## **Parola Demands Action At Hicksville MEK Spill Site**

Calling on EPA officials to take immediate action. Assembyman Fred Parola (R-C, Wantagh) reported that he has written to federal officials demanding that the officials demanding that the Hicksville MEK spill prob-lem be given top priority. Deeply concerned for the safety of area residents. Parola has investigated the potential health hazard and has been working with Con-gressman Norman Lent (R-C, East Rockaway) to see that federal monies are released so the clean up released so the clean up operation at 530 West John Street in Hicksville can

begin.

Dear Mrs. Noeth: Having read the HERALD on Page One of last week's issue re the long, unduly delayed cleanup of the M-E-K spill (which occurred are two years cogo) in Hicksvile, I thoroughly agree with the content and expression of that editorial. As a directly affected and concerned citizen of Hicks-

The presence of the indus-trial solvent, Methyl Ethyl Ketone, commonly referred to as MEK, dates back to February of 1982 when a tank truck spilled 3,700 gal-lons. Since that time the spill has become an "environ-mental football" being passed from the courtroom to various EPA officials and caught in bureaucratic red tape.

Tape. Parola called the two-year delay "unconscionable." He wrote "The leaching into the aquifer holds the remote possibility of contaminating our drinking water supply which is already threatened by various sources of contamina-

tion." The Wantagh assemblyman noted that today approximately 60 drums containing hazardous waste from the MEK spill can be found at the site. More than found at the site. More than half of these are corroded and are showing signs of leakage. Some of the tops of these drums are in such a state of disrepair that the contents are visible, posing a very real danger to children and unsuspecting adults. Assembly man Parola explained that as recently a March 2nd of this year state environmental conservation

officials inspected the site and notified him that the \$1 million in EPA funds approved for the clean-up, have not been released. Par-ola, therefore, is calling for the immediate release of such funds. such funds.

The asemblyman con-cluded his letter by stating, "I must demand immediate and decisive action to resolve this hazardous cir-cumstance. I hereby request a definitive status of the situation and the timetable set to fully implement the clean-up."

## Letter To The Editor

Hicksville, I am writing to my two U.S. Senators, D'Amato and Moynihan, my U.S. Congressman, Norman Lent, and to the agency head of the U.S. Environmental "Protec-tion" Agency to complain of this disgraceful procrastina-tion by the Federal govern-ment and to insist that it be immediately stopped and immediately stopped and the called-for, proper and

### As At The Fashion Show

A Luncheon and Fashion Show, featuring twenty-eight wedding gowns from the early 1900's to the 1980's, was held of March 3 at Trinity Lutheran Church and School, Hicksville.

Fashions were modeled to over 150 guests, by teachers, students and members of the church. Mr. Stanley Kramer, 8th grade teacher was commentator for the event, with Reverend Ronald Wickey, Anifa and Paul Waldner providing music and songs.

The beautiful program was sponsored by the executive board of Trinity Lutheran School's P.T.F.A. headed by president, Mrs. Nancy Haines.

I urge that all other equally affected Hicksville residents do lipewise, Write and complain of this dis-graceful inaction which exemplifies the Federal government's total disre-gard for the health and wel-fare, and even the very lives, of us and our children. What are they waiting for -- those six water wells to become contaminated and unusable contaminated and unusable or for a few hundred (or more) Hicksville residents to become seriously ill or to die as a result of this typical as a result of this typical bureaucratic proscrastina-tion before they will take any action instead of "study-ing" and "further consid-sidering?"

The blond, blue-eyed sixth-grader at St. James elementary School in Sca-ford has "loved track" since he was five years old, according to his mother, Jeanne, a nurse at Mercy Hospital in Rockville Cen-tre. "There's snow on the ground, so he pulled up all ground, so he pulled up all the rugs and practiced run-ning around the house with

weights," she said. Timothy was one of almost 400 Long Island boys and girls who ran time trials around the Farmers Market on March 11 to qualify for the drawing. The names of all youngsters who com-pleted the course in under seven minutes were entered in the drawing, and the winner was selected by former US Olympic track coach and competitor Bruce MacDonald of Port

The torch will be accepted at Kennedy Airport by the grandchildren of Jim Thorpe and Jesse Owens, who will run the first kilometer. The Farmers Market presented Timothy with a \$100 gift certificate, and will donate \$500 to his school's athletic program. Two runners up, Dawn Eaton of Amitmalie and Fait Aimi Amityville and Erik Aimin Pflaumbaum of Dix Hills, received \$50 certificates.

Timothy, who competes on a Catholic Youth Organzation track team, ran with 37 other youngsters in the linal heat of the day, and completed the course in 3:23. "He's small but has natural speed. FOR A "DOUBLE" HAPPY ENDING, please be sure to read the Legionnaires' Log Column on page 2 this week. It made my day for several reasons.

As serious as the M-E-K spill continues to be in Hicks-ville; we are encouraged with the phone and "Letter" response we have received on this editorial...some action has already been taken, as you can see and, of course, our elected officials on many levels and in many districts have been trying to expedite the solution of this problem through the correct source, which is the EPA in Washington, DC. Perhaps our combined efforts will finally bring the muchneeded action. At any rate, please write letters to your congressman and, if possible come on down to the Thursday, April 5 meeting of the Hicksville Community Council where in the action will be discussed and implemented, if the EPA hasn't moved to correct this dangerous condition by then. Also on the Council's program that night is an overview of our business community and its challenges and problems presented by the Hicksville Chamber of Commerce, and a presented by the Hicksville Chamber of Commerce, and a discussion on our proposed Hicksville Library budget by Hicksville Library director Kenneth Bames, as well as the "Town Meeting" segment of this Council's productive meet-ing, come on down and help to keep Hicksville moving in the right direction. Your help can make your community better! Meeting will begin at 8 pm sharp and is held in the down-stars community room of the Hicksville Public Library on Jerusalem Ave. Jerusalem Ave.

By Geraldine Geannikis The children in the In-Depth Studies Program at East Street School (fourth, fifth and sixth graders) are studying Consumerism. Mrs. Goldman, Mrs. Klied and Ms. Edwards took the time group on a field trip to the Finast Supermarket in Woodbury. This particular store was chosen because it

has an entire department devoted to bulk food; bar-

rels and bins of foods sold loose, by the pound. The

children were assigned well over one hundred items.

They compared the prices of

bulk items to the same items conventionally packaged.

Generic items were com-

bared to brand names. Supplied with work sheets, the children gathered their information. Mr. Fahey, the

stores bakery manager, gave the children tips for linding the different items in the

store. The management of the supermarket was extremely helpful and cor-

dial. Comments were made on the good behavior of the children. Before leaving, some of the children made

**Your Library And How It** Serves The Community

By Kenneth S. Barnes, Library Director

The Hicksville Public Library budget for 1984-85 will be esented to the voters of School District #17 on April 11 at the local schools from 12 noon to 10 p.m. Registration will be held at the library from 3 p.m. to 8 p.m. on April 4. Primary Day is to be held on April 3 and there is a question of the availability of the schools on April 4, hence the change of location for registration. The Library Board has made every effort to present a

financial document that takes into account the generally lower rate of inflation (except in books and periodicals) with the result that we are asking for an increase of less than 5% over the current budget. Most of the added expense is for printed materials, the cornerstone of our services.

Over the years the library has developed into one of the best public libraries, considering our population, in New York State. We are proud of our collection of more than 250,000 volumes developed largely within the last 15 years. We are happy that we have added, at little cost, special services to the homebound and handicapped, income tax and career counseling, improved interlibrary loan services and others but we have never lost sight of our main task - to provide pleasure, inspiration and answers through our col-lection of printed materials.

We have long insisted that one visit to the library annually could result in the taxpayer getting value received for his year's taxes. With the tax rate of 90e for 1984-85 and most books costing more than \$12.00, this is still true. Most homeowners will still pay under \$50.00 for service next year. The budget will provide funds for more than 10.000 new books, plus periodicals, pamphlets, records, cassettes (books and records) and much more. The library is going to purchase some popular films on video tape beginning soon. A completely refurbished book mobile is scheduled to return in April.

Your public library, we believe, is worthy of your support. The Board of Trustees urges you to take a little time to vote on April 11. If you have voted in any public election for the past four years, you do not have to re-register. Teenagers! -come on down!
