins who played many years for

Hicksville and will now be working on the fundamentals with our youngsters.

Congratulations to all the Hicksville teams that participated and represented our club in this prestigious tournament. In particular congratulations go to the 1967 boys team coached by Peter Collins, Jr., and Pete Lodise, Sr., for their success in gaining the finals. Also the 1971 boys team coached by Steve Gourlay who came from behind in the finals to beat Deer Park 3-2 and take the first place trophy back to Hicksville.

Doctor Opens Office

Waled H. Chowdhury, M.D. has opened his office for the practice of Internal Medicine at 222 Wantagh Avenue, Levittown, where he has assumed the practice of Dr. George Smiles upon his retirement.

A graduate of Dacca Medical College in Bangladesh, Doctor Chowdhury is a Board Certified Pediatrician and had a pediatric practice in North Carolina for four years before taking his Residency in Internal Medicine at Highland Hospital in Rochester. He has also completed a Fellowship in Genetics and Metabolic Diseases, and is a Fellow of the American

Academy of Pediatrics and an Associate Fellow in the American College of Physicians.

Doctor Chowdhury has moved to our community with his wife and son.

Merit Scholarship Semifinalists

Mr. Robert Weinberger, Principal of John F. Kennedy High School in Plainview, is pleased to announce that David Greenstein, Howard Romanow and Ronald Weisberg, 12th graders, have been selected as Semifinalists in the competition for National Merit Scholarships.

Steuben Society News

At the national convention of the Steuben Society held at the Colonie Hill in Hauppauge on Aug. 21. The Hon. Daniel Patrick Moynihan was the principal speaker—his address "War and Peace", lauding Gen. von Steuben's Revolutionary war efforts and emphasizing control of war weapons.

Among the convention's resolutions was one condemning actions taken by nations disturbing world peace.

Another national resolution was to approve action taken to bring about a balanced budget.

Hicksville Republican Club News

President's Message

By Hal Mayer

Shana Tova

May this New Year bring to the people of Israel and all peace loving people of the world, happiness, peace and a fulfillment of all dreams.

Shalom,

Raymond J. McGrath

Representative Raymond J. McGrath

Photo by Ed McGrath for Congress Committee

HAPPY AUTUMN! and Welcome to the Middle of the Campaign Season. Please remember that there is a primary on September 23, 1982. We urge all registered Republicans to come out and vote for our candidates Paul Curran for Governor, Muriel Siebert for U. S. Senator, Stuart Ains and Patricia Collins for Country court Judge, and George Decker for Family Court Judge. We especially urge those of you in the newly formed 13th Assembly District to support Ernest Bartol.

Those of you who attended our Annual Square Dance in August had the opportunity to meet some of these fine people, as well as enjoy a fun mid-summer social event. For those who missed the Square Dance, there is another excellent opportunity to meet the candidates and have fun besides at the annual Hicksville Republican Committeeman's Council Cocktail Party and Buffet. Mark your calendar now for Friday, October 22, 1982. Please join us that evening

from 9 p.m. to 1 a.m. at Antun's Old Country Manor. There will be unlimited food, music, dancing and liquor. In addition there will be a giant basket of cheer and other fantastic prizes raffled away. All this and a chance to meet and mingle with the candidates and local officials. The whole evening only costs \$25.00 per person (no increase from last year) so call your committeeman now to buy your tickets for October 22nd.

Our next club meeting is Friday, October 8, 1982 at 8:30 p.m. at the V.F.W. on

South Broadway. This will be our last meeting before the general election and I know you won't want to miss it.

We were honored at our September meeting to be addressed by our next New York State Attorney General Frances Selafrani. We look forward to having many of our fine candidates back with us at the October meeting.

So please remember those dates. Vote in the Primary September 23rd. Attend the Cocktail Party October 22nd and our regular meeting on October 8th.

DWI Laws Stiffen Penalties Says Parola

During the 1982 session the state Legislature continued to exercise its concern for the safety of state residents by passing laws requiring stiff penalties for drunk drivers, according to Assemblyman Fred Parola.

The Wantagh assemblyman reported to his constituency on the work undertaken to remove the intoxicated driver from state roads.

"Making the highways of the state safer to travel is a constant concern for the state government, especially your representatives in Albany," Parola observed.

"While there are many ways to do this such as improving the road system, increasing police patrols and making cars and trucks safer themselves," he continued, "the single most glaring need for improvement we face in this state is to decrease the incidence of death and injury caused by the drunk driver."

"Last year," Parola said, "with my support the state began a serious and sustained campaign to remove the drunk driver from the highway. All drivers in the state should be aware of these changes:

We raised the minimum fine for the first offense for driving while ability impaired (DWA) by five times its previous maximum, jumping from at the most \$50 to at the least \$250. A second offense carries a minimum \$350 fine; the third offense, a minimum \$500 fine which can be raised all the way to \$1,500.

Driving while intoxicated (DWI), a more serious offense, now carries a minimum \$350 fine. Before there was no minimum. Your license will be revoked for a minimum of 6 months, and you may go to jail. A second offense for DWI now carries a minimum \$500 fine.

"Twenty-five thousand people are killed or injured on the roads of this nation every year because of alcohol-related offenses, and mindful of this, the 1982 session of the state Legislature saw a continuation of proposals providing even stronger counter measures

to end the menace of drunken driving.

"One new law sets a mandatory jail sentence of between 7 and 180 days and a fine of between \$200 and \$500 for people who operate a motor vehicle while their license is suspended or revoked due to refusal to submit to a chemical test or following a DWI or DWAI conviction.

"We also raised the drinking age to 19, specifically because studies show there is a high rate of drinking-related highway deaths among teenagers 18 years old and younger.

"On a more positive note, I am pleased to report that the number of fatal crashes from January through April of this year dropped 25 percent under the state's STOP DWI program.

"The STOP DWI law, enacted last year, establishes stiffer penalties for drunk drivers and allows counties to create public awareness programs concerning drunk drivers. The fines collected for DWI and DWAI offenses are returned to the counties to support the costs of the program.

"There is now sufficient public support that the penalties for driving while intoxicated will in all likelihood become even harsher in the coming years. People will no longer tolerate the callous behavior of the drunk driver," Parola concluded.

"They want dangerous individuals off the road and I pledge to do my part to ensure that law-abiding citizens are protected from those who insist on driving while drunk."

Plans Bus Trip

The Long Island Deaf and Hard of Hearing Club sponsored by Diocesan Catholic Charities is planning a bus trip to Atlantic City, for its members only - on September 29! Reservations at \$14 each may be made by calling Nancy Skolnick at hearing phone 942-1400 or T.T.Y. phone for the deaf 942-1540.

A buffet lunch will be available at the Tropicana Hotel.

Research Overview Of PCP

Julio A. Martinez, director of the New York State Division of Substance Abuse Services, today released a two-year research overview of phencyclidine, also called PCP or "angel dust," which shows the drug adversely affects the reproductive system, impairs brain function, and is stored in the body for prolonged periods.

"Without a doubt, PCP is one of the most dangerous drugs available on the street today," Mr. Martinez said. "This drug's insidious effects often lead to fatal and bizarre accidents or suicide. Our researchers are continuing their studies on the action of phencyclidine in the body so we might better understand the drug's effects," he said.

Mr. Martinez noted that there has been a 10 percent increase in the number of PCP-related emergency room episodes reported in

the New York City area between 1980 and 1981. "This is a serious increase and, while not as serious as the levels of PCP use three years ago, is still a cause for concern. The increase may mean we're dealing with a new group of users unfamiliar with the drug's serious and unpredictable effects," he added.

The favored method of PCP use today is smoking it after sprinkling the drug on parsley or marijuana leaves. The drug is also swallowed, snorted or injected. PCP is often misrepresented on the street as THC, LSD, or mescaline.

According to Mr. Martinez, PCP causes a wide variety of reactions ranging from euphoria to acute hysteria and paranoia, depending on the dosage and the personality of the user; violent actions and reactions are not uncommon. In

addition, the drug may cause confusion, hallucinations, disorientation, and a tendency toward extremely unpredictable behavior. Because of PCP's anesthetic properties and behavioral toxicity, the drug's users may be involved in auto accidents, burnings, drownings or other trauma.

"PCP is especially dangerous for individuals predisposed to mental or emotional disorders, or for pregnant women, but this drug is so dangerous and unpredictable that everyone should avoid it at all costs," Mr. Martinez said.

Fork Lane Cubs Registration

Forklane Cub Scout Pack 378 will hold registration for all boys ages 8 thru 10 on Friday, September 24th, at 8:00 P.M. in the school building.

"We are looking forward to a fun filled year of trips, parties and adventure for the boys and their families. Any questions call our Cubmaster Charlie Butt at 796-9649," a spokesperson for this Pack explained.

Singing Boys

The Singing Boys of Long Island is in the process of recruiting members for its preparatory choir between the ages of 8 to 18. This choir is open to any musical boy from Long Island.

The Singing Boys of Long Island is a non-profit, non-denominational choir of boys whose ages range from 8 to 18. They have travelled extensively both abroad and at home. Each summer they travel to a foreign country. This past summer the choir spent three weeks in Spain and Morocco.

The Singing Boys of Long Island promote both a better understanding of fine music and the greater facility in the factors associated with sound musicianship and skill in music reading.

It strives to develop an appreciation and enjoyment of music by exposing the boys to all aspects and phases of music, as well as guide and counsel each boy through his musical growth.

The Singing Boys of Long Island maintain an example of musical excellence. It offers boys the opportunity for public performance, exposure to many periods and styles of music, as well as provides the opportunity

(Continued on Page 11)

Obituaries

BERTHA L. HEINZ
Bertha L. Heinz of Hicksville died on Sept. 11. She was the wife of the late Edward; mother of Susan Sjem and Charles Dittmar; sister of Anna Weeks and Christine Early. She is also survived by six grandchildren.

She reposed at the Vernon C. Wagner Funeral Home, Old Country Rd., Hicksville. Mass of the Christian Burial was at St. Ignatius R.C. Church and interment followed in St. Charles Cemetery.

FRED H. MARK
Fred H. Mark of Hicksville died on Sept. 6. He was

the husband of Alice G. (nee Gaiser); father of Frederick; grandfather of Debra and Michael. He is also survived by seven great-grandchildren.

Mr. Mark was a retired foreman, Paint Industrial Finishing Products, in Brooklyn. A volunteer at the Suffolk Development Center, he was the Town of Oyster Bay Senior Citizen Man of the Year-1980.

The Rev. Douglas MacDonald officiated at religious services at the Henry J. Stock Funeral Home, Newbridge Rd., Hicksville. Interment took place in Pinelawn Memorial Park.

SINGING BOYS

(Continued from Page 9) to be part of a choir that strives for national recognition.

Rehearsals will be held as follows: in Nassau County; Hicksville, Valley Stream, and Manhasset.

For further information please contact Mr. Gerald Barker, telephone number, 731-0238.

CHANGE IN BENEFIT

(Continued from Page 4) able to return to work.

Under the new law, Social Security disability benefits for a family are limited to 85 percent of the worker's pre disability average earnings (but no less than 100 percent of the basic benefit) or to 150 percent of the worker's basic benefit whichever is lower.

This new provision allows appropriate compensation for disabled workers and their families without encouraging an unjustifiable increase in the Social Security disability rolls.

For more information or free booklets on Social Security provisions telephone 576-9162.

GALIELO LODGE

(Continued from Page 6)

The Galileo Lodge was graciously offered to the Lions...Get well wishes to Joe Aglio and Lou Berardi-celli and Lou Boncampagni. The Lodge misses you all...Mr. and Mrs. Joe Morace will celebrate the 36th Wedding Anniversary on September 15th. Congratulations are also in order here.

ELECT A LEADER TO MAKE NEW YORK WORK AGAIN.

LEW LEHRMAN.

ON CRIME:

"In the seventies, crime exploded in New York. Violent crime rose 47% and property crimes increased 74%. In many of our suburban neighborhoods, robberies and burglaries increased by over 100%. As Governor, my first responsibility is to return order and safety to our streets and homes. I will sign a death penalty law, appoint tougher judges, introduce legislation to strengthen our laws to make it easier to deliver swift justice."

ON TAXES:

"New Yorkers are the most highly taxed people in the continental United States. Our property taxes are 63% above the national average. I propose a comprehensive plan to stimulate economic life in our suburbs. Over an eight-year period, I will lower our state income tax rates to make us competitive with neighboring states. I will introduce legislation to place a cap on property taxes by limiting the amount of money local governments can spend."

ON JOBS:

"In the seventies, New York lost hundreds of thousands of jobs to neighboring states. We must create a competitive business climate. We need lower tax rates, less crime, efficient mass transportation and good roads to encourage businesses to come back to New York. My goal for the 80s is to provide a real job for every New Yorker who wants to work."

ON LONG ISLAND:

"To improve the service on the Long Island Railroad, I will take full responsibility for running our trains. I propose to abolish the current MTA and make the Governor the chief operating officer of the MTA."

L.I.C.O. rates have tripled over the past decade. Their nuclear plant at Shoreham has not been proven safe. As Governor, I will appoint members of the Public Service Commission who will worry about the safety and pocketbooks of Long Island consumers and not the amounts of profit being made at L.I.C.O."

Your vote will show the big spending politicians, the public and the media that you care about the future of New York.

**Elect Lew Lehrman
Governor**

LEGIONNAIRE'S LOG By Artie Rutz

CHARLES WAGNER POST #421,

HICKSVILLE, N.Y.

"One Of the Grass Roots Of The American Legion"

Here's more on the alien amnesty situation that The American Legion has a deep interest in If the Senate has its way as many as 6-12 million illegal aliens will be granted amnesty if they can show proof of residence in this country before 1980.... In a stunning move, the Senate on August 12th defeated an amendment which would have stricken amnesty from the immigration reform bill by a vote of 17 to 82.... Now, after having defeated this amendment, the Senate adopted an Administration supported amendment offered by Senator Rasseley, which allows amnesty This bill s. 2222 would legalize all undocumented aliens residing in the country before January 1, 1982 The Senate's action is a disgusting disappointment for a variety of reasons, but perhaps the most notable is that an opportunity to drastically reduce the federal deficit has been lost In that regard, THE AMERICAN LEGION WAS THE FIRST ORGANIZATION to point out the MACROECONOMIC significance of amnesty.... Some word, that, macroeconomic, but true.... It has been estimated by the Congressional Budget Office that an increase in the national unemployment rate of just 1 percent COSTS the

federal government \$25-28 billion dollars in lost revenues and relief program expenditures.... This means that if roughly 2 million unemployed citizens, the savings to the federal government would range between \$50-56 billion.... Apart from taking the nation half way to balancing the budget next year, the size of the savings could be expected to very much relieve the pressure on interest rates and money markets This relief would be enough to construct 350,000 new houses per year, manufacture and purchase 1.5 million new automobiles and billions of dollars in new capital plant and equipment purchases This new economic activity would provide over 1 million new jobs in construction, auto manufacturing, steel, cement, furniture, logging, sawmills, production of machinery, farm equipment and appliances.... As this activity began to mushroom throughout the economy, tax revenues would be increased while social safety net programs expenditures, the federal deficit and interest rates would be further reduced In short, making jobs, held by illegals available to Americans could unstick and rejuvenate the nation's economic dynamo Clearly the economic reasons making amnesty a poor idea are potent, but the

public policy decisions implied by the Senate's action are also disappointing.... If amnesty is finally approved and enacted, NEW waves of illegals looking for subsequent amnesties can be expected.... those would-be legal immigrants having waited their turn can reason that they have wasted their time In effect the federal government will have rewarded millions having deliberately broken U.S. law by assuring them of citizenship, one of the most sacred gifts a nation can offer.... Further action on this amnesty matter will now have to be taken in the House but when that body will act is unclear at this time since the House version of the Immigration Control Act of 1982, H.R. 6514, has yet to be reported out of the House Judiciary Committee.... It is hoped that the House may indeed find the courage to strike legislation since every

Around Our Towns

Hubert Ofenloch of Las Vegas, Nevada, spent a few days in Hicksville last week. After attending the American Legion Convention in Chicago, he came "east" to visit with his brothers, Medard and Anselm and his sister, Ruth Schlosser. He also was able to spend some time with old friends and see "good old Hicksville" before returning home last Sunday.

On Sept. 10, Henrietta Aracil celebrated her 62 wedding anniversary and 33 years with Gilson Knitwear. On Sept. 11, she celebrated her 83 birthday and the ladies she works with took her out to dinner.

member is up for reelection.... Call Norman Lent and tell him how you feel about the alien amnesty situation.... Don't forget we have a meeting this Monday night, September 20th, see you there.
