Seeks Zone Change To Build 3-Story Office Building

Rockwell Realty Company is seeking a change of zone in order to construct a three-story office building to be located on the north side of West John Street, east of Myers Avenue in Hicksville. The Town Board has set this hearing for Tuesday, June

26, to be held in the hearing room of Town Hall on Audrey Avenue in Oyster Bay starting at 10 a.m.

This would require a change of zone from a "D" residence district to an "F" business district which is neighborhood business.

FUTURE FARMERS OF AMERICA? Maybe! Recently the second graders from Dutch Lane School visited the Farmingdale Agricultural College as part of an interdisciplinary unit. Science, health, social studies, art and creative writing were all included but #1 on the children's list: *It was fun!*

Postal Workers Give The Gift Of Life

The right to save a life inspired postal workers to donate 201 pints of blood at the Hicksville Post Office annual blood drive.

A young woman misses a turn and goes off the road; a father of three has emergency open-heart surgery; a baby is born with a rare disease. What do these different people have in common? They must all have blood transfusions or they will die.

"The generosity of postal employees in helping those in need always makes me proud of my fellow workers, especially now when blood is in such great demand," stated Anthony M. Murello, Hicksville Postmaster.

Over 6000 pints of blood are needed daily for the patients in Long Island's 41 hospitals. However, this goal is not easily met because most Long Island-

ers are not aware of this great need. To make up the deficit, about one-third of our area's total supply must be collected from volunteer donor centers in Europe where there is a surplus of healthy, voluntarily donated blood.

"You are one of a kind because you took the time and you cared enough to come down here and donate your blood. I am proud of you and you have every right to feel proud of yourself. What you have done here will be gratefully accepted by those unknowns who will benefit from your positive action," said Rulf Huebner, Hicksville Blood Drive Coordinator.

The Postal Service is a "Can-Do" organization. The employees have a long tradition of helping others.

Murello (right), Hicksville Postmaster, thanks Eleanor Mastrorocco (2nd from left), Senior Nurse Phlebotomist of Long Island Blood Services, for her help during Hicksville's Post Office Annual Blood Drive in front of Dan Cava (2nd from right), Customer Service Representative and early donor, and Rulf Huebner (left), Blood Drive Coordinator.

Board Reserves Decision On U-Haul Petition

At its regular meeting held on Tuesday, June 12, the Town Board reserved decision on the petition of U-Haul of Long Island and Brooklyn Avenue Associates, for a special-use permit to conduct a U-Haul business on a parcel of land located at the corner of Hicksville-Massapequa Road and Laumans Lane in Hicksville.

Several residents of homes adjoining the property appeared in opposition

to this petition on the grounds that, while oil trucks are now stored on the property, they are mostly used in the winter time, while a U-Haul business would be active during the summer months, too and would make it difficult for these families to enjoy their yards during the summer months.

Supervisor Joseph Colby explained that the property in question is already zoned Industrial H (which allows

for the storage of trucks). He added that a denial of the U-Haul petition could well end up by the petitioner bringing the Town into court to settle the matter. However, he did suggest that attorneys for both sides consult together and see if they could not reach agreement on several points that might make the special use permit more acceptable to

neighbors.

At press time, this had happened and agreement had been reached on several points such as appropriate protective shrubbing, no parking near homes, and the necessary repairs to a protective fence.

The Board has not as yet met to arrive at a decision on this petition.

PRESIDENT PETE MASSIELLO'S MESSAGE: "Wise venturing is the most commendable part of human prudence." Old saying

Summer Solstice-yes, that's what we seek, the highest point of fun and relaxation for the summer season. And this is exactly what you will find at the Galileo Lodge during the summer months. Well, the message is that on Sunday, the 8th of July, the Ladies Auxiliary, under the supervision of Fran Ausiello (433-8783), is planning a trip to Hunter Mountain for the Italian Festival. I might add here that there will be entertainment galore as Julius La

Rosa, Jerry Vale, Lou Carey and Tony-Simone are scheduled to appear and embellish the proceedings. Food tents will be located throughout the area and in your midst you can find anything from antipasto to copuncino, adding, of course, pasta and many other fine Italian delicacies.

On Sunday Morning at 11 A.M. there will be an Italian Folk Mass for all those who wish to attend. Tickets will cost \$20 per person, and you can call Fran Ausiello at the above number as soon as possible for reservations. Please note that the \$20 fee includes a roundtrip bus ticket, admission, tolls and parking. Children will pay (Continued on Page 15)

Our Armed Forces

Marine 2nd Lt. John Rupp, son of Mr. and Mrs. Robert Rupp of Tip Top Lane, HICKSVILLE, was graduated from The Basic School.

The Basic School is located at the Marine Corps Development and Education Command in Quantico, Va. It is designed to prepare newly-commissioned officers for assignment to the Fleet Marine Force and emphasizes the duties and responsibilities of a rifle platoon commander.

The training included instruction on land navigation, marksmanship, tactics, military law, personnel administration, Marine Corps history and traditions, communications and the techniques of military instruction. During the 26-week course, leadership by example and teamwork were stressed and the students participating in a demanding physical conditioning program.

Army National Guard Pfc. Dennis A. Delia, son of Elizabeth and Dominick Delia of 167 Second St., HICKSVILLE, has completed basic training at Fort Dix, N.J.

During the training, students received instruction in drill and ceremonies, weapons, map reading, tactics,

military courtesy, military justice, first aid, and Army history and traditions.

He is a 1973 graduate of Hicksville High School.

Marine Pvt. William J. Mato Jr., son of Fran and William J. Mato Sr., of 6 Bridle Lane, Hicksville, N.Y., has completed recruit training at the Marine Corps Recruit Depot, Parris Island, S.C.

During the 11-week training cycle, he learned the basics of battlefield survival. He was introduced to the typical daily routine that he will experience during his enlistment and studied the personal and professional standards traditionally exhibited by Marines.

He participated in an active physical conditioning program and gained proficiency in a variety of military skills, including first aid, rifle marksmanship and close order drill. Teamwork and self-discipline were emphasized throughout the training cycle.

Navy Gas Turbine System Technician 2nd Class John C. Schmidt, whose wife, Paulette, is the daughter of Adam and Jean Arakas of Fernside Drive, Hicksville,

recently participated in the U.S. Seventh Fleet Task Force 71 Humanitarian search operations for Korean Air Line flight 007.

He is a crewmember aboard the guided missile destroyer USS Callaghan, homeported in San Diego.

During the eight week operation, 12 U.S. ships, 22 aircraft, and almost 5,000 people were involved in the 225 square mile search of the ocean floor in international waters west of the Soviet island of Sakhalin.

Using underwater towed equipment, the task force carefully searched the estimated crash site outside the 12 mile claimed territorial waters of the Soviet Union without finding aircraft debris.

The Callaghan is 563 feet long and carries a crew of 338.

Army Sgt. 1st Class Bruce A. Yuill, son of Marilyn H. Taylor of 72 Grohman Lane, PLAINVIEW, has arrived for duty at Fort Knox, Ky.

Yuill, an armor crew member, was previously assigned in Schweinfurt, West Germany.

He received an associate degree in 1972 from Nassau Community College, Garden City, N.Y.

On The Campus

Glenn Robert Ringel, son of Ruth and Louis Ringel of Plainviews, has been awarded the degree of Doctor of Medicine by St. George's University, School of Medicine.

Dr. Ringel graduated on May 18th at a formal Ceremony at the United Nations in New York. The commencement address was given by Congressman Frank J. Guarini of Judson County, New Jersey. Mr. Guarini was given the University's distinguished service award in appreciation of his help after the U.S. intervention in Grenada last October 25th.

St. George's University, which does its instruction in English, has had an average pass rate of more than 80 percent over the past four years in the ECFMG exam, placing it second in the world among more than 90 overseas medical schools accepting American students.

Dr. Ringel's father is an accountant. His mother is an electrolysis. His brother Danny is a financial analyst.

Carl M. Casamassina, of PLAINVIEW, has been named to the 1984 spring dean's list at the University of New Orleans College of Engineering.

Dear Friends:

In the next few days, throughout our country, high school graduations are taking place with proud parents watching while their children walk up to receive the diploma that closes one chapter in their lives, making way for the beginning of whatever they have planned as their "next chapter".

In a short period of time this will be followed by the happy-sad occasion when our children (for they will always be that) take the next step, in the continuing process of becoming adults.

Whether it is college or the work force, we extend best wishes for continued success to all who are making this new beginning.

Remember the old adage... "There is an angel in every change." Don't be afraid... look for the good around you, wherever you may be... and you will find it.

Dear Friends:

I would like to take this opportunity to say thank you to those who supported my re-election campaign. There are many people in Hicksville to whom I owe a debt of gratitude for their personal efforts.

The Coalition, of course, did a tremendous job. There are other individuals who put in the time. They are very special, too.

I intend to work very hard for all of you and give you a board member worthy of the public's trust.

Thanks again for your help and support.

Very Sincerely,
Jay Schwartz

Wins Highest Honor

Dr. Jerome Botwinick, Principal of Plainview-Old Bethpage H.S. is pleased to announce on May 6, Ken Lin participated in and won the highest honor in the Senior High Division of the Long Island Science Congress, with his project on the "Effect of Gravity on the Oviposition of the Onion Fly, *Delia Antiqua*".

This also qualified him to represent Long Island in the N.Y.S. Science Congress, held in Corning, New York May 24th and 25th. Again, he won first place for the state competition.

Congratulations are extended to Ken, his family and the members of the Science Department that nurtured this fine student.

Letters To The Editor

TO THE RESIDENTS OF HICKSVILLE

This is a short letter expressing my deepest thanks to all the residents of Hicksville who supported myself and my running mates in our recent school-board election. Without your help and support the decisive victory we obtained would not have been possible.

Our next task, as formidable as the one we just undertook, is to pull together one more time to bring our school district to a level of excellence which stands second to none.

Sincere Thanks,
Lawrence A. Moor
School Board Trustee Elect

To The People Of Hicksville:

At this time, I would like to thank all those who voted for me in the recent school board elections. Thanks also to everyone who gave me so many hours of help. Your support of my campaign and our cause is deeply appreciated.

We can all hold our heads high, not only because we won with overwhelming numbers, but because our campaign attacked the issues, not personalities.

I promise to seek community input and to spend as many hours of hard work as it takes to do the best job possible.

Once again, thank you all very much for putting your trust in me.

Daniel C. MacBride

Dear Editor:

I want to thank the voters of Hicksville for their outpouring of support for Proposition 2 "A Moment of Silence". You have made Hicksville proud and the envy of those communities that have been deprived of this meaningful policy.

The spirit of Hicksville has caught the imagination of many communities across our land, for our voters gave tribute to a great cause of constitutional rights, the right to think or meditate without fear or rancor.

Your show of support on June 13th, has touched the hearts of many of us, and we are proud to be a part of this great community of Hicksville.

Sincerely,
Bill Bennett

Oyster Bay Plans 4th Of July Celebration

The Town of Oyster Bay will host Fourth of July observances at Townsend Park, Audrey Avenue, Oyster Bay, on Wednesday, July 4, beginning at 11:00 A.M., according to Town Councilman John Venditto.

"The theme of this year's annual observance of the nation's Independence Day will be the War Between the States," Venditto said. "The Oyster Bay Community Band will play music from the era, and a presentation by an Abraham Lincoln look-alike is planned."

"Under the direction of Dorothy M. McGee, Chairman of the Town's Bicentennial Historical Commission, and in cooperation with the Town's Department of Parks, the program will also include representatives of the Civil War 15th New York Volunteers Regiment and their families in period uniform or dress," Venditto stated. "In addition, veterans' organizations and civic, historical, youth and fraternal groups have been invited to participate in the massing of

colors."

Venditto noted that a "mini" march will proceed the program, with participants parading from the parking lot adjoining Town Hall West to Townsend Park.

Eighth Precinct Police Report

By Police Officer Kenneth Box

SCHOOL BURGLARY

The 2nd squad reports the details of a burglary in a school in Plainview sometime between 12:01-6:15 A.M. on June 14.

Head custodian John Gaugneur of the Jamaica Avenue Elementary School, Jamaica Ave., Plainview was informed by an unidentified kindergarten teacher that someone had entered room 102 and took 5 gerbals from a cage.

One of the animals was

found hung a string. 2 others were apparently dissected with scissors and 1 or 2 others were burnt and 1 other partially flushed in a toilet.

No other loss was reported. The investigation is continuing.

ASSAULT ARREST

The 2nd squad reports the arrest of a Plainview man for Assault 2nd Degree that occurred on June 5 at 9:00 P.M. at the Plainview - Old Bethpage County Park, Washington Ave., Plainview.

Apparently a group of youth were in the park and several of the group were firing a CO2 pellet pistol. When Hal Goldman, age 19, of 22 Lillian La. took the pistol, he pointed it at Steven Baker, age 18, of 80 Joyce Rd., Plainview and thinking it was unloaded pulled the trigger.

The pellet struck Steven above the right eye. The pellet lodged itself behind the eye. Steven was admitted to Central General Hospital, Plainview. The pellet is still lodged behind the eye pending surgical review.

Goldman was arraigned in 1st District Court, Mineola.

A residence on Lenore Ave., Hicksville, was burglarized on June 15. Entry was gained by breaking a side window. A Pentax camera, jewelry, 1 box 22 shells 1 box shotgun shells were reported stolen.

A residence on Cloister Lane, Hicksville, was burglarized on June 15. Entry was gained by breaking a rear window. Three mantle clocks were reported stolen.

Hicksville Junior H.S. was burglarized between June 16 and 17. Entry was gained by breaking a rear window. A fire extinguisher was reported stolen and criminal mischief was done.

"Statue Of Liberty" 1986 Centennial Celebration

In the past few months, Mrs. Hansen's 5th graders from the Fork Lane School in Hicksville took up the challenge to help in raising funds for the "Statue of Liberty" restoration, needed for observance of the 1986 Centennial Celebration. This was a class project, & it was the hope of the (17) students, that they might lead the way, in having private individuals help in financially supporting this most important community effort.

The students decided that they could raise some monies through the sale of both flower & vegetable plants, which they would raise from seeds. They also sold ice cream in the lunch room for two weeks & raised another few dollars from the collection of pop-corn bags. These precious funds were placed within a "Statue of Liberty" Renovation Fund.

During the past year, another program was undertaken, wherein the students while working on their Social Studies, developed a number of drawings & poetry to the memory of the late Joseph Stanley Hydrusko. Joseph Hydrusko was being considered for our nation's

highest honor, the prestigious "Congressional Medal of Honor," because of his heroic efforts in saving the lives of over (300) seamen at Pearl Harbor, during Dec. 7 & 8, 1941. Joseph Hydrusko passed away from a freak aircraft accident & was buried in our nation's "Arlington Cemetery," with full military honors on July 18, 1983. In observance of his countless buddies who had paid the supreme sacrifice at the beginning of WW II, at Pearl Harbor, Joseph Hydrusko had for the past 13 years, flown over the "Statue of Liberty" & dropped his bouquet of roses which had been blessed by the Pope, & Joe shouted his prayers to GOD. His many friends on Long Island & the nation decided to carry on his tradition; so the "Flight Over His Lady" was carried out on Dec. 7, 1983.

It seemed to be appropriate that the 1984 5th grade students of Mrs. Hansen at Fork Lane School, would accept this most interesting challenge. It will be noted that their program to raise funds has amounted to over (\$200).

Grandparents Day

Nearly 200 grandparents and senior community residents visited the Old Country Road School during "Grandparents' Day at School," an intergenerational program sponsored each year by the Nassau County Department of Senior Citizen Affairs in cooperation with local schools.

Guests were greeted by students and presented with paper flowers, provided by the Parent-Teacher Association. They observed computer demonstrations and were entertained by the school

band, orchestra and baton twirlers. They heard essays on "What My Grandparents Mean to Me," and "When I Become a Grandparent..." Awards were presented honoring: the oldest, most grandchildren, and the most traveled. Mr. Louis Penque, principal, danced the peabody with an 81-year-old community resident amid cheers and applause.

"Grandparents' Day at School," established by the Department in 1971, focuses on the important role older people play within their families and communities.

In the top picture, Nancy Hogan, 11, demonstrates her computer skills to her grandmother, Mrs. Marian Kessler, Mineola, as Richard Mirra, 10, looks on at "Grandparents' Day At School," Old Country Road School.

News From Commuter Lodge 833 Knights of Pythias

By Michael Kasendorf

To begin with, I would like to thank all of the members of the Lodge for bestowing the "MAN OF THE YEAR" award on me. I was extremely grateful for the beautiful article written about me by Past Chancellor Michael Kasendorf in the last issue of the Plainview Herald. I was deeply honored and sincerely appreciated the friendship of all my brothers.

It is with pleasure that I have been receiving gift subscriptions from one Brother to another. Brothers Harvey Mass & Carl Sutnick have donated a years delivery of the Plainview Herald to Sir Nat Letnick. Brother Oscar Noreh sends his love to Sid Smuckler in Florida with a gift subscription. Larry Arnowitz will be getting a free delivery of the Plainview Herald to my good friends Steve & Ellen Haas of Plainview. If anyone else has a friend or relative,

whether living in New York or California, why not surprise them with a free subscription. The cost is very nominal. Just call me at (516) 433-6754 any evening.

The awards night, on Monday evening, June 18th, was also the occasion when the Altruistic committee announced its community donations. This year, the Altruistic Committee, will be purchasing a VCR television monitor for the East Plains Mental Health Services. This equipment will be used to enhance the professional growth and development of its staff.

In 1972, under the leadership of Burt Silverman, the School & Community Awards Committee instituted the Citizen of the Year Award. This Award was given to community residents who have given of their time & energies to the furtherance of the spirit of the community.

This year, in a break with established tradition, the officers and members of Commuter Lodge decided that this award could only by right be given to one of its own members. On the basis of his tremendous contributions towards developing a sense of Community in Plainview/Old Bethpage; and all his activities in making Discovery Day a success; his strong leadership as the Celebration Day coordinator, Commuter Lodge is pleased and honored to grant the Twelfth Annual Citizen of the Year Award to Past Chancellor Burt Silverman.

All the Brothers of Commuter Lodge would like to extend "HAPPY ANNIVERSARY" wishes to: Joyce & Jerry Ness, Irving & Solman Zwecker, Paul & Linda Silverman, Mike & Sue Polansky, Elaine & Dan Niessen, Wendie & Scott Rose and to our Brother in Delray Beach, Florida Paul Tomkin and his lovely wife Roz.

June also celebrates the Birthdays of Irving

Zwecker, Brian Silverman, Aaron Karo, Judy Einhorn, Jennifer Ditchik, Rhona Rudinsky, Selma Zwecker and Wendi Workman. With all those celebrations, June has to be a beautiful month. To all of you, from all of us at Commuter Lodge, Good Health, Prosperity and Love.

The Editor & I also would like to welcome our new subscribers to the Plainview Herald: Brothers Larry Arnowitz, Nat Letnick, Jerry Ness, Steve Haas, Selig Goldberg and Richard Biegel.

In next weeks issue, I will write about the scholarship awards night, together with an update on Commuter Lodge and the Community for our brothers who have left New York but are still interested enough to subscribe to this paper as a show of friendship.

Until next week, enjoy the warm weather, don't stay in the sun too long, give up smoking, exercise a little, smile a little and say a nice thing to someone today. From Elliott with LOVE.

Fork Lane Teacher Retires

By K. Blicher

Mrs. Anne Hansen, teacher at Fork Lane School and past instructor in Hicksville's pilot Science Program, will be retiring this week after 23 years of service. Previously a pre-med student in biology, she has shared a wealth of knowledge with her students, many of whom have gone on to become doctors, lawyers and, yes, even an astronaut! All high achievers...due in no small measure to Mrs. Hansen's tutelage.

While teaching fifth grade at Fork Lane, Mrs. Hansen's most recent endeavor was raising money to repair the Statue of Liberty's arm. This year's class raised \$225 - a crowning achievement in a distinguished career. And accomplished with just 17 students!

Mrs. Hansen feels the most rewarding experience is seeing former students return to Fork Lane feeling they've benefited from her

instruction. She acknowledges, too, the honor she felt being chosen to teach in the aforementioned Science Program. Those fortunate enough to cross her path know that science is a topic near and dear to her heart!

Married with two daughters and four grandchildren, Mrs. Hansen is a local resident who may be retiring but has several projects on the back burner. She plans to write a "teachers resource book" of her activities, broken down by grade level. Another possible venture might be teaching at a local college on the subject "how to teach elementary science."

This week, Mrs. Hansen was also honored by a luncheon with her colleagues at the Garden City Hotel. We wish this extraordinary woman much success in retirement and thank her for enriching the lives of Fork Lane's most precious asset - its youngsters!

Something To Think About

BILL WAGNER DIRECTOR

CHANGE OF EMPHASIS

Over the years, the role of the funeral director has steadily evolved. As the family and the religious institution played a decreasing part in the care of the dead, the funeral director took over many functions which they previously carried out.

As houses became generally smaller, it was the funeral director who could provide a building large enough to accommodate big families gathered for mourning. As embalming became more sophisticated, it was the funeral director who had a laboratory (preparation room) to carry out this task. They also accepted responsibility for other aspects of the funeral arrangements, everything from transportation, to

flowers and newspaper announcements.

As a result of such changes, the whole emphasis of the funeral directors' profession has changed. While once he was primarily a supplier of merchandise, the funeral director is now mostly concerned with providing needed services to bereaved families.

Accepts Scholarship

Senior Hicksville High School baseball player John Autolino has accepted a baseball scholarship to Eckerd College in St. Petersburg, Florida.

John, an outstanding pitcher, had been recruited by many Division I baseball schools.

Mr. and Mrs. Richard Evers of Hicksville are pleased to announce the engagement of their daughter, Susan, to Mr. Nicholas Metakis of Bayville, the son of the late George and Julia Metakis.

Susan is a graduate of the Hicksville High School and is employed at the Woodbury Health Related Facility.

Mr. Metakis graduated from Locust Valley High School and is in the employ of Rite Fuel Corporation. A spring wedding is planned for 1985.

ASKING QUESTIONS

Would you ask strangers how much they make a year? How much they have in the bank? Whether both husband and wife work? When it comes to qualifying a prospective buyer for your home, you need to know whether this person has the downpayment you require and enough income to get a loan for the rest of your price. It's not easy to ask a stranger these "rude" questions, and an individual is not in a position to check up on the answers. Worse yet, you may waste your time with three or four prospects who like your house but are not really able to buy it. There's a better way. Let us ask the questions FOR you. Before we even take prospective buyers on a house tour, we interview them closely. What is the income? Savings? What does the family really want in a home? Neighborhood?

Where are they living now? And we get accurate answers, because the prospects know we'll check. When we bring someone to your door, we're not wasting your time or ours. This is a prospective buyer who is looking for a property like yours and has the wherewithal to purchase it. We can't guarantee an immediate sale, but the groundwork has been done. When you need answers to tough questions, call in the real estate experts.

COMPUTER SCIENCE GRADUATE ?

THE SHORTER CIRCUIT, a management consulting group specializing in Data Processing and Systems Engineering, will be offering its unique program to interested graduates.

This one-on-one tutorial and role-play stresses the techniques of securing your first position in a field which has experienced fewer and fewer entry level positions.

Additionally, you will come away with an in-depth understanding of 'career pathing', a very critical concern for any technical professional.

Naturally, all this information will center around your chosen profession, and we can arrange a meeting at this office or in your home.

You are encouraged to act swiftly, for there are limited slots for the program, and the customized resumes you will receive take one week to prepare.

Adelphi Speedster Wins Plainview/Austin Drugs Road Race

Jesse McCutchen of Adelphi took the lead at the start of the June 10 annual Plainview/Austin Drugs 5 Mile Road Race, turned in a 4:40 first mile, and coasted to a 25.18 finish, a full minute and a half ahead of 2nd placer Rick Jackofsky of the NorEast Track Club, who won the race last year. Ted McGur-rin was third and John Grever and Lee Bertram of the Plainview-Old Bethpage Road Runners Club were 4th and 5th respectively.

Judy Probert (33:49) out-legged Margaret Santoli of POBRR's Fast Feet Women's Racing Team to win the women's competition. Margaret's Fast Feet teammates Nancy Grever and Terri Gregory finished in 3rd and 4th places.

Finish Line Promotions and the Plainview-Old Bethpage Road Runners Club compensated for the 95 degree heat by setting up four water stations on the five mile course and encouraging local residents to turn on their hoses and sprinklers. The weather did take its toll, and only 407 of the nearly 450 starters were able to make it to the finish line.

The complete list of top finishers and age group trophy winners is as follows:

CONNIE MACK - Director: Tony Cordero

It was a super Father's Day for both Hicksville Connie Mack teams. The "A" team, managed by Tony Cordero, pulled out a 2-1 win in the bottom of the 7th with a hustling RBI by Eric Wolf. Eric and Jon Steinberg both got two hits. Greg Miller was the winning pitcher.

Besides getting an RBI in the first game, Doug Kloos had 2 hits in the second game against the Queens Village Orioles to help lead the team to a 3-1 victory. Danny Corliss had a double and an RBI and Anthony Irwin was the winning pitcher.

In Baldwin, the "B" team, managed by Pete Valente, also won both ends of a doubleheader by scores of 4-3 and 10-9. The last game was a cliff-hanger, when Baldwin battled back and took the lead. Super tumbling catch in left by Walter Wolf, great pitching by "Lumpy" Luparello and a fantastic HR in extra innings by John Ono, which won the game. Great team spirit! The "B's" are 3 and 3.

BOYS SENIORS - Director: John Senise

Lions Club of Hicksville (3)/Big Red Quick Print (2)

The Lions Club used a complete team effort to win an exciting 10-inning game. An unbelievable catch by Ralph Samuels in the 9th inning with bases loaded, and a RBI single by Mike Wolf in the bottom of the 10th, proved to be the deciding factors. Superb pitching by Arlen Strongin, Bob Maresca, Tom Zagajski and Brian Georke. Coach: Tom Zagajski.

Elected Vice President

Joseph N. Jannace, of Century 21 Jannace Realty at 284 Old Country Road, Hicksville has been elected by his fellow Century 21 Broker's Council.

The Century 21 Broker's Council is comprised of all the Century 21 Brokers who have offices in Nassau, Suffolk, Queens and Manhattan.

The purpose of the Broker's Council is to provide marketing data and advertising programs to enhance Century 21 name and business and to promote professionalism through a training program for the sales association of Century 21 offices to keep them better informed as to current Real Estate practices and financing requirements of various banks.

Mr. Jannace, a former Hicksville resident, has been active in Real Estate for 11 years since his graduation from Holy Trinity High School in Hicksville. He now resides in Levittown and is very active in the Long Island Board of Realtors, to help bring professionalism to the industry.

Happy Birthday

Birthday wishes go to Diane Anderson of Hicksville on her sweet 16th birthday. Diane will celebrate on June 24th. Diane is the daughter of Ron and Elaine and sister of Mark and Paul. All her family and friends wish her the very best.

On June 4-5, Mrs. Ruth Silverman's and Mr. Stuart Blummer's sixth grade classes from Burns Ave. School, went on an overnight trip to Mystic Seaport Museum.

They slept aboard the 100 year old training ship, Joseph Conrad and they spent the two days learning about life aboard a sailing vessel in the eighteenth and nineteenth centuries.

CELEBRATION: Nassau County Comptroller Peter T. King (r) and New York Nationals star Michael Collins (c.) celebrate with the game ball after the Nationals took over first place in the Northern Division of the United Soccer League.

Also pictured is King's son, Sean, who is ball boy for the Nationals.

Collins, who previously starred with the New York Arrows, is a Hicksville resident. The Arrows play their home games at Hofstra University Stadium.

Who Is Threatened Most By Acid Rain

Constant washings of acid rain erode the surfaces of many buildings, gravestones, works of art and automobiles in North America and elsewhere in the world. Architectural structures such as the Lincoln Memorial in Washington, D.C., the Parliament Buildings in Ottawa, Canada, the Acropolis in Athens and the Colosseum in Rome, as well as India's Taj Mahal, show the effects of acid rain.

The threat of acid rain, however, is believed to be far more devastating than simply marring national monuments. Experts call it a social, ecological and economic problem — perhaps one of the most serious the world has ever faced.

Watching the rain drop gently onto a remote lake a thousand miles from the nearest industrial center, it may be difficult to accept that what has just fallen is slowly killing most of the life within that innocent body of water.

Already in the U.S. and Canada, over a thousand rivers and lakes are "dead" — no longer able to support fish and plant populations.

Acid rain's insidious effects, it's believed, result primarily from industrial combustion. It kills fish populations and aquatic vegetation. It threatens forests, crops and soils, erodes buildings and automobile surfaces and, many believe, is a danger to human health.

Acid rain is a threat to everyone in the shaded areas of the map. The darker the shade, the worse the threat.

As the map indicates, most of the North American continent east of the Mississippi suffers from acid rain. "Hotspots" in the Adirondack and Appalachian mountain areas record the pH of rain around four. (Natural rainfall has a pH of 5.6. Values below that indicate progressively greater acidity with a ten-fold difference between one number and the next. That means if the pH drops from 5.6 to 4.6, the acidity is ten times greater. If it drops from 5.6 to 3.6, it is one hundred times greater.)

Rain that is ten to 40 times as acidic as normal has been occurring frequently in many

parts of New England, New York and eastern Canada. The average pH of rainfall over substantial portions of the Northeast is 4.3.

Highly acidic rainfall has also been observed in a number of Southeastern states, particularly Florida, Virginia, Texas and North Carolina. The Northern Plain states of Minnesota and Wisconsin, and the Colorado Rockies are similarly affected.

Who is threatened by acid rain? Everyone, either directly or indirectly, say the scientists and environmental experts who are calling for public action to stem the problem.

MONEY MANAGEMENT

Graphic Source: Changing Times; George Shaffer, artist

These piles of money speak for themselves. The two small piles show that if you take the after-tax value of \$2,000 and invest it every year in an investment paying 10 percent annually, taxes eat away at both your initial investment and your earnings. The higher your tax bracket, the bigger the tax bite — and the less you get. But an IRA (an Individual Retirement Account) allows the full \$2,000 to go to work for you up front and lets your earnings grow tax free. The big pile shows what a difference that makes. The only time you pay tax on an IRA is when you withdraw money. In most cases that will be after you retire and you'll presumably be in a lower tax bracket.

Is the 10 percent in this example a reasonable return to expect? Well, look at common stock mutual funds, one of the most popular IRA investments. Common stocks do go up and down but over the long haul these funds have returned, on average, just a little under 10 percent annually. In the last ten years, incidentally, it's been over 14 percent per year. In any event, a prudent investment in an IRA can add up to a lot of money.

For a free brochure on IRAs and the role of mutual funds, write to the Investment Company Institute, 1775 K Street, N.W., Washington, D.C. 20006. (202/293-7700)

Retirement Living: One Perfect Answer

Older Americans are finding that wise planning can conserve their resources and add to their long range happiness.

Growing numbers are choosing the Sunbelt for retirement, especially Tucson, Arizona.

Many feel it's the perfect combination of wide open spaces, a mellow, easy-going lifestyle and surprisingly sophisticated activities and facilities.

Sunbelt living... just what many people have in mind for their retirement years.

One of the places attracting attention is the city's first major in-town retirement neighborhood, called La Cholla Hills. Being built by Fairfield Communities, this grouping of 695 homes ranges from winter retreats to luxury town homes.

Before you make up your mind about your retirement years, consider these points:

DO vacation in the area to see if the climate is of your preference. Tucson offers an average of 300 days of sunshine a year.

DON'T overlook cultural interests. Tucson abounds with art, music and theatrical activities, augmented by the University of Arizona's year-round calendar of cultural events.

DO check out recreational facilities. La Cholla Hills will have its own swimming pools, tennis courts, shuffleboard, and crafts center.

DON'T sign on the dotted line unless you're sure you're getting what you want. You may find Tucson's "in-city retirement" with an "out-in-the-country flavor" is for you.

OLYMPIC NEWS & NOTES

Top Track and Field Performers in the Spotlight

The athletes you'll be seeing at the 1984 Olympic Games in Los Angeles will, it's expected, include these three top track and field performers. They're considered the premier athletes in their respective events:

Alberto Salazar: Salazar is the world's top marathon runner. He won his first marathon in New York City in 1980 and set a course record of 2:09:41 for the 26.2 mile race—the fastest marathon debut in history. He won the New York Marathon for three consecutive years—1980, 1981 and 1982—and set a world record in the race at 2:08:13 in 1981. He also won the Boston Marathon in 1982 with a time of 2:08:51, a course record. In road racing, he has run five miles in 22:03 for a world record and 10,000 meters in 28:03.5 for an American record. He was born August 7, 1958 in Havana, Cuba, moving to the U.S. when he was two years old.

Mary Decker: Mary Decker is the world's dominant female distance runner. She holds American records in the 1500-meter and 5000-meter events, and the world record in the mile and the 3000-meter and 10,000-meter race. Decker won the Sullivan Award as the top U.S. amateur athlete of 1982 and also was named

Three champions you're likely to see at the 1984 Olympics (left to right): Edwin Moses, Mary Decker, Alberto Salazar.

amateur sportswoman of the year by the Woman's Sports Foundation.

Edwin Moses: Edwin Moses is the world's top ranked intermediate hurdler. He won a gold medal at the Montreal Olympics in 1976 for the 400-meter hurdles. Since the Olympics he has lost only once. He has the ten fastest times ever in the 400-meter hurdles and 30 of the 50 best times. In 1977, he was cited for "Performance of the Year" when he lowered his world record in the hurdles at the U.S.A. Championships. That same year he was the "World Cup Champion" and runner-up in voting for the

Sullivan Award. Born in Dayton, Ohio he now resides in Laguna Hills, California.

All three athletes have been signed to represent Eastman Kodak Company in a wide range of Olympic-related promotions this year and will be advising the company on sports and fitness activities, appearing at dealer receptions and representing the company at races, track clinics and sports camps. The company is the major sponsor of the 1984 U.S. Olympic Track and Field Trials and the exclusive photographic sponsor of the U.S. Track and Field Team.

MULTI-PURPOSE MOTOR HOME GETS 22MPG

A fully equipped, self contained motor home that also can serve as economical, all-around family transportation is now available from Winnebago Industries. The front wheel drive, diesel powered Winnebago LeSharo motor home gets 22 MPG and provides sleeping facilities for four. At less than 20 feet in length, it can easily be maneuvered in city traffic. The distinctive aerodynamic design of the 1984 model also trims wind resistance for easy highway driving. The standard power plant is a Renault 2.0 liter engine with a turbo power option to enhance performance.

Hicksville Soccer Star In Army Soccer Classic June 30th

David Smyth, of 54 Combes Avenue, Hicksville, and a 1984 graduate of Hicksville High School, will play in the Army Soccer Classic, America's first high school soccer all-star game Saturday, June 30, at West Point, NY.

He will be a member of the East squad for the game, scheduled for 2 p.m. at the US Military Academy's Clinton Field. ESPN cable television will broadcast a one-hour game highlights program on August 24 and 25.

Smyth, a midfielder, was a 4-year letterman for Hicksville High School. He is a 3-time All-League and All-Conference and 2-time All-Nassau County. In 1983, he won the Steen Award as MVP for Nassau

County. He has participated in the Empire State Games, winning a gold medal for Long Island. In 1984, Smyth traveled through the Soviet Union as a member of the National Youth Team. He plans to continue his soccer career at the University of North Carolina-Chapel Hill.

The Army Soccer Classic is sponsored by the Army College Fund, in cooperation with the National Soccer Coaches Association of America (NSCAA). The Army College Fund (ACF) is a program under which qualified high school graduates can earn money for college through enlistment in the US Army.

The all-star game is one element in the Army Soccer Program, a cooperative effort

between the NSCAA and the ACF. Other elements in the Soccer Program include the High School Soccer Clinic series, a group of ten national clinics for coaches and students

Fork Lane Installs New Officers

New officers for the upcoming school year were installed during a Fork Lane PTA meeting recently. The Board is comprised of the following: President-Ginny Romano, Vice President-Lisa Amosato, Recording Secretary-Barbara Doherty, Treasurer-Madeline Senn, Corresponding Secretary-Maureen Traxler, Council Delegates-Pamela Kemmlein and JoAnn Zagarello. Many thanks to outgoing President Diana Croce and her Executive Board for a superb job. Good luck in September to the new gals!

Congratulations

Congratulations to Bonnie Doniger, daughter of Mr. and Mrs. Jerry Doniger and sister of Larry of Plainview, who graduated from Katherine Gibbs School on Friday, June 15. She specialized in word processing. Best of luck in the future.

Award Winners

Jeff Yagaloff and Doug Levine, students at the Matlin School, along with Andy Feirman, Andrew Glockner and Jason Saltsberg, students at the Plainview-Old Bethpage Middle School, took second place awards in the county-wide Youth Consumer Competition held by the Nassau County Office of Consumer Affairs.

Consumer Affairs Commissioner James E. Picken, who congratulated them at an Award Ceremony at Hofstra University on June 16th, said, "These youngsters have shown they know how to be smart consumers. Our future is in good hands."

Other winners included: Reesa Kaufman, Kimberly Axelrod and Pia of the Plainview-Old Bethpage Middle School.

featuring a national-level staff; the Most Valuable Soccer Player Award, a trophy and certificate presented to the top male and female senior soccer players in high schools nationwide; and a series of soccer instructional films available to coaches through local Army recruiting offices.

More than 4,500 coaches and students from 1,800 high schools participated in Army College Fund soccer activities in 1983.

Navy Seaman George A. Dellamura, son of George and Eileen Dellamura, of Meade Ave., Hicksville, has completed recruit training at the Naval Training Command, Great Lakes, Ill.

During the eight-week training cycle, trainees studied general military subjects designed to prepare them for further academic and on-the-job training in one of the Navy's 85 basic occupational fields.

Included in their studies were seamanship, close order drill, Naval history and first aid.

Marine Pvt. William M. Hayes, son of Henry and Virginia Staunch of Forest Drive, Plainview, has completed recruit training at the Marine Corps Recruit Depot, Parris Island, S.C.

During the 11-week training cycle, he learned the basics of battlefield survival. He was introduced to the typical daily routine that he will experience during his enlistment and studied the personal and professional

standards traditionally exhibited by Marines.

He participated in an active physical conditioning program and gained proficiency in a variety of military skills, including first aid, rifle marksmanship and close order drill. Teamwork and self-discipline were emphasized throughout the training cycle.

Marine Pvt. John C. Tota, son of Richard and Vera Tota of Winding Road, Hicksville, has completed recruit training at the Marine Corps Recruit Depot, Parris Island, S.C.

During the 11-week training cycle, he learned the basics of battlefield survival. He was introduced to the typical daily routine that he will experience during his enlistment and studied the personal and professional

The William M. Gouse, Jr. Post 321 of the VFW is pleased to announce that William Barone, son of Past Post Commander August Barone, is the winner of the 1984 Albinus A. Hanlon Scholarship Award. Mr. Barone is a graduate of the

aid, rifle marksmanship and close order drill. Teamwork and self-discipline were emphasized throughout the training cycle.

Marine Lance Cpl. John A. Leontaklanakos, son of Anastasia Leontaklanakos of Amherst Lane, HICKSVILLE, recently participated in "Combined Arms Exercise 6-84" in the California desert.

He is a member of 2nd Marine Division Camp Lejeune, N.C.

Conducted at the Marine Corps Air Ground Combat Center, Twenty-nine Palms, Calif., the exercise was designed to provide realistic combat training and coordination between Marine Corps air and ground units.

Scholarship Winners

Bethpage High School and will be attending Nassau Community College.

The second runner-up scholarship winner is Patricia Anne Chepak, daughter of Post Commander Anthony Chepak. Miss Chepak is a graduate of Holy Trinity High School and will be attending St. Bonaventure College.

Bill Bennett, Chairman of the VFW Scholarship Committee E, thanked the three judges, Sig. Widder, executive secretary of the Hicksville Chamber of Commerce, Ruth Aaron, trustee of the Hicksville Public Library, and Carole Wolf, past president of the Holy Family School Board.

The applicants were required to meet specific

guidelines. To qualify, a parent or grandparent had to be a member of the William M. Gouse, Jr. Post or Ladies Auxiliary. The applicants were judged on the basis of academic achievement, character and personality ratings and good sportsmanship. Both Mr.

Barone and Miss Chepak were presented with the first \$125 scholarship award check by Post Commander Michael Cialdella at the June 11th VFW meeting. Mr. Bennett congratulated the winners and wished them success in their educational careers.

Galileo

(Continued from Page 2)
\$17. Additional information can be gotten from Fran Ausiello at the above number, and again it is pleasurable to note here other trips of this nature are being planned.

Fishing trips held by the Galileo Lodge take no back-seat when it comes to fun and relaxation, and the next

one planned, on Sunday, the 24th of June, is no exception. The fee is \$20 per person, and this includes, rod, reel, bait and a delicious buffet dinner on the boat. To enhance the day's activities, games and contests of various sorts are being planned, so heed the cut-off date for the \$20 payment, which is June 20th. Please note that breakfast will be served at 6:00 A.M. at the Galileo Lodge, and that the

boat leaves Captree at 8:00 A.M. and returns at 3:00 P.M. Wives, sweethearts and friends are invited, but the quota, I believe is 38 people. Call Jim Posillico (333-2020) or John Keiper (931-3758) for details and information and payment of fees. For a leisure-filled day on the water, with cool breezes offering you comfort, this appears to be an ideal warm-weather recreation.

I would imagine that fans of the "Foolish Follies" ensemble, which took place on Tuesday, the 19th of June, at the Galileo Lodge, from 8 to 10 P.M., at which time the format of this zany Fall activity was discussed. A little early or premature you might say-no, not really, not when you consider the time and preparation that goes into the production of the "Foolish Follies". Sue Laurenti (931-

0036) will be the Chairlady and Claire Fuoco (334-5329) will be the Co-chairlady, and these two combined efforts and talents will certainly produce excellent results. So come one, come all, no matter whether your talents are professional or not.

You might think that an organization like the Galileo Lodge becomes rather lethargic during the summer months, but such is not the

case with our organization. The Galileo Lodge is just as hyper in summer as it is in other seasons, leading me to the report that sometime in August, it will present its usual old-fashion Italian Wedding Dance. During the pleasurable and nostalgic proceedings of this dance, an Italian Wedding ceremony will be simulated in comedic style, more details about this activity in later columns.
