Frank C. Chlumsky "Mr. Hicksville"

Frank C. Chlumsky, a resident of Hicksville since 1913, died on Oct. 12 in his 97th year. He was the husband of the late Caroline; father of Frances McKillop and Ruth McIntosh. He is also survived by four grandchildren, 8 great-grandchildren and one great-great-grandchild.

Frank Chlumsky, who was affectionately known to residents as Uncle Frank and Mr. Hicksville, resided for many years on Ernest Ave. in Hicksville. Born on Dec. 3, 1885, he was raised in the Yorkville section of New York City where his parents were cigar makers. Young Frank packed cigars and at work, he met his wife Caroline. They were married in 1907 and had two daughters, Frances McKillop of Roslyn and Ruth McIntosh, formerly of Hicksville, who now resides in California. Frank and Caroline were married 73 years until her death in 1980.

He had a very little formal education, but was self-taught and had a great command of the English language. He was a salesman for the J.E. Line Paper Co. in New York City.

Frank started to come to Hicksville in 1908 to visit his wife's sister, who lives in what is now Mid Island Plaza. In 1913, the family moved out to stay and Frank was one of the early commuters, taking the 6:30

a.m. train to the Long Island City Ferry and then an elevator train to Harlem. He remembers early Hicksville as being agricultural and many German immigrants were engaged in the craft of gold leaf beating. He also recalled that Hicksville was the home of the Heinz Pickle Works.

He led a life of outstanding achievements in public service. He was a member of the Hicksville Board of Education from 1919 to 1943, serving as President from 1932 until retiring from the Board in 1943. He was Councilman of the Town of Oyster Bay from 1943 to 1955 and served for over 30 years in the Kiwanis Club, holding all offices of the club and is a past Lt. Governor of Kiwanis International.

He was also active in the Salvation Army. He was Chairman of the Hicksville Unit. He enjoyed working in the Salvation Army because, through his effort, a share of the raised funds remained in Hicksville. One of his most cherished honors was the "Others" plaque, an award given by the Salvation Army to only an exceptional few, which symbolizes people concern for others.

During World War I and II, he helped servicemen. One of his wartime projects was to send something each month to every serviceman from the Hicksville area. Through community

For many years Mr. Chlumsky was the Installing Officer for many local

efforts, money was collected from the residents and packages were sent.

In addition to his service in the Kiwanis Club and Salvation Army, Mr. Chlumsky was a member of the Hicksville Fire Dept. for over 20 years and was active in the Hicksville Chamber of Commerce and in Boy Scouting. One of the many honors bestowed on him was the Good Neighbor Plaque of the Nassau County Newspaper Assoc.

Illness forced Mr. Chlumsky to leave Hicksville last May and he moved to his daughter's house in Roslyn. It became increasingly difficult for him to live alone because of loss of hearing and partial loss of vision. Until he left, he went to the Kiwanis Club meeting every Wednesday with

organizations when they held their Annual Installation Dinners.

Henry Brenzel Sr.

Mr. Chlumsky was a man who gave a lifetime to community service, spanning a period of over sixty years. He will sorely be missed.

He is reposing at the Vernon C. Wagner Funeral Home, corner of Old Country Rd. and Jerusalem Ave., Hicksville. Viewing at 8 p.m. at 1,000 tons by Manetto is each day. & AM. will be held at 8 p.m. The Rev. Douglas MacDonald will officiate at religious services tomorrow morning (Oct. 16), at 10 a.m. Interment will follow at Pinelawn Memorial Park.

Contributions to the Kiwanis Foundations of Hicksville or Salvation Army would be appreciated.

60th WEDDING ANNIVERSARY: Mr. and Mrs. Joseph Subek of Hicksville will celebrate their 60th wedding anniversary on Sunday, Oct. 17. Mr. and Mrs. Joseph Subek are the parents of

two daughters, Janet McCue (Mrs. James) of Jaxales, New Mexico and Mary Ann Thalman (Mrs. John) of Northport, N.Y. They have seven grandchildren and are Hicksville residents for 55 years.

The Federal EPA Agency, Region 11, informed the Hicksville Water District that it has issued an Administrative Order directing the cleanup of the MEK spill at 530 West John Street. The Water District is pleased to inform our local residents and consumers of this action that they sought both before and after it had become evident that recent samples taken from an observation well drilled at the site showed that some contamination was still in the ground.

The Commissioners, Gilbert E. Cusick, Stanford Weiss and Nicholas J. Brigandi, had ordered that monitoring of our own public supply wells in the surrounding area be continued even though at this time none of them show the presence of any contaminant. The Federal Agency said

four parties will be required to draw up a cleanup plan, which the EPA will review. The Agency will also oversee the cleanup operation. Those notified by the EPA have until next Thursday (10/14/82) to respond. This includes the owner of the truck, Mattiace Petrochemicals Co. of Glen Cove; the Interstate Cigar Co. of 530 West John Street, where the spill occurred; Peter Reilly of Hicksville who drove the truck; and Jerry Spiegel Associates of Hicksville, the firm that rented the property to Interstate Cigar Co.

Mr. Middleton, Regional Director of the New York State Department of Environmental Conservation, had indicated that the Federal Superfund will be necessary if cleanup costs will be significant in relation to the relatively limited

monies available in the State Superfund.

The Board of Commissioners is pleased to make known their satisfaction in being able to announce to the community this most important development after many months of effort to gain the support of Federal and State regulatory authorities. They acknowledge the assistance given our cause by the Nassau County Department of Health, the New York State Legislative Commission on Water Resource Needs of Long Island (Assemblywoman May Newburger and Ms. Sarah Meyland), State Senators Ralph J. Marino and John R. Dunne, Assemblymen Angelo F. Orazio and Frederick E. Parola, Jr.

The Board of Commissioners is dedicated to continue to maintain the highest

standards in providing quality drinking water for Hicksville and do feel encouraged by the substantial aid given us by other elected officials in the State Legislature.

SEPTA Meeting

Virginia McLaughlin, speech and language specialist with the Hicksville Public Schools, will address the October 19 meeting of SEPTA (Special Education, P.T.A.) scheduled for 8pm at the Junior High School faculty cafeteria.

KINGS PARK to service the veterans confined there. Attendance at this VERY MAJOR REHABILITATION EFFORT has been sad in recent years and I remember a commander who ignored it completely. I remember when 40 or 50 members and Auxiliary members made this visit each year and went from ward to ward delivering goodies to the unfortunate veterans. Never let it be forgotten that it was a member of our Auxiliary Unit that suggested these visits to hospitalized veterans. Our next meeting is OCTOBER 18th, which will be a social (short) meeting, come down and let's hear from you.

"World of Mushrooms" Now At Hicksville's Gregory Museum

A most unusual attraction at the Hicksville Gregory Museum this fall a display of ceramic mushrooms created with striking colors and realism by a pharmacist - artist.

Ed Bady's photograph captures some of the realism and system of the ceramic mushroom exhibit now at the Hicksville Gregory Museum.

Harry Melnitski. The beautifully sculpted and hand painted models of 200 fungi bring the phenomena of non-flowering plants to life at the popular Earth Science and natural history center on Heitz Place.

Mr. Melnitski's artistic and professional interests found a two-fold focus in the many species of mushroom: their beauty of color and form and their usefulness and danger to man.

As an artist and professional pharmacist, Melnitski, who is a resident of Hicksville his appreciation of fungi, the least understood of all plants in a portion of the captions for his display: "The mushroom

has long been a thing of mystery. It is a traditional feature of fairy tale, a centuries old prop of magic rites, and has even achieved the status of a god. Fungi, however, deserve a more substantial reputation. They are served as a delicacy in famous restaurants and form the basis of the most important antibiotic drugs. Without them we could not even enjoy our daily bread on our jug of wine or beer.

This most unusual exhibit will be a feature of the Hicksville Gregory Museum through the winter season, October through March. The museum is open every day but Monday, Tuesday-Friday 9:30-4:30 and Saturday and Sundays 1-5.

A Letter From Our Supervisor

Ms. Rhonda Uretzky-Miller
Marketing Director
MUSE, INC.
347 N. Charles Street
Baltimore, Md. 21201

Dear Ms. Uretzky-Miller:
I am writing to express my concern over a new home video game entitled "Firebug".

As Chairman of the Nassau County Fireman's Committee, I feel that visualizing arson as a form of entertainment to our youth who happen to be at their most impressionable age, is totally irresponsible.

Over 800 people perished in 1981 in arson or suspicious fires throughout the United States. Arson is a serious nationwide problem and to treat it as anything

other than a life threatening menace illustrates a total lack of good judgement.

While we are in the midst of our Fire Prevention week in which we reach out to citizens, especially our younger ones and teach them how to prevent fires, your company finds it profitable to market a game about setting them.

As an elected official who is deeply concerned with the safety of residents, I am therefore, calling on your company to remove the "Firebug" video game from the marketplace.

Very truly yours,

Art of Garden Design

What are the strategies behind artist's gardens and how are they created? "The Art of Garden Design", a unique symposium at Old Westbury Gardens, will provide the insights. The symposium consists of three consecutive weeks of conferences by an array of landscape architects and other professionals discussing how to achieve designs having lasting impact and beauty.

The lectures are on Wednesday evenings, November 3, 10, and 17, from 6:45 until 9:00 p.m. in the Red Ballroom of Westbury House. The series is of high caliber and available to the property owner or the landscape professional for the registration fee of \$30 (\$27, members).

In conjunction with the lecture series are three workshops designed for the industrious gardener or for persons interested in preparing a preliminary landscape plan before consulting a

professional. A pre-lecture workshop on Tuesday, October 27, 6:45 p.m., will familiarize participants with drafting materials. Following the lecture series, the workshops will reconvene on Tuesday, November 23 and 30, 6:45 p.m. to plan and design individuals' gardens. Workshop participants must be registered for the lecture series. There is a separate \$30 registration fee (\$27, members) per couple attending the workshop or per plan being designed.

Regular admission to the Gardens is \$3.00 for adults and \$1.00 for children (6-12). There is an additional charge of \$2.00 to Westbury House for adults and \$1.00 for children. Senior citizens are admitted to both House and Gardens for \$2.00. Old Westbury Gardens is listed on the National Register of Historic Places and is located on Old Westbury Road between Jericho Turnpike and the Long Island Expressway. For further information, call 333-0048.

Our Town's Community Development Program

By TOB Supervisor Joseph Colby

The Town of Oyster Bay Department of Intergovernmental Affairs (IGA) administers the Town's Community Development programs, which funnel federal dollars back into local communities funding a wide variety of projects and activities that benefit organizations and individuals throughout the Town.

This year's allocation will be in the amount of \$1,527,000 and is 11% more than last year's amount, due primarily to the excellent performance record of Oyster Bay Town in past years. The Town's residential

rehabilitation program provides assistance to homeowners who fall into three basic categories: senior citizens over 62; moderate income families in specified areas of the Town; and the physically handicapped. Low cost loans or grants are available to individuals or families who fall into these three categories for the purpose of making needed repairs or renovations to their homes or to provide greater access to and within the home for the physically handicapped.

In addition, the Town-developed program to provide access at public and

private non-profit facilities for the physically handicapped has already seen ramps, elevators and bathroom facilities installed, or in the construction stage at 10 of the Town's libraries, senior centers and major parks facilities. The projects will continue for the 1983 program year with monies available for private non-profit organizations—such as Veteran's and American Legion halls whose facilities are used by the public—to make their meeting rooms more accessible to the handicapped by building ramps for easier access.

Our Community Development program, which receives its funding through participation in the Nassau County Community Development Consortium, can only maintain its high record of performance if our residents continue to be involved.

If you think you or your organization may be eligible to receive Community Development assistance, please contact the Town's Department of Intergovernmental Affairs at 922-5800 extension 464, to see how we can help you.

TOBIDA Calls On State D.E.C. To Lead Environmental Review

With contract negotiations for an energy resource recovery plant being intensified in hope of achieving by the end of this year, the Town of Oyster Bay Industrial Development Agency has called on the State Department of Environmental Conservation to serve as lead agency in undertaking an environmental examination of the system.

Karl Leupold, TOBIDA Chairman, has forwarded a request to the State Regional DEC office in Stony Brook, asking it to accept the lead agency role in the environmental examination of the proposed plant. In asking the State to accept that leadership role, Leupold noted his belief that the State DEC best fits the description of the State

Environmental Quality Review Act which calls for the lead agency to be the one with "broadest governmental powers for investigation into the impacts of the proposed action; and (the one) which has the greatest capability for providing the most thorough environmental assessment of the proposed action."

Leupold also noted that if the State took lead agency status, it might assist in the "permit process" that would have to take place before construction could begin on the plant that will use the Town's refuse to produce electricity. "By having the lead role, and, thereby, greater knowledge of the environmental protectors built into this system, the DEC, which must approve

many permits required for such a plant, will be in a better position to pass judgement when the permits are requested," Leupold said.

Leupold indicated that by having the DEC in such a knowledgeable position, a great deal of duplication can be eliminated and the construction of the energy/resource recovery plant will be able to begin much sooner. "The sooner the plant is operating, the sooner the Town will be able to cut its dependence on landfilling," Leupold said.

Currently, intensified negotiations are underway between TOBIDA and Waste Management Inc., the company that would

build and operate the facility. "We are hoping to have reached substantial agreement on contract terms by the end of this year and we want to begin the environmental review process as soon as possible. It is, therefore, essential that we know whether the State DEC will accept the responsibility of lead agency so that the Draft Environmental Impact Statement, currently being developed, can be presented to the appropriate body," Leupold said.

The plant is expected to provide the Town with a proven environmentally sound method of disposing of the almost 1,000 tons of refuse collected each day.

Dear Friends . . .

There is always sorrow when a fine person dies, and goes to be with the Lord. Perhaps in this particular instance, it was a blessed release for Hicksville's own Frank Chlumsky, who passed on this week, in his 97th year. There is so much that he did through these years to help others . . . so much to serve his community and his world . . . we can only say, he will be missed, but never forgotten. See obituary on page one, Hicksville.

ARE YOU REGISTERED TO VOTE??? If not you may do so in person at the regular polling places on Saturday, Oct. 16 from noon to 9 pm. This is your last chance . . . so, please don't miss it.

We met with Mr. Albert F. Dombrowski, manager of Hicksville Sears, and TOB Councilman Tom Clark. We were shown the newly-installed electric equipment which makes the operation of the large tractor trailers in switching large crates of merchandise to smaller trucks for delivery in the back parking lot of Sears, much quieter than before. Also, it is restricted timewise and is concluded before eleven o'clock at night. However, the neighbors tell us that they are still greatly concerned about the fumes resulting from this procedure so close to their homes. Also, the lawyers both from Sears and from the Town are looking into the zoning requirements for a freight depot. In the meantime Mr. Dombrowski plans to visit with the neighbors. "We want to make future plans taking all their suggestions into consideration," he told us. Therefore, at the present time, this matter, while going forward, is not settled. We will keep you informed as to exactly how this situation is handled. It is our hope that, whatever the eventual solution, it will be pleasing to the immediate neighbors, and profitable for Sears, as they have been a good neighbor in this area for many years. So have the residents.

ANOTHER PROBLEM STILL UNRESOLVED

We reprint a Letter To The Editor by TOB Councilman Thomas Clark dated Oct. 30, 1981:

Dear Resident:

To keep you up-to-date in the matter of the Town of Oyster Bay's legal actions to stop Mr. Vincent Agostino from operating a cement hopper on the property at 21 Railroad Lane, Hicksville, I am pleased to inform you that the Town has been successful in obtaining a court-ordered stay which prevents this firm from using the hopper, until the court makes a determination as to the legality of the entire operation.

This action on the part of the Town was undertaken within days after Alexander Panoff, Chief Zoning Inspector of the Town of Oyster Bay, discovered that the hopper had been erected at the site between September 17 and September 30 of this year, without any of the necessary building permits, C.O.'s, etc.

Presently, the Town will await the decision of Justice Meade about the legality of the entire operation.

Very truly yours,
THOMAS L. CLARK,
TOB Councilman

We reprint a "Dear Friends" column dated April 30, 1982:

It Seems we are All "At The Mercy of the Courts" . . . For two years now, the Town of Oyster Bay has been in the Courts attempting to prevent Mr. Vincent Agostino from operating his illegal cement hopper. This hopper, which causes excessive noises during the six-day week, is now operating in violation of the Town of Oyster Bay zoning variances and building permits which Mr. Agostino has never been granted because the property on which it is illegally built has been zoned for industrial to office-business use by the Town since 1971.

When Mr. Agostino, who purchased this property on Railroad Avenue in Hicksville, in 1978, applied for the

Letters To The Editor

Dear Residents:

After reading the advertisement in last week's edition I can understand why the Hicksville Council of Principals, Assistant Principals, etc. was left hanging by the School Board. The Council's leadership shoots from the hip and had no idea what they were talking about with respect to the recharge basin at Beech Lane and Levittown Parkway on Town property.

No one was ignored. I personally met with concerned men and women at the intersection of Beech Lane and Levittown Parkway in late August. I arranged to have our Commissioner of Public Works and Chief Engineer attend a community meeting scheduled by one of the residents. The concerns of the

people were real; and those changes, which can be made, have been made or will be made. Without embarrassing any of the residents who spoke out, I mailed copies of the legal notices explaining the drainage contract to those who inquired. Additionally, Supervisor Colby contacted Engineering and Public Works with regard to the concerns expressed by residents at Town Hall.

The advertisement speaks of "arrogance of Power" and toying with people; it sounds like the Council speaks from experience:

- 1) They view themselves as well educated, giving them the "right" to talk down to people
- 2) They have job tenure so they perform at bare minimum with a "you can't touch me" attitude to toy

with both students and parents

3) They are union protected and can complain of having to work 180 days per year.

I recall working with some of the decent, hard working principals, assistant principals, supervisors and department chairpersons and I am shocked that their good names and reputations could be tied to this advertising garbage.

The Hicksville Public School Administrators need new leadership in order that members can advertise and bargain as the PROFESSIONALS that they are.

Sincerely,
Thomas L. Clark,
Councilman

To The Editor:
I have been following

your article on "Gold Beating." I may have a little more information for you.

In your article of Oct. 8 you had many names I remember as a child. You named "Christopher Timothy" and a few doors away a "Mr. Manz."

Mr. Manz was my uncle. Lou Manz and my Aunt Minnie, his wife, did Gold Cutting. I am his niece, Christine (Tene) Roberts of Hicksville.

I am now 84 years old and live with my daughter, Mrs. Virginia (Ginny) McGrath, on East John St.

I can still see my uncle and aunt at work. It was very interesting.

I think the exhibit will interest a great many people.

Sincerely,
Mrs. C. Roberts.

Hicksville Republican Club News

By Harriet A. Maher

Senator Ralph J. Marino, who is Chairman of the Senate Standing and Select Crime Committees, and a member of the Senate Task Force on Drunk Driving, was a dynamic and knowledgeable speaker at the Hicksville Republican Club meeting on October 8. Senator Marino, who is campaigning for reelection to the New York State Senate

7.2% of all alcohol-related crashes and 8.8% of all alcohol-related accidents resulting in fatalities. The new law raising the drinking age in New York State from 18 to 19 may also augment the favorable results achieved so far under STOP-DWI.

The Legislature passed two other bills Senator sponsored to stiffen penalties imposed on repeat offenders against drunk driving laws. Both have now been signed into law.

The first of these new laws sets a mandatory jail sentence of between seven and 180 days and a fine of between \$200 and \$500 for those who drive with a license suspended or

necessary town building permit and variances in 1980, his petition was rejected by the Town Board because of the 1971 zoning changes.

Although warned not to go ahead and build and operate the hopper illegally by town officials, Mr. Agostino went ahead and built it anyway in flagrant violation of Town laws. His lawyer in court says that his client was legally carrying on an industrial use of the property that applied prior to the 1971 rezoning changes in this area, even though he did not purchase this property until 1978.

The court is scheduled to hear this case starting next week. But, in the meantime State Supreme Court Justice Robert Meade allowed this hopper to operate until the case is settled.

Apparently flagrantly violating zoning regulations . . . which have existed for several years before one purchases property, is OK! One would think that, in deference to those whose homes and business are adversely affected by this violation . . . it should not operate until the courts have decided on the matter. It boggles the mind, when on every side we are urged to obey the law or change it.

SHEILA NOETH

Mr. N. J. Buck of Hicksville writes today as follows: "Both Sheila Noeth and Thomas Clark should be commended for publicizing this outrageous cynical contempt for local authority. This hopper is located 128 feet from my house where my wife and I have been living for over 43 years. The noise, dust and devaluation of our properties are of great concern to our neighbors, as well as our selves. This hopper has been in full operation since March 22, 1982 and is still in operation at this date (Oct. 9, 1982). This will set a precedent that will make it easy for others to follow. It is incredible . . . to say the least. (signed) N. J. Buck.

THAT'S ALL for this week. Stay well and remember the old saying, "all sunshine makes a desert."

Administrators Picket School Board Meeting

By Rosemary Grant

Approximately 35 Principals and Administrators picketed in the rain outside the building where the Hicksville Board of Education met on October 13 because they do not have a contract. They appeared before the Board, asking why they have not received the same consideration as the teachers. Many individual community members also spoke on behalf of the administrators, urging the Board to reach an agreement.

Former Board Member Virginia Germer asked the Board if residents will be involved in the search for a Superintendent to replace Dr. Hawkins, who is leaving at the end of this school year. President Charlene Anci said she assumed they probably would. Ms. Germer also questioned when a replacement would be found for Mr. Keough, who left the district last month and was in charge of Security. His replacement is still under discussion.

Neil McCormick again asked the Board to petition the Town Board for a traffic light on Beech Lane and Levittown Parkway.

The Board approved action on previously submitted policies. However, before passing of a policy on Administrative Organization Mr. Ayres, Mr. Arena and Mr. Bennett voiced their disapproval, citing among other things the new Superintendent will want to organize the district.

The Board approved the job description for Administrative Assistant - Educational Services. It also approved acceptance of \$9600 from the Levittown School District for remedial

reading instruction in the nonpublic schools.

The Board took action on the recommendations of the Committee on the Handicapped pertaining to the placement of students, approved the payment of claims and warrants and awarded bids. Also approved were items relating to personnel.

The Board adjourned to Executive Session to discuss staffing and negotiations. They voted to establish a 6/10 position, adding a staff member to the Physical Ed. Department in the High School to relieve some overcrowding.

Several Board members had attended the Budget Committee meeting and suggested to Ms. Anci that the Board met to determine what the Board's guidelines are for the 1982-83 budget. William Bennett suggested "We should set the philosophy and tone with what we expect. The way to do this is to get in discussions from the beginning."

John Ayres volunteered to become Chairman of the Educational Goals and Objectives Committee. A meeting will be held on Wednesday, October 20 at 8 p.m. in the Board Room of the Administration Building.

Plans are being formulated to celebrate the 20th anniversary of Willets Ave. School with a gala festival on January 22. Anyone interested in attending, please contact Ms. Herzlinger 733-2065.

The next regular meeting of the Board of Education will be on October 27, 1982 at 8:15 p.m. in the Conference Room of the Administration Bldg.

Our Highways And Bridges Must Be Repaired: Parola

According to Assemblyman Fred Parola (R-C Wantagh), recent statements concerning the poor condition of many of our roads by the state Commissioner of Transportation only reinforced what motorists already know - our infrastructure is decaying and if some of our highways and bridges are to remain usable, steps must be taken immediately.

The assemblyman stated, "Primary cause of this decay is the massive and consistent underinvestment in our infrastructure, the roads, bridges and other permanent installations essential to government. Every year since 1974, the last year of a Republican administration, New York State's capital construction expenditures have failed by large margins to keep pace with inflation. Comparing inflation-adjusted 1974 dollars to actual expenditures, the infrastructure has suffered a whopping \$1.5 billion cumulative shortfall.

"As a percentage of the total state budget, capital

spending has fallen off from 4.9 percent in 1974 to a mere 3.3 percent average since that date. The results of this underinvestment can be seen in the 13 percent of our roads which have inadequate surfaces and the 21 percent of our roads which have poor bases.

"While virtually everyone agrees the deterioration must be stopped, the financing of the needed improvements, however, is another matter.

"I am an advocate of proposals advanced by Assembly Republicans to resolve this crisis in our highways and roads. The means of financing these recommended courses of action do not include tax or fee increases to effect rehabilitation as the DOT commissioner and others have suggested. I am urging that the state approach the infrastructure crisis through long-term planning and improved management.

"Specifically, I insist that a comprehensive inventory of the state's infrastructure

Singles Schedule Oct. 18/25 Meetings

Improving communication between parents and children concerning sexual matters will be the topic for discussion at the Monday, October 18, meeting of the Hicksville Single Parent Group. It was announced this week by Oyster Bay Town Councilman Thomas

L. Clark.

The meeting will feature a guest speaker from Planned Parenthood of Nassau County who will focus on the role parents play as sex educators. Books and pamphlets will be available to aid parents in this area.

On Monday, October 25,

there will be a discussion on "Enjoying the Single Life Style." Positive aspects of being a single parent will be explored.

Both meetings will be held at the Hicksville High School, Division Avenue, beginning at 7:30 P.M. They are open to separated, divorced and widowed parents.

The Single Parent Project operates under the auspices of the Town's Drug and Alcohol Control (DACA) Division of the Department of Community Services. For information, call 798-8656.

NOAH: A MAN WITH A BIG FLOOD ON HIS HANDS

Several weeks ago there was a story of an enterprising Long Islander who had just finished building a large sailboat in his backyard. If my memory is correct, it was about 60 feet long. He plans to use it commercially to carry cargo between Long Island and Connecticut. His large boat created quite a stir in his community and even made the news.

Noah's boat was seven times bigger. Its length was 1-1/2 football fields. Although nothing is mentioned in scripture, it must have created some conversation among the neighbors.

Several years ago the comedian, Bill Cosby, did a humorous piece on Noah that pointed to the possible ridicule Noah received when building the ark and his problems with the record. Listen to it again. We can imagine that it took Noah years to finish the task. He was an old man when he began; nearly 600 years old, the Bible says. I'm sure he had his difficulties. At one point, on the record, Noah is pushing two hippopotami up the ramp of the ark, and the Lord stops him, and tells Noah that he made a mistake. Instead of a male and a female, he had two males. Having had it with the project, Noah tells the Lord, if he's so smart to change one of them. Then in frustration Noah asks the Lord if he has seen the bottom of the ark. "Who is going to clean out that mess?" he screams.

Now back to the biblical account. Our test states, Noah walked with God. He was a righteous man in a world that was so corrupt that God was sorry that he created it. If it weren't for Noah's willingness to walk with God, we might not be here today.

One day, God comes to

Noah and says, "Build an ark," and old Noah simply obeys. Noah's eyes were not unlike his neighbors in that looking at the skies, everything seemed to be normal with the expectation of beautiful weather. Yet, in faith, Noah perceived what others were blind to, for Noah alone was willing to walk with God. Noah did all that God commanded him; he put his trust solely in the Lord, He was obedient. For forty days and forty nights it rained. The ark saved Noah and his family, true. Yet, it is equally true that Noah was saved by his faith in God, a faith that listened to the Lord's commands, a faith that obeyed. Yes, by faith, Noah was saved by God.

"If the Lord is God, follow him." This text was used to introduce a series of sermons on heroes of the faith. It is so similar to our text for today. Certainly Noah followed God, he even walked alongside him. It takes courage to build an ark when there is no sign of rain. Noah heard the Lord speak

to him because he was listening for his message. Having heard the Lord's command, he then did not question God, but simply obeyed him.

Heroes of the faith walk with the Lord through reading the Scriptures and daily conversations with the Almighty through prayer. Heroes of the faith listen for the inner promptings of the Holy Spirit to guide their ministry and do not say no to God when a full understanding of his purpose is not clearly evident. Heroes of the faith stick with it until their task, however large, is completed. They seek from God his divine specifications for his church and are willing to expand the ministry even in the face of criticism.

Me a hero? This is our question. The answer depends upon how we answer three other questions: Is the Lord God? Is he Almighty? Will you follow him? "Noah walked with God." He followed him, he was a hero of the faith. What about us?

At the October 6 meeting of the Hicksville Kiwanis Club, Dr. Keith J. Pastuch of Island Chiropractic in Hicksville, was recognized for achieving his first year of perfect attendance at meetings.

In his relatively short time as a member of Hicksville Kiwanis, Dr. Pastuch has been very active in all phases of Kiwanis, including recruiting, fund raising, and serving on the Board of Directors.

In the photo, Lt. Gov of the L.I. North Division, Mr. James Dunne, is attaching the one year tab to Dr. Pastuch's Kiwanis pin as John Budnick, President of the Hicksville Kiwanis Club looks on.

Second Precinct Police Report

By Police Officer John Lazarus

A 25 year old man is in stable condition at a Plainview hospital following a stabbing which occurred outside a local bar Oct. 7.

The incident occurred at about 3:50 AM in front of Lloyd's Bar at 518 Old Country Road, Plainview when Andrew Podesta, 25, of Old Bethpage was involved in an argument with an unidentified man. Shortly after the argument, Podesta was stabbed three times, once in the chest and again in the abdomen and groin. Podesta was taken to Central General Hospital in Plainview and admitted. He

is presently in stable condition.

A 27 year old machanic, Charles Maynard, of 83 Bruce Avenue, Hicksville, was arrested at the Second Precinct in Woodbury early today and charged with the stabbing of Podesta.

Maynard was arraigned on an assault first degree charge in First District Court, Mineola.

A 56 year old Hicksville man was killed at 11:10 p.m. on Oct. 8 when his auto struck a utility pole.

James Caracci, 56, of 61 Ketcham Rd., Hicksville,

was eastbound on E. Marie St., Hicksville in his 1982 Buick. At about 200' east of the intersection of Broadway, his auto left the roadway and struck a utility he was pronounced dead at 11:50 p.m. by staff Dr. Posner.

The D and Y Sunoco Gas Station, located at 118 Newbridge Rd., Hicksville, was robbed Oct. 8 at 8:45 p.m. by a lone gunman.

The attendant, Dwayne Schwarz, 21, was in the office when confronted by a male white, 25 years, 150 lbs., black hair and mustache. The subject was armed with what appeared to be a sawed off rifle.

The subject demanded and got money, \$50.00, from Schwarz, he also took the keys to Schwarz 1973 Mercury Capri, color brown. The subject then left the scene, driving Mr. Schwarz auto.

The Second Sqd. is investigating, led by Det. Sal Marino.

On Oct. 4, the Hicksville Florist, Mid Island Plaza, Hicksville, was burglarized.

Entry was gained by breaking the front door. \$30 currency was reported stolen. Det. Pat Marinuzzi is investigating.

On Oct. 9, the Jamaica Ave. School, Plainview, was burglarized. Entry was gained through a pried rear window. Four classrooms were ransacked. Det. Sal Marino is investigating.

On Oct. 10, the West John St. Deli, Hicksville was burglarized. \$4000 cash and \$300 cigarettes were reported stolen. Det. Ed Harsch is investigating.

On Oct. 11, TJ's Pub, Woodbury Rd., Hicksville was burglarized. Entry was gained through a broken rear window. Coins from the jukebox were reported stolen. Det. Ron Mueller is investigating.

On Oct. 11, the Calvechichio residence on Westminster Rd., Plainview, was burglarized. Entry was gained by breaking a rear door. The loss is unknown. Det. Al Van Nostrand is investigating.

Hicksville Residents Honored

Hicksville residents honored by Nassau Hospital in Mineola for five years of dedicated service were Joseph Bartlewitz of the Engineering Department; Patricia Henderson and Frances Reed of the Nursing Department; and Cosmo Petrucci of the Pharmacy.

The Employee Service Awards dinner was held at the Salisbury Restaurant in Eisenhower Park. Each employee was presented with a service award pin by

S. Stephen Bonadonna, Chief Executive Officer.

Oct. Beer Fest

The John Peter Zenger Unit 212-Steuben Society will hold an October Beer Fest on Oct. 16, from 9 p.m. to 1 a.m. The cost is \$12.50 per person, including unlimited liquor and will be held at the Marco Polo Lodge, 2214 North Jerusalem Ave., Levittown.

Make Every Child Special

In his first message to the public and to all Kiwanians since being elected the Governor of the New York District of Kiwanis International for 1982-83, Edward M. McGowan has stated: "Make Every Child Special" is the new world-wide theme of Kiwanis International. McGowan also said, "Special Olympics for the handicapped, computers for the learning disabled, under

privileged children, abused children, hungry children will receive Kiwanis' all out effort in pioneering special programs for the above."

"Every club in the State of New York will be asked to prepare a project for their individual locality. Keeping the theme of our thrust - 'Make Every Child Special' " McGowan concluded.

Hicksville Girl's Swim Against Jericho

The Hicksville High School Swim Team met against Jericho began with the exciting medley relay swim of Lorna Mund, Andrea Pitta, Jemine Mund and Gina Cusamano who broke the standing team record for that event. However, because of small team turnout the team was defeated by their neighboring competitors.

Special swimming was performed by those who were present. Seventh grade swimmers, Cindy Cerny, Allison Berger, and Laureanne Hoffmann swam long distance events for the first

time to score points for the team. Gina Cusamano placed first in the 500 free and third in the 200 IM; Andrea Pitta was second in the 100 breast; Jemine Mund placed first in the 200 free and second in the 100 back; Lorna Mund was second in the 100 fly and won the 50 free with a time that broke her previous record; and divers, Patti Hoerman, Camille Calame and Shannon performed beautifully.

Meets against Plainview and Long Beach, and Monroe and Middletown are scheduled this week.

anyone wishing to see them. In 1970 the original school building was demolished. For years it had been used as a Confraternity building with classes in Religion held there each week. The cornerstone contains a handwritten letter by Fr. Lawrence Fuchs, coins and several newspapers, including some written in German.

With the declining registration, fewer classrooms were needed in the building built in 1922. To help defray the rising cost of tuition, Bingo was started in 1975. Again the Mother's Auxiliary and eighth grade students responded to the call for volunteers.

"Also, it is paramount that the multiple state offices now responsible for various capital construction activities be consolidated.

"Four options for financing the improvements are put forth in the proposed Republican program and are as follows:

- a specific share of the General Fund, five percent for instance, should be consistently allocated for capital construction;

- bonding should be used where appropriate and cost effective, particularly for long-term projects;

- user fees could be dedicated to rehabilitation costs; and

- public facilities, particularly recreational, could be leased or turned over to vendors under the condition

"A recent Federal Highway Administration report showed that only two other states have a greater number of deficient bridges than New York, a status which further illustrates the extent of the problem. Assembly Republicans have presented methods for stopping further road and bridge decay, methods which are sensible and fair to the taxpayer," the assemblyman concluded. "I want to assure my constituents that I will work diligently to see that the program is implemented."

Around Our Towns

We missed report on Charles Montana, Jr.'s September 12 birthday. However, we learned he was treated to a delicious leg of lamb dinner (his favorite meal) prepared by Jaime (his favorite sister-in-law). Charles wife, Patti, and their children Chuckie (11), Michael (9) and Patti Ann (15 months) helped make this a special day for Charles. Joining in the festivities were his parents, Mr. and Mrs. Charles Montana, Sr. Best wishes, Charlie, for many more happy birthdays.

The Most Famous Bakes in the World

The Buchmans, Bill and Margaret, spent a delightful three weeks in Germany this past summer. They travelled through Bavaria and Germany and visited many of their relatives. Although their trip was superb, there's no place like home... especially when they picked up their daughter, Carol, who arrived in New York from San Diego, CA, two hours after the Buchmans' came home.

Happy anniversary to long-time HICKSVILLE, Margaret and

Frank Clancy who celebrated their 37th wedding anniversary on September 13. Congratulations and best wishes from your family, friends and neighbors, folks.

And a very happy anniversary to a former resident of HICKSVILLE, Maureen (nee Burch) and her husband Bill Sapientz. The Sapientzes celebrated their second wedding anniversary on September 27. Congratulations to you both on this happy occasion.

Our best wishes to Tom Reilly of HICKSVILLE. Tom's birthday was September 12. Happy birthday, Tom, from your wife, Rita, and the rest of your family.

Another HICKSVILLE who celebrated his birthday in September is Matthew Donovan. Matthew's birthday was September 14 and his wife, Sylvia (nee Cipriani), helped make this a truly special day for her husband.

Bronx Zoo Visit

By Felice Rivers,
HJHS Nat'l. Jr.
Honor Society

On October 6, the Verisage Chapter of the National Junior Honor Society, visited the Bronx Zoo. It was an ideal field trip. While being educational it was also a lot of fun. In the exhibit, "The World of Darkness," we observed bats, owls, and other creatures that go bump in the night. Some of us even rode the elephants, a new experience for us suburbanians. We also saw the usual animals in areas that resembled their natural habitats. It was like a trip to Africa, Asia, and South America all in one. When we went to the "Ape House Exhibit," some of the tourists weren't sure which group of apes to observe, the ones in the cages or us.

celebrated their 33rd wedding anniversary on October 8. The Vevantes have four sons and a beautiful granddaughter. Congratulations to you both. Was your recent vacation to New Orleans a second honeymoon, folks? You were glowing upon your return from this trip.

Epstein-Borman

Lynn Epstein, daughter of Jules and Eugenia Epstein, of 1 Sylvia Rd., Plainview, became the bride of John J. Borman, son of John and Dorothy Borman of Salem Rd., Hicksville, at a ceremony held on Oct. 10 at 12:30 p.m. at the Huntington Town House. Father McCormic and Rabbi Schwartz officiated at the ceremony.

The bride wore an ivory gown and carried a bouquet of lilies, stephanotis, white carnations and roses.

Rosemary Vasta, was the maid of honor. Bridesmaids included, Eva Caputo, Gwenn, Pasco, Elena Marchak, Pam Karpik and Gina Spampinato.

Steve Semperebne was the best man and the ushers were Mike Epstein, Dan Epstein, and Robert Epstein, brothers of the bride, and Joe Grams and Dan Wafer.

A reception for family and friends followed at the Huntington Town House.

The bride is a graduate of Adelphi University and is employed as a business representative.

The groom attended the State University and is employed as a sales manager.

Following a honeymoon to St. Thomas, the couple will make their home in Glen Cove.

Eighth Precinct Police Report

By Police Officer Kenneth Box

ASSAULT FIRST DEGREE ARREST

A 25 year old man is in stable condition at a Plainview hospital following a stabbing which occurred outside a local bar on Oct. 7.

The incident occurred at about 3:50 AM in front of Lloyd's Bar at 518 Old Country Road, Plainview when Andrew Podesta, 25, of Old Bethpage was involved in an argument with an unidentified man. Shortly after the argument, Podesta was stabbed three times, once in the chest and again in the abdomen and groin. Podesta was taken to Central General Hospital in Plainview and admitted. He is presently listed in stable condition.

A 27 year old mechanic, Charles Maynard, of 83 Bruce Avenue, Hicksville, was arrested at the Second Precinct in Woodbury Oct. 8 and charged with the stabbing of Podesta.

Maynard was arraigned on an assault first degree charge in first District Court, Mineola.

Curry Capri, color brown. The subject then left the scene, driving Mr. Schwarz' auto.

The Second Sqd. is investigating.

FATAL AUTO ACCIDENT

A 56 year old Hicksville man was killed at 11:10 p.m. on Oct. 8, when his auto struck a utility pole.

James Caracci, 56, of 61 Ketcham Rd., Hicksville, was eastbound on E. Marie St., Hicksville in his 1982 Buick. At about 200' east of the intersection of Broadway, his auto left the roadway and struck a utility pole. He was transported to Central General Hospital, Plainview, where he was pronounced dead at 11:50 p.m. by staff Dr. Posner.

On Oct. 4, a residence on Autumn Lane, Hicksville, was burglarized. Entry was gained through an unlocked rear window. \$1045 cash, a N.Y.U. ring, gold watch and other assorted jewelry was reported stolen.

On Oct. 5, a residence on Blueberry Lane, Hicksville, was burglarized. Entry was gained through an unlocked side window. A Nikon 35mm camera and Kodak instamatic were reported stolen.

On Oct. 5, a residence on Valley Lane, Hicksville was burglarized. Entry was gained through an unlocked rear window. Masonic cuff links and pine, white gold earrings, a gold bracelet and gold ring were reported stolen.

ARMED ROBBERY

The D and Y Sunoco Gas Station, located at 118 Newbridge Rd., Hicksville, was robbed Oct. 8 at 8:45 p.m. by a lone gunman.

The attendant, Dwayne Schwarz, 21, was in the office when confronted by a male white, 25 years, 150 lbs., black hair and mustache. The subject was armed with what appeared to be a sawed off rifle.

The subject demanded and got money, \$50.00, from Schwarz. He also took the keys to Schwarz' 1973 Mer-

Chamber Of Commerce Meeting

The next luncheon meeting of the Hicksville Chamber of Commerce will be held on Tues., Oct. 19 in the Quaker Room of the Milleridge Inn at 12:30 p.m. The cost is \$6.75 per person and there is a choice of Pot Roast, Capon, or Filet of Sole.

On the agenda will be financial reports, new members, and committee reports.

Guest speakers will be Mrs. Andrea Weisberg and Mr. Michael Sheridan, teachers of Special Education/Work Experience, Hicksville High School. They will discuss "The Prep

Program: Work: Let It Work For You."

To Speak On Coal/Wood

On Thursday, October 21, a representative from House of Stoves in Bellmore, will be at the Hicksville Public Library at 8:00 PM in the Community Room to speak about wood and coal burning stoves. This will include installation, choice of stove, savings in fuel costs, care and maintenance of stoves and chimneys, etc. He will also answer any questions from stoveowners with problems.

If you already own a coal or wood burning stove, or are planning to buy one, this talk should be very helpful.

Hicksville Rotarians were treated to an extraordinary series of color slides on the eruption of Mount Saint Helens. The interesting program was presented by Mr. Thomas S. Daunt, Curator of the Hicksville Gregory Museum at the club's weekly luncheon meeting at the Milleridge Inn. Mr. Daunt (r) is shown being presented with a certificate of appreciation from rotary club president Arthur Pettrino. (Photo by Joe DePaola)

6. The term for which the Partnership is to exist shall commence on the date of this Certificate and shall continue until October 31, 2022, unless sooner terminated as provided in Section 11.1 of the Limited Partnership Agreement.

7. No additional contributions are to be made by the Initial Limited Partner.

8. On the Admission Date, as that term is defined in Section 2.2 of the Limited Partnership Agreement, the Initial Limited Partner will withdraw from the Partnership and the Partnership shall return his Capital Contribution.

9. No partner, other than the Initial Limited Partner, shall have the right to demand or receive the return of his Capital Contribution to the Partnership.

10. (a) The net profits and net losses of the Partnership shall be allocated 99% to the Limited Partners, in the proportion that their respective Capital Contributions bear to the total Capital Contributions of all Limited Partners, and 1% to the General Partner.

(b) Distributions of Net Cash Receipts, as that term is defined in Section 6.1 of the Limited Partnership Agreement, if any, shall be made in such amounts and

at such times as the General Partner may determine in the following proportions: 99% to the Limited Partners and 1% to the General Partner.

11. A Limited Partner may not substitute a transferee in his place unless all of the foregoing conditions are satisfied:

(a) The assignee consents in writing in form satisfactory to the General Partner to be bound by the terms of this Agreement;

(b) The General Partner shall have previously consented in writing to such assignment, which consent shall be in the General partner's absolute discretion;

(c) Immediately after the Effective Date (as defined in Section 10.4 of the Limited Partnership Agreement) of Assignment, neither the assignee nor the assignor, if the assignor has retained any part of his interest, shall hold an interest in the Partnership that represents less than one Unit;

(d) Such sale, transfer, or assignment, in the opinion of counsel to the Partnership, will not result in the termination of the Partnership for purposes of Section 708 or any successor or similar provision of the Internal Revenue Code; and

(e) Such sale, transfer, or assignment, in the opinion of counsel to the Partnership, may be effected without registration under the Securities Act of 1933, as amended, and will not result in the violation of any applicable laws or governmental rules or regulations, including without limitation, any applicable Federal or state securities laws.

12. Additional Limited Partners shall be admitted to the Partnership in accordance with the terms and conditions of a private offering of 20 units of limited partnership interests in the Partnership for an aggregate purchase price of \$1,200,000, which terms and conditions are set forth in the Offering Memorandum, as that term is defined in Section 2.8 of the Limited Partnership Agreement.

13. No Limited Partner shall have, as to contributions or compensation by way of income, any priority over any other Limited Partner.

14. Upon the withdrawal or removal of the General Partner, the Limited Partners shall have the right to continue the Partnership upon satisfaction of the following conditions: The General Partner shall have the right to withdraw voluntarily from the Partnership by giving the Limited Partners 60 days' prior written notice of his intent to withdraw. If the General Partner withdraws from the Partnership in contravention of the preceding sent-

ence, he shall remain liable for the debts, obligations and liabilities of the Partnership to the same extent as if he had not withdrawn and, in addition, shall be liable to the Partnership and the Limited Partners for any damages sustained by reason of such withdrawal.

15. No Limited Partner has any right to demand and receive property other than cash in return for his Contribution.

IN WITNESS WHEREOF, the parties have executed this Certificate as of the 1st day of October, 1982.

Sister Theresa Landry, F.M.M., Executive Director of St. Francis Hospital - The Heart Center, Roslyn, gratefully accepts a \$500 contribution from Venerable Carmine Monteforte of the Galileo Lodge's contribution will be applied through the Gift of Life Program toward the costs incurred when Stephen Materna, age three, from

Italy, received the gift of life through open heart surgery at St. Francis.

The only designated cardiovascular specialty hospital in New York State and Long Island's Heart Center, St. Francis performs more open heart surgery on infants, children and adults than any other Long Island facility.

Galileo Lodge News

By Joe Lorenzo

VENERABLE SKIP MONTEFORTE'S MESSAGE: 'It is impossible for anyone to begin to learn what he thinks he already knows.' Epictetus

Yes, before you know it, it will be Halloween time, and that's the time that most people say is the harbinger of Fall. Perhaps, but it's also time for grotesque witches, weird goblins, lighted pumpkins and lonely straw men in the fields silhouetted against the bright autumn moonlight. And, yes, it's also Halloween time at the Galileo Lodge as it announces that on Saturday, the 30th of October, it will present its Halloween Dance to help greet those chilly moments of this coming season.

Tickets will sell as \$10 per person, a modest fee that offers you a delicious hot dinner (Chicken Cordon Bleu) with all the trimmings, beer, soda, coffee and cake, set-ups and live music from a leading dance combo. Armand Del Cioppo (938-5052) will 'chair' this activity, ably assisted by Frank Matassa (931-2843). Costumes can be worn but dress is optional. Prizes will be given to the wearers of the most 'Halloween-ish' costumes. Please note that a 'bring-your-own-liquor' policy will be in effect that night. So why not ring in the new Fall season at the Galileo Lodge, where fun, relaxation and good times abound.

Laughter is one of the nicer experiences of the human experience, wouldn't you say? And to prove this, may I ask if you have ever been engulfed in sheets of laughter or if your eyes have ever reddened and become tear-filled as spasms of laughter overcame you? If you have ever experienced these feelings and sensations and want to experience them again, then why not heed the message of the Ladies Auxiliary as they announce that they will present the 1982 version of the 'Foolies Follies' on Friday, the 12th of

November. The 'Foolies Follies', as you may recall, is a revue which features and utilizes the talents of the male and female members of the Ladies Auxiliary and the Galileo Lodge and which uses comedy as its basic theme. Tickets will sell at \$10 per person, a modest sum that offers you (show included) a delicious hot roast beef dinner with all the trimmings, beer, soda, coffee and cake, set-ups and music from a leading dis jockey. But please note that a 'bring-your-own-liquor' policy will be in effect that night. Rose Riccardi (681-0966) will direct this revue, ably assisted by Marion Freed (249-4313, 931-9351), who, incidentally, will appear at the Galileo Lodge every Tuesday and Wednesday nights for tickets distribution.

I must also mention here that rehearsals for this revue take place every Tuesday night at the Galileo Lodge, starting at 8:00 P.M. As I have said on so many other occasions, this revue cannot succeed unless you, the male and female of our organization, participate. Your talents need not be of a professional nature, and all that you need or is required is that you possess a liking or a flair for comedy. And most of us do, of course.

LODGE TIDBITS
Theresa Gatto of the Ladies Auxiliary, recently hospitalized at the Central General Hospital, is now home and recovering rapidly. A real sincere get-well wish to Theresa from all of us here at the Galileo Lodge and the Ladies Auxiliary. Mr. and Mrs. James Posillco are almost in a state of ecstasy as they announce that they have become the grandparents of two beautiful twin boys, James and Anthony. The parents are Mr. and Mrs. Richard and Margo Messina. Margo is the daughter of Jim and Rita Posillco, and here again the Galileo Lodge offers its sincerest congratulations.

St. Ignatius School Diamond Anniversary 1907-1982

By Rita (Rettberg) Hanifan and
Jane (Muench) Schrieber

Seventy-five years of educating the youth of St. Ignatius School is a joyous occasion for celebrating. The priests, staff and members of the St. Ignatius Parish invite the Community of Hicksville and the many friends of St. Ignatius School to come and join in a year of festivities.

On October 23, a parade will commence from the parking lot of the Long Island Lighting Company on Old Country Road in Hicksville at 12:30. The parade will continue west along Old Country Road to Broadway where it will be celebrated at one o'clock. Following the mass there will be a reception in the school culminating with a slide presentation of St. Ignatius School.

To continue the festivities a Dinner Dance will be held February 4 and a closing liturgy next Spring. The Anniversary Committee is entertaining the idea of a picnic.

St. Ignatius Parish was established on Aug. 21, 1859 and Rev. Theodore Goetz was the first pastor. Three other priests served as pastors until 1872 when Rev. Lawrence Fuchs took over the administration. He had to borrow money to meet the ordinary parish debts. By the end of his second year as pastor, there was a small deficit. Fr. Fuchs was a prudent manager of finances. On the advice, and often the insistence of other prudent men of the parish, Fr. Fuchs began acquiring parcels of land adjoining the Church property. A building fund was started in 1883 for a new Church which was erected in 1891.

Sitting on the porch of his rectory, Fr. Fuchs could admire his fine new church. He nurtured a secret hope that some day, like the devoted shepherd of soul that he was, he would be in a position to provide Catholic education for the children. He felt no parish was truly complete until the foundation of a Catholic life was laid in the minds of the young and their characters shaped according to the Catholic principles.

Sunday school classes were held in the old church building. The children were tutored by three or four Sisters of the Amityville Dominicans. Still, to Fr. Fuchs, these measures were inadequate.

At the turn of the Century, the last of the Church debt was paid, and a surplus slowly started to accumulate. In the summer of 1906, the old Church was torn down, and the cornerstone for the school was laid on July 29, 1906 at 4 o'clock. It was in September of the following year that the school opened its doors to the first pupils who numbered 104. At the Golden Jubilee of the Parish in 1909, the students entertained the parishioners.

Sr. M. Bonaventure, O.P. and Sr. M. Honorata, O.P. travelled daily from Farm-

ingdale to teach in the plain wooden structure. By 1910 the Sisters, with Sr. M. Bonaventure as first Superior, occupied a very inadequate cottage near the school on Carl Street. In 1911 the corner stone for the new convent was laid.

The parish had made such strides in population that a new and larger school building was necessary. A diary kept by Fr. Fuchs tells of the beginning of the work and records briefly the start of the \$100,000 building. In early 1922 the farmers and non-farmers of the parish brought teams and dirt scoops and set to work digging the basement of the new structure out of the frozen ground. Their equally generous wives brought hot food for the workers. Not to be outdone, the young people came with pails and shovels to work along with their parents. The diary noted that the excavation was completed without expense, except to the workers. Fr. Fuchs died on May 3, 1923 before he saw his new school finished. When the school opened in Sept. of 1923, Fr. Francis X. Wunsch was pastor. The student body, consisting of 350 students, was welcomed into the ten classroom building which also boasted a large auditorium. The students, who began their elementary schooling that year in the first grade, received their diplomas eight years later from the hands of Fr. Wunsch. It was his last official school function as pastor before his transfer to St. Fidelis parish in College Point. In 1931, when Rev. George M. Bitterman was pastor of St. Ignatius, there were 450 students in attendance.

The Diamond Jubilee of the parish was celebrated in 1934. In the well written history of the parish the following paragraph appears—

"No history of the parish, no matter how brief, should fail to include a well deserved word of praise of the good Sisters of St. Dominic who so quietly and efficiently train and educate the children of the parish. Credit for this fine service goes to their Superior, Sr. M. Christina and the capable and proficient Principal, Sr. M. Rosarita, who has done much for the school during her twenty-one years here."

In the Forties, with the great influx of city dwellers arriving on the Island, the school soon became inadequate. Since then the number of new parishioners clamoring for admission of their children to the school necessitated the addition of a wing in 1949 consisting of three classrooms and a kindergarten.

The mother's Auxiliary was established in May of 1950. Through the following years until it disbanded in June of 1978, the Auxiliary members gave of their time and their talents. Through the efforts of these mothers, funds were raised to provide

scholarship awards, books for the library, needed equipment for the school, and when the third school building was erected in 1960, the Auxiliary provided the funds for the two cafeterias. In October of 1980 the Parents Association was formed and it is through their efforts that the virtues and scholastic accomplishments of the students and dedicated teaching staff are being

made known. These dedicated parents provide a strong bond and truly exemplify the dream of Fr. Lawrence Fuch.

In 1952 there were 1,100 children in attendance. The school had its new addition and now it was time to plan larger quarters for the Sisters who so zealously engaged in the education of the children moving from "everywhere" into Hicks-

ville and vicinity.

The student body continued to grow and in 1953 three more classrooms were added.

The parish of St. Ignatius, while growing constantly in population, by 1956 had shrunk in size. In all, there were six new parishes created from the original boundaries.

A third school building was opened in 1960. Each

class was limited to fifty students. The school population was still growing, students number 1,400 in 1962. The kindergarten was closed and a lovely school Library was opened in 1963.

In the late Sixties registration began to decline. Other Committees have delved into this problem and their reports are available to

LEGIONNAIRE'S LOG By Arile Rutz

CHARLES WAGNER POST # 421

HICKSVILLE, N.Y.

"One Of the Grass Roots Of The American Legion"

Each year one of the vice commandants is designated 'Entertainment Officer' and it is his responsibility to provide for the pleasure of our members and friends.... This year the Entertainment Officer is P.C. FRANK WALSH and he has announced that the first affair of the year will be the HALLOWEEN DANCE, scheduled for OCTOBER 30th.... Dress is optional for this affair but if you show up in some kind of costume you will automatically be in the running for

the best costume prize.... Tickets are going for \$15 per couple.... Dance music by Gary mendolia, D.J. and cold platters will be on each table.... Drinks will be available at our normal Legion prices.... Call 796-5266 (FRANK WALSH) or his aide, P.C. FRANK MOLINARI (935-1934) for tickets and further information.... Then the next scheduled social activity is the JUNIOR PAST COMMANDER'S DINNER honoring our Junior Past Commander LOU BRAUN on NOVEMBER 27th.... This affair is not part of the Entertainment Officer's responsibility but is being chaired by P.C. LOU CESTA as cus-

tom will have it, even though we have missed a few of these testimonials in recent years due to lack of interest on the part of too many members.... The cost of this social event will be \$10.50 per person and includes a hot smorgasbord, coffee, cake and dance music.... All drinks will be at those low Legion prices and you may bring as many friends as you wish.... The more the merrier.... Call LOU CESTA (785-6583) or AL CINOTTI (796-6268) and make arrangements for this pleasurable night.... At our last meeting the Dark Horse was won by WILLIAM ATTIVISSIMO.... Once again a NEW YEAR'S EVE

PARTY has been scheduled by the Entertainment Officer for December 31st and at this time no other information is available except to say that this affair will be open to members and friends and the general public alike.... You as a member are party to any affair run by the Post and its YOUR money that is spent to cover expenses for these social events.... It is up to each member to support the Post programs or voice objection either at a meeting or a letter to COMMANDER GAMBLE.... Likewise, look at our rehabilitation efforts.... Again, a vice commander is designated by the Commander to handle our rehabilitation program.... This year Vice Commander ARLINE HOWARD is handling this job which includes sick call, the Suffolk State School cottage, and the Kings Park visit.... Arline gets next to nothing in the way of members attending

the Suffolk visit (a Halloween party for the girls is scheduled for October 16th).... Members should turn out and go with Arline, give her a hand and see for themselves the worthiness of

this project, after all the Legion is BIG in Child Welfare and it certainly did not get that way by lip service only.... And the next problem is the annual visit to (Continued on Page 2)
