## The Humanities In Europe

For thirty-one students in the Gifted and Talented Program in the Humanities at Hicksville High School, the spring recess will offer a change of scenery and a unique personal and educational experience: they will be in Europe on a twelve day tour of the continent. The Humanities program in the tenth grade is based upon the culture of Western Civilization, emphasizing history, literature, art and music, and this trip will provide first-hand knowledge of that culture and its impact on American life.

The students will be departing via Sabena Airlines from Kennedy Airport on Sunday, April 15, arriving in Brussels, Belgium, prior to moving on to Paris for a three day visit. The tour highlights excursions to the Palace at Versailles, the Louvre, Notre-Dame Cathedral, the Champs-Elysess,

the Louvre, Notre-Dame Cathedral, the Champs-Elysess, the Are de Triomphe, and a Bateau Mouche cruise on the River Scine. Ample time is also provided throughout the tour for shopping and enjoying nightlife entertainment in

each city.

They will depart Paris by rail on the famous "Orient Express" for an overnight ride to Munich, Germany, where accommodations are provided with students from around the world at Haus International, part of the German Univer-sity system. During the several days in Munich, the tour will travel to the Olympic Stadium and village, to Bavarian

castles in Neuschwanstein and Oberammergau (site of the Passion Play), and to Dachau, the site of the infamous concentration camp of World War II.

The tour from Munich to Florence, Italy, will be by rail through the Alps and the cities of Innsbruck, Verona, and Bologna. Easter Sunday services are planned for the students in Florence (a Jewish Passover Seder is also arranged during the visit to Paris). In this beautiful Renaissance city, visit will be made to the Medici Chapet, Pitti Palace, and a side trip to nearby Pisa and its leaning Tower.

From Florence, the next stop will be three days in Rome, where excursions are planned to the relies of the Roman Empire, to include the Forum and the Colosseum, and of course the chapels and museums of the Vatican. The final days in Europe will be in Brussels where, after a flight from Rome, a tour of the city and final day of shopping will occupy most of the time before the trip home on Thursday, April 26.

The students and faculty in the Humanities are very thankful for the support and encouragement received from the parents and the school district regarding this trip, and upon completion hope to share their escapades with you in several articles to the Mid-Island Herald.

## Dear Friends...

In a democracy we have the right to disagree, hopefully without being disagreeable. And in Hicksville we are extremely proud of the conduct of at least 98% of those who reside in our line community. If was apparent, not only in our "Letters To The Editor" on the subject of the elimination of the Moment of Silence from our schools, but also, at the well-attended Hicksville Community Council meeting last month, when many organizational delegates plus fifty or more local interested residents from all walks of life and from all areas of Hicksville expressed themselves strongly, but with dignity and certainly with no malice toward the one lady present who disagreed with the opinions expressed in favor of the retention of this "moment of silence". Members of the Board of Education were also present at this meeting ...those who had brought up the motion to eliminate this moment", as well as those who were for its retention, and they, too, were treated with respect.

If, in a community of 50,000 residents, there happen to be

a few who are ignorant of the right to disagree accorded to all Americans, that is sad but it is their loss. Certainly we are proud of the conduct of the vast majority of our Hicksville residents for they accord to all the right to their own

Those who are vainly attempting to make this an antisemitic issue, are just as wrong, as those few who made phone calls to the lady in question. She happens to be of the Jewish Faith... but had she been a Christian or an atheist, she would have been accorded her right to have this opinion, by the vast majority of our residents. And they have that same

right. It has nothing to do with her religion.

But everyone knows this, except those who deliberately don't want to know

THAT'S ALL for this week, except to extend best wishes for a Happy Easter or Passover, to all.

BE EASTER PEOPLE

After the tomb was empt and Jesus appeared to the early church on many occasions, doubt disappeared, and the early church had overwhelming confidence in the Lord. The church today must live and be about its ministry with the same Easter confidence. We say we rely on God's mercy for our salvation; we need to give over all areas of our lives to God's control. What aspects of ourselves are outside God's control? Our temper? Our money? Our time? We need join the psalmist and say, "Create in me a clean heart, O God, and renew a right spirit within me." Our trust in the Lord must be complete. We are no longer defeated peo-ple but powerful Easter people. Little children in danger or in despair literally run and throw themselves into the arms of their mother. This is confident faith. When was the last time we ran and thrust ourselves onto the Lord? A cautious step in his direction is better than none at all, but believing with abandonment is called forth by an empty

tomb. God wants us to fall head over heals in love with him so he can bring the greatest joy and purpose possible

into our lives.
God also encourages us to wavering. Scripture says,
"Where there is no hope, the
people perish." Too many of
us view too much of our lives and the world as hopeless. Without hope, no great strides will be made in the future; there is no venturesome faith without hope. Without hope we burrow into the ground and live the life of a mole instead of walking freely in God's sunlight. In a difficult situation, a hopeful people find the challenge and opportunity to do something great with God.

Confident in our faith. with an unwavering hope, the Lord also encourages us to stir up one another to love and good works. We must do something. Faith and hope must move from the abstract to the particular.

Easter people are called upon to celebrate the Festival of the Resurrection each Sunday, for each Sunday is

a little Easter. "...not neg-lecting to meet together," is how it is written in Hebrew To break fellowship with the worshipping community is to pursue a weakening faith. It is also a form of denial of all that Christ means. True faith, strong faith, is never faith in isolation but must always be faith shared and strengthened through regu-lar worship. We must encourage one another to be regular in worship and strong in faith.

The end is drawing near.

The Lord will return soon to reclaim his fallen creation. When the Lord of the church comes again, how will he find us? Will we be acting like people who have been touched by the mean-ing of the cross and the empty tomb? Therefore, let us continue to draw near to the Lord with a true heart and a confident faith. We hold fast to the confession of our hope without wavering. We consider how to stir up one another to love and good works. We do not neg-lect to worship but encourage one another. In sum, we will all be Easter people.

## Spiegel **Associates** Report

A total of 77,000 square feet of retail, industrial, and office space was leased in Nassau County in the first quarter of 1984 by Spiegel Associates, Hicksville, The Associates, Frieksynie. The leases cover, properties in Hicksyille, Jericho, Massapequa, Syosset and Westbury.

Arthur D. Sanders, president of Spingal said the

dent of Spiegel, said the aggregate rental of these amounted to approximately \$2,25 million. He reported that rents for the quarter ranged (per square foot) from \$11.50 to \$14.90 for office space, \$4.00 to \$6.50, net, for industrial space; and averaged \$10.50 for nonpremium retail space.

Mr. Sanders said "office space moved at a faster pace for the past three months than for the previous six months," He attributed the increased demand to businesses outside Long Island seeking to expand or open offices in the New York metropolitian area. He also cited a strong increase of New York City firms looking for industrial warehousing.

Among the new leases is one with Toshiba Machine Company of America, covering 5,800 square feet of office and showroom space in Westbury. Toshiba Machine's parent company, which is one of the ten largest industrial corporations in Japan, principally manufactures electronics and appliances. Toshiba Machine Company of America has established this facility as its first East Coast office and showroom, replacing two smaller US sales offices in Chicago and Atlanta. Toshiba Machine sells heavy machinery, utilizing computer control. through a dealer network that serves the aviation

industry, among others.
