HCT Offers Reward In Firebombing

The HCT announced today that it is offering a reward for information leading to the arrest and conviction of those responsible for the firebombing of the Deans Office at the Senior High School.

The firebombing, according to HCT President Bob Zaleski "occurred at approximately 10 P.M. Sunday evening when a Molotov cocktail type of incendiary device was thrown through the windows of the Deans Office."

President Zaleski stated that "this attack should not be viewed as an isolated incident, but as only one in a series of acts of vandalism that include graffiti written on school buildings, broken windows, damage done to teachers' cars in the parking fields; as well as threats and attacks that have taken place against teachers both inside and outside the school."

"This firebombing," Zaleski went on to say, "represents an attack on the educational institution but, more importantly, it must be understood as the personal attack on the three-teacher-deans at the High School that it is."

The teacher-deans at the High School represent discipline and authority in the building. An attack on them is an attack on the fabric of our educational system."

"The HCT calls upon every citizen of Hicksville to support the teacher-deans and the Hicksville school system by helping us find the culprits responsible for this dastardly act, and call for the fullest punishment possible under the law."

Calls can be made to 681-9710; all calls will be held in strictest confidence.

Hicksville residents will have the opportunity to vote on the proposed school budget, the proposition on the period of silent meditation, and elect three members to the school board on Wednesday, June 13 from 10 a.m. to 10 p.m. at the seven election districts.

The total of the proposed budget is \$37,622,487. The estimated tax rate required to support this budget is \$22.32 per \$100 assessed valuation. This represents an increase of \$1.71 over last year's rate, or an additional \$7.84 per month for the

average homeowner whose home is assessed at \$5500.

Proposition 2 asks the voters whether or not the Board of Education should adopt the following policy:

1) In each public school classroom the teacher in charge may, at the opening of school upon every school day, conduct a brief period of silent meditation with the participation of all the pupils therein assembled.

2) The silent meditation shall not be conducted as a religious service or exercise, but may be construed as an opportunity of silent medi-

tation on a religious theme by those who are so disposed, or a moment of silent reflection on the anticipated activities of the day. "Participation" shall be construed to permit seated participation and not to require any pupil to stand.

Candidates who filed petitions for the Board are: Jay Schwartz, incumbent, being opposed by Bernard Goldman and John Montalto; John Ayres, incumbent, being opposed by Lawrence Moor; Honey Singer, incumbent, being opposed by Daniel Mac Bride.

A public hearing on the proposed budget will be held on Wed., May 23 at 8:15 p.m. in the Senior High cafeteria.

Voter registration will be held on Thursday, May 31 from 3 p.m. to 8 p.m. at the election district locations which are: District 1, Burns Ave. School; District 2, East St. School; District 3, Woodland Ave. School; District 4, Lee Ave. School; District 5, Fork Lane School; District 6, Dutch Lane School; District 7, Old Country Rd. New Image Helps Kindle Olympic Fire

Herbert J. Brauer, Senior Vice President at Manufacturers Hanover Trust, left, and Siegfried R. Widder of Hicksville, Program Chairman of the Nassau County Council of Chambers, honored Armand M. D'Amato, Sr., Chamber Coordinator of the Nassau County Council of Chambers for his many contributions to the Chamber at a small business seminar held at the Milleridge Cottage last week.

In celebration of the XXIII Olympiad, there was a torch-lighting ceremony in front of the United Nations Building on May 8th as the official Olympic Flame entered the United States on its famous journey from Mt. Olympus, Greece, to Los Angeles, California; site of the 1984 Summer Games. To enhance this historic occasion, the New Image Drum & Bugle Corps of Hicksville - the second generation version of the renowned champion St. Ignatius Corps - was chosen to participate in the ceremony.

The weather was uncooperative, as periods of rain alternated with periods of misty drizzle. The upper floors of the monolithic glass edifice at Forty Fourth Street and First Avenue in Manhattan were obscured by what seemed to be a custom-fitted shroud of low cloud cover. The air and streets were dripping wet, but the spirit of the participants and spectators was not dampened. Everyone knew that something exciting and auspicious was about to take place as they gravitated toward the international ground on which the early-morning ceremony would unfold.

New Image arrived on the scene at 7:50 am (having departed Hicksville at 6:30 am). In order to keep their brand-new uniforms dry as possible, the corps "set up" under the eaves which shelter the sidewalks in front of a famous address: One United Nations Plaza (which is directly across First Avenue from the ceremonial site). After playing a few numbers, and as the time for the official lighting drew near, the corps moved across the Avenue to where the bowl-shaped receptacle awaited to receive the Hellenic Flame. As the corps stood at parade rest; there were short speeches by Mayors Koch of New York and Bradley of Los Angeles, and by the Los Angeles Olympic Organizing Committee (LAOOC) President Peter Uebberoth. As the Chairman of AT&T began to speak, a steady rain began to fall. The New Image staff quickly distributed umbrellas (which some well-planning member of the Torch Relay Committee had provided) to the corps members. These joined a veritable sea of

other umbrellas which popped up almost simultaneously. Finally, the big moment arrived. On cue, the corps umbrellas were placed down - with precision, of course - and the corps snapped to attention. Gina Hemphill and Bill Thorpe, Jr., grandchildren of legendary Olympic Athletes Jesse Owens and Jim Thorpe, stepped forward in anticipation of their role as the first two torch runners. The gleaming horns of the New Image Corps snapped up in a single motion. The drum majors arms were raised in hushed anticipation. The T.V. crew trained their cameras on the scenario. As the flame receptacle ignited, and the two runners lit the first Olympic Torch from it, the corps exploded into the now-famous "ABC Olympic Theme". It was magic. The tears that flowed down all our faces were soon giving a new meaning and value to the rain which bathed this ground.

The runners began the first kilometer of the torch relay to the upbeat tune and tempo of the corps playing a jazzy version of "Concord Blues". From that point, the Olympic Flame is scheduled to pass through 33 states and the District of Columbia - including every region of the country - as it is carried day and night by torchbearers across the 15,000 kilometer (9,000 mile) relay route which, according to the LAOOC, will bring the flame to 50% of the U.S. population. The trip will take 82 days.

After the ceremony, the New Image entourage returned to their vehicles a bit damp, but proud to have been part of yet another historic event. This they will remember along with their participation in the famous ticker-tape parade for the returning hostages from Iran in 1980. New Image has also been chosen to kick off the Opening Ceremonies at the International Games For The Disabled on June 17, 1984, at Mitchell Field, in East Meadow, N.Y.

On a more local level, New Image will participate in Hicksville's Memorial Day Parade on May 28, in commemoration of our noble service veterans and in support of the Hicksville posts of the VFW and American Legion.

association with the soccer club and the Boy Scouts. John Montalto is sincere in his efforts to improve education in our district. He feels that the children should be the Board's main concern, and we are sure that if he is elected, John will do his best to serve the children through our school system.

Being a hard-working, dedicated person, we feel he will bring to the Board a fresh, honest approach to

many of the problems facing our schools.

Dear Mrs. Marks:

Your letter's opening statement announces the New York States PTA's former position supporting abortion has changed. I am pleased to hear they no longer support abortion even though it was kept quiet.

With reference to your next paragraph, abortion is NOT outdated or irrelevant. The effects of the initial support are still with us today. How many babies will never attend school because of the State PTA's original support? How many of tomorrow's babies will not see kindergarten, receive hot lunches, plan a prom, etc.?

A student's, a child's, an infant's rights are being violated when the removal of a moment of silence or abortion effects them. Someone must speak on their behalf. Until the rights of the unborn, the handicapped, and the children are protected - until that certain portion of our population stops pushing a subject into the religious category with the cry "Separation of Church and State", I must speak out. Separation of Church and State should not be used to make laws against religion.

Freedom of religion is supposed to be guaranteed in public or private. A moment of silence could incorporate millions of thoughts and to out-law it because one thought might

be religious is wrong. Abortion became legalized on the same false argument. What other rights will the coming generations lose?

In the President's visit to Communist China, God and any references to religion was eliminated from his public speech rebroadcast. Do you want that to happen here in Hicksville? I don't! Religion is a way of life here, in and out of school - day in and day out. The more they chip away at removing that way of life the less freedom we have. The concept of separation of Church and State is being used incorrectly in an effort to legislate another person's opinion.

In closing, my remark of February 8, 1984 referred to the State PTA and its PUBLIC POSITION towards abortion in 1973. I stated that very clearly in my last letter to the Hicksville PTA. Taking a position, then changing it is permitted, however, reversing the effects of that position should also be addressed.

The effect of a moment of silence is on-going like abortion and unless we reverse that decision, God help us.

To the Editor:
I would like to take this opportunity to announce my candidacy for re-election to another term on the Hicksville School Board. Being first elected to the Board in 1975, I have held the offices of president, vice-president, and secretary as well as chairmanship of the Educational Goals and Objectives, Long-Range

Planning and Building and Grounds Committees.

I have lived in Hicksville for the past 17 years. My wife is a long-time resident, having graduated from the Hicksville Public Schools. My son is a student at the high school, a daughter attends the junior high school and I also have a preschooler. We have been active members of the Dutch Lane, Junior High, and Senior High PTA units.

My educational credentials include a BBA degree in accounting from Hofstra and a Masters degree in Guidance and Counseling from St. John's University. I am currently employed as a guidance counselor in a neighboring high school and work part-time as the treasurer of a credit union with over \$1.25 million in assets. I have also served for eight years in the active and reserve army, attaining the rank of captain.

During my nine years on the Board, I have been actively involved in all phases of our educational system to include: the budgetary process, contract negotiations, policy development, curriculum, special education, gifted and talented, reorganization and personnel matters. I have always been considered a child advocate and will continue to support the maintenance and/or expansion of educational programs and services.

I urge you to vote on June 13th in the School Board elections. Vote for AYRES-ROW 5B and MONTALTO-ROW IC.

Long Island has one of the largest populations of part-time students of any section of the nation. Many of our young men and women (and our not so young) are holding full time jobs during the day, maintaining homes and families and still spend hours and hard to spare dollars at our local colleges. All this done with the goal of bettering their business prospects and their overall knowledge.

Finally, the majority of our Albany lawmakers have agreed with our local legislators and both Houses have passed a tuition assistance bill to aid these ambitious individuals toward their goals. We believe it is about time some heed was paid to this important segment of the Long Island population.

Many of us use credit cards from time to time for convenience rather than

carry large amounts of cash. These cards can be especially important on travel vacations where it is almost impossible to rent a car or cash an out of Town check without one. Congress is now attempting to place a 5% surcharge on credit card purchases. Senator D'Amato is fighting this ridiculous concept which, of course, again penalizes the middle class. Thank you Senator D'Amato.

This Club appreciates the time Mrs. Ann Ocker, Town Clerk, Town of Oyster Bay gave to the East Plainview/Old Bethpage Republican Club at our May 16, 1984 meeting. Her talk was enlightening regarding the numerous duties of her office. Questions concerning any type license or permit, plus how to get any information on Town Government is available from Mrs.

Ocker's Office.

The next meeting which will mark the beginning of our summer hiatus will be held on June 20, 1984 at 8:30 P.M. at the American Legion Hall, Southern Parkway, Plainview, New York. This is our annual informal - no politics meeting - well almost none. Sandwiches, salads, coffee, soft drinks and beer are the main feature of this get together - all at no charge. However, added to the above is friendship, conversation and hopefully laughter.

It is a time we exchange thoughts on our plans for summer and with anticipation of summer adventures and with a little melancholy say goodbye to each other. Please be a part of the very special meeting.

HAVE A GOOD WEEK.

Elizabeth Grounds, Director of Respiratory Care Services, was the featured speaker at the Hicksville Rotary Club's luncheon meeting at the Milleridge Inn last week. She discussed the aims and functions of the CARECO equipment company, a medical equipment supplier. Following her presentation she conducted respiratory tests on rotary members using specialized equipment designed for that purpose. Letters To The Editor

To the Editor:
To The People of Hicksville

After much thought I have decided to run for the school board. My chief concern is the lack of stability of the present board in meeting its responsibilities to the needs and wishes of the community.

I have been a member of this community for the past twelve years, and am a graduate of our High School, and have two brothers that are a product of the Hicksville school system.

I am presently employed by the Town of Oyster Bay, in the Department of Public Works, and have been dealing with many aspects of governmental operations, and in dealing with people of diverse backgrounds, and helping them solve problems as they arise.

I am presently engaged to be married next April, and I am looking forward to raising a family here in our community. That is why having a high quality school system is most important to me and my future wife Diane.

During the past four years I have been serving as a Republican Committeeman, and have worked many hours in serving those in my care.

The role of a school board member is difficult and complex, and entails many hours of hard work, and attention to detail. I am determined to meet those responsibilities and serve this community with dignity and integrity, and make those hard decisions with a clear understanding of the issues before me.

With your support and help I would like to give the board new ideas, and a clearer view of a board member, and present to the best of my ability the students view of things in light of their careers and education.

Please give me your confidence and vote, I am willing, able and determined to serve this community with care and compassion, for our students, teachers, and all the employees of the district.

The only reason for running for the Hicksville Board of Education IS TO SERVE to the best of my ability.

Very truly yours,
s/ Daniel C. Mac Bride

To The Residents Of Hicksville:
I have served on the Hicksville Board of Education for these last three years; this past year as President. I believe that my efforts and energies have done much to bring about positive changes in our children's education.

It is now time for my reelection and I ask that you support me in my campaign for another term on your Board of Education. I will continue to serve your interests and represent your views.

Many events have taken place during these years. Most of them were not closely related to one

another, but if you look back you will see that my decisions were what I promised to you in 1981—a responsive and active Board of Education—which listens to people's views and also makes the hard decisions which sometimes have to be made in the best interests of our children.

Some of my actions which directly illustrate my goals are:

- 1). changed the structure of the board meetings so that executive sessions do not take place during a meeting—people no longer sit and wait for the Board to vote on important actions;
- 2). returned \$4 million in surplus to the residents of Hicksville—making sure that our yearly surplus is at a reasonable level;
- 3). adopted curriculum and strengthened diploma requirements as our priorities—children now have a full range of learning experiences to meet their future goals;
- 4). helped establish several Board of Education citizens' committees—giving everyone a chance to have input into some important aspect of your child's development and his or her education.
- 5). hired consultants in long range planning—to make the best use of our educational facilities in the years to come.

There are many other crucial issues to speak about. I will examine some of them each week as I write to you to describe my achievements and inspirations for the enrichment of our children's education here in Hicksville. Support my candidacy as your representative on the Board of Education for three more years.

Sincerely,
Jay Schwartz

To The Editor:
The community has not forgotten that sad day of February 29th, when the Board majority of Mr. Ayres, Mrs. Singer, Mrs. Rudin, and Mr. Wolfson voted to eliminate "Silent Meditation" from the hearts and minds of our children and their teachers. It has

NOW become the domain of the voters of this community to decide.

The voters and tax-payers of Hicksville must realize that their hard earned tax dollars will not be used to defend Proposition 2 if challenged by the American Civil Liberties Union. Our school district has liability insurance totaling \$5,000,000. This insurance covers not only our teachers, but all employees of the district, including board members. This means that Proposition 2 is not only protected by State Law 3029a, it is also insulated from any liability by way of judgements and legal costs of any kind, and the District may use its own attorney, and the insurance company will pay the legal fees and other expenses for the school district.

Board members may NOW easily proclaim their support for a public referendum, but the people always had the right to petition the board, with 170 signatures, and force the board to place Proposition 2 on the ballot.

The fact remains abundantly clear, that the majority of the board had ample time to re-examine their conscience after hearing from the community and its support of current policy, and they had a second opportunity when it became known that the District was covered by liability insurance, a fact not known at the time of the vote on February 29th, and again they did not re-examine their conscience, but now the people of Hicksville will act as their conscience.

Michael Hanrahan of the Daily News, of March 4, 1984, wrote - "In all, there are about a half-dozen Long Island school districts that allow prayer in the classrooms. But, Hicksville, L.I. is middle America, Hicksville, L.I. is sophisticated working-class America. What the voters say in Hicksville may set the tone for the Nation."

And that is what we AIM TO DO! - So it is important that you Register to vote on Proposition 2, on Thursday, May 31st, from 3:00 PM to 8:00 PM, at your local

school. This is no time to be silent, be ready to VOTE ON JUNE 13th. America is watching Hicksville, and so is the U.S. Supreme Court.

Sincerely,
S/ Bill Bennett
Board Trustee

TO MY FELLOW RESIDENTS OF HICKSVILLE:
My name is Lawrence A. Moor. I am declaring myself as a candidate and seeking your support for our upcoming school board election to be held on June 13th, 1984.

I have been a member of the Hicksville community for the past seven years. I have three children, one of whom attends the Lee Avenue School and two preschoolers who will attend in the near future.

As a responsible parent and member of the community I am in favor of quality education but as a homeowner and taxpayer this must come at the best possible price for all concerned.

I am a Vice President of a major Wall Street brokerage firm and a regular working member of the American Stock Exchange. I feel that the administrative and financial decisions that I render on a daily basis could only enhance the intricate workings of our school district.

Register on June 6th and your vote for me on June 13th is a vote against my opponent, the incumbent, John P. Ayres.

IT'S TIME FOR A CHANGE
Respectfully,
Lawrence A. Moor

Dear Mrs. Noeth:
With Hicksville School Board elections coming up, we would like to express our support for John Montalto, a new candidate in the election.

We have known John for many years, first meeting him when he was a commissioner in the Hicksville Soccer Club. The good and welfare of the children of Hicksville has always been a major concern of his, as demonstrated through his

Lee Ave. School The Sound Of Music

During the week of April 2nd, Mrs. Plizenmayer's 6th grade class presented the play, "The Sound of Music." All classes K through 6 and parents are invited to attend the performance.

The children transformed the stage into the Austrian Alps and brought the Von Trapp family to life once again. The music and acting was superb. Everyone who was fortunate enough to attend enjoyed the show tremendously. It was a huge success.

The show demonstrated the talents and efforts of an outstanding group of children. They designed and planned the scenery, helped rearrange the script and practiced their parts and songs to perfection. The play was directed by their classroom teacher, Mrs. Plizenmayer, and music teacher Mrs. LeBow.

A special congratulations must go to Eileen Doherty and Steven Campanella who

NEGOTIATING

Most people hate to haggle over money—even when it's their own money. A New York psychotherapist explains that most of us have been brought up to be generous; it is difficult to ask for concessions or seem to be greedy. Negotiating is not instinctive. It is a learned skill. A good negotiator accepts the principle of give-and-take and then aims for a confrontation that allows less give and more take. It takes practice to become a good negotiator. That's why a beginner is usually bested by one more experienced. That doesn't matter much if you're bargaining over the price of a dozen oranges. But with the cost of real estate today, give-and-

take may mean thousands of dollars. A knowledgeable negotiator will know how far the principals will go on a given issue: price, closing date, even fixtures or carpeting in the house. He or she will know when to stand firm and when to give in, and how to get maximum benefit out of every concession. You want a professional negotiating the sale of your house. You'll do best when you list with:

Springtime In Bloom At Fork Lane

As part of a continuous effort to raise money to repair the Statue of Liberty's arm, Mrs. Anne Hansen's fifth grade class at Fork Lane School decided to welcome spring and raise funds at the same time.

The boys and girls grew numerous plants from seed as part of their curriculum. Plants were then sold to the student body for a minimal fee. Previously, these industrious youngsters raised money by having an ice cream sale and by collecting cellophane bags and donating the refunds. Keep up the good work. When we visit the Statue in 1986, we'll remember your worthy contribution to Lady Liberty!

Trinity Lutheran Church Hosts Blood Drive

The Trinity Lutheran Church of Hicksville is hosting a blood drive on Sunday, May 27 from 8:30 a.m. to 12:45 p.m. A Long Island Blood Services bloodmobile will be stationed at the church gym located at 40 West Nicholas Street.

The blood drive is especially important to Long Island hospital blood supplies because it will occur during the Memorial Day Weekend when shortages customarily occur. Anyone in good health, weighing a

minimum of 110 pounds, and between the ages of 17 and 65 inclusive can donate blood.

Blood will be needed throughout that weekend for patients undergoing treatment for cancer, heart disease, blood disorders, and emergencies. Without a continuous supply of blood and blood components, many lives will be in danger. A single car, plane, or train accident during the holiday

can wipe out area supplies of blood.

Donating blood takes less than one hour from registration to refreshments. Normal activity can be resumed immediately after donating.

Long Island Blood Services, a division of the Greater New York Blood Program, is the collector, processor, and distributor of blood on Long Island. This non-profit health service is sponsored by the New York Blood Center and the American Red Cross!

USPS Promotes Dog Bite Awareness Program

Hicksville Postmaster Anthony M. Murello urges everyone to make an extra effort to prevent dog bites this warm weather season.

Biting dogs are a problem throughout the year.

However, during the warmer days of summer, more doors are open, more pets are outside, and the frequency of dog bites rises.

How serious is the problem? Somewhere in the country, every minute, a dog bites somebody. Last year, 6,879 of these victims were letter carriers.

What can a pet owner do to help stop this painful onslaught? Plenty:

- Recognize that the dog owner is the key person responsible for controlling

the pet.

- Teach each family member what they can do to prevent dog bites.

- Make a commitment to control your pet by keeping it restrained or tethered away from the mailbox or the areas the mail carrier uses for access to the mailbox. Or, keep the pet inside the house during the normal delivery hours.

- Realize that by helping the carrier prevent the pain and lost work time associated with dog bites, the dog owner is helping to protect both the carrier and the dog.

Schools wishing to have a Hicksville Letter Carrier speak on dog bite prevention and receive a Dog-

"Time Lee Travels"

The stars continue to shine at Lee Avenue School. On Saturday April 28th almost 200 students took part in the variety show entitled "Time Lee Travels", a musical journey through our century. Twenty-three acts told the story of our times in music. Each decade was represented from Barber Shop Quartet and the Charleston to Robots dancing and Star Wars.

These children, most with

no training or experience, started rehearsing back in January. Under the direction of Joan Lane, Kerry Miles, Nancy De Bernardo and Vicki Passaro they learned songs, dance steps and even pantomime. They gave up recreation periods, after school play time and vacation days to rehearse their acts. It was hard work but they never lost the enthusiasm. Even when chicken pox and broken

bones made them miss practice they came back and worked even harder to catch up.

Everyone got involved in the show. In some cases the children took the music home and created their own acts. Parents and grandparents gave up free time to sew costumes, construct and paint scenery, supervise acts and work backstage. Even past graduates of Lee

Avenue came back and volunteered their talents to work the lights, sound system and backstage with scenery and props. Local merchants donated wood, paint, cardboard, printing fees, and masks, anything we needed.

The amount of time and effort put into this show cannot be measured, but the many talents of these children and parents make this show the success it is.

Five-Month Campaign Yields Bipartisan Cleanup Bill

Hicksville and Bethpage area residents gained a legislative victory this month in a five-month campaign to win strong national environmental cleanup legislation.

Members of the New York Community Action Network (New York CAN) in Nassau County's Fourth Congressional District have been campaigning since January for a federal Superfund cleanup reauthorization bill. The group's efforts

have focused on Representative Norman F. Lent, and on May 10, Mr. Lent announced that he and Representative James Florio of New Jersey had introduced HR-5640, a new bipartisan Superfund bill which would include several significant improvements in the cleanup program.

"We are very encouraged by the introduction of the bipartisan HR-5640 bill," said William Steinmetz of

Bethpage, Chair of the New York CAN Nassau County Toxics Committee.

The HR-5640 bill collects a total of \$10.25 billion over five years, carries a mandatory cleanup timetable provision, contains some victim's compensation provisions, including the right of individuals to sue polluters in federal court, and guarantees that polluters will continue to remain liable for sites even after they are

closed. "We are pleased that Congressmen Lent and Florio have come to an agreement on a bill that will be beneficial to our community," said New York CAN member Jim Mango of Hicksville. "But we remain concerned about the efforts of chemical company lobbyists in Washington and we will be taking action to guarantee that the final bill is as good as HR-5640."

Legionnaires' Log

CHARLES WAGNER POST # 421
HICKSVILLE, N.Y.

"Saddle Up" will be the order of the day on Sunday when the first foray into ATLANTIC CITY for 1984 will be made by the PAST COMMANDERS CLUB and its many friends.... In fact, two bus loads to be sure, and I am.... Everyone making this trip should be at the Legion parking lot by 9:30 A.M. so Chairman LOU CESTA can count heads well before leaving time.... This trip will be made to the PLAYBOY CASINO on the boardwalk for a change.... And trips like these are good for the morale of our Legionnaires and friends and could come under that old bit of terminology we love so much, "For the good of the Legion"....

Of course, under this

heading comes many ambitious ideas and thoughts all designed to further our Legion in its programs and projections.... Under the heading of "For the good of the Legion", our Post passed a resolution as follows: Whereas, Charles Wagner Post #421 Hicksville, N.Y., Department of New York, in the interest of an ever greater American Legion, presents the following petition for action by the Nassau County Committee of the American Legion. Whereas, The American Legion takes pride in pointing out that the modern parade and associated pageantry is the sole product of its interest. Whereas, the annual competitions at the national American Legion conventions

have suffered greatly in recent years due to the lack of sufficient competitors to truly substantiate the name of "Parade of Champions". Whereas, all of America's competing units should reasonably be assured of competing for the #1 honor in their category in the Parade of Champions, now being denied to all except local or extremely financially able units. Whereas, the failure of the large majority of departments to field a complete complement of competitors in all categories has reduced the true status of the "Parade of Champions" from a prime event to one of mediocre competition. Whereas, the failure to have complete competing units from all American Legion Departments at national

conventions has been in main due to the lack of sufficient funds by departments to provide transportation, lodging and food for their competing units. Whereas, 'departmental champions' shall include Junior and Senior Color Guards, Rifle teams, Drum Corps and all other teams that are required for events of the Parade of Champions. Whereas, to truly point with pride to the "Parade of Champions" as a true measure of America's best, each department of The American Legion shall be required to furnish to, each national convention its departmental champions in all categories for the "Parade of Champions" competition and the national convention parade. (Continued on Page 11)

VARIETY SHOW AT HHS: An energetic company pauses from rehearsal of "Mack and Mabel". The show will be staged May 24, 25, and 26 in the Mabel R. Farley Auditorium of Hicksville High School. Tickets are \$5.00 each.

Playing the leading roles are, standing front line, left to right, Carrie McQuade, Andy Slokenberg, Tina Sachs and Darren O'Neill.

Mid Island Singers

The Mid Island Singers will present their final concert of the season on May 22, at 8:00 P.M. in the Community Room of the Hicksville Public Library.

Featured will be six folk songs arranged by Johannes Brahms, two piano solos played by the chorus accompanist Mary Elizabeth Latorre, and the "Gloria" by Antonio Vivaldi. The "Gloria" will be accompanied by a small

chamber orchestra. William Golceke, music director of the Mid Island Singers, will conduct the concert and Jim McAllister will once again act as host.

Soloists in the Vivaldi "Gloria" will be Marcia Gunnigle, Donna Moody, and Joan Shepherd, soprano; Ruth Ericson and Francesca DeLuca, contraltos. The public is cordially invited to attend this concert which will be free of charge.

Something To Think About

BILL WAGNER DIRECTOR

LOOK TO THE LIVING

The loss of a loved one often makes people vulnerable to various ills, both physical and psychological. At the same time that we seek to honor and express our sentiments for the dead, it is important that we do not neglect the living.

Managing grief can often summon the need for a great deal of strength and resolve. The first challenge is to face the full reality of what has happened. We must resist taking any detours around the truth. Often this is painful, but it is essentially a healthy pain, and one associated with healing.

passed, one must become independent. While memories may be treasured, a vital person needs more than memories. He or she must find new interests, challenges, relationships, to replace what has been lost, and get on with the job of living.

Legionnaires' Log (Continued from Page 9)

Whereas, to prevent the failure in the future to provide every department contingent with a musical unit for the national parade ... Therefore; be it resolved that the expenses to be incurred by each department to comply with this mandate will be defrayed by national American legion headquarters. Therefore let it be resolved that the financial requirements by national headquarters for this purpose will be funded by an \$1 per member increase in national per capita tax to be used solely for this fund, all unused monies to remain and accrue in this fund for future use. Therefore let it be resolved further, that the national convention is hereby instructed to provide a standing committee to properly execute this directive and to oversee and disburse financial aid to each and every department according to its need for the purposes put forth herein ... This resolution was voted upon and passed unanimously by the Post at a regular meeting in November, 1970 ... What was true and needed 14 years ago is still true, and MORE needed in 1984 than ever ... This resolution is still alive, but not kickin' because for some strange reason at that time, it was submitted directly to Department at its Mid winter Conference where it was pigeon holed and forgotten until now ... We should awaken and push this very worthy resolution at each level of the Legion's convention steps.

Our next Post meeting will be a short social meeting on May 21st ... Don't forget to make yourself available for the May 28th Memorial Day parade which we are hosting ... Be at the Post at 8 A.M. for a work assignment.
